

HE WANTED TO BE SAVED FROM THE ANATOMICAL VAT

Edgar Warren Wrote a Pathetic Letter to Attorney John Lawrence and Then Committed Suicide By Taking Poison

Edgar Warren, one of the best known horsemen of southern Michigan, committed suicide some time during Wednesday by taking carbolic acid in his rooms over Kenny's plumbing shop.

He had informed his landlady that he intended going to Strawberry lake, but it was intimated yesterday that his doors were locked and the keys were left inside. As nobody had seen him leave his rooms, suspicion became aroused and at 5 o'clock officer Freilick broke into the rear door and the truth was soon learned. Warren was lying dead upon his bed. On the table was a bottle partially emptied and it was later found to contain carbolic acid.

An open note was also lying on the table, it was neither dated nor signed, but read as follows: "This pain and suffering is more than I can bear. To those who have befriended and assisted me in my troubles I return them many thanks; if they could imagine one-half of what I have suffered for the past few years they would forgive me."

There was also a sealed letter addressed to John F. Lawrence. Mr. Lawrence, had befriended Ed Warren in many ways and during many years and he naturally looked to the attorney to perform the last service for him for which he could be called. The letter was very pathetic and showed that the suicide evidently feared that, being without an estate, his body might lie sent to the anatomical laboratory of the University. The letter read as follows:

"My dear friend John—I cannot endure my troubles any longer. I wish to thank you for the many favors you have shown me. I think you would not blame me if

you would know what my suffering has been. I hope you may find like not lertini; them in me in the vat. Good-bye, John; may God bless you and yours."

Warren had been ailing for some time, and, knowing that the future had nothing bright for him, he became despondent.

The deceased was well known in this city and county among hunters, fishermen and horsemen. For many years he was one of the best known fishermen of Strawberry lake. He was the son of William Warren and born in Platteburg, N. Y., in 1854. He received an academic education, and in 1880 went to California, where he obtained a situation as clerk on the steamer John Mackinac, the second steamer that ever pilled between Sacramento and San Francisco. He was also a clerk on the Gold Hunter, but 1864 he settled in Franklin county, X. Y., and during the rebellion he was a bookkeeper in Washington, D. C. He resided some time in Ypsilanti, where he dealt extensively in horses and cattle. In 1873, he was appointed turnkey of the Washk-naw county jail. He retained the position until 1881.

While in California he became impressed with the idea of settling in Mexico. He went to Sonora, Mexico, where he located upon some valuable land. He was driven from this by bandits and was kept away from his property. He asked the United States to take up his case against Mexico and presented a claim of \$100,000 against that government about eight years ago. Attorney Lawrence succeeded in getting \$1,000 for him from Mexico in settlement. He was also considered one of the best conditioners of horses in this section of the country. An inquest will be held on Friday.

POSSESSED BY AN EVIL SPIRIT

Milan Man Thus Charged His Wife in Court

HE OFFERED TO PRAY

A Peculiar Scene Enacted in Judge Kinne's Divorce Court Today

"My wife is a noble woman, and I have nothing but love for her," declared Thomas Richards, of Milan, in the circuit court Tuesday morning in one breath.

Ami then a moment after he arose from his seat and declared excitedly: "But she is possessed of an evil spirit and if you will let me I will kneel right down here and pray God that she may be delivered of it."

But Judge Kinne's court was not enlightened by this kind of a scene.

The case was a divorce suit in which Mrs. Richards charged her husband with acts of cruelty. She was 45 when she married him and he was 50. She is now 46 and he is 74. It was another case of May and December. Their temperaments were incompatible and after seventeen years of married life their troubles set into the divorce court.

She claimed that she had to support the family table by raising chickens and selling milk. She also claimed that she was obliged to do a hired man's work on the place and that he would furnish her with money to buy clothes. She said he was quarrelsome.

Air Richards acknowledged that he was worth about \$7,000, but denied that he had been cruel. He said that they had not spoken to each other since last June. He said she was quarrelsome.

"If we spoke it would be to quarrel and I didn't want it. I'd like to live together," Richards and his wife were fighting," he declared.

The parties lived in the same house until their 14 year old boy was used as the means of conversing any conversation between them.

