NOTES EDITORIAL.

Hogan, an aeronaut of Jackson, made a balloon ascension last Tuesday, at Greenville, for the purpose of drawing a crowd to the greenback convention, and got his ribs cracked to pay for it. A warning. The sea bathers and the fishermen near New York and along the coast have been visited by immense schools of man eating sharks, and they are very careful about exposing their precious bodies as bait to the water wolves. The Weekly Capital and the Evening Times, of Columbus, Ohio, formerly democratic papers, have taken down the names of Hancock and English and will hereafter support Garfield and Arthur. The democrats are now left without a paper in that city. "George Eliot"—Marian Evans,—the novelist, who lived with Mr. Lewes for many years without being married to him, is termed "centric" or "querc" for such a deed, but let a woman of less genius or wealth do the same thing and she would be ostracized from all society. There is a difference between twicedum and twicetwo. The same old story that is being circulated among democrats which has been told before every presidential election since the writer can remember, and that is "it looks as if Michigan would go democratic this fall." Those who know anything about the facts of the case know that there is no more possibility of such a result than there is of a display of loyalty by the southern wing of the democratic party. We had always supposed that Gen. Meade was the commander of the army of the Potomac during the great battle of Gettysburg, but alas, for the misguided truths of history! It was not Gen. Meade at all who won that memorable battle. It was Gen. Hancock. Will historians please change this statement, and school text books please announce the new deal? Meade was merely a spectator, an on-looker, as it were. The Detroit Free Press, a sheet which misrepresents the decency of its party, in its issue of the 7th contains a dirty play on a recent republican candidate for governor and his friends. It is a sample specimen from its columns which have always been devoted to the defense and restoration to power of a gang of thieves who have been plundering the people of the state for thirty years. Praise from such a source would be nauseating, and commendation an insult and an injury. Merely to show what kind of crowd the New York World—now the most contemptible of democratic sheets—is caring, we give the following opinion of Garfield, taken from its columns before he was thought of as a presidential nominee: "In the midst of the organized carnival of corruption which has been going on now so many weary months and years at Wash-

ington it is really satisfactory to catch glimpses now and then of honesty for honesty's sake, and without consideration of party. Gen. Garfield of Ohio is a republican of republicans, but it is his simple due, which we gladly pay him, to admit that he has done more than any other single member of his party, during the last session of congress, to show that it is not absolutely impossible for a man to act with a congressional majority and yet to keep his self-respect and the respect of honest men."

A Bay City correspondence of the Detroit Post and Tribune says that a case of hydrophobia was cured in that city the other day, and adds that it "is the first case of hydrophobia known to be cured." This is not so. A violent case occurred in Lapeer several years ago, and was cured by the late Dr. Axford, of Flint. Unlike the Bay City cure, which left the victim demented, the young man is now alive, in excellent health, and of sound mind. The greenbackers held a state convention at Lansing, last Wednesday, and put in nomination a complete state ticket: For Governor—David Woodman, 24, of Paw Paw. Lieutenant Governor—Sullivan R. Armstrong, of Nowata. Secretary of State—Randolph Strickland, of Clinton. State Treasurer—John M. Norton, of Oakland. Auditor General—S. B. Howerton, of Gratiot. Commissioner of State Land Office—John O. Elder, of Leaning. Attorney General—Wm. Newton, of Flint. Member of Executive Board of Education—V. B. Merwin, of Jackson.

At Large—Henry S. Smith, of Grand Rapids, and John R. Hall, of Three Rivers. District Electors—First District—Augustus D. Fairbank, of Grand Rapids. Second—Henry T. Farnham, of Grand Rapids. Third—Wm. A. Bieker, of Grand Rapids. Fourth—Oscar F. Bean, of Grand Rapids. Fifth—Wm. A. Bieker, of Grand Rapids. Sixth—Geo. W. Stephenson, of Grand Rapids. Seventh—Wm. A. Bieker, of Grand Rapids. Eighth—Ass. A. Sheldon, of Grand Rapids. Ninth—Henry W. Beach, of Grand Rapids.

