

THE ANN ARBOR REGISTER.

VOL. XV. NO. 15.

ANN ARBOR, MICHIGAN, THURSDAY, APRIL 11, 1889.

WHOLE NO. 746.

NEW COMMON COUNCIL.

HASTY FACTIO II^o REGARIT TO II IIII McILIKE-S PROPERTY.

President Belser's Committee.—Fixing the City's Accounts.—Street Commissioner till May 1.

Fred. H. Belser, as president of the council, wielded the gavel promptly at 8 o'clock Monday evening, and the new common council came to order. The retiring aldermen, Messrs. Sutherland, Wines, Hammond, and Kearns, were replaced by Aid. Dieterle, Snow, Spafford, and A. F. Martin. Mr. Kearns crossed six years of service as alderman, and retires with the good will of all. The other gentlemen have served one term each, and have been useful members of the council.

The council now stands as follows: First ward, Almendinger, R. Dieterle, B.

Second ward, Herz, D., C. Martin, D. Third ward, Spokes, R., Snow, D. Fourth ward, Miller, D., O. Mara, D. Fifth ward, Ware, R., Spafford, D. Sixth ward, Barker, R., A. P. Martin, K. President Belser, D.

Attorney J. C. Knowlton appeared, and by unanimous consent spoke in regard to the action of the council in ordering the tearing down of Hugh McGuire's property supposed to stand on High-st. The city surveyor had reported the line for High-st. at a previous meeting, and if the line is correct, Mr. McGuire's residence partly stands in High-st. At the meeting on Thursday evening the council ordered the chairman of the street committee to tear down or remove all of Mr. McGuire's property in High-st., and, accompanied by the city marshal as a body guard, Mr. Sutherland has torn down the fence and removed a coal shed. Mr. Knowlton considered it rather a summary proceeding, even if the council was right and the land does belong to the city; but if the land belongs to Mr. McGuire, he intimated that the city couldn't earn money any faster than by settling the matter with him. Mr. McGuire had lived there 29 years, and he didn't believe a court of justice would permit such operations against his comfort without a hearing. A committee consisting of Aid. C. Martin, Spokes and Ware, was appointed to investigate all phases of the subject, and to report April 22.

President Belser announced committees as follows: Finance, Miller, Almendinger, Ware. Streets, C. Martin, Barker, Spafford, O. Mara, Dieterle, Snow. Sidewalks, O. Mara, A. F. Martin, Herz, Dieterle, Spokes, Ware. Fire Department, Ware, Miller, A. F. Martin. Water Works, C. Martin, Almendinger, Snow.

Ordinance, Almendinger, Miller, Spafford. Lighting, Herz, Spokes, Barker. Police, Spafford, Spokes, O. Mara. License, Snow, O. Martin, Barker. Parks, Dieterle, Herz, A. F. Martin.

Aid. Miller offered the following, which was adopted:

WHEREAS, The recorder's reports for a series of years have been incorrect, and it is now impossible without great expense to obtain correct balances in each of the funds for the books of the city clerk; therefore be it

Resolved, That all warrants drawn on the city treasurer before the first day of April, A. D. 1888, now unpaid and a legal claim upon the city are hereby cancelled and the city treasurer is instructed not to pay the same.

Resolved, That all orders issued before April 1, A. D. 1888, yet unpaid and a legal claim against the city will be reissued upon presentation to this council.

It was decided to tempt John R. Miner with \$25 to go over the city's accounts.

Aid. Ware offered a resolution to put the street and sidewalk work into the hands of Nelson J. Sutherland as street commissioner till May 1, when the appointment would be made by the board of public works. It was urged that it would be five weeks before the board of public works would be appointed and organized. The resolution was adopted, and it was understood that Mr. Sutherland would work under the direction of the street committee.

Aid. O. Mara moved that the resolution granting J. T. Jacobs permission to erect an outside stairway be reconsidered and referred back to the committee. It was carried. Two more petitions for stairways were received Monday evening, and the council was frightened. The intention evidently is to shut down on such stairways.

Aid. C. Martin, A. F. Martin, and Ware were appointed a committee on liquor bonds.

He Was Honorably Dismissed.

The trouble which originated last fall between Mrs. A. A. Terry and T. F. Hill on Division-st., about the boundary line between the two lots and the placing of some sod and dirt on Mr. Hill's side of the line, will be remembered as leading to the commencement of a suit by Mrs. Terry for \$25,000 damages. Mrs. Terry, not contented with that, besieged the prosecuting attorney to begin proceedings against Mr. Hill, which finally he did. Before Justice Pond on Monday Mr. Hill was arraigned on the charge of assault and battery with intent to do great bodily harm. That charge is a very serious one, and the offense can be punished by ten years imprisonment. As Mr. Hill is one of the best known citizens in Ann Arbor, the case excited much interest. His numerous friends looked upon it as a good joke on "Tom," and cracked many a jest at his expense, of course not believing for a moment that he had committed even a common assault, much less that he was guilty of the crime charged. Charles R. Whitman was his attorney, and he succeeded on cross examination in making a sad jumble of Mrs. Terry's story. Miss Puster, however, gave testimony that was

unshaken by Mr. Whitman, but that witness stood 100 feet away at the time of the frays, and she might have been mistaken in some of the details, while two witnesses, Mr. and Mrs. Fred A. Outler, who also saw the whole affair, were positively that Mr. Hill did not strike Mrs. Terry, but merely knocked a can out of her hands to prevent her throwing the dirt in his face. Dr. W. B. Smith, who is Mrs. Terry's attending physician, testified to the bruises she had for two weeks after this trouble. Mr. Rooney, of the Fifth ward, was a witness for the prosecution, but his testimony benefitted the defense. Justice Pond discharged Mr. Hill, as it was evident that the testimony would not warrant tending the case to the circuit court.

Oi, I, (O'r) (L)'S LAST FLICKER.

It Provides for Seven New Hydrants mid for a New Electric Light Contract.

The adjourned regular meeting of the common council took place last Thursday evening. It was the last meeting of this council, and so they worked away tenaciously till 11 o'clock.

In regard to water mains asked for, the chairman of the committee, Aid. Miller, reported in favor of granting the extension of the water mains on South Main, West Madison, and Washtenaw ave., but he was in favor of only three hydrants. Aid. Sutherland and Hammond, the other members of the committee, reported in favor of granting all the seven hydrants asked for, as well as another extension on Broadway, and were sustained after much debate.

Mayor Beakes was employed to index the new charter, and the printing was awarded to the Courier.

Aid. Martin moved and it was carried that the chairman of the street committee be directed to move the fence and buildings of Hugh McGuire off from High-st. and restore the street to its proper width.

A petition signed by Oliver M. Martin, J. T. Jacobs, Heinzmann & Laubengayer, Michael Staebler, and others, asked that a new street be opened extending from Washington st. to Huron st., the middle line of which shall run from the intersection of the middle lines of Washington and West Third sts. to the middle lines of Huron and Noble sts. It was referred to the street committee.

The building committee recommended that the front of the brick building on the south east side of Detroit St., between North and Division sts., known as the De Forest building, be taken down at once as it is unsafe.

It was ordered that all the money in the ward funds be transferred to the street fund, and that the money in the general fund be transferred to the contingent fund.

The care of the poor in Ann Arbor in March cost \$202.64.

