## HE IS GUILTY.

### JOHN B. ATCHINSON CONVICTED OF HORSE STEALING.

**A Hotly Contested Trial Which Lasts Two Days—Facts of the Defense—A Technical Error.**

On the 25th of June last, Walter J. Scott, of Salem, lost a valuable horse by theft. Suspicion at once rested upon John B. Atchinson, of Ypsilanti, who, after a long pursuit, was captured by the officers near Alma. Sufficient bail was not procured and the prisoner has remained in jail from the first of July till the present time. On Monday afternoon his trial commenced and it continued until 9 o'clock last night, when the jury brought in a verdict of guilty. Messrs. J. F. Lawrence and J. W. Bennett conducted an able defense and tried to prove that the horse which was found in Atchinson's possession was not stolen by him, but that it was secured by a trade. They were not able to establish this point, however, and the prisoner was convicted. It is now claimed that the verdict is not legal, owing to the fact that the indictment contained three counts, whereas the jury brought in a general verdict.

### DEATH OF EUGENE ABEL.

**He Passed Away on Sunday Last, after an Illness Lasting Two Years—Something about His Life.**

The death of Eugene B. Abel, which occurred at eleven o'clock on Sunday morning last, was not unexpected. For two years he had been a victim of consumption and the greater part of that time he spent in search of the health which was never vouchsafed to him. He was still a comparatively young man, his years numbering thirty-seven. He was born December 9, 1853, in Glenn, Montgomery county, New York. About twenty years ago he completed a course of study at the Ann Arbor high school, but did not enter the University. He remained in New York state till 1877, when he removed to this city and took the place of his deceased brother, P. H. Abel, in the firm of Bach & Abel. In this business he was engaged until disease compelled him to give up active life. A mother, two sisters and two brothers mourn his death, all of whom live at Auresville, N. Y.

Mr. Abel was a consistent Christian and a member of the Presbyterian church. He also belonged to three of the local Masonic chapters, viz., the Fraternity Lodge F. & A. M., Washburn Chapter Royal Arch Masons, and the Ann Arbor Commandery of Knights Templar. These societies, as well as many personal friends, have shown their esteem by sending to the bereaved relatives beautiful floral tributes. The funeral took place at Auresville yesterday.

### THE VESTED CHOIR.

**Names of Those Who Sang Last Sunday—The New Arrangement Gives Much Satisfaction.**

The new vested choir of St. Andrews' church sang for the first time last Sunday. The large congregations, which assembled both morning and evening, were well pleased with the music they rendered, the credit for which is largely due to the tireless efforts of the Rev. Mr. Waters, who has drilled the choir, and to the efficiency of the organist, Mr. Lovejoy. The members of the choir who sang last Sunday were as follows: Sopranos—Lee Dennen, Clinton Miller, Harry Brown, Donald de Pont, Gerald Brown, Christian Rentschler, Clarence Vaughn, Walter Vaughn, Sidney Martin, Herbert Carrow, Eugene DeBols, Roger Morris, Freddie Leonard, Arthur Fleming, Thomas Kinn, Robert Sore, Frank MacMahon, Harry Banfield, Thomas Flynn, Richard Flynn, Fred Pastorius, Rudolph Pastorius, Walter Perry, Frank Eaton, Tenors—Messrs. Sanders, Laul, Deyo, Jarecki, Caswell, Basses—Prof. Carrow, Nancree, Messrs. Schlee, Thompson, Thomas, Warden and Taylor.

### CONGREGATIONAL FAIR.

**Held This Afternoon and Tomorrow—Good Prospects for Success—What the Ladies Have Done.**

For several days busy workmen have been transforming the rink into a beautiful hall—all in the interest of the Congregational Ladies' Aid Society, which proposes to hold a fair there to-day and tomorrow. Nine booths have been erected by the ladies, largely at their own expense. The art booth, in charge of Miss Alice Hunt, occupies a position in the center of the hall. On the east side are the Japanese, gypsy, paper and candy booths, and on the east side are the linen, doll, King's daughters and Babyland booths. The last mentioned booth is in the shape of a large cradle and reflects great credit upon the ingenuity of its inventor. A large phonograph will be on exhibition and trial at the east end of the building, and an organ will furnish music. Refreshments will be served, each evening, at six o'clock. The admission price set by the ladies is only ten cents. It is expected that the net proceeds will be devoted to the purchase of a new carpet for the church.

### Button-Ticknor.

On Saturday morning, November 29, the wedding of Miss Ina Ticknor, of this city, and Ok Button, of Chicago, took place at the residence of the bride's mother. The affair was a very quiet one, only the immediate friends of both parties being present. Rev. Mr. Rust performed the marriage ceremony. The bride's costume was Nile green silk. The newly married couple left on the 10:17 train for their future home, Ravenswood, Illinois. Mr. Button has charge of the laboratory of the Illinois Steel Co., and the bride is one of Ann Arbor's most estimable young ladies.

## W. C. T. U. COLUMN.

[EDITED BY ALLIE LUSE DICK, A. M.]

