seem destined to advance is along the line of the concentration and consolidation of their forces. The plan has been tried and not found wanting.

SHALL IT BE NICARAGUA OR PANAMA?

The Hepburn Nicaragua canal bill passed the house yesterday by a practically unanimous vote, only two members, one a republican and the other a democrat, voting against the proposition. This vote, however, does not indicate that the house of representatives is anywhere nearly as unanimous as that on the question.

Mrs. O. A. Kelly, Widow of the Late Photographer, Committed Suicide Saturday Morning on the Michigan Central Tracks--She Had Become Despondent

Mrs. O. A. Kelly, widow of the photographer who kept a gallery on Huron street for a number of years, was killed on the Michigan Central tracks early Saturday morning, and it is apparently a clear case of deliberate suicide, although she had no reason for any such act. The fatality happened on the tracks opposite the end of Thirteenth street.

NOTHING BUT SWEET CIDER

HOERZ WAS SOBER

Had Not Drank Anything That Day—Coroner's Inquest Held

A very important case involving the Christian Hoerz, who fell down the cellar steps in Nic Schneider's saloon last Sunday, established the fact that the deceased was perfectly sober and that he did not drink anything in Mr. Schneider's place.

Mayor Copeland, City Attorney Sawyer and Prosecuting Attorney Duffy were present at the inquest to ascertain the evidence and the two attorneys questioned the witnesses severely.

Mr. Schneider was the first witness. He stated that on Saturday night he had invited Hoerz and four others to come to a Sunday evening supper. When Hoerz came they were seated at the tables in the room next to the kitchen and he went down cellar and got a pitcher of sweet cider. Hoerz did not drink any, but started for the closet. He must have opened the cellar door by mistake and fell the length of the steps.

Mr. Schneider swore positively that he did not serve anything else, but the pitcher of sweet cider.

Four young men who were in the place substantiated Mr. Schneider and swore that Hoerz did not touch his glass of cider. One witness swore that he was with Hoerz all the afternoon and that he had not drunk anything anywhere.

Dr. John Kapp testified that when he was called to Schneider's place to attend Hoerz, after the accident, he found the tables clean and nothing to indicate that any drinking had been going on. He swore he got down to smell at Hoerz' nostrils to ascertain if he had been intoxicated, but could not detect the odor of any liquor or spirituous drinks at all.

The jury rendered a verdict to the effect that Hoerz was accidentally killed. They consisted of Harris Ball, John O'Mara, Seward Cramer, David Collins, Fred Lutz and Herman Schelhorn.

FEEDS ONE—STARVES OTHER

Feeds the body—starves the microbes! That is what Scott's Emulsion does in consumption

We can't expect to understand all about these germs and microbes the doctors talk of. They say that one kind causes consumption. Consumption microbes feed on weak lungs. Perhaps that's so.

At any rate we know that Scott's Emulsion has a peculiar action on the lungs which gives the lungs new life and vigor. Healthy lungs starve the microbes out.

Life for the lungs and flesh for the body, that is what the consumptive has a right to expect from Scott's Emulsion. An ideal food and tonic for any form of wasting disease.

HAWKS & ANGUS FILE AN ANSWER

When Hawks & Angus were constructing their tracks on Huron street the Ann Arbor railroad secured a temporary injunction to prevent them from crossing their tracks. The Detroit, Ypsilanti, Ann Arbor & J. railway has filed their answer to the Ann Arbor railroad's bill of complaint.

They deny that the grade on Huron street, from Main street, is a dangerous grade, and that operation of their cars will cause danger of collision, and claim that the railway tracks can be constructed at grade with the steam railroad tracks, and by means of derailling and other safety devices, can be operated without loss of life and destruction of property, as set forth by the Ann Arbor road. The D., Y., A. & J. also deny that they have applied to the railroad commissioner to permit the defendants to cross the tracks at grade. They also allege that the franchise passed by the common council of Ann Arbor was a valid franchise. They set up that negotiations are in progress for a separation of grades at that point and that it will take some time to complete the separation, and until such time it will be a great detriment to the electric road and to the traveling public to prevent a crossing until the work is completed.