The clerk was directed to advertise for bids for lighting the city for the next three years, and the bids must be in by June 1. The clerk has received inquiries from electric light companies in several of the large cities as to time of bidding, and there is prospect of lively competition.

The salary amendment was defeated in

Washtenaw county by 338 majority. It was a proposition the voters had decided opinions about. But the amendment relative to the duration of corporations was carried by a majority of 1,033, and that relative to circuit courts by 771.

Lawrence's plurality for regent was 865. Draper for regent received a few more votes than the other Republican candidate, Cocker. Sherwood's plurality for justice of the supreme court was only 4H3.

The total vote cast for justice of the supreme court was 7,363. More than 3,100 voters remained at home in Washtenaw county.

JAIL WORK OF W. C. T. V.

Mrs. Bailey's Jail Visitant;—A Correspondent Figures Out the Idle-ness From the Drink Habit.

To the Editor of THE REGISTER: SIR:—The department known as "Jail Work," of the Ann Arbor Woman's Christian Temperance Union, is under the supervision of Mrs. Margaret Bailey. Though an elderly lady, Mrs. Bailey is very earnest and faithful in her work. She visits the jail weekly, during the greater part of the year, for the purpose of talking with the prisoners, and of distributing among them good reading material.

In her report given at the annual meeting of the W. C. T. U. she stated, among other things, that during six months of the year 1888, one hundred and twenty-two men, mostly young men, had been sent to our jail for drunkenness. These had been sent for periods of from five to thirty days. Let us suppose that the average time for which these men were sent was ten days. There would be 1,222 days of idleness. Let us suppose, also, that these men had spent ten days in drinking before they fell into the strong arm of the law, for we have law in Ann Arbor, and it is enforced; then we find there are 2,444 days of idleness. Leaving out 244 days for Sabbaths and we have left 2,000 days for work. At \$1.00 per day, they might have earned \$2,000.

We can but think of the many blessings which \$2,000 would have brought to the families of those men, or how much good it might have done could it have been placed at the disposal of the Woman's Charitable union, to be distributed among the unfortunate of our city. Verily, the drink business is one of great waste.

Our postmaster general, Mr. Wannamaker, in a temperance speech recently said: "The man who will not sign a temperance pledge, though he does not intend it himself, to help a weaker brother, is not so much of a man as he thinks himself to be. The man who takes only a little and will not give it up, is as much controlled by it as if he was an habitual drunkard."

If these statements of Mr. Wannamaker be true, how many in Ann Arbor are responsible for the 2,000 days of idleness and their attendant evils as the men who received their just deserts by being sent to jail?

The board of education, Tuesday evening, decided to adopt Harper's series of readers in place of Appleton's which have been in use here 11 years. There has been much competition between the two houses for some time to get the favor of the school board here. C. F. Newkirk, formerly editor of the South Lya Excelsior, is Harper's agent, and worked the scoop on the Appleton. Harper's will present each ward school library in the city with a fine collection of books.

The dipa'ches yesterday had the following from New York city: "Recorder Smyth, in the Court of General Sessions, to-day handed down his decision disallowing the demurrer to the indictments against Mrs. Friend and the others interested in the electric sugar fraud, and denying the motion for their discharge. They will now be compelled to plead and stand trial."

UTEBIBY NOTES.

John M. Ward, the great short-stop for the New York league team, is out with a revised edition of his book, and it sells for 25 cts. It is an interesting and useful work. No one but a player could have written the book, and it shows how great a player Mr. Ward really is. His many contributions to magazines and periodicals have revealed him as a thoughtful and interesting writer; but it is left for this exposition of the masteries of the game to make clear to the public his wonderful mastery of intricate detail.

The Pansy for April brightens our table with its pretty cover. The contents are even more interesting than usual. Pansy (who is undoubtedly the most popular writer to-day of the best class of Sunday-school literature) edits the magazine, and several of the stories this month are from her pen. \$1.00 a year. D. Lothrop & Company, Boston, will send a sample (back) number at half price.

Messrs. Cassell & Company will publish at once a new edition of William Robertson's "Me and Times of the Rt. Hon. John Bright," which has been brought down to date by a well-known American writer. The adding of the last lines to these chapters has been held back to await the death, which has been so long anticipated. Mr. Robertson had especial advantages for writing this life of the great reformer and statesman, and it reads with all the absorbing interest that attaches to the well-written biography of a great man.

Longevity.

Scientific men see no reason why the span of human life may not be extended to a round hundred years from the present limit of seventy to eighty years.

The age to which persons lived varies in the Old Testament chronology.

From Adam's time to that of Methuselah and Noah, men are recorded as attaining to well nigh the age of 1,000 years. The Psalmist David, however, says: "The days of our age are three-score years and ten; and though men be so strong that they come to fourscore years, yet is their strength then but labor and sorrow; so soon passeth it away, and we are gone."

This wide margin of longevity, together with proper observance of mental, moral and physical laws, leads investigators to believe it is possible that human life might be made to increase in length of days to a full century, at least.

Moderation and regularity in eating, drinking and sleeping, are conducive to longevity, and those who observe proper habits and use pure and efficacious remedies when sick, may accomplish immense labor with no apparent injury to themselves and without shortening their lives.

Hon. H. H. Warner, President of the Rochester, N. Y. chamber of commerce, and manufacturer of the celebrated Warner's Safe Cure, has devoted much time and research to this subject of longevity, and has arrived at the satisfactory conclusion that life may be prolonged, and man's virile powers increased and preserved at the same time by rational and natural means. Thousands of persons are living to-day—enjoying the blessing of perfect health and vigor—who will testify to the almost magical efficacy of Warner's Safe Cure in restoring them to physical potency and to the normal type of constitution, after they had almost given up hope of life.

After middle age, many begin to lose their wanted vigor of body, and then upon give way to inertness and useless raving. Yet all such have within reach that which both renews youth and contributes to the prolongation of life. Warner's marvelous Safe Cures are in every drug store, and are now regarded as standard specifics throughout the world.

The strong desire to attain old age—meantime retaining the virile powers of body and mind—is necessarily connected with the respect paid to aged persons, for people would scarcely desire to be old, were the aged neglected or regarded with mere suzerainty. That is a high civilization in which age is made a source of distinction. Of all marks of respect, that to age is most willingly paid, because every one who does homage to age may himself, eventually, become an object of such homage.

Ill-clerk Transfers.

Table listing names and amounts for transfers, including Lewy Lat'n to Porter Hinkley, Ypsilanti, and others.

HANDS OF PROMINENT WOMEN.

Kate Field has the hand of the gypsy. Clara Morris has a hand so soft that it seems to melt away in your clasp. Mrs. Hodgson Burnett has an angular hand, fit to hold the reins. Lotta has a supple little hand, which always seems ready to cuff as to caress. Amelie Rives has a facile hand, more in harmony with the "quick" than the "dead."

Fanny Davenport has a fat, chubby hand, covered with oases of dimples and diamonds. Mrs. General Logan's hand lingers in yours as if seeming to say: "I'm in no hurry to go."

Mrs. Harriet Beecher Stowe has a thin, sinewy hand, expressive of great nervous energy.

Mrs. Langtry's hand is an delicately veined as a leaf, and makes one loth to part with it after clasping it.

Mrs. James Brown Totter has a slender hand, with shapely digits, which are daily manipulated by a manicure.

Despite its jewels Modjeska's hand shows marks of early struggles. It is a strong, hand, however, full of character.

