THE MERCHANTS' CARNIVAL.

A Novel Entertainment Provided by the Chancel Society.-Don't Forget to Attend Each Entertainment at the Rink this Week. The Chancel Society of St. Andrew's church, composed of 35 young ladies of

this city, has taken in charge the matter of giving a "Merchants' Carnival.", and at the rink this evening at eight o'clock the opening will be held. The undertaking has been no slight one and to make the affair a success a large amount of work has been necessary. The preliminary work is now completed and there is little doubt but that the success of the carnival is assured, both socially and financially. The merchants of the city have taken hold of the scheme readily and nearly every firm in the city will be represented, either by a display of their wares or a young lady representative in the military drill.

The barren rink is being rapidly transformed into a beautiful bower. The walls and rafters have been handsomely decorated. Skirting the entire room, booths have been arranged for the display of samples of the stock of our merchants, and as each vies with the other to have the handsomest booth and the most tasty exhibit, the result is a rich display of the fine goods kept by our merchants.

The booths have been assigned as follows, commencing on the south east corner, and will be presided over by the fol-lowing ladies, who will be assisted by numerous others:

The most interesting feature of the carnival will probably be the military drill by 52 of the young ladies of this city. This drill will be given Thursday and Friday evenings at 8 and 9:30 o'clock and Saturday afternoon at 2 o'clock. The costumes of the ladies will be something wonderful and they have been engaged in making them for several weeks. Capt. Manly has been teaching the ladies to drill only about three weeks, and the proficiency which they have attained in tac ics in that short time is remarkable. THE REGISTER reporter was permitted to witness their maneuvers, Tuesday evening, and can testily that they can out-drill regular troops. The young ladies who will take part in the drill are given below, together with the firms which they repre-

TWO COUNCIL MEETINGS.

A Message From the Mayor with Good Recommendations.-Other Routine Business.

The regular meeting of the council was held, Monday evening, all the members being present except Ald, Hall,

Mayor Manly sent a message to the council, covering several important matters, viz: The violation of the ordinance relative to riding bicycles upon the sidewalks and the duty of constables as well as other city officers in enforcing the city ordinances; The necessity of flag-men at several railway crossings; the necessity of making some disposition of the old cemetery property, either by converting it into a park or platting it into city lots; the recommendation of James Murray as patrolman for another year. In regard to another idea for a pleasure resort, the Mayor says: "We are living in one of, if not the most beautiful inland citiy in the United States, in which nature has done much by surrounding our city with beautiful scenery and natural parks that only wait the touch of man to make them accessible to us all, a beautiful stream winding its way through the valleys and around the hills as it passes through the city, suggesting to our minds what a beautiful park could be made on its banks between Ceder Bend-ave and the Huron River.

The drive has become the most popular of any in the vicinity of our city. Every day of the week, and almost every hour of the day, the young and the old can be seen inspecting the many different scenes that present themselves to one's view white passing over this cool and pleasant drive. The land lying between the avenue and the river can be purchased at a reasonable price. Winding drives and crosswalks can be laid all through the grounds, and fountains located at various points, supplied with pure water from living springs. Further attractions can be easily made by raising the water to a sufficient depth, without overflowing the river, to float boats from the depot to the lower bridge in the dryest season of the year. With a park established on these grounds, boathouses would soon take the places of the slaughter-houses, and the city of Ann Arbor would have the finest drive and the pleasantest park in the state of Michigan."

The Board of Public Works recommended that a number of new sidewalks and crosswalks be ordered built.

The acceptance of the amended street railway ordinance was received from the Street Railway Co. and placed on file. An invitation from Welch Post, G. A.

R., to take part in the Decoration Day exercises was accepted. A number of residents of Lawrence-st

(formerly Bowery) petitioned to have the street renumbered, and the street commissioner was given power to act in the The water committee reported against

extending the water main on Hill-st from 12th-st to Forest ave. The office of constable of the first ward was declared vacant, as the officer elected

had neglected to qualify. The vote in regard to accepting the bond of the city treasurer was reconsid-

ered and the bond was returned to the finance committee, as it was found that one of the sureties, President Howlett, being a city offi er himself could not properly go on the bond.

The sum of \$125 was appropriated for opening First-st, and \$550 for rebuilding a culvert on W. Seventh-st.

New sidewalks were ordered built on the east side of N. Main st, from Catherine-st to the City Mills, and on the south

side of Volland-st.

The matter of widening Division-st was left over until the next regular meeting.

The clerk was ordered to ask for bids

from the several city banks for interest on deposits and rate charged for overdrafts. The water mains were ordered extended on Wells-st, as petitioned for by the Washtenaw Agricultural Society.

Another meeting was held Tuesday evening, at which eight members were

A communication was received from the Board of Health giving notice of the election of officers, and recommending that the following salaries be paid: President,

\$50; Health Officer, \$300; Inspector, \$50. Referred to the finance committee. The Board of Public Works recommended that all streets hereafter opened be done by assessing the adjoining property. Referred to the street committee.

DEATH OF HON, GEORGE SUTTON

County Passes Away sunday. Sunday afternoon at four o'clock, Hon. George Sutton died at his home in Northfield township, after having passed full four score years on earth, a length of years allotted to but few men. He had been suffering for several weeks and his death was not unexpected. It is safe to say that there are but few men living that will be missed more by the community in which he lived for nearly sixty years, than will Mr. Sutton. He was a man with many friends and not a known enemy. His entire life was devoted to doing unto others as he would have them do unto him, and in doing this he leaves behind him a worthy record.

George Sutton was born at Orange, Warren County, N. J., on February 17, 1810, his father, Nathan Sutton, being one of the sturdy pioneers of that state. When twenty years of age he came to Michigan with his father and settled upon 500 acres of land in Northfe'd, where he lived until the day of his death upon a portion of this farm which he took up from the government in 1830.

Mr. Sutton was elected to many posi-tions of honor and trust during his long In 1833 at the first township meeting in Northfield, Mr. Sutton was elected the first township clerk. He was town clerk again 1835-6 and 1857-8. He also represented his town on the board of supervisors several terms, being elected in 1838, 1839, and in 1848. He was elected justice of the peace in 1842, 1846, 1850, 1854, 1859, 1863, 1868, and 1869-70. He was elected a member of the state legislature in 1875-6.

