MICHIGAN NEWS.

Geo. W. Pearson, a freight brakeman on the Chicago & Grand Trunk railway, fell from his train at Bancroft, and his skull fractured and an arm broken. He is a married man, and his home is at Port Huron. His parents live at Jackson.

Alexander Sinclair, ex-city engineer, who disappeared from his command a few days ago in Port Huron, Friday night is still missing. It is now supposed he has been drowned in the river. Two boys recently found on the beach in Howard, Cass county. Appearances indicated that he had been dead two or three days. A latest advertisement had not been fully identified, but it was supposed to be that of an insane tramp.

Dennis Root, an old resident of Boston township, Ionia county, died very suddenly a few days ago. He was a well known and respected farmer.

The Coldwater Courier sets forth that there has been \$170,300 worth of new building done in that city this year.

The fourth annual exhibition of the Marshall poultry and pet stock association will be held at Marshall, January 11, 12, 13.

The postmaster general reports that Michigan is seventh in rank as to amount of correspondence, 38,928,800 letters having been written and mailed during the past year, an average of 20.12 for each inhabitant.

There were shipped from Manistee this season 231,152,000 feet of lumber, 1,000,000 shingles, 24,000 laths, 125,000 cedar posts, 8,000 telegraph poles, 35,000 pickets, and 3,000 railroad ties.

Dr. W. H. Thayer fell dead of heart disease in the Bryant house at Flint. He was 38 years of age, the son of the late Artemus Thayer, was born there and unmarried. He died at present or accounted for before breakfast was ordered.—Daily Sentinel.

A citizen of Casselle, Barry county, has been arrested on a charge of unlawfully receiving prison money belonging to a widow.

Mrs. Mary Buchanan, widow of the late Governor Kinley S. Buchanan, died at her home in Green Oak, Livingston county, a few days ago.

Michigan school examiners met at Lansing Tuesday and Wednesday, and passed a resolution adopted which disallowed employment of any teacher who uses intoxicating drinks or employs salaried agents.

Fletcher, Pack & Co., lumbermen, have transported a locomotive from Alpen to their logging railway, 30 miles distant, taking it across country on skids.

The two story brick block on the corner of Fort and Butler streets in Port Huron, owned by L. & N. Phoenix, was destroyed by fire. The origin of the fire is not known. The loss is estimated at \$30,000; the block will be rebuilt.

A movement is on foot at Port Huron to secure legislative action to prevent small boys from twisting the tails of cows which drive. This tale is not widely true.

Herbert Apollis, formerly of St. Clair, has been appointed assistant city engineer at Denver, Col.

Work on the Pontiac, Oxford & Austin railway has closed in Huron county, and will not be resumed until next spring.

A German family at Jackson is suffering from trichinosis arising from eating bologna sausage. The sausage was home made and contained meat from hogs raised by the family.

As Simon Langley of Huron township, Huron county, was very carelessly driving a carriage into a revolver it exploded and the shot striking him in the chest, he fell out of the carriage and died on the spot.

The board of education of Detroit invites the National educational association to hold its meeting next summer in Detroit.

A famous child musician, aged 7 years, youngest son of Ralph Connable, died recently of diphtheria at the Annapolis, Md. military hospital.

The U. S. authorities are prosecuting, or getting ready to prosecute, the trespassers on U. S. pine lands in Cheboygan county. Most of the trespassers are from the Huron woods near the city and next found himself at London, Ont.

Dr. Kermott's widow of Detroit, has received a \$200 check from the Royal temple of temperance, through the secretary of Detroit council. The council was organized four years ago, and the money was given to her.

This winter J. F. & H. L. Tabbot, paving contractors of Port Huron, laid out 3,000 cords of cedar near Cheboygan.

Elias W. Smith, a rich farmer and real estate owner of St. Louis, Grant county, was found dead in the woods near his home. He had been absent from home for several days.

Fifty-three ministers and ex-ministers signed an appeal to the ladies of Detroit, urging them not to offer drink on New Year's.

A woodman employed in a lumber camp near Menominee cut a hole in the ice, took off his boots, and plunged into the water and was drowned.

The Michigan Central railway officials have forbidden their station agents to give the newspapers any information regarding the business done in their respective stations.

Edward Barrett, lately released from Jackson was arrested at Detroit by patrolman James H. Barrett, a one-legged soldier, on East Congress street.

Phares Ross, an old resident and early settler of Cheboygan township, who has lived alone nearly all his life, died at the residence of his brother, George Ross.

The "visions" given to the seventh day of Battle Creek, are claimed to be of divine inspiration, and she works out her authority from the 12th, 13th and 14th chapters of the book of Revelations. Some of the most active and influential of the Battle Creek community, however, have of late fallen to place implicit faith in her "visions."

