WHEREAS, The Ann Arbor District Library has tried to place its buildings where they are accessible both by car and by public transportation; and

WHEREAS, AADL, like all employers, wants to attract skilled workers; and is aware that the transit disconnection between Ann Arbor and the rest of the region makes it more difficult to attract skilled workers; and

WHEREAS, AADL like all businesses, wants to attract as many customers as possible, and believes that better transit connections will improve the ability of users to reach its buildings; and

WHEREAS, a 2016 market scan commissioned by the DDA estimated that the number of new jobs in downtown Ann Arbor could increase by as many as 3,500 over the next five years; this increase may lead to greater traffic congestion and sustained parking challenges in downtown if more transit alternatives are not provided; and

WHEREAS, The 2015 Nelson/Nygaard study commissioned by the DDA set forward support for rail-based public transit, noting it may help reduce downtown commuter parking demand and traffic congestion, improve access and mobility, and strengthen downtown's market viability to attract more library users, residents, employers, and visitors; and

WHEREAS, The Regional Transit Authority of Southeast Michigan was created to plan for and coordinate public transportation in the four-county region of Washtenaw, Oakland, Macomb, and Wayne Counties including the City of Detroit; and

WHEREAS, The RTA Regional Master Transit Plan includes passenger rail service connecting Ann Arbor to Detroit including local feeder service to downtown Ann Arbor, bus rapid transit connecting downtown Ann Arbor with Ypsilanti, and commuter express service connecting downtown Ann Arbor with Plymouth/Livonia/Canton, among other services; and

WHEREAS, The creation of a connected regional transit system will support the growth and prosperity of downtown and the rest of Ann Arbor;

NOW THEREFORE BE IT RESOLVED, In support of its mission to increase access by all to the AADL, to be environmentally responsible, and to make Ann Arbor a stronger community, the Ann Arbor District Library joins the Ann Arbor City Council, the Washtenaw County Board of Commissioners, and the Ann Arbor Downtown Development Authority, Ypsilanti DDA, Ypsilanti District Library Board, Ann Arbor/Ypsilanti Chamber of Commerce, Washtenaw County Commission, Huron Valley Labor Federation in supporting the RTA Plan for regional transit, with the goal of linking downtown Ann Arbor with the rest of the four county region for the purpose of greater economic vitality and

16-223 IV. CITIZENS' COMMENTS

Victoria Green

Hi everyone, thank you for letting me speak. I am Victoria Green. I live at 803 Sycamore Place here in Ann Arbor and I am newly elected to the Board. I mostly wanted to introduce myself to people and give you just a little tiny bit of background about myself. So I have lived in Ann Arbor about 20-25 years near the intersection of State and Stadium. I came here from Delaware originally. I came to practice English literature at the University, but I spent my career in IT at the University, of course. I wanted to say a few things about what I am excited about serving on the Library board for. Mostly, because you all have done a terrific job I think our library is fabulous. I think that the Board and the staff

have made great decisions. When I look at what the Library was like 20 years ago, it was great then but the choices you have made about changes have been terrific. When I look at the strategic plan, the strategic plan that I am eager to help move forward, I wanted to say thank you for making my job look easy. I also wanted to say that in the course of running I talked to a million people about the library, and this was tough election cycle for a lot of us, people were told I was running for the Library Board, they would say oh I love the Library, I love Westgate. So it was a great way to get involved in local politics because people so much appreciate the choices the Library has made over the last couple decades. So one or two things about what my interests are. I am interested in IT and I work in Information Technology but it's just a tactic not a strategy to say we are going to do something you need IT to support things that people actually want not rather than to just to have IT in and of itself. I think that's all I have to say. Thank you so much.

