Died, at the residence of her daughter, Mrs. A. H. Snow, in Wmoma, Minn., on Tuesday, January 30, 1883, Sophronia, wife of J. N. Westcott, in the 72d year of her age. Rev. T. B. Forbush, of Detroit, preached, last Sunday morning, on "The Religion of our State University to Evangelical Christianity," and pretty sharply inquired by what right the university was carried on in the interest of that form of sectarianism which appropriates to itself the name "evangelical." The reverend gentleman's church, which is one of the wealthiest and most influential in the State, at once voted to print the sermon, in pamphlet form, for general distribution. We understand a large edition is being prepared, to be sent to the regents, faculty and students, and friends of the university throughout the State. The sermon seems likely to create a stir.

That the audience which gathered in the opera house to hear the rendering, by the Boston Ideal company, of "Patience," was well pleased need not be doubted. For juveniles they certainly carried out their parts excellently, and in many instances won hearty applause. Especially admired was the singing of the diminutive Jennie Schuman, the smallest prima donna before the public, the artistic dancing of Katie Williams, and the brass band selections by the Liberty Family.—[Utica Herald.]

George Bull, while under the influence of whisky or morphine, Wednesday afternoon, attempted to kill his wife. He took a razor and swore he would cut her throat. Mrs. Bull, in trying to escape from the infuriated brute, had her arms cut in several places. He would undoubtedly have succeeded in his purpose but for the interference of Newton Felt, who heard the woman's cries and went to her relief. On his way to jail, Bull admitted that he intended to kill his wife and children and then commit suicide. At different times, within the past few years, he has threatened to take his own life; and on one occasion did take poison, but repented and went to a physician, who pumped him out.

The Bad and Worthless. Are never imitated or counterfeited. This is especially true of family medicines, and it is positive proof that the remedy imitated is of the highest value.

As soon as it had been tested and proved by the whole world that Hop Bitters was the purest, best and most valuable family medicine on earth, many imitations sprang up and began to steal the notices in which the press and people of the country had expressed the merits of H. B., and in every way trying to induce suffering invalids to use their stuff instead, expecting to make money on the credit and good name of H. B.

Many others started out in similar style to H. B., with variously devised names, in which the word "hop" or "hops" were used in a way to induce people to believe they were the same as Hop Bitters. All such pretended remedies or cures, no matter what their style or name, and especially those with the word "hop" or "hops" in their name, or any way connected with them or their name, are imitations or counterfeits. Beware of them. Touch none of them. Use nothing but genuine Hop Bitters on the white label. Trust nothing else. Druggists and dealers are warned against dealing in imitations or counterfeits.
