## WRECK AT JACKSON.

Twenty-Eight Killed And Many Badly Wounded.

EASTERN EXCURSION TRAIN TELESOPED.

Talking to New York City.—Our Country Solons Here.—Burning Leaves. A Street Railway Accident.

Railroad Wreck at Jackson.

A terrible wreck occurred on the Michigan Central at Jackson this morning, in which twenty-eight persons lost their lives and many were injured. The trains in the wreck were excursion trains of the Delaware and Lackawana which was running in two sections; and the killed and wounded were consequently all eastern people. At the Michigan Central office here intelligence of the wreck was denied.

The forward section had stopped at the depot for breakfast. The rear section came up at a good rate of speed and the engineer seeing that an accident was imminent, tried in vain to apply the air brakes which were out of order.

The track was down grade. He whistled for brakes, but his train went crashing into the forward section. Just before the crash came he jumped breaking his leg. The two rear cars of the forward section were completely telescoped, so that there was not six inches between the front and rear of the cars. The engine, baggage car and one passenger car of the rear section were thrown from the track.

The accident happened at about nine o'clock, the scene of the accident being about three hundred feet from the Central depot in Jackson. Many of the passengers were out getting breakfast. The number of killed is not definitely known, but a prominent railway man in Jackson put it at 28. It is the worst wreck that ever happened on this end of the Michigan Central line.

The trains were going west on their way to the World's Fair.

Broke His Hip.

M. M. Burgess, who lives east of Milan, broke his hip while getting off the street car, on Main street, Tuesday evening. He wished to take the train at the Toledo depot, but did not signal the street car to stop, and after he had passed the crossing jumped from the car. He fell in a heap. The car was stopped and he was picked up and carried into Dr. Kapp's, when it was found that he had broken his hip. Mr. Burgess had been suffering with paralysis, and did not have the best control of his limbs. He said right after the accident that no one was to blame for it but himself.

Washtenaw's Lead in Sheep.

In the Michigan awards at the World's Fair, Tuesday, Washtenaw county stands well up in the list, coming in for all the Michigan awards on sheep. W. E. Boyden, of Webster, gets the first award on merino ewes, three years old or over; while A. A. Wood, of Saline, gets the third award in the same class. For a Merino ewe two years old, A. A. Wood also gets third place. He also took the fourth prize for ram under one year of age. Henry Burns, of Saline, got the sixth award for Merino ram of one year old and under two. Washtenaw is still a sheep center.

Talking to New York City.

The long distance telephone at last connects Ann Arbor with the outer world. Yesterday afternoon it was formally opened in this city and a number of citizens including representatives of all the local press were present. Conversations were held with gentlemen in Chicago, New York city, Port Huron, Cleveland and also points in Pennsylvania. Chicago can be heard much more distinctly over the long distance wire than can conversations in this city over the phone. The tones of the wire are distinct and every inflection can be heard. It is a great advance over the old telephone system. The system was completed to Detroit in February last.

Death of Mrs. Clements.

Mrs. James Clements died suddenly at 8:30 o'clock Sunday morning in a congestive chill. She passed a pleasant social evening with her friends the night previous and her death came as a great shock to her friends. She was well and most favorable known in this city where she had lived for many years moving in the highest social circles. The funeral services were held Tuesday afternoon at the residence on State street, and were conducted by Rev. Mr. Tatlock. The honorary pall bearers were ex-Governor Felch, Judge Cooley, Judge Kinne, Philip Bach, Edward Treadwell, President Angell, E. B. Pond and Prof. dePont. Mrs. Clement left a husband and five children, Miss Mary Clements of this city, Mrs. Ida Wheat, of Leavenworth, Kansas, Henry and William, of Bay City, and James Jr., of Queensland.

Look out in Burning Leaves.

The ordinance against burning leaves will be enforced. The ordinance prohibits the burning of leaves in this city except between the hours of 6 a. m. and 12 noon. The first arrest under the ordinance was made Tuesday, when George Merringer was taken before Justice Bennett, for burning leaves in front of George Wahr's. As he pleaded ignorance of the ordinance and as it was the first arrest under it, he was let off with the payment of \$2.40 costs. The ordinance is one that should be most vigorously enforced. The air of the city is made too foul to breathe all day long by the innumerable bonfires going in every direction. Six hours a day gives ample time in which to burn all the leaves, if they must be burned. The rest of the day the people should be allowed to breathe fresh air.

The Board of Supervisors.

The board of supervisors is in session this week. All of the supervisors answered to their names Monday. Supervisor Edwards, of Ypsilanti, was elected chairman pro tem. Supervisor Thomas Young, of Lyndon, was unanimously elected chairman of the board. On Tuesday the following standing committees were appointed:

Equalization—Osborne, Hunter, Sage, Oesterlin and Hall.  
Criminal Claims, No. 1—Duncan, Case and Dancer.  
Criminal Claims, No. 2—Davenport Wheeler and Braun.  
Civil Claims—McQuillan, Gilbert and Forsyth.  
To Settle with County Officers—Watkins, Miner and Speechley.  
On Salaries of County Officers—Jede, Scott and Walter.  
On Apportionment of State and County Taxes—Davenport, Gilbert and McQuillan.  
On Public Buildings—DePuy, Edwards and Shannon.  
On Rejected Taxes—Alber, Pond and Jede.  
To Examine Accounts of Supt. of Poor—Gill, Scott and Bibbins.  
On Finance—Braun, Speechley and Oesterlin.  
On Fractional School Districts—Osborne, Wheeler and Gill.  
On Drains—Duncan, Bibbins and DePuy.  
On Printing—Shannon, Pond and Alber.  
On Per Diem—Dancer, Edwards and Sage.

The basis of equalization was fixed at \$25,000,000, the same as last year. The board visited the county house yesterday and found everything in excellent order.

A Sensational Case from Webster.

A bill in chancery containing some very sensational features has just been filed by Lawrence & Butterfield, attorneys, with A. J. Sawyer of counsel, in the circuit court. Leonard D. Rosier, of Webster, who for thirteen years has been an inmate of the Pontiac insane asylum, charges that he was wrongfully incarcerated while sane, for the purpose of being defrauded out of his prospective inheritance. He is the son of the late George Rosier, of Webster, who died in 1890, leaving property of the value of \$22,000. The petitioner was the oldest of six children, one of whom had died leaving two children. The property, with the exception of a legacy of \$10 to the petitioner, was left to the four other children, George B., William F. and Clara D. Rosier and Mrs. Lottie Alley, and the two grand-children, Wirt and Ella Cushing. His brothers, sisters and the two grand-children are made defendants.

