

MORE ABOUT SEWERS.

THE OPINION OF THE HEALTH OFFICER.

What Dr. Breakey Thinks about the Need of Sewers.—The Great Need of the City.

MR. EDITOR:—In response to your request for my views on the sewer question, perhaps I can give my opinion as well by quoting from the annual reports made as health officer, for the years ending April, 1888 and 1889, as follows:

"The question of sewers is too large to discuss in detail in a report of this kind, and I will only say here that I know of no more important or worthy work to engage the attention of those who legislate for us, nor none which may benefit the city more, than a good system of sewers.

But in my opinion we had better wait until we can secure a good system than to have a poor system at once. And I would suggest that the board recommend to the council the employment of a competent engineer to examine and report upon plans, cost, etc., and that information be procured as to sewer systems in other cities of similar size and situation.

The question of draining into the river (in the opinion of a well qualified legal adviser) is not likely to meet objection, as it might have done before so many paper and pulp mills and the University sewer drained into the river. The current of water would soon oxidize a large amount of sewage."

"Our city is justly famed for its natural advantages of altitude, good air, and gravelly soil, as well as for its social and educational advantages, to make it a desirable place of residence. But there is a limit to the absorbing and disinfecting properties of the soil and substrata, and we are dangerously near, if we have not reached, that limit in many parts of the city.

All other advantages will not benefit us, unless we can promote and maintain the good character of the city as a healthy place of residence. While an outbreak of preventable disease, in addition to loss of life, would cause not only the business interests of the city to suffer, but the schools and the University also. * * * * *

The house to house inspection recommended a year ago, and ordered by this Board, brought to light many nuisances, that would not otherwise have been discovered or abated.

This inspection demonstrates the need for a better method of disposal of waste, and the question of sewers is a matter which is forced on our attention. I again urge that this Board recommend to the mayor and council the need for preliminary action at least, such as securing a careful survey and report on plans, and estimate of cost. Also to secure information from other towns of similar size and situation that have built or are building sewers.

A work of such magnitude as to cost should be done in such a way as to be efficient and to endure; and therefore should be undertaken only after deliberate consideration, which in my opinion cannot begin to soon."

In addition to what is said in these reports I would suggest that much may be learned from the experience of other towns. An interesting account of Marquette's experience may be found in the report of the State Board of Health for 1887. All the sewage that Kalamazoo drains goes into the Kalamazoo river, and when in that city recently, I was informed by physicians that no complaints were made of trouble down the stream. Citizens of Ypsilanti inform me that their city expects to run sewers into the river. Other methods of disposing of sewage have not been tested, to my knowledge, in towns of this size, and have not proved satisfactory in larger towns, though this is one of the questions to investigate.

I take it that the situation is about this: That sewers are needed; that the practical difficulties are, the questions of the disposal of sewage, and the cost.

The engineering problem offers no difficulties that cannot be overcome by money.

The outlet, if in the river, should be well below the city. In recognizing that our city has grown to the age and size to need sewers, I do not think it necessary to disparage the town, or convey the impression to strangers that it is exceptionally unhealthy; or delude ourselves with the idea that sewers will exempt us from disease or death.

The facts are that the sanitary condition of Ann Arbor, as compared with other towns in the state and country, is above the average, but to maintain this standard as well as to keep pace with other improvements, we must find some other way to dispose of waste matter, and in my opinion sewerage offers the best way.

While investigating the sewer question, which may take some time, there are many other matters that can be corrected without 80 much delay, and greatly to the improvement of the city, a notable instance of which is the removal of the slaughter houses from a point where they affect the health and comfort of so many resident citizens, of pupils and teachers of the 5th ward school, and of travelers who arrive and depart at the Michigan Central station. The present location is not a success as a "boom" to the city.

W. F. BRKAKET, Health Officer.

What "Sixth Ward" Thinks.

MR. EDITOR:—The sewer question, in relation to which the opinions of a number of our citizens were given in your issue of last week, is the most important one that has been before the inhabitants of Ann Arbor for many years. It is important not only financially, but in relation to health and life. Considering the large extent of territory that Ann Arbor

occupies, estimate of the cost of a complete system of sewerage at \$150,000 as made by Mayor Beakes would undoubtedly be an under, rather than an over estimate. Nothing but the most pressing necessity should induce the city to contract such a debt. The payment of merely the interest on it would be a heavy burden to its taxpayers. The question then occurs: Is it necessary to introduce the ordinary system of water sewerage, and if introduced and adopted would it produce satisfactory results in the unfavorable conditions of our city?

It appears from sanitary and scientific papers and journals that the flushing system by water which prevails in most of our large cities, is far from satisfactory in many cases. Indeed it has often been proved that through improper construction or defective plumbing, it has been the vehicle of disease and death, rather than of health and life. The air and gas of the sewer is so poisonous that the least aperture for its escape into a house is dangerous. It is this danger that many health officers of our cities have condemned its introduction into the inhabited part of the houses, and say it should only be in an annex. But the insuperable objection to the sewerage system is that Ann Arbor has no sufficient outlet for it. AB no one as yet claims she has, it is unnecessary to dwell on this part of the subject.

Still the unpleasant fact remains that our soil is being impregnated with filth which will soon be the cause of disease and death, and it is no wonder that the general opinion and feeling is that something should be done to remedy the evil, as soon as the most satisfactory method can be ascertained. The only other system suggested is that mentioned by Mayor Beakes, "a compulsory system of dry earth closets." I cannot do better than to quote some of his very pertinent remarks upon this subject. "The dry earth closet system is to compel the use of such closets by an appropriate ordinance and to have them cleaned as often as once a week, by city scavengers, paid by the city, who shall remove the boxes and replace them with empty ones." He further indicates that the amount of interest the city would have to pay under the sewer system would be from \$10,000 to \$12,000 per year, besides the principal of the debt. It is hardly to be presumed that the annual expense of the dry earth closet system would be one half as much.

There is another benefit from this system which would not only prevent it from becoming a stench and a nuisance to our neighbors living down the banks of the Huron river, and perhaps the source of expensive law suits to us as in the case of the adoption of the sewer system, but would actually convert it into a source of profit. The substance accumulated and conveyed away by the city scavenger would, if properly managed, be offensive to the smell and a much more efficient fertilizer than most of those that are bought at so much cost by the cultivators of the soil. As a trial of this system could be entered upon with little expense, it would seem to be the part of wisdom to try it, before plunging the city in debt to the amount of \$150,000 to \$200,000 with the sewer system, which under our existing conditions as a city would be likely to be disappointing.

SIXTH WARD.

ATTEMPTED JAIL DELIVERY.

The Sheriff and Turnkey have a Struggle with Three Prisoners Sunday Night and Thwart Their Plans.

A well planned jail delivery was not successful at the county jail last Sunday night, but it was no fault of the prisoners who made the attempt. Had it not been for the nerve of deputy Sshott and the timely assistance of Sheriff Dsvyer, at least one of the criminals would have escaped.

On Sunday Michael Steeb was in the jail suffering with delirium tremens and a physician left medicine to be given to him at stated times. Between 10 and 11 o'clock at night deputy Schott took the medicine and went to the cage. As he opened the door of the cage James Smith, Frank Howard and Henry Gilson sprang upon him from one side of the cage. Schott struggled with the men and tried to force them back and close the door, but Smith succeeded in passing him and getting into the hall. Schott called for help and the sheriff arrived just in time to secure Smith as he took hold of the outside door. Schott forced the other two men back into the cage and went to the sheriff's aid. He secured his revolver and Smith was offered the alternative of going back into his cell or receiving a bullet from the revolver. He chose the former and was soon locked up again. Smith, who appeared to be the ringleader, is awaiting trial for a burglary committed at Chelsea; Howard is the man arrested at Paw Paw for stealing Cornwell Bros.' horse; Gilson is a tramp who has been sentenced to the House of Correction for three months. Smith is now locked in his cell and will receive a diet of bread and water until court convenes.

The attempt was to have been made earlier in the evening, while the deputy was absent, and the sheriff was to have been the man assaulted. He was called into the cage by the men about 8:30 o'clock, on the plea that Steeb was having a fit. He went in, but his sister-in-law followed him and locked the outer door to the corridor. Steeb was not in need of help, and recalling the circumstance, the sheriff concludes that was to have been the time selected for the escape.

There is no light in the cage, and it would be an easy matter for the prisoners

to strike a man down before he saw them. The other prisoners made no attempt to make their escape. The affair ended all right, but the situation looked precarious for a time. Attempts of this kind can be avoided in the future by having lights placed in the cage, and the jail authorities should attend to this matter before any of our officials are murdered or a general jail delivery takes place.

Common Council Proceedings.

The regular meeting of the common council was held Monday evening, only seven members (a bare quorum) being present.

The Board of Public Works made the following recommendations:

That the width of the sidewalks on Washington-st, from Second-st to Fifth-st, and on Fourth-st, from Catherine-st to Liberty-st, be established at 14 feet.

That a sidewalk be ordered built on the west side of south Fourth-st, from Hill-st to Elm-st. That High-st, west of north Main-st, be opened 66 feet in width, the center line starting from the iron monument at the intersection of Main-st and Summit-st, and running in a direct line to the iron monument which marks the angle of High-st next east of Grove-st.

The finance committee recommended that a committee of three be appointed to act with the committee of the Ypsilanti council, in regard to getting commutation rates on the M. C. R. R. The recommendation was adopted, and Aid. Allmendinger, Miller and A. F. Martin were appointed as such committee.

The ordinance relative to licensing of vehicles was given a second reading.

The street committee made the following report:

In regard to opening Fourth-st, from Madison-st to Hill-st, they recommended a delay in the matter.

In regard to a foot-bridge over the M. C. R. R. tracks at the foot of State-st, the committee felt inclined to recommend it, but, could not, owing to the present state of the city finances and the pending law suit in regard to the Fontaine-st bridge.

In regard to High-st, the committee recommended that the action of the Board of Public Works be concurred in.

The report was adopted. The sidewalk committee reported in favor of ordering walks as recommended by the Board of Public Works. The report was accepted and adopted.

The water committee was granted further time to report on the extension of the water mains on Packard-st.

The following resolution was presented by Aid. A. P. Martin and adopted, after an unsuccessful attempt to lay it upon the table:

Resolved, that interments may hereafter be made, subject to the same conditions that have heretofore governed the burial of bodies, in the old cemetery.

The recommendation of the Board of Public Works in regard to High-st was adopted and the Board was instructed to open the street in accordance therewith.

The Fire Commissioners were asked to present to the council an estimate of the cost of a complete fire alarm system to cover the city; also the estimated cost of a telephone system.

Sidewalks were ordered built on the north side of west Huron st, from First-st to the city limits; also on the west side of south Fourth st, from Huron-st to Washington-st.

The recommendation of the Board of Public Works in regard to the width of sidewalks on Washington and Fourth sts was referred to the sidewalk committee, who reported in favor of the recommendation and it was adopted.

The council then adjourned.

Webster Farmers' Club Meeting.

The September meeting of the Webster Farmers' Club was held at the residence of Win. Scadin on the 14th.

A change of programme was made, owing to the absence of the gentlemen selected to lead the discussion.

Miss Rebecca Tubbs gave a recitation, and Miss Jule Ball and E. N. Ball attended to the music.

Prof. Davenport of the Michigan Agricultural College gave a very interesting talk on wheat and fertilizers, illustrating his lecture by charts compiled from the experiments of Laws and Gilbert, England.

At its conclusion Rev. Scott Williams, who has been in Chili, S. A., for the last five years in missionary work, being called upon, gave some birds-eye views of the country, its modes of farming and its intellectual and moral status.

The October fair of the club will be held at K. S. Cushman's the second Saturday of the month.

FOR RENT.—Several Houses in good repair, in central part of the city. Yearly rent from \$130 to \$310. Enquire of J. Q. A. Sessions, Atty. and Real Estate Agt., No. 6 Main St. 71

MISCELLANEOUS.