After the testimony was in, Judge Kinne told the attorneys that it was no use of the parties trying to live together. "And I don't think Christianly admits of anything but a separation," he said. "Mr. Richards says she is possessed of an evil spirit. He believes it. And she cannot live with him when he entertains that feeling. I think she is a good woman and he a good man. But they should not be compelled to live together."

The court then asked the lawyers to appear upon a division of the property. They came to this agreement, but

the case was held open until Friday so that the titles to the properties could be looked up. On Friday the divorce will be granted.

HORSE BOARD HAS GONE UP

Another Judicious Combination Has Been Formed

THE LIVERYMEN MET

Will Cost \$15 a Month Instead of \$13 to Board a Horse Hereafter

The price of everything is soaring upward.

The latest is the price of horse board has gone up. The liverymen of the city meet Tuesday and decided that, owing to the rise in the price of hay, grain and bedding, they must make a corresponding rise in the price of horse board.

Heretofore they have charged \$13 per month for the care of a horse and carriage. Commencing on April 1 they will charge \$15 per month. This will include the care of the carriage, the storage of the sleigh during the summer season and the storage of the carriage (Hiring the winter season. It will not include the sending of a driver with the rig.

Said one of the liverymen: "We are now paying 15 cents for oats while last year we bought them for from 25 to 30 cents a bushel. Hay last year cost us \$5 and \$8 a ton. Now we have to pay \$8 and \$10 a ton."

Ten thousand demons gnawing away at one's vitals couldn't lie much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

UNITARIANISM RECEIVED BUMPS

REV. T. W. YOUNG OPENED UP THE DISCUSSION

At the Meeting of the Baptist Ministers in Detroit Yesterday

Unitarians and transcendentalists received bumps at the meeting of the Baptist ministers in Detroit Tuesday. Following the reading of a paper on "The New England Renaissance," by Rev. T. W. Young, of this city.

Rev. Young said that in the revolt from the old Unitarian ideas and doctrines, many of the private churches of Boston passed over to the Unitarians. He said that there has been a Unitarian church built in Boston 40 years, while many owned by that denomination have passed into other hands.

Unitarianism and transcendentalism have been tremendous failures," said Rev. K. I. Tuller, of the First Baptist church of Detroit. "Edward Everett Hale is the only great man left to Unitarianism, and when he is gone Unitarianism is gone, and I am inclined to think gone forever."

Another minister said that if Lyman Beecher could rise from his grave, he'd be greatly encouraged at the waning power of Unitarianism in Boston. "Once 20 years ago. He repeated, the sentiment that it was practically gone in Boston, having more influence in other sections of the country. He had heard that the Baptists now lead in Boston, and thanked God that he wasn't dead in the city of churches."

FOR BREACH OF PROMISE

Mrs. Mattie Newman Started a Suit Today

WANTS \$20,000 DAMAGES

Defendant is Charles F. Kayser—The Case will be Extremely Racy

Mrs. Mattie Newman, who has been conducting the Newman hotel for some time past, yesterday commenced a suit for breach of promise against Charles F. Kayser, the well known cigar manufacturer and owner of the hotel property.

She asks for \$20,000 damages and has employed Cavanaugh & Wedemeyer and A. J. Sawyer & Son lawyers.

The suit was commenced by subpoena and hence the full details of her claims are not given as yet, but both sides do not hesitate to tell something of the case.

The plaintiff, who is a middle aged widow, claims that she and Kayser became affectionate in 1884 and seven years ago she promised to marry him. She has been putting it off and postponing it from time to time. She claims that they became acquainted in September, 1895, and that the first date for a "Wedding" was placed for Christmas of that year.

Mr. Kayser was seen about the matter. "I miss they cannot advertise me any more than they have done," he said philosophically. "It's simply a case to set money and I would not give her a hundred dollars to settle the case. Fight it? You bet I'll fight it, if it takes every dollar I have got. I never promised to marry her or gave her any reason to suppose that I would."

The present suit, is the sequel to a little episode that happened, on the public street about a week ago, after Mr. Kayser had taken his belongings and left the hotel. Mrs. Newman met him on the street and attacked him and succeeded in knocking his hat off. At the same time she charged him with deserting her.

Both sides fell of some details which guarantee that the case will be the raciest that ever was tried in the Washtenaw Circuit court.

