

THE MAYOR'S MESSAGE.

CITY APPOINTMENTS AND RECOMMENDATIONS FOR THE YEAR.

The Council Meeting Monday Evening.—The Street Railway Franchise Extended.—Additional Equipment for the Fire Department.—Routine Business.

The May meeting of the council was held Monday evening, and was a session of more than usual interest as it was the time when the city officers for the year were to be appointed and the mayor's annual message was to be read. At this meeting the question as to whether Ann Arbor shall have a street railway or not was settled and settled in the affirmative, as it should have been.

Mayor Manly's message was read to the council, containing a number of recommendations and his nominations for the year as follows:

To the Honorable Common Council of the City of Ann Arbor:

In accordance with the requirements of the charter, I have the honor to present to your Honorable Body my views on some of the many questions that are now pending, and others of more or less importance that will require your careful consideration.

First, I desire to say that all honor is due to the Mayor and retiring members of the Council for the able manner in which they have discharged their duty. I can but say, well done thou good and faithful servant, enter thou into our council and see the system of the improvements you have inaugurated go slowly but surely on. It is our duty to be careful and judicious in all our deliberations, having ever in view the best interests of the people at large. Economy ought and must be the watchword of this administration, money must be expended, and when appropriations are made, be sure that it is necessary. Then see to it that every dollar used in improvements is placed to the best possible advantage.

BOARD OF PUBLIC WORKS.

Mayor Beakes, in the formation of this board, selected as its members three of our principal business men, who have managed the street expenditures of this city with the same care and deliberation as they would their own private business; and to them much credit is due for the many improvements in the streets and sidewalks in our city. From the best information I can get, the best of feelings toward each other has prevailed during their deliberations. The wise and careful management in the expenditure of the funds entrusted to their keeping, leads me to believe that a change in the board at this time would be detrimental to the best interests of the city.

FIRE DEPARTMENT.

This branch of our city government I am free to say is one that needs your closest attention. Liberal appropriations should be made to put this department in perfect working order. None but experienced men should be employed, even in the minor positions. The whole department ought to be under the most rigid rules and strictest discipline, as success depends on the promptness and accuracy of the men. This department, like the Board of Public Works, is in charge of first-class business men, who are well versed in this particular branch of our city government.

POLICE.

Your attention is most respectfully called to this department. Although the most important, it seems to receive the least attention. It is our sworn duty to see that the laws are enforced. In order to do our whole duty in this direction more help is needed. I would therefore recommend the adding of at least two more patrolmen to the force.

IMPROVEMENTS.

I am strongly in favor of improvements and believe that they should be made as nearly permanent as possible. The committee on streets should be directed by your honorable body to investigate and inquire into the different kinds of paving, the best system of macadamized roads, especially the use of crushed stone. It seems to me that this system is the most practicable for the city, and I would recommend the purchase of a stone crusher. I would further recommend that a city lockup be built, and that every person arrested and convicted under section one hundred and five of the charter, be required under the direction of the Marshal or his deputy to work at the stone crusher for the full term of his sentence. An enforcement of an ordinance of this kind, would not only be beneficial to the city, but very instructive to the tramp.

APPOINTMENTS.

In compliance with the terms of the charter, I most respectfully recommend for the consideration of your Honorable Body the following named gentlemen, whom I nominate for office as follows:

City Attorney—Thomas D. Kearney.
Treasurer—W. W. Wain.
Marshal—William Walsh.
Member of the Board of Public Works—Thomas J. Keech.
Member of the Board of Fire Commissioners—George H. Pond.
Member of the Board of Health—Martin Clark.
All of which is respectfully submitted.
C. H. MANLY, Mayor.

The message was received and placed on file, after which the nominations were confirmed by the unanimous vote of the council.

The Board of Public Works recommended that sidewalks be ordered built on both sides of Volland-st, from Washtenaw-ave to Observatory-st.

The Board of Fire Commissioners made recommendations as follows: That the hydrant in front of Ferguson's cart works be changed to across the street; that fire escapes be ordered placed on the Opera House, Hamilton block, Cook House, Franklin House, Germania Hotel, A. O. U. W. and Hangsterfer's halls; that the

chimney on the store occupied by F. G. Soulester be ordered rebuilt; that the Water Works Co. be ordered to clean their mains by opening the blow plugs, and that before this is done the fire department be given 48 hours notice. The recommendations were adopted. The commissioners also asked that the \$1,000 which had been appropriated for the purchase of a team of horses for the hook and ladder truck and for an extra hose wagon, be now used for this purpose. They also recommended that an electric tower bell striker be purchased at a cost of not over \$400. These matters were referred to the fire committee.

A petition was received asking that the water mains be ordered extended on Hill-st, from Twelfth-st to Forest-ave, and one fire hydrant placed. Referred to the water committee.

A report was received from the street committee and Board of Public Works recommending the route for the street railway as reported by the ordinance committee at the last meeting.

Health Officer Breakey made his annual report in which he congratulated the city upon the good health which has prevailed during the past year, and made some excellent suggestions for keeping it so. There have been but 120 deaths in the city within the year, which on basis of 10,000 population would make the death rate but 12 in 1,000.

The finance committee had audited bills upon the different funds and warrants were ordered drawn as follows: Contingent, \$361.94; police, \$116; water, \$3.25; cemetery, \$44.86; poor, \$118.71; fire department, 289.59; streets, \$438.39; total, \$1,372.74.

The ordinance committee reported the amendment to the street railway ordinance as reported at the last meeting for third reading, and the amendment which changes the route was passed by a vote of 12 to 1.

The fire committee thought that \$1,000 asked for horses, etc., was all right, and the appropriation was made.

The following liquor bonds were reported by the committee and approved: Henry Frank, Fred R. Titch, Millman & McNally, Werner & B. Enner, L. Buchholz, A. Gwinner, and W. Fred Schlanderer.