NEWS OF THE WEEK.

look after him and succeeded in capturing him some three miles from Johnston. He was subsequently taken to Hastings, where he now awaits his examination.

Caldwell's Killing. The Saginaw Herald gives the particulars of the death of Wm. Caldwell, foreman of John C. Brown's lumber camp on the Rifle. He was superintending the clearing of the banking road, leading to which were two driveways side by side and running parallel to each other. The logs at the bottom of the bank on one driveway needed some attention, and Caldwell asked for a pevy, and, going down, he was struck by a pevy, and was engaged a steamer drove his lead to the other doorway, and bearing the cry, "All right, roll away!" rolled a log over the bank. He had made a terrible mistake, however, as Caldwell, supposing the logs were to follow the other on the first driveway, had moved to a place beneath the other in order to be out of danger. The swift roll-log caught him by the legs, knocking him down and rolling over him, instantly crushing the life out of Wm. Caldwell, a native of Canada, 32 years of age and unmarried.

Well Named. Dr. W. Z. Blanchard, of Lyons, was 82 years old last week. It may be of interest, to some to learn that he was father of five children bearing these remarkable names: Philip de-Veloz, John Celus, Adelia Melissa Abalgi Clara, Rosalia, Rosalia, Filicia, Amanda, Cynthia, Alexina Elvira, Leamm, Loellen Hiram Fitz Knealen. Relieve must have been soundly early in the doctor's family in order to give the names of his children, and ascertain if all present or accounted for before breakfast was ordered.—Daily Sentinel.

DETROIT MARKETS. Wheat—No. 1, white, 75 @ 76; No. 2, white, 73 @ 74; No. 3, white, 71 @ 72; No. 4, white, 69 @ 70; No. 1, red, 73 @ 74; No. 2, red, 71 @ 72; No. 3, red, 69 @ 70; No. 4, red, 67 @ 68; Oats, 55 @ 56; Corn, 45 @ 46; Apples, 75 @ 76; Dried Apples, 75 @ 76; Butter, 23 @ 24; Eggs, 23 @ 24; Dressed Turkey, 14 @ 15; Cheese, 11 @ 12; Lard, 13 @ 14; Potatoes, 13 @ 14; Honey, 55 @ 60; Beans, 3 @ 4; Beans, unpicked, 1.50 @ 1.60; Sugar, 10 @ 11; Straw, 8 @ 10; Dressed Hogs, 7 @ 8; Pork, extra, 19 @ 20; Best, family, 19 @ 20; Wood, maple, 8 @ 10; Wood, Hickory, 6.25 @ 8.00; Coal, Stearns, 5.75 @ 6.50; Coal, Chestnut, 6 @ 7.

Nothing Mean About Him. At 9 o'clock yesterday morning an old woman sat in the Michigan Central station wiping the tears from her eyes. It was nobody's business in particular to inquire whether she had fallen here to a million dollars or was traveling through life with a broken heart, but one certain man stepped forward after a time and made some inquiries. Then he passed around among the crowd and said: "Gentlemen, here is a poor old woman who wants to get to Columbus to her friends. Let's take up a collection."

In the course of four or five minutes the collection was made up, but when he had counted it, the man said: "Gentlemen, let's chip in enough more to buy her a new dress. I'm a poor man; but here's a quarter for the old lady."

There is a grocer in a certain small town in this state who has always been known as the "egg man." In Michigan, and many stores are about about his breaking crackers in two and taking out pinches of flour to make exact weight. It seems, however, that he had been harshly judged. A few days ago he had a lot of cranberries displayed at the store, and a lady pedestrian halted and asked: "Are those fresh?" "Oh, yes."

"How much a quart?" "Twenty cents, gentlemen."

"That's ten cents for a pint, five cents for a quart, and a half for half a quart, one and three—"

"Oh, no. I was reading that corn cobs are cured by boiling on a stove of cranberries. I have two corns, and one berry would answer for both. I'll give you a cent for a single berry."

"Very well—take it along. Hold on! Let's see—let's see—yes, I can do it. I'll throw in the corn for you, and you'll do both up in a parcel. I am bound to please my customers if I do not make a cent."

