

FANNED OUT.

TOWN AND GOV. MAKE A MUTUAL COMPROMISE.

The Four Students Arrested for Disorderly Conduct Discharged - The City Falls to Appear.

At last the ever memorable trouble of November 11 has been settled. After several postponements, the examination of the four students and one town boy, arrested by the officers for riotous conduct, came off before Justice Pond Monday morning—at least it would have come off, had the city authorities appeared to prosecute. This they failed to do—having previously come to an agreement with the students, by the terms of which the latter promised not to sue for false imprisonment provided the cases should be dismissed. The general opinion is that if the authorities will not be officious and the students will endeavor to be gentlemanly, we shall not soon hear of anything of the kind again.

OF INTEREST TO POMOLOGISTS.

Annual Meeting of the Washtenaw Pomological Society—Interesting Discussion.

J. J. Parshall presided over the annual meeting, which was held on Saturday last. The secretaries read their annual reports. The great loss of the society by the death of President Baldwin, whose enthusiasm in pomology and whose business ability were so highly appreciated, and of Hanson Sessions, who was ever ready to aid the society by his counsel and his means, was especially dwelt upon in the report of the corresponding secretary. The treasurer reported a membership of 25 and \$6.75 in the treasury. Prof. Baur and Mr. Ganzhorn were appointed a committee to look into the distribution of the annual report of 1889 by the State Horticultural Society, of which this society had not received any copy. It was resolved that C. D. Parshall present his report on transportation to the next meeting and notify the shippers of fruit of their share in the expense of transportation, with the request to pay their pro rata to L. Gruner, 8 S. Main-st. E. Baur was in favor of attracting young men to the society by distributing the officers among them. Quite a discussion arose on this topic. The election of officers next took place, with the following results: J. Austin Scott, president; All were glad that the honorable founder of this society came to the front again. J. J. Parshall, first vice-president; Wm. McCreery, C. C. Clark, L. Palmer, vice-presidents; J. Ganzhorn, corresponding secretary; E. Baur, corresponding secretary; J. Allmand, treasurer. Executive committee: W. F. Bird, J. G. Schenk, J. T. Fuller; Prof. J. B. Steere, officer of Entomology and Ornithology; Prof. V. M. Spalding, Botany; Prof. A. B. Prescott, Hygiene. W. F. Bird wished to get up an enthusiasm for this society and proposed the announcement of the topics of discussion a month in advance, with the name of the person leading in each topic. J. E. Fuller would not have any of the proceedings of the society published. These publications were an excuse for any fruit growers to join and pay 50c. a year. They could get the work of the society gratis. The corresponding secretary remarked that, in entering the court house, he was stopped by a reporter who expected emphatically that he should get the report first, early Monday morning for his daily. The great calamity of the public was for fruit, the more the better; it meant health. The students of the University dream that sweet dream of strawberry shortcake, when this society announces that this luscious berry will be plenty and cheap. Please look at the fruit interest which has been treated by the dolly and publications of this society! How many people find employment thereby? Every newspaper in the city wants the reports. They are copied by the press of the state and out of the state. Poor fruit growers who take such advantage of their fellows may consider themselves smart, but they should remember the scriptural maxim: "It is more blessed to give than to receive." It is philosophy in itself and applies to every relation of life. Moreover, we cannot publish all deliberations of the society, and must omit sometimes the most important matters. The society needs the talents of these absent brethren. Luther Palmer of Dexter, who means business whenever he is present, misses the ladies who in past days patronized the meetings more liberally by their presence. Instead of doing so much business, we should pay more attention to the beautiful flowers, etc. We killed the society by talking fruit factory, was the remark of one member, who seems to have forgotten that we had a very large attendance during the winter and spring meetings, and that our fruit factory is one of the greatest and best achievements of our society. It was stated that the election of Mr. Scott to the presidency would attract the ladies more than all the rest of the members together. Fruit exhibits were made as follows: J. J. Parshall: Apples—King, Baldwin, Jonathan, Red Canada, Spy, Fallwater, Greenings, Talman Sweet, J. Allmand: Winter Nells, Pear, E. Baur: Cabashes, Mother apples, Winter Nells Pear, Clinton and Salem Grapes.

W. C. T. U. COLUMN.

[EDITED BY MRS. ALLIE LUSE DICK, A. M.]

The regular monthly meeting of the W. C. T. U. was held in the parlors of Harris hall on Wednesday, December 3, 1890, at 3 p. m. There was an unusually large attendance and much interest manifested. Mrs. J. D. Stannard, W. C. T. U. president of this district, was present, and having just returned from the National Convention at Atlanta, gave us a brief but very interesting report of the convention. It was decided to change the time of the regular meeting of the W. C. T. U. from the first Wednesday to the last Thursday in the month.

From the 14th to the 18th of November, 1890, was held the 17th annual convention of the National W. C. T. U. in Atlanta, the "Gate City of the South," the capital of the state which was the first American colony with a prohibitory law, the first southern state to start a temperance newspaper, the state which but a few years ago had for its governor the staunch and faithful temperance advocate, Senator Colquitt, and has again elected a temperance governor, William J. Northen.