The petitioner sets forth that up to the time he was 31 years of age he lived with his father and did the labor of an ordinary farm hand without compensation excepting the sole necessities of life. He charges that in November, 1880, his brothers conspired with his two sisters to deprive him of his inheritance and procured his incarceration in the Pontiac Insane Asylum, where he was confined until August 25, of this year. His father died December 26, 1890, possessed of \$22,000 worth of real and personal property and leaving a will which was probated on the petition of George B. Rosier, which petition did not mention the interest in the estate of the orator in the bill just filed. The final account in

the estate was allowed in February, 1892, and a decree of assignment made distributing the real estate among the other brothers and sisters and giving him one-sixth of the personal property.

He charges that he had no notice of the proceedings of the probate court and that no guardian was appointed for him, that his two brothers were instrumental in keeping him confined and that at no time was he insane.

At the time George B. Rosier made the petition for the probate of the will Leonard charges that the said George made oath estimating the value of the personal property at \$3,000 and that the claims allowed against the estate amounted only to \$54.77 and that all the personal property that came into the hands of the executor amounted to \$294.67 and that only \$195.23 was left to be divided into one-sixth parts and that in fact all the petitioner ever received was \$10.

The petitioner further states that while he was confined in the asylum he wrote letters to his father and brothers, which were never answered, except that he had one short letter from his brother William, and that they never sent him clothing or provisions and never made any inquiries concerning him and with the exception of one visit by William, never came to see him.

On August 25, 1893, the petitioner states, that while engaged at farm work at the asylum, he escaped and walked forty miles to the home of his cousin in Hamburg. His brothers sent word to the asylum and demanded immediate pursuit. He was reconfined. His friends circulated a petition for his release which was signed by forty citizens of the neighborhood of his father's house, but the brothers and sisters refused to sign it. The petition was forwarded and he was released.

He charges that it is only since his release that he has learned of the probate proceedings, when the time to take an appeal from the decree of assignment has long expired.

He charges that his father for a long time before the will was made took morphine in large quantities for relief from a painful disease and that the children had influenced him against his oldest son. He charges that the will was not valid and asks for a temporary injunction restraining the defendants from disposing of their property until the case can be heard. Judge Kinne issued the temporary injunction asked for.

The files of the probate court show that Leonard Rosier, the petitioner above mentioned, was regularly committed to the insane asylum, as an indigent insane person on the petition of his father, George Rosier. Three physicians of this city testified that they believed him insane. His father testified that he was obliged to keep him locked in his room nights and that he was possessed of the idea that the rest of the family were intruders upon the farm, which he seemed to believe he owned.

The Hand Murder Trial.

The trial of James Clifford Hand for the murder of Jay Pulver, the night-watchman in the Hay-Todd mill at Ypsilanti, on the night of March 11, is in progress in the circuit court and is being hotly contested. Prosecuting Attorney Kearney is assisted by T. A. Bogle, and Hand is defended by Chas. R. Whitman and J. C. Knowlton. The jury was secured Monday afternoon and is as follows: A. B. Cole, Peter F. Knight, John Widemeyer, John H. Wade, William Deubel, Godfrey Grau, Emanuel Koch, F. A. Wilson, Charles Kalmbach, Horatio Burch, Clifton Green, and Frank Wheeler. They are quartered at the Cook House and are kept secluded from the public, only being allowed to read papers and letters from which all accounts of the trial have been carefully expurgated.

The prosecution finish presenting their case to the jury. The case has been well presented and the witnesses have been numerous. The case, of course, is one of purely circumstantial evidence.

Patrick Rigney, the day watchman at the mill, described the finding of the body of the murdered man. Not being able to get in the mill that morning he had entered through a window which was unfastened. He had rubbers on. He gave a graphic description of the horrible sight which met his eyes. A pair of pipe tongs were imbedded in Pulver's head. He told of nail marks found on the window sill which were produced and put in evidence, the prosecution endeavoring to show further on that these nail marks fitted Hand's boots.

James O'Connor, a painter, detailed his finding Pulver's body, while Rigney had gone for help. He described Hand's actions on the morning after the murder.

Joseph Soper, the superintendent of the mill, testified that Hand was familiar with every part of the mill. His business had been to watch the automatic system of fire protection in the mill. He described the fresh tracks on the water table on the morning of the murder. He testified that the piece of yarn picked from Hand's overcoat on the morning after the murder, the overcoat being the one Hand had worn the night previous, was the kind used in the Hay-Todd mill and no where else in Ypsilanti. It had not come from any manufactured garment as its texture would have been different.

Dr. F. K. Owen supplied the links which led to the placing of Hand's trousers and the tongs into the hands of Dr. Heneage Gibbs. He said Hand on Sunday morning looked as if he had been drunk all night. He looked pale and haggard.

H. B. Adams, the secretary of the company, testified to Hand being discharged by the company for drunkenness. He had asked Adams to reinstate him but Adams told him he would not have any chance unless some machinery that others could not fix got out of repair.

Undertaker Brown testified as to the condition of Pulver's body and J. B. Colvin testified to discharging Hand.

Charles Morgan testified to hearing Hand make threats against the company. Charles Russell and Samuel Champlin corroborated this testimony. Zina Buck also corroborated this. He was the officer who arrested Hand and was present when the bloody pants were changed. Hand said he could not explain the marks on the pants. He said they were the pants he wore the night before.

Miss Anna Keegan testified that on the Friday before the murder Hand said if he went back to the mill he would get better wages. Wait until the fire extinguishers get out of order and they would pay him well. Mrs. Pauline White, who lived with Miss Keegan, testified to the same thing.

Mrs. Anna Gilbert testified to Hand's actions on the day after the murder.

William Henninger, a bar-tender, testified that Hand drank seven or eight glasses of beer and left Nick Max's saloon about 10:15 o'clock.

R. Hayton testified that he heard dogs barking about the mill about 10:30 o'clock.

Mrs. J. Pulver and Allen Pulver also gave in some testimony. Benjamin Pulver passed the mill at nine o'clock and saw lights in the knitting room.

J. B. Colvin, vice-president of the company, said Hand had charge of the water system and nobody else knew anything about the system.

James Eaton thought the marks on the window sill had been made within twenty-four hours of the time he saw them, the day after the murder. Hand's boots fitted the marks on the window sill and the marks on the table.

Deputy-sheriff Peterson testified that Hand said he didn't know what the marks on his pants were. Afterwards he said they might be paint. The next day he told the sheriff that he had helped somebody butcher a day or two before. Hand told him that he was at home at nine o'clock on the night of the murder. Mrs. Hand told him that Hand got home at nine o'clock the night of the murder. Afterwards she said it was half-past nine. Hand's overcoat had red spots on. His wife said she guessed they were paint stains.

