

OUR MAN ABOUT TOWN.

He Sees About Everything and Prints About Everything He Sees.

I see that in several villages and cities throughout Michigan, the authorities have come to the conclusion that bull dogs running at large is a nuisance, and the edict has gone forth that they must be kept at home, or muzzled by their owners.

How some persons in this city live is a conundrum. They are never known to do a day's work, still they dress well, have money and take things easy.

It is a long time since there has been a bear dance in the council chamber, and the meeting Monday evening reminded one of old times.

For years the slaughter houses on the banks of the Huron river in the fifth ward, have been a bone of contention between the citizens and the owners of the same.

While walking in the western part of the city, Saturday, on the old Gorton road, and when near the residence of Mr. Liddell, there was a most peculiar aroma which arises from filthy pig-sties, slaughter houses and decaying meat.

As I was wandering on the banks of the river a few days ago, I saw a number of men and boys bathing in the race in broad day-light, and I said to myself if they were so lost to all sense of shame they should be made to feel the strong arm of the law.

Commencement week will soon be here and the city will be filled with visitors from all parts of the country, and delegates are expected from across the ocean.

I hear only words of contempt for Gov. Rice and his man Friday regarding their actions concerning the appropriations for the university.

It is, indeed, amusing to notice with what persistency Dr. Donald McLean is working to break up the department of medicine and surgery—the very institution that made him—and the little progress he is making toward carrying out his pet scheme.

Sunday afternoon, in company with a friend I visited the German cemetery on the old Jackson road nearly two miles from the city.

vent of spring the Lutheran society purchased more land and the grounds have since been put in proper order, under the supervision of Israel Kuehne.

COUNCIL PROCEEDINGS. A Large Amount of Business Transacted at Monday Evening's Meeting.

The council met in regular session Monday evening, Mayor Smith in the chair. The minutes of the last meeting were read and approved.

TREASURER'S REPORT. On hand at last report, \$14,250.44; received \$30. Disbursements, \$1,335.53.

THE RECORDER'S REPORT. For the month ending May 31, 1887, shows the following balance on hand: Contingent fund, 1,009.79; general street, \$641.32; first ward fund, \$1,069.93; second, \$1,083.33; third, \$43.97; fourth, \$384.04; fifth, \$32.68; sixth, \$8.50.

MARSHAL'S REPORT. Six arrests were made during the month by the chief and his deputies.

REPORT OF THE BOARD OF HEALTH. For the year there were 117 deaths, twenty being attributed to cholera.

For a sidewalk on the east side of Fifth street, between Packard and Madison streets.

For a sidewalk on the east side of North Second street, between Main and North streets.

A communication in regard to the dangerous and dilapidated condition of the walk on the east side of North Ingalls street, north of the university hospital was not received.

One from chief engineer Sorg, relative to transferring certain machinery from the fire department to the hook and ladder company, was referred to the committee on fire department.

The question of purchasing paraphernalia for the new fire engine hook and ladder company was also referred to the committee on fire department.

The chief of police was requested to notify the authorities of the Toledo, Ann Arbor & Northern Michigan railway, that the unnecessary blowing of engine whistles at the foot of Washington street, on Sunday, has been a great nuisance, and that it must be stopped.

Bills of the following nature were allowed and warrants drawn for the same: First ward, \$163.71; second, \$121.32; third, \$50.32; fourth, \$360.33; fifth, \$108.91; sixth, \$94.02; general fund, \$29.93; general, \$39.73; contingent, \$76.73; city cemetery, \$90.18. Total, \$2,571.28.

The salary of the health officers was fixed at \$50 per annum.

More Light. The report of the general fund committee relative to increasing the electric light, on the lighting of other lamps was accepted.

By Ald. Almendinger, that the city attorney be requested to prepare a form for the notices to be served by the marshal as required by the new sidewalk ordinance.

Also that the marshal be instructed to inspect all of the sidewalks in the city, the inspection to be made as early as possible, and that he proceed, under the new ordinance, against all persons whose walks need repairs.

On motion the council adjourned until Wednesday evening.

Called to order by the mayor. On motion the cases against Fred Brown, and Walsh & Gibney were placed on the same footing as the one against Marshall & Collins, who agreed to keep their saloons closed if the prosecution was dropped.

The salary of the mayor was fixed at \$300 per annum, recorder \$600 and the aldermen \$50 each, the ordinance to go into effect after the first of April, 1888.

160 persons who have applied for the  
position of mail carriers. As there are  
only four to be appointed there will be  
some fall growing when the appoint-  
ments are made.

County treasurer Belsler turned over  
to the city, Tuesday, \$7,474.45 license  
money, and to this should be added  
\$891 not yet paid, making the total  
amount received from the saloons \$8,  
365.45 or \$2,301.75 less than the city re-  
alized one year ago.

The high school alumni association  
will meet in the high school hall June  
16.

An oration will be delivered by H.  
B. Todd, afterwards a business meeting  
and social entertainment. It is quite  
probable that the building will be  
lighted by electricity.

There will be an excursion over the  
Toledo road next Thursday June 16 to  
Presque Isle Park, six miles from To-  
ledo. Fair for the round trip only \$1.  
The train will leave the depot foot of  
Williams street at 7:40 a. m., leaving  
Toledo at 6:20 p. m. and arriving in this  
city between 8 and 9 o'clock.

