Council Chamber.
Ann Arbor, March 5, 1894.

Regular session.

Called to order by Pres. Watts.

Roll called. Full board present.

The journal of the last session was approved.

PETITIONS AND COMMUNICATIONS.

To the Common Council:

The board of public works would recommend and ask for the following appropriation of \$200, for the construction of the following cross walks: On E. Liberty street, north and south sides, crossing Fourth ave. On E. Ann st., north side, crossing Fourth ave.

We find that the bridge over the M. C. R. R. wants replanking at once. We would therefore ask that an appropriation of \$350 be made from the bridge, culvert and crosswalk fund to replank said bridge with 3 inch oak plank.

By order of board of public works. W. J. MILLER, Clerk.

That part pertaining to crosswalks was referred to sidewalk committee, and the balance of the report to the street committee.

The board of public works submitted to the council a report made to them by City Engineer Key, as to the construction of the main sewer.

Ald. Manly moved that the communication be referred back to the board of public works until the sewer is completed in the 5th ward.

Adopted.

A petition of Jerome A. Freeman, as administrator of the estate of George William Henry, deceased, makes the petition in behalf of said estate, that on the 1st of January, 1894, John William Henry was in the employ of the city, as a laborer, in constructing the main sewer and upon the premises of Heinzmann & Laubengayer, the said

George William Henry was buried in said sewer, causing his death. The petition represents that the said George William Henry left surviving him a widow and three minor children, that they were wholly dependent upon him for support and maintenance. Petition asks damages to-wit the sum of \$5,000.

Accepted and referred to Sewer Committee and City Attorney.

STREET COMMITTEE'S REPORT.

To the Common Council:

Your committee on streets, to whom was referred the petition of the Ann Arbor Gas Company, asking permission to erect a coke and coal storage building, on the east half of alley between Beakes street and 5th avenue, extending north from Summit to Depot street, would respectfully report that the subject has had your committee's best consideration, and your committee would recommend that the petition be denied.

Respectfully submitted,

CHRISTIAN MARTIN,
A. P. FERGUSON
W. G. SNOW,
W. L. TAYLOR,
H. G. PRETTYMAN,
Street Committee.

Accepted and recommendation concurred in.

To the Hon. Common Council of the City of Ann Arbor:

The undersigned members of your committee on lighting beg leave to submit the following report:

We first ask your attention to a tabulated statement of the cost of street lighting by electricity in twelve cities of Michigan, viz: Big Rapids, Ypsilanti, Adrian, Marshall, Muskegon, Grand Rapids, Flint, Battle Creek, Jackson, Bay City and Ann Arbor.

The data for this statement was established by your clerk, from the various municipalities and show some interesting facts. You will notice that the price per light of 2,000 C. P. ranges from \$35.70 in Marshall to \$190 in Flint for all night and every night in the year, or from \$17 .-85 to \$84.48 for midnight lighting per moonlight schedule. The average cost for midnight lighting per moonlight schedule in the twelve cities mentioned is \$54.10 per light (we pay \$81.) or \$122.76 for all night and every night. In three of the twelve cities water is the power used, in two water and steam, and in seven steam.

Three of the twelve cities mentioned pay more than we do, eight pay less. In three of the cities the municipality owns the plant, in nine a private corporation. Of the twelve cities, eight are decidedly of the opinion that municipal control is the best, but one favors private corporate control and three do not express an opinion.

Your committee have taken pains to obtain a conservative estimate of the cost of a 100 light plant of 2,000 C. P. each, and find that such a plant can be installed for not to exceed \$21,275. This includes the cost of erecting a building, a chim-

ney and in fact a complete plant. The expense of operating such a plant until midnight and every night in the year will not exceed \$3,625.

Allowing 10 per cent. for interest on the investment and for depreciation on same will make an annual expense of \$5,752.50 of \$57.52 per light.

Ten per cent., - - - \$2,127.50 Running expenses, - - 3,625.00

Total - - - \$5,752.00

This is on a basis of using steam for power. If water power could be had the cost would be much less.

If the city can install a plant and light its streets for \$57.52 per light, a private corporation ought to be able in connection with commercial lighting to light our streets for \$65 per light of 2,000 C. P., running until 12:30 and on the moonlight schedule, and net 25 per cent. in the operation.

