Baking Powder Figures THAT DON'T LIE!

The Royal Baking Powder Co. try to give the inference that their powder contains more Cream Tartar and that its Leavening Power is greater than any other made...

DR. COLLIER'S ANALYSIS. U. S. DEPT. OF AGRICULTURE. WASHINGTON, D. C., March 10, 1884. C. E. ANDREWS & Co.—Gentlemen: I received by express from Thos. Lydon and J. P. Harkins & Co., Grand Ave., Milwaukee, and Harper Bros., Chicago, Ill., samples of Andrews' Pearl and Royal Baking Powders...

CHALLENGE. We will give the Royal Co. or any one else \$1,000 or \$5,000 if they can prove by any fair baking test that Andrews' Pearl Baking Powder does, or ever did, contain more cream tartar than the Royal Baking Powder...

BUSINESS CARDS. WILLIAM BIGGS, Contractor and Builder. W. H. JACKSON, DENTIST. WILLIAM HERZ, House, Sign, Ornamental and Fresco Painter. C. SCHAEFERLE, Piano, Violin and Theory of Music.

GET THE BEST FIRE INSURANCE! \$29,000,000. CHRISTIAN MACK. Represents the following first-class companies, of which one, the Atlas, has alone paid \$50,000,000 in losses in sixty-five years.

PAGANINI. He shambled awkward on the stage, the while across the waiting audience swept a smile. With clumsy touch, when first he drew the bow, He snatched the audience's eye and soul...

ROYAL BAKING POWDER Absolutely Pure. This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the kind you use, because it does not contain any alum, and a proportionately larger percentage of carbonic acid gas, and I find it to be free from alum, and any injurious substances.

Cuticura A POSITIVE CURE For Every Form of Skin and Blood Disease, from Pimple to Scrofula. I have had the Psoriasis for nine months. About three weeks ago I applied to a doctor near Boston, who helped me but unfortunately I had to leave, but continued taking his medicine for nearly three months...

BEST FOR ANYTHING. Having used your Cuticura Remedies for eighteen months for Tetter, and finally cured it, I am anxious to get it in an omnibus form, and the new Cuticura Remedies and have ever used for Tetter, Burns, Cuts, etc. In fact, it is the best medicine ever tried for any skin disease.

THE CUNNINGHAM COMPANY. The Pioneer Bicycle House of America. Importers of the following Bicycles & Tricycles: OGDEN'S FLYING HALL, BOSTON, MASS. CHARLES W. WAGNER, AGENT, 21 South Main St., Ann Arbor, Mich.

STATE NEWS. Diptheria cases in the state school at Coldwater. The Monroe school board voted \$300 to the school library. A Dowagiac flouring mill eats up 1,000 bushels of wheat daily.

COUNTY ITEMS. Mrs. St. John is in Milan—teaching music. The Manchester P. O. will close at 5 p. m. hereafter. Corn is all secured now, and everything ready for Jack Frost.

OUR ESTEEMED COTEMPORARIES. A scene for a lime kiln club painter is thus described by the Cadillac News: 'About the time when the last charge is ordered all along the line, we may expect to see Alger, the army companion of Gen. Custer and his right arm in battle, leading his followers with all the dash and energy of a conquering hero.'

SLANDER REBUKED. The Grand Army of the Republic and its Objects and Aims. St. Clair, Mich., Sept. 20, 1884. To the editor of the Post Huron Times: In view of a misrepresentation of Miles Post, G. A. R., in the Post Huron Times of August 27th, the accompanying letter was forwarded to that paper upon Sept. 2d.

THE EAST SAGINAW HERALD BRINGS UP THE REVENUE QUESTION. The following is the vote on the Morrises tariff bill in the house of representatives last May: Republicans, 153; Democrats, 118.

Tariff, Wages, Cost of Living, in the United States. Average 1870-1884. Woollen manufactures, 1800; Cotton manufactures, 1800; Iron manufactures, 1800; Paper manufactures, 1800.