The self-imposed fast of forty days and forty nights by Dr. Tanner, closed at Clarendon hall, N. Y. city, at noon Saturday, the 7th inst. He immediately took to drinking milk and eating watermelon and for every hour for the next two or three days took food of some kind, gaining, it is said, six pounds in thirty-six hours. It is pretty generally conceded that the fast has been conducted honestly, though it is utterly incomprehensible to ordinary individuals, who are in the habit of devouring three square meals a day, and are reversely hungry if dinner isn't ready right on time, how the thing could be possible. And a suspicion will always exist among the incredulous that nourishment in some form, occasionally reached the lean and hungry doctor's stomach. Certain it is that in the fool imitations of the doctor who will spring up in all sections of the country, many will fill the grave and the madhouse, but not one accomplish the task. So greedy are the American people for notoriety that they will sacrifice health, reason and almost every human function to accomplish it. Dr. Tanner has been no exception. Notoriety has been his sole aim, and he has succeeded. What impetus science will receive, or what benefit to the human family will accrue from this piece of foolhardiness is a question no one has deigned to answer. If less attention was paid to those who set at defiance the laws of nature in testing their powers of endurance, there would be precious few attempts. But few sole leather stomachs are in the world any way.

Death of Hon. A. F. R. Braley.

The above gentleman died at his home in Saginaw City, Friday morning of last week, very suddenly, of hemorrhage of the lungs. He was a cousin of R. A. Beal, the proprietor of THE COURIER, and Eugene E. Beal, of this city. His life has been blameless and unspotted, and his character such as to draw around him clusters of friends who will bear of his death with deep feelings of sorrow. The following account we take from the Saginaw Courier of Saturday, August 7th: "The cheek blanched, and not unfrequently the lip quivered, as the sad news of the death of the Hon. A. F. R. Braley passed from one to another, as the busy throng passed through the streets yesterday. Each felt that a friend was gone—a generous, large-hearted, genial, whole-souled friend—and that, too, without warning. In the midst of seeing health, of usefulness, of loved ones, in the prime of life, with much to hope for, much to enjoy, much to give, he was cut down. Though never a strong man, Mr. Braley's death came upon him with a suddenness that has not been quite so good as usual. A complication of diseases made his case a difficult one. Seeing relaxation from business and change of air and scenery by his wife and little daughter, he went to his home in Saginaw on the 22d ult. For a few days he was benefited, but soon after he went to his home in Saginaw, and returned last Monday night. Thursday morning he was feeling unusually well, so that his wife returned to Saginaw on account of their little daughter's health. At noon he suffered from some difficulty with his bowels, consulted his physician and about half-past one he returned to the bank and remained there until 3 o'clock, when he went to his home. About 8 o'clock he was feeling so well that he called on his physician, Dr. Fenstranger, who remained with him nearly all the time till his death. For a time he was perfectly conscious and gave his directions to his wife and daughter. He was then taken to his home, and he died at 10 o'clock. He was 52 years of age, and was therefore nearly 30 years of age. He had not an academic education in Albany, and afterwards studied with the well-known firm of Sanford, E. Church and Noah Davis. He was admitted to the bar in Albany circuit and soon went to Toledo, O., where he commenced the practice of his profession. Failing health owing to lung difficulties, soon compelled him to seek a warmer climate, and he went to Louisiana where he spent several months and then returned to Albany, N. Y. Here he was made justice of the peace and enjoyed his old home associations. He was respected with a degree of esteem in Albany county and had a circle of friends not even second to his in the city where he resided. Among the prominent events of his life, as regarded his public career, was his participation in the war in 1861, he was able to be personally instrumental in raising the first company of volunteers from the county. He was elected to this city and engaged in the salt business with L. C. Eaton and others. He was also known as Braley, Eaton & Co., at the same time he engaged in the local sale of whole business member of the firm of Eaton, Smith & Co., disposing of those interests in a few minutes he was dead. Mr. Braley was born in Albany, N. Y., Oct. 29, 1828, and was therefore nearly 52 years of age. On the 27th inst. the Dexter band was announced for a band concert in the tent, in this city, until 9 o'clock in the evening, after which a dance will be given. The Dexter boys are every one of them excellent young men, and have always promptly responded to all calls from Ann Arbor, and it is to be hoped that our people will give them a rousing reception upon this occasion, for they deserve it.

