COMMUNICATION FROM THE MAYOR.

*To the Honorable Common Council:*

I have to report to your honorable body that I have appointed Robert Shannon to the office of Supervisor for the Third Ward of this city, to fill vacancy occasioned by the removal of James Kearns from said ward.

Sept. 4, 1893.

B. M. THOMPSON, Mayor.

Ald. O'Mara moved that the appointment of Robert Shannon to the office of Supervisor from the Third Ward, to fill the vacancy caused by the removal of Mr. James Kearns, is approved, and Robert Shannon is hereby declared duly appointed to fill said vacancy.

Adopted as follows:

Yeas—Ald. Herz, Martin, Snow, Wood, O'Mara, Taylor, Manly, Kitson, Pres. Watts—9.

Nays—None.

PETITIONS AND COMMUNICATIONS.

*To the Common Council:*

The Board of Public Works beg leave to submit the following report of its doing in the matter of bids for the construction of a stone culvert across creek on Fifth street (Second ward).

The Board caused notice of the city's wants to be published in the Ann Arbor Argus, and also distributed said notice among local contractors; and as a result, on the day set for closing such offer, had three bids as follows: John Mahlke, furnishing all labor and material \$490. Koch Bros., furnishing all labor and material, \$385; furnishing all labor and material except stone, \$321. C. Schaffer & Son, furnishing all labor and material, \$864; furnishing all labor and material excepting stone, \$566.

All things considered, we recommend that the bid of Koch Bros. be

accepted, and that a contract be made with said Koch Bros. at contract price of \$385.

The Board of Public Works recommends and asks for the following appropriations, to wit: \$200 for the grading of Broadway at the north end, and \$100 for the grading of Prospect street; also \$90 be appropriated to paint the bridge over the Michigan Central railroad tracks, as the painting of said bridge has become very necessary.

By order of the Board of Public Works.

WILLIAM J. MILLER, Clerk.

That part asking for appropriations referred to the Street Committee.

*To the Common Council:*

The Board of Public Works, to whom was entrusted the supervision of the construction of sewers, would respectfully report progress to the Council. In pursuant of the resolution of the Council, the Board on Thursday last closed a contract with the Ohio Valley Fire Clay Company for the purchase of sewer pipe, to be shipped in such quantities as the Board of Public Works desires. It is believed that a quantity of the larger sized pipe is already on the road. At our last meeting 200 feet of 24 inch cast iron pipe were authorized to be purchased by Mr. Schuh and the City Engineer at \$21.70 net per ton, f. o. b cars at Ann Arbor, Michigan, from the Lake Shore Foundry, of Cleveland, Ohio. The Board on August 28th started the City Engineer making the necessary survey for the sewer. They engaged William Rosencrans as assistant engineer at \$2.75 per day. The Board fixed the compensation of the City Engineer, during the construction of the main sewer, at \$150 per month, which salary the Council is asked to confirm. It is believed that the work of putting in the main sewer will take three or four months. It now seems probable that the Board will be able to begin the work of construction of the main sewer by September 11th. Street Commissioner Sutherland, City Engineer Key and Prof. C. E. Green, as consulting engineer, will be given charge of the construction.

By order of the Board of Public Works.

WILLIAM J. MILLER, Clerk.

Ald. O'Mara moved that the report be accepted and adopted.

#### REPORT OF LIGHTING COMMITTEE.

To the Common Council:

Your Committee on Lighting to whom was

referred the petition and resolution asking for electric lamps to be located on the intersections of West Liberty and Ashley streets and on the corner of Main and Catherine streets, respectfully report that your committee visited the different localities Thursday evening, August 31st, and fully inspected the same and would recommend the following, namely:

The petition for light at the intersection of West Liberty and Ashley streets be granted, as the said intersections of streets is quite dark, and used largely by the traveling public for the T. A. A. & N. M. R. R. depot.

That the resolution for light at the intersection of Main and Catherine streets be granted, this light is much needed as the double track of the street railway is located at this point which makes it very dangerous.