THE VARIOUS FARM EXHIBITS BY Mrs. John Stewart at the fair attracted great attention both from the fact that they were excellent and from being the products of her own farming. Last spring she purchased a 'Boeckebae' farm, which lies within the city limits, which she and her daughters have managed.

REPLY TO CURTIS. Mr. David McLaughlin, of Grand Haven, has sent the following letter to George William Curtis: To the Hon. George William Curtis, President of the Grand Army of the Republic Association: Sir,—I have the honor to acknowledge the receipt of your circular for the office-holders, dated Aug. 26, 1884, in which you say that you understand that a circular has recently been sent to federal office-holders by authority of the republican national committee, asking for contributions for funds to be used by said national committee in the present political campaign...

REASON FOR THE FAILURE OF THE G. A. R. The fact is that the Grand Army of the Republic is absolutely non-political. It is provided in the constitution and regulations, which is the fundamental law of the order, that nothing of a political nature shall be discussed in the Post Room. The man who dares to do so is expelled from the order.

OHIO. Before another issue of this paper is given to our readers...

THE TREASURY SURPLUS. The democratic speakers in this campaign, headed by their candidate for vice-president...

There is apparently \$400,000,000 in the treasury—which is \$400,000,000 more than there was when the republicans came into power...

By an act of congress passed in 1882, by a democratic house of representatives—voted for by both parties...

There is so much then that Mr. Hendricks could not distribute among the people, even if he were president...

Then again the famous silver bill of 1878, which was passed by democratic members of congress...

But that is not all. There is \$35,000,000 more which is deposited in the national treasury by the national banks...

There is not a citizen of the United States who knows anything about finance who will say that the surplus really in the national treasury is any too much...

Another falsehood refuted. The democrats hope to carry this campaign by wholesale and damnable falsehoods...

The latest falsehood that has come under our notice is the paragraph which several of the opposition press keep standing at the head of their editorial columns...

Now will the George F. Edmunds, who have given currency to the falsehood be kind enough to correct it?

BRING ALONG YOUR MAN. More abuse and obliquity is being heaped upon Mr. Blaine than any other candidate...

We defy any one of Mr. Blaine's vilifiers—or any other person—to bring forth even one man who can say truthfully that he has ever wronged them of a cent.

It is a fact that favors the woman suffragists, that where women have been employed in positions of trust, they have invariably proven honest.

The New York Republican pays the following tribute to Gen. Russell A. Alger:

Gen. Alger promptly subscribed fifty dollars for the benefit of the family of Mr. VanLee, the unfortunate comrade who lost his life at the soldier's reunion in this village.

REPORTS OF OFFICERS, ETC. City Treasurer B. F. Watts made his monthly report as follows:

Contingent fund—\$522.66 General—698.45 2nd—149.50 3rd—14.75 4th—14.75 5th—108.85 6th—65.75 City cemetery—144.69 General street—170.40

The following shows the condition of the various funds:

Contingent fund—\$110.41 General street—94.00 2nd—400.88 3rd—14.75 4th—14.75 5th—108.85 6th—65.75 City cemetery—144.69 General street—170.40

The committee on finance reported the following expenditures during the month:

1st ward—\$17.00 2nd—12.43 3rd—54.78 4th—42.32 5th—14.00 Total—\$141.29

By Ald. Ware: That the petition of the citizens of the 5th ward respecting appointment of patrolman at the M. C. depot be granted, was passed after being amended so as to read without pay from the city.

By Ald. Heineman: That the proper officers of the council notify the Ann Arbor gas company that the present contract between it and the city will be terminated at the expiration of contract.

A motion by Recorder Durheim to the effect that the corner of the depot of Washington and 4th sts. be taken and paid for by the city, was lost.

By Ald. Ware: That sign be placed on the depot, at the corner of Washington and 4th sts. to warn the public about riding or driving across the same faster than a walk.