A GOOD ONE ON JUDGE HARRIMAN

The following story has reached the ears of the Times and should not be lost from the archives of Washtenaw county's historical events:

Not many centuries ago while the Hon. William D. Harriman, a resident of Washtenaw county, was keeping a large audience spellbound, descending upon the beauties of Robert Burns' life work in a Unitarian church not many leagues from here, the amiable wife of the minister of that church desisted amongst that audience of good Unitarians a black sheep—or, rather, it must be added—one not of the fold, a prominent lady of a neighboring Congregational church. After the audience had sufficiently recovered from the hypnotic effects of the judge's address, the minister's wife greeted the Congregational lady pleasantly and in the course of the conversation incidentally asked: "How did you happen to get into a Unitarian church?" Her response was startling beyond all conception. "I would go anywhere—to the bottomless pit itself—to hear Judge Harriman." As the conversation was then abruptly closed, it was not learned whether the lady wished to intimate that that was the place where she expected to ultimately listen to some more of the judge's eloquence.

A LAW OFFICE FULL OF CREDITORS

There was a large gathering Thursday afternoon at 5:15 o'clock in the office of Attorney Frank A. Stivers in the Masonic block. Some 60 creditors of James A. Robins of Whitmore Lake, who ran a creamery and manufactured ice cream at that village, met to prove their claims, appoint a trustee, and examine the bankrupt. Harlow P. Davock, referee in bankruptcy, presided at the meeting, which at times was quite warm. There were \$5,000 in claims presented, the assets after the preferred claims are paid being \$1,000. H. Wirt Newkirk was elected trustee and Jay Pray, James Burk and Taylor, appraisers.

JURY DISAGREED IN MAJOR CASE

Quite an interesting case was on trial in Justice Doty's court Monday, the jury disagreeing. Last May Frank Sommers, a paint drummer of Detroit, called on Charles Major, the painter and decorator. The men became involved in a heated argument, in which Mr. Sommers claims they both fell, his coat knocking over a pot of paint, and that Mr. Major seized a brush and painted his coat. He went to Taylor Lenz to have his clothes cleaned. He claims \$100 damages. The jury consisted of Louis Weimann, George Goodrich, Albert Schumacher, Henry Meuth and Charles Greenman. Murray & Storms were the attorneys for Sommers and A. J. Sawyer, jr., for Major. The case will be tried again on Tuesday.

ASK THE COURT TO REMOVE HIM

Petition Filed to Oust Robert Hemphill

IN STARKWEATHER CASE

Residuary Legatees Want the Estate Closed Up—Hearing is Jan. 24

A petition signed by Mary A. Ladus, John R. Newberry, Walter A. Newberry, of Detroit, and John S. Newberry, of Romeo, has been filed in the probate court asking for the removal of Robert Hemphill as executor of the Mary Ann Starkweather estate and that somebody else be appointed.

The will was admitted to probate December 6, 1897, with Robert Hemphill as sole executor.

In July, 1899, upon petition the circuit court judge put a construction upon the will.

On August 31, 1899, an inventory was filed showing that securities and property to the amount of \$128,179.80 was in the hands of the executor and a year was given in which to settle up the estate.

On June 21, 1900, Executor Hemphill filed a petition asking for an extension of the time for one year and Judge Newkirk gave him until May 1, 1901, in which to close up the matters. Mr. Hemphill at that time claimed that there were about \$10,000 of general legacies which were unpaid.

The petitioners in the present case are the residuary legatees and they want the general legacies paid up so that the residue of the estate may be divided among them.

For this reason they ask for Mr. Hemphill's removal.

The hearing on the petition will be given on Jan. 24. Attorneys Allen and Griffen of Ypsilanti are attorneys for Mr. Hemphill.

