STILL SQUABBLING OVER THE STREET RAILWAY ROUTE.

The Common Council Receive Several Petitions Asking for a Change in the Route of the Street Railway.-Minor Matters Discussed by Oor City

Nearly all the aldermen were present at the Monday meeting of the council. President Howlett, however, was absent and Ald. Kearns was appointed chairman pro tem. in his place. The first thing to come before the council was the old and somewhat stale street railway question. A number of the residents on Forest-ave, including P. D. Woodruff, John Dewey, Heneage Gibbes, G. W. Bullis, Isaac Crawtord, Geo. S. Woods, C. L. Sanford, H. T. Morton and A. H. Holmes, petitioned that the action taken by the council on August 4, with reference to the street railway, be rescinded or amended, and that the petitioners be granted a hearing. The matter was referred to the ordinance committee. This petition was a little less radical than that which followed it. A number of the residents on Washtenaw-ave, Forest-ave and Hill-st, including, among others, A. H. the old and somewhat stale street on Washtenaw-ave, Forest-ave and Hill-st, including, among others, A. H. Holmes, P. D. Woodruff, Heneage Gibbes, Dr. Nancrede, E. B. Hall, H. T. Morton, N. G. Butts. J. Austin Scott, L. P. Hall, went so far as to ask that the P. Hall, went so far as to ask that the council restore the route of street railway to Washtenaw-ave. After the petition had been read, A. J. Sawyer rose to his feet in order to offer a few words on behalf of the street railway company. The franchise granted by the council, he said, is of the nature of a contract between the city and company. It cannot legally be attered without the consent of the latter. When the council ordained the recent change in the route, the company accepted it and went to work building the change in the route, the company accepted it and went to work building the road in accordance with it. They have been enjoined and they are willing to take the burden on their own shoulders and fight the matter out in the courts. They do not wish the route changed again. The only question remaining is whether the city council had the right to pass the ordinance. Considerable discussion thereupon ensued. Ald. Herz urged that I rof. Demmon be allowed the floor, who it was understood, was opposed to having the prayer of the petitioners granted. The professor reminded the council that Washtenaw-ave would have to be leveled, in case: railway track were to be laid upon it, and he dwelt with special emphasis upon the fact that the contemplated change would result in irreparable injury o one of Ann Arbor's prettiest drives. Ald. O'Mara asked the opinion of the city attorney, who stated that the franchise undoubtedly was of the nature of a contract. Ald. Hall thereupon suggested that the cepted it and went to work building the was of the nature of a contract. Ald. Hall thereupon suggested that the council should simply ask the railway company to change the route. Accordingly, Ald. O'Mara moved that the petition be referred to the street committee which should confer with the company. A somewhat warm discussion then fol lowed, in which attorneys Thompson and Sawyer took part, the latter succeeding in having the last word. Ald. Mann moved that the motion pending be laid on the table, and a majority of the council voted aver Like majority of the council voted aye. Like Banquos ghost, however, the street rail-way matter would not down, and later way matter would not down, and later in the evening Ald. Hall offered a resolution which was carried. It read as follows: "Whereas, at a meeting of the common council held August 4, 1890, an ordinance changing the route of the street railway was passed, changed from Washtenaw-ave to Forest-ave, and whereas it has been made to appear to the council that the first route was the best: Resolved that the ordinance the best: Resolved that the ordinance committee wait upon the street railway company and see if a change to Washtenaw-ave cannot be agreed upon, and if so, to report the ordinance at the next meeting." Consequently considerable squabbling ensued, in the course of which O'Mara moved that the resoof which of Mara moved that the resolution be laid on the table. The noes triumphed and when the resolution itself came to a vote, it was carried by the almost unanimous voice of the

The council appropriated \$250 more to complete the work on South Fifthave, and ordered those sidewalks and gutters laid down, which were recommended at the meeting of August 4 by the board of public works.

Teiichi Takeishi, one of the small colony of Japanese students who are attending the University, died on Friday last of consumption. He came to Ann Arbor last year, and having previously gained several years' experience practicing medicine in Japan, was admitted to the junior medical class. It was not long before he was brought to the sick-bed and he was obliged to postpone his anticipated trip home this summer on that account. He had been living on the corner of Jefferson and Thompson-sts, and from that place his funeral occurred last Saturday. He was twenty-nine years of age at the time of his death.

ANDREW SHITH.

A Citizen of Ann Arbor Who Has Passed the Greater Part of His Life In the Farming Business.

Andrew Smith is a native of Monroe county, New York, where he was born fifty-eight years ago. Until he was sixteen he remained on his father's farm, finding time to attend both the district school and the local academy. He was married in 1853 to Miss Pauline Fish, and their union has since been blessed with a family of three children. For about thirteen years after his marriage, Mr. Smith was engaged in the manufacture of farm implements in New York state, but in 1866 he suffered severe losses from fire, which induced him to remove to Michigan the following year. He located on a farm adjoining the Whitmore Lake road about three miles from this city. Until three years ago Mr. Smith remained at this place, which, in addition to 140 acres of good farming land, has a fine peach orchard of two or three years' growth, containing 1,500 trees. He finally decided to give up farming and rented his place to a man who is now working it upon shares. He is at present foreman of the machine shops at the Ann Arbor Agricultural Works and is a skillful and painstaking mechanic. He has a beautiful home located on the corner of east and south University-ayes. in addition to 140 acres of good farming

south University-aves.