PROF. STORMFELS, 62 S. Main-st. Formerly of Conservatory of Music, Abion, Mich. Teacher of Violin, Viola, Cello, etc. Special class for ladies and children. 71

LOST.—A new pair of Gold Spectacles, Bliss & Son's name on the case. Please leave at their store or J. W. Hunte's. 69

LOST.—A small dark red Theatrical Date Book; O. H. Hasselman on cover. Left on the writing desk at postoffice, Monday, Sept. 16. Of no use to anyone except owner. Please return to manager of Opera House. Joe. Oppenheimer, Agt. Levavits Minstrels. 71

FOUND.—Handkerchief with deep lace border. Call at REGISTER Office. 70

CALL on Miss Dora Helle, for Dress-Making, Neatly done and reasonable prices. No. 8 Hamilton Bk. 71

DETROIT Common Stock Brick, Pressed and Moulded. For sale by the thousand, or by the million by John Moran. Shipping point, corner of Main and Madison-st, at Mr. Just's lumber yard. Brick delivered to any part of the city on short notice. Residence 24 East Madison-st 70

LOTTOLE has taken the management of the Singer Mfg. Co.'s business at Ann Arbor. Office in Opera House block. 69

FOR LESSONS on the Guitar call on or address Anna C. Wilson, No. 30 Geddes ave., Saturdays are reserved for the accommodation of students. 71

MRS. E. A. HOYT, HAS NOW A COMPLETE LINE OF

Fall Millinery Goods

LADIES are cordially invited to call before purchasing elsewhere. NO. 7 ANN ST., ANN ARBOR.

Salesmen Wanted

To solicit for our well-known Nursery. Good wages paid weekly, steady employment. All stock guaranteed true to name. Our specialty is hardy stock for the North and Northwest. Write for terms before territory taken, staling age. CHASE BROTHERS' COMPANY, Chicago, Ill. 70

REMNANTS ! REMNANTS !

Mack & Schmid.

Extraordinary Remnant Sale!

In consequence of this season's extensive sales, and more especially resulting from the late cut prices, we find on our hands a large lot of short ends which we have to take from the shelves in order to have space for the daily arriving new fall stock. This great accumulation of Remnants forces us to slash prices way down, in many cases to disregard value altogether, and simply to try to clear them out our way.

Come early to secure first pick and save money. All remnants marked in plain figures.

- Remnants of Prints, Remnants of Table Linens, Remnants of Muslins, Remnants of Jeans and Cottons, Remnants of Dry Goods, (In length* from 11-2 to 14 yds.), Remnants of Black Dress (some sufficient for full dress patterns), Remnants of Silks and Sullies*, Remnants of Satteens, 4 to 10 yards length, Remnants of White Goods, Remnants of Linens, Remnants of Lince Curtains of every description, Remnants of All KINDS, on our Center Tables, (marked in plain figures.)

MACK & SCHMID.

A TIMELY SUGGESTION

BOYS!

AB it is ALMOST TIME for school to begin DON'T YOU THINK it would be wise to ask your MOTHER to look over your wardrobe and see if there is not

Something You Need I For School Wear.

If so, please DO NOT FORGET that we have anticipated your wants and bought a Large and Well Assorted Line of Suits, etc., for that purpose, which we will sell at Especially LOW PRICES. We are SURE we can satisfy EVERYONE that will look over the goods. We also have a LARGE LINE of Suits for Youths and Men which we will sell at correspondingly LOW PRICES. Don't Forget the Place.

COR. MAIN AND WASHINGTON STS., J. T. JACOBS & CO.

IMPOETANT!

WE DON'T OFFER FOR SALE REFUGE GOODS, REJECTED BY HONEST RETAILERS AND THROWN INTO AUCTION HOUSES TO BE AFTERWARDS DISPOSED OF THROUGH QUESTIONABLE CHANNELS, SUCH AS SNIDE BANKRUPT SALES, ETC.

HONEST GOODS OR NONE AT ALL

100 PAIRS LADIES' KID BUTTON

SMALL SIZES, 20 PER CENT DISCOUNT.

WAREANT EVERY PAIR. GOODSPEED'S,

17 MOUTH MAIN STREET, ANN ARBOR, MICH

Young Men!

We have placed on our tables for the Fall Trade the finest line of SUITS for SCHOOL and BUSINESS WEAR you will find.

Particular attention has been given to securing the newest styles of reliable goods, and having them well cut and trimmed.

We have also purchased a large line of TROUSERS, comprising all grades and marked them at bottom prices. A good stylish pair of -Trousers for \$3.00.

WE WANT YOUR TRADE.

WAGNER & CO., CLOTHIERS.

THE REGISTER.

THURSDAY, SEPTEMBER 19, 1889.

AROUND THE COUNTY.

At Saline 8.56 per barrel is being paid for winterapples.

The Plymouth Mail is now two years old and prospering.

Nellie, wife of Wm. Parsons, died Sept. 8, aged 31 years.

A fruit evaporating factory has been established at Saline.

D. Nissly of Saline has shipped a cargo of fall apples already.

The Chelsea fair next week Wednesday Thursday and Friday.

The Chelsea folks think that the sparrows are decreasing in numbers.

Sneak thieves have been raiding houses with open windows at Ypsilanti.

The children of school age in Manchester are pot as numerous this year as last.

The price of the Livingston Herald has been raised from 50 to 75 cents per year.

Lee & Klingman of Dexter had a plate glass in front of their store broken recently.

The colored children increased and the white children decreased at Ypsilanti, according to the school census.

At the last meeting of the year 22 people were received, in the Ypsilanti M. E. church on probation.

In Livingston county many farmers are building silas in which to preserve feed in green stage for their stock.

The high school at Dexter is again in the hands of the non-residents.

Foreign students, about \$125 being already paid in by non-residents.

Dexter Leader: "A number of our dramatic people are getting themselves in shape to put on a play about the middle of next month."

C. S. Stanley of Rawsonville was born September 9, 1815, and on his last anniversary his friends gave him a big reminder of the event.

A new hardware and agricultural store has been opened up at Dexter by David Waite, a retired and well-to-do farmer of that locality.

The editor of the Dexter Leader has been sitting up nights to witness the blooming of moon flowers, and appears to like the job first rate.

W. A. Bailey, who for a number of years has been working on the Wayne Review, assumed control and management of the paper last week.

Prof. J. M. B. Sill, of the State Normal school, conducted the Episcopal service at the opera house, Saline, last Sunday.

The Michigan Wheelmen are to meet in Ypsilanti for their annual tournament. A road race around the triangle will be had in the afternoon Friday.

Richard Cogger says he has sold \$50 worth of plums from six trees this season, save several bushels away and the trees hang full yet. Next—South Lyon Picket.

The veterans have been spending their pension money this week. Most of them made good use of it, but we are afraid there are some who did not.

Married—Wednesday Sept. 11th, 1889 at Howell, by Rev. Jesse Kilpatrick at the M. E. church, Mr. Arthur W. Bennett, of Green Oak, to Miss Mattie Crescent, of Ann Arbor.

Chelsea Herald: "The Chinese Village company will appear at the town hall Sept. 24" together with a great exhibition of Chinese wonders and curiosities. Don't fail to see them."

B. J. Appleton, who lived about five miles east of Pinckney, was killed one day last week, by being thrown from his wagon. He was intoxicated and his team ran away from him.

School began Monday with R. MacDonald as Principal, Miss Nettie Sayles in the Intermediate and Miss Fattie Rhodes in the Primary. A fair attendance is reported.—Stockbridge Sun.

Saline Observer: "Prof. Hendershot informs us that the number of pupils enrolled in our school is 216, of which 96 are in the primary departments, 89 in the intermediate and 31 in the high school."

The coroner's jury rendered a verdict of "accidental death" in the case of Frank Fisk, of Marion, Livingston county, who was found dead on the road leading to his home. Foul play was suspected.

Pinckney Dispatch: "School commenced last Monday morning with a large attendance. The prospects are good for a larger attendance during the coming year than there has been during any previous term."

An election to authorize council to bond the city for \$50,000 additional to extend the water works system will be held at the council hall, Monday, Sept. 23. Registration board will meet Saturday preceding.—Ypsilantian.

A game of base ball between the Pinckney and Dexter nines, on the grounds of the latter, resulted in a score of 8 to 6 in favor of Dexter, and now Dexter claims the championship of the world. What say the Chelsea boys to that?

South Lyon Excelsior: "John and Tom Marshall expect to start for Lansing to-morrow, from there they leave for their Kansas homes in a few days. The boys are well pleased with their thrifty and temperate state, where they say prohibition is well protected."

Ypsilanti Sentinel: "The old paper mill pump having given out, a new temporary pump has been put in at a cost of over \$1,000. A considerable part of what remains of the river is sent back now, and splattered in the streets to show that we have water works."

Saline Observer: "Early pedestrians on Saturday morning saw a sight in front of the Wallace block, which was suggestive of a terrible tragedy, a large pool of blood being found on the sidewalk. The corpse of a cat, a little further down the street, however explained the mystery."

Ypsilantian: "The Ypsilanti Savings Bank is after Rev. Samuel Earp to whom it loaned the sum of \$6500 on certain securities which is deemed sufficient. It commenced suit for payment last Friday which we trust will reveal some of the mysterious financial operations of the reverend gentleman, if it does not put him in limbo."

A new school of about 40 pupils was organized Monday in the south store of the opera house block. The pupils are an overflow from the fourth and fifth grades of the other buildings. Miss Cora Monroe, a former graduate of the high school, was employed as teacher.—Howell Register.

When the engine house was built the tower was not made high enough for the hose to hang in and several feet has always laid on the floor. The tower is to be raised 10 feet. It will not only be more convenient but will add much to the looks of the squat-looking building.—South Lyon Picket.

The weekly weather crop bulletin issued last Saturday gives the average total rainfall for the past seven days as 0.07 inches, which is 0.70 inches below the average. Sunshine largely in excess and injurious to crops, such as corn, potatoes and pastures, except in the counties of the Grand Traverse region that received the heavy rainfall of last week. Seeding has progressed rapidly in the southern counties and some early sown wheat in Washtenaw county is now above ground and growing slowly.—South Lyon Picket.

Satine people ever lend a helping hand to the unfortunate and afflicted. During the past week a subscription paper has been circulated and \$54 raised to enable Thomas Eccles to procure treatment for a cancer, which for some months has been eating its way into his lip. Week before last he visited a renowned cancer doctor at Adrian, who would guarantee a cure, but who first wanted a deposit of \$50 made in his favor—a sum which Mr. E. had not at his disposal, hence the subscription paper. He is at present undergoing treatment at Adrian.—Observer.

The wheat crop for the past seven days were unfavorable to corn and potatoes on account of dryness, but the local and general rains of the latter part of the week have gone far to improve these crops, while the pastures have been greatly improved by rain. Corn, potatoes and pastures have probably been reduced in yield on account of the recent drought, and some of the corn in the southeast portion of the state is being cut. The rains have put the ground in condition for fall seeding, and the plowing and seeding will now progress rapidly.—Bellevue Enterprise.

Ypsilanti Sentinel: So far as we have heard the free schoolbook law was voted down by a large majority wherever a vote was taken. As the law has not been generally published it is probable that in many districts it was not noticed. We do not know what demand there was for it before the legislature, but it was certainly received with very little favor by the people. In Saline the question was voted down by a large majority. In Manchester by some 8 or 9 to 80; in the Willis district, 24 to nothing; at Denton by a large majority; in short it looks as if this part of the more than six month's work of the law makers is effectually repudiated.

During the past week business prospects have been looking up in Dexter to the extent that the man who said the town was dead has packed his grip and gone over to Pinckney to hate himself to death. True, we are not the most lively set of people on earth, but the statement that we are "clean dead" can not be qualified. Among the new business houses we record a new Hardware store, tailor shop and meat and produce market, with a good prospect of others which we can not at this writing make public. The public is glad to welcome you, gentlemen, and if there are more who desire to embark in trade here, in behalf of the public we say come on.—Leader.

"If a woman is pretty, To me 'tis no matter, Be she blonde or brunette, If she lets me look at her."

An unhealthy woman is rarely, if ever, beautiful. The peculiar diseases to which so many of the sex are subject, are prolific causes of pale, sallow cheeks, blotched with unsightly pimples, dull, lustreless eyes and emaciated form. Women so afflicted can be cured by using Dr. Pierce's Favorite Prescription; and with the restoration of health comes that beauty which, combined with good qualities of head and heart, makes women angels of loveliness. "Favorite Prescription" is the only medicine for women, sold by druggists, under a positive guarantee from the manufacturers that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrappers, and faithfully carried out for many years.

There is a cheerful outlook for the house-keeper. Fourteen thousand girls in London are attending cooking schools.

