

THE ANN ARBOR REGISTER.

VOL. XIII. NO. 39.

ANN ARBOR, MICHIGAN, THURSDAY, SEPTEMBER 29, 1887.

WHOLE NO. 666.

A NEW CHURCH EDIFICE.

A HISTORY OF THE CHRISTIAN CHURCH.

Disciples of Christ Have Purchased a Lot and will Erect a Handsome Church Building on the corner of Williams and Division sts.

The citizens generally, and the readers of THE REGISTER more particularly, have of late manifested considerable interest in the organization commonly known as "Disciples." This interest has been increased by the authoritative statement that the various missionary boards of the church have united in making Ann Arbor a central point of work, and have purchased a lot on the corner of Williams and Division. They have provided funds sufficient for the erection of a church edifice which will meet all the requirements of modern church architecture and of refined taste, and propose to place in charge of this work a man thoroughly fitted for it.

WHAT THEY BELIEVE.

We shall answer briefly the question often asked during the past week, "Who are the Disciples and what is their teaching?"

The distinctive organization generally known as the Disciple, or, as they prefer to be called, Christian church, is of comparatively recent date, the first published document in its behalf being dated only seventy-seven years ago. In this short time the growth has been so rapid that, according to the report of the Librarian of Congress, it today takes third place among the protestant churches of America, having nearly, if not quite,

A MILLION COMMUNICANTS.

There are in the United States thirty-four journals published in the interest of the Christian Church. They also have periodicals published in Canada, Scotland, England, France, Denmark, Jamaica, and Australia. The circulation of these publications amounts to something over half a million of copies each issue. They have established and maintain forty-four colleges in the various parts of the country; the matriculation in these schools in 1886-87 being something over seven thousand.

Only within the past ten years has the church turned its attention to foreign missions. During this time it has established missions in England, France, Denmark, Jamaica, Turkey, Asia Minor, Japan, India, and China.

Why came this organization into existence, and what are the beliefs held by its adherents? The answer is simply this: A few earnest Christians, becoming dissatisfied with what to them seemed a lack of unity among the protestant churches, and the resulting inability of protestantism to more thoroughly convert the world, set about trying to find

SOME COMMON GROUND

upon which all could unite. Thus in the very beginning the movement became known as "a Christian union movement." The questions with these men were, "How should they attempt to remove the effects of this disunion?" "How were the divided parts to be united?" They could only see their way clearly by adopting as their foundation principle the doctrine that "nothing should be required as a term of union, communion, and co-operation which is not as old as the New Testament;" and adopted as their watchword, "Where the Bible speaks we will speak, and where the Bible is silent we will be silent;" thus being able to say, "the Bible is our creed, and

OUR ONLY CREED."

As a result they agree with all evangelical churches in all the more important matters. Thus they believe in the divine inspiration of the holy scriptures; in the all sufficiency of the Bible as a revelation of the divine will, and as a perfect and a sufficient rule of faith and practice; they insist upon the acceptance of the divinity of Jesus, the son of God, as the very corner-stone of Christian faith, life and teaching; they believe in the personal mission of the Holy Spirit to convict the world of sin; the alienation of the race from God, and their dependence upon his grace; the necessity of faith and repentance; in baptism and the Lord's supper; the observance of the first day of the week; the divine institution of the Christian church, and in the fullness and freeness of the salvation offered in the gospel to all who will accept it

ON THE TERMS PROPOSED.

As natural to all organizations formed for a particular purpose, the "Disciples" have forms of their own which perhaps more than the above indicate their methods of work. Thus the sum total of reply to those anxious to become Christians lies in the reply given by Peter on the day of Pentecost to the enquiring Jews, as follows: "Repent, and be baptised every one of you in the name of Jesus Christ for the remission of sins." They also celebrate the Lord's supper on the first day of each week, freely inviting to partake with them all persons who at any time have publicly professed faith in Christ as the Son of God.

Through the courtesy of the Congregational people the members of the Disciples organization here in the city will, for the present, meet in social worship Sunday afternoons at two o'clock in the parlors of the Congregational church, and will undoubtedly be glad to see present friends from any and all of the churches.

Gov. L.licc

Will be at the Fair next Friday and deliver an address. Our governor is always interesting and instructive and gives his hearers something worth thinking about. Don't miss hearing him.

Fair Attractions.

E. M. Lewis, of East Milan, will exhibit his celebrated herd of Holstein-Friesian cattle, at the county fair next week. Among his herd will be seen the noted prize bull, "Box Med" and the celebrated cow, "Chautauqua Girl." The famous girl has a milk record of 85 pounds per day, and 240 pounds in 30 days. He will also exhibit a heifer seven months old which gives about two quarts of milk per day.

Browns vs. M. C. It. Lt. Co.

The game of ball on the fair grounds, last Saturday afternoon, was far the most exciting game of the season, and resulted in the defeat of the visitors. Up to the eighth inning, the Browns played almost an errorless game. The M. C. R. R. nine is a good club, and the defeat they received was wholly unexpected.

The features of the game were the fine work of Lewis, in the box, and Taylor's terrific drive for a home run, when the bases were all full, in the sixth inning; also Campion's three-base hit in the seventh inning, which let in three runs. Following is the score:

	1	2	3	4	5	6	7	8	9	R	B	H	E.
A. A. Browns	2	0	5	0	1	5	7	2	27	23	3	3	3
M. C. R. R.	1	0	1	0	0	0	3	5	10	2	9	7	7

The License Law and Business.

The new law requiring the taking out of a marriage license by those matrimonially inclined, which goes into effect next Tuesday, it is intimated will be a good thing for the ministers and justices of the peace living in the various county seats throughout the state, and for business generally. According to the new law, at least one of the interested parties must personally appear and make application for the document. In this county last year quite a large number of marriages were returned, and many of them were from the country. Now when a rural couple wants to be joined together "so long as ye both shall live," they will no doubt, in many cases, both go to the seat of county government, get their official permission, seek a minister or some other authorized person, and take unto themselves the solemn vow which shall forever make them one and inseparable. On this day, too, the groom will of course spend more or less money, in fact he can't help it, for miscellaneous articles will have to be procured, and perhaps new clothing and goods that will be handy for housekeeping. While none of them may spend a very large amount, yet the aggregate will be considerable in the course of a year. If ever a man should be in a liberal state of mind and regardless of expense, it should be when this happy event takes place, and that is just the way many of them will feel about it.

The Hygienic Laboratory.

The plans provide for the erection of a building whose greatest dimensions are 70x115 feet, with basement, first and second stories; the second story being devoted exclusively to hygienic work.

The following rooms are provided: The general hygienic laboratory, 30x38 feet, for the use of students, in classes or sections, pursuing, as far as may be, original investigations on lines marked out by the professor in charge; the microscopical room, 19x21 feet, located with special reference to steadiness of light; the professor's private laboratory, 21 feet by 22 feet 6 inches, with adjoining study 10x14 feet; the assistant's private laboratory, 16x21 feet; a special room, 16x26 feet, rooms devoted to water and gas analysis, 20 feet 3 inches by 20 feet 6 inches, and 20 feet 3 inches by 16 feet, respectively; the bacteriological room, 21x24 feet, with the adjoining disinfecting and cold rooms, each 10x10 feet, for the examination of bacteria and the investigation of germinal and contagious diseases. The lecture room is on the first floor. In the attic is an animal room, where will be kept animals made use of in investigations. The various tables where poisonous gases are used or generated are provided with ventilating hoods to carry the gases to the attic, where they are disposed of through heated flue stacks. The plumbing and other interior work is designed with reference to the special uses, the action of acid wastes, etc. The inner face of exterior walls and nearly all the interior walls will be finished in brick; and the general appearance of the interior will be simple, solid and unpretentious, suited to the uses of the building and suggestive, perhaps, of its ultimate purpose to build up a *sanum corpus*. The character of the investigations will be varied, including the study of properties of foods of disease, germs, of preventive medicine and methods, and, in general, of anything that makes for health and against disease. Of the immediately practical bearings of the work there can be no question, and so long as the state is conceded the right to offer facilities in any form of higher, or special, education, such hygienic education and investigations should be given a conspicuous place in state institutions.

See the "Standard" Sewing Machines at the Fair.

ON THE CAMPUS.

The School of Music opens to-day.

The various classes will meet on Saturday.

Examinations have been in progress this week.

The boilers for the new boiler house have arrived.

S. Tokita is the latest arrival at the university from Japan.

The Board of Regents will hold a meeting Thursday, October 8.

The library was closed Monday on account of being renovated.

Indications are that the freshman medical class will be larger this year than ever.

The homeopathic college will open Friday evening. Dr. Obetz will give the first lecture.

Prof. Rogers will deliver the introductory lecture of the law course on Saturday morning, Oct. 1st, at ten o'clock.

The S. C. A. invite new students to call at their rooms and register: and to attend the Wednesday evening grayer-meetings.

Classes will meet their respective instructors at the time and places stated in the announcement on and after next Monday.

Maj. H. Soule returned from Denver, Colorado, Tuesday, where he had been attending the Sovereign Grand Lodge of the I. O. O. F.

Work on the medical building has been rapidly pushed ahead the past week, and everything will be in readiness for college work next Monday.

George DeHaven, who won the wrestling match at the last Field Day, has returned, and declares that he will not enter any of the sports this year.

Requests for additional hours must be deposited in the faculty box before Saturday, October 8. First year students will not be entitled to extra hours.

The course in the History of Art will be given in two lectures a week during the first semester, and will not be continued during the second semester.

The first meeting of the Choral Union will be held at the usual time and place, on Tuesday, October 8, and all those inclined to join are requested to be present.

E. W. Groves, of the university, is in charge of a party of government employees, making a survey for dams which are being built near the headwaters of the Mississippi river.