When there is abundance of wind-falls, or wormy apples, there will always be plenty of cider in the market, so our people need not be alarmed that this fall will see the cider market glutted. Cider specialists on the principle that the worms only eat the apple as food, and consequently they make as good cider as the apple itself. And very many people accept that conclusion and swallow the cider, worm juice and all.

A grand scheme is about to be entered into by enterprising capitalists. It is to produce sufficient inducements for the democrats to hold a county convention every week during the summer months. The frigidness of the same it is thought will be sufficient to keep the atmosphere of the city cool for the seven intervening days, and thus do away with the necessity of ice. Last Tuesday the influence was almost productive of a polar wave.

Thursday afternoon last, a tramp reached through a window at the house of I. L. Grinnell, on Fifth street, corner of William, and stole a valuable gold watch, the property of Mrs. Grinnell. Although several people were on the track and shadowed his movements for hours, he succeeded in eluding them, and made good his escape.

It is understood that quite extensive improvements are in contemplation by the Episcopalians society. Among which is the erection of a new chapel in the rear of the present church edifice, at a cost of \$3,500; also the tearing down of the old church building now used as a chapel, and the erection upon its site of a parsonage to cost some \$5,000. These improvements will place St. Andrew's church property in most excellent condition.

The following knights templar of this city, and vicinity, contemplate attending the grand Chicago jubilee the coming week: H. T. Morton, W. B. Smith, J. N. Gott, M. Fleming, J. Kapp, Byron Green, Col. Mansfield, L. C. Riddison, Chas. Millen, W. D. Harriman, F. Sorg, W. A. Tolchard, E. J. Johnson, J. P. Little, Geo. Sutton, E. D. Kinne, Ann Arbor; Marcus Cook, W. L. Keel, Dexter; S. Hutchinson, F. P. Bogardus, Ypsilanti; Dwight Peebles and Wm. Doty, South Lyons.

Ypsilanti has woken up politically, and organized a Garfield and Arthur club of 100 members, with Capt. E. P. Allen at its head. Frank Hinkley and F. A. Hunt are vice presidents; John H. Fox, secretary; J. W. Carpenter, corresponding secretary; J. E. Post, treasurer; J. M. Chidester, Wm. Robbins, Dr. W. H. Hall, M. C. Parsons, Warren Pattison, Thos. Campaigne, Jacob Emerick, Chas. Sigmund, and Edgar Dickenson, executive committee. The regular meeting of the club will be on Wednesday evenings.

A. F. Hangsterfer has purchased a neat little steamer from Detroit parties to run between the dam and Cascade jet on Huron river. The boat is named "Minnie," is 28 feet long six and one-half feet deep, weighs 30 inches of water, and will accommodate 24 passengers. It is complete in all its machinery, being a perfect reproduction of a large screw propeller. Its trial trip will be engineered by Mr. C. B. Davison of this office. We understand that Mr. Hangsterfer intends to clear out the channel and deepen it where necessary, and that trips will be made as often as necessity may require. Picnicers will rejoice at this innovation.

We saw another sight out of our office window last Tuesday morning. A craft in human form came sailing down the street three-quarters sears over. Stopping opposite he rolled fearfully, finally gave a few lurches and came down solidly on his spunkier boom, giving his main-top a fearful crack as it came in contact with the earth. Laying quietly for a few minutes as if stunned by the sudden capsize, after while he righted up and tacked down street, frequently trying the fence to see if the posts were decayed. And the argus eyes of our chief peeler didn't rest upon him. Neither did the ones who sold him that which made him drunk offer assistance in his sore need.

The officers of the extension of the T., & A. R. R. are putting their matters in such shape that an early completion of the line to a connection with the Flint & Pere Marquette railroad is a certain fact. All the men who can work to advantage are being put on the grading, and the work on the bridge is only waiting for the return of Chief Engineer Greene. Any parties who wish to get out bills of timber for culverts, cattle passes, etc., should make application at once, as their timber must be prepared and on the line before the iron is laid. They advertise that they are paying cash for ties as soon as delivered on the line, either of the Toledo & Ann Arbor railroad or the extension. Any information will be given by H. W. Ashley of this city.

