HEAVY TAX-PAYERS.

One Hundred and Eighty-Seven Persons Pay More Than Half the Taxes.

FOUR TAX-PAYERS PAY OVER \$1,000 EACH.

The Smallest Tax Paid is 36 Cents—The Largest \$1,304.86—List of the Tax-Payers Who Pay Over \$100.—

Among the matters of interest to the public is the question: Who pay the taxes in Ann Arbor? There are a large number in the city whose taxes will amount to \$100 and more, but the greater proportion of the residents of Ann Arbor are people of moderate means and their taxes are less than \$100. A careful perusal of the tax rolls in the city treasurer's office, brings much of interest to light.

The total amount of the tax levy this year is \$88,849.79, for the following purposes: State and county taxes, including rejected taxes and care of city poor at the county house, \$15,830.87; city taxes, \$39,796.92, made up of the following: Five mill tax, \$30,950; University hospital bonds and interest, \$3,840; soldiers' relief fund, \$600; repair bridges, etc., \$4,000; rejected tax, \$15.78; special sidewalk assessments, \$290.60; plus of rolls, \$100.54; school taxes, \$33,222. Besides these \$189 is assessed for dogs. The assessments in the various wards are as follows, the special sidewalk assessments not being included: First ward, \$28,781.41; second ward, \$15,626.73; third ward, \$9,003.42; fourth ward, \$16,756.11; fifth ward, \$2,225.18; sixth ward, \$16,150.56.

The taxpayers whose assessments amount to over \$100 each, this year, number 187. These pay \$46,373.65, about \$2,000 more than one-half of the entire tax levy for the city, leaving \$42,476.14 to be paid by the other taxpayers, who number from 2,300 to 2,400 persons. The large taxpayers are divided as follows: 4 pay over \$1,000 each, amounting to \$4,712.91; 1 pays \$919.49; 3 pay from \$800 to \$900 each amounting to \$2,567.55; 5 from \$700 to \$800 each, amounting to \$3,683.68; 3 from \$500 to \$600, amounting to \$1,702.70; 6 from \$400 to \$500, amounting to \$2,629.11; 14 from \$300 to \$400, amounting to \$4,831.41; 44 from \$200 to \$300, amounting to \$10,520.49; 37 from \$150 to \$200, amounting to \$6,385.09; 70 from \$100 to \$150, amounting to \$8,421.22. The largest amount paid by any person or firm is \$1,304.86 and the smallest is 36 cents. Many estates, and not a few ladies, are included in the list of heavy taxpayers in this city, as will be seen by the following roll of those parties and firms whose taxes amount to \$100 or over.

Following the Usual Custom.

Chelsea is becoming famous for its weddings. There is so much youth and beauty to be found here that it is no wonder that these happy events are so frequent. On Wednesday, Nov. 25th, 1891, one of Ann Arbor's most popular young men, George P. Wing, linked his heart and fortunes with one of our accomplished young ladies, Miss Katie Heselshwerdt. The marriage took place at the home of the bride's mother on East Middle street, Rev. Thomas Holmes officiating. The company of invited guests was composed mostly of relatives and friends of the contracting parties. The presents were numerous and valuable. Mr. and Mrs. Wing have the best wishes of the Herald for their future happiness and prosperity.—Chelsea Herald.

TOUCHING TRIBUTES

To Members of St. Andrew's Congregation Who Have Gone Before.

THE REV. MR. TATLOCK'S SERMON, ADVENT SUNDAY.

Prosperous Condition of the Parish—A Large Growth During the Year—Statistics of Parish Work.

Rev. Mr. Tatlock preached his annual sermon in St. Andrew's church last Sunday morning. The sermon is given in full below:

Another cycle of holy seasons is closed; its labors are over, its opportunities past; its planting and its reaping are ended.

Like all the years, the one behind us has woven a checkered web, here bright in the colors of joy, there deep-dyed in the hues of sorrow. As a parish we have had growth and prosperity, but we have also suffered adversity and loss.

On Advent Sunday last, I began the roll of the sainted dead with the honored name of Professor Henry S. Frieze, and to-day I have first to record the quick summons to his side of his devoted wife. On the 12th of January, Mrs. Anna B. Frieze left the world with the same calm and peace as she had lived in it. Her virtues were those which make and adorn the home. To her the duties of wife and mother were sacred, and she found her happiness in ministering to the happiness of her family. She was dear to her friends and she had no enemies. She meddled not in the affairs of others, but the silent power of her pure and lovely character was a far-reaching influence for peace and kindness and goodwill.

On the 17th of January, the long and eventful life of Mr. Chauncey H. Millen came to a peaceful close. In the death of Mr. Millen this community lost one of its foremost citizens. He had been a resident of this city for a period of fifty years. Coming here in the vigor of youth, when the place was little more than a hamlet, he is one of those to whom the town is chiefly indebted for its subsequent growth and prosperity. A leader in commercial and business enterprises, he was at the same time public-spirited and generous, giving freely of his time and means to foster every true interest of the city. As a member of this church and parish, we have special reason for holding his name in lasting remembrance. Throughout the fifty years of his life here, he was most devoted to St. Andrew's interests and most liberal in his benefactions to her support. For a long time he served the parish as a member of the vestry; and it was largely due to his enterprise and unstinted liberality, supported by the like zeal and generosity of some of his associates, that this beautiful edifice in which we are now gathered was erected. In his home, Mr. Millen was accustomed to receive his friends with a warm and liberal hospitality. He was a gentleman of the old school; and his view of the office at home and of the obligations of friendship was that large, open-hearted, and yet high conception, which characterized the men of his class. His manners were those of one born and bred a gentleman, quiet and dignified, and with the natural simplicity and grace which bespeak the gentleman at heart. The testimony borne to his personal character by those who knew intimately in his public and private life is one that anyone might justly covet, true, pure, high-minded and noble, an earnest and devoted christian, who sought to serve his day and generation to the extent of his power, and never intentionally did harm to a human being.

On Easter Day, the mortal remains of two former members of this congregation were carried from this church to their final resting places. Mr. John W. Freeman died in Minneapolis, on the 25th of March, in the full strength of early manhood. A native of this city he had spent his boyhood and youth in our midst. He was reared in a good home, and he was faithful and true to its obligations and honor. He was a worthy son, noble-hearted and honorable, and animated with the laudable ambition of making the fullest use of his opportunities and powers.

Mrs. Jané Williams, the widow of the late Professor Williams, died in Chicago, on the 25th of March. Mrs. Williams was a woman of superior

endowments of mind and heart. With all the graces and accomplishments of the most highly cultured lady, she had yet, in a rare degree, the gentleness and tenderness and warm-hearted generosity which are the glory of womanhood. An ornament in society, the embodiment of love and devotion in her home, a sympathetic friend and benefactor to all in distress, a true woman and true christian in every relation, she has left behind her a blessed memory, which shall perpetuate the influence of her benign and ennobling life.

