

A FATAL ACCIDENT.

Dr. F. K. E. Nichols injured by his horse...

At 12:30 this noon Prof. B. E. Nichols met with an accident from which, the doctors claim, he cannot recover even if he is not now dead as this paper is being printed.

He was sitting on a road cart in front of Dr. Smith's residence, talking with the doctor, when his horse, a fractious colt, became nervous and began dancing around. Prof. Nichols swung off the seat and went behind the cart, still clinging to the reins.

The fracture is just over the Mt eye, and is as large as a man's hand. Drs. Smith, Mortou and Herdman are attending him and making every effort to save his life but with small hopes of success.

Prof. Nichols is probably as well known around the state, as well as in Ann Arbor, as any of our citizens. His long connection with the schools of this city, his publishing business, and his prominence as a fruit grower and pomologist have brought him into prominence.

THE REGENTS MEET.

MEETING TALK OVER TUB HOSPITAL SITE.

A Number of Minor Appointments.—New Sites Offered to the Board.—No Decision Reached.—Report of the Visitors Commute.

The Board of Regents of the University held a meeting last Thursday at which time it was supposed that the location of the new hospital building would be finally settled upon.

At the morning session Regents Blair, Whitman, Clark, Kiefer, Butterfield and Hebard were present, Regents Draper and Willett arriving later.

The following appointments were recommended by the committees and made by the board, all of them being for one year:

George Hempl, B. A. '79, acting assistant professor in English and rhetoric, in place of Prof. Gayley, resigned.

Several new locations were offered to the board as sites for the new hospital building. Among the offers was Mrs. Israel Hall's offer of ten acres of ground in the sixth ward free.

While awaiting the arrival of Regent Draper in the afternoon the report of the committee that visited and inspected the various hospitals of the east was presented, together with a sketch of a hospital designed by Dr. Vaughan, and which the committee thought would fill the needs at this place.

The sketch shows a handsome front, two stories high, with long Ls reaching back at either end, a large open court between the buildings in the rear of the main building furnishing light and air for all parts of the hospital.

The committee gave a detailed account of the inspection of hospitals visited at Detroit, Philadelphia, New York, Boston, Cambridge and Baltimore.

There are two types of hospitals now in use, the pavilion and the compact or massive. The pavilion plan has the advantage of complete separation of patients with infectious diseases.

Having only a limited supply of money, the committee deem it not feasible to attempt to build a hospital with detached wards.

everything by the massive or compact plan is given at \$1, while by the pavilion plan it runs up to \$1.41.

The conclusions that the committee reached are as follows: "The building will have to consist of wards connected with each other, the operating rooms and administration offices."

"The wards should be two stories high, with basement. The basement should be devoted principally to the heating and ventilating apparatus."

"The combined hot water and steam heating should be used if possible, otherwise steam should be used. Fire places are recommended for ventilating purposes."

"The fresh air is to be brought from out of doors direct over heated coils, and should enter the room near the floor. The foul air flues are to be in or near the floor (preferably one under each bed)."

"The air space for each patient should not be less than fourteen hundred cubic feet."

"The height of ceilings of the wards should be fourteen feet. The floors should be of Georgia pine and parquetry. The walls should be of soapstone finish. The windows should extend within six inches of the ceiling, and the junction of the tops of the windows and the walls with the ceiling should be curved. The windows should be double and as air tight as possible."

"All angles in the wards should be avoided and the roundings should be concave and not convex. Wooden facings for the windows should be omitted altogether, and those for the doors should have perfectly smooth surfaces."

"Water closets and bath tubs should be ventilated downward into heated flues. Bath tubs should stand out with every part exposed, and porcelain lined. Hoppers for emptying slops should be made of copper and supplied with hot and cold water faucets. The laundry should be in an addition to the basement, not directly under any part of the building."

The report of the committee was referred to the medical committee, together with Drs. Vaughan and Obetz.

Dr. Obetz spoke to the board, advocating that the new hospital be placed upon the campus, where the playground is now located. By doing this the full amount of the appropriation could be used for erecting a building, and it would be much more convenient and economical to carry on the hospital if it was located on the grounds with the other buildings.

The regents then took carriages and drove to the various sites offered, but when they returned they were still undecided as to which would be the best location, and the matter was left until the regular meeting, Oct. 15. The board adjourned until that date.

ON THE CAMPUS.

University work begins Tuesday. The regents meet again on Oct. 15.

You will know him when you see him—he's a freshman.

Mrs. Dr. Darling is visiting her brother in Detroit this week.

The winter's supply of coal is being put in at the boiler houses.

Miss Jennie Watson of Unadilla is visiting Mrs. C. S. Durand.

Secretary Wade places the attendance of students this year at 2,000 or more.

Miss Lizzie Campbell is expected home Friday of this week from her eastern trip.

The students are crowding into the city by every train, and by Tuesday nearly all will be back.

Mrs. F. H. Hubbard of Monroe has been employed as housekeeper for the homeopathic hospital.

The advance guard of the Argonaut force has arrived, and the paper will be issued in a few weeks.

The hospitals will be open for patients on Tuesday. Already over 30 applications have been made for beds.

Judge Cooley was in the city the latter part of last week with his family. He left Sunday night for Kansas City.

Superintendent Taylor of the mechanical engineering laboratory spent several days this week in Detroit in the interest of his department.

The secretary's office is the busiest place on the campus, and the number of questions daily answered by Mr. Wade and his assistants is enormous.

The examinations of candidates for admission to the literary department began yesterday. The examinations for the other departments begin today.

Mrs. R. H. Marsh, recently appointed postmistress at Saline, was in the city Tuesday. She will take possession of the office Oct. 1 if her commission arrives in time.

A massive iron planer, weighing 6,800 pounds, has been received and placed in position at the mechanical laboratory.

Two new lathes have been ordered, one for turning shafting and other long work being 22 feet long.

The excavating is nearly completed for the addition to the chemical laboratory. The addition will be 80 feet, three stories high, and with the buildings already in use will make the chemical laboratory the largest in the United States.

The cost of the addition will be \$16,590.

Secretary Wade is now the owner of two pairs of handsome "political socks." He obtained them as the result of a wager with Prof. Cooley on the result of the election last fall, and the wager has just been paid.

But they are not ordinary hose. Each is handsomely embroidered with a large initial letter—"A," "S," "L," "B,"—standing for Allen, Stearns, Luce and Burt.

The secretary smiles when he thinks how he has these democrats "under foot."

The greatest improvements made on the campus during the summer have been

made in the mechanical laboratory. The drawing room has been finished, giving a Urge, well-lighted room for this work. The basement has been finished and will be used for experimental steam work, Prof. Cooley having "a gem of a boiler," (as he calls it) in the front part, for his experimental work.

HIGH SCHOOL NOTES.

Lyceum No. 1 held forth in Prof. Chute's room last Friday.

The gladiators of the Arena did not assemble Friday night.

There was a noisy little fight in the camp of the senior class concerning the election of class officers.

All the rooms in the new building will be furnished with an excellent quality of natural slate blackboards.

At the Delta Epsilon Lyceum last Friday, Mr. Paul was elected president, and Miss Pinckney, secretary.

The theatre, the Detroit exposition and the circus had quite a number of flunks marked to their credit on Monday.

Our library and study room is the pleasantest feature of the new building, and should be protected from noisy students.

There is urgent need of about a hundred more hooks for holding hats and wrappers. Hats are stacked on the floor for want of a better place.

Several students "celebrated a wedding at a funeral" (Prof. Chute's comparison of playing cards on church steps) Wednesday, only 24 hours after that very thing had been forbidden.

Patrons and all who are interested in the high school are invited to call and see the new building. The best time to call is on Tuesdays during chapel exercises, from 10:45 to 11:15 a. m.

The Christian Association, which meets in the high school building every Friday at 4:15, is very largely attended and is still increasing its membership every week. All students are cordially and earnestly invited to attend. Prayer and song service Friday of this week.

Friday evening of this week, Rev. Mrs. Sunderland, No. 4 N. State st., will give a social to the senior class of the high school. Miss Hannah Stevens, No. 18 N. Ingalls-st., will entertain the juniors on the same evening. These socials will afford an excellent opportunity to make the acquaintance of classmates.

In Tears in Harness.

The horns of Stephen Mills in Pittsfield was the scene of a happy and joyous event last Saturday, the occasion being none less than the celebration of the 50th anniversary of the marriage of the owner and his estimable wife, Mr. and Mrs. Stephen Mills. The relatives and friends have gathered together to assist the parties in celebrating the event, and it was celebrated in good, old-fashioned style.

Mr. and Mrs. Mills are the parents of seven children—11 boys—and all were present except George, who resides at Boyne City. The children are James and Clark E. of Mancelona, George of Boyne City, Fred of Ypsilanti, and Frank E. M. H. and Charles of Pittsfield. The family, relatives and friends gathered together made a crowd of nearly 70 that sat down to a bountiful repast at 6 o'clock.

It is not often that couples are spared to celebrate their golden wedding, but to celebrate it on the same spot where they plighted their troth 50 years before, is still more remarkable. But such was the case with Mr. and Mrs. Mills. On Sept. 21, 1839, they were married at the residence of David DePue, one half mile from their present home, to which place they moved as soon as the ceremony was completed.

Marriage Licenses.

Table with 2 columns: Name and Date. Benjamin Kullil, Sharon, 21; Grace condon, Sylvan, 22; Thomas Hittingham, Augusta, 12; Barbara Cabe, Augusta, 1a; John George Klaeger, Saline, 29; Dora L. Schumacher, Bridgewater, 27.

Absolutely Pure. This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds and cannot be sold in competition with the multitude of low test, short weight alums or phosphate powders.

7th Cavalry Reunion.

At a conference of the members of the 7th regiment at Detroit on the 24th inst., it was decided to hold the reunion of the regiment in the Capitol buildings, at Lansing, on Tuesday, the 22d of October next. Other state papers please copy.