Mr. Smith is an intelligent and well imformed gentleman, who has formed views of his own. In religion he is a Unitarian, in politics a democrat. He is not a rabid partisan, however, and like all broad-minded men, possesses the faculty of viewing a question in more than one light. He believes that the character of a candidate for office is fully as important as the fact that he holds to this or that party platform. Mr. Smith is an enthusiastic member of the Masonic fraternity and has a large circle of friends both within and without that organization. He is a pleasant talker and disposed to look on the bright side of life, despite the fact that he has suffered several reverses during his business career. The life of a far-mer has evidently agreed with him, for he has never been confined to his house on account of illness.

THE CROP REPORT.

Facts of Interest to Farmers and to all Who Deal in Agricultural Products.

The monthly crop report prepared by the secretary of state is a very interesting publication. The facts used by the secretary are collated from the returns of 798 correspondents, representing 619 townships. The average yield of wheat per acre as estimated by correspondents on the first of this month, is, in the southern counties, 14.06 bushels; in the central counties, 13 78 bushels, and in the northern counties, 14.55 bushels. In addition to the foregoing 218 correspondents in the southern counties and 23 in the central have furnished reports of actual threshings. The number of jobs reported threshed in the southern counties is 1,184; acres, 25,801; bushels, 481,543, an average per acre of 18.66 bushels." Correspondents this year state that the crop is turning out better than was anticipated. In quality wheat is fully up to the average. In the southern counties, of 512 correspondents reporting the quality, 285 report it good, 199 average, and 28 bad. The following table shows in detail the crop returns from Washtenaw and the adjacent counties:

John McDougall reports the following snake story and vouches for its truth Last Saturday, up in Superior, four little girls, the oldest not over thirteen, found in the highway a rattler, two and a half feet long, with eight rattles. Nothing daunted, the girls just went for that snake and finally killed it, bringing home the rattles in triumph. The little heroines were Nelly and Lucy McDougall, and Stella and Alta Filkins.-Ypsilantian.

A. A. Wood is just now about the busiest man in Lodi. He has bought, in this state and Ohio, nearly 1,200 fine wool rams, which he is now getting to-gether and shipping to Texas. Two more cars will be shipped in a few days and the balance as fast as he can get them together.-Saline Observer.

These are the days when poodle dogs are rampant and must needs be muz-zled, while snakes and fishes attain to the most phenomenal magnitude and ferocity. This fact must have influenced ferocity. This fact must have influenced the Chelsea Herald, for in a fit of abstraction it says: "A large massasauga, wearing nine rattles, was killed by the railroad men on the depot platform at this station last Thursday night. His snakeship was 'stone blind,' but nevertheless might have done considerable damage if he had not been dispatched when he was." dispatched when he was."

The Ypsilantian is quite certain that the old Indian chief Petoskey, after whom the northern resort was named, was not the first and great Petoskey. In fact, it is strongly of the opinion that Petoskey I once lived and scalped doughfaces on the ground where Ypsi-lanti now stands. "One of the skelelanti now stands. "One of the skele-tons exhumed on the river bank during the grading for the Cornwell mill sidetrack" says the Ypsilantian, "was accompanied by two copper kettles and considerable jewelry, among which was a pair of silver wristlets stamped with the name, 'Petoskey.' The quantity and value of the materials buried with it show the body to have been that of a distinguished person, and the name would leave little doubt that it was the body of an early Chief Petoskey. Few Pertinent Remarks from a Correspondent regarding the Project to Protect and Render Accessible Our Natural Scenery.

Washington, D. C. August 7, 1890. EDITOR REGISTER: I am glad to see the interest which is being awakened of late in preserving and rendering accessible to pleasure seekers the beautiful scenery about Ann Arbor. Few cities have greater natural advantages in the way of attractive surroundings, and a reasonable expenditure for their development is certain to be amply repaid in the increased growth of the whole city. It is to be hoped that property owners will be liberal in this direction and that the city authorities will be ever ready to co-operate when necessary. The destruction of natural scenery, which has taken place in many directions from the city in the name of improvement" has made it clear that its preservation to a reasonable extent cannot be left entirely to individual interests. The bluffs both up and down the river are being denuded of their timber for the sake of the fuel and the scanty returns they yield as pasture. "School Girl's Glen" and other favorite resorts have been cleared up and no longer are attractive to students and others. It is time for a vigorous effort to save some of the few charming resorts about the city which ctill remain.

Individuals cannot be censured for considering their own in preference to public interests, but wherever a generous disposition is shown to preserve any desirable portion of natural scenery, this should meet with hearty appreciation from the public. The city needs a park worthy of the name, and it is doubtful whether a better location can now be selected than the one proposed between Cedar Bend and the river. A portion of this park, or some other suitable place, should be set aside and enclosed as a natural arboretum or botanical garden for preservation of specimens of all kinds of vegetation native to the region. The number of wild flowers that have wholly disappeared from the vicinity of Ann Arbor since the settlement of the country is already large and the general character. between Cedar Bend and the river. A already large, and the general character of the vegetation so changed that little idea can be obtained of its original condition. The University might well cooperate in an effort to set aside a porion of the ground to forever represent

the aboriginal condition of things.