On Saturday, the first day of November, 1890, was laid the largest cornerstone ever put in place in the city of Chicago, that city of magnificent buildings. It was so heavy that no derrick in Chicago was strong enough to handle it and a derrick had to be imported for the purpose. It was the corner stone of the temperance temple which is to be built by the Christian temperance women of this nation. The cornerstone is of granite and measures seven feet nine inches on each face, and weighs ten tons. The temple is to be of French gothic style, thirteen stories high and will cost \$1,100,000. The rental of the building is estimated at \$250,000 per annum. The lot upon which it is to be built is worth \$1,000,000 and has been leased for two hundred years, without revaluation, at a rental of \$40,000 per annum. Of its purpose we quote from the address delivered at the laying of the cornerstone, by Mrs. Carse, president of the woman's temperance building association. "It will be used as an office building, with the exception of the rooms set apart as headquarters of the national, state and city organizations, and a hall on the first floor, to be called 'Willard Hall' in honor of our beloved leader and president, Miss Willard. The hall will seat about seven hundred. It will have a separate entrance on Monroe-st., and is to be memorial in its character, being lined with marble. Upon the walls will be inscribed the names of noble women and men, as well as societies, who have given \$100 or over to the building fund. It will have memorial windows, and pedestals will support busts of illustrious persons who have lived and died for the cause of temperance. Memorial tables will tell of the great and noble departed. From Willard Hall the income of prayer will ascend, every day in the year, for the suppression of the liquor traffic and the salvation of the drunkard."

"What is to be done in Ireland's great distress?" is a question constantly recurring at these times. Were the government to stop the distilleries and the breweries, the whole famine-threatened people in Ireland would have enough and to spare of the staff of life. When her distilleries were stopped in 1809 and 1813-14—years of famine—the change for the better was so great that if these liquor factories had stopped and never again gone on, the state of Ireland at this hour would have left no room for complaint.—Union Signal.

### FAST DRIVING.

**Letter from a Correspondent Who does not Approve of It—Is there an Ordinance Governing the Matter?**

EDITOR REGISTER:—Permit me, sir, to call attention through your paper to an abuse in which, so far as I can learn, Ann Arbor stands quite alone among the cities of our country. I refer to the driving of hack-horses under the whip through our streets. If I recollect rightly, there was formerly a city ordinance limiting to a moderate trot the rate of speed at which horses might be driven in our streets. I hereby give notice that if such ordinance is found to be still in existence there are those who will see to its execution. If not, will not the city council give early attention to the subject? In the meantime perhaps some statute or some common law principle can be found to do partial justice to those who abuse their horses and endanger the lives of foot-fores in the streets of our city. I believe, sir, that pedestrians have the right of way on our crossings. But I have been yelled at to get out of the way by men who were driving horses at all the speed of which they were capable and at the instance of others, have determined in their behalf and my own to inquire in this way what can be done for the relief of our hack-horses, and the safety of those who walk our streets. \*\*\*

### Banquet at Ypsilanti.

A number of local Masons and Knight Templars, including among others, Messrs. W. G. Doty, B. F. Watts, D. C. Fall, L. H. Clement, M. M. Steffey, C. V. Wagner, F. A. Blake, L. C. Goodrich, C. E. Mutschell, John Strickler, J. F. Hoelze, N. S. Garlinghouse and B. Marchetti, attended a masonic initiation and banquet at Ypsilanti Tuesday night. The Peninsular chapter of Detroit attended in a body and conferred the degree of R. A. M. upon three candidates. The banquet was held at the Occidental and was presided over by the Right Eminent Grand Commander Doty, of this city. There were some 200 Masons present.

### Election of Officers.

Branch No. 14 C. M. B. A. elected the following officers: Tuesday evening, Rev. W. J. Fier, spiritual adviser; D. J. Ross, president; Geo. Hangsterfer, first vice president; Geo. Fisher, second vice president; M. J. O'Brien, recording secretary; John Eisele, assistant recording secretary; John Burns, financial secretary; John O'Brien, treasurer; H. C. Muth, guard; Jas. O. Connell, marshal; C. P. Carey, Anton Brahm, Joseph Baumgartner, trustees for two years. The society has a membership of thirty-two, with good prospects of increased numbers.

## WILL WAIT A WHILE.

### THE SENATE DECIDES NOT TO ASK FOR A GYMNASIUM.

**Just Yet, on Account of Other More Pressing Needs.—University Publication.—Gossip Around the Campus.**

The University Senate met on Monday evening and discussed several matters of importance. The proposition of Mr. Brearley, of the Detroit Journal, relative to the gymnasium, was brought up. After considerable debate, the professors concluded that, in view of the many indispensable improvements for which they must ask appropriations from the legislature, it would be out of the question to ask for a gymnasium. They, however, took pains to convey to Mr. Brearley their earnest thanks for his efforts and to assure him that they would do all in their power to encourage private subscriptions. The senate also discussed the project of establishing a university quarterly publication, which should contain the noteworthy papers and essays prepared by professors and students, and decided to recommend it to the board of regents.

### CAMPUS NOTES.

The Regents meet on the 12th. No seats will be reserved for the Stanley lecture.

The Pennsylvania club banqueted on Thanksgiving day.

The Sophomore hop will take place a week from tomorrow night.

The Phi. Kappa Psi's will give a dancing party tomorrow night.

Efforts are being made to consolidate the various athletic associations.

The concert by the New York Philharmonic club will take place next Wednesday.

The newly organized Iowa club gave a social in the Ladies Library building last Saturday evening.

The number of names now on the steward's books is 2,343, distributed as follows: homeopathic, 77; dental, 133; medical, 391; law, 554; literary, 1,094; pharmacy, 94.

Governor-elect Winans inspected the university on Saturday last. He expressed himself as struck with the absence of extravagance in the buildings and grounds.