Cheap Harvest Excursions.

Will be run via the Wash line to points in Kansas, Nebraska, Oklahoma, Dikots, Colorado, Arkansas and Texas, and all parts of the West, on August 6 and 20, September 10 and 24, and October 8, 1889. Rate, one fare for round trip. For particulars apply or write to P. E. Dombough, passenger and ticket agent, 308 Maumont-st., Toledo, O.

OUR 25 CENT TOMMY.

Swept by the Tide of Popularity  
To the utmost pinnacle of success, Hostetter's Stomach Bitters stands a shining proof of what genuine merit, backed by the living force of proven facts, can attain. The North and South American colonies, Europe, Australia, the West Indies, Guatemala and Mexico have all contributed wide patronage and testimony of the most favorable kind—but unsolicited—to swell the reputation of this sterling remedy. Among the maladies for which the most convincing public and professional testimony proves that it is a benign curative are chills and fever, bilious remittent, dumb ague and ague cake, dyspepsia, liver complaint, nervousness, debility, kidney and bladder complaints. It mitigates the infirmities of age, hastens convalescence has a tendency to prevent ill consequences from exposure and exhaustion. Persons of sedentary habits and laborious occupations will find it an ever useful tonic.

A rather expensive oddity is a match box, a reproduction of a boxing glove.

Tortoise shell bands, thickly set with garnets, form inexpensive, though attractive, bracelets.

### She Tried and Knows.

A leading chemist of New York says: "No plaster of such merit as the Ath-lo-pho-ros Plasters have ever before been produced." They are a novelty because they are not made simply to sell cheap, they are the best that science, skill and money can produce, and will do what is claimed for them. For sprains, aches, weakness, lameness, etc., they are unequalled.

44 Fulton St., Sandusky, O., Nov. 21, 87. The Athlophoros Plaster acted like magic. It is the best I ever tried and I have used many kinds. Our druggist said "plasters are all about the same" but I don't think so now. I sprained my arm and shoulder in July, and it has been painful since, but it does not pain me at all now. Mrs. WILLIAM MAGILL.

45-Send 10 cents for the beautiful colored picture, "Moorish Maiden."

THEATHLOPHOROSCO, 112 Wall St. N. Y.

### A FLORIDA CYCLONE.

#### Xr Deitroya a Largo Hotel in the Town of Pablo Beach.

A. Horse and Buggy and a Eoy Blown Instance of Two Hundred Feet—The Unfortunate Lad Killed Outright—Other Uainag.

#### A TEMPEST'S FURY.

JACKHOXVILLE, Fla., Sept. 24.—A tornado of great violence passed over Pablo beach, sixteen miles from here on the Atlantic coast, at 6 o'clock Monday night. It arose in the southwest, and, without any warning except the blackening of the sky, it struck Murray Hall, an immense beach hotel, twisted the tin roof from the main structure and towers, burst in the windows and doors on the west side and loft it in a generally shattered condition. The bowling-alley, servants' quarters and carpenter-shop west of the hotel are completely demolished, as is also the greater portion of the beach pavilion.

Prince O'Neil, aged 13, was standing by a horse and buggy near the dancing pavilion. The horse, vehicle and boy were lifted into the air and blown nearly 200 feet to the beach, where they were found ten minutes later, all in a heap. The boy was killed outright, the body being terribly bruised and mangled. A freight car on a side track was lifted in the air, turned over twice and landed on the north side of the main track sixty feet distant. A passenger train due at 6 o'clock was half an hour late owing to obstructions on the track. Had it arrived on time a hundred cottagers returning from the city would doubtless have been killed or seriously injured. The force of the wind was such that pieces of timber were driven through the two-inch plank flooring of the railroad station, and were with great difficulty extricated for the passage of the train. The cottagers escaped with little or no damage, and no serious injury to persons is reported beyond the death of the O'Neill boy. The damage to Murray Hall and surroundings is roughly estimated at \$10,000. It closed for the season last Wednesday.

Telegraph wires are down and all communication is out of. Ten minutes before the tornado swept over the place the operator in the office at Murray Hall was wired from Jacksonville of a cloud-burst in this city, and at that very moment an electric charge on the wire burned a gash in the operator's hand. Great excitement exists even now among the cottagers, but perfect calm in the weather prevails. The tornado covered an area of not over seventy-five feet in its revolutions. People and buildings outside of this circle were uninjured. It passed off toward the northwest, and was less than three minutes in duration. Aside from the demolished roof and broken glass Murray Hall stood the attack of the tornado remarkably well.

JACKSONVILLE, Fla., Sept. 24.—Rain began to fall here before dawn Monday and continued without cessation all day, the air at times being almost white with sheets of rain, much resembling a snow-squall. During the afternoon the storm was accompanied with sharp electrical flashes of an intensity never before experienced in this part of the State. In the evening a cloud burst over the city. The waterfall from dawn to 5:30 p. m. was four and one-quarter inches.

#### A WINDOW-GLASS TRUST.

The Factories in the United States to Combine Capital of \$3,000,000—Works in Illinois Purchased—CHICAGO, Sept. 24.—The Streater (Ill) window-glass works have been sold to an Eastern syndicate. The price paid was \$1,000,000. The new trust is known as the United Glass Company. The fifty-five window-glass factories of the country are to be united. The trust controls all the factories in New York, Ohio, Indiana and Illinois. The combine is capitalized at \$3,000,000, and has already purchased the works at Rock Island and Ottawa, leaving the factory at Belleville the only one in the State not yet in their control. The head quarters of the new company is in this city.

#### HARD UP.

A Report that the Onler of Keight's of Labor is Bankrupt and That It will Resign. PITTSBURGH, Pa., Sept. 23.—A local caper publishes a story to the effect that the entire executive board of the Knights of Labor have been suspended because of there being no money in the general treasury to pay their salaries; also that all the general lecturers, with the possible exception of Mr. Wright, have been called in for the same reason. Mr. Powderly is said to be preparing his resignation, which he will present to the general assembly in Atlanta in November, for the reason that he is not getting his salary. He will then begin the practice of law.

#### WAR IN MEXICO.

Desperate Battle Between Citizens and Soldiers—Many Reported Killed. TANKONNE, Tex., Sept. 21.—S. H. Allen, who has returned from Rio Grande river reports that Mexican citizens had a desperate battle with Mexican officers and soldiers in Mexico, in which 400 participated, and many were reported killed. It is said the citizens succeeded in routing the soldiers, when the Governor appeared upon the scene to assist in quieting the rebellion, but he was forced to leave or lose his life. The trouble was over the collection of enormous taxes.

#### The Corn Palace Opened.

DES MOINES, Ia., Sept. 24.—The doors of the Corn Palace at Sioux City were thrown open to the public Monday noon, and the exhibition was formally opened in the evening in the presence of 100,000 spectators. Hon. John M. Thurston, of Omaha, pronounced an eloquent oration. The New York Seventy-first Regiment Band furnished music afternoon and night within the palace, while the streets resounded with the strains of eight other bands.

#### War on the Salvationist.

KANSAS CITY, MO., Sept. 24.—The board of police and fire commissioners on Monday evening ordered the chief of police to suppress the Salvation Army in this city. The order is issued on account of the numerous cases of peace disturbance at the army's headquarters.

#### Trison for Another M. P.

DUBLIN, Sept. 23.—Mr. William H. K. Redmond, member of the House of Commons for North Fermaugh, who was tried and convicted at Athurstown for offenses under the Crimes act, has been sentenced to three months' imprisonment with hard labor.

#### The Odd-Fellows.

COLUMBUS, O., Sept. 28.—At the meeting on Saturday of the Sovereign Grand Lodge I. O. O. F. it was decided that persons engaged in the sale of liquor can not hold membership in the order.

#### Man by His Wife

CUICAGO, Sept. 24.—Joseph E. McDonald, an ex-police officer, was fatally shot in this city by his wife, who he had been abusing.

### AS IT SHOULD BE.

#### Principal\* and Others in the St. Louis Fight to Be Prosecuted for Murder.

ST. LOUIS, Sept. 21.—The principals in the T-Jcent fatal prize fight will have to pay dearly for their sport. A copy of the testimony taken at the coroner's inquest was handed to the prosecuting attorney, and after an examination he decided to issue a warrant for murder in the second degree for Abeam, the man who battered Jackson's forehead. Charles Daly, Dan Daly, Joseph A. Murphy, sporting editor of the St. Louis Globe-Democrat; William Quincy, Steve Mallory, Jim Collins, Wik; Moroney, Bob Farrell and George Ehrlich are held as accessories to murder in the second degree. The punishment is not less than ten years in the penitentiary for principal and accessories. The moral sentiment of the whole city in thoroughly aroused, and the Law and Order League will conduct the prosecution. The police are coming in for strong censure, as the killing was accomplished right before their eyes. Sparring is a misdemeanor, but the law has been a dead letter except when obnoxious professionals come to town.

#### A TRIPLE THAGEDY.

A Man Kills His Wife and Her Mother at Philadelphia, Pa., and Unsuccessfully Attempts to End His Own Life. BELLEFONTE, Pa., Sept. 28.—Sunday morning at 10 o'clock Zely Hopkins, of Philadelphia, shot his wife and mother-in-law and then tried to kill himself, but was unsuccessful. From facts elicited it appears that the family did not live agreeable and some time ago had parted, but lately have been living together again. Sunday morning Hopkins, when intoxicated, provoked a quarrel with his wife, and becoming violently enraged procured a revolver and shot her dead. He then went up-stairs and shot his wife's mother dead, after which he proceeded to an adjoining livery stable where he shot himself twice in the head, but neither shot will prove fatal. He was placed under arrest immediately and confessed the terrible triple crime.