On the 28th of April, Miss Sarah Livingston Douglas went from her friends on earth to join her friends in heaven. Less than a year before the devoted friend of all her life, Miss Sarah Lillian Wells, and her own dear father had been taken from her. Little did we think one year ago that to-day they and not we should have the joy of her society. Miss Douglas was a young lady gifted and accomplished, a treasure in her father's house, a joy among her friends. Sweet and gentle, true and pure, she had withal the character of which heroines are made. She was a heroine. She could bear as well as do. She knew the meaning of duty; and her life, all too short though it was, was yet a noble example of high purpose and holy devotion, bright and spotless as the light.

On the 26th of May, Professor Elliott Evans was given the release for which he had longed since the departure from him of his devoted and gifted wife, but one year before. Professor Evans was a gentleman of high intellectual endowments and large attainments, who for many years had filled a responsible position in Hamilton College with dignity and power. His polished manners and brilliant conversation, his warm heart and sterling character gave him a high place in the society in which he moved. And withal he was a humble christian, earnest and devout, whose hold upon things eternal steadily increased as things temporal passed away.

On the same day, the 26th of May, Mrs. Grace Taylor, the faithful wife of the honest sexton of this church, passed from earth to the spirit world. She was a good woman, kind and gentle, true to her duty, loved by her friends, and her memory is dear to those she has left behind.

On the 3rd of August, Miss Lillian Maud DeForest was summoned from her earthly home to the mansions of the blessed. A pure and blessed spirit was she, the only daughter of her widowed mother, to whom she was a joy and comfort and support. She did the work that lay at her hand to do, and did it nobly and well. She was faithful unto death. Another heroine, another spotless soul, another triumph of Christian womanhood.

On the 26th of September, Miss Rebecca Henriques passed from the world into the joys of heaven. Miss Henriques had been a resident of this city and a member of this congregation from her childhood. She was pre-eminently a devoted churchwoman, always faithful in the performance of her religious duties, always generous in her contributions to the parish and to all Christian objects. She had the simplicity and unsuspectingness which are the make of a pure mind, innocent of wickedness. Quiet and unobtrusive in her bearing, gentle and kind, true to her convictions and faithful to every trust, she had the regard and esteem of the entire community.

On the 3rd of October, the bright spirit of Urania Voorhees Brown was carried by the angels to her Savior's embrace. It is hard to believe that she is gone. She is the first member of the Sunday school since the beginning of my ministry to exchange the partial and imperfect instruction of human teachers for the full and complete revelations of God; the first, too, of those who have come at my invitation to yonder rail to exchange the faint and unsatisfying communion through earthly symbols for the full and perfect fellowship through direct intercourse with Christ himself. "Ray," as she was known to us all, was a lovely child, unselfish and generous, thoughtful of others, unmindful of herself; a dutiful daughter, a kind sister, a constant friend. In her character, she was more mature and strong than many twice her years, and her life, though short, had a fullness and completeness which give her a place in our hearts as one who had already learned the chief lessons that this earthly experience is fitted to teach.

She has left behind her a precious memory, the sweet perfume of a flower of divine nurturing, and though we miss her sore, we rejoice to know

that that flower adorns the Savior's bosom.

On the 6th of November, Mrs. Emma M. Hatch was released from the burdens and trials of this earthly lot.

It is not a year since all these our friends were with us. Shall we not be wiser for their lives and holler for their departure?

The following facts from the parish register are appropriately given here: Baptisms during the year, infant, 12; adult, 24; total, 36. Whole number of baptized persons in the parish, 881.

Confirmed during the year, 69; whole number of confirmed persons in the parish, 530.

Communicants, reported last Agent, 411; admitted in the parish, 69; received from other parishes, 63; total added, 132. Died, 7; removed from parish, 32, total lost, 39. Present number, 504.

Public services, Sundays, 150; other days, 152; total, 302.

Celebrations of the holy communion, in public, 70; in private, 11; total, 81.

Congregation, families and parts of families, 351; number of souls, 1,014. Students of the University who attend the church, not otherwise included, about 300. Total number of souls in the congregation, about 1,300.

I propose to publish early in the coming month a parish year book, which shall contain full reports of all the activities of the parish and its various organizations including among the rest an itemized account of all the moneys received and disbursed during the last conventional year.

I shall, therefore, give here only a condensed statement of what will there appear in detail.

Table with columns for RECEIPTS and DISBURSEMENTS, listing financial transactions for the year.

This statement does not include the bequest to the church of \$500 in the will of the late Miss Henriques. This gift was made to the parish without conditions, in keeping with the true modesty of its giver.

Neither does the statement above given include the cost of our chancel window, which is the gift of Mrs. Margaret C. H. Wells and her two sons, Mr. Chas. R. Wells, of Bay City, and Mr. William H. Wells, of Detroit.

I count myself most happy in being permitted on behalf of that family to present to-day to this parish and congregation, as I now do, this most beautiful and welcome gift. It is a fitting tribute to the memory of those pure and noble characters whose names are inscribed upon it.

We are now in a situation to proceed intelligently to the decorating of the chancel and of the entire church. I think that we are all sufficiently persuaded that there is need of renovating the interior of this house of God.

To perform this work in a manner worthy of this beautiful building and expressive of the intelligence and taste of this congregation, will require, as I am sure it will receive, the hearty and generous co-operation of all the members of the parish.

The Ladies' Aid Society, true to their character, are already earnestly at work accumulating funds for the purpose. The Chancel society are preparing for an aggressive campaign in the same cause.

The facts which I presented above from the parish register show a large and most gratifying growth in the membership of the congregation and in the roll of communicants.

work in this community becomes more and more evident, the more we reach out to embrace it. The harvest is plentiful. And, thank God, the laborers are not so few as they were a year ago.

In all the retrospect of the year, we have ample reason for thankfulness and for encouragement, and in the large opportunities which open before us we have equal reason for increased zeal and fuller devotion.

Forty-Five Years of Bondage.

Gents: For forty-five years I have been afflicted with blood poison, liver and rheumatic difficulties. Part of the time confined to my bed. My blood was badly diseased.

Hibbard's Rheumatic Syrup and Plasters are remedies of great merit. I believe they have no equal in the cure of rheumatism and all blood diseases.

The spring is the time to take Hibbard's Rheumatic Syrup for the blood. For sale by all druggists. Prepared only by the Charles Wright Medicine Company, Detroit, Mich.

Mrs. Mary Biddle, Mitchellville, Iowa.

Mrs. Chas. Smith visited friends at Ann Arbor a part of last week.

John Baumgardner and wife were calling on friends here on Monday.

Mrs. Myrtle Fuller, of Jackson, spent Sunday with H. Laraway and family.

Considering the bad weather, the social at J. B. Laraway's, on last Friday evening, was well attended.

The proceeds were over \$3. Jacob Wendle, who has been section boss on the T. & A. A. for the past two years, closed his services with the company, last Monday.