A word regarding the proposed drive eastward from the observatory. To my mind there is no finer scenery around the city than that through which this drive would pass. While a student I often thought what a beautiful situation the region north-east of the cemetery would be for a public park. It could hardly be obtained for that purpose now. For more than a mile and a half from State-st past the observatory to the top of the bluff east of the Huddy place, the proposed road would traverse scenery hardly equaled anywhere. As a companion drive to Cedar Bend, nothing could be better. It would give a more limited view of the city but a much finer view of the hills along the Huron. A five mile drive along the hills above and below the city on both sides of the river could not fail to be popular.

LITERARY NOTES.

Harper's Young People for August 19th contains the opening chapters of a new serial for girls by Margaret E. Sangster, entitled Mother's Way: A Story for the Little House-keepers. The widely extended class of girls that the postmistress has gathered around her, under the name of the Little House-keepers, will welcome with de-light this serial story which she has written for them in the first place, and then for all English-speaking little maids everywhere. Though it has the form of a story and a group of girl actors who will endear themselves to every reader, the postmistress's serial has, as its name implies, a practical object, and if every little house-keeper has her heart in her work, and ponders over and puts into actual practice the teaching and suggestions of the ideal mother, she will have laid up for herself a price-

less treasure of housewifely lore.
Giovanni Verga's story of The House by The Medlar Tree, translated by Mary A. Craig, has just been published by Har-per & Brothers. William Dean Howells, in his introduction to the story, speaks of it in the highest terms of praise, declaring it to be one of the most perfect pieces of literature with which he is acquainted.

Worthington Company call the attention of all who desire to own a more fully illustrated edition of this remarkable book to their new issue of Flirt, a story of Parisian life, by Paul Hervieu, illustrated by Mme. Madeline Lemaire. 1 vol., 4to, cloth extra, \$6.00; in port-folio, \$5.00. This book forms a delightful quarto, and is carefully printed by J. J. Little & Co., on specially prepared ivory-coated paper. It contains, besides the English translation of Mr. Hugh Craig, the magnificent thirty-seven photogravure plates after the original water-colors of Madeline Lemaire: nineteen head and tail-pieces in colors, and eighteen full-page compositions in black and white. The latter are sur-rounded by a framework of flowers. These inimitable designs by one of the world's greatest artists, together with the exquisite portraits of the heroines, help to make up a book which is simply unique and surpasses anything done hitherto in book illustration. For sale by Moore & Taber.

"Profs. Charles Mills Gayley and Fred Newton Scott have jointly prepared a classified Guide to the Literature of Esthetics, which is printed in Bulletin No. 11 of the Library of the University of California at Berkeley, and which, though a full pamphlet of 116 pages, is to be had of the librarian for the postage—five cents. It is the forerunner of a series of hibliographics which will of a series of bibliographies which will deal with special aspects of the main subject so that the present issue is de-signedly general and without pretence of being exhaustive. The bibliography of Literary Criticism for instance, will shortly be sent to press. The compiler and the library are much to be mended for their service to students.' The foregoing complimentary notice of two young men very well known to all residents of Ann Arbor, appeared in a recent issue of the Nation.

MICHIGAN STATE NEWS.

A FATAL MISTAKE.

A Grand Rapids Porter Falls Four Stories

Down an Elevator Shaft. Hendrik Zuidema, a porter at Rindge, Bertsch & Co.'s shoe factory in Grand Rapids, met a horrible death the other day. He went to the fourth floor on the elevator and in another room for goods. When he returned, supposing the elevator to be as he had left it, he stepped backward through the open door. elevator had been lowered to the basement and he fell the entire four stories, striking across the top of the car on his back. He only lived a few hours. He had been employed by the firm sixteen years and leaves a wife and four children. There were no guards around the shaft, and the coroner's jury censure

Health in Michigan.

Reports to the State Board of Health by seventy observers in different parts of the State for the week ended August indicated that puerperal erysipelas, inflammation of brain, cholera morbus, cholera infantum, scarlet fever, pueumonia increased and measles, whooping cough, typho-malarial fever, inflammation of kidney and pleuralis typhoid fever decreased in area of prevalence. Diphtheria was reported at twenty-seven places, scarlet fever at twenty-one, typhoid fever at twentytwo and measles at thirteen places.

A Michigan Town's Misfortune

Fire broke out in Wilcox & Smith's brick store in Waldron the other evening and spread in all directions, by the explosion of a lot of dynamite or powder stored there. Seven business houses, including the post-office, were destroyed. The total loss will amount to over \$30,000. Insurance unknown. The fire was undoubtedly of incendiary origin, but there was no clew to the fire-

Her Seventh Attempt.

Mrs. Emma Wooley, a North Lansing young woman, recently attempted suicide by swallowing a large dose of strychnine. For years she has been the victim of an uncontrollable appetite for liquor. Her periodical outbreaks of dissipation were followed by despondency, usually ending up with an attempt at self-destruction. This effort was her seventh attempt at suicide.

Two Brothers Drowned Together. Deane and Field Dickerson, aged respectively 11 and 8 years, sons of Freeman B. Dickerson, the well-known book publisher of Detroit, were drowned recently while in swimming at Star Island, St. Clair flats. The older lost his life while attempting to rescue his brother, who had got beyond his depth. Both bodies were recovered.

Congressman James O'Donnell, who represents the Third Congressional district, has fallen heir to a fortune of about \$2,000,000 in Spain, and \$700,-000 has been placed at his disposal to go to Spain and take the necessary legal steps to secure control of his heritage. Mr. O'Donnell did not know who left him the money.

