**A Most Remarkable Proceeding.**

**1,000 SOLID STERLING SILVER SOUVENIR SPOONS**

Given away next week

**SATURDAY, April 4**

With every 50c purchase. These spoons can now be seen at The Store. They have been thoroughly tested and you will find them just as represented.

**SOLID STERLING SILVER.**

Worth more than the amount you purchase to get them. The Store believes in meeting the generous patronage it receives with equal generosity on its own part. We like to show how much we appreciate the support we receive from every corner of Washtenaw. We delight in seeing our patrons assemble in vast numbers that we may show them our object lessons in economical trading. We have never been in as good a position as we now find ourselves.

**The Store has taken a long step forward this Spring.**

There is a splendor and magnificence in our showing that gives us first rank in Michigan's great trading places. We maintain there is not a store in the states that can serve you so well as The Store and we want every lady within reaching distance of Ann Arbor to call and see how well we substantiate our claim.

**OUR GREAT NEW YORK PURCHASES** are now being received giving us unmatched bargains to offer this week in Boys' Clothing, Ladies' Shoes, Dress Novelties, Dress Skirts, Spring Wraps, Cotton Waists, Silk Waists, Dresden Ribbons, etc.

**THE CARRIAGE?**

You can make a better job of it if you get a new SPONGE and CHAMOIS LEATHER.

A good BATH SPONGE is quite reasonable now too. We have just received a new supply of carriage and bath sponges which we are selling at from 5 cents to \$1.00.

**Mummers' Drug Store.**

17 East Washington Street, Cor. of Fourth.

## The Verdict

Said Mr. M—the other day: "I want one of your seamless hot-water bottles that you warrant. I had one of them and it lasted six months with constant use. I bought two at once and they gave out very quickly."

We can give you the man's name if you want it. These bottles will last two or three years with ordinary use.

#### The Passion Play at Oberammergau—

This wonderful play, which commemorates the life of our Saviour, is one of the most sacred religious observances to the simple people in the little dorf of Oberammergau.

In the year 1833 the town and sur-

rounding country of Oberammergau was devastated by the plague. The heart-stricken inhabitants met together and vowed to God that if He would remove the scourge they would every ten years perform the Passion Play with the best skill and deepest devotion in their power. The plague was stayed and from that time to the present every ten years this promise has been sacredly kept.

There will be given a lecture with stereopticon views on this Passion Play, in University Hall, on Saturday evening April 4th, by Rev. J. J. Lewis.

In 1890, the last time the play was given, Rev. Mr. Lewis, in company with many others, attended its presentation, and obtained views of its many scenes and tableaux, besides likenesses of those who took the leading parts. His lecture is explanatory of the country, its people, their homes and lives, and the leading features of the play itself.

Tickets at 25 cents each at Sheehan's and Wahr's.

#### Changes in Newspaperdom—

With to-day, April 1st, Mr. Tom W. Mingay, who has for the past two years or more so ably managed the Daily Times, severs his connection with that paper, and enters into partnership with Mr. Beakes in the Argus, having purchased the interest of Mr. Hammond.

Mr. Mingay is a hard-working level-headed newspaper man, and secures success by meriting it. The Argus is to be congratulated upon so excellent an acquisition to its business force, while at the same time Mr. Mingay is to be congratulated upon entering the ranks of proprietors, and upon securing an interest in one of the oldest and most respected of Washtenaw's journals.

There have been many rumors afloat as to the Daily Times, at present at least; it will be managed by Mr. C. H. Towle, who is not unknown in Ann Arbor, as he graduated in the lit class of '92, law '94, and did some excellent work on the U. of M. Daily during that period. He is welcomed to the circle of newspaper men of the city.

#### Some Good Guesses—

The Dexter Leader of this week will say:

"Concerning our intimation two weeks ago, that a Dexter man would probably be a candidate for a county office this fall, the Ann Arbor Courier evidently guessed the individual the first time, judging from its commendatory editorial, though mentioning no names, but the Washtenaw Times speaks "right out in meetin'," and in its Monday edition connects the name of H. Wirt Newkirk of this place with the nomination for Judge of Probate.

"Boys, you are good guessers, as Mr. Newkirk is the man we had in mind, and from what we have heard from various parts of the county, as the spontaneous expression of his many friends, he will receive a hearty support when the time comes.

"He is, beyond a doubt, the right man for the place, and no better choice could be made."

The Courier pleads guilty, and acknowledges that its remarks were intended for the gentleman named above, and who it believes to be not only duly and truly prepared for the position, but worthily and well qualified.

#### Skule Entertainment—

On Friday evening of this week the Deestrick Skule will give their last day exercises at the red school house on State street in the vacant lot between Washington and Huron streets. The teacher Mr. Lament Diabolus Wines has been preparing for the occasion for some time. The girls will wear their clean dresses and the boys will all wear their shoes and stockings in honor of the day. Besides the regular classes a number of the best scholars will speak pieces and sing. The services will begin at 7:15, in order to enable the infant class to go to bed on time.