#### TO FREE THE ANARCHISTS.

The Fielden-Schwab Lawyers Seeking a Writ of Error to the Federal Court. SPEINGFIELD, Ill., Sept. 24.—The attorneys for the Anarchists, Schwab, Fielden and Neebe, who are doing time in the penitentiary for complicity in the Haymarket massacre, have made several visits to this city of late for the purpose of securing a writ of error from the State Supreme Court to the Supreme Court of the United States. They ask an amendment of the record in the case by taking out the words "Come now the parties," so as to show (what is the fact) that the parties were not in court in person when the decision of the court was announced. It is not known what the court will do in the case, but it is said that it has never been the practice of that body to have parties to a case present in announcing its decisions.

#### THE FRENCH ELECTION.

Boulangism Crushed at the rolls—The Republicans Successful. PAEIS, Sept. 24.—Sunday's election resulted in a crushing defeat for the Boulangists, who only returned 22 members, and whose entire representation in the new chamber after the re-ballotting can not exceed 30. The entire opposition strength will not be more than 225 at the outside, while the Republicans will have a total vote in the Chamber of not less than 377 and possibly 360. The latest returns show the election of 227 Republicans and 159 opposition, while second ballots will be necessary in 177 divisions. It is expected that the new Chamber will consist of 300 Republicans and 210 oppositionists.

#### PAID THE PENALTY.

Thomas Brown Hanged at Moorhead, Minn., for Murder.

MOORHEAD, Minn., Sept. 21.—Thomas Brown was hanged here for the murder of Policeman Poul on the night of October 17, 1888. The drop fell a few minutes after 4 a. m. Brown faced death bravely, and died without a struggle. This was the second legal execution under the new State law, which prescribes that the condemned shall be hanged at night; that no newspaper reporters shall be present, and that the newspapers shall not publish the details of hangings. All the St Paul and Minneapolis papers publish full accounts of Brown's execution.

#### A BIG HAUL.

Train Robbers in Texas Secure the Sum of \$100,000. FOKT WORTH, Tex., Sept. 21.—The Pacific express-car was robbed Thursday night of \$100,000 between Echo and Belton, a branch of the Missouri, Kansas & Texas railroad. Among the packages of money was one containing \$3,610, sent by the Merchants National Bank of Fort Worth to the Belton National Bank.

#### The Cronin Case.

CHICAGO, Sept. 23.—The fourth week of the Cronin trial closed Saturday with only four jurors in the box. The examination of venetres Saturday was without incident. Twenty-one were excused for cause and the defense lost one and the State two peremptory challenges. Thus far 495 men have been excused for cause. The trial will be resumed at 1 o'clock this afternoon.

#### A Heavy Failure.

CHICAGO, Sept. 24.—The publishing house of Belford, Clarke & Co., which has a large establishment here and branches in New York and San Francisco, went to the wall yesterday. It is said the assets will amount to about \$400,000 and the liabilities to about \$350,000 or \$400,000.

#### New Mexico State-3fakers.

SANTA FE, N. M., Sept. 24.—The New Mexico Constitutional convention closed its labors in this city yesterday. A committee was appointed to prepare an address to the people and also one to Congress urging upon them the necessity for the admission of New Mexico as a State.

#### A Mississippi River Boat Sunk.

CAIKO, Ill., Sept. 21.—The tow-boat A. J. Baker struck a log at the head of Harker's bend, thirty miles above here on the Mississippi river. Thursday and sunk in twelve feet of water with her bottom torn. She is valued at \$20,000 and will be a total loss.

#### Thinks "Jack" Is a Woman.

LONDON, Sept. 21.—Lawson Tait, the eminent gynecologist, expresses the opinion that the murders in Whitechapel, at Chelsea and at Battersea were all committed by the same criminal. The guilty person he thinks is a woman and a lunatic.

#### A Peace-Making Landlady Killed.

WIKESBARRE, Pa., Sept. 21.—Mrs. Patrick Farrell, a boarding-house keeper at Jermy, Lackawanna County, was killed Thursday night by being stabbed to the heart while trying to separate two fighting boarders.

#### Emancipation Day.

SPRINGFIELD, Ill., Sept. 24.—The twenty-sixth anniversary of the issuance of President Lincoln's emancipation proclamation was duly celebrated in this city yesterday.

### A LAND-SLIDE.

#### Tearful Calamity in the Canadian City of Quebec.

Eight Houses, with Over Fifty Persons Within Them, hurled by a Fall of Rock—Thirteen Lifeless Bodies Recovered—The Search for Others.

#### QUEBEC'S HOKOR.

QUEBEC, Can., Sept. 20.—About 8 o'clock Thursday evening people living in the neighborhood of the citadel were startled on hearing a low, rumbling sound, accompanied by a perceptible quiver of the earth. Houses were shaken, dishes rattled, and even in some cases people had difficulty in maintaining their footing. Every one rushed into the street, and it was learned that a large portion of Cape Diamond, just below the citadel, had become detached, and, sliding down the declivity to Champlain street, had buried several residences and their inmates under from fifteen to twenty-five feet of rock, dirt and other wreckage. At the foot of the cliff is a narrow street which occupies all the space between the capo and the river, and this was filled with the debris which had crushed out the lives of at least twenty-five people. The exact number is not yet known as the enormity of the crash and stone has up to midnight shown but little diminution, notwithstanding that a large force of men was at work clearing it away in less than half an hour after the horrible disaster took place. It is believed, however, that not less than twenty-five have perished.

Twenty bodies have been taken out of the ruins, the more seriously injured numbering sixteen. Of the latter it is almost certain that several will die. It is now believed that some days must elapse before all the bodies can be recovered. The damage to property will amount to about \$108,000. Six hundred men are engaged in the work of rescue. The night was intensely dark, all electric lights in the neighborhood having been rendered useless by the land-slide, and the rescuers were reduced to the necessity of working with lanterns.

Those who witnessed the fall of the rock say that they heard a long, loud noise, as of several cannon, and, on looking up toward the terrace and citadel, were horrified by the sight of a large mass of stones, rock and earth breaking loose and rushing down the 300 feet of declivity upon the doomed houses below. Immediately the air was filled with dust, so that no one could see ten feet in front of him, and breathing was made difficult. This was followed by the sound of timbers crushing and yielding to the immense power of the avalanche, and the shouting and screaming of men, women and children in all the agony of despair. The avalanche was caused by the hot weather of the past few weeks cracking the earth and rock, which were loosened and driven down by the heavy rain of the last few days.

Some of the bodies taken out show no evidence of being crushed and the belief is that in these cases the unfortunate victims of the terrible catastrophe were simply smothered to death. One little girl, the daughter of a fisherman named Vignaux, was found pinned down under a beam unable to move, but absolutely unhurt. She was the sole surviving member of a family of seven. The bodies of all the others having been recovered. In the same building with the Vignaux were three other families, and it is doubtful if any member of either has escaped.

#### QUEBEC, Can., Sept. 23.—Thirty-two dead victims of the terrible land-slide have now been taken out of the ruins, but a number of others are known to be still buried in the enormous mass. It is believed that the total number of deaths resulting from the horrible affair will reach fifty and may exceed that number.

#### STOLE THE CASH.

A Bank Vault at Hurley, Wis., Robbed of Nearly \$40,000.

ASHLAXD, Wis., Sept. 23.—The most cleverly planned, daring and successful bank robbery in the criminal annals of this State was executed at Hurley Friday night, when the Iron Exchange Bank was entered by robbers and nearly \$40,000 in cash, left there for the night by the United States Express Company, was taken. Some person had entered the bank either by a transom over the rear door or by a key, had opened the rear vault door, to do which he must have known the combination, and had opened the inner door, which required a Yale key of a pattern not easily duplicated.

Cashier Reynolds, when seen, said that no one but himself and Assistant Cashier Perrin had ever obtained the combination of the vault door. The officers of the bank held a meeting Saturday, and after the most careful inquiry decided that Cashier Reynolds and the teller could not have been implicated in the affair. No clues have been obtained.

#### St. Louis' World's Fair Fund.

ST. LOUIS, Sept. 24.—The sub-committees trusted with the collection of funds for the World's Fair report that over \$3,000,000 of the \$5,000,000 guaranty fund is now pledged, and the total will reach nearer \$6,500,000 than \$5,000,000. A number of committee meetings were held Monday and all reports were very favorable. The committee on sites and buildings will meet this afternoon.

#### Death of Wilkie Collins.

LONDON, Sept. 24.—Wilkie Collins, the novelist, who had been seriously ill for some time, died in this city yesterday, aged 68 years. His principal stories are: "Antonina," "After Dark," "Dead Secret," "Woman in White," "No Name," "Moonstone" and "New Magdalen."

#### The Driver Was Drunk.

ERIE, Pa., Sept. 24.—On Sunday a party of thirty young people went into the country for a picnic. On their return the driver was drunk and drove the party down an embankment forty feet high. All were badly hurt and two can not live.

#### A Serious Accident.

CHATTANOOGA, Tenn., Sept. 21.—An accident yesterday to the electric railway up Mission ridge, near this city, resulted in serious injuries to twenty-one persons from Illinois and Indiana who were attending the reunion of Wilder's Brigade.

#### Half a Million Lost by Fire.

NEW YORK, Sept. 21.—Several of the buildings of the Leonard & Ellis oil refineries at Shady Side, N. J., were burned Friday night, with a large quantity of refined oil. The loss may reach \$500,000.

#### The Usual Result.

PHILADELPHIA, Sept. 21.—Maggie Tobin, aged 10, on Friday shot and killed her 17-year-old sister Ellen while playing with a revolver. She had been carelessly left with the children's reach.

#### A Heavy Loss.

PORTLAND, Ore., Sept. 21.—Blackmail 'Bios, saw and sash factory at Snobnigh, V. T., were burned Thursday night. Loss; \$10,000; no insurance.

### » M'S About Town.

It is a current report about town that Kemp's Balsam for the Throat and Lungs is making some remarkable cures with Sore Throat, Asthma, Bronchitis and consumption. Any druggist will give you a trial bottle free of cost. It is guaranteed to relieve and cure. The large bottles 50c and \$1.

