

# 3 Ways to Play Music with Otamatone:

## 1, Pressing the Tail

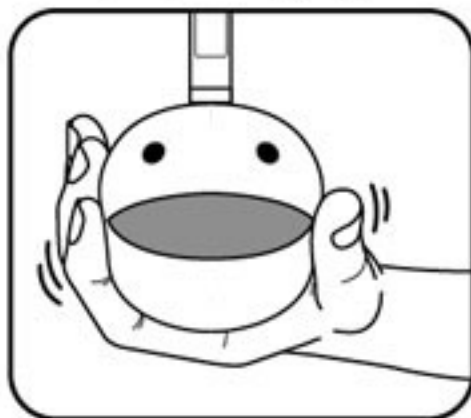

Press on the tail of the Otamatone. Otamatone will sing in different pitch depending on where you touch and press!

## 2, Sliding on the Tail

Slide your fingers up and down the tail while pressing down on it. It will play different pitch and tone!

## 3, Lip Singing

While pressing down on the tail, move Otamatone's mouth as it is actually singing. Otamatone will actually start singing! It will sing in different tone when you move its mouth in a different way.