John R. Miner was appointed to examine the books of the City Treasurer and City Clerk, at an expense of not over \$25. Superintendent of the Poor, Siple, reported the expenditure of the following sums for the poor during the month: 1st ward, \$9.42; 2nd ward, \$14.32; 3rd ward, \$23.02; 4th ward, \$49.32; 5th ward, \$18.03; 6th ward, \$4; total, \$118.71.

The city Marshal reported 12 arrests during the month, on the following charges: Vagrancy, 1; forgery, 2; burglary, 2; drunkenness, 2; violating city ordinance, 4; insane, 1.

The City Treasurer reported \$2,249.18 expenditures during the month, leaving a balance of \$5623.40 on hand.

The council then adjourned to smoke a box of cigars which the newly appointed officers had provided.

MISS HENRIQUES WINS.

The Ypsilanti Savings Bank Enjoined from Collecting the Earp Notes Which She Endorsed.

The Henriques-Ypsilanti Savings Bank case was closed, Friday, when the final arguments were made. Judge Kinne withheld his decision until Saturday evening, when a lengthy written opinion was filed. The decision is an unqualified victory for Miss Henriques, and she will never have to pay the notes which she endorsed for Rev. Samuel Earp, unless the supreme court takes a different view of the case than Judge Kinne does. The following is taken from the opinion filed:

"While it may reasonably be urged that the complainant must have known that she was entering into some important obligation, it is nevertheless clear that she had no conception of the extent of her engagement and no reason to suppose that she was signing two separate and independent contracts. It is incontrovertible that this maiden lady reposed the fullest confidence in the Rev. Samuel Earp, and as her rector and spiritual adviser trusted him implicitly. To have doubted his honesty or questioned the rectitude of his intentions was as foreign to her thoughts as to have denied the sacredness of his high office.

"To my mind it is impossible that Mr. Earp contemplated any harm or loss to the complainant or any one else, but in the light and logic of pre-est results, so far as Miss Henriques is concerned, this betrayal of her confidence can only be characterized as an unrighteous transaction and a gross fraud.

"The bank now claims to have secured the Henriques notes not as further security but in payment of the Morris' note. This position is disputed by the complainant and becomes an important contention in the case."

After reciting that no entry was made upon the books the opinion says, "Ordinarily it would be rather dangerous doctrine to predicate corporate action upon aught so intangible as the undisclosed intention of the agents."

"The circumstances in the case can be reconciled upon no other theory than that the bank must be regarded as holding and applying these notes as security for the debt of Mr. Earp. It also appears that the cashier was personally acquainted with the complainant; that he had known her and her family; that he knew her to be a member of the Episcopal church; that he knew Mr. Earp was rector of said church. Therefore that the bank is chargeable with notice of the existence of confidential relations between them. The counsel for complainant insists that as the complainant never delivered the papers, supposing them to be notes, they are void in the hands of all parties. The bank replies that the complainant was guilty of negligence in the signing of these papers and hence that it should not suffer thereby. * * * It may

well be doubtful if the bank, under the record in this case, has not been guilty of greater negligence than can be imputed to the complainant. Courts should vouchsafe protection to individuals as well as to corporations.

"The complainant and the bank are alike innocent. It may be urged as above that as the negligence of Miss Henriques enabled the fraud to be committed she should suffer. This proposition might be available if the bank had suffered through her negligence, but nothing of the kind is established—not even an extension of time. The notes of Miss Henriques were held and applied as new security for a pre-estimated debt. The elements of a bona fide holder for value on the part of the bank are wanting. The bank thus possesses no equities superior to the complainant, and must be held to have taken their notes subject to all the equities existing between Miss Henriques and Mr. Earp. The burden is cast upon the bank to establish the entire righteousness of the transaction between Mr. Earp and Miss Henriques. Under the evidence this is impossible. It follows, therefore, that the relief sought by the complainant must be granted."

WILL PROVE A BOON.

The New Addition South of the City.—The Great Improvements Now Being Made.—Fine Building Sites and a Model Park.

Last fall when Messrs. Hamilton, Rose and Sheehan first platted the ground south of the city, with the expectation of selling it for building lots to the people here, their scheme was looked upon by outsiders as wild, visionary and impracticable. Those who looked upon it in this light a few months ago, are already convinced of their error and now see that this new subdivision is bound to prove a boom to the city and a source of profit to its owners.

During the past ten years the price of property has advanced so rapidly in the first and sixth wards that men of moderate means could not afford to purchase and build. As a matter of fact, at the present time there are but few desirable lots in the vicinity of the university that can be purchased. To meet this want the new addition was platted.

The plat lies just one-half mile south of the university and one and one-third miles from the court house. The piece contains forty-five acres, which has been divided into eleven blocks, containing 167 lots, 25 of which are within the city limits. The land which last fall appeared damp and unhealthy, has been so thoroughly drained by a thorough system of drain-pipes that it is now as dry as any part of the city. One of the great advantages to this new addition, will be the large park, containing eight and one-half acres, which will be located in the center. This park is to be the pride of this section of the county, and the owners are sparing no expense upon it. Over 500 trees have been set out in the park already, and the drive-ways, winding in all directions, are now being laid out. A double road, with a row of maples between, leads around the park, and the main entrance will be ornamented by a handsome archway, to be constructed of boulders. The plan provides for an artificial lake in the center, a fountain near by, and beds of flowers in all directions, all of which will be done.

One beauty of this addition is the wide avenues which have been laid out, none of which are less than four rods in width, with rows of young trees on both sides. The streets running north and south are the continuations of Thayer and Ingalls sts and East University-ave, East Park Place coming in between: The east and west streets are North Park Place, Rose-ave and Henry-st.

