Friends of The Democrat, who have business at the Probate Court, will please request Judge Harriman to send their printing to this office.

JOTTINGS.

The candy factory is running in good order. Business in justices' courts is extremely dull.

A revival is in progress at the A. M. E. church. Manchester is to have a hand fire-engine.

There is a great scarcity of water in our city. Moses Seabolt was able to be out yesterday.

Eggs, thirty cents a dozen, and few in the market. Henry Ward Beecher stopped at the Cook house.

"Rooms to Rent" this evening, in the opera house. Nelson Booth is running a ranch in New Mexico.

Monthly meeting of the Pomological society to-morrow. Deputy Sheriff Shaw summoned his first jury Tuesday.

There is to be a Red Ribbon dance in Dexter this evening. Next Wednesday will be the commencement of Lent.

The wife of Eugene Bartley, of this city, died Tuesday night. It cost nearly \$100 to repair the steam pipes in the opera house.

It was D. C. Fall (not Hall) who was presented with a silver watch. Our old pioneers are dropping off "like leaves in wintry weather."

J. D. Stimson moved in his new house on West Huron street, Monday. Company A has an inspection and "hop" this evening, at the armory.

The time for collecting taxes in Northfield has been extended one month. The office of the agricultural company has been removed to the Fifth ward.

Mrs. Lavina Saunders, wife of William Saunders, aged 47 years, died Monday. Assistant Prosecuting Attorney Robinson, of Detroit, was in the city Monday.

The secret societies of the university give a hop, at armory hall, this evening. The number of marriage certificates recorded in this county the past year was 405.

Miss Nichols has a class in painting, which meets in a room in the Hamilton block. Col. Woodford spoke last evening before the W. C. T. U., at the Baptist church.

The boards for Lieut. Dauenhower's lecture will be opened Wednesday, at 7:30 p. m. Thomas Fitzsimmons, aged 84, a pioneer of this township, died Saturday, of paralysis.

A. W. Hamilton purchased, yesterday, the printing material belonging to the late Daily News. The ladies' aid society will meet at the homeopathic hospital Thursday, February 8th, at 3 p. m.

The agricultural company propose erecting a ware house, 190 feet in length, in the Fifth ward. The time for rendering an account of the estate of Chas. C. Bliss was continued until next Tuesday.

Rev. Dr. Haskell took part in the opening of the new Baptist church at Albion, Wednesday. The hotels were crowded Tuesday night with parties visiting the city to attend Beecher's lecture.

Some \$325 has been collected for the relief of the German sufferers from the floods along the Rhine. "Modern Greece" was the subject of Prof. D'Ooge's lecture, Friday evening, before the Detroit art club.

John Quigley, of Northfield, expects to dispose of his personal effects, at auction, in about three weeks. W. W. Douglas, who so mysteriously disappeared some four months ago, has been heard from at Manitoba.

A new time schedule went into effect on the Toledo, Ann Arbor & Grand Trunk road last Saturday. The person returning the county order for \$196.19, payable to policeman Millman, will receive \$25 reward.

The attention of our readers is called to the closing out sale of boots and shoes. See ad. on second page. Prof. Holmes recently gave a series of entertainments through the State, which we see highly spoken of by the press.

Thomas Lehaney, convicted before Justice Freauart for assault and battery, was sentenced to jail for ninety days. Prof. C. F. R. Bellows, of Ypsilanti, has been elected Grand Master of the Grand Lodge of Michigan, F. & A. M.

G. J. Josenshans, of this city, received a telegram, Monday, announcing the death of his cousin, Chas. Josenshans, of Toledo.

Why are prisoners, after being sentenced to Iowa, detained in jail for days and weeks before being taken to prison? The house lately occupied by Mrs. Burlingame, on Washington street, has been rented to Orville Moa, of this city.

County Clerk Robinson has in his possession a great curiosity, which is said to have once belonged to the Cardiff giant. At a recent session of the county superintendents of the poor, D. B. Greene, of Ypsilanti, was elected vice president.

Mrs. Theresa Lewis was the guest of Mrs. Mary A. Foster, the well-known member of the Washtenaw county bar. In another column we publish Prof. Frothingham's reply to the attacks made upon him by the Detroit "ministerial union."

Henry Banfield, while coasting on High street last Saturday, collided with a milk wagon, and his head and face was badly cut. Maj. W. W. Van Antwerp, of Jackson, has been appointed deputy inspector of oils for this district, by State Inspector Smith.

The Detroit Evening News charges some of the Ferry managers with having attempted to bribe members of the legislature. The new hall of the Beethoven Gesangverein will be dedicated next Tuesday evening. There is to be a dance afterwards.

