

THE ANN ARBOR REGISTER.

VOL. XV. NO. 44.

ANN ARBOR, MICHIGAN, THURSDAY, OCTOBER 31, 1889.

WHOLE NO. 775.

ON THE CAMPUS.

H. N. Holmes, dent '89, is practicing at Joliet, Ill.
M. L. Wines, law '99, has his shingle out at Butte City, Montana.
E. L. Lampton, law '78, is speaker of the Ohio house of representatives.
The work on the addition to the chemical laboratory is progressing rapidly.
The Michigan Schoolmasters' Club meet in room 24 next Saturday afternoon.
The freshmen-sopra-rush is to take place on the campus Saturday morning.
R. P. Lamont has resigned from the Chronicle staff. F. S. Baillie is his successor.

Adelphi hall is being refurbished with a new carpet, new curtains and a new piano.
The annual convention of Phi Gamma Delta is in session at Lewisburg, Ga., this week.

The operating room at the dental department is in active operation and crowded with patients, as usual.

C. A. Orr, '87, represent Clark University on the overland expedition to Angola, South-west Africa.

The German given by a number of young ladies, at Nickel's hall last Friday evening, was an enjoyable affair.

In the contests at the tennis tournament, Angell and Codd won the first class doubles, and Angell the first class singles.

The University Dramatic Club is getting in running order for the season. "The Iron Master" will be present after the holiday vacation.

The lecture of Prof. Hinsdale, on "James A. Garfield," was well attended and appreciated. The Christian Association netted about \$50 from the lecture.

The Choral Union is making an effort to secure support towards giving a fine series of concerts this winter. Every lover of music should aid in the enterprise.

The sophomores have posted the customary notice warning the freshmen not to carry canes. After the first scare wears off, the freshmen will probably make the attempt, and then trouble will begin.

The Inter-Fraternity base ball banquet will be given on Friday evening, Nov. 8. Guy L. Kiefer has been chosen as toastmaster, and the boys anticipate a royal time.

The Argonaut and Chronicle cannot agree up consolidation and the University will continue to have two weekly papers. Bach charges the other with wanting the lion's share.

Lincoln McMillan, a former U. of M. student and one of our best known athletes, has been in the city the past week visiting his parents and friends. He is now engaged on the reportorial staff of the Chicago Herald.

The University Club of Kansas City is agitating the erection of a \$50,000. club house in that city, and the matter will be settled at the November meeting. The leading spirit in the enterprise are U. of M. Graduates.

At the fair grounds Saturday afternoon a game of football will be played between the Albion and University teams. Before the game, the unfinished light weight sparring contest between Farrand and Frantzen, will be concluded.

Michigan University will probably have a better rugby team this year than in several years past. Games have been arranged here with the Albion and Detroit Athletic Club teams, and it is probable that the team will play at Chicago, St. Paul, Minneapolis and Buffalo.

The location decided upon by the regents for the new hospital building, can be made as handsome a site as could have been selected. The ground lies on the north side of Catherine-st., commencing on the east side of Thirteenth-st. About 12 acres of land are contained in the site purchased, and the entire property has cost the state less than \$8,000.

The Jeffersonian Society will present the following programmes at their meeting tomorrow evening: Impromptu, W. B. O'Neil; oration, W. R. Dedrick; reading, J. A. Pray; declamation, F. A. Wiseheart. Debate: "Resolved, that trial by jury be abolished;" affirmative, J. Kinsella, W. C. Benton; negative, R. L. Stephens, P. J. Hally; general debate.

The programme for the Alpha Nu meeting on Saturday evening is as follows: Paper, Mr. Jenks; recitation, J. Healy; essay, "The U. of M. in the year 2000," C. E. Fjkins; music; debate: Resolved, "That the United States has absolute control of the fisheries of Behring Sea;" affirmative, H. W. Fairbanks; negative, J. Lowe Haupt; vocal duet, Miss Ruth VViloughby and Mrs. L. P. Goold.

Adelphi Literary Society programme for Saturday evening, Nov. 2, at 8 o'clock: Music, Miss Alice Cramer; essay, "Progress of Temperance Legislation in the United States," G. E. Miller; recitation, "The Foxes Tails," Miss Jennie T. uej; music, Miss Alice Cramer; debate: Resolved, "That the ceadle of the country demand tariff legislation more than temperance legislation;" Go'sman vs Bowen; general debate; music, MISS Alice Cramer.

The University Musical Society, through the Choral Union, announces a series of concerts to be given upon a new plan. The idea is to have both active and associate members, the former to take active part in the work, and the latter being entitled to attend all rehearsals and concerts given under the auspices of the Union. The cost to become an associate member is but \$2, and the amount of benefit, derived will far exceed the cost. The Choral Union guarantees to give four concerts at least, and if the membership becomes large enough this number will be increased. The rehearsals of the Union are held in room 24, Tuesday evenings at 7:30.

There can be no doubt about the success of the Students' Lecture Association this year. Two years ago it was almost a complete failure. Last year a great deal was done to revive confidence in the ability of the association to furnish a series of entertainments that was a credit to the University. This year even a better series is offered. The Lotus Glee Club, Max O'Rell and George Kennan will need no recommendation, and will without doubt draw full houses and please everybody. The other three on the course, though not so well known come, with the very highest of recommendations from men who know whereof they speak. The lectures will be as follows: Russel H. Conway, Friday evening, Nov. 8, subject: "Acres of Diamonds"; Prof. L. R. Cummock, Friday eve., Nov. 15, subject: "Himerous, Dramatic and Heroic Readings"; Lotus Glee Club of Boston, Saturday eve., Jan. 11. George Kennan, whose fame has become world wide, will, on the 1st of February tell what he knows about an "East Siberian Convict Mine." On Friday, Feb. 28, Miss A. B. Edwards the great hystologist will lecture on "Egypt the Birthplace of Oreek Art." This lecture will be illustrated by a large number of fine views. The course will close by one of Max O'Rell's inimitable lectures. The fact that a ticket for all these entertainments may be had for \$1.50 should insure a large sale.

