

Her Most the New York anarchist gets twelve months in Sing Sing prison.

Prohibitionists will now feel that their star is surely in the ascendency. An important decision was rendered by the United States supreme court Monday, to the effect, that the prohibition law of Kansas is valid.

It is reported that the Attorney General has allowed the suit to enjoin the collection of the "booming tax" to be brought by his authority. Of course an injunction to prevent the collection of this tax does not prevent the "boomers" from paying the tax if they want to.

In old democratic days before the war Michigan took a prominent place in the government. A Michigan man held the position of Minister to France, Secretary of State, Secretary of War, and Secretary of the Interior.

The annual message of President Cleveland submitted to Congress on Monday is devoted exclusively to the subject of the tariff and the reduction of taxation, and in this respect is unlike any other annual message ever submitted to Congress.

OUR MAN ABOUT TOWN. He Sees About Everything and Prints About Everything He Sees.

I notice the stair way leading into the basement of the Arlington house has been covered. This is wise precaution as I have often thought in passing there that it would be a bad place to fall into.

I heard a good thing the other day which I know the readers of the Democrat will enjoy. One of the superintendents of the poor is a young man named Wagoner to the county house and requested Mr. McDowell to get bananas whenever she wished for them.

The tramps in and about the city are getting to be a regular nuisance. I heard of one who was waiting for food, some time ago, but who was waiting for a long time to do some work for it.

I think these rushes which occur so frequently in the postoffice are disgraceful. Monday evening the immense crowd congregated there waiting for the mail began the usual crowding.

The electric lights which are on the stationary poles give, I understand, much better satisfaction. I notice that the light is steady, and it is swinging between two poles the oscillating motion produced is very disagreeable when the wind is blowing briskly, and has the effect of almost making one dizzy.

The preservation of our forests is of
such importance that we print the fol-
lowing from the Mechanical News:
The suggestion has been made, and is
received with favor in many quarters,
that the best way to prevent the disap-
pearance of the timber of this country is
to exempt from taxation all land
planted in forests. The experiment
might be worth trying at any rate. It
is evident, making all due allowance for
the exaggeration to which alarmists are
prone, that unless the consumption is
checked or the production is effectually
encouraged, the soil of the United States
will be pretty well denuded of timber in
the course of not many years. There is
no way to check the consumption, since
the habit of independence is so strong in
the American people that they will
hardly submit to such a restriction on
the use of whiskey, let alone that of timber.
But we do not doubt that thousands of
farmers would hasten to plant trees on
as many acres as they could spare for
the purpose if the certainty were held
out to them that the land so employed
would be therefore free of taxation.
And the benefit accruing to the public
would be much more than the tax that
penalizes for the immediate loss to the
treasury.

as such prodigies are rare even among
men; but there are plenty of

An old farmer said to his sons:

back up to you to be milked."
We have the satisfaction of hearing
from several sources that Dr. Bull's

genuinely good preparation.—Publ. Molly

The period of teething is the most

occasional doses of Dr. Bull's Baby

and the accuracy of the combination in
Laxador, coupled with the important
fact that it is free from any deleterious
substance, is a strong argument for its
adoption as the remedy for all diseases of
the liver. Price 25 cts.

It is the opinion of Miss—that males
are of no account from the time ladies
stop kissing them as infants till they
kiss them again as lovers.
Most everything in this world is full
of deception. Few things are what
they seem, but that the one from Dr.
Jones' Red Clover Tonic far exceeds all
claims. It restores lost nerve force,
cures dyspepsia, and all stomach, liver,
kidney and bladder troubles. It is a
perfect cure for appetite, blood purity,
a sure cure for ague and malarial disor-
ders. Price 50 cents, of Eberbach & Son, Ann
Arbor, and Geo. J. Haussler, Manchester.
The Boston Post suggests that the
treatment of the common Cougher, cold,
croup, but it should be flavored with
vanilla, lemon or strawberry.
People ask what is good for a cough
or a cold, the mistake many make is in
getting it. What you need is Dr. Bigelow's
Cough Cure, contains the good quality
of all the best cough remedies without
the defects of any of them. A safe and
speedy remedy for coughs, colds and all
travels and lung troubles. Sold by
Eberbach & Son, Ann Arbor, Geo. J.
Haussler, Manchester, in 50 cent and \$1
bottles. Healing to the lungs. Safe
and pleasant for children.

The best on earth can truly be said of
Griggs' Glycerine Syrup, which is a sure,
safe and speedy cure for cuts, bruises,
scalds, burns, wounds and all other
sores. It is positively cure piles, fester
and all skin eruptions. Try this wonder

An old farmer said to his sons:
"Boys, when you speak, or wait
for something to turn up. You might
just as well go and sit down on a stone
in the middle of a meadow with a pair
of your own legs, and wait for a cow to
back up to you to be milked."
We have the satisfaction of hearing
from several sources that Dr. Bull's
Cough Syrup is all it claims to be—a
genuinely good preparation.—Publ. Molly
Stark, Mich. "Oh! it is excellent for
to have a huppy strength" and walk the
earth free and huppy again was what
the man said when he had cured his ten-
year rheumatism with a bottle of Salvation
Oil. 25 cts.
Men are like an old-fashioned country
wagon. When loaded, everything works
well and smoothly; with nothing in it,
it rattles so it can be heard for miles.
The period of teething is the most
dangerous to young children. They
should then have extra attendance and
occasional doses of Dr. Bull's Baby
Syrup. The purity of the ingredients
and the accuracy of the combination in
Laxador, coupled with the important
fact that it is free from any deleterious
substance, is a strong argument for its
adoption as the remedy for all diseases of
the liver. Price 25 cts.
At the end of a funeral notice pub-
lished in an Indiana paper appears: "N. B.—
This funeral will not be postponed on
account of bad weather."
Cork screws have sunk more people
than cork jackets will ever keep up.
The western girl who persistently
declared in an Indiana paper once that
country editors are not only handsome,
but immensely wealthy, has been adjudged
insane.
Don't despise a woman because she
can't drive nails or hang pictures. If
you want to discover your own weak
points just try to carry a 6x4 mattress
down a narrow winding stairs.