Has Any One Seen O'Brien?

T. H. O'Brien, Michigan agent of the National Building and Loan Association of Minneapolis, departed recently from Grand Rapids for parts unknown, leaving several hundred dollars indebtedness. He came there about a year ago, fitted up luxurious offices and lived like a prince.

BURLINGTON ROUTE

Cheap Lands in the West.

Along the lines of the BURLINGTON ROUTE in Nebraska, Colorado, Wyoming and northwest ern Kansas, particularly on its new extension in that territory, there is still some Government Land awaiting settlement, as well as other cheap lands held by individuals. These lands are among the best to be had anywherein the country for agricultural and grazing purposes. In the comparatively new districts are many improved farms which can be purchased at a very low rate of that class of resdess pioneer-settlers who are ready at all times to move "further west." In the territory embraced by the BURLINGTON'S lines west of the Missouri River, there are in the vicinity of two hundred new towns which offer to manufacturers and business men an excellent opportunity to locate with profit. Send to the undersigned for descriptive pamphlets and other matter giving location and full particulars concerning these lands.

A MAP OF THE UNITED STATES.

A large, handsome Map of the United States, showing north and south Dakota, mounted and suitable for office or home use and issued by the BURLINGTON ROUTE, will be furnished responsible parties free on application to the undersigned.

The Grand Army Holds Its Annual Encampment at Boston.

Colonel Venzey, of Vermont, Elected Commander-in-Chief - Address of General Alger-The Next Meeting to Be Held in Detroit.

THE PROCEEDINGS.

Boston, Aug. 14.-The election of officers was taken up in the encampment of the Grand Army of the Republic Wednesday. The principal positions went to the East in pursuance, as is claimed by some, of a plan to give the encampment to the West three successive years-Detroit in 1891, Topeka in 1892, and Chicago in 1893.

Three names were presented to the convention for Commander-in-Chief, those of Colonel Veazey, of Vermont; Governor Hovey, of Indiana, and Colonel W. R. Smedberg, of California. The two latter withdrew, and Colonel Veazey was elected unanimously. Richard F. Tobin, of Boston, was elected Senior Vice-Commander and George B. Creamer, of Baltimore, was chosen Junior Vice-Commander. Detroit was chosen over Washington as the next location for the National encampment. [Colonel Wheelock G. Venzey, one of the Inter-State Commerce Commissioners, is a native of New Hampshire and has just passed his 50th year. He was graduated from Dart-mouth College with honors and is one of the mouth College with honors and is one of the present board of trustees. He was also graduated from the Albany Law School, and, taking up his residence at Rutland, Vt., was admitted to the bar of Vermont in 1880. Upon the breaking out of the war he enlisted as a private and in 1882 became Colonel of the Sixteenth Verment Regiment. He served with great distinction throughout the war and won credit for his gallant fighting on many fields. Upon the muster out of his regiment Judge Veazey returned to the practice of his profession, being associated in business for awhile with Mr. Proctor, now Secretary of War. He was for Proctor, now Secretary of War. He was for ten years Judge of the Supreme Court of Ver-mont and resigned that position when appoint-ed an Inter-State Commerce Commissioner. He has been a member of the Grand Army for

At the morning session of the encampment Commander-in-Chief Alger delivered his annual address. Referring to the condition of the organization he said that with few exceptions it was excellent. The total membership June 80, 1889, was 410,686; on June 30, 1890, it was 458,230-an increase during the year of 47,544. The Sons of Veterans' organization numbers over 125,000 members. With regard to pension legislation, General Alger said "no country on earth has been nearly so generons to its soldiers as ours." There are in the hands of the trustees of the Logan monument fund, outside of appropriation by Congress for the site and pedestal, the sum of \$12.841.67. Iowa circle, in the city of Washington, has been selowa circle, in the lected as the permanent site for this monument. Under the general orders issued from Grand Army headquarters to posts all over the country, asking for contributions of from ten to twenty-five cents per member for the Sheridan monument fund, there has been received \$447.94.

Touching the General Grant monument he said:

"An ordinary plain vault on the banks of the Hudson marks the resting place of our great chieftain. This is not creditable either to us or to this Nation. There should be erected at the Capital of this Government, dedicated to the memory of this great man, a memorial building such as will be a credit to the whole people. Not a shaft; not a statue: but a monumental struc-ture such as has not been builded in this or any other country. I recommend that a commit-tee of five be appointed by this encampment whose duties shall be in accordance with the foregoing and empowered to solicit aid from the capacial Government and from individuals." general Government and from individuals.

The report of the Adjutant-General shows that on June 30, 1890, there were in the several departments 7,178 posts, with a membership of 597,385. The gains since June 30, 1889, were 520 posts and 20,217 members. The number of deaths during the year was 5,476. The amount expended for relief for the year ending March 31, 1890, was \$221,350; number of comrades relieved, 19,470; others relieved, 8,949. In this sum no mention is made of the large amount of private aid expended by thousands of members individually or collectively and of which no record can be kept. For the quarter ending June 30, 1890, \$51,599 was expended. The total amount expended by the Grand Army from July 1, 1871, to July 1, 1890, amounts to the enormous sum of \$1,987 .-

Boston, Aug. 15.—In the G. A. R. encampment on Thursday the report of the committee on pensions, detailing its work in securing and aiding pension legislation in Congress and its successful efforts in regard to the disability pension bill, which became a law July 27, was received and adopted. Various changes in the rules and regulations were recommended by the committee appointed for that purpose. A minority report, providing for the substitution of the old ritual for the present one, was adopted by a large majority.

