Blood Diseases are cured by the persevering use of Ayer's Sarsaparilla.

This medicine is an Alterative, and causes a radical change in the system. The process, in some cases, may not be quite so rapid as in others; but, with persistence, the result is certain.

"I have two years suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspepsia. After giving several medicines a fair trial without a cure, I began taking Ayer's Sarsaparilla. It was greatly benefited by the first bottle, and after taking five bottles I was completely cured." John W. Benson, 70 years old, Lowell, Mass.

Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. A friend induced me to try Ayer's Sarsaparilla. Less than three bottles removed the sore. In all my experience with medicine, I never saw more

### Wonderful Results.

Another marked effect of the use of this medicine was the strengthening of my sight." Mrs. Carrie Adams, Holly Springs, Texas.

"I had a dry scaly humor for years, and skin terribly, and it would bring tears and distress. I regularly applied it, I presume the malady is entirely relieved. Last winter, Dr. Tyrone (of Fernandina, Fla.) recommended me take Ayer's Sarsaparilla, and I am now fit for work. For the month I took it daily, I have not had a blemish upon my body for the last three months." T. E. Wiley, 146 Chambers St., New York.

"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of the time, disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and after faithfully continuing the use of this medicine for some time, the pain disappeared, and I was completely cured." Mrs. Augusta A. Furbush, Hawill, Mass.