Fred Schultz, of Pittsfield, takes Mr. Wendle's place.

It Should be in Every House.

THE SONG OF THE "No. 9."

My dress is of fine polished oak, As rich as the finest fur cloak, And for handsome design You just should see mine— No. 9, No. 9.

I'm beloved by the poor and the rich, For both I impartially stitch; In the cabin I shine, In the mansion I'm fine— No. 9, No. 9.

I never get surly nor tired, With zeal I always am fired; To hard work I incline, For rest I ne'er pine— No. 9, No. 9.

I am easily purchased by all, With instalments that monthly do fall; And when I am thine, Then life is benign— No. 9, No. 9.

Upon the Paris Exposition I went, To get the highest prize offered; I left all behind, The Grand Prize was mine— No. 9, No. 9.

At the Universal Exposition of 1889, at Paris, France, the best sewing machines of the world, including those of America, were in competition. They were passed upon by a jury composed of the best foreign mechanical experts, two of whom were the leading sewing machine manufacturers of France.

The French government, as a further recognition of superiority, decorated Mr. Nathaniel Wheeler, president of the company, with the Cross of the Legion of Honor—the most prized honor of France.

For family use, and the No. 12, for manufacturing uses, are the best in the world to-day. And now, when you want a sewing machine, if you do not get the best it will be your own fault.

COUNTY.

Mrs. F. P. Glazier has been elected president of the Chelsea Epworth League.

Election of officers of Beers Post, G. A. R., of Tecumseh, next Monday evening.

South Lyon now has a ladies' hive of Maccabees, starting with eleven members.

The ladies of St. Peter's church of Tecumseh will hold their annual fair commencing about Dec. 17.

E. S. Cooper, of Sylvan, purchased six head of registered swine at a sale at Van Wert, Ohio, recently.

C. H. Morse, of Ypsilanti, is said to have shipped 21,172 pounds of poultry to Boston for Thanksgiving consumption.

Mrs. Mary Bunnell, an aged widow lady of Grass Lake, fell on a sidewalk one evening last week and broke her leg.

Mrs. Caroline M. Nothh, aged 79 years, died Nov. 23rd, at the home of her daughter, Mrs. Hiram Lighthall, of Chelsea.

The Chelsea Standard is up to the times. In its issue of Nov. 27th, it reports a death which it says occurs two days later, on Nov. 29th.

Consider Cushman, residing about five miles southwest of Chelsea, died on Nov. 24th, aged 73 years. He came to Michigan in the fall of 1835 and was married in 1839.

Four score years is not now such an unusual age. Last week Heman Holmes of Ypsilanti town, celebrated his 84th birthday and about the same time Mrs. H. M. Abbey, of Willis, celebrated her 80th anniversary.

Weddings are now the popular fad at Chelsea, and brides and grooms are nearly as thick as the snow flakes. Eight weddings were held in that immediate vicinity last week, five of them being held on the day preceding Thanksgiving.

Supervisor Wedemeyer, of Lima township, is no longer a gay young bachelor. On Wednesday of last week he was united in marriage to Miss Hattie McCarter, a young lady of Chelsea, and now has a partner to share his joys and likewise his sorrows.

Leland T. Powers had a lively time and close connections in fitting an engagement at Tecumseh, last week. He missed a train at Battle Creek and sent word that he couldn't get to Tecumseh on time.

The committee in charge thought different, and sent a special train after him, which arrived just in time so that he could begin on time, although he had to go without his supper.

Here's good advice for this season of the year: "Now that cold weather is at hand it is to the interest of every person to see that his stock is properly cared for. Every one knows how he feels when he is not perfectly warm and protected from colds and draughts and how apt he is to take cold. There is no animal which is so susceptible to draughts and chills as your horse. At night when he is sleeping his blood becomes sluggish and he is liable to catch cold. In recent years it has become the fixed rule with all owners of good stock to carefully blanket their horses, not only when out of doors, but also in the stable."

E. R. Smith is thinking quite seriously of putting in an electric light plant at his Bridgewater mill property and supplying Clinton and Manchester with electric lights. The project seems entirely feasible. He has an excellent waterpower located about half way between the two towns and the only question is, will the people support such an enterprise. Steps are now being taken to find out about how many incandescent lights can be secured in this village. Mr. Smith will probably put in the plant if he can secure pledges for 200 16-candle power incandescent lights in Clinton and 300 in Manchester. It would seem as if this number might easily be obtained. The corporation would need about half that number to light the streets properly. It would certainly be a nice thing to have electric lights and we hope to see the project meet with success.—Tecumseh News.

Quite an excitement and commotion was created at the Tecumseh Steam Flouring mills Tuesday afternoon. About 11 o'clock, the shaft on the engine to which the balance wheel and piston rod are attached, broke in two, letting the piston drop, this gave a fearful force and velocity to the piston, which twisted things around in a lively manner and knocked the head out of the cylinder. Tom Breene, who is the engineer, stood near the cylinder and the head came within a few inches of hitting him. The engine was shut down as quickly as possible and after the steam had cleared away, it was found that the 4-inch shaft which broke and caused all the mischief, had a flaw in it and had been broken about two-thirds through for a good while. It will take a week or more to repair the damage.—Tecumseh News.

Mr. and Mrs. S. Winslow—a daughter, last week.

J. E. Cooley returned last Thursday from New York.

Lafayette Grange ate oysters at W. E. Stocking's, last Friday.

D. Rockwell, of Ann Arbor, was here buying cattle, last Monday.

Commendable.

All claims not consistent with the high character of Syrup of Figs are purposely avoided by the Cal. Fig Syrup Company. It acts gently on the kidneys, liver and bowels, cleansing the system effectually, but it is not a cure-all and makes no pretensions that every bottle will not substantiate.

Mooreville.

Mrs. Wm. Bush has been quite sick.

Mrs. George Moon is visiting a daughter in Hillsdale county.

Willis Sandford is the proud papa of a fine boy since last week.

Miss Bertha White, who has been sick for a long time, is very low.

Elwood Rodgers, of Pittsfield, has taken the job of building a barn for A. G. McIntyre.

A band has been organized here and officers elected. They expect to have their instruments soon.

The Baptists have given Rev. Mr. Smith, of Ypsilanti, a call to be their pastor for the ensuing year.

During the vacation, the seats in the school rooms were changed so that the pupils in the primary occupy the smaller room.

James McMullen, who lives two miles south of here and who had his barn burned, had an auction, the 25th and sold his horses, cattle and sheep.

Mark Case is attending the Cleary Business College at Ypsilanti.

Miss Clara Case, of this town, is attending the High School at Ann Arbor.

J. H. Webb has just returned from a visit to Mr. and Mrs. Peters, at Jackson.

Farmers are posting their grounds against hunters to a great extent, this season.

A singing school is in progress in the Sutherland district, being taught by Mr. Herbert, of Lodi.

A drive well has been put down to furnish water for school purposes in District No. 6, Roberts district.

