ANN ARBOR AGAIN HONORED

Dr. Roy P. Copeland Made a Lay Delegate to the National Conference.

WESLEYAN GUILD RECEPTION

The Day Was Both Brilliant and Busy and Ended With an Excellent Meeting at the M. E. Church.

The fourth day's business session of the Detroit Conference continued till a late hour this morning. The first action of the delegates was on the report of Rev. Gilcrease for the committee on a permanent plan for the examination of candidates for the ministry throughout their whole four years of preparatory study. The plan is as follows:

1. It is hereby resolved that our Conference examinations shall be under the charge of a board of examiners consisting of twenty elders. The board shall be divided into four sections of five members each. Five shall hold office for one year; five for two years; five for three years; five for four years.

2. The board shall annually nominate five persons to serve for four years, subject to the approval of the Bishop. The nominations shall take place not later than Friday forenoon of the Conference session; all vacancies occurring between the sessions of the Conference to be filled by the board.

3. The board shall organize before the close of Conference by electing a president, secretary, and treasurer, and such committees as they may deem necessary. The secretary of the board shall be Conference secretary of examinations.

Immediately upon the meeting and organization of the board, there shall be assigned a part of the work of the Conference course of study to each examiner. 5. Examinations shall be held in May and at the Conference session. Those held in May shall take place simultaneously, and in each district if necessary. A member of the board shall preside, and all examinations shall be written. The markings shall be on the scale of 100, and 70 per cent. must be obtained to pass the student.

The board of examiners is: For four years, H. E. Wolfe, P. R. Parrish, J. M. Shouk, L. N. Moom, and F. L. Osborne; for three years, D. L. Ramsdell, W. B. Pope, E. S. Ninde, C. H. Morgan, and E. A. Elliott; for two years, Joshua Stansfield, W. W. Washburn, G. H. Jennings, C. B. Steele, and S. M. Gilcrease; for one year, Paul Des Jardines, C. M. Adams, B. C. Clemo, G. A. Walker, and Alphonse Crone.

The Bishop introduced Chaplain C. C. McCabe, Dr. A. B. Leonard, Rev. Partington, Dr. J. C. Floyd, and Professor Goodrich, to the Conference.

Herbert C. Cooley, D. E. Birtch, Julian S. West, Jonathan Thompson, C. E. Steadman and Fred A. Armstrong were elected to deacon's orders and will be ordained tomorrow.

Bishop Hurst next by permission of Conference spoke at considerable length about the proposed American Methodist University at Washington, D. C. The inimitable Chaplain McCabe came to his side as he concluded, and the next hour was devoted to receiving subscriptions for the erection of Asbury Hall for the Language school. No one was allowed to subscribe but preachers, though the laymen were allowed to give in the name of their favorite ministers. Three thousand dollars was soon raised in \$100 and \$200 subscriptions. Before the work ceased \$2000 and over in addition was subscribed, making a grand total of over \$5000. Secretary J. E. Jacklin was made the treasurer of this fund.

The following were elected to elder's orders: Elias G. Gordon, Wm. C. Hicks, O. J. Blackford, George W. Gordon, W. J. Passmore, G. H. White, Reuben Crosby, H. A. Sheldon, F. H. Townsend and F. L. Leonard.

The second ballot for delegates to the general Conference had been taken meanwhile and was now announced showing the election of John Sweet and C. T. Allen. The Conference then adjourned to 3:30 p. m.

THE LAY ELECTORAL CONFERENCE. Yesterday afternoon was a warm day at the lay electoral conference. At 1:30

about 150 delegates were assembled and were promptly called to order by the chairman, Hon. B. W. Houston. The reports of committees were in order. The committee on credentials read a long list of delegates entitled to seats in the conference and there were no conflicts.

The committee on permanent organization and order of business reported in favor of making the temporary organization permanent. This was done.

The Conference ordered that the committee on resolutions be heard before the election of delegates to general conference. Secretary Dole, for the committee, read the following resolutions:

1. We are opposed to the removal of, or any change in the matter of time limit, unless submitted to and approved by a two-thirds vote of our entire membership.

2. We believe it would be unwise to increase the present number of bishops.

3. We would favor some provision whereby each presiding elder's district shall have one lay delegate, who, with the elder, shall represent the district in the annual cabinet meeting.

4. We believe in and ask for equal ministerial and lay representatives in the general conference.

5. We believe in the total suppression of the liquor traffic and would most heartily recommend legislation to that end.

6. We are opposed to any changes in the prohibitory rules, and commend our young people for the firm stand they have taken with regard to the amusement question as expressed at the various Epworth League conventions.

7. We condemn any system of distribution of funds derived from collections, or from profits of book concern or local papers, among superannuated preachers upon the principle of a service pension, and insist that all funds for the relief of superannuated preachers ought to be distributed according to the necessities of each recipient.

8. We instruct our delegates to general conference to vote for the admission of women.

It was moved that this report be taken up by sections and in that way acted upon. This carried and the secretary began. The first, second, third and fourth sections needed but little discussion and were easily adopted. The fifth section was not so smooth sailing. Bro. Fitch thought the resolution was "shilly shally"—entirely too weak for the occasion.

As Mr. Fitch became interested in his own eloquence he proceeded in good stump speaking style to score the two great political parties for their stand on the liquor question. He paid his doubtful compliments to Secretary of State Gardiner, who though in other respects is a noble man, in this one is fatally and awfully wrong. The brother confessed that in his mind he believed no one should be allowed full membership in the M. E. church so long as at the polls he voted against prohibition.

Mr. Fitch was here energetically called down by several brethren, and the discussion took a more quiet and sensible turn. The only question seemed to be whether that resolution was strong enough or not. It was finally carried however as read.

The woman question was the next to arouse discussion. Attorney Lockwood amid hisses of disapproval, opened fire on the resolution instructing the delegates to general conference to vote for the admission of women. He made a strong speech and alleged that there was a strong minority in the Detroit Conference opposed to the measure. Others spoke in as impassioned terms upon either side, Mrs. Hicks, one of the lay delegates in this conference, adding her voice to the supporters of the rights of her sex. The resolution, as above, was finally passed by an overwhelming majority only three daring to rise in opposition.

Next came the election of two lay delegates to the general conference of the church. Three ballots were necessary and the necessary majorities fell to George O. Robinson, of Detroit, and Dr. L. P. Copeland, of this city.

The Conference next passed a strong resolution, presented by H. M. Lord, of Oscoda, commending the work of the Wesleyan Guild, of this city, and pledging

BOLD BURGLARS.

They Break Into C. A. Maynard's Store on State Street.

Wednesday at about 1 o'clock a. m. or a little time after the electric lights were turned out, burglars entered the grocery store of C. A. Maynard on S. State street, and did considerable damage, but secured very little booty. They effected an entrance by prying the catch off the back door.

After getting in they went to the safe and finding it locked, twisted the handle or knob off the safe door and filled the opening with dynamite, which they exploded. The charge must have been larger than was intended, for it made a loud report, tore the safe door all to pieces, and moved the safe with 500 pounds of flour that was stored on top of it, some three or four feet.

Two watchmen happened to be in front of the store at the time, and one remained at the front door, while another hastened to the back door, but before he could reach there the thieves had taken the alarm and fled in the darkness.

They did not have time to open the inside safe door and take money that was in there, some \$200, but were obliged to flee with only a couple of dollars secured from the cash drawer of the desk which they broke open.

It was a daring piece of work and one that will test the detective ability of our officers.

When sermons are ten minutes long, and never state or fail to rise and pay before they pass the hat. When silver jingles everywhere and banks go not to smash. When bill collectors are to spare and people buy for cash. When politicians join the church and cease to plot and plan. When there are fifty offices to every blessed man. Then will the great millennium dawn brightly, but alas! You'll die while you are waiting for these things to come to pass! —Atlanta Constitution.

An Error Rectified.

Ann Arbor, Sept. 16, '95. Ed. Ann Arbor Courier:

The report of my remark at the Lay Delegate Conference, as reported in your issue of the 14th, is misleading.

What I did say was substantially as follows: I would favor a rule that no man's name should remain on the church books in good standing, who sustained the present license system. J. M. FITCH.

Death of Mrs. Olney.

The many friends of Sarah Huntington, widow of the late Prof. Edward Olney, will learn with deep regret of her death, which took place at her home corner of E. Ann and N. Thayer sts., late Tuesday night, Sept. 10.

Mrs. Olney was the daughter of the late Hon. Elijah Huntington, of Ferrysburg, Ohio, and was united in marriage with Prof. Olney when he was a teacher in the schools of that place, and before he had risen to national prominence which came to him later in life.

Mrs. Olney has resided here in the city since the death of her husband, and having no children, a niece Miss Mary H. Hine, has made her home with her.

During their life time Prof. and Mrs. Olney were enthusiastic workers in the Baptist church, and the fine stone edifice that society possesses in this city, was erected quite largely through their aid and influence. Although Mrs. Olney has been in poor health for a long time, preventing her from participating actively in affairs, yet her death will be greatly felt and sincerely regretted by hundreds of people in the city.

The funeral services were held Thursday afternoon at 1:00 o'clock, from the residence. The remains were taken to Kalamazoo for burial, where Mr. Olney was buried.

