The Mayor Attempts to Remove the Marshal.—The Lake Shore Pays for Discharging a Man. -Sudden Death.

A Very Sudden Death.

Ex-sheriff Dwyer and wife suffered a severe blow last night by the sudden death of their little son, Charlie, aged nine years. He was a particular bright and winning boy but had not been very strong, being subject to attacks of bleeding of the lungs. The last attack before the one last night was nine months ago. He recovered and was apparently growing more rugged and was attending school. He died at ten o'clock last night from a recurrence of bleeding at the lungs, which the doctor was unable to stop. His illness lasted only half an hour as he had been in apparent good health last evening.

Richard III. Coming.

In presenting the tragedian, Mr. Walker Whiteside, to the theaterment feel that their efforts will be met with a hearty endorsement by intellectual theater-goers, who always have and will appreciate sincerity coupled with genuine merit. His hold on the public has been steadily growing, keeping pace with the recognition of his rare genius. No artificial methods are employed in his various impersonations. He simply exchanges his intelligence and moderate estimate of the vari with his auditors, creating a bond ous subjects over which it ranges.' of sympathy that invariably ripens into respect and admiration for the man, his art, and the rare virtues that nature has endowed him with. Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children." Dr. G. C. Osgood.

Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

DR. J. F. KINCHELOE, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription H. A. ARCHER, M. D.,

111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

The Red River Valley of Minnesota and North Dakota never had a failure

of crops. It produced 30,000,000 bushels of wheat besides other cereals in 1890. Farms can be had

on the crop plan, or long time cash payments. It is not an uncommon thing

from the proceeds of one crop.

It has all of the advantages of an old country in

the shape of school, church, market, postal &railway facilities and all the chances of a new country in the way of cheap lands, rich soil, and

increase in values. It is one of the most fertile and promising regions in America not yet fully occupied. In the rush to the far

The important experiences of others are interesting. The following is no exception: "I had been troubled with heart disease 25 years, much of that time very seriously. For five years I was treated by one physician continuously. I was in business, but obliged to retire on account of my health. A physician told my friends that I could not live a month. My feet and limbs were badly swollen, and I was indeed in a serious condition when a gentleman directed my attention to Dr. Miles' New Heart Cure, and said that his sister, who had been afflicted with heart disease, had been cured by the remedy, and was again a strong, healthy woman. I purchased a bottle of the Heart Cure, and in less than an hour after taking the first dose I could feel a decided improvement in the circulation of my blood. When I had taken three doses I could move my ankles, something I had not done for months, and my limbs had been swollen so long that they seemed almost putrified. Before I had taken one bottle of the New Heart Cure the swelling had all gone down, and I was so much better that I did my own work. On my recommendation six others are taking this valuable remedy."—Mrs. Morgan, 509 W. Harrison St., Chicago, Ill.

THE repeal of the Sherman bill is now in sight. The silver senators, worn out by the long fight against time, have finally concluded to allow a vote to be taken, and the Sherman bill will probably be repealed today. The cessation of the purchase of silver will undoubtedly have a healthy effect upon the balance in the national treasury, the lowness of which has had such a depressing effect upon business.

A SNAP FOR THE RICH!

That Is What Our Purchase of The Two Sams' Stock Means.

You all know they have been wanting to dispose of there business for some time. They wanted too much money for it, besides the times did not warrant new ventures for the spreading out of old firms. We have been figuring on the stock for some time, but could not get it cheap enough until now, and we have bought it at 40 cents on the dollar. That is the way we do business—buy it cheap, sell it at a low price, clean it out—and the surplus, be it ever so small, warrants the investment. We have a big job on our hands now, nearly Ten Thousand Dollars worth of Gents' Furnishing Goods and Hats to sell in five weeks. We want the last article closed out by December 1.

We rely on the citizens of Ann Arbor, Students of the University and the people of Washtenaw County, to buy goods, that are desirable, seasonable and just what they want when they can buy them at a price, cheaper than merchants pay for them at wholesale. Cheaper we say, and cheaper we mean. We fully appreciate the lack of currency these days and that should be all the more reason why this stock should be sold quickly, your money will go nearly three times as far with us as with others, and you get the best makes, best quality and most desirable goods sold. Even competitors of The Two Sams acknowledge that they always had the best goods to be found Death of Mrs. Warner.

WAYNE, Oct. 26.—Mrs. Warner, wife of Rev. Silas P. Warner, passed away Tuesday after a very brief illness. She was born at Manchester, N. H., Aug. 5, 1835. Mrs. Warner leaves one child

A REMARKABLE CURE.

MESSRS. FOLEY & Co., Chicago.

GENTLEMEN:—I had a scrofulous taint of the blood from childhood. An ulcer began on the side of the nose, having all the appearances of a most malignant cancer, became about the size of a silver dollar and exuded a thip, offensive matter. The agony of mind I suffered cannot be described as I contemplated the progress of the disease.

disease.

I was induced to try the Clinic Sarsaparilla; it appeared to neutralize the poison in the blood, the ulcer ceased. The diseased tissues in the bottom and edges of the sore seemed to loosen and the natural flesh to take its place. Thus the cure continued until an even surface remained. No part of the disease remains.