Nothing: Like III

Every day swells the volume of proof that as a specific for all blood diseases nothing equals Dr. Pierce's Golden Medical Discovery. Remember, this is an old established remedy with a record! It has been weighed in the balance and found fulfilling every claim! It has been tested many years in thousands of cases with flattering success! For throat and lung troubles, catarrh, kidney disease, liver complaint, sick headache, dyspepsia, and all disorders resulting from impoverished blood, there is nothing like Dr. Pierce's Golden Medical Discovery—world renowned and evergrowing in favor.

The wise man hieveth his pence, while the fool expendeth his substance in the purchase of nose paint.

Vigor and Vitality

Are quickly given to every part of the body by Hood's Sassaaparilla. That tired feeling is entirely overcome. The blood is purified, enriched and vitalized, and carries health instead of disease to every organ. The stomach is toned and strengthened, the appetite restored. The kidneys and liver are roused and invigorated. The brain is refreshed, the mind made clear and ready for work. Try it.

An I-glas8—the mirror. A glass I—in the mirror.

SLEEPLESS NIGHTS, made miserable by that terrible cough. Shiloh's Cure is the Remedy for you. Sold by Eberbach & Son.

A California letter tells of a widow in southern California who has just sold her 1 orange srop for \$10,000.

FKOM WASHINGTON.

A Daily Record of Events at the National Capital.

James W. Tanner, the Pensioner* of Pension*, Sends His Resignation to the President—Other News of General Interest.

CAPITAL NOTES.

WASHINGTON, Sept. 13.—The following is Commissioner Tanner's letter of resignation and President Harrison's reply thereto:

"DEPARTMENT OF THE INTERIOR, BUREAU OF PENSIONS, WASHINGTON, D. C., September 14, 1889.—To the President: The differences which exist between the Secretary of the Interior and myself as to the policy to be pursued in the administration of the Pension Bureau have reached a stage which threatens to embarrass you to an extent which I feel I should not call upon you to suffer, and as the investigation into the affairs of the bureau has been completed, and I am assured, both by yourself and by the Secretary of the Interior, contains no reflection on my integrity as an individual or as an officer, I herewith place my resignation in your hands, to take effect at your pleasure, to the end that you may be relieved of any further embarrassment in the matter. Very respectfully yours, JAMES TANNER (Commissioner)."

"EXECUTIVE MANSION, WASHINGTON, September 12.—Hon. James Tanner, Commissioner of Pensions: Your letter tendering your resignation of the office of Commissioner of Pensions has been received, and your resignation is accepted to take effect on the appointment and qualification of your successor."

"I do not think it necessary in this correspondence to discuss the causes which have led to the present attitude of affairs in the Pension Office. You have been kindly and fully advised of my views upon most of these matters."

"It is a pleasure to add that so far as I am advised your honesty has not at any time been called in question, and I beg to renew the expression of my personal good wishes to you. Very truly yours, BENJAMIN HARRISON."

Corporal Tanner is undecided as to whether he will do. The reports about his being tendered various appointments at the hands of the Administration are without authority or fact. No trade was entered into for the purpose of influencing Mr. Tanner to retire from office and no compromises were made.

WASHINGTON, Sept. 14.—The Ohio State Republican Association renominated Senator Sherman at his residence here Friday night. A large and enthusiastic crowd of Ohioans and citizens, numbering perhaps 2,500, gathered in front of the Senator's house. After an introduction by Congressman Grosvenor, who in behalf of his friends congratulated the Senator on his safe return from Europe, Senator Sherman, standing on his front door steps, made a stirring speech.

WASHINGTON, Sept. 10.—A statement prepared at the Treasury Department shows that the total amount of bonds purchased to date since August 3, 1887, is \$199,538,001, of which \$8,478,250 were 4 per cents and \$118,775,556 were 4 1/2 per cents. The cost of these bonds was \$231,538,306.

WASHINGTON, Sept. 17.—The Post-office Department has issued advertisements for printing postage stamps. The number called for will be about 2,000,000,000. The usual cost of printing these is about \$1,850,000 a year, including paper and gumming. The new two-cent stamps are to be either brown or carmine.

MURDER RESULTS.

A Neighbors' Quarrel in Ohio Ends in the Killing of a Farmer by Two Women.

ZANESVILLE, O., Sept. 17.—A Times-Recorder special from Malta, O., says: Frank Amers, a farmer living near Rigwood, was murdered Friday afternoon while working in a field. A man driving by heard a cry of murder, and hastening to the spot saw two neighbor women named Hampton running away as fast as possible. It is not known which one committed the crime, or both; but Amers' head was terribly hacked with a knife and he died almost instantly. Some time ago the two families quarreled over some poultry, which was settled by a justice of the peace against the Hamptons, since which time the women have been carrying sharpened butcher-knives and swearing vengeance.

A FORTUNE IN GERMANY.

The Fisher Kstate, Worth \$51,000,000. Ready for Distribution.

MARSHFIELD, MO., Sept. 14.—The Fisher estate in Germany, amounting to \$51,000,000, it seems, is now ready for distribution.

T. J. Duke, who lives near Herndon, has just received a letter conveying the welcome news that the fortune had been secured and an advertisement published calling on the heirs to come forward and prove their identity and get their money. Among them are some of the best-known citizens of Missouri and Illinois. There are about twenty-one of the heirs in this country.

The Cronin Case.

CHICAGO, Sept. 16.—The third week of the Cronin trial came to an end at 3:30 o'clock Saturday afternoon, when Judge McConnell announced that the fourteen venire had been exchanged. Three hundred and twenty-seven veniremen have been exhausted. All have been excused except Culver, a real-estate dealer, and Pearson, a farmer. Culver is a probably juror. Pearson will doubtless be excused by the State. Thus far the State has used twenty-four and the defense fifty-two of their peremptory challenges.

Famine in Foreign Joints.

MASSOWAI, Sept. 17.—A famine prevailed throughout Tigre, a state of Abyssinia. Bands of starving peasants are ravaging the country around Sokota.

VIENNA, Sept. 17.—It is now stated that 23,000 families in Montenegro are likely to suffer from the famine prevailing there.

A Heavy Loss.

SAN FRANCISCO, Sept. 17.—Fires are raging near Spring Valley, Cal., in Ventura county, Sonoma county and other parts of the State. Miles of fences, considerable timber and many buildings have been destroyed.

A Millionaire Shot Dead.

BOOKLIN, Sept. 14.—F. W. Gesswein, a millionaire tool manufacturer of this city, was shot dead in his office yesterday by Christian Deyhle, of Philadelphia, aged 60 years, whom Gesswein had beaten in a patent law-suit.

Terrible Accident Down South.

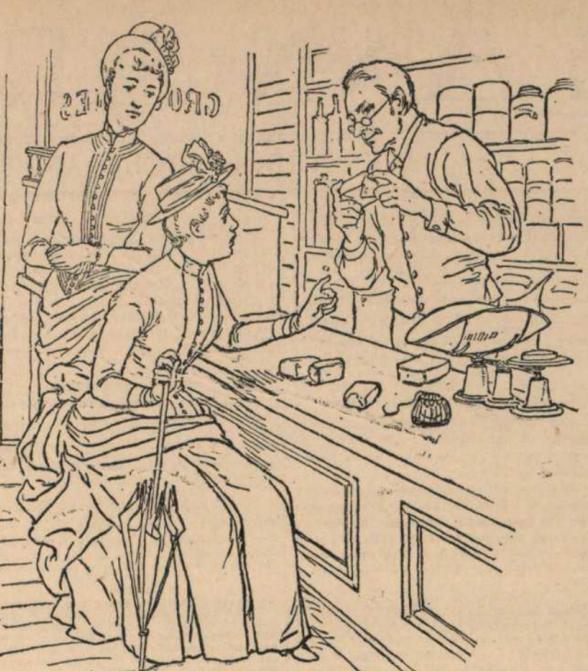

ATLANTA, Ga., Sept. 17.—About four miles from here at midnight the Central north-bound passenger train collided with a freight train demolishing the engine and killing three men, engineer, fireman and brakeman.

Frost in Illinois.

GALENA, Ill., Sept. 17.—There was a severe frost in the lowlands in this section of the country Sunday night—the first frost this fall. As the crops are well advanced there was but little damage done.

Death of a Pioneer Iron Manufacturer.

YOUNGSTON, O., Sept. 14.—John H. Jones, a pioneer in the iron business, who secured many patents and built ten rolling-mills, died here Friday. He was 77 years of age.

"CATCH-PENNY" SOAPS.

Anything that is the best of its kind is sure to be imitated, and the more that an article is counterfeited, is the best possible evidence of its value. There are scores of imitations of the Ivory Soap, which grocers are persuaded to buy because they pay more profit than the "Ivory" will. On account of this extra profit, the grocer represent them to be "just as good as the Ivory;" they ARE NOT, but like all counterfeits, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

Copyright 1889 by Procter & Gamble.

Mrs. Dart's Triplets.

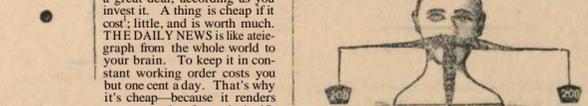

President Cleveland's Prize for the three best babies at the Aurora County Fair, in 1887, was given to these triplets, Mollie, Ida, and Ray, children of Mrs. A. K. Dart, Hamburg, N. Y. She writes: "Last August the little ones became very sick, and as I could get no other food than what they were soon as well as ever, and I consider it very largely due to the Food that they are now so well." Lactated Food is the best Food for bottle-fed babies. It keeps them well, and is better than medicine when they are sick. Three sizes: 25c, 50c, 81c. At druggists. Cabinet photo of these triplets sent free to the mother of any baby born this year. Address WELLS, RICHARDSON & CO., Burlington, Vt.

SEVENTH POINT

You should read TUBERCULOSIS DAILY NEWS because you can afford it. Price doesn't stand in the way. It's really the cheapest thing on earth. One cent means practically nothing—until you spend it. Then you may make it mean a great deal, according as you invest it. A thing is cheap if it cost little, and is worth much. THE DAILY NEWS is like a teatigraph from the whole world to your brain. To keep it in constant working order costs you but one cent a day. That's why it's cheap—because it renders a great service for an insignificant price.

Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months \$1.00,—one cent a day.

DON'T SCOLD

a man for groaning when he has Rheumatism or Neuralgia. The pain is simply awful. No torture in the ancient times was more painful than these twin diseases. But—oughtn't a man to be blamed if, having Rheumatism or Neuralgia, he went to Ath-lo-pho-ros, when it has cured thousands who have suffered in the same way? It has cured hundreds after physicians have pronounced them incurable.

"The skill of five physicians could not care me of Rheumatism which had settled in the hips, neck and shoulders. So intense was the pain that sleep was almost impossible. The first dose of Athlophoros gave me relief, and the third enabled me to sleep for four and a half hours without waking. I continued its use, and am now well."

THE STORM IS OVER.

The Hurricane on the Atlantic Coast Comes to an End.

Belated Vessels Keach New York with Tales of Hough Experience at Sea—Counting the Cost—Oyster Planters Kuinert.

THE SUN SHINES AGAIN.

LEWES, Del., Sept. 15.—Twenty-nine of the thirty cottages at Point Pleasant were washed away by the storm and the occupants forced to take to boats to escape. The town of Milton on Slaughter's Beach were also partially submerged. The number of lives lost here is variously estimated at from twenty to eighty. None of these estimates is based upon facts, being merely supposition founded on rumors heard on every street corner. The United Press computation of the number of lives lost within a radius of eight miles of Lewes, which is the center of destruction, is as follows: Pilot-boat Ebe W. Tunnel, total crew and pilot, fifteen; schooner J. T. Bryan, six; schooner Snow, six; schooner Parker, seven; barge Wallace, five; barge Towanda, four; total, forty-three. The actual list may, however, foot up twice this number. The damage to shipping within a radius of ten miles of the breakwater which it was at first feared would exceed \$5,000,000, it is now thought will fall below \$2,600,000.

New York, Sept. 16.—Kays of sunshine have at last broken through the heavy clouds and New Yorkers are congratulating themselves that the storm which has been with them since last Monday has fled. The feeling of uneasiness in shipping circles as to the safety of many vessels remains as keen as ever. There are several New York steamers and sailing vessels overdue. Communication with Bandy Hook has been restored. No less than a score of storm-delayed vessels are reported to have passed up toward quarantine. All show evidence of having passed through the storm.