The Electric Light and the Eye. The London Lancet evidently believes that naked electric arc lights are injurious to the eye, and suggests that before such lights are common some mode of mitigating their intensity should be devised. The electric light, it says, is too hard; it needs to be softened. The waves of motion are too short, and the outbreaks, so to say, joins the stroke at too acute an angle. This might doubtless be obviated by employing suitable material for globes and shades, but perhaps the best plan would be to break up and scatter the rays of light by reflection. If a small convex reflector were placed immediately before the light in the protecting globe, and one of larger dimensions above it, so as to secure a double reflection with ultimate divergence down to the eye, and the effect would be to cause the rays of light to fall oblique on all objects within the immediate area of illumination. This would, perhaps, obviate the need of colored globes, which the promoters of the electric light seem to dislike. Certainly there is a considerable sacrifice of power in the use of the opaline globe—so much indeed, that some of the disarranged and discolored light which is thrown outwards, the effect would be to cause the rays of light to fall oblique on all objects within the immediate area of illumination. This would, perhaps, obviate the need of colored globes, which the promoters of the electric light seem to dislike. Certainly there is a considerable sacrifice of power in the use of the opaline globe—so much indeed, that some of the disarranged and discolored light which is thrown outwards, the effect would be to cause the rays of light to fall oblique on all objects within the immediate area of illumination. This would, perhaps, obviate the need of colored globes, which the promoters of the electric light seem to dislike. Certainly there is a considerable sacrifice of power in the use of the opaline globe—so much indeed, that some of the disarranged and discolored light which is thrown outwards, the effect would be to cause the rays of light to fall oblique on all objects within the immediate area of illumination. This would, perhaps, obviate the need of colored globes, which the promoters of the electric light seem to dislike. Certainly there is a considerable sacrifice of power in the use of the opaline globe—so much indeed, that some of the disarranged and discolored light which is thrown outwards, the effect would be to cause the rays of light to fall oblique on all objects within the immediate area of illumination. Entered as Second Class matter at the Post Office at Ann Arbor, Mich.

For President in 1884, GEN. WINFIELD SCOTT HANCOCK.

There is a war cloud hanging over Europe.

In Connecticut, at the November election, to prevent counterfeiting, several thousand democratic ballots were printed on white paper from a block, which left the names in white and the rest of the impression black.

The supervisors visited the jail yesterday and made a general inspection of the premises. Notwithstanding the building is an old dilapidated concern, everything was neat and clean.

The Detroit Evening News may be justly styled the mutton in parvo of the Michigan press. Although but a seven-column folio, it contains more news to the square inch than any daily paper in the State.

The following is a list of appropriations as passed by the board. Homeopathic supplemental fund to be renewed \$2,000.

The matter of pensions is receiving a solid slice of congressional attention this winter, and as it is of great importance to the soldiers of the late war, their widows and orphans throughout the country, we give it full space.

The board again went into executive session, and accepted the resignation of H. D. Bennett, secretary and steward of the university, the same to take effect when his successor is appointed.

The following resolution was then adopted: Resolved, That in view of the vacancies occurring in the offices of secretary and treasurer of the university, Regents Grosvenor, Joy and Walker be appointed a special committee to recommend to the board suitable persons to fill those offices and to report such recommendations at an early day as may be.

The new post-office is a monument to R. A. Beal as well as a great ornament to the city. It is what was long needed and it is in just the right place, for it will accommodate the people of the third, fourth and fifth wards and a portion of the second better than if located elsewhere.

Meeting of the Board of Regents.

The Board of Regents met Tuesday evening, at half-past seven o'clock, Regents Cutchson and Van Riper being absent.

Regent Duffield offered the following resolution, which was adopted: Resolved, That the thanks of the Board of Regents be tendered to James McMullen, for the munificent donation made to the university, of money with which to purchase the famous Shakespearean library of the Hon. E. H. Thompson, and to make additions to pay the same from time to time.

After the transaction of some business of minor importance, the board went into executive session.

The title of W. W. Beam, assistant professor of mathematics, was changed to that of associate professor, without an increase of salary.

W. H. Davis, M. D., was appointed resident surgeon of the homoeopathic hospital, at a salary of \$300 per year.

Thos. H. Turner, assistant professor of materia medica and clinical medicine. The above appointments were made on the recommendation of the faculty of the homoeopathic college.

The thanks of the board were also extended to L. E. Holden, of Cleveland, O., for a gift of \$50, to assist in defraying the expense of the publication of the memorial address of Prof. Frieze on the late President Tappan.

Dr. Hugo Lupinski, acting assistant demonstrator of anatomy, was appointed assistant demonstrator of anatomy, vice Dr. Schuyler C. Graves.

On motion of Regent Joy, it was agreed that Mr. Mensely should take the old bell, with its hangings, at full price, in payment for the seal of bells ordered for the new library building.

The following is a list of appropriations as passed by the board. Homeopathic supplemental fund to be renewed \$2,000.

Resolved, That the auditing board be authorized to purchase 18 lashes for use in the dental laboratory, provided the whole expense shall not exceed \$270.

By permission Prof. Wilson addressed the board relative to a new chair of gynecology in the homoeopathic college, and that an appropriation of \$2,200 was asked for by the faculty. He asked that the matter be presented to the legislature.

The regents will meet January 23. County Treasurer's Monthly Report for November.

JACKSON FIRE CLAY CO. Manufacturers of Stone Sewer Pipe AND DRAIN TILE.