The winter term of school in District No. 3, began Monday. The teacher is Miss Lillian Crippen, of Superior.

WITHOUT KNIFE OR FIRE.

Mr. S. E. Carmichael, a prominent citizen of Henrietta, Texas, writes: "I wish to tell you what Swift's Specific has done for my wife. Several years ago there appeared a spot on the corner of her nose which gradually increased in size, and became quite painful; on washing her face it would frequently bleed. The doctors called it cancer, and advised that it be removed by the knife or burning, stating that it would never do to neglect it. My wife refused to have it cut or burned, but at the same time it continued to grow worse. After a time she commenced taking S. S. S., which effected an entire cure. She used a half dozen small sized bottles. We both think there is no medicine in the world that will equal Swift's Specific, and we would like for all sufferers to know the benefit she has received from it."

S. S. S. cures blood diseases of this character by forcing out the poisonous germs and the poison also. A valuable book on blood and skin diseases will be mailed to all applicants free. Address, SWIFT SPECIFIC CO., Atlanta, Ga.

"I thought I saw Vickers come in just now." "Yes; he is yonder, writing a love letter." "Hm! How do you know that is what he is writing?" "Well, a man wouldn't be grinning and winking one eye every minute or so if he were writing a business communication, would he?"

Eisels's Cancer Specific.

SCRIBNER'S MAGAZINE An Exceptional Year.

THE Year 1891 has been marked by a greater advance than any similar period since the Magazine was established. Not only has the literary and artistic excellence been maintained and increased, but a corresponding gain has been made in the sale and influence of the Magazine.

For Next Year.

It is not possible to give, in a brief space, an account of all the features in preparation, but the material is deficient in neither importance nor range of subject. Among the subjects treated:

The Poor in the World's Great Cities.

It is proposed to publish a series of articles, upon a scale not before attempted, giving the results of special study and work among the poor of the great cities. The plan will include an account of the conditions of life in those cities (in many lands) where the results of research will be helpful for purposes of comparison as well as for their own intrinsic interest. While the treatment will be thoroughly popular, and the elaborate illustrations will serve to make the presentation of the subject vivid as well as picturesque.

Washington Allston.

Unpublished Reminiscences and Letters of this foremost among early American painters. A number of illustrations will lend additional interest to the articles.

Important Documents.

The aim of this series of very short articles is to describe the signal occasions when some decisive event took place, or when some great experiment was first shown to be successful—such moments as that of the first use of the Atlantic cable, the first use of the telegraph and telephone, the first successful experiment with ether the night of the Chicago fire, the scene at the moment of the vote on the impeachment of Andrew Johnson, etc., etc.

Out of Door Papers.

In the early spring will be begun a number of seasonal articles, among them being: Small Country Places, how to lay out and beautify them, by SAMUEL PARSONS, JR.

Fishing Lore from an Angler's Note Book, by DR. LEROY M. YALE.

Mountain Station Life in New Zealand, by SIDNEY DICKINSON.

Racing in Australia, by SIDNEY DICKINSON, with illustrations by BIRGE HARRISON.

The illustrations are made from original material. A full prospectus appears in the Holiday Number, now ready.

The general impression is that clergymen are not a success in politics. But one clergyman in Indiana probably believes the contrary. He was elected lieutenant governor and is now governor through the death of Gen. Hovey.

Superintendent Porter, of the United States census bureau, in a recent address, stated that there were 12,707,683 school children attending the public schools in this country, while the number of teachers is 361,781, or one for about every 35 pupils. There are in round numbers, 800,000 children in private schools and 800,000 in parochial schools.

In the days when Fassett, of New York, was working his tongue as he had worked the guillotine in the New York custom house, in defiance of civil service rules, Fassett and his friend had dreams of coming greatness, for would not the republican who carried New York for governor make a prominent candidate for president? But alas for Fassett, election came and all his hopes were blasted. But if he cannot be president of the United States, he now has a possibility of becoming a college president. The Lockport Journal urges his appointment as president of Hamilton college, one of the little colleges of New York.

Chicago, New York and Brooklyn have all been somewhat excited of late over a threatened water famine. In fact, such a famine actually existed in Brooklyn and in the case of a fire, the firemen were unable to obtain any water and only prevented a most serious conflagration by the destruction and removal of adjoining buildings. In Chicago, the difficulty is the lowness of the water in lake Michigan, which is two feet and a half below datum at Chicago, or ten inches lower than ever before. In fact last Tuesday during the prevalence of a strong south-west wind, many of the residents of Chicago were unable to obtain water in the second story of their houses. The datum known as the Chicago datum is that of low water in 1847, and was supposed to represent the lowest water then known. But as stated above, the lake is now two feet and a half below the supposed lowest water of years ago. In 1838, the water in the lake was seven feet higher than it is to-day. Is it to be greatly wondered at if some have raised the question as to whether the great lakes will always be navigable to the largest boats?

Choral Union Concert.

The second concert in the Choral Union series will be given Wednesday evening, Dec. 9, in University hall. The following press notice will convey some idea of the quality of the artists who appear at this concert: "Musin stands beyond any comparison with any violinist who has played in this city. He stands abreast of the few who in all times have surpassed all other performers on this wonderful little instrument. His technique, of course, is of the very highest perfection, but behind that is that indescribable something that we call genius. He draws from the strings the notes in all their fullness and breadth of tone, and they come with that intangible quality of sympathy which carries every sound direct to the soul of the listener."—San Francisco Chronicle.

The following program will be given: F. Ries, Suite in G minor for piano and violin. Ovide Musin and Eduard Scharf Wagner. Elsie's Dream from Lohengrin. Inez Parmater Massenet. Air from "The Magpie." Roger Dupuy Mozart. Air from "Maggio Flute." Annie Louise Tanner-Musin Harley. Air from "La Tulipe." Emil Senger a Chopin. Nocturne in F sharp. Scambatti. Vecchio Minuetto. Wagner. Brassin. "Magie Fire" from "W alkure." Eduard Scharf Artot. Variations for voice and violin. Annie Louise Tanner-Musin and Ovide Musin Rubinstein. Duet for mezzo-soprano and bass. Inez Parmater and Emil Senger a Wagner-Wilhelm. Preislied from Meistersinger. Musin. Caprice de Concert. Verdi. Quartette from Rigoletto.

Announcement.

I am making great preparations for Christmas and will show the finest line of goods ever displayed in this city. My success in the past year and especially this fall has encouraged me to enlarge my stock. Look out for next week's advertisement. Respectfully, MARTIN HALLER.

Those desiring handsome presents for their friends, and who wish to make their dollars go a long way, can find some bargains at Mrs. Pond's State St. Store. Hand-painted articles. Decorative articles. Call and see for yourself.

The finest display ever made here, in this city, in rugs can be seen in the show window of Martin Haller, handsome designs in Moquette, Wilton, Byzantine, Smyrna and Fur. For Christmas he makes special low prices. In the other show window is just as handsome a display in draperies and chenille and silk curtains.

