The Volkshaus of Pittsburg, Pa., and the Waechter an Erie, of Ohio, leading republican papers, are out for Hancock.

The victory in Maine is purely a green-back one.—Ypsilanti Commercial.

But it is a republican defeat just the same.

Notwithstanding the republicans of Indiana have run into that state several thousand voters, there is every prospect of a glorious democratic victory a week from next Tuesday.

Nearly every German republican paper in Ohio of any prominence has enlisted the names of Hancock and English. The stampede has commenced, and victory for the democracy is certain.

Many republicans openly boast that Willis is the only member of congress from this state who "dares to do right" by wearing the red ribbon. With some of these ranters it is a sin to go without one.

The attention of every reader of THIS DEMOCRAT is called to the able speech recently made by Governor Horatio Seymour and which is published in to-day's paper on the fourth page. Read it, and then hand the paper to your neighbor.

The republicans are terribly alarmed about Ohio, and behold the hand writing on the wall. For sometime the leaders have conceded the state to be doubtful, and one last final spurge is to be made to save the sinking ship. It is a serious question whether they can do it.

In conversation with a number of democrats last Friday, a republican and ex-supervisor were forced to acknowledge, that the abuse which has been heaped upon the southern people by the radical press and stump speakers, is the only reason why the south is solid to-day.

The ANN ARBOR DEMOCRAT is a republican paper. We have an authority for the announcement of its change, its own expression of satisfaction at the result in Maine.—Ypsilanti.

Yes sir, we do rejoice over the election of the fusion governor in Maine, for it is no more, nor less than a republican defeat. Chas. S. Gregory, who has been a standing candidate for ten years either for the office of state senator or representative from the third district, can thank THIS DEMOCRAT for his defeat this time. Charlie wanted the nomination, oh! so bad; but we didn't propose to see him get it.

Every one having business in the probate court and who wishes to save \$10 on every estate, is hereby informed that THE DEMOCRAT will print all probate records for two-thirds less than their regular rates. We mean business. Request Judge Harriman to send the printing to this office.

The Ypsilanti Commercial says "the democrats have a first-rate candidate in Mr. Edward King, for representative." We are astounded that the humpty-dumpty of the Commercial should speak well of any democrat. The editor probably does not remember what statements he made in his sheet the week previous.

At a republican exhibition given in Adrian last Thursday night, Bob Frazer was one of the speakers and this is what the Daily Press says of him:

Frazer is a glib tongued political acrobat, who said he was an original born hero, and was addressing a republican audience though never having voted that kind of a ticket. He said in religion and business and in everything there was change, and there was change in politics. Probably it was "change" that induced Bob to drop—say \$1.50 per day and expenses. Like Forough's gun, he has great bore and small caliber. Ananias would doff his hat to Frazer and acknowledge him as master.

In his speech at Tecumseh R. E. Frazer said to a republican audience, that he "never held office nor did he aspire to be a public speaker and teacher." Such stuff will do to tell where you are not known. How long ago is it since you were elected by the democratic party to the office of circuit court commissioner, prosecuting attorney, city attorney, etc., in Washtenaw county? Did you not "aspire to be circuit judge" and were you not also a candidate for the office of prosecuting attorney on the greenback ticket? And yet you say never held office or had "aspirations" that way. What do you call it Bob?

In James S. Gorman, the democrats of the third representative district, have not only a popular candidate, but one who is every way qualified to discharge the duties of the office of representative. A better selection could not have been made. He will not only command the support of his own party, but will receive republican votes, which will insure his election by several hundred majority. Mr. Gorman was born in 1850 in the township of Lyndon, this county, and was brought up on a farm. He attended school for a while in this county, when he entered the union school at Chelsea, of which he is a graduate. In 1874 he entered the law department of the university, and graduated with the class of '76. He afterwards located in Jackson, and for two years was deputy prosecuting attorney of Jackson county. In November 1876 he moved to Dexter, and in the following spring was elected clerk of the peace, which office he now holds. Such is the history of the next representative from the third district.