The following ordinance was presented by Recorder Durheim and passed: Be it ordained by the Mayor, Recorder and Aldermen of the City of Ann Arbor:

Section 3. Whenever it may be found necessary to make any connection or repairs that will be made on any street, sidewalk or public place, the reasonable diligence required such street, sidewalk, or public place, shall be made in such a manner as to be as good as a new one, and shall in all respects fully indemnify and save harmless the City of Ann Arbor, from and against all damages or costs which may be put to or sustained by reason of such disbursements.

Common Council. Regular monthly meeting of council Monday evening. In the absence of Mayor Harriman, Alderman Lawrence presided.

PRESENTING OF PETITIONS. Petition of F. Merkle and twenty-two others, asking for a gasolene street lamp at corner of Madison and S. Fifth sts.

Of Mrs. E. J. Storms and S. others, asking for same on Maiden Lane, 5th ward. Of J. Elister and 16 others, asking for same on north side of Ypsilanti, east.

Of 35 citizens of the 5th ward, asking for the appointment of A. W. Porter as deputy marshal, to be stationed at the M. C. R. R. depot, one-half of salary to be paid by city.

All of which were referred to the proper committees. The following is a copy in full of a petition sent in by a committee of the citizens:

The undersigned, a committee appointed by the executive committee of the Citizens Association, respectfully petition your body to memorialize the common council respecting some serious violations of statutes and city ordinances that are constantly being practiced within the city.

Now it is a notorious fact that one or more of these prohibitions are frequently violated by nearly all the saloons in our city, to the great injury of our youth. Billiard tables to which students and minors are constantly invited, and in which they are engaged in gambling, are everywhere to be seen.

It is presumed that these things are well known to the officers in your office, whose business it is to know them, at least to a certain extent. It is respectfully requested that you cause a series of facts easily accessible to any person to be placed in your hands.

In view of this presentation, with a college year immediately before us, and the season of our youth, we respectfully request you to have the same removed from the city, and especially such as are designated to be the best of the same.

The following cases have been disposed of by the circuit court: Frank Taylor, Patrick Collins and James Brown, each charged with unlawfully entering freight car, pleaded guilty and were sentenced to six months each at Ionia.

Charles Godfrey vs. Geo. Palmer, replevin, stricken from the calendar. The People vs. Geo. Gray, continued. Wm. E. Enkerman was admitted to citizenship. The jurors were notified not to be present until Nov. 17th.

In looking over the list of prohibition speakers just sent out, we notice that not one of them are serving the cause for the good they may do, or the glory there is in it. They receive, according to their ability, in the first, nine tenths from Ann Arbor, two from each from Ypsilanti and Whitmore Lake—Cochran.

Yes, and every Christian minister in the state is spreading the gospel for from \$500 to \$600 per year, "according to their ability." What of it? This: These same speakers referred to accuse republican speakers of being hypocrites because they are paid by the state central committee for making speeches. Do you see "what of it?" now, or must we take a club?

An attractive entertainment will be given next Friday evening, at 8 o'clock, in the Congregational church, consisting of a Panorama illustrating Bunyan's Pilgrims Progress. The Panorama presents 200 tableaux of life size, and is replete with magnificent transformation scenes.

The Ann Arbor academy of dancing will open on Friday evening next, the 10th inst. For this purpose Mr. M. C. Sheehan has rented and fitted up the old Baptist church on Ann st.

Coachman, coachman, when shall you marry? Coachman, coachman, why do you tarry? Why do you tarry? By the j. d. doth, doth me embarrass ...

The Ann Arbor lodge of K. P.'s is growing gradually. Supervisors meet next Monday. Have your bills ready to present.

October has been kinder to our wood piles than was May—so far. Republican caucus for the 4th ward, at fireman's hall Friday night. Don't forget it.

The infant child of Mr. and Mrs. Johnson, nee Carrie Hendrickson, died last week Wednesday. Chief Fall arrested one Jas. Halligan Monday, for an indecent exposure of person. Trial to-morrow.

G. W. Barnham, formerly of the Milan Journal, is now the solicitor for the Adrian Daily Record. He is a good one. D. F. Schaefer feels proud of the blue cards tied to his display of cloaks, newmarkets, etc., exhibited at the fair.