Already eighteen lots have been sold, and this section promises to be one of the greatest for building this summer. The owners have already contracted for the erection of four modern houses on State-st, at a cost of \$2,500. A fine brick house is to be built on the same street, and the contracts have been let for two others, making seven in all that will be built at once. When the street railway company gets in a spur to this place, it will be very desirable property for residences.

Boston Symphony Concert, May 16.

The liberal policy of the founder and the exacting requirements of the conductor of the Boston Symphony Orchestra and his predecessors have resulted in the assembling of a body of artists of unusual ability.

Originally made of the best available players of Boston and New York, each year the Orchestra has been strengthened by the acquisition of superior performers wherever they could be found, until it is now everywhere conceded that no such company has before been brought together in this country.

In its ranks may be found representatives from the leading orchestras of Vienna, Leipzig, Berlin, Paris and London. At the head of the violins as Concert-master, is Mr. Franz Kreisler, who is ably supported by Mr. C. M. Loeffler, Mr. T. Adamowski, and a corps of players, every member of which is a solo artist.

Patrons of the concert will note with pleasure the brilliant playing on flute and oboe of Messrs. Mole and Suter, who came two years ago from the Opera Comique, Paris. Other prominent players among the wind instruments are Mr. Joseph Reiter, first horn, Mr. Pierre Muller, first trumpet, late of the Lamoureux Orchestra, Paris, and Mr. Goldschmidt, first clarinet.

In every department, the Orchestra has

been brought as near as possible to ideal perfection.

THE SOLOIST.

The management take pleasure in announcing that an engagement has been effected with Mme. Magdeline Steinbach-Jahns, who visits America for the first time, to accompany the Orchestra as soloist on its tour.

Mme. Steinbach-Jahns has been for several seasons the leading dramatic soprano of the famous Leipzig Opera House, and is a supreme favorite with the critical Leipzig public.

Her repertoire embraces no less than forty operas, and the leading critics of Europe assign her a foremost place among the lyric artists now before the public. Mr. Adamowski has been recognized as a sterling artist wherever he has appeared.

"Criticism, in the sense that the short-sighted and unreasoning employ the term, has little to do with performances like that of the Boston Symphony Orchestra at St. Inway Hall last night. It is chiefly that unflinching criticism which is all praise that is challenged by Mr. Nikisch and his band of virtuosos. If musical New York were disposed to petty feelings, there would be a chance for envy."—New York Tribune.

"The orchestra has justly come to be regarded as the most important organization of its kind in the country."—Philadelphia Press.

"It is hard to imagine a band of musicians nearer perfection than the company which Mr. Nikisch controls."—Washington Post.

"The opinion was more firmly established that the Bostonians are by far the most evenly balanced and best disciplined organization on the American continent."—Baltimore Herald.

Prof. Stanley will give a lecture on the programme in Room 24, Monday next at 5 p. m.

"How Perkins on the Anchor Line. "Ell is the best way to go to Europe?" asked a Chicago man on the N. Y. Central. "I've read columns about it and I'm tired out reading about them."

"I'll tell you what to do," said Tom Hughes, who wrote 'Tom Brown at Oxford.' "I've just the A. L. U. a dozen times. You cross the A. L. U. and go down to some old steamship line like the Anchor, and buy a ticket at a fair price on the City of Rome, or any of their great steamships, and you'll have more comfort more room and more real solid enjoyment than on any of the new-fangled lines."

Tom Hughes told the truth. Bayard Taylor was always partial to the Anchor Line. They ran ships before any of the new lines were born. They make their time in eight or nine days, and the passengers always have an enjoyable time on board. They never lose like the founder of City of Paris, and their splendid

state rooms are not crowded with fast people who bet and gamble. The Henderson B. Co. have got a solid line, where you get really more comfort and luxury than you pay for.—Eli Perkins' Syndicate Letters.

LITERARY NOTES.

The May issue of the *Jenness-Miller Magazine* is not one whit behind its predecessors in literary excellence and artistic merit. Its fashion department is for beauty of design and originality of suggestions unequalled at the present time. It stalks on physical culture and the reputation they have already won of being the best papers on this subject ever published. No woman who values chastity of neck and beauty of throat should fail to read the suggestions given in the talks on "Voice" in the present issue of the magazine.

The papers on "Fine Laces: How to Become a Connoisseur," deserve the attention they are attracting. The article on "Social Etiquette" in the current number devoted to Wedding Etiquette, will interest every prospective bride. A paper on architecture, by Mabel Jenness, will interest every woman who loves a pretty home. Address, The Jenness-Miller Pub. Co., 363 Fifth Ave., New York.

Mr. Howells' juvenile serial, "A Boy's Town," now running in *Harper's Young People*, has led the Ohio papers to raise the question which of the towns in the State the author had in mind when writing the story. Dayton or Hamilton is supposed to answer his descriptions, although the Dayton Herald confesses that Mr. Howells must have been thinking of "a Dayton with a halo of poetry around it," and not "the commonplace Dayton which the unimaginative citizen beholds."

A volume of prose poems by the late Emile Hennequin, the famous author of *La Critique Scientifique*, is to be published in France, under the supervision of Mme. Hennequin. The American public has an opportunity to judge of these poems before the French, for Mme. Hennequin selected six for Mr. Stuart Merrill to translate and include in the *Poets in Prose*, recently published by Messrs. Harper & Brothers.

Grace L. Furniss, the author of the popular parlor comedies "A Box of Monkeys" and "A Veneered Savage," will contribute to the number of *Harper's* which will be published May 9th an amusing short story entitled "The Chronic Dyer." The heroine finds death a useful ally, but confines its dealings to herself.

"Prince Tommy," the hero of the new serial story by John Russell Coryell, which has just begun in *Harper's Young People*, is an Elmira boy who, abandoned to his own devices, meets with a series of surprising adventures in New York. The illustrations by W. A. Rogers are full of local color.

