BUSY WEDDING BELLS.

MARRIAGES OF THE WEEK IN THIS CITY.

Several Fine Wedding Ceremonies.—Happy Grooms and Blushing Brides.—The Wedding Receptions.

The past week has been one of social pleasure in this city, on account of the several weddings of prominent Ann Arbor parties which have taken place within that time. June, always a favored month with bridal couples, seems fairly to have outdone herself this year. The weddings and receptions following have been the choicest social events that Ann Arbor has had for years.

MCLAUGHLIN-ANGELL.

Of course the wedding of most prominence was that of Andrew C. McLaughlin, assistant professor of history, and Miss Lois T. Angell, which occurred at the Congregational church, Tuesday evening. Several thousand invitations had been sent out for this event, and when the time came the church was taxed to its utmost to hold the numerous friends of the bridal couple. The guests present included many from Detroit, New York, Boston, Chicago, California, Muskegon, the former home of the groom, Geneva, N. Y., Annapolis, Md., and Providence, R. I., the former home of the bride. The church was beautifully decorated, pure white ribbon bands being used to form the bridal lines, and the flowers being in white, daisies predominating, as a tribute to the bride, who is usually known as "Daisy." The ushers and groomsmen each wore a single daisy as a boutonniere for the same reason. The altar was covered with ferns and flowers of white.

At promptly 6:45, to the strains of Mendelssohn's wedding march played by Prof. Stanley on the large organ, the bridal party entered the front door of the church and approached the altar, where the ceremony was performed by Rev. J. W. Bradshaw, pastor of the Congregational church. The bride was escorted to the altar by her father, President James B. Angell, being preceded by the bridesmaid, groomsmen and ushers.

The bride was attired in a beautiful white silk, cut en train, with full bridal veil, and carried a large bunch of brides-roses. The bridesmaids wore pink tulle and carried roses of the same color. As the bridal party retired from the church the aisle was strewn with roses by the two little grandchildren of President Angell, Sarah and Thomas Angell, of Detroit.

The bridesmaids were Miss May Cooley, daughter of Hon. Thos. M. Cooley, of this city, and Miss Amy A. Collier, of Geneva, N. Y. The groomsmen and ushers were: Mr. George Martin, of Chicago; Prof. C. M. Gayley, of the University of California, Berkeley, Cal.; Mr. William Savidge, of Spring Lake, Mich.; Mr. William Harris, of Detroit; Mr. Harry Flowers, of Kansas City, and Messrs. Thos. B. Cooley and Jas. B. Angell, of this city. Included in the bridal party were President and Mrs. James B. Angell, Hon. Thomas M. Cooley and wife, Alex. C. Angell and wife, of Detroit; Rev. Wallace Radcliffe, of Detroit; Prof. H. W. Rogers and wife, Prof. E. L. Walter, the Misses Rathbone, Douglas and Knight, the young ladies of the collegiate branch of the Sorosis, of which the bride is a member, and the members of the Alpha Delta Phi fraternity, to which the groom belongs.

The wedding presents received by the young couple were of the most costly and expensive kind, and included articles of the finest artistic character, as well as those of absolute usefulness, and in point of numbers far exceeding anything ever seen in this city. Both bride and groom were among the most popular of Ann Arbor's young people, Miss Angell by her connections with the several charitable societies of this city being especially esteemed by all those with whom she has been a tireless worker.

Following the church ceremony the bridal party drove to the residence of President Angell where a pleasant reception was given by the bride and groom to a select party of friends, including the guests from out of the city, the bridal party, the University senate and the wives of the members, and a few invited guests, the spacious mansion being crowded, without the entertainment of the large number of friends in this city.

The reception was the largest and most complete ever given here. The presidential mansion was most beautifully decorated, both inside and out, while the large grounds were brilliantly illuminated by a number of arc lights and innumerable Japanese lanterns hung in artistic arrangement. To entertain so large a party without crowding or crushing in a private residence requires extraordinary tact and management, and this was certainly displayed here as, although several hundred were present and the night was warm and sultry, the arrangements were so complete that the crowd was not noticeable. During the evening elegant music was furnished by the Chequamegon orchestra. The refreshments were light and elegantly served.

At the reception the guests included the members of the University Senate with their wives, a slight sprinkling of townspeople and the invited guests from abroad, among the latter being the following: Mr. and Mrs. David McLaughlin and William and James McLaughlin, of Muskegon, the father, mother and brothers of the groom; Hon. G. V. N. Lothrop, of Detroit; Rev. Dr. Wallace Radcliffe, of Detroit; Hon. E. C. Walker, of Detroit; Hon. Thomas M. Cooley and wife, and Miss May Cooley and Mr. Thomas B. Cooley; Mrs. Prof. Howison, of Birkley, Cal.; Mrs. Dr. Collier, of Geneva, N. Y.; Miss Bushnell, of New Haven, Ct.; Miss Sally Harris, of Detroit; Mrs. J. W. Dickinson, of Chicago; Miss Sarah M. Welles, of Mt. Vernon, N. Y.; Pay Inspector T. B. Casswell, of United States Naval Academy, Annapolis, Md., an uncle of the bride; Mrs. Bishop Davies, of Detroit; Mrs. Gov. Baldwin, of Detroit; Mr. Clark, of Muskegon; Mrs. Elliott Slocum, of Detroit; Mrs. Florence Bagley Sherman, of Detroit; Mrs. John Griffith, of Detroit; Hon. Chas. Kent and wife, of Detroit.

Another pretty wedding was that of Mr. Homer Luther, of Medina, N. Y., and Miss Clara Wheeler, daughter of John M. Wheeler, of W. Huron-st., which was solemnized at St. Andrew's church, last Thursday evening at seven o'clock, the ceremony being performed by Rev. Henry Tatlock. The pretty church was handsomely decorated with pink flowers and ribbons. The church was nearly filled with the friends of the couple.

LUTHER—WHEELER.

The bride wore a handsome white silk, cut en train, with diamond ornaments, and carried a large bunch of white roses. The bridesmaids, the Misses Luther and Morris, wore pink, and carried roses of the same hue. As the bridal party retired from the church, a party of young ladies sang the Bridal chorus from Lohengrin. A pleasant reception followed at the home of Mr. Wheeler on W. Huron-st.

The bridal couple left on the 9:45 train for their future home at Medina, N. Y. The groom is a banker of that place, who has been remarkably fortunate. The bride has been one of Ann Arbor's leading society young ladies, and will be missed by many warm friends here.

KIMBALL—LEWIS.

A most brilliant event occurred at the home of Mr. and Mrs. E. B. Lewis, the occasion being the marriage of their only daughter, Agnes B. to Mr. John Kimball, of San Luis Obispo, Cal., the Rev. Dr. Studley officiating. The ceremony was performed promptly at 7 o'clock on Wednesday evening, June 12, under a magnificent floral design of a four-leaved clover. The bride was given away by her brother Ernest, and looked charming in a costume of French cream tulle. She carried a bunch of white and pink roses. The groom wore the conventional black.

Among the many gifts was a deed from the parents of the groom to a home consisting of a valuable tract of land planted with fruit trees.

Mr. and Mrs. Kimball left on the 10:30 p. m. train for their future home in California, amidst showers of rice and the good wishes of their many friends for future blessings and prosperity.

DOUGLAS—DWIGHT.

The Free Press of Friday contained a report of the marriage of a former Ann Arbor resident, Samuel T. Douglas, son of S. H. Douglas, of E. Huron-st.

A very elegant society wedding took place in Christ church on Jefferson-ave at five o'clock yesterday afternoon, when Miss Marion Dwight, daughter of Mr. D. F. Dwight, of 473 Jefferson-ave, was united in marriage with Mr. Samuel T. Douglas, of the firm of Bowen, Douglas & Whiting, of this city. The ceremony was performed by Bishop Howe, uncle of the bride, who came from Charleston, S. C., for that purpose, assisted by Rev. Joseph H. Johnson, rector of Christ church. The maid of honor was Miss Emily DeRussy, and the ushers, Fred Whiting, Will Stewart, Ernest Wetmore, and Percy Dwight.