The only change in the announcement of the engineering laboratory is that the course in forging will not begin until about Thanksgiving, when it is expected that the new forge room will be completed.

The School of Music opens to-day with a full quota of teachers. Lessons begin at once. Pupils should call without delay at the office in university hall for the assignment of hours. Office open from 8:30 to 12 a. m. and from 2 to 5 p. m.

J. M. Brannum, who graduated in the law department last year, has not been heard from since he left Ann Arbor, by either his parents, who live in Missouri, or his friends in this city, and there are fears that some mishap has befallen him.

Admission to the teachers' course in Latin will depend on the approval of the officers of the Latin department. Applicants electing the course can leave their names either with Professor Frieze, Professor E. Jones, or instructor Miller.

Marriage Bells.

Philo Hull, of Clayton, Mich., and Miss Ella Gay, of this city, were married last Wednesday.

Albert Tachmann and Attile Walter, both of Northfield, were married last Sunday by Rev. H. Abelmann.

Jake Kern and Mary A. King, both residents of Sylvan, were made one and inseparable last Tuesday, by Rev. Thomas Robinson.

In St. Andrew's church, Friday, by Rev. Dr. Earp, John O'Day, of St. Louis, Mo., and Clymena Alice Underwood, of Rock Hill, Mo.

At the residence of J. H. Clough, on W. Huron-st., by Rev. L. H. Adams, Joseph L. Parsons and Miss Dora Simons, both of Webster.

Edward S. Spaulding, of Sylvan, and Miss Emma K. Everett, of Sharon, were joined in the holy bonds of wedlock on Wednesday, by Rev. H. M. Gallup.

THE NEW LIQUOR LAW

AS PASSED BY THE LEGISLATURE LAST WINTER.

Amount of Tax—Who Sot Liable—Regulation of Drug Stores—The Low in Fall.

SECTION 1. The People of the State of Michigan enact, That in all townships, cities and villages of this State there shall be paid annually the following tax upon the business of manufacturing, selling or keeping for sale, by all persons whose business, in whole or in part, consists in selling or keeping for sale, or manufacturing distilled or brewed or malt liquors, or mixed liquors as follows: Upon the business of selling or offering for sale spirituous or intoxicating liquors, or mixed liquors by retail, or any mixture or compound, excepting proprietary patent medicines, which in whole or in part consist of spirituous or intoxicating liquors, and any malt, brewed, or fermented liquors, five hundred dollars per annum; upon the business of selling only brewed or malt liquors at wholesale or retail, or at wholesale and retail, three hundred dollars per annum; upon the business of selling spirituous or intoxicating liquors at wholesale, five hundred dollars; or at wholesale and retail, eight hundred dollars per annum; upon the business of manufacturing brewed or malt liquors for sale, sixty-five dollars per annum; upon the business of manufacturing for sale spirituous or intoxicating liquors, eight hundred dollars per annum. No person paying a tax on spirituous or intoxicating liquors under this act shall be liable to pay any tax on the sale of malt, brewed or fermented liquors. No person paying a manufacturer's tax on brewed or malt liquors under this act shall be liable to pay a wholesale dealer's tax on the same.

SECTION 2. Retail dealers of spirituous or intoxicating liquors, and brewed, malt or fermented liquors, shall be held and deemed to include all persons who sell any of such liquors for the drink, and in quantities of three gallons or less, or one dozen quart bottles or less, at any one time, to any person or persons. Wholesale dealers shall be held and deemed to mean and include all persons who sell or offer for sale such liquors or beverages in quantities of more than three gallons, or more than one dozen quart bottles, at any one time, to any person or persons. No tax imposed under this act shall be required from any person for selling any wine or cider made from fruits grown or gathered in this state, unless such wine or cider be sold by the drink as other beverages are.

SECTION 3. The penal provisions for this act shall not apply to druggists who sell liquors for medicinal, scientific, medicinal, mechanical, or sacramental purposes only, and in strict compliance with law. It shall not be lawful for any druggist, nor for any person whose business consists in whole or in part of the sale of drugs and medicines, directly or indirectly, by himself, his clerk, agent or servant, at any time to sell, furnish, give or deliver, any mixed liquor, a part of which is spirituous, malt, brewed, fermented or vinous, to a minor, except on the written order of the parent or guardian of such minor, nor to any adult person whatever, who is at the time intoxicated, nor to any Indian, or any person of Indian descent, nor to any person when forbidden in writing so to do by the husband, wife, parent, child, guardian, or employer of such person, or by the supervisor of the township, or mayor, or director of the poor, or any supervisor or alderman of the city, or president or trustee of any village or superintendent of the poor of the county in which such person shall reside or temporarily remain, nor to any other person to be used as a beverage, nor to any person to be drunk on the premises, nor be mixed and drunk with any beverage drawn from a soda-fountain or other apparatus or device for dispensing aerated or other beverages; but such druggist shall be allowed to sell such liquors for medicinal, chemical, scientific, mechanical and sacramental purposes only, without the payment of any tax specified in section one, and subject to the following restrictions and conditions: Every such dealer in drugs and medicines shall procure and keep a suitable blank book in which shall be recorded by said druggist, his clerk or employe the names of all persons applying for such liquor for any of these lawful purposes, the date of each sale, the amount and kind of liquor sold to each person, and the purpose to which the same was to be applied, as stated by the purchaser, which book shall be kept in the store of said druggist, and shall be open to all persons for examination during all business hours; and the failure to keep a record of every such sale, in manner and form as aforesaid, or the delivery of liquor for any purpose other than above named, shall subject such druggist to the penalties provided for in this section: Provided, That such druggist shall, on or before the first day of May in each year, or before commencing business, execute and file with the county treasurer of the county in which he is carrying on such business, a bond, the sufficiency of which shall be determined by the township board of the township, or the board of trustees, or the common council of the village or city in which such business is proposed to be carried on, to the people of the state of Michigan, in the sum of two thousand dollars, with two or more sufficient sureties, who shall be freeholders and residents of the county in which such business is proposed to be carried on, each of whom shall justify in a sum equal to the amount of the bond, over and above all indebtedness and all exemptions from sale on execution, and all liability on other similar bonds.

SECTION 4. Every person engaged in, or intending to engage in, any business named in section one of this act, and requiring the payment of any tax mentioned in section one, shall, on or before the first day of May in each year, make and file with the county treasurer in the county where it is proposed to carry on such business, a statement in writing and on oath, showing the name and residence of such person, the ward, village or township in which it is proposed to carry on such sole or manufacture, and the nature of the business which such person is engaged in, or is intending to engage in; and shall, on or before the first day of May in each year, pay to the said county treasurer, in advance, the taxes required by said section one for such business for the year commencing on said first day of 31st and ending on the thirtieth day of April next thereafter.

SECTION 5. Every person engaging in any business specified in section one of this act after the first day of May in each year shall, before commencing such business, make and file the like statement on oath, as provided for in section three of this act, and pay in advance to said county treasurer a pro rata portion of the yearly tax on such business, as provided in section one, for the remainder of the year ending on the thirtieth day of April next ensuing; and in computing the time of such fractional part of a year for which a tax is required the same shall commence on the first day of that month in which said business shall commence. But no tax shall be less than one-half the yearly tax.

SECTION 6. On receiving the tax provided for in this act the county treasurer shall give a receipt for the money so paid to the person or persons of whom the same shall be received, in which receipt the name of the person or persons paying the tax shall be stated, and shall specify therein the amount of the tax and the time for which it was paid, the city, village or township in which the business is to be conducted, and the kind of business for or on account of which the tax was paid; and he shall also deliver to such person or persons a notice, printed on full size printer's card-board, and in as large letters as practicable, which notice shall contain a statement of what tax has been paid by the holder of said notice and the penalties of selling liquors in violation of the provisions of this act, and that complaint may be made to any justice of the peace or police justice. Before commencing or doing any business for the time for which such tax is paid, and the receipt is given, the said notice and receipt shall be posted up and at all times displayed in a conspicuous place in the room or place where the sale of the liquors or beverages named in this act, and for which the tax was paid, is carried on, so that such receipt and notice shall be displayed in a conspicuous manner to all persons visiting or frequenting such room or place. And it shall be the duty of the Auditor General to prepare printed blank receipts and notices conforming to the provisions of this act, and to furnish the same in proper quantities to the several county treasurers of the state, and no county treasurer shall issue any such receipt or notice until the tax specified herein shall be paid in full in money.

SECTION 7. If any person or persons shall engage or be engaged in any business requiring the payment of a tax under section one of this act without having paid in full the tax required by this act, and without having the receipt and notice for such tax posted up as required by this act, or without having made, executed and delivered the bond required by this act, or shall in any manner violate any of the provisions of this act, such person or persons shall be deemed guilty of a misdemeanor, and upon conviction thereof, be deemed guilty of a misdemeanor, and be punished by a fine of not less than ten dollars and not more than two hundred dollars, and costs of prosecution, or by imprisonment in the county jail not less than ten days nor more than ninety days, or both such fine and imprisonment, in the discretion of the court; for a second violation of any of the provisions of this act, such druggist shall, in addition to the penalty hereinbefore provided for, be debarred from selling in this state any of the liquors hereinbefore mentioned, for a period of five years from and after the date of such conviction, and it shall be set forth and declared in the record of judgment upon such second conviction: Provided, That every drug clerk shall be responsible for violating the provisions of this act, for his personal act or violation, and be subject to the same penalties as proprietors or employers.