Clovelly in Devonshire comprises the "Quaint Corner of England" which Julian Ralph has described, and Chas. Graham and Bert Wilder have illustrated, for the May number of *Harper's Weekly* to be published May 7th. The article will be contained in a four-page supplement.

MEDICAL BREVITIES.

Timely Suggestions of Interest to Everybody.

There are very few people this spring who are not able to find something of vital interest to them in the following succinct advice: Do you have a full feeling in your head and confusion of the mind? It is due to a sluggish circulation of blood, and Pe-ru-na will cure you promptly. Does it make you dizzy to stoop over? If so you need Pe-ru-na, which will remove the passive congestion of blood in your brain. Do you have moving specks before your eyes and twitching of the eyelids? Take Pe-ru-na at once; it will cure you. Are you sleep restless and disturbed? Pe-ru-na never fails to procure sound and refreshing sleep. Is there ringing or buzzing in your ears? Pe-ru-na will stop it. Do you hawk

stringy mucus out of your throat? Pe-ru-na is a specific for it; try it. Is your appetite and digestion poor? Don't fail to get Pe-ru-na; it acts like a charm. Are your feet, legs and hands cold and head hot? Nothing can be found to equal Pe-ru-na; get it at once. Does your heart palpitate at the least exertion? Suffer no longer with it, but get Pe-ru-na and be made whole.

BURLINGTON ROUTE

Cheap Lands in the West.

Along the lines of the BURLINGTON ROUTE in Nebraska, Colorado, Wyoming and northwestern Kansas, particularly on its new extension in that territory, there is still some Government Land awaiting settlement, as well as other cheap lands held by individuals. These lands are among the best to be had anywhere in the country for agricultural and grazing purposes. In the comparatively new districts are many improved farms which can be purchased at a very low rate of that class of restless pioneer-settlers who are ready at all times to move "further west." In the territory embraced by the BURLINGTON'S lines west of the Missouri River, there are in the vicinity of two hundred new towns which offer to manufacturers and business men an excellent opportunity to locate with profit. Send to the undersigned for descriptive pamphlets and other matter giving location and full particulars concerning these lands.

A MAP OF THE UNITED STATES, showing north and south Dakota, mounted and suitable for office or home use and issued by the BURLINGTON ROUTE, will be furnished undersigned parties free on application to the undersigned.

For ten cents either in postage or by check at Room 12, C. B. & Q. R. R. General Office, corner of Adams and Franklin streets, Chicago, you can obtain a pack of the beautiful Playing Cards.

A TEXAS CYCLONE.

Fearful Work of the Wind in the Lone Star State. Fifteen persons killed and many others receive serious injuries—houses blown to pieces and fruit and crops ruined.

DEATH IN THE GALE. WILLSPOINT, Tex., May 5.—A hurricane struck here at noon Saturday and every house in town is more or less damaged. Two persons were killed outright and several injured. The killed are Mrs. Bowen, caught under a falling wall and crushed to death; a negro girl, 14 years old, daughter of Sam Mitchell. The injured are Jack Ballard, internally, dangerous; a son of E. McManus, arm broken in two places; Mrs. Mitchell (colored), mother of the girl killed. Mrs. Freeman's residence was blown over, the family just getting out in time to escape injury. The Methodist church and public building were demolished, while other churches were blown off their foundations. A number of stores and residences were blown down. The hurricane also visited Mesquite, Thornton, Terrell and other points, doing great damage.

GRANBURY, Tex., May 6.—About 5 p. m. Sunday a destructive cyclone visited Salt Creek, in the eastern portion of Hood County. At the residence of Mr. Ree Rhodes, twelve miles east of that place, twenty persons were assembled when the cyclone struck the building. The killed were: Miss Della Carmichael, aged 17; Mary Carmichael, aged 1 year, and a child of Mrs. Gibbs. Four persons were seriously hurt.

At Fall Creek, a little farther south, John Manley's house was wrecked and he was seriously injured; Charles Houston's house was demolished and Mrs. Rushing hurt; Mrs. Campbell's house was blown away; Mrs. Serkley's residence was destroyed and her arm broken in two places; Mr. McClung's house was blown down and his wife and child badly hurt; Mr. Robertson's house was demolished and Mrs. Payne hurt. Other houses wrecked were those of Alf Massey, L. McPherson, J. Wooleniff, M. C. Hershey and Mr. Brook. The damage to outhouses, fences, crops and timber is very great.

At the little town of Acton, on the line of Parker and Hood counties, four people were killed and a number seriously injured. Many houses were demolished in that vicinity. At Robin Creek, in Hood County, eight persons were killed, five of whom belonged to the family of Dr. George Griffin. A heavy hail-storm fell throughout this section, doing immense damage to crops. News from Graham, in Young County, says that a heavy hail-storm fell there yesterday. The hail completely ruined crops and vegetation, wheat, oats and corn being completely beaten into the ground. The fruit crop in that section will be ruined.

A MISSISSIPPI GALE. JACKSON, Miss., May 6.—A violent wind-storm visited this city at 3 a. m. Monday. The tin-roofing of the north end of the State-House was blown off, leaving the Representatives' hall and the auditor's office unprotected.

NATCHEZ, Miss., May 6.—A storm passed over this city and section at 10:30 Monday morning, blowing down trees, fences and chimneys and doing other damage. The roof of the Democrat building, a three-story structure, was carried away and the office flooded. The roofs of other buildings were badly damaged. In Vidalia the Methodist church was wrecked.