The poultry exhibits at all the county fairs seem to give the impression that farmers have got over the "high blood" craze. The republican representative convention for the second district of this county, was held at Salina to-day, and Charles Burkhardt, of Salina, nominated.

Geo. Moss having got through gathering moss of the Alpena moss-backs, has returned to his old place in Dr. Simond's vesting emporium. Last Friday evening was one of the loveliest ever witnessed hereabouts. Its beauty would inspire the poet—also the fellow with his best girl.

At the opening of the Brighton skating rink, Chas. H. Cline, of Ann Arbor, did the expert business in a manner to elicit the applause of the audience. Ellen Burns, of Ypsilanti, has been ordered taken to the Pontiac asylum by Judge Harriman, Drs. Breakey and Darling being the examining physicians.

The adjourned annual meeting of the citizens league will be held at fireman's hall on Friday evening. Speeches will be made by Judge Cooley and others. A new weather prophet has appeared, and instead of threatening us with storms and disasters, after the manner of Venor and Wiggins, he predicts an unusually warm autumn.

Chas. B. Woodward, clerk of the Cook house, and Miss Mary Kennedy, for a long time an operator in the telephone exchange, were married Tuesday evening of last week, Rev. Fr. Fierle officiating. Congressman Bridge and Candidate for Congress Allen, met this morning and held a cordial conference. Each seemed to be trying to fool the other as to the probable outcome of the election.—Adrian Record.

While Phil. Stinson was in Kansas City, on his way to California, he asked a lady if they had many cyclones there. She said: "Yes, there was a fellow just went by on one a few minutes ago." A new name for bicycle the Missourians have.

Cramer says Kempf is a Dutchman and is trying to work the "national doged." But he says when the votes are counted Mr. Kempf will learn that he really is a game two can play for, for (Cramer) has secured the entire colored vote of the county. The Argus makes the statement that C. F. Bates is the only candidate upon the republican county ticket who has been a soldier. Wrong again. Dr. Frank K. Owen, of Ypsilanti, served all through the war, and was honorably discharged after it was ended.

The grangers of Washtenaw county held a delegated convention at the court house yesterday, and chose as delegates to the state range, to be held Tuesday, Dec. 9th, the following gentlemen: Ralph Kloe of Pittsfield, Geo. Sutton of Northfield, and P. H. Murray of Salem. One of the handsomest things yet local ever gazed upon in the shape of crazy patch work, took the first premium at the fair, and has been displayed in D. F. Schaefer's show window since. It is a bed spread, the handwork of Mrs. Will A. Hated, and evinces rare genius in harmonizing colors as well as great patience in executing the work. Will says money can not purchase it.

That good natured baby which took part in the play of "Confusion" at the opera house Saturday night last, and laughed all the time it was being "chucked" into cabinets and handled by actors and actresses, was the 14 months' old daughter of J. B. Saunders, foreman of the COURIER office—from whom it inherits its jolly disposition. It is the boss baby just the same. The Indianapolis Daily Times quotes the Ann Arbor COURIER's editorial upon the Cleveland business of last week, as does the Boston Daily Journal. The call for last week's issue of the COURIER has been unprecedented, several hundred of them being sent to different sections of the country by people who are interested in the morals of the man who shall occupy the highest office in the gift of the nation. Monday evening officer Fred. Wallace arrested two tramps, who gave their names as Matthew and Michael McKay. They had broken into a freight car at the M. C. depot, with the intention of stealing goods therefrom. They were lodged in jail, and the next morning it was found that a lot of goods had been stolen from Swathel & Keyer's cooper shop, and Wallace further ascertained that these two men were the thieves. They will receive broader gratification for a time no doubt.

PERSONALS.