The barn of Michael Weinmann, situated in the rear of his meat market, or midway between Huron and Washington streets, on Fifth street, was found to be on fire at about ten o'clock Saturday night. The fire companies were promptly on hand and the flames extinguished, but not until the roof and frame were so badly burned that it was doubtful about repairing it. This makes the third time this barn has been fired, and it had just been thoroughly repaired. What the object of the incendiary or incendiaries is a mystery. It is true that these tinder boxes in the rear of our business blocks are dangerous things, and the common council should be extremely careful in regard to permits to erect or even repair them, but it cannot be seen ably presented by Hon. W. S. Wilcox, of Adrian, and seconded by Mr. Riley Nash. Mr. E. L. Coon, of Hillsdale, presented the name of the present incumbent, Hon. Edwin Willis, of Monroe, which was seconded by Judge R. E. Phinney, of Monroe. Col. I. R. Grosvenor, of Monroe, presented the name of Gen. Geo. Spaulding, of Monroe. A ballot was then taken, resulting as follows:

Edwin Willis, 28  
Hon. W. S. Wilcox, 10  
Gen. Geo. Spaulding, 10  
The solid delegations of Washtenaw and Hillsdale were cast for Mr. Willis, while Lenawee gave him five and Monroe two. Dr. Rynd received 16 from Lenawee, and Gen. Spaulding ten from Monroe. The nomination of Mr. Willis was then made unanimous.

A congressional committee consisting of E. L. Coon, of Hillsdale; C. R. Miller, of Lenawee; W. S. Wilcox, of Washtenaw; and S. C. Randall, of Monroe; was appointed. Mr. Willis was then introduced to the convention and made an eloquent and sound speech, accepting the nomination. Speeches were also made by Dr. Rynd, Gen. Spaulding, and J. Webster Childs, all promising hearty aid to the ticket.

The contract for the new passenger depot has been let, so said. The store of H. S. Holmes has been painted and otherwise renovated. Sixty tickets were sold for Detroit on Monday last week emancipation day. In the air: That this place is to have a new hotel, and that it will be completed before winter.

Out-of-door Sunday afternoon services are quite popular this season and generally well attended. Herald: "The fruit in this vicinity does not look well-most of the apple trees are shaking off their fruit." Mr. David L. Kent and Miss Mary E. Ward, both of Sylvan, were married on Sunday, Aug. 1st, by Rev. J. L. Hudson. The Herald says: "Where is the Hancock and English streamer that floated in the breeze on Main street?" Gone to hunt upon the democratic enthusiasm which disappeared at the same time, probably.

R. Kemp and son are enjoying the cool and pure atmosphere of the Lake Superior region, while Mrs. Kemp and family, together with Mrs. L. H. Briggs and Miss Estella Royce are at Petoskey. The Herald proposes to devote a column of space hereafter to "some of our walk-about gentlemen in Chelsea, who never seem to work for a living, dress well and put on a good appearance, and who get treated in dry-goods and grocery stores, or any where they can, and will not pay their honest debts."

To-morrow the 14th, is the day fixed upon for the harvest picnic to be given by the good people of Sylvan and Lima at the home of Dr. Gatos. The following programme has been arranged for the occasion: Music by the band, prayer, thanksgiving anthem, address by W. E. Depew, music by the band, toasts and responses, music by the band, organization, benediction. Mr. Charles H. Wines will be the presiding officer of the day; Walter C. Wines will have charge of the vocal music, and Mortimer Freer of the instrumental music. Everybody is invited, and a good time is expected.

Rogers & Coleman have rented the Dexter mills. N. P. Kiehn, of Detroit, is in town visiting his father. The Baptist Sunday school had a picnic at Whitmore lake Wednesday. Mrs. W. R. Cushman, of Lansing, is visiting at her parents, Mr. and Mrs. Soper. Poor reporters! Two of them have been attacked on the street this week. They still live!

The reform club excursion to the state capital will take place on the 17th inst. Fare for round trip, \$1.25. The boys have been organizing a base ball club here, and are practicing for a match game to take place soon. Chris McGuinness, of Eaton Rapids, paid our village a flying visit last week. He reports business good at his new home. C. C. Stickney, of Grand Rapids, well known to our young people here, is visiting in town this week. Many are glad to see him.