The Oracle judges have awarded prizes to the following persons: Miss Jessie V. Penny, best story, \$15; J. K. Friedman, best humorous sketch, \$10; E. L. Mason, class song, a U. of M. guitar; Miss Maude Caldwell, dramatic scene, Goethe's poems or D. C. Ken's complete works; H. C. Ryan, best cartoon, \$5; H. Baldwin, title page, life size portrait. The board will endeavor to get the Oracle out before Christmas.

Patrons of the Lecture Association are promised a treat in the Hild-Park concert, which is to take place on the 13th. Wilhelmj declared in 1885 that Carl Hild was the most promising and brilliant young violinist in Germany. His popularity has proved the truth of this assertion. Annie Park's execution, triple-tongued and exquisite expression and feeling are marvelous. The duet work of Miss Jocelyn and Mr. Gillette will prove an equally interesting feature.

The farmer judge of whom we have heard so much has not come to Ann Arbor and probably will not do so at all. At one of the recent lectures a seedy stranger entered the room and a waggish student started a rumor that the gentleman was Mr. McKay. The stranger was at once made the butt of a good deal of gauding, which evidently disconcerted him, for he never appeared again.

The latest of these is a power cleaning machine, designed to replace the farmer's flannel mill. It is the first to be placed in any mill in this part of Michigan, but we have put it in operation only after thoroughly satisfying ourselves that the machinery has proved a marked success in many parts of the country.

The entire working of the machine is open to the inspection of all farmers. It cleans wheat exactly as a flannel mill does the work only very much more rapidly, its capacity being 400 bushels per hour.

All screenings are run into the farmer's bags to be ground for feed or taken home by him, as he sees fit.

This machine is now ready, without charge, for its use by those who wish to avail themselves of it.

### ALLMENDINGER & SCHNEIDER.

At the Surgical Hotel of Columbus, O., which is under the directions of Dr. S. B. Hartman, there has been ordered direct from Berlin some of Dr. Koch's lymph for the treatment of Consumption, Cancer, Scrofulous Diseases, etc., etc. The treatment already in use at the Surgical Hotel for these diseases is so uncommonly successful that the lymph will only be used in the treatment of those patients who request it. The Surgical Hotel is one of the most successful institutions on this side of the Atlantic for the treatment of all difficult chronic diseases requiring either surgical or medical relief. Most surgical operations performed at this institution are accomplished without the use of the knife or pain. For terms and other particulars address, The Surgical Hotel, Columbus, Ohio.

## HOSTILITIES POSTPONED.

**The City Council Takes no Action on the Street Railway Question and Gives the Committee Further Time.**

Everybody supposed that the session of the council last Monday night would be a stormy one, owing to the impending debate on the various street railway ordinances now before them. But such was not the case. The storm blew over. Several petitions were presented, relative to the matter. Sixty-five citizens urged the council not to give the Ann Arbor and Ypsilanti street railway company the right to run their cars into the city. They gave the following reasons: 1. The city is not of sufficient size to support two distinct companies. 2. The running of a steam or gasoline engine would damage the streets. 3. The advent of steam-cars would make Ann Arbor undesirable as a place of residence. The petition was referred to the committee without action. The clerk then read two communications, one from eighty-four citizens of the fifth ward, asking that the Ann Arbor street railway company be allowed to extend their line on Broadway, and the other from thirty residents on Huron and State-sts., asking that they be allowed to extend their line on those streets. Both petitions were referred. Upon motion of Ald. Hall, the committee was given further time to report on all the pending ordinances.

### MINOR MATTERS.

A communication from the heirs of Luther James was read, claiming that the city had illegally raised the assessment of the estate from \$80,000 to \$112,500, and asking that the council take action toward effecting a settlement of the difficulty. Referred to city attorney and finance committee. The bills audited by the finance committee and sanctioned by the council, during the month, amounted to \$2,577.22. The proposition of the Ann Arbor Thompson-Houston electric light company, to furnish eighty lights during the coming year at \$81 apiece, was accepted, and the lighting committee was given power to locate the five additional lights which had been provided for. The liquor bond of Jerome Chase, Franklin house, with Herman Hardinghaus and Caspar Rinsey as sureties, was approved. The reports of city officers were received. The superintendent of the poor reported that he had expended, during the month of November, \$107.88, distributed as follows: First ward, \$8.50; second, \$4.50; third, \$18.51; fourth, \$39.62; fifth, \$32.75; sixth, \$4.00. The clerk reported disbursements amounting to \$2,634.74 during the past month. The marshal reported ten arrests: six for violating city ordinance, two for drunkenness, one for vagrancy, and one for breach of the peace. The treasurer reported an overdraft of \$8,940.89. The council ordered the payment of \$202.50 to Hunter & Trumbull for land conveyed to the city on West Huron-st., and \$575 for the land added to the fifth ward cemetery. An attempt was made to re-pass the resolution providing for two additional patrolmen, which was illegally passed at the last meeting, but a motion to adjourn prevailed before the council could come to a vote.

### A Sudden Death.

August Mock, the well-known shoemaker of W. Washington-st., died from a paralytic shock early in the afternoon of Tuesday last. The night before he worked at his shop until 9:30, and, although ill, managed to make his way home. He was fifty-seven years old at the time of his death. Born in Germany, he emigrated to this country in 1850, and at once came to Ann Arbor, where, with the exception of some few intervals, he has ever since resided. His funeral takes place this afternoon at his residence, and will be conducted by the Rev. M. M. Hein, of Zion's church. Mr. Mock leaves three children, one of whom, Victor, lives in Seattle, Washington, while the remaining two, Adolph and Libbie, reside at home.