The following I have gleaned partly from Mrs. Stannard and partly from other reports, but most of it, however, from the official report of the Union Signal. At the convention, there were present representatives from forty-four states, two territories and the District of Columbia. There were 406 voting delegates and over 200 visiting delegates, making in all over 600, the largest representation at any convention. Of the report of the secretary, Mrs. Buell, it is said: "The reading was again and again interrupted by cheers, when she announced that the increase of membership during the year, according to the treasurer's report, is 1,625, and as 7,261 members in Iowa and Pennsylvania have seceded, we have had that loss to make up; this makes the total gain 8,886, the enthusiasm was irrepressible, and was only stilled by singing the doxology." The treasurer's report showed that "during the year, there had been received as dues \$14,495.50, every dollar of this sum representing ten Christian Temperance women, as our dues to the National Temperance Legion are \$1.00; for Nebraska, \$724.31; other donations, \$5,460.37. The total expenditures for the year foot up \$26,007.39. Our receipts now from all sources foot up to over \$40,000." Again, she says: "We have a larger loyal paid-up membership than ever before. We have gained more young men as honorary members than ever before. The young women have raised for all purposes \$34,899.27." Of the Loyal Temperance Legion now organized there are 3,892 companies with a membership of 240,000 children pledged against liquor, tobacco and profanity. Of temperance teaching in the Sunday schools, Miss Kimball said: "The most notable event of the year's work in this department, was the presentation of a petition to the International Sunday School Convention, asking that the temperance lesson might be placed on some other than review Sunday. This was granted." The convention urged also that temperance be taught in every lesson, so far as practicable. The reports of the Home Mission and other departments were equally good and encouraging to the workers, but space forbids mention of all. The delegates were most cordially welcomed in addresses by the Rev. Dr. Johnson on behalf of the Atlanta W. C. T. U.; by Governor Wm. J. Northen for the city and state; by Mrs. Sibley for Georgia and Mrs. Chapin for the rest of the South. "Sunday was a noticeable day for Atlanta, on account of the number of pulpits filled by women. About sixty ladies spoke in the various churches, missions and Sunday Schools, and all services were well attended. It was marked by many old residents, that never had so many Atlanta people attended church in one day." A committee from the Georgia legislature waited upon Mrs. Mary H. Hunt, and invited her to address their general assembly on the subject of temperance teaching. Mrs. Lathrop addressed the legislature on the subject, "State and National Prohibition.

An excursion was given to Indian Springs, where 1,000 ladies and 300 gentlemen partook of a barbecue. The excursion was planned and paid for by the editor of the Southern Star. A delightful reception was tendered the ladies by the Y. M. C. A. in their own handsome parlors. Of the reception by the governor and his wife, the Union Signal says: "Lights shone from every tower and turret of the extensive mansion last night welcoming us to the broad halls, where Governor Northen with his wife and daughter waited to receive their guests. Mrs. Northen's grace appeared in her dress as well as in her sweet face, crowned with smoothly brushed hair. She wore a simple gray cloth dress, so her guests, many of them in traveling costume, felt quite at ease. A beautiful souvenir card, bearing the autographs of Governor and Mrs. Northen and tied with a white ribbon, was given each guest." The report of the convention ends thus: "After a few reports and introductions, came the closing exercises, tender helpful words from our president, singing with hands clasped, 'Blest be the Tie that Binds,' and repeating with bowed heads the form of benediction adopted by the Woman's Christian Temperance Union: 'The Lord bless thee, and keep thee; the Lord make his face to shine upon thee and be gracious unto thee. The Lord lift up his countenance upon thee and give thee peace.' Thus ended the largest, most harmonious national convention the W. C. T. U. has ever known."

There is an old and widespread notion that the mirrors must be removed from a room in which a corpse is lying.

ANOTHER INJUNCTION.

AGAINST THE ANN ARBOR AND YPSILANTI RAILWAY.

The Heirs of Erastus D. Nichols Wish to Prevent the Laying of the Road in Front of Their Premises.

The Ann Arbor and Ypsilanti Street Railway is in trouble again. On Tuesday Theodore S. Nichols, Ellen E. Nichols and Lucy L. Granger, heirs of the Erastus D. Nichols estate, filed a bill of complaint against the company. The south Ypsilanti road, they claim, passes diagonally across their land, and the new railway, as built, runs on the west side within a few feet of their property. They object to steam engines drawing freight and passenger cars. They admit that they signed a paper giving consent to the improvement, but claim that the solicitor falsely represented that the new road was to be a simple street railway, operated by electricity or animal power. They further assert that the company has gained no lawful consent of the supervisors or commissioner of highways. To be sure, the several officers signed a paper, but the complainants allege that they did not sign at one time or in the same place, or in pursuance of any action of the town board. They even go so far as to assert that the corporation has no legal existence whatever, inasmuch as there is no statute providing for such a company. They aver that the building of the road would injure their property to the amount of \$3,000, and in view of all these things they pray that an injunction be given to restrain the company from constructing the railway in front of their premises. Judge Kinne, upon reading the bill of complaint, issued an order directing the defendants to appear on Saturday next and show cause why the injunction should not issue.

AROUND THE CAMPUS.

The Glee Club will give no concerts during the holidays. The H. G. Coburn, law '90, has been visiting his Delta Tau frat.

Jacob Lowenhaupt is the independent nominee for president of the senior class. A number of ladies will keep open house for U. of M. girls on certain days every week.

Prof. Winchell will lecture before the Geological society to-morrow night on Prehistoric Man.

The Delta Gamma society gave a party to their young gentlemen friends on Friday last. About thirty-five persons were present.

Tickets for the Stanley lecture will be on sale next Monday evening. The number sold at that time will not exceed the capacity of the hall. On Jan. 6th standing room will be for sale.

The Choral union on Sunday evening will render the following selections: "Unfold ye Everlasting Portals," "Gonola's Redemption," "O, Saving Vision," hymn, "Lead, Kindly Light," doxology, "Praise God."

The three athletic associations of the University met on Saturday last and adopted the constitution of the "University of Michigan Athletic Association." A membership in the association will cost an undergraduate \$3.00 and an alumnus \$5.00 a year. There will be fourteen directors. Lyceum No. 1, U. of M., was organized last Saturday. The following officers were elected: President, Mr. Ladd; vice-president, S. A. Niebuhr; corresponding secretary, A. G. Thompson; recording secretary, M. E. Nicholas; treasurer, C. J. Campbell; sergeant-at-arms, W. W. Griffin. Only male students are eligible to membership.

The Junior law election on Saturday was a rather tame affair. The whole business was transacted in the forenoon. The following officers were chosen: President, F. T. Hood, of Indiana; vice-president, John R. Jenney; second vice-president, T. L. Grant; marshals, B. F. Fuikerson, E. E. Shields and W. V. Jefferson. Mr. Hood was a student in President Harrison's law office before coming to college.