THE DEATH OF MRS. CRITCHETT

The friends of the late Mrs. Elmira Critchett, who at one time resided in Ann Arbor, will be interested in what the Monroe Commercial says about her:

At El Paso, Tex., on Thursday of last week, of pneumonia, died Mrs. Almira Critchett, relict of the late Judge Otis Critchett. The remains were brought to Monroe for burial, the funeral being held at the M. E. church New Year's afternoon at 3 o'clock, being conducted by Rev. J. E. Jackson and Rev. W. S. Barnett. Mrs. Critchett's maiden name was Almira A. Warner, and she was born in Mooreville, Washtenaw county, 62 years ago. She married Judge Critchett in 1883, being a sister of Mr. Critchett's first wife. Judge Critchett died June 18, 1893, since which time Mrs. Critchett has traveled extensively. For the past two years she made her home at Los Angeles, Cal., but in September went to El Paso, Tex., where her only brother and three of her four sisters, as well as her two stepsons, Clyde and Addie, lived. She was not feeling well for two weeks previous to her death, but no serious symptoms developed until 26 hours before her demise. At the funeral her three stepsons, Clyde and Addie, of El Paso, and John, of Pictou, Nova Scotia, and her sister, Mrs. Dausenberg, of Ann Arbor, were present, as well as other relatives from out of the city, and a large number of friends, for during her 12 years of residence in this city Mrs. Critchett was universally beloved and admired for her sterling character and uprightness.

Perry school, the present one needing large repairs and being inadequate in room. Fine plans for a building estimated to cost upwards of \$35,000 have been submitted to the board. The matter has been very carefully considered and every effort made to keep the cost as low as is compatible with convenience and the credit of the city.

A SHOCK TO THE COMMUNITY.

The Coroner's Verdict.

"I had just said good bye to him, and he ran down the steps from my office laughing, throwing a joke over his shoulder as he went. He looked the picture of health and strength. Ten minutes later I was called to where he lay rigid and silent on the sidewalk. His life had been snuffed out like a candle." That was a friend's testimony before the coroner. The verdict of the coroner's jury was—"Died of heart failure." The next day the press chronicled the sudden taking of a well-known citizen under the familiar head of "A Shock to the Community." Then the "street" soon ceased to remember the man so swiftly taken away.

This is no fancy sketch. Every day

deaths occur in some such manner—deaths attributed to heart failure by the medical profession. Cold science has ridiculed the idea of dying of a broken heart. Hearts don't break says science. But it has to admit that

HEARTS BREAK DOWN.

A man who has a valuable engine, gives it a good track to run on, tests its capacity and keeps well inside it, keeps it always properly lubricated and does all that is possible to get the best results with least friction. Suppose the man ran his engine careless of the water in the boiler or the fuel under the engine and regardless of the steam gage. Suppose he crowded the engine up grade, and coupled an extra car or two to the train he was pulling, regardless of the fact that he was putting every ounce of strain on the engine it could bear. What would you expect? A break down. Engine failure.

Heart failure comes that way. The heart is little larger than a man's fist and is the most wonderful as it is the most delicate of organs. In each twenty-four hours the dual heart moves approximately six tons of blood, which is equivalent to about two barrels of blood every hour, and this without rest or pause from the first breath of infancy to the last sigh of old age. What can you expect when a man eats regardless of the nutrition which feeds the heart as well as every other organ of the body? What can you expect when he crowds this delicate engine to the uttermost, but what happens—break down, heart failure. And the tragedy of heart failure will continue to be repeated until men are warned of the peril of overwork and inadequate nutrition.

"WEAK HEARTS"

are growing too common, and the means of establishing a healthy heart action at the same time increasing the entire phy-

sical capacity, should be interesting to everyone.

"I had been troubled with heart trouble and catarrh of the stomach," writes Mr. W. D. Merchant, of Tylersburg, Clarion Co., Penn. "Had doctored for some time without relief, then I began to take Dr. Pierce's Golden Medical Discovery. I took seven bottles. Before I began to take it I weighed 119 pounds, and now I weigh 176. I am working steadily and feel like a well man. I send you many thanks."

Dr. Pierce's Golden Medical Discovery is a medicine specially designed to cure diseases of the stomach and other organs of digestion and nutrition and to purify the blood. But the ingredients which enter into the "Discovery" include one of the best heart tonics known in medicine. So while "Golden Medical Discovery" cures the diseased stomach, it strengthens the heart and enables the pumping of an adequate blood supply to the stomach and kidneys thus improving the action of these organs.

"I was in poor health when I commenced taking Doctor Pierce's medicine," writes Mr. Elmer Lawler, of Volga, Jefferson Co., Ind. "I had heart, stomach and lung troubles. Was not able to do any work. I had a severe cough and hemorrhage of the lungs, but after using your medicine a while I commenced to gain in strength and flesh, and stopped coughing right away. I took about six bottles of the 'Golden Medical Discovery.' I feel like a different person. I gladly recommend your medicine to all sufferers, for I know it cured me."