The hand of Ella Wheeler Wilcox looks as if the good, hard shake of a brazen hand would crush it, bones and all.

The symmetry of Alleluia Patti's hand is lost sight of in its dazzling display of jewels. She spends a fortune in gloves.

When "Marion Harland" puts her plain, honest hand in yours she seems to say: "Here's my hand, and my heart's not far off."

The only mark of difference between Sara Bernhardt's hand and a skeleton's is that one is invested with flesh and blood and the other isn't.

The whittiness of Mrs. Harriet Keane Johnson's hand is the envy of all her young acquaintances. It is a hand that would grace a scepter.

Mrs. Commodore Dahlgren has the sort of hands which, if they were a man's, could conquer lions. They are neither large nor small, but forcible.

Mrs. Frank Leslie has a sensitive hand, whose touch makes the blood bound faster through one's veins. She is authority on the subject of gloves.

Miss Frances F. Willard has a good, honest hand, whose hearty grasp seems an echo of the cordial greeting which she bestows on all whom she meets.

Mrs. Benjamin Harrison has a good, motherly hand, made for use. It has been a true and trusty companion in its family relations, hastening as well as caressing.—New York Evening Sun.

The process of electric bleaching now used in the big paper plants U from 40 to 70 per cent, cheaper than the use of chloride of lime.

Thirty years ago there were near one hundred lightning rod factories in the United States. Now there are but four, yet they turn out as many rods as came from their so numerous predecessors.

Arkansas's state geologist reports the coal of that state to be worth, at \$1.50 per ton, the sum of \$2,957,800,000. He says further that the state contains more sorts of coal than any other in the Union.

Steel, which is rapidly taking the place of iron, is likely to be even more widely used now that it is known that the addition of manganese in considerable quantities gives great hardness and strength without loss of malleability.

The experimental coke ovens now being built at Mansfield, Pa., will have false bottoms, worked by hydraulic pressure. It is claimed that these will greatly reduce the labor cost of coke, as a man can draw twenty-five of them a day. Four is the limit of two old pattern.

A steel paving block, said to be more durable and less costly than stone, is composed of corrugated strips 2" by 1 inch, and weighing 11 pounds to the yard. It is to be laid upon a bed of gravel five inches from center to center, and the space filled in with a compound of pitch and cement.

THE OUTER MAN.

Cutaway coats should be very soft, and roll free when open.

Tho vests will be a little longer and cut rather lower than last season.

Checks, stripes, plaids of neat and genteel proportions are called for trousers.

Either three or four buttoned cutaway coats are stylish. Flat braid must be used.

A fashionable sack suit for the summer will be of light, with rather low cut vest.

Buy your trousers nineteen inches around the knee and eighteen at the bottom and you will have them right.

No wardrobe will be complete at Kastor if it does not contain three or four fancy vests. They are very much in vogue.

Double breasted vests, either with or without lapels, are going to be much worn. They will be mostly of fancy materials.

The man whose dress suit was in style last year will welcome the knowledge that it will be all right for this spring, at least.

The single breasted sack coat for business will be moob worn. Four buttons and considerable curve at the bottom are the features.

The spring overcoat should reach within a few inches of the knee; just long enough to cover a Prince Albert—and will be rather looser than last season.

The principal stylo in spring overcoats will be a fly front faced with silk all the way to the edge. It goes by the name of Chester-Geld, and will be made up in many new shades, light colors predominating.—Clothing and Furnisher.

YANKTON, I. T., April 6.—The stories of the farmers who suffered by the flames show that it was no ordinary prairie fire. It lloked up every thing consumable, and grass and stubble and wood broke into flame* seemingly without coming in contact with fire. The combustion was almost spontaneous in the dry and heated condition of the atmosphere set in motion by the terrible gale.

ST. PAUL, Minn., April 7.—Dispatcher from South Dakota report that the usual spring rains have at last set in and will sooit extinguish the prairie fires that are running) all over the country. The i-oo-oo are re-joining.

FELL FOUR THOUSAND. QUINCY, Ill., April 5.—Prof. Harry Leroy, the aeronaut of Decorah, Ia., made an ascension here yesterday, and when at height of 4000 feet dropped from the ball, loon and, with the aid of a parachute, landed safely.

THE FEDERATION OF LABOR. Preparation for a Den... sition at Vitti-mtxh on the 14th of July.

BALTIMORE, Md., April 5.—The various labor organizations included in the National Federation of Labor are making preparations for a big demonstration in this city on July 7. Similar celebrations will be held in all the leading cities of the country. The object is to take preliminary steps toward enforcing the eight-hour system. It has been decided to enforce the eight-hour rule for work in all branches of trade in May, 1890. Many of the trades are already working eight hours, but the greater number are still laboring ten hours per day, and quite a number twelve hours for a day's work. The object of these meetings is to enlist the support of all classes of workmen and to notify employers to make preparations for the new era.

DIED at the Age of 104. BALTIMORE, Md., April 5.—Mrs. Ellen Young, a colored woman, died suddenly Monday night at No. 148 East Street at the age of 104 years. Mrs. Young was born in 1785 on the farm of the late Judge William Pierce at Long Green. She had fifteen children, fifty-two grandchildren, 115 great-grandchildren and five great-great-grandchildren.

KAMP to Death by Hone. FONTAINE, Mich., April 9.—Frank Hars, of Bloomfield, 71 years old, was riding in a road cart driving a mare and leading a stallion. The stallion seized him by the neck with his teeth, dragged him out of the cart backwards, shaking him terribly and stamping him to death.

WIND AND FLAMK.

These Two Elements Combined Cause Ruin and Death.

Farm-Houses, Karim and Other Property in Dakota and Minnesota Destroyed—Live Stock Killed—Two Men Injured to Death.

MIXED SWEET AWAY. MINNEAPOLIS, Minn., April 4.—During the last two days South Dakota and Minnesota have been swept by a series of wind-storms which have caused hundreds of thousands of dollars' damage to property, and several lives have been lost. The storm started Monday night and swept over a large area south of the Northern Pacific road in Dakota and extending into the southern tiers of counties in this State. The greatest damage has not been caused by the wind alone, but in many places tires, fanned into fury by the storms, have wiped out of existence several small villages and hundreds of farmers' houses. The towns almost completely destroyed are Yolin, Lesterville and Mount Vernon, and three or four other villages were badly damaged. At Yolin every house in the place except three is demolished, and 100 people are without homes. Lesterville was flattened to the ground and twenty families are without a roof. A terrible gale of wind struck Mount Vernon and fire started from a small house that was blown over early Tuesday night. No human power could stop the flames, and in an hour the business portion of the place was one great raging fire. Nearly 200 families are homeless and the loss will foot up \$100,000. It is reported that several persons lost their lives in this fire, but no confirmation has yet been received. Four large elevators and the Milwaukee depot were destroyed. Near Blunt one man lost 500 head of sheep which were caught in a prairie fire. Several head of horses were saved by swimming the river. In many places the crops were covered by the loose sand and dust and will have to be replanted. Travel was suspended on some lines of road, so that was the force of the wind. The clouds of dust prevented engineers from seeing the track. A report from Garry says the sun was almost totally obscured and the superstitious thought the end of the world had come. Farm houses and barns were swept away, and horses and cattle were burned to death by scores. Near Millbank fifty head of live stock are reported lost, and the fire has swept over twenty miles of the country, causing immense loss. The storm has abated somewhat, but the wind is yet high enough to keep the tires burning fiercely, and further heavy losses are almost certain. The damage in Minnesota is much less than in Dakota, as the force of the storm was pretty well spent before it reached the boundary.