KIELD DAT SPORTS.

Notwithstanding the cold and threatening weather Saturday afternoon the field day sports were a success, a fair sized crowd being present and the Rugby Association clearing about \$50. A fair sprinkling of ladies was seen in the grand stand and in the carriages. The contests were tame, the track being too heavy for running, the only exceptions being the heavy and middle weight sparring contests. In these intanea the contestants were evenly matched, the work being fast and spirited, if not quite as scientific as on previous occasions. One noticeable feature of the day was the perfect order maintained, the track being kept clear for the use of the contestant. The winners of the events were as follows:

100 yards dash: 1st heat, J. Vanhwaegen, 11 seconds; 2d heat, D. P. Matland, 12 seconds; final heat, J. Vanhwaegen, 11 seconds.

Middle weight sparring: 1st bout, R. T. Farrand defeated J. Whiting; 2d bout, K. T. Farrand defeated S. T. Glidden.

Putting shot: K. C. Fair, U feet 2 1/2 inches; F. Gardner second.

Broad jump: C. Sutherland, 11 feet 2 1/2 inches. 120 yards hurdle race: J. Vanhwaegen defeated W. D. Ball in 20 seconds.

0 Heavy weight sparring: Decided a draw after three hard fought rounds between H. Waterman and S. Sherman, both contestants being badly punished.

220 yards dash: Won by E. Sanderson, time 27 seconds, against C. W. Hunger, D. P. Matland and J. D. McNaughton.

R Single stick contest: Drawn in first round on account of Farrand's slick breaking.

Drop kick: K. DePont, 127% feet.

440 yards dash: E. Sanderson, 61 seconds.

Light weight sparring: Athur Frantzen won the first bout from A. Deyue, the final bout between Frantzen and Farrand being postponed until next Saturday.

1 Mile walk: E. Warner, nine minutes; D-Trainor disqualified for unfair walking.

Throwing hammer: F. Gardner, 69 feet 10 inches.

The officers of the day were: W. L. Mann, clerk of the course; J. A. Jameson, jr., announcer; J. H. Wade and J. O. Knowlton, judges; E. W. McPherran, marshal; W. W. Watts and J. R. Sutton, time keepers; G. B. Springer and A. C. Muma, measurers.

Michigan University will probably have a better rugby team this year than in several years past. Games have been arranged here with the Albion and Detroit Athletic Club teams, and it is probable that the team will play at Chicago, St. Paul, Minneapolis and Buffalo.

THE CITY LITIGATION.

Three Good Suits on Itailil. — What Regent Whitman Thinks About Ills Case.—An Interview With Him on The Subject.

The city has more litigation, and litigation of importance on hand now than ever before. There are three suits at present. The first is that brought by David Kenning against the city for raising the grade in front of his property, in building the bridge over the Michigan Central tracks. If damages are secured they cannot be for much, as the entire property is only assessed at \$1,500.

The second is the claim made by ex-Judge Joslyn for \$10,000 damages for injuries sustained by falling on a defective sidewalk last June.

The third suit is that brought by Chas. R. Whitman to clear the title, by getting an order vacating it, to the old cemetery at the head of Huron-st, of which he purchased a quit claim deed of Ann Arbor township. This case has caused more talk and discussion than boili of the others. The discussion has been heated and, in some cases, perhaps, both sides have become warmed up more than necessary. This matter is one, however, that every citizen is interested thoroughly in, the question being really whether the bones of our ancestors shall be removed or not, to make room for a residence on that location? In connection with this suit, Mr. Whitman has been censured on every side, and he thinks unjustly. In response to an inquiry regarding the matter, Mr. Whitman gave the following as his side of the case.

"I am deeply pained by the communication which Ala. Allmendinger presented at the meeting of the council. The principal attack against me grows out of my purchase of the old cemetery.

"For many years this ground has been in a most dilapidated condition. Its use as a cemetery was long ago abandoned and the bones had tumbled down, the tombstones were decayed, fallen and broken, a tangled growth of underbrush aided to make it rendezvous for abandoned characters. The condition of the ground was a public disgrace and an absolute bar to the growth and development of that part of the city.

"In February last a petition was filed in the circuit court by the township of Ann Arbor, in whose name the title to the cemetery stood, asking for a decree vacating its use as a cemetery. The township asked the highest price for the land, and I bought a deed of the property. I agreed to pay that I would give the ground in the cemetery and have all the remains removed in good order. This is what the law requires to vacate a cemetery.

"My idea was when I purchased this property that every man, woman and child in Ann Arbor would be glad to see it improved, provided that proper care was taken of the bodies there interred. The idea that I was doing anything sacrilegious when I proposed this plan! According to law, if I obtain this property, every body must be carefully removed to the new cemetery, and every bone placed over its appropriate grave.

"The matter resolves itself thus: Either the township of Ann Arbor or the city owned the property before my purchase. If the city owned the property before my purchase, it owns it now, and the city can hold it. If the township owned it, the city has no right to complain if I insist upon my rights. I cannot think any point is made against the vacating of the cemetery.

"It is declared that the council wish to use the ground as a public park, but this ground cannot be used as a park until the premises have been vacated as a cemetery. It would beki unlauiul to make walks and drives over those graves alter leveling the earth above them as it would be in their present form.

"Whatever may be the outcome of the issue between myself and the city, I shall wound no one's feelings. If public sentiment requires that the old cemetery shall remain in its present condition, I shall never disturb it."

How They "Equalize."