Your committee also have a proposition from the Ann Arbor Gas Co., to light our streets. (See bid.) Their bid is \$5,698 the first year, \$4,792 the second year, and \$4,092 the third year, or an average of \$4,861 as against \$7,047 which we are now paying, and it is an open question whether the streets would not be as well lighted as by the present system.

In view of the fact that the depreciation in electrical machinery during the past two years has been large, and that the next two or three years will probably see a corresponding depreciation, we deem it unwise at present for the city to erect its own plant.

Your committee therefore make the following recommendations:

1st. That we tender to the A. A. T. H. Electric Light Co. a contract for one year from January 1, 1894, for 87 arc lamps of 2,000 C. P. each, to be lighted from sun down until 12:30 a. m., sun time, at \$73 per light, moonlight schedule, thus meeting them half way in the matter.

2d. That in ease the said company are unwilling to enter into such contract within ten days, that the council then proceed to make a contract with the Ann Arbor Gas Co. for one year from April 1, 1894, at the price stated in their bid herewith submitted. Respectfully submitted,

C. W. WAGNER, W. G. SNOW,

To the Lighting Committee of the Common Council of the City of Ann Arbor.

Gentlemen-The Ann Arbor Gas Company make the following proposition for lighting the streets of your city:

We will furnish two hundred or more gas

lamps of the most improved pattern, will light, extinguish and clean the same for a term of one or more years at prices hereinafter mentioned. The lighting is to be done in accordance with the Philadelphia moon-light rehedules as por table submitted bore. in accordance with the Finladelphia moon-light schedule as per table submitted here-with. Lamps are to be equipped with the Bartlett globes as per cut annexed hereto, and to be provided with the best possible burners consuming six (6) cubic feet of gas per hour. The City is to allow us the free use of all posts and lamps now in their posses-

We will also furnish one hundred and thirty-six (136) or more gasoline lamps, to be lighted as above, taking all care of same. They are to be of best design and are to be placed only in the outskirts of the city where

our mains do not reach.

The price to be paid is as follows:

First—for all night lighting.
For the first year, gasoline lamps, \$17,00 each For the second year, gas lamps, Gasoline, \$17 00
For the third year, gas lamps, 11 50
Gasoline lamps, 17 00

The total cost with the above number of lamps on this will be as follows:

For the first, year, \_\_\_\_\_\_\$5,912 00
For the second year, \_\_\_\_\_\_5,312 00
For the third year, \_\_\_\_\_\_4,612 00

-to extinguish at 12:30:

For the first year, gas lamps, \_\_\_\_\$16 40 each Gasoline lamps, 16 00
For the second year, gas lamps, 12 80
Gasoline lamps, 16 00
For the third year, gas lamps. 8 90
Gasoline lamps 16 00 Gasoline lamps, \_\_\_\_\_

The total cost under this schedule will be as follows:

For the first year,\_\_\_\_\_\$5,698 00 For the second year,\_\_\_\_\_\_4,792 00 For the third year, \_\_

We submit to you a map showing the locathe lamps. With the large extentions which we have made in the last few years we now cover all the main parts of the city and it is our belief that owing to the dense foliage of Ann Arbor, the city can be better lighted with such a system as we propose, with low lights under the trees, than with the present system

system.

We have located gas lamps on west Liberty street as we propose to make extentions on that street in the near future.

We will further agree that should you make a contract with us we will light the city offices for the term of the contract free of Respectfully submitted.

The Ann Arbor Gas Co..

By HENRY W. DOUGLAS,

Superintendent. charge.

The Chair stated, The question now is upon the adoption of the report.

Ald. Manly asked for a division of the question.

The Chair stated the question now

before the Council is on the first recommendation, "That we tender to the A. A. T. H. Electric Co., a contract for one year from Jan. 1st, '94 for 87 arc lamps of 2,000 C. P. each to be lighted from sun down until 12:30 a.m. sun time, at \$73.00 per light, moonlight schedule."

Adopted as follows:

Yeas—Ald. Schairer, Wagner, Herz, Martin, Snow, Wood, O'Mara, Fer-guson, Taylor, Manly, Prettyman, Kitson, Pres. Watts-13.

Nays-None.

Ald. Prettyman moved that the second recommendation made by the lighting committee be laid on the table until our next meeting.

Adopted.