YOU LACK STRENGTH

Weak Nerves, Tired, Exhausted Bodies.

The Complaint of Thousands Upon Thousands.

HEALTH AND STRENGTH ARE WITHIN YOUR GRASP.

Dr. Greene's Nervura Makes You Strong and Well.

It is the Great Restorative of Nerve and Body.

The world is filled with people who, while not exactly sick, yet lack strength. They are weak, tired, languid and nervous.

In this connection we publish the cure of Mrs. B. B. Graves, of Middlefield, Mass., in the lady's own words:

"I have been sick for two years, and I have been a great sufferer during all that time. I was fearfully nervous, and could get but little sleep.

"I was frightfully weak and exhausted all the time, and could do almost no work at all. I was in a fearful condition from all these complaints, and thought I should never get well.

and employed doctors but got no better. "Finally I began the use of Dr. Greene's Nervura blood and nerve remedy, and immediately there was an improvement.

"I gained rapidly in health and strength, and every one of my troubles soon left me. I was entirely cured of them all by that wonderful medicine, Dr. Greene's Nervura blood and nerve remedy.

"I advise everybody to use it."

Use it—it will make you strong and well—give you back your snap, energy and ambition to work.

Crop Report For September.

For this report correspondents have secured from threshers the results of 4,929 jobs, aggregating more than 76,000 acres of wheat threshed in the State, the yield from which was 962,832 bushels, an average of 12.61 bushels per acre.

The number of bushels of wheat reported marketed by farmers since the August report was published is 702,960. Of this amount 263,192 bushels were marketed before August 1, but not reported until late in August, and 439,804 bushels in August.

The average rainfall in the State during the month was 67.9 degrees. The mean temperature of the southern four tiers of counties was 70.4 degrees, of the central counties, 66.5, of the northern, 64.9; and of the upper peninsula, 62.4 degrees.

The average rainfall in the State during the month was 3.09 inches; in the southern counties, 3.35 inches; in the central, 3.14 inches; in the northern, 2.68 inches, and in the upper peninsula, 2.30 inches.

There are 318 stations in the state from which reports of wheat marketed were received regularly each month during the two years 1893-4 and 1894-5. The amount marketed during the former year was 6,872,583 bushels, and during the latter year 5,287,792 bushels, a decrease of 1,584,791 bushels.

Oats are estimated to yield in the State about 23 bushels, and barley 16.50 bushels per acre. Beans promise 76 per cent; potatoes, \$1 per cent; apples 28 per cent; and peaches 80 per cent; of average crops.

The mean temperature of the State for the month was 67.9 degrees. The mean temperature of the southern four tiers of counties was 70.4 degrees, of the central counties, 66.5, of the northern, 64.9; and of the upper peninsula, 62.4 degrees.

TAKE STEPS

in time, if you are a sufferer from that scourge of humanity known as consumption, and you can be cured.

There is the evidence of hundreds of living witnesses to the fact that, in all its early stages, consumption is a curable disease. Not every case, but a large percentage of cases, and we believe, fully 95 per cent, are cured by Dr. Pierce's Golden Medical Discovery.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it.

The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps.

Hutzel's Water Back!

A very important invention which will be hailed with delight by every body using a stove or range for hot water circulation. After years of experience we have succeeded in producing a simple and perfect WATER BACK.

It overcomes all the present troubles of extracting lime and other sediments which accumulate in water backs, often making them useless and in great many instances becoming dangerous.

The outlay of dollars is reduced to dimes. No household using a range can afford to be without it.

No more trouble by using city water for hot water circulation.

Can be used in any stove. Ask your stove dealer for Hutzel's Water Back.

Mason & Davis Co's. ranges for sale at C. Eberbach are provided with our improvement.

Everybody call and examine this useful invention.

ANN ARBOR AGAIN HONORED

(Continued from 1st Page.)

ing support. This done the lay electoral conference adjourned.

RECEPTION AND BANQUET.

At seven p. m., the Wesleyan Guild Corporation of the local church, gave a reception and banquet to the members of the Lay Electoral Conference. These with a few other invited guests sat down to a well prepared supper in Harr's Hall, the elegant home of the young people society of the Protestant Episcopal church of this city. After thoroughly enjoying the viands prepared, the toastmaster of the evening, Prof. H. S. Carhart, president of the guild, spoke briefly upon its origin and life. The objects sought to be attained by the guild were also detailed. The society has worked for many years to erect a suitable building for the great number of students who come to Ann Arbor every year from Methodist homes. It already owns a fine large corner lot adjoining the church, but the funds for the building have come slowly. The society has a paid secretary and in spite of many disadvantages has done a wonderful work. Bishop Hurst gave his appreciation to the efforts of the guild. The church must hold its own in the city of Ann Arbor. Influences from the religious atmosphere thrown about the students here extend to all parts of the world. Dr. C. M. Coburn, pastor of the church, told of the work already accomplished and begged that the Methodists of the state of Michigan should help in the work.

Junius E. Beal told of the work the other churches of the city are doing in this direction. They have already expended over \$260,000 to this same end, and are doing a wonderful work.

H. M. Loud, of Oscoda, next spoke enthusiastically of the outlook for the Wesleyan Guild.

George O. Robinson, one of the two lay delegates to general conference, talked to the point and with Mr. Loud promised substantial financial assistance.

The reception closed at an early hour in order to permit the guests to hear Chaplain McCabe at the M. E. church.

Don't be Imposed Upon,

when you ask for Doctor Pierce's Golden Medical Discovery. Go to a reliable dealer. He will sell you what you want. The ones who have something else to urge upon you in its place are thinking of the extra profit they'll make. These things pay them better, but they don't care about you.

None of these substitutes is "just as good" as the "Discovery." That is the only blood-cleanser, flesh-builder, and strength-restorer so far-reaching and so unerring in its effects that it can be guaranteed. In the most stubborn skin, scalp, or scrofulous affections, or in every disease that's caused by a torpid liver or by impure blood—if it ever fails to cure, you have your money back.

School Board Organization.

The school board met last evening in Prof. Perry's room and proceeded to organize for the year with the following result:

President—Evert H. Scott.

Treasurer—Miss Emma E. Bower.

Secretary—John R. Miner.

After the election President Scott announced the following committees:

Finance—Trustees Gruner, Smith and Mack.

Teachers and Text Books—Trustees Beal, Miner and Bach.

Library—Trustees Mack, Bower and Gruner.

Buildings and Grounds—Trustees Jacobs, Beal and Scott.

A special committee consisting of Trustees Gruner, Mack and Bower was appointed to confer with a like committee from the council with reference to the appointment of a transient officer.

It was decided to hold an adjourned meeting on Tuesday evening of next week.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction, she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work, and highly satisfactory in results." Trial bottles free at Eberbach Drug & Chemical Co's drug store, and Geo. J. Heussler, Manchester. Regular size, 50c and \$1.00.

On Saturday about forty or fifty people, including some from this city, attended a dinner party given by J. W. Wing, on his farm in Selo, to celebrate his 75th birthday. Guests, principally old pioneers, were present from Selo, Ann Arbor, Ypsilanti, Dexter, Webster, Lima, etc. The tables were heavily laden with good things to eat, and it was a glorious feast. Mr. Wing bears his years well, and but few see him would think him to be 75.

ANOTHER U. OF M. MAN

Goes to Another University and Fills An Important Chair.

The following, is taken from the last issue of the Northwestern Christian Advocate, will be read with pleasure by Professor Bigham's Ann Arbor friends: "After ten weeks of serious inquiry, and very frequent meetings and the consideration of the merits of ten candidates, the Executive Committee on Tuesday, August 27th, reached a final decision in regard to the instructor of Philosophy, and elected Professor John Bigham, Ph. D., of Ann Arbor, Michigan, as the successor of Dr. Duvall. Mr. Bigham has had a very interesting career as a student and teacher. He is a graduate of the classical course of Amherst College, in the class of '87 and received the Commencement prize of \$100 for the best graduating oration. In 1890 he received the degree of Master of Arts from Amherst; in 1892, the degree of Bachelor of Divinity at Yale; in 1893, the degree of Master of Arts from Harvard; in 1894, the Ph. D. at Harvard. During the past year he has been instructor in Psychology and Philosophy in the University of Michigan, and has taken high rank as a successful teacher. He has been trained in philosophy under such men as President Seelye and Professor Garman, of Amherst, and at Harvard with Drs. Munsterberg, Royce, and James. Dr. Henry S. Carhart, of the University of Michigan, states: "The laboratory work of Dr. Bigham is experimental. Psychology has had a large increase in attendance during the year. He has had the best opportunities, and has been a diligent student. He is now a mature man in every way, of excellent spirit and temperament, and I hope DePauw will give him a chance to make a mark."

"Dr. Camden M. Coburn, pastor of the Methodist Episcopal church in Ann Arbor, states: "Dr. Bigham is a noble Christian man, a member of our church, who has had the best possible advantages of scholarship, and has proved himself a fine instructor. With his superior character and Methodist zeal and willingness to work, united with his Yale and Harvard training, it would seem that he ought to be a very excellent man for any school." Similar statements have been received from Dr. McChesney, of Cincinnati; Dr. Albert Vail, of New Haven, Conn.; and Dr. Charles F. Rice, of Cambridge, Mass. The committee received a telegram from Bishop Vincent at Chautauque, N. Y., saying: "I think you can make no mistake in engaging John Bigham for the chair of Philosophy." For some time it was feared that the inability of the committee to offer a salary that would be satisfactory to Dr. Bigham would result in a failure to secure him; but his Methodist zeal made him willing to accept a position in a Methodist school at a financial sacrifice.