Eiffel tower hair-pin top figure prominently in the latest importations. These are of gold, sometimes ornamented with pearls, and at others with turquoises.

### SHILOH'S CURE will immediately relieve Croup, Whooping Cough and Bronchitis Sold by Eberbach & Son.

A section of H ladder in gold, each rung of which is set with a precious stone of different denominations, constitutes a scarf-pin with decided claims to originality.

### HORSE AILMENTS.

Neponset, Ill., May 20, 1888. My mare caught cold; result: swelled limbs; lump between fore-legs and inflammation. Cured her with St. Jacobs Oil. L. O. GARDNER.

Winsboro, Tex., June 20, 1888. My horse was hurt on hind leg; suffered 10 months; was cured by St. Jacobs Oil; cure has remained permanent. W. J. CLINE.

JOS. CAIRN SIMPSON, Esq., Sec. Pacific Coast Blood-Horse Association, says: "Being familiar with the remarkable efficacy of St. Jacobs Oil, I cheerfully and heartily endorse this valuable specific for painful ailments."

Hon. ODELL BOWIE, Ex-Governor of Maryland, Jockey Club, Prest City Pass, Railway Co., says: "In my family and my stables I have used St. Jacobs Oil with satisfactory results, and believe it the best remedy for the painful ailments of man and beast."

THURSDAY, SEPTEMBER 26, 1889.

NOT a few are asking about the proposed street railway. It seems to be the general opinion that if it is to be built this fall, it is time work was begun.

THE street lawn which is being built around a part of the campus will add very considerably to the appearance of that part of the campus along which it extends.

THE state of Michigan has just had a big exposition. We say the state of Michigan, for judging from the exhibits, and the people as well, from all parts of the state, which have helped so considerably in the displays and towards swelling the big crowds in attendance, it belongs to the whole state, and not merely to Detroit. The fair has also drawn many people from neighboring states and even from more distant parts of the country. The result is that Michigan as a whole, and especially Detroit, will take a more prominent position in both industrial and commercial circles.

In front of the stores on State-st there are three street crossings. These afford a large number of people an opportunity of showing how ill-bred they are. It is by no means an uncommon thing to see someone drive onto one of these crossings and stop his or her carriage so as to obstruct the whole walk and then remain therefrom one to ten minutes, or even more, until they are waited upon from some of the stores. It seems to make no difference to them how many people are obliged to walk around them in the dust or mud in order to pass. We hope some of them will take a hint from this and try to show a little more regard for others.

THE railroad accident at Chicago Tuesday evening was a horrible affair. The whole thing was directly due to a drunken engineer. This man, and the railroad officer who employed him, and who is equally guilty, should be made to suffer the penalty for manslaughter. No mercy ought to be shown such people. There should be a stringent law against placing in such responsible positions men who indulge even in the least in strong drink. By having such a law and compelling the roads to pay a heavy fine every time it is disobeyed is the only way we can hope to be safe from such fearful accidents as the one which occurred at Chicago night before last.

IF the man McDonald of Chicago who was fatally shot last week by his wife is a fair representative of the Chicago police force of which he is a member, there is a big opportunity for reform in the "windy city." When those in authority appoint as conservators of the peace men whose wives find it necessary to conceal their savings in order to keep their husbands from spending it in drinking brothels, it is about time to call a halt. Such men would be just the ones to enforce a saloon-closing law! Evidently the saloon men dictated McDonald's appointment as they doubtless do in the majority of cases, not only in Chicago but in the greater part of our large cities. It is high time that all law-abiding citizens, no difference to what party they belong, should begin to take more interest in such matters and not allow the saloon element to openly defy every law which in any way conflicts with their demoralizing business.

THE regents are evidently going to give the question of the hospital location thorough consideration before deciding upon it. It is well that they should do so as there are so many important considerations to be taken into account, that the matter should receive due consideration. In discussing this question, the one really important feature, that of convenience to the campus, has too often been considered as only a secondary matter. Hundreds of students must go back and forth every day between the hospital, wherever it may be located, and the medical buildings on the campus. It would, therefore, be false economy to locate the hospital a long distance from the campus in order to save a few thousand dollars, it may be, right at the start. The great importance of this feature of the subject no doubt prompted Dr. Obetz to recommend that the buildings be placed upon the campus. There are, weighty objections to this. They should, however, be just as near the campus as it is possible to secure a suitable location.

THERE have been three county fairs in Washtenaw county this fall. Not one of these has been anything like the success it should have been. One would naturally suppose that it was about time that the people of this county were learning a lesson. But it seems there is little hope of their doing so. THE REGISTER would suggest that, under the circumstances, the Agricultural

tural Society at their next meeting discuss the propriety of holding a spring fair only. There are several advantages to be gained by so doing. They would not have the Detroit exposition, which will probably be a permanent thing, or a number of little local fairs to compete with. The weather would also very likely be more propitious. Though some parts would have to be dispensed with, others could be made more complete. It might be well to make it a fine stock show. Something of this kind properly managed would no doubt prove a great success. The officers and members would certainly do well to thoroughly consider this for we are sure that something of this kind would prove a bonanza to the society.

LATEST COUNTY NEWS.

Ypsilanti.

Clarence Coryeli of Grand Rapids spent Sunday in the city.

Mrs. John Boyce spent Sunday and Monday visiting Detroit friends.

Miss Emma Miner returned Monday from a three weeks' visit to Losco.

There are 130 students at the Cleary Business College and more are coming.

Mrs. Clara Liraway spent last Thursday in Ann Arbor, the guest of Mrs. Dr. Sager.

Most of the prominent business houses have fine displays at the Ypsilanti fair.

C. King & Co. utilize the water works for power to run their big coffee grinder in their grocery.

Ypsilanti voted to raise the additional 350,000 by 300 majority. There was a light vote cast.

Prof. D'Ooge of Arbor filled the Presbyterian pulpit last Sunday and gave his listeners a treat.

The Mason and Morgan combination company are giving performances at the opera house every night this week.

S. F. Penfield of Rockford, Ill. was in our city last week, looking up relatives preparatory to drafting the "family tree."

Mr. John Pratt, a wholesale grocer of Phillipsburgh, Pa., has been in the vicinity buying a few carloads of fine apples.

Miss Jno. Taylor visited her husband at Pontiac a few days ago and reports finding him improving greatly in health and strength.

It is rumored that the Michigan Central folks are going to remodel their depot in this city into a structure that will be an ornament to the place.

The bicycle tournament last Friday was very interesting, and in spite of the cold, drizzly weather, a large crowd of enthusiastic spectators watched the races at the fair grounds. A number of lady riders were among the company. An evening banquet was held at the Follett house.

Chelsea.

Zealton Fenn, from the northern part of the state, is in town.

Rev. O. C. Bailey will preach at the Congregational church next Sunday.

W. R. Purchase of Ann Arbor is spending this week among Chelsea friends.

Billy Billings of Toledo is shaking hands with old friends here and taking in our fair.

Mr. Dury is receiving and arranging his stock of new goods in the beautiful Babcock block.

Mr. and Mrs. J. T. Vright of Ohio, and Mrs. Hunt of Jackson, were the guests of Mrs. Etta Wright last Thursday.

Hugh Sherry moved into his new harness shop last week, erected on the site where his old one was burned last December.

Lewis Winans has put an entire new stock of drugs and jewelry into his new store, erected on the site where he had everything burned last April.

Mr. and Mrs. Vannatta of Borden-ton, N. J., who have been the guests of Mrs. John R. Gates for the past three weeks, left for home last Monday.

A Chinese family, consisting of husband and wife and two children, gave a very in e-esting and instructive entertainment at the town hall Tuesday evening.

Mrs. Clare Durand, who has been very sick at her home in Ann Arbor, is so far improved that she is expected here to spend some time at her old home and with other Chelsea friends.

This is our fair week and things look lively on our streets and on the fair ground. The rain on Wednesday laid the dust, but instead of dampening only increased the zeal of both exhibitors and attendants.

Milan.

Mrs. Harper is visiting friends in Grass Lake.

Wheat is being marketed in small quantities.

Miss Jessie DeGabriel is very ill with typhoid fever.

Miss Julia King left for St. Clair the last of the week.

Dr. Rowe of Ann Arbor visited Milan relatives last week.

Mrs. Ford and Lena Blinn visited Ann Arbor Wednesday.

Mr. Hobbs entertaining friends from a distance this week.

Miss Grace Minnis of Jackson visited Milan friends this week.

Mrs. VanBuren will move into part of Mrs. Blinn's house next week.

Herbert Taylor has purchased the new residence on First-st built by Mrs. Ferman.

Probate Order.

STATE OF MICHIGAN, COUNTY OF WASHTENAW. At session of the Probate Court for the County of Washtenaw, holden at the Probate Office in the City of Ann Arbor, on Tuesday, the 24th day of September, in the year one thousand eight hundred and eighty-nine.

Present, J. Willard Babbitt, Judge of Probate. In the Matter of the Estate of William H. Estabrook, deceased.

On reading and filing the petition, duly verified of Sarah Estabrook, praying that administration of said estate may be granted to herself or some other suitable person. Thereupon it is Ordered, That Monday, the 21st day of October next, at ten o'clock in the forenoon, be assigned for the hearing of said petition, and that the heir-at-law of said deceased, and all other persons interested in said estate, are required to appear at a session of said Court, then to be holden at the Probate Office, in the City of Ann Arbor, and show cause, if any there be, why the prayer of the petitioner should not be granted. And it is further ordered, that said petitioner give notice to the persons interested in said estate, of the time of the hearing of said petition, by causing a copy of this order to be published in the Ann Arbor REGISTER, a news paper printed and published in said county, for three successive weeks previous to said day of hearing.

J. WILLARD BABBITT, Judge of Probate. WM. G. DOTY, Probate Register.

**PERSONAL AND SOCIAL.**

Ev. Barp and family are visiting at Oil City, Pa.

Ev. and Mrs. Bartram of Milan spent Monday in the city.