NEW YORK, Sept. 16.—The oyster planters have sustained a loss of \$2,000,000. Owing to the storm last week many of the planters have suddenly and unexpectedly been forced out of business and into bankruptcy. James W. Boyle said Saturday that nearly all the splendid oyster beds in the great kills, the middle grounds of Oyster bay and the beds on the sand-bars in Jamaica bay and Eockaway were ruined and the stock a total loss. On many of the beds which are located in the creeks and inlets the sea-lettuce or salad is from two to three feet deep, and the cost of removing it would equal the value of the oysters. Over 1,000 oyster openers were idle for three days waiting for the arrival of the oyster-boats, but they will probably wait in vain. Only three boats arrived last week. The oysters they brought were quickly distributed among old customers, leaving others in the lurch. There are hundreds of restorateurs in New York who can not obtain an oyster. Philadelphia and other places depending on New York for their supplies are unable to get a single order "filled." The opening season promised to be "the most profitable and the stock the best" they had known in many years.

'E EXPECTS A WAR.

Bishop —or Says Chins Is Preparing to Avenge on America. CHICAGO, Sept. 17.—Bishop Fowler, of San Francisco, who has just completed a trip around the globe, yesterday morning in this city expressed the belief that tea year hence America would pay for its anti-Chinese laws with the blood of her citizens. In speaking of the law prohibiting the Chinese from coming to America Bishop Fowler said it was the most dastardly and disgusting thing that America ever did, "and," he said, with a slow emphasis, which was very impressive, "it will be paid for some day by the blood of some of America's best men." He thought every American should blush for shame when he thought of the violation of the treaty with China, whereby Chinamen were refused permission to land on our shores.

ODD-FELLOWS GATHER.

Annual Meeting of the Sovereign Grand Lodge at Columbus. COLUMBUS, O., Sept. 17.—The Sovereign Grand Lodge of Odd-Fellows convened in annual session in this city yesterday with representatives from every State and Territory and from Canada and Europe. Grand Sire Underwood delivered the annual address. He said that there were 1,821,275 white Odd-Fellows on the globe, a number fully a quarter million larger than the membership of any other civilized secret society. The report of Grand Secretary Boss for the United States showed that the total paid out for relief during the year was \$2,501,340.83, an increase of \$147,514.81 over the previous year.

Mrs. Hamilton Indicted.

C. MAY'S LANDING, N. J., Sept. 17.—The grand jury Monday afternoon indicted Mrs. Evangeline Hamilton for atrocious assault upon nurse Donnelly. Officer Bid- dit, of the Atlantic City police force, who arrested Mrs. Hamilton at the time of the cutting, was the only witness who appeared before the grand jury. He told his version of the arrest and exhibited the clothing both of Hamilton and the nurse, in which there were several knife-cuts.

Accused of Murder.

KANSAS CITY, MO., Sept. 17.—Alice Dyke, on trial for the third time for the murder of John Hamilton two years ago, was acquitted Monday night. The first trial resulted in conviction and a sentence of fifteen years in the penitentiary. The second jury could not arrive at a verdict, and the third rendered a verdict of "not guilty." The prisoner claimed self-defense from robbery.

Windfall for a Milwaukee Murderer.

MILWAUKEE, Sept. 17.—Paul Steindl, who served a term in State prison for the murder of District Attorney McArthur, and who has been in extreme poverty, selling matches on the street for a living, has been left \$20,000 by an uncle in Germany. Steindl is a cripple, and had always talked about his rich relatives in the old world.

Forest Fires Down East.

BANGOR, Me., Sept. 14.—Forest fires in this vicinity are doing much damage. Country roads are impassable on account of the heat. The cities of Fredericton and Honcton, N. B., are surrounded by flames, and people are fighting to save their property.

Sentenced for Life.

SAN DIEGO, Cal., Sept. 16.—Sylvester Morales, the noted bandit, who for some months has terrorized Southern California, pleaded guilty to the charge of robbery Saturday afternoon and was sentenced by Judge Paterbaugh to Folsom State prison for life.

Fire Destroys a Michigan Flour Mill.

HILLSDALE, Mich., Sept. 16.—The roller-mills at Beading, Mich., were burned Friday night. So rapid was the progress of the flames that only the books were saved. Loss, \$10,000.

THE RAPIDS.

W. L. ... the Niagara Whirl... A Cork Jacket.

N. Y., Sept. 16.—Water 3. Carak... young swimming-teacher Iron... a little village down the river... In... successfully swim the whirlpool... with no other protection than a cork jacket. Starting... o'clock, accompanied by a d... he rowed in a little boat from the Maid landing till the current caught him and compelled him to unshp his oars. Sitting in the bottom of the boat he clung to it desperately till after Buttery's elevator was reached, when animal and man were thrown out into the boiling water. The life preserver enabled Campbell to keep afloat till in the second circuit of the great whirlpool he was thrown so near the shore that his father, who waited on the bank, was able to catch his hand and help him out. Once a huge log caught the back of his head, and for a time held him down, but he dove from beneath it and was not much injured. At 3:40 he was pulled out, but little the worse for his trip.

In speaking of the trip the young man said that nothing in the world would tempt him to make the trip again. He had had enough. The dog landed at the whirlpool all right. The boat was seen floating about in the whirlpool bottom up. Campbell is the youngest of the Niagara heroes, and will be 21 years old October 4. His height is five feet seven inches.

TOURISTS RETURN.

The League Party of American Workmen Arrived in New York.

NBWYORK, Sept. 14.—The fifty American working-men and women who went to Europe last July to investigate the condition of the European workmen returned Thursday night in the steamer City of Borne. Mr. Thompson said of the workmen on the other side: "They are not to be compared with ours. Almost every trade was represented in our party, and they examined carefully the products and machinery of the old country. It was observed that the machinery was cumbersome and lacks the completeness that is seen in our country. We have had remarkable success from the time we started. We were met everywhere with courtesy and treated in the best possible manner."

In Glasgow the party visited every steel and iron place except the factories of Campbell, and here admittance was refused them. It was found that wages were 33 per cent lower than in this country. H. M. Ogden, of Cincinnati, went with the party and investigated the printing trades. He said that in Europe they are about where the printers of this country were twenty years ago. They were quick in their typographical work but the result was not so satisfactory as here. There were 4,000 out of 10,000 printers organized, and out at this number 1,300 were women. Joseph Thorpe, of Murphysboro, Ill., looked into the engineering work in Europe. They were not organized. Their wages were about 50 per cent lower than in this country.

"RAISING THE WIND."

Indiana's Income, It Is Said, Does Not Meet Her Expenses—Selling Bonds to Secure Funds.

INDIANAPOLIS, Ind., Sept. 17.—The second \$700,000 loan ordered by the Legislature has been placed by the State officers with Lake Bros. & Co., of New York, who offered a premium of \$275 on the \$1,000. Including the loan made for refunding the school funds the State has now borrowed \$5,675,000 and pays an enormous amount annually in interest. The rate on the different loans is 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

RELEASED BY DEATH.

Bob Younger, the Famous Bandit, Dies in His Prison Cell.

STILLWATER, Minn., Sept. 17.—Bob Younger is dead. The noted bandit was sentenced to the Stillwater penitentiary for life in 1876 for murder committed while attempting to rob the Northfield (Minn.) bank. He was a model prisoner, but consumption at last claimed him, and for a year past he has been slowly dying. His two brothers, Jim and Cole, also life prisoners for the same crime, had been with him, as had his sister, for two weeks past. He began failing rapidly at 6 o'clock Monday night. At 10:30 his eyes closed forever, and the most picturesque figure in modern outlawry closed his career on earth.

SIX DEAD IN ONE FAMILY.

Terrible Mortality Among Children Traveling from Inva to Milwaukee.

BOONE, Ia., Sept. 17.—A family named Zenith, consisting of parents and ten children, left Boone early this month for Milwaukee. They went in a wagon, being ten days on the road. News was received from them Monday that diphtheria broke out in the family on their arrival, and that six of the children died in three days, only two recovering. It is thought they became infected on the road, as no trace of the disease is found in this city.

A Hunter's Awful Mistake.

HALIFAX, N. S., Sept. 17.—A large number of men were in the woods hunting for moose when one party, consisting of two men named Taylor and Annand, saw at a distance what they took to be a moose. One of them fired, and immediately a fearful shriek was heard. Hurrying to the spot they found that the single shot had killed two men whom they had mistaken for a moose.

His Reign Resumed.

AUCKLAND, Sept. 17.—The latest advices from Samoa are that Malietoa has been quietly restored to the throne. He and Mataafa have taken up a temporary residence on the Manono island, where they will remain until the decisions of the Berlin conference are confirmed. The German Consul at Apia has notified Tamasoa that Germany is precluded from giving support to any party.

The Business Failure*.

NEW YORK, Sept. 14.—The business failures occurring throughout the country during the last seven days number for the United States 170, and for Canada 23, or a total of 193, as compared with 301 last week and 511 the week previous. For the corresponding week of last year the figures were 217, representing 190 failures in the United States and 27 in Canada.

Getting Rid of Relief Funds.

HAERISBURG, Pa., Sept. 16.—The Johnstown flood commission has decided to distribute \$1,600,000 among the flood sufferers of the Conemaugh valley in addition to the sums received by them. Probably two weeks' time will be required to complete the work of distribution.

Died in Prison.

CHICAGO, Sept. 17.—Lorenzo Krug died in the Joliet penitentiary Monday morning. He was serving an eighteen-year term for murdering Lucy Heidemeyer in this city, and was suspected of having murdered three wives.

BASE-BALL.

Standing of the Four Associations for the Week Ended September 14.

Following are the number of games lost and won by the clubs in four leading baseball organizations:

Table with columns for NATIONAL LEAGUE and AMERICAN ASSON. Clubs listed include Boston, New York, Chicago, Cleveland, Indianapolis, Pittsburg, Washington, Brooklyn, St. Louis, Baltimore, Athletic, Cincinnati, Kansas City, Columbus, and St. Louis 111.

Table with columns for WESTERN LEAGUE and INTER-STATE LEAGUE. Clubs listed include Omaha, St. Paul, Minneapolis, Sioux City, Denver, Milwaukee, St. Joseph, Des Moines, Davenport, Quincy, Springfield, Peoria, Burlington, and Evansville.

HIS LAST JUMP.

L'ejnan', a Daring Diver, Receives Fatal Injuries at Montreal.

MONTREAL, Can., Sept. 16.—Harry Howard, otherwise known as Prof. Peynaud, jumped from a tower 150 feet high Sunday in this city in the presence of 1,500 people. At the foot of the tower a netting was stretched, and underneath the netting was a heavy canvas held by ten men. Peynaud went to the top of the tower, placed his hands close to his side, and jumped, at the same time shouting to his men to keep a good hold of the canvas. Not being used to the work several of the men let go and started off on a run. A cry of horror went up from the spectators. Peynaud went through the ropes with a crash, picked himself up, and started to walk away. A moment later, however, he fell in a faint. An ambulance was summoned and he was conveyed to the city hospital, where it was found that one arm and five ribs had been broken and he had sustained internal injuries. The hospital authorities say it will be impossible for him to recover.

LEFT WITH THE FUNDS.

A Texarkana Citizen and \$37,000 in Hard Cash Are Missing.

TEXARKANA, Ark., Sept. 10.—Prof. J. Wins, one of the oldest and best-known citizens of the town, is absent, and it is stated that he has decamped, taking with him \$37,000 in cash from the Texarkana Savings Bank, of which he was until lately president and manager. He had purchased an interest in the lumber business of the Matthews Lumber Company, and became its treasurer. He also induced his kinsmen to take large interests in the lumber company, and, it is said, received large sums of cash from them. He was implicitly trusted, was a man of good habits, and his escapade as a defaulter causes the greatest surprise.

Crime of a County Treasurer.

SHELBYVILLE, Ind., Sept. 16.—The shortage of the Democratic county treasurer, Michael Poz, was ascertained to be \$13,000, which his bondsmen made good. He turned over to them property worth \$7,500, encumbered with a mortgage of \$1,750. The next grand jury will investigate the matter.

Used the Company's Funds.

EAST SAGINAW, Mich., Sept. 17.—Charles M. Rice, auditor and general freight and passenger agent of the Saginaw, Tuscola & Huron railroad, was dismissed from the service of that corporation Monday, after a confession made by him that he had helped himself to \$800 of the company's funds.