Admission 10 cents, reserved seats 20 cents, at Calkins' and at Goodyear's drug stores. Proceeds go to the Epworth League.

The Moderator of the deestrick requests that people should not hitch their horses to the trees.

#### Seventh Ward now in it—

In publishing the call for the county convention last week an error was made in apportioning delegates, no

account having been made therein of the new 7th ward in Ann Arbor city.

At the first election after this new ward was organized on April 1st, '95, it was found that the wards interested in the change cast the following votes: 1st ward 396, 6th ward 264, 7th ward 215. Under the rule adopted of one delegate for every 50 votes cast, and one for every fraction over 25, the three wards are entitled to delegates as follows: 1st ward 8, 6th ward 5, 7th ward 4.

Accordingly the correction has been made in the call as published in another column, and the new 7th warders will not be shut out from their just representation.

#### Holden-Cramer Wedding—

The ceremony was performed last Wednesday evening, by which Miss Katharine Cramer, of this city, became the bride of Mr. George S. Holden, of Palmer, Mass. Rev. Camden M. Coburn, of the 1st M. E. church of this city, performed the ceremony which was witnessed by the relatives and immediate friends of the family only.

The home of the bride's parents, Mr. and Mrs. D. Cramer, of E. Huron st., was very tastefully decorated in white and yellow; palms, smilax, daffodils and white roses being used in profusion.

Miss Marjorie Waite of Detroit, a little niece of the bride, acted as attending maid. After the ceremony a delicate wedding lunch was served. The gifts were numerous and very valuable.

Mr. Holden is a graduate of the University, taking the A. B. degree in '91, and is a member of the Beta Theta Pi fraternity. He is now superintendent of the large woolen factory of Holden & Fuller, at Palmer, Mass.

The bride is known to most Ann Arbor people. She was born in this city, educated in the public schools, graduating at the High School with the class of '88, and from the literary department of the University in '92, receiving the degree of Ph. B. She is one of the most highly respected of Ann Arbor's young people.

The couple left the same evening for their future home at Palmer, Mass., where they will at once take possession of their beautiful new residence awaiting them, and will be at home to their friends after May 1.

#### U. of M. Ahead, Hurrah!

There is great rejoicing in the ranks of the U. of M. at the victory over Chicago in the oratorical contest, held at University Hall on Friday evening last.

The three debaters sent by Chicago University were W. C. Mitchell, aged 22, of Rushville, Ill.; L. Brent Vaughan, of Oberlin, Ohio; and James P. Whyte, aged 28, a native of Scotland.

The University of Michigan was represented by Chas. J. Vert, aged 23, of Morristown, N. Y.; Edmond Block, aged 23, of Chattanooga, Tenn.; and Paul Y. Albright, aged 29, of Philadelphia, Pa.

The enthusiasm of the audience was very great, and when the decision was made known it was greeted with wild applause. The contest was not one sided at all, but on the contrary was very close, puzzling the judges somewhat to arrive at their final conclusion.

The following table gives the markings of the judges:

	MICHIGAN.	Baltimore.	Compton.	McClellan.
Vert	4	3	2	1
Block	4	1	1	1
Albright	5	5	5	5
CHICAGO.				
Whyte	3	2	4	2
Mitchell	2	6	6	6
Vaughan	6	4	4	2
Total—Michigan, 27. Chicago, 35.				

There is a rumor about the street that Louis J. Liesemer is to start a new daily paper here with a weekly edition in English. This is a free country Louis.

#### A Pleasant Memory is His—

Many in Ann Arbor will remember Bert Rich, the stalwart first baseman of the famous U. of M. ball team which defeated Harvard and other strong college nines in 1890-91. He was such a sure catcher, thrower and batter that he was one of the best men ever in Michigan's club. Not only was he strong in athletics but also in the recitation room where he was a good student. He studied too hard, so that his health was impaired. However, after graduation he entered upon law studies besides a large amount of teaching and tutoring, until he was admitted to the bar. Being threatened with consumption he went to Colorado, New Mexico, and California, but not getting relief he decided to ship before the mast on a sailing vessel bound from San Diego to England on a five months voyage. The next word his parents received from him was by letter from the captain of the vessel in England, saying that their son had been killed on the trip. While off the Brazil coast the crew were shifting sails, and Bert was aloft. His cap blew off and in reaching for it lost his hold, falling a hundred feet to the deck and being instantly killed. He was buried at sea.

Albert Dykeman Rich was 28 years old and unmarried. He was one of the eight sons of Arthur D. Rich, an early graduate of the University, now living in Chicago. Bert was a thoroughly manly character, greatly beloved by his associates, big hearted, generous and brave. His untimely end will be mourned by many. Yet many will feel that perhaps if consumption had fastened itself upon him even a sudden taking away like that is preferable to a hopeless lingering illness. He leaves only pleasant helpful recollections with all his relatives and friends.