SECTION 8. Every person engaged in the sale of any spirituous, malt, brewed, fermented or vinous liquor, except druggists, shall, before commencing such business, and on or before the first day of May in each year thereafter, make, execute, and deliver to the county treasurer of the county in which he is carrying on such business, a bond, the sufficiency of which shall be determined by the township board of the township, or the board of trustees, or the common council of the village or city in which such business is proposed to be carried on, to the people of the state of Michigan, in the sum of not less than three thousand nor more than six thousand dollars, with two or more sufficient sureties, who shall be male residents and freeholders of the township, village or city in which such business is proposed to be carried on, neither of whom shall hold any elective or appointive office in any county, city, village or township of this State, except notaries public, nor be a surety upon more than two bonds required by the provisions of this act, and each of whom shall justify in real estate situated in the county in which such business is proposed to be carried on, in a sum equal to the amount of the bond, over and above all indebtedness, and all exemptions from sale on execution, which bond shall be substantially in the following form:

Know all men by these presents, that we, _____ as principal, and _____ and _____ as sureties, are held and firmly bound unto the people of the State of Michigan in the sum of _____ dollars, to the payment whereof, well and truly to be made, we bind ourselves, our heirs, executors, and administrators, firmly by these presents. Sealed with our seals and dated this _____ day of _____ A. D. 18 ____.

WHEREAS, the above named principal proposes to carry on the business of _____ (and describing the place of business) _____ at _____ in the county of _____;

AND WHEREAS, the said principal has covenanted and agreed, and doth hereby covenant and agree as follows, to-wit: That he will not directly or indirectly, by himself, his clerk, agent or servant, at any time, sell, furnish, give, or deliver any spirituous, malt, brewed, fermented, or vinous liquor, any mixed liquor, or any mixture or compound, a part of which is spirituous, malt, brewed, fermented or vinous liquor, to a minor nor to any adult person whatever, who is at the time intoxicated, nor to any person in the habit of getting intoxicated, nor to any Indian, or any person of Indian descent, nor to any person when forbidden in writing so to do by the husband, wife, parent, child, guardian or employer of such person, or by the supervisor of the township, mayor of the city or director of the poor, or president or trustee of any village, or superintendent of the poor of the county in which such person shall reside or temporarily remain, and that he will pay all damages, actual and exemplary, that may be adjudged to any person or persons for injuries inflicted upon him or them, in person or property, or means of support, or otherwise, by reason of his selling, furnishing, giving, or delivering any such liquors. Now the condition of this obligation is such that if said principal shall well and truly keep and perform all and singular the foregoing covenants and agreements, and shall pay any judgment for actual or exemplary damages which may be recovered against him in any court of competent jurisdiction, and all fines and costs that may be imposed upon him for violations of this act, then this obligation shall be void and of no effect, otherwise the same shall be in full force and effect.

Alden Benedict In Monte Cristo.

This popular young actor, who essays the role of Edmund Dantes, in 'Monte Cristo,' and bids fair to out rival James O'Neil, in this popular drama, will appear at the grand opera house, in this city, Saturday evening, Oct. 1. Following is given some press comments on his acting:

Grand Rapids Eagle: A young actor who essays the roll of Edmund Dantes before an audience, many of whom have but recently witnessed James O'Neil's incomparable portrayal of the character, must expect to suffer more or less by comparison. Mr. Benedict was at this disadvantage last evening. Notwithstanding, a good presentation of this great drama was made. Mr. Benedict's impersonation shows conscientious study, and an intelligent conception of the character, tie is not in any essential respect an imitator of Fechter or O'Neil. His version has points of originality, and perhaps in some particulars, of superiority over other versions. Like O'Neil, Mr. Benedict is weak in the first act—where the role calls for a portrayal of the common-place—and is correspondingly effective in the stronger passages. He is unquestionably greater in the disguise of Abbe Busom, to which character he brings a certain dignity and concentration of energy suggestive of power held in reserve. Mr. Benedict's Dantes is easily dominant, without losing itself, in the climaxes. It is intelligent, discriminating and interesting. If there is much in it to criticise, there is also much in it to admire.

St. Paul Press: "Monte Cristo" was presented last night by Alden Benedict's Monte Cristo company in a manner almost faultless. The audience testified their appreciation of Mr. Benedict's work by calling him three times before the curtain. The supporting company was good throughout. Miss Sarah Farley is worthy of special mention. St. George effects were wonderfully realistic.

Since the Duke of Argyll refused to come up to the scratch on the Irish question, the Scotchmen have stopped blessing the Duke of Argyll.

"I cannot praise Hood's Sarsaparilla half enough," says a mother, whose son, almost blind with scrofula, was cured by this medicine.

tax required by said section one has not been paid in full, and in which the receipt mentioned in section five of this act shall not be posted up and displayed.

SECTION 8. Every person engaged in the sale of any spirituous, malt, brewed, fermented or vinous liquor, except druggists, shall, before commencing such business, and on or before the first day of May in each year thereafter, make, execute, and deliver to the county treasurer of the county in which he is carrying on such business, a bond, the sufficiency of which shall be determined by the township board of the township, or the board of trustees, or the common council of the village or city in which such business is proposed to be carried on, to the people of the state of Michigan, in the sum of not less than three thousand nor more than six thousand dollars, with two or more sufficient sureties, who shall be male residents and freeholders of the township, village or city in which such business is proposed to be carried on, neither of whom shall hold any elective or appointive office in any county, city, village or township of this State, except notaries public, nor be a surety upon more than two bonds required by the provisions of this act, and each of whom shall justify in real estate situated in the county in which such business is proposed to be carried on, in a sum equal to the amount of the bond, over and above all indebtedness, and all exemptions from sale on execution, which bond shall be substantially in the following form:

Know all men by these presents, that we, _____ as principal, and _____ and _____ as sureties, are held and firmly bound unto the people of the State of Michigan in the sum of _____ dollars, to the payment whereof, well and truly to be made, we bind ourselves, our heirs, executors, and administrators, firmly by these presents. Sealed with our seals and dated this _____ day of _____ A. D. 18 ____.

WHEREAS, the above named principal proposes to carry on the business of _____ (and describing the place of business) _____ at _____ in the county of _____;

AND WHEREAS, the said principal has covenanted and agreed, and doth hereby covenant and agree as follows, to-wit: That he will not directly or indirectly, by himself, his clerk, agent or servant, at any time, sell, furnish, give, or deliver any spirituous, malt, brewed, fermented, or vinous liquor, any mixed liquor, or any mixture or compound, a part of which is spirituous, malt, brewed, fermented or vinous liquor, to a minor nor to any adult person whatever, who is at the time intoxicated, nor to any person in the habit of getting intoxicated, nor to any Indian, or any person of Indian descent, nor to any person when forbidden in writing so to do by the husband, wife, parent, child, guardian or employer of such person, or by the supervisor of the township, mayor of the city or director of the poor, or president or trustee of any village, or superintendent of the poor of the county in which such person shall reside or temporarily remain, and that he will pay all damages, actual and exemplary, that may be adjudged to any person or persons for injuries inflicted upon him or them, in person or property, or means of support, or otherwise, by reason of his selling, furnishing, giving, or delivering any such liquors. HALL'S

READERS OF THE REGISTER will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known in the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucus surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength, by building up the constitution and assisting nature in doing its work. The Proprietors have so much faith in its curative powers that they offer one hundred dollars, for any case it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75 Cts. CATARRH CURE.

M Deibler, the executioner of Paris, speculates on the Bourse. He never speculates on where he sends his victims.

A Meni Married Womii. Mrs. Fowler, of this city, was married last January to her sixth husband, and strange as it may seem, five of them died exactly two years from their marriage day. Her present husband has been sick for the last six months with chronic jaundice, and was given up by four of our best physicians; as a last resort, he began using Sulphur Bitters, and yesterday told our reporter that he had saved his life, smilingly saying that he guessed Mrs. Fowler would be unable to take a seventh better half for some time to come.—Exchange.

When a Louisville dry goods store is robbed the proprietor pays the Courier-Journal a dollar and a half to report the item under a head like this: "Burglars of Good Taste."

WILL YOU SUFFER with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. Sold by Eberbach & Son.

They expelled McGarigle from the Masonic Lodge. He doesn't care. What he yearned for was "a lodge in some vast wilderness," and he got it.

The great sources of the extensive curative range of Dr. Jones' Red Clover Tonic are its great blood purifying qualities and its gentle aperitive action, thereby removing all restraint from the secretory organs, curing promptly and thoroughly dyspepsia, costiveness, bad breath, piles, pimples, low spirits, sick and nervous headache, ague, malaria, and all stomach, liver and kidney troubles. The most delicate stomach accepts it with relish. Price 50 cents, of Eberbach & Son.

They have prohibition in Middletown, Vt. and two men were killed within three weeks of each other in drunken quarrels there.

Are you sad despondent, gloomy? Are you sore, distressed? Listen to the welcome bidding—"Be at rest." Have you aches and pains unnumbered, Poisoning life's Golden Cup? Think not there's no balm in Gilead, and Give it up. A Golden Remedy awaits you—Golden not alone in name—Reach, oh, suffering one, and grasp it. Health reclaim. There is but one "Golden" Remedy—Dr. Pierce's Golden Medical Discovery. It stands alone as the great "blood-purifier," "strength renewer" and "health-restorer" of the age! The Liver, it regulates, removing all impurities. The Lungs, it strengthens, cleansing and nourishing them. The whole system it builds up, supplying that above all other things most needed—pure, rich blood.

Hope the Chicago boys will have lots of fun playing those postponed games with Boston. Fun is all they will get out of them.

CATARRH CURED. Health and sweet breath secured, by Shiloh's Catarrh remedy. Price 50 cents. Nasal injector free. Sold by Eberbach & Son.

Some boats and railway coaches have their berths on hinges so they will adjust themselves under the changing conditions of the land and water. This seems to be getting Yankee invention down to bed rock.

Save the Children. They are especially liable to sudden Colds, Coughs, Croup, Whooping Cough, etc. We guarantee Acker's English Remedy a positive cure. It saves hoars of anxious watching. Sold by JOHN MOORE, Druggist.