BLOWN FROM THE GROUND. Sand-Storms Sweep Through the Northwest, Causing Great Damage to Crops. ST. PAUL, Minn., May 5.—Severe sand-storms raged in the Northwest Saturday, accompanied by damage to the newly-planted crops. The severest storms were at Morehead and Ada, Minn.; Forman, N. D., and Bristol, S. D., where the sand was whirled about in such dense clouds that it was impossible to see three rods ahead. Much of the undrilled wheat was blown from the ground and will have to be replanted. Osakisa, Herman and Crookston, Minn., experienced the same storm though less violently. Its effects were felt all over the State. The center of the spring wheat belt is suffering for rain, and unless relief comes within a week the crops will be greatly damaged. The only northwestern points at which rains were reported were Pierre and Chamberlain, S. D.

WEBSTER, S. D., May 5.—A terrific wind-storm raged here, uncovering the seed in the wheat fields, which are dry and like an ash heap. Rain is badly needed. The situation is most critical. Doomed to the scaffold—The house painter.

The Blood is Life!

J. M. Loose Red Clover Co., Detroit: I cheerfully furnish the following for publication. Mrs. S., aged 36, cancerous face (cell cancer), has tried many physicians, and on presentation to me was a horrible sight to look upon, nose partly eaten away, deep pits in cheeks, forehead and chin. As a last hope I pushed on Loose's Extract Red Clover—large doses internally, and as a local application, I used the solid extract in plaster form. She improved rapidly from the first week, and in four months was entirely well. Now eighteen months since the first treatment and no signs of return.

Ulceration of the leg (Indolent Ulcer) Recovered entirely after three months' treatment with R-d Clover and Solid Extract Dressing. Now over year and no sign of return. H. B. Cancer of Lip and Skin Diseases. Entirely cured with three months' treatment with R-d Clover Extract and Solid Extract Dressing. Now over year and no sign of return. H. B.

Secondary Syphilis was entirely cured by Red Clover Extract in three months, with none of the after results such as are left by Mercury in such cases. If you have any doubting physicians, they can write to me and I will give them a full history of each case. Dr. W. H. YARNALL. Write for testimonials. For sale by Eberbach & Son.

Although Walt Whitman is getting very feeble in body his mind remains clear and active. He is, however, doing no literary work at all and seems to feel that he has rounded out his career. "Fired All the Time," Say many poor men and women, who seem overworked, or are debilitated by change of season, climate or life. If you could read the hundreds of letters praising Hood's Sarsaparilla which come from people whom it has restored to health, you would be convinced of its merits. As this is impossible, why not try Hood's Sarsaparilla yourself and thus realize its benefits? It will tone and build up your system, and give you a good appetite, overcome that tired feeling and make you feel, as one woman expresses it, "like a new creature."

After all, the only real difference between laughing and crying is that in one case the corners of the mouth turn up, while in the other other case they turn down. An Eminent Doctor's Prescription. Dr. C. P. Henry, Chicago, Ill., who has practiced medicine many years, says: Last Spring he used and prescribed Clark's Extract of Flax (Papillon) Skin Cure in 40 or 50 cases, and never knew a case where it failed to cure. "I know of no remedy I can rely on so implicitly. Positive cure for all diseases of the Skin. Applied externally. Clark's Flax Soap is the best for Babies. Skin Cure \$1.00. Soap 25 cents. It is unreasonable for a woman to expect her walking jacket or long cloak to fit when she sits down. The garment is a regular standing affair, and she is in great luck if it holds when she is on her feet. James T. Doctors! Of all the different schools in the world, have thousands die every year of Bright's disease of the Kidneys, who could be living to-day if they had used Sulphur Bitters. They are unequalled in the world for all diseases of the kidneys.—New Haven Union. It is permissible to paint the lower panes of glass in a window of a vestibule door and use it as a background for studies in flowers and still life.

Hibbard's Rheumatic Syrup and Plasters are prescribed by the leading physicians of Michigan, its home state, and are remedies of unequalled merit for rheumatism, blood disorders and liver and kidney complaints. It comes with the highest recommendations. To be effectual sympathy should be given as a draught—not applied externally.

SYRACUSE, N. Y., May 20. F. E. C. MEDICINE Co.—Through the advice of a friend I was induced to take the F. E. C. Kidney Remedy, and have found great relief from a disease of long standing. MRS. MARIA POTTER. Gratitude flows easily for things received. It is harder to give thanks for that withheld.

The effect of using Hibbard's Rheumatic Syrup is unlike all medicine containing opiates or poison, it being entirely free from them. It cures rheumatism by purifying the blood. Too often left—The right path. "No. 9" Is unrivalled for speed, durability and quality of work. There is comfort for the man with a prematurely gray beard in Buckingham's Dye, because it never fails to color an even brown or black as may be desired.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

Hibbard's Rheumatic and Liver Pills. No gripping pain so commonly following the use of Pills. They are adapted to both adults and children. We guarantee they have no equal in the cure of sick headache, constipation, dyspepsia, biliousness, and, as an appetizer, they excel any other preparation.

CASTORIA for Infants and Children. Castoria is so well adapted to children that I recommend it as superior to any prescription known to me. H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y. Castoria cures Colic, Constipation, Sour Stomach, Diarrhoea, Eructation, Kills Worms, gives sleep, and promotes digestion, Without injurious medication. THE CENTAUR COMPANY, 77 Murray Street, N. Y.

THE COMPTROLLER OF THE CURRENCY.

DEAR SIR:—I wish you would please insert in your city locals this week a reply to your inquiry about the price of ice in this city, published in last week's issue. Postage Stamp Comedy Co., in "A Social Session."

The Postage Stamp Comedy Company appeared at the opera house last evening in their new farce comedy, "A Social Session," and both the play and the players made an instantaneous hit. Very few of the large audience present guessed that it was a "first night," as the piece had been very carefully rehearsed and not a "break" occurred to mar the smoothness of an excellent performance...

A better satisfied audience than filled the opera house to see "A Social Session" last night, seldom returns from an evening's entertainment. This attraction is well calculated to put an audience in a proper frame of mind to enjoy their performance. The superb band and orchestra creates an exquisite sensation of delight, and after the sweet strains die away the curtain rises on farce comedy, breezy and ludicrous, and the most staid auditor soon loses control of his department and is prepared to enjoy the fun to the fullest extent...