It now transpires that J. C. Woodson, who was arrested for rushing in the post-office, is not a student at all. His name appeared on the books last fall as a member of the law, and subsequently as a member of the medical department, but on October 16th he left the University and received back his fees. All the righteous indignation of the students over the arrest of a comrade was, it seems, misplaced.

Miss Ethel Fountain, president of the Woman's League, makes the following announcement: "There will be a social of the Woman's League, Saturday, Dec. 13, from 3 to 5 p. m. Members whose names range from A. to I are invited to Mrs. M. L. D'Ooge's, 77 Washtenaw avenue; those from J to Z to Mrs. Thompson's, 15 E. University-ave. All students are invited, who are or wish to become members. Names and dues will be received at the meeting or may be given at any time to members of the executive committee. All the ladies of the faculty are cordially invited."

NEIGHBORHOOD NOTES.

The Cherry Hill patron lodge has 175 members. The Lawrence House in Adrian has been sold. Milty Pierce, aged 70, died at Stony Creek last week. Tecumseh hopes to secure a threshing machine factory. The north Lake patrons are buying their goods at Chicago. A masquerade ball will be given at Milan on Christmas night. Rabbits are getting to be great nuisances throughout the county. The Clinton woolen mills will probably be enlarged next spring. Jas. Kelly has been elected president of the Manchester G. A. R. post. The Saline Workingmen's society have been improving their park. The Chelsea fire department will give a stock ball on New Year's eve. A Stockbridge man has raised 4,119 good seeds from one sunflower head. One tenth of the total taxes of Clinton township is paid by the woolen mills. Col. Deland, of Jackson, addressed the patrons of North Lake on Tuesday. The Webster Farmers' club will meet on Saturday at the residence of Wm. Larson. At one time last Saturday there were thirty-eight teams on the streets of Stockbridge. George Wilson, Wampler's Lake, raised from five acres of ground \$250 worth of squashes. Grass Lake people are talking of serving a Christmas dinner to all pioneers who are over seventy years old. The present enrollment of the South Lyon union sch. is 184, forty-six of whom belong to the high school. Howell has a new bank. It is called the Howell State and Savings bank and is organized with \$50,000 capital. Postmaster Nestell has sent to the dead letter office several letters received from the Mexican lottery by Manchester citizens. J. O. Thompson, for the past four years connected with the Dexter Leaver, has packed his grip and journeyed to the New South. The new Methodist church in Howell will be dedicated on the 21st. Bishop Bowman and Rev. Washington Gardner will be present. Let him answer who can. Says the Milan Leader: "Wonder how the E. A. M's. liked their ride from an Arbor to Pittsfield on a flat car early last Saturday morning? Haven, of Saline, aged twenty-six, passed away last week, mourned by all who knew him. He was only a horse, but the DeL family, who have raised him from a colt will not soon forget him. During the past year, which was the thirty-third of its organization, the Ypsilanti Home Association distributed provisions and clothing valued at \$313, 95, by which sixty-eight families were assisted. Ira Weatherly, who lives near Dundee, went hunting the other day. In some way the gun struck a fence rail and was discharged. The ball hit Mr. Weatherly's head, inflicting a dangerous wound. There were still a few fowls left in Dundee till last week, and they and their money were soon parted when a smiling stranger worked the old watch chain chestnut on them. This is probably the most reliable swindle in the world.—Adrian Press. There is scarcely a girl in Milan who don't know how to chew gum; but they will have to do something immensely more awful than chewing gum if they want to come within comparison of the fairly indigestible mass of that cigar and cigarette smoking—Milan Leader. There is, in our opinion, less excuse for chewing gum than there is for smoking, for the former gives far less pleasure than the latter. This is dreadful. Listen to the story from the "horrid man" of the Chelsea Herald: "It is reported that one of Grass Lake's fair maidens recently found a horse shoe and hoping that it would bring her good luck, placed it under her pillow when she retired, where she had already deposited her false teeth. When she awoke in the morning, ere dawn, she placed the horseshoe in her mouth, and did not discover the mistake until she went to make up the bed and found her teeth. Says the Dexter Leader: "There are a few men living in the vicinity of this village who ought to be brought up with a 'round turn,' so to speak. It is their practice to drive into town at least once a week, sometimes once a day, and leave their horses tied on the streets for hours without food or water while they spend a time in getting a 'rag on.' We can propose no better remedy than for the justly indignant citizens to stable and feed the horses and tie the barbers who own them to the post and let them taste their own medicine. I was almost killed by the doctors, who treated me for bleeding piles. It took Sulphur Bitters for two months, and now I am well.—Gus Hall, Troy, N. Y. Lovely woman and noble man have been expressed in scientific qualities. They are the constructive and the destructive elements in the protoplasmic environment. Cold Ways. Are predicted with reliable accuracy, and people liable to the pains and aches of rheumatism dread every change to damp or stormy weather. Although Hood's Sarsaparilla is not claimed to be a positive specific for rheumatism, the remarkable cures it has effected show that it may be taken for this complaint with reasonable certainty of benefit. Its action in neutralizing the acidity of the blood, which is the cause of rheumatism, constitutes the secret of the success of Hood's Sarsaparilla. If you suffer from rheumatism, give Hood's Sarsaparilla a fair trial; it will do you good. John Lewis Brown, the English painter, has died at Paris.