The Committee on Equalization of the Board of Supervisors has agreed upon a report, and as usual Ann Arbor receives a nice "benefit," in the shape of a raise of \$300,000 on her equalized valuation. The 1st district of Ypsilanti is raised \$100,000 and Sylvan \$41,000, all the other townships, except York, receiving the benefit from these raises and having their equalized valuation lowered. The raise given Sylvan, although not a quarter of what should be given the thriving township in which the village of Chelsea is located, will be a surprise to all, and to none more than Supervisor Gilbert, who, although, a member of the committee, was not present when action was taken with reference to his township. For nine years his entire work on the board has been devoted to raising the city and lowering Sylvan, a work that he has been more than successful in, and to have the result of his nine years work broken down at one fell swoop will be more than he will be able to stand. If Ann Arbor must be raised; there U, at least, some satisfaction in having Sylvan get, in part, a share of her just deserts.

American Poin:lonicil Society.

The proceedings of the American Poin:lonicil Society for 1889, recently issued from THE REGISTER office by Secretary A. A. Crozier, is meeting with a very flattering reception by the agricultural press. It is a handsomely printed volume, of 225 quarto pages, containing papers by nearly fifty prominent scientists and fruit growers.

The fruit catalogue, containing a list of the varieties of fruits which succeed best in each state, is issued separately from the proceedings, and may be obtained of the secretary for \$1.00. The catalogue is revised once in two years. The revision for Michigan this year was made by T. T. Lyon, president of the Michigan Horticultural Society.

The American Society is now in its 45th year and is doing a very important work for the pomology of the country. The present volume contains a fine engraving of this president of the society, Mr. P. J. Berchmansof Georgia.

HIGH SCHOOL NOTES.

The juniors will have another social Friday evening of this week, at the residence of J. R. Miner, 42 E. Liberty-st.

In "The Arena" last Friday evening the following officers were elected: JoAua Leland, pres.; Mr. Burgan, vice-pres; Mr. Bumblestone, sec.

The Delta Epsilon Society has gone up higher, where they have the advantage of the organ.

The seniors who once were juniors, think the class colors of the latter are quite appropriate. The colors are yellow—expressing jealousy, and "Celestial rosy red, lovers proper hue." The sentiments go together better than the colors.

The High School girls, as a rule, do not take any interest in the literary societies. Why is thi—?

Examination for State Certificatcs.

Teachers desiring to be examined for state certificates, as provided by Section 15, of the Public Acts of 1889, are informed that an examination will be held at Lansing, in the Capital building, commencing at 2 o'clock, p. in., Monday, December 30, and continuing for five days. Persons desiring to take this examination can ascertain full particulars by addressing any member of the State Board of Education.

JOSEPH ESTABROOK, Sec'y State Board of Education.

Art Students.

The people who are interested in decorative art, will be offered an excellent opportunity for cultivating that art this winter, as Mr. H. M. Lawrence, teacher of designing at the Detroit Art Academy, intends to organize a class here, providing he can get a large enough number interested in the work; those who wish to join, can get full information and particulars at Randall's Art Store, 30 E. Huron-st, where it is desired they shall leave their names before 6 o'clock Friday eve, Nov. 1.

AROUND THE COUNTY.

A lecture association has been organized at South Lyon.

The new creamery at Saline is now running in full blast.

John H. Fekikamp of Sharon died Oct. 22, aged 56 years.

A. W. Lashler is the new manager of the opera house at Saline.

C. C. Lyon of Sharon has returned from his second trip to Texas.

The epidemic of dysentery which prevailed at Stockbridge has ended.

The Manchester creamery turns out 1100 pounds of fine butter every week.

The masonic fraternity of Manchester are to have a big social tomorrow evening.

The correspondence from several of the neighboring towns was crowded out last week.

Washtenaw county raised 940,272 bushels of wheat last year and ranks third in the State.

Daniel McLaren of Lima is building a fine barn in place of the one destroyed by fire last spring.

Rev. D. L. Jones of Edwardsburg filled the pulpit of the South Lyon Presbyterian church Sunday.

Dan Burch of Sharon lost a horse last week which he was obliged to shoot on account of a broken leg.

The South Lyon furniture factory has just shipped a large consignment of church seats to Linlay City.

Clarence and Fred Williams of Ypsilanti have engaged in the boot and shoe business at Charlotte.

Laborers are busy at work near Chelsea grading for the double track which is to be put in by the M. C. K. R.

Milford Curtis of Chelsea now hobbles around on one foot when he moves. He was mixed up in a runaway and had a leg broken.

Richard Hall, an old pioneer and wealthy citizen of Manchester, died on the 19th, aged 84 years, he lived in that township since 1834.

Mr. and Mrs. H. E. Ford of Belleville now own a fine, new bedroom suit, the gift of friends who dropped in and surprised them last week.

A beautiful mission crucifix has been erected in St. Mary's church, Pinckney, in remembrance of the mission given by Fr. Vander Erden.

II. A. Woiptloef of South Lyon is with a party of hunters in northern Michigan, he reports ten hunters to be very deer in that section.

Silas Ellis of South Lyon died Oct. 19 after a long illness. He was a member of the G. A. K., that organization taking charge of the funeral.

Rev. Wallace Radcliffe of Detroit told the Ypsilanti all he knew about Tom Hood in a lecture delivered at Normal Hall, Tuesday evening.

Grandpa Tichenor of Chelsea went to Jackson last Friday and celebrated his 87th birthday. He is hale and hearty, and gives promise of living to be 100.

The flag recently purchased for the school at Chelsea is to be dedicated tomorrow. Congressman Allen is expected to be present and deliver the address.

Thomas McGee came to Chelsea to Battle Creek on the 22d and before returning was married to one of Chelsea's most estimable young ladies, Miss Mary Hogan.

The Sentinel and Ypsilanti are using some heated terms against each other over the building of the new waterworks at the city down the river. Keep cool, brothers.

K. C. Cobb shot a grey eagle at Portage lake last week Wednesday, which measured six feet, three and one-half inches from the tip of one wing to the tip of the other.

Anson Grimes brings us a hen's egg that beats them all. It measures six and one-half inches in circumference the small way and eight inches the long way.—Stockbridge Sun.