Our Drain Tile are made of Fire Clay, are of unusual strength and light weight, which materially reduces the breakage and expense of transportation.

The ditching for this class of tiling is less expensive, as they do not require to be laid below frost level, and are not liable to freeze.

A full assortment of all grades, for sale in any quantities, or car load lots, at the FERDON LUMBER YARD.

JAS. TOLBERT, Agent. "Tie, the Greatest Labor-Saving Machine of the Age."

Dr. J. M. March 16.—One of the strongest and most convincing facts that I have yet seen with regard to the drainage is brought out in the December report of the Agricultural Department of Illinois. It is this:

Acres in corn in Livingston County, 1881, 4,983,222. Yield of corn in Livingston County, 1881, 4,970,984.

Livingston over Logan, 1,928,288. In other words, Logan has raised nearly as much corn on 140,859 acres as Livingston County has on 281,718 acres. Put it in another form, the farmers in Livingston County have been obliged to plow nearly double the acreage of land (368,597), and have raised but a very small percentage of increase of corn over their brethren in Logan County, who only had to plow 140,859 acres. Let us give it another twist: A farmer who has his land well tilled need only work eight acres of land and grow just about as much corn as the man who plows 180 and takes all the risks of drought and much besides. It is not fair, then, to conclude that the greatest labor-saving machine of the age is the tillage-drain! From the same source of information I derive the following as regards the progress of tillage-drains in these two counties:

Total number of feet laid in Livingston County up to 1881, 1,140,793. Total number of feet laid in Logan County up to 1881, 989,649.

This table proves beyond all theory that owing to the free use of this one great labor-saving device to produce nearly as much corn on 140,000 acres of land as another county has produced on 281,000 acres, which is nearly double the amount of the whole is that it was done with less labor and at a less cost. It is a regular dollar size bottle should do. Call early.

HILL'S OPERA HOUSE! ONE NIGHT ONLY! WEDNESDAY JANUARY 10. EVERYBODY'S FRIEND. Annie Pixley

M'LISS CHILD OF THE SIERRAS

AN ARBOR COMMANDERY NO. 12 E. T. Regular convocation held the first Tuesday evening of each month at the Masonic Hall...

WASHTENAW CHAPTER, No. 6, R. A. M. Regular convocation at Masonic Hall on Monday evenings...

OLDEN RULE LODGE No. 159, F. & A. M. Regular meetings at Masonic Hall, Thursday evenings...

Ann Arbor Democrat. FRIDAY MORNING, JAN. 5, 1883.

JOTTINGS. The Regents adjourned to meet, Jan. 23.

R. A. Beal left for Lansing Wednesday. Coroner Clark will hold no more inquests.

Annie Pixley at the opera house January 10. Business was generally suspended Monday.

Senator Richmond left for Lansing Tuesday. E. D. Mann, of Adrian, was in the city Tuesday.

Rev. George, of Dexter, was in town last week. "I-own-you," says the constable to the luckless tramp.

City Recorder French got home from the east Tuesday. Fred Retchik smiles all over. Cause—a nine-pound boy.

The common council will meet next Monday evening. Deputy Treasurer Belser took the oath of office Monday.

County Clerk Robinson took charge of the office Monday. If you feel cold call at the post-office and warm yourself.

W. A. Tolchard, treasurer of the university, has resigned. Dr. P. B. Rose, of Chicago, spent New Year's with his family.

Only one Republican now holds the fort at the court house. I. K. Pond was home on a visit to his parents a few days ago.

Some \$50,000 in taxes have been paid to City Treasurer Schuh. The old express office is being repaired for Durheim's cigar store.

E. B. Clark has been appointed deputy clerk for this term of court. Dan Donovan opened his new store, in the Fifth ward, this week.

Andrew DeForest is to have a suit of rooms in the third story of the new post office building. The balls at the Whitmore Lake and Clifton houses Monday evening were largely attended.

Court opened Monday and adjourned until Tuesday. Next Monday the jury is to be in attendance. Albert H. Perry has been appointed supervisor of Sharon, vice J. J. Robinson, elected county clerk.

S. N. Preston expects to be able to open a cigar and tobacco store in the Duffy block next week. The Detroit Evening News is the paper to take, for it contains all the latest news, boiled down fine.

Fred H. Belser, deputy county treasurer, forwarded to Lansing, Wednesday, \$35,000 on taxes of 1882. Ann street is now a good business street. Its property owners ought to set them up to brother Beal.

The new superintendent of the poor, Wm. April, met with the board, for the first time officially, last Tuesday. Edgar Burnett, agent for the American express company at Jackson, is in the city visiting relations and friends.

One young lady in this city is jealous because another young lady received 40 more callers than she did New Year's. "Tramp, tramp, tramp," is the cheery song of the constable, as he marches some penniless pedestrian off to prison.