At the afternoon session resolutions were adopted favoring the removal of General Grant's remains from Riverside to Arlington, provided it was in accordance with Mrs. Grant's wishes; thanking Congress for passing and the President for approving pension laws; favoring the making of Ford's theater in Washington a National museum for war mementoes, and favoring the exemption of veterans from examination in civil service.

The majority report of the committee on pensions was rejected, and a minority report, presented through Governor Hovey, of Indiana, was substituted. It affirms and indorses the resolutions passed at the National encampment at Columbus and Milwaukee and the petitions of posts asked for the passing of a service pension bill. The vote on substitution was 174 to 160. B. F. Stevens, of Cynthiana, Ky., was elected Surgeon-in-Chief and Myron W. Reed, of Denver, Chaplain-

General Veazey named as his Adjutant-General Comrade Joseph H. Goulding, of Rutland, Vt., and John Taylor, of Philadelphia, Quartermaster-General. After the installation of the officers the encampment closed.

At the morning session of the Woman's Relief Corps the committee ap-

pointed to visit the encampment reported a cordial reception and brought greetings from the boys in blue. The chairman, Mrs. M. E. Knowles, read the following report: Number of members, 102,522; amount of relief fund,

\$94,335; amount expended in relief since the organization in 1883, \$248,929; turned over to posts, \$126,168; grand total, \$375,098.

CONGRESSIONAL.

A Summary of a Week's Work in the Senate and House.

Washington, Aug. 15.—In the Senate on Thursday the joint resolution appropriating for the relief of destitution in Oklahoma the unexpended balance of the appropriation made last April for the relief of the district overflowed by the Mississippi river was passed. Senator Vest's (Mo.) amendment to the tariff bill, reducing the duty on tinplate from 2 2-10 to 1 cent a pound, was rejected-yeas, 26; nays, 30. Senators Davis (Minn.) and Plumb (Kan.), Republicans, voted with the Democrats. Senator Plumb offered an amendment making the duty on tin plate 1 centa pound, and providing for a bounty of 1 cent a pound. No action was taken.

WASHINGTON, Aug. 16 .- The Senate on Friday laid aside the tariff bill for the present and began consideration of the river and harbor appropriation bill. Several amendments were made, but no definite action was taken.

WASHINGTON. Aug. 18. - The river and harbor bill was passed on Saturday. The conference report on the House bill to establish a National military park at the battlefield of Chickamauga was agreed to.

WASHINGTON, Aug. 19.-After disposing of routine business in the Senate Monday the general deficiency bill was taken up for discussion and passed. The tariff bill was further considered. Senator Edmunds (Vt.) offered an amend-ment to the tariff bill, which was referred to the Senate finance committee, proposing reciprocity with sugar-growing countries. He also gave notice of another amendment which he intended to propose to the bill looking to retaliation against foreign countries for discriminating against products of the United States.

HOUSE. WASHINGTON, Aug. 15.-A favorable report was made to the House on the Senate resolution regarding the transferral of General Grant's remains to the Arlington National Cemetery. The bill for the relief of Nat McKay was taken up, but no quorum being present the House adjourned.

WASHINGTON, Aug. 16.-In the House

Friday the conference report on the Indian appropriation bill was agreed to. The resolution for the relief of destitute settlers in Oklahoma was also agreed to. resolution was introduced by Mr. Cooper (Ind.) providing for the appointment of a committee to investigate and report at the next session of Congress whether reductions may be made (and to what extent) in the number and salaries of officers and employes the Government, and also to what extent reductions may be made in the various departments. A vote was then taken on the passage of the McKay bill, which showed no quorum present. At the evening session 168 private pension

bills were passed. WASHINGTON, Aug. 18.-In the House Saturday the conference report on the bill to establish a National park at the battlefield of Chickamauga was agreed to. The Nat McKay relief bill was taken up and passed, as was also the bill denying the use of the mails to lottery companies.

WASHINGTON, Aug. 19.-In the House Monday the Mississippi contested election case of Chalmers against Morgan was reported in favor of Mr. Morgan (Dem.), the sitting member. The report was adopted. Bills were passed authorizing the construction of a foot and carriage or railroad bridge across the Mississippi river at St. Paul, Minn. authorizing the construction of a tunnel under the Detroit river at Detroit,

Republican State Convention.

HEADQUARTERS REPUBLICAN STATE CENTRAL COMMITTEE.

HEADQUARTERS (REPUBLICAN STATE CENTRAL COMMITTEE.

A State Convention of the Republicans of Michigan will be held at the Detroit rink, Detroit, beginning at 2 o'clock P. M., Wednesday, August 27, and continuing Thursday, August 28, 1890, for the purpose of nominating candidates for state offices and for Justice of the Supreme Court, to fill vacancy; also for the purpose of selecting a chairman of the State Central Committee and two members thereof from each congressional district, and the transaction] of such other business as may properly come before it.

In accordance with a resolution adopted at Grand Rapids, May 10, 1875, every county will be entitled to one delegate for each 500 of the total vote cast for Governor at the last State election (November, 1888), and one additional delegate for every fraction amounting to 300, but each organized county will be entitled to at least one delegate.