The number of strangers who will at-  
tend the commencement week is likely  
to be greater than ever before; and  
largely to exceed the capacity of the  
buildings. Any, therefore, who can offer  
rooms or board or both for that week at  
reasonable prices are requested to in-  
form steward J. H. Wade or Prof. E. L.  
Harris, who will furnish the names.

The headquarters of Ashley's engi-  
neers have been located at Cadillac and  
will remain until the extension of the  
T. A. & C. R. R. is completed to the  
lake and southward from Mt. Pleasant  
to the north, and supplies and steel rails  
will be brought in over the G. R. & I. R. R.  
The route adopted makes directly from  
Farmington to Cadillac, running through  
Clare and Wexford and northeast corner  
of Oseola counties.

The second annual exhibit of drawings,  
done in the public schools, will be made  
at the Ypsilanti school building on  
Friday and Saturday the 17th and 18th  
inst. The exhibit will consist of draw-  
ings from objects, working drawings,  
original designs, and blackboard sketches.

There will also be a small collection of  
objects modeled in clay, and other kind-  
ergarten work, from the primary grades.  
The public are cordially invited to view  
the exhibit.

While at charming Whitmore Lake  
Monday, various improvements were  
made. Wm. Kane has built a neat  
addition to his store, Chas. Rane has his  
new store completed and ready for busi-  
ness, and several new cottages are being  
erected. We were shown about the  
Clifton house by the general proprietors,  
and we saw many and varied improve-  
ments made during the past winter.

This party house is ready for  
business, and they already have several  
rooms engaged for the season. They  
have added largely to their list of boats,  
among them a two mast sailer, and they  
now have as fine a lot of boats as can  
be found anywhere. The Lake house is  
being repaired, and although it will soon  
be as good as new. When you want a  
day of week of recreation and rest, go to  
Whitmore, you will find ample accom-  
modations and be royally entertained at  
very little expense.—South Lyon Picket.

In speaking of the piano forte recital  
recently given in Detroit by Julius V.  
Seyler, the Free Press paid the young  
musician the following compliment:  
The instrumental numbers included the  
sonata, op. 53 (Waldstein), by Beetho-  
ven; Spinnelli; by Josef; Serenata,  
by Moszkowski; étude in sharp, by  
Henselt; and gavotte, M. Gmior, by Fe-  
mann; Rhapsodie Hongroise, No. 12,  
by Liszt, and the first movement of the  
A minor concerto, by Grieg. The entire  
program was given from memory and  
in a manner highly artistic. Mr. Seyler  
is a bold, vigorous and incisive pianist,  
while in delicate passages his touch is  
mellow and refined. It is in brilliant,  
massive work that his playing is most  
effective, and in which particular it will  
bear with some of the best that has  
been heard here this season. His  
technique is well-nigh infallible and he  
fully equal to the demands of the diffi-  
cult and exacting program.

By a unanimous vote the price for  
berry picking was fixed at one and a half  
cents per quart, and Mr. Gantzberg was  
instructed to notify fruit growers  
throughout the county of this action of  
the authorities regarding pickings.

A resolution by Mr. Hubner to estab-  
lish a black list of dealers who wrong  
the producer, went through with a rash.  
The insect question was thoroughly  
discussed. A member thought that those  
fruit growers who absent themselves  
from the meetings, allowing a few to  
carry the burdens of dissent and  
practical questions that come before the  
society, like transportation or the erection  
of a fruit factory, should be on hand  
when the noxious insect question is dis-  
cussed.

appointment of administrator filed.  
Hearing July 5.

Estate Jno. Geo. Paul; incompetent  
petition for appointment of guardian  
filed. Hearing June 22.

**FREE DELIVERY.**  
All the Arrangements Made Whereby  
It Will Go Into Effect July First.

Some people began to think that Ann  
Arbor was not going to have free deliv-  
ery, but it should be remembered that  
Uncle Sam moves slow in such matters,  
never commencing an undertaking until  
getting a good ready.

The following correspondence in re-  
gard to the matter will interest our citi-  
zens because the time fixed for the free  
delivery system is July 1.

**POSTOFFICE DEPARTMENT,**  
Office of the Postmaster General,  
Washington, D. C. June 4, 1887.

Establish the free delivery system in  
Ann Arbor with four carriers at \$900  
each, per annum. This order to take  
effect July 1, 1887.

[Signed],  
W. S. VILAS,  
Postmaster General.

WASHINGTON, June 4, 1887.

Sir—Enclosed find copy of an order  
of the postmaster general establishing the  
free delivery system in your city. You  
will select four intelligent, healthy, and  
active men as carriers, as possible with  
reference to industry, honesty and sobriety,  
and well fitted in every respect, and  
nominate them to this office for appoint-  
ment in ample time for them to procure  
uniforms, and begin on the 1st day of  
July next. In establishing the service  
you will be careful not to undertake more  
frequent deliveries, or extend the service  
over more territory than the carriers can  
effectually serve.

A. E. STEVENSON,  
Postmaster Duffy is now in communi-  
cation with the authorities asking for  
a license which number business meeting  
and social entertainment. It is quite  
probable that the building will be  
lighted by electricity.

There will be an excursion over the  
Toledo road next Thursday June 16 to  
Presque Isle Park, six miles from To-