A number of boys, and some overgrown youths, "put in" Sunday coasting, while others amused themselves skating on the river. Deputy Sheriffs Clarken and Schmidt served all the papers and subpoenaed the witnesses for the prosecution in the Sophie Lyons case.

Two justices of the peace are to be elected in the spring—Gen. Clark retiring, and a vacancy to be filled, occasioned by the death of Philip Winegar. The firemen turned out yesterday in response to an alarm, but as it was only a chimney burning out in the Fifth ward, their services were not needed.

There was a large audience at university hall, Tuesday evening, to hear the Rev. Henry Ward Beecher's lecture on the "Moral Uses of Luxury and Beauty." The indigent poor should be taken care of, but why the city should furnish wood to a person who has ten cords on hand is a question for the poor master to answer.

The Ann Arbor Typographical Union mourns the loss of its late treasurer, who skipped out with the available assets of that amateur association—some twenty odd dollars. If a chief of police has nothing else to do but attend to other people's affairs, which do not concern him, and to trot horses, his head can't be dropped into the waste basket any too quick.

Edward Winters, of Chelsea, is said to be insane. Public opinion is about evenly divided, however, and the case is to be fought for all it is worth. Geo. W. Turnbull will appear for Winters. The late John O'Hara left his son John \$4,000, and \$2,000 to Phillip and \$1,000 to Ellen, children of John O'Hara, jr. The balance of the estate he bequeathed to his daughter, Mrs. John Nanry.

Gus Grote, who has been working for the Hangsterfer confectionery company, left Wednesday for Indianapolis, Ind., where he has a fine situation. Gus will be missed by his numerous friends in this city. The sun and the town-clock have both gone back on their illuminating contracts. No sun by day; no illuminated town-clock at night to warn the watchless student when to retire to his lonely pillow.

The homeopathic hospital is full. We hear no more about its having no clinics worth speaking of, as the regulars so long contended. We are glad to see the school so successful in the treatment of disease. From the records on file in the navy department it may be seen that Lieut. Dauenhower's commanders have invariably mentioned him in the highest terms, as one of the most zealous and courageous officers in the navy.

Dave Williams, of Albion, celebrated his silver wedding Wednesday evening, at the residence of Wm. Graves, in the Fifth ward. Some fifty persons were present, who kindly remembered Mr. W. with a number of handsome presents. The Tecumseh Herald thinks that there is no need of the ladies letting their house plants freeze while coal is only six dollars a ton; and three tons of coal will most generally carry one dollar's worth of house plants through safely.

Several of the church doors, main entrances, open inward, and in case of fire, with several hundred persons attempting to get out, the result can be imagined. It would be a good thing for the authorities to investigate the matter. There is a law on the subject and it should be enforced. It seems almost superfluous to make a remark about the weather, but we have slipped on the sidewalk so often the past week, in hunting up delinquent subscribers, that we hope to be excused for making the remark that this is very disagreeable weather for collecting arrears-ages on subscriptions.

By an order given by Chief Nowland to the keeper of the county house, the third supervisor's district will be obliged to foot the bill for boarding a mother and daughter at the county house. The mother went to take care of her daughter, who is *ex-ciente*. During the late cold snap the store of Joe T. Jacobs was warmed, in every nook and corner, by steam. It is a wonder that other merchants do not follow Mr. Jacobs example and have their business places comfortably warmed, regardless of the figures on the thermometer.

As some of our subscribers are anxious to learn the names of the officers who have been doing the "tramp business," we would mention that the following deputies and constables do not belong to the ring: Thos. Clarken, Paul Schall, J. F. Schlander, Michael Clark, Thos. F. Leonard, E. B. Gidley. The Dexter Leader says there is a movement on foot among the business men of that town to raise a bonus for the purpose of bringing the Columbus and Northern railroad through Dexter. One gentleman has already expressed his willingness to give \$500 toward it, and two acres of land for depot purposes.

The jury in the Sophie Lyons case went out yesterday morning, and at 10:30 this morning brought in a verdict of guilty. John Alber committed suicide yesterday, by hanging. He was found dangling from the limb of a tree, near Leonard's church. We learn from an exchange that Judge Duffy, of New York City, has been appointed police justice, by Mayor Edson, for ten years, at a salary of \$10,000 per annum.

A house belonging to E. W. Morgan, on South Main street, was nearly destroyed by fire last Saturday. Owing to the severity of water the fire department were crippled in their efforts to subdue the flames. The house was insured for \$2,000 in the Royal, of London. This city has telephone communications with the following places: Detroit, Dexter, Ypsilanti, Delhi Mills, Boyden, Birkett, Pinckney, Chelsea, Grass Lake, Jackson, Tecumseh, Adrian, St. Clair, Marine City, Port Huron, Mt. Clemens, Saline, Flat Rock, Monroe, Roseville, Leosville, Toledo, Ohio, and Windsor, Ont.