Alderman Biggs, of the sixth ward, rejoices in a brand new heir. Mr. Wm. G. Thompson, of Detroit, is expected to console with the disconsolate democracy to-night, at the opera house. The skating rink has closed its doors until the clerk of the weather shall become a trifle more frigid in his demeanor. Among the fine exhibits of fruit at the fair were some huge pears from Dr. W. Nichols' farm. One of them weighed 20 1/2 ounces. The republican convention for the first representative district will be held at the court house in Ann Arbor, on Saturday, October 12th. See call. The two stores of P. Long, being erected to the rear of the postoffice building on N. Main st., are of brick instead of brick veneer as at first contemplated. A change for the better. Willis Boughton, of the P. O. news depot, has been appointed treasurer of the grand opera house in place of W. W. Wats, resigned. Mr. Boughton is one of Ann Arbor's most popular business men. The M. C. R. R. have put on a line of new and elegant Wagner parlor cars to run between Detroit and Buffalo, making connection with the Grand Rapids train that passes through Ann Arbor at 10:30 A. M. going east. The calendar for the October term of the circuit court, which convened yesterday, contains 47 cases, of which 24 are criminal, 6 court cases, 3 jury cases, 2 fireman's 7 chancery 1st class, and 5 chancery 4th class. Voters living in Ann Arbor township will ascertain by reading an election notice published in another column, that the place for holding the polls on election day has been changed to the shop of Nelson Edmunds, situated west of the city on Huron st. Among the names proposed for representative in the first representative district, we have heard mentioned, Erast Scott, John F. Lawrence, Geo. S. Wheeler, Jeremiah D. Williams and Dr. W. B. Smith. Any one of whom would make a good run. The reunion of the 29th Michigan infantry occurs at Chelsea next week, Wednesday, the 15th inst. The Michigan Central have finally concluded to grant excursion rates to the same at one fare and one-third for the round trip, by securing a proper certificate. That roaring young lion of the Saginaw democracy, Timothy Tarnsey, didn't roar in Ann Arbor Saturday night as advertised. He heard, it is said, that Nat. Goodwin was to be at the opera house as a counter attraction, and rightfully concluded that he couldn't draw. Wonder if would-be speaker Cramer remembers his little speech made two years ago in Jackson, in which he stated that "he thanked God that not a drop of greenback blood flowed through his veins." He should not forget it for soon he may ask greenbackers to vote for him. On Friday afternoon Norman DeWight, of Delhi, had his horse and buggy stolen from the grove opposite the fair grounds. The thief who is known to be a lad about 13 years of age, drove the animal until about 11 o'clock that night, and then left him standing in the street at Ypsilanti. Some of our citizens are being pestered with a species of tramp who comes to their houses and borrows saws, rakes, etc., "to do a little job with" at a neighbors, and who invariably fail to ever come back with the implements borrowed. The best thing to do is to assist such gentry over the fence with the aid of a bull dog. It was a sight to see the boys go for those gratis caps which Blitz & Langsdorf gave away last Saturday. There were little boys and big boys, tall boys and short boys, fat boys and lean boys, pug noses and snub noses, all sorts and all kinds, all nationalities and tongues, all colors and grades, each struggling to get the best one—they were all alike—and after they got into the street they painted the town blue. The following beautiful and touching tribute to the sterling worth of the Chequamegon cornet band, of this city, was signed by all the officers and passengers of the Lake Superior steamer City of Duluth: We, the undersigned officers and fellow voyagers on the good steamer City of Duluth, hereby tender our grateful vote of thanks to the members of the Chequamegon cornet band of Ann Arbor, Michigan, in token of our sincere and warm appreciation of the delightful music, that has served to cluster around life's pathway, flowers of eternal beauty; may the future open a real location, the brightest that now sheds such a lustre on our experience and in memo-ria vocations, live over again in pleasant reminiscence, the divine strains of melody and harmony that has so delighted us. Those parents who have trouble with their children would do well to consider that idleness is the mother of many vices. Every child ought to be steadily engaged in study, work, or recreation. Idleness, thriftlessness, profanity, tipping, inordinate love of dress, come from street associations. In the great majority of cases, when the boy or girl goes to the bad, it is because of not being kept employed at appropriate work, or from being allowed to roam the streets and associate with improper mates. The child trained to habits of industry and proper recreation is in much less danger than the one allowed to drift into the current of his own self-indulgence. We are credibly informed that there are those who are using dynamite torpedoes to catch fish with in the Huron river. The method pursued is to explode the torpedoes in the river, which kills the fish, and then stepping into the stream the "fishers" throw out all that can be found. The current carries off many more than is caught. The explosion destroys the minnows and young fish besides. The method is unsportsmanlike, and if persisted in will soon annihilate all the fish in our rivers. We are of the opinion that there is a law against it. If not there ought to be, and it ought to be enforced. Miss Lou B. Deming, of Rosario, Argentine Republic, South America, a missionary lady whom our readers will remember visited this city in 1881, returned to that country, reaching Rosario Feb. 10th, 1883. She writes to a friend that she was allowed \$10,000 by the ladies of the M. E. church, and with the money she has erected a house and the same is completed. It is but one story high, having 12 large rooms, and 50 pupils are accommodated, all from native families, who are instructed in the same branches as are taught in our schools in Michigan. She adds: "On our grounds there are about 40 fruit trees, oranges, figs, pears, apricots, peaches, apples, and a large grape arbor, thus you see we 'sit under our own vine and fig tree.'"