THE THRESHERS FORM UNION

About 60 Were in Attendance Tuesday

OFFICERS WERE ELECTED

The Schedule for Threshing Rates Has Not Yet Been Fixed

The threshermen of Washtenaw county organized a union Tuesday in this city with three objects in view. 1st to secure favorable legislation for good roads, safe bridges, a lien on grain threshed, 2d to secure cooperation in insurance; 3d to fix and maintain reasonable prices for threshing.

A lodge was organized known as Washtenaw Lodge No. 251 of the Threshers' National Protective Association, to meet at 1 o'clock on the last Saturday of each month in this city. All the threshers have joined the lodge and these are practically all the threshermen in the county.

The following officers were elected yesterday: President, Gottlieb C. Maun, of Bridgeport; vice president, Peter Gorman, of Chelsea; secretary, James Hanly, jr., of Detroit; treasurer, Chas. E. Baul, of Lincoln; chairman, John Steinbach, of Chelsea; chaplain, William Spruiell; of Whitmore Lake; trustees, John G. Wagon, of Saline, and Burnett Steinbach, of Oshkosh; inner guard, George Eaton, of Ann Arbor; outer guard, Fred E. Stein, of Ann Arbor.

L. I. Parker, the veteran subscription solicitor for the American Thresherman, installed the officers and Messrs. Mills and Parkers, who have been instrumental in organizing the lodge were present.

Daniel Reeves and Fred Cross of Saline were appointed a committee to secure a lodge room. James Hanby, jr., of Dixboro was appointed county deputy.

The following sub-business, or township committee, was appointed: John Breitenbach, Lyndon, Henry Van Akou, Salem, John Huttenan, Superior, Henry James, Ypsilanti, F. P. Steinbach, John Srenbach, Lima, I. Steinbach, Sylvan, V. F. Treat, Sharon, B. I. Schneider, Freedom, William Markell, Ludl. John Sutherland, Pittsfield, Paul Wheeler, Pork, Herman Oross, Saline, Fred Butler, Manchester.

The association is on good terms with the various manufacturers of threshing machinery who recognize the demoralized state in which the threshing industry has been. The schedule of rates for threshing has not yet been fixed.

WILL NOT HOLD AN INQUEST

AS TO THE CAUSE OF THE DEATH OF WM. PAQUETTE

Coroner Watts Says That it Would be a Needless Expense to the County

Coroner Watts telephoned the Jurors summoned for the inquest on the death of William Paquette to the effect that the inquest had been canceled.

"I was under a misapprehension as to the circumstances," said Mr. Watts. "Last Sunday a telephone message came from Dexter asking for the coroner and undertaker. Deputy Sheriff Kelsey was in Dexter and I telephoned him to get six good men together and thus save time in getting a jury. I had received no intimation but that William Paquette was found dead. I have since learned that he was under the care of a physician for five hours and that he died in the presence of the physician. I have made up my mind that an inquest is a needless expense, as the doctor can certify as to the cause of the death and hence have dismissed the case."

EACH GOT OUT AN INJUNCTION

Alliari E. Reynolds and James V. Reid, 1117 State street billiard men, are in a peck of trouble. Each seems afraid the other is going to get the best of a dissolution of partnership. Reynolds chalked up his cue and made a carom into the circuit court with a bill of complaint, and secured an Injunction restraining Reid from disposing of the property. Then Reid made a follow shot and tiled a cross bill and got out a like injunction against Reynolds.

A WOMAN'S PRAYER.

It is notable that in the despondency caused by womanly diseases, there seems to many a suffering woman no way of escape from pain except at the price of life itself. It would be sad to record such a story of struggle and suffering except for the fact that in such dire distress many a woman has found a way back to health and happiness by the use of Dr. Pierce's Favorite Prescription.

This great remedy for womanly ills has well been called "A god-send to weak and sick women." It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong and sick women well.

"Your medicine almost raised me from the dead," writes Mrs. Edwin H. Gardner, of Egypt, Plymouth Co., Mass., Box 14. "My urine was like brick dust, and I had pain all over me and such a dragging feeling it seemed I could not do my house work. I had to sit down to wash the dishes, even. In the year 1897 I was so sick I did not care to live and prayed many times that God would take me. One day I found a little book. I read it and wrote to Dr. Pierce, and in a few days received an answer. I decided to try his medicine, and to-day I am a well woman. I have no backache, no headache, no pain at all. I used always to have headaches previously to the monthly period and such pain that I would roll on the floor in agony. I took three bottles of Dr. Pierce's Favorite Prescription and three of Golden Medical Discovery, and three vials of Dr. Pierce's Pleasant Pellets, and was completely cured."