Dr. Heneage Gibbs testified that there was blood and brains on Hand's pants. He could not swear positively that it was human blood and brains. The brain substance on the pants and on the tongs were identical. He had examined them with the microscope. The blood had saturated the pants. If a calf's head were cut off, brain substance would not be gotten upon the pants.

Dr. Gibbs will resume his testimony this morning and the opening for the defense will be made. The case may go to the jury this week, but it is likely to be prolonged into next week. Meantime the jury are enjoying comfortable quarters at the Cook House, though they will be denied the privilege of reading this article in the Argus.

The Methodists of Clinton propose to have evangelistic meetings soon.

Chelsea and Dexter papers are booming lecture courses for those villages.

The excursion to the World's Fair last week took on 108 passengers at Ypsilanti.

The onion and celery crop around South Lyon has been badly damaged by frosts.

Griffin Carpenter, of South Lyon, has had his pockets picked of \$80 at the World's Fair.

Eleven sheep belonging to Lloyd Conklin, of Bridgewater, were killed by dogs recently.

M. Bell, of Dexter township, has a thirteen pound boy, who has just arrived at his house.

Twenty Ypsilantians started for the World's Fair, Sunday night, to be on hand for Chicago day.

Frank Dwelle, of Grass Lake, raised forty acres of cucumbers this year, solely for their seed, which he sold to D. M. Ferry & Co.

The store of George Ehns in Saline was robbed on Wednesday evening of last week of an overcoat, a revolver and some tobacco.

Solomon C. Barber, who lived three miles south-east of Grass Lake, died October 3, aged eighty-two years. He was a pioneer of the state.

Thomas Clark and Miss Ella Logan both of Manchester, were married October 4 at the residence of the bride's father, Erasmus Logan by Rev. R. L. Cope.

A good many cats are being dropped on the roads in Ypsilanti town. If people knew where they were wanted, they would ship them to the Grass Lake News.

The Grass Lake News is just fifteen years old, numbering its age in years, but numbering it in experience it must be well over a hundred. What the News doesn't know isn't worth knowing. It is a most vigorous youngster. Long may it live to the great delight of its readers.

The grain elevator of J. E. Just & Co., in South Lyon, was burned last week with a loss of \$7,500, nearly covered by insurance. The elevator contained 2,500 bushels of beans, 500 bushels of wheat, 100 barrels of flour and corn, oats and feed. A new elevator will be built.

Daniel Weienstett, of Saline, who died at his home September 30, was one of the pioneers of the county. He was born in Berne, Switzerland, August 11, 1805, and came to Saline in 1834. He was married in 1838 and leaves two daughters. For a number of years he worked at his trade, that of shoemaking, in Saline.

Again were they successful, and again the Saline Jerseys scoop the platter. As will be remembered, last week J. F. Avery with eleven head of his famous herd attended the fair at Adrian, where a strong competition was found. In cattle as in everything else, numbers do not count for quality, and when the able judges cast an eye of inspection over the various herds, six blue ribbons and one red one, indicating six first and one second premium, were given Mr. Avery for his well bred and fine show of perfect stock. This week he is at Hillsdale, where he will doubtless capture another fine list of premiums, besides the advertisement which to a breeder is worth a great deal.—Saline Observer.

When the hair begins to come out in coming, it shows a weakness of the scalp that calls for immediate attention. The best preparation to arrest further loss of hair and restore the scalp to a healthy condition is Ayer's Hair Vigor.

## A Strange Freak.

The wife of our esteemed citizen, Mr. John Rowell, while suffering under the severe tuck of the blues, tried to commit the crime of infanticide, but was prevented by the opportune arrival of a neighbor. Her case has been considered by the best doctors incurable, but her husband was highly pleased, after using a course of Sulphur Bitters, to find that she was entirely cured.—Kingston Herald.

Saved—the life that is fighting against Consumption. Only—not promptly. Put it off, and nothing can save you. But, if taken in time, Dr. Pierce's Golden Medical Discovery will certainly cure.

It must be done through the blood—and the "Discovery" is the most potent blood-cleanser, strength-restorer, and flesh-builder that's known to medical science. The scrofulous affection of the lungs that's called Consumption, and every form of Scrofula and blood-taints, all yield to it. For Weak Lungs, Spitting of Blood, Bronchitis, Asthma, and all severe, lingering coughs, it's an unequalled remedy. It's the only one that's guaranteed. If it doesn't benefit or cure, in every case, you have your money back.

Can anything else, at any price, be really as cheap?

You pay only for value received. Something else, that pays the dealer better, may be offered as "just as good." Perhaps it is, for him, but it can't be, for you.

Wood for timber racks requires at least five years' seasoning; that is to say, it requires to be kept for five years in the rough timber state before being cut up for use. Wood for pianos is kept, as a rule, for forty years before it is considered sufficiently in condition to be used.

Removal.

We take pleasure in announcing that after this date Park's Sure Cure will remove all traces of Rheumatism, Kidney trouble or Liver complaint from the user. It is to-day the only medicine that is guaranteed to cure these diseases or no pay. Park's Sure Cure is sold by Eberbach Drug and Chemical Co.

There is a little town named Markneukirchen, in Saxony, where nearly every inhabitant is engaged in the manufacture of violins.

**SURROUNDED BY MYSTERY!**

**A Great Mistake.**

A recent discovery is that headache, dizziness, dullness, confusion of the mind, etc., are due to derangement of the nerve centers which supply the brain with nerve force; that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the derangement of the nerve centers supplying these organs with nerve fluid or force. This is likewise true of many diseases of the heart and lungs. The nerve system is like a telegraph system, as will be seen by the accompanying cut. The little white lines are the nerves which convey the nerve force from the nerve centers to every part of the body, just as the electric current is conveyed along the telegraph wires to every station, large or small. Ordinary physicians fail to regard this fact, instead of treating the nerve centers, they treat the part affected.

Franklin Miles, M. D., LL. B., the highly celebrated specialist and student of nervous diseases, and author of many noted treatises on the latter subject, long since realized the truth of the first statement, and his Restorative Nerve is prepared on that principle. Its success in curing all diseases arising from derangement of the nervous system is wonderful, as the thousands of unsolicited testimonials in possession of the company manufacturing the remedy amply prove.

Dr. Miles' Restorative Nerve is a reliable remedy for all nervous diseases, such as headache, nervous debility, prostration, sleeplessness, dizziness, hysteria, sexual debility, St. Vitus dance, epilepsy, etc. It is sold by all druggists on a positive guarantee, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, six bottles for \$5, express prepaid.

Restorative Nerve positively contains no opiates or dangerous drugs.

Sold by Druggists Everywhere.

OFFICIAL PAPER OF THE CITY.