ROSENTHALER—LICHTENBERG.

Tuesday afternoon at five o'clock, S. Rosenthaler, of this city, was married to Miss Ernestine Lichtenberg, at the residence of the bride's mother, on Brush-st., Detroit. The ceremony was performed by Rabbi Grossman in the presence of a few relatives and friends only. The bride and groom returned to this city on the night train, and are living at Mrs. Ro's on Huron-st, for the present.

ANNOUNCEMENTS.

The following announcements have been made during the past week:

ANOTHER SPECIAL ELECTION.

\$5,000 Additional Asked for by the Board of Public Works. Should it be Voted? A Statement of the Necessities of the Case.

Monday evening, the council called a special election for the purpose of giving the taxpayers an opportunity to vote on the question of whether \$5,000 additional shall be raised this year, for the purpose of building new crosswalks about the city. This election will be held on Monday, June 30, and as the time is short a thorough examination of the necessities in the case should be given to the public.

At first glance it appears that the city should be able to get along on the regular appropriation and that the expenditure of \$5,000 extra this year would be an extravagance? But there are phases in city affairs which put a different light on the matter, and in fact show the absolute necessity of voting for the measure.

Last year more miles of new sidewalks were ordered laid than in any dozen years in the history of the city. The citizens almost to a man responded to the summons and built the walks ordered, giving Ann Arbor a better lot of walks than any other city of its size in the country. In many cases the building of the walks ordered was really a hardship to the owners of the property, but they were built. As the walks were built by private parties, the Board of Public Works found that they were hampered in doing their share of the work, building crosswalks wherever

the smallness of the appropriation placed at the disposal of the board and the depleted condition of the city treasury. To order sidewalks constructed and then for the city not to do her share in the line of improvements, is an injustice by the city against every resident and property owner. But this is what it will be necessary to do unless the board receives the assistance asked at this election.

There are at present 200 crosswalks which should be built at once. Many of these are at the intersection of blocks and on streets where new walks have been laid, and where is now a "jumping-off place" because the city has not now the means to do her share of the work. This certainly is not as it should be. If the \$5,000 is not granted, not more than twenty crosswalks can be built this year, at which rate it will take ten years before our citizens can walk about the city in safety.

The expense of this additional tax would be trifling, not over ten cents on \$100 valuation, and this amount would not be missed by even the poorest of our taxpayers. As a matter of economy, if the sum asked was twice as large the taxpayers would save money by voting for it. Should a single accident occur at any one of these "jumping-off places," the city would be liable for damages which might be more than the amount asked; and if each of these places should furnish a single accident the damages sought would probably be enough to cripple the city for years. Vote for the tax.

Mr. Jules Jordan is well known among musicians as a singer of rare artistic attainments and a composer of great ability. He has for many years been the conductor of one of the finest singing societies in the country, the Arion Club, of Providence, R. I. The New York Tribune says of him: Mr. Jordan gives the trying tenor music in "The Damnation of Faust," with great intelligence, earnestness and pure task. Baltimore Times: "No tenor of finer style or better method has visited Baltimore for many years." Boston Transcript: He sings with manly freedom and directness, yet with exquisite enunciation and elegant phrasing. He was of course rapturously encored.

Mr. Campbell has received excellent criticism from the London press, and the Figaro predicts for him a glorious future. In Bologna, Italy, critics unanimously accorded him a high position as a singer, and this judgment of Italian and English critics is being confirmed by the excellent work he has already done on the American stage. Like Mr. Jordan, Mr. Campbell writes well and is not only a singer but a musician.

Everybody Knows That at this season the blood is filled with impurities the accumulation of months of close confinement in poorly ventilated stores, workshops and tenements. All these impurities and every trace of scrofula, salt rheum, or other diseases may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses one dollar" is true.

The trouble of it is that if you stop trying to make friends you are beginning to make enemies.

The effect of using Hibbard's Rheumatic Syrup is unlike all medicine containing opiates or poison, it being entirely free from them. It cures rheumatism by purifying the blood.

It makes no difference what a man's first impulse is in an argument with a woman, his last is to run.

A Knight of the Grip. R. A. Hyman, a traveling man, of Grand Rapids, says: "After months of suffering with a very stubborn case of Eczema, or fever sore on my leg, and consulting and taking treatment from a score or more physicians all over the country, Dr. Lemoreux, of Lake View, Mich., told me of Loose's Extract Red Clover. I only used two pounds solid extract and taking four bottles of fluid extract internally, am entirely well. It was the only thing that the sore yielded to and I had tried every and anything that had been recommended to me. Dr. Lemoreux considers it one of the very best remedies as a blood purifier in existence.

An Eminent Doctor's Prescription. Dr. C. P. Henry, Chicago, Ill., who has practiced medicine many years says: Last Spring he used and prescribed Clarke's Extract of Flax (Papillon) Skin Cure in 40 or 50 cases, and never knew a case where it failed to cure. "I know of no remedy I can rely on so implicitly." Positive cure for all diseases of the Skin. Applied externally.

FURIOUS STORMS.

Northwestern Towns Suffer from Wind and Rain.

The Storm Was General and Many Places Are Under Water—Cincinnati Roughly Handled—Several Lives Reported Lost.

FLOODS IN THE NORTHWEST. ROCKFORD, Ill., June 16.—The storm of Friday night was beyond doubt the most terrific and destructive in its results that has ever visited this city. Shortly after 8 o'clock the storm began suddenly and with indescribable fury, but it was not until daylight revealed the havoc wrought that even those who were out in the work of rescue or saving property could form any adequate estimate of the results.

A freight train on the Chicago, Milwaukee & St. Paul was completely wrecked and two car-loads of hogs drowned. A freight train stood on the track of the Illinois Central ready to go east when the track was washed away from under it and the engine toppled over on its side.

The bridges, culverts and tracks of the Illinois Central and St. Paul are destroyed for a distance of half a mile into Kent Creek valley, entailing a loss to the Central of about \$100,000 and of fully as much more to the St. Paul. This bridges washed away over Kent and Keith creeks will cost the city \$15,000.

The loss of the Forest City Furniture Company will amount to about \$3,000. The Rockford Fuel & Lumber Company's sheds are in ruins and the office was swept away. They also had five horses drowned and figure their loss at about \$4,000.

The Rockford Construction Company lose about \$1,000. It is impossible to estimate the amount of private losses. They are serious and entail much suffering. They will probably reach \$900,000.

JOLIET, Ill., June 16.—Not since the night of August 18, 1865, has Joliet had such a storm of wind, water, hail, lightning and thunder as that of Friday night and Saturday morning. No great damage was done in the city.

The suburb of Brooklyn being low ground was three feet under water. The police patrol wagon was used to take people from their houses. Mrs. Edward Phelps, a widow, and her family were taken from her house, which in a few minutes floated down Hickory creek, breaking to pieces at the Fourth avenue bridge. The Elgin, Joliet & Eastern round-house, north of the city, was flooded with two feet of water. Residences for a mile east of the round-house were fully four feet under water.

Fences and small houses were swept away, breaking to pieces at the first bridge encountered. The southern part of the city was under water until Saturday evening. All fences and sidewalks have disappeared and great distress prevails, especially among residents of the southern district.

Farmers coming in report great losses through the destruction of fences, barns, trees and crops. They say that the water lying on the fields will ruin the crops, especially if the weather grows hot.

SPRINGFIELD, Ill., June 16.—Much damage was done here to growing crops by wind and rain. Hailstones of enormous size fell, breaking windows. Trees were torn down and uprooted, corn, wheat, oats and fruit were badly cut down, and the damage done is hard to estimate. The streets were flooded and basements badly overflowed.

Much damage is also reported in Iowa and Wisconsin. The railroads suffered many washouts and trains were from five to fifteen hours late on the various lines. The wagon roads in the country were damaged and many bridges were swept away.