Accept no substitute for "Favorite Prescription." There is nothing just as good. Dr. Pierce's Common Sense Medical Adviser—sent free on receipt of stamps to cover expense of mailing only. Send 21 one-cent stamps for the book in paper covers; or 31 stamps for the cloth bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

ICE COMPANIES CONSOLIDATE

AND "THE CITY ICE COMPANY" HAS BEEN FORMED

Plants of E. V. Hangsterfer and That of Rash & Smith Have Been United

One of the latest business ventures in this city is "The City Ice Company," which is formed by the consolidation of the two old and established ice plants of K. V. Hangsterfer and Rash & Smith. The consolidation and organization of the new company was effected by Fred H. Kelsler, Chas. A. Ward and James it. Bach and the stock is all held by business men and capitalists of this city.

The company acquires from the former owners extensive ice houses and lands and a complete plant for harvesting, storing and distributing ice. The object of this consolidation is not to raise the price of ice (which will remain the same as before) but to give better service to the consumer at a reduced cost to the owners. (has. Rash, an experienced ice man, will be the superintendent of the new company, which insures that the interests of both stockholders and consumers will be carefully looked after. The company starts out with ample capital and no effort will be spared to give the very best service to the public and the company solicits the patronage of all who desire good ice and efficient service.

SHOULD CEASE BOY'S PLAY

And Secure the Improvement—Aldermen Should Unite For City's Interest

Ann Arbor's opportunity for securing grade separation has not slipped away.

This, however, is not due to any alacrity on the part of the city fathers to take advantage of the opportunity.

Daily the big papers are filled with accounts of lives lost or persons maimed while crossing railroad tracks. Thousands of homes are annually filled with sorrow and thousands of crippled men are living examples of the toll of grade crossings.

At any hour a horrible grade crossing accident may occur in Ann Arbor. Two great wards of the city are practically cut off from the business portion of the city, the churches and places of public gathering by running tracks of loss of life or limb. A large section of our country trade is similarly cut off. The approach of trains cannot be seen and adequately guarded against.

Grade crossings can now be obtained without much expense on the city.

The aldermen should not divide into parties friendly to one street railroad or another street railroad. They should all unite for the city and give Ann Arbor the grade separation that common humanity demands.

Dr. Wood's Norway Pine Syrup seems especially adapted to the needs of children. Pleasant to take; soothing in its influence, it is the remedy of all remedies for every form of **throat and lung disease.**

FARRINGTON GOES TO PRISON

Efforts for His Pardon Are Withdrawn

NO EXPLANATION

Probably That His Attorneys Feel Confident of a New Trial and Acquittal

Monday morning Bert Farrington the Milan man who was convicted of manslaughter, was taken to the state prison at Jackson, to commence his three years sentence.

According to Attorney Seth C. Randall, who has had business relations with Farrington, the Milan man will not secure a pardon.

"Why not?" he was asked. "The petition for his pardon has been withdrawn. I signed it as well as did a large number of others," was the answer.

"What was the reason for withdrawing it?"

"That is something that they do not care to make public and I cannot explain it to you."

It is probable, however, that the attorneys for Sir Farrington feel confident of securing a new trial in a short time and that Farrington prefers a short term of imprisonment with the hope of an acquittal on the second trial to a pardon with the stigma of "guilty" attached to his name for life.

MAKING MONEY IN PRISON.

A remarkable example of canning has been exhibited in one of our large prisons. A convict had perfected a method of making silver dollars, and distributing them through accomplices on the outside. Naturally the officials were very much surprised at the discovery, but no more so than the person who received a counterfeit article in place of the genuine. It is therefore very important when you ask for Hostetter's Stomach Bitters to see that the Private Stamp over the neck is unbroken, if you value your health. For fifty years the Bitters has been recognized as the best health maker in existence, and if you are a sufferer from indigestion, dyspepsia, constipation, flatulency or nervousness, it is because you have never tried it. Try it at once.