"All the vacancies in the Board of Instructors have now been filled with the highest grade of teaching talent; and the outlook for a prosperous year is very encouraging."

Nothing Succeeds Like Success.

The success of the Speer N. J. Wine Co. in producing an extra quality of Grape Brandy is marvelous. They rely alone on the grape for body and flavor, hence there is a wide and growing demand for this Brandy which rivals the old brands of Cognac, France.

Nothing is finer or richer than Speer's Old Climax Brandy and his Old Port, five to fifteen years old. For table use their Charets, Sauternes, Burgundies and P. J. Sherry are unsurpassed. For the sick room, hospital and Sacramental purposes their Unfermented Grape Juice is recommended and used by both physicians and divines. Sold by druggists.

AS LONGFELLOW MIGHT HAVE SAID.

Take her back, oh Land Dauraven! Back to England take Valkyrie! Back to where slow yachts are winners, Where Britannia rules the waters; Rules 'em straight for easy sailing. Over here the raging billows All unkindly treat your vessel; Splash against her bows and hinder Such maneuvers as the captain Might achieve in waters kindly; And the fleet yacht, the Defender Bushes past her, rushes onward, Like the very devil rushes. Till away astern she leaves you, Leaves you back among tall-enders Where you get the wash of steamers. And you simply are not in it; For the Yankee boat will beat you Spite of all your captain's efforts. Take her back and place her gentle Just beside the old Genesta. Eight beside the Gaietta. Near to where the ancient Thistle Rocks and rusts in obscure darkness; Take her back—we'll keep the goblet. — J. E.

The Mount Lebanon Shakers are recently perfected an ingenious cure for dyspepsia. Their Digestive Cordial consists of a food already digested and a digester of foods happily combined.

The importance of this invention will be appreciated when we realize that a proportion of the community are victims of some form of stomach trouble. Thousands of pale, thin people have little inclination to eat, and what they do eat causes them pain and distress.

This Digestive Cordial of the Shakers corrects any stomach derangement at once. It makes thin people plump. Every one will be greatly interested to read the little book which has been placed in the hands of druggists for free distribution.

DR. COBERN COMPLIMENTED

He is Chosen One of the Delegates to the General Conference.

TWO DIVISIONS TODAY

And Both are Hustling the Work—Lady Delegates Appear in the Lay Conference.

[From Friday's Daily.]

The Conference met this morning in two divisions. The ministerial in the M. E. church, the lay in the Presbyterian church. At the first there was considerable business, but of a routine nature. The following supernumerary preachers were continued on the list: Johns Evans, Horace Palmer, George S. Weir, Frederick Smart, Horace G. Persons was located, James F. Emerick was made effective and Menno B. Diehl withdrew from the Conference.

Conference next took up the list of supernumerary preachers. The list contains about one hundred names and is the same with these exceptions, as last year: Deceased, Thomas Seelye, Newell Newton, Henry N. Brown, and M. J. Scott. Calvin Gibbs, G. W. Carter, and William Allinston were added to the list.

The Bishop spoke of the unusual size of this supernumerary list and urged the preachers not to consider their work done when they are put on this list.

Dr. Mead, of the Wisconsin Conference, was introduced to the Conference.

Dr. Savin was placed on the supernumerary list at his own request.

The secretary was instructed to send the sympathies of the Conference to Rev. Westlake who is dangerously ill.

The following young men having completed the required studies and passed the examinations were admitted formally to the Detroit Conference and granted deacon's orders: Charles W. Butler, of Burt; James Elford, of Donaldson; Fred S. Hurlburt, of Peck; H. J. B. Marsh, of Waterloo; Eugene M. Moore, of Deerfield; Christopher Nicholson, of Marlette; W. G. Stephens, of Pinckney; John Thompson, of Dowington; William T. Wallace, of Napoleon; Fred I. Walker, of Seymour Lake; Elgin E. Woolley, of Wilbur. Every pastor present was anxious to profit themselves by the wise and studied words of Bishop Hurst in his charges to the class. Never will either the class or the audience forge the grand and glorious words of the eloquent Bishop. Avoid church trials, avoid church quarrels. The call to the ministry is the richest gift ever bestowed. Trust always and all things to God. Live a blameless life. Mistakes in your lives are yet few. The charge was practical and impressive.

Next came the election of delegates to the General Conference to be held at Cleveland in May. This was a matter of unusual interest. The Bishop appointed the following tellers: Rev. John McEl-downey, Rev. John Sweet, Rev. H. W. Hicks, Rev. H. E. Wolfe, Rev. F. A. Smart, Rev. E. B. Bancroft, Rev. A. B. Storms, and Rev. E. S. Ninde.

Rev. D. R. Shier, of Marine City, introduced a resolution here which aroused much discussion. It was as follows: Resolved, that at least one-half of the delegates elected shall be in actual pastorate having served a church during the past year. Many thought this an attempt not only to bridle the delegates necessarily but also to shut out certain prominent men who are in official position and not in charge of any church. Dr. Allen favored the resolution, Dr. Bigelow and others opposing it. The resolution was finally laid upon the table.

Dr. L. R. Fiske read the report of the deacons' home at Detroit. President Fiske also read the annual report of Albion College. He asked that the general educational collection be every year turned over to the college fund. He also asked whether the delegates would not aid during the coming year in turning over to Albion ten cents per church member in the Conference. The answer given was yes, by an unanimous vote. The report showed that the College is in a most prosperous condition. Dr. J. C. Hartzell, of Cincinnati, corresponding secretary of the Freedmen's

Aid and Southern Education Society, next spoke a few words to the Conference concerning the work with which he is identified. Especially interesting was the doctor's statement that in their schools throughout the South fully one-half of the students are white. The schools of the Society number 45—22 of which are for the white students. Not a single preacher in the Eastern Tennessee Conference uses tobacco in any form.

Dr. A. J. Mead, agent of the Bible Society for Michigan and Wisconsin, next spoke briefly.

The committee on the collection and distribution of funds to Conference claimants reported a plan. This was satisfactory and Elder Bigelow moved that the matter be left in charge of the committee for a year's consideration. Dr. Berry thought the general Conference would act upon the matter. After much discussion Dr. Bigelow's motion prevailed, the plan of distribution and collection to be the same as that used before last year.

The vote on the ballot for delegates was now announced. Only three men received the necessary majority and were declared elected, the election of the other four delegates being postponed till tomorrow. Those elected were: Dr. J. F. Berry, of Chicago; Dr. C. M. Coburn, of Ann Arbor, and Dr. W. H. Shier, of Detroit.

LAY CONFERENCE.

Delegates to the Lay Electoral Conference gathered at the Presbyterian church at 10 o'clock a. m. There were about 150 of the 300 delegates present when the roll was called, but others came in afterwards, swelling the attendance to 250, among whom were a half dozen women, who took an active part in the proceedings.

The delegates were welcomed by Rev. Dr. Coburn, of the local church. B. W. Huston, of Vassar, was made temporary chairman, and J. L. Starkweather, of Romeo, secretary. Mr. Huston proceeded to make a speech, advocating the cause of the women, and asserting that the question would continually come up until it was finally settled right. For one he believed it to be for the best interests of the church to admit women to the Conference.

On motion of Mr. Lockwood, of Monroe, the following committees were appointed:

Credentials—H. A. Lockwood, of Monroe; C. F. Smith, Prescott; J. E. Bolles, Detroit; Henry Wallace, Flint; J. J. Trickey, Port Austin; Arthur Veitch, Marysville.

Permanent organization and order of business—T. H. Temple, Ridgeway; A. S. Rose, Roseville; H. E. Colvin, Pontiac; Bela Cogshall, Flint; A. Ermy, of Crosswell; W. T. Palmer, Saginaw.

Resolutions—S. M. Dole, Adrian; E. VanTuly, West Bay City; G. W. Robinson, Detroit; H. R. Case, Grand Blanc; Mr. Kipp, Port Huron; Mr. McCormick, Saginaw.

After something of a squabble over rushing business an adjournment was finally effected to 1:30 p. m.

The Doctor's Letter Box.

My eyes smart and water a great deal. Will you please tell me what I can do for them?
Bathe them several times a day with a wash composed of ten grains of pure borax and two ounces of camphor water.
A. C. R.—Take the pills of aloes and iron. One after each meal.

DEAR DOCTOR—I am often troubled with a feeling of weight about the forehead, often severe headache, difficulty in breathing through the nose, also with fits of sneezing accompanied with a profuse watery discharge from the nostrils and eyes. I am always more or less feverish and extremely sensitive to cold. Will you please tell me a remedy for this?
You have catarrh of the head. We unhesitatingly recommend Pretzingers's Catarrh Balm and guarantee to give more and quicker relief and it will effect a cure in less time than any other compound known to the science of medicine. It is perfectly safe to use at all times, contains no mercury or other deleterious substances. I use the remedy constantly in my practice and do not believe there is any prescription that will equal it for promptness of action. Any druggist will supply it.