LEOLA, April 4.—This little village is but a mass of smoking ruins. The prairie fire which originated near here Tuesday afternoon was swept into town by a wind blowing sixty-five miles an hour, and nothing could stand before it. Every business place is burned, including two lunkis, two newspaper offices, two churches and four hotels. All residences were reduced to ashes except half a dozen north of a small stream, across which the fire did not leap. C. W. Old and Tom Wardell, living near Leola, are fatally burned. All the country northwest and southeast is completely burned over, and scarcely a faun building remains. The loss will foot up about \$200,000. The loss is practically total. There was almost no insurance either in Leola or the country roundabout. Leola is the county seat of McPherson County.

JACKSON, Minn., April 4.—A terrific prairie fire swept through Jackson County Tuesday night. The low-spruce timber and Lucas Haig's lost his house, barn and hay; Lewis N. Larson his barn and machinery; Michael Mickelson his barn, hay and a number of cattle; Frank Bailey, barn, hay and three head of cattle; William Spicard his barn, hay and eight head of cattle. A great many losses have not been reported. Wednesday James Traveucik was arrested for setting prairie fires. He pleaded guilty and was fined \$50 and cost.

MABSHALL, Minn., April 4.—The great wind-storm Tuesday night was accompanied by fire which consumed ten buildings in the county. Wesley Keitt lost two farm-houses, grain and stock, Henry Farnham his house and George Foster his household (roods, train and machinery. The losses in this county will aggregate \$50,000.

CHAMPELLAN, D. T., April 5.—Prairie fires have been raging fearfully in this county for the last two days. Knar two lives are reported lost and (ally 100 families have been deprived of absolutely every thing. The loss will run up fully \$100,000.

SCOTLASSU, I. T., April 5.—It would take \$200,000 to cover the loss in this county. The Hutchinsou Herald office was burned. The losses amount to \$35,000, with less than \$6000 insurance. David iBchettar and Howard White, farmers near Olivet, were completely burned out. Another fire east of Scotland destroyed every thing on the farms of A. O. FarnRy, Gus Evenson and M. Shook. On the stock farm of E. S. Sweet three barns were burned. Loss, 13,000. Twelve miles west of Scotland a prairie fire raged. Twenty-five farmers are known to have lost every thing.

ST. PAUL, Minn., April 5.—The list of losses by prairie fires in Dakota increases and the descriptions of hair-breathed escapes are very thrilling. In Yaukton County alone the damage is placed at \$150,000. Near Rapid City Prof. Q. E. Bailey's ranch was destroyed and Eloise Madison was fatally burned. Thousands of dollars' worth of property was destroyed within ten miles of Freeman. Thirty-two families lost their homes, only escaping partly clothed. In Douglas County many farmers lost every thing and are homeless and destitute. The house of William Cline was burned. Mrs. Cline, aged 70, perishing in the flames. At Ashton and Woonsocket houses were leveled by the wind. In Frank County numerous farmers lost their all, and at Oakwood Mrs. Gaffellow was burned to death. In Brule County fully 100 families lost every thing, the loss reaching \$150,000. Two women were burned to death near Chamberlain.

YANKTON, I. T., April 6.—The stories of the farmers who suffered by the flames show that it was no ordinary prairie fire. It lloked up every thing consumable, and grass and stubble and wood broke into flame* seemingly without coming in contact with fire. The combustion was almost spontaneous in the dry and heated condition of the atmosphere set in motion by the terrible gale.

ST. PAUL, Minn., April 7.—Dispatcher from South Dakota report that the usual spring rains have at last set in and will sooit extinguish the prairie fires that are running) all over the country. The i-oo-oo are re-joining.

FELL FOUR THOUSAND. QUINCY, Ill., April 5.—Prof. Harry Leroy, the aeronaut of Decorah, Ia., made an ascension here yesterday, and when at height of 4000 feet dropped from the ball, loon and, with the aid of a parachute, landed safely.

MICHIGAN LEGISLATURE.

SENATE.—3,115 were present on the 4th amendment; we law with reference to rights and liabilities of railroad companies, compelling railroad companies in the Upper Peninsula to charge but three cents per mile, except for distances less than five miles, for which the rate of five cents per mile may be charged; to re-incorporate the village of Cro. Genesee (bounty; prohibiting the purchase of roods from minors by junk dealers. The Senate substitute for the House bill incorporating the City of Ironwood was also passed and given immediate effect. The Abbott Capital Punishment bill was reported from the Judiciary Committee and amended to admit of the sentence only upon written recommendation of the jury, it to be in the discretion of the Judge, however, who can not impose death sentence in the absence of such recommendation.

HOUSE.—The amendment increasing the Governor's salary from 11,000 to 14,000 a year was adopted, and the bill authorizing Detroit to issue bonds for \$500,000 to improve the boulevards, was passed. The cattle-un-the-of inspection bill was discussed for the fifth time in the Committee of Agriculture. The argument to-day rested on the averments that protection of the public health demanded inspection of cattle previous to slaughter.

SKNATK.—The Kenz-Dickerson contested election case was settled on the 5th by retaining Rents (Dem.) by a vote of 19 to 10. Many petitions were received in favor of the bill to inspect alive all beef cattle intended to be slaughtered. The farmers of the State appear to be mainly in favor of the bill. They believe that there is a combination among the great beef-slaughtering firms to reduce the value of cattle and are therefore anxious to deprive these firms of their market in Michigan.

HOUSE.—The opponents of the proposed high-license law increasing the retail liquor tax from 1100 to 1600 scored a decided victory by succeeding in having the bill bundled into the hands of a joint committee, and in all probability this will so delay the bill that it can not become operative before May 1, when the liquor taxes are required to be paid.

A WIFE'S DEVOTION.

Tim Woman Whose Husband Gouged Her Eyes Out Visits the Wretch in Prison and Vows She Loves Him Still.

AUBURN, N. Y., April 5.—A large, middle-aged woman, blind in both eyes and led by a young wife, visited the prison here yesterday morning for admission. She asked for William Iiohan, her husband, who was received from Sing Sing last October and is serving a twenty-year sentence for gouging her eyes out. Because of his terrible crime, Iiohan has been ostracized by his fellow-convicts. Even thieves, burglars and murderers show their detestation of a man who could treat his wife so. For the past two weeks Iiohan has been an inmate of the hospital, suffering from a severe attack of pneumonia. He has been in communication with the wife, and when she heard he was sick she determined to visit him, arriving at the prison accompanied by her niece. She was permitted to visit her brutal husband in the hospital, and their meeting was very affectionate. He walked up to her, and placing his hands on her cheeks, kissed her several times. He then led her to a chair near his bed and they spent an hour in earnest conversation, during which the convict husband cried like a child.

The sight of the blind woman coming to visit the man who had caused her no much misery surprised even the prison officials. Then to one of them who expressed his surprise to the wife, she said: "I forgive him and still love him."