Entered at the Post-Office, in Ann Arbor, Mich., as second-class matter.

FRIDAY, OCTOBER 13, 1893.

It is not a remarkable fact that the papers of large circulation in this country are democratic papers? In nearly every section of the country, the democratic press is in the lead in circulation.

The Ann Arbor Register had a candidate for mayor last spring. It worked for him in season and out of season. He was elected, probably not by the Register's exertions, but that paper took the whole credit of it. The months have rolled around and now the Register expresses itself as if not satisfied with the mayor it worked so hard to elect. This shows the opinion it has of its own foresight.

The Detroit democracy have made must excellent nominations this year and deserve to win a big victory. Levi T. Griffin will take high rank at once in Congress and Marshall P. Godfrey will, if elected, give Detroit one of the best business administrations it ever had. It will no longer be necessary to sell her bonds at less than par, as has been done this week. Mayor Pingree has made a spectacular mayor. He has started more visionary schemes than any man who was ever elected mayor of any city. Like all visionary schemes, they have appeared well on paper, but none have been pushed to completion.

Our friends of the Courier own up to the truth when in speaking of the increased state taxes, they say, "This shows an advance of a considerable over last year, made in part by the advancement of salaries." But they strive to cover this up by adding "and in part by the extra allowance made for the World's Fair exhibit." The truth is that there was raised in this county last year for the World's Fair \$1,371.68 and this year only \$685.83, or \$686.82 less than last year. If the Courier had left off the clause referring to the World's Fair, it would have hit the nail on the head.

## THE QUEEN OF SHEBA.

Rhea comes to the Detroit next Monday. Her new play "Queen of Sheba," has passed through the experimental stage, and is believed to be one of the greatest successes of the year. A writer on theatrical topics whose utterances are generally conservative, has this to say: "Rhea is the central figure, but around her revolve lesser lights who are stars of goodly magnitude. The play is grand, the theme noble and the tone elevating. It is a daring innovation to construct a play upon a biblical subject and make it acceptable to the general public, but in this instance, with a noble love as the foundation, the author has struck the keynote of popular approval, and the result is satisfactory. From the beginning to the end the auditor is spell-bound. Rhea is superb and in the conception of her role every inch a queen. Her costumes are magnificent and striking, and in many stirring situations and climaxes her power as an actor is shown to the greatest advantage. The play is staged beautifully; the costuming is handsome; the lines breathe an atmosphere of grandeur."—Detroit Free Press, Oct. 4. At the Opera House Oct. 17th.

## "MON DIEU, MAIS IL TRES GROS."

An amusing incident occurred on the occasion of the final dress rehearsal of "The Queen of Sheba." An advertisement had been inserted in a Hartford paper for supers and some of the Trinity College seniors decided to avail themselves of the opportunity to appear in the "ranks of the philistines." One of these seniors was a man of herculean build, being considerably over six feet in height and weighing 269 pounds.

As the philistines were about to make their entrance the stage manager called a halt to speak to the musical director. At this moment the chief of the philistines stood in the door, his gigantic form blocking the way and obscuring the rest of the army, who were consequently invisible from the throne occupied by the Queen of Sheba. Rhea looked toward the army and then turned to the stage manager with an expression of puzzled appeal. The chief of the philistines was commanded to stand aside, when the others, who were only ordinary sized six footers, were revealed to the queen, who thereupon exclaimed in French with an accent of relief, "Mon Dieu, mais il est tres gros—tres gros."

## A SWITCH WAS OPEN.

IT CAUSED TWO TRAINS TO COLLIDE AT CHESANING.

The Engine, Tender, Baggage and Express Cars Thrown From the Track—The Engineer, Baggage and Express Agent Very Severely Injured.

CHESANING, Oct. 12.—The southbound express on the Michigan Central leaving Saginaw at 8 o'clock Wednesday evening, ran into a freight train at Chesaning at 9 o'clock about 30 rods north of the depot.

The engine, tender and baggage and express cars were thrown from the track and badly wrecked, the cars being piled many feet high on the track.

The engineer, baggage man and express agent were all injured, but how seriously is not known. The four passenger coaches and sleeper did not leave the track.

It is reported that a switch had been left open and the passenger train collided with the freight.

### SOMETHING OF A MYSTERY.

"Charles H. Smith From Nowhere" Visits Cadillac and Is Arrested.

CADILLAC, Oct. 10.—A stranger came here last Friday, who registered as "Charles H. Smith from Nowhere." About the first thing he did was to buy a lot of revolvers, and he acted so suspiciously that the officers arrested him Monday morning. Four revolvers, four gold watches, a pocket compass and other valuables were found on his person, while his two grips, both very heavy, were full of specie.

The police believe the man is one of the Kendallville robbers. He is about 5 feet four inches tall, weighs 185 pounds, wears good clothes, a blue coat and Stetson hat, has a long black beard of the Burnside kind, looks intelligent and is about 40 years old. He won't say a word. When the officers arrested him he tried to use one of his revolvers.

### Shooting Affair at Sebawaing.

SAGINAW, Oct. 11.—A shooting affair, with murder intended, took place in Sebawaing at 5:30 o'clock Tuesday evening. A miner, whose name is not ascertained, employed in what is known as the Chapman mine, was slightly injured while at work in the mine and resolved to quit work. He went to the house of W. T. Chappelle, manager of the mine, after his pay. For some reason Mr. Chappelle declined to pay the man, and an altercation resulted, when the miner swore he would kill Chappelle, and, drawing a pistol, fired at him. The bullet went through Mr. Chappelle's arm. The miner was disarmed and arrested.

### Floyd Haines Acquitted.

GRAND RAPIDS, Oct. 11.—Floyd Haines was acquitted in the circuit court Tuesday of making a murderous assault upon James Ahern and a scene of wild applause followed the verdict. The parties live in northern Kent. Ahern, it is said, ruined Haines' sister years ago under promise of marriage and then left the country. He returned a year ago and has frequently twitted Haines upon his sister's misfortune. At a game of base ball last summer Ahern taunted Haines in the presence of his friends and Haines having a bat in his hand hit Ahern over the head, fracturing his skull. Ahern has recovered.

### Charged With Robbing the Mails.

PORT HURON, Oct. 12.—Frank Parish, a laborer who resides in the Wheeler building on Water street, was arrested by Deputy United States Marshall E. S. Pettit and Detective Buckridge on the charge of robbing the mails, a warrant having been issued by the United States court at Detroit. Parish, it is alleged, has been handling a large number of postal orders, and is believed to be implicated with Charles Ford, who was arrested here early this summer in the act of robbing the mails, and with 500 letters on his person that had been taken out of one mail. Parish was taken to Detroit.