"Excuse my jumping so," said the rabbit, but your uncanny appearance positively startled me." "I don't look half so early as you," retorted the owl, with a hoot of devious.

Hibbard's Rheumatic and Liver Pills

These pills are scientifically compounded and uniform in action. No gripping pain commonly following the use of pills. They are adapted to both adults and children with safety. We guarantee that they have no equal in the cure of Sick Headache, Constipation, Dyspepsia and Biliousness; and, as an appetizer, they excel any other preparation. For sale by John Moore.

Squaring an old account: "What's the matter inside, Gabriel?" asked Peter as he heard shouts inside the gate. "Charles I is kicking the stuffing out of Cromwell."

Miles' Nerve and Liver Pills

Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Dr. Miles' pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequalled for men, women, and children. Smallest, mildest, surest! 50 doses, 25 cts. Samples free at Eberbach & Son's.

A significant appetite: Mrs. Hicks—Did your husband have any torst at the banquet last night? Mrs. Dix—I guess not; that was all he would eat at breakfast this morning.

Cure Yourself!

The U. of M. team played a second game with Cornell at Chicago, on Saturday. The game was an excellent one and with but few errors, Cornell winning by a score of 10 to 0.

A Sewerage Communication.

Editor Argus: As a reader of your paper for a number of years, I would like to say a few words in regard to sewerage and taxation. First, would it not be well enough for the schemers in this sewerage matter to wait until the taxpayers of this "very unhealthy" city of Ann Arbor call for sewerage, as the taxes are already enormous? Would it not be better policy to reduce the taxes first? Second, if the city had sewers they would not be of any use without water to flood them with, which would cause the city to be, as it is now, at the mercy of an eastern company to pay their price for water regardless of justice. Would it not be best to start in right, get the water first and sewers afterwards? Third, Would not the few men who are at the bottom of this scheme for sewerage, stand just as good a chance for the contract when the taxpayers demand sewers as they now do, and also the party who is looking for the contract to furnish the sewer pipe stand equally as good a chance as now? I think so. It is time the taxpayers of the city began to open their eyes in this matter and not let a few men make our taxes any higher until it becomes a matter of necessity, or the majority of the taxpayers of this city demand it. Most Respectfully, M. J. FURNUM.

Ferd Bliss, of New York, is expected to spend Sunday with his wife, who is visiting his mother, Mrs. E. C. Freer, on Williams street.

Pastry Without Butter.

Light, flaky and digestible pie crust and all kinds of fine pastry can be made with Dr. Price's Cream Baking Powder without butter or with one half the usual portion, if preferred, or with a small quantity of lard or other shortening as desired. Pie crust made in this way is more wholesome and digestible besides being more economical and easier prepared in addition to saving all the butter if desired. One-third the flour is also dispensed with, and the crust is rolled that much thinner, the raising qualities of Dr. Price's Powder swelling it to the requisite thickness. Those who enjoy the appetizing qualities of the delicious home made pie will rejoice to know this secret.

Dr. Price's Cream Baking Powder is the only powder that contains the white of eggs.

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been questioned.

Price 25 cts.

Ida Van Cortland.

Ida Van Cortland is rapidly getting to the head of the list of female stars in America to-day, distinguished alike for her acknowledged artistic ability and her good qualities of head and heart. Her great reputation has been gained solely by her ability as an actress. She has resorted to none of the advertising devices which have been used to bring the names of many other actresses prominently before the public. Her claim for favor is based upon her merits alone, and the favor which has been accorded her proves that her genius is recognized and appreciated. Miss Van Cortland is a credit to the stage, and well deserving the reputation she has gained. The prices of admission all next week are so moderate as to be within the reach of all, and the repertoire, as can be seen by referring to the advertisement is selected from the best dramatic literature.

Chelsea.
[Crowded out last week.]

Wedding bells are ringing freely this week in this vicinity.

Wm. Bacon went to New York the first of this week with a car load of poultry.

Rev. D. H. Conrad preached the union Thanksgiving sermon at the M. E. church.

Winter weather has set in upwards of two weeks earlier than it has for many years past.

Chauncey Clark of Lyndon has lost all his hogs with the cholera and will have to buy pork for family use.

The Baptist church society had a well patronized and pleasant chicken social at the town hall, Tuesday night.

The cold weather has prevented farmers doing their usual amount of fall plowing besides catching much corn and stalks out.

Hog cholera continues to take off many porkers in this vicinity, some losing a part and others all they had.

The Epworth League of the M. E. church held a reception at their church Wednesday night of last week for the young people of the other churches, which was well attended and all had a good time.

The markets have been active this week but generally weak and inclined downward. Red wheat stands at 91 cents and white at 90; rye, 86; barley, dull and nominal at \$1 to \$1.10 per hundred; oats, 80 cts.; beans, \$1 to \$1.30; clover seed, \$4.50 for prime; live hogs, 3 cts. per hundred; cattle, 2 to 3 cts.; turkeys, 9 cts.; chickens, 6 cts.; ducks and geese, 6 cts.; butter, 22 cts.; eggs, 20 cts.; potatoes, 30 cts.; onions, 60 cts.; apples, 35 cts. per barrel.

A Safe Investment.

Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon.

Trial bottles free at Eberbach & Son's, Ann Arbor; and Geo. Haussler's Manchester, drugstores.

My Head Was Fairly Rotten.

And how much I suffered it is hard to describe. That loathsome disease, catarrh, caused the above, and the doctors said they could not relieve me. I paid hundreds of dollars for which I received no benefit. I got more good from two bottles of Sulphur Bitters than from all the money I paid to doctors. I shall continue the Sulphur Bitters, as I have great faith that they will cure me. S. M. Day, 41 Hanover street, Boston.

Scio.
[Crowded out last week.]

Miss Eva Holmes has been visiting friends in Chelsea.

Miss Vina Johnson spent Friday and Saturday in Ypsilanti.

J. H. Cunningham is moving his barn on B. street to more convenient quarters.

Miss Ella M. Nixon resumed her place as teacher in the Scio school, last Monday.

Miss Nina Worth, of Spring Arbor, is to spend the winter with her uncle and aunt, Mr. and Mrs. Charles Smith.

Mrs. F. Litchfield accidentally fell down cellar through a trap-door, Saturday evening, and was seriously injured about the head.

Remarkable Facts.

Heart disease is usually supposed to be incurable, but when properly treated a large proportion of cases can be cured. Thus Mrs. Elmira Hatch, of Ekhart, Ind., and Mrs. Mary L. Baker, of Ovid, Mich., were cured after suffering 20 years. S. C. Limburger, druggist at San Jose, Ill., says that Dr. Miles' New Heart Cure, which cured the former, "worked wonders for his wife." Levi Logan, of Buchanan, Mich., who had heart disease for thirty years, says two bottles made him "feel like a new man." Dr. Miles' New Heart Cure is sold and guaranteed by Eberbach & Son. Book of wonderful testimonials free.