The Ypsilanti ladies are believers in equal suffrage. If you have any doubts about it, attend the next meeting of the Equal Suffrage Association, which will be held at Dr. Helen McAndrews' residence November 7.

The following officers have been elected by the Saline M. E. Sunday-school: C. R. Cobb, superintendent; Burt Rogers secretary; Alfred Humphrey, treasurer; Mrs. V. A. Wood, chorister; Miss Anna Cobb, librarian.

George H. Mansfield left Ypsilanti in 1880 and was supposed to have died, until last week, when his brother received a letter from him stating that "twas all a lie." He is living and in good health at San Felipe, Cal.

A party of hoodlums were out "horing" on Monday night. When will such practices cease?—Manchester Enterprise. That's easy enough. When the authorities punish them as they should be punished.*

The dried apple cores and parings of James Bachman's evaporator, are sent to a Chicago house, from whence they go to France to be returned to this country as champagne and higher grades of wine.—Chelsea Standard.

The Pinckney Dispatch has affidavits to prove the following fish story, but nevertheless, the story has rather a fishy sound: "On Friday night last while Messrs. K. C. Cobb, Gen. Collins, Wm. and Jno. Chambers were spearing on Portage Lake they captured a pickeral that weighed 2 1/2 pounds."

David Roberts and family started from Pinckney last week to make their future home in Dakota. When a good lively blizzard comes whistling around and the mercury in the thermometer needs thawing out every morning David will probably wish that he had never left the Peninsular state.

On Oct. 22, Mason reaped a rich matrimonial harvest from Stockbridge. On that day Alfred Coulson and Miss A. G. Callings, both of Stockbridge, were married at Mason, as were Will Lyons of Stockbridge and Miss Krepps of Munith. What extra inducement does Mason offer that takes the Stockbridge young people there?

A. A. Wood of Saline has this season shipped to Texas about 1400 Merino bucks, selected from flocks in various sections of the state. Altogether Texas and the Southwest have taken over 1000 Michigan rams this season. This shows conclusively how flock owners regard the future prospects of wool-growing.—Picket.

Xie Speakership the first Quimtan to be Settled by the New Congress—Vintim Beard From—Other Notes of Interest.

FROM WASHINGTON.

WASHINGTON, Oct. 20.—The first question to be settled by the Fifty-first Congress when it meets in December will be that of the Speakership. Five men are frank enough to acknowledge their aspirations in this direction. They are Messrs. Heed of Maine, McKinley of Ohio, Cannon of Illinois, Burrows of Michigan, and Henderson of Iowa. A canvass of the situation shows the following result:

Votes in Republican caucus.....169
Necessary to a choice.....85
Preferences for Reed.....59
Preferences for McKinley.....59
Preferences for Cannon.....31
Preferences for Burrows.....13
Preferences for D.B. Henderson.....12

In this estimate the election of a Republican successor to Mr. Nutting in the Twenty-seventh New York district and to Mr. Laird in the Second Nebraska is counted upon.

[WASHINGTON, Oct. 20.—Inspector-General Dumont, of the steamboat inspection service, in his report to the Secretary of the Treasury of the operations of the service during the fiscal year ended June 30 last shows that 0725 steamers were inspected, the net tonnage of which was 1,315,438, and that 81,633 officers were licensed. The total number of accidents during the year resulting in a loss of life was 53. These accidents resulted in the death of 801 persons, or 51 more than last year. Of those lost 11 were passengers and 209 were officers or employees of the steamers. It is estimated that 5,600,000 passengers were carried on steam vessels during the year. During fifteen years the number of steam vessels in the United States has increased from 3,555 in 1875 to 6,735 in 1889.

WASHINGTON, Oct. 28.—The President has instructed his Cabinet officers to send no more names of applicants for appointments to him before the meeting of Congress unless there are special reasons why the cases should be acted on at once.

WASHINGTON, Oct. 28.—Judge Arthur T. Beeves, chief of the seed division in the Agricultural Department, who has been seriously ill for some time past, died at his residence, 681 Massachusetts avenue northeast, Friday afternoon.

WASHINGTON, Oct. 28.—Mr. E. V. Hafford, principal secretary to President Harrison, in a telegram from Portress Monroe to the United Press says that the inquiry made to him in a telegram from the Washington office as to whether or not it was his duty to resign, that he contemplates resigning the first intimation he had that he contemplated it.

WASHINGTON, Oct. 28.—Governor White, of Montana, in his annual report to the Secretary of the Interior estimates the white population of Montana at 170,000 and the Indians at 15,000. The total wealth of Montana is given at \$160,000,000. The Territory is out of debt as a whole. The assessment shows an increase of \$1,000,000 in eight years. The value of live stock is \$550,000,000. There are 316 school-houses, 400 teachers and 87,600 scholars. There are 16,000 acres of land. The actual mileage of railroads in operation is given at 1,834 miles.

WASHINGTON, Oct. 29.—A motion was made in the United States Supreme Court Monday to advance the case of Cunningham, sheriff, against Nagle. This case arises out of the sensational tragedy which resulted in the shooting of Judge Terry in California by Deputy Marshal Nagle while protecting Justice field from assault.

A DANGEROUS PLAYTHING.

Ten Schoolboys* Killed by the Explosion of a Bomb.

FRANKLIN, Ill., Oct. 28.—A terrible accident happened on the Galloway farm near here Friday evening. A party of school boys found a bomb loaded with giant powder which they attempted to open when it exploded. Ten of the boys were terribly hurt. John Fitzgerald's arm was blown off and his body horribly mutilated. He will die. Four others named Patterson, D'Conner, Rogers and Hudson are in a very precarious condition. The others will recover.

THE rain last week was a Godsend to everybody. It would be just as much of a Godsend to have as ranch more this week.