DON'T STOP TOBACCO

IT'S INJURIOUS TO STOP SUDDENLY and don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about BACO-CURO. It is purely vegetable. You do not have to stop using tobacco with BACO-CURO. It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An iron clad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded. Price \$1.00 per box or 3 boxes (30 days treatment and guaranteed cure), \$3.50. For sale by all druggists or will be sent by mail upon receipt of price. SEND SIX TWO CENT STAMPS FOR SAMPLE BOX. Dear Sirs—I have been a tobacco hand for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being at least. I tried the so-called "Ready Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured; I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it. Yours truly, C. W. HOENCK.

First Thimble Made 200 Years Ago.
A thimble was originally a thumb-bell, because it was worn on the thumb, as sailors still wear their thimbles. It is a Dutch invention, and in 1884 in Amsterdam the bi-centennial of the thimble was celebrated with a great deal of formality. This very valuable addition to my lady's workbasket was first made by a goldsmith named Nicholas van Benschoten, the ancestor of the American family of Van Benschotens. And it may further interest colonial dames to know that the first thimble made was presented in 1684 to Anna van Wedy, the second wife of Killian van Rensselaer, the purchaser of Rensselaerwyck and the first patroon. Mme. van Rensselaer's memory was duly honored in Holland on the occasion of the thimble bicentennial. In presenting his useful gift Van Benschoten begged Mme. van Rensselaer "to accept this new covering for the protection of her diligent fingers as a token of his esteem." It was not until 1695, just 209 years ago, that the thimble was introduced into England by a Hollander named John Lofting, who opened a thimble manufactory at Islington.—Harper's Bazar.

Ladies of Ann Arbor who want help with sewing or housework, who need a stewardess or table waiter, whose children wish private tutoring or who desire help of any kind, which could be given by women in the University, will find it desirable to send their names to the Students' Christian Association. It has been customary to have these services paid for by room or board or both. Ladies will please call at the general secretary's office and state their needs and requirements or send word to the Students' Christian Association, Newberry Hall.

A correspondent wrote to a brother editor, asking him "How to get Rich." He was answered very properly: "Nothing is more easy than to grow rich. It is only to trust nobody, befriend none, but get everything and save all you get; to stint ourselves and everybody belonging to us; to be the friend of no man, to heap interest upon interest, rent upon cent; and to have no man for our friends, to be mean, miserable and despised for some 20 or 30 years, and riches will come as sure as disease and disappointment. And when pretty near enough wealth has been collected by a disregard of all the charities of the heart at the expense of every enjoyment save that of to wallow in filthy meanness, death comes to finish the work—the body buried in a hole, the heirs dance over it, the lawyers divide the hoarded lucre, and the spirit goes—where?"

Tendency Increasing.
The tendency to trim skirts is increasing. Some months ago it was suggested that such a move was afoot and now models begin to come in. One of an odd sort is pictured here, a prom-

enade gown of black tulle garnished with cream guipure insertion applied to the tulle in a looped garland around the hem, and in butterflies on the remainder. The skirt has a godet foundation of black silk and the tulle is draped blouse fashion over the fitted bodice lining. In the center of the back and front there is a wide boxplait, and the rest of the tulle is rather full at the sides of each. The draped stock collar, the tabs over the shoulders and the belt are white satin, or may be of white wash silk.

THE KANGAROO.

He is a Success in Many Ways, but Does Not Show Off in Running Down Hill.

Leather made from the skin of the kangaroo is one of the new products in the leather line. It is soft, strong, and the light grades are particularly well adapted for light summer shoes and for shoe tops, while the heavier grades will bear more usage than any other leather finished on the grain side. The light skins are made into the finest brilliant glazed kid and in dull finish for ladies' fine shoes, and the heavy ones are finished for men's fine work. Much of it is crimped and sold for tongue boots. Shoe laces of good qualities are also made of it. The skin of the kangaroo has a wonderfully muscular fibre, which contributes largely to the strength of the animal, enabling the females to carry their young in their pouch until old enough to take care of themselves, and aiding the kangaroo in his long leaps when in motion. The animal is a native of Australia and adjacent islands. It is a distinct species, and has no counterpart in other countries. There are a great number of families, some scarcely larger than a rat, others of almost gigantic size. The giant kangaroo (Macropus major), the family which furnishes the most valuable skins, was discovered by Captain Cook about a century ago, at which time it attracted much attention among naturalists. The natives of Australia call the old males "booma," and are slow to attack them. The "booma" has paws as large as those of a mastiff, though of different shape. His feet are his weapons, and when attacked he is a dangerous antagonist. When raised to his full height his hind legs and tail form a tripod, upon which his body rests, carrying his head as high as that of a man of horseback. The kangaroo lives upon vegetable food, and roams over the plains of Australia in large flocks. Its teeth are so constructed that it can feed upon roots and live upon barren plains, where other animals would starve, and to its destruction of roots is attributed the sterile plains so common in Australia. When feeding a large male stands at his full height and acts as sentinel, while the balance of the flock lie on their sides and browse. At the slightest approach of danger the sentinel sounds the alarm, and in an instant all are erect upon their hind feet. They leap with their forepaws clasped close to their body, the tail stretched backward, while the powerful thigh muscles are caused suddenly to straighten to the joints, by which act the body flies through the air on a low curve. The ordinary jump is about nine feet, but thirty feet is often made at a leap. When pursued by hunters, and on level ground, or on an up-grade, they can outrun the fleetest dog, but down-grade they lose their balance and roll over. The flesh of the kangaroo furnishes excellent food, Kangaroo venison being considered a dainty dish, while the tail furnishes an excellent and nutritious soup.

The couple left last evening to visit with relatives in Webster for a few days. Mr. and Mrs. Taylor will have the hearty good wishes of a great many friends.

The tragic death of Vena Johnson ends three pensions I have secured in the same family," said W. K. Childs this morning. The first pension was for her father, Henry Johnson, who died May 7th, 1892. After his death his widow received a pension, but died soon after, on Jan. 8th, 1893, from cancer. Then Mr. Childs secured a pension for the two minor children, of which Vena was the youngest. Her pension would have expired next May, had she lived, at which time she would have been sixteen years of age.

A glass of water should always be taken the first thing in the morning. It exercises a twofold advantage. First of all, when sipped slowly it acts as a stimulator to the excretory organs. Secondly, during sleep a great deal of mucus is secreted by the membrane lining of the mouth and other organs of the alimentary canal, and this morning drink removes it. Many a morning headache will be cured if this habit is carefully and systematically carried out.

Prof. E. S. Wiggins, the Canadian prophet who successfully predicted the great storm which passed over the Atlantic and Pacific oceans in March, 1883, has got into business again and prophesies a storm of equal violence between the 17th and 21st of the present month. He reasons that on the 18th the moon will pass over the sun's disc a few degrees west of San Francisco, causing a solar eclipse, the moon being in perigee. Mars and Venus will both be in conjunction with her on that day. A great storm will therefore sweep the shores of all continents from the equator to the poles as early as the 17th inst., but on the east coast of North America will reach its climax with high tides by the afternoon of Saturday, the 21st inst. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

County Commissioner Wedemeyer visited the Ypsilanti schools Friday and found them in a prosperous condition. Superintendent Whitney informed him that there would be about 150 pupils in the high school and a graduating class of at least twenty. This is a good record for Ypsilanti.

The scholars when starting a new year almost always begin by making good resolutions and parents should do the same. One of the resolutions which should be made and carried out is to visit the school frequently. It encourages the children and keeps you informed of their progress and studies.

Prof. Fred. Keeler, who is now at Mt. Pleasant, at the new state Normal School, writes to a friend: "We have a very nice building, one mile south of town. We will keep house here."

The production of Cleopatra in the city on next Thursday evening, will be one of the finest things ever brought out in Ann Arbor. The manager of the company had many misgivings about reducing the price of admission to \$1, but being assured that in no other way could he secure a crowd he finally consented. This is the only place in the United States where Lillian Lewis plays for less than \$1.50. It is to be hoped that she will not regret the lowering of the price here to meet the demand for cheaper entertainments of the first class.

An Ypsilanti case before Justice Gibson Thursday, attracted considerable attention, not only because it seemed necessary to being the case up here to secure justice, but from the array of eminent legal talent engaged therein. Dr. Meade, a former resident of Ypsilanti, but now of Detroit, brought suit against Mrs. Sherman for professional services rendered, in the sum of \$89. The jury, after listening to the evidence and the able arguments of the lawyers, rendered a verdict in favor of the doctor for \$67.50. As is often the case, only one side is satisfied with the verdict.

The people who think that Ann Arbor will grow any way, without their aid, may wake up some morning and find themselves in error. The people who are abundantly able to help along an enterprise but refuse to do it, with the idea in their heads that their neighbors will do the giving and they will step in and reap the benefits, may also find some day that idea knocked out of their heads in a way that will make them sorry. Ann Arbor has both classes of people mentioned above, and she has too many of them who are never willing to give one penny to help along any enterprise, but who are fierce to step in and reap the benefits after some one else has secured them. There is only one way to succeed, and that is for every one to help push. It is utterly impossible for the few to do it all. In the matter of securing this underwear factory, which would be a wonderful help to Ann Arbor, in a business way, there are a few enterprising, active business men who can readily see the benefits, but they can not give all that is necessary to secure it. Why not every one give according to their ability? If that should be done it would take only a couple of days to secure the entire amount needed for the enterprise.