Miss Tracy Schiappacasse, who has been visiting her brother James, returned to her home in Detroit the last of the week. The Farmers and Mechanics' bank will be started as soon as the store to be vacated by C. J. Durheim can be put in shape.

David Rinsay, A. Kearney, and W. H. McIntyre are Commissioner McKernan's bondmen. The bond is in the sum of \$5,000. Jas. Kelly, Manchester; Thos. F. Leonard, Ann Arbor, and Thos. Oroutt, Ann Arbor town, have been appointed deputy sheriffs.

Three ex-probate judges of this county have died in a little over six months, H. J. Beakos, B. F. Granger and Judge Granger. Prof. Holmes is giving elocutionary entertainments through the northern part of the State, and is meeting with good success.

The bill for the maintenance of insane persons from this county, at Pontiac, for the quarter ending December 30, 1882, was \$1,119.57. W. Kendall, Geo. Knierhecker and two others, caught several bushel baskets of fish New Year's day, in the mill dam at Foster's.

During the year the Forest bill cemetery company received \$4,508.59 and disbursed \$3,496.03, leaving a balance on hand of \$1,012.56. Thos. Clarkson was reappointed deputy sheriff yesterday. Mr. C. has been a deputy for years, and has always proven a very efficient officer.

When the new post-office opened, at 10 o'clock Monday, there was a perfect jam, and the clerks were kept busy in passing out mail matter. Circuit court commissioner Stephenson's bond in the sum of \$5,000 has been accepted. The sureties are Geo. Stephenson and Thomas Ninde.

The shooting-gallery, which has been for some time above the billiard hall on Main street, will open next Monday in the Reynolds building on Ann street. It is astonishing how many persons call to see Edward Duffy's gas engine. And then when they look at his goods and prices they are still more astonished.

H. D. Bennett, secretary and steward of the university for the past 11 years, presented his resignation to the board of regents Wednesday, which was accepted. M. C. LeBeau, of the Columbus buggy company, has had his salary increased to \$1,800, and was presented with \$100 last month. He must be a pretty good man.

For 19 years the express office was located in the old Thompson building on Huron street. The office was moved Monday to the store vacated by Southard. A M. Roderick fell off the train at the M. C. depot, Sunday morning, and got his head badly cut. Dr. Darling sewed up the wound and sent him on his way rejoicing.

The Ann Arbor agricultural company elected the following directors yesterday: J. A. Scott, J. W. Knight, J. J. Ellis, Jno. Finnegan, M. Seabolt, E. W. Moore, J. M. Wheeler. A Mr. Bennett of Jackson has rented the old Well tannery, at the foot of Washington street, and will manufacture cider. He will also dry fruit and manufacture jellies.

The X. Y. Z. club, composed of young colored gentlemen of this city, gave a social party Monday evening. There was a bill of fare, and the layout is said to have been immense. "Thunder and lightning" exclaimed Bill Johnson, as he lit suddenly down on the sidewalk last Sunday morning, on his way to church. No one else heard the thunder nor saw the lightning.

A party who tried to get out of the city leaving one of our business men in the lurch, to the extent of \$100, was caught on the fly by Olcutt. The goods will be sold soon, in the old Register building. Washtenaw lodge No. 9, I. O. O. F., elected the following officers Friday evening: N. G. H. E. Gidley; V. G. E. J. Morton; R. S. Geo. Scott; P. S. C. Krapp; treasurer, H. T. Morton; R. to G. J. Sprague. Installation this evening.

Next Friday evening, January 12, Dr. A. B. Palmer will lecture at the university on the physical and pathological effects of alcohol. This is the second of the scientific temperance lectures offered by the university temperance association. The board of supervisors approved the bond of Jacob Knapp, county treasurer. The bond is for \$150,000 with sureties as follows: Ernst G. Haarer, Wm. Nebeling, M. Klayer, D. G. Rose, John F. Spafford, Gottfried Eisenmann, Fred Scheible, M. McDonnell, Wm. Kirchgessner, Lambert Dresselhouse, Conrad Lehn, M. Seabolt, Jacob Reichert, David Rinsay, L. Fritz, W. B. Smith, W. W. Wines, L. Gruner, C. Mack, Fred Schmidt, Jr., C. H. Worden, W. D. Harriman, Wm. Duebell, D. Hiseock.

Everett B. Clark, ex-county clerk, steps down and out with a record to be proud of. For four years he faithfully discharged the duties of the office, and as he contemplates soon leaving for Dakota, the well-wishes of his many friends will follow him to his new home. The following named persons are on County Clerk Robinson's bond, as master in chancery, which is for \$6,000: Wm. Osborn, Albert H. Perry, Lambert Giskie. As county clerk, in the sum of \$2,000, with the following sureties: A. J. Robinson, Wm. Kirchgessner, Horatio Burch.