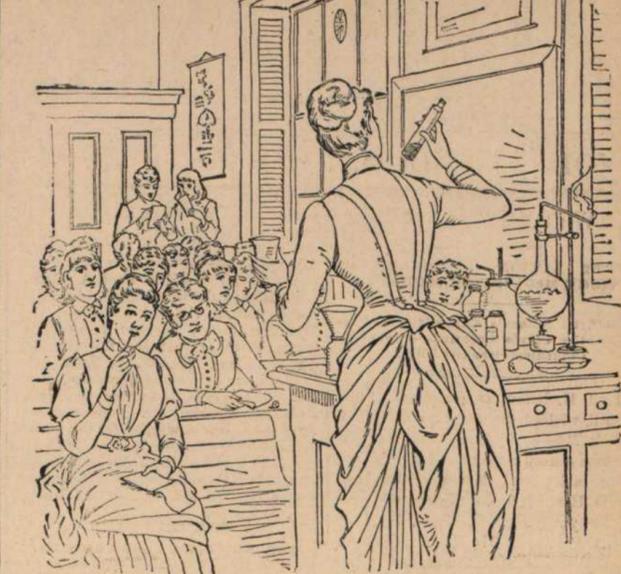

The woman's niece, a sister's daughter, received the man very coolly and through the interview she never spoke to her uncle. Mrs. Iiohan said to a correspondent that while she was unable to account for her feelings, she still loved the man and would live with him to-morrow if he were released from prison. She added that it was hard to keep him in prison, as it did her no good and was an injury to him. She excused his crime by saying that he was intoxicated, else he never would have injured her.

"When sober," she said, "he always treated me kindly." She added that when sent to prison he deeded her all his property, amounting to about \$7,000. She said: "A wife's a wife, and I can't help my feelings. I love my husband still, and would do anything for him. As soon as I am able I shall bet about obtaining his pardon, and, if successful, we shall live together as before." When asked if the neighbors would not interfere and make it unpleasant for the man if he returned to Far lockaway, the woman said: "No; they would not dare lay violent hands on him, for if they hurt a hair on his head I would see that they were punished."

GONE TO HIS REWARD. Death at Hosted of Lewis Hayden, 4 Colored Man Whose Kl'oris in Hell of the Abolition of Shivery Year Ago lioro Rich Fruits.

BOSTON, April 8. Lewis Harden (colored), the noted Abolitionist, died Sunday, aged about 77 years, of Bright's disease.

He was born a slave in Kentucky; escaped to Canada in 1841; visited Boston in 1845 and obtained liberty by a brilliant oratory on behalf of the fugitive slave; was engaged by the anti-slavery Society to lecture in New England and New York; finally settled here in 1848, from which time his residence became a headquarters for fugitives and abolitionists; was at one time established in business by anti-slavery trends; entered the office of the Secretary or State about thirty years ago, and was employed there at the time of his death. He was prominent in recruiting colored soldiers during the war. He served one term in the State House of Representatives vs. Lately he was active in securing the recognition or colored lodges in Missouri. He had great influence among his colored fellow-citizens.

PRACTICE MAKES PERFECT.

The makers of the Ivory Soap have been engaged in the manufacture of Soaps for over fifty years, and the "Ivory" is the happy result of their long experience, and is unquestionably the soap to be used by all who value the advice (quoted below) of Ellen H. Richard?, Instructor in Chemistry, Woman's Laboratory, Massachusetts Institute of Technology, who says, "In the purchase of soap, it is safest to choose the make of some well known and long established firm who have a reputation to lose if their product is not good."

A WORD OF WARNING.

There are many white soaps, each represented to be "just as good as the Ivory;" they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the "Ivory" Soap and insist upon getting it. Copyright 1886, by Procter & Gamble.

JAMES MEANS' \$3 & \$4 SHOES

Competition is the Life of Trade, and if you haven't seen our latest improved goods you cannot imagine how lively trade is, or how hard our competitors have to work to keep within sight of us. Ask your retailer for the James Means' \$3 Shoe, or the James Means' \$4 Shoe according to your needs. Positively none genuine unless having our name and price stamped plainly on the soles. Your retailer will supply you with shoes so stamped if you insist upon his doing so; if you do not insist, some retailers will coax you into buying inferior shoes upon which they make a larger profit.

Such has been the recent progress in our branch of industry that we are now able to affirm that the James Means' \$3 Shoe is in every respect equal to the shoes which only a few years ago were retailed at eight or ten dollars. If you will put on a pair you will be convinced that we do not exaggerate. Ours are the original \$3 and \$4 shoes, and those who imitate our system of business are unable to compete with us in quality of factory products. In our lines we are the largest manufacturers in the United States.

Khoes from our celebrated factory are sold by wide-awake retailers in all parts of the country. We will place them easily within your reach in any State or Territory if you will invest one cent in a postal card and write to us.

BURDOCK BLOOD BITTERS. That Ache in 'Small of Back. Weary, Aching Bones. Dyspepsia. Dyspepsia. GEKTS.—I feel it my duty to say respecting Burdock Blood Bitters, that it is the best medicine I ever took. I suffered two or three years from stomach troubles and dyspepsia, as well as from liver and kidney complaint. I was not able to attend to my business. My wife was afflicted in much the same way. We read of your Bitters in the papers and made up our minds that we would try them. The result is, my wife and I began to improve at once, and I am now able to do more hard work than before in ten years. It relieved my kidney troubles as well. We both wish you, the makers of it, Godspeed. JOSEPH LANDOX, Chelsea, Vt.

ON THE CAMPUS.

Regents meet next Wednesday. Vacation from to-morrow evening to the evening of April 22.

Chalmers, '87, has received a call to an Illinois pastorate at a salary of \$1,500.

The later-Fraternity German postponed from March 1st will be given May 17th.

The students' Prohibition club turned out in fine shape last evening to hear Mrs. Helen Oougar.

George R. Haviland, manager for the Glee club, started today to visit all the places the club will sing in during their western trip.

Prof. M. E. Ooley, with 15 students, will start for Cleveland, Pittsburg, and Philadelphia tomorrow, to visit the largest machine shop?

Mrs. C. H. Stowell is expected home from Washington, D. C., to-day. In June, Prof. and Mrs. Stowell will go to reside in Washington.

A. L. Colton, '89, goes to Indianapolis to-morrow to represent the Michigan Alpha chapter of the Phi Delta Theta fraternity in their province convention.

The Engineering society to-morrow evening will have a general discussion concerning the bill to create a bureau of Harbors and Water ways, now before congress.

Prof. Henry Wade Rogers has been chosen to fill the place in the board of directors of the school of music made vacant by the death of Prof. Morris, and Senator McMillan that of Bishop Harris.

The Mechanical laboratory seems to be one of the places of interest. A few days ago a prominent junior was seen explaining the mysteries of the art of blacksmithing to a bevy of maidens, and insisting that the fellows in suits were not convicts, merely students in workshop attire.—Argonaut.

In the New York letter in the Detroit Tribune, regarding the election of officers of the New York Sorosis, appears the following: "Miss Nellie B. Haire represented the Ann Arbor College Sorosis, and was the youngest delegate. She has a pretty, oval face and brown fluffy hair, and was dressed in a gown of soft blue."

Yesterday President Angell left for a trip, during which he will make an effort to advance the interests of the University in several western cities. He will speak to the students of the Normal school at Terre Haute, Ind., tonight; tomorrow before the alumni of the three Chicago high schools, and on Saturday he will visit the alumni of U. of M. in Milwaukee.