In 1835 he was married to Miss Catherine O. Pray, and was the father of three children, Hon. Nathan E. Sutton, of Northfield, Mrs. Dr. Collins H. Johnson, of Grand Rapids, and Mrs. T. J. DeForest

Mr. Sutton experienced many of the hardships of the early pioneer days of Michigan, and was an active member of the Washtensw County Pioneer Society. He has been one of the successful farmers of our county, and during his early life managed to save a competency to keep him in his old age. The deceased was a member of Golden Rule Lodge, No. 154, F. and A. M., having been a mason in the first masonic lodge instituted in this city, Oriental lodge, No. 15. He was also a member of Washtenaw Chapter, No. 6, R. A. M., and of Ann Arbor Commandery, No. 13, K. T., the latter organization tak-

The funeral was held Tuesday morning, and nearly every farmer in Northfield turned out to follow the remains of their friend and neighbor to their last resting place, the funeral procession from the house to this city being nearly a mile long. The remains were met on Detroitst by Ann Arbor Commandery and escorted to St. Andrew's church, where the Episcopal service was conducted by the The remains were then taken to Forest Hill cemetery and interred, the beautiful Knights' Templar services being rendered at the grave.

HE WAS HIGHLY HONORED.

Election of Wm. G. Doty as Grand Commander of the Knights Templar -Fine Reception Given Him by his Fraters Last Evening.

Wm. G. Doty, of this city, was chosen by the Grand Commandery of Knights Templar of Michigan, which closed its conclave at Detroit yesterday, to the highest office in their power to bestow, that of Right Eminent Grand Commander of Michigan. The honor was one which his fraters in this city could not help but recognize, and when Mr. Doty returned to the city last evening he was tendered a reception at the Masonic Temple.

The members of Ann Arbor Command-The members of Ann Arbor Commandery, headed by the City Band, marched to the evening train and escorted to the Masonic Temple, Grand Commander Doty, who was accompanied by a number of distinguished Knights Templar from other parts of the state, Past Grand Commanders Henderson and Lawrence; of Kalamazoo, and Jerow, of Cheboygan, and Eminent Commanders Traver, of Jackson, Hobbs, of Kalamazoo, and Wetter of this Hobbs, of Kalamazoo, and Watts, of this

At the asylum, where the ladies were assembled, Judge Harriman made a congratulatory address to which Mr. Doty neatly responded. Following this, a sumptuous banquet was held at which Hon. A. J. Sawyer made a few remarks. The party then adjourned to the drill room where dancing to the beautiful music furnished by the Chepuamegons was car-ried on until after midnight.

She Was Frightened Nearly Out of Her Senses.

If the telephone subscribers did not receive as prompt service as usual one evening recently, there was a good excuse for it, as one of the young ladies was having an experience which she does not care to have repeated. The entrance to the telephone office is through a lonesome hall, which seems dismal when passing through. On the evening in question the young sister of one of the operators came rushing in and said that two men had follewed her from the postoffice and started to come up stairs. An investigation showed two men standing across the street, watching the office. As it was getting dusky, the young sister started for home. The two men stood on the opposite side of the road for a short time and then started across the street towards the entrance to the telephone office, where one of them stood while the other ascended the stairs. The young lady divined their intention when they started to cross the street, and rushed to the door and locked it. The man came up stairs, tried the door and found it locked. He rapped several times but met with no response, then pushed the door as though ound to break it in. He stayed around the hall for some time, during which the young lady operator hardly dared to move and wouldn't think of answering a call. Finally the man left and then help was summ med by her, which might have been done before, as she had communica tion with the entire city, a fact which she forgot in her excitement and fear. One of the men was a man of middle age, while the other was younger. The pity is that help was not summoned and the men punished for doing as they did.

THE CROP REPORT FOR MAY.

Wheat Improving a Little, but the Prospects for a Large Crop are not

For the May crop report returns were received from 822 correspondents representing 629 townships, 562 reports being from correspondents in 398 townships in the southern four tiers of counties.

The reports indicate that of the area seeded to wheat last fall ten per cent in the southern counties, thirteen per cent in the central, and one per cent in the northern, will be plowed up because winter-killed or otherwise destroyed, Washtenaw county having suffered more than her neighbors, it being necessary to plow up 13 per cent of the wheat seeded last fall. In condition there was very little improvement during April. The exact figures for May 1, are as follows, comparison being with vitality and growth of average years: Southern counties 73 per cent, central counties 72 per cent northern counties 87 per cent, and state,75 per cent. The corresponding figures on April 1 were 70, 65, 86, and 71.

The best wheat is in the counties which form a group in the extreme south western part of the state. In these the condition ranges from 92 in Berrien to 100 in St. Joseph. The second best wheat is in the five counties just north and east of the group named, where th condition ranges from 85 in Kalamazoo to 89 in Allegan. In the remaining seven counties of the southern two tiers, the range is from 66 in Monroe to 79 in Jackson, the average condition for the seven counties being 74, the condition in Washtenaw county being given at 73.

The poorest wheat is in the remaining

counties of the third and fourth tiers, or

in the twelve counties lying east of Kent and Allegan. In this group the condition ranges from 47 in Eaton to 73 in Ionia, In only five counties in this group is the condition better than 60, and the average for the entire group is 60, or 14 points below the average of the third group Since the last report was issued reports

have been received of the quantity of whea marketed by farmers at 396 eleva-tors and mills. The number of bushe's reported marketed is 1,150,736, of which 236,822 bushels were mark-ted in the first or southern tier of counties; 298,421 bushels in the second ii r; 212,561 bushels in the third tier; 307,822 bushels in the fourth tier; 92 282 bushels in the fifth and sixth tiers; and 2,828 in the northern count es. Nine mills and elevators in Washtenaw county report 40,529 bushels marketed, making a total of 334,201 bushels since Aug. 1, 1889. The total number of bushels of wheat reported marketed in the state from August to April, is 11,647,239, or about 50 per cent of 1889.

Clover was damaged by the dry westher in Washtenaw c unty, fully 24 per cent. having been destroyed. In this county apples are placed at 82 per cent, and peaches at 97 per cent. Peaches are reported in much better condition generally in the eastern part of the state than in the western, the prospects being placed as low as 20 per cent, in some of the latter coun-

The burning of a chimney at the residence of Attorney Jones, of Saline, caused a ripple of excitement there recently, but the fire was extinguished before the fire department had a chance to take a hand in the affair, much to their disappointment.

John Cassidy, one of the old pioneers of this county, died at his residence in Sylvan, May 13, aged 81 years. The funeral was held at St. Mary's church, Chelsea, on Friday, his remains being followed to their last resting place by a large symbol of old friends. large number of old friends.

A nine-year old son of Frank Howard, of Saline, met with a fatal accident Saturday. He went into a stable with a dog, where a cow and calf were quartered. The cow attacked him and hooked him several times, the boy dying from the effects of the wounds before help could reach him.