Physical strength is made from food properly digested and assimilated. But the sum of physical strength is made up of the strength of each physical organ. A man's strength is made up of heart strength, liver strength, kidney strength, lung strength, etc., in combination, and all this strength is created and sustained by the nutrition derived from food.

Hence it is easy to see that when the stomach and its allied organs are diseased and the nutrition of the body is reduced, that the consequent weak body means weakness of its organs, "weak" heart, "weak" lungs, "weak" kidneys, etc. And when "Golden Medical Discovery" has cured diseases of the stomach and digestive and nutritive tracts, strength comes back to the body and its several organs in the way which strength can be made, that is by the nutrition derived from food properly digested and assimilated. Hence diseases of heart, liver, lungs, kidneys and other organs are cured by "Golden Medical Discovery" when as is frequently the case these diseases have their origin in the diseases of the stomach and other organs of digestion and nutrition.

Sick people are invited to consult Dr. Pierce by letter free, and so obtain the medical opinion of a specialist without cost or fee. All correspondence held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y. The motive for substitution is to enable the dealer to make the little more profit paid on the sale of less meritorious medicines. When a dealer offers a substitute medicine claiming it to be "just as good" as "Golden Medical Discovery," remember that he is the only person who can possibly profit by the substitution. His profit is your loss.

Keeping Promises.

Ann Arbor Appreciates Always when Promises are Kept.

Every time you read about Doan's Kidney Pills, you are told they cure every form of kidney ill, from backache of urinary disorders. How are our promises kept? Ask any citizen who has tried the treatment. Ask the lady who makes the following statement.

Mrs. Sarah Gray of 600 Kingsley street says: "There was extreme weakness and depressing pains through my loins, and also pains in my shoulders, at times running down the muscles of my limbs. I did not rest comfortably nights and at times felt so miserable that I could hardly get around. The kidney secretions became highly colored, variable and deposited quantities of brick dust sediment. I went to Eberbach & Son's drug store and got Doan's Kidney Pills. They relieved me very promptly, and were a source of great comfort to me. I would not be without them for anything. I used many other kidney remedies, but Doan's Kidney Pills are by far the best of all."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute.

BREEZY NOTES FROM SUPERIOR

Grove Cole arises to say that having thoroughly mastered the catechism he is now prepared to take the important step of his life.

Albert Mayer, the Ann Arbor motorman who was recently injured, is a son of Jacob Mayer, of Dixboro. He was married a short time ago to a Miss Curtis, of Salem township, and immediately set up housekeeping in Ann Arbor. Albert has more friends than he can shake a stick at, and all hope for his speedy recovery.

Melville Duncan, of Salem, a former resident of Superior, is, we learn, a victim of the corn-arm shredder combination, having recently lost an arm while feeding this machine of pronounced cannibalistic propensities.

A number of members of the German Fire Insurance company who have heretofore had a snap in the way of very low assessments, do not understand the sudden upward leap to higher rates and propose to look into the matter. They will probably find upon investigation that lightning is just as liable to strike a Dutchman as a Yankee or any other nationality.

John Shankland took a small load of pork to Ypsilanti Monday, and returned with a big load of money.

After several years of continuous and acceptable service as superintendent of the Dixboro Sabbath school, Philo E. Galpin has resigned his position. He is succeeded by John Quackenbush, a young man of ability and a hustler in Sunday school work.

After a lively tussle George Campbell is reappointed janitor of the Dixboro church at an annual salary of \$40 cash.

There is only one such medicine, and that is Hostetter's Stomach Bitters. It is a household remedy, backed by thousands of testimonials. If you have wasted your money on useless remedies until you have lost hope of getting well again, we would urge you to try this medicine. It brings health to every sufferer. For sale by all druggists. Apply to any one of them for a copy of Hostetter's Almanac for 1902.

CRANSON WILL IS CONSTRUED

Judge Kinne has entered a decree in the construction of the will of the late Elisha Cranson. It favors Elsie L. Cranson, the unfortunate daughter. Mr. Cranson left his property to his wife absolutely, but with the provision that if any property remained after her death, the remainder was to go to the daughter, Elsie.