The Political Science association and the Students' Lecture association closed their courses of lectures last week. Both have been successful. Mr. Kennan pulled the lecture association out of the hole financially, and he was such a drawing card that President Jennings tried to get Um to come to give another lecture. Mr. Kennan declined. His lecture was the "fines", thing of the course. Ex-Gov. Daniel H. Chamberlain, of New York city, was accorded a hearty reception and his lecture on the State Judiciary was much appreciated. On Friday the famous ex-governor of South Carolina visited the law department and made a speech to the students, in which he said many pleasant things of this University. Friday evening after the lecture the Psi U boys took Mr. Chamberlain to their house and dined him. He was a member of that fraternity in Yale. Among those present at the banquet were Profs. D'Ooge, Walter, Parrington, and Carhart. The five lectures of the Political Science association will be printed in book form.

The University base-ball association elected officers as follows: President, Frank W. Hawks, '89; vice president, J. A. C. Hildner, '90; secretary and treasurer, Ok. Button, '90; directors, W. L. Mann, '90; P. R. Gray, '90; G. W. Denney, '91; A. E. Watson, law, and G. B. Frothingham, medic. The board unanimously chose F. T. Ducharme, '90, as manager. While many of last year's team are gone, yet Richardson, Codd, Marker and Booth make an excellent nucleus. Besides these, there are many who have not yet played with the team, among the old students and new matriculates, as Lewis, of last year's High School team, Todd, of Oberlin, and especially Paul Gray, '90. The fraternity ball league have officers as follows: Thomas L. Wilkinson, '90, president; Frederic T. Ducharme, '90, vice president; Howard T. Abbott, '90, secretary and treasurer; Guy L. Kiefer, '87; Frank W. Hawks, '88, and T. H. Hinchman, '91, form the arbitration committee. A challenge has been received and accepted from the Madison State University. They will also play the Cass club, of Detroit, and the Detroit league club, at an early date.

Robert JHantell.

This actor appears at the opera house tomorrow night. Of his play, "Monbars," and of Mr. Mantell himself, the New York Dispatch says:

"At the Fifth Avenue Theatre Mr. Mantell made his appearance for the first time, in this city, in the title role of an old French drama by D'Ennery, known as 'Monbars.'"

"The prominent character is Monbars, and Mr. Mantell is the representative thereof."

"Mr. Mantell was first made known here through his appearance in a company under the management of Miss Fanny Davenport, at the Fourteenth Street Theatre, two or three seasons ago. He came forward as Loris Ipanoff, in the play of "Fedora," and made a decided impression upon the susceptible feminine portion of the audience as a handsome stage lover in the emotional line. He also won a large, and, let it be said, a deserved share of critical favor from the press."

"Since then he has—and they all do it—become a star."

"As Monbars he comprehends what is required from him and he is as demonstrative as the nature and situations of the character and the play demand. He is at times not only effective but beyond critical cavil. The situations given to Monbars are impressive, and the dialogue affords him ample opportunity for the display of that quality of melodramatic force which he made patent in Loris Ipanoff."

Dyspepsia

Makes the lives of many people miserable, causing distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels. AROUND THE COUNTY.

Wesley Robison and Charles Farrington want to be postmaster at Milan. Rev. S. H. Adams, now in Florida, will resume his pastorate of the Dexter M. E. church, April 28.

Miss Ida Webb, of Saline, is the first lady ever elected to an office in that burg. It came to her unsought.

Mrs. Ellen Bush, one of the candidates for school inspector of Detroit in the recent election, was born in Dexter 60 years ago.

Gottlob Hertler, of Saline, went to Germany some weeks ago to visit his aged and sick mother, but arrived there one day after her death. He is expected back this week.

The Standard is sorry to say that the Chelsea creamery will be idle this summer, being unable to obtain cream in sufficient quantity to pay for running the institution.—Chelsea Standard.

Robert Swayze has leased his store on Main-st., from eeller to garret, to J. M. Putnam, and will move his harness stock and shop into the "old brown store" on River-st., and his family into Lee Hitchcock's house on Wilcox-st. Mr. Putnam will probably put in a complete line of bazaar goods, and occupy the rooms above as a residence. E. E. Stewart has moved his flour and feed stock from the Palmer block into the south part of the "old brown store."—Milan Leader.

The Chelsea Standard has this anomaly in regard to the cattle inspection bill: "It seems to the Standard that the bill, considering THIS district ONLY, should pass, as prices here are as low as in any part of the State, and if the farmer could obtain better prices without causing the consumer greater cost, it should pass." How the farmers can get more for their beef without the consumers paying more, would take the Standard a month of Sundays to explain. Perhaps the editor meant that if he could get his beef just as cheap as ever, he wouldn't care how high prices the farmers charged other consumers.

Senator Gorman and Beef.

State Senator Gorman was in Chelsea last week Tuesday, and met a number of farmers, stock-buyers, and others in regard to the bill now before the legislature for inspecting neat cattle. The bill is designed to raise the price of beef to consumers, while it goes under the pretence of protecting the public health. The advocates of the bill need Senator Gorman's vote. Senator Gorman stated he would act in the dressed beef question just as the district indicated, regardless of his individual opinion. The Chelsea Standard says: "William Judson thinks that if the present dressed beef bill becomes a law, farmers will realize \$5.00 more for a critter weighing 1000 pounds, and the consumer will not pay more than he does now." Now that's queer.

Chelsea.—Great Fire.

The most destructive fire ever known in Chelsea occurred between five and seven o'clock last Sunday morning. The losses were as follows: Most of our citizens lost their peaceful Sunday morning naps. Lewis Winans, in the basement of whose drug store the fire originated, lost his entire stock of drugs, medicines, clocks, watches, jewelry, groceries and fancy goods, valued at \$5,000, and all his book accounts besides. Not an article great or small was saved. He had insurance for \$4,000. The building, valued at \$3,000, was insured for \$3,000. It belonged to Wm. R. Reed and the estate of Mary L. Winans. A. Winans, jeweler, lost stock and tools worth \$400; insurance, \$300. Adjoining on the north stood a double store, owned by Loren Babcock, valued at \$5,000, insured for \$3,000, and occupied by the firm of Kempf & Schenk, with an extensive stock of dry goods, clothing, boots and shoes, groceries, etc., valued at \$30,000 to \$40,000. These goods were nearly all removed in a damaged condition, of course. Their loss may be estimated at from \$7,000 to \$10,000, fully insured. On the south stands a store owned by C. Klein, which was saved by the heroic efforts of our citizens, with no other means at their command than water taken from neighboring wells and cisterns, and passed to them in wooden pails, though suffering damage to the amount of nearly or quite \$1,000, fully insured. Persons who occupied rooms in these buildings and suffered losses are: M. W. Bush, dentist, \$500; Mrs. S. R. Cole, dressmaker, \$300; Thos. Krick, shoemaker, \$250; and J. D. Schnailman, justice of the peace, \$50. On these losses there is no insurance. Fletcher, who occupied the Krick store with an extensive assortment of groceries, also sustained damage by removal of goods, fully insured. Others, occupying on both sides of the stores mentioned, also suffered losses by removals.

Charles Letts, of Detroit, was here Monday and Tuesday.

Mrs. Lorena Krum, of Mason, is visiting her daughter, Mrs. Leander Tichenor.

J. L. Harlow, of Dexter, drove up here last Sunday to hear Rev. J. E. Reilly preach.

Mr. and Mrs. Charles Wagner, of Ann Arbor, were guests of Mr. and Mrs. Frank Sweetland last Sunday.