LITERARY NOTES. Scribner's Magazine for the coming year will be noteworthy for a number of special features which the publishers believe are of very unusual interest, and among them the following may be mentioned: Sir Edwin Arnold contributes to the December number the first of a series of four articles upon Japan, its people, its ways, and its thoughts. Robert Blum, who was commissioned to go to Japan for Scribner's Magazine, has prepared a very remarkable series of drawings to illustrate Sir Edwin's papers. Articles upon the recent Japanese Festival will follow, illustrated by Mr. Blum. Henry M. Stanley has prepared for the January number an important article upon the Pinnacles of the Great African Forest. Another contribution in this field will be J. Scott Kellie's account of the recent African exhibition held in London. Both papers will be amply illustrated. The wrecker, a serial novel by Robert Louis Stevens and Lloyd Osbourne, will run through a large part of the year. Illustrated by a two-part story by Frank Stockton on the Japanese. Prof. James Bryce, M. P., author of The American Commonwealth, will write a series of four articles upon India, embodying the results of his recent journey and studies on this land of never-ending interest. Ocean Steamships will be the subject of an important series somewhat upon the line of the successful Railroad Articles. Passenger Travel, The Life of Officers and Men, Speed and Safety Devices and Methods are some of the subjects touched upon and illustrated. Great Streets of the World is the title of a novel collection of articles on which the author and artist will collaborate to give the characteristics of famous thoroughfares. The first, on Broadway, will be written by Richard Harding Davis and illustrated by Arthur B. Frost. Others will follow on Piccadilly, London; Boulevard, Paris; The Corso, Rome. The price of Scribner's Magazine admits of a subscription to one's other reading at very small cost. Orders should be sent at once. \$3.00 a year, 25 cents a number. Charles Scribner's Sons, publishers, 743-745 Broadway, New York. The Christmas edition of the Cosmopolitan Magazine is one hundred thousand copies. It contains a feature never before attempted in magazine publishing, consisting of 123 cartoons from the brush of Dan Beard, the now famous artist, who did such wonderful illustrations in Mark Twain's book, "The Yankee at the Court of King Arthur." These cartoons are placed at the bottom of each page of the magazine, and take for their subject, Christmas during the Eighteenth Centuries of the Christian Era, with variations, showing the way in which we modern Christians have got on some of the chief texts of the Christian Gospel. Above, and each side of the page is a quaint border, the whole effect being novel and extremely pleasing, and with the unusually varied nature of contents, will make such a Christmas number as is worthy to go into more than 100,000 households. The Cosmopolitan, New York City. Among the announcements of The Popular Science Monthly for 1891 is a series of copiously illustrated articles on "The Development of American Industries since Columbus, in which the progress of iron and steel making, of the cotton manufacture, and of the woolen, glass, leather, and other leading industries will be described by writers of long practical acquaintance with their respective subjects. Hon. David A. Wells will also begin during the coming year a series of papers on The Principles of Taxation. Dr. Andrew D. White's New Chapters in the Warfare of Science will be continued, and other articles bearing upon the advances of science, and upon questions of the day, are promised. D. Appleton & Co., New York City. "The Gem of Tennessee Valley." It is in the Valley of Tennessee, a name synonymous with the "planter before the war," that the greatest developments in the New South are apparent. Dayton, a city of 6,000, surrounded by an inexhaustible supply of coal, iron and timber, is the "Gem City of the Valley" and offers unparalleled opportunities to northern men, money and brains. Two furnaces are now in full blast and "behind in orders." In addition the other industries now in operation are two flour mills, a saw works, with a cast iron pipe works, a stove foundry and a huge rolling mill under way. A strong northern syndicate has been formed to promote the interests of Dayton, and under their auspices a grand public auction sale of lots will occur at Dayton, Dec. 3, 4 and 5. To accommodate those desiring to participate in the sale, the Cincinnati, Hamilton & Dayton R. R. will sell excursion tickets at one fare for the round trip from all points on the line on Dec. 2 and 3. For rates and further information apply to an address any C. H. & D. Agent, or E. O. The mines along the Union Pacific Railway now produce over 1,400,000 tons of coal annually, and the owners are preparing for a much larger output. The Mythological Fates. "Somewhere upon the unknown shores, Where the streams of life their waters pour, There sit three sisters, evermore Weaving a sinners' thread." Lovers of classic paintings are familiar with that famous group, called the "Three Fates." Fate seems cruel when it deprives women and girls of health. But in Dr. Pierce's Favorite Prescription they find a cure of untold value for nervous prostration, sick headache, bearing-down pains, bloating, weak stomach, anorexia, retroversion, and all those excruciating complaints that make their lives miserable. All who use it praise it. It contains no hurtful ingredients, and is guaranteed to give satisfaction in every case, or its price (\$1.00) refunded. China has a regular army of 300,000 men and a war footing of 1,000,000. Don't!—If a dealer offers you a bottle of Dr. Bull's Cough Syrup without wrapper or labels, or in a mutilated condition, don't touch it—don't buy it at any price, there is something wrong in it, may be dangerous or worthless counterfeits. Insist upon getting perfect, unbroken, genuine package.

There is a gang of men traveling about the country making contracts to paint building roofs. The proprietor of the gang offers to paint your roof for \$5. You think this very reasonable and allow him to do the work. When you ask for the bill this is the way he springs it on you: For painting the roof \$1, just as agreed, but here is where he catches you—forty gallons of paint at \$1.50 per gallon, \$60. A Tragic Death. News was received at Grand Rapids of the suicide in Chicago of Alex. McKenzie, father of Alex. McKenzie, who murdered his wife in cold blood in Grand Rapids a year ago. Isaac Raymond, 16 years old, employed in a Big Rapids mill, was struck in the eye by a knot flying from a planing machine and lost the eye. At Grand Rapids Anthony Verspooer was instantly killed on the Grand Rapids & Indiana railway. He was walking on the track. The farmers about Ravenna will erect a mill and make sugar from beets. They claim to have experimented and know there's millions in it. So many people have been shot for deer in the Alpena district that credence in the excuse is being lost and murder is being hinted at in some cases. A wild deer made its appearance in the farm-yard of a Genesee County farmer. Forty years ago it was a common thing; now it is a curiosity. Jacob Drummond, aged 83 years, died in Osthemo. He was one of the earliest pioneers. Orasmus Sackett, once a great personal friend of James Fenimore Cooper and a lecturer of some note, is now half blind and destitute and peddles papers for a living on Grand Rapids streets. It's a poor rule that won't work both ways. An eloping couple were married at Muskegon the other day, the groom being 62 and the bride 52. They ran away because of the opposition of their children. Gay City hunters are charged with shooting farmers' turkeys instead of the genuine wild birds of the same name in some parts of the State. THE FARMERS. Annual Session of the National Alliance in Florida.

A Movement on Foot to Call a National Convention to Nominate a Presidential Candidate - The Colored Alliance in Session.