Judge Kinne holds that the intention of Mr. Cranson was clear and, in the absence of any construction being asked for during the life of Mrs. Cranson, the remainder is to go to the daughter.

HOUSE TO HOUSE PRAYER MEETINGS

May be Held in Chelsea This Week

GLAZIER BANK BUILDING

The Massive Columns will be Placed in Position This Week

Chelsea, Mich., Jan. 13.—Floyd Van Ripper, of this place, who has been working as a meat cutter in one of the leading markets of Jackson for the past six months, is now with John G. Adrien, of this place, in a similar position.

One of the pastors of the churches here is reported as contemplating holding a series of house to house prayer meetings this week.

The social given at their hall, by the K. O. T. M., last Friday evening was a success both socially and financially. Norton Bros., of Ypsilanti, the contractors who have charge of the mason work of the Glazier Memorial building expect to place in position the massive columns that are on either side of the main entrance to the building about the middle of this week.

As each of the columns weigh something over 10 tons each, the work will be watched with a great deal of interest by many of our citizens. When this building is completed and ready for occupancy by the Chelsea Savings Bank it will have finest banking offices between Detroit and Chicago.

Friday evening, Jan. 17, will be the regular meeting of Chelsea tent, K. O. T. M., at which time the officers for the ensuing year will be installed.

The ladies of St. Paul's German Lutheran church are making arrangements to purchase a set of fine dishes for their use when they give one of their popular suppers. Heretofore the society has had to rent crockery when they served a supper and the present move will save them a great deal of trouble and annoyance.

Miss Agnes McKinnon, of Saline, a teacher of elocution, is here forming a class and will give an entertainment at the opera house in the near future.

The annual meeting of the Congregational church will be held this evening at 7:30 and every member of the church is expected to answer at roll call to their name with a verse of scripture or send one to be read.

A NEW WAY OF FILING AN ACCOUNT

It is stated that Judge Watkins got the real thing when he rather forcibly reminded, the other day, a certain tax guardian over a minor who has an estate that arises to the princely proportions of \$44, that it was time to show all proceeds.

The woman who had been appointed guardian brought in a small bundle and laid it upon the judge's desk. He unwrapped it and found that it contained nothing but a girl's soiled dress. "I don't want this," said the judge. "Well, you demanded of me to show everything that had been received and paid out during the year for that child. That dress is what has been received and you must look at it whether you want to or not."

It was a new way of filing an account and the judge hopes that some administrator who holds over some extensive rural estate will not follow the precedent and drive all the live stock and farming implements into his office every time an accounting is asked for.

DOUBLED UP HIS ASSESSMENT

AND H. S. HOLMES WILL NOT STAND FOR IT

Attorney Turnbull Says it was Not Legally and Cannot Enforce it

Attorney Turnbull, of Chelsea, was in the city Monday. Said he:

"I notice the papers have stated that H. S. Holmes, of Chelsea, has refused to pay his taxes and the village is going to sue him. There is a very good reason why he won't pay his taxes. He was assessed last year on \$15,000. This year they simply doubled the assessment on him." No report was made to the council, but the figures on the rolls were altered. He would not stand for this and I don't blame him. And I guess the village will not sue him. The raising of assessments has to be done legally and there ought to be enough brains in the government of Chelsea to know that they cannot enforce the payment of taxes after pursuing the method which was done in Mr. Holmes' case. There will not be any suit."

CHARLES KREUGER WAS ROBBED OF \$8 YESTERDAY

He Pegged Tommy Hession for the Job and the Latter is Under Arrest

Tommy Hession was arrested Monday on complaint of Charles Kreuger, who charges him with larceny from the person.

Hession denied to the officers that he was anywhere near the place when the robbery took place, but the officers pegged him for the job and he will have to stand trial.

WHERE IS THE CRAP GAME?

Twenty-Seven Razors Stolen Last Night

NOTHING ELSE TAKEN

Burglars Broke Into Deputy Sheriff Paul Schall's Shop Last Night

Must be that there is going to be a crap game soon. At least Paul Schall's barber shop was entered Monday night and 27 razors were stolen and the burglars didn't touch another thing.