John (just from the club and about to retire for the night)—"I say, Tom, there's a brick in ray hat sure this time. It's so heavy it breaks off the nail-heads." He had been trying to hang up his hat on a fly.

In Brief, And To The Point. Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order. Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics. But Green's August flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy. Remember—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

Milking Time on the Farm.—Country Husband—"Alice, where's the cow?" City Bride—"I locked her up in the ice-house, dear, so as she'd make some ice-cream. It's so hot!"

For lame back, side or chest, use Shiloh's Porous Plaster. Price 25 cents. Sold by Eberbach & Son.

This country is over a hundred years old, and its constitution is as good as ever.

CROUP, WHOOPING COUGH and Bronchitis immediately relieved by Shiloh's Cure. Sold by Eberbach & Son.

Chicago and cheek seem to be synonyms.

Milan's race track is nearly completed. Work on the council building in Manchester is progressing slowly.

The school board of trustees of Saline held a meeting Friday night, and re-elected the old officers: Moderator, H. W. Bassett; director, G. B. Mason; treasurer, J. Sturm.

Judging from the following from the Manchester Enterprise, game around that place is suffering today. A grand hunt will take place on Thursday, the 29th.

A cry of fire started the Milan inhabitants last Monday morning. The fire caught from a gasoline stove at the residence of L. Wilcox.

Milan Leader: At the meeting of the Presbyterian church society last Saturday afternoon it was not thought advisable to extend a call for a pastor until a larger amount of pledges for salary were secured.

THURSDAY, SEPTEMBER 29, 1887.

TENNESSEE votes on the question of prohibition today. Prohibitionists and anti-prohibitionists are equally confident.

THE new liquor law is of so much importance and interest to the entire community that we have decided to give it entire to the readers of THE REGISTER, although it will occupy about seven columns. The first installment is presented this week.

Miss LUCY M. SALMON has not been appointed to the presidency of Vassar college, as THE REGISTER announced editorially last week, and as it would be glad to have to have the privilege of reiterating this week. We were led into the error by a similar mistake on the part of one of our exchanges. The article was written just before going to press, and the mistake was not discovered until the next day.

No LONG-WINDED, circus-advertisement-style of appeal to the intelligent people of this county is needed to bring them out to the fair in this city next week. This is the people's fair, and every friend of the county, and every one who wants to see old Washtenaw at the head of all the counties in the state, will be out in "full uniform" prepared to do his or her part in the grand celebration. Every citizen knows it is his duty to attend his county fair. No one cares to be accused of a lack of patriotism in this respect. There will be a big fair, and a big crowd, and a big time generally—if it doesn't rain.

THE New York labor state convention held last week, adopted this as a plank of their platform:

"We, as a body of men representing the workmen of the state of New York, condemn the efforts made during the last congress to reduce the tariff on articles made and manufactured in this country; we demand, in the interests of our manufacturers and our artisans, that a protective tariff be maintained by congress for the further advancement of our interests."

This seems to be the accepted creed of a great majority of the workmen of this country, especially the more intelligent class. It is also quite noticeable how quiet the democratic press is in regard to the tariff lately. They touch the subject, when they do allude to it, in a very gingerly manner.

Gov. LUCE was interviewed by an Evening Journal reporter while at the state fair last week, and when asked if he had made up his mind whether or not he would be a candidate for reelection, he replied: "I have not. There is an item now going the rounds, which says that I have announced that I should not be a candidate again. That item has absolutely no foundation. Neither here nor here," continued the governor, tapping first his heart and then his head, "have I settled the matter. Sufficient unto the day is the evil thereof is my motto. I believe that the candidates of '88 should be left till '88. No: You may say positively that I have not made up my mind on the subject."

THE morning papers announced a few days ago that a great salt pool had been formed, with headquarters at Pittsburgh, by which all the salt manufactured in the United States was to be controlled. The following dispatch to a Detroit paper, from Saginaw, says: "It is all wrong, so far as it may be considered to include the Michigan manufacturers represented in the Michigan association—the organization which makes and handles about all the Michigan product. This association is not in that proposed Pittsburgh pool, and its officers say it will not go into it under any circumstances. Michigan had no representatives at the Pittsburgh meeting that is reported to have been held, and W. R. Burt, of this city, who is president of the Michigan salt association, was present at the Syracuse meeting in July, held for a similar purpose, then said the Michigan men would not join them, and gave good and valid reasons therefor."

The regular monthly meeting of the Washtenaw Pomological Society will be held next Saturday, at 2 p. m., in the basement of the court house. Important business will be transacted. The committees on fruit preserving factories and on the transportation of fruit will report. The treatment of fruit growers by commission men; the preparation (or the county fair); the apple crop and other important questions will be discussed. Exhibit of the fruit of the season, of jellies, of dried fruit and fruit preserves in general. All interested in growing and consuming of fruit are respectfully invited.

E. BAUR, Cor. Sec'y.

Saturday morning Wm. W. Douglas & Co. will offer their entire stock of Boys' and Children's Clothing at exact cost. This sale will continue one week only.

ALDERMANIC SKIRMISH

AT THE COVCKIHI MOSTDAY EVENING.

Wordy Battle Between the Temperance and Whisky Aldermen—Patrolman Oldley Removed—John Moore Elected City Treasurer.

The board of aldermen held a special session Monday evening, to elect a new city treasurer. After this had been done the election of patrolman Gidley came up for discussion, and for about an hour the air was oppressive with insinuations, and the way the aldermen pounded each other with oratorical clubs was better than a circus.

The proceedings were opened by the Mayor stating to the board the way [they had settled with Mr. Sorg, the late city treasurer, which was related in THE REGISTER last week.

On motion of Aid. Wines the council proceeded to take an informal ballot for a city treasurer. The result was as follows: Whole number of votes cast, ten, of which John Moore received seven, H. Pulcifer one, N. Sutherland one, and L. Gruner one. A formal ballot was then taken, which resulted in the election of Mr. Moore, the vote being as follows: John Moore six, Milo Pulcifer two, L. D. Wines one, L. Mooryn one. Mr. Moore was declared elected.

THE MIT COMMENCED.

Aid. Ware asked to have the election of patrolman Gidley reconsidered, as he was not qualified to act in that capacity, as, in accordance with the rules and regulations of the police department, adopted by a former council, he was too old to serve on the force. Aid. Ware intimated that he was elected by a "snap game" at a meeting when most of Mr. Gidley's opponents were absent, and that he had not been recommended by him, as chairman of the police committee, nor by the marshal. The Alderman thought that the action of certain members in hastening his election on that evening looked to him very much like trickery.

Aid. Allmendinger said that in his opinion the trickery was all on the other side. Last year when the patrolmen were elected the committee met and each member proposed a name. The recommendations were reported to the council and the men elected. This year the police committee had entirely ignored one member—Aid. Wines—and had run things to suit themselves, and he thought it was time the council took some action in the matter.

Aid. Wines obtained the floor and said that it was true that he had been ignored by the other members of the police committee and he was getting very weary of it, and hereafter he should bring in a minority report when the occasion demanded it.

Aid. Swift was the next orator. He said that if there was any member on the board who had just cause for complaint it was himself. "Why," said he, "last year I was even clubbed by one of the patrolmen, when he thought I was off my balance, and I never said a word about it."

This was the straw that broke the camel's back, and

THE PLOT THICKENED.

by the Mayor stating that he was ignored by the marshal, and didn't know what was being done by the police; that the police committee had taken it upon themselves to run things without any advice from him; and as he was the proper person for the marshal to consult, he thought if there was any one being imposed upon, it was himself.

Aid. Wines stated that saloons were being kept open after hours, and the only reason certain members of the board wanted Mr. Gidley removed was because he found a saloon open and reported it.

The Mayor retorted by saying that if saloon-keepers were violating the law, the marshal was not doing his duty.

This was too much for

MARSHAL SIPLEY,

who rose and asked to say a word. Permission was granted, and he said that he had made complaints against certain saloon men, and had been ordered not to prosecute them.

"If any one has prevented you from doing your duty," said the Mayor, "state who it was."

"You did," shouted the marshal to the Mayor.

"I didn't," retorted the Mayor. Marshal: "You did; you ordered me to tear up the warrant I had for the arrest of Chris. Millman last spring."

Mayor: "I didn't order you to do anything of the kind. I simply told you to bold it, as Millman had promised me he would, in the future, live up to the requirements of the law, and for you to wait, and if he didn't keep his word good, then to arrest him."

By this time the aldermanic temper had been

WORKED TO A WHITE HEAT,

and everybody tried to talk at the same time.

"Aid. Ware has the floor," yelled the Mayor, at the same time pounding his gavel on the desk.

Aid. Ware: "We have already dropped one patrolman and are getting along all right, and I believe we can drop one more. I therefore move that patrolman Gidley be dropped." Supported by Aid. Swift.

A motion to lay it on the table was lost. Aid. Allmendinger: "I offer as a substitute that Mr. Gidley be removed from his place, because he has attempted to perform his duty, and in so doing, in the enforcement of certain ordinances has made himself obnoxious to a portion of this body." Supported by Aid. Wines. Lost.

Aid. Neithammer had so far kept his seat, but evidently had been doing a good deal of thinking, for he obtained a recognition from the Mayor, and at once began to defend the action of the police committee, of which he is a member, and to abuse the Mayor, indulging in obscene language.

An amendment was then made that both Clark and Gidley be removed, which was lost.

The original motion was then put, that patrolman Gidley be dropped, the yeas and nays standing as follows:

Yeas: Aid. Herz, Martin, Neithammer, Kearns, Swift, Ware and the Recorder—7. Nays: Aid. Allmendinger, Sutherland, Wines and the Mayor.—4.

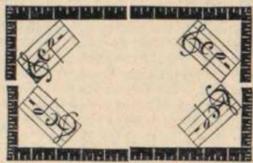

A Successful Enterprise.