## NEIGHBORHOOD NOTES.

Howell boasts of a female band. Over 775 students are enrolled at the normal.

St. Mary's church in Chelsea has a juvenile choir.

Dogs have been playing havoc with sheep near Emery.

The Lutheran ladies at Chelsea netted \$875 from their recent fair.

J. G. Gross will soon bid farewell to Saline and remove to the state capital.

Capt. Bogardus is no longer commander of the Ypsilanti Light Guards.

A twelve pound turbot grew near Chelsea. It is now the property of the Herald.

The Standard Oil company has just finished the construction of a warehouse at Ypsilanti.

Sixty-six volumes have been purchased for the Socio Center Sunday school library.

One hundred and twenty-nine teams were at one time counted on the streets of Chelsea last week.

Dr. C. B. Tweedle is the Salem medical examiner for the Equitable Life Assurance Co., of New York.

Multum in parvo: "Spencer-Charlotte-home-turkey!" Thus the Ypsilanti Sentinel tells a story.

H. E. Rhodes, a Sharon farmer, is overhauling a house which was built in 1856. It is still in good condition.

Complaints have been made for several weeks past, that certain parties are violating the law by shooting quail.

Two former Saline boys have received honors in Dakota. Laverna Parsons is register of deeds and W. L. Sanford clerk of Wells county.

G. A. Peterson, A. S. Lyon and Benj. Coley are the P. of I. delegates from Saline to the farmers convention, which is to be held on the 18th.

S. R. Crittenden, who lives near Saline, has a persimmon tree on his farm. The fruit is pungent and puckers the lips, when one tries to eat it.

A general meeting of all the farmers' clubs in the county will be held at Ann Arbor, on the 18th, for the purpose of effecting a permanent organization.

The Patrons of Industry may as well disband. The South Lyon debating club has decided that the "Patron of Industry" movement is more detrimental than beneficial to the country.

The Fowlerville fair association is evidently in financial straits. They have paid premiums at the rate of forty-five cents on the dollar and are advertising their buildings for sale at auction.

The Methodist society of South Lyon voted on the question, "Shall women be allowed their suffrage at the general church conference." Out of twenty-seven votes, but one was negative, and that, strange to say, was cast by a woman.

A handsome red rose in full bloom was picked by Mrs. T. H. Fuller in the dooryard at her farm a few days since. She kindly left it on exhibition at this office, where its beauty and fragrance have been greatly enjoyed.—Milan Leader.

At the election held by the M. E. congregation in Grass Lake and Leoni upon the question of the admission of women delegates to the general conference of that denomination, seventy-one votes were cast, all of which were in the affirmative.

The farmers of Superior met at the town house on Tuesday and discussed the question: "Resolved, That the McKinley bill will be for the best interests of the American people." The debate was spirited and undoubtedly profitable to all who heard it.

The misfortunes of the Morgan family in Stockbridge have not come singly. Last summer they lost their home by fire, last week their eighteen-year-old son died, and they are now in danger of losing their little daughter, who is in a critical condition.

The Milan Leader deplores the fact that the "common efforts of foremen congregations cannot fill one small church on Thanksgiving day, when by the custom of years everybody should know when and, by ample previous announcements, where such services is to be held."

John Schroder lives near Clinton and owns a fine flock of sheep, originally numbering 200. During a recent rain storm, he tried to drive them over the railroad track and failed to see the approaching train. As a result thirty-two of the choicest sheep were killed and a baker's dozen were wounded.

The number of marriage licenses issued the past few weeks has been unusually large. Is this due to the McKinley bill, too?—Saline Observer. Undoubtedly. How is this for logic: The McKinley bill furnishes protection; protection promotes prosperity; prosperity means increase of income; increase of income encourages marriage.

W. E. Stevens drove into Chelsea from North Lake and his horse in front of a shoe store. When he came back he found the horse missing, and at once raised the cry of "horse thief." In the midst of his agony, lo and behold a farmer appeared, driving a rig and asking who had lost a horse. Then Mr. Stevens went his way rejoicing. After this he will be a secure knave.

Dexter people are already talking of connection with Ann Arbor by means of a motor line, but the Leader man throws cold water on the project, although he does venture to deliver the following prophecy: "Candidly, we think it not improbable that in the principal villages in the county will be connected with the county capital by these roads, but it will be the work of a decade at least."

The name of Daniel Lindsey, Esq., is on the register of the Hotel Dwyer. Concerning the gentleman the Saline Observer has the following to say: "Dan carried the idea that he was entitled to the affections of a young lady near here, but Manda didn't think so, and his actions became wearisome to her. On Saturday last he again visited the farm, when he was told that his presence was not wanted, but he didn't become convinced of it till he got a black eye, and Officer Gillen laid the strong arm of law upon him. Miss Manda entered complaints before Justice Webb, who sent him up for ten days as above stated."

## MICHIGAN STATE NEWS.

**Great Surgical Operation.**

One of the most interesting surgical operations ever attempted was successfully performed at Detroit recently. A little girl had her scalp torn from her head by a revolving shaft, and the operation, which was performed by Dr. Charles H. Morley, was so successful that the girl is now making a new scalp. The two girls would have to remain in the same position close together until the skin attached itself to the head, when they would be out again. This would take from four to five days.