The item in last week's paper about the student who reduced his board bill by staying away a few meals each week and deducting for it, seems to have hit a number of the boys a square blow and a counter. The mental horizon of a young man who would do a trick of that kind is limited. Deputy County Treasurer Belser has given bonds for \$150,000, with the following sureties: C. Mack, W. D. Harriman, F. Schmidt, Jr., W. D. Smith, C. E. Hiseock, Wm. Duebell, D. Hiseock, L. Gruner, A. D. Saylor, Wm. April, C. S. Gregory, J. J. Robinson, E. Mann, H. F. Belser, M. Seabolt, David Rinsay.

Hon. Geo. W. Bain, the silver tongued orator from Kentucky, will lecture in the Baptist church, Tuesday evening next, on "country home and duty." The lecture will commence at 8 o'clock. Mr. Bain is well known in this community, having spoken many times in this city and county. He is deserving of a full house. Clark French, passenger and freight agent of the T. A. & G. T. railroad, at this place, has left his position, much to the disappointment of those who have had occasion to do business with him. He was always obliging and accommodating, and his numerous friends, outside of the business men, will regret his departure.

L. D. Hale, a resident of this city for some 20 years, died Wednesday in his 80th year. He was formerly associated in the banking business with L. W. Smith, on South Main street. Mr. Hale afterwards removed to Grass Lake, where he also engaged in banking. He was a man of sterling integrity, upright and honorable in all his dealings and he will be sorely missed by his family and friends. While a certain deputy sheriff and his assistant were about to board a train, a few days ago, on their way to Ionia with a couple of "unfortunates," they spied another victim at the depot, and in order to bag their game, one of these vigilant officials took charge of both prisoners while the other "run in" tramp No. 3. This kind of "game" may be profitable to the hunters, but does it pay the county?

There hasn't been anything to trouble the youngsters this week—not even day-school—and they have been only too numerous upon the streets. "Kids" with skates and sleds have held high carnival this week, and a general prayer of thanksgiving will ascend when the bell tolls for their reassembling in the school room. We like "kids" in moderate doses but when acres of them are let loose we unite with the immortal apostle of the Mormons in saying, "Good Lord deliver us."

In 1876 a number of students of Madrid university, Spain, skilled in the use of guitar and mandolin, formed a concert company and made a tour through Spain and the principal cities in Europe, with great success. At the Paris exposition they were received with much favor. Two years ago Henry Abbey brought them to America, where they have won great praise. They will be accompanied by three competent soloists—Mrs. Harvey, soprano; W. H. Stedman, tenor, and Miss Howes, pianist. Reserved seats in good locations will have to be secured early.

The Philadelphia Record says: "Annie Pixley is always and deservedly a favorite in Philadelphia. Her personal attractiveness has much to do with it—she is, perhaps, as her excellence as an actress. M'liiss is probably her most acceptable as well as most celebrated specialty, and she has long since won fame in the presentation of the title role. Her re-appearance last evening at the Walnut, in this character, was the occasion of an ovation which must have been highly gratifying to her, and showed the hold she has on the public."

"Emeralda" was greeted with a fine audience, at the opera house, last Friday evening, and gave most excellent satisfaction. Emeralda and her father enlisted the sympathy of everyone at the opening of the play and retained it until the close. There is an element of grim humor in old Rogers' remarks about "mother," and her being "high spirited," which are so true to life that they can not fail to capture an audience. The company is composed of artists who thoroughly understand their business, and if they visit our city again they will meet with a hearty welcome and draw a crowded house.

Dexter Sun: The officers of Huron Lodge No. 30, I. O. O. F., were elected last Monday evening, for the ensuing term: Henry M. Ide, N. G.; Russell C. Reeves, V. G.; Rev. W. George, Sec. Sec.; A. D. Crane, Per. Sec.; N. A. Phelps, Treas.; A. D. Crane, G. L. Rep.—Two dollar dances are about played out on Dexter. It costs "too much money," especially if the boys have to hire a rig to get their girls in. A new department is to be taken in the line of dances in this village. We are informed that there is to be a fifty cent dance in red ribbon hall in a week or two. First-class music and a crowd guaranteed.

A large and happy audience came away from the Boston theater last evening, even though it was well nigh midnight when the curtain finally fell on the now familiar drama of M'liiss, in which Miss Annie Pixley and the company in her support had proved so entertaining. Miss Pixley is really a remarkable little actress, and when she breaks loose from "one part acting" we predict rapidly rising fame for her. In her present character, however, she is a perfect host; and it was evident from the applause and recalls given her that the audience was thoroughly delighted. Her singing is of itself well worth going to hear.—Boston Herald, Sept. 23.