The long desired and much needed Fruit Evaporator, Jelly and Canning Factory has at last become a fixed fact. The energetic and enterprising firm of Allmendinger & Schneider have had the works in running order for only a month, and are doing a lively business both for themselves and their patron?

The evaporating capacity of the Charlotte Evaporator per day is 140 bushels of apples, or 75 bushels of peaches; the boiler of 50 horse power is of sufficient capacity to run a second evaporator if the business requires it. The engine has a capacity of grinding and pressing 1000 bushels of apples per day. The hydraulic press of 50 tons pressure will extract the juice of 40 bushels of apples in ten minutes, and another press of the same capacity can be run by the same engine if required. The jelly department is now doing a large business, and can manufacture 120 gallons of apple jelly per day, and is also producing an excellent article of grape and pear jelly. An apple butter machine is used, which will work up 50 bushels of apples a day. A large generator for manufacturing cider into vinegar in one week will be operated, the product to be a perfectly pure article. The canning department will be in operation next season, and large quantities of tomatoes, corn, peas, squash, etc., will find a ready sale at the factory. This is an enterprise that all of our citizens will appreciate as it will be of great benefit to a large number of producers and our business men generally.

The works so far have cost \$5000, the agreement with the Pomological Society has been carried out, and the committee now earnestly desires that those who have so generously subscribed to the bonus fund will be ready to pay their subscriptions when our authorized agent, Martin Clark, shall soon call upon them.

PROMISES TO BE A SUCCESS.

The Officers of the County Fair Say SIL—The Programme for Tin-Week.

With anything like fair weather next week, the annual fall meeting of the Washtenaw County Agricultural Society will be more successful than any previous meeting. At least, everything points in that direction at the present time. The officers assure us that never before has there been so much interest manifested by exhibitors, so long before the fair, as there is at this time. Entries are being made in large numbers, yet there is a tendency to keep back till the last day in the afternoon. Entries close at 5 o'clock in the afternoon of the first day, but to avoid the usual rush of work it is earnestly desired that all those who can will make their entries this week.

It is expected that a large amount of stock will be brought in the last of the week, which has been on exhibition at the Ypsilanti and Chelsea fairs. The programme has been issued and is as follows:

FIRST DAY—TUESDAY, OCT. 4.
Nominations of animals and articles for premiums and arranging the same in their respective departments. Nominations in all the departments close at 5 o'clock p. m.

Departmental Superintendents will report themselves to the Secretary at his office on the grounds, at 10 o'clock a. m.

SECOND DAY—WEDNESDAY, OCT. 5.
Department Superintendents and Judges will report themselves at the Secretary's office at 10 o'clock a. m. and receive the registry books.

Examinations for premiums in all the departments will commence at 10 o'clock a. m. sharp, and continue, under the direction of the Department Superintendents, in the order of the preliminary list, until finished.

Sale of stock from 11 o'clock a. m. to 12 o'clock p. m.
Special Exhibitions—1 o'clock p. m.
Speed Trials—2 o'clock p. m.

THIRD DAY—THURSDAY, OCT. 6.
Grand Cavalcade of all horses and cattle nominated for premiums at 10 o'clock a. m. sharp.
Special Exhibitions—11 o'clock a. m. to 1 o'clock p. m.
Speed Trials—three spirited contests. Commence at 2 o'clock p. m. sharp.
Bicycle Race—10 o'clock.

FOURTH DAY—FRIDAY, OCT. 7.
Sale of Stock at 10 o'clock a. m. to 12 m. Payment of premiums commences at 12 m. Cavalcade of all premium horses and cattle at 1 o'clock p. m. sharp.
Special Exhibitions 1 o'clock p. m.
Speed Trials 2 o'clock p. m.

The special speed premiums, amounting to \$1,030, which the Society offers, will no doubt bring together a large number of "flyers." Following is the programme:

TUESDAY.
Race No. 1. County Race. Double team four years old. Purse, \$300. 1st, \$150; 2d, \$50; 3d, \$70.

WEDNESDAY.
Race No. 2. County Race. Double team five years old or over. Purse, \$500. 1st, \$250; 2d, \$150; 3d, \$100.
Race No. 3. 240 class. Purse, \$150. 1st, \$75; 2d, \$100; 3d, \$25; 4th, \$15.

THURSDAY.
Race No. 5. Named Race. Purse, \$100. 1st, \$50; 2d, \$25; 3d, \$15; 4th, \$10. Eligible only to horses to be hereafter named.
Race No. 6. 230 class. Purse, \$200. 1st, \$100; 2d, \$50; 3d, \$30; 4th, \$20.

FRIDAY.
Race No. 8. County Race. Three-year-old. Purse, \$200. 1st, \$100; 2d, \$60; 3d, \$100.
Race No. 9. 300 class. Purse, \$150. 1st, \$70; 2d, \$40; 3d, \$25; 4th, \$15.

FRIDAY.
Race No. 10. Free for all. Purse, \$200. 1st, \$100; 2d, \$50; 3d, \$30; 4th, \$20.

The Chelsea Fair.

The annual fair at Chelsea this week has been a decided success from every point of view. The weather has been fine, and in consequence thereof, the attendance has been good. The entries in all of the departments are very large, though in some of the departments not quite so large as last year. The show of stock is the best ever seen on these grounds, there being more horses on the grounds than can be conveniently accommodated. The exhibit of cattle is above the average. In the poultry department, Nissly, of Saline, and Rieder, of Dexter, have each made a large exhibit, and eclipse anything of the kind ever before seen on these grounds.

The display of vegetables is small, but what there is, is very good. The display of fruit is not very good. The display of fine art goods is very large and contains some very fine work.

The game of ball Wednesday between Manchester and Gregory clubs resulted in favor of the former club. Dr. Riley, of Detroit, will deliver the address today, and a large attendance is expected.

The Eastern Michigan Fair.

The sixteenth annual exhibit of this society is being held in Ypsilanti this week, and is a decided success. The weather has been excellent, and a large attendance is the result. The list of entries far exceeds all previous meetings. The accommodations, which at former meetings have been ample, are this year inadequate. In mechanics' hall a fine display is made. Floral hall presents a very attractive appearance. Some very handsome displays have been made by the merchants and especially by the proprietors of the Bazaar-ette, who have made a very unique exhibit, surpassing all previous efforts. The fruit exhibit is very large. The stock exhibit surpasses all former records.

Ypsilanti.

Dave Dodge, Jr., has returned from his southern trip.
Mr. Fred Rathbon and family have moved into the city.
Mrs. Will Post, of Detroit, is visiting at her father's, Mr. Fred Rathbon.

The exhibits in all departments at the fair this year are better than usual.
Geo. Alexander, late with Goodspeed & Sons, is now book-keeper at Harris Bros. grocery store.
Mrs. William Ball, of Hamburg, has been visiting her daughter, Mrs. L. Saunders, the past week.

Mrs. C. D. Towne, of Elk Rapids, and Mrs. Will Snyder, of Petoskey, are visiting at Geo. McElcheran's.
Rev. Mr. Scofield and wife, from Dallas, Texas, were the guests of the latter's mother, Mrs. Cooper, last week.
Don Phillips, recently of this city, now

an oculist of Rochester, spent Sunday with his parents, on Prospect-st.

Four electric towers are up, and afford splendid advantages for the youthful climbers of our city to break their necks.
The Grand Rapids cricket club played our club last Saturday, and got beaten. The score stood 101 to 107 in favor of the Ypsi's.

And still another bustle manufactory added to our list. This one is from Columbus, Ohio. Who says we are not fond of bustle here? We're wide awake, we are.

The Ladies' Foreign Missionary synodical meeting will be held at the Presbyterian church next week Tuesday and Wednesday. About two hundred ladies from abroad are expected.

The threatening state of the weather nearly frightened the fair people out of their usual peace of mind. However, visitors are making up for loss of time by crowding to the grounds today.

Rev. Mr. McLean and wife celebrated the tenth anniversary of their marriage and the fifth anniversary of his connection with St. Luke's church, last Friday evening. It was a very enjoyable affair.

The Ypsilanti dress stay factory has begun the manufacture of their goods in Windsor. Mr. Steve Bowling and Misses Densmore and Adams will have the superintendency of the new factory.

High School Notes.

Miss Cramer will give a social for the benefit of the junior class to-morrow evening.

Students are requested to register at the drug store on State-st., as well as at Brown's drug store down town.

The base-ball game between the two classes will probably be played one week from Saturday, on the campus.

A senior class meeting was held Tuesday, to appoint committees on class colors and a class emblem of some kind.

There will be a senior class social given at the home of Miss Lizzie Bailey on S. Division-st, to-morrow evening. All seniors are cordially invited.

At the meeting of the Delta Epsilon literary society, last Friday, the debate, Resolved, That a property qualification for voting is preferable to an educational qualification, was decided in favor of the negative. These debates are very interesting, and all are invited to attend them.

The foot-ball game played last Saturday on the campus between the seniors and juniors, resulted in two straight goals for the seniors. The first goal was a long and tiresome one. '88 hardly knew what was going on until the juniors had nearly won a goal on them, but when they did wake up it only took a short time to send the ball across the boundary line, and a loud cry for '88 was heard. The second goal only occupied a short time; long enough for the seniors to give the ball two or three good kicks, and it was out. The game was won for '88. A ring composed of both classes was then formed, and some skillful wrestling was witnessed, in which Mr. McIntyre, '88, was victorious. Chas. P. Stone very easily won the run, hop step and jump for '88, contesting with Mr. Butts, '89. The only thing the junior class got was the hundred yards dash; won by Mr. Butts, against Mr. Baxter.

Louts Zells is building a two-story house for J. Bruegal, at the corner of Fifth and Packard-sts.