THE FIGURE "9"

No figure 9 in our dates will make a long stay. The man or woman now living will ever date a document without using the figure 9. It stands in the third place in 1890, where it will remain ten years and then move up to second place in 1900 where it will rest for one hundred years.

There is another "9" which has also come to stay. It is unlike the figure 9 in our dates in the respect that it has already moved up to first place, where it will permanently remain. It is called the "No. 9" High Arm Wheeler & Wilson Sewing Machine.

The "No. 9" was endorsed for first place by the experts of Europe at the Paris Exposition of 1889, where, after a severe contest with the leading machines of the world, it was awarded the only Grand Prize given to family sewing machines, all others on exhibit having received lower awards of gold medals, etc. The French Government also recognized its superiority by the decoration of Mr. Nathaniel Wheeler, President of the company, with the Cross of the Legion of Honor.

The "No. 9" is not an old machine improved upon, but is an entirely new machine, and the Grand Prize at Paris was awarded it as the grandest advance in sewing machine mechanism of the age. Those who buy it can rest assured, therefore, of having the very latest and best.

MURDERS AT BALTIMORE.

An Aged Widow and Her Daughter Slain in Their Beds.

BALTIMORE, May 5.—Mrs. Sarah Blaney, a widow, aged 77 years, and her daughter Caroline, residing at 1,065 Greenmount avenue, were found murdered in their beds. Their skulls had been crushed with a blunt instrument. William Blaney, a grandson of the old lady, has been arrested, and the police are hard at work ferreting out the facts of the case. Robbery is supposed to have been the motive for the crime.

An Illinois Farmer Robbed.

MONMOUTH, Ill., May 6.—One of the boldest robberies ever perpetrated in Warren county occurred Sunday afternoon. As R. J. Adock, a wealthy farmer who lives alone, was going to the barn to perform his evening chores he was struck from behind. The robber tied him and searched his clothes, taking \$200 and his keys to the house. The thief then searched the building, securing \$1,000 more. The burglar is supposed to be a tramp who worked for Adock last week.

Cattle Killed by a Cyclone.

KYLE, Tex., May 5.—Information from Racine, Tex., is to the effect that 150 cattle belonging to the Toyah Land and Cattle Company were killed by a cyclone a week ago. Many others were injured.

Sale of a Railway.

Seventy Negroes Drowned.

THE LIQUOR LAWS.

The Supreme Court Decision and the Future of Prohibition.

A Loop-Hole Thought to Have Been Opened for the Complete Nullification of Prohibitory Statutes in Several States.

CAN'T BE CONFISCATED.

NEW YORK, May 2.—The decision of the United States Supreme Court in the suit known as the "original package" case seems likely to exert an important influence on the future of prohibition. The decision affirms that an inhabitant of any State may under the operations of the Inter-State Commerce laws and without license or supervision of any public authority carry or send into and sell in the other States any intoxicating liquors in cases or kegs or even in single bottles or flasks, despite any legislation of those States on the subject and although his own State should be the only one which had not enacted similar laws. This will have a bearing not only on States where prohibition prevails, but throughout the country.

DES MOINES, Ia., May 2.—As a result of the recent decision of the United States Supreme Court relative to inter-State shipments of liquors arrangements are being perfected for opening in Des Moines a number of depots or agencies for the sale of liquors in the original packages, as imported from other States. Each of the larger breweries will be represented as well as foreign wholesalers of distilled and fermented liquors. The same is true of other cities and towns in the State, and if some new method of restricting the traffic is not devised it will be but a short time until the prohibitory law is completely nullified.

ATCHISON, Kan., May 2.—After the passage of the Kansas prohibition law A. W. Pretzel, A. L. Devoto and Greenhut & Co., wholesale liquor dealers of this city, removed their headquarters across the river to Winthrop, Mo., but continued to sell Atchison people all kinds of liquors, taking orders by telegraph and delivering them in wagons. They were brought up under the law several times and heavily fined. Since the "original package" decision of the Supreme Court it is understood that they will establish branch houses in Atchison and sell original packages in order to ascertain just how far they can go under the decision. If the test proves successful they will institute proceedings against the county for the recovery of several thousand dollars paid as fines under the prohibition law during the last four years.

TOPEKA, Kan., May 5.—The prohibitionists have decided to fight "original package" dealers, despite the decision of the United States Supreme Court.

SNOW-STORMS IN MAY.

Wisconsin, Minnesota and the Northwest Visited on Sunday.

ASHLAND, Wis., May 5.—A violent snow-storm raged here Sunday and the vesper is down to the freezing point. Vessels in the bay are wind-bound and unable to clear from port.

ST. PAUL, Minn., May 5.—Snow fell here Sunday to the depth of an inch or more, but soon melted. Reports indicate that the snow-storm was very general throughout the Northwest. The storm extended from La Crosse, Wis., to Jamestown, N. D., and reached to the lake on the north. At Fergus Falls, Minn., it snowed for four hours. At Mankato six inches of snow fell. At Albert Lee, St. Cloud, Bird Island, St. James, Redwood Falls, Lambertton and Faribault it snowed all day. At Jamestown, N. D., snow fell for twelve hours, the depth being estimated at four inches. This snowfall is generally regarded as favorable to big crops.

ENTOMBED.

Final Interment of the Remains of Dr. Cronin in a Chicago Cemetery.

CHICAGO, May 5.—All that is mortal of Dr. Patrick Henry Cronin, who a year ago Saturday night was lured to the den of death, now known to history as the Carlson cottage, was laid to rest Sunday afternoon in a grave in Calvary cemetery. Over 1,000 men and women who had known him in life braved the bleak wind and pelting rain to witness the final obsequies. The Sheridan Guards acted as guard of honor and the Illinois Drum Corps with muffled drums, the Ancient Order of Hibernians in their green regalia and the Catholic Foresters turned out in large numbers.

