Your Committee on Sewers to whom was referred the communication of the Board of Public Works relative to lowering the sewer on Washtenaw Avenue, in front of the property of Miss Gardner, have visited the location and considered the arguments for and against such improvement, and your committee are thoroughly convinced that it is a public necessity that such sewer be lowered a sufficient depth to give the house connections a fall as required by the plumbers rules. That is that the sewer be lowered at the man-hole in front of the residence of Miss Gardner four feet, and that the sewer be lowered east and west from said man-hole extending east to the east line of the property of Prof. D'Ooge, and west to such a point as to give the regular fall to such sewer. And your Committee would further recommend that the cost of such improvement be taken from the general sewer fund.

REPORTS OF SPECIAL COMMITTEES.

To the Common Council of the City of Ann Arbor:

Gentlemen:—“Whereas, it has transpired upon reliable authority that the City Marshal and Andrew E.

Gibson, Justice of the Peace of this city have certain moneys in their hands belonging to the City of Ann Arbor and whereas in the opinion of this Council the truth or falsity of such information ought to be investigated, resolved that a special committee of three be appointed by this Council to make such investigation and that the Mayor be and is hereby requested to issue subpoena or other process to compel the attendance of such persons and the production of such books and papers before the said Committee at such time and place and as such Committee may direct in accordance with the provisions of section number 84 of the Charter."

Pursuant to the above resolutions your Committee together with the Police Committee met at the Council room in the City of Ann Arbor on Wednesday the 6th day of May last and carefully and thoroughly examined the dockets of Andrew E. Gibson and compared the report of said Gibson with the said dockets as said Justice of the Peace and found the report that he made for the use of said Committee in all things correct and by said report and from said examination of said dockets we found remaining in his hands as said Justice of the Peace the sum of \$59.00 which he thereupon paid Glen V. Mills City Clerk and the said Andrew E. Gibson, on his oath before said Committee stated that he had not been able to procure a printed copy of the charter of the City of Ann Arbor and that he did not know until your Committee had been appointed that he should have made a report of the fine money in his hands at the end of each quarter but on the contrary he was of the opinion that a report at the end of each year or at the expiration of his term of office was sufficient, that he had placed the money as soon as it had been received by him in the bank and that he could have turned it over to the City Treasurer at any time, and your Committee are unwilling to believe that the said Andrew E. Gibson is chargeable of any wrongful intent in retaining said money in his hands and are inclined to accept his testi-

mony in that regard as a full explanation of his conduct.

Your Committee also met with the Police Committee at the Council room in the City of Ann Arbor on Friday the 8th day of May last and examined the reports of the City Marshal and compared said reports with the dockets and official records of Justices Pond and Gibson and found that all moneys paid to M. C. Peterson as said Marshal by said Justices or by any other persons and all other moneys received by him from any other source that belonged to said City have been paid to the City Treasurer by said Marshal and that said report and rumors referred to in the above resolution, so far as the Marshal is concerned, were entirely without foundation and that no investigation of his official conducts was called for, and that said rumors and reports so far as your Committee have been able to learn are wholly false.