Herman Hardinghaus, proprietor of the Northern brewery, is erecting a two-story ice and store house.
A Mr. White has commenced the erection of a new house on Fifth st, which will cost about \$1,200.

The Ten Brook property on Washtenaw avenue, now owned by the Connecticut Life Insurance Co., is being repaired.
The M. C. R. Co., have completed building their lot on the south side of their depot, which adds to the beauty of its appearance.

In our list of new buildings four weeks ago, we omitted to mention the two-story building of Mr. S. D. Allen, on Ingalls-st, corner of Washington. It will cost \$2,000 and be finished this fall.

DYSPEPSIA

Causes its victims to be miserable, hopeless, confused, and depressed in mind, very irritable, languid, and drowsy. It is a disease which does not get well of itself. It requires careful, persistent attention, and a remedy to throw off the causes and tone up the digestive organs till they perform their duties willingly. Hood's Sarsaparilla has proven just the required remedy in hundreds of cases.

"I have taken Hood's Sarsaparilla for dyspepsia, from which I have suffered two years. I tried many other medicines, but none proved so satisfactory as Hood's Sarsaparilla." THOMAS COOK, Brush Electric Light Co., New York City.

Sick Headache

"For the past two years I have been afflicted with severe headaches and dyspepsia. I was induced to try Hood's Sarsaparilla, and have found great relief. I cheerfully recommend it to all." MRS. E. F. ANNABLE, New Haven, Conn.

Mrs. Mary C. Smith, Cambridgeport, Mass., was a sufferer from dyspepsia and sick headache. She took Hood's Sarsaparilla and found it the best remedy she ever used.

A MARVEL OF PURITY.

Royal Baking Powder a Perfect Leavening agent, absolutely free from lime and alum.

The Royal Baking Powder is considered by all chemists and food analysts to be a marvel of purity, strength, and wholesomeness. It is a perfect leavening agent, making bread, cake, rolls, muffins, and other pastry light, delicious, and wholesome. It has superseded the use of cream of tartar and soda, and of soda and sour milk, in the work of the best cooks, whenever once given a trial. Hot food raised with it will not cause indigestion, but may be eaten with impunity by those with the most sensitive digestive organs.

Furthermore, the Royal Baking Powder is now the only baking powder before the public free from lime and absolutely pure. This is due to the improved method by the use of which it has been made possible to produce a perfectly pure cream of tartar, from which all the lime has been eliminated. This chemically pure cream of tartar is exclusively employed in the manufacture of the Royal Baking Powder, so that its absolute freedom from lime and all other extraneous substances is guaranteed.

Professor McMurtrie, late chemist in chief to the U. S. Department of Agriculture, Washington, D. C., says:

"I have examined the cream of tartar manufactured for and used by the Royal Baking Powder Company in the manufacture of their baking powder, and find it to be perfectly pure, and free from lime in any form.

"All chemical tests to which I have submitted it have proved the Royal Baking Powder perfectly healthful, of uniform, excellent quality, and free from any deleterious substance.

WM. McMURTRIE, PH.D."

Chemist in Chief U. S. Dep't of Agriculture.

A MIUHTY HOST.

BT. LOUIS, Sept. 27.—The mobilization of the Grand Army of the Republic has been successful beyond expectation, and last night it was estimated that 50,000 veterans and the specialists that morning trains to the parade will add 12,000 to this number.

The line of march is six miles long, and extends through the mesal business and residence streets. The veterans will march twelve abreast and ten feet apart, and there is a color guard for each platoon.

The War Governors are represented by the following gentlemen: Governor Sprague, of Rhode Island; Governor Oglesby, of Illinois; Governor Blair, of Michigan; Governor Crawford and Carney, of Kansas; Governor Saunders, of Nebraska; Governor Parker, of New Jersey; Governor Smith, of Vermont; Governor Lewis, of Wisconsin; Governor Pierpont, of West Virginia; Governor Stanford and Low, of California. The venerable Hannibal Hamlin, the only living Vice-President, is a conspicuous figure at the headquarters.

Hew York's Collector of Customs Called Upon to Decide Whether Imported Prefachers Are Imported Contract Laborers.

NEW YORK, Sept. 27.—The Church of the Holy Trinity in this city, having engaged an English clergyman, Rev. E. CAVE SLOOO,000 FOR A UNIVERSITY.

TORONTO, Ont., Sept. 27.—Senator McMaster, who was buried here Saturday, has left an estate valued at \$1,200,000. His nephew, James S. McMaster, of London, England, is bequeathed \$340,000, and after providing for annuities of \$7,900, the balance of his estate, over \$800,000, is to be used toward the endowment of McMaster University, Toronto. During his lifetime he expended over \$200,000 in erecting McMaster Hall, to be used as a Baptist college and therefore the total sum represented by his beneficence toward this institution will be over \$1,000,000.

Greatly Exaggerated.

GALVESTON, Tex., Sept. 27.—The following telegram was received Saturday afternoon: "BROWNSVILLE, Tex., Sept. 24.—Please contradict telegram sent from here relating to devastation by storm in this city. The state of things was greatly exaggerated and misrepresented. But very little damage was done. We are fully able to care for sufferers, if any there are."

PITTSBURGH, Pa., Sept. 24.—Thomas McKenna, a laborer, aged sixty-seven, murdered his wife in this city yesterday while she was sleeping. He said he killed her because she had been unfaithful, and that he had long contemplated the deed.

Killed His Grandchildren.

LEBANON, Pa., Sept. 25.—William Showers, arrested some weeks ago on a charge of murdering his two grandchildren here, confessed Friday to the crime and implicated his house-keeper, who he says, held a light for him while he committed the deed.

A Sad Affair.

QUEBEC, Can., Sept. 27.—Three children of a farmer named Gaudou, while playing on the Island of Orleans Saturday, where the artillery competition was held recently, found a shell and lit the fuse. The bomb exploded and killed them all instantly.

BAD FOR THE CROPS.

A White Frost Causes Havoc in Various Portions of the Country.

DAYTON, O., Sept. 27.—A hard frost Saturday morning killed the late leaf tobacco stand, which will amount to about 2,000 boxes of seed leaf to the growers of the valley, and it utterly ruined the late vegetable prospect.

KNOXVILLE, Tenn., Sept. 26.—A light but not very damaging frost was observed throughout East Tennessee Saturday morning.

AURORA, Ill., Sept. 26.—The first heavy frost of the season struck this section Friday night, the mercury dropping below 32 degrees.

MORRIS, Ill., Sept. 26.—Friday night the frost was quite severe. There have been before three light frosts, but this was the first that did any damage.

BELOIT, Wis., Sept. 15.—The mercury reached the freezing point Friday night, and everything was covered with a thick frost. The crops are out of the way of injury.

PAXTON, Ill., Sept. 26.—The thermometer marked 50 degrees above zero Friday night, and went down to the freezing point before morning.

CLINTON, Ill., Sept. 27.—A heavy frost fell here Friday night, the first of the season. Some little of the late corn was damaged to a slight extent, but will result in nothing serious.

HILLSBORO, Ill., Sept. 27.—There was a heavy frost in this section Friday night. Water in exposed places froze. Corn in the bottoms was damaged some.

FARMINGTON, Me., Sept. 27.—Snow fell north of here Sunday morning, covering the tops of the Old Blue and other mountains.

LTNCHBURG, Va., Sept. 27.—There was a frost throughout the country about here Sunday night, and there are fears of great loss in the tobacco crop, estimated at one-third of the crop yet in the field.

EVANSVILLE, Ind., Sept. 27.—The growing tobacco has been seriously injured by frosts in the region of country in Southern Illinois and Indiana and Kentucky, of which this is the center. The crop in the bottom lands is badly injured. It is too soon to estimate the loss.

THE PACIFIC RAILWAY.

Several Noted Railway Men and Others Examined by the Commission.

NEW YORK, Sept. 23.—C. P. Huntington was again before the commission yesterday. He swore that he knew nothing about the books of the Contract and Finance Company, and accused the Government of breaking faith with the Central Pacific by subsidizing rival lines.

NEW YORK, Sept. 25.—In the Pacific investigation Friday General G. M. Dodge told the commission that the Union Pacific cost three times as much as it would have done had not the Government insisted upon rushing the work.

General John C. Fremont said he had, with General Ewing and others, paid \$203,000 for the Leavenworth, Pawnee & Western railroad in 1863. In 1864 he sold out. He never knew of any improper use of money.

General Thomas Ewing, who had been charged with alleged crookedness connected with the obtaining of needed legislation by the road, proved to the satisfaction of the commission that he had nothing to do with it in any way.

DIED TO SAVE ANOTHER.

An Illinois Farmer Asphyxiated in a Well While Trying to Rescue an Employee.

JOLIET, Ill., Sept. 27.—Abraham C. Hartley, aged about 34 years, lost his life Sunday at his farm here while saving the life of another. A well was being sunk on his place. Charles Kaehlert, who was doing the digging, descended the well, but almost immediately he began groaning and calling for help. Mr. Hartley at once lowered himself and found Kaehlert insensible. Hartley tied a rope around the man, and he was drawn to the surface by some of the neighbors present. The rope was then lowered to Hartley, and when called to he made no reply. No one dared venture into the well, but after considerable labor a noose at the end of the rope was secured around the body and he was drawn to the surface. He leaves a wife and three children. Kaehlert was revived and will live.

DRINKING IN THE ARMY.

An Epidemic of Liquor-Guzzling Prevalent—Sensational Story of a New York Paper.

NEW YORK, Sept. 27.—A Washington story to the World says: An epidemic of drunkenness seems to have prevailed in the army and navy during the summer, affecting even the military academy at West Point and the civil bureaus of both departments, many of the offenses of the officers in this respect having been condoned to the great detriment of discipline. A prominent army officer is represented as saying in regard to the extent of this evil: "If every man who is found drunk, even when on duty, is dismissed the service, our little army will soon dwindle to a corporal's guard. It makes a deal of difference, however, whether the officer has influence in the department."