The Rev. Fred. B. Britten has located at Grand Island, Neb.

Miss Gertrude Sanford is visiting friends in northern Wisconsin.

Mr. and Mrs. S. S. Blitz spent Sunday and Monday in Detroit.

Mat. Guinan of Jackson spent Friday with his brother in this city.

Mrs. A. J. Millard and children of Detroit are visiting S. W. Millard.

Eugene Leng of Canton visited friends here last Thursday and Friday.

Fred. H. Abbott of Hudson visited friends in the city over Sunday.

Miss Jennie Wiles of Canton is visiting Mrs. Byron Cady of the fifth ward.

J. W. Slattery returned last week from Mt. Clemens greatly improved in health.

Miss Cora Wetmore of Concord visited her sister, Mrs. G. W. Millen, last week.

V. W. Wines, wife and daughter returned Tuesday evening from St. Ignace.

Prof. Denison returned Friday from Royalton, Vt, where he spent the summer.

Chas. W. Wagner took in the meeting of the Michigan L. A. W. at Ypsilanti Friday.

Miss Gertie Rose left List Thursday for Marquette where she will teach during the year.

H. R. Johnson and wife of Detroit visited his cousin, John G. Johnson, last week.

E. A. Phillips and wife of Toledo, formerly of this city, were visitors here this week.

Miss Abbie Beakes of New York is visiting her cousins, Mayor and Mrs. S. W. Beakes.

Mrs. A. H. Roys, who has been visiting in the northern part of the state, returned Saturday.

Miss Maggie Burk has accepted a situation in Chicago and expects to go there Saturday.

Miss Louise Reddick of Niles is the guest of her aunt, Mrs. A. S. Berry, of Ingalls st.

Dr. Ed. Flynn and wife of West Branch are visiting the doctor's mother on First-st.

Miss Carrie Britten has returned to Fond du Lac, Wis., where she will teach another year.

E. B. Abel returned Tuesday from New York state, where he spent the summer for his health.

Warren F. Mills returned to this city Sunday from the Pacific Coast where he spent the summer. He returned to go with Ann Arbor cammandery to the triennial conclave at Washington.

Mr. and Mrs. Saley and daughter of Manchester are visiting friends and relatives here this week.

William Wagner and wife left Wednesday to visit their daughter, Mrs. Dr. Peers, at Topeka, Kan.

At six o'clock tonight the Jewish New Year commences and our local Hebrews will celebrate the event.

Dr. F. K. Owen of Ypsilanti was in the city yesterday attending the meeting of the Board of Pension Examiners.

Chas. Stabler and family, who have been living at Omaha, Neb., for several years, have returned to Ann Arbor to live.

Mrs. Henry Feldhauser of Grayling is spending a few weeks with her mother, Mrs. Jacob Fischer, for the first time in nine years.

Walter Mack returned from New York Sunday. His sister, Miss Clara Mack, stopped at Buffalo and will return next week.

Dr. George A. Hendricks leaves this week for Minneapolis to resume his duties as professor of anatomy in the Minnesota medical college.

Mrs. E. McLaren returned Monday from Shelby, O., where she spent a month with her father, with whom she celebrated his 91st birthday on Sep. 3.

Mr. Geo. B. Sudworth, botanist in the forestry division, United States Department of Agriculture, is spending a month with his parents, Dr. and Mrs. Sudworth, 84 Fuller St.

Miss Gertrude M. Stidworth, a graduate of the University of Michigan in '85, has lately accepted a position as teacher of Latin and German in Almira College, Greenville, Ill.

Dr. J. N. Martin and wife returned Saturday night from New York. The doctor has been studying up some special subjects during the summer, combining business with pleasure.

**A Woman's Confession.**

"Do you know, Mary, I once actually contemplated suicide?" "You horrify me, Mrs. B. Tell me about it." "I was suffering from chronic weakness. I believed myself the most unhappy woman in the world. I looked ten years older than I really was, and I felt twenty. Life seemed to have nothing in it worth living for." "I have experienced all those symptoms myself. Well?" "Well, I was saved at the eleventh hour from the commission of a deed which I shudder to think of. A friend advised me to take Dr. Pierce's Favorite Prescription. I did so. In an incredibly short time I felt like a new being. The 'Prescription' cured me, and I owe Dr. Pierce a debt of gratitude which I can never repay."

Tiny forget-me-nots, with diamond centers, in horseshoe pattern, form a double-pronged hair-pin top that excites admiration.

**A Finance for Men.**

Chili has invited proposals, before Nov. 80, for a new submarine cable, which is to facilitate navigation to and from the straits of Magellan. There is no denying the fact that the countries south of us are taking a tremendous leap forward. Not a month passes that does not chronicle some important new work begun or completed in one or another of the Spanish republics. New blood seems somehow to have sprung into their veins. It may even be that in the times to come, when the great American republic shall have turned its zenith, the scepter of civilization will pass from Northern to Southern America. Who knows?

The extraordinary offers made to immigrants in various South American countries have already been mentioned. Nicaragua apparently should be added to the list of those lands where brains, muscle and money are welcomed, and where there is still room for a man to grow to his full stature, and where ambitious young men may realize their hopes.

The soil is exceptionally fertile, the climate healthful. Much of the soil is an elevated plateau, very different from the low lying lands of Panama. In soil and climate part of Nicaragua greatly resembles California. Tropical and semi-tropical fruits grow in luxurious abundance. It is said that facilities for transportation are all that are needed to suddenly make little Nicaragua become one of the most prosperous of countries.

Work has already been begun on the canal. By the terms of the construction company's contract with the Nicaraguan government, no Chinese can be brought into the country to work on the canal. It will probably be built by negroes from our own southern states and Jamaica. The only laborers available at present are the peculiar Central American Indians, who can neither be coaxed nor driven to work more than eight hours a day.

In Nicaragua there are still millions of acres of pasture lands unoccupied. There are valuable silver mines, known since the days before the Spanish conquest, but neglected and fallen into disuse. There are hard woods of untold value. "Foreigners should have no fear in coming among us," said a representative Nicaraguan, "for we are a rich country and will treat them liberally." On the whole, it seems as though the little Spanish-American republics had pulled themselves together for a long, steady race onward in the path of civilization.

**Gymnastics for Children.**

Is it strange that a majority of Americans are flat chested, or that we do not sleep enough, do not breathe deeply enough, do not know how to eat properly, are inert of carriage and poor walkers, and that we have a hundred thousand physicians constantly busy keeping us in repair, and a Niagara of patent medicine making believe help? The examiners for admission to West Point, for instance, not only find a majority of the applicants unfit physically to pass, but sometimes not even a solitary one is so fit!

Our schools are developing children's minds; what are they doing for their bodies? Is there one boy in ten in our schools deep chested, erect, well knit and strong all over? Or one girl in twenty? Are there five boys in an average class of sixty in any of our public schools who can run half a mile, in even three minutes and a half, without being badly blown and looking as if they had been overdoing themselves?

These are some of the conundrums spry Mr. William Blaikie asks in Harper's Magazine. His answer to them is by no means satisfactory to himself. He believes that the American constitution is declining. It is true he enumerates the athletic games and exercises our young people are going in for, but he does not believe they are going in for them half enough.

Fifty years ago a large proportion of the American people earned their living by active labor. Now all that is changed. Even the farmer's son rides upon an elegant carriage reaper in harvest time and does not develop muscle any more. This is not an unmixed evil. The back and joint stiffening toil of the old fashioned farmer and laborer may well be dismissed forever with a godspeed. But in place of it Mr. Blaikie believes there should be introduced into our schools a regular system of physical culture which shall develop all the muscles harmoniously and perfectly, according to the old Greek ideal. Grown people of sedentary habits should follow up the same practice. The physical training can be attended to in the hours from 4 to 6. Teachers themselves should know in their own persons how it is possible to keep in buoyant, bounding health by attention to thorough exercise. They should acquaint themselves with the proper methods of training and teach them to the children.

Urge the thin legged to devote much of their two hours to foot work, of which there is such a pleasant variety, and the narrow chested to arm and shoulder work.

The New Orleans Times-Democrat says in a spirited way: "There is no portion of the south where the whites cannot live, where they do not work more intelligently and better than the negroes, and where they do not produce larger crops per capita. The south would be more productive, richer and more prosperous in every way if it were peopled altogether by white men."

**The Story of a Boom.**

In 1871 there was an old worn out field in the central part of Alabama. It had been both corn field and cotton field alternately, and was not much good for either. The ground was broken into ridges and was difficult to cultivate. In digging and plowing up the ground a vein of very hard, dark metallic substance had been noticed. Somebody said it was iron ore, but no particular attention had been paid to it. A few more years passed over the shabby, neglected field. In 1877 Col. Sloss saw a man digging a hole in the mountain side near the old field. The digger threw out lumps of coal with the clay. An idea struck Col. Sloss. May be there was a coal mine worth something here. In 1879 Henry de Bardlaben visited the neighborhood of the old cotton field. The existence of both coal and iron were known now. Providence had put the two together on purpose for the convenience of man. Sloss just escaped being "dead broke" and Bardlaben was a clerk at very small wages. But the two joined hands and bought on credit large tracts of the new mineral lands.

Today the city of Birmingham, Ala., stands upon the old cotton farm. Birmingham has 47,000 inhabitants, all since 1879. All about the city are rich mines. They produce every day nearly 12,000 tons of coal, 5,500 tons of iron ore and 2,000 tons of limestone. There are 1,500 coking ovens, smoldering night and day. Every day 2,300 tons of pig iron and 200 tons of finished iron are turned out of the great furnaces and rolling mills that fill the landscape with smoke by day and with a red glow by night.

Henry Bardlaben is today worth \$6,000,000, amassed in less than nine years. Col. Sloss is worth \$3,000,000. One lot in the old cotton field has been sold for \$110,000, another for \$17,000. Eight hundred dollars a foot is no very uncommon price. One man went to Birmingham with nothing six years ago, and now has \$1,500,000. A drummer from Cincinnati visited the charmed spot in 1880 and became a bookkeeper. He is now worth \$300,000. A crippled Confederate soldier started a barroom in Birmingham in 1881. His figures now round up \$400,000.