Two Children Killed by Lightning.

FOKI WAYNE, Ind., Sept. 16.—Lightning struck a church near Columbia City Sunday afternoon, damaging it considerably and instantly killing two children, Ella Freyer and Aggie Hackemeyer. The church was crowded with Sunday school children, and several others were stunned.

Three People Drowned.

VALLEY FALLS, Kan., Sept. 16.—The heaviest rain-storm of the season occurred here Saturday. The roadbeds of the railroads are badly damaged. The Delaware river is even with its banks and the water is still rising. Three people are reported to have been drowned in back water on the river.

A Robber's Success.

SACRAMENTO, Cal., Sept. 17.—The stages between Forest Hill and Auburn was topped Monday morning by a masked man who demanded the Wells, Fargo & Co.'s treasure box. This box was given him and he escaped with it. It is not known how much it contained.

A Disastrous Fire in Melbourne.

MELBOURNE, Sept. 16.—George & George's Federal emporium and adjacent buildings were burned Saturday. The loss is \$300,000. Three firemen received injuries from which they died.

THE MARKETS.

Table of market prices for various commodities including LIVE STOCK, FLOUR, WHEAT, RICE, BUTTER, EGGS, and various oils and beans.

Swept by the Tide of Popularity

To the utmost pinnacle of success. Hostetter's Stomach Bitters stands a shining proof of what genuine merit, backed by the living force of proven facts, can attain. The North and South American colonies, Europe, Australia, the West Indies, Guatemala and Mexico have all contributed wide patronage and testimony of the most favorable kind—but unsolicited—to swell the reputation of this sterling remedy. Arms; the maladies for which the most convincing public and professional testimony proves that it is a benign curative are chills and fever, bilious remittent, dumb ague and ague cake, dyspepsia, liver complaint, nervousness, debility, kidney and bladder complaints. It mitigates the infirmities of age, hastens convalescence has a tendency to prevent ill consequences from exposure and exhaustion. Persons of sedentary habits and laborious occupations will find it an ever useful tonic.

Miss May Metcalf has been appointed official stenographer for the MadisDn county, Ind., judicial circuit.

THE REV. GEO. H. THAYER, of Bourbon, Ind., says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE." Sold by Eberbach & Son.

Mrs. E. S. Richie, near Hatboro, Pa., has a rosebush of the 'Seven Sisters' variety containing 1,600 buds and roses.

A Lady in South Carolina Writes:

My labor was shorter and less painful than on two former occasions; physicians astonished; I thank you for 'Mothers' Friend.' It is worth its weight in gold. Address the BradSeld Reg. Co., Atlanta, Ga., for particulars. Sold by all druggists.

A small town near Morgantown, W. Va., has an eccentric woman who wears a different colored wig each day in the week.

SHILOH'S COUGH and Consumption Cure is sold by us on a guarantee.

Charles Sinner once said of Clara Barton: [She has the talent of a statesman, the command of a general, and this heart and hand of a woman.]

A Great Surprise

Is in store for all who use Kemp's Balsam for the Throat and Lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free? It never fails to cure acute or chronic coughs. All druggists sell Kemp's Balsam. Large Bottles 50 cents and \$1.

A temporary lone—The grass widow.

SHILOH'S CURE will immediately relieve Croup, Whooping Cough and Bronchitis. Sold by Eberbach & Son.

Bird seed—Eggs.

HORSE AILMENTS.

Neponset, Ill., May 20, 1888. My mare caught cold; result: swelled limbs; lump between fore-legs and inflammation. Cured her with St. Jacobs Oil. L. O. GARDNER.

Winsboro, Tex., June 20, 1888. My horse was hurt on hind leg; suffered 10 months; was cured by St. Jacobs Oil; cure has remained permanent. W. J. CLINE.

JOS. CAIRN SIMPSON, Esq., Sec. Pacific Coast Blood-Horse Association, says: "Being familiar with the remarkable efficacy of St. Jacobs Oil, I cheerfully and heartily endorse this valuable specific for painful ailments."

Hon. ODEN BOWIE, Ex-Governor of Maryland, Jockey Club, Great City Pass, Hallway Co., says: "In my family and my stable I have used St. Jacobs Oil with satisfactory results, and believe it the best remedy for the painful ailments of man and beast."

AT DRUGGISTS AND DEALERS. THE CHARLES A. VOGELER CO., Baltimore, Md.

"CHICAGO TRUSS."

If not paid until after six months.
Five Cents per year additional, to Sub-
scribers outside of Washenaw County.

THURSDAY, SEPTEMBER 19, 1889.

THE rain Sunday, though lasting but a short time, came down in a manner to make glad the farmer's heart. One can only wish that we could have had more of it.

ONE nuisance that the council should put an end to is the use of the streets around the court house square as headquarters for a lot of draymen with their poor horses and unsightly vehicles. They have no more right to use the streets for such purposes than farmers have to use them as a market place. This, however, would not be allowed for a moment.

THE immigration reports show that among the great Hood of foreigners coming to our country, the Italians are more numerous than that of any other race. This is certainly unfortunate, and if it continues will soon call for stringent measures to keep this undesirable race out of the country. We already have more of that class of people than we can well take care of.

DETROIT is beaming all over with pleasure this week at the success of the Exposition, and well it may do so. It is a big thing, and will do more to bring the city before the people of the country at large than any other one thing that has ever occurred there. The men who set the matter on foot and then backed it financially are deserving of the success with which the Exposition is meeting. Detroit may well be proud of such enterprising citizens.

YPSILANTI has a fair next week. It wants to have a big crowd, but evidently fears competition, and so refuses to allow the Detroit Exposition posters to be used in decorating the city. Of course the Ypsilanti show is the bigger of the two. It is fortunate that successful measures have been taken to prevent the people in our prosperous suburb from hearing of the little affair at Detroit and being beguiled into spending their money there instead of patronizing home enterprises.

THE managers of the Detroit Exposition probably meant alright when they arranged with the railroads for the sale of admission tickets as a coupon to the railroad ticket sold at reduced rates. This, however, renders useless the greater part of the press tickets furnished by the exposition managers to newspaper men outside of the city as they are obliged to purchase a ticket to the Exposition in order to obtain the reduced fare. This is an undeserved hardship as the papers have fully earned all the press tickets they have received by the advertising they have done for the Exposition.

THE suggestions made by our correspondent of the sixth ward are good. It would cost us but little to try a system of dry earth closets. The expense of giving this method a trial would probably not be more than the interest would be upon the debt which it would be necessary to incur in order to put in a system of sewers. This being the case the city can afford to give this method of disposing of waste matter a fair test. We are, however, doubtful as to its being possible to get very satisfactory results out of such a system. It would be a good idea to try dry closets anyway, so that if they were not a success all complaints in the future that a cheaper system would have done just as well, will not have any force.

*Miss Alice Stone Blackwell has an editorial on woman's wages in the Woman's Journal, and mentions a curious fact in connection with a competition of sculptors in Boston. The matter on foot was the erection of a statue to a distinguished citizen who had recently died. All sculptors were invited to send models of the deceased citizen, and with it their name in a sealed envelope. Miss Anne Whitney's model was decided to be the best, but when her envelope was opened the judges reversed their decision, as it was too much honor to bestow upon a woman.

The above appeared in a late issue of the Boston Transcript. With John L. Sullivan and such relics of the dark ages as the judges referred to above, Boston takes the lead. One might expect to hear of such ridiculous decisions being made among the South Sea Islanders, or the Hottentots, but from classic Boston, never.

THE REGISTER'S agitation of the question of a city sewer system is having a good effect. It has set people to thinking, and, what is better, the almost universal opinion seems to be in the right direction. This is as it should be. Now that it has been plainly shown what the people want, the common council should feel it their duty to investigate the matter thoroughly. It is no easy thing to decide just what system of sewers is best adapted to Ann Arbor, and how they can be put in most economically. Experts should be employed

to look the ground over, and their advice given the consideration such advice deserves. In such affairs too much care cannot be taken in the start. For every dollar judiciously expended in thoroughly investigating the subject before a plan is adopted, hundreds may be saved in carrying out such plans.

CRATER LAKE, Klamath Co., Ore.

DEAR REGISTER:—
Thinking it might, perhaps, be of interest to some of your many readers to learn of the existence of a natural wonder, not offered as an inducement by any of the numerous railroad lines now leading to the coast, I have been influenced to send you the following attempt at description:

The ubiquitous tourist in search of scenic beauties to charm the eye or soothe the tired brain rarely forsakes the regular beaten paths to wander whither pleasure or fancy may lead.

In these days of rapidity both of travel and life, the eastern man who can spare a month from his business buys a limited ticket or joins some excursion party, is whisked to the Coast, rushed from one point of interest to another, until, weary in body and soul, he is whirled back to his home much lighter in pocket if not in spirit.

Of course he has visited San Francisco, Los Angeles and Saa Diego, tarried a day or so at Del Monte or Hotel Coronado; perhaps viewed the wonders of the Yosemite and the grandeur of the big trees; caught a glimpse from the train of Mount Shasta, or Mount Hood, and finally, after a rapid glance at Tacoma and the Sound, he is willing to aver that he has "done the Coast."

But in such an itinerary he has unconsciously passed many a picturesque spot or magnificent view which equals, if not surpasses, anything so loudly heralded on the regular routes of travel.

Oregon, east of the cascades, has always been avoided by the tourist, owing to the popular idea that eastern Oregon is a barren, desolate region, devoid of interest, given up to the howling coyote and the credulous sage hen. Then, too, it is aside from the traveled highway, only the bolder ones being willing to undertake the long and tiresome stage ride across the Cascade Range.

If you look at a good map of the State of Oregon you will find Klamath county situated on its southern boundary about midway between the coast and the eastern confines. Looking more particularly in the northwest corner of said county you will observe a geographical blot designated as Crater lake. A person would not give this insignificant little blot an extra thought, and yet it is doubtless as well worth being classed among our national wonders as the Yosemite or Mammoth Cave.

Situated on the Western slope of the Cascades, at an altitude of ten thousand feet above the sea, Crater Lake nestles in the bosom of an old crater, that in some previous epoch of the earth's history evidently enlivened this locality by its frequent and devastating eruptions. But now, asleep for so many centuries, nature has clad its rugged edges and plutonic crags with noble firs, whose lofty heads and gracious boughs seek to hide the ghastly wounds inflicted in a more tumultuous age. Wherever seed can lodge or root hold fast, there stands a stately shaft supplicating the element to cease their strife.

The huge orifice has the general contour of an ellipse, with a major axis of ten miles and a minor of seven, or eight. Down from its embattled heights, sheer sixteen hundred feet, lies the lake, its tranquil surface rippled by no passing breeze, so closely is it girt by the majestic precipice towering overhead. Mirrored in its placid bosom are the circumjacent heights, whose fir clad sides and fantastic caricatures are faithfully reproduced, as like-wise every passing cloud or wandering bird.

Gazing down from some giddy perch, the waters where they lave the precipitous cliff, appear a bright emerald green, shading by imperceptible gradations to an intense indigo blue a short distance from the shore.

It is said that in all this huge circumference there is only one point where descent can be made with safety, and by this path wild animals are accustomed to seek the water's edge. The actual depth of the lake at the center has never been determined. A series of soundings conducted by the government failed to reach bottom at a depth of two thousand feet, and were discontinued for want of sufficient apparatus.

There are no apparent inlets or outlets, yet the water is excellent in quality and maintains a normal level throughout the year. Those who have explored the lake by boat declare, that there are numerous caves at the water's edge, some of them piercing the cliffs for a great distance. In a number of these caves they have been able to detect a slight current running out, and others running in. The lake is undoubtedly fed by numerous springs and the melting snow, but its outlet is a question for conjecture.

Neither fish or saurian of any species inhabit the imprisoned waters; the very birds shun its polished surface. An ominous silence pervades the air, rendered more oppressive by the occasional moaning of the wind in the sombre firs. A joyous shout is resented as sacrilegious by the weird echo, finally dying away in sepulchral grumblings at the presumptuous mortal who thus dares to interrupt his solemn slumber.

As usual, Romance has selected the lake for the scene of many a quaint Indian legend worthy of perpetuation by the pen of a Longfellow.

As yet the works of nature have not been

defaced by the arts of man. No mammoth hotel mars the edge of the great chasm; no obtrusive guide or arrogant hack driver impose their mercenary claim. Silently you come and gaze your fill, then as silently steal away, overwhelmed by the immensity of God's works and the insignificance of man's.