### Found In a Strawstack.

DETROIT, Oct. 11.—The body of an unknown man was found under a strawstack on Belle Isle near the superintendent's residence. He had apparently been dead two or three days. The deceased was about 35 years old, wore a brown suit of clothes and had a beard and mustache. He was greatly emaciated, apparently from consumption. Employees at the park have noticed him several times during the past few weeks strolling about the island. There was nothing in his pockets to tell who he was, and no marks of violence were found on the body.

### An Aged Lady Drowned.

SAGINAW, Oct. 9.—Some boys while walking along the shore of Emerson bayou, near where a number of the most aristocratic homes of the city are erected in the Washington avenue grove, discovered the body of an aged lady, Mrs. Phoebe R. Bush, mother of Mrs. W. H. Clark, who owns the mansion where the old lady has lived with her for many years. The body was found lying face downward, the head and body submerged to the waist, the feet nearly touching the bank. She was alone at home, her daughter being at the world's fair, and the presumption is she went to the bayou to feed the chickens and in some manner stumbled and fell into the water.

The militia of the United States aggregates 112,496 men. Every state and territory in the union has an organized militia except the territory of Utah.

Samuel Harmon of Fox Hill, Pa., claims that he has eaten in the last twenty years 3,650 pies. His regular consumption has been half a pie daily. He declares that he has never experienced the slightest attack of dyspepsia.

## Hunting For Money.

KALAMAZOO, Oct. 9.—There is considerable excitement out in Prairie Ronde township over the fortune supposed to have been left by Dr. Bazel Harrison, who died about a week ago. For 10 years he had been in the habit of converting his cash into gold, and the belief that he left a large sum, estimated by some as high as \$50,000, has set interested parties to digging about his farm and making a careful search of the premises. His heirs are a son and two daughters. He was a man of frugal habits and has undoubtedly left a pile of gold somewhere.

## Fell Twenty Feet.

BELLEVIEW, Oct. 10.—A young man named Corwin, who is employed by John M. Shackleton, owner of the Belleville gristmills, met with a very painful accident at this place. He was drawing cornstalks from Mr. Shackleton's farm in the town of Canton. At a bridge over a washout at the Red mill the load tipped and Corwin fell to the water, a distance of 20 feet, where he struck on some floodwood, breaking one rib loose from the backbone and fracturing the skull at the base of the brain. Recovery is very doubtful.

## Young Wouldbe Train Wreckers.

QUINCY, Oct. 12.—The parties who tried to wreck the two fast trains near here a few evenings since, are discovered to be the state school boys found near the place at that time. Deputy Sheriff Perendren succeeded in getting a statement from each of the boys in which they describe the whole proceedings. The boys implicated were Arthur Denison, John Anderson, each aged 13 years and Sam White and Willie Lee, each aged nine. Their only object was, they stated, to see the cars tumble.

## Four Celestials Caught.

ADRIAN, Oct. 11.—Instructions were received from Detroit for officers to search the Wabash train westward bound and arrest all Chinamen found aboard. They cannot speak a word of English, but to Sam Sing, a laundryman here, they stated that their home was in San Francisco and that they had been visiting in Detroit and when arrested were en route to Chicago. They are in charge of Deputy United States Marshal Ferguson.

## Never Saw Her Before.

CADILLAC, Oct. 11.—Charles H. Smith, a stranger who dropped into town with grips containing \$1,700 in money and valuable jewels and was arrested because he was too fresh with his revolvers, has been seen in the company of a number of Cadillac women. One of them swears Smith is her husband, but the suspect says he never saw her before.

## Freight Trains Collide.

POWERSVILLE, Oct. 12.—As the west-bound freight was switching Wednesday morning, another freight came along at a speed of 25 miles an hour and crashed into its rear, telescoping the waycar and demolishing three other cars. The merchandise was scattered along the track. The engineer and fireman of the second freight jumped, and neither was injured.

## Fell and Killed Himself.

BELLEVIEW, Oct. 11.—Joseph A. Turner, a Michigan pioneer, age 76, living four miles out, was found dead in his barn. The first indications suggested a bludgeon or revolver, but when Justice Evans impaneled a jury it was found he had fallen from the loft or a ladder. He leaves a widow and family of adult children in comfortable circumstances.

## Will Test a Coal Deposit.

SAGINAW, Oct. 11.—At a meeting held at the board of trade, \$500 was appropriated to make a test of the extent of the coal deposit in Saginaw county. A private party has also put up \$500 for the same purpose. An expert coal driller from Ohio has been engaged and the work of making the test will begin at Foster's station on Flint river, eight miles south of this city.

## Train Collides With a Cow.

PORT AUSTIN, Oct. 12.—A train on the Sand Beach division ran into a cow near Helena and was thrown from the track. Fireman Albert Daw was badly scalded on the legs and arms and cut on the head. Engineer George Wilson was slightly cut about the face, while everybody was badly shaken up. The baggage car and engine are lying in the ditch.

## Were Hid Under the Floor.

JACKSON, Oct. 12.—Two new convicts were missed from the polishing shop at the prison. After two hours' search they were found hidden under the floor of their own shop. They were punished by ball and chain. The men are Joseph Hudley, sent from St. Clair, four years for larceny, and George Beede, four years, from Barry county. They are both under 20.

## Rendered Unconscious.

JACKSON, Oct. 12.—While John McConnell and a lady companion were driving on East Main street their horse became unmanageable and ran away, dashing into a tree. Both occupants were thrown from the buggy, and between them gathered up most of the dust on the street. Both were unconscious, but it is thought they are not dangerously hurt.

## Killed by Dynamite.

ISHPEMING, Oct. 9.—Peter Johnson, a miner, aged 28, employed at the Salisbury mine, this city, was killed Saturday night. He and two others were engaged in blasting ore with dynamite. Johnson took charge of setting the fuse, but did not secrete himself in time. He left a widow and two children.

Consul Roosevelt of Brussels, says that cargoes of horse beef from New York city are being shipped to that country for the poor people.

### Mademoiselle Reea.

Mademoiselle Reea's appearance in her new play "The Queen of Sheba" will be an event of importance in the present dramatic season.

The company is the strongest she has ever had, and the incidental music—rendered by an operatic quartette—will form a special feature of the performance.

The characters possess historical as well as human interest, and one of them, Hiram of Tyre, descendant of Tubal Cain, is a prominent figure in Masonic lore.

The "Queen of Sheba" will be presented at the Grand Opera House, Ann Arbor, Tuesday evening Oct. 17th. The play is magnificently staged and the accessions are complete.

The Michigan Central will give another excursion Tuesday, Oct. 17th, to Chicago. One fare for the round trip. Train leaves 10:17 a. m.