LAST Saturday's Free Preps speaks of "Ann Arbor University". Well, here at Ann Arbor we are willing to call it the "University of Michigan." Occasionally a letter reaches here from some unheard of place addressed to Ann's Harbor. We suppose the Free Press will, when it sees this, speak of the U. of M. as "Ann's Harbor's University."

IT seems probable that Mr. Pingree will be the republican nominee for mayor of Detroit. In case he is nominated there should be no possibility of his defeat. There can be no doubt that the better class of people are heartily sick of the ring politicians who have robbed the city in such a high-handed way for the past four years. It is high time that the better class of citizens rose to the situation and elected a mayor and council who have some degree of responsibility.

PRESIDENT ANOELL has an able article in the November Forum on "American Kijhtsin Behring Sea." He takes the position that the right of the United States to control self-taking in Alaska waters, is, to say the least, a doubtful one. Also that as England and Russia are equally interested with this country in preserving the seal, the wisest plan would be to come to some understanding with these countries since we can, without doubt in this way secure all that we are entitled to in the matter of seal-fisheries. A little careful study of this question shows that President Angell has taken the only tenable ground in the controversy, and that the only course the government can adopt in order to secure its rights and at the same time avoid trouble is the one he has suggested.

IN a hasty examination of the report of Mayor Wright of Bay City in regard to the cost of lighting that City by Electricity, extracts of which were read before the council, we observe some important items of cost entirely overlooked.

The item of interest on the investment, estimated by a resident of Bay City, at 7 per cent, would amount to \$2240, but giving the city the benefit of the lowest rate of interest—viz 5 per cent, still the figures reach the sum of \$1600, a factor entirely left out of the question.

The item of depreciation was estimated at 4 per cent, and the total was figured at \$1280, but this estimate is altogether too low for at this rate of depreciation engines, dynamos and lamps must last 25 years when, as a fact, 10 years would, undoubtedly, be a long life for either engines or dynamos considering the high speed at which they are run.

This would amount to the sum of \$3200, for depreciation alone. Giving Mayor Wright however, the benefit of every possible doubt, we will allow that real estate may not depreciate, and so cut this general estimate to 8 per cent still we have a healthy total of \$2539, as an item strangely omitted.

Taxes for Bay City were given at .017 per cent and on the total cost footed to \$544. This would be an item of income to the City providing the plant was owned by a private corporation. For Ann Arbor however, this would be an overestimate in two ways. First the rate of taxation is about .012 on a dollar and secondly so large a position of the cost of an Electric Light Plant consists in patents which may be valuable to-day, but worthless to-morrow, that the basis of taxation would never be placed at the full amount of cost. However, it would be an item of from \$200 to \$250. This was also entirely forgotten. The Plant at Bay City being a new one the item of repairs would show smaller the first than during subsequent years.

Other miner items could be mentioned but these may be sufficient, yet the possible worthlessness of electrical patents may at any time be an item of no minor importance.

We cannot understand why Mayor Wright should make a report which on account of its errors, would be so misleading. To leave out items which would amount to over \$4000, shows either gross carelessness, or an intention on his part to deceive the people by making them believe that he has done more for the citizens of Bay City than he really has.

Has San Diego a "Back County?"
FOR THE REGISTER:
I have been asked repeatedly my "impressions" of San Diego and vicinity, but one individual impression is many times misleading, even dangerous, if relied upon as a verity; so I have waited to obtain facts which alone are of value to those

seeking information, and for the benefit of such who are unable to obtain it, and who would gladly welcome such knowledge, I have taken some trouble.

Leaving the state of Michigan and the beautiful city of Ann Arbor regretfully, I came here a "stranger in a strange land" and soon began variously to inspect my surroundings. "Barren," I said, "all barren." A "bay," a fine climate no doubt, but that is all. I drove over hills covered with sage brush and cacti, sending forth an odor of dried herbs, and I said no "back country," nothing to feed and support a city, how can it grow and prosper? Many sojourners here who do not remain any length of time have come to the same conclusion. But take a carriage or motor, go three or four miles out in any direction, you will see small but beautiful homes, ranches (as they are called here if only containing ten or fifteen acres) of dark green velvet looking orange, 5c, olive, and apricot trees, in fact too great a variety to enumerate, all growing with wonderful luxuriance; and this is not all, there are vegetables of every description.

San Diego has as one of its many enterprises a "Chamber of Commerce," which corresponds to the Pomological Society of Michigan. In this building, for it has one used exclusively by the society, are exhibited constantly samples of the best fruits and vegetables of the surrounding country. I saw there fruit, melons and vegetables of such enormous size and weight, I dare not give their dimensions, fearing my vanity might be questioned. A branch of this Chamber of Commerce is the "Ladies Annex." Regular weekly meetings are held and the membership has reached about two hundred and fifty. Being invited to join this "annex," through it I am able to give you some interesting facts, or these ladies were invited by the ladies of El Osojón valley, 12 miles out by rail, to come and dine with them. This is California hospitality. I need not say that to such an invitation no "regrets" were returned. An hour's ride brought us to the station, where carriages of every description awaited us and we were driven to all points of interest in this beautiful valley, which is six square miles in length and five wide, a veritable "garden of eden." We saw large orchards of orange trees laden with fruit which will ripen in February. Joe ranche, belonging to Major Chase of San Diego, has 150 acres in fruit and 1600 devoted to other purposes. This is the largest one in the valley, though there are several very fine ones besides. The raisin crop seemed to be the principal product and a field of 150 acres of these grapes was a magnificent sight. There are three lacking houses in the valley and a visit to these was the crowning feature of the day. I will briefly describe one of these, which is the property of J. T. Gordon. It is a large building, perfectly arranged and in running order. Many of the owners sell all their grapes to Mr. Gordon and they are prepared for market in this house. Here were nails, looking something like the old fanning mill, which were worked by one or two men. Into these the raisins are thrown and slaken vigorously, the small ones dropping through, for it is a wire sieve or screen, the large ones remaining in the drawer. This house employs 125 men and women, the latter doing most of the sorting and picking. From 1,000 to 1,500 boxes of twenty pounds each are packed in a day, and are sold on board the cars there and shipped to Chicago, Boston and New York, at prices ranging from \$1.15 to \$1.90 per box. One of the girls who was packing told me they could often make from \$2.00 to \$2.25 per day, as they work by the piece. The men receive \$1.70 a day, and this industry lasts three months. I made strict inquiry of the working people, some of whom were very intelligent, and am sure my information is correct. Dr. Sheppard, who owns the ranche there and who had several ladies in his care, told me that one acre well managed would grow from four to five tons of grapes. In addition to an elegant lunch served by the ladies of the valley, each guest was presented with a two quart paper bag, nearly filled with delicious grapes of several varieties, with a card attached reading, "Compliments of Ladies of the Cajon Valley." Among the ladies present was Rjse Hstwick Thorpe, author of "Curfew shall not ring to-night."