THE JEWEL OF LIFE.  
I'm going to tell a story about the "Jewel of Life."  
She is a little lady who never lives in strife,  
She's just the dearest little lady that I believe I ever knew,  
And she's just as good and gentle as she is kind and true.  
She wears a gauze white mantel, and a snow-flake on her head;  
And everything about her is as pure as I have said.  
And would you just be like her? You could would you but try,  
She'd do you accommodations whenever you are nigh.  
Now take her for a model, and see if you can be  
Just like the little lady that you often in others see.  
Her home is in those hearts that are gentle, kind, and true,  
And I shouldn't wonder but what she lives in you.  
But if she doesn't live there, she will quite soon come,  
If you will do a kindness by every single one.  
Just lend the poor and feeble the dearest helping hand;  
Don't see your friends so crossly, but smile where're you can.

#### A Little Girl's Poem—

[The following little poem was written by a little girl about ten years old, who is attending the 3d ward school, in the 6th grade. Both in thought and expression it is worthy of a place in public print. This is only one of a number she has written, quite as good. Upon being asked when she found time to compose them she answered that they came to her in the morning as she lay awake in bed.—Ed.]

#### Our Forests—

Labor Commissioner Morse will this year make an investigation of the amount of forest remaining in Michigan. Supervisors will be asked to inquire into the amount, in acres, of timber in their townships at the time of taking the assessment. Michigan was formerly famous for its timber—both in quantity and quality. Now our pine is nearly all gone and our enormous inroads have been made on our hardwood forests. Many people ascribe the climatic changes in our seasons to the removal of the forests. The investigation is most important, and every person should be interested in assisting to make it accurate.

FOR AUDITOR GENERAL.

As names for various positions in the gift of the people are being presented for the consideration of the coming republican state convention, it is pleasing to note such an excellent one as that of Col. E. J. March, of Hillsdale, for the office of Auditor General of the state.

In his behalf it may be said that Hillsdale county has been one of the most reliable republican counties in the state of Michigan, never wavering in its allegiance to the grand old party, and it is also true that this same county has been very modest in her demands upon the party for place. Now she comes forward with a splendid man for an office that needs just such a man to fill it.

Of Col. March the Hillsdale Standard of a recent date says:

"His qualifications and fitness to fill the position with credit to the state and honor to the county is undoubted. His loyalty to the party and his energy in laboring for its success is known wherever he is known, and that is as extensive as the state. His private life is well known. His public official duties have been performed most satisfactorily and honorably. As a soldier in the rebellion he gained greater honors than many even of his intimate friends are aware of. As a captain he did the duty of a major; as Lieutenant-colonel he commanded a regiment; as colonel he commanded a brigade before Petersburg; and had he been pressing in his demands, or sought honors ungranted, but not unearned, he would have quit the service at least a brigadier general. He holds in sacred keeping personal letters to himself from brave old Gen. Hartranft and other superior officers, which any brigadier would be proud to own. Colonel March may not be very thankful to have this honorable secret told, but when a man has done gallant deeds it can do no harm to have it known."

The republicans of Michigan will surely make no mistake if they place Col. March on the ticket for Auditor General.

They are wonderful hustlers down in Philadelphia. Philadelphia, Pa. is the place meant. The will of Benj. Franklin, which was probated just 100 years ago in the probate court of that county, has just been allowed!

changes

There are medicines which change the action of organs and tissues. When a part does not properly perform its work, they restore it to health. Such remedies are called "alteratives."

Scott's Emulsion of Cod-liver Oil, with Hypophosphites, is one of these remedies. This is largely because of certain drugs which naturally exist in the oil, as iodine and bromine. If you are neither hard sick nor real well; if you feel below your usual standard, these alteratives will change your condition and bring back your health and strength.

SCOTT'S EMULSION has been endorsed by the medical profession for twenty years. Ask your doctor. This is because it is always palatable—always uniform—always contains the purest Cod-liver Oil and Hypophosphites. Put up in 50 cent and \$1.00 sizes. The small size may be enough to cure your cough or help your baby.

Many a lover of "Tom Brown's School Days," and other works from the same pen, will regret to learn of the recent death of the author, Thomas Hughes, at his home in London, at the age of 72.

Mr. Fosdick the representative in the Ohio legislature, who introduced the bill prohibiting the wearing of high or large hats in theatres and places of entertainment, deserves the warm gratitude of all who attend such places. If the law succeeds in abating the custom it will do away with one of the greatest nuisances the play going people ever had to contend with.

Japan, with her eight cent per day labor is coming in as a great factor in the industrial world. To-day over 850,000 spindles are at work and more are being introduced. English manufacturers can not compete with their cheap labor and just how they can knock out the Japanese and still maintain their free trade doctrine is a great question.—Hastings Banner.

Again Russia has stepped in and said a good word, effectively, for the United States. When the debate began in congress over Cuban recognition, Spain attempted, it is alleged, to form a combination of European nations against this republic. Russia stepped in and said no, and said it in such a way, that the scheme dropped with a dull and sickening thud.