## Proceedings of the Board of Public Works.

[OFFICIAL.]

OFFICE OF THE BOARD OF PUBLIC WORKS, 1 Ann Arbor, Mich., October 4, 1893.

Regular meeting. Called to order by President Keech. Roll called. Full Board present.

Minutes of the previous meeting read and approved.

The Clerk reported that the Council had made the following order and appropriations: For artificial stone crosswalks on and along the north side of E. Huron street, crossing State street; on and along the west side of State street crossing Washington street.

The Huron street crossing was referred to Mr. McIntyre and the Street Commissioner, and the State street crossing to Mr. Schuh and Street Commissioner, and they were directed to ask for bids and have the same built without delay.

Mr. Keech moved that the Street Commissioner procure the City Attorney's opinion in the matter of Daniel Hiscock not laying sidewalk on Summit street not on line given by the City Engineer.

Yeas—Messrs. Keech, Schuh and McIntyre.

Mr. Schuh reported that he had bought a ton and a half of lead at \$3.80 per hundred pounds, also one "Bilge" pump with suction hose.

On motion the Board Adjourned.

WILLIAM J. MILLER, Clerk.

## UNIVERSITY NOTES.

The senior lit class is to have a glee club.

There are seven college dailies published in this country.

It is probable that the freshmen will attempt to organize Saturday.

The first number in the Choral Union course will be given Nov. 16.

The sophomores will choose officers for the year next Saturday morning.

The early opening of the library this year, at 8:15 instead of 9:00 o'clock, is proving a great convenience to many students.

The membership of the Hobart Guild is constantly increasing. It is larger this year than ever before at a corresponding date.

Prof. Steere will read a paper before the Ornithological congress, which meets in Chicago the 16th inst. for a week's session.

The Hon. Frederick Douglass, the eminent colored statesman, will deliver the first lecture of the Students' Lecture Association, Oct. 19.

Mrs. Foster's Delsarte class for ladies will meet in Harris Hall on Monday next at 5 p. m. Applications received in the Curator's office, Harris Hall.

Three shipments of books, one from London, one from Paris, and one from Leipzig, containing in the aggregate about one thousand volumes have lately been received at the library.

In his annual address Sunday morning, President Angell stated that the average age of students entering the literary department is 19½ years and in the professional departments, 21.

The Hobart Guild has secured the services of Mr. Geo. King, late of Battle Creek College, for the instruction of a class for men in light and heavy gymnastics. Ninety lessons three times a week at \$3.00 a member will be given to a class of 30 or more. Organization will be effected on Thursday, Oct. 19th at 7 p. m., Harris Hall. Applicants should notify the Curator at once.

At the banjo club examination, last evening, there were about twenty applicants for the seven vacancies. The club will be larger than in former years, including fourteen instruments, five banjos, three banjorins, two mandolins, and four guitars. This year's trip will probably be taken during the Christmas vacation instead of in the spring, as formerly.

## Some New Athletic Officers.

At the first meeting of the year of the athletic board, the following officers were elected for the ensuing year: E. C. Shields, re-elected president; H. G. Cleveland, vice president; L. Paddock, resigned; Lloyd Wentworth, treasurer, H. Sharpless; resigned; S. C. Spitzer, financial secretary, C. W. Ricketts, resigned; John Conden, track athletics manager, C. M. Holt, resigned; and Messrs. Greenleaf and Carpenter, directors from '96 and '97 lit. class, respectively. Another election will be held within a few days, when other vacancies will be filled.

## Income of Colleges.

The annual income of colleges and universities in the first rank may be compared, as follows:

Michigan University.....	\$400,000
California University.....	270,000
Cornell University.....	600,000
Yale University.....	532,000
Wisconsin University.....	270,000
Harvard University.....	987,000
Columbia College.....	650,000
Massachusetts Institute Technology.....	267,000
Iowa University.....	125,000

Another comparison was made of the per cent. of tax different states appropriated for the support of their Universities:

Michigan, one-sixth of a mill.
Wisconsin, nine-fortieths of a mill.
Ohio, one-twentieth of a mill.
Nebraska, three-eighths of a mill.
Minnesota, three-twentieths of a mill.
California, one-tenth of a mill.
Kansas, a fraction sufficient to net \$75,000 per annum.

## The October Inlander.

In external appearance and mechanical execution this year's Inlander is a great improvement over former years.

The cover page printed in blue on maize colored paper, shows the main building surrounded with a wreath of flowers arranged in a tasty manner.

The editors used good judgment in the selection of matter for the first number. Among the more lengthy articles worthy of mention are: "A Few Comments on the Foreign Element of New York City," an article well written and a clear statement of the subject by H. W. Webber, '94 Law. A short story by Mable Colton, entitled "Waiting at Creed's Crossing," "The Egg on its End," a story of Columbus by Fred Briggs. There are a number of poems worthy of merit.

Besides these, several pages are devoted to alumni notes, book reviews, exchanges and editorials making a book of sixty-four pages. The Inlander will be on sale this evening at the book stores. Price 15 cents a copy.

## Their Thirteenth Year.

The thirteenth year of the Chequamegon Orchestra was opened last evening by electing the following officers:

Chas. Vanderbilt, President.  
Wm. J. Smith, Vice-president.  
Geo. Vandaworker, Treasurer.  
Lew H. Clement, Director and Manager.  
R. L. Heller, Secretary and Asst. Manager.  
G. W. Collins, Asst. Director.  
Geo. C. Keech.  
G. E. Foerster, Board of Directors.  
A. Long.

The next meeting for rehearsal will be next Wednesday at 8 p. m. Every indication points to an unusually successful season. The excellent playing of the orchestra last season, and especially at the senior reception, made them friends. All but two of last year's members remain this year and their places have been already filled.

Several applications from newcomers have been received, and the prospects point to a larger orchestra than usual. Especial attention is to be given this season to dance work, and frequent rehearsals are to be given to this class of music.

Experienced orchestral players, if found competent, can enjoy the advantage of playing with the orchestra by making application to the director at 51 S. Main street.

## One Students' Lecture Course.

Ever since the split in the Lecture Association last spring, caused by the attempts of both lites and laws to hold supremacy in the affairs of the association, the final outcome of the dispute has been the subject of much speculation, and even of some concern, lest a final disruption of the association might result.

The rival boards then chosen have been unwearied in their efforts to secure lecturers for the coming season, and were apparently determined to fight it though to a final issue.