This is only a glimpse of one of the valleys which surround San Diego for miles, and one who investigates will decide there is a "back country" worthy of so enterprising a city.

Weather Crop Bulletin.
The weather crop bulletin of the Michigan weather service which was issued, gives the following conditions and predictions:

The weather conditions of the past week have been unfavorable for corn and wheat, the frost damaging the corn fodder, and the lack of rain being unfavorable to the growth of the wheat. The reports indicate that the corn is nearly all cut, probably fully two-thirds of it, and that portion which was not secured was bleached by the frost of the past week.

In the sections of the state where sufficient rain has fallen during the season, the corn crop will be fully up to the average, but in the sections which have suffered from the drought during the months of August and September, the crop will be materially shortened. The potato crop has matured in better condition than was anticipated. Buckwheat has all been secured before the killing frosts. Wheat, which is about all sown, needs a good soaking rain soon to have it have a good growth to go through the winter in very fine condition. The present indications are the top will be small by the time freezing weather sets in.

The present indications are that all crops but the wheat are now beyond the effects of unfavorable weather conditions for this year, and the wheat, with a warm, soaking rain, will materially improve and be in fine condition to winter well. This bulletin with this issue will be discontinued for this season, and will be resumed again in the spring at the commencement of the growing season. The director desires to express his thanks to the voluntary observers who have so kind-

ly furnished reports during the season for this bulletin, and requests that a report be furnished for next week for the use of the chief signal officer, when the reports may be discontinued for this season, as all crops will by that time be beyond the effects of the weather for this season.

SCROFULA
Is that impurity of the blood which produces unsightly humors or swellings in the neck; which causes running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or "humors;" which, fastening upon the lungs, causes consumption and death. It is the most ancient of all diseases, and very few persons are entirely free from it.

How Can It Be CURED
By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, has proven itself to be a potent and peculiar medicine for this disease. If you suffer from scrofula, try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, my little boy, three years old, being a terrible sufferer. Last spring he was one mass of sores from head to feet. We all took Hood's Sarsaparilla, and all have been cured of the scrofula. My little boy is entirely free from sores, and all four of my children look bright and healthy." VJ. B. Dumplings with Royal Baking Powder
No dessert is more delicious, wholesome and appetizing than a well-made dumpling, filled with the fruit of the season. By the use of the Royal Baking Powder the crust is always rendered light, flaky, tender and digestible. Dumplings made with it, baked or boiled, will be dainty and wholesome, and may be eaten steaming hot with perfect impunity.

RECIPE.—One quart of flour; thoroughly mix with it three teaspoons of Royal Baking Powder and a small teaspoon of salt; rub in a piece of butter or lard the size of an egg, and then add one large potato, grated in the flour; after the butter is well mixed stir in milk and knead to the consistency of soft biscuit dough; break off pieces of dough large enough to close over four quarters of an apple (or other fruit as desired) without rolling, and lay in an earthen dish (or steamer) and steam until the fruit is tender. Bake if preferred.

In all receipts calling for cream of tartar and soda, substitute Royal Baking Powder. Less trouble, never fails, makes more appetizing and wholesome food and is more economical. Royal Baking Powder is especially made for use in the preparation of the finest and most delicate cookery.

Why Should I Go to Montana? CREAT NERVATION. Because \$100,000 acres of free Government land, with a delightful climate, and equally splendid opportunities to engage in business, stock raising, have just been opened to the homeseeker, in the Milk River Valley and near Benton and Great Falls.

General Farming. Because a rich soil and abundant summer rains produce wheat, oats, rye, barley and the grasses and vegetables of a quality size and yield unsurpassed.

Manufacturing. Because the rapidly growing towns along the St. Paul, Minneapolis & Manitoba R. R. offer splendid opportunities to engage in business. Manufacturer. Because the 1,000,000 horsepower water-power at Great Falls, the extensive coal veins, water, mineral and grain raising resources of Montana offer exceptional opportunities to the manufacturer.

Tourism. Because the canon of the Gates of the Mountains, the Great Falls of the Missouri, the Giant Fountain and Continental Divide offer the most sublime and diversified scenery to be found on the Continent. Take a summer tour.

Why Travel by the St. A. M. M.? Because only by it can you travel through the largest body of free land left for settlement. Because it reaches the Great Falls, with the largest water-power on the Continent. Because it reaches Helena, the richest city of its size in the world; and because it is the shortest and best route to Butte, the largest mining camp on earth. Special tourists and landsceper rates. Of the estimated expenses of the ensuing year, twenty-nine hundred dollars are due from towns and cities for board and care of their poor for the last year. This leaves five thousand, six hundred dollars to be provided for. We have a balance of two thousand dollars in the treasurer's hands. This would leave thirty-six hundred dollars to be respectfully asked you to allow us three thousand, five hundred dollars, and we will try to not be very much in debt at the close of the next year. All of which is respectfully submitted.