Thirty-Three Members Expelled.

TOLEDO, O., Sept. 23.—Excitement is at white heat in the little village of Hicksville, near this city, over the expulsion of thirty-three members from the United Brethren Church because of their affiliation with the G. A. K. and other secret societies, in opposition to the laws of the church. When the matter came up for final action there was a heated debate, but the thirty-three members were expelled by a majority vote of the members present.

A Woman Assassinated.

WHEELING, W. Va., Sept. 27.—Mrs. Louise Eldridge, wife of John Eldridge, a prominent resident of Rome-verte, Greenbrier County, stepped to the door of her residence about midnight Sunday, having been attracted by a noise in the street. No sooner had she done so than the crack of a rifle was heard, and the woman fell to the floor with a scream and at once expired. An examination showed that she had been shot through the heart, the ball passing entirely through the body. There is no clue to the assassin.

Race Troubles in Ohio.

COLUMBUS, O., Sept. 23.—The last Ohio Legislature repealed the statute authorizing the establishment of separate schools for colored pupils. The attempts of the colored children to secure admission to the white schools have created great commotion in various parts of the State, and in some places the schools have been closed.

A Long Strike Looked For.

PITTSBURGH, Pa., Sept. 23.—The strike in the Lehigh coal region, which embraces 22,000 men, threatens to be a prolonged one, although it is said that there are signs of weakening on the part of some of the operators.

Ex-Prisoners of War Ask that the Government Recognize Their Sufferings in Rebel Dungeons.

CHICAGO, Sept. 25.—The National Association of Ex-Prisoners of War concluded its meeting yesterday. A report from the Committee on Pensions recommending the passage of a bill giving all ex-prisoners of war two dollars for each day they were in captivity, and placing them on the pension rolls at rates proportioned to the length of their confinement, was unanimously adopted. A resolution was also passed declaring that the captured rebel flags should be held sacred by the National Government and displayed in some public place, as provided by law. General W. H. Powell was elected president for the ensuing year. The next annual meeting will be held at Indianapolis.

SWEPT BY FIRE.

The Business Portions of Sanford, Fla., and Gravenhurst, Can., Burned.

JACKSONVILLE, Fla., Sept. 24.—The business portion of the town of Sanford was nearly destroyed early Thursday morning by a fire which started in a bakery. The loss is \$300,000 and the insurance is very small.

GRAVENHURST, Ont., Sept. 24.—A fire which originated in Mowrey's foundry at the north end of the town burned every business house in this place yesterday. The loss is about \$200,000, while the insurance is small. The buildings were very inflammable and the flames, driven by a strong north wind, soon did their work of destruction. Forty-five places of business and thirty-eight dwellings were destroyed, and fully fifty families are without food and shelter. Assistance is greatly needed.

ANOTHER CENTENNIAL.

Celebration of the 100th Anniversary of the Incorporation of the Town of York, Pa.

PHILADELPHIA, Sept. 25.—Ancient York celebrated Friday the centennial anniversary of its incorporation as a borough. Yorktown, as it was called during the revolutionary period, was settled by Germans more than 150 years ago. It was incorporated in 1787 and this year made into a city. The celebration was of more than local importance, because York was the seat of the Continental Congress in 1777 and 1778. The city is gayly decorated and is crowded with strangers. The feature of the day was a military parade in which 7,000 men were in line. The procession was reviewed by Governor Beaver, General Hartman and General Gobin.

Begged for Mercy in Vain.

PORT WASHINGTON, Wis., Sept. 21.—Ernst Pfeiffer was yesterday sentenced for life in State Prison at Waupun for the murder of Charles Tillapaugh. His wife and three children begged the court for mercy, but the judge said that in a case of murder in the first degree there was no chance for leniency. The prisoner received his sentence with much emotion.

A Petition for "Roo-Uer" McClaughry's Pardon.

LOCKPORT, Ill., Sept. 24.—At the reunion of the One Hundredth Illinois regiment held here Thursday a resolution was offered and adopted unanimously petitioning Governor Adolphus for the pardon of Captain Eichard McClaughry, one of the convicted Chicago "boodlers," and who during the war was a Captain in that regiment.

A Naval Reserve.

NEW YORK, Sept. 26.—Commodore Gerry, of the New York Yacht Club, presided at a meeting of steamship owners, yachtmen, merchants and ex-marine revenue officers Saturday to discuss the advisability of establishing a naval reserve, and the plan was approved.

Don't Like the Order.

WASHINGTON, Sept. 26.—Indians of the Sioux nation have memorialized the President, asking that the order of Indian Commissioner Atkins, prohibiting the teaching of the Dakota language in the missionary schools, be rescinded, as it is detrimental to the best interests of the Indians.

BASEBALL NOTES.

Welch is doing the best work for the New Yorks just now. Still, Keefe is holding his own.

With GalTrey, Powers, Connell and Doecher the league would have a fine staff of umpires.

President Von der Abe is in hopes this New York League will win the league pennant.

Keenan is playing a good game of ball for Cincinnati, but he would make a much better umpire than a ball player.

Tommy Corcoran, brother of the once great Larry, slid 17 feet 6 inches for second base during a game at Ridgewood recently.

Raney, the new third baseman of the New Yorks, had a record of 3 put outs, 11 assists, 0 errors, July 27, 1885, when playing third base for the Torontos.

Captain Anson says: "If the St. Louis Browns were in the league they would win in about four years. The Browns are a pretty good club. There is no question about it."

Manager Caylor is working too much western blood into the Metropolitans. So far the two western men, Jones and Hogan, have shown themselves inferior to Nelson and Roseman.

Mike Lehane, who leads the International league in batting and fielding, made his first appearance with the Ridgewood club in 1885. He played in Poughkeepsie in 1880, and is now with Buffalo.

Of Van Hultren Anson says: "He is anything but an 'exploded phenomenon,' or a failure. I pronounce him a success, both as a ball player and a pitcher. He is fully up to my expectations, and a desirable man."

Among the new rules required is one making the hitting of a batsman by a pitched ball equivalent to a base hit. The rule will probably be made by the joint committee on rules this fall. It certainly should be if the phantom hit is to stay.

Tiernan is one of the most remarkable outfield catchers on the diamond. When a fly comes his way he starts for it with a long easy stride, and one is willing to bet that he will not get near the ball; but when it comes down he is right there every time.

The Baltimore club is a provoking organization," said an old baseball lover the other day. "It fluctuates like watered stock in the financial exchanges. Up and down it goes like a seesaw. You are praising it today and kicking it to-morrow. It is the most uncertain club in the association."

President Stern, of Cincinnati, is so anxious to get another battery that he has informed the Louisville management that he would not regard \$10,000 as too much for Ramsey and Kerins. To a gentleman of New York he said he regarded them as the greatest battery on the diamond, and that they were well worth \$15,000. He said he would also like to get Browning and Werrick.

There will be quite a begonia of baseball talent to the Pacific coast this winter. While the Browns and Detroiters are battling at the Alameda grounds, the Chicagos, under the management of Jim Hart, will be playing at Central park, San Francisco, and the New Yorks will be at the Haight street grounds, meeting the clubs of the California league.

George Munson will go west with the world's champions and will arrange games for them in Kansas City, possibly Wichita, Kan.; Denver and Salt Lake City, which they will play on the way west.

Third Baseman Latham, of the St. Louis club, says: "I'd like to play in the league first rate. There's no fun for a club like the Browns to play a lot of easy ones like they have in the association. It gets to be a trifle tiresome after a while. You see if we were in the league we would have to play hard ball, and play it all the time, instead of once a month, like we do now. There is no opposition at all in the association, and no excitement. I know all of us players would like it better for being in the league." "Would you like the pennant if you were in the league?" "Well, we'd be up where we could see the flag pole, anyhow."

The last issue of El Guila del Viafero, a newspaper published in the City of Mexico, has this to say on the subject of baseball: "The sport known as baseball in the United States has been introduced here, two clubs having been formed among the American residents in this city. We do not believe the experiment will prove a success, because the sport or amusement consists principally in the players hitting each other heavy blows. We have read in American papers that owing to these blows some persons have been killed. This amusement, if it can be called such, has already degenerated enough, but when it is introduced here, it will succeed in Mexico owing to its novelty."

President Stern, of the Cincinnati club, declares that he is not personally in favor of the percentage plan, but will vote for it if the supporters of the system will join him in righting the league in connection with the Beatin-Kinslow wrangle. He affirms that Cincinnati possesses overwhelming evidence that it has the prior right to the players over the Detroit team. Said Mr. Stern the other day: "I will, as I said before, sell my vote for percentage for other votes for my way, and I propose to begin it as soon as the season is closed. Then there will be sensations enough. If the league thinks it can fight, I am willing that it shall try its hand with us. We've got the money to go out and buy the best players in the league. Not buy them, exactly, but offer them salaries that will make the league men sick. Just about one month of this sort of war and the league will wish that Beatin and Kinslow never existed."

Lord Donerale was not the first British peer to die of hydrophobia. The Duke of Richmond also died of 'the same disease.

The London Economist estimates that there are \$5,000,000,000 of coin in the present circulation of the world or available for circulation. Of this magnificent total \$8,200,000,000 is in gold and \$1,800,000,000 is silver.

Tennessee has an area of 5,100 square miles of coal, which covers twenty-two counties. During the past six years the output of coal in the state has grown from 494,000 tons to 1,700,000 tons, an increase of 400 per cent.

The production of anthracite coal for the six months ending July 1 was 16,275,738 tons, the largest ever known for a like period; yet the stock on hand is less than 500,000 tons over that of any previous period.