She was the Former Well Known Stenographer—Remains to be Brought North

The sad news received from Nashville, Tenn., Friday of the death of Mrs. Carolyn Gates, wife of William M. Gates, of this city.

Mrs. Gates was a stenographer for some time in this city, having rooms in the Lawrence block. A couple of months ago she went to Nashville, Tenn., for a rest.

Three days ago she was enjoying a buggy ride, when the horses suddenly became frightened and she was thrown out. Injuries were sustained and peritonitis set in, causing her death this morning.

The body was shipped north last evening and the interment will probably take place in South Lyon, her former home.

A LOVEJOTRY

Which Did Not End With Wedding Chimes.

This is a modern love story, only possible in these times of broad education and high ideals. A young woman was left alone in the world by the death of her parents, both of whom were victims of consumption. She was amiable, beautiful and had many suitors, one of whom was the man she would have chosen above all others as her husband. But she brooded over the thought that she probably inherited from her parents the fatal disease—consumption. If she married she would, she reasoned, be perpetuating this disease in the children who might be given her, and so she resolved never to marry, turned away from the man she loved and disappeared from society to give herself up to nursing

and continued until I had taken twelve bottles. Now I do not look like nor feel like the same man as I was a year ago. People were astonished and said they did not think that I could live. I can thankfully say that I am entirely cured of a disease from which, had it not been for your wonderful "Discovery," I would have died.

What Dr. Pierce's Golden Medical Discovery did for Mr. Reed it has done for thousands of men and women who suffered as he did. There are strong men to-day who were once weak, emaciated, with scarce any hold on life. They were made strong by "Golden Medical Discovery." There are glad wives and happy mothers to-day, radiant with health, who were once coughing their lives away and were incapable of any enjoyment in life. They were cured by the use of Dr. Pierce's Golden Medical Discovery.

"I want to say a word in favor of your grand medicine," writes Mrs. Priscilla Small, of Leechburg, Armstrong Co., Pa. "About three years ago I was taken with a bad cough; had night-sweats; would take coughing spells and have to sit up in bed at night for an hour at a time. When I would walk up hill I could hardly breathe; would get all stopped up in my throat. I saw the advertisement of Dr. Pierce's Golden Medical Discovery, and decided to try it. I took three bottles, which cured me. Whenever people tell me they are sick I say to them, 'Why don't you get Dr. Pierce's medicine?' It cured me and will cure others."

MAKE A TRIAL.

If your lungs are weak, if you are suffering from bronchitis, obstinate cough, bleeding lungs, night-sweats or emaciation, give Dr. Pierce's Golden Medical Discovery a fair trial. It always

helps. It almost always cures. It took twelve bottles to cure Mr. Reed, but note how he got faith in the possibility of a cure by the use of "Golden Medical Discovery."

"The first bottle I took did me so much good that I had faith in it, and continued until I had taken twelve bottles." That's generally the way. One or two bottles of "Golden Medical Discovery" give an appreciable gain in health so that the sick person is encouraged to persevere until a permanent cure is accomplished. Of course, some are slower than others in responding to the remedy. It must be expected that the smaller the spark of vitality the longer it will take to fan it into a flame. But for the comfort of everyone suffering from weak lungs or other diseases of the organs of respiration, it may be stated that no matter how bad the disease the record shows that in ninety-eight cases out of every hundred Dr. Pierce's Golden Medical Discovery has effected a perfect and permanent cure. Give it a fair and faithful trial and it will cure you, too; unless you are one of those two in every hundred who can only be helped and not completely cured.

Keep the bowels healthy by the timely use of Dr. Pierce's Pleasant Pellets. Don't be fooled in treating a substance for a shadow. Any substitute offered as "just as good" as "Golden Medical Discovery" is a shadow of that medicine. There are cures behind every claim made for the "Discovery," which no "just as good" medicine can show.

YOUNG BRIDE LEFT BEHIND

Marie Maulbetsch, of this city, Recently Married

TO A DETROIT MAN

Now He Has Skipped to Chicago and She Has Followed Him

Detroit Tribune: A broken-hearted wife was Marie Leyton when she bought Mayor Maybury yesterday afternoon and requested his assistance to secure her transportation to Chicago, whither, she said, her husband had fled from her on the 12:40 p. m. Michigan Central express.