Colleen Sherman

Hello, I am Colleen Sherman and I live at 918 S. Seventh near the corner of Pauline. Last week I was elected to the Library Board so I'll be joining you in January, you know that. Why did I run for Library Board? Many people have asked me that. I ran for Library Board because Victoria said it's fabulous. I talked a lot to the team of women I ran with about my interest in the innovation of, not just the tools section, but all things. How innovation imbibes with what the Library does and I think that carries out into the community in ways you typically don't see with governmental agencies and these public entities usually don't work to inspire innovation. So I think that's rare. I don't want to say I am a preservationist, I'm all about embracing change, but change that builds on what's been done already. It's all I've got, thank you, I look forward to working with you and for those of you that are terming off you're my heroes. I really thought a lot about how being a publicly elected official is different than being a public servant and being a public servant is a big deal, it's a lot of work and it's a lot of time but I am sure like most things that are a lot of work and a lot time, is very rewarding. Thank you.

Linh Song

My name is Linh Song and I am also newly elected to the Library Board. My address is 1290 Bardstown Trail on the Northeast side.

I have worked with the educational foundation to advocate on behalf of public school students and I am really excited to have this opportunity to work with another public institution that I think Ann Arbor is proud to have. It's a large reason as to why my family has stayed in this community. So, I prepared some remarks that I left at home, but someone kindly emailed to me. I wanted to thank you for this opportunity to express my excitement over being elected to this body. When I first started running for public office, I hesitated, I was unsure if I could find my way through the campaign process. So I was thrilled to come across the best running mates I could have ever imagined to have had. And together we worked hard, we showed up, we came up with a platform, we did our homework, we have a google drive document that keeps growing and then thankfully we captured the majority of the community support behind the future work that we would like to do and then also continue the work that you have started. So our time has been tempered by this time of uncertainty and lack of confidence of the political process but I hope that our experience can be an example for other political, for other potential candidates running for local races. I have heard one reoccurring question as I have gone around the community talking about the library and in the aftermath of the national race, the question has been will the Library provide sanctuary? And I answered yes. So the Library will continue to be a place for learning and sharing but it's meant to launch new ideas, new connections and a way for us to make things, and do things. I hope that we can inspire movement inside and outside of these walls. I am honored to be a part of this. Thank you.

Jamie Vander Broek

As you can see clearly I have the most incredible team of people to run with for election. Thank you to all of you for giving me a chance last summer by appointing me to the Board. I am grateful to have the opportunity to run for office with these women who have been flexible. I think that tonight before we came out here we all were able to share food together with kids running around, and Ottie throwing carrots all over the floor, I think that gives me a lot of excitement for the direction that the group can take. I think there is a lot of vibrancy and I think that it's going to be an exciting time for us going forward. We have Westgate to be very excited and happy and grateful for, but now there are lots of new things for us to put our eyes onto for the future. I think we've elected some great women to tackle the issues and I am looking

forward to new things.

President Barney Newman expressed her pleasure regarding the incoming Board members. She commented that she attended the Friends Board meeting last week. They had a very successful sale and were very pleased to receive the framed resolution that the Board passed last month honoring them during National Friends of Libraries Week. She also gave them a brief update of the Library's pilot volunteer program.

16-224 V. <u>DIRECTOR'S REPORT</u>

Josie B. Parker, Director

In addition to the written report in the Board packet, Director Parker gave an audio-visual presentation highlighting:

Tiny Expo is being held on the first floor of the Downtown Library on December 10th followed by the annual Christmas Bells program on December 11th.

Downtown restroom rehabilitation begins in January 2017. Both restrooms will be larger and handicapped accessible.

AADL Call Center began service on Halloween. It is operated on Monday's from 10:00 a.m. to 5:00 p.m. and Tuesday through Friday from Noon to 5:00 p.m. It is a consolidation of the renewals line, switchboard, public desk lines and voice menus. It does not impact direct dial office lines. All calls from the public are answered by a person.

The Archive move is currently on schedule to begin on November 28th.

The Audit Presentation is scheduled for the December 12th Board meeting.