A druggist from Greenville went to Birmingham thirteen years ago and became president of a land company. He now owns property worth \$1,200,000. A Mr. Pinckard, who is only 32 years old, made half a million dollars in three years. Nearly all these men are southerners. There are many others who have

done quite as well, ex-Congressman Cummings, who tells the story in the New York Sun, says. Birmingham has almost paralleled the early days of California in growth and wealth. Iron is as great a magician as gold. The list of wage earners here is 9,000, and a million and a half of silver dollars are paid to them every month. There is now strong talk of a great trust to unite and control all the iron industries at Birmingham. It will then become the center of the most powerful iron combination in the world.

So, amid orchards and gardens and lakes, with her great trip hammers literally keeping time to the music of mocking birds, Birmingham grows mighty and rich.

The largest single mortgage ever recorded is that executed by the Chicago, Milwaukee and St. Paul railroad to the United States Trust company. It is for \$150,000,000. It was given to collect and consolidate into one the outstanding debts of the company.

**SCROFULA**

Is that impurity of the blood which produces unsightly lumps or swellings in the neck; which causes running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or "humors;" which, fastening upon the lungs, causes consumption and death. It is the most ancient of all diseases, and very few persons are entirely free from it.

**How Can It Be CURED**

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, has proven itself to be a potent and peculiar medicine for this disease. If you suffer from scrofula, try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, my little boy, three years old, being a terrible sufferer. Last spring he was one mass of sores from head to feet. We all took Hood's Sarsaparilla, and all have been cured of the scrofula. My little boy is entirely free from sores, and all four of my children look bright and healthy." (V. B. ATHEBTON, Passaic City, N. J.)

**Hood's Sarsaparilla**

Sold by all druggists. S; six for \$5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

**100 Doses One Dollar**

Bring your ticket with you when you buy your clothing at The Two Sams.

Free. Read the advertisement and see what The Two Sams are doing.

**AT THE TWO SAMs.**

FREE TO EVERY PURCHASER OF \$20.00 WORTH OF

**CLOTHING, FURNISHING GOODS OR HATS**

Bought this Fall and "Winter will be presented with Bradbury's Encyclopaedia, a large and

**VALUABLE BOOK, EIGHT VOLUMES IN ONE**

With 779 pages, 11 1-2 inches wide and 3 1-2 inches thick. A work absolutely indispensable to all. These books will be placed in our show window, Wednesday morning, Sept. 18th, and tickets will be sent by mail or can be obtained

**AT THIS TWO SAMs.**

Every purchase made, the amount will be punched upon the ticket when presented. When you purchase a Pair of Hose for 5c that amount will be punched upon your ticket. **LOUIS BLITZ.**

MICHIGAN STATE NEWS.

**Disgusted with All Men.**  
Fred Hopkins, a vocalist in "Chip o' the Old Block," while performing at Detroit, several weeks ago performed a lightning courtship and marriage act with Nellie Norton, a widow's daughter in that city, without the mother's knowledge. The new wife went away with the company, but returned the other day, disgusted with all men. At Buffalo, N. Y., her new husband informed her that it would cost him a dollar a day extra if she remained with the company, and if she was not willing to bear that expense she had better return to her mamma. She did so.

**A Pensioner Found Dead.**  
Orman Dickinson, discharged from the Soldiers' Home at Grand Rapids, August 27, having been granted a pension of \$820, was found dead in a mill-pond near Jackson the other morning. The body appeared to have lain several days in the water. No money was found on his person, and although there were no evidences of injury it was believed Dickinson was murdered for his pension money and thrown into the pond.

**Kept Their Secret Three Years.**  
Miss Emma Thiede, of Detroit, was married three years ago, when but fifteen years old, to Charles Holz, a brass-finisher of Chicago. The marriage had been kept a secret until the other day, when Holz went to Detroit to claim his wife. This step was made necessary by the attentions to the young wife of a young Detroitier, whose suit was favored by the girl's parents.

**A Fatal Explosion.**  
A. A. Sayre, of Pittsford, was repairing the mud pipe of his saw-mill the other morning when the steam pipe blew out. The boiler had one hundred pounds pressure of steam on, and this was driven into a small room where Sayre's young son Irving was, and before he could be gotten out he was dead. The father was seriously injured in trying to rescue his son.

**Health in Michigan.**  
Reports to the State Board of Health by seventy-three observers in different parts of the State for the week ended on the 14th indicated that neuralgia, whooping cough, typhoid fever (enteric) and cholera morbus increased in area of prevalence. Diphtheria was reported at sixteen places, scarlet fever at ten, typhoid fever at twenty-one and measles at three places.

**Tried to Kill His Wife.**  
Richard Bilkey, who married his wife in England over thirty years ago, tried to kill her at Ishpeming the other day. They had been on bad terms for some time and Bilkey drew a revolver and fired twice at her, but the son, a young man of twenty-two years, grasped his father's arm at the critical moment so that the balls missed the mark.

**Drove Ten Thousand Miles.**  
Walter Billing-3, a wealthy farmer, started from Holland two years ago with a horse and buggy to drive over the Western States. He has just returned, having driven his gray steed ten thousand miles, visiting every place of note in Kansas, Colorado, Nebraska and Iowa. He intends starting on another similar trip next year.

**Counterfeit Money.**  
Counterfeit two-dollar bills are being circulated in Michigan and other central and Western States. The vignette of General Hancock is bad, and the background scratchy. In the upper right-hand corner, containing the figure two, the geometric lathe-work is indistinct, while in the genuine it is very plain.

**Short font Newsy Teim.**  
John Thompson and Andrew Anderson, miners at Champion, fought with picks recently and Anderson was fatally wounded. The post-office at Orion was robbed by thieves the other night. They captured about twenty-five dollars in cash and several hundred dollars' worth of stamps.

John Mullane shot himself fatally at Bay City the other afternoon. He was a sailor and left a paper saying he was tired of life. John Hatcher, a Detroit market gardener, was thrown from his waufoe the other afternoon. He got up and walked across the street to a doctor's office where he died in twenty minutes.

West Bay City capitalists have bought three hundred acres of land on Saginaw bay, and propose to make one of the finest summer resorts on Lake Huron.

Many of the Ironwood iron mines are to be lighted with electricity.

Iradore Iruyeva, of Montrose township, Genesee County, lost two large barns with their contents the other evening. Loss, \$2,300; insured for \$1,200. Cause, threshing engine.

William Johns, of Hanover, lost his entire wheat crop a few days ago by fire, which he says was started by some one who does not like him first rate.

The Ironton Hotel, belonging to the Pine Lake Iron Company, was burned the other morning with all its contents.

Kallmoyor Bros., a wholesale and retail jewelry house of Detroit that had apparently been doing a large business, closed its doors the other day, and its proprietors were said to be in Canada.

Hon. O. S. Smith, of the last Legislature, who became insane during the session, is now at the Northern Asylum and growing much worse.

At Big Rapids recently the John Boom Furnace Company assigned with liabilities of \$8,000 and assets of \$2,400.

The roller-mills at Reading were burned the other night, and so rapid was the progress of the flames that only the books were saved. Loss, \$10,000.

Four head of cattle were stolen from Mr. Loud's farm at Oscoda recently, driven to East Tawas and sold to Sam Anker. The thieves won: reported caught.

George Beecher, of Marshall, was convicted recently of felonious assault and will stay at Jackson for the next twelve years.

A Finnishlander at Nesraunee named Henry Carlson hanged himself in a barn there the other night. He was bound to die, as his feet were on the floor and he had to lean forward to effect strangulation.

Oscoda had a novel sight recently when a man named Martin was buried. The principal mourner was his wife, of course, but she was attended by her husband, as she had married another man without being divorced from Martin.

A Holland man this summer gathered seventeen bushels of pears from one tree, selling the fruit for one dollar a bushel.

Earl Stroii-, sired sixteen years, was instantly killed in the elevator of the Seventh Day Adventist Publishing House at Battle Creek recently. He had only been at work a day or so.

Dr. K. E. Fast, of Buchanan, cut his throat with a razor recently. It was thought he was under the influence of opium, as he was addicted to the use of the drug.

Bert Gibson, who ran away two years ago with \$4,000 of the Peninsula Furniture Company's money, has returned from California under the escort of Sheriff (train). He was breaking on a Southern Pacific train and was quite surprised at his arrest.

BASE-BALL.

**Standing of the Four Associations for the Week Ended September 21.**  
Following are the number of games lost and won by the clubs in four leading baseball organizations:

NATIONAL LEAGUE				AMERICAN ASSON.			
CLUBS.	Won.	Lost.	Per cent.	CLUBS.	Won.	Lost.	Per cent.
New York	478	40	656	Brooklyn	484	37	694
Boston	475	41	646	St. Louis	476	44	633
Pittsburgh	460	57	512	Am. Asson.	460	50	568
Chicago	451	66	500	Baltimore	451	51	556
Cleveland	450	67	492	Cincinnati	449	52	520
Indianapolis	439	69	439	Kansas City	436	66	426
Philadelphia	436	72	388	Col. Assn.	427	73	419
Washington	429	73	348	Louisville	426	76	213

A base-ball trust has been formed. It is composed equally of ball-players and capitalists. All of the members of the Brotherhood of Base-Ball Players are in the scheme. Grounds will be secured and played in Chicago, New York, Boston, Philadelphia, Cincinnati, Cleveland, Pittsburgh and Brooklyn. Four prizes are to be the incentive for winning games, the champion club to receive \$5,000. The receipts are to be divided into three parts, one of which goes to the players, one to their backers and the remainder to be divided equally among the clubs at the close of the season. All players are to be stockholders, and each club is to have two managers, one a player and the other a backer. This combination is the result of the objectionable features in the arbitrary laws of the National League and American Association. Captain Anson and Messrs. Burns and Williamson, of the Chicago club, are about the only players of prominence not connected with the new plan.