H. S. Day, of Augusta, is a firm be-liever in blooded cattle, and he has good reason to be, as he has several Holstein cows that each give over eighty pounds of milk a day. He says that the milk of his cows pays nearly double as much when made into cheese, as it would if he made butter.

careful about taking his drinks. Saline Observer: Another ghost story exploded. For several nights strange noises have been heard in a house on Henry street. The lady of the house insisted that "spirits" were the cause of the racket and her peace of mind as well as her peaceful slumbers were much disturbed. Her better half, who is not one of the faint-hearted kind, several times arose and arming himself with a boot-jack started to hunt down the spectre, but upon his approach all was quiet and he would retire to his couch for another nap, but soon the same strange sounds would be heard. Growing desperate he determined to have an interview with the disturber and instituted a thorough search which was rewarded by his finding—a rat which rewarded by his hinding—a rat which had got into a barrel in the cellar. The cover of the barrel was so balanced that each time it was struck by the prisoner it made a noise like the "mysterious rappings" and Mr. Rat was again precipitated to the bottom of the barrel. The rat is dead and the lady breathes again.

CONSUMPTION.

In its first stages is curable, whether it be acquired or inherited. Pe-runa is the remedy that has demonstrated that fact over and over again. Pe-ru-na will cure that cough that has been troubling you so long. Pe-ru-na will cure your bronchitis, hoarseness or catarrh. It cures old coughs that have withstood all other treatment. Do you have pleuratic or neuralgic pains in the chest? Take Pe-ru-na and you will be promptly relieved. All forms of chronic diseases of the throat, bronchial tubes and lungs that are liable to lead to consumption are curable by Pe-ru-na. No one with weak lungs, chronic cough, shortness of breath, spitting of blood, or night sweats, should neglect to get [Pe-ru-na at once and take as directed on the bottle until every vestige of the symptoms disappears. Persons of consumptive families find in Pe-ru-na a reliable protection against the dread disease. KILLED BY A LUNATIC.

An Inmate of an Illinois Poor-Farm Mur-

FREEPORT, III., May 19.-J. S. Reisinger, the poor-farm superintendent, was murdered Saturday morning by William Wilhelm, an inmate of the institution, who a short time since was adjudged insane. The murderer hit Reisinger over the head a number of times with an axe. Death followed instantly. Wilhelm escaped to the woods. A large posse, headed by the sheriff, are in pursuit.

THE FRENCH VICTORIOUS.

Two African Towns Captured and 1,500 Native Warriors Killed.

PARIS, May 20.-The Temps has advices from the French possessions of Senegal which report the capture of Segon and Onosebongon by the French forces. A heavy engagement was fought at the latter place on April 25, the enemy being completely routed, with a loss of 1,500 killed, while but fifteen Frenchmen were killed and seventy-two wounded.

Death of Judge Drummond.

CHICAGO, May 17.-Judge Thomas Drummond, the venerable jurist, died at his home in Wheaton, Du Page County, Ill., at 6 o'clock a. m. yesterday, aged 81 years. The deceased was a widower, his wife having died a few years ago. He was the father of four children. He retired from the bench in 1884, after thirty-four years' service as a Federal judge, in which he won the respect, the admiration and the affection of his fellow-citizens.

A Jury-Briber Dons the Stripes. JOLIET. Ill., May 19.—The Cronin murderers now doing time behind the bars of Joliet prison were joined Saturday by Jeremiah O'Donnell, the exbailiff of Cook County, who conspired with others to corrupt and bribe the jurors in the Cronin murder trial. O'Donnell was put at work on his three-year sentence in the wire-mill.

Three Men Drowned.

YORKVILLE, Ill., May 17 .- At 5 o'clock Friday afternoon Frank Griffith, machine tender; Otto Bell and James Wilcox, laborers employed at Black's papermill, were drowned while fishing. They were in a boat above Fox river dam. The men had been drinking freely and in some way capsized the

No one but those who have tried it can know what the life of an active, industrious, hardworking traveling man is, up at all hours of the night, driving through mud and rain over country roads. Esting a dinner of cheese and crackers at some customer's country store, taking your meals when you can get them, is it any wounder the stomach is all out of order, Bowels in a costive condition all the time and as a consequence Hemroids, so that the riding on the cars is torture, Dyspepeis, Chronic Headache, all ambition gone, life a weary drag. That was my condition exactly. I would go two and three days without a movement of the bowels. have taken enough medicine to sink a ship, but always got back in same condition. I was told to try your Extract of Red Clover, and on repeated urgings by my friend, Mr. Lacy, a travelling man, who had used it, and who now says his gripsack is not complete without it. I purchased a bottle in Grand Rapids, with I must say but little faith. I followed the directions faithfully and within one week I noticed the change. I bought a bottle, of your Red Clover Pills and have taken them all, and my stomach is now in better condition than it has been in the past ten years. Your Extract of Red Clover acts on the bowels in so mild and pleasant a manner that you feel it is more nature than medicine. I have not been troubled with Constipation at all, being as regular as a clock. I have never before found anything that would help me in this respect, as all other remedies I had tried made the after results worse than before, but your Extract of Red Clover has regulated my stomach and bowels by the use of but three bottles so that I feel myself, s new man, though I have not used it now for over four weeks. My gripsack is never without it and will not be. You are at

liberty to u e this as you see fit.

The Spring Medicine.

The popularity which Hood's Sarsaparilia has gained as a spring medicine is wonderful. It possesses just those elements of health-giving, blood-purifying appetite-restoring which everybody seems to need at this season. Do not continue in a dull, tired, unsatisfactory condition when you may be so much benefited by Hood's Sarsaparilla. It purifies the blood and makes the weak strong.

THE Adrian Press takes every occasion to slur the Michigan University. Ever since the people of this community so overwhelmingly squelched the congressional aspirations and spurned the free trade vagarisms of the proprietor of the Press, he has lost all love for this part of the world, and every time he has to put his hand into his pocket to help support an institution that has honored the state more than any other in its borders, it makes him squirm worse than a meal of green persimmons would.

PROF. VAUGHN would have this government expend more money in the investigation and prevention of typhoid fever and other diseases that are the result of a lack of proper hygienic knowledge and treatment. In a recent address at Vicksburg, in this state, occurs this paragraph: "In the United States 40,000 die from it (typhoid fe ver) every year, and there are sick with it 400,000. This means a money loss to the community of \$40,000,000 every year. Suppose some foreign foe would rob us every year of forty million dollars; we would be up in arms. There would no longer be any trouble with the surplus; we would expend it righting our wrongs. But what is government doing today? While every other government has a National Board of Health, ours has none. Every shore has its light-house; we spend millions of dollars for the study of meteorological conditions and the diseases of animals. The United States has spent more money in the investigation of hog-cholera than it has in the study of any of the diseases which man is heir

No organizations in the United States have multiplied more rapidly in the past ten years than the sick-benefit, funeral-aid, death-benefit, and other kindred societies. As they are generally confined to those who are in the humbler walks of life, the good they have done is incalculable, carrying substantial aid to thousands of stricken families and inspiring those who are fortunate enough in being members with a courage which might not exist in their hearts without them. The members of these organizations will be glad to learn that Hon. Robert P. Porter, Superintendent of the Eleventh Census, will endeavor to secure the statistics of the noble work these associations are doing, and it is safe to say that no other branch of the census will be more interesting. The business of gathering the data has been placed in charge of Mr. Charles A. Jenney, special agent of the insurance division, 58 William-st, New York city, and all associations throughout the United States, whether incorporated or private, should assist by sending to him the address of their principal officers.