The crater and the forests adjacent have been reserved by the government as a National Park, and will eventually become a popular resort, when civilization and the railroads shall bring it within easy reach of the traveling public. The lake is about one hundred and twenty five miles by the regularly traveled route from the nearest railroad point. The Western S age Co. meets all regular trains on the O & L or R. R. at Ager, Cal., or Ashland, Oregon. The staging may be made as easy as you choose by delaying at several points of interest on the road. The journey takes one along the banks of the swiftly rushing Klamath river, through beautiful forests of pine, fir and cedar, skirts the margin of upper Klamath lake, (thirty miles long) passes through the Klamath Indian reservation, (twenty-six miles square) and affords an opportunity of visiting old Fort Klamath. The road finally winds along the Mystic Canon, which is scarcely a quarter of a mile in width, the precipitous sides descending four hundred feet to where Anise creek rushes madly to join Wood river fifteen miles away.

Fish and all kinds of game are abundant in the vicinity of the lake. The accommodations along the road, though often crude, are extremely reasonable and the people friendly and hospitable.

To all lovers of Nature's barbaric majesty, Crater Lake, once seen will always remain a vivid picture of memory's tinge.

WARREN F. MILLS, Law 88, U. of M.

Our 'onny fair.

As usual the weather on the opening days of the Washtenaw county fair was cold, damp and disagreeable, keeping many people from attending who would otherwise have been there. The exhibition is equal, if not superior, to that of other years, all classes being well filled except in the show of vegetables.

In Floral Hall fine displays are made by J. T. Jacobs & Co., A. Teufel, Walker & Co., Geo. Wahr, H. Randall, Eberbach & Co., Koch & Henne, Allmendinger Piano and Organ Co., and John Baumgardner. The entries in the art and fancy work departments are numerous and beautiful. In the shed adjoining, A. P. Ferguson makes a fine display of his road carts, and Walker & Co. exhibit a fine line of carriages.

The stock department is well filled by the following exhibitors: Cattle; Mills Bros., N. B. Covert, F. S. Olds, Olds & Bacon, S. O. Tubbs and Richard Nowland; Hogs; Geo. Olds, R. W. Mills, Richard Nowland, Olds & Bacon, M. Wilsey and W. F. Bird; Sheep; John A. Walsh, R. W. Mills, C. R. Parsons, K. E. Leland, Wm. Bush and F. S. Olds. C. A. Lemon and Dr. Dell show some fine registered horses.

The poultry and fruit departments both made a fine showing.

Yesterday was children's day and they were all there, the schools being closed and the scholars being admitted free. In the ladies' driving contest, Mrs. C. A. Lemon received the first premium and Mrs. Wm. Henion the second. In the race for two year olds, Key West, a yearling, won two heats and the race; Dell Kendall second, and Ben third.

The pony race was the exciting contest of the day, the contesting horses being mustangs owned by John Carroll and Mat. Sullivan. Carroll's horse won the first and third heats, and the race. In the second heat, he bolted the track and ran for the stables, throwing his rider who escaped without injury.

Today promises to be bright and pleasant and undoubtedly a large crowd will be present. Those who stay at home will miss one of the best exhibitions ever given in the city.

Executor.

ANNOUNCEMENT.

THE ALLMENDINGER PIANO AND ORGAN
MANUFACTURING CO.

Take pleasure in announcing the consolidation of their
business and that of

MR. LEW H. CLEMENT.

By this arrangement the retail business of the company will be removed to the store at 38 South Main St., with Mr. Clement in charge, while the wholesaling and manufacturing will be handled from the factory, foot of Washington St.

By means of the increased facilities a more complete and varied line of ALL musical goods than ever before, will be shown.
The celebrated ALLMENDINGER, HAINES BROS., IVERS & POND and KRANACH & BACH Pianos will be made a specialty, while those of KIMBALL, NEWBEY & EVANS, HALLETT & CUMSTON and PEASE will be fully represented. The popular ALLMENDINGER Organ will be made still more popular.

The patronage of old and new friends solicited, with an assurance of undivided attention from all members of the company.

ALLMENDINGER PIANO AND ORGAN CO.

Maufactoy foot of Washington St.
Retail Wardrooms, 03 S. Main St.

In associating myself with Hie Allmendinger Piano and Organ Manufacturing Co. I would most heartily bespeak for them a continuation of the favors shown me in the past, and TRUST that not only my friends but the many ones of the Company will favor us with continued patronage.

LEW H. CLEMENT.

Mrs. G. W. Anderson of Jackson, nee Ella Johnson, was in town last Saturday and sold her house and lot, located on Railroad street, to Ben Hawley.

The nice rain we had last Sunday, that seemed to extend over so great a breadth of country, did not even lay the dust in some parts of Lyndon.

On Wednesday 25th, second day of the fair, Prof. W.W. McEwen will make a balloon ascension from the Chelsea fair grounds and a parachute drop from the clouds.

A new block of stores is to be erected at the corner of Main and Park streets, on the lot Thomas Wilkinson recently purchased of the heirs of the late Thomas Godfrey.

Samuel Seney was examined last Friday on the charge of stabbing his son Harvey, on the 13th of August, and was discharged by Justice of the Peace Schnaitman. Harvey is recovering slowly from his wound.

Dr. Andrew D. White, ex-president of Cornell university, lays before the country the plan of a gigantic university at Washington, which should stand at the head of high education in this country and be on a level with Oxford and Cambridge and the great German universities, yet different from them. The faculty would be a board of trustees and examiners, who would encourage original research. They would examine scholars in different departments of education and then give them money to support them while they devoted themselves entirely to investigation in their separate branches. Several million dollars will be required for Dr. White's project.

Eight years ago in Portland, Me., a little organization was formed called the Society for Christian Endeavor. Its aim was to make professing Christians become active workers for good among their fellow men, inculcating by example as well as precept the ways of purity, peace and good will. They depended largely on the weekly prayer meeting to foster the spirit of love and holy living. The society now has half a million members in different parts of the Union, and has just held its annual convention in Philadelphia. Members take a pledge to attend prayer meeting every week and take some part in it, praying or speaking. They also pledge themselves to daily prayer, Bible reading and Christian life. The movement is said to be filling the churches with enthusiasm.

The magnetizing of watches by the numerous electric currents in cities is becoming a serious nuisance. Inventive genius is at work devising methods to obviate the trouble. One set of inventors are striving for methods to demagnetize a watch. This can be done by the same agency, electricity. Others are endeavoring to construct a watch which shall be non-magnetic.

Be Sure

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. A Boston lady, whose example is worthy imitation, tells her experience below: "In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me buy their own instead of Hood's; he told me their's would last longer; that I might take it on tea

To Get

flays' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I had taken Hood's Sarsaparilla, knew what it was, was satisfied with it, and did not want any other. When I began taking Hood's Sarsaparilla I was feeling real miserable with dyspepsia? and so weak that at times I could hardly

Hood's

stand. I looked like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it." Mna. ELLA A. GOFF, 61 Terrace Street, Boston.

Sarsaparilla

Sold by all druggists. \$1; six for \$5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Ma33.

Valuable Property Contained in Several Lives

A Big Dry-Goods Store in Louisville, Ky., Reduced to Ashes, and Possessions at St. Joseph, H. Chicago Swept by Fire.

SIX FIREMEN KILLED.

LOUISVILLE, Ky., Sept. 10.—Five firemen were killed and several badly hurt in a fire here Sunday night.

That building was smoking, and it was a sharp half-hour's fight to make its safety reasonably sure.

A conservative estimate of the loss on stock is \$700,000. The insurance is heavy and will about cover the loss.

ST. JOSEPH, MO., Sept. 10.—The St. Joseph exposition met with a great disaster Sunday night.

The fire originated in Bamberger, Bloom & Co.'s, and Watchman McGrath, who turned in the alarm, said the whole building was aglow when he discovered the fire.

An explosion occurred soon after, and a fireman who had just arrived was knocked over by it, but not hurt.

The fire broke out in the main hall, a magnificent building 133V feet in length and filled with all manner of exhibits.

The fire department was called, and the fire was saved but the carriage which was built to convey General Lafayette during his visit to this country in 1824.

CHICAGO, Sept. 18.—Shortly after 10 o'clock Saturday evening fire started in the Exposition building from an electric arc light in the booth containing Gossage & Co.'s exhibit.

The fire was quickly put out. The janitor of the art gallery closed its doors before the alarm was sounded, and not the slightest damage was done to the works on exhibition.

Ten thousand people were in the building, and 5000 lost their wits. The big doors in the center were wide open, and the people near them stopped to watch the fire.

They NEED HELP. Spring Valley Miners Make an Appeal to Governor Fisher.

BLOOMINGTON, Ill., Sept. 16.—Hon. Adolbert Hamilton, of Chicago, came here Sunday to lay before Governor Fisher a memorial touching the suffering and destitution of the Spring Valley miners.

First Snowfalls. Portions of Colorado and Wyoming Covered by a White Mantle.

LARAMIE, Wyo., Sept. 16.—Laramie experienced on Saturday the first snowfall of the season. The storm lasted all forenoon, and seems to extend over a large portion of Laramie plains.

A Fugitive Returned. CHICAGO, Sept. 17.—"Johnny" Hannigan, one of Cook County's ex-commissioners, who disappeared about the time of the boodle trials, surrendered himself in Judge Horton's court, this city.

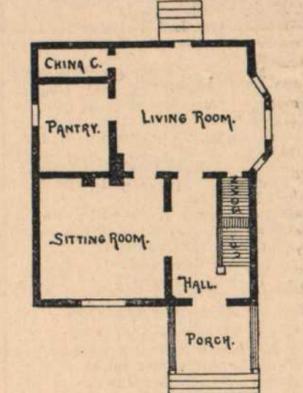

A THOUSAND DOLLAR HOUSE.

Plans and View of a Two Story Frame Dwelling.

Why Should I Go to Montana? Urrat Itsorvation. Because 18,000,000 acres of free Government land, with a delightful climate, and equal success of farming and stock raising, have just been opened to the homeseeker, in the Milk River Valley and near Benton and Great Falls.

General Farming. Because a rich soil and abundant summer rains produce wheat, oats, rye, barley and the grasses and vegetables of a quality, size and yield unsurpassed.

Mining. Because Montana produces more of the precious metals than any other state or territory, and abundant opportunities remain to secure valuable properties at nominal cost.

Immigration. Because the Great Reservation is the meeting point of settlers from the Pacific Coast and from the Eastern States, and is the only extensive tract of good land left, suitable for settlement.

Business. Because the rapidly growing towns along the St. Paul, Minneapolis & Manitoba Ry. offer splendid opportunities to engage in business.

Manufacturer. Because the 1,000,000 horsepower water-power at Great Falls, the extensive coal veins, the wool, mineral and grain raising resources of Montana offer exceptional opportunities to the manufacturer.

Tourist. Because the canon of the Gates of the Mountains, the Great Falls of the Missouri, the Giant Fountain and Continental Divide offer the most sublime and diversified scenery to be found on the Continent. Take a summer tour.

Why Travel by the St. P. M. & S. F.? Because only by it can you travel through the largest body of free land left for settlement. Because it reaches the Great Falls, with the largest water-power on the Continent. Because it reaches Helena, the richest city of its size in the world; and because it is the shortest and best route to Butte, the largest mining camp on earth. Special tourists and landseekers' rates. Daily trains through solid to Montana. Choice of three routes to the Pacific Coast. Find out all about it by writing for the Great Reservation, and "Immigrant's Summer Guide." For further information, rates, maps, etc., apply to F. L. WHITNEY, G. P. & T. A., St. Paul, Minn.

WHO BUYS THE Boardman & Gray Piano

"We present a few names of purchasers of the new Boardman & Gray UPRIGHT Pianos. J. J. Goodyear, J. M. Swift, John Mead, Dr. P. B. Rose, Mrs. Judge Cooley, (three in QD6) John Moore, Mrs. Maggie Slater, Mrs. Spence, Mrs. Dr. Dunster, Prof. M. E. Cooley, Mrs. Dr. Angell, Prof. L. D. Wines, C. Schuster, Prof. F. L. York, Wesleyan Guild, Dr. Gibbes, Prof. Rositer, G. Oole, Win. Biggs, Mrs. Fields, P. G. Sufcey.

Read these solid unpurchased testimonials. Call or write (or testimonial catalogue.