The Dexter Leader says there was only two cases of drunkenness in Chelsea last week. The constables of that neglected village are not "fly." When we belonged to the constabulary we used to give a fellow a quarter to "howl up" on, or tell him where to steal something, so we could make an "honest" few by running him in. Hastings Banner: "All who attended the entertainment given by Prof. Holmes of Ann Arbor, Friday night, speak of it in the highest terms. He is one of the very best elocutionists and an inimitable impersonator. His selections from Mark Twain and Shakespeare, humorous and tragical, were invariably well rendered, and all present highly enjoyed themselves."

Rev. Sunderland will give, next Sunday evening, the second discourse in his series on "The great dead of the past year." Subject, "Rev. H. W. Bellows, D. D.," the eminent and eloquent clergyman of New York, who organized the sanitary commission during the war of the rebellion, and for forty years was one of the foremost promoters of reform, philanthropy and advanced thought in the nation.

For three months after the sinking of the Jeannette, Lieut. Dauenhower, and the other survivors, made their way slowly and painfully over the rugged ice. After landing on the Lena Delta, Lieut. Dauenhower, though in a most helpless condition himself, took charge of the ship's papers and assumed the command of a number of the crew who were in an invalid condition, (one being violently insane), and brought them safely through the wilds of Siberia.

Friday evening a tramp went into Stimson's grocery and called for five cents worth of chewing tobacco. He put the weed in his pocket and started to go out without paying for it. Mr. Stimson demanded the money, which the tramp refused. When cornered, he admitted that he was advised by an officer to take the tobacco, so he could be "run in." The game didn't quite work. Mr. Stimson did not know the officer, or his name would have been made public.

A young man came here from Danville, Ill., last fall, to attend his high school, and after remaining there two weeks he decided to enter the medical department, bought his books, and then decided to study music. He bought a piano, on time, of one of our music dealers, and finally concluded to go home, leaving the piano behind and unpaid for. A wrathful music dealer is after him, with fire in his eye, and the landlord from whom he rented rooms would also like to have his money.

The News says: "The deposition of Assistant Postmaster Gaylord, of New York City, in the case of Donald McLean against the News has been received in the superior court. Gaylord is a noted expert, and was summoned by the defense to examine photographs of letters written by Dr. McLean, over his own signature, and others alleged to have been written by him, over a *nom de plume*, to Mrs. Emily Wardle, and give his opinion as an expert whether the letters were written by the same person." The attention of the circuit court, for the past nine days, was occupied by the trial of Sophie Lyons. A large number of witnesses were examined on each side, and the case excited considerable interest. Mrs. Lyons was ably defended by Joe F. Lawrence, of this city, and Col. Jno. Atkinson and J. A. Hawley, of Detroit. Prosecuting Attorney Whitman conducted the prosecution. He was assisted by J. W. Babbitt. During the argument of counsel the court room was crowded, many ladies occupying seats within the bar.

A bore is a fellow who tells you all he knows, all he thinks he knows, and all he don't know.
AN ENTHUSIASTIC ENDOUSEMENT.—
CORHAM, N. H., July 14, 1872. "Whoever you are, I don't know, but I thank the Lord and feel grateful to you to know that in this world of adulterated medicines there is one compound that proves and does all it advertises to do, and more. Four years ago I had a slight shock of palsy, which unnerved me so that the least excitement would make me shake like the ague. Last May I was induced to try Hop Bitters. I used one bottle, but did not see any change; another did so change my nerves that they are now as steady as they ever were. It used to take both hands to write, but now my good right hand writes this. Now, if you continue to manufacture as honest and good an article as you do, I will accurately and honestly endorse, and confer the greatest blessing on your fellow-men that was ever conferred on mankind."
T. M. BURCH.

A Mobile merchant objects to being called a millionaire, simply because his name happened to be Danrieh.
BOOKER'S ANTIMALARIAL.—The best use in the world for chills, fever, ague, malarial, salt rheum, fever sores, letter, chapped hands, chilblains, corns and all kinds of skin eruptions. This salve is guaranteed to give perfect satisfaction in every case or the money refunded. Price 25 cents per box. For sale by Eberbach & Son, Ann Arbor, Mich.
Prima donnas do not lose their diamonds as often as actresses. They are more careful of their precious tones.