PLANS OF THE GRANERS. Ocala, Fla., Dec. 6. - At yesterday's session of the Farmers' National Alliance Dr. Macune, of the executive board, addressed the convention upon the policy of the alliance, especially with reference to its position upon leading public measures and its attitude toward the Democratic and Republican parties.

The election of officers resulted as follows: President, L. L. Polk, of North Carolina; (re-elected); Vice-President, R. H. Cover, of Kansas; (re-elected); Secretary, J. H. Turner, of Georgia; National Lecturer, J. S. Willets, of Kansas.

Ocala, Fla., Dec. 8. - At the session of the National Alliance on Saturday the committee on agricultural statistics recommended the appointment of a committee of five alliance Congressmen who should co-operate with the alliance statesmen at Washington in gathering and disseminating correct crop reports.

A National Citizens' Alliance was formed with the avowed purpose of fostering a third party on the alliance principles. D. B. Holden, of Kansas, is the president; Ralph Beaumont, of New York, secretary, and J. L. Wild, of Washington City, treasurer.

Ocala, Fla., Dec. 9. - The National Farmers' Alliance adjourned yesterday after passing resolutions demanding the abolition of National banks; the passage of laws to prevent the dealing in futures on all agricultural and mechanical productions; the free and unlimited coinage of silver; the passage of laws prohibiting alien ownership of land, and that Congress take prompt action to devise some plan to obtain all lands now owned by aliens and foreign syndicates; the removal of the existing heavy tariff tax from the necessities of life; a just and equitable system of graduated tax on incomes, and that National legislation shall be so framed in the future as not to build up any industry at the expense of another.

Ocala, Fla., Dec. 6. - At the meeting of the National Colored Alliance yesterday the following amended resolution was unanimously adopted: "Resolved, That we, the delegates attending the National Colored Farmers' Alliance, do hereby in meeting assembled at Ocala, Fla., urge upon Congress to pass the Lodge election bill, and let it apply to all sections of the United States."

Ocala, Fla., Dec. 8. - The Colored Alliance adjourned Saturday. Adopted Superintendent Humphrey's suggestions, single tax and all, after striking out the clause relating to third-party action. The convention did not wish to take official action just now.

LIVE STOCK FIGURES. Cattle Show a Decrease and Sheep an Increase in Numbers. WICHITA, Kan., Dec. 9. - J. G. McCoy, agent in charge of taking the live stock enumeration on the range, has returned from a trip West among the agents in the field and reports that from data secured he is justified in saying that the total of cattle will not be over 10,000,000, or 3,000,000 less than the last census, and the total of sheep 23,000,000, or 9,000,000 more than in 1890.

New Orleans, Dec. 6. - The cotton house of V. & A. Meyer has suspended with liabilities aggregating \$2,500,000 and assets \$3,000,000. This is the third largest cotton house in the country and supposed to be one of the wealthiest. They will ask for an extension and say that they will pay dollar for dollar. The recent financial panic, the slowness of collections and the decline in the price of cotton each had its share in the result.

Forced to Assign. CHICAGO, Dec. 6. - As an immediate result of the mysterious disappearance of Benjamin H. Campbell the Chicago Safe & Lock Company, one of the most extensive concerns of its kind in the world, has been forced to assign, with stated liabilities of \$600,000 and assets of \$700,000. Mr. Campbell was president of the company.

A Bank Suspends. MEADVILLE, Pa., Dec. 6. - Delamater & Co., bankers of this city, made an assignment Friday morning for the benefit of creditors. The liabilities are about \$400,000 and assets said to be about the same. George W. Delamater, late Republican candidate for Governor, is president of the institution.

National Board of Trade. NEW ORLEANS, Dec. 9. - The National Board of Trade met Monday, with seventy-five delegates, representing the leading cities of the country. President Fraley, who was unable to attend, was re-elected, vice-presidents were chosen, and George M. How, of Chicago, was selected to preside.

Skated to Their Death. CAMERON, Mo., Dec. 9. - Oscar Myers, of Meadville, and Miss Maud Grantham, of Albany, students at the Missouri Wesleyan Institute, were drowned about 9 o'clock Saturday night while skating on a pond.

PARNELL DEPOSED. His Opponents Desert Him and Start Another Party.

Justin McCarthy Chosen as Its Leader - Gladstone Refused to Treat with the Old Organization - Exciting Scenes.

LONDON, Nov. 8. - Justin McCarthy is now the leader of the Irish Parliamentary party. Mr. Parnell was deposed on Saturday by a vote of 45 to 28 after one of the most exciting and stormy sessions yet held by the Irish members. The motion to retire Mr. Parnell was presented by Mr. Abraham, the Protestant home-rule member from the west division of Limerick. A letter had previously been read from Mr. Gladstone in which the ex-premier agreed to confer in confidence and good faith with any other leader of the Irish party than Mr. Parnell.

The reading of the letter was greeted with cheers by the section of the party opposing Mr. Parnell, aid with ironical cries by his supporters. A stormy debate followed. Messrs. Barry, Sexton and Healy made a determined attempt to bring about a final settlement of the question. They insisted that there be an immediate division of the members on the main question before the meeting, namely: The retirement of Mr. Parnell from the leadership of the party. Finally, Mr. Sexton gave Mr. Parnell his ultimatum to the effect that if a decision on this question was delayed by the chairman - Mr. Parnell - after 6 o'clock in the evening the majority of the representatives of the party would hold a meeting of their own and depose him from office. A scene of great excitement followed this announcement. At 3:45 a recess was taken for half an hour.

It was 3:15 before the members reassembled. A strongly worded letter from Archbishop Walsh was read, demanding Parnell's removal. The reading of this letter produced a marked effect. Mr. John O'Connor moved the adoption of a resolution declaring that Mr. Gladstone's letter was not satisfactory and that Ireland required assurances regarding the constabulary and land questions. The motion was seconded by Mr. Kenny.

Mr. Abraham then made a motion that Mr. Parnell vacate the chairmanship. Mr. Parnell refused to allow the resolution to be put, whereupon Mr. McCarthy, followed by forty-four other members, left the room.