Mr. AL VIN WILSET, Dear Sir:

We purchased our Boardman and Gray Upright Piano of you about six years ago. It has never been tuned, never been out of order. No piano could do better.

Yours truly,

Tom. B. Nickels.

Ann Arbor, Aug. 1st, 1885.

From Prof. Francis L. York, of the Ann Arbor School of Music, and Organist at the Church of Our Father, Detroit, Mich.

ALVIN WILSET, Esq., Dear Sir:

The Boardman & Gray Upright Piano that I purchased of you five years ago has been in almost constant use, much more so than is usual. It wears like iron, and stands in tune remarkably. The B. and G. is a very reliable piano.

Francis L. York.

Ann Arbor, March 7th, '89.

The Boardman & Gray stands unrivaled in the essentials of a first-class piano.

ALVIN WILSEY, Agent.

25 SOUTH F>U<TH ST., Ann Arbor, Mich.

FOR THE COMING SEASON, my stock of Furniture is complete in all its details. If you wish a nice Bedroom Set, Parlor Piece, Dining Table, Fancy Chair or Desk, you will do well to come and see me. Furniture Coverings, such as Velours, Tapestries, Petit Point, etc., in great variety. A splendid line of Baby Carriages, New Folding Beds. Please look over my Stock. Respectfully,

MARTIN HALLER.

A. P. FERGUSON,

Patentee and Sole Manufacturer of the

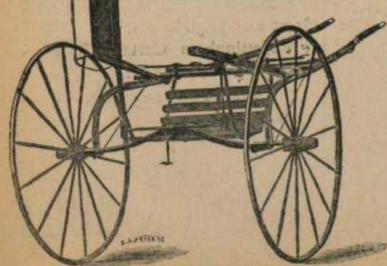

FERGUSONS ROAD AND SPEEDING CARTS

HEADQUARTERS FOR THE FOLLOWING GOODS:
FERGUSON ROAD WAGONS, CARRIAGES
BUGGIES, SURREYS AND SPRING
WAGONS.

ALL WORK PULLY WARRANTED.

THE FERGUSON SPEEDING CART

Here presented has points of excellence possessed by no other Road Cart.

The manner of attaching the spring to the Cart so that the weight of the person occupying the seat comes directly over the spring, and the full weight on the axle is an advantage possessed by no other Cart, and does away with the disagreeable "teetering motion" so common in carts where the spring is attached to the shafts.

STYLISH AND UTISOMI.

Kos. 47, 49, 51 and 53 Uetroit St.,

Ann A. iOjor, TVXich.

MICHIGAN STATE NEWS.

EXECUTIVE CLEMENCY.

Why Governor Luce Pardoned Joseph Mulligan, of Mason County. Governor Luce recently pardoned Joseph Mulligan, who had served a four years' sentence in Jackson prison, having been convicted of an assault with intent to kill. He was sent up from Mason County, where he bore a good reputation. On account of his general good character, because he had a sick and helpless wife, who, during all her husband's imprisonment, has struggled against sickness and poverty to keep her children together; because the prosecuting attorney of the county in which he was convicted, who also was the one who prosecuted him, appeared in his behalf, and also because the judge by whom he was sentenced and many influential citizens all pleaded for his release, the Governor has extended this clemency.

A PROFITABLE CONVICT.

Be Invented Machinery That Saved the State \$1,000 a Month. Evangelist H. O. Wills, of Detroit, arrived in that city the other morning with Patrick Brady, who had just been released from Auburn (N. Y.) penitentiary after thirty-one years' imprisonment. Brady is a man of more than ordinary intelligence, and beyond a certain bewildered air showed little evidence that he had not seen the world outside prison walls for 30 many years. He said his principal desire was to get back to England to see if any of his kindred were living. After that he would try to find employment. He is an expert mechanic, and during his imprisonment invented machinery that has saved the State of New York \$1,000 a month.

Hung by His Eyelids.

Will Ferris, of Vermontville, knows the value of the saying, "to hang on by his eyelids." The other night when he was giving a big registered Holstein bull a little exercise the animal suddenly made a dash at him, and in a flash Ferris was down and the enraged beast lunging at him. He sprang up and tried to get at his pocket-knife, but falling to do so managed to get his fingers into the bull's eyes, where he held on for dear life until help arrived. Ferris was badly injured and his clothing torn to shreds.

Health in Michigan.

Reports to the State Board of Health by fifty observers in different parts of the State for the week ended on the 7th indicated that neuralgia, whooping cough, typho-malarial fever and typhoid fever (enteric) increased, and influenza, erysipelas, diarrhea, cholera morbus, cholera infantum and pleuritis decreased in area of prevalence. Diphtheria was reported at nineteen places, scarlet fever at ten, typhoid fever at twenty and measles at two places.

Freaks of Lightning.

Lightning had a great time with the family of John Gansel, near Cass City, the other day. One of his sons was in the parlor with some friends when a bolt entered the room, tearing young Gansel's shoe from his foot, wrecking a violin he held in his hand and throwing him violently to the floor. One of the visitors' shoes was cut to shreds, and the daughter was found unconscious in the cellar with a large red streak from her shoulder to her foot.

Peach Crop Short

The peach crop is very short and very little fruit is being shipped. Saugatuck, which last year shipped ten thousand baskets a day, this season only sends out from fire hundred to one thousand baskets. Hardly a peach can be found along the Kalamazoo river. Apples are not so scarce, and one packer has contracted to furnish ten thousand barrels to an Eastern firm.

Short but Newsy Item*.

At Bay City recently Joseph Hughes was sentenced to five years in Jackson prison for the larceny of \$400 from Dr. Chester Cary, of Columbia.

Charles A. Kockafellow, of Elmer, Oscoda County, has fodder corn that stands six feet six inches high, with leaves five and a half inches wide.

Charles Schindler, a Detroit machinist, was discharged from the car-shops and took to drinking. He went home recently, found a revolver in his sister's bedroom, and put a bullet through his head, dying in ten minutes.

Nelson JTandert, of Muskegon, got so mad recently at his relative, a man named Tibbitts, that he bit off most of his nose.

Marshall's grist mill at Imlay City was burglarized the other night. The robbers shattered the outer safe door with explosives, but got no furtler, and succeeded in getting only about \$30.

The body of John Peterson, of Gladstone, son of the county treasurer, was recovered the other day near Peninsula point. The deceased was lost last January while skating on the lake.

Maggie Hiebark, who lives in Auburn township, Bay County, did not want to live in disgrace, so she took Paris green recently and would probably die.

Hanistee has purchased the Bethlehem Home knitting works of Milwaukee. The works were secured by Fred Reynolds and will be reincorporated under Michigan laws with a capital of \$50,000. It is the fourth factory started there within a year and will employ seventy-five hands.

John Miller, of Vassar, aged ninety-five years, died the other day. He was a soldier of 1812.

Peter Morris was riding down State street in Grand Rapids the other day when his horse became frightened at a street-car, throwing Morris out and killing him instantly.

The other afternoon J. S. Andrews, lumber inspector of the firm of Humphrey & Andrews, was drowned in one of the slips at Wilson's mill in Muskegon.

Cold water has a lot of bad boys who have been fooling with powder and doing other bad things that are sign-posts on the way to the penitentiary.

Reports from Big Rapids say that Muskegon river is a foot lower than the lowest ever known, and fears were entertained that many millions of feet of logs would be "hung up."

Mrs. W. B. Swan, the wife of a well-known farmer of Sueridan, was found dead in bed the other morning. She was about sixty years old and had been troubled with heart disease.

O. O. Williams, professor of Latin at Hillsdale College, died of catarrhal fever the other morning. He was but twenty-seven years of age.

The Ark River Store Company, doing a general merchandise business at Ark River, assigned recently for the benefit of its creditors. Liabilities, \$4,500; assets the same.

Burglars took about \$100 from the store of Beals & Maxwell at Grand Blanc the other night.

Cornelius Defouw, an early settler aged eighty-six years, died at Holland recently in consequence of terrible ailment; by two burglars about a rear ago. One of them was his own grandson. Both are now in Btate prison.

There seems to be a fatality in the name of Johnstown. New York as well as Pennsylvania must hereafter connect the name with disaster.

The soldiers at the United States forts are hereafter to utilize their idle time breeding and rearing fish for the United States fish commission. This is a step upward from blacking officers' boots.

Governor Fitzhugh Lee, who is so courteous to women and who rides horseback so handsomely, is to be president of the Lexington, Va., Military institute when his term is out in 1890.

The cork helmet, such as is worn in tropical countries, is the lightest and most comfortable head covering for men in hot weather. But where is the man who is strong minded enough to wear it?

Herr Johann Most, the fiery hearted, fiery haired Anarchist leader of New York, changed the day for a great reunion of his followers from Sunday to Saturday recently. The reason was that beer could not be sold at the meeting on Sunday. The essential connection between beer and anarchy Herr Most can probably explain better than, anybody else.

However her numbers may climb into the millions, Chicago can never be a first class city till she purifies the Chicago river, which, in the shape of a Y, lies stagnant within her borders. A Tribune reporter who went recently to interview the foul body of water declares that the stench along its banks is thick enough to be used as a foundation stone, even in Chicago.

A Word to Writers.

When you get out to write for newspapers, don't begin "Tradition tells us," or "History records." Don't do it. Or if you must start in that way, tell us what Sardanapalus and Tiglath Pileser did for about three pages; then, after you've got it all written, tear off those three pages, and you will find what is left will make an excellent beginning for your article.

Some people's brains seem lumbering and stiff in the joints, and they have to begin with "Tradition tells us," and go on that way till they get limbered out and in training for the real fight with their subject. But they ought in no case to put this brain gymnastics off on the public for the genuine stuff.

No! Plunge directly into your subject. Tackle it, say plainly and in short words what you had in your mind to say, then stop. Probably half the essayists in our magazines and quarterlies have the execrable habit of consuming a third of their space before they get a good ready to say what they wanted to say. The editor who understands his business will cut all this preliminary flourish out, mercilessly. It weakens a really good article always.

For the rest, be sure you have a clear, sharp idea in your mind of what you want to say. Then say it in the fewest, simplest words that will fully express your thought. Then go over it and strike out every sentence and every word that can be spared. Then it is ready for the printer. As to style, that will take care of itself.

o Shah:

It is said that the easiest way to house-clean a palace in which his dark skinned majesty, the shah of Persia, has been visiting, is to set fire to it and burn it down. It is furthermore said that when he has had enough of any course at a grand dinner he hurls the remains of it, dish and all, under the table. There is nothing small about the shah of Persia. He scorns to use a piece of tableware the second time, it seems. But this pleasing custom of his plays havoc with the ancestral china, with its coat of arms, which has been for so long among the most costly treasures of the dukes and earls and "markisses" of the British nobility.

Nevertheless, go it, Nasr-ed-Din! Shock the stony, staring British matron to the marrow of her bones. It will do her good.

"I am aware already that one horse can travel faster than another," said his majesty, with great dignity, when invited to witness a horse race. He thought an attempt was to be made to teach him something, and resented it accordingly. There was only thing that did astonish him in the whole round of entertainments the royalties of Europe prepared for him. This, with gentle pride we mention it, was the whistling of that jolly and pretty American woman, Alice (Shaw. No wonder! Alice Shaw could whistle a scowl off the brow of Olympian Jove himself.

But it is on the woman question that his original and independent thinker comes out strongest. When he visited Europe ten years ago he said confidentially to Emperor William at Berlin one day: "Why don't you send away that ugly old Augusta and get a young and jretty wife?" Fancy the old emperor's feelings! "Get no another lot of women, I've seen all these before," Nasr-ed-Din remarked the other day to the Prince of Wales, who had invited the same princesses and duchesses to meet him the second time. Being introduced to one of them, he told her bluntly that she was "too old."

Finally, when he is dressed in his best togs, his majesty is worth over a million dollars as lie stands, owing to the gorgeous jewels lie plasters all over himself. Success to you, Nasr-ed-Din!

"Don't ask me to mend it. Take it back and get a 5/A."

FREE—Get from your dealer free, the YK Book. It has handsome pictures and valuable information about horses. Two or three dollars for a 5/A Horse Blanket will make your horse worth more and eat less to keep warm.

Dr. C. B. Nancrede has rented Mrs. Torrance's house on Church st and is expected here to locate this week.