CINCINNATI, June 16.—Cincinnati and the country for fifty miles around experienced a sensational storm Sunday. It began at noon and for more than an hour terrified thousands. The wind was severe, the lightning of fierce disposition and alarming frequency, and the rain fast, furious and deluge-like.

By 1 o'clock every sewer in the city was full and the streets were amateur rivers. State street, a narrow thoroughfare lying very low in the valley of what was once Deer creek, became a torrent. Water stood two and three feet deep in the houses and the drift was doing much damage.

In all thirty-three houses were unroofed in the city. Thousands of trees were razed, and in the lower portions of the city many thousand dollars' damage done to goods on the first floors of stores. Two people were blown off a shanty-boat near the mouth of the Miami river and drowned and thousands of dollars damage was done to coal boats and timber-rafts. The Chesapeake & Ohio road loses \$50,000 by washouts and landslides within fifty miles of the city.

At Fairmount, Ky., three boys fishing in a boat are missing and were doubtless drowned. Covington, Beloit, Dayton and Newport, Ky., had eighteen houses unroofed and two persons hurt. Thousands of acres of wheat just ready to reap are laid flat and the loss will be great. It is safe to say that the loss in Cincinnati and a radius of fifty miles amounts to \$200,000.

A Strange Story from the Far West. REDDING, Cal., June 17.—One of the peaks of Mount Shasta has disappeared. Its absence from view creates some anxiety here. The top appears to have been cut off short. Fire has long been known to exist in the crater, and the formation of the valleys below are partly of volcanic origin.

Tried to Blow Up the Car. ST. PETERSBURG, June 17.—Police have discovered a widespread conspiracy against the Car's life. The imperial palace at Gatschina is undermined. The guards at all the palaces have been doubled. Several arrests have been made.

Poisoned by Ice-Cream. KNOXVILLE, Tenn., June 16.—At a picnic near this city Saturday a number of persons were poisoned by the ice-cream, which had stood too long in the freezers. Sixteen women and children are critically ill.

MAKING LAWS.

Work of the Fifty-First Congress in Senate and House.

A Daily Summary of Proceedings Containing All the Important Work Done by the Nation's Law-Makers Up to Date.

SENATE. WASHINGTON, June 11.—Senator Edmunds introduced a bill in the Senate yesterday authorizing the sale of the Mormon church property in Utah for the benefit of the public schools. A bill was introduced to prohibit the sale of liquor upon all grounds where expositions are held for which the Government makes appropriations. The silver bill was further discussed.

WASHINGTON, June 12.—Bills were passed in the Senate yesterday to prohibit monopoly in the transportation of cattle to foreign countries; to provide for the inspection of live cattle and beef products intended for export to foreign countries; for the establishment of a port of delivery at Rock Island, Ill., and seventy-five individual pension bills. The silver bill was further discussed.

WASHINGTON, June 13.—In the Senate yesterday the bill providing for the reorganization of the Government of Utah was favorably reported; also the House legislative, executive and judicial appropriation bill (\$21,355,917). The silver bill was further discussed.

WASHINGTON, June 14.—A resolution was agreed to in the Senate yesterday appointing Edward K. Valentine Sergeant-at-Arms. The rest of the session was devoted to considering the silver bill.

WASHINGTON, June 16.—In the Senate on Saturday bills were passed to amend the laws relating to custom revenue bonds, making the signature of one member of the firm binding on all the members; to credit Major Wham, army paymaster, with \$28,345 Government funds of which he was robbed in Arizona in May, 1889, and thirty-five private pension bills.

WASHINGTON, June 17.—The silver bill was further discussed in the United States Senate yesterday and the deficiency appropriation bill for pensions and the census was passed.

HOUSE. WASHINGTON, June 11.—The post-office appropriation bill was passed in the House yesterday, and the Senate bill prohibiting the sale of liquor on exposition grounds was introduced.

WASHINGTON, June 12.—In the House yesterday the conference report on the Senate dependent pension bill was agreed to. The sundry civil appropriation bill (\$27,849,513) and the Blair educational bill were favorably reported.

WASHINGTON, June 13.—In the House yesterday the urgency deficiency bill appropriating \$3,708,000 for the payment of pensions and \$3,075,000 for expenses of the census was passed. The conference reports on the anti-trust, the military academy and the pension appropriation bills were disagreed to. The agricultural appropriation bill was passed.

WASHINGTON, June 14.—In the House yesterday the sundry civil appropriation bill (\$28,000,000) was discussed, and at the evening session thirteen private pension bills were advanced to third reading.

WASHINGTON, June 16.—The House suspended its regular business on Saturday in order that members might deliver speeches on the late Samuel J. Randall.

WASHINGTON, June 17.—A petition was presented in the House yesterday for the enactment of a law prohibiting the sale, use, manufacture or importation of banners or flags representing the Confederate flag or the red flag of the Anarchist. The sundry civil appropriation bill was discussed.

Fatal Row at a Picnic. ELMWOOD, O., June 17.—Between 200 and 300 persons attended a picnic about two miles north of here, Sunday, given by some Cincinnati club. Beer was the attraction. Late in the afternoon a general riot occurred in which two men were fatally hurt, three or four dangerously wounded, and a score, including several girls, badly cut and shot. A baby was killed in its mother's arms by a stray shot.

A New Bakers' Trust. ZANESVILLE, O., June 14.—The United States Baking Company, comprising firms in Pennsylvania, West Virginia, Ohio, Indiana and Michigan, has been organized, with headquarters at Richmond, Ind. The capital of the new company is \$5,000,000.

Failure of a Woolen Manufacturer. BOSTON, June 14.—The assignment of George P. Ladd, the leading woolen manufacturer of Spencer, to J. L. Prouty is announced. Mr. Ladd's embarrassment was a great surprise to business men. His liabilities are placed at from \$60,000 to \$75,000.

Man and Wife Instantly Killed. BIG SPRINGS, Neb., June 14.—A farmer named John Fueston, accompanied by his wife, was driving across the Union Pacific track Friday when they were struck by a west-bound train and instantly killed.

The Columbus Strikers Satisfied. COLUMBUS, O., June 14.—The striking street-car men have accepted the proposition of the Consolidated Company, and will return to work at compromise scales, \$1.70 for conductors and \$1.60 for drivers.

Murat Halstead an L. L. D. CINCINNATI, June 14.—Belmont College, formerly Farmer's College, at College Hill, O., has conferred the degree L. L. D. on Murat Halstead, of the Cincinnati Commercial-Gazette.

THURSDAY, JUNE 19, 1890.

The metropolis has softened a good deal towards Chicago since the former vigorous expressions of disdain that Chicago should have the temerity to vie with it in the matter of the World's Fair.

ONE hundred and thirteen years ago last Saturday, June 14, it was resolved in the Continental Congress "that the flag of the United States be thirteen stripes, alternately red and white; that the Union be thirteen stars, white in a blue field, representing a new constellation."

Prof. ORR SCHULTZ, of Eaton county, is being mentioned by some of the leading educational men of the state as a fit successor to our present highly esteemed Superintendent of Public Instruction, who will not accept a re-nomination.

"Our friends, the circus men, had an experience in Detroit slightly different than they had here. Instead of driving they were driven, and Detroit boys did the driving, until they, in turn, were ousted by policemen."

QUEER IDEA OF MICHIGAN.

Is that clever story, "The Anglomaniacs," begun in the June Century, the young man of the tale is an Englishman bound for Illyria, Mich., to take the position of professor of biology in a new fresh-water university.

LOYALTY TO ENGLAND, YOU KNOW.

An editorial in the Argus of June 6th, says: If the McKinley bill becomes a law, the duty on tin plate will be increased 115 per cent. over existing rates.

free trade papers of England. Here is a paragraph from the London Iron and Steel Journal of May 12th:

The most important item in the new schedule of the American tariff bill is that affecting tin plates. If this is carried the occupation of three-fourths of those engaged in this country in the tin plate trade will be gone, and employers and their workmen, if they continue in the tin plate business, must employ their capital and labor on the other side of the Atlantic.