Ized county will be entitled to at least one determined. Under a resolution of 1838, no delegate will be entitled to a seat in the convention who does not reside in the county he proposes to represent.

The delegates from each congressional district are requested to meet in caucus at 12 o'clock noon, Wednesday, August 27, and select candidates as follows, to be presented to the State Convention for confirmation: Two members of the State Central Committee, one Vice-President, one Assistant Secretary and one member for each of the Committees on "Credentials," "Resolutions," "Permanent Organization and Order of Business."

GEORGE A. HOPKINS, Chairman, H. C TILLMAN, Secretary.

Republican Congressional Convention.

The Republican Congressional Convention of the 2nd district will be held at Adrian, September 2nd, at 2 r. m. By order of the Committee. F. K., Owers, Chairman.

THE next G. A. R. encampment will be held in Detroit. All Michigan will approve of the choice.

THE ward caucuses last Tuesday evening were very harmonious. Without exception so far as we can learn Allen delegates were elected, thanks to the forbearance of those who so earnestly desired to see things take a different turn. Because of the patriotism of his opponents the party in this district has probably been saved a serious disruption unless Mr. Allen's enemies turn against him at the polls. The danger of this should be carefully considered by Mr. Allen and by the party before his name is allowed to go before the convention.

THERE is at present considerable stir in democratic circles as to who will be nominated for Congress for this district, on the democratic ticket. Mr. L. J. Liesemer of the Washtenaw Post is considerably talked of. Of course the next congressman from this district will be a republican, but if the fates should decree that a democrat should succeed, THE REGISTER knows of no one in that party whom it would rather see elected to Congress than Mr. Liesemer. His ability to fill the position cannot be questioned. Certain democrats who favored the election of Judge Kinne for Circuit Judge may feel a little edgwise toward Mr. Liesemer for having so emphatically and persistently boomed Langdon, of Monroe, instead of the successful republican.

A RECENT article in THE REGISTER on the proposed park and boulevard has stirred up considerable talk either favorable or unfavorable. In the main, however, the citizens have taken rather kindly to the suggestions which have been made. A letter from a former resident, which is published in this issue, adds much of weight to what THE REGISTER has already said. There are, in fact, no two ways about it. Ann Arbor must have the park. Such small obstacles as are in the way may, and should, be overcome. Individual interests, of course, will always clash, when any such proposition is made, but these should be lost sight of while the common good is involved. Nevertheless, it is no more than right that the first steps should be taken by those who would be most directly benefited, and for that reason THE REGISTER would suggest that a subscription paper be immediately passed among the residents of the fifth ward and among men of means in other parts of the city. When this has been done, the common council will be entirely justified in appropriating enough public money to mike up the balance necessary. The park is more than a possibility. Who will undertake to carry the project through to a successful completion?

THE Lansing Journal and other papers of that ilk are deriving a good deal of satisfaction from an alleged "confession" recently made by The REGISTER. This paper said that "even members of such organizations as the Farmers' Alliance, whose principles, at least in Minnesota, are in a large degree identical with those of Cleveland and Mills, repel with indignation the charge that they are democrats." With characteristic demagoguery the Journal wrenches the meaning of this expression and says that THE REGISTER "regretfully notes" the fact therein stated. It is true that the farmers' alliance of Minnesota are in favor of a greatly reduced tariff and also of the free coinage of silver. In this respect we believe they are wrong. They are not, however, in favor of the pastoral duties two weeks from ne illegal disfranchisement of negrees nor Saboath. They are not, however, in favor of the

do they favor the democratic stand on the saloon question. Their position on these points will always prevent them from casting a vote for democratic candidates. Be this as it may, it is a fact that the alliance in Minnesota when it has ventured into the field of politics has never polled a large vote. The farmers of that state have been studying the tariff question so carefully, that a

large majority of them are avowed advocates of protection. The campaign of 1888 was carried on almost entirely with reference to the tariff question, and the republicans, it will be remembered, polled about 40,000 more votes than their opponents. THE REGISTER has no fears but that they will do likewise in 1890 and 1892.

Ann Arbor, June 7th, 1890.

DEAR SIR:-I-enclose the testimonial for which you asked. It gives me pleasure to send it to you, as I like my piano so much. When you can make it convenient, come out and see how it has stood the wear and tear of nine years. LILLIE BAESSLER. Yours Truly,

* * * With regard to the Guild purchased of you nine years ago. * * * Its tone is as mellow and sweet as ever, and in standing in tune I have never seen its equal. Any one contemplating the purchase of a piano, will find it to their in-Respectfully, terest to examine the Guild.

LILLIE BAESSLER. The Guild has stood "wear and tear" better, and held its own better than any

piano I have ever sold. Over 25,000 have been manufactured, and sold very largely in Boston and vicinity. The great music publishing house of Ditson & Co has sold over 800 of them in the City of Boston. The simple (patent) tuning device is the greatest improvement of the day, and will save expense to the owner besides the satisfaction of having a piano constantly in tune. The swinging music desk running the entire length of the piano is perfection

They please, they sell. Why? See them, and you will learn. Manufactured in Boston for nearly thirty years.

WAR AT ALBANY.

Serious Riots Result from the New York Central Str.ke.

Collisions Between Pinkerton Men and Sympathizers of the Strikers—The People Fired Upon-Several Persons Are Badly Wounded.