THEREV. GEO. H. THAYER, of Bourbon, Ind., says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE." Sold by Eberbach & Son.

Sulden: They who govern must make least noise. Look at a boat. Those who do the drudgery work splash and puff, but the one who governs sits quietly at the stern and is scarcely seen to stir.

Is It Safe
To neglect yourself if troubled with any disease of the kidneys? No, it is dangerous; and if you are so afflicted, attend to yourself now. Do not wait, but use Sulphur Bitters at once. They cured me when I was given up to die by several physicians.—Jonathan Ham, Boston.

De la liroyere: Incivility is not a vice of the soul, but the effect of several vices—of vanity, ignorance of duty, laziness, stupidity, distraction, contempt of others, and jealousy.

WHY WILL YOU cough when Shiloh's Cure will give immediate relief. Price 10 cts., 50 cts., and \$1. Sold by Eberbach & Son.

Gotthold: Conscience should exact each man to be a silent court of justice in himself. Himself the judge and jury and himself the prisoner at the bar.

SLEEPLESS NIGHTS, made miserable by that terrible cough. Shiloh's Cure is the Remedy for you. Sold by Eberbach & Son.

Abraham Lincoln: Let us have faith that right makes might, and in that faith let us to the end dare to do our duty as we understand it.

A Sensible Mun
Would you use Kemp's Balsam for the Throat and Lungs? It is curing more cases of Coughs, Colds, Asthma, Bronchitis, Croup and all Throat and Lung Troubles, than any other medicine. The proprietor has authorized any druggist to give you a Sample Bottle Free to convince you of the merit of this great remedy. Large Bottles 50c and \$1.

THE CITY.

The mother of Mr Wm. Herz died on Sunday.

W. G. Dieterle sent a load of furniture to Dexter Tuesday.

The front of Randall's store has been painted a somber black.

Thanksgiving day is four weeks from to-day. Secure your turkey.

The Agricultural Works are closed for repairs for a couple of weeks.

The new T. and A. A. depot is enclosed and will be ready for use by Dec. 1.

A new stone walk has been laid on the south side of the Methodist church.

Golden Rule Lodge will hold a meeting tonight and confer the third degree.

John Ryan of this city and Miss Carragher of Northfield were married Tuesday morning.

A youthful mail carrier now rules the house of Asa Allen. He arrived last Sunday.

Company A will give the first of their monthly inspections and hops next Monday evening.

The store occupied by Doty & Feiner has been treated to a coat of paint on the outside.

Ex Judge Ghauncey Joslyn died at 9:30 this morning, after a long illness, aged 76 years.

George Collins drew \$25 at the last drawing of the Louisiana lottery, and is accordingly happy.

A number of changes have been made in the arrangement of the T. A. A. & N. M. freight office this week.

A pleasant farewell party was given in honor of Miss Nellie Seabolt, at the residence of Miss Mamie Bliss, Tuesday evening.

Subject of Dr. Studley's lecture at the Methodist church next Sunday evening: "The Patriarchs Isaac and Jacob, and their Times." Welcome to all.

A new banner, 15 feet long, with the firm name prominently displayed, floats from the flagstaff over Mack & Schmid's store.

Largest spider ever seen in this city, in window of the White Front. Rather late in the season to look for flies and he will find none on the young men in the store.

The new flag purchased by the scholars of the fourth ward school was floated to the breeze from the court house flag staff Tuesday afternoon.

There is a small section of the first ward that claims the banner, and rightfully too. Within a distance of less than 1,000 feet, ten children have been born within a few weeks.

Martin J. Cavanaugh, the secretary of the Board of School Examiners, will cease to be a bachelor on Tuesday, that being the day announced for his marriage to Miss Seery of N. Thayer-st.

Rev. J. T. Sunderland is at Philadelphia this week, attending the National Conference of Unitarian churches. He reads a paper there on "The Ministerial Supply in the Unitarian Pulpit of To-day."

The temperance meeting at Cropsy's hall will be of much interest. Davis Carman, the boy speaker, will make his maiden speech on temperance. Mr. Nave of the University will also take part. Young people are especially invited.

The name of Judge Cooley has been prominently used during the past week as successor to Judge Stanley Mathews of the United States Supreme Court. No better man could be found for the position in the entire country.

Michael Gauss of S. Fifth-st was three-fold blessed on Saturday, his wife presenting him with triplets—two girls and a boy. The boy tips the scales at six pounds, and the girls at five and four pounds respectively.

George Schaiberle, who works for Wm. P. Brown of Ann Arbor town, claims the championship as a corn busker. It took him just 10 hours and 45 minutes to husk 45 bushels, tie the stalks and set them up, one day last week.

The Board of Health are gratified to announce that of all the cases of typhoid fever reported in this city for the past two months, all but one have been imported here by outside parties. Ann Arbor 19 certainly a healthy city, not given to epidemics.

There appears to be a general rumor afloat that a certain party on State-st daily violates the law, by selling spirituous liquors without a license to do so. It might be well for the authorities to investigate this matter and ascertain how much truth there is in the rumor.

Services will be held at St. Andrew's church next Sunday as follows: Morning prayer, sermon and administration of holy communion at 10:30; evening prayer and sermon at 7:30. Rev. Warren Hastings of Detroit or Rev. Henry Tatck of New York will officiate.

Mrs. N. Shellon reached the age of 77 years last Sunday, and as a remembrance of the event her live children partook of a happy birthday dinner with her, at the residence of A. H. Himes. Mrs. Sheldon is one of the pioneers of this city and county, having resided here for a great many years.

The Students' Bible class at the Unitarian church began its regular work last Sunday morning with Mrs. Sunderland as teacher. The general subject for the year is, "The Life and Teachings of Jesus as exhibited in the Gospel of Luke." All students and others interested are welcome.