ONLY A MINER'S DAUGHTER. On Monday evening next we are to have a rare dramatic treat in the appearance of the Fifth Avenue Comedy Company of New York, in the powerful sensational play of "Only a Miner's Daughter." The company is one of great metropolitan excellence, comprised of well known and favorite artists, as the following abstract from the Syracuse Courier fully corroborates: Last evening the fifth Avenue Comedy Company presented "Only a Miner's Daughter" at the Grand Opera House. The audience was large and enjoyed the performance, the gallery and parquetry applauding and judging from the repeated applause and the close attention paid to the play, the drama is a most interesting one, and never failed to elicit the sympathies of the audience. Miss Emma Hendricks, as Rosalie, enacted her character in a manner that proved that she possesses ability of a high order, and the support was of a high standard. The play will draw again in this city. Tickets on sale at Boughton's post-office news depot. Our citizens should show their appreciation of the efforts made in securing the eminent actor and author John A. Stevens in his greatest success "Unknown." Mr. Stevens when here some years ago delighted everybody who saw him, and we have no hesitation in saying the opera house will be crowded on Saturday night next. On Thursday, to-morrow evening, at the grand opera house, the people of Ann Arbor will have one of the finest opportunities to enjoy themselves that has been offered them in a long time. The Watson Comedy Company has been a huge success wherever they have played. Every actor is good, every scene rich. The Daily Miner's Journal of Lebanon, Pa., says of the troupe: "WRINKLES"—The Watson Comedy Company, in the extraordinary play of the above title, drew a large audience at the Academy of Music Saturday evening. The piece is admirably adapted to the bringing out of the irresistibly Dutch eccentricities of Harry Watson, who enjoys an established reputation as the best Dutch comedian of the day. Mrs. Watson also finds opportunity for a display of her very fine abilities. Her German and Italian songs were well received and again, the gallery and parquetry applauded with equal appreciation. The company is a small one, but each member is a first-class actor, and their united efforts succeeded in producing a very enjoyable entertainment. Tickets on sale at Boughton's post-office news depot.

UNIVERSITY ITEMS. The regents will not meet again until Dec. 23d. Sidney Culver, medic '84, is enjoying a good practice at Mason. An assistant to the professor of physics will receive \$300 per annum. Nearly 45,000 volumes now grace the shelves of the university library. The sum of \$500 has been appropriated by the regents with which to make additions to the library.

In honor of Mr. and Mrs. Page, of Boston, now visiting Prof. Winchell, a musical soiree was given Friday by Miss Ida Belle. Horatio Throop Morley, M. E. class of '79, of Marne City, is on the greencoat ticket for county surveyor of St. Clair county. W. B. Cady, lit. '82, at Sault St. Marie, is on the democratic ticket for circuit court commissioner. He is a dem, but we hope he "gits that."