Fred C. Root was before Justice Pond Monday a. m. charged by Veeder L. Shankland, the keeper of the poor-house, with assault and battery, committed last Saturday. He pleaded not guilty and case was adjourned until Friday. It is stated that Root asserts that Shankland abused his father who is at the poor house, and took this way to get even with him.

A young man went to the county clerk to get a marriage license. The clerk made a mistake and gave him a license to hunt deer. After the knot was tied some one protested and said he did not have the proper paper. "Here it is," said Cupid, as he handed out the hunting license. "But that's a license to hunt deer," said the other. The Song Journal for September notes a reduction in price to \$1 a year. But the reduction in price appears to cut no figure in the contents, which are "away up in G" as usual. The portraits are excellent, the music fine, and the subject matter not only readable, but newsy. In merit Mr. J. C. Wilcox is making one of the most successful journals published, that is devoted to music and the music trades.

Mrs. Catharine Schiappacasse wife of the Italian fruit vender known to everyone here as "Tony" died Monday night, of typhoid fever, aged 54 years. The funeral will probably be held on Thursday morning, from St. Thomas Catholic church, at 9 o'clock. This death will be a great loss to a large family, to whom she has been a good wife and mother. Her life has been one of toil, and she has confined herself entirely to her home and family. Tony and his family have the sympathy of the public in their bereavement.

THE DETROIT CONFERENCE

Now in Session at the First M. E. Church in This City.

A LARGE ATTENDANCE.

The Reception and Lecture Last Night Well Attended and Quite Enjoyable—Business Meeting Friday.

The streets and shaded lawns of the city are looking their best this morning and the hundreds of visitors from over the state are enjoying them to the fullest extent. All day yesterday and today every incoming train brought its full quota of clerical looking, clerical acting men. Professor Trueblood is chairman of the committee on reception and he or other members of the committee met all trains during the day and up to the 9 p. m. train over the T. & A. A. road at night. Their neat little blue badges with the word "Reception" printed on them and the warm hand clasp of some member of the committee met every visitor as he alighted from the train.

From the depots the visitors were taken direct to the church. There Professor Springer gave them the quarters assigned them for the week. Several of the delegates, including a party of twenty-five from the upper peninsula, asked the privilege of paying all their own expenses for rooms and board. This is something of an innovation, as until this year it has been customary for the local church to bear all the expense of entertainment. This year a single departure has been made—all the delegates providing for their own dinners. Special low rates have been secured within a few doors of the church for these dinners.

Bishop John F. Hurst arrived last evening from the East, and was warmly greeted by his brethren with many of whom he has touched elbows in the glorious battles of the church. Bishop Hurst is a magnificent warrior of the church militant and his presence will greatly add to the enthusiasm and interest of the sessions, while the appointments to be made at the end of the sessions will be accepted coming from his hands without a murmur of disapproval.

From 7 to 8 last night the official board of the Ann Arbor church received its guests in an informal manner. Through the kindness of the Presbyterian church the elegant parlors of McMillan Hall were thrown open for this purpose. The ladies of the First M. E. church furnished light refreshments. It was a pleasant sight to see the enthusiasm with which the brethren greeted each other and every newcomer. It was a difficult task for any one to creep unnoticed into a corner. The hour was all too short.

Most of the delegates went from McMillan Hall to the auditorium of the church where Dr. Joseph F. Berry, the talented and eloquent editor of the Epworth Herald, lectured on "What a Tramp Saw in the Emerald Isle."

It was a beautifully told tale of travel "on the wild sod" and elicited frequent applause from the good sized audience. Blarney Castle—in reality so unlike the alleged reproduction at the World's Fair, was visited and with all its surrounding wealth of scene and people graphically described. The hills and lakes of Ireland, the tales and traditions—all these were pleasant memories to the speaker and through his telling became such to his audience. The Doctor showed a fine vein of humor and the stories of Irish peasant life caused many a hearty laugh. The Irish "wake" was told about the "mountain dew," a mixture of goat's milk and whiskey, was drunk by the Doctor's companions and fortunately so. A clearer statement of the Home Rule Question has seldom if ever been given than was the one given in a few brisk words by Dr. Berry.

The lecture over, the guests were taken in tow by guides who led them to their temporary homes for a long night of rest preparatory to the business sessions of the morrow.

THIS MORNING'S SESSION.

Bishop Hurst at 8:30 ascended the pulpit and called the conference to order. He read for a lesson the 53d chapter of Isaiah, after which the whole audience joined lustily in singing—

And are we yet alive
And see each others face
Glory and praise to Jesus give
For his redeeming grace.
Preserved by power divine
To full salvation here,
Again in Jesus praise we join
And in his sight appear.

What troubles have we seen
What conflicts have we passed,
Fighting within and fears without,
Since we assembled here?
But out of all the Lord
Hath brought me by his love;
And still he doth his help afford,
And hides our life above.

Then let us make our boast
Of his redeeming power,
Which saves to the uttermost,
Till we can sin no more;
Let us take up the cross,
Till we the crown obtain;
And gladly reckon all things loss,
So we may Jesus gain.

After the administration of the Lord's Supper the elements were removed and

Dr. Price's Cream Baking Powder World's Fair Highest Award.

the Bishop spoke a few words to the conference commending in the highest terms the zeal and prosperity of the Detroit Conference. The Methodist preacher always loves his conference and in coming to Ann Arbor they come to their friends. The whole church has grown wonderfully. In 1856 our first missionary went to India. He was a raw Irishman—William Butler, and he is still alive. Today Indian missions are great and prosperous. Every mission, home and foreign, is spreading. Methodists have reason to be proud of the ability and self-sacrifice of the home missionaries. The Bishop here told a witty story about the go-ahead-iveness of Methodist preachers on the frontier today. The church is not divided and this Conference has much work to do.

Secretary J. E. Jrecklin next called the roll, the members of Conference answering to their names were called. The names were in chronological order. There were many absences and several brethren were reported as having gone to the final roll call beyond the river.

J. E. Jacklin was unanimously re-elected secretary of the Conference and named as his assistant Arthur W. Stalker. For financial secretary Carlos L. Adams was elected; Alfonso Crane, secretary of examinations; D. B. Tracy, railroad secretary; C. B. Case, statistical secretary.

On motion the rules of order of the last session were adopted for this. The bar of Conference was fixed at the fourth window of the church.

The roll of probationers was called. They are thirty-six in number.

Then the following standing committees for the ensuing year were appointed:

Sunday Schools and Tracts—J. B. Oliver, Geo. E. Sloan, James Ivey.
Church Extension—C. H. Morgan, J. S. Joslin, W. J. Bailey.

Freedmen's Aid and Southern Education—J. F. Berry, J. I. Nickerson, James Jackson.

Periodicals—Samuel M. Gilchriese, John E. Beach, E. L. Moon.

Conference Claimants—Jesse Kilpatrick, J. L. Hudson, C. Simpson, J. D. Halliday, E. Frazee, Jacob Horton, W. J. Campbell.

Sanctity of the Sabbath—E. W. Ryan, M. W. Gifford, N. G. Lyons.

Parsonages—T. B. McGee, S. W. Horner, P. R. Parrish.

Missionary Cause—W. H. Shier, W. F. Sheridan, L. Hazard.

Epworth League—J. M. Kerridge, J. M. Shank, C. M. Thompson.

On motion the following committee on nominations, including one delegate from each district, was appointed: E. L. Moore, C. B. Steele, A. B. Storms, E. E. Caster, John Sweet, Jacob Horton, W. M. Ward.

One of the delegates asked for the appointment of a committee on the collection and distribution of funds to the superannuated preachers. The motion carried, and the committee is: D. H. Ramsdell, J. B. Goss, J. B. Oliver, G. W. Jennings, W. C. Clemon, J. A. McIlwain, W. W. Washburn.

The Bishop next introduced to the Conference the following visiting brethren: Dr. Earl Cranston, of Chicago; Dr. Buel, dean of the Theological Faculty of the Boston University; Dr. Kelley, editor of the M. E. Review, New York; Rev. Macey and Rev. Dr. Callow, of the Michigan Conference and Rev. John Wilson, of the Eastern Ohio Conference.

Dr. Crouston spoke for a few minutes upon the condition of the Methodist Book Concern. He claimed that it was never more prosperous and healthy. He desired suggestions with regard to bettering the publishing house affairs. A few changes proposed by him were referred to the committee on literature.

The characters of Rev. L. P. Davis, presiding elder of the Adrian District; Rev. Roland Woodhams, of the Bay City District; Rev. C. T. Allen, of the Detroit District; Rev. A. J. Bigelow, of

the Flint District, were passed upon and they reported their districts.

Rev. Dr. Kelley next spoke to the Conference for a few minutes on the subject of the M. E. Review.

At 2 p. m. Rev. Seth Reed, of Detroit, preached in the auditorium of the church, the semi-centennial sermon, and at 3 p. m. the delegates started on a visit to the University, under the guidance of Secretary J. H. Wade and several members of the faculty.