Entrance was effected at the rear door on the east side of the building. First the screen door was pried open and then the same thing was tried on the closed door. When this would not give way the burglars smashed a window of the key which was on the inside and in the lock.

They then walked in and helped themselves to every razor in the shop. Although scissors and clippers were on the mirror stands these articles were left alone and no attempt was made to get into the money drawer.

The fact that Mr. Schall is a deputy sheriff makes the burglary all the more galling and the officers are hustling to apprehend someone with an overstock of razors.

Give them mercy in the form of Allen's Lung Balsam, a remedy for pulmonary trouble, so highly esteemed that it is recommended even in later stages of consumption. In the later stages mortal skill is unavailing. Nobody can afford to neglect a cold.

As a Food For the Skin.

To Make it Smooth, Healthy and Beautiful, Dr. Chase's Ointment is Hailed by Thousands of Fair Women.

Every woman, no matter how beautiful her skin, finds need at times of some preparation to overcome the redness and roughness, and to cure the pimples, blackheads and skin irritations.

Powders may cover up the disfiguring eruptions, but can never cure them, and are positively injurious because they clog up the pores of the skin. Dr. Chase's Ointment is a food for the skin. It is readily absorbed, and thoroughly cures each and every skin disease, making the skin smooth, soft and clear.

No woman's toilet is complete without Dr. Chase's Ointment, for besides being the most perfect skin beautifier obtainable it can be used in a score of different ways. It absolutely cures eczema, salt rheum and the itching to which women are especially subject. The ointment does not cause pain when applied, but soothes the sore or inflamed surface. It immediately stops itching of the skin when applied.

When the feet are sore and chafed with walking an application of Dr. Chase's Ointment takes out the smarting and allays the inflammation in a surprisingly short time. Then for burns, scalds and every sort of chafing, irritation or eruption of the skin Dr. Chase's Ointment affords a safe and certain cure. It has come to be indispensable in scores of thousands of homes in the United States. It does not cause pain when applied; so cents a box, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. 30 DAY SALE

KOCH'S

Big Store

Man came into our store the other day and said that he wanted to buy Furniture and Carpets.

Which pleased us very much,

Said that he supposed it was pretty good now.

We confessed that we didn't have to hire policemen to keep the crowds from falling over each other, and told him that we were willing to do a great deal to "ginger up" business and make things lively.

Said that we weren't so particular about getting big profits as we were about getting business.

And that if price had anything to do with putting Furniture-Buying Enthusiasm in people's blood, we'd make it low enough.

Which put a very wide smile on the man's face, because he was a money-saver, and liked to buy things cheap.

And being a wise man, he saw here a golden opportunity.

So he bought all that he needed, and didn't stint himself because he knew the chance would not be his forever.

And when he went away he was tickled all over, as men always are when they feel the jingle of "roubles" in their jeans, which have been judiciously saved.

To the Good Folks of Ann Arbor we want to say that our store is for every one. It's not a one man store.

Everybody can buy as cheap as the man did, and as much as he wants.

The Sale is For 30 Days, No Longer.

FOOT CUT OFF BY THE CARS

Bad Accident Happened at Chelsea Wednesday

UNLOADING SCHOONERS

Was the Cause of Patrick O'Brien Being Mangled Up Badly

Chelsea, Mich., Jan. 16.—Yesterday forenoon between 10 and 11 o'clock Patrick O'Brien, of New York city, and who is with the C. R. R. Co., who have been cutting ice near Ypsilanti, met with an accident opposite the passenger house here that fast him his right foot and otherwise bruised him up. The men came here with the road train Tuesday evening and O'Brien with some other parties repaired to one of the thirist parlors and began unloading schooners in the evening and at the opening hour yesterday morning he and his companions made a fresh start at the same old task and continued so doing until it was time for the way freight going east when they went to the station for the purpose of going to Ypsilanti to draw their money for the time they had put in cutting ice, but instead of going to the way car the men waited until the train was under way and then attempted to board it and in so doing O'Brien missed his hold and fell in such a manner that the cars run over his right foot and ankle badly mauling it and the left foot and his face was somewhat bruised, but not seriously. As soon as possibly after the accident the man was taken to the office of Dr. G. W. Palmer who, with Dr. H. W. Schmidt, amputated the injured foot and ankle and dressed the other wounds, so as to make the man as comfortable as possible. O'Brien has no relatives in this part of the country but claims to have a brother on the police force in New York City who will be notified of his condition. Tuesday Geo. Mergle, who lives south of this village, was engaged in drawing manure from his barns to the fields when his horses became frightened and ran away, throwing Mr. Mergle to the ground and breaking his left leg.