A horse belonging to Chas. Schultz made a lively runaway last Thursday afternoon. Mrs. Schultz was driving, being accompanied by Mrs. Southard. As they turned on to Wilhams-st from Main-st, one wheel came off the buggy throwing the occupants out, both escaping injury except a few scratches. The horse ran until opposite the court house on Main-st, where he was caught by Shirley Hunter.

The State Bank Examiner dropped in at the Savings Bank Tuesday to inspect that institution. He found everything in first class shape and complimented Cashier Hiscock highly, saying that this was the first bank he had examined where everything came out absolutely correct at the first trial.

At the Unity Club meeting next Monday evening, Prof. J. B. Reighard will read a paper on "Recent Biological Speculations on the Duration of Life," and Mrs. Sunderland will give an account of "Visits to some Famous Modern Palaces." Both promise to be exceedingly interesting, as everyone who has listened to either of the speakers will know.

Miss Alice Cramer, who has become recognized in Ann Arbor as a fine contralto singer, will sing two solos at the meeting of the Literary Adelphi Society, next Saturday evening. At the meeting on the following Saturday evening, Mr. Prof. Beman, equally as well known as a soprano, will render three selections. At both of these entertainments another of our local musicians, Miss Minnie Davis, will act as accompanist.

The proprietor of the Cook House was victimized last week by a professional hotel beat. On Thursday a young man, 22 or 23 years of age, with a smooth face and wearing a derby hat and cutaway coat, registered as Ed. F. Miller, N. Y. His vocation was cutting profiles from cloth or paper, and he did quite a business during the few days he was in the city. He disappeared Saturday night, accompanied by his valise, not even stopping to settle his bill. Officers at Jackson and Detroit were notified but he has not been caught yet.

Dr. Schrepfer, the veterinarian, has purchased a residence in Ann Arbor, where he will soon remove with his family. The doctor has the advantage of being a regular graduated practitioner in his profession, having his diploma and testimonial from a German school, and experience in cavalry of the German army. Residing at Ann Arbor, he will be more accessible to the large German population in the county, and he will doubtless gain a large practice.—Ypsilanti Sentinel.

The city superintendents of the poor have petitioned the circuit court to compel Matthew Jensen to support his mother, Johanna Norgaard, who has applied to the superintendents for aid. She was formerly possessed of considerable property which she deeded to her son, he agreeing to properly care for herself and husband as long as they lived. 'Twas the old, old story, and poor treatment drove her from her son's house to seek county aid after her husband's death, so claim the petitioners.

A well that produces refined gasoline has been the cause of considerable excitement in the second ward, during the past week. The well is located on the land of Chas. Haeuser on W. Liberty st. Since August the water has been growing flat and rancid, until a couple of weeks ago it became so bad that it could not be used. A painful drawn up will burn about half away, and the gasoline will burn in a stove. Mr. Haeuser has already filled a 50 gallon barrel and the well grows stronger daily. It may be that he has "struck oil," but the chances are that the adjoining oil tanks of Dean & Co. are responsible for this strange "phenomena."

The Ypsilanti Sentinel, although mistaken a little with reference to any agitation looking forward toward Ann Arbor's building a system of waterworks, speaks from the experience of that city and offers the following advice, free of charge:

"Ann Arbor has been fairly served by her light and water companies, at no very exorbitant rate, but some of her aldermen have caught the boodle epidemic from the prevalence of the disease in this city, and ache terrible to start a city electric light and waterworks boom. The papers of that city, however, whether with an honest regard for the public interest, or because they have not been fixed, generally look with disfavor on the plan. If Ann Arbor knows when she is well off she will keep from undue "bonds," tho' better able to bear them than Ypsilanti."

It is not often that anyone gets the best of county clerk Howlett, but last evening he was obliged to acknowledge that he was beaten, and beaten badly too. When he walked into his house with a couple of friends, about eight o'clock, he found the members of the Board of Supervisors quietly seated about the rooms, playing cards and enjoying his hospitality. This was a surprise to him, but when Supervisor Wheeler conducted him to another room and, with short well chosen remarks, in the name of his associates presented Mr. Howlett with a handsome easy chair, the genial clerk could not realize that he was awake. The matter did not end here. Mr. Wheeler directing his attention to Mrs. Howlett presented her with a silver, tilling water set and an elegant fruit dish. Mr. Howlett vainly endeavored to express his thanks, but could hardly find words. He acknowledged that he was "sold" and that he appreciated the "sell." The house was then thrown open to his guests and a pleasant evening was spent by all.

Burglars are Around.

Burglars entered Noble's clothing store sometime Sunday night or Monday morning, but were unrewarded for their trouble as nothing has yet been missed. Walter Noble, one of the clerks, sat in the store writing until after 11 o'clock Sunday night. While titting there he was disturbed several times by unusual sounds but supposed they came from the night watchman. Upon leaving he left a bright light burning. In the morning when he came down the gas was turned low, and loud doors through which it is necessary to pass to enter the store from the rear, were all wide open. A careful examination was made, but nothing is missed. It is surmised that the burglars intended cracking the safe, which contained nearly \$500, but were frightened away by some outside noise. The work was evidently that of professionals, as shown by the method in which they opened four doors to gain an entrance.

The Ale and Beef Co. of Dayton, Ohio, have so far progressed as to have placed their preparation on the market and it can now be procured at our drug stores.

The Ale and Beef Co. of Dayton, Ohio, have so far progressed as to have placed their preparation on the market and it can now be procured at our drug stores. The comparatively small cost of these goods, 25 cents per bottle, widens its popularity and places it within the reach of all.

Ale and beef are the only ingredients that enter into the composition of the new remedy. The medical profession are un-stinted in their praise of the medicine. They look upon it as an aid in their profession, it being a mild stimulant with a perfect food, the only article of the kind ever produced. It is clearly beneficial to a well person, but in cases of febrile symptoms, indigestion, and for nursing mothers it is indispensable, now that it can be obtained. THIS REGISTER predicts a bright future for this Company, a heavy interest in which is held in this city.