The website graphic design project is slated to begin in January 2017. Requests for proposals were sent and recently received, but have yet to be reviewed. The launch date for the new website is being planned for July 3rd and July 4th. This project will have an impact on fulfilling MeLCat requests, holds and acquisitions. Ample notice will be provided to the public during this process. Tweets and comments regarding Westgate, a photo of the Pittsfield Branch Creature Conservancy program featuring a live

reindeer and anteater, and the Halloween costume program at the Downtown Library were shown.

Public hours at Westgate are still being studied. Director Parker is in contact with the owners of Sweetwaters and they have expressed that business is outstanding. Programming started in October and the meeting rooms are being reserved. The space is staffed with security on Saturday evenings after Library staff has left for the day. A decision regarding hours and staffing is anticipated after the holiday season.

AADL has been approached by the Library of Michigan to host an Every Child Ready to Read workshop in the spring of 2017 and we are working with them to accommodate this request.

16-225 VI. OLD BUSINESS

16-201 A. <u>UPDATE ON TRAVERWOOD BRANCH CAPITAL</u> PROJECT

Len Lemorie, Facilities Manager

Facilities Manager Lemorie reported progress to date includes: a survey of the property was completed; SME and InSite Design have been retained. Construction documents were due today and a meeting for review has been scheduled at 1:00 p.m. on Monday, November 21st at Traverwood. Nothing unforeseen has been uncovered at this point.

16-226 VII. NEW BUSINESS

16-227 <u>RESOLUTION OF APPRECIATION TO NANCY KAPLAN</u> (Item of action)

President Barney Newman spoke of Nancy Kaplan as a conscientious, informed and committed community activist; Nancy has served the library for two elected terms. Producer and host of the CTN Other Perspectives who served on the Committee for the Allen Creek Greenway, the Washtenaw Literacy tutor and 2014 City Council candidate, was formerly director of the physical therapy department at Glacier Hills Retirement Community. Now that her attentions are divided between a new generation in her family, we are certain that Nancy's commitment to local matters will be just as well informed if not always top of mind, given the draw of grandchildren in Chicago. She has always been counted

upon to ask penetrating questions and to make thoughtful independent decisions during her years as an AADL Trustee.

Trustee Leija moved and supported by unanimous consent that the Board resolves,

- 1.) That the Ann Arbor District Library Board would like to officially thank Nancy Kaplan for her six years of outstanding service as an Ann Arbor District Library Board Trustee.
- 2.) That the Ann Arbor District Library Board would like to recognize Nancy Kaplan for her dedication, leadership, and commitment to the Library, community and staff.
- 3.) That all resolutions and parts of resolutions that conflict with the provisions of this resolution are rescinded.

16-228 <u>RESOLUTION OF APPRECIATION TO MARGARET LEARY</u> (Item of action)

President Barney Newman spoke that Margaret's 13 years as Trustee have been important to the community and our library in many ways. A lawyer and the Director of the University Law Library she brought her professional experience to the great benefit to our institution and as a knowledgeable parliamentarian was an invaluable aid should a board president prove incapable of mastering Robert's Rules of Order.

To say that Margaret is seriously committed to public service would be an understatement. She served for a number of years with Trustee Ed Surovell on the Planning Commission before joining the AADL Board and serving twice as the board president. She is the author of *Giving it All Away, the Story of William W. Cook and His Michigan Law Quadrangle* and currently is an independent investigative journalist who will continue to volunteer as a researcher at the Bentley Historical Library.

Vice President Surovell moved and supported by unanimous consent that the Board resolves,

- 1.) That the Ann Arbor District Library Board would like to officially thank Margaret Leary for her thirteen years of outstanding service as an Ann Arbor District Library Board Trustee.
- 2.) That the Ann Arbor District Library Board would like to recognize Margaret Leary for her dedication, leadership, and commitment to the Library, community and staff.
- 3.) That all resolutions and parts of resolutions that conflict with the provisions of this resolution are rescinded.