The Ladies' Aid society of the M. E. church will serve a calendar tea in the church dining rooms Friday evening, Jan. 31.

At the annual meeting of the N. W. F. M. F. Ins. Co., held here yesterday afternoon, the following officers were elected: President, John Clark, of Lyndon; secretary and treasurer, Geo. T. English, of Sylvan; directors, N. W. Laird, of Sylvan, and W. B. Collins, of Lyndon.

HAPPENINGS IN YPSILANTI TOWN

Mrs. Seabolt, a cousin of Mrs. Rachel Tuttle, who is spending the winter here, fell in stepping from a carriage and hurt her face badly last Saturday.

Miss Nettie Crittenden is home sick with inflammation of the liver, Dr. Hueston is attending her.

The infant child of Mrs. Mary Campbell has been quite sick but is now better.

The U. S. inspector of rural delivery boxes has been along this route, but farmers feel little inclination to buy new boxes. The Adrian firm, sanctioned by the government, want \$2 per box or \$1.60 for lots of six or more.

Andrew Fisher, living in the south part of town, fell on the ice Sunday and broke his arm. An old gentleman living with him had died and Fisher was on his way to his nearest neighbor's, George Thompson, to send a telephone.

Arthur Cross is under Dr. Hueston's care, having a tumorous swelling on his arm, caused by a strain.

Mr. and Mrs. David Campbell entertained a party of friends Thursday.

A little boy came to the home of Mr. and Mrs. A. L. Yeckley the 7th Inst.

Andrew Voorhees is very sick with the grip at his home in Detroit.

INSTALLATION OF G. A. R. OFFICERS

The newly-elected officers of Welch Post, G. A. R., were installed Tuesday evening by Past Commander W. R. Childs as installing officer. A very enjoyable program followed the installation. The Commander, James B. Saunders, made a strong address, encouraging the comrades to stand by the post. He said 19 years ago the post was organized with 36 charter members. Of that number Comrades Dean, Greene, Jackson, Clark, W. A. Campbell, Noll, Martin, Campion, Sessions, Irwin, Saunders, Clark, W. J. Greenman, Pistorius, Donahue, Davidson and Joe T. Jacobs were still with them, with 54 others, who have joined since that time. Thirteen charter members have crossed the dark river, while seven have withdrawn or dropped by the wayside.

Past Commander Robert Campbell read an interesting reminiscence, "Love in War," and Col. Dean told an interesting story in the same line. F.

D. Denny gave some very taking recitations; Willis Johnson and City Clerk Harkins sang, as well as Johnson's colored quartet. Long's orchestra also rendered music. They were all recalled a number of times. An elegant supper was served by the Woman's Relief Corps. The pleasant evening will not soon be forgotten by those present.

WORK ON THE HAWKS-ANGUS

The Hawks-Angus workmen were battling against frost and a raging cold wind Saturday in Jackson, says the Press of that city, though during the week the mild weather was of great advantage to the pushing of the works in the city to completion. At points along the line in the city where special work, such as curves and crossings were put in, great blocks of earth cemented with frost are piled on either side of the street, evidence of the difficulties overcome when people really in earnest are building a railroad.

An inspection of the line Saturday afternoon from the east city limits to the corner of East Main street and Milwaukee street proved an interesting experience. The subway under the Michigan Central belt line at the end of Chapin street is now complete. Trolley wires run under the bridge and are drawn tigt from the east and fastened to one of the bridge piles. Coming west down Chapin street the road proper is complete. At the Horton street crossing planking has been put in between, and at the immediate sides of the track, making an excellent crossing. At the other street crossing coming towards the city planks are piled at the corners, and when the weather is favorable plank crossings will be put in.