The house of Henry Smith on Observatory-st caught fire Tuesday evening and was damaged about \$150. worth.

The state meet of Michigan L. A. W. commences at Ypsilanti tomorrow and several of our bicyclists will attend.

Rev. Studley resumed his pulpit at the M. E. church Sunday. Miss Alice Cramer sang a solo at morning services.

Prof. Kelsey, recently appointed to 611 the chair of Latin, has arrived in the city, and has located on East University-ave.

The members of Co. A received their pay for camp service Monday evening. The amount distributed to the boys was \$721 80.

Owing to the absence of several members from the city last week, the School Board did not hold the regular monthly meeting.

The fire alarm on Friday evening was caused by the burning of rubbish in the alley in the rear of The Two Sams' clothing store.

Henry McLaren has been employed as driver of the hose wagon until Wm. Carroll recovers from the injuries received last Saturday.

John M. Schuh, an old resident of this city, died at his home on First-st last Friday, of heart disease, aged 75 years and three months.

The university campus is being beautified by the grading and stone coping which is being placed on the north, west and south sides.

If you want to see the most perfect horse on earth, go to Holland & Gormley's show Saturday and see "Adonis," the famous trick stallion.

The report is out that the dome at the observatory will likely be closed during the next two years on account of its being out of repair.

The hospitals on the campus have been thoroughly overhauled during the summer and are now in as good sanitary condition as they were when built.

August Freoeffell from a scaffold while working on a house on the corner of South and East University-aves Tuesday, and was badly injured about the legs.

The regents were to have held a special meeting on Tuesday, but the meeting was adjourned until this morning, owing to the inability of several regents to be present.

The fire department was called out Tuesday morning to put out a small fire in the house of Wm. Clancy on N. Fourth st. The fire caught from a gasoline stove.

Michael Steeb was sent to jail for ten days by Justice Pond last week for assaulting his wife. While there he suffered with delirium tremens and was taken home.

The barn on Patrick Leonard's farm in Slorhfield was destroyed by fire Friday, together with a large amount of hay. The building was insured in the Washtenaw Mutual for \$200.

George Clarkens claims that he has done more towards building up Ann Arbor than any other resident here, he having erected 42 buildings in this city during his residence here.

The fall services of the Unitarian church will be resumed on next Sunday morning with Rev. J. T. Sunderland in his pulpit. Mr. and Mrs. Sanderland arrived home from Europe yesterday.

On Monday a jury in Justice Pond's court decided that Alice Allen was not guilty of keeping a house of ill-repute at Siline, the charge under which she was arrested, and she was discharged.

Scott Williams, an Ann Arbor boy who has been doing service as a missionary at Chilli, S. A., for the past five years, gave an interesting address upon his experiences at the Presbyterian church last Sunday evening.

On Tuesday morning at seven o'clock, Francis C. Moriarty, a rising young Ypsilanti attorney, was united in marriage by J. F. Frierle to Miss Lucy Burns, at the residence of the bride's mother, Mrs. Moore, on south Ingalls-st.

Last Friday Lena Freeman, a colored woman living in the fifth ward, threw stones at a young girl named Daisy King and was arrested. Yesterday Justice Butts discharged the prisoner as she showed unmistakable signs of insanity.

Ann Arbor commandery of Knights Templar will drill every Tuesday and Friday nights, preparatory to going to the triennial convocation at Washington. Next Wednesday evening the members will go to Ypsilanti and drill with the members there.

The Allmendinger Piano and Organ Co. purchased the stock and business of L. H. Element Tuesday night, and will enter the field for local trade in the musical line. Mr. Clement will remain in charge of the store and retail department of the company business.

A warrant was issued by Justice Pond last week ordering the arrest of Wm. Taylor, a young darkey, for assaulting the venerable "Jeff" Davis. Taylor met Davis and struck him in the face with a stone, breaking his jaw-bone in two places. The trouble arose because Davis had given testimony in a pension case which lost Taylor's mother the opportunity of getting a pension. Taylor is in hiding or has left the city to avoid arrest.

Last April Justice Pond suspended sentence on Alexander S'hultz, a 15 year old boy who was arrested for truancy, he promising to reform. Recently he has been at his old tricks and the justice sentenced him to the reform school until he is 17 years of age, Tuesday.

Saturday afternoon an old barn belonging to John J. Robison caught fire and was burned before help arrived. A cutter, several carriages, books, etc., which were stored there, were also consumed. The barn and contents were insured for \$200, which will just about cover the loss.

The Michigan Central will, on Sept. 24 and Oct. 8, sell tickets from Ann Arbor to a large number of points in western states and return, at the rate of one fare for the round trip, good going on date of sale and returning within 30 days, on account of Harvest Excursion. H. W. Hayes, ticket agent.

Holland & Gormley's show has the reputation of being one of the best that travels. The ring performers are all stars, and the trick animals seem to have more knowledge than many human beings. Take the children and visit the show on Saturday, when the exhibition is given in this city.

August F. Hutzal, one of the oldest pioneers of the city, passed away last evening at his residence on W. Washington-st, at the advanced age of 83 years. Mr. Hutzal lived in Ann Arbor nearly 40 years and was one of our best known and most popular German citizens and business men.

The city officials have done a wise thing in moving the dray stand from the corner of Main and Huron-sts. The drays are not an ornament to any of our streets, and many times have they made Main-st almost impassable. The council should provide a standing place for them on some of the back streets.

A declaration has been filed in the case of John Kalumbach vs. the M. C. R. R. Co. Kalumbach declares that while unloading barrels from a car at Chelsea, an engine was backed against the car, frightening his horses so that they ran away, he being injured by being thrown from the wagon. He claims \$10,000 damages.

The fire commissioners ask that the attention of drivers be called to the fact that the fire department are entitled to the right of way on the streets when going to a fire. The hose wagon nearly ran into several wagons on Huron-st in going to the fire Saturday, by the carelessness of those driving who would not get out of the way.

Regent Whitman and Dr. Vaughan returned Monday from the east, where they have been examining the hospitals of the eastern cities with Regents Draper and Kieler, and Dr. Nancrede. They visited Philadelphia, New York, Boston, Baltimore and several other places, and found many valuable points which will aid them in erecting the new hospital here. Regent Whitman says that the model hospital visited was the one located at Cambridge, Mass.

On Tuesday Lina Bullock was tried before a jury in Justice Butts' court on the charge of criminal slander, she having said that John Mulkte had stolen 100 pounds of lead pipe from Wm. Biggs. The defendant acknowledged that she made the statement but claimed that it was justifiable. The jury evidently believed that Mulkte knew something about the pipe that was missed, as they discharged the prisoner. The complaining witness having given security for costs, was obliged to pay \$13.30 to the court.

The Keystone Boating and Fishing Association is a new organization of citizens of Ann Arbor, gathered together, as the name implies, for aquatic and piscatorial sports. A fine site has been purchased on the banks of Rush Lake, and club house, boat house and other buildings will be erected, from \$1,200 to \$1,500 being the amount invested. The members are J. R. Miner, Z. Roath, C. B. Hiscock, Dr. J. W. Morton, E. J. Morton, E. H. Eberbach, R. J. Cuthbert, S. Langsdorf, J. R. Bach, A. L. Ferguson, A. W. Gas-er and W. W. Watts.

The community was pained and shocked to learn of the sudden death of Miss Maude Hudson, daughter of Mrs. E. A. Fletcher of the Cook House, which occurred on Tuesday morning at 2 o'clock. The cause of her death was inflammatory rheumatism with which she had been troubled for some time past. She was apparently as well as usual on the preceding day, and on Saturday was out riding. The deceased was 22 years of age, and was a bright, vivacious girl, greatly beloved by those who knew her. The funeral services were held yesterday afternoon at 4 o'clock, the remains being taken to Lansing for burial.

A. A. Crozier attended the opening of the exposition at Detroit on Tuesday and reports things in excellent condition. In the fruit department are displays from Canada, New York, Ohio, Georgia and Florida, and a car is reported to be on the way from Oregon. This department is in charge of the Michigan Horticultural Society and promises to be of special interest. There are a number of county exhibits, among the best being that of Oceana county, remarkable for its fine peach and plums. In the floral department Vick Brothers of Rochester make an excellent show of cut flowers. An exhibit of students' work and horticultural products from the Agricultural College attracts much attention.

An amusing and pathetic incident occurred on Main-st Friday which called together a large crowd. A poor emaciated horse, unable longer to draw the wagon to which he was hitched, fell down and could not be placed upon his feet again. It was decided to secure a stone-boat and draw him away. The stone-boat arrived and it was hitched as poor looking a horse as the one to be drawn away. This horse made several efforts to move the load, but was unsuccessful. At this time a load of hay was driven through the street, close to the load. The effect was magical. The starved beast that was lying down gave a neigh of delight and tried to arise, while the horse that was trying to draw the load, surprised at the sight of the hay, fell to the ground, and it was necessary to get another team to draw the horse off.

The number registered in the medical, dental, homeopathic and law departments up to Tuesday evening is as follows: medical, 127; dental, 33; hemo? ipathic, 11; law, 28. On the corresponding day last year the entries were as follow?: medical, 110; dental, 18; homeopathic, 21, law, 22.

Chief Engineer Siple and Driver Carroll, of Hose Co. No. 1, had a narrow escape from death Saturday in going to the fire. As the horses were turning down Main-st, the team was too short and the wagon tipped completely over. Carroll jumped, alighting on his hip and injuring him badly, but he hung to the reins and stopped the horses. Siple was buried under the wagon and hose but was not injured. The other firemen jumped and escaped injury. The trouble was caused by the drays and a buss which left only a narrow passage between. The seat of the wagon was broken and an axle was sprung. The hose was put back in a hurry and not more than a couple of minutes were lost. Carroll mounted the box and drove to the fire, but was not able to stand and was sent home in a hack shortly afterwards.

Entertainments.

Regarding Leavitt's European Minstrels, the company which will appear at the opera house on Friday evening, the Detroit Free Press says:

"Negro minstrelle are strictly an American product, and just why Manager Leavitt should call the excellent organization which opened at Whitney's Opera House last evening, "European" minstrels, when all of his company are well-known native performers, is the question. But let that be as it may, the performance they gave was a good one. The comedians were amusing, the vocalists are gifted with fair voices, and the entire programme moved with great spirit. The first part introduced Eddie Manning, J. H. Symonds, Harry J. Armstrong and Him Price, comical singers of comical songs, and J. D. McCabe, Master Jas. Joy, Geo. W. Kerr and Roger Harding in vocal solos. Master Jas. Joy's song, "With All Her Faults I Love Her Still," was especially well rendered. William Roe opened the olio with a statue pedestal clog that won him hearty applause. Harry Barnett's songs followed, and the electric trio, Roger Harding, G. W. Kerr and J. D. McCabe, who came next, made a decided hit. Harry J. Armstrong contributed generously to the fun making, and Doremus and Clayton's act with the trick mule Jasper introduced a novel bit of burlesque. Chas. H. King, banjoist, Walker and Forest's musical act, and Symonds, Hughes and Rastus in their sketch, "The Old-Fashioned Homestead," rounded out a programme without one poor feature in it.

Among the many attractions that will be exhibited at the Holland & Gormley circus on Saturday, Sept. 21, the most attractive will be the large elephant "Albert." This is one of the most intelligent animals ever seen. He does numerous tricks, plays upon a cornet, and in fact does everything except talk. The entire programme equals that of the larger shows, and you are sure to get your money's worth, as the prices are only 25 and 15 cents. Don't fail to see the show.

Holland & Gormley's New Allied Shows will exhibit on their old ground in Ann Arbor, Saturday, September 21, afternoon and evening. Admission 25 and 15 cents. It is now twice its former size.

This show exhibited here last season for several days, and left with the good will and best wishes of everyone who attended. Our exchanges speak highly of it wherever it goes.

A CARD.

As certain interested persons have spread a report through a number of townships that we have discontinued the purchase and milling of coarse grains, we take this means of saying to our farmer friends that the report is wholly untrue.

Our mill contains a more complete equipment for the manufacture of products of oats, corn, buckwheat and rye than has ever been possessed by any other Wahtenaw mill. It is in the best of order and will be run as heretofore, doing first-class work at all times.

We are also in market for wheat, rye, barley, buckwheat, oats and corn at all times. Those needing coarse grain or feed will find a full supply at reasonable prices at the Central Mills.

ALLMKNOINER & SCHNEIDER.