USED THEIR GUNS. ALBANY, N. Y., Aug. 18.-The strike situation here is assuming a serious In addition to a complete blockade of the New York Central yards and the inability of the company to send out trains sufficient to clear them, there have been a couple of collisions between the Pinkerton men employed to guard railway property, and the sympathizers of the strikers. Numerous little affrays have grown out of the stoning of trains, and many arrests been made on both sides. Saturday evening a small boy threw a stone which, it is claimed, struck a Pinkerton man. The latter fired into the large crowd ranged along the track, hitting a bystander in the leg. The mob, angered at such reckless action, attacked the train with a perfect volley of stones, and several shots were fired into its midst, fortunately doing no further damage. A number of arrests were made.

Similar troubles occurred during Sunday, and as a result fifteen Pinkerton men are under the care of surgeons, and five citizens are so badly wounded that there are fears for their recovery. Nearly all of the Pinkerton men were withdrawn from duty at crossings within the city limits, as their presence served to excite the throng of onlookers. The police took their places, and it was owing to the change that greater trouble

did not result.

BUFFALO, N. Y., Aug. 18.—The strike on the New York Central road is further complicated. A 3 o'clock a. m. Saturday the switchmen in the Central yards struck work and those on the West Shore system in this city followed suit. There are upward of 200 men in the movement and a freight blockade at East Buffalo is imminent. The closing of the West Shore road for freight is the most serious aspect thus far, as it completely cripples the Central's facilities for forwarding freight.

A crew of men was ordered from the Erie street depot Friday night to take the place of strikers in the train house. They came, but did not like job, and sent a delegation to Superintendent Burrows asking him to send them back to the Erie street depot, as they, being union men, objected to being detailed to take the places of brother unionists out on a strike. Mr. Burrows was determined that they

should act as he desired and they struck. The strike of the West Shore men is greeted with joy by the old strikers, who see in it renewed hope for the success of their movement.

The action of the switchmen gives a new phase to the Central strike. It has now spread beyond the Knights of Labor. The men who went out are members of the Switchmen's Mutual Aid Association-a National organization extending all over the country.

New York, Aug. 19.—The executive board, K. of L., has written to Vice-President Webb, of the New York Central road, regarding the strike. It says that the grievance of the men is confined to the fact that members of the order in the employ of the road have been summarily discharged because they were Knights of Labor, no charge having been brought against them, as they had been faithful in all things to the interests of the company. It asks Mr. Webb to make an answer to these charges of abrupt dismissal, and says that if it can be shown that the men were deserving of discharge, it will not ask for their reinstatement. It proposes a settlement by arbitration, but says that if it is true that it is the policy of the company that no Knights of Labor shall be employed then a statement to that effect would clear up all doubts, and there can be no future misunderstanding. There will be nothing then to arbitrate so long as the road holds to that course.

Mr. Powderly goes on at considerable length to set forth the aims and objects of the Knights of Labor, and asserts that the right of the men to organize is fully as dear to them as their pecuniary interests can possibly be. The letter concludes with the expression of a hope that Mr. Webb has been misquoted in the newspapers, and that a termination of the strike is possible by arbitration.

Mr. Webb, in reply, denies that the men were discharged because of their membership in the Knights of Labor. The letter concludes:

"The management of this company do not deem it consistent with its continuance and prosperity in business and with the discharge of the duties it owes the people to submit the propriety of its action in the discharge of any of its employes to arbitration."

There is no apparent change in the strike situation at Albany. No further trouble with the Pinkerton men has occurred. The force of guards at West Albany was increased to 600 on Monday, and an additional number of rifles was distributed. The engineers and firemen of the Hudson and Mohawk divisions of the Central road have unanimously resolved to stand by the Knights of Labor in their struggle for the maintenance of their organization.

Three Lives Lost.

PITTSBURGH, Pa., Aug. 16.—Unknown persons placed an obstruction on the Baltimore & Ohio railroad tracks twenty miles from this city on Thursday night An excursion train struck it and the engineer and fireman and a tramp were instantly killed.

The Widow of the Great Soldier Willing That His Remains Shall Be Transferred to Arlington Cemetery, Provided She May Be Laid by His Side When She Dies.

WASHINGTON, Aug. 18.—Congressman Quinn (N. Y.) has received a letter from U. S. Grant, Jr., dated August 15, in which the writer says:

which the writer says:

"If the people, by act of Congress, choose to remove General Grant's remains to or near Washington, Mrs. Grant will refuse her consent only in case no provision be made for her to finally rest by his side. This she wishes to emphasize. She will be glad to see a mounment begun at last which will mark the last resting-place of her husband."

HAMILTON, ROSE & SHEEHAN'S ADDITION To the City of Ann Arbor.

We believe Ann Arbor is the Best City in Michigan IN WHICH TO LIVE.

The Educational Advantages here are unsurpassed! The Streets are broad and well kept! Ann Arbor has a low rate of taxation! It has the best system of Water Works in the West.

Our Addition is just five Blocks from the University of Michigan; it has a front of One Hundred Rods on State Street, the best residence street in the city. Its location is unsurpassed for health and convenience. The levels taken by our Engineer, Geo. W. Sanborn, show the lowest point to be higher than Main Street in front of the Savings Bank. The slope of the ground is such that the drainage is perfect, having a fall of rom six to ten feet. We have laid drain pipe through our land.

We have filed our Plat and have given

at 4.22 p. m. central time, to run remainder of year. No extra charge for quick time and superior service. New York passengers landed up-town or down-town convenient to leading hotels, wholesale and retail business houses, steamship piers and stations of connecting lines. Call on nearest ticket agent of any line in Michigan.