Saloon keepers and dealers in the "weed" do not look forward to the coming first few weeks of the new year with any expectation of a rich harvest of shekels, for they know that this is the annual "weaning off" time—the season when both the young men and the more advanced pilgrims vow that they will never again indulge in anything that taxes them alike in health and pocket, and brings no return. All intend to "brace up," and lay by their surplus earnings, and so live that when the summons comes to join the innumerable hosts of spotless cherubims they will be found in a condition of purity—their breaths untainted by whisky-cocktails, and their garments guileless of the vile odor of stale tobacco smoke.

W. K. Childs has been elected sergeant-at-arms, and Will W. Hannan enrolling and enrolling clerk by the legislature. D. W. Lervall, law '81, and Miss Woodin, law '82, have concluded to go into a life partnership. Miss W. is a graduate of the Sherwood musical institute, in New York, and is also a fine stenographer. They go to East Saginaw, where Mr. L. located a few weeks ago, to practice law. Their many friends wish them success. A temperance meeting will be held at Cropley's hall Sunday afternoon, at three o'clock.

The Retchik Bros. have received another car load of Schlitz beer, from Milwaukee. The same will be on draft Saturday night. Yesterday they shipped 300 empty boxes to Milwaukee. It is astonishing how much beer this firm sells. Week of Prayer. The following are the topics for the week of prayer: Monday, Jan. 8, praise and thanksgiving. Tuesday, Jan. 9, humiliation and confession. Wednesday, Jan. 10, prayer for families and Sunday schools. Thursday, Jan. 11, prayer for the church for the outpouring of the Holy Spirit. Friday, Jan. 12, prayer for nations, for rulers, for temperance. Saturday, Jan. 13, prayer for missions.

Union meetings will be held from 8 to 4 p. m., on Tuesday at the Congregational church, Wednesday at the Methodist church, Thursday at the Baptist church, and Friday at the Presbyterian church. Real Estate Transfers. The following are the real estate transfers for the week ending January 4: S. W. Shurleff to Eugene C. Bartlett, 120 acres, sec. 6, Superior, \$4,700. Lillie A. Chandler to John G. Kleager, 100 acres, Pittsfield, \$5,400. D. Stringham to E. L. Walworth, land in Bridgewater, \$8,000. August Leadman to H. M. Gallup, lot in Ypsilanti, \$2,000. D. Honning to H. B. Dodgeley, property in Ann Arbor, \$1,000. Gilbert M. Monroe to G. J. Pease, property in Ann Arbor, \$500. Gustave Hermann to August Hermann property in Ann Arbor, \$500. Wm. F. Hall to Martha E. Hall, 20 acres, sec. 30, Sharon, \$500. Joseph Mount to Wm. F. Hall, 19 acres, sec. 30, Sharon, \$355. Christopher Miller to Geo. Stahl, land in sec. 17, Lodi, \$2,250. Hannah A. Walworth, et al, to Wm. Chase, land in sec. 12, Manchester, \$1,700. Chas. S. Jay to J. H. Ford property in Milan, \$200. Wm. Bird to Frank Merritt, 42 acres, sec. 14, Augusta, \$272.25.

Markets. AN ARBOR, November 21st, 1882. Apples per bushel, \$2 50. Beans per bushel, \$3 50. Butter per pound, 12 1/2. Cheese, 12 1/2. Eggs, 12 1/2. Corn per bushel, 50. Flour, 10 1/2. Hay per ton, 12 00. Hides, 8. Potatoes, 15. Pork, 15. Sugar, 10. Tallow, 10. Wheat, 10. Wood, 4 00.

BUCKLIN'S ARNICA SALVE.—The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all kinds of skin eruptions. This salve is guaranteed to give perfect satisfaction in every case or the money refunded. Price 25 cents per box. For sale by Eberbach & Son, Ann Arbor, Mich. "Your language is wholly uncalculated," as the publisher told the author whose works failed to sell. "Neglect old friends for the sake of new and loose loath." But remember Kidney-Wort is a friend you cannot afford to neglect. Kidneys are the source of all diseases, and if they are not kept in good order, they will not only cause you to feel ill, but they will also shorten your life. Kidney-Wort is a remedy to act directly on their secretions to purify and restore their healthy condition. Kidney-Wort has that specific action.

Whoever doubts that newspapers have a mission should enter a car and see how useful they are to the men when a fat woman, with a big basket, is looking for a seat. Diamond Dyes are so perfect and so beautiful that it is a pleasure to use them. Equally good for dark or light colors. 10 cents. Whisky has been declining in price recently, and yet but few men decline the whisky. A big Pennsylvania distillery was burned the other day, and the loss has put some completely out of spirits. Insanity is in almost all cases the outgrowth of an overworked brain. Dr. F. C. West's Nerve and Brain Treatment removes the cause and effects a cure. Sold at Brown & Co.'s drug store.