The appointment of Harry B. Hutchins as Jay professor of law to succeed Geo. Cooley, was confirmed at the recent meeting of the regents. D. M. Lundgren, C. E., class of '74, is the editor and compiler of one of the most complete works on electricity ever issued, entitled, "The Electric Light," published by D. Appleton & Co. Miss Hattie Ailes, of Ann Arbor, lit. class of '83, has accepted a position in Albion college as instructor in history at \$1000 per annum, and has already assumed the duties of the position. The concluding game of base ball between the university nine and Cass club, of Detroit, was played upon the fair grounds Saturday. There was quite a crowd present, and the game was an unusually exciting and close one. The score stood 7 to 8 in favor of the Cass club.

We are requested to state that all students are cordially invited to the services of the Sunday school of the German M. E. church, which are held every Sabbath, commencing at 9 a. m. This Sabbath school has always been largely attended by students. The church is at the corner of E. William and S. Division st. There have been four generous donations made to the university: The Rau library, by James McMillan; the famous gallery of art, by the late H. C. Lewis, of Coldwater; the Beal-Steele collection, by the late R. A. Beal and Prof. Steele. And yet others might honor themselves by their generosity. The object is a worthy one. The junior and senior ladies of the medical department gave a reception to the lady members of the freshman class, last Saturday evening, at the residence of Miss Virginia Watts, on Liberty street. About fifty ladies were present, and they report a most enjoyable time. Especially so, from the fact that there were no horrid gentlemen present, probably. We are given out that at a democratic caucus of professors and tutors in the university, a day or two since, a vote was taken to ascertain if all present were faithful, and said vote is said to have resulted: Cleveland, 14; Blaine, 4; St. John, 2—with the further rumor that 2 votes for Maria Halpin and one for Mrs. Wardell were suppressed and not made public. It may be just possible that the legislature of Michigan, at future sessions, will look into the charge that the money appropriated by them is used in disseminating the free trade doctrine of English Cobden clubs. Whatever may be the political complexion of the legislatures, one thing is certain, there will never be a free trade majority.

From the attorney general's report, just received, the following facts are noted: Number of persons presented in Washtenaw county during the year, 759, for the following offenses: Assault 759, assault and battery 91, assault with intent to murder 2, bigamy 1, burglary 3, disorderly persons 426, drunk 150, embezzlement 2, false pretenses 1, forgery 2, arsony 60, perjury 1, setting fire to jail, 1, slander 2, surety of the peace 2, unlawfully entering freight car with intent to obtain carriage 11, violation of liquor law—falling to close saloon on election day 1. Of the entire number 694 were convicted and given some penalty. Not a bad record.

The weather clerk, believing that all things should be appropriate, gave the prohibitionists a cold wet day to-day for the St. John tour. About 200 people gathered at the depot, however, to see and hear the gentleman, at about 11 o'clock this a. m. Mr. St. John was introduced by Mr. Sagendorf, and spoke about 25 words by actual count. He in turn introduced Mr. Preston, of Detroit, who in turn trotted out Mr. Scott, of the New York Weekly Witness, who really did some talking. The enthusiasm, however, was like unto the weather—damp.

The barn of Chas. Kempf, who lives about two miles south of this city, in Lodi, burned last night, together with 20 loads of hay, a stack of straw, and a quantity of farming implements. The loss was estimated at about \$1,000. The language of "Unknown" is choice and of a eloquent character. Many truths are told in words of excellent diction and telling effect, and the thoughts beautifully expressed.

