The Loyal Temperance Legion meeting next Saturday, at three o'clock, will be held in the hall over Calkins' drugstore. After the business and study of the hour has been completed, some of the ladies have promised the children a treat of ice-cream soda. Last Saturday's meeting was held in

Of the forty different departments of work of the organization, each local society takes up as many as circumstances demand, and suitable leaders can be secured for. Sixteen departments will be carried on this year by the Ann Arbor union, the following superintendents having been elected:-Work among Colored People, Mrs. Strickler; Loyal Temperance Legion, Miss Ann Richards; Scientific Temperance Instruction, Mrs. Ellen Butts; Sunday Schools, Mrs. Hess; Press, Mrs. A. Daniel J. Ross, street commissioner, has arranged that all gutters belonging to the city should be cleaned Friday evenings and the following mornings the carts will make their rounds to remove the dirt and waste matter. The refuse should be made into piles by the side of the gutters in order that it may be removed more quickly. This street cleaning is an important matter and has much to do with the beauty and cleanliness of our city and the health of our citizens.

Our Man sees that the Detroit police are arresting fast bicycle riders by the score. Ten "scorchers" were fined \$5 each in the Detroit recorder's court, Monday. Our Man is glad to see that the crusade against fast riding is being so well waged in the larger cities, and he would offer the suggestion that Ann Arbor should follow the good example set by her neighbor, Detroit. Bicycles are becoming so numerous that it is really a dangerous matter to cross some of our streets in the evening or to walk on the campus walks go to the athletic field or outside 'scorcher" ran into a wheel which was being ridden by one of the lady teachers in the High School and the lady's right wrist was badly sprained. unless an ordinance is passed to prohibit fast riding.

The latter bowed suavely and the judge began: "I believe you profess to be able to extract teeth without pain?' "Yes, sir," was the reply, "and if I don't do it I'll refund your money." The judge was seated in the operating chair and the last thing he remembers was the dentist inserting a small tube in his mouth. He got a dose of gas and became unconscious. When he came to the young man was under a table, his erstwhile spotless shirt and collar covered with blood and his clothes torn up almost beyond recognition. He was desperately waving the judge off, saying all the while: "Get out of here! Get out of here!" He seemed very anxious to have the