Associations Consolidate.

SPRINGFIELD, Ill., May 3.—The State Grange, Farmers' Mutual Benefit Association, Farmers' Alliance and Knights of Labor of Illinois consolidated yesterday, with J. M. Thompson, of Joliet, as president. The resolutions ask for the free coinage of silver, the election of United States Senators by the people and a graduated income tax.

From the Cresco, Iowa, "Plunderer."

"We have never, as our readers for nearly thirty years in this country can testify, written a 'puff' of any patent medicine. Duty as well as inclination impel us to depart from this studied silence, to say to our readers and the public that, having been completely prostrated with a violent and distressing cold, after three days fighting it with ordinary remedies and getting no relief from their use, we obtained a bottle of Clarke's Extract of Flax (Papillon) Cough Cure, obtained almost instant relief and a steady improvement under its use." Large bottle only \$1.00. Ask for Clarke's Flax Soap. "Best on Earth," 25 cents. Both the above for sale by Eberbach & S. S.

What it Costs

Must be carefully considered by the great majority of people, in buying even necessities of life. Hood's Sarsaparilla commends itself with special force to the great middle classes, because it combines positive economy with great medicinal power. It is the only medicine of which can truly be said "100 Doses One Dollar," and a bottle taken according to directions will average to last a month.

If everybody's business is nobody's business, what becomes of the idea that "the injury of one is the concern of all?"

IS NEGROES!

Who left the United States for Liberia last year have lately returned, being unable to stand the climate. Everybody going to a new climate should have a bottle of Sulphur Bitters with them as a safeguard against disease.—Hartford Courant.

Advice To Mothers.

Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gum, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents bottle.

The poet Whittier is represented by a friend as indiscriminately declining all proposals for literary work, owing to feeble health. We can ill afford to have this poet haug up his lyre.

Acute and chronic rheumatism can be effectually and permanently cured by the use of Hibbard's Rheumatic Syrup and Plasters.

If you want to seem tall and commanding carry a white parasol and wear a white hat or white cigarette.

Hibbard's Rheumatic Syrup cures rheumatism by striking at the seat of the disease and restoring the kidneys and liver to healthy action. If taken a sufficient time to thoroughly eradicate such poison, it never fails.

Stated by H. B. Cochran, druggist, Lancaster, Pa. Have guaranteed over 300 bottles of Burdock Blood Bitters for dyspepsia, sour stomach, bilious attacks, liver and kidney troubles.

Mary J. Holmes, the novelist, received royalties on 77,000 copies of her books sold during 1889, showing that literature, with some, is productive of satisfactory results.

Hogg was only a fourth-rate poet, but he is the only literary man who ever had a pen named after him.

Some Remarkable Cures of deafness are recorded of Dr. Thomas' Electric Oil. Never fails to cure earache.

A black fan of turkey's feathers is considered chic with the most delicate evening toilet.

When a man turns to one for advice, nine times in ten the advice given turns to naught.

In its treatment of rheumatism and all rheumatic troubles, Hibbard's Rheumatic Syrup stands first and foremost above all others. Read their medical pamphlet and learn of the great medicinal value of the remedies which enter into its composition.

You will find it on the News Stands To-Day.

Another committee was appointed, their duty being to see that the route of the street railway was not changed.

William Maerkle, of Breckenridge, Col., and Miss Martha Heinrich, of this city, were married at the residence of the bride's parents on S. Fifth-ave, last evening, Rev. H. B. Isler performing the ceremony in the presence of the immediate relatives of the party. The young couple left on the night train for their future Colorado home.
At the annual election of officers of the Hobard Guild, Thursday evening, the following officers were elected: H. C. St. Clair, president; Mrs. Katherine B. Camp, vice-president; Miss Thompson, recording secretary; H. B. Shoemaker, corresponding secretary; E. J. Denman, treasurer.

Lester Pugh and John Madden, the two young men from Lansing who were arrested for forging the name of O. M. Martin to a check, owe Judge Kinne a debt of gratitude which it will be hard for them to repay. After they had plead guilty on Monday, the judge gave them a kind, fatherly lecture and then suspended sentence on them, much to the surprise of all.
A carpenter by the name of Smith, who lives on W. Second-st, fell from the scaffold in the gable of W. F. Stinson's new house on Liberty-st, Saturday, and suffered quite painful injuries. He stepped upon the end of a plank which tipped up, throwing him to the ground about 25 feet below, where several pieces of lumber fell upon him. One of his arms was broken, but his injuries are not serious.

About half a dozen of the excursionists who went to Detroit, last Sunday, had a hard time of it before they reached home. The train started in two sections, one from Toledo and the other from this city, and united at Milan. At the same place the train was divided on the return trip, and several went with the wrong section, being carried to Dundee and Toledo and not arriving home until the following morning.

The Ann Arbor Fruit and Vinegar Co filed articles of association, Saturday. The capital stock of the company is placed at \$40,000, of which \$5,500 is paid in. The stockholders named with the number of shares owned by each, are as follows: G. F. Altmendinger, 225; Geo. April, 30; Emil Baur, 30; F. H. Belsler, 50; Jacob Bissinger, 50; W. F. Breeke, 50; B. J. Conrad, 30; C. E. Greene, 50; L. Gruner, 50; G. Luick, 250; D. Rusey, 60; G. Altmendinger, 325; A. Tucker, 100; E. Luick, 25.

The people along the line of the South Lyon branch of the T. & A. A. are now hopeful that the road will not be abandoned and that an improved service will be had. Attorney-General Henson and Railroad Commissioner Rich met the people living along the line at South Lyon, Tuesday, and examined into the details of the matter. When they left they gave assurance that the road would not be abandoned, but that the company would be compelled to make many repairs and improvements.