IS FLY BETTER THAN PHYSIC?—Fly is excellent; a heavy load is known the whole world over to be a healthy promoter; but fun does not fill the bill when a man needs physic. On the other hand people take too much physic. They would be more healthy, live longer and enjoy life better if they used Dr. Jones' Red Clover Tonic, which cures all blood troubles, indigestion, kidney and liver troubles, removes pimples, and is a perfect cure for all the most delicate. Only 50 cents per bottle, of Eberbach & Son.
"A man who's got a mortgage on a nigger's farm is a wuh marster den de one he had 'ore de wah," says Uncle Joe.

RELIEF FOUND AT LAST.—CARMEL, IND. *Mr. A. Kiefer*.—Dear Sir: I was afflicted with derangement of the liver which caused a general derangement of my whole system. Had three-day ague for two years, from which I found no relief until induced to try your Tazarine, which I can truly say cured me. I am now enjoying fine health, and have had no ague for over one year. Yours, etc., John Jeffries. For sale by Eberbach & Son.

A correspondent wants to know: "If a flea bites a dog, and so enrages the animal that the dog bites a man, can the flea be indicted as an accessory before the fact?" See the penal code.
"Mean people take advantage of their neighbors' ailments to annoy them." Mean diseases, such as piles, rheumatism, constipation, dyspepsia, malaria, lame back, etc., take advantage of people's exposure and attack them. It is then that Kidney-Wort is called in, and by its timely agency puts to rest this kind of evil ailments. It is a friend in need, and therefore a friend indeed.

What is the proper time to call? asks a society journal. Lockwood says, "Its when you don't dare to bluff any more."
Nothing so simple and perfect for coloring as Diamond Dye. For carpet rugs, better and cheaper than any other dye.
There's no trouble about twisting the tail of a sleeping bull-dog. The disagreeable part comes when you let go.

Messrs. H. J. Brown & Co., Ann Arbor, Mich., say: "The sale of Brown's Iron Bitters is increasing, and is giving good satisfaction."
Little Lottie to her friend: "I have so many colds, and yesterday a little baby sister arrived, and papa is on a journey. It was but a piece of luck that mamma was at home to take care of it."
"Rovest on Rats."—The thing desired found at last. Ask Druggists for "Rough on Rats." It clears out rats, mice, roaches, flies, bed-bugs, 10c boxes.
A young lady attending balls and parties should always secure a female chaperon until she is able to call some male chap her own.

SKINNY MEN.—Wells' Health Renewer. Absolute cure for nervous debility and weakness of the generative function. It will be surprised to see the rapid improvement that will follow; you will be inspired with new life; strength and activity will return; pain and misery will cease, and henceforth you will rejoice in the praise of Electric Bitters. Sold at fifty cents by Brown & Co.
Act uprightly and fearlessly and you may defy the devil and all his works.
MILLIONS GIVEN AWAY.—Millions of Bottles of Dr. King's New Discovery for Consumption, Coughs and Colds, have been given away as trial bottles of the large size. This enormous outlay would be disastrous to the proprietors, were it not for the rare merits possessed by the wonderful medicine. Call at Brown & Co.'s drug store, and get a trial bottle free, and try for yourself. It never fails to cure.
One who divides honey with the bear will be like to get the lesser share.

Arrangements have been consummated, both at home and in Europe, to secure for the ensuing year many sterling novelties to increase the already incomparable variety of literary attractions which have always made the New York Mercury a welcome guest in every home circle.
REDUCED RATES OF SUBSCRIPTION.

THE NEW YORK MERCURY will be mailed, postage free, for six months, for \$1.25, or three months for 70 cents. Sample copies sent when requested. Address Wm. C. Brown, Proprietor, No. 3 Park Row, New York City.

ANN ARBOR, February 1, 1883.

The Bad and Worthless
Are never imitated or counterfeited. This is especially true of a family medicine, and it is positive proof that the remedy imitated is of the highest value. As soon as it had been tested and proved by the whole world that Hop Bitters was the purest, best and most valuable family medicine on earth, many imitations sprung up and began to steal the notices in which the press and people of the country had expressed the merits of H. B., and in every way trying to induce suffering invalids to use their stuff instead, expecting to make money on the credit and good name of H. B. Many others started nostrums put up in similar style to H. B., with variously named names, in which the word "hop" or "hops" were used in a way to induce people to believe they were the same as Hop Bitters. All such pretended remedies or cures, no matter what their style or name is, and especially those with the word "hop" or "hops" in their name, or any way connected with them or their name, are imitations or counterfeits. Beware of them. Touch none of them. Use nothing but genuine Hop Bitters, with a bunch or cluster of green hops on the white label. Trust nothing else. Druggists and dealers are warned against dealing in imitations or counterfeits.

One always has strength enough to bear the misfortunes of one's friends.