Mr. Fellows—Mr. Whitehead, what makes you so despondent, this evening?

Mr. Whitehead—Well, Fellows, the fact is, I'm in trouble. I've been contesting my wife's will.

Mr. F.—Your wife's will! Why, I didn't know your wife was dead.

Mr. W.—Dead, no, by Jove. That's what makes the contest so hard.

Drunkness, or the Liquor Habit, Positively Cured By Administering Dr. Heines' Golden Specific.

It is manufactured as a powder, which can be given in a glass of beer, a cup of coffee or tea, or in food, without the knowledge of the patient. It is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases and in every instance a perfect cure has followed. It never fails. The system once impregnated with the Specific, it becomes an utter impossibility for the liquor appetite to exist. Cures guaranteed. 48 page book of particulars free. Roll called, present Messrs. Keech and McIntyre.
Minutes of previous meeting read and approved.
By Mr. Keech.
Whereas, owing to the necessity of reducing expenses on the street fund to absolute needs of streets and crosswalks, and believing for the present the services of city engineer can be dispensed with, therefore,
Resolved, That the city clerk notify the city engineer that his services will not be needed after Dec. 1st, 1891.
Which motion prevailed by a yeas and nays vote as follows:
Yeas—Messrs. Keech and McIntyre—2.
Nays—None.
On motion the board adjourned.

Merit Wins.
We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Eberbach & Son, Ann Arbor; Geo. Haussler, Manchester, druggists.

The Seats in the New Hospital.

The seats in the amphitheater of the new hospital are a bugbear to the building. The seats are nothing more than common benches, and three hundred have been crowded into a space only large enough for one hundred and fifty. The result is that the seats have been made only nine inches wide and less than twenty inches from the back of one seat to the back of the seat in front. The backs of the seats have scarcely any incline, so that the student is obliged to sit erect on a nine-inch board with only eleven inches in front for his feet and knees, with no arms to rest on and very little room for shifting his position. After a senior medic has remained on those seats for four hours and a half, as he is usually obliged to, besides the three hours in the morning at the Medical building, his ambition to bone for three or four hours in the evening will be paralyzed. We would suggest and strongly urge that the present seats be removed at the earliest opportunity and that some form of opera chair replace them, such as are used in the clinical amphitheatres in the eastern hospitals. There are never one hundred and fifty students at a clinic and one hundred and seventy-five chairs would seat it comfortably and more than supply the needs.—U. of M. Daily.

A National Event.

The holding of the World's Fair in a city scarcely fifty years old will be a remarkable event, but whether it will really benefit this nation as much as the discovery of the Restorative Nerve by Dr. Franklin Miles is doubtful. This is just what the American people need to cure their excessive nervousness, dyspepsia, headache, dizziness, sleeplessness, neuralgia, nervous debility, dullness, confusion of mind, etc. It acts like a charm. Trial bottles and fine book on "Nervous and Heart Diseases," with unqualified testimonials, free at Eberbach & Son's drug store. It is warranted to contain no opium, morphine or dangerous drugs.

"I think she is a two-faced creature," said one of the girls indignantly, "ho, no," returned Miss Cordial, "if she had two faces she would never use this one."

THE SOMA PLANT. In the Aryan religion the gods was the fomented juice of the Soma or Moon plant, which being a strong drink, gave new excitement to those who partook of it, and was believed to impart power to the gods. It was believed, moreover that it wrought miracles, and for this reason, perhaps, it afterwards became the chief god of the Hindus. In a vedic hymn the worshiper says:

"We've quaffed the Soma bright, And are immortal grown; We've entered into light, And all the gods have known. What mortal now can harm, Or foeman vex us more? Through thee beyond alarm, Immortal God! we soar."

No such power as this is attributed to any plant at the present time, and yet many of the cures performed by S. S. S., a purely vegetable remedy, seem almost to border on the miraculous. In contagious blood poison, scrofula, skin diseases, some forms of cancer, etc., it is the remedy par excellence.

THE Springfield Republican FOR 1892.

AN INDEPENDENT, COMPLETE AND ABLE NEWSPAPER.

THE REPRESENTATIVE JOURNAL OF NEW ENGLAND.

Established in 1824 by Samuel Bowles.

Published DAILY, SUNDAY and WEEKLY.

THE SPRINGFIELD REPUBLICAN is emphatically a newspaper for the people. It publishes all the news that is news in the broadest and highest sense, unaffected by partisan or personal prejudice. It is enterprising, alert and intelligent in the performance of its duties to the public. It has its own decided opinions on public questions, and these opinions are expressed with vigor and ability, but they are not allowed to color its news columns. THE REPUBLICAN is a thoroughly fair journal. Members of all parties who desire to keep in formed of the important political events and discussions of the presidential campaign of 1892, should subscribe for THE REPUBLICAN.

THE DAILY REPUBLICAN

Was started in 1844, and is the oldest daily paper in the state outside of Boston. It has always kept abreast of the times, and has been quick to avail itself of the best modern appliances for the enlargement and improvement of its news service. It is now regularly an eight-page sheet with seven wide columns to the page, and supplemental pages are frequently added as the demands of news or advertising require. It covers the news of the world with discriminating care and thoroughness. New England happenings and interests receive special attention and liberal space, and a large force of special reporters and correspondents are constantly employed in gathering the local news of Western Massachusetts and the neighboring counties of Connecticut, Vermont and New Hampshire for its readers. Its editorial page is broad in range, independent, elevating, and interesting in quality. Its literary department is of a remarkably high order. Its political correspondence is furnished by independent, well-informed and capable writers. It publishes, moreover, a great variety of interesting and valuable general correspondence and selections.

THE SUNDAY REPUBLICAN

Was first published in 1878 in response to a real public demand in Western Massachusetts for a first-class, high-toned Sunday newspaper. Since that time it has been constantly improved and it has been twice enlarged. Fully four-fifths of its 56 columns of space is devoted to reading matter of a high order, embracing news, special correspondence, a full page of editorial matter, a department of books, authors and art, a first-rate weekly story and a weekly sermon, sporting and theatrical news and notes, special articles, original and selected poetry, etc. THE SUNDAY REPUBLICAN is a thoroughly wholesome, excellent and interesting journal, well adapted to the tastes and wants of the intelligent New England public.

THE WEEKLY REPUBLICAN

Is now more than 67 years old, but age only improves its quality. It continues to be what it has long been, a remarkably faithful and comprehensive record of American life. Its weekly review of the news is very carefully compiled, and its 12 broad pages contain in addition to the news, a wonderfully rich collection of valuable and entertaining reading matter. All the best features of THE DAILY and SUNDAY REPUBLICAN are reproduced in THE WEEKLY in full or but slightly abridged, and arranged with admirable skill and intelligence for the convenience and pleasure of the reader. The result is a weekly news and family journal which far exceeds in interest and worth any similar publication in the United States. It is a paper that New Englanders at home and abroad will find of special value, and which Americans everywhere can appreciate and enjoy.