About six months ago Marie Maulbetsch, who is only 15 years old, left her home in Ann Arbor against her parents' wishes and went to Windsor, where she and William Leykauf were made man and wife.

As she told her story to the mayor the tears rolled down her pretty face. She refused to believe that he had deserted her. Mayor Maybury reported the case to the police and had them wire the Chicago police to apprehend Leykauf on his arrival in that city. Later he secured transportation for Marie, who left last night for Chicago.

A PASIOR SAVED BY PE-RU-NA. BY AN EMPEROR

Rev. H. StraVwroll, of Elkhorn, Wis., is pastor of the Evangelical Lutheran St. John's Church of that place. Rev. Stubenvoll is the possessor of two bibles presented to him by Emperor William of Germany. Upon the fly leaf of one of the bibles the Emperor has written in his own handwriting a text.

This honored pastor in a recent letter to the Peruna Medicine Co., of Celimbuss, O., says concerning their famous catarrh remedy, Peruna:

The Peruna Medicine Co., Columbus, O.:

Gentlemen: "I had hemorrhages of the lungs for a long time, and all despaired of me. I took Peruna and was cured. It gave me strength and courage, and made healthy, pure blood. It increased my weight, gave me a healthy color, and I feel well. It is the best medicine in the world. If everyone kept Peruna in the house it would save many from death every year."

Yours very truly, REV. H. STUBENVOLL.

Thousands of people have catarrh who would be surprised to know it, because it has been called some other name than catarrh. The fact is, catarrh is catarrh wherever located; and another fact which is of equally great importance, is that Peruna cures catarrh wherever located.

Catarrh is an American disease. Fully one-half of the people are afflicted more or less with it in some form. Previous to the discovery of Peruna, catarrh was considered well nigh incurable. Since

the introduction of Peruna to the medical profession thousands of cases are cured annually.

Mr. W. D. Smith, a well-known grocer of Port Huron, Mich., writes:

"By following your instructions and taking Peruna and Manalin I am cured of catarrh. I had catarrh for twelve years and quite a bad cough so I could not sleep nights. I do not have any cough now, and if I feel anything in the throat I take a swallow of Peruna and I am alright."—W. D. Smith.

Suffered Fifteen Tears.

C. F. Gerding, Milburn, Neb., writes: "I contracted a heavy cold about fifteen years ago and tried all kinds of patent medicines and drugs recommended for a cold or heavy cough, but found none to help me until I commenced using Peruna. My age is seventy-eight years, and I am better now than I have been for years. I still keep using your great medicine, and am still improving in health. I recommend it to all sufferers with coughs and colds."—C. F. Gerding.

Peruna, The Greatest Remedy Known For Catarrh.

Mr. Chas. H. Stevens, 97 Seventeenth Street, Detroit, Mich., writes: "It affords me great pleasure to testify to the merit of Peruna as a remedy for catarrh. I suffered for some time with chronic nasal catarrh, but after five months' treatment during which time I used seven bottles of Peruna I am pleased to say that I am entirely well, there being not the slightest trace of the catarrh left. Peruna is without doubt the greatest remedy known for catarrh."—Chas. H. Stevens.

"I am near sixty-eight years of age, and have from childhood been afflicted with catarrh in the head, and, for the past four or five years been much afflicted with it in my eyes; they being watery, would materate a good deal, and stick together in the night. My condition was so fully described in your Almanac that I decided to try Peruna.

"I am thankful to say that I now consider myself entirely free from catarrh, and only use Peruna occasionally now as a tonic. Accept my sincere thanks for your personal interest in my case.

"My son, 21 years of age, has been using Peruna for a number of weeks for catarrh in the head and has obtained great relief."—Elbert S. Richards.

"I have been connected with the Chicago Police Department for the past twenty-eight years. I can cheerfully recommend Peruna to anyone suffering from catarrh."—Andrew Barrett.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Postmaster Edwards is Hot Under the Collar

TO FIGHT HANK SMITH

Says That He was Given Promises and Don't Like the Hinky-Dink

Jackson, Mich., March 24.—Henry E. Edwards, the Jackson postmaster to be succeeded by Dr. O. J. R. Banna, Saturday gave out a statement attacking Congressman Henry C. Smith. Edward! says that, in consideration of the help he gave Smith in his campaign in the fall of 1900, Smith agreed to keep Edwards in the postmaster-ship until December, 1902!