RESOLUTION OF APPRECIATION TO PRUE ROSENTHAL (Item of action)

President Barney Newman spoke that Prue Rosenthal is a celebrity of local community service. Once when a visitor was introduced to her husband Ami Rosenthal as Chairman of Pediatric Cardiology at the University of Michigan, the spokesman referred to her as Prue Rosenthal who ran the rest of the town. Known for her skillful leadership as president of the UMS Board, AADL Board, and the Ann Arbor Jewish Community Center, for 20 years she was a Docent at the University Museum of Art. Along with others she founded Ann Arbor's Save a Heart Foundation and was at different times President and Book Chair of the Ladies' Library Association. In 2007, with her husband, she was awarded the Ann Arbor Jewish Federation Humanitarian Award. The 9 years of her Trusteeship of the Library have been fruitful in no small part because of her participation on the Board.

Trustee Vander Broek moved and supported by unanimous consent that the Board resolves,

 That the Ann Arbor District Library Board would like to officially thank Prue Rosenthal for her nine years of outstanding service as an Ann Arbor District Library Board Trustee.

- 2.) That the Ann Arbor District Library Board would like to recognize Prue Rosenthal for her dedication, leadership, and commitment to the Library, community and staff.
- 3.) That all resolutions and parts of resolutions that conflict with the provisions of this resolution are rescinded.

Upcoming Events, and Issues of Interest

We are pleased to once again welcome the Classical Bells for our annual holiday concert on Saturday, December 17th, from 1:00 – 2:00 p.m. in the Downtown Library Lobby.

Once again, and for the ninth year, AADL has been named a 5 Star Library in the *Library Journal* America's Star Libraries Index. We are so pleased that the Richland Community Library also earned 5 stars. Other MI libraries earning stars are West Bloomfield with 4 Stars, and Kalkaska County and Pentwater Township with 3 Stars. We would like to take this opportunity to congratulate our colleagues in Michigan libraries.

Gamification, the application of game elements and digital game design techniques to non-game settings, and game based learning are seeing greater adoption and recognition in educational and professional settings. We are pleased that play.aadl.org has been selected for inclusion in the American Library Association's Center for the Future of Libraries web toolkit. They will use our summer game video in their promotions of the toolkit. www.ala.org/transforminglibraries/future/trends/gamification

AADL Projects and Initiatives Underway

- 1. The archive collection has been relocated to new space owned by Oxford at 2805 South Industrial Avenue.
- 2. The development of the graphic design portion of the new website will begin in January 2017. The company selected, Q Ltd., is an Ann Arbor company.
- 3. Downtown library restroom rehabilitation work continues in the planning, and hopefully, that work will begin in early January with an approximate schedule of two months. This will be a very disruptive project because there are so few public restrooms in the building for its size and use. The contractor is O'Neal Construction and Cornerstone Design is the architectural firm for the project.
- 4. AADL staff have been working for a year to determine how best to implement an AADL staffed call center that will eliminate sending patrons from a switchboard to many locations in the system where they might, and often do, find themselves in long queues. The call center became operational on Halloween, and has so far proved effective in eliminating long hold queues for those calling into the AADL public numbers. Refinements are being made as we use the new process for answering public calls.

- 5. On December 19th we will host with O'Neal Construction the pre-bid meeting for the work on the MSE wall at Traverwood. Bids are due the first week of January.
- All sidewalks and approaches to all AADL buildings were powerwashed in November. The entire building at Pittsfield was powerwashed.

Projects and Initiatives Under Consideration

The AADL, led by our Outreach and Neighborhood Services Department which oversees the WLBPD, has begun working with disability advocacy groups in our area including the Center for Independent Living, the AA Commission on Disability Issues, the Lions Club, and representatives from disability concerns offices of UM, EMU, WCC and the WISD to consider how best to approach offering public assistive technology services in an ever evolving landscape of software and device implementations. The group met at Westgate branch, and will continue to communicate via email over the next few months with the intention of meeting again at Westgate in the spring.