**Report to the State Board of Health.**

Reports to the State Board of Health by thirty-seven observers in different parts of the State for the week ended November 26 indicated that cerebrospinal meningitis, purpural fever, cholera infantum, inflammation of the brain and scarlet fever increased, and membranous croup, measles, cholera morbus, whooping cough, diphtheria and remittent fever decreased in area of prevalence. **The Number Increasing.**

The number of women who avail themselves of the co-education privileges offered by Michigan University is increasing constantly. In President Angell's annual report, it is found that 88.1 per cent. of the students in the literary department are women, and that they form 77.1 per cent. of the students in all departments. The largest percentage of women in any of the lines of study is in the course leading to the degree of Bachelor of Arts, and requiring two years' work in college Latin and Greek.

**Bad Building of a Joliffication.**

The Democratic joliffication at Caro had an ending. Bert Tompkins took part in the joliffication and undertook to fire a keg of powder, which exploded. Tompkins was blown a great distance by the force of the explosion and horribly mangled. He could not recover. The building in which the joliffication took place was shattered, as well as the adjoining ones.

**Results of a Quarrel.**

Ed Seabolt, a laborer of Charlotte, returned home after a six weeks' absence and found his wife keeping a questionable resort. This provoked a quarrel, and he shot at her three times. The last ball struck the woman in the left breast and lodged in her lungs. The wound was not considered fatal. Seabolt then sent a bullet through his brain.

**Two Boys Killed by a Train.**

Danny Crane and Bert Crane, two boys 14 years old, were crossing the Michigan Central tracks two miles east of Kalamazoo with a horse and buggy when the N. W. Shore limited struck the rig and the boys and the horse were instantly killed. Young Crane was a son of E. A. Crane, a prominent attorney at Kalamazoo.

**The Usual Result.**

Mrs. Martin McHugh, of Port Huron, left her 2-year-old son alone in the house while she went to the grocery, and when she returned the little fellow lay on the floor writhing in agony and burned to a crisp. He had played with the fire and a stick had set his clothing on fire. He lived in his terrible agony one hour.

**Hawkers and Peddlers.**

What ear-splitting cries we hear daily on the streets of any large city. But these itinerant dealers who hawk their wares about are, when under proper restrictions, a useful portion of the community, and not such nuisances as the catarrh hawkers. This is a stubborn disease to conquer, but Dr. Sage's Catarrh Remedy does it. It is mild, soothing and antiseptic, unlike snuffs that irritate, and solutions that burn. It corrects offensive breath, and restores taste, smell and hearing. Nasal catarrh often ends in consumption. Apply the only cure in time. Price 50 cents, by all druggists.

Duty as well as inclination impel us to depart from this long silence, to say to our readers and the public that, having been completely prostrated with a violent and distressing cold, after three days fighting it with ordinary remedies and getting no relief from their use, we obtained a bottle of Clarke's Extract of Flax (Pain-Expeller) Cough Cure, obtaining almost instant relief, and recommending it to our friends as 'the best remedy we have used.' **"Stop." Nature has a Cure.**

EATON RAPIDS, MICH.

J. M. Loose Red Clover Co., Detroit.—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said to try Loose's Extract of Red Clover, as he had known of its working in severe cases. I told him I had lost hope, that nothing would do me any good in this world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterwards I sent for two more bottles, and it was wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of Erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence.

Yours truly, HENRY MARVIN.

John Wilson's new house on South Huron-st., is nearly completed, and will be a very satisfactory piece of architecture when finished.

Frederick Crich, a shoemaker, committed suicide, on Monday night, by means of a large dose of morphine. He was about fifty-five years of age and a drinking man. He leaves a wife and two children.

The brotherhood of St. Andrews, Episcopal, announce a grand concert for the 12th, with several special attractions: Herr Carl Hild, German cornetist, Miss Annie Park, lady cornetist, Frederic Gillette, baritone and Miss Ella Jocelyn contralto. ## THE GUILD PIANO.

IS IT UNKNOWN? Read what the greatest Music Publishing firm in this country says of it:

We have rented and sold your pianos extensively, and recommend them as being in every respect reliable and satisfactory.

OLIVER DITSON & CO., BOSTON.

Messrs. Oliver Ditson & Co. have purchased upwards of 800 of our Pianos and never had occasion to make a demand on us for any defect in the instruments.

No finer instrument has ever come under my inspection. I cheerfully recommend them as inferior to none in the market. HENRY S. CUTLER, Organist of Trinity Church, New York.

I predict for your unrivalled pianos the highest popularity. They are now in the front rank of superior workmanship.

Sincerely yours, HOWARD M. DOW.

Organist of the "Church of the Unity" (Rev. Hepworth's), Boston.

"Are the perfection of musical mechanism."—Providence Journal.

"It is the sweetest-toned piano I ever heard."—From Mr. Harris, of England, the inventor of the celebrated "Harris Engine."

Mr. H. C. Barnabee, the celebrated vocalist, says: "They are splendid in tone and action, and the handsomest pianos I ever have seen."

I consider the Guild method of tuning the nearest perfection of any I have ever seen. I have often wondered why some method was not devised to tune the piano without turning the pins in the pin block. Guild has the right idea. The piano must stay in tune, and will certainly wear longer.

Muskegon, Mich., August 9, 1890.

No "slipping" or "springing" of tuning pins. The most beautiful cases. Guaranteed not to check. Mr. Guild recently wrote: "I am distracted with orders; make no new agencies. My improvements take like wildfire." It has been impossible for me to secure half the number of these pianos needed. They are coming on again, and I cordially invite all to call and see them.