LET us see how prices were in the good old free trade days of 100 years ago, when this country occasionally had more free trade than it could digest all at once. According to Professor Thompson, of Harvard University, "in 1793 the Schuykill and Susquehanna Canal Company advertised for workmen, five dollars for the winter months and six dollars for summer, with board and lodging. Soldiers received \$3 per month. In 1797 a Rhode Island farmer hired a good farm hand at three dollars | but charges to another department, and

paid to those who got employment for the eight busy months of the year. A strong boy could be had at that time in Connecticut at one dollar a month, and he earned it by working from daybreak until eight or nine o'clock at night. He could buy a coarse cotton shirt with the earnings of three such months. The farmers could pay no better, for the price they got for produce was wretched. Butter sold for eight cents per pound, and when it rose suddenly to ten, the wives and daughters of several farmers lost their minds with excitement. As late as 1821 the best farm hands could be had for twenty-five cents a day, or twice as much in mowing time. Men lest the cities to find work on the canals at from sixty to seventy-five cents a day. The highest wages paid to women was twenty-five cents a day."

GROVER CLEVELAND'S letter to the Farmer Alliance is a thin political caper that will entirely fail of its intended political effort. The farmers know something; and if Grover really believes as he pretends, we think the farmers know more than Grover does. He is unfortunate in not being studied in the broad and unselfish school of politics, in which the intelligent farmers of this country have received their education. He never can make them believe such wild assertions as he dares throw to them, because he doesn't know them. They will laugh at such statements as this, which they all know is false:

"Struggling as they may, our farmers must come to be purchasers and con-sumers of numberless things enhanced in cost by tariff regulations. Surely they have the right to insist that this cost shall not be increased for the purpose of col-lecting unnecessary revenue, or to give undue advantage to domestic manufacturers. The plea that infant industries need the protection which impoverishes the farmer and consumer is view of our national advantage, and the skill and ingenuity of our people, a hol-low pretext."

They will say to Mr. Cleveland: "Here is the cost of farm implements and goods in 1880 and now.' How can you make out of this that the tariff increases the prices that the farmers have to pay?

COST OF ELECTRIC LIGHTING.

Another Version of this Subject Given. Ann Arbor Does not Pay the Average

A few weeks since, THE REGISTER printed an extract from the New York Independent in regard to electric lighting. This same article has caused a considerable stir throughout the country and many replies have been made to the article, the following being taken from the Electrical Industries, showing that there are two sides to this controversy:

"This article has display head lines saying: 'Cost of electric lights. Boston pays \$180 per lamp, and Ypsilanti only

"By this statement the reader is led to believe that Boston is being swindled, and as a proof the cost of lights in Ypsilanti, where the city owns the plant, is given as "What are the facts? Boston is fur-

nished with lights all night and every night in the year, and the company producing the same have to use steam power with coal \$4 or \$5 per ton, besides having to pay the city heavy taxes.

"Ypsilanti uses water power, costing nothing; burns the lights only 20 nights each month until midnight and uses the buildings belonging to the water works of the city, and salaries and expenses of men to run the lights are charged to the water

department. "In the same article, Topeka, Kan., is cited as the Mecca where lights only cost

the city \$72 per year for all night.
"Topeka purchased an electric light plant of 184 lights for \$50,000 and the company or parties who sold the plant to the city represented that the cost of each lamp would be \$6 per month, or \$72 per year. This amount is given in the article referred to as the cost of lights in Topeka. The city officials have found by actual experience, and so report, that the cost of running the lights is \$11 per month, or \$132 per year for each lamp. The Mayor states it is as his opinion that it would have been much cheaper in the end for the city to have contracted with the local

electric light company for the lights.
"Dunkirk, N. Y., is quoted as burning
55 are lights all night, every night, at a cost of only \$36.50 per pear; about \$3 per month. The cost for the month of October, as reported, was \$225.28, not including superintendent, engineers' and firemen's salaries, interest on plant, depreciation and repairs, as these are paid by the water department. Add to this the salaries of superintendent, engineer, firemen, interest, depreciation, repairs and taxes, which an electric light company would have to pay, and which the city does pay,

a month, and five dollars a month was the cost is \$625 per month for 55 lamps, paid to those who got employment for over \$11 per month per lamp, and \$132

per year. "These are samples of the comparisons that are being made by the advocates of municipal lighting, and it is surprising that a man who claims to be connected with Johns Hopkins University should be will-ing to attach his name to a communication containing so many statements that are manifestly incorrect, misleading and unjust to the electric lighting interests of the country. In connection with municipal lighting, why did he not refer to the largest municipal lighting plant in this country, and the operations of the great gas tru-t of Philadelphia, where the city lost \$3,500,000 in six years in owning and operating its own lights; and notwith-standing the city now owns the gas plant, they are contracting with electric light companies to light their streets at a higher rate than is paid by this city."

The average cost of lighting similar to the method used in Ann Arbor, from dusk until midnight according to the Philadelphia schedule, is a little less than 40 cents a night per light. The present contract in this city is considerable less than this, being but a trifle over 30 cents per light, thus showing that while a few cities may be lighted cheaper, there are many more that are paying considerable more for

ON THE CAMPUS.

Field day next Saturday.

Alpha Nu gave a social, last Saturday

The Glee Club was out serenading, Saturday night.

The seniors are now busy paying their graduating fees.

Mr. Elmer Brown, lit '89, and wife are

at Halle, Germany. The U. of M. bicyclists took a run to

Ypsilanti, Saturday. The University ball club returned from

their eastern trip, Sunday. R. W. Moore, lit '87, is now in Berlin,

He reports having just spent eight weeks

The tennis courts have been fitted out with new back-nets, a much needed improvement. Mr. James Adams, lit '89, and wife are

at Berlin. Mr. Adams will return during the coming summer.

Prof. A. A. Stanley is to read a paper at Detroit, July 3, before the National Music Teachers' Association. The freshman club defeated a club from

the Michigan Military Academy, Saturday afternoon, by a score of 27 to 7.