The New York Herald says: It seems to be settled at last that General Plaisted has been chosen Governor in Maine. The change is startling when it is compared with the vote of the state at the October election in 1876, when the republicans carried the state by 14,000 majority. Plainly a good many voters in Maine have changed their minds in these four years, and the strange turn there makes other close states more interesting.

There are so many of these close states that they make a very curious part of the problem to be settled in November by the people. In Ohio the republicans polled last year only fifty and one-quarter per cent. of the vote, and that leaves no great margin for losses this year. In Illinois at the last state election, in 1878, they polled only forty-seven and three quarters per cent. of the total vote, and had not even a majority. In Michigan they had last year only fifty-one per cent. of the vote; in New Jersey only forty-eight and one-half per cent.; in Connecticut only the forty-six per cent.

If the democrats could count upon a change of popular opinion and votes in these states, such as that which has taken place in Maine, democratic success would be as good as certain.

It is an old saying that "The world owes every man a living." But of course he is expected to get it honestly by dealing justly with his fellow men. When an individual will resort to unfair and unprofessional methods to further his interests, he should be shown up in his proper light. It is well known that the probate printer is a frequent habitué of the probate court. His principal business there is to obtain what legal notices he can, and often resorting to what the press would call unfair and unprofessional means. This tramp is known to be a grasping, avaricious tramp, and to repeat his depleted exchequer, he will deliberately take legal notices that have been published in the other weekly papers here, by cutting down the price just one half from what the parties expected to pay, in order to secure his coveted prize. Consequently

the "notices" are concluded in his sheet, after having been commenced as we have already stated in some other newspaper. Believing there was only one way to deal with such an unprincipled fellow, we called at the different newspaper offices in this city and informed the owners, what we proposed to do, at the same time calling their attention to the facts as narrated above. We thought by reducing the price of probate printing to one third the legal rates, that it would perhaps be as low as the tramp could take it for, and we could count on him. But we are bound to do, and those having probate notices to publish can take advantage of the cutting in rates, and thus save to the estate many dollars. By calling the attention of Judge Harriman to this fact, he will grant your request.

The republican papers say that Mr. Waldy has had no experience in congress and therefore he couldn't be elected. The same argument would have applied to Mr. Willis four years ago; and to every new man put in nomination for any office. It is an objection that has no force.—Hillsdale Democrat.

This congressional district has been represented in congress by professional politicians ever since it was created in the district. The people begin to think it is time to change this, and propose to elect a practical clear headed business man to represent them for the next term, and thereafter. Therefore they are going to elect Mr. W. H. Waldy.

When the fusion state officers were following repeated republican precedents in canvassing the election returns in Maine the organs of the Credit Mobilier party howled themselves hoarse about the "democratic steal." Now, when the same fusion has won a grand victory in Maine the same Credit Mobilier organs wail piteously that it is in no sense a democratic steal. That is, that it is not a democratic steal. A brother of E. P. said in public three years ago in Pontiac that he would kill the man who continued to give the same to his honor. So it is not a democratic steal. The Allen family are at least very partial to making friends of murder.—Pontiac Free Press.

E. P. Allen, chairman of the late republican state convention, is on the stump, and while at Hudson made the murderous statement that the man who should ask him or any other republican "to vote the democratic ticket" ought to be hung by the neck. A brother of E. P. said in public three years ago in Pontiac that he would kill the man who continued to give the same to his honor. So it is not a democratic steal. The Allen family are at least very partial to making friends of murder.—Pontiac Free Press.

WHERE TO FIND HIM.

There is no doubt of Mr. Waldy's position if he be chosen to congress, no doubt as to where he will stand. He will be found battling for the rights of the people against the huge monopolies the republican party has fostered. He will be found standing by the constitution and opposing all class legislation; he will be found standing by a free ballot and opposing bayonet rules at the polls; he will be found standing by the American shipping interest, and in favor of doing it out of contention; he will be found standing by tariff reform only, instead of fostering that scheme of political robbery which alias is protection, and which makes the farmer, the mechanic and the consumer, as against the rapacity of greedy corporations that ask to be subsidized by national legislation; he will stand upon his own financial resources and not borrow \$250 from a brother congressman; he will be found by honest legislation and not take \$5,000 for council fees in any jobbery before congress; he will stand by the truth and not be convicted of perjury by a congressional committee; he will be satisfied with the salary in vogue at the time of his election, and not take a seven by eight cent commission to steal the presidency. He will be found in his place, laboring for the interests of his whole district, and Mr. Willis or any other republican will find him after March 4th, next.—Adrian Press.

