Carpenter

Total cost .....\$1,029.70

In accordance with the orders of your Honorable body the house at the City Yards and the Second Ward Voting building were painted, at the cost of \$52.12. The Council Chamber was decorated at a cost of \$47.20.

Street signs were put up during the current year, at a total cost of \$158.75. Wall street bridge was painted, at a cost of \$31.50. The Seventh Ward building, for which you contracted, is nearing completion and should be ready for use at the coming election. No payments have been made on this work.

One thousand five hundred and three permits have been issued for connections with the sanitary sewer system, one hundred and twenty-five of which were issued during the present year. All this work has been inspected and either found in satisfactory condition or made so.

A considerable portion of the time of this office is taken up with the giving of grades, etc., for sidewalks. A list of walks for which grades were given would probably not be of interest to the general public, hence I omit that from this report.

Respectfully submitted. E. W. GROVES, City Engineer.

Ann Arbor, Mich., Jan. 5th, 1906. To the Board of Public Works.

Gentlemen—The following is report of work done and material used under the direction of this department during the year ending December 31, 1905.