How does this strike the intelligent reader who has any American loyalty left? Doesn't it look like a cringing subserviency to British interests? Wouldn't the old Continental Congress just howl if they could be brought to life and confronted with such sentiments as some of the democratic papers of this age utter?

Suppose the McKinley tariff bill imposed a thousand per cent. on tin if it gives us the tin business so we can afford to own a tin pail. In what country besides this can the laboring man afford a house to put a tin roof on?

"The country has never prospered when labor was cheap. I remember a good many years ago, as a bare-footed boy I went to town on the Fourth of July to celebrate. I walked around all day and helped the town boys shoot off the firecrackers; I saw the military parade, and I saw the stump speaker. I had a splendid time up to about two o'clock. Then I happened to stop in front of a bakery. In the window was the finest display of pumpkins I ever saw. I love pumpkin pies. I hankered after pumpkin pie. I was hollow and hungry clear down to the soles of my bare feet. There was a sign out: 'Pumpkin Pies Three Cents Apiece.' Cheap as dirt. I didn't eat any pumpkin pie. I didn't have the three cents. Now if pumpkin pies had been five cents apiece and I had had ten cents in my pocket I would have been a happier boy."

And so it is with the tin roofs. If we continue to send our money to England as their democratic allies in this country seem to wish, there will be no tin pails or tin roofs upon which the laboring man will have to pay taxes; and then the brilliant statesmen of the ilk of our sadly mistaken cotemporary, will be satisfied—but not the "people."

CURRENT OPINION.

[Hon. Charles A. Boutelle, M. C., of Maine.] "Every confederate who displays the rebel flag to glorify it is not true to the parole granted at Appomattox."

[Gen. Russell A. Alger.] "We give notice that in this land of ours there is place for no flag save that which we honor here—the Stars and Stripes."

[Hon. William E. Mason, M. C., of Illinois.] "I would be false to the memory of a brother who fell at Gettysburg if I did not protest against the act of men who flout the rebel flag of secession."

"The broad sky over our country is broad enough only for one flag, and that the Stars and Stripes, and when a man waves any other, he is in his heart as much a traitor as he was thirty years ago."

Common Council.

A regular meeting of the common council was held Monday evening, and notwithstanding the hot weather and hotter room but two members were absent.

The Board of Public Works made the following recommendations: That \$350 be appropriated for coping and grading the center line of trees on North University-ave; that \$75 be appropriated for piping and filling at the north end of Fourth-ave; that a sidewalk be ordered built on the north side of Monroe-st, from Ingalls to 12th-st.

City Attorney Kearney reported that the city is not liable for any injuries that Mrs. Sophia M. Pierce may have received as shown by her petition. The ground taken by the city attorney was that the portion of Pontiac-st where Mrs. Pierce was injured, has never been accepted by the city.

The finance committee reported in favor of calling a special election for the purpose of voting \$5,000 to the street fund, for building crosswalks. The report was accepted and adopted.

The finance and street committees report in regard to widening Division-st from North-st to Detroit-st, that they were unable to agree upon terms with all of the property owners. They recommended that \$350 be paid J. F. Lawrence and his sidewalk moved, and that \$175 be paid George Miller, for their property used. In regard to the other property owners, the committee recommended that condemnation proceedings be commenced against the property needed for widening the street.

The ordinance relative to public health was placed upon its third reading and passed.

By resolution of Ald. Martin, the mayor and city clerk were directed to call a meeting of the electors, to be held at the Fireman's Hall, on June 30, from nine A. M. to five P. If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. A Boston lady, whose example is worthy imitation, tells her experience below: "In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me buy their own instead of Hood's; he told me their's would last longer; that I might take it on ten

days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I had taken Hood's Sarsaparilla, knew what it was, was satisfied with it, and did not want any other. When I began taking Hood's Sarsaparilla I was feeling real miserable with dyspepsia and so weak that at times I could hardly

The Beautiful Guild.

ALVIN WILSEY, ESQ., Ann Arbor, Mich.

Dear Sir:—We purchased a Guild Piano of you nearly (or quite) nineteen years ago. We also purchased a Boardman & Gray of you four years ago. If the B. & G. will do as good service as the Guild has we will be perfectly satisfied with it. Thus far, however, the Guild has stood better, and required less tuning than the Boardman & Gray.

Yours truly, WM. DOTY.

South Lyon, Mich., March, 1890.

Mr. W. F. Griffith, of Howell, (in the employ of Farrand, Williams & Clark, of Detroit), has just decided on a "Guild," after looking the field over pretty generally. Said a teacher of many years experience, "It is the best Upright Piano I have ever seen." It is the best selling Piano I have ever sold; for the reason that it is a PERFECT Piano at a REASONABLE price. Sold for cash or on easy monthly or quarterly payments.

I have sold a good many "Guild" Pianos. Every one without exception, has given complete satisfaction. They are EXQUISITELY finished and please the most fastidious customer. I say emphatically that I have never seen a more perfect piano in detail, AT ANY PRICE, BEARING ANY NAME. Finished in mahogany, walnut, rosewood, etc. See them before you buy. Prices reasonable. Over 25,000 in use. Have been manufactured in Boston nearly thirty years.

MICHIGAN STATE NEWS.

A PLUCKY WOMAN.

"See" Lady Who Is Bound to Defend Herself. Joseph Lalond knocked his wife down on the street at Sault Ste. Marie the other day, apparently without cause. He was arrested, and as he treated the matter as a smart trick was fined \$51. He paid the fine and continued to boast of his "nerve," as he called it. A few days after the man and wife met on the street again when Lalond was sober. She pulled a revolver and fired, the ball striking Lalond's arm. The woman was arrested and on her person was found two loaded revolvers.

Health in Michigan.

Reports to the State Board of Health by sixty-one observers in different parts of the State for the week ended on the 7th indicated that cholera morbus, inflammation of the bowels, measles, erysipelas, remittent fever and diphtheria increased, and typho-malarial fever, puerperal fever, inflammation of the brain, cerebro-spinal meningitis, whooping cough, scarlet fever and cholera infantum, decreased in area of prevalence. Michigan Dentists.

At the recent session in Jackson of the Michigan Dental Association the following officers were elected for the ensuing year: President, Dr. H. K. Lathrop, Jr., of Detroit; First Vice-President, Dr. H. C. Corns, of Detroit; Second Vice-President, Dr. F. S. Owens, of Grand Rapids; Secretary, Dr. J. Ward House, of Grand Rapids; Treasurer, Dr. G. H. Mosher, of Jackson; Member of Board of Censors, Dr. J. L. Gish, of Jackson.

The Judge's Signature Forged.

A man in Manistota wrote to Judge Reilly in Detroit the other day inclosing a decree of divorce to which the judge's signature was attached. He was anxious to marry again and wrote to the judge in order to ascertain whether the signature was genuine. He explained that he had obtained the divorce through an attorney in this city. The judge was astounded at this revelation. In reply he declared that his signature had been forged.

A Good Whittler.

Seymour Torrance, of Flushing, an old veteran aged 81 years, has made with a jack-knife a costly and beautiful piece of mechanism which he styles a monument in memory of Lincoln and Garfield, consisting of 15,000 pieces whittled and fitted together, being neither nailed nor glued. It stands eleven feet high and every piece, painted and varnished, fits in its place.

Renounced the Faith.

John Busche, ex-priest and former pastor of the Church of Immaculate Conception at Lapeer, was married the other evening to Miss Louisa Hoffman, of Inlay City. Mr. Busche renounced his church some four months ago, and his wife, a former Catholic, also became antagonistic to the faith shortly before marriage.

Hurled Sixty Feet by an Engine.

Mrs. Nelson Goodrich tried to cross a track before a fast passenger train at Holly the other night, when the engine struck her buggy and hurled Mrs. Goodrich sixty feet. She was picked up unconscious, but was found to be uninjured. The next day she was attending to her household duties as usual.

Shot His Grandfather.

THIRTY-FOUR KILLED.

Fire-Damp Explodes in a Pennsylvania Colliery.