The "Y" at the corner of Milwaukee and Pearl streets was completed at dark Saturday evening. One track leading to the recently constructed car barn at the corner of Park avenue and Pearl is built and the excavations and curbe rails indicate that two others are in sight of completion.

The stringing of the trolley will be finished by Tuesday evening. The other work undone in the city will be accomplished by that time. It is only a question of a few days when Hawks-Angus cars will be in Jackson.

S. S. BLOOM IS UNDER ARREST

A complaint and warrant were issued this morning for the arrest of S. S. Bloom, charged with the embezzlement of \$65, the complainant being Victor Fink, the clothier.

It is alleged that Bloom went to Flint and declared that, being about to give up his business in Ann Arbor, he had a large stock, a portion of which he was anxious to dispose of to Fink. Fink agreed to take some. It is further alleged that Bloom then went to Burnham, Stoepel & Co., and stating that he was a nephew of Fink, secured goods to the amount of \$156. These he turned over to Fink himself, and, it is said, received in return a check for \$65. This was cashed at the German savings bank.—Detroit News.

CELEBRATED HIS 70TH BIRTHDAY

Wednesday J. Q. A. Sessions celebrated his 70th birthday and several of his neighbors helped him celebrate. He was brought to this county in a cradle 68 years ago, the youngest of eight children. The family settled in the woods three miles east of Whitmore Lake on 320 acres of land. His earliest recollections are that he saw Indians come to the house to swap berries for bread, heard the wolves howl in the night, and the building of the log school house on his father's farm. He assisted in organizing the Washtenaw County Pioneer society in 1871 and has been its secretary for 15 years, but was retired last year by his special request.

HOT TIME IN JUSTICE COURT

Bowen Didn't Like Brown's Stinging Argument

CALLED HIM A LIAR

And Hoag Didn't Like Sawyer's Bouquets a Bit Better

There was a hot time in Justice Gibson's court Tuesday when the Cox vs. Binder trial was being argued.

Attorney Arthur Brown took occasion to throw some of his choicest hooks into William Henry Bowen, who was a witness against Brown's client. Brown was addressing the jury and Bowen stood the roasting as long as he could.

"You're a liar," he shouted, "and if I had you out in the back room for about five minutes, I'd —"

Just what Bowen would do in that five minutes was lost by the rapping of Justice Gibson for order in the court. "I guess you are not dangerous," said Brown, and he continued sawing wood as if nothing had happened.

Then came Mr. Sawyer's turn at the fun. A man named Hoag had testified against Sawyer's client and he took occasion to tell the jury what he thought of him.

Hoag didn't like the bouquets any more than did Bowen and he interrupted the argument to tell Sawyer so.

Altogether it was the liveliest vaudeville performance that Justice Gibson has had on his stage in a return time and if he can only get a some engagement he would be certain of a packed house consisting of an appreciative crowd.

TO IMPROVE S. S. TEACHING

A SIX MONTHS PROGRAM IS ARRANGED

Sunday School Union is Aroused to Needs of Better Pedagogical Methods

Are you a Sunday school worker or teacher? If you are you will be interested in the following six months' program as given by the Primary Union.

The Sunday school lesson for the coming Sunday will be taught each week, usually by teachers of the city, but occasionally by skilled teachers from outside the city. Miss Sara Whedon, of the High School, will give a most interesting course in Bible study in the New Testament. Miss Whedon has given this course with the greatest success in her own church for two years. This fact, together with Miss Whedon's well known ability and skill as a teacher, makes this a most desirable feature of the program.

A third and important part will be a review of some of the best books on teaching and reports on the same. The first book to be reviewed will be "Trumbull's Teaching and Teachers," a book highly recommended to us by Prof. A. S. Whitney, of the University, in one of his talks before the Union.

The need of better pedagogical methods in Sunday school work is one of its most crying needs. The Union has aroused a vital interest along this line and proposes to increase this interest by a study of the best books on the subject and lectures from those who speak with authority.

This week's program—Presentation of next Sunday's lesson by Prof. Coler; first lesson in Bible study by Miss Sara Whedon; a review of the opening chapters of Trumbull on "Teaching and Teachers" by Mrs. Kingsbury. Place, Newberry hall. Time, 4 o'clock Thursday afternoon.