## SCROFULA

Is that impurity of the blood which produces unsightly lumps or swellings in the neck; which causes running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or "humors," which, fastening upon the lungs, causes consumption and death. It is the most ancient of all diseases, and very few persons are entirely free from it.

## How Can IT Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, has proven itself to be a potent and peculiar medicine for this disease. If you suffer from scrofula, try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, my little boy, three years old, being a terrible sufferer. Last spring he was one mass of sores from head to foot. We took Hood's Sarsaparilla, and all have been cured of the scrofula. My little boy is entirely free from sores, and all four of my children look bright and healthy." W. B. ATHERTON, Passaic City, N. J.

## HOSTILE INDIANS.

They Are Still Worrying the  
United States Officials.

The Rosebud Move to the Bad Lands to  
Hide if Necessary—Government Cattle  
Seized and Killed—Buffalo Bill  
at the Front.

**TROUBLESOME RED MEN.**  
WASHINGTON, Dec. 2.—The Secretary  
of the Interior has directed that the  
Sioux Indians be supplied with in-  
creased rations sufficient to conform to  
the agreement made in 1877. The ap-  
propriations for supplies for the Sioux  
have decreased every year upon the  
supposition that the Indians were becom-  
ing more and more capable of main-  
taining themselves. Owing, however, to  
the partial failure of crops for the last  
year or two and restlessness of the  
Sioux, which is believed to be in a measure  
due to the reduction of rations, the  
Secretary has ordered the increase.

Representative Outcheon, of Michi-  
gan, introduced in the House a joint  
resolution authorizing the Secretary of  
War to issue to the State of South  
Dakota 1,000 rifles and ammunition for  
the same, not to exceed fifty ball car-  
tridges for each arm, to enable the au-  
thorities to assist the Government in  
protecting the citizens from Indian  
depredations.

The Western members of Congress,  
particularly those from Nebraska, Da-  
kota and Wyoming, are very indignant  
over the widespread reports concern-  
ing the Indian insurrection, and declare  
that the whole scare is a gigantic  
"fake," which has done incalculable  
damage to those States by driving  
away timid settlers and stopping  
immigration. They say that multi-  
tudes of families that intended to move  
West during the coming summer will  
be kept away by fear of the Indians,  
when there has not been the slightest  
cause for alarm. They attribute the  
whole trouble to the indiscretion of a  
new Indian agent, and say that if Mc-  
Gillcuddy had been retained in office  
the trouble would never have occurred.

**PINK RIDGE AGENCY, S. D., Dec. 2.**—  
The Rosebud Indians on Wounded Knee  
have not come in, but have moved about  
ten miles north across White river  
close to the Bad Lands. They went  
there in view of having a convenient  
hiding place when the troops go after  
them. They can easily hide, but the  
troops can starve them out in a short  
time. About 100 lodges that stood on  
the north side of Wolf creek have dis-  
appeared since Sunday evening, they  
having pulled up stakes between then  
and daybreak.

The troops are still ready to move at  
a moment's notice. "High Hank," one  
of the chiefs of the Rosebuds, sent a  
letter to Agent Royer Monday morn-  
ing. It is reported that this letter contains  
this threat: "Send your soldiers to take  
us. We are ready to fight." The fail-  
ure of the Government to protect the  
property of friendly Indians has caused  
a great deal of adverse talk.

Word has been received here that In-  
dians from four other agencies  
are joining the hostiles in the Bad  
Lands. This will swell the hostile  
force to 4,000.

John Dwyer, chief herder of the Gov-  
ernment herds, in whose charge were  
the 3,000 cattle for use in giving rations  
to the Indians, with his herders, has  
been compelled to keep con-  
stant guard to prevent surprise  
by the Indians, and finally they  
had to leave the herds and look  
out for their lives. Of the herd of 3,000  
head the Indians seized all, killing  
some for immediate use and driving the  
rest into the Bad Lands for future con-  
sumption. There will, therefore, be no  
cattle for rations for the Indians next  
week, as many more cattle belonging to  
the Rosebud agency have been also  
captured by the Indians.

Indians at the agency are coming in  
and telling Agent Royer that they wish  
that this thing could be settled with-  
out bloodshed. Royer's reply is in ef-  
fect that he is afraid it is too late now.  
Little Wound has made another ef-  
fort to persuade his braves to forego  
hostilities and he barely escaped with  
his life. Scouts are returning constantly  
and report increased preparation for  
war. General Brooke is restless over  
the non-receipt of orders to act. The  
hostiles report the rounding up of 2,000  
Government cattle and horses.

**MANDAN, N. D., Dec. 2.**—Buffalo Bill  
with Dr. Powell and others, who had  
been sent to Standing Rock with  
authority from the War Department to  
arrest Sitting Bull in case that  
wily old savage could not other-  
wise be brought to terms, were  
intercepted by a courier when only  
twenty miles from Bull's camp and re-  
turned to Mandan Monday morning.  
The courier bore a message said to  
have been signed by President Har-  
rison countermmanding the authority for  
Sitting Bull's arrest. In returning here  
the party rode ninety-four miles in  
twenty-three hours.

**General Business Affected.**  
New York, Nov. 29.—Dun & Co. re-  
port that the monetary stringency is  
affecting general business, and that  
speculation is reviving to an unhealthy  
extent. While the volume of trade is  
large merchants are more cautious  
about extending obligations, and are  
making only necessary purchases.