Thirty-Four Miners Meet Death - A Wall of Fire Closes the Only Avenue of Reaching a Place of Safety - Terrible Scenes at the Mine.

DEATH'S RICH HARVEST.

DUNBAR, Pa., June 17.—Yesterday morning at 11:10 a sudden, shivering roar shook the miners' dwellings on Hill Farm, in Fayette County, near this place, and hundreds of affrighted persons who knew the sound too well knew another mine disaster had occurred. In a moment the fearful news had spread that the Farm Hill mine had exploded. A rush was made to the mouth of the pit, but ingress was impossible, as smoke in dense volumes was issuing therefrom. Fifty-two miners had gone to work and were in the slope when the explosion occurred. Of these fifty-two eighteen were in the left heading and thirty-four in the right heading. Those in the left heading got out all right. The retreat of the others was cut off and not one escaped.

The miners from the left drift escaped blackened and bruised, but safe, and they tell a fearful story of the sight of a score of terrible faces walled in by a flame no man could pass and live. Willing hands and hearts were not wanting on the outside and a party of 100 entered the main shaft, and, after groping on for a quarter of a mile at least, were driven back again and again by the deadly gas, only to recover breath for a moment and again plunge in to find at last that the right drift was impenetrable and no man living could pass in. Sounds were heard from the intombed men as late as 1 o'clock in the afternoon. These grew weaker and weaker, however, and half an hour later even the most hopeful of the rescuers could hear nothing. The men say that had they known the shaft was to be broken into they would never have entered the mine, as either water or gas would surely follow. The owners, however, and some of the men say it was an accident pure and simple.

Spain Greatly Alarmed Over the Progress of Cholera.

MADRID, June 17.—Much alarm is occasioned by the continued spread of the cholera at Puebla de Rugat. The authorities are making strong efforts to stamp out the disease, but so far they have been unsuccessful and new cases are reported daily. Sunday there were four deaths from the disease and nine new cases. The doctors at Puebla de Rugat are greatly overworked and the authorities have telegraphed to Valencia asking that physicians be sent from that city to aid them. The supply of drugs is running short and the town officials have also telegraphed for a fresh supply from Valencia. The total number of deaths thus far reported is ninety-one. One of the persons who fled from the town for safety has died from the disease at Albaida. Dr. Candela, who is an expert, declares that the disease at Puebla de Rugat is true Asiatic cholera.

Train to Try It Again.

TACOMA, Wash., June 17.—Citizen George Francis Train is busily preparing for another world circling tour. Not satisfied with his recent wonderful record, he intends to make the trip this time in fifty days. He does not go alone. Editor Radebaugh, of the Ledger, and a big party are to accompany him. Citizen Train is to act the guide and leader. The entire party intend to start September 1, and they expect to complete the tour by October 20.

As a Rule,

It is best not to attempt to remedy costiveness by the use of saline or drastic purgatives. When a cathartic medicine is needed, the most prompt and restorative is Ayer's Pills. Their effect is to restore the regular action of the bowels, without weakening them. Being sugar-coated, these Pills retain their medicinal virtues for a long time, and are easy to take.

"I can recommend Ayer's Pills above all others, having long proved their value as a cathartic for myself and family."—J. T. Hess, Leithsville, Pa.

"In 1858, by the advice of a friend, I began the use of Ayer's Pills as a remedy for biliousness, constipation, high fevers, and colds. They served me better than anything I had previously tried, and I have used them in attacks of that sort ever since."—H. W. Hersh, Judsonia, Ark.

ADDITION to the City of ANN ARBOR

We believe Ann Arbor is the Best City in Michigan IN WHICH TO LIVE.

The Educational Advantages here are unsurpassed! The Streets are broad and well kept! Ann Arbor has a low rate of taxation! It has the best system of Water Works in the West.

Our Addition is just five Blocks from the University of Michigan; it has a front of One Hundred Rods on State Street, the best residence street in the city. Its location is unsurpassed for health and convenience. The levels taken by our Engineer, Geo. W. Sanborn, show the lowest point to be higher than Main Street in front of the Savings Bank. The slope of the ground is such that the drainage is perfect, having a fall of from six to ten feet. We have laid drain pipe through our land.

We have filed our Plat and have given

8 1-2 Acres for a Park.

We have paid Fifty Dollars for a handsome and attractive plan for a Park.

Work has commenced on the streets and Park. Seven new houses are already contracted for to be built upon our Addition this year. New sidewalks have been laid, 1,100 shade trees have been planted upon the streets and Park. Two professors in the University have already purchased Lots in this addition, and will soon build good houses on thei lots. Hutzel & Co. have donated a handsome Fountain for the Park.

All the Lots have an Alley 16 feet Wide, in the rear. We have made the price of the lots very low. If you buy a Lot we believe you will double your money in three years time.

The Investment is Safe

as a Savings Bank, and the gain much more rapid. Ten new houses on South State Street will be built this year.

We will sell Lots for Cash. We will sell lots on time Payments.

We will sell Lots to parties who wish to build houses at once, and will help them to furnish money to build.

Buy a Lot, Money Made!

Payments may be made by the week, by the month, or by the year as suits purchaser.

Call at Sheehan's Store, or at Hamilton Block to see the Plat. We have the Park Plans. We desire those intending to purchase lots to examine them. Call and see them.

The new buildings on State Street this year will amount to Sixty Thousand Dollars. Investigate what we have, then judge for yourselves. This is better than a Loan and Investment Association. Your money is kept at home. Persons intending to purchase Lots should look over our Addition and Investigate for themselves.

THE FIGURE "9."

The figure 9 in our dates will make a long stay. No man or woman now living will ever date a document without using the figure 9. It stands in the third place in 1890, where it will remain ten years and then move up to second place in 1900 where it will rest for one hundred years.

There is another "9" which has also come to stay. It is unlike the figure 9 in our dates in the respect that it has already moved up to first place, where it will permanently remain. It is called the "No 9" High Arm Wheeler & Wilson Sewing Machine.

The "No. 9" was endorsed for first place by the experts of Europe at the Paris Exposition of 1889 where, after a severe contest with the leading machines of the world, it was awarded the only Grand Prize given to family sewing machines, all others on exhibit having received lower awards of gold medals, etc. The French Government also recognized its superiority by the decoration of Mr. Nathaniel Wheeler, President of the company, with the Cross of the Legion of Honor.

The "No. 9" is not an old machine improved upon, but is an entirely new machine, and the Grand Prize at Paris was awarded it as the greatest advance in sewing machine mechanism of the age. Those who buy it can rest assured, therefore, of having the very latest and best.

"THE HORNY HANDED."

WHAT THE LAST DECADE HAS DONE FOR THE TOILING FARMER.

An Extraordinary Decline in Prices Joined with a Great Improvement in Quality of Agricultural Machines and Implements and Almost Everything the Farmer Buys—Grand Opportunity to See All the Latest Inventions and Improvements, and to Learn Factory Prices—Ten Days of Profit and Pleasure.

"In the sweat of thy brow shalt thou eat thy bread," was the doom pronounced in holy writ upon the whole human race. But this, which seemed a curse, has been the greatest blessing. For all the advance that mankind has ever made from idle savagery up to the highest civilization has been the direct result of hard work, in the ever enduring effort to make life easier and better.

If there is any one class of men more than others to whom the biblical doom applies, it is the farmers. In all ages and nations the tillers of the soil have labored early and late, have been exposed to sun and storm, heat and cold. Their toil has always been almost incessant. But, within the last generation, science and invention have come to their aid, and have marvelously improved their condition. The modern farmer is not compelled, like his father before him, to rise at the earliest dawn and toil till the latest daylight with the ax, the maul and wedge, the heavy old style hoe, the ancient back-breaking as well as sod-breaking plow, the flail, the scythe and the grain cradle. The mowing machine, patent reaper, sulky plow and harrow, tedder, seeder, cultivator, thresher, sawing machine, and other improved tools, have vastly increased his capacity and at the same time lightened his labor. And his wife's toil has also been lightened by invention.