Sharks are accused of causing the great scarcity of soft crabs in the waters of the Chesapeake this summer. They are unusually numerous and bold, and may be seen any day swimming on the flats exploring the water grass with their blunt noses.

The Hawaiian "army" consists of one "generalissimo," five colonels, five majors, one adjutant general, one quartermaster general, one intelligence officer, one engineer, one aide-de-camp, one adjutant, one captain, two lieutenants, eight sergeants, sixteen corporals, one bandmaster, twenty-four bandmen and sixty privates.

PITH AND POINT.

"Vacation is over," the small boy cried.

And the tears from his eyes did wipe: "The hateful old school begins," he sighs. "Just as apples and pears are ripe, And a fellow must lose all the fruit and fun, 'Cause vacation is over and school's begun."

"Vacation is over," the farmer said, As he rubbed his hands in glee, "And a man can enjoy his own fruit, instead Of having boys skin each tree; And the dog will have something better to eat Than a thievish urchin's trouser seat."

Business Activity. "You have a lively set of clerks," he said to the proprietor of We establishment. "It must be pleasant and profitable to have employees so full of energy and vim."

"Yes," responded the proprietor, "we close early today and they are getting ready to go home."—New York Sun.

Sentiment Versus Business. Young Man—I cannot understand, sir, why you permit your daughter to sue me for breach of promise. You remember that you were bitterly opposed to our engagement, because I wasn't good enough for her and would disgrace the family.

Old Man—Young man, that was sentiment; this is business.—New York Sun.

Fear of Dame Rumor. "Alas!" the funny man sighed forth. "How much we fear Dame Rumor, I must seem ever gay, or else They'll say I'm out of humor."

Something Wrong Somewhere. At a restaurant. "Waiter, this salmon isn't fresh."

"How can that be, sir? It's just off the ice, sir."

Then it's your ice that isn't fresh, waiter.—Judge.

Terrible Result. The actor kissed the pert soubrette; Her nerves it seemed to shake up. "Great Scott!" said she. "Don't move! You've bit a piece out of my make up."

In a New York Bobtail Car. Car Driver—You can't smoke in this car. Passenger—Why not? C. D.—Because there are ladies in the car. P.—Why, that's the very reason I have to smoke; I want to deaden the smell of my hair and patchouly.—Harper's Magazine.

She Had to Acknowledge It. She vowed that her feet were both tiny and neat Till she drew on her shoe with a hum. She found 'twas too tight; she grew red and grew white, And then she acknowledged the corn.

Writing for the Press. "Well, Harry, what are you doing now-days?" "Writing for the press."

"Thankless sort o' work, ain't it?" "Bless your heart, no. 'Bout everything I write is 'returned with thanks.'"—The Epoch.

An Imperative Accomplishment. She may dress in silk or may dress in satin, May know the languages, Greek and Latin, May know fine art, may love and sigh, But she ain't no good if she can't make pie.

"It Might Have Been." Pat—"Moike, 't' tells me as ye've had quit worrukin in the powder factory. Was it too dangerous? Mike—Dangerous? Well, be gosh! I believe if I had worruked there till now I'd be a be'n dead a year ago.—Life.

A Fish and a Man. The girl who hooks a fish will shriek To see its frantic wriggles; But when she hooks a man—queer freak She simply grins and giggles.

They Strike, Too. Small Boy—Ala, do clergymen ever strike! Mother—They do, my son. When they are offered another place with a larger salary they immediately strike out for that place.—Boston Courier.

It Is So Either Way. 'Tis pleasant to move in a quadrille while listing To airs one delightfully hears, But awful it is when your necktie's insisting On climbing up over your ears.

A Walter Who Didn't Know His Business. "Waiter, have you got any chicken salad?" "Sorry, sir, but we were disappointed in the arrival of our veal this morning, but we had some mud turtle come in, and I can give you some nice terrapin stew."—Boston Courier.

A Song of the Sea. I never was on the dull, tame shore, But I loved the great sea more and more; And ne'er on the steamer's deck I stand, But that I'd give my boots for land.

Not a Good Witness. In a cheap restaurant. "See here, waiter; this steak is at least three weeks old."

"Can't say, sir; I've only been here a fortnight."—Judge.

A Lad's Foot. Full many a lady's foot both broad and wide, That rightly should repose in generous shoes, Its larger, proper case is denied, Compelled to stand obscure in number twos.

He Knew Better. Johnson was going along the street when he came across the sign "Fireworks."

"It's a blamed lie!" exclaimed Johnson; "fire doesn't work."—Judge.

Hefore and After. The young man engaged to a Dear, chattering, laughing lassie, Will after marriage swear that she Is altogether too sassy.

WALKING FOR PLEASURE.

What Weaton, the Pedestrian, Says on the Subject—Some Good Hints.

"In the first place let me say that I have never been a trainer at all. My theory is that walking is natural for man, and the more artificial it is made, either by training or methods, the worse. If I had been a short distance walker I might have prepared myself for races in a different way, for in trying to make from one to ten miles in the quickest possible time one must utilize every device consistent with the rules of the sport to develop speed. In long distance walking it is endurance more than speed that is required, and, therefore, it is advisable to hamper nature with as few as possible of unusual conditions. When I have been announced for a long walk, a six days' content, or a thousand mile walk, or something of

Query: Why do some of our churches deem it necessary to place one or more brilliant lights on or about the pulpit, thus rendering it tiresome, in some instances painful, for the eye to look for any length of time towards the speaker? If any lights are necessary, let them be shaded to the audience.

The new marriage law took effect Tuesday, but there was no rush at the clerk's office to see who should get the first certificate. One person only applied for a

license, and that was Fred B. Gillet, aged 22, of York, who will soon lead to the matrimonial altar Miss Lottie Inman, aged 10, of the same township.

The Ypsilanti is issuing a daily edition this week on account of the fair. The first number contained a review of Ypsilanti's industries and numerous pictures of different points of interest, in Ypsilanti, by old pioneers. The enterprise of the publishers is very commendable which we have no doubt will be appreciated by their numerous patrons.

The "sportsman" who wantonly kills our song birds ought to be prosecuted. Kill the sparrows, if you must kill something. Sparrows, rough little fellows, are said to make excellent eating in pies.—Courier. Yes, spare, oh, spare the robins! It would take "forty-seven" to make one boarding-house pie.—Enterprise: Half that number suffices at our boarding house.

Invitations have been issued announcing the wedding of Mr. E. C. Spring and Miss Emma, daughter of Mr. and Mrs. J. D. Heinrich, to take place at the residence of the bride's parents, on Fifth-st., next Wednesday evening. Rev. Mr. Belser will perform the ceremony. The young couple will leave the same evening for a two weeks' visit to the groom's parents in Hamburg, Ont.

Mr. F. N. Scott and Miss Isadore Thompson, both graduates of the University in the literary class of '84, were married last Monday afternoon at the home of the bride's parents in East Saginaw, in the presence of a small company of friends and relatives. Mr. and Mrs. Scott have gone to housekeeping at No. 11 Tappan-st., where they will be accessible to their friends after October 20. Mr. Scott has the position of assistant librarian in the University library for the coming year.

The county board of school examiners met in the probate office again Tuesday to organize, but failed to perfect their organization. The board as now constituted consists of Geo. S. Wheeler, of Salem, A. Lodeman, of Ypsilanti, and M. J. Lehman, of Chelsea. Under the new law the board shall consist of three members, one of whom shall be the Judge of Probate, and two members to be elected by the chairmen of the various township boards. The question arises with the old board, who shall retire? It is left to the election and Lehman. The former was elected one year ago to fill a vacancy, and the latter was elected a few weeks ago before the new law went into effect. The matter has been referred to Attorney General Taggart for his opinion.

The inspectors of the county jail have filed their report with the county clerk, for the four months ending September 15, 1887. They report everything in first-class condition, and request that a cement bottom be put in the basement of the resident portion of the building. From it we gather the following statistics: That during the four months preceding such examination there had been confined at different times thirty-eight persons, charged with the following offense: Larceny, 8; drunk and disorderly, 15, of which two were females; disorderly, 6, of which 1 was a female; and 1 each on the following charges: Insane, defaulter, embezzlement, forgery, suspicion of arson, burglary, wife beating, assault, vagrancy. Total, 38.

"Oh, you'd be surprised to know how many of the boys who are going to school here board themselves. They get their bread at the bakery and buy their butter and canned goods at the groceries, and have a pretty good living without much trouble at a very moderate expense," were the words a State-st grocer uttered as he was showing a customer the great quantity of meats, fish and fruits contained in the fine display of neatly labeled tin cans on his shelves. "Yes, its quite different from what it was when I was a student here twenty five years ago," replied the other. "We couldn't get any canned fruit then. I had an economical streak one winter and thought I could board myself, but I soon found it very dry living. I couldn't find any ready-made victuals at the stores, except crackers and cheese and bologna, sausage, and I got pretty sick of keeping single entry boarding house after a very limited experience."

Among the new school laws recently adopted by the legislature, and taking effect this month, is a clause which provides "that any girl between the ages of 10 and 17 years, or boy between the ages of 10 and 16 years, who shall run away or willfully absent himself or herself from the school he or she is attending, or from any house, office, shop, farm or other place where such person is legitimately employed to labor, or shall frequent saloons or other places where intoxicating liquors are for sale, or shall be found lounging upon the public street, or public places of any city or village, against the command of his or her parents or guardian, or shall without the permission of his or her guardian, attend any public dance, skating rink, or show, shall be deemed a truant and disorderly person, and upon conviction shall be sentenced, if a boy, to the reform school at Lansing, until 17 years of age, and if a girl, to the reform school for girls at Adrian, until 21 years of age." This stringent enactment will doubtless have the effect of inducing many a youthful recreant to watch his p's and q's.