To-night occurs the anniversary of the Superannuated Preachers' Aid Society. Rev. W. H. Shier, D.D., will preside, and Rev. Dr. Whitaker, of Detroit, delivers the chief address.

THE SECOND DAY'S SESSION

Of the Detroit Conference Has Been a Busy One.

SEVERAL ELOQUENT ADDRESSES.

A Full and Exact Account of the Exercises of M. E. Conference During the Day.

[From Thursday's Daily]

Last night's session of the Detroit M. E. Conference was a most interesting one. It consisted of the celebration of the anniversary of the Superannuated Preachers' Aid Society, the Rev. Dr. Whitaker, of Detroit, delivering the address, a magnificently inspiring effort, punctuated by the frequent hearty "amens" of the brethren. Secretary John Sweet, of Calumet, reported that the endowment fund has reached nearly \$50,000. \$2,866 was paid out to conference claimants during the year. Outstanding claims are estimated at \$26,526.85. There is a balance in the treasury of \$600. Revs. Morgan, McCane and Spalding were made a nominating committee and the old list of officers was reported for re-election. They were re-elected by a unanimous vote, W. H. Shier, of Detroit, president; Seth Reed, Northville, vice-president; John Sweet, of Calumet, secretary; J. P. Gilmore, treasurer.

This morning's roll call showed a greatly increased attendance. After an hour's devotional service led by Dr. Keen, the delegates moved forward to within the "Conference Bar" and the business session began.

The characters of Presiding Elders J. E. Whalen, of the Lake Superior District; I. E. Springer, of the Port Huron District, and William Dave, of the Saginaw District, were passed upon and their reports heard. Presiding Elder Whalen occupied the most time with his report, but it was so interesting that no one begrudged him the time it took. The Lake Superior District is over 350 miles long, and of considerable width—entirely too large the Elder thinks for one man to satisfactorily care for. In pursuing his duties he has travelled over 15,000 miles during the past year, and he gave notice to the Conference that he intends asking either that he be allowed an assistant or that the District be divided into two. The churches under his care are quite prosperous—surprisingly so, when we remember that within this district have occurred during the last year a great many strikes by miners and other laborers. \$11,000 worth of improvements have been done on church property there during the year, and \$10,000 church indebtedness paid.

There was nothing of particular interest in the other districts reported. A lively discussion arose over the consideration of the character of Rev. J. J. Smith, one year ago sent to the Mt. Vernon church in the Port Huron District. He remained there but three days and then abandoned the charge. Rev. Smith appeared on the floor of the Conference and made an explanation and apology. The former was not satisfactory but his character was passed for the present.

Dr. Buell, of the Boston University School of Theology, next spoke at some length on the School of Theology. He made a good talk and was well applauded.

Dr. J. H. Pott, of the Michigan Christian Advocate, told the conference of the condition of the paper and delivered

over to the conference stewards a draft for \$1,850.44, the annual appropriation. Dr. Sanford Hunt, senior member of the firm of Hunt & Eaton, New York, next addressed the conference. The New York publishing house sent with him \$2,694 for the Detroit conference—the annual appropriation out of the profits of the house. This is \$600 increase over that of last year. The conference accepted the two drafts with great enthusiasm.

Dr. Hunt, who is also the busy treasurer of the missionary society, had a few words to say also about that branch of the church work. He told how the various M. E. book concerns had sprung up over the world. When he told the conference that next Tuesday the "stars and stripes" would be run up over a new store in Rome, Italy, on that day to be dedicated, the applause was long and loud.

On motion the time for the election of delegates to the General Conference at Cleveland was set for tomorrow morning, the Bishop to appoint the tellers.

The corporate council of the conference met during a short recess and elected Revs. Bourne, Fiske, and Allen, trustees.

After this was done a great discussion arose over the question as to the method to be followed in the distribution of Conference funds to claimants. No final disposition was made of the matter and it probably will come up again.

At 2 p. m. was observed the anniversary exercises of the W. E. M. S. Mrs. A. J. Bigelow, presided, and addresses were made by Miss Franc Baker and Miss Mary Danforth, missionary from Japan. Tonight occurs the Educational Anniversary, to be addressed by President Fiske, of Albion, and Dr. Arthur Edwards. After the Educational Anniversary will come the Consecration of Deaconesses, the Detroit deaconesses being present.

ANNUAL TAX SALE.

STATE OF MICHIGAN, ss.
COUNTY OF WASHINGTON, ss.
The Circuit Court for the County of Wash-
ington in Chancery.
In the matter of the petition of Stanley W.
Turner, Auditor General of the State of Michi-
gan, for and in behalf of the State of Michi-
gan, for the sale of certain lands for taxes
assessed thereon.
On reading and filing the petition of the
Auditor General of the State of Michigan as
aforesaid praying for a decree in favor of the
State of Michigan, against each parcel of land
therein described, for the amounts therein
specified, claimed to be due for taxes, interest
and charges on each such parcel of land, and
that such lands be sold for the amounts so
claimed by the State of Michigan.
It is ordered that said petition will be
over-ruled on the petition and decree as to be
made on the first Monday of October, A. D.
1895, at the opening of the Court on that
day, and that all persons interested in such
lands or any part thereof, desiring to contest
the same, do so by filing a written answer
with the clerk of the Court, before the day
aforesaid, their objections thereto, and if
any party thereof, shall appear in said Court,
and file with the clerk thereof, a written an-
swer in any or before the day of the term of this Court
above mentioned, and that in default thereof
the same will be taken as confessed, and a
decree will be taken and entered as prayed for
in said petition. And it is further ordered
that in pursuance of said decree a decree
described in said petition for which a decree
of sale shall be made, will be sold for the
several taxes, interest and charges as de-
termined by such decree, on the first Mon-
day in December thereafter, or on the day
or days subsequent thereto as may be necessary
to complete the sale of said lands and
every parcel thereof, at the office of the
County Treasurer, or at such convenient place
as shall be selected by the County Treasurer
of the County of Washington, State of Michi-
gan; and that the sale then and there made
will be a public sale and each parcel described
in the decree shall be separately offered
for sale for the total taxes, interest and charges,
and the sale shall be made to the person offer-
ing to buy for any given tax, and paying the
full amount charged against said parcel, and
accepting a conveyance of the same undiv-
ided fee simple interest therein; or, if no per-
son will buy for any said several taxes and
pay the balance thereof and take a convey-
ance of less than the entire thereof, then
the parcel shall be sold for the balance of
the parcel of land cannot be sold for taxes, in-
terest and charges, such parcel shall be passed
over for the time being, and shall, on the
second day or before the day of the sale, be
re-offered, and if, on such second offer, or dur-
ing such sale, the same cannot be sold for the
amount aforesaid, the County Treasurer of
Washington County, this 16th day of August,
A. D. 1895.
Witness the Hon. Edward D. Kinne, Circuit
Judge, and the seal of said Court, at Wash-
ington County, this 16th day of August,
A. D. 1895.

STATE OF MICHIGAN.

To the Circuit Court for the County of Wash-
ington in Chancery:

The petition of Stanley W. Turner, Auditor
General of the State of Michigan, for and in
behalf of the State of Michigan, respecting
the list of lands hereinafter set forth and
marked "Schedule A," contains a description
of all lands in said County of Wash-
ington upon which taxes were assessed
for the years mentioned therein, and which
were returned as delinquent for non-pay-
ment of taxes and which taxes have not been paid,
together with the total amount of such taxes,
with interest computed thereon to the date
fixed for sale, and collection fee as provided
by law, and the cost of advertising and other
expenses of sale of such parcels of land.
Your petitioner further shows to the Court
that said Michigan against each parcel of
land and marked "Schedule A," are a valid lien
on the several parcels of land described in
said schedule, for the payment of the several amounts
of taxes, interest, collection fee, cost of adver-
tising and other expenses of sale, as provided
by law, and extended in said schedule, against
the several parcels of land contained therein, and
in default of payment of the said several
sums computed and extended against said
lands, that each of said parcels of land may
be sold for the amounts due thereon, as pro-
vided by law, to the lien aforesaid.
And your petitioner will ever pray, etc.
Dated August 14, 1895.

STANLEY W. TURNER,
Auditor General of the State of Michigan, for
and in behalf of the State of Michigan.

THE BALTIMORE AMENDMENT

Admitting Women to the General Conference, Was Carried by a Vote of 185 to 9.

NO DIVISION OF THIS CONFERENCE

Saturday and Sunday's Proceedings Were Full of Interest to Methodists—The Conference Closes To-night.

(From Monday's Daily.) Saturday afternoon was to have occurred the address of Dr. Schell at the anniversary of the Epworth League. However, Dr. Schell did not appear and Chaplain McCabe kindly consented to take his place. He delivered his famous lecture, "The Bright Side of Life at Libby Prison." The church was over crowded and the lecture was greatly enjoyed, the audience frequently applauding vociferously.

In the evening was observed the anniversary of the Church Extension Society. President A. J. Keynett, delivering the principal address. Secretary J. E. Jacklin read the report for the last year and Chaplain McCabe sang one of his inimitable songs.