After the withdrawal of Mr. McCarthy and the other anti-Parnell members Saturday the supporters of Mr. Parnell adopted resolutions expressing regret at Mr. Gladstone's refusal to state his views on the questions submitted to him, and then ratified the re-election of Mr. Parnell as chairman.

The opponents of Mr. Parnell, who withdrew from the meeting in a body, met in a conference-room and by a unanimous vote elected Mr. Justin McCarthy chairman.

The majority party are keenly alive to the disadvantage of the leading Nationalist papers siding with Parnell and the whole of the machinery of the National League being under his control. They are hopeful, however, that the influence of the Bishops and priests will assist them to obtain a popular verdict. Both sides are preparing for an immediate campaign in Ireland.

Parnell has told his friends that he will go to Ireland and constitute a National party. He speaks confidently of carrying the country with him at the general election. The Irish Parliamentary fund, amounting to £20,000, remains under the control of Mr. Parnell, with the exception of £1,300, which is in the hands of the treasurer.

THREE HUNDRED KILLED. Awful Loss of Life by a Recent Powder Explosion in China.

SAN FRANCISCO, Dec. 9. - The steamship China has arrived from China and Japan, bringing Chinese advices to November 13 and Japanese advices to November 23. The details of the blowing up on November 2 of the Government powder mills, at Tai Ping Foo, are meager, but agree in stating that 300 lives were lost and all the houses in the vicinity wrecked. Fifty persons are said to have been at work at the mills at the time of the accident, and of their remains only two limbs have been found. The cause of the explosion is unknown. THURSDAY, DECEMBER 11, 1890.

Now that the trouble of November 11 has been amicably settled by mutual concessions on the part of the city authorities and students, it is to be hoped that we have seen the last of the unseemly conflicts between "town and gown."

Last Sunday the partisan Free Press published an editorial contending that national politics should have nothing to do with city government. Now comes the independent News and argues directly against this thesis. Such a course on its part is, to say the least, ridiculous.

People seem to feel much more interest in questions which affect their material interests than in those which are merely moral or political. Witness, for example, the willingness of legislators to shelve the federal election bill and to dodge temperance legislation while at the same time they clamor for tariff revision, free coinage, sub-treasuries, bounties and the like. These facts are a striking illustration of the selfishness of mankind. It is a very trite assertion that constitutional liberty was secured in England, rather more because the people rebelled at the extortions of the king than at his abuse of any of the so-called natural rights of man—and something very similar can be said of the history of this country.

The farmer's alliance is by no means friendly to Grover Cleveland. In their demand for free silver coinage they are little disposed to follow the leadership of a gold bug. At the Oscala convention, Mr. Rittenhouse, a prominent member of the alliance, was asked: "Suppose the democrats should pass a free coinage bill a year from this winter, make a platform in 1892 that should be in substantial accord with the alliance demands, and then put up Grover Cleveland as the candidate, indorsing that platform, would the alliance support him?" The answer, very emphatically delivered, was, "Grover Cleveland will never get an alliance vote." Roger Q. Mills is equally obnoxious to them. No party can gain their support whose only principle is free trade, for demagogues cannot persuade them that the tariff is responsible for all their ills. They believe that the necessity for financial reform is the most urgent at the present time. That they cannot expect to secure from the democratic party. In fact the result of the recent election has so encouraged them that they are becoming more and more disposed to form a party of their own, which shall have for its end not the securing of official spoils but the realizing of great economic principles. Between the present time and 1892 events may happen which will make the next election most delightfully interesting and uncertain.

The editor of the entertaining, but very erratic Lansing Journal, is an enthusiastic admirer of David B. Hill and is not at all afraid to show his colors. This is remarkable, when we bear in mind that there is scarcely a respectable democrat west of New York who does not feel a blush mount to his marble brow, when the name of the governor is mentioned. If what the Journal says were true, it would be very pretty, but it is not true. In the first place, says the editor: "Hill has waged a contest against the forces of corruption and republicanism in New York with more than the consummate skill of Tilden." That immaculate pure reform society, Tammany Hall, may well congratulate itself over the success of its hero. Again, "He has triumphed over all opposition. His leadership of the democracy is as undisputed as was Tilden's." In other words, his faithful work in behalf of the organized rum sellers and corruptionists has been appreciated. "His state papers and public addresses exhibit as high an order of acumen and breathe as fervent a spirit of democracy as Tilden's did. Judged by all the standards which we are wont to use in estimating the worth of public men, he is in every respect the peer of the sage of Gramercy Park." Nil nisi bonum! Thus Hill's sycophant degrades the memory of the departed Tilden. If any one desires to read some of those remarkable state papers, he should hunt up Hill's veto messages. His arguments against high license and ballot reform are so brilliant that they dazzle the untrained mind. In fact, unless one is possessed of extraordinary acuteness, he is forced to suspect that the governor is not of this earth, so much beyond the reach of ordinary minds are the official utterances of this great publicist. The enthusiast of the Journal does not stop with praise of Hill, the statesman, but goes on with panegyrics on Hill, the man, finally ending his masterly effort with the assertion that the editor is to be regarded as booming the saintly governor for the presidency. Well, we hope not; for if what the Journal says is true, we should prefer to see prefixed to the name of David B. Hill the title of "Rev. rather than that of "President."