Codd struck out ten men in the game at Detroit last week, and the same number at Ithaca. Ten must be his lucky number.

The Jeffersonian Society has adopted resolutions in memory of one of their members, H. H. Owen, who died a few

A law journal published under the su-pervision of the law faculty, will be added to the already large list of U. of M. publications next year.

The University team defeated the Cornell team at Ithaca, N. Y., Friday, by a score of two to one. The game was an excellent one on both sides.

W. W. Chalmers, lit '87, has just been elected superintendent of schools at Grand Rapids. He had a hard fight, yet was elected over the president's veto. Again we announce that the Palladium will be out "next week." This may sound

a little familiar to our readers, but the editors promise it on Tuesday sure. The Jeffersonian Society is refitting its hall in the law building, the room

being decorated, a handsome new carpet laid and a number of pieces of furniture The Kentucky club is the newest or-ganization. The first annual banquet was held at Hangsterfer's, Friday evening, and southern hospitality and ties united

in an enjoyable evening. The last meeting of the Political Science Association will be held this evening. Prof. Hinsdale will read a paper on "Du-alism as an Element in the Constitutional History of the United States."

The papers read at the meeting of the Philosophical S ciety, Tuesday evening, were "Philosophy among the Romans as a Preparation for Christianity" by George Robec, and "Origin of Conscience" by L. J. Richardson.

The Glae Club and its business manager, George H. Haviland, have nad some difficulty over the amount of his salary. Mr. Haviland so managed the tour this year that the club came out several hundred dollars ahead instead of behind as usual, and the boys cannot afford to be penurious with their manager.

One of the most exciting games of ball of the week was that on Monday, between the "talls" and the "snorts," the former ranging from six feet and three inches to six feet and seven inches in height, while the latter were below 5½ feet in height. The "shorts" won, thus proving that it is quality and not quantity that counts in base ball as well as in li e.

The University authorities have commenced work this week on an improvement which the boys will appreciate. A fine promenade is what has been lacking here, but when the new patent-stone walk, five feet wide and a quarter of a mile long, is laid between the two rows of trees on the State-st side of the campus, no finer place for a promenade can be imagined.

Monday evening the faculty held a meeting at which it was supposed that final action would be taken upon the cases of the five sophomore abductors. The petitions for clemency from the sophomore and freshman classes were presented, and the five boys were given a chance to argue for themselves, after which the matter was laid over until next Monday evening.

A "freshman program" will be given by the Alpha Nu Society, Saturday evening, as follows: Piano solo, Miss Frankie Smith; declamation, Hugo Pam; original poem, L. Fiedman; piano solo, Miss Frankie Smith; oration, H. N. Goddard; story, H. Genet; debate, "Resolved that higher education should be obtained at public rather than private expense; aff., Miss Josephine Jackson; neg., E. Taylor; piano solo, Miss Frankie Smith.

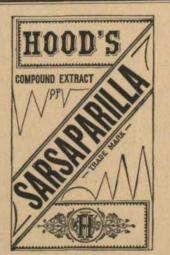

THE LATIN PLAY.

The Lat'n play, under the direction of Prof. Drake, is now undergoing dress re-hearsal. When the "Adelphi of Terence" was given in '82, Prof. Drake, as a student, observed the stimulating influence of such a performance upon the classical spirit of the University, and made prepar-ation for another exhibition immediately upon his connection with the department of Latin in '88. Dr. Frieze gave the idea his hearty approval and the actors were selected from the class of '92 early in their

freshman year.
The "Maenechini" of Plautus was slected as the play, and the rendition in Ann Arbor, May 31, will be the first exhibition of this author's plays ever atcompted in this country. The play in
question is the source and nearly resembles Shakespeare's "Comedy of Errors."
The costumes have been prepared in strict conformance with classical models, by the young ladies of the class of '92. The scenery has been painted by Louis F. Felt, the scenic artist of the Detroit Opera House. A libretto, with the Latin on one side and an English translation by Prof. Drake on the other, will make it easy for anyone to follow the lines. The play will be given in this city May 31, and in Chicago on June 6, and will probably be given in Detroit shortly thereafter.

The Symphony Concert.

The symphony concert last Friday evening was one of the most brilliant affairs in the history of the University. The large audience enjoyed to the full the magnificent 'program, and from the beginning to the end the performance was received with sympathetic appreciation. Mr. Nikisch is without doubt the greatest conductor in America. and his mastery of the musicians and his poetic conception showed conclusively that his great European reputation rests upon foundation. The orchestra is absolutely perfect, not a flaw can be discerned in any department, and it is no wonder that wherever it is heard the public demands a wherever it is heard the public demands a re engagement. Mr. Loeffler, a most artistic violinist, was heard in the "Symphonic Espagnoli" by Lalo. This is a very brilliant composition in the modern romantic school. His performance was the most artistic we have heard for a long With this exception the program was the one of which mention has been made in The REGISTER. When critics like Kuhbiel, of New York, state that "criticism in the ordinary sense of the term is out of place," and when this statement is corroborated by the leading critics of the country, we cannot hope to do more than to echo this sentiment, and express the feelings of each and every person present by saying, that when the orchestra appears here next year it will be to an audience which will welcome Mr. Nickisch and his musicians as old acquaintances and friends.

The importance of purifying the blood can-not be overestimated, for without pure blood you cannot enjoy good health.

At this season nearly every one needs a good medicine to purify, vitalize, and enrich the blood, and Hood's Sarsaparilla is worthy your confidence. The Beautiful Guild

ALVIN WILSEY, ESQ., Ann Arbor, Mich.

Dear Sir:-We purchased a Guild Piano of you nearly (or quite) nineteen years ago. We also purchased a Boardman & Gray of you four years ago. If the B. & G. will do as good service as the Guild has we will be perfectly satisfied with it. Thus far, however, the Guild has stood better, and required less tuning than the Boardman & Gray. Yours truly,

South Lyon, Mich., March, 1890.

WM, DOTY.

Mr. W. F. Griffith, of Howell, (in the employ of Farrand, Williams & Clark, of Detroit), has just decided on a "Guild," after looking the field over pretty generally. Said a teacher of many years experience, "it is the best Upright Piano I have ever seen." It is the best selling Piano I have ever sold; for the reason that it is a PERFECT Piano at a REASONABLE price. Sold for cash or on easy monthly or quarterly

I have sold a good many "Guild" Pianos. Every one without exception, has given complete satisfaction. They are EXQUISITELY finished and please the most fastidious customer. I say emphatically that I have never seen a more perfect piano in detail, AT ANY PRICE, BEARING ANY NAME. Finished in mahogany, walnut, rosewood, etc. See them before you buy. Prices reasonable. Over 25,000 in use. Have been manufactured in Boston nearly thirty years.