Tricos.—A pile of cloth on end of counter is ticketed Tricos. What is Tricos? A cloth with a crosswise indistinct rib on the face. The rib is made out of two woof threads, and yet is so indistinct that you find out even so much with difficulty. It is invisible with an unfavorable light, an unmistakable rib nevertheless. To the casual glance tricos is a rough-faced cloth with a certain regularity in look and feeling. It is one of the favorites with people with quick tastes, who wish in a general way to conform to the prevailing fashion. The pile were speaking of contains all of the desirable shades, such as belong to the time. A tumbler in colored velvets. This week we put on sale 10 pieces 16 inch, hand make, colored velvets, at \$1.25 per yard; real value \$1.75. This is not an accident. It is somebody's stupidity. There is no reason in the world for it, and we have no objection in telling the fact. We like nothing better than putting down a price when we can do so without loss. We do, if anybody else does, whether we like it or not, because we wouldn't be undersold. But we say again, nobody ever can sell these velvets with profit at this price. We are selling Black Silks very cheap. Our \$1.25, \$1.50, and \$1.75 silks can not be duplicated in this market or any other. We are selling a real Kid Glove, 4 button, at \$1.00; it would be cheap at \$1.50. Remember they are real Kid and not lamb skin. Our Colors Jersey's have at last arrived. Colors—black, navy blue, and cardinal. We have all sizes from 4 years to sweet 16. BACH & ABEL.

We would not strike a woman under any circumstance, but we must acknowledge that when we see a girl wearing one of those horrible garments known as "Mother Hubbards," we feel inclined to give her a belt. Ailes & Co. is this day dissolved by mutual consent, R. E. Ailes retiring. The business will hereafter be continued under the firm name of Almeninger & Schneider, who will pay all debts collect all accounts of the old firm. Those indebted will take notice that all accounts must be settled at once. R. E. AILES. HENRY ALMENINGER. GOTTLIEB SCHNEIDER. Dated Ann Arbor, Sept. 30th, 1884.

SCROFULA.

A remedy that can destroy the germs of scrofula, and when once settled has the power to root it out, must be appreciated by those afflicted. The remarkable cures of young children and the more wonderful cures of those of middle age and late in life, as illustrated by our printed testimonials, prove HOOD'S SARSAPARILLA to be a reliable remedy, containing remedial agents which do positively cure scrofula and eradicate it from the blood. WARNER, N. H., Jan. 21, 1873. Messrs. C. I. HOOD & Co., Lowell, Mass.: Gentlemen—Four years previous to the early part of 1871 had been a constant sufferer from scrofula, and had been treated, but had finally reduced me to a helpless condition, and was unable to enjoy life, keep my temper, or do any thing but weep the remainder of that year. The continued excruciating health which enables me to keep house and to be able to enjoy life, keep my temper, and do any thing but weep, is all owing to your medicine. I have never since pressing my gratitude for the permanent cure this wonderful medicine effected in my case nearly two years ago, while living in Lowell, when all my physicians gave me up as being in an incurable condition. One thing before I close. I have recommended your SARSAPARILLA to all my friends, and more than a thousand cases, and my faith in its efficacy is so strong that I have become absolute in the wonderful cures it has effected since from my own. I trust you will not be slow in making the most of HOOD'S SARSAPARILLA, which you everywhere, for it is the only one that will cure. With best wishes I remain very truly yours, SARAH C. WHITTIER.

ATHLOPHOROS

ATHLOPHOROS is a novel word to most people who speak the English language. The Greeks used the word, meaning by it "THE PRIZE-BEARER."

ATHLOPHOROS is the first and only medicine which has carried off the prize as the perfect remedy for Rheumatism and Neuralgia.

The two elements which they have for ages held their suffering victims in an iron grip. These years have been as slaves in the power of their oppressors.

ATHLOPHOROS has entered the arena, engaged in conflict with the monster, and with the aid of the composition in the Greek sense of old could win by the most severe trials of purity and endurance, so ATHLOPHOROS has won the prize, not alone by giving temporary relief, but by bringing an enduring cure, as well, to those who have suffered the excruciating agonies of Rheumatism and Neuralgia.

ATHLOPHOROS is a novelty, not only in name, but in its elements. It is unlike any preparation yet introduced.

ATHLOPHOROS acts on the blood, muscles and joints, removing the poison and sending regular pulses—the dollar per bottle. We prefer that you buy it from your druggist, but if you don't, do not be misled by trying something else, but order at once from us directed.

ATHLOPHOROS CO., 712 WALL ST., NEW YORK.

Protection. No such pills for rheumatism, neuralgia, and other ailments as ATHLOPHOROS. It is a complete cure, and its effects are permanent.