"Further than that," says Edwards, "Smith informed me that he had entered into an arrangement with Chas. E. Towisend at the time he was nominated, promising that, if the Jackson county delegation would vote for him, he would not be a candidate for a third term."

During the session of the last legislature, Edwards states, Smith was anxious to get rid of Jackson county and have it placed in some other district, to relieve himself of keeping his promise to Townsend. Edwards says Smith engaged his influence to this end and promised him the postoffice permanently, as a consideration. The legislature did not change the district.

Edwards says he did not set his friends to work to hold the office, because he rested upon Mr. Smith's assurances. He has been postmaster since February, 1898.

FARRINGTON LOVES HIS WIFE

His Brother Intercepted a Letter From Him

TO FAITHLESS WIFE

It was Because of This Letter That Efforts for Pardon Have Been Given Up

Adrian, Mich., March 25.—Sheriff Shepherd took James B. Farrington to Jackson Monday morning to begin his three-year term for killing Jesse Hooker, the man who ruined his home. William J. Savage, overcoat kleptomaniac, went along also to begin a five-year sentence.

As the result of a discovery made Monday, Bert Farrington left this city to serve out his sentence with practically no hope of securing a pardon, his fatal love for the woman who, in her own ruin caused that of her husband as well, is the cause of the hopelessness of Farrington's case, and has estranged him from his friends and even his relatives, who have worked in his behalf, without ceasing, ever since the committing of the crime for which he was convicted.

Ever since the trial Farrington's friends have insisted that he break off once and for all his relations with the woman who, as Jesse Hooker's paramour, wrecked his home, and drove him to desperation, and the slaughter of Hooker at the latter's home in this city. He has promised, but has failed to keep that promise, and when Ed Farrington, the prisoner's brother, found out yesterday that Bert had written a letter to Mrs. Farrington, he threw up his hands and said he would have nothing more to do with the attempt to secure the pardon.

The letter, which was intercepted, had been entrusted to an ignorant employe of Farrington's meat market at Milan. It was for his wife from "Bert."

Ed Farrington, holding the letter in his hand, said that he had been most sanguine of securing the pardon within 30 days. Now he refuses to do anything more for him. Sentiment here has changed very much since the above facts began to leak, and it is very doubtful if many signers could be secured to a petition for Farrington's release.

To a correspondent Ed. Farrington said as he was boarding a train for Milan:

"Yes, I discovered a letter Bert tried to smuggle to his wife last Thursday. It was given to a man who works in the meat market, and who cannot read. Bert gave it to him on the day (if his sentence at the jail).

"This man took the letter home to his wife to read, and it fell into my hands. I dumped it, and it 'damped' all the letters and who had stood by him. I walked to the footlights and bared my breast.

"I at once recalled all the petitions I had placed in the hands of influential men in the interest of a pardon, and I could reason in no other way than that the two years a half at Jackson would keep my brother away from his miserable wife, and the dirty crowd she trains with—ami for the sake should serve out his term.

"He WMS bitter against me at first, but today, as I left him at the prison, he handed me his watch and other valuables and said, 'Perhaps you are right.' He admitted to me that the letter was written by him."

YOUNG MAN DIED VERY SUDDENLY

"SPOT" PAQUETTE, OF THIS CITY, MET A SAD END

Passed Away in Dexter—Coroner Watts will Hold an Inquest Wednesday

William Paquette, the barber, who was generally known about the city under the name of "SIKH IK-kei," died suddenly in Dexter Sunday from alcoholism.

"Spot" was one of the best known young men in the city. His only enemy was himself. Up to last, fail he had gone along the straight and narrow path for nearly five years. He had picked himself out of the gutter by sheer force of his own resolutions. Daring that time he was industrious and had received the encouragement and helping hand from "I who knew of his frailty. He had secured a good position and ultimately obtained an interest in one of the best, shops in the city. His business future looked bright, but the circumstances surrounding his death Sunday make his end extremely sad.

He had but one fault or rather weakness, and he was more to be pitied than blamed. He leaves many friends who will follow the body to the grave with sincere regret at his untimely and sad end.