MICHIGAN STATE NEWS.

Health in Michigan

Reports to the State Board of Health by fifty-eight observers in different parts of the State for the week ended on the 10th indicated that cholera morbus, inflammation of brain, inflammation of bowels, membranous croup, typhoid fever, typho-malarial fever, pleuritis, diarrhea, measles and dysentery in-creased, and that cholera infantum, puerperal fever, cerebro-spinal meningitis, inflammation of kidneys, intermittent fever, diphtheria and influenza decreased in area of prevalence. Diphtheria was reported at twenty-five places, scarlet fever at twenty-one, typhoid fever at fourteen and measles at forty-two

Won't Do So Again.

Sadie Miller, a domestic in a Bay City family, went to a dance the other night and told the folks she would not be home till morning. She went home earlier than she expected, and not wishing to disturb the slumbering household, climbed up to a shed roof by means of a step-ladder and seizing the cornice attempted to swing herself into the window. She lost her hold and fell to the ground, breaking both wrists and cutting a five-inch gash in her forehead. She will get well, but will never, never do so again.

Mysterious Death.

Benjamin Caldwell, a shoe dealer of Jackson, died under very mysterious circumstances the other evening. He was about his store as usual in the morning but early in the afternoon closed up. In the evening his friends became anxious and broke into the store. They found Caldwell on a couch gasping and he died in a few minutes. It is the general opinion he died from an overdose of morphine.

Death of a Pioneer Furrier.

Frederick Buhl, one of the pioneers in the Northwestern fur trade and a millionaire, died in Detroit the morning, aged 80 years. Mr. Buhl had heavy fur and hardware interests, owned the Sharon, Pa., nail mill and was worth several million dollars. His sons have been managing his business for several years, Mr. Buhl having practically retired from busi-

No Texas Cattle in Michigan.

Governor Luce has issued his annual proclamation prohibiting the importation of Texan cattle, or cattle wintered south of the thirty-sixth parallel, into the State of Michigan until November 1. The proclamation also prohibits Texan cattle from being unloaded for food and water while in transit through the State except at yards marked "For Texan cattle only."

City Schools Convention.

The seventeenth annual convention of the superintendents of city schools in Michigan was held recently at Lansing. Several able papers were read. The establishment of a training school course in connection with the high schools for the benefit of graduates who might desire to become teachers was urged. D. A. Hummond, of Charlotte, was elected president.

Put Off a Train and Killed.

Mrs. Sophronia McCullough, of Port Huron, was put off a Flint & Pere Marquette passenger-train at Croswell the other day because she refused to pay her fare. The woman walked four miles down the track, when she was run down by a fast express and killed. The body was taken to Croswell. Mrs McCullough was en route to Lexington.

A Farmer Drowned in a Ditch.

John Butler, a farmer living near Detroit, was thrown from his buggy the other night. He struck a ditch filled with water, and the buggy fell on him, the dashboard catching him across the back of the neck and holding his face in the water until he was drowned.

A MINE HORROR.

The Fearful Catastrophe in a Colliery at Ashley, Pa. WILKESBARRE, Pa., May 17. — The work of attempting to rescue the imprisoned miners at Ashley was inter-

rupted by a heavy rush of gas at 3 o'clock yesterday morning. At 7 o'clock it was deemed safe to resume the efforts to rescue the men. A large party of rescuers entered the slope and commenced work upon the cave, beyond which three men were found Thursday night. They soon broke through and rushed into the chamber beyond, where, in the semi-dark-ness, the men stumbled over yielding bodies. A close search revealed six blackened corpses near the opening, none of them recognizable. Further along at various places were found thirteen other bodies, all more or less burned, but most of them could not be recognized. The sight was so

[Captain Mapes was the founder of the city of Ripon. He was born in New York in 1798 and was a member of the New York Legislature in 1830. He selected the Ripon site in 1834 during a trip through what was then the wilderness of Wisconsin. Property worth several fortunes he gave away in building up the city, and he had already taken steps toward the founding of Ripon College when there were but fourteen rude resideaces in the place. He was undoubtedly the oldest Mason in the Northwest. Captain Mapes was a member of the little gathering which, under the leadership of Major A. E. Bovay and with the approval of Horacq Greeley by letter, inaugurated and named the Republican party in a little school-house in a part of Ripon known as transport. HAMILTON, ROSE & SHEEHAN'S ADDITION to the City of ANN ARBOR

We believe Ann Arbor is the Best City in Michigan IN WHICH TO LIVE.

The Educational Advantages here are unsurpassed! The Streets are broad and well kept! Ann Arbor has a low rate of taxation! It has the best system of Water Works in the West.

Our Addition is just five Blocks from the University of Michigan; it has a front of One Hundred Rods on State Street, the best residence street in the city. Its location is unsurpassed for health and convenience. The levels taken by our Engineer, Geo. W. Sanborn, show the lowest point to be higher than Main Street in front of the Savings Bank. The slope of the ground is such that the drainage is perfect, having a fall of from six to ten feet.

We have filed our Plat and have given

8 1-2 Acres for a Park.

We have paid Fifty Dollars for a handsome and attractive plan for a Park.

Work will commence on the streets and Park early in April. Four new houses are already contracted for to be built upon our addition this year. New sidewalks will be laid, shade trees will be planted upon the streets and Park. Two professors in the University have already purchased Lots in this addition, and will soon build good houses on their lots.

All the Lots have an Alley 16 feet Wide,

in the rear. We have made the price of the lots very low. If you buy a Lot we believe you will double your money in three years time

The Investment is Safe as a Savings Bank, and the gain much more rapid.

We will sell Lots for Cash.

We will sell lots on time Payments.

We will sell Lots to parties who wish to build houses at once, and will help them to furnish money to build.

Buy a Lot, Money Made!

Payments may be made by the week, by the month, or by the year as suits purchaser.

Call at Sheehan's Store, or at Hamilton Block to see the Plat. We have the Park Plans. We desire those intending to purchase lots to examine them. Call and see them.

The new buildings on State Street this year will amount to Fifty Thousand Dollars. Investigate what we have, then judge for yourselves. This is better than a Loan and Investment Association. Your money is kept at home.

THE FIGURE "9."

The figure 9 in our dates will make a long stay. No man or woman now living will ever date s document without using the figure 9. It stands in the third place in 1890, where it will remain ter years and then move up to second place in 1900 where it will rest for one hundred years.