The large vote for McKinley in the New York convention shows that Mr. Platt can not use the delegates from New York to trade with, and to hand over like a bundle of sticks of wood, to any candidate he may choose. The second choice is clearly for McKinley, and to him the vote of the state will eventually go, notwithstanding the efforts of trading politicians. It is not probable that a man with the brain and standing of Chauncey Depew, can be used by Mr. Platt for any trickery.

The impression seems to have gone forth in some towns that the law regarding the right of women to vote at school meetings had been declared unconstitutional as well as the one relative to their right of suffrage in municipal and city elections. This is not so. The Record has a letter from the secretary of state and the attorney general which says: "Women have the right of suffrage in elections, in school districts and the same property qualifications which apply to male voters holds good in case of females."—Northville Record.

Senor Moret, who is said to be the greatest authority in Spain on international law, declared in an address a few days ago that "Europe would not permit Cuba to belong to the United States, since it is destined to be the Gibraltar of the western hemisphere." This is significant talk and deserves attention. The idea seems to be that the American Gibraltar, wherever it is, must necessarily be a European possession. The United States has no designs of conquest on Cuba, but when Spain loses its hold on the island all Europe combined will not be strong enough to acquire it for their Gibraltar.—St. Louis Globe Democrat.

York Republican Ticket.

The republicans of York held their caucus at the town hall in Mooreville Thursday, nominated a town ticket and elected delegates to the county convention. The result was as follows:

- Supervisor—Charles R. Parsons.
Clerk—Milton H. Hack.
Treasurer—Charles Gauntlett.
Justice of the Peace—Eugene B. Ford.
Commissioner of Highway—Theodore Josenhans.
Drain Commissioner—Geo. F. Richards.
School Inspector—Cromwell M. Fuller.
Member of Board of Review—Chas. R. Cobb.
Constables—Archie M. Gauntlett, Frederick E. Reese, Lewis A. Wilcox, Edward Hale.
The delegates to the county convention were: J. Henry Ford, Elton Gauntlett, John Cook, J. W. Blakeslee, Wiles Dexter, E. B. Ford, Asa Whitehead, W. H. Whitmarsh.

Before election those who aspire to serve their fellow men as public officials are so smiling and sweet that they are appropriately called candy dates. After election the sixteen defeated ones will express their opinion of those who voted against them in so full and frank a manner as to again entitle them to the name of candid eight.—Ypsilanti Commercial

Women

Who are nervous, weak, worn out with local troubles find pure blood, nerve strength, and perfect health in Hood's Sarsaparilla.

force—those special physical trials we delicately indicate by merely using the words—Maid, Mother, Matron.

Like a confidential friend we suggest the use of Hood's Sarsaparilla, a reliable blood purifier and tonic; it has helped many others and will help you.

The Bicycle Conquering The Horse.

The bicycle has come, and although the predominance of the horse in sport is not destroyed, it is no longer undisputed. Not like that other, that such sulphurous manifestations, tumbled the knight from his steed, this modern machine, in quiet and orderly manner as becomes the present, is tumbling his modern counterpart from hunter and from hack. Gradually it has been growing in it. There is no dignity too great to be borne by the nimble wheel, and coquetry has been sacrificed for his sake. Every one rides; and it is singular that the most bigoted horseman often falls the most abject victim and is found practicing upon the smoothly running innovation—sometimes it is true, on the sly. A writer says in speaking of the "retreat" of the power-holding classes: "The effect produced on certain individuals is such that, instead of siding with the class to which by tradition and individual interest they undoubtedly belong, they take their place in the ranks of the opponents."—February Scribner's.

"Farewell! Farewell!" he cries in pain. His kisses fall like autumn rain Upon her forehead wh'er: He knows he'll see her no again— Until to-morrow night. —Tid-Bits.

Healthy, happy babies are generally the offspring of healthy, happy mothers. It would hardly be natural if it were otherwise. The baby's health and happiness depend on the mother's. The mother's condition during gestation particularly exerts an influence on the whole life of the child.

Impure blood, weakness and nervousness in the mother are pretty sure to repeat themselves in the child.

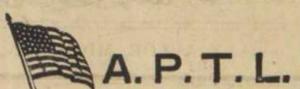

If a woman is not careful at any other time, she certainly should be during the period preliminary to parturition. It is a time when greatest care is necessary, and Nature will be the better for a little help. Even strong, well women will find themselves feeling better, their time of labor shortened and their pains lessened if they will take Dr. Pierce's Favorite Prescription. To those whom troubles peculiarly feminine have rendered in any degree weak, it will prove a veritable blessing. It is a good general tonic for the whole system, and at any time will promote the proper and regular action of all the organs. It is a medicine for women only and for all complaints confined to their sex is of inestimable value.