We have paid Fifty Dollars for a handsome and attractive plan for a Park.

Work has commenced on the streets and Park. Seven new houses are already contracted for to be built upon our Addition this year. New sidewalks have been laid, 1,100 shade trees have been planted upon the streets and Park. Two professors in the University have already purchased Lots in this addition, and will soon build good houses on thei lots. Hutzel & Co. have donated a handsome Fountain for the Park.

All the Lots have an Alley 16 feet Wide,

in the rear. We have made the price of the lots very low. If you buy a Lot we believe you will double your money in three years time

The Investment is Safe

as a Savings Bank, and the gain much more rapid. Ten new houses on South State Street will be built this year.

We will sell Lots for Cash.

We will sell lots on time Payments.

We will sell Lots to parties who wish to build houses at once, and will help them to furnish money to build.

Buy a Lot, Money Made!

Payments may be made by the week, by the month, or by the year as suits purchaser.

Call at Sheehan's Store, or at Hamilton Block to see the Plat. We have the Park Plans. We desire those intending to purchase lots to examine them. Call and see them.

The new buildings on State Street this year will amount to Sixty Thousand Dollars. Investigate what we have, then judge for yourselves. This is better than a Loan and Investment Association. Your money is kept at home. Persons intending to purchase Lots should look over our Addition and Investigate for themselves.

Hamilton, Rose & Sheehan.

With His Thumb,

A boy is said to have saved the Netherlands from inundation. Multitudes have been saved from the invasion of disease by a bottle of Ayer's Sarsaparilla. This medicine imparts tone to the system and strengthens

every organ and fibre of the body.

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I experienced its beneficial effects before I had quite finished one

bottle, and I can freely testify that it is the best blood medicine I know of."—L. W. Ward, sr., Woodland, Texas.
"Confined to an office, as I am, from one year's end to another, with little or no outdoor exercise, I find great help in Ayer's Sarsaparilla, which I have used for several years and am at present using with eyed. years, and am at present using, with excellent results. It enables me to keep always at my post, enjoying the best of health."—H. C. Barnes, Malden, Mass.

HOW THE STATES BANK.

WASHINGTON, Aug. 18.—The Census Office on Saturday finished the count of all the schedules in hand, comprising the returns from all but 12,000 of the 43,000 and odd districts into which the country was divided. The total population counted is 62,696,955, but it is estimated that the districts yet to come in will increase the total to 64,470,000. The latter figure may be taken as the population of the United States July 1, subject to variation of a few thousand when the final and revised count is made. This will not be known for three or four weeks, probably, as some of the districts will be late in coming in, and in a number of cities recounts are progress. Approximately the populations of the States of the Union, arranged according to their relative rank, as shown in some cases by actual count, in others by postal card returns, and in others by careful estimate based on the count just completed, as classed by a member of Superintendent

The Great Benefit

Which people in run down state of health derive from Hood's Sarsaparilla, conclusively proves that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength, but Hood's Sarsaparailla builds up in a perfectly natural way all the weak parts, purifies the blood, and assists to healthy action those important organs, the kidneys and liver.

If delays are dangerous the legal profession contains the pluckiest men in the world.

The figure 9 in our dates will make a long stay. No man or woman now living will ever date a locument without using the figure 9. It stands in the third place in 1890, where it will remain ter years and then move up to second place in 1900 where it will rest for one bundred years.

There is another "9" which has also come to stay It is unlike the figure 9 in our dates in the respec that it has already moved up to first place, wher it will permanently remain. It is called the "No 9" High Arm Wheeler & Wilson Sewing Machine

The "No. 9" was endorsed for first place by the experts of Europe at the Paris Exposition of 1885 where, after a severe-contest with the leading machines of the world, it was awarded the only Grand Prize given to family sewing machines, al others on exhibit having received lower awards of gold medals, etc. The French Government also recognized its superiority by the decoration of Mr. Nathaniel Wheeler, President of the company with the Cross of the Legion of Honor.

The "No. 9" is not an old machine improved

upon, but is an entirely new machine, and the Grand Prize at Paris was awarded it as the grand est advance in sewing machine mechanism age. Those who buy it can rest assured, there fore, of having the very latest and best.

The New York Tribune, in a sketch of the Chautauqua lecturers, recently published, speaks of Prof. D'Ooge as follows: "Although still a young man, Professor D'Ooge enjoys an enviable eminence among classical scholars. His spare but active form, quick, dark eyes and energetic manners denote his Gallic ancestry. He is ready and pre-Gallic ancestry. He is ready and pre-cise in his speech and accomplishes a vast amount of work unostentationsly Like most Grecians, he is a master of several other languages and sciences, and can harangue an audience in Flemish, Dutch or German as easily as he can analyze a page in Xenophon."

Work on the street railway is progressing rapidly. All the Main-st line has been laid and the laborers are now working on Detroit and Catherine sts. A switch is being placed on the corner of Main and Catherine-sts. Two other switches will soon be put in, one on the corner of Main and Williams and the other on the eastern end of Williams-st. The cost of the corner switches is from \$1,500 to \$1,700 apiece. The first car was shipped from Philadelphia yesterday and will arrive in the city soon. The street railway company are not worrying a great deal over the injunctions recently granted and will soon take steps to have them dissolved.