HOWLS ABOUT REBEL CLAIMS.

New York, September 24.—The following correspondence has just been made public here:

THEODORE COOK TO GEN. HANCOCK. Cincinnati, O., Sept. 30, 1880. To Gen. W. H. Hancock, Governor's Island, N. Y.

Dear Sir—I enclose slips cut from the Gazette and Commercial of this city, both in their newspapers of large circulation and influence in Ohio and Indiana referring, as you will see, the much harped upon subject in our politics of rebel claims. These newspapers and republican editors are constantly asserting that, if you are elected president, the claims of the disloyal people of the south for losses sustained in the war will be paid by the United States. They further direct special attention to the fact that this charge has been made against the democratic party and that you, its candidate for president, have not denied it. This charge is not in any seriousness, and maintained with all seriousness and repeated day after day in the press and speeches. You are known to the country as a frank, honest soldier, and your first premium for best piece of braiding, first premium for best ornamental stitching, and first premium for best plain sewing. Besides this you are known to the country as a man of high character, and your first premium for best pillow shams, and Malcolm McKenzie first premium for a miniature house made by the Singer Machines. This is glory enough for one man. Your first premium for best piece of braiding, first premium for best ornamental stitching, and first premium for best plain sewing. Besides this you are known to the country as a man of high character, and your first premium for best pillow shams, and Malcolm McKenzie first premium for a miniature house made by the Singer Machines. This is glory enough for one man.

CITY ITEMS.

The Singer Sewing Machine. PREMIUMS TO THE SINGER MANUFACTURING COMPANY.—As might have been expected by the brilliant display made by the Singer Sewing Machine at the state fair, they have received a tangible acknowledgment of their deserts, which is in the nature of a public verdict, as follows: First premium for best piece of braiding, first premium for best ornamental stitching, and first premium for best plain sewing. Besides this you are known to the country as a man of high character, and your first premium for best pillow shams, and Malcolm McKenzie first premium for a miniature house made by the Singer Machines. REPLY OF GEN. HANCOCK. GOVERNOR'S ISLAND, N. Y., Sept. 23d, 1880. To Theodore Cook, Esq., Cincinnati, O.

DEAR SIR—Your letter of the 20th inst., has been received. I regret that you are disturbed about that bigbear charge of rebel claims. The charge can not be misled by it. To suppose that "rebel claims" or claims in the interest of persons who were in rebellion, or in any other way engaged in the rebellion, will be paid in an imputation of disloyalty, they polled only forty-seven and three quarters per cent. of the total vote, and had not even a majority. In Michigan they had last year only fifty-one per cent. of the vote; in New Jersey only forty-eight and one-half per cent.; in Connecticut only the forty-six per cent.

THE SECOND MICHIGAN DISTRICT.

From all quarters we are daily in receipt of most encouraging reports of complete success in the democratic organization. A gentleman who has recently spent considerable time in Southern Michigan, and who, by the way, is somewhat of a politician, has just returned with a jolly, good hearted fellow, of whom about all that can be said is that with their republican majority, the position might be vacated without their aid.

His representation has been wholly without distinction. For some time past a strong and open opposition has risen against him in his own county, as caused by the fact that he had been nominated, who nominated him, Monroe sent twelve delegates, of whom ten were bitterly opposed to his nomination.

This congressional district has been represented in congress by professional politicians ever since it was created in the district. The people begin to think it is time to change this, and propose to elect a practical clear headed business man to represent them for the next term, and thereafter. Therefore they are going to elect Mr. W. H. Waldy.