Prof. J. M. B. Sill was last week, ordained to deacon's orders, by Bishop Davis, and is now an Episcopal clergyman, authorized to officiate at christenings, marriages, and the ordinary services of the church. He was presented to the Bishop for ordination by Rev. T. W. MacLean, of Bay City, former rector here.—Ypsilantian. Prof. Sill has conducted the services at St Andrew's church in this city, on several different occasions, and his ordination will be a pleasure to his Episcopal friends here.

The annual report of the "T. & A." railroad, recently published, shows the total earnings of the road during the past year to have been \$1,014,303.98, of which there was left, after paying operating expenses, \$328,105. The "T. & A." has a plan of sharing all profits with employees who have been in its service for five years or more. Heretofore the surplus has not been very large, but for the past year, it is said, the profits to be divided will amount to more than thirty thousand dollars.—Cadillac News.

Berry Seaton, the slick young man who burglarized Fulde's tailor shop in February last, received no more than his just deserts when Judge Kinne sentenced him to Jackson for five years. He is undoubtedly a professional crook, and his actions during the trial indicated it. He did something which has seldom been done in this circuit—addressed the jury in his own behalf. When the handcuffs were being placed on him after sentence, he paid his compliments to the court and jury; "I was tried by my interiors and sentenced by the same."
Rev. Dr. Thomas C. Gardner, who died at Flint on Sunday, was in charge of the Methodist church in this city in 1854, and from 1864 to 1868 was presiding elder of this district, his home being in Ann Arbor during that period. He was well known throughout the country by his writings, and was at different times on the staffs of the New York and the Chicago Christian Advocates. A memorial service was held in the chapel of the Methodist church last evening. The remains were brought to this city today for interment, the burial service being held at the cemetery this morning.

In the circuit court, Tuesday, nine of the jurors drawn for the May term were excused, and Judge Kinne ordered fifteen additional jurors to be drawn, the following being those summoned: John W. Maroney, Ann Arbor; Martin G. Moore, Ypsilanti; James Welch and M. E. Easterly, York; Frederick Kleinsmith, Freedom; Thomas Holms, Manchester; Geo. J. Zahn, Lodi; Geo. Kirkwood, Sharon; Jas. M. Hudler, Sylvan; Geo. Runciman, Lyndon; Chas. F. Jenks, Lima; Benj. Colby, Sida; Lawrence Rabbitt, Dexter; Ed. Alexander, Webster; S. mon Nissly, Saline.

H. H. Owen, a junior law student from Westfield, Ind., died suddenly, Saturday afternoon, from heart disease, in his room at No. 25 Madison-st. He had been playing ball in the forenoon, and laid down after dinner to take a nap. Awakening shortly afterwards he arose and went to a window, when he fell back gasping for breath. Two of his companions went to him, and a doctor was sent for, but Owen died before he arrived. He was 27 years of age, of good habits and a brilliant student. Coroner Clark impaneled a jury, which ascertained the cause of his death, after which the body was sent home for interment.

G. Josehans attended the golden wedding of his parents, Mr. and Mrs. Jonathan Josehans, in York, Monday, a family reunion being held at which about sixty were present. The other relatives present from this city were C. Mack and wife, F. Schmid and daughter, Miss Sophia Schmid, E. K. Frueauff and wife, Mrs. Sophia Hutzel and daughter, Herman Hutzel and wife, Robert Mann, Albert Mann, Amelia Mann, Mary Mann, Clara Mann, O. Eberbach, Mrs. Fred Wurster, Mrs. Jacob Wolpert, T. F. Hutzel, Mrs. Sophia Spring and daughter, and Mrs. E. Spring. One son, Timothy Josehans, a graduate in civil engineering class of '79, came from Seattle, Wash., to attend the gathering.

Herman Hutzel and P. G. Sulkey had an experience, Monday, about which their friends are joking them considerably. With others they started to drive to the house of J. Josehans in York. When about eighty rods across lots from the house, it was discovered that a bridge was gone, which necessitated a drive of several miles around. These two gentlemen concluded to go across lots, not thinking at the time of the raging Saline river which it was necessary to cross. Arriving there, no better bridge could be found than an old tree which had fallen across the river, and which they finally managed to crawl over on. They arrived at the house and found a large gathering, who were willing to laugh at the wet clothing and bedraggled appearance of the wanderers.

Mr. Bliss is the editor of "The Dawn," and one of the ablest leaders of the new christian socialistic movement. All who have read Mr. Bellamy's "Looking Backward," and all who have not should hear him.
The Sappho Club, of Ypsilanti, consisting of twenty-four ladies will give their annual concert at the M. E. church, on Monday evening, May 12. They will be assisted by Mr. and Mrs. Cornwell, who have been studying in London for several years and are being received with great favor throughout the state. The club will render a portion of Pergolesi's "Sabbat Mater," and the cantata of "The Fishermans" by Smart. Admission 25 cents. No reserved seats.

Is Coming.
Dr. Fruth, of New York, will visit Ann Arbor, Tuesday, May 13th, 1890, in the private parlors of the Cook House, and as usual he may be consulted free of charge. The doctor is so well and favorably known in our community that it is hardly necessary to more than mention the date of his coming to insure a large crowd at the hotel, eager to avail themselves of his superior skill. Those who are incurable are frankly told so, some who think their troubles are of a trifling nature are found by Dr. Fruth's peculiar methods of analyzing diseased conditions to be not only in a dangerous condition but beyond power to control. Likewise many who have doctored for years, even until they have given up all hopes of a cure and resigned themselves to a miserable existence are speedily and permanently returned to health, especially in this true of diseases of the Nervous System. To those who have become discouraged we would say by all means visit the doctor and obtain his opinion of your case.