Dr. Pierce has written a 1000 page book profusely illustrated called "The People's Medical Adviser," which will be sent on receipt of twenty-one cents to pay postage and wrapping only. It's a complete family doctor book. Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

Mary Wagner sued Lawrence Kittle in the Washtenaw circuit court for breach of promise, and secured a verdict of \$1,000 for her damages. We think the damages too high. We know nothing of the case and it may have been an instance of monumental lying on the part of the would-be groom, but the lady should remember that there's something saved to her in a name. She has not been made a Kittle for life. Ought she not to consider this? Were there a family of children she would have to wash the kittles continually. She would herself be a Kittle. Now, it is different. During the night she is a Wagner sleeper. Still, after Kittle had gained her consent to overlook all the objections that might be urged and promised to become her husband, it strikes us that he ought to have about a \$1,000 boil on his neck, for lying.—Adrian Press.

# DON'T STOP TOBACCO

IT'S INJURIOUS TO STOP SUD- DENLY and don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. Ask your druggist about BACO-CURO. It is purely vegetable. You do not have to stop using tobacco with BACO-CURO. It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An iron clad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded. Price \$1.00 per box or 3 boxes (30 days treatment and guaranteed cure), \$2.50. For sale by all druggists or will be sent by mail upon receipt of price. SEND SIX TWO CENT STAMPS FOR SAMPLE BOX. Dear Sirs—I have been a tobacco user for many years, and during the past two years have smoked to such an extent that my regular system became affected, until my physician told me I must give up the use of tobacco for the time being at least. I tried the so-called "Keely Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured; I am in perfect health, and I have the craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. Consider your "Baco-Curo" simply wonderful, and I fully recommend it.  
Yours truly,

The Most Welcome News to Sufferers From Female Complaints.

It is a fact that our women who suffer from female complaints and are consequently weak, tired, nervous, dragged out and full of pains and aches, do not have the same opportunity to be cured as do the residents of the great cities where the most successful specialists in female diseases reside. In other words, our women are debarred from seeking a cure by the great and skilled physicians owing to the cost of travel to the large cities and the high fees charged by such specialists.

Here, therefore, is a chance for the sick and suffering women of our community which should not be lost. Dr. Greene, of 35 West 14th st., New York City, who has the largest practice in the world and who is without doubt the most successful specialist in curing female complaints, offers to give free consultation by mail to all women suffering from these distressing weaknesses, discharges, pains and irregularities. You have the privilege of consulting Dr. Greene by letter describing your complaints and he will, after carefully considering your condition, send a letter carefully explaining all your symptoms, telling you everything about your complaints so plainly that you will understand exactly what ails you. He will also give you his advice, based upon his vast experience and wonderful success in treating such cases, as to just what to do to get cured. All this will cost you nothing and you can thus have consultation with the best known and acknowledged most successful specialist in the world without leaving home and at no expense whatever. The doctor is the discoverer of the greatest of all known medicines, Dr. Greene's Nervura blood and nerve remedy, and he has discovered many other most valuable remedies. Write to him now about your case, for this is a chance to get cured which you may never have again.

He is the editor in chief of the Daily Morning News of Muskegon, and it is the belief of his old friends here in Ann Arbor, that he would make that city an awful good mayor, even if he does belong to the wrong political party. He is a brother of Geo. P. Wanty, of Grand Rapids, who is president of the state bar association.

How Is It Possible? You can't see how mince meat, as good as any made at home, can be sold for 10 cents a package (enough for 2 large pies)? The Reason's Plain. Many carloads of the materials for None Such Mince Meat are bought at one time, at first hands. All the paring, chopping, seeding, stemming and cleaning are done by perfected machinery. Such immense quantities are sold that a mite of profit on each package of NONE SUCH MINCE MEAT is enough. All grocers sell it. Be sure and get the genuine. "We understand that Pack, Everett & Co. have been successful in securing franchises for the electric road through all townships but Canton. An attorney in Ann Arbor is seeking a franchise in that township and the authorities are vacillating in the matter. The affair will be made an issue in the coming election. We hope the people will see it to their advantage to grant the franchise to those able and willing to speedily push the project to completion, and not to one whose purpose must be delay.—Wayne Review.

John R. Miner has been elected president of the Board of Public Works. Mr. Miner is one of the sort who usually knows his business and attends to it, and what is more he knows when business is done right. It is hoped now that the everlasting jangle between the Board and the Council will cease. If it does not, then the fact will be plainly shown that it is useless to attempt to have such a Board in this city, for the man or body of men who can not get along peaceably and act in harmony with Mr. Miner is or are impossible to do business with at all.

"In the Beginning,"

Of a new year, when the winter season of close confinement is only half gone, many find that their health begins to break down, that the least exposure threatens sickness. It is then as well as at all other times, and with people even in good health, that the following facts should be remembered, namely: that Hood's Sarsaparilla leads everything in the way of medicines; that it accomplishes the greatest cures in the world; has the largest sale in the world, and requires the largest building in the world devoted exclusively to the preparation of the proprietary medicine. Does not this conclusively prove, if you are sick, that Hood's Sarsaparilla is the medicine for you to take?