When the delegates reassembled for business in the afternoon they proceeded at once to the election of the two remaining delegates to the general conference. It required two tedious ballots. On the first ballot Dr. E. W. Ryan, Ypsilanti's pugnacious minister, was chosen. On the second ballot President L. R. Fiske, of Albion College secured the necessary number of votes. This completed the list, a representative group of strong Methodists.

A third ballot elected two reserve delegates, L. P. Davis, presiding elder of the Adrian District, and Dr. Arthur Edwards, of Chicago, the veteran editor of the Northwestern Christian Advocate.

While the tedious task of counting the votes went on the delegates attended to several other items of business. Dr. A. B. Leonard, of New York, secretary of the Mission Society, was introduced and spoke forcibly concerning the work which his society is accomplishing.

Dr. Berry offered two resolutions, both of which were adopted by the conference just previous to adjournment for Sunday. The first looked to the early publication of a Methodist high grade illustrated Methodist magazine to stand by the side of Harper's and other like magazines. The second resolution aimed at a slight correction in the church rules with regard to the presidents of the Epworth League and their presence and seat in conference.

A. L. Bartlett, of Grand Blanc, enlivened the closing minutes of the session by a resolution and speech condemning the last general conference for its action on the Hamilton amendment. This resolution was tabled by a close vote.

The board of control for the state Epworth League was in session in this city Saturday afternoon. They decided to hold the state Epworth League convention at Ludington during the second week of July to occupy three days. President Fred K. McEldowney, of Detroit, Miss Mary Ninde, of Wyandotte, and Rev. A. B. Storms of Detroit, were appointed the committee on program.

SUNDAY'S PROGRAM.

Sunday was a quiet day for the delegates. The full program as printed in Saturday's Courier was observed. In the morning the Bishop ordained 14 deacons, and in the afternoon, 13 elders. Their names have already been given here. Bishop Hurst's morning sermon was on the theme, "The Certainty of Christian Faith." It was a masterly effort. At the morning's love feast the collection for supernuantes amounted to \$110.63.

In the afternoon Rev. H. W. Hicks, of Munnich, chairman of the memorial committee took the chair immediately after the ordination of elders, and the annual memorial service was held. Brief accounts were read of the following brethren who have died during the past year: Marvin J. Scott, Thomas Seelye, J. S. Rose, E. F. Warner and H. N. Brown, and these preachers's wives: Mrs. Sophronia Taylor, Mrs. Desire Hodkiss, Mrs. Patty H. Camburn, and Mrs. Julia J. Harding.

STATISTICAL COMMITTEE.

The report of the statistical committee of the Detroit conference was completed late Saturday night, and will occupy the attention of the conference to-day. It appears that the church has been keeping the money at home this year, instead of sending it away to the foreign field, for the missionary collections show a decrease, while the local church collections are almost uniformly in advance of last year. Following are the more interesting items:

The number of probationers for the year was 421, a decrease of 1,149 from last year, although the total membership of the church has increased by 2,807, the total number now being 46,634. Local preachers have fallen off to the number of twelve, the total now being 243. The excess of deaths of members has been 43 over last year.

Dr. Price's Cream Baking Powder
A Pure Grape Cream of Tartar Powder.

The number of children baptized has decreased by 223 and the number of adults by 1,093.

The Sunday School report shows that the total number of schools has decreased by five, there now being 544. Officers and teachers have increased 149, and the total number of pupils has increased by 2301.

Missionary collections show a decrease all along the line. The churches have given \$11,666, a decrease of \$145 from last year. The Sunday School missionary collections have decreased \$1,201, while the total collections have been \$14,905, a decrease of \$1,377. The Woman's Foreign Missionary Society has failed to meet the record of last year by \$2,156, their total gifts being \$5,608. The Woman's Home Missionary Society has a decrease of \$254, the total for the year being \$8,522.

The other collections of the conference stand as follows: Board of church extension, \$1,368, decrease of \$325; Sunday School union, \$343, increase of \$9; Tracts, \$311, increase of \$8; Freedman's Aid, \$1,303, decrease of \$62; educational, \$1,846, increase of \$520; American Bible society, \$304, increase of \$61; the total minor collections show a decrease in total of \$598. There are 463 church buildings in the conference limits, the increase being just two; the probable value is \$2,114,265, increase of \$35,955. The number of parsonages is 221, increase of seven; the probable value is \$330,699, increase of \$12,149. There has been paid for the improvement of church property \$61,220, decrease of \$44,350. Old indebtedness has been extinguished to the amount of \$43,059, decrease of \$7,840 from last year, and the amounts paid for current expenses has decreased by \$1,334.

The superannuated preachers' funds for the year amount to \$3,629, \$414 less than the preceding year.

The first business of today's session was the examination of and continuation on trial of the following men:

Clarence E. Allen, Frederick A. Armstrong, Eugene A. Coffin, Herbert L. Cope, Benoni Gibson, George Huckle, Garrie L. Manly, Frederick Spence, Alexander M. Stirtan, Tom Thompson, Joseph B. Wallace, Bertran E. Allen, Herbert C. Cooley, James T. Gurney, Henry A. Lyon, Charles E. Marvin, George E. Sharp, Charles E. Stedman, Jonathan Thompson, Rufus Van Alstine, Julian S. West, Elgin Moseley, Clarence M. Hubbard.

Lapeer and Flint presented their claims for the next meeting of the Conference. Lapeer offered "yellow-legged chickens," a new church, country hospitality; Flint offered city homes, two large church buildings. Flint secured the prize.

The time for considering the constitutional amendments had now arrived. Dr. Shier proposed the taking of the vote without debate and by a standing vote and it was so ordered. The first question was on the adoption of the Hamilton amendment, which proposed to limit the membership of General Conference to male members. The vote was taken and showed 3 votes in the affirmative and 164 votes in the negative. The Baltimore amendment favoring the admission of women was next accepted by a vote of 185 in the affirmative, to 9 in the negative.

The delegates next voted in favor of reducing the size of the General Conference by increasing the ministerial ratio from 45 to 65. The vote stood, affirmative 106; negative 8; excused from voting, 3. The commission appointed two years ago to consider the advisability of dividing the two Conferences in the state and making three, reported against such division. Their report was adopted.

Dr. A. J. Keynett and Dr. C. H. Payne addressed the Conference on "Church Extension" and "Education," respectively. Dr. M. C. Coburn presented his report as visitor to the Baltimore College for Women, and it was referred to the committee on Education. The Conference passed strong resolutions commending the great work being done in Ann Arbor by the Wesleyan Guild Corporation.

ALONG THE RHINE.

Our Wheel Correspondent Tells Many Things You Will Be Glad to Know.

Milan, Aug. 4, 1895.

Dear Mr. Editor:—Frankfurt was the last resting place of your globe-wheeler, and from there we departed one fine afternoon with a good breeze against us but good roads. We were still in the region of licenses and numbers and bells so we rode to the first town and walked through it, rode to its successor and took another walk. You won't believe it, but they are so mean in this country that their laws not only compel you to lead the awful bike through a town, but they lay out the town along the main road—every house—and string the town out for a mile. It is terrible the measures that they take against the noble sport. We passed Darmstadt with its statue to Grand Duke Ludwig somebody and some ducal palaces, and finally some fossilized ideas about bicycles. We didn't love anybody, we were unhappy we said unpleasant things and wished ourselves in the land of the free. Soon we were in

BAVARIA.

The dialect changed and the people changed as well as their houses. The beams are exposed on the outside of the buildings. They go through some conventional zig-zags and are then filled in between with plaster and bricks. Some houses are thatched, some tiled, and some have boards. The roofs are gothic in form and have a window in the centre for the upper room.

We wanted to reach Worms that night, but, tired and foot-sore we gave up in a small town Biblis where we sought the best hotel. That bed chamber haunts me yet. They

CHARGED US EXTRA.

Cunningly because we were foreigners and after paying our six cents apiece we were led by a hag with a dim, flickering candle to a crooked structure used as stairs. Our hideous guide mumbled and chattered and conducted us to a gothic room 6x9 with strips of paper fluttering from the wall. One window in the inclined ceiling was directly over one bed. The

BEDS DREY PORTRAYAL.

They were covered with a yellow colored sheet to hide dirt—and above this a mattress common to German beds. Beneath was a something made of corn stalks. A grotesque chromo of the Virgin Mary hung on the wall. There was a tin wash dish and a crippled stand which should have been pensioned and let off duty long ago. Needless to say we did not disrobe. No, we put our nightgowns on the yellow pillows to keep our heads from the dirt, we placed the mattresses intended for covers beneath us and crawled to the dizzy heights of the bed to sleep a troubled sleep.

THOUSANDS OF HISSEES.

When we left the town on the following morning our progress was actually hindered by a flock of over 1,000 geese driven by an evil tempered old witch with a whip. The throng filled the road swarmed into every open yard and hissed and fluttered as we struggled through.

We soon reached Worms after crossing the Rhine on a bridge of boats. The boats lie side by side and have a platform resting upon them. When boats pass, several bridge boats are allowed to float out of the chain and then are hauled back.

ANCIENT WORMS.

Worms is one of the most ancient of German cities. Towers of the medieval walls are extant. History has written much on its venerable brow. Charlemagne lived there. Luther met Charles V. and the six Electors there at the famous diet.

We hunted out the Luther monument—very impressive—and the palace where Luther made his defense. Then with a glance at the cathedral, we mounted our wheels and rode away to new fields for sight seeing.