The modern farmer is both a mechanic and a scientist to some extent. He breeds valuable blooded stock; he knows how to use machinery; he aids his wife and pretty daughters to "dress like folks"; his home has its piano, and books, papers, magazines, carpets, curtains and good furniture. He keeps his carriage, has some leisure, and he belongs to the intelligent classes. Still he is

THE HORNY HANDED. Invention and improvement cannot quite remove the ancient doom; they can only slowly change it more and more into a blessing.

This is the national census year, therefore it is a good time to take stock of improvement, and note what advance has been made by and for the farmer in the last decade. The advance has no all been confined to new inventions and improvements in machinery, implements and appliances, though these have done much. The farmer has had a great benefit from the general advance of the country and the world. There has been a

LARGE REDUCTION IN THE PRICES of almost everything he has to buy. A careful comparison made in the market prices for the month of April, 1890, and the month of April, 1880, in a village in the midst of a farming region—the data being obtained from the market reports for the two years in the same county paper, and also from the books of the same merchants—shows the following astonishing results:

Harvester (self-binder).....	Price 18 0.	Price 1890.
Mowing machine.....	\$30.00	\$125.00
Two seated spring wagon.....	80.00	60.00
Farm wagon.....	57.00	48.00
14-inch steel beam plow.....	27.00	25.00
Sulphur cultivator.....	45.00	2.50
Walking cultivator.....	35.00	18.50
Horse corn planter and chaff rower.....	70.00	36.00
Barb fence wire per lb.....	.10	.04
Fence staples per lb.....	.10	.04
Cat man's iron per keg, 8-p.....	40.00	2.75

Cutlery in general, corn shellers, harrows, and many other articles reduced one half or more in price. For example, a 3 lb. for \$1.18; 10 lbs. for \$1.18; 10 lbs. for \$1.18. Reduction in tea, crockery, dry goods, boots and shoes, furniture, lumber, drugs, and most other goods, 25 to 50 per cent. Reduction in men's clothing over 50 per cent. on the average.

Not only have prices thus been reduced, but the machines, tools, and all goods are a VERY MUCH BETTER QUALITY than they were ten years ago. Steel nails have taken the place of iron nails. Mowers and reapers, corn shellers, cultivators, plows, wagons, harrows, and all the goods you buy, have been improved by invention, and machines are largely steel now where they were iron then.

To many persons this will be a very surprising showing; but they will find it substantially true in their own market village or city; only, of course, some of their prices may vary a little from those given, as the above figures are from a rural village, which may be more favored than some and less favored than others in distances from manufacturers, freight rates, profits of local dealers, etc.

What the farmer and his wife need is a CHANCE TO SEE AND COMPARE the latest inventions and improvements in agricultural machines and implements, household wares and tools, and also in most other manufactures; and a chance to learn factory prices as well as retail, so that he may know whether his home market is giving him a fair show. At the Detroit International Fair and Exposition to be held in Detroit, Mich., the last week in August and first week in September, will be the largest exhibition of agricultural machines, implements, and also of all other tools, machines and manufactures, goods, wares and products ever collected in America. He and his wife and children can see and get prices on the best of everything they have to buy, from clothing to tools, and from luxuries to necessities, either for the family, household or the farm. And he can also see and compare the best farm stock—horses, cattle, sheep, swine and poultry—of the American continent, including the most costly and famous animals; and the best grains, fruits, vegetables, flowers and other products; besides furniture, carriages, pianos, clothing for both men and women, and all rich and fine goods, jewelry, art goods; and everything that money can buy or heart wish, in enormous profusion. And in addition will be

TEN DAYS OF PARADISE with the delights of a great international fair, and its games, concerts, spectacles, races, exhibitions, balloon ascensions and other thrilling shows of all sorts, a vast and costly art gallery with the most famous paintings and statuary on this continent. The city of Detroit is also one of the most charming cities in America to visit, with broad maple-shaded avenues; theaters, opera, delightful river and lake excursions, the cheapest in the world; and a host of various attractions. At that time all roads will lead to Detroit, with big excursions over them, at low rates, and it will be in the most delightful season of the year to visit the lake region and its beautiful queen city.

A Chance to Make Money.

MR. EDITOR:—I bought one of Griffith's machines for plating with gold, silver or nickel and it works to perfection. No sooner did the people hear of it than I had more spoons, knives, forks and jewelry than I could plate in a month. The first week I cleared \$31.30, the first month \$167.85, and I think by July 1st I will have \$1,000 cash and give my farm considerable attention, too. My daughter made \$27.40 in four days. Any person can get one of these machines by sending \$3 to W. H. Griffith & Co., Zanesville, O., or can obtain circulars by addressing them. You can learn to use the machine in one hour. As this is my first lucky streak, I give my experience, hoping others may be benefited as much as I have been.

Yours truly,
M. O. MOREHEAD.

From the Cresco, Iowa, "Plainedealer." "We have never, as our readers for nearly thirty years in this county can testify, written a 'puff' of any patent medicine. Duty as well as inclination impel us to depart from this studied silence, to say to our readers and the public that, having been completely prostrated with a violent and distressing cold, after three days fighting it with ordinary remedies and getting no relief from their use, we obtained a bottle of Clarke's Extract of Flax (Papillon) Cough Cure, obtaining almost instant relief and a steady improvement under its use." Large bottles only \$1.00. Ask for Clarke's Flax Soap. "Best on Earth," 25 cents. Both the above for sale by Eberbach & Son.

If our sins were only as unobtrusive as the goodness of others is obtrusive.

THEY ARE LIABLE!

The doctors are all liable to be mistaken. It cost me \$200.00, because they said I had the Heart disease, and then told me I must die. Grandmother said it was Liver complaint, and \$2.00 worth of Sulphur Bitters cured me.—Jennie Poor, Rockport, Mass.

Poverty never travels in the wake of the man who minds his own affairs.

Hibbard's Rheumatic Syrup cures rheumatism by striking at the seat of the disease and restoring the kidneys and liver to healthy action. If taken a sufficient time to thoroughly eradicate such poison, it never fails.

You never know until the big man who licked you has turned the corner how many men there were in the crowd whose sympathies were with you in the fight.

To Nervous Debilitated Men.

If you will send us your address, we will mail you our illustrated pamphlet explaining all about Dr. Dye's Celebrated Electro-Voltaic Belt and Appliances, and their charming effects upon the nervous debilitated system, and how they will quickly restore you to vigor, and manhood. Pamphlet free. If you are thus afflicted, we will send you a Belt and Appliances on a trial.

The desire to get even was the first acknowledgment of failure.

Acute and chronic rheumatism can be effectually and permanently cured by the use of Hibbard's Rheumatic Syrup and Plasters.

Advice To Mothers.

Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gum, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents bottle.

There are so many things to admire in the people who admire us.

Mrs. M. Schaeberger, Beaver Dam, Wis., writes: "We have used Dr. Thomas' Electric Oil in our family for Coughs, Colds, Croup and Rheumatism. It cures every time."

Bobby—Don't be scared, Johnnie. Perhaps your father didn't mean it when he said he would lick you. Little Johnnie—Yes, he did. It wasn't as if he had promised to bring me home a new whistle.

A Lady in South Carolina Writes:

My labor was shorter and less painful than on two former occasions; physicians astonished; I thank you for "Mother's Friend." It is worth its weight in gold. Address The Bradford Reg. Co., Atlanta, Ga., for particulars. Sold by C. E. Eberbach & Son.

In its treatment of rheumatism and all rheumatic troubles, Hibbard's Rheumatic Syrup stands first and foremost above all others. Read their medical pamphlet and learn of the great medicinal value of the remedies which enter into its composition.

WHERE TO SPEND THE SUMMER.

If Undecided, Perhaps This Will Help You.

Where to go, what to do, how to do it, and the expense involved—questions agitating so many households, contemporary with the advent of summer, are all answered satisfactorily in the pages of the handsome volume entitled "Health and Pleasure," just issued by the Passenger Department of the New York Central & Hudson River Railroad.