The sweater habit has developed into a craze along lines strongly suggestive of Aubrey Beardsley or Will H. Bradley, and the fin de siecle freshman has become a walking poster design. A modest sweater is in no way offensive, and the possession of one bearing the "varsity" "M" is a distinctive honor, but those with the glaring stripes and broad collar are not for public places. Their owners should keep them out of the class room or be marked down on department.—U. of M. Daily.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Fred Russell says trot out your Jerseys! He has a grade jersey that in seven days, March 11 to 17 inclusive, gave 299 pounds of milk which churned 17 lbs. 10 oz butter. The cow was kept and fed only common food and the milk kept in the old style pans and skimmed. A record of each milking may be seen at this office.—Saline Observer.  
A Blissfield youth has sued his mother for wages he claims due him. She should be permitted to offset the care, the love and the sacrifices made during the first ten years of his life, to give him comfort and happiness, and she would get a judgment of a million dollars against him, and then not get half enough. Sue an old mother! Well, well.—Adrian Press.

All games of chance are more or less fascinating, but the great American game or draw poker possesses a charm infinitely more alluring and hypnotizing than any other. Men will stake their last penny to satisfy the curiosity aroused by the distribution of 52 pieces of pasteboard to several others, and, losing it, will borrow money to still further whet their greed of gainful knowledge, or add to their disappointing losses. Some of Fowlerville's citizens get curious now and then.—Observer.

Uriah Arnold is to move back from Clinton on to his farm in Bridgewater.  
Frank Merithew of Manchester, has entered the ranks of professional auctioneers.  
There is a green tree by the river's tide.—Clinton Local. Isn't that a mistake?

On Thursday last Mamie, wife of Nelson Hogan, died at their home in Lodi, aged 27 years, 11 months. She leaves a husband and three little children, two girls and a boy. Funeral services were held Sunday, and the remains interred in the Lodi plains cemetery.  
A class motto, "To thine own self be true," has for some months been over the north door in Normal Hall. Several of the letters have fallen off so now the motto is, as it itself suggests, "To thin." Of course a great educational institution like the Normal would spell such a To with the double o, but we wouldn't let a little thing like that interfere with our attempt at a joke.—Ypsilanti Commercial.

AN EXPENSIVE DRINK.  
Valued Higher than a Horse and Rifle.  
A soldier in the regular army was commenting on the strength of an Indian's love for whisky. "They are the biggest fools you ever saw. I came across a buck one day on the plains, and he asked if I had any whisky. I shook my canteen and told him there was only one drink there. He insisted on having it and offered his rifle for it. Finally he got mad because I wouldn't take the rifle and pony. You never saw such fools. Why didn't I make the trade? I would, but you see, that was the only drink I had."  
This story is used to illustrate the power of human habits and to speak particularly to those who are annoyed with the coffee habit which is the cause of an immense amount of sickness, the coffee never being suspected. Chemists find the same poisonous alkaloids in coffee as in strychnine, tobacco and morphine.  
It is easy to quit coffee by adopting the delicious health coffee made of the grains, wheat, etc., etc. Postum Cereal has the deep seal brown color of fine Mocha and changes to the rich golden brown of old Java when cream is added. Its fragrance and flavor are charming.  
When coffee is left off and Postum put in its place the old troubles of the body disappear, and under the true nourishment of the food drink, new vitality, strength and the ruddy color of health quickly appear. Postum makes red blood for adults and children, and is a most grateful change from berry coffee, the new beverage having everything in its favor and none of the harmful properties of the old. Made at Battle Creek Mich., by the Postum Cereal Co., Lim.  
Dr. Albert P. Hedges, 1381 N. Clark St., Chicago, says: "It is a long needed article."  
"Just as good" as Postum Cereal are words used to defraud the public.

A Boy's Opinion.  
Sometimes a young lad will strike a truth in his random talk. Talking to a middle-aged woman one day a young fellow said, confidentially: "You see, Mrs. R.—, my sisters think so much of the conventionalities. They are always telling me that only common girls do so and so, and that girls who have been taught properly don't do this thing or the other thing. Now I think sometimes they are mistaken. Lots of nice girls do things they didn't use to do. They ride bicycles, and they go in parties or clubs with their brothers or friends. They can be jolly and good comrades with a boy; but they are nice too, and just as well-behaved as my sisters."  
"Yes, I think that too," replied the lady. "And you don't think it makes the girls any worse? What about the boys?"  
"It makes the girls more friendly and pleasant than those who stay at home and never see anything!" he exclaimed, emphatically. "And it does something else. It makes us fellows more careful in what we do and say when girls go everywhere as well as we do. Isn't a 'bicycle tour' or a 'camping out' or a tramp in the country as good sport, and don't it make the fellows better-behaved, when girls are along? Yes sir! I don't want to go to places where the girls can't go; but I do think that the girls ought to give way too, in the matter, and try to go around to all the places and take part. The boys want the girls, and I do believe it would do the girls good too, and wouldn't hurt them a bit."  
And this expression of the opinion of a well brought-up young American boy is something for the mothers of girls to think over.—Harper's Bazar.