**THE GUILD PIANO.**

IS IT UNKNOWN? Read what the greatest Music Publishing firm in this country says of it:  
We have rented and sold your pianos extensively, and recommend them as being in every respect reliable and satisfactory. OLIVER DITSON & CO., BOSTON.  
Messrs. Oliver Ditson & Co. have purchased upwards of 800 of our Pianos and never had occasion to make a demand on us for any defect in the instruments.  
No finer instrument has ever come under my inspection. I cheerfully recommend them as inferior to none in the market. HENRY S. CUTLER, Organist of Trinity Church, New York.  
I predict for your unrivalled pianos the highest popularity. They are now in the front rank of superior workmanship.  
Sincerely yours, HOWARD M. DOW, Organist of the "Church of the Unity" (Rev. Hepworth's), Boston.  
"Are the perfection of musical mechanism."—Providence Journal.  
"It is the sweetest-toned piano I ever heard."—From Mr. Harris, of England, the inventor of the celebrated "Harris Engine."  
Mr. H. C. Barnabee, the celebrated vocalist, says: "They are splendid in tone and action, and the handsomest pianos I ever have seen."  
I consider the Guild method of tuning the nearest perfection of any I have ever seen. I have often wondered why some method was not devised to tune the piano without turning the pins in the pin block. Guild has the right idea. The piano must stay in tune, and will certainly wear longer. G. W. RENWICK, Muskegon, Mich., August 9, 1890.  
No "slipping" or "springing" of tuning pins. The most beautiful cases. Guaranteed not to check. Mr. Guild recently wrote: "I am distracted with orders; make no new agencies. My improvements take like wildfire." It has been impossible for me to secure half the number of these pianos needed. They are coming on again, and I cordially invite all to call and see them.

**Rose Coghlan as Peg Woffington.**  
"Peg Woffington," for the opening play of Miss Coghlan's engagement is a good one. Not only is the play itself one that finds a ready appreciation in the mind of the average play-goer, but it is peculiarly well fitted to the talents of Miss Coghlan. Many consider Peg her best part. There is surely no character in her repertoire in which she appears to better advantage. That was the general verdict when she appeared here last year. Peg was a brilliant creature. She had many men at her feet. The vainest heart must have been satisfied with the adoration which she inspired. Yet with all the rollicking recklessness of her nature there lay in her heart a depth of human sympathy that was not often suspected by even those who knew her intimately. Stage masks often cover honest faces, and Peg was one of those whose real nature was concealed beneath a reckless exterior. Miss Coghlan realizes the part. She seems to be perfectly fitted to it. Few actresses could do it as well, and none better. She is consistent in her conception and her execution, and the im-

pression left is one of satisfaction. After all, what is better than good English comedy? It has the true ring, and to a discriminating mind is far more entertaining than the nondescript product of some later playwrights. Properly acted it leaves an impression over which one likes to linger, reviving pleasant memories. The charm is due quite as much to the play as to the players. If we had more of such comedy, the stage would be less open to reproach. The moment Rose Coghlan shows her merry smiling face on the stage, the audience always gives her a rousing greeting, and during the play she is made to reappear several successive times. She is the ideal "Peg Woffington," full of bounding vivacity and rosy beauty. She has caught perfectly the spirit of the part, and in her the madcap "Peg," with her saucy face and warm heart becomes a living reality.

The hunting of the microbe is a sport in which the Berlin doctors are pre-eminently successful. They have just caught the microbe that produces diphtheria, and if they can now discover a way to kill it without killing the patient, diphtheria will have no more terrors.

**We Have Been, in Every State, Telling the Truth About the Mehl'n Piano!**

**We Have No Fear!**  
We mean to keep it up until everyone is convinced that they are all we claim for them.

**They Are Made by Paul G. Mehl'n.**  
Piano Maker of many years' experience and a reputation world-wide.

**THE PAIR REPUTATION**  
of Mr. Mehl'n, and the investment of cash capital, with the broad views and high character of the manufacturers, furnishes irrefragable evidence of the universal excellence of every Mehl'n Piano.

**OUR PRICES**  
are especially so, on the Mehl'n. Being both wholesale and retail agents, we buy at Jobber's rates, and on Cash Terms, asking no more than low prices. We are, therefore, able to make a price in-  
sive commission by State agents, ex-  
pense. You need only pay for actual musical and desirable qualities.

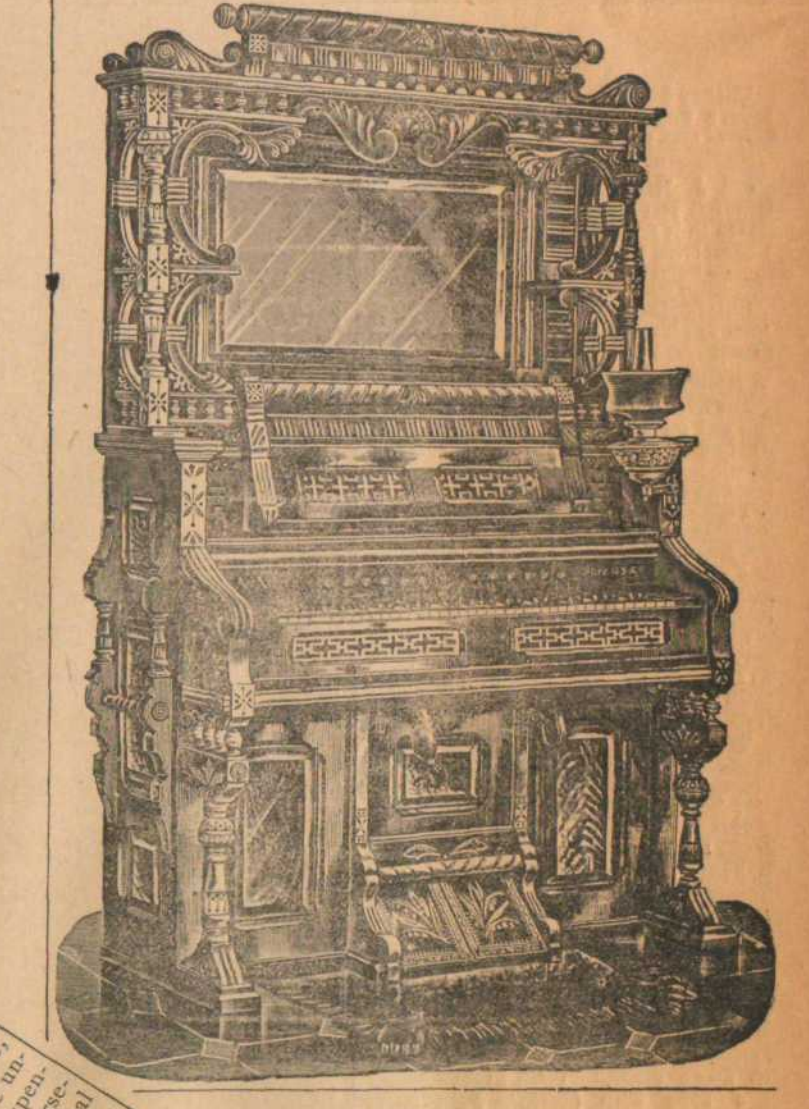

**MAY WE NOT SEE YOU** at our rooms? or if preferred, a postal card will bring us to you. Allow no prejudicial to prevent an investigation. It can do no harm, and you may find yourself wiser and richer.