The book is profusely illustrated, contains several valuable maps, and the information is presented in a concise, yet readable manner. It embraces an extensive list of summer hotels and boarding houses along the Hudson, among the Catskills, in the Adirondack Mountains, at Saratoga, Lake George, Niagara Falls, and other famous resorts.

Copies of the book may be obtained free upon application to W. B. Jerome, General Western Agent, No. 97 Clark St., Chicago, or will be mailed post paid upon receipt of ten cents in stamps, by George H. Daniels, General Passenger Agent, Grand Central Station, New York.

The Cincinnati, Hamilton & Dayton Railroad is the short and direct line from Michigan and Canada to Cincinnati, Indianapolis, Louisville, Nashville, Birmingham, Meridian, New Orleans, Chattanooga, Atlanta, Macon, Charleston, Savannah, Jacksonville, and all southern cities. Day and night trains run through solid between Detroit and Cincinnati. Direct connections made at Cincinnati for all points south, southeast and southwest. The only line leaving Detroit morning and evening by which you can secure parlor and sleeping cars. No extra charge for quick time and superior service. Call on or address nearest ticket agent of any line in Michigan and Canada for through tickets to all points south, or address D. B. Tracy, Northern Passenger Agent, 155 Jefferson-Ave, Detroit, or E. GREAT PROGRESS MADE.

Encouraging Growth of the Society of Christian Endeavor.

St. Louis, June 14.—Five thousand members of the Young People's Society of Christian Endeavor obtained seats in the Music Hall yesterday, while nearly 2,000 thronged the lobbies or strayed outside sight-seeing. Rev. F. E. Clark, D. D., president of the society, delivered an address on "A Moral Uprising and Its Significance," and treated the growth of the society as evidence of the uprising. On July 1, 1889, there were 7,672 societies, with 485,000 members; now there are 11,013 societies, with 669,000 members. During the last eleven months 4,000 new members had been enrolled every week. The societies were holding 11,000 monthly prayer-meetings at which the members renewed their covenants. Each society had also a lookout committee whose duty it was to win new recruits.

St. Louis, June 16.—The sessions of the convention of the Christian Endeavor societies were necessarily brief Sunday so as not to interfere with the regular church services, and consisted of addresses, music and religious exercises. At the evening session two-minute talks were made by various State delegations, after which consecration services were held and the ninth annual convention was brought to a close by the singing of "God be with you till we meet again."

No Fourth of July for Ann Arborites.

The session of the Board of Review closes today.

High School commencement exercises will be held tomorrow morning.

Harry Donnelly is temporarily filling the position of collector for the Savings Bank.

Seventeen bicyclists of this city took a run to Whitmore Lake, Sunday afternoon.

E. B. Conrad, son of B. J. Conrad, who graduates this year, has accepted a position at Brooklyn, N. Y.

On and after Saturday next, the Ladies' Library will be open from 10 to 12 A. M., and from 3 to 5 P. M.

John Donnelly, a graduate of the Western Union telegraph office, has accepted a position at Lansing.

O. F. Webster, formerly of this city, was recently elected treasurer of the Owosso Business Men's Association last week.

A number of our young people are preparing to attend a party given at the Clifton House, Whitmore Lake, this evening.

Last Saturday an excursion of Shiawassee county teachers and pupils, about 200 in number, paid the city and University a visit.

Rev. John Neumann, of this city, has been re-elected vice-president of the Michigan district of the Evangelical Synod.

The streets about the court house have been greatly improved this week by the removal of the weeds and grass from the gutters.

A carpenter named James fell from the roof of Calkins' new house on Thayer st., Tuesday, and was badly bruised but not seriously injured.

Commencing with next Sunday evening services will be held at St. Andrew's church at five o'clock during the summer instead of at seven.

The brick residence of H. Krapf, which has stood on Detroit-st for so many years, has been torn down to make room for a new and modern house.

Rev. and Mrs. Sunderland gave a very pleasant reception to the members of the Unity Club and students of the Unitarian church, last Friday evening.

Last Thursday evening, a banquet was held by Goethe Commandery of United Friends, at Hangsterfer's, several of the state officers of the organization being present.

Little Carlotta Medaris fell from E. B. Hall's donkey, Saturday, and broke her left arm near the elbow. The donkey stepped into a hole, and she fell while trying to alight.

The Schwaben Aid Society, which was organized among our German citizens about a year ago, will celebrate the Fourth of July by a "flag dedication" and picnic at Relief Park.

Company A will help Monroe to celebrate on the Fourth of July. The military companies will also be present from Adrian, Ypsilanti, Detroit, Toledo and several other places.

Richard Nistet, of South Chicago, died, on Monday, at the house of his brother-in-law, John O'Mara, where he was visiting. He was 46 years old and was afflicted with consumption.

The work of improving Hamilton Park, on the new addition south of the city, is progressing. This week the excavations are being made for the large artificial lake which is to be made in the center.

But little wool is being marketed here at present, although many farmers have finished shearing their flocks. They are waiting for higher prices, which will probably be paid later in the season.

The celebrated bull terrier, "John L. Sullivan," which belonged to the late John Walker, of this city, has been sold to parties in Spokane Falls, Washington, at the extraordinary price of \$215.—Argus.

The Fire Commissioners sold the hand engine which was formerly used in the fifth ward, to a committee from Brown City, yesterday. The commissioners have two more, in excellent condition, which they wish to dispose of.

Walter W. Campbell, son of Robert Campbell, has just graduated at the Andover Theological Seminary, and has been awarded an honorary scholarship for proficiency in work and superior excellence of his graduating essay.

Felix Donnelly, an old resident of Ann Arbor, died at his home on Twelfth-st, Tuesday night, aged 64 years. A post mortem examination made yesterday morning showed cancer of the bowels to have been the cause of his death.

Maria B., the wife of the late Robert Glazier, died suddenly at her home on Geddes-ave, Sunday morning, of heart disease, aged 76 years. Mrs. Glazier came to Ann Arbor at an early date and has made her home here since. The funeral was held at the residence, Tuesday afternoon.

Charles Wilson was taken before Justice Pond, Friday, for being drunk. He was sentenced to jail for two days. Yesterday he was taken before Justice Butts on a similar charge and sentenced to jail for five days. Drunkenness is not punished very severely here, judging from the above.

The Washtenaw County Flower Mission observed Tuesday as "flower day," and a meeting was held at the county house. After scriptural and musical exercises, each inmate was presented with a handsome bouquet. The mission is doing a noble work and should receive a much stronger support.

The High School Alumni Association wishes it generally understood that all graduates of the institution are cordially invited to be present at the banquet and reception, Friday evening. Among 1,500 graduates, some may be skipped in sending out invitations.

George F. Marker, of Bridgewater, has filed a bill in the circuit court asking for a divorce from Ella D. Marker, claiming that about two years ago she deserted him. The parties were married at Adrian in 1878.

On Wednesday of last week a spring fair was given at Chelsea. Hon. R. A. Alger made the address and among those who followed in impromptu remarks were S. W. Beakes and M. J. Cavanaugh, of this city.

The peach trees in this vicinity appear to have suffered considerably from "leaf curl," and the fruit growers anticipate only an average crop instead of the extraordinary yield that was promised earlier in the season.

The gray team recently purchased by the fire department took their first run to a fire, Sunday, and the way they handled themselves and the heavy hook and ladder truck showed that their short training has been beneficial.

At the closing meeting of Lyceum No. 1, of the High School, which was held last Friday evening, the following officers were elected: J. S. Handy, president; J. S. St. John, vice-president; Ira Severance, secretary and treasurer.

Rev. Caldwell will soon resign the pastorate of the Presbyterian church here, and remove to Ann Arbor. He has many warm friends here who will regret to see himself and family leave our midst.—Saline Observer.

A. A. Terry, census enumerator in the first ward, finds the work too hard for him, and on Monday, John Donovan, who had completed his work in the fifth ward, started in to finish enumerating the remainder of Mr. Terry's district.