There is another "9" which has also come to stay It is unlike the figure 9 in our dates in the respect that it has already moved up to first place, when it will permanently remain. It is called the "No 9" High Arm Wheeler & Wilson Sewing Machine

The "No. 9" was endorsed for first place by the experts of Europe at the Paris Exposition of 1889 where, after a severe contest with the leading machines of the world, it was awarded the only Grand Prize given to family sewing machines, al others on exhibit having received lower awards of gold medals, etc. The French Government also recognized its superiority by the decoration of Mr. Nathaniel Wheeler, President of the company, with the Cross of the Legion of Honor.

The "No. 9" is not an old machine improved upon, but is an entirely new machine, and the Grand Prize at Paris was awarded it as the grandest advance in sewing machine mechanism of the age. Those who buy it can rest assured, there

WATERY GRAVES.

Many Persons Drowned by Accidents on Lake and Ocean.

Six Men and One Woman Perish in Lake Ontario-In Other Disasters on the Water a Dozen or More Sailors Lose Their Lives.

LOST ON THE LAKE. Kingston, Ont., May 19. - The schooner Jessie Breck, which left here four weeks ago for Toledo, was wrecked Saturday morning on her return trip. Seven lives were lost. She was loaded with oak timber and had a good voyage until early Saturday morning when, being a few miles cff Nine Mile Point, she was struck by one of the heaviest gales that has swept Lake Ontario for many years. It is not known exactly where she was driven ashore. A wrecking tug was dispatched and found the wrecked schooner lying on her starboard side at a point a half mile from Nine Mile Point light. The names of the seven people lost are as follows:

seaman; G. Davidson, seaman; Frank George, seaman. The three Mackies were brothers, the cook being their sister, all from Wolfe The Breck was owned by Messrs. Breck & Booth, of this city, and

was valued at \$6,000; no insurance.

Thomas Mackie, captain; Joseph Mackie, mate; W. Mackie, seaman;

Mary Mackie, cook; William Mullen,

ALL PROBABLY LOST. Boston, May 19 .- The steamer City of Mason, arriving here Sunday from Savannah, brings Cook Polaski, of the schooner Hattie Clark, of Gloucester. He was found drifting in an open boat, and says the schooner capsized in a squall Thursday, and he believes the crew of six men was lost.

SIX PERSONS DROWNED. LONDON, May 19 .- The steamer Harold, bound from Bilboa to Glasgow, has foundered off the Irish coast. Six persons were drowned.

THE PRESBYTERIANS.

Meeting of the General Assembly in Sars-

toga Springs, N. Y.
SARATOGA SPRINGS, N. Y., May 17.— At yesterday's session of the Presbyterian General Assembly it was voted that the action of the presbyteries on the question of the revision of the Confession of Faith be referred to a special committee. It was announced that 132 presbyteries had favored the proposed revision, sixty-six had opposed it, seven had declined to vote and eight had not reported.

SARATOGA, N. Y., May 19 .- At the meeting of the Presbyterian General Assembly Saturday Indianapolis was chosen as the place for holding the next convention, the time to be fixed by the executive committee. The report of the committee on methods of making changes in the confession and constitution was then taken up and debated at some length, without action being

SARATOGA, N. Y., May 20.—In the Presbyterian General Assembly Monday, after a lengthy debate, the report of the committee on methods of effecting changes in the confession of faith and the constitution of the church was recommitted and the committee en-larged. This closes all debate on this report, but discussion of the question of revision is not shut off thereby.

Small Cyclone. CLEVELAND, O., May 20.—A terrific cyclonic wave, rain and hail-storm passed over parts of Wayne, Ashland, Richland and Shelby counties Sunday afternoon, and entire orchards and strips of oak timber were blown down or twisted to the ground, and many houses, barns and out-buildings were unroofed or wrecked. The hailstones were so large and fell with such force as to be driven through roofs covered with oak shingles. Hundreds of sheep were killed by the hail. The total loss was estimated at \$100,000.

Blown Up with Their Engine. NASHVILLE, Tenn., May 19:-Three men met instant death near Danville by the explosion of the boiler of a locomotive drawing a freight train. The train, which was between Paris and Erin, on the Louisville & Nashville railroad, was going up the grade between Danville and Gravel Pit when the explosion occurred. The accident was caused by stay bolts giving out.

Robbed a Gold Mine.

ISHPEMING, Mich., May 20.-Henry Varcoe, employed as a "sorter" in the Michigan gold mine near here, quit work Saturday and started for England. His trunks were opened on a search warrant and a quart bottle filled with fine gold and several hundred pounds of very rich rock were found, estimated to be worth \$5,000. Varcoe says there are other thieves.

UNDER WATER.

A Remarkable Flood Reported at Columbus, Tex.

COLUMBIA, Tex., May 17 .- The condition of this town is distressing in the extreme. The river has risen steadily for two weeks or more, until it has overflowed the community. The first floors of the residences are submerged, the occupants being driven into the upper stories. From onestoried cottages residents have been compelled to move to the homes of hospitable neighbors. The waters are still rising. There is not 1,000 square feet in Columbia out of water. Business is suspended, churches are closed and the people go every-where in boats. A novel scene which has perhaps never been enacted before in Texas, was presented at the funeral of the late General Duff. A large concourse of mourning friends, including the entire Masonic fraternity, followed the corpse to the cemetery, two miles from town, in boats. There were forty-six boats in the procession, with an average of five occupants in each. For thirtwo years, from 1853 to 1885, there had been no overflow in the Brazos at this point. Since 1885 there has been an annual overflow, but none that was prolonged or did any damage.

A FARMER ROBBED.

Thieves at Delaware, O., Take \$13,000 from His Sachel.

CINCINNATI, May 17. - Henry Freeman, a farmer residing at Heinrich, Shelby County. Ill., was robbed of \$13,-000 in the railroad station at Delaware, O., Thursday. Freeman was on his way home from New York, where he had been to dispose of a lot of stock and produce. He carried a big sachel under his arm, and seemed very anxious about it. The train stopped at Delaware for dinner. Freeman got off his precious package, which posited on a high bench. He forgot it for a few minutes, but went after it before the train started. Some time after leaving Delaware Freeman opened the sachel and nearly fainted when he found his money gone and the bag filled with bricks and papers. The total amount, which was about \$13,000, represented almost the unhappy farmer's entire fortune. There is no clew to the thieves, but it is believed they must have followed him.

Arrangements are being made for holding a "bee" at the fair grounds, probably next week, for the purpose of building a race track. The society is getting economical and the members are all expected to respond to the call when made.

Ann Arbor is talking of establishing an artificial ice manufactory.-South Lyon Picket. It is necessary to go away from home to learn the news. If there is any talk of such a project here it is all talk, as Ann Arbor has pen'v ' natural ice.