## No Rip Van Winkles Wanted.

This story is told of Mr. Joseph Jefferson: A number of years ago he played a one-night engagement in a small Indiana town, appearing in his favorite part. The hotel at which he staid was infested by an Irishman "recently landed," who acted as porter and general assistant. Judged by the deep and serious interest which he took in the house, he might have been clerk, lessee, and proprietor rolled into one.  
At about six o'clock in the morning Mr. Jefferson was startled by a violent thumping on his door. When he struggled into consciousness, and realized that he had left no call at the office, he was naturally indignant. But his sleep was spoiled for that morning, so he arose, and soon after appeared before the clerk.  
"See here," he demanded of this individual, "why was I called at this unearthly hour?"  
"I don't know, sir," answered the clerk. "I'll ask Mike."  
The Irishman was accordingly summoned. Said the clerk: "Mike, there was no call for Mr. Jefferson. Why did you disturb him?"  
"Taking the clerk by the lapel of the coat, the Hibernian led him to one side, and said, in a mysterious whisper: "He was snoring like a horse, sir; and o'd heard the b'ys saying something about how he were atter shlaping for twenty years, so oi says to mesilf, 'Moike, it's a-cooming noto 'im again, and it's yer juty to get the crayther out o' yer horse instantly!'"—Harper's Magazine for Marh.

## The Time for Building.

Up the system is at this season. The cold weather has made unusual drains upon the vital forces. The blood has become impoverished and impure, and all the functions of the body suffer in consequence. Hood's Sarsaparilla is the great builder, because it is the One True Blood Purifier and nerve tonic.  
Advantages of Novelty—  
'Twas not the most heroic ones in any age or clime, Whose names have come resounding through the corridors of time, But rather those whom fate hath linked to something quite unique, And forced upon them unawares renown they did not seek. George Washington could not have won the place he occupies had he, like many other boys, began by telling lies. Columbus found our native land, no sailor could be truer, But 'till he stood the egg on end his fame was insecure. The advertiser who would have the public of him think, Must go outside the beaten track, then use the printer's ink.

## SINFUL HABITS IN YOUTH MAKE NERVOUS, DISEASED MEN

THE RESULT of ignorance and folly in youth, overexertion of mind and body induced by lust and exposure are constantly wrecking the lives and future happiness of thousands of promising young men. Some fade and wither at an early age, at the blossom of manhood, while others are forced to drag out a weary, fruitless and melancholy existence. Others reach manhood but find no solace or comfort there. The victims are found in all stations of life:—The farm, the office, the workshop, the pulpit, the trades and the professions.

Emissions were draining and weakening my vitality. I married at 24 under advice of my family doctor, but it was a sad experience. In eight months we were divorced. I then consulted Drs. K. & K., who treated me to manhood by their New Method Treatment. I felt a new life thrill through my nerves. We were united again and are happy. This was six years ago. Drs. K. & K. are scientific specialists and I heartily recommend them."

# GREAT REMOVAL SALE

AT THE

# Ann Arbor Organ Company,

51 SOUTH MAIN STREET, ANN ARBOR, MICHIGAN.

The store we now occupy has been sold in order to close an estate. We have received notice to vacate it as early as possible. We have secured no suitable store, and do not know of any in a desirable location suitable for our business. We have a tremendous stock, and 57 rented pianos will come in the middle of June. Last year we rented the rink to make room for this extra stock. This year we cannot secure it. There is but one way—

**We must close out our entire stock of Pianos, Organs, Bicycles, Small Merchandise and Sheet Music before removing. We have determined to slaughter prices.**

Pianos must be handled with care, and cannot be stored excepting in suitable rooms. We are therefore left no alternative. We must close out our entire stock regardless of cost. This will be a surprise to many, as it was a surprise to us, when we learned that we must vacate our present store, but it will be of benefit to every person desiring anything in the music line. We have determined to slaughter prices in order to move the goods quickly, and when the Ann Arbor Organ Company makes a statement of this kind, everybody knows it means just what it says.

### Unmitigated Nuisances—

If one is able to judge by the annoyance to his personal liberty, the printing business in certain lines is overdone. For instance, there are days a person can not walk along the streets of the business portion of our city without having hand bills or dodgers of some sort thrust into his hand, or under his arms, or quite as often into his overcoat pocket, for the "gall" of the lads who pass them is almost without limit.

Then again, the walks and streets are fairly littered with printed matter of some kind, giving them an extremely untidy appearance.

Another nuisance is the faithful bill passer who wants to make sure the hand bills he has taken to pass are well distributed, and consequently will boldly open your door and fill the hall of your residence with them, and if he finds the door locked will ring the bell and call either a busy servant or an equally busy or engaged lady of the house to the door to receive the advertisement. The writer of this has known of good Christian ladies being tempted to bend if not break the third commandment by being called to the door for this purpose when every minute was precious to them in the work they had laid out to accomplish before noon or night.