H. O. Willis is still continuing his evangelistic meetings here, but no very marked results are yet manifest.

Loren Babcock has already commenced clearing away the debris of the late fire, preparatory to rebuilding his double store.

Chelsea is awake at last. They do not want the town improved any more by destructive fires. At a citizens' meeting, called Tuesday night for that purpose, a committee of seven was appointed to make inquiry and suggest measures for future action.

At the fire Sunday morning, J. P. Wood received a blow from a falling board that felled him to the earth, and left him in a state of unconsciousness for several hours. The injury, however, proved to be slight, and he is about the streets again, his head apparently as level as ever.

While our hook and ladder company were trying to pull down a portion of one of the burning buildings, at the fire Sunday morning, the hook slipped, and, flying nearly across the street, struck Jas. S. Richards on the shoulder, inflicting a severe bruise, but no serious injury. Had it fallen on his head, which it scarcely missed, the result must have been very serious, if not fatal.

Mrs. Peirce, nee Nancy Carpenter Arnold, relict of the late Darius Peirce, and for 57 years a resident of Lima, one and one-half miles east of Chelsea, died April 5, aged 86 years. A large number of the

pioneers in this vicinity attended her funeral on the 8th inst., and bore her lovingly to her final resting place. Mrs. Peirce was a woman of many excellences of character, and was highly esteemed by all who knew her.

Milan.

The Rev. Electric Sugar Howard has walked our streets several days since your last issue.

John Putnam, of Edmore, has rented the entire Swayze building, and will immediately open a business house therein, and reside above.

There was quite a rumpus at the depot Sunday morning, between the station agent and a freight conductor, which resulted in the conductor having an arm broken by a blow from a stove poker.

DrPinkham has instituted proceedings against some Milan citizens to recover money lost in play, which playing was done in his own rooms, and supposedly at his instigation. His attorney started to draw a complaint to start criminal proceedings in the case, but deferred this until his return to Ann Arbor. The whole proceedings look as if the doctor had been unsuccessful in his efforts to break the bank. His office was raided as one of the dens, and the suit went down for reasons best known to village and county officials.

Pittsfield.

The following list of pupils attending School in the Mills district are entitled to the roll of honor for good and prompt attendance during the months of February and March: Willie East, Bertha Huss, John Huss, Lottie Jedele, Laura Mills, Laurina Mills, Clara Huss. Those not absent in March are as follows: Tommy East, Carrie Jedele, Edwin Jedele, Fred Cole and Edwin Kempf.

Lodi.

Miss Sate Fay will teach in the Hill district west of the city.

Mrs. C. Almendinger is still confined to the house with rheumatism.

Miss Carrie Klager will teach during the summer in the town of Sharon.

M. Renchler, a carpenter of Lodi, is soon to build a large barn for James Stevens.

Mr. and Mrs. Geo. Sutton gave a very pleasant entertainment, Wednesday evening.

Webster.

Schools are opening again with Miss Allie McCormick and Miss Jessie Williams in their former places.

There will be a necktie social at the residence of George Phelps, next Wednesday. The Reading circle will invest the proceeds in books for the library.

The Congregational church sends two delegates, Isaac Terry and Geo. W. Phelps, to attend the Jackson conference held at Ypsilanti on April 16 and 17.

The Reading circle meets at Mr. Queal's, April 19. A part of the program will be the explanation of some of the mythological characters, and to commence the general review of civil government.

Dexter.

The body of Volney Potter, jr., was brought from the Pontiac asylum last Tuesday.

Mrs. Dr. Siglar, with a lady attendant, rode down, last Sunday, to hear Dr. Poole at the M. E. church.

Among the many attractive features of Gottlieb Benz's farm in Webster is a gem of a carp pond, just finished, which means fun for his bright boys, and food for his table.

Emery.

Mrs. Wm. Whipple is on the sick list.

Wm Whipple has purchased three fine horses, for which he says he would not take \$1,500.

Married, at the residence of the bride's mother, Mrs. Geisendorfer, Miss Dora Ulber and Frank Ellis, both of Salem.

L. E. Hebbard, our Republican constable, thought he would get out of buying the cigars election day, and went to the depot to come home; but some of the boys "caught on" to his little game and brought him back.

Stony Creek.

The Y. P. S. gave a social at T. E. Talladay's, last Friday evening.

Mr. Fuller, of Milan, has moved into the house on the Mrs. Harmon place.

H. Conns has the management of the Widow Coe estate for the coming year. J. Albright has bought the place formerly owned by J. Vanderwerker, and contemplates building a fine house.

Saline.

Mrs. George Wood is very ill.

A. K. Rouse and family will move to South liendsoon.

Rev. W. E. Caldwell is attending the Presbytery at Detroit this week.

Mrs. Phelps, of Manchester, is visiting her daughter, Mrs. N. A. Wood, who is on the sick list.

The friends of Miss Minnie Ruckman gave her a pleasant little surprise last Friday evening.

Philo Hall, of Detroit, is visiting his grand parents, Dr. and Mrs. Hall. Mrs. Hall is very sick.

Mr. M. Krause left Saline, Wednesday last, for Detroit, which she will make her home for the future.

Six or seven cases of scarlet fever in town now; three in Mr. Shafer's family, three or four in Mr. Barnhardt's. All rather light.

Mrs. G. B. Mason, Miss Mattie McKinnon, Miss Lilly Mills, and Misses Fan, and Jeannette Caldwell, attended the Flower show at Detroit last week.

A number of high school boys and girls, friends of Miss Daisy Humphrey, spent a pleasant evening with her, Wednesday, at the home of her uncle, Harrison Bassett.

Ypsilanti.

Work was commenced yesterday to complete Prof. deary's college building, which was commenced and partly finished a year ago. It will now be completed Aug. 1, and will accommodate 500 students. The college will cost \$25,000. Nutt & Clark, of Detroit, are the contractors for the mason work, and S. C. Falkinburg, of Ypsi, for the carpenter work.

The Ypsi common council voted Monday night to submit the question to the voters as to whether the city shall be bonded in a sum not to exceed \$75,000, and at a rate of interest not exceeding 1 per cent., for the purpose of establishing and maintaining a system of water works therein. May 6 is the day for the vote. An ordinance was also passed causing each lot of thirty-five feet in width to be numbered according to the Philadelphia system, each block to begin with a new 100, the numbers to run north and south from Congress-st., and east and west from the Huron river. This is done with a view to the establishment of a free postal delivery system, to which the city is entitled.

The Glee Club boys have a new ditty, "Romeo and Juliet," in which tall Fred Crane is Juliet, and short Ed Walter is Romeo, and all the club sing. The manager declares that it will "break up" every audience that hears it.

Some rowdies tried to be funny on Ann street Tuesday night. A sign, worth \$3, belonging to Mrs. E. A. Hoyt, the milliner, was taken, and the iron framework of the awnings belonging to W. F. Stimson and J. W. Maynsrd, were bent.

Leo Camp, an old resident of Ann Arbor, for many years the sexton of the Catholic cemetery, died on Sunday, aged 64. The funeral was held at St. Thomas church. A son, Norman Camp, of Fort Wayne, Ind., was in attendance, with his wife.

Seventeen tramps were having a good time on Tuesday in a gravel pit not far from the Northern brewery. With the two tramps who were in jail, and others who were suspected of being around the city, there were probably 24 of the gentry in these parts.