The funeral was held Wednesday at 10 o'clock at St. Thomas' Catholic church.

Sixty years of cures and such testimony as the above have taught us what Ayer's Cherry Pectoral will do.

We know it's the greatest cough remedy ever made. And you will say so, too, after you try it. There's cure in every drop.

DIVORCES INCREASING

Sad Showing Being Made in Michigan

WASHTENAW'S RECORD

Not so Bad as in Many Other Counties, But 122 Cases Were Pending Here in 1901

The number of divorces pending in Washtenaw county Jan. 1, 1901, according to the Michigan Monthly Bulletin just issued, was 122. In St. Clair county there were 17 divorces pending, in Leniuewe 105, in Wexford 14, in 406, etc, so that it may be seen that there is not as much domestic untappiness here as in many other counties. In the entire state on Jan. 1, 1801, there were 557 divorces pending. This is 460 more than were pending on Jan. 1, 1900; 698 more than in 1899, and 1,382 more than in 1898, so that it will be seen that the unsettled divorce cases are increasing.

In the year 1898, 71 bills for divorce were filed in Washtenaw county, 40 divorces were granted, 2 were refused, 6 cases were withdrawn, 68 bills were pending Dec. 31, 1901. The total cases in the county court during the year was 77, of which only 17 were contested.

In Michigan during the year 1901, 1,100 divorces were granted and 4,000 refused. This is an increase in the number of divorces granted of 488 over 1898 and 61 over 1899, but a decrease of 11 over 1900.

The total number of divorce cases pending in the Michigan courts during 1901, was 7,100, an increase of 750 over 1900, 1,080 over 1899 and 2,255 over 1896. The rapid increase in divorces in the state is truly alarming.

EXPERIMENTS WITH A 500 FOOT RAIL

A continuous steel rail 500 feet long is being experimented with on the Michigan Central. Because of lie it expansion ami cold contraction, experts long ago pronounced the continuous rail a failure. In view of the almost solid sentiment against the "continuous" the Michigan Central experiments will be watched closely. To secure the unusual length 30-foot rails are placed end to end with 110 allowance for expansion, and the splices are screwed tightly with machine-made bolts. This arrangement gives a practically continuous rail for 500 feet, or as much longer as desired. The experiment is made for expansion and contraction. This is accomplished by placing especially designed slip joints over the places where the shorter rails meet. Thssu cover openings of fidkn two to four inches. Inn the slip does not allow the wheels of the cars to drop into the hole.

WAS FRIGHTENED OUT OF HIS WITS

YOUNG FRENCH - CANADIAN ANSWERS AN ANN ARBOR AD

When Stopped by the Inspector of Detroit He Thought He was Going to be Murdered

An Ann Arbor tailor advertised in a Toronto paper for a beeper and Edward Lavallee, of that city, agreed to come for \$7 a week.

Lavallee is a simple French-Canadian and knew nothing of the United States immigration laws as to contract labor. When the inspector at Detroit examined him, he found letters showing that he was going to work for the Ann Arbor tailor on a contract. The boy frankly answered all the questions of the inspectors asked through an interpreter. The officials decided that he must go back to Canada under the contract law laws, and lie was taken to the Windsor ferry.

There he fell upon his knees and, counting his rosary beads, prayed that his life to pass. He offered bribe money for his life, and begged for mercy. He shouted that he was being murdered. Dr. Sprajue of the Marine hospital was called and sent the youth to Emergency hospital. It was the belief that he had Kono raving mad, but he soon became convinced that he had not fallen among thieves and was later discharged, but the Ann Arbor tailor will not get his service.

Imulsion of cod-liver oil when you really need Scott's Emulsion.

Scott's Emulsion costs more to buy because it costs more to make.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. BLOOD POISON. On account of its terrible effects, blood disease is called the King of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrophula, Kezema, rheumatic pains, stiff or swollen joints, thickness of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, disordered stomach, and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of old fogy treatment—Beware of mineral poisons—Beware of Quacks and Fake—DR. KENNEDY'S NEW METHOD TREATMENT is guaranteed to cure this disease, either to return. Bank Bonds will protect you. Our treatment is potent in any way, but reaches the very root of the trouble and eliminates all poison from the system. The symptoms of disease gradually disappear.