SUBSCRIPTION RATES.

DAILY: 70 cents a month, \$2 a quarter, \$8 a year.

SUNDAY: 50 cents a quarter, \$2 a year.

WEEKLY: 50 cents for six months, \$1 a year. All subscriptions are payable strictly in advance. Specimen copies free.

FREE FOR ONE MONTH.

The Weekly Republican, a 12-page paper, will be sent free for one month to any one who wishes to try it. New subscribers to The Weekly for 1892 can have the paper free for the balance of 1891.

NEVER A FAILURE.

The Red River Valley of Minnesota and North Dakota has never had a failure of crops.

It produced 30,000,000 bushels of wheat besides other cereals in 1890.

Farms can be had on the crop plan, or long time cash payments.

It is not an uncommon thing to pay for a farm from the proceeds of one crop.

It has all of the advantages of an old country in the shape of school, church, market, postal & railway facilities and all the chances of a new country in the way of cheap lands, rich soil, and increase in values.

It is one of the most fertile and promising regions in America not yet fully occupied.

In the rush to the far west, however, this rich valley has been over-looked.

It has room for a million more people.

The School of Applied Ethics.

In this article we give a brief sketch of the School of Applied Ethics and Prof. Henry C. Adams' work in connection with it.

The following, taken from the secretary's report, describes the origin and purposes of the institution: "The School of Applied Ethics held its first session at Plymouth, Mass., from July 1 to August 12, 1891. This was an experimental undertaking, and the first step towards the carrying out of a large and important educational project, the founding of a fully-equipped School of Applied Ethics in connection with some large university. It is proposed, not to found another school similar to and as a rival of any schools already existing, but to meet a real educational need by furnishing systematic instruction in a field of investigation not especially provided for in established institutions.

The experiment of last summer proved so successful that it has been decided to hold a similar session another year at the same time and place, and the managers hope that not only the summer school, but also the permanent school referred to will be successfully established, and occupy in time an important place among educational institutions.

The proposition to establish a School of Applied Ethics, either independently or in connection with some large university, has been under discussion for several years. Attention was first called to the need of such a school, in a public address in Boston, by Professor Felix Adler, during the May anniversary week of 1879. The project was afterwards discussed in the Index and other papers; but the plans were still too indefinite and public interest was not sufficiently awakened to the importance of the undertaking.

The subject was next brought to public notice, and in a more definite shape at the third convention of the Ethical Societies, held in Philadelphia, January, 1889. It was the topic of a special meeting, and addresses were made by Professor Adler, Mr. Thomas Davidson, Professor Royce, Rev. Wm. J. Potter, and others. Numerous letters endorsing the proposed school were received from distinguished representatives of different professions in various parts of the country. At the next convention of the Ethical Societies, held in New York, December, 1890, the project was again brought forward and endorsed at a public meeting by President E. Benj. Andrews, Rev. Lyman Abbott, Professor Daniel G. Brinton, Rev. R. Heber Newton, Dr. A. S. Isaacs, and Professor Adler. Definite action towards the realization of the project was taken in the following resolution, passed by the convention:

Resolved, That the Executive Committee be empowered to raise \$4,000 to establish a Summer School of Ethics for one year, and to hand over its management to a committee of nine, three of whom shall be lecturers of the Ethical Societies.

In consequence of this resolution a committee was appointed, which met in New York, March 2, 1891. There were present Professor H. C. Adams, of the University of Michigan, Professor C. H. Toy, of Harvard University, Professor Felix Adler, of New York, President E. Benj. Andrews, of Brown University, Professor Morris Jastrow, Jr., of the University of Pennsylvania, and Mr. S. Burns Weston, of Philadelphia. The trust implied by the above resolution was accepted by the committee, and plans were presented and adopted for a summer session of six weeks with the three departments of Economics, History of Religions, and Ethics. Professor Henry C. Adams was made director of the department of Economics, Professor C. H. Toy, of History of Religions, and Professor Felix Adler, of Ethics proper. It was decided that the office of Dean should be filled in rotation by the heads of the departments in the order given, and Professor Adams became Dean of the school for the first year.

The first session opened July 1, at Lyceum Hall, Plymouth, Mass., with public addresses by Professors Adams, Toy, and Adler on the work to be done in their respective

branches. The regular daily lectures began Thursday, July 2, with a good attendance.

In the department of economics the main course consisted of a series of sixteen lectures by Professor Adams, on the History of Industrial Society and Economic Doctrine in England and America, in which special attention was given to the gradual rise of those practical problems in the labor world, which cause so much anxiety and discussion today. The subjects of the lectures in this course were as follows:

The Modern Social Movement, and the True Method of Study. The Manor considered as the Unit of Agricultural Industry in Feudal Times. The Town considered as the Unit of Manufacturing Industry in Feudal Times. The Black Death and Tyler's Rebellion considered in their Industrial Consequences. The Times of Henry VIII and Elizabeth considered as foreshadowing Modern Ideas of Capital. The Spirit of Nationalism as expressed in Industrial Legislation of the Seventeenth and Eighteenth Centuries. Liberal Writers of the Eighteenth Century, considered with Especial Reference to the Industrial Liberalism of Adam Smith. Industrial and Social Results of the Development of Textile Machinery. Critical Analysis of the Effect of Machinery on Wages. Industrial and Social Results of the Development of Steam Navigation. Mill's Political Economy, considered as the most Perfect Expression of the Industrial Ideas of the Middle Classes. Changes in Economic Ideas since Mill; (a) Fundamental Economic Conceptions, (b) Relation of Government to Industries. Trades-Unions considered as the Workingman's Solution of the Labor Question. Public Commissions considered as a Conservative Solution of the Monopoly Question. An Interpretation of the Social Movement of Our Time.

The following, clipped from the article by Rev. W. H. Johnson in the Christian Register, shows that Prof. Adams sustained his well-merited reputation as a political economist of the first rank:

"The chief interest of the school seems to have centered in the Department of Economics, testifying to the growing appreciation of the profoundly vital manner in which the great social topics of the times touch us all. Here were numbers of people gathered together who had become tired of the cure-alls offered by narrow-minded enthusiasts, not less than heart-sick of the social wrongs and miseries which bring this class into existence, and intensely anxious for some teaching which would point out clear landmarks. Only the existence of this feeling of earnest longing for some measure of authoritative exposition can account for the enthusiasm which has attended the economic course. In Prof. Adams, this department has had for its director and chief expositor a master mind. Apart from the interest of the subject, it would be impossible to listen without keen satisfaction to his rigid analysis and lucid explanations of a subject which is, for the most of us, wrapped in 'chaos and perpetual night.' Prof. Adams' final lecture, summing up the economic teaching of the school during the six weeks' course, was one of rare merit. He was at once overwhelmed with requests for its publication, to which he has consented."—U. of M. Daily.