Here is probably the shortest courtship on record: A miner in California fell in love with a girl at first sight. She was equally smitten with him, and the entire courtship was: "My pet." "You bet." FORTUNES FOR FARMERS AND MECHANICS.—Thousands of dollars can be saved by using proper judgment in taking care of the health of yourself and family. If you are bilious, have hollow complexion, poor appetite, low and depressed spirits, and generally debilitated, do not delay a moment, but go at once and procure a bottle of those wonderful Electric Bitters, which never fail to cure, and that for the trifling sum of fifty cents.—Frisbie. Sold at Brown & Co.'s.

Every day proves the power of the press. The merchant who advertised for a boy yesterday found a male baby on his steps last evening.

IMMENSE DISPLAY! OF Watches, Jewelry and Solid Silver and Plated Ware for Wedding and Holiday Presents at B. F. WATTS' Jewelry Store, No. 10 South Main street. ELEGANT ASSORTMENT OF SOLID SILVER WARE, PLATED WARE IN GREAT ABUNDANCE. DON'T DIE IN THE HOUSE.—Ask druggist for "Rough on Rats." It clears out rats, mice, bed-bugs, roaches, vermin, flies, ants, insects. 15c. per box. Out West they call whisky "coffin varnish." There's a chance here for some one to work in a little one about "dead drunk."

CATABRIS OF THE BLADDER.—Stinging, smarting, irritation of the urinary passages, diseased discharges, cured by Buchuphania. \$1. at druggists. Mich. Dep. James E. Davis & Co., Detroit, Mich. A Manitoba man advertises: "I wish wanted—Must be over 25; good cook—good housekeeper, and able to milk four cows. If lady means business send photo."

BRAIN AND NERVE.—Wells' Health Renewer, greatest remedy on earth for impotency, leanness, sexual debility, &c. \$1. at druggists. Mich. Dep. James E. Davis & Co., Detroit, Mich. One of the recent poets oh's for "a pen whose rosy ink were purged by piteous tears."

IS FEN BETTER THAN PHYSIC?—Fun is excellent; a hearty laugh is known the whole world over to be health promoter; but fun does not fill the bill when a man needs physic. On the other hand people take too much physic. They would be more healthy, live longer and enjoy life better if they used Dr. Jones' Red Clover Tonic, which cures all blood disorders, indigestion, kidney and liver troubles, removes pimples, and is a perfect tonic. Can be taken by the most delicate. Only 50 cents per bottle, of Eberbach & Son.

Corn isn't shocked by electricity. Fashionable talk: Novelties in divorce suits. Do not be deceived. Insist on having the genuine Brown's Iron Bitters, made only by the Brown Chemical Co. and take nothing else.

It was a Detroit girl who married at fifteen, so as to have her golden wedding when it would do her some good. SWINDLERS ABOARD.—If any one has represented that we are in any way interested in any bogus bitters or stuff, with the word "hops" in the name, cheating honest folks, or that we will pay any of their debts, they are frauds and swindlers, and the victims should punish them. We deal in and pay only the bills for the genuine Hop Bitters, the purest and best medicine on earth. HOP BITTERS MANUFACTURING CO.

O. L. MATTHEWS. Attorney at Law and Notary Public. Real Estate, Insurance and Loan Agency. Deeds, mortgages and other papers carefully drawn. Have houses and lots for sale or rent, or to exchange for farm property, also farms for sale. Property looked after by the year, taxes paid insurance attended to, and rents collected at reasonable rates. Have city property that can be bought on time, and a sum added to what you now pay out for rents will secure you a home of your own. I represent the Northwestern National Insurance company, and the Mutual and Traders of N. Y. Loans will be promptly advanced and paid. Money to loan at 6 per cent. Office over Kinsey & Seabolt's store, Ann Arbor, Mich.

New Life is given by using BROWN'S IRON BITTERS. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perfect condition. BROWN'S IRON BITTERS ensures perfect health through the changing seasons, it disparms the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Disease, &c.

H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washington, D. C., writes, Dec. 5th, 1881: "Gentlemen: I take pleasure in stating that I have used Brown's Iron Bitters for malaria and nervous troubles, caused by overwork, with excellent results. Beware of imitations. Ask for BROWN'S IRON BITTERS, and insist on having it. Don't be imposed on with something recommended as 'just as good.' The genuine is made only by the Brown Chemical Co., Baltimore, Md.

KIDNEY-WORT THE GREAT CURE FOR RHEUMATISM. As it is for all the painful diseases of the KIDNEYS, LIVER AND BOWELS. It dissolves the uric acid which causes the dreadful suffering which only the waters of Rheumatism can cure. THOUSANDS OF CASES cured from Rheumatism, Gout, Gravel, etc. It is a powerful diuretic, and it is in its nature a powerful purgative, and it is in its nature a powerful tonic. It is sold at Brown & Co.'s.