**Seventeen Were Lost.**  
New Orleans, Dec. 1.—Further par-  
ticulars of the burning of the steamer  
T. P. Leathers in the Mississippi Thurs-  
day, near Port Adams, show the disaster  
to have been much greater than at first  
reported. Seventeen persons were either  
burned or drowned in attempting  
to escape from the flames.

**The Failure Record.**  
New York, Nov. 29.—The business  
failures occurring throughout the coun-  
try during the last seven days number  
249, as compared with 274 last week.  
For the corresponding week of last year  
the figures were 249.

**A Court-House Robbed.**  
Quebec, Can., Dec. 2.—The court-house  
at Baie St. Paul, Que., was robbed of  
about \$4,000 Saturday night during the  
absence of the guardian of the place.  
There is no clew to the robbers.

## RESUMED WORK.

The Last Session of the Fifty-First  
Congress Begins.

Several New Members of the House and  
Senators Sworn In—A Number of  
Bills Introduced.

**SENATE.**  
WASHINGTON, Dec. 2.—Vice-President  
Morton called the Senate to order  
promptly at 12 o'clock. The attendance  
was something unusual for the opening  
day of a session. Thirty-eight Repub-  
lican and twenty-three Democratic Sen-  
ators rose in their places as the chap-  
lain, Rev. J. G. Butler, began the pray-  
er. At the conclusion of the prayer  
Senator Hoar sent to the desk of the  
presiding officer the credentials of Sen-  
ators-elect Carey and Warren, of the  
new State of Wyoming, and they were  
sworn in. After a recess the Presid-  
ing officer's message was read by Secretary  
McCook. Its reading occupied one hour  
and a quarter and at the conclusion  
(2:45 p. m.) the Senate adjourned for the  
day.

**HOUSE.**  
WASHINGTON, Dec. 2.—One minute  
before noon yesterday Speaker Reed en-  
tered the hall and mounted the steps to  
the Speaker's chair. The tap of his  
gavel brought the House to order as the  
hands of the clock marked noon. Chap-  
lain Milburn delivered a brief prayer  
and then the clerk called the roll by  
States, 227 members answering to their  
names. New members were sworn in as  
follows:

C. B. Breckenridge, Second Arkansas district;  
Willie Sweet, Idaho; C. W. Stone, Thirty-  
seventh Pennsylvania district; Clarence D.  
Clarke, Wyoming; J. S. Pinder, Twenty-  
fourth New York district; E. R. Hayes, Sev-  
enth Iowa district; Robert Whitelaw, from  
the Fourteenth Missouri district, and David A.  
Harvey from the Territory of Oklahoma.

Bills were introduced to place tin and  
tin-plate, agricultural implements and  
edged tools, worsteds for men and women's  
clothing, binder twine, blankets,  
salt and cotton ties on the free list; for  
the free coinage of silver, and provid-  
ing that no person now on the pension  
rolls, or who may be placed on them,  
shall receive less than \$5 a month. The  
pension bill (\$125,099,785) was reported.  
A resolution was introduced by Mr.  
Wike (Ill.) to instruct the committee  
on ways and means to report  
bills to repeal any and all in-  
creases in the rates of tariff duties oc-  
casioned by the enactment, and to place  
upon the free list wool, lumber, salt,  
coal, ores of all kinds, dyestuffs, tin  
plate, agricultural and manufacturing  
machinery, binding twine and the ma-  
terials out of which it is manufactured,  
bargain, cotton ties and such other  
articles of raw material as the committee  
may deem of like importance to man-  
ufacturers of the people, and also to re-  
ports a bill to provide for raising an ad-  
ditional revenue that may be necessary  
for the requirements of the Treasury  
by a graduated tax upon the incomes  
of all persons, corporations, trusts and as-  
sociations in excess of \$5,000.

The President's message was then  
read, and the House adjourned for the  
day.

**HUNDREDS DROWNED.**  
Result of the Disaster to the Fishing  
Fleet Off Norway.  
LONDON, Nov. 29.—Additional ad-  
vices have been received concerning  
the disaster to the fishing fleet off  
Ofoten, on the Norwegian coast. Of 180  
smacks, all of which were compelled to  
cut away their rigging, seventy were  
driven ashore and battered to pieces on  
the rocks. Many smaller boats were also  
wrecked. It is feared that hundreds of  
lives were lost. The bodies of victims  
are constantly being washed ashore.

**Dissatisfied Illinois Miners.**  
DUQUOIN, Ill., Dec. 2.—The coal  
miners of this city and vicinity held a  
meeting Monday to consider the ques-  
tion of striking. The miners are being  
paid 62½ cents a ton for all coal  
weighed in flats. February 1 a reduc-  
tion will be made to 56½ cents and May  
1 to fifty cents a ton. The miners de-  
mand the Columbus scale and the  
chances are that the strike will be  
ordered, which would affect 3,000  
people.

**An Abolition Leader Dead.**  
BOSTON, Dec. 2.—George J. L. Colby,  
the distinguished abolitionist and  
author, died Sunday night at his home  
in Newburyport. He was a native of  
Maine and was 72 years old. He pre-  
pared himself for school-teaching, but  
his interest in negro slavery induced  
him to devote his whole time to its ab-  
olition.

**Given a Taste of British Justice.**  
LONDON, Dec. 1.—Thomas Alfred  
Wright, 60, Frances Irving, 29, and

robberies from jewelers' shops in this  
city, were sentenced Saturday, the man  
to five years' penal servitude and the  
women to eighteen months at hard  
labor each.