The roads are very straight for long distances between large cities. The only curves or turns are in small towns and it is enough to

MAKE ANY ROAD SQUIRM.

To get in a small Bavarian town. On the main street in front of every farmer's house (for all farmers live in town) is a huge manure heap and usually piled about the pump. This feature, taken with the dirty children, streets paved with huge stones and the general dirty plaster exterior of the houses constitutes a very unpleasant picture.

AT MANHEIM.

We paid the 3rd two cents that we had spent for crossing the Rhine. This time, over a bridge with magnificent

portals. We visited the Ducal Palace, which is a clumsy, dirty old structure, and then rode on to Heidelberg, the famous university town. Here two Americans informed us that the students were duelling at the Hirschgasse, or students tavern. We hurried up there and bought a lunch so that we might watch the excitement with an excuse. They fight savagely there and his cheek laid open six inches, and cuts and pricks, and blood were plenty. It was a savage scene and the pale faces of the defeated as their friends led them away, will haunt me long. Lady friends of contestants awaited anxiously the outcome and drove away with them in hacks when the struggle was over.

HEIDELBERG.

Is wonderfully situated for scenery, at the mouth of the mountainous valley of the Neckar; and its pride, the magnificent old castle, adds not a little charm. That cradle of science, its old university, is most venerable with its antique air and rather ruined appearance. The students in their various class caps are very picturesque as they wander about town in groups. When we left the town enroute for Karlsruhe, an old farmer kindly pointed out the tower of the Speyer Cathedral. It was fifteen miles distant but plainly visible.

The Rhine Valley from Mainz up to Basel is a long strip of level plain, twenty-five miles or more in breadth.

We have been riding in the fertile valley on both sides of which rise a range of mountains which we approach very close, now on one side and now on the other.

CARLSRUHE IS A RESORT.

And the gaiety of the place at once impressed us. At the gate of the city we went through our usual programme of looking up our places to visit and arranging our line of march through the town accordingly. An old palace and an art gallery, and a gay street was all we saw, and then found our way out toward Baden Baden.

The following day we saw the strangest sight we had witnessed. In a small town, we met a funeral procession, weird and aweing enough with the chant of the priest and the slow tolling of the bell as they neared the church. An aged priest led, followed by two boys in a red garb, and a woman apparently the mother of the dead child, carrying the coffin balanced upon her head. It was a most pitiful sight. I don't need tell about.

BADEN BADEN.

So famous a watering place and its location at the entrance of the Black Forest is too well known. Its "drink hall" and old castle are interesting as are also the 50,000 annual visitors of whom we seemed to see all in one day. Late in the afternoon we stopped at a bakery in a small town to buy a bun or two which would sustain us until supper. The baker's daughter was a charming damsel and the indecision which Harry displayed in choosing biscuit was alarming. After we were on the way several miles, he wanted to return and buy more biscuit. We compromised, however, by watching some bare-footed peasant girls gathering sheaves of wheat.

The Rhine valley bristles with GERMAN FORTIFICATIONS.

Every town or city of any size is surrounded by several moats and walls and has a citadel, but at Strassburg we were nearly lost in the intricate network of fortifications. Soldiers are drilling constantly for every sort of contest. We saw them running in perfect lines, guarding as in war every gate, and even the neighboring forests were the scene of marching and drilling.

The Strassburg cathedral is famous. For me, I can never forget it, I fixed my most scared tire in front of it while Harry took his turn seeing the interior and clock. The crowd was as great as a political speech could draw. I could hardly get air enough to fill the pneumatic tube. The University where Goethe graduated is here, and several magnificent buildings as the Imperial Palace and Temple Neul. Gutenberg is claimed by this city also and has a fine monument.

AN ALPENA MIRACLE.

MRS. JAS. M. TODD, OF LONG RAPIDS, DISCARDS HER CRUTCHES.

In an Interview with a Reporter She Reviews Her Experience and Tells the Real Cause of the Miracle.

From the Argus, Alpena, Mich.

As is well known by many of the people of Alpena county, Mrs. Jas. M. Todd, of Long Rapids township, has been a great sufferer and a cripple for many years with that terrible affliction, rheumatism. Some two years ago we became somewhat interested in Mrs. Todd's case, and, in common with Alpena people, rejoice that this great sufferer has at last found relief, and is now in a fair way to a permanent cure. Knowing of the substantial benefit Mrs. Todd had received, and that she was at last regaining her health and strength, we sought to hear her story from her own lips, and here give it to our readers, in her own language.

"As you know, my name is Mrs. Jas. M. Todd, and for the benefit of suffering humanity I wish, through the ARGUS, to tell the world at large what may seem to them, as well as myself, a miracle.

"Eight years ago I was afflicted with what doctors called nervous prostration. The following spring I was taken with rheumatism, commencing first in my arms and hands, and leaving them it would go directly to my head and heart. I cannot describe what I suffered. The only way I could get my breath was to sit where the air would blow directly on me. Thus I lived and suffered for two years, when the affliction left my arms and went directly to my feet. Again I was taken to doctors, and they said I had inflammatory rheumatism in its worst form. My feet were so swollen that it was impossible for me to wear anything upon them, my hands were drawn out of shape, and I could only sit up a few minutes at a time, and often wished death would end my suffering.

"Then another year of misery, doctored all the time, and using every remedy I could hear of, when, as a last resort, I went to Ann Arbor where I could have the advice of not only one, but many physicians. They pronounced my trouble inflammatory and muscular rheumatism, said it was brought on by hard work, and if rest did not cure me nothing would, for medicines would not do it. I again went to the city, and was treated by one of our best physicians, but grew more helpless, and at last went to live with my daughter, thinking I could not live long. I was then as helpless as a child, and after lying down awhile, I could not raise my arms to cover myself, nor speak until shaken or lifted up. One of my limbs was entirely helpless, and the skin was dry and cracked until it would bleed.

"From a tall, straight woman of over five feet, I was drawn all out of shape, my eyes were swollen shut more than half the time, my knee joints out of place, no strength to raise or dress, for eighteen months had been held up by one on each side of me to dress or undress. Another year passed when my attention was called to a case similar to mine cured by the use of Dr. Williams' Pink Pills. I was urged to try them and at last did so. In three days after I commenced taking Pink Pills I could sit up and dress myself, and after using them six weeks I went home and commenced working. I continued taking the pills until now I begin to forget my crutches, and can go up and down steps without aid. I am truly a living wonder, walking out of doors without assistance.

"Now, if I can say anything to induce those who have suffered as I have to try Pink Pills, I shall gladly do so. If other like sufferers will try Pink Pills according to directions, they will have reason to thank God for creating men who are able to conquer that terrible disease, rheumatism. I have in my own neighborhood recommended Pink Pills for the after effects of a gripe, and weak women with impure blood, and with good results."

Mrs. Todd is very strong in her faith in the curative powers of Pink Pills, and says they have brought a poor, helpless cripple back to do her own mending, cleaning, washing, sewing, knitting, and in fact about all of her household duties, thanks to Dr. Williams' Pink Pills.

The following letter to the Dr. Williams' Medicine Co., refers to the above, and will read with much interest:

LONG RAPIDS, MICH., Jan. 12, 1895.

Dr. Williams' Medicine Company, Schenectady, N. Y.

Gentlemen: "Some time ago I gave to the editor of the Argus a full account of my sickness, with the exception of one thing which I withheld after writing to you about my case, viz: I took seventeen boxes of your pills then I stopped. Seeing Mr. Vial, the editor, one day, I told him what the pills had done, but told him I thought they would help me no more. He said they would and that I must keep on taking them. He sent me altogether twenty-four boxes of pills, and also cheerful letters of encouragement. God bless him. If it had not been for him, I verily believe I should have been in my grave. And also I bless God he ever created men that could combat with rheumatism. It has occurred to me that one person cured as I have been, and who would go from one large city to another and tell of the experience with your pills, their sale would be doubled, as half the world does not believe what they read of your miracles. But when they see a poor twisted body like mine, hear from living lips the medicine that cured me, the most skeptical could not help but believe. Already in this country place double the pills have been used since I commenced to take them. It has been my means to start on I would spend the next six months in treating the worst cases in Bay City and Saginaw and Detroit. I believe I could do a great amount of good in this way, and perhaps make a little money. Please do not think that I am a grasping woman for I am not, but I am poor and destitute, and I should like to help suffering humanity to health and strength for both can be had if they only know about Pink Pills. God bless you and keep you long in the prayer of Yours very gratefully,

Mrs. J. M. TODD.

The foregoing is but one of many wonderful cures that have been credited to Dr. Williams' Pink Pills for Pale People. Diseases which heretofore have been supposed to be incurable, such as locomotor ataxia and paralysis succumb to this wonderful medicine as readily as the most trifling ailments. In many cases the reported cures have been investigated by the leading newspapers and verified in every possible manner and the case has the least semblance of fraud been discovered. Their fame has spread to the far ends of civilization and there is hardly a drug store in this country or abroad where they cannot be found.

Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effect of la grippe, palpitation of the heart, pale and sallow complexion, all forms of weakness either in male or female. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, (50 cents a box, or six boxes for \$2.50) they are never sold in bulk or by the 100) by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.