Mary A. Hoyt, who has been clerking in the postoffice here for some years, resigned last week, and Lillie B. Lathrop has been engaged to take her place. The Dexter band has again a teacher. Mr. Cornaby has been hired by the band, and he is to move into town at once. We congratulate the band with this success. Mrs. Frank Perry, nee Martin, of Jefferson, Texas, is spending her midsummer vacation here, among the scenes of her younger days. She has been here for some weeks. M. S. Cook and W. I. Keal will attend the great Knights Templar gathering in Chicago next week. They are the only knights in Dexter so far as we know. The little boy who is in his glory. The circus is coming! The proverbial little boy who is bent upon seeing the show, even though he must stoop to the low business of crawling under the canvas, is getting ready, and eagerly watching and waiting for it. It is to be here on the 18th inst. and has been extensively billed. "One of the candidates for probate judge is said to be J. T. Honey, of Dexter."-Leader. We are authorized to contradict the above statement. Mr. Honey has not been and is not now a candidate for any office before the people this fall. Change the name to Wm. E. Depew, of Chelsea, whom we are informed is a candidate for the above office.

The look-up has been put in repair by the marshal. P. F. Blosser, who was badly burned by an oil stove recently, is recovering slowly. Union services are now held by the Baptists and Presbyterians, alternating churches. About twenty young people from this place went to Wampler's Lake, last Tuesday, for a week's camping out. The council have ordered a sewer on Maiden lane, giving the contract for the same to Wm. Ryal, at \$1.24 per rod. A summer festival picnic and dance was held last Wednesday by the German workmen's society at Granger's grove. The Enterprise gives an extended account of the attempt at suicide of Matthew Gall, a respected German, about 50 years old, who resides at Iron Creek, about five miles southwest of Manchester. It seems that he had been suffering from disease some time, and that on the Saturday previous he determined to end his sufferings by ending his life, and took arsenic with that intention. But he took too large a dose, and by the assistance of Dr. Kapp his life was saved.

Democratic Convention.

A democratic county convention was held at the court house on Tuesday last. It was called for 11 o'clock, and the bell promptly rung, but the few delegates were slow at coming in, spending a greater portion of their time in a love feast in the hall below. Being called to order by Chas. H. Richmond, chairman of the county committee, Chas. S. Gregory, of Dexter, was called to the chair, and Walter Dancer, of Lima, was chosen secretary.

A committee consisting of Ezra Sanford, of Saline; Orrin Thatcher, of Chelsea; and Edward Clancy, of Northfield, was appointed upon credentials; and Chas. R. Whitman, of Ypsilanti; E. B. Pond, of Ann Arbor; and A. E. Hewitt, of Manchester, upon permanent organization and order of business. After which an adjournment was effected until 11 o'clock p. m.

Upon reassembling, the committee upon credentials had a hard time of it making out the list of delegates entitled to seats. From some towns credentials were lacking, and in others delegates. People were sent for and a drumming up process ensued with the result of having every township represented save Salem. A delegate from Bridgewater, Mr. Malcolm McDougall got very tired of waiting for the committee to correct its errors, and moved that the convention proceed to business without the report on credentials. He said that he didn't know as it made any particular difference whether they were sent there by a can or not as long as they represented the different townships, and were democrats. The object of the convention didn't amount to anything, anyhow. Who cared who were sent as delegates to the state or congressional conventions, or who was nominated by either? It was far more important that the business of the convention should be got through with, and delegates from a distance catch their trains to go home on.

The chairman promptly set down on McDougall, the committee on credentials, through one of its members protested that the work had been done as rapidly as possible, and the report corrected, read and adopted. The temporary officers were made permanent and the order of business decided to be, first election of delegates to state and national conventions, and revision of representation to county convention.

The convention then adjourned into caucuses by representative districts and the following were chosen: TO STATE CONVENTION. 1st District-Edwin W. Hall, of Ypsilanti; 2d District-Edwin W. Hall, of Ypsilanti; 3d District-Edwin W. Hall, of Ypsilanti; 4th District-Edwin W. Hall, of Ypsilanti; 5th District-Edwin W. Hall, of Ypsilanti; 6th District-Edwin W.