How often have we longed for perfect joy and contentment in our lives. With joy and contentment has come, or ill health overtaken us? Perhaps a cough has come upon us which threatens that we feel that death is near. With this you are known to the country as a man of high character, and your first premium for best pillow shams, and Malcolm McKenzie first premium for a miniature house made by the Singer Machines. This is glory enough for one man.

appear, attached to chariots ablaze with gold and glitter; two martial bands, even the occasion; the "Grand Bashaw," with his retinue of eunuchs, attendants, etc., is represented, riding upon white camels and black dromedaries; upon a colossal chariot, designated as the "Car of India," a monster living lion is placed, and by his side sits a youthful maiden, with her hand resting upon the head of the savage brute. A monster chariot, with glass sides and ends, is filled with ambonads and pythons, and in the midst of this wriggling mass of serpents the spectators behold an East Indian Sing Charmer, dallying with the shimmering, slimy monsters.

draw another chariot, followed by the "Car of the Seasons" and the "Chariot of Olympus," which is embellished with representations of the fates, fury, graces, sirens, nymphs, gods, heroes and men.

The fifty horse-power electric engine used for producing the electrical illuminations in the circus, is mounted and drawn by ten powerful horses.

OPENED DENS OF LIONS AND TIGERS
are to be seen at intervals; a mammoth steam orchestra mingles its shrill notes with those of the bands, and at intervals are to be seen many great spectators, in fanciful and mirth-provoking costumes.

The monster sea-coast mortar, from which Monsieur Loyal is shot in the circus, is also to be seen in the procession; droves of camels, diminutive ponies, ornate tableaux cars, and nearly a mile of stately adorned, and beautifully embellished animal cages, all drawn by hundreds of Indian steers, drivers ununiformed constitute some of the attractive features of this princely pageant.

Our readers residing out of town should reach here by nine the forenoon, in order to behold this grand free-for-all holiday parade.

On bright and beautiful Monday morning we landed at busy Alpena, and passed the day taking in a cargo of lumber. Inquisitively we strolled around and took in the sights and lions of the city, with its streets made of saw dust, its sandy lawns and pine leaf sidewalks and extensive mills with their champagne bottle furnaces.

B. J. Kendall & Co., Genesee, N. Y.—I wish to tell you and myself, I think I ought to let you know that I have removed two bone spavins with Kendall's Spavin Cure, one very large one; don't know how long the spavin had been there. I have owned the horse eight months. It took me four months to take the large one off and two for the entirely well, not at all stiff, and no touch to be seen or felt. This is a wonderful medicine. It is a new thing here, but if it does for all what it has done for me its sale will be very great. Respectfully, G. E. PARKER. KENDALL'S SPAVIN CURE is sure in its effects, mild in its action as it does not blister, yet it is penetrating and powerful to reach every deep seated pain or to remove any bony growth or callosities, sprains, swellings, any lameness and all enlargements of the joints or limbs, or rheumatism in man and for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mild and yet certain in its effects. Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success. Price \$1 per bottle, or six bottles for \$5. All Druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors, DR. B. J. KENDALL & CO., ENOSBURGH FALLS, VERMONT.

KENDALL'S SPAVIN CURE. The most successful Remedy ever discovered, as it is certain in its effects and does not blister. Road Proof Below. PRESEVERANCE WILL TELL. Stoughton, Mass., March 19th, 1886. B. J. Kendall & Co., Genesee, N. Y.—I wish to tell you and myself, I think I ought to let you know that I have removed two bone spavins with Kendall's Spavin Cure, one very large one; don't know how long the spavin had been there. I have owned the horse eight months. It took me four months to take the large one off and two for the entirely well, not at all stiff, and no touch to be seen or felt. This is a wonderful medicine. It is a new thing here, but if it does for all what it has done for me its sale will be very great. Respectfully, G. E. PARKER. KENDALL'S SPAVIN CURE is sure in its effects, mild in its action as it does not blister, yet it is penetrating and powerful to reach every deep seated pain or to remove any bony growth or callosities, sprains, swellings, any lameness and all enlargements of the joints or limbs, or rheumatism in man and for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mild and yet certain in its effects. Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success. Price \$1 per bottle, or six bottles for \$5. All Druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors, DR. B. J. KENDALL & CO., ENOSBURGH FALLS, VERMONT. SOLD BY ALL DRUGGISTS.