Another equally great nuisance is the vegetable or fruit or garden truck peddler, who, instead of going to the rear door, where such things are properly carried and bargained for, will come to the front door at any and all hours of the day and ring until some one comes out of pure self defense to be rid of the noise.

These, with the high toned tramp who "has seen better days, mum," and the fellow who is anxious to know if you have any old clothes to dispose of, or the fellow who has perfumery and extracts to sell that are better than any your well known druggists or grocers can sell you, and which he offers because of his great friendship and love for the human family and yourself in particular, are the bane of the average housewife's existence. They no doubt oftentimes miss seeing friends who call, for fear of meeting some one or more of these fiends who continually haunt our homes during the absence of the men folks.

### Annual Report of the Sewing School

The Industrial School has not had quite its usual success this year. When we closed our school last June for the summer we expected to begin again early in the fall, but were unable to find a room. In November Mr. Beal offered us a room in the Courier Block and said we were welcome to stay there until he needed it.

We remained there until the 1st of March, when we were obliged to look elsewhere. Our school has been closed four weeks, and now for the third time, Mr. Beal has come to our aid, and we re-open our school next Saturday, April 4, in the Courier Block. With all our interruptions the school has prospered. We have seventy children and thirteen faithful teachers. The school is divided into classes from five to ten in a class, the teachers promoting the children from one kind of work to another as fast as they deem it advisable, every child beginning with the simplest kind of sewing, first overhand work, then back stitching, hemming, basting, etc. We meet every Saturday from 2 o'clock until 4. We sew one hour and forty minutes, then we spend twenty minutes singing and listening to short talks on various topics. We are always glad to welcome our friends and think they will feel well paid if they visit our school.

### Classes to be Confirmed—

Confirmation services were held in both the Zion and Bethlehem Lutheran churches yesterday. The interior of the churches were decorated with printed verses and potted plants. About the altars were beautiful displays of lilies and other flowers. In the Zion church Rev. Max Hein had a class of 19 boys and 12 girls. Their names are as follows: Eugene Heinemann, Robert Kuebler, Oscar Eberbach, Victor Allmendinger, Erwin Schleede, Milton Wagner, William Heimerdinger, Carl Heimerdinger, Carl Glaser, Carl Steeb, Arthur and Edmond Arnold, Daniel Kalmbach, Heinrich Raab, Arthur Ganzhorn, Herman Gauss, Ernest Finkbeiner, Robert Nowak, Car Retlich, Anna Hubner, Louise Staebler, Emma Stauch, Martha Schleede, Emma Molkentin, Anna Horz, Maria Pardon, Dora Weber, Maria Gutekunst, Elizabeth Haas, Maria Schlanderer and Emilie Meier.

In Rev. John Neumann's class at the Bethlehem church there were 14 boys and 20 girls, whose names are as follows: Robert Teufel, Martin Adamschek, Gottlieb Peterson, Otto Allmendinger, Frederick Stein, Oscar Wurster, Edwin Wagner, Edwin Kempf, Frederick Splitt, Adolph Ziesle, Oscar Walker, Heinrich Wiedemann, Albert Klager, Max Holke, Anna Stauch, Ella Schenk, Sophie Kurz, Martha Schallhorn, Clara Kraus, Korn Feldkamp, Pauline Mayer, Katherina Stoll, Maria Lormee, Bertha Huss, Martha Hand, Anna Hanselmann, Bertha Redies, Emma Zuern, Ottilie Wahl, Minna Radke, Katherina Hanselmann, Clara Allmendinger, Emilie Kojuske, Bertha Schamer. In the evening Rev. Robert Schreiber, of Saline, delivered a special sermon to the members of the class.

Esteemed Leading Knight—Warren E. Walker. Esteemed Loyal Knight—James R. Bach. Esteemed Lecturing Knight—George F. Key. Tyler—Clay Greene. Secretary—Fred Huntoon. Treasurer—Jas. E. Harkins. The Elks have rented the 3d floor of the Sudworth block, on E. Washington st., and propose to fit up a suite of the finest lodge and club rooms in the city. ### A Great Opportunity.

We give away, absolutely free of cost, for a limited time only, The People's Common Sense Medical Adviser, by R. V. Pierce, M. D., Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, a book of 1,008 large pages, profusely illustrated, bound in strong paper covers to any one sending 21 cents in one cent stamps, to cover cost of mailing only. Over 680,000 copies of this complete Book already sold in cloth binding at regular price of \$1.50. World's Dispensary Medical Association, Buffalo, N. Y.

The enormous circulation of such a magazine as The Ladies' Home Journal can, in a sense, be understood, when it is said that during the last six months of 1895 there were printed, sold and circulated over four million copies—(in exact figures 4,058,891). Figures such as these give one some idea of the influence which may be exerted by even a single one of the modern magazines.