**Stole Foundrymen's Wages.**  
LOUISVILLE, Ky., Dec. 1.—The money  
set aside to pay 225 men at Lithgow's

The amount of the loss is \$2,480. There  
is no clew to the thief.

ing, took place yesterday from the Uni-  
versalist church.

**Heaviest Snow-Storm for Years.**

England is the severest since the  
Crimean war. Sheep are dying by thou-  
sands, it being impossible to give them  
food and shelter.

have been found in the flooded Anna  
pit of the Bruen Mining Company.  
Seventy-eight miners were recovered  
alive.

MONTGOMERY, Ala., Nov. 29.—Mr.  
Pugh has been elected United States  
Senator by the Legislature to succeed  
himself.

## PARNELL'S MANIFESTO.

He Flatly Declines to Resign the Lead-  
ership of the Irish.

LONDON, Nov. 29.—The manifesto  
which Mr. Parnell promised to issue  
dealing with all the questions involved  
in the present political crisis, has been  
made public. It definitely settles that  
Mr. Parnell will not voluntarily retire  
from the leadership of the Irish Parlia-  
mentary party. The manifesto is of  
great length and sets forth why, in Mr.  
Parnell's opinion, it would be disas-  
trous to the best interests of the party  
for him to withdraw at the present time.  
Mr. Parnell defines his political op-  
ponents, and appeals to the people of  
Ireland to sustain him in the stand he has  
taken.

LONDON, Dec. 1.—Mr. Gladstone has  
issued a reply to the manifesto of Mr.  
Parnell, in which he denies the asser-  
tions of the latter regarding the retu-  
sion of Irish members in Parliament,  
and with respect to proposals alleged to  
have been made to him (Parnell) dur-  
ing his visit to Hawarden last Novem-  
ber. Mr. Gladstone's letter is temper-  
ate in tone, but condemns the Irish  
leader for breaking confidence with him.

LONDON, Dec. 2.—The meeting of the  
Irish members of the House of Com-  
mons called to consider what action the  
Nationalist party shall take in regard  
to the leadership of the party took  
place yesterday. Mr. Parnell presiding.  
No definite action was taken, but a  
heated conference took place, during  
which Mr. Parnell scored his opponents  
and called Mr. Gladstone "a garrulous  
old man." Mr. McCarthy severely re-  
proached Parnell for the course he had  
taken, and said he had ceased to hope  
for Irish success unless he (Parnell) be  
retained.

**NOT HIS BOY.**  
The Charlie Ross found in Boston is  
Not the Long-Lost Youth.  
BOSTON, Nov. 28.—Christian K. Ross  
reached Boston Wednesday night, and  
an interview was arranged with the  
boy, Charlie McCarthy, whom the New  
York police believe to be the long-lost  
Charlie Ross. After an extended inter-  
view with the boy Mr. Ross failed to  
identify him, and he still feels that he  
is no nearer the child than at the hour  
on that sunny July afternoon in 1874  
when his son was kidnapped by Mosher,  
Douglass and Westervelt.

Mr. Ross declares that he is entirely  
satisfied that the young man who has  
lived with the McCartneys under the  
name of Charlie McCarthy, and who  
has lately been saying that he is Charlie  
Ross, is really no other than the second  
son of burglar Charles Mosher, who was  
the principal abductor of Charlie  
and who was killed at Bay Ridge in  
1874 while committing a burglary in  
the house of Judge Van Brunt.

**HALF A DOZEN LIVES LOST.**  
Six Logger Drowned in Devil's Lake in  
Northern Wisconsin.  
ST. PAUL, Dec. 1.—A fearful calamity  
took place at Miller, Signor & Co.'s  
logging-camp on Devil's lake, twenty  
miles north of Rice Lake, Wis., Satur-  
day night. The men who were  
on the opposite side of the lake  
from the camp were returning to  
supper. The boat was caught in a  
heavy gust of wind, which upset it,  
and the following were drowned: Frank  
Fournier, John Croto, Arthur Page,  
William Knight, Charles Stykes, and A.  
D. Clark, of Royston, Minn. The  
bodies have not as yet been found,  
owing to the condition of the ice.

**Lived Five Months Without Eating.**  
TRENTON, N. J., Nov. 29.—Benjamin  
Wright, aged 82, is dead. He had eaten  
nothing for five months on account of  
stomach trouble. He became helpless  
four weeks ago and took to bed. He  
died without any apparent pain. He  
was reduced to skin and bones.

**Jumped Over the Palisades.**  
ENGLEWOOD, N. J., Dec. 1.—An un-  
known man, about 50 years of age, com-  
mitted suicide by jumping over the pa-  
lisades, falling a distance of 175 feet.  
His head was crushed and left arm  
broken. There was positively nothing  
to reveal his identity.

**One Hundred Years Old.**  
New York, Dec. 1.—Ira Brandenstein,  
of this city, celebrated his 100th birth-  
day on Saturday. The old man is still  
stout and strong. Smoking has been  
one of his cherished habits. He began  
when he was 14 and has never relin-  
quished the indulgence.

**Big Fire at East St. Louis.**  
ST. LOUIS, Dec. 1.—The extensive  
barrel and stove works of R. F. Horn &  
Co., situated near the Relay Depot,  
East St. Louis, were entirely destroyed  
by fire. Loss, \$75,000; insurance, \$25,000.