Charles Farmer, acting as administrator of the estate of Elmer L. VanDusen, who was killed by being struck by a train in this city several months ago, has commenced suit for damages against the Michigan Central in the Clinton circuit court. E. B. Norris is one of the attorneys for the complainant.

J. J. Goodyear, who recently purchased the Burkhardt store on Huron-st and has had workmen employed in remodeling it, changed his plans last week and decided to make it the handsomest small store in the city. He has had the front torn out and the ceilings raised, and when the building is finished it will be a gem.

Stuart Milles, who is attending the Kenyon Military Academy at Gambier, O., won the first prize in the tennis singles at field day given there last week, the prize being a \$15 gold medal and a fine tennis suit. He has recently been appointed to fill the position of sporting editor on the Tatoo, a monthly publication of the students.

Two deaths occurred in the city this morning. Mrs. Henry Banfield, who has lived on N. Main-st for a great many years, passed away about 11 o'clock, aged 80 years. Benj. D. Paine, brother of Mrs. Dr. Darling, died at her home on E. University ave, early this morning, of consumption. He was 25 years old and his home was at Port Clinton, O.

There has been a fellow named Barr traveling about this section, the height of whose ambition seemed to get his board free. He will not be able to complain during the next thirty days, as he will stop with Sheriff Dwyer during that time on the sentence of Justice Pond. He was a professional hotel heater and jumped board bills at Shtne, Ypsilanti and the Franklin House in this city.

Complaints of overcharging on the part of hackmen are becoming numerous. The city ordinance regulating the charges provides that not more than 25 cents a passenger shall be charged between the hours of six A. M. and eleven P. M. After eleven P. M., double rates may be charged. But few persons will stop to dispute about 25 cents, especially when about to leave on a train, but a few reports sent to the mayor would probably prevent further overcharging.

The circus vs. student fight at Ann Arbor recently, resulted in two deaths and many sore heads.—Brighton Citizen. It is singular that a paper published so near the scene, should not be able to come any nearer the truth than this in giving its readers the news. Fortunately none were killed in this affray, the Citizen notwithstanding, and the two who were most seriously injured, Messrs. Strickler and Mason, are so far recovered that they will soon be able to be out again.

Titus Hutzel and Wm. Herz, delegates of the Workingmen's Aid Society, who represented the home society in the convention at Ludington, June 10, 11, 12, returned home last Thursday evening. They were met at the depot by about sixty members and the city band, and escorted to the hall, where an appropriate address was delivered by President Mayer, on the strength of their being successful in inducing the delegates to hold their next annual convention at Ann Arbor, in 1891.

Regarding a former Ann Arbor boy, the Free Press last Friday, told the following sad story: "Joseph B. Moore, one of the Superintendents of the Poor of Wayne County, yesterday asked the Probate Court to appoint a suitable guardian over Clay A. Green. It is represented in the petition that Green is 27 years old and has an estate of the estimated value of \$13,500; that he has become a confirmed spendthrift, and is at times addicted to excessive drinking, gaming and idleness, and that he is so spending and wasting his estate by raising money on his expectancies and otherwise as to expose himself and his family to the danger of want and suffering, and the county to charge or expense for the support of himself or his family."

The services at the M. E. church were conducted, last Sunday, by the former pastor, Rev. W. W. Ramsey, and the congregation were surprised when they found Rev. R. B. Pope, another former pastor, assisting at the morning service. Rev. W. S. Studley, filled the pulpit at the Central M. E. church in Detroit, which he formerly occupied and which is now held by Rev. Dr. Ramsey. This gave both the Detroit and Ann Arbor congregations a chance to hear those who formerly were their pastors.

Three barns in the first ward were damaged by fire, Sunday evening, belonging to Wm. Weinmann, S. Seyfried and J. Stoll. The fire started in Weinmann's barn which was filled with thirty cords of wood, most of which was saved by the members of the fire department, the barn being totally destroyed, the loss being covered by insurance, however. The roof of Stoll's barn was torn off, the damage being \$125. Seyfried's damage was about \$25. The fire was probably accidentally started by children.

Mrs. Ada Lacey nee Upon, the wife of Dr. G. W. Lacey, died suddenly on Sunday at their residence in East Saginaw, aged 26 years. She was taken sick on Friday and blood poisoning setting in her death followed on Sunday morning. The deceased was well and favorably known in Ann Arbor, where nearly her whole life was spent. She was the daughter of Mrs. Alice Upon, who formerly lived on Forest-ave, and afterwards moved to Pittsfield. Last August she was married to Dr. G. W. Lacey, and they went to make their home in East Saginaw with the brightest possible prospects. During her life here she was an active member of the M. E. church, and was greatly beloved by all who knew her. Her remains were brought to the city, yesterday noon, and interred in Forest Hill cemetery.

The 25th annual meeting of the Michigan State Medical Society will be held at Grand Rapids, today and tomorrow. Dr. W. F. Breakey delivers the annual address upon the practice of medicine, his subject being "The Obligations and Responsibilities of the Physician and the People in Promoting Medical Science." Dr. J. N. Martin delivers the annual address on obstetrics and gynecology, his subject being "The Relations between Constitutional Conditions and Diseases of the Female Genital Organs." Friday morning, Dr. Frothingham, president of the society, will deliver his annual address upon "The Need of Extensive Organization and Pursuit of a Fixed Policy, as a Means of Promoting our Professional Interests," and it is anticipated by the local profession that he will not neglect to pay off some old scores against the University.

COMING EVENTS.

MEETINGS, CONCERTS, ETC. The ladies of the Congregational church will give a strawberry festival, Monday evening.

The annual picnic of the Bethlehem Sunday School will be held at Whitmore Lake, on Wednesday, July 2. An excursion will be run in connection with the picnic.

There will be a Song Recital, this evening, at Nickels' Hall, given by the School of Expression, assisted by the Chequamegon. All interested in music study are invited.

Prof. Stanley will give an organ recital in the Congregational church, Monday evening, June 24, at 8 P. M. This is to be a free recital and Mr. Stanley will be assisted by the U. of M. Glee Club.

CITY NOTICES.

Ice Creams. Vanilla, chocolate, coffee, pistachio, strawberry, macaroon, tuffruitti, bisque, nonquat. All Sunday orders should be given the day previous. E. V. HANGSTERFER & Co.

St. Thomas' Catholic church of this city has been trying organs since Christmas, having had several in the church on trial. The result is a signal victory for the Story & Clark, sold by Alvin Wilsey of this city. The best judges unite in pronouncing it the finest reed organ ever seen in Ann Arbor.

It is a Good Thing.

Ann Arbor, June 12, 1890. Ed. REGISTER: The University authorities are entitled to great credit for putting down such a magnificent Portland cement walk in front of the campus. We hope this will be a pattern for others. It is much nicer than stone, wears longer and very much cheaper. Let the good work begun continue and it will add greatly to the beauty of our city. Miss Lillie Nichols will teach her usual summer classes in drawing and painting during the vacation, beginning about July 1st.

"Guilds" are popular now-a-days, but none more so than the beautiful Guild Piano. After looking the ground over carefully, Dr. and Mrs. Heller selected a "Guild" and one day last week, Mr. Wilsey placed it in their beautiful home in Saline. The Guild is elegant in appearance, and wonderfully sweet in tone.

My wife has filed a bill of divorce in the circuit court, on the ground of non-support which I claim and say is a falsehood, on the face of it.

Fire! Fire!! Fire!!! Fires occur when least expected. Don't wait too long; delay is dangerous. Protect your property and buildings with the HARDEN HAND GRENADE, the best fire extinguishers every made. They are cheap but they are reliable and you cannot afford to risk being without them.

Every prudent farmer, merchant and manufacturer, in fact, every property owner owes it to his own interests as well as those of the community at large to fully protect his property against a fire. We can save you money if you will investigate our appliances. A good test of these fire extinguishers was made a few years ago when the All-mendinger Organ Works was on fire and the Harden Star Harden Hand Grenade was successfully used and the results can be shown to anyone who will visit us at our office.