The refusal of the university authorities to permit either faction to use University Hall, however, put the matter in a new light and brought both organizations to see the necessity of a compromise. This compromise was effected Monday afternoon, when committees from either side met President Angell, and arranged a settlement satisfactory to all. As both courses could not be given in full, selections were made from the leading attractions, as convenience of dates would permit. The literary department course retains Prof. Von Holst, Hon. Jerry Simpson, Hon. Roger Q. Mills, Rev. F. W. Gunsaulus, Hon. Frederick Douglass, and Hon. John J. Ingalls, while the law department course contributes its share with Riley and Shirley, Marteau the violinist, the New York Philharmonic Club, and John T. Graves.

The course will be opened Oct. 19, by Hon. Frederick Douglass, the noted colored orator, who will present his views on "The Race Problem." He will be followed on Oct. 27, by Riley and Shirley in one of their characteristic entertainments. Hon. Jerry Simpson, the Kansas statesman, will be here Nov. 10. His subject will be, "Some of the Causes of the Decline in Agriculture." The next lecture will be by John Temple Graves, on Nov. 18. In December two especially fine attractions will be here, on the 8th, Marteau, the great French violinist; on the 16th, Prof. Herman Von Holst, of Chicago University, who will lecture on "Toussaint L'Ouverture." Rev. F. W. Gunsaulus, who will be remembered for his scholarly and interesting lecture three years ago, will lecture Jan. 19, his subject to be announced later. Another great musical treat will be enjoyed Feb. 23, when the New York Philharmonic Club will be here. Hon. John J. Ingalls will lecture March 19, on a subject not yet fully decided. Hon. Roger Q. Mills, of Texas, has been secured for the closing lecture on April 12. He will speak on "Thomas Jefferson and the Principles of Free Government."

The compromise arranged also provides that Mr. Wedemeyer and Mr. Powers shall share the office of President, each to preside on five evenings. Mr. Wakefield and Mr. McKinney will divide the work of corresponding secretary. The other offices are assigned as follows: Vice-president, S. C. Spitzer; recording secretary, F. H. Petrie; treasurer, R. H. Whitten; assistant treasurer, C. K. Friedman. The two co-ed directors remain to be chosen. Miss Lucy E. Textor will probably be the representative of the lites. Another meeting will be held Saturday to arrange a plan for the election next spring, and to appoint ushers and committeemen. Two dollars will be charged for the course, as usual, and tickets will be put on sale in a few days.

## For Scrofula

"After suffering for about twenty-five years from scrofulous sores on the legs and arms, trying various medical courses without benefit, I began to use Ayer's Sarsaparilla, and a wonderful cure was the result. Five bottles sufficed to restore me to health."—Bonifacio Lopez, 327 E. Commerce st., San Antonio, Texas.

## Catarrh

"My daughter was afflicted for nearly a year with catarrh. The physicians being unable to help her, my pastor recommended Ayer's Sarsaparilla. I followed his advice. Three months of regular treatment with Ayer's Sarsaparilla and Ayer's Pills completely restored my daughter's health."—Mrs. Louise Rielle, Little Canada, Ware, Mass.

## Rheumatism

"For several years, I was troubled with inflammatory rheumatism, being so bad at times as to be entirely helpless. For the last two years, whenever I felt the effects of the disease, I began to take Ayer's Sarsaparilla, and have not had a spell for a long time."—E. T. Hausbrough, Elk Run, Va.

A. ANDREW J. JOHNSON, Dated, August 29, 1893.

## Summer MILLINERY

OPENING.

Beginning MAY 17, Continuing all Week.

350 hats already trimmed according to the latest styles. Everything in the line of millinery that one could wish for.

Five ladies, including a first class trimmer, are always ready to pay the best attention to orders.

Ladies, attend the opening and buy your hats before going to the World's Fair.

## MACCABEE COLUMN.

Items and Notes of Interest to Members of that Order.

## ANN ARBOR'S THREE FLOURISHING LODGES.

Arbor Tent With 405 Members, Johnson Tent With 44, and Arbor Hive, the Ladies Lodge, With 91.

ARBOR TENT, No. 236—Meets on every Friday evening at eight o'clock in their hall in the Post Office building.

JOHNSON TENT, No. 783—Meets on Wednesday evening at eight o'clock in their hall, No. 6 N. Main street.

ARBOR HIVE, No. 113—Meets on Tuesday evenings at 7:30 o'clock in the hall of Arbor Tent.

Arbor tent had a very interesting initiation last Friday evening.

The next assessment will be called on the 15th, payable on or before Nov. 15.

Per capita tax for the first half of next year must be paid by December first.

It is intended that the proposed Hive fair will be given about holiday time.

The office of the Great Lady Record Keeper is now located in the Hamilton block.

Only two months more and the members will be called on to elect a new set of officers.

There are still quite a number of members who have not paid the last assessment. Better call on the F. K.

A card party was given on Wednesday evening at the residence of Sir Knight Minnahan, on Spring street.

On next Thursday night the hive will give the first of a series of socials. Supper will be served from six until nine o'clock.

By some new fangle in the mail laws, the Michigan Maccabee and the Lady Maccabee will probably be compelled to suspend publication.

The members of Arbor tent will be pleased to learn that Sir Knight Purdick has so far recovered from his long illness as to be able to leave Tuesday to visit his mother in Flint.

A full attendance is desired at the meeting of Arbor tent, tonight, as arrangements will be made for attending the funeral of James M. Stafford at three o'clock Sunday afternoon.

At the last meeting of Arbor hive Great Record Keeper Emma Bower presented her resignation as commander of the hive, but upon a unanimous vote it was declared not accepted. She will continue to be their commander as she would be greatly missed were she to insist on her resignation being accepted.

## Plan for Reserving Seats.

The Students' Lecture Association, profiting by the experience of last year, have formulated a plan for reserving seats which they think will meet with popular favor. The announcement of the plan before the sale of seats has begun will obviate any misunderstanding, as means have been taken to bring the plan to the attention of all. There will be no chance for misunderstanding the method of reserving.

The price of general admission to the course has been fixed at two dollars. For an additional fifty cents the general admission ticket may be exchanged for a reserved ticket, reserving the seat for the whole course. Every alternate two rows of seats are to be reserved by the above method, while the next two alternate rows of seats are to be unreserved, to be filled according to the Choral Union plan. This will be seen to be a compromise between the two methods suggested last year.

## Dr. Abel's Successor.

The medical department has been unusually fortunate this year in retaining its professors. The only one missed from last year's faculty is Prof. Abel, professor of materia medica. Prof. Abel will be sorely missed, for he had proven himself a competent instructor and a man of large ability and resources. In his place the faculty has secured a man fully competent to take his place, if long study and research in his chosen field count for anything.