<u>Summary of Patron, Staff, Board Comments, Complaints,</u> Suggestions and Their Disposition

Patron:

It would be convenient for patrons at West entering from the west (non shopping center) door to have a place to drop off their returns, either outside the building or immediately inside.

Response: I am so sorry that you did not see the return box immediately to the right of the entry doors on the exterior of the building when entering from the West. There is also an exterior return slot on the shopping center side of the building, as well as one built into the information desk.

Regarding the new Westgate Branch of the library, pedestrian access to the library from both the adjacent bus stops, residential neighborhoods, and Veteran's Park seems inadequate. To my knowledge, there are no sidewalks that connect pedestrians to the shopping center, compelling

patrons to cross the parking lot. Once in the parking lot, crosswalks and signs, which might direct pedestrian traffic and alert cars to the possibility of pedestrians, are rare or nonexistent.

Considering the community that the library serves, this seems dangerous. The risk to pedestrians and the difficulty of accessing the library by foot will only increase with snowfall. If pedestrian access to the library has yet to be studied, perhaps the library could conduct their own evaluation or compel the Westgate Shopping Center and/or the city to do so.

The renovated branch of the library is beautiful and truly a valuable community resource, improvements to pedestrian access are necessary to ensure this resource serves the community as a whole. Thank you,

Response: Thank you for sharing your concerns regarding pedestrian access to the Westgate branch in the Westgate Shopping Center. I understand your concerns regarding pedestrian access, especially after a snowfall, and will forward them to the management of the shopping center. I can reassure you that the shopping center sidewalks and crossing areas between parking and the buildings is promptly plowed and shoveled after a snow by the management of the center. I know that sidewalks exist on some of the perimeter areas, but are absent in some places.

Thank you for taking the time to alert us to this situation.

Board:

In your Director's report for next month, could you please add in the current status of the larger signage project? Westgate is far better than any place else.

Pretty sure the answer is "yes" to this question, but when I checked the ADA standards (very perfunctorily) I wondered:

Are the signs at Westgate ADA compliant (setting aside the question of whether they HAVE to be, given that it was a remodelling)?

I wondered in particular about the signs marking the topics of book and

other collections:

- --The slanting and curvy nature of the lettering.
- --Lettering being white on black
- --Whether letters are thick enough
- --The height off the ground
- --Whether they were tested with patrons from the Commission.

Response: The status of the larger signage/way finding discussion is unchanged as reported in the September 2016 Director's Report: "The use of way finding at Westgate is indicative of what is possible throughout AADL Buildings. We are going to see what works and doesn't work with this signage and way finding method before moving forward with a plan for any other AADL building. We did receive revised proposals from both Corbin and Carpman and have communicated our decision to delay on a formal response at this time."

Other things while I'm in this mode (sorry!):

- 1. I keep sometimes almost tripping at the unmarked, admittedly minor, elevation changes, such as walking from the main part of the library into the lobby leading to the back parking lot. There are a couple of other places but I don't remember exactly where. I am unable to see the change, I just stumble on it.
- 2. The reading room is so marvelous, I wish there were signs directing patrons to it (on a wall or ceiling), not just over the door that leads into it.
- 3. I've been there when there were lots of little kids, but no strollers.....does that large dedicated area ever get filled? Am sure you have options ready if that much space isn't needed.

Response: The Westgate Branch was inspected and approved by the City of AA before opening and ADA compliance is a requirement that was met in this project. The changes in grade at several locations are known to us, and are all well within the range of compliance. While we have not formally requested additional inspections from any other group or office, members of several disability advocacy groups and offices have met with AADL at Westgate, and no issues regarding the building have been raised.

There are two ceiling hung signs indicating the location of the Reading Room at Westgate and both are visible from the west and Sweetwaters entries and from the information desk after entering from the east.

Westgate has been open for only three months and the AADL regular programming schedule has not been implemented nor have the meeting rooms been made available online for rental or reservation in this location. We expect to see more use of all spaces at Westgate after January 1st, and any discussion about what to do if space is not utilized as planned would be premature at this point in time.