The counting of mail at the Ypsilanti postoffice for the week ending on the morning of May 12, showed but 2,106 pieces of second class mail sent during the week. This does not indicate very large subscription lists for our Ypsilanti contemporaries.

Miss Dora McCollum, a dressmaker of this city, showed signs of insanity on Friday evening, and after examination by Drs. Kapp and Breakey, on Monday, Judge Kinne, acting as judge of probate, adjudged her insane and committed her to the asylum as a private patient.

Rain spoiled a piece of the new side walk leading to the court house, yester-day, and the contractor will be obliged to

FIn our advertising columns King & Franklin's New Colossal Shows are announced to exhibit here May 27. There is no show traveling that comes to us better heralded or that has a better reputation among our show-goers. This year it comes to us in a new shape and with largely added attractions, presenting a program entirely unprecedented.

The council did a wise thing, Monday evening, by ordering a fire hydrant placed near the new fair grounds. During the fair thousands of dollars' worth of goods are exhibited there by our mer-chants, and that any of the aldermen should think of refusing this property protection from fire is strange.

The extra concert in the Choral Union series will be given June 9th, in University Hall. It will be a song recital by Mr. Whitney Mockridge, of Chicago, (one of the finest tenors in this country), assisted by Mrs. Chas. Wright, contraito, Mr. Julius V. Seyler, Mr. W. Yunck and the Philharmonic Club, all of Detroit.

The "Deestrick Skule" entertainment at the High School hall, next Thursday evening, is for the benefit of the sewing school, one of our most worthy charities. We hope our friends will all be present and help the school, as they must pay rent for their hall the coming year instead of receiving it free as heret fore.

The police were searching for a young lady named Steeb, who had disappeared from the place where she was working on Thursday, without leaving a trace be hind. She was afterwards found with the family of a friend, and gave as a reason for her strange actions, that she and her father had trouble and she was

The Michigan Schoolmasters' Club meets in room 24, next Saturday. Prof. V. M. Spalding will read a paper on "Botany in the High School." Prof. B. A. Hinsdale will a'so read a paper, the subject of which will be "The Relation of the School." Board to Educational Progress," to be tollowed by a discussion led by Judge W. D. Harriman.

O. O. Sorg has been awarded the contract for painting all the buildings, sheds and fences on the new fair grounds. The contract is one which is advantageous to both sides, the society giving Mr. Sorg the exc usive advertising privileges on the ground, and he will get his pay for painting the building and force by the building and the building a ing the buildings and fences by sub-letting the advertising space.

Mayor Manly has called a meeting of citizens to gather in the council chamber, next Tuesday evening at eight o'clock. The meeting will be held for the purpose of discussing the advisability of removing the slaughter-houses to some less conspic ious place, where the health of our citizens cannot suffer from the work,

The drinking fountain which has "adorned" the south approach to the court house is gone. The council held a special meeting Thursday evening, decided that it was a nuisance and a useless expense to the city and ordered the street commissioner to remove it, which was done on the following day. The fountain will be connected with the spring on Cedar-Bend-ave, where it will be of use.

J. T. Jacobs received his commission, Friday, as a member of the Board of Indian Commissioners. About the time of its arrival, Hon. J. Austin Scott, who was an accomplished linguist in days gone by and who has not yet forgotten the language of our natives, dropped in and congratulated Mr. Jacobs in the Indian tongue, in such a natural manner that it fairly made our new commissioner's hair stand on end.

About thirty of the bicyclists of this city met at the rink, Monday evening, and organized the Ann Arbor Bicycle Club and elected the following officers:

J. J. Quarry, president. W. F. Eberoach, vice-president, Leo Kapp. secretary. C. W. Wagner, captain,

Another meeting will be held at the rink next Monday evening, at which arrangements will be made for a Decoration

The Owosso Gas Co., of which O. F. Webster, formerly of this place, is supe intendent, is looking after business and has adopted the right method for getting it. At a recent meeting the stockholders, without solicitation, agreed to lower the price of gas to \$150 per 1,000 cubic feet after July 1. This is rather an unusual procedure, and is one that the citizens of other places would appreciate if followed by their

L st Thursday night about 10:30 a shooting affray occurred on Liberty-st, near the T. & A. A. crossing. Charles Miller and George Effner, two young men, became engaged in a quarrel and Effner drew a revolver, shooting Miller in the leg. He shot at him a second time, but the bul let missed him. Effner at once went home and was found in bed by Marshal Walsh, a short time after the shooting. He was placed in jail and will have his examination before Justice Pond, to-day.

Thursday afternoon about six o'clock, a horse attached to a road cart and driven by a man who was considerably under the nfluence of l quor, became frightened at a traction engine on Williams-st, and ran away. That the accidents accompanying his flight were not more serious, is almost a miracle. When in front of Dean & Co's the horse ran into a buggy driven by John Sperry, throwing him out and breaking his shoulder blade. The horse then took the sidewalk on the west side of Main-st, and ran on the walk to Huron-st, without injuring anybody or doing any damage, although a number of people were on the walk at the time. The horse again took the walk on the north side of Huron-st, in front of Hall's coal office, and ran as far as Gibson's photograph gallery where he collided with a showcase, smashing it to atoms, and was cap-tured. The persons responsible for the damage done are undoubtedly those who had the engine in charge, as it is said that they were violating the law by not having guards ahead to warn drivers.

COMING EVENTS.

MEETINGS, CONCERTS, ETC.

Miss Mamie Latson, of the Ypsilanti Conservatory of Music, will sing at the M. E. church, Sunday evening.

Rev. John Rhey Thompson, of Brook-lyn, N. Y., will deliver an address before the Wesleyan Guild, at the M. E. church, next Sunday evening. Although a young man, Mr. Thompson is recognized as one of the leading pulpit orators of the country

As we have already announced, Welch Post, G. A. R. will hold public exercises in University Hall, on the afternoon of Memorial Day, May 30. Co. A, Mich. State Troops, and the Camp of the Sons of Veterans will escort the old soldiers to the hall, and the Patriarchs Militant of the Odd Fellows, it is hoped, will also join in the parade. Any organizations which desire to participate will be heartily welcomed, and will be assigned a place in the procession by applying to Major Soule, Marshal Marshal.

To WHOM IT MAY CONCERN:

This is to certify that my husband, Geo. N. Mitchell, has been telling to different ones that I have a large amount of his property invested in my household goods, which is entirely untrue, he claiming the amount to be \$7,000, and the fact being that it is one bedroom set worth about \$10. Also I wish to say that whatever property he did have, he deeded away to his mother sixteen days before our marriage to deprive me of any rights therein, and instead of his ever doing anything for me, I have had to support myself and him too.

MRS. GEORGE MITCHELL.