The mayor announces that hereafter he will be at the city clerk's office between the hours of 11 and 12 a. m. daily, for the transaction of city business, and he hopes the people will give him a rest on that business at other times. Ag his salary is only one dollar per year it is a reasonable request.

Ileinzmamp & Laubengayer have purchased a strip of land from the ground on which their new elevator stands to Huron st., which gives them plenty of room on the T. & A. A. track for shipping purposes. The land was purchased of Mr. Weil, of Chicago, who was in Ann Arbor yesterday.

It's a fact not generally known that the township of Ann Arbor claims to own the old cemetery in Ann Arbor. The township now have proceedings pending in the chancery court to define its rights in regard to that property. The township wants to remove the remains still in the old cemetery, and then get Ann Arbor city to buy the land for a park or site for a hospital.

Four tramps, the youngest about 18 years old and the oldest not older than 25, with dirty clothes and sullen faces, sat in Justice Pond's office Tuesday. They had been guilty of begging. The justice let them off on their promising to get out of Ann Arbor as soon as their legs could carry them.

C. W. Wagner received on Tuesday a Columbia tandem safety bicycle which he purchased for the pleasure of himself and family. It cost \$200. It can be used by a lady and gentleman, or by two gentlemen. It is eight feet long, and is a hand-some machine. It is the first tandem bicycle Ann Arbor has seen.

At the last regular meeting of Chatham Lodge, Order Sons of St. George, it was decided to attend St. Andrew's church in a body on Sunday, April 28, when Rev. S. Earp will give them a discourse. All Englishmen are cordially invited to accompany them. Space in the body of the church will be reserved for the order.

Last Thursday evening the common council voted to allow J. T. Jacobs to place a stairway on the outside of his business block. Monday evening, the council voted to reconsider the motion, and referred it to a committee. Mr. Jacobs had, in the meantime, however, let the job of building the stairway, and had secured the iron.

Miss Franc N. Crosby, sister of Mrs. A. E. Jennings, of Ann Arbor, died of heart disease in Become, Indian Territory, yesterday morning. She was a member of the U. of M. graduating class of this year, but was obliged to leave for her health. She was teaching in a Baptist Indian school. The remains will be brought to Ann Arbor and then taken to New York.

W.; D. C. Fall, treasurer; John R. Miner, recorder; G. W. Miller, St. B.; A. C. Nichols, sword bearer; W. W. Watts, warder; T. Taylor, sentinel. The Easter party of the commandery will be given on Friday, April 26.

Aid. Allmendinge- was appointed chairman of the ordinance committee Monday night, and it was an excellent selection. The ordinances need as thorough an over-hauling as the charter had. Some of them are ludicrous, and don't fit the new character. No member of the council knows more about the charter than does Aid. Allmendinge, and he is as well acquainted with the intricacies of the old ordinances as anyone can be without prolonged study.

The annual meeting of the Ladies' Library association was held on Monday, April 8. The annual reports of secretary and treasurer were presented. The election resulted as follows: Board of directors, Mrs. Alfred Hunt, Mrs. A. B. Palmer, Mrs. C. A. Jaycox, Mrs. J. C. Knowlton, Mrs. Thes. Royer, Miss Parker. Officers: Mrs. J. M. Wheeler, president; Mrs. A. B. Palmer, vice president; Mrs. W. W. Benman, secretary; Mrs. C. A. Jaycox, treasurer.

Charier E. Barnes, of Lansing, formerly at the head of the knights of labor of Michigan, and now deputy commissioner of the State bureau of labor statistics, is in Ann Arbor. His bureau will devote its next report to statistics relative to the condition of the workers in the furniture industry, which employs great many men in the state. Ann Arbor has 80 men engaged in making furniture. Mr. Barnes will engage some one to gather statistics for Ann Arbor.

Gov. Luce's proclamation fixes Saturday, May 20, as Arbor Day for all that part of the state lying south of the north line of Mason, Lake, O-crook, Clare, Gladwin, and Arenac counties, and Saturday, May 4, for all that portion of the state lying north of such line. The governor says: "On the Arbor Days appointed, let the tree planting be in such appropriate spot or place as the judgment may select, but more especially would I urge that this year our roadsides and thoroughfares be remembered."

Ottmar Eberbach and H. J. Brown, of Ann Arbor, were among the 10 prominent druggists of Michigan who met in Lansing last week to look after the Daxon liquor bill. The Lansing Republican says: "They prepared an amendment to the bill, which was presented to the House committee on the liquor traffic. The intention of the amendment is to compel druggists who are selling liquors for illegitimate purposes to pay the liquor dealer's tax, and at the same time to relieve honest druggists of unnecessary burdens and responsibilities."

At the last meeting of the German-American Landwehr-Verein- an aid organization of the former soldiers of the German empire, but who are now ready at a moment's notice to defend the honor of the stars and stripes against all comers—a number of new names were enrolled. Editor Liesemer, of the Post, was enrolled as an honorary member, in appreciation of the services rendered the society at its organization. In response to repeated calls, he made a rattling twenty minutes speech. The Landwehr-Verein will soon become one of the strongest societies in the county.

J. Q. A. Sessions attended the grand council of the Royal Arcanum for this State which held its annual session in Detroit this week. Sixty-eight councils were represented from the cities and villages of the State. This fraternal and cooperative association has 5,000 members in the State, and 90,000 in all the States, and is in a flourishing condition. On Tuesday evening an entertainment was given by the Detroit councils in the Detroit opera house, which was packed with the intelligent people of the city. The entertainment consisted of addresses upon the benefits and objects of the association, and music.

The annual meeting of the W. C. T. U. was held in Hobart hall, April 3. After the usual devotional services, and reports of secretary, treasurer, superintendent of industrial school and jail work, the following officers were elected for the coming year: Mrs. D. Clements, president; Mrs. H. M. Doig, recording secretary; Mrs. A. Butts, corresponding secretary; Mrs. M. Dygett, treasurer; vice-presidents from each church as follows: Presbyterian Mrs. L. D. Parker; Baptist, Mrs. M. Snau; ble; Episcopal, Mrs. J. Fisher; Unitarian

Mrs. White; Methodist, Mrs. C. Worden; Congregational, Mrs. Walker. Officers for Industrial school: Suppennent, Miss M. Brown; vice-president, Mrs. H. M. Doig; secretary, Miss A. Henning, treasurer; Miss Anne Wisley.

Yesterday's Detroit Free Press, in its account of the Philharmonic concert in Detroit Tuesday evening, said: "Miss Jeanie Jacob?, of Ann Arbor, sang an aria from Handel, 'How Beautiful are the Feet.' The young lady's voice is an alto of rare quality and range, and she sang with much feeling and expression. Her singing of Fact ut portem, from Rossini's Stabat Mater, was so artistically done as to receive a hearty encore. Prof. A. A. Stanley, of the University of Michigan, who played a fugue in D major from Bach, and an andante and allegro from Sonata 'So. 9 op. 183, by Merkel, showed himself to be a master of that grand instrument, the organ. His technique and his registration were those of a real artist, and his playing with the strings in the Mozart composition also showed that he is a fine ensemble player."

Ann Arbor commandery No. 13 K.T. sent 39 of its members to visit the Northville commandery, Tuesday evening, and they returned at about three o'clock Wednesday morning.