THE WYOMING STATE-MAKERS.

**Synopsis of the Measure Adopted by the Constitutional Convention Defining the Qualifications of Voters.**  
CHEYENNE, Wyo., Sept. 20.—The Statehood convention has adopted as part of the constitution a suffrage chapter. Female citizens are to vote. The severest qualifications are requirements that all electors shall be able to read English, shall be full-fledged citizens, and have had six months' residence in Wyoming. Each stipulation was opposed vigorously by a couple of corporation attorneys. Ballots to contain the names of all candidates will be issued by State officers. The provisions will disfranchise a large number of coal miners who have for years voted in bulk.

NELSON IS A GOER.

**He Captures the 810,000 Stallion Stake at Beacon Park, Mass.**  
BEACON PARK, Mass., Sept. 24.—The great stallion race for the Beacon stake for \$100,000 was trotted Monday before 15,000 persons. The weather was perfect and the track was in good condition for fast time. The entries were: Nelson, Alcyon, Juneint, Granby and Pilot Knox. Nelson won all three heats; time, 2:18 1/2, 2:17 3/4, 2:18 1/2. Alcyon came in second in the first and second heats, and Pilot Knox in the third heat.

Cleveland Burglars Successful.

CLEVELAND, O., Sept. 21.—At 2 o'clock Tuesday morning the police were notified that thieves had entered the residence of C. Morris, of 305 Prospect street, and stole 120,000 worth of bonds, a gold watch, a pair of diamond ear-rings and other less valuable jewelry. All the stolen property belonged to Mrs. L. A. Pierce, who resides with the Morris family. The bonds are said to be unnegotiable.

China and the United States.

SHANGHAI, Sept. 24.—The Emperor and the members of his council are understood to be debating a memorial demanding the expulsion of Americans from China. There is strong agitation for an increase of the restrictions on American merchants and missionaries at treaty ports.

Nagle Gets His Old Job.

SAN FRANCISCO, Sept. 21.—When Justice Field left for the East Monday night it was reported that two deputy sheriffs accompanied him as a body-guard. Deputy Nagle, who killed Terry in defending the justice, is the latter's traveling companion.

The Old, Old Story.

EAST SAGINAW, Mich., Sept. 23.—A white family of Adam's human were seated at dinner yesterday Mr. Shuman enlivened the monotony by cleaning his revolver, and while thus employed a cartridge exploded and Mrs. Shuman fell dead.

Twelve Victims of a Strange Disease.

WHEELING, W. Va., Sept. 24.—An epidemic of a disease resembling dysentery has been raging near Meadowville, W. Va. Twelve persons have died. About twenty other cases are reported.

Foreigners in America.

The New Orleans Times-Democrat says:

It is clearly evident that national sentiment is opposed to the naturalization of foreigners by the loose and speedy methods which now prevail. It is the firm conviction of the people of the Union that a long term of residence in this country must be required before the alien born can be fully clothed with the garb of American citizenship. Time must be given to develop a patriotic s, fit in the man that knocks at our doors for admission into the national household; there must be no Irish-Americans, no German-Americans, no British-Americans, no Swedish-Americans, but plain, simple, every day Americans.

It must arouse the anger of every true son of the nation to witness the horde of aliens—aliens to the very spirit of our institutions—who crowd our shores year after year, eager to wrest from America sufficient wealth to enable them to return to their respective climes, and there end their days enwrapped in their native flag. To such as these our laws will not long extend a welcome. We have tasted the bitter fruits of indiscriminate immigration, and the country is ripe for a policy of restriction. Those who will be welcomed will be those only who fuse with the American spirit; who burn their native bridges behind them when they come upon American soil.

In New York city there are 215 good class hotels. They accommodate ordinarily 40,000 persons. If crowded they can stow away 75,000. The boarding and lodging houses of the city can accommodate twice as many more. These facts are urged in favor of New York as the site of the American world's fair in 1895. Buildings can be erected in one of the parks, it is said, and New York has never had a great international exposition as yet.

The Boston Herald believes that the time is very near when the steam railroad companies will build electric car tracks two or three miles out into the country from their suburban stations. These will enable working people to scatter out of the tenement houses into the country along the lines of the electric street cars. They can reach the station by the electric car, and the city and their work by the steam car.

More laurels for America. Buffalo Bill has been engaged by the French government to teach 100 officers of cavalry to ride American style. Col. Cody is about the most graceful horseback rider alive.

A Letter From Home.

Says:—I have used your Extract of Red Clover in my family for the past year, with great success, more particularly as regards my wife, who has derived greater and permanent relief by its use, after suffering and being treated by many Physicians for years. I consider it my Family medicine. As a Tonic and spring and fall medicine it is without equal. For Constipation, Dyspepsia and Stomach Trouble it is without doubt the very best medicine on the market to day. You are at liberty to use this as you see fit and I shall be glad at any time to give my experience with your Extract of Red Clover to any who may write or enquire of me.

Yours, J. A. BELYEA,  
293 High St. W. Detroit.

The pension board was in session yesterday.

William Carroll resumed his duties as driver of the hose wagon Monday.

The annual meeting of the Musical Society will be held next Wednesday evening.

Dr. FlemraingCarrow has rented rooms in the Hamil'on block and will open his offices there.

M. M. Green has received a new hack which will be placed on his hack line. It is a Sneone.

Mrs. Harvey Price, nee Jennie Beattie, a former resident of this city, died at Detroit on the 14th inst.

Ann McKernan of Northfield was buried last Thursday, having died on Tuesday at the age of 87 years.

Mr. Geo. B. Greening, law '89, has accepted a position in ex-Congressman Tarsney's office at Saginaw.

Justice Butts united Benjamin Kuhl of Sharon and Grace Congdon of Sylvan in marriage at his office Friday.

The case of assault against Asa Whitehead, appealed from Milan, has been settled, he having paid the costs.

H. J. Brown had a birthday party Saturday night, but to celebrate what anniversary is not for the public to know.

Just 300 persons boarded the G30 train on the Michigan Central Tuesday morning, bound for Detroit to visit the exposition.

Fred Schumacher has accepted a position with Schairer & Millen of Ann Arbor and will leave (or that place Oct 1.—Chelsea Herald.

Rev. Dr. Kemp of Plymouth, I&d., who filled the pulpit at St. Andrew's church last Sunday, will occupy the same position next Sunday.

Ten members of Ann Arbor commandery, K. T., drove to Ypsilanti last evening and participated in a drill at Light Guard hall in that city.

Patrick Leonard's loss on his barn and contents has been adjusted by the Waehetnaw Mutual, at \$200 on the barn and \$138.69 on the contents

The Mission Circle of the Methodist church will hold a musical and literary social at Mrs. McKenzie's, 50 S. Division-st., tomorrow evening, from five until nine o'clock.

There are a number of expert lady bicyclists at Grand Rapids. Five of them attended the L. A. W. meet at Ypsilanti on Friday and made a fine appearance in the procession.

"Kittie" Swathel died a natural death last week at the age of 30 years or more. Kittie was the favorite equine that John T. Swathel has driven around the city for many years.

Elizabeth J. Sally of Pittsfield has applied for a divorce from h'r husband, Arthur Sally, on the ground of extreme cruelty. She asks that she be given a half interest in the homestead.

The total receipts of the county fair last week were not much over \$500, just about enough to pay the running expenses, leaving out the premiums. The officers state that the premiums will be paid in full, however.

The monthly pomological meeting Oct. 5, at 2 p. m., in the court house. Topics: Exhibits at fairs; experience in the sale and transportation of fruit; fall planting. Exhibits of the fruits of the season and of flowers. Emil Baur, secretary.

Mr. Barry, the head of the street railway enterprise in this city, wrote here last week for a complete survey of the route, for the purpose of ordering the material with which to build the line. The survey has been sent to him and the material will be ordered this week.

At the meeting of the Michigan Pharmaceutical Association held at Detroit last week, H. J. Brown was re-elected secretary. Prof. Prescott was reappointed chairman of the committee on pharmacy and queries, and Prof. Johnson was put on the committee on adulterations.

Ed. Kuebler of this city took the second prize in the race around the triangle (28 1/2 miles) at the L. A. W. meeting Friday. The winner won in two hours and five and one-half minutes, beating the previous records by three and one-half minutes, Kuebler coming in six minutes later.

THE REGISTER has received a poem addressed to Mr. Babcock. We should like very much to publish it, but cannot do so as it is contrary to our rules to publish anonymous contributions. If the writer will send her name, we will consider it perfectly confidential and publish her production.

Thomas Bonner died at his residence in Lodi last Friday, of general debility, aged 83 years. He was an old pioneer of Washtenaw county having lived here 35 years, 20 years in Ann Arbor township and 15 years in Lodi. The deceased was born at Dolaw, Warwickshire-on-Tweed, Parish of Coldenham, Scotland, in 1806. The funeral was held Sunday.

Tuesday, officer Leonard went to Marshall for the purpose of arresting Charles J. Search for obtaining money under false pretenses. Search is a step-son of M. J. Furnum, and sold a stove belonging to the latter at Mann's second hand store. Furnum replevined the stove and it was awarded to him, together with \$10 costs and \$3 damages. Search is principal of the Marshall high school.

The affairs of the Ann Arbor school of music are in a complicated state at present, since Prof. Stanley resigned from the directorship, and it is an open question whether the school will be continued or not. A joint meeting of the directors of the School of Music and of the Musical Society was to have been held Tuesday evening, but no quorum was present. The meeting was adjourned until next Wednesday evening, when a meeting will be held and a decision reached.