CHEATING IN HORSE BLANKETS

Nearly every pattern of Horse Blanket is imitated in color and style. ADDITIONAL LOCAL.

The Courier has replaced one of their old boilers which has been in constant use for about 25 years, with a large 200-horse marine boiler, made at Port Huron. It was necessary to take out the north wall of the boiler room to place the boiler in position.

John Woolcott, of Strathroy, Ont., came here a short time ago to visit his daughter, Mrs. V. Armstrong, of the fourth ward. On Saturday he died from an attack of pneumonia. The deceased was 68 years of age. His remains were taken to Longwood, Ont., for burial.

Fraternity lodge, F. and A. M., will go by special train to Detroit, next Tuesday, to visit Oriental lodge, of that city. The special train will leave the Michigan Central at 5 p. m., returning leaving Detroit at midnight. The fare will be but 75 cents for the round trip.

The Railroad Commissioner has ordered gates placed at the railway crossings at Howell. 'Tis singular that when so many smaller places can obtain protection of this kind, yet Ann Arbor cannot get it. Every crossing in this city should be protected by a gate, and a gatekeeper should be in attendance at each both day and night.

Mrs. Mary A. Livermore will give a lecture before the Unity club on Saturday evening, next, Dec. 5, at 8 o'clock, in the Unitarian church. Her subject is "Columbus and the Discovery of America." On the following Monday evening, Dec. 7, Judge Harrison will read a paper on "Marcus Aurelius," which will occupy a part of the evening, the rest being devoted to a short drama.

An old friend in a new dress, and an article that has come to be one of the indispensables of an editor's desk, comes to hand in the Columbia Daily Calendar for 1892. The Calendar is in the form of a pad containing 367 leaves, each 5-1/8 by 2-5/8 inches; one for each day of the year, to be removed daily, and one for the entire year. The day of the week, of the month, and of the year are given and each slip bears a short paragraph pertaining to cycling or some kindred subject. At the bottom of each leaf is a blank for memoranda, each leaf being accessible at any time. The stand is an entirely new departure, being made of sheet metal finished in ivory black, and is very compact.

The lecture of Col. Larned before the Unity Club, last Monday evening, was given to a large audience of interested hearers. His personal reminiscences of Washington, in the days of Clay, Calhoun and Webster, some fifty years ago, were full of entertainment and instruction. Col. Larned having mingled with these great men and others of that period, was well prepared to entertain his audience.

Conrad Bessinger, of the second ward, is one of the oldest, if not the oldest inhabitants of the county. He will be 90 years of age in February, and is as bright and active as many men of 60. He came to this country in 1825, taking up a farm in Seio from the government three years later. Since that time Mr. Bessinger has made his home within Washtenaw county, until 1870 in Seio and since that time in this city.

A prominent German who stood around the treasurer's office for some time yesterday and heard the continuous "kicking" by taxpayers, wisely remarked: "Those fellows who always want more electric lights, more fire hydrants, new bridges, and other improvements during the rest of the year, are the ones who 'kick' the hardest because their taxes are fifty cents or a dollar higher." There is a good deal of truth in these remarks.

The manufacturer of a patent coffee roaster has written to a prominent business man here, signifying his intention of moving his factory to this city. He now supplies many of the large wholesale houses throughout the country with roasters, besides supplying them for family use, but wishes to enlarge his business and interest more capital in the business. The Business Men's Association will be asked to investigate.

The local council of the National Union, last Tuesday evening elected the following officers for the ensuing year: Ex-president Dr. F. G. Novy; president, Prof. T. C. Trueblood; vice-president, S. W. Beakes; speaker, Louis P. Hall; secretary, John Baumgardner; financial secretary, John B. Dowdigan; treasurer, W. R. Price; chaplain, Dr. J. C. Wood; usher, D. F. Schaller; sergeant at arms, M. Staebler; doorkeeper, C. W. Wagner; trustees, M. Staebler, Geo. Haller and S. W. Beakes; medical examiner, Dr. J. C. McLachlan. The members expressed themselves as highly pleased with the order as an insurance society and encouraging reports as to its standing in the country and prosperity were made. The admission fee was reduced to \$5.00. The assessments have been very light.

The December term of the circuit court commences next Monday, the jury being called for the following day. There are 83 cases on the term docket, divided as follows: Criminal, 9; issues of fact, 46; imparlance, 2; issues of law, 1; chancery, 1st class, 9; chancery, 2nd class, 1; chancery, 4th class, 15. The criminal cases are for the following offenses: Violation of liquor laws, 1; forgery, 3; assault with intent to do great bodily harm, 1; rape, 2; embezzlement, 1; killing birds, 1. There are six cases for divorce, one for bastardy, and nine in which injunctions are asked.

A large audience, including fifty "King's Daughters," from the different organizations in the city, assembled in the Unitarian church, last Sunday morning to hear Rev. Mr. Sunderland's sermon, on "The Door of New Opportunity Open to Educated Young Women." Miss Minnie Walton read a short paper giving an account of the history, aims, and work of the order, which has now more than 140,000 members. Miss Annie Briggs read a poem. The church was beautifully decorated. On the wall, in silver letters, was the motto of the order, "In His Name."

The State Military Board has enlisted four new companies to the state troops and instead of assigning these to the regiments already formed, the board has reorganized the troops into five eight-company regiments. By this change the Ypsilanti company is taken from the Fourth and put in the First regiment, a place it naturally belongs in and formerly had. The Muskegon company is taken from the First and put in the new regiment, the Fifth. The First regiment is now composed of the following companies: Ann Arbor, Adrian, Tecumseh, Jackson Guards, Lansing, Mason, Ypsilanti, and Emmet Rifles of Jackson.

Last week a society of unusual interest was organized among the young men of this city, called the "Ann Arbor Whisker Club," the charter members being J. D. Ryan, T. D. Kearney, Dr. G. A. Wilder, J. E. Duffy, J. V. Sheehan, J. J. Quarry and Fred McOmber. The organization was really a boycott on the barbers and any member who shaved from Dec. 1st to March 1st was subject to a fine of \$10. Although the organization started with fine prospects, it lasted but a day, the barbers threatening a counter-boycott against the members and two of them were shaved before the evening of the 1st.

The annual meeting of the Brotherhood of St. Andrews was held in Harris hall, Monday evening, with a large attendance of members. The following officers were elected for the ensuing year: Director, Geo. H. Pond; secretary, M. Duke; treasurer, George H. Snow. Encouraging reports were made of work done and a disposition manifested towards renewed efforts to increase the efficiency of the chapter here and to cause it to do its full share of the work which is making the Episcopal church throughout the country.

Arrangements are being made by the medical faculty for formal dedicatory exercises at the opening of the new hospital. It is expected that Gov. Winans will be present and make a presentation speech on behalf of the state, and that Bishop Gillispie, of the western diocese of Michigan, will represent the state board of charities. Addresses will be made by President Angell, Mayor Doty and Dr. Vaughan, dean of the faculty. The date of the opening has not yet been set.