Dr. Cushing, the new appointee, is a native of Scotland, and received the degrees of A. M. and M. D. from Aberdeen in 1889. The following year he received a fellowship and studied in Switzerland, investigating the properties of chloroform and ether. The next two years were spent in Strassburg as student, under and assistant to Dr. Smerdeberg, Professor of Pharmacology. Prof. Cushing comes direct from the great centers of medical research prepared to teach the most recent discoveries of the great German specialists, and will be a valuable addition to the faculty of the medical department.

## TWO PEOPLE KILLED.

WRECK ON THE PENNSYLVANIA ROAD AT VITING, IND.

The Fireman Buried Beneath the Engine and Scalded to Death—Over Four Hundred Passengers Had a Narrow Escape From Death or Injury.

WHITING, Ind., Oct. 11.—Tuesday afternoon at about 4:20 o'clock train No. 8 of the Pennsylvania road ran into an open switch, causing the engine, mail-car and two Pullmans to leave the track.

The dead are: Henry Warner, engineer. John Christie, fireman.

The accident occurred just west of the One Hundred and Nineteenth street crossing. Several persons were injured, including the conductor, but none fatally. The fireman was buried beneath the engine and scalded to death by escaping steam.

The train was composed of a mail car and nine vestibule cars. The train was running but 10 miles an hour. Had it been running at full speed the death list would have been very large. The first company was at the scene in five minutes and extinguished the rapidly gaining flames. The track was not cleared till after 8 o'clock. There were more than 400 passengers on the train. The engine and mail car are total wrecks.

TERRIFIC EXPLOSION.

A Railroad Train Completely Wrecked by the Blowing Up of Powder.

ALLIANCE, O., Oct. 10.—At 8:30 Monday evening an eastbound freight train on the Pittsburg, Fort Wayne and Chicago railroad passed the village of North Lawrence, a few miles east of this city. Five minutes later the inhabitants of the village were startled by a terrific explosion. The train had a car containing over 200 kegs of powder which in some manner became ignited, causing the explosion and the complete wrecking of the train. The track was torn to pieces for a distance of 150 yards and an excavation 20 feet deep beneath the powder car was made. Engineer Colvin and his fireman, whose name cannot be learned, were fatally burned. The damage will reach \$25,000.

STRUCK THE WOMAN.

And a Moment Later Was Shot Dead by Her Husband.

DEXTER, Mo., Oct. 10.—Joe Miller met his death at the hands of Lee Edwards at the home of the latter, seven miles southwest of Dexter. Miller and another young man were returning from town considerably under the influence of liquor.

They stopped at Edwards' house, called him out and began abusing him. Edwards went back into the house and locked himself in. Miller and Wallace followed him into the house and went into the house and attempted to break the door down. Mrs. Edwards remonstrated, when Miller knocked her down. Edwards then opened the door and fired on Miller with a Winchester rifle, killing him instantly.

AGAIN BOMBARDING.

The Brazilian Rebels Firing on Outside Ports at Rio Janeiro.

RIO JANEIRO, Oct. 10.—The insurgent fleet again bombarded the outside ports Monday. There has also been some firing on the other side of the bay opposite the city. It is believed that the insurgents will make an attempt to capture the Estrela powder magazine, but the government is determined to blow up the magazine if it seems likely that it is in danger of capture. There is no truth in the report that the foreign warships are landing sailors to protect foreign subjects. The insurgent admiral, De Mello, has issued a manifesto, in which he disclaims any intention of bombarding the city.

Thirty-Two Indictments.

KANSAS CITY, Oct. 11.—The special grand jury which has been investigating the failure of the Kansas City Safe Deposit and Savings bank has returned 16 indictments against James C. Darragh and 16 against Elmer C. Battley, the president and cashier of the defunct bank. Each indictment charges grand larceny, and they are all exactly the same, except as to names, dates and amounts. The grand jury made no recommendations, merely certifying to the correctness of the report.

Experts on the Books.

FORTORIA, O., Oct. 10.—The committee of three appointed by the Foster creditors have contracted with Messrs. Doolittle and Luback, the Cleveland experts, and these gentlemen have entered upon their duties of examining the books of Foster & Company for the past 10 years. At least six weeks will be consumed before a report can be made.

Burglars Burned the Building.

WAUKEGON, N. D., Oct. 10.—A desperate band of burglars entered the town of Lidgerwood, and after blowing open the safe at the postoffice and robbing it of its contents, burned the building to the ground. The burglars secured less than \$200 in money and postage stamps. The loss on the building will reach \$10,000.

Will Resist a Cut.

PROVIDENCE, Oct. 10.—Over 1,000 weavers in the Olneyville district mills have taken steps toward organizing a strong union with a view to resisting the cut proposed by the manufacturers all over the state. They think a cut would be accepted if they were relieved somewhat of the hardships of the fine system.

Died From Eating Grapes.

DELAWARE, O., Oct. 10.—Edward Scott, a well known farmer who was recently married, ate some grapes. His appetite was stimulated and he ate till he was filled. His stomach refused to act and Monday morning he died.

Twenty-Two Drowned.

SAN FRANCISCO, Oct. 10.—Advices brought by the steamer Rio Janeiro state that the sailing vessel Sinyo Maru was wrecked off the coast of Japan on the 4th inst. Twenty-two of the 28 passengers were drowned.

Supposed Incendiarism.

HAMILTON, N. D., Oct. 11.—Fire destroyed Scott's furniture store, the Bank of Hamilton and J. H. Abram's machine warehouse. Loss, \$75,000. Origin supposed to have been incendiary.

## Deal Gently With the Erring.

We have just received a copy of the greatest song ever published in this country. The privilege of publishing in America alone cost \$2,000 in gold. It is a song that will reach the heart of every Christian in the land. The melody is perfectly beautiful; can be played on piano or organ. We give our readers the first verse and chorus:

## FIRST VERSE.

Deal gently with the erring!  
Ye know not of the power  
With which the dark temptation came  
In some unguarded hour.  
Ye may not know how earnestly  
They struggle nor how well,  
Until the hour of weakness came,  
And sadly thus they fell.

## CHORUS.

Forget not thou hast often sinned,  
And sinful yet must be!  
Deal gently with the erring one  
As God hath dealt with thee.

Price 40 cents per copy; can be obtained by addressing the publisher, F. W. Hemlock, 255 Sixth Ave., New York. Our readers will receive a copy by sending 20 cents in postage stamps.

As Artemus Ward's health was delicate, and his father and only brother had died young, he was urged by his friends to give up certain indulgences and save himself. This caused him to relate the following anecdote to Mr. Knight: "I once knew an old fellow in the West, living mainly by himself, who said he had always been making sacrifices as to appetite, giving up one thing after another for the sake of health. At length, when he was about eighty years old, he had simplified his diet until he was just living on whisky and pork. But one day he said to me: 'I guess I've got to give up the pork—'fraid it's hurtin' me.'"