The October term of the circuit court, beginning next Tuesday, will have on the docket 108 cases for trial. Of this number, 23 are criminal, 54 issues of fact, 1 issue of law, 9 chancery 1st class, 13 chancery 2nd class, and 8 impleurment. On the criminal calendar, the most important cases are the following:

David Lindsey, murder; Conrad Kauman, assault with intent to kill and murder; Stanton Crawford, selling obscene literature; Rachel Ferguson, bigamy; Latham Miller, violation of insurance laws; Fred H. Mills, seduction; Nicholas Cordary and Joseph Goodman, false pretenses; John Bohnet, U. A. Wilcox, Chas. Schmidt, Ephraim Bonle, Henry Frank, P. W. Doyle and J. M. Doyle, violation of liquor laws.

Mrs. Thos. Taylor, who lives on the corner of South University-aveand Thayer-st, was the victim of an outrageous assault one evening last week from which may result serious consequences. She went out to cover some plants in the yard, leaving the doors of the house open. She then went in and retired, and was aroused by hearing a noise in the room. At this time a man grabbed her by the throat and attempted to assault

her. She fought desperately and the villain choked her nearly to death and pulled a handful of hair out of her head. Her screams finally frightened him away and he made his escape. Mrs. Taylor made her way to a neighbor's and told what had happened. A search was instituted but without success. There is no clue to the perpetrator of the crime and it is doubtful if he could be identified, as it was dark in the house at the time.

Rev. Mr. Sunderland devoted a portion of his sermon last Sunday morning to an account of the tour in Europe from which he and his wife have just returned. They spent a week in Paris and a week in Switzerland, went down the Rhine, made a short tour through Belgium, spent two weeks in London, devoted two weeks to visiting among friends in the north of England, made trip9 to the famous lake region in Cumberland and to some of the most interesting parts of Scotland. They had favorable sea voyages, just missing the great tornado, and return from their tour reinvigorated in health, and full of enthusiasm over what they have seen and enjoyed.

Edward Duffy left last night for Oakland, Cal., to return to this city with the remains of his brother, James A. Duffy, who died at Adams Springs, Cal., on 19th inst., of congestive chills. The deceased was known to a number of our citizens, be being a brother of Edward Duffy of this city, Michael and Philip Duffy of NorthSeld, and Mrs. P. Gallagher of Uorunna. He went to California in 1850 and was a prominent politician of that state, having served three terms as state senator from Sacramento county, once being the only democrat elected on the ticket. He served as consul to Ireland under Secretary Seward. He was 56 years old, a man of considerable means, and leaves a wife.

Tae meeting of the Detroit Presbytery was held in this city on Tuesday and Wednesday. Rev. Richard Trumbull of Detroit was chosen moderator, and Rev. Jacquesof Northville.clerk. Delegates were present from about 40 churches. The business transacted was chiefly routine matter. Hev. D ckie of Detroit delivered an eloquent address Tuesday evening, and Rev. Wallace Radcliffe of Detroit read an interesting memorial upon the late Rev. Henry Lancashire yesterday. The discussion on the proposition of the General Assembly to revise the confessional was deferred until the next meeting, a committee taking the subject under advisement in the meantime. L. C. Lawrence, a graduate of the literary department, was received as a candidate to the ministry.

Extensive preparations have been made for the trip of Ann Arbor commandery' K. T., to the triennial convocate at Washington, Oct. 5. Already 65 have signified their intention of going, about 20 ladies being in the party. The headquarters of the commandery will be at No. 723 12th-st. The train will leave this city at 6:30 p. m., Oct. 5, stopping at Hornellsville, N. Y., Glen Summit, Mauch Chunk, and Philadelphia enroute on Sunday, and arriving at Washington early Monday morning. The commandery will be under orders at Washington for three days, will participate in the grand parade, attend the reception given by President and Mrs. Harrison and other gatherings, entertain guests at headquarters and see the sights in Washington, keeping the membeis pretty busy during their stay there.

An Ohio Officer's Trouble\*.

A case of over zealousness on the part of an officer, which will cause him considerable trouble before he is through, came to light in this city, Tuesday. John Berley, an officer rhailing from Oak Harbor, O., came to this city on the morning train bringing with him Frank Foote, whom he had arrested at Ypsilanti on a warrant issued by an Ohio justice, charging him with forgery. The officer had no requisition papers from the governor, and had taken no steps to procure them.

J. C. Knowlton happened to meet the couple at the depot and Foote stated his case to him. After hearing his statement and that of the officer, Kaowlton demanded that the prisoner be released, which Berley refused to do. Knowlton called upon Justice Butts to take charge of Berley, charging him with attempting to kidnap and abduct Foote. Berley was placed in jail, but afterwards placed in the custody of an officer and allowed to go about the city.

Foote was also arrested on complaint of Berley, charging him with being; a fugitive from justice, and is now in the county jail. The examinations of both of the men will be held before Justice Butts Monday.

There are several indictments against Foote charging him with forgery in Ohio. Foote claims that his arrest is merely an attempt on Berley's part to collect a debt from him, and that the charge of forgery against him is false. In addition to securing the arrest of Berley on a criminal charge, a civil suit has been brought against the Ohio officer in Foote's behalf, claiming \$20,000 damages for false imprisonment.

Resolutions of Respect.

At a recent meeting of the trustees of the Ann Arbor School of Music a committee was appointed, consisting of Professors Frieze, Rogers, Stanley, and Mr. T. J. Keech, to prepare appropriate resolutions in relation to the death of the 10e Israel Hall, a member of the board. The committee accordingly reported, and the board adopted and ordered placed on record, the following minutes:

"In the death of our esteemed colleague, Israel Hall, we lament the loss of one of our most efficient and valuable co-workers who, from the first organization of this board, has manifested a hearty interest in the objects for which it was created, always attending its meetings when the state of his health permitted, aiding with his counsel and ever ready to do his part in carrying cut its measures. While we mourn his loss as a member of this board, we would also, in common with the friends and fellow-citizens of the deceased, express our profound regret for the death of ore who has had but few equals among us in uprightness and sterling integrity, in public spirit and liberality of heart and

hand. To his mourning wife and children we beg to give the assurance of our heartfelt sympathy in the great sorrow that has been brought upon them by this sore bereavement."

Who Is tin- Authority.

EDITOR REGISTER: SIR.—Who are the proper authorities to see in regard to having work done on streets? About two months ago a petition was sent to the common council, signed by fourteen gentlemen, asking that Brook street be put in a passable condition.

All the signatures were from men who are direct taxpayers. The object of the petition was to ask for a sluice to be put in on Milier avenue where Brook street intersects, so that parties then building on Brook street would not be compelled to drive or cross over private lands with building material. But nothing has been done to date. One gentleman, a member of the Board of Public Works, was asked in regard to it, and he said that there was some talk about it, and it was referred to the commissioner to report back to the board. The commissioner was next asked and he said that the Board of Public Works had never said anything to him in regard to the matter, or anyone else. Aid. Smokes was next seen and he, (the night that the petition was read at the council meeting, arose and explained what was wanted,) stated that he had spoken to the commissioner and to Mr. Snow about it.

Now, if I mistake not, when Mr. Gott deeded the land to the city for streets, it was understood that the streets were to be worked the same season, and the present commissioner was instrumental in having the time extended until this year. Last fall the land was plowed up with a view of making a street, but to-day it is a mass of weeds, three to five feet high, going to seed and blowing into adjoining lots, and ruts where the water has washed so that it is impossible for a loaded team to pass.

We pay our quota of taxes, and when we ask for the expenditure of five or six dollars, (at the outside,) for putting in a sluice and cutting down the weeds, it is denied us even though it would benefit not only the property owners, but the general public as well.

A DISGUSTED TAXPAYER. Ann Arbor, September 25, 1889.

A concert will be given at the Hobart Hall, Friday evening, Oct. 4th. The participants will be Mr. W. J. Laviu, tenor, Mr. J. F. Campbell, baritone, and Mr. J. V. Seyler, pianist of Detroit. Mr. Lavin has already gained a wide reputation by his connection with the Juch Concert Co. last year, of which organization he was tenor. Tm'syear he travels with the Levy Concert Co. Mr. Campbell at his debut in Bologna, Italy, made a great hit and although he has only been in America three months since his European triumphs, he has already created the most favorable impressions where he has been heard. Mr. Seyler has very recently returned from a two years course of study under the best masters that Germany could afford, and returns to this country a finished artist. Those who have heard him play say that he has attained a wonderful mastery over his instrument. Lovers of good music well interpreted, will undoubtedly enjoy this treat.

Remarkable Success.

Dr. Fruth of New York, the celebrated specialist, will make a return visit to Ann Arbor, Tuesday, October 1, 1889. The doctor has established an excellent reputation in this community and his practice has steadily increased until it is now undoubtedly the largest in the state. This rapidly increasing practice fairly indicates that remarkable success with which he has met in the treatment of difficult cases. He has hundreds of patients in this vicinity who will bear testimony to Dr. Fruth's skill if called upon, but out of consideration for those who naturally shrink from having themselves paraded before the public, he refrains from publishing their names to advertise himself and they thank him for his kind consideration. The afflicted will, we believe, find it a source of satisfaction whether they take treatment or not, to call and consult him if they desire to obtain the latest and best treatment for such diseases as the family physician is not prepared to treat. Consultation free at the Arlington House from 8 a. m. to 5 p. m., one day only.

Burchfield the tailor makes pant-i for \$4.00 and suits accordingly low. He does it, strange as it may seem. 77"

A CARD.

As certain interested persons have spread a report through a number of townships that we have discontinued the purcha and milling of coarse grains, we take this means of saying to our farmer friends that the report is wholly untrue. Our mill contains a more complete equipment for the manufacture of products of oats, corn, buckwheat and rye than has ever been possessed by any other Washtenaw mill. It is in the best of order and will be run as heretofore, doing fir'2-class work at all times.

We are also in market for wheat, rye, barley, buckwheat, oats and corn at all times. Those needing coarse grain or feed will find a full supply at reasonable prices at the Central Mills. 71 ALLMESDINGER & SCHNEIDER.