**We Have** some two dozen Pianos on our sale-room floor. Some eight different factories are represented, including Chickering, Haines, Beardsley & Gray, Ivers & Pond, Weyman and others. We will try and please you, will give you abundant chance for comparison, and will save you money if you buy.

**ABOUT OUR ORGANS.**  
**WE** have no occasion to say very much about our organs. Selling them to agents in all parts of the State, we allow the agents to talk for them. Then our organs have a pretty effective way of talking for themselves. We are obliged to make just twice as many as we did one year ago, to enable us to supply the demand.

Everything which abundant capital, experience, capable workmen and honest endeavor can do to make our organs good, we do, and our success proves our efforts are appreciated.

There is a something, (we think it's merit), about them that makes musicians want them, and if you wish to see what that something is, you are welcome to our factory at any time. We will gladly show you "how we make 'em," and if we have no agent in your section, you will not go amiss if you get our factory prices.

A Saginaw Man Secures \$30,000 Through
Forged Drafts.
SAGINAW, Mich., Dec. 9.—The discov-
ery was made at one of the city banks
Monday that two drafts for \$500, drawn
by Louis D. Sanborn, accepted by
O'Donnell, Spencer & Co., and
discounted by parties in West Bay
City, had been raised to \$3,500
and \$4,500 respectively. Subse-
quently it was ascertained that over
\$30,000 in raised paper was afloat and
Sanborn's hand had illegally increased
its value. Then it was learned that
Sanborn fled from the city late Sunday
night and his whereabouts are unknown.
Previous to leaving he made an assign-
ment to his mother, and, it is re-
ported, made a confession to his lawyer.
He is 30 years of age and was the son of
George C. Sanborn, formerly one of the
most prominent business men in this
section. At his death Louis inherited
a large amount of money, which has
been invested in a silver mine in Colo-

liabilities will exceed \$100,000 and his
assets are meager.

FILLED WITH LEAD.

Merrin Kuhns, the Indiana Desperado,
Mortally Wounded.

FORT WAYNE, Ind., Dec. 8.—A special
to the Morning Journal from Churu-
msco, Ind., says: Merrin Kuhns, the
desperado who is wanted in different
localities for crimes ranging from house
breaking to murder, and for whose
arrest \$1,000 reward is offered, was
shot and probably mortally wounded
by Deputy Sheriff Wilkinson, of Fort
Wayne, near here Saturday evening. A
desperate gun fight between Kuhns,
two of his gang and three deputy
sheriffs followed the attempt to ar-
rest the desperado. In the fight
James Mease, of Kuhns' gang,
shot Officer Kennedy in the head, injur-
ing what is thought to be a mortal
wound, and was himself shot in the leg.
Kuhns received two bullets in the back
but succeeded in escaping on horse back.
Reinforcements were gathered and a
hot pursuit was given. Kuhns was
found two hours later at a farm house
near by where he fell off his horse. His
wounds are fatal. Mease was also cap-
tured.

THE BUSINESS OUTLOOK.

The Volume of Trade Still Very Heavy
Throughout the Country.

NEW YORK, Dec. 6.—R. G. Dan & Co.'s
weekly review of trade says that strin-
gency in commercial loans, noticed last
week as the chief cause of the present
disturbance, is now almost the
only remaining cause. In domestic
affairs there has been a distinct
improvement in the disposition of
banks and money-lenders to give
necessary support to legitimate busi-
ness, curtailing speculative advances as
far as possible, but the volume of trade
is still surprisingly heavy and the re-
turns from many centers of trade are
larger than ever before at this season.
With time and a spirit of mutual aid
the legitimate business of the country
should soon recover its normal state of
health.

A Huge Combine.

CHICAGO, Dec. 8.—The organization
of the American Harvester Company
was perfected in this city on Saturday,
Cyrus H. McCormick being chosen pres-
ident. The company comprises twenty-
five mower and reaper factories, all the
cutting-bar factories in the country and
many twine and cordage works. The
capital stock is \$35,000,000, and it will
do the mower and reaper business of
the world.

A Shortage in the Illinois Corn Crop.

SPRINGFIELD, Ill., Dec. 8.—The re-
port of the State Board of Agriculture
issued Friday shows that the area
planted to corn in Illinois during the past
season was 6,150,000 acres, which yielded
an average of twenty-six bushels per
acre, or a total yield of 160,000,000
bushels, against 248,000,000 bushels in
1889.

Driven from the Strip.

WICHITA, Kan., Dec. 8.—Lieutenant

fifty-five boomers from the Cherokee
strip Saturday. They were camped on
Bear creek twenty miles south of Cald-
well, and were forced to cross the
State line five miles east of Caldwell.
The cavalry is raiding the strip for
boomers.

The slope of the ground is such that the drainage is perfect, having a fall of
rom six to ten feet. We have laid drain pipe through our land.

We have filed our Plat and have given

8 1-2 Acres for a Park.

The University of Michigan has purchased ten
acres of land on South State-st, opposite our addition, for a Gymnasium and
Athletic Grounds. The Street Railway will be built within a block of the
addition.

We have paid Fifty Dollars for a handsome and
attractive plan for a Park.

Work has commenced on the streets and Park.
Seven new houses are already contracted for to be built upon our Addition
this year. New sidewalks have been laid, 1,100 shade trees have been
planted upon the streets and Park. Two professors in the University have
already purchased Lots in this addition, and will soon build good houses on
thei lots. Hutzell & Co. have donated a handsome Fountain for the Park.

All the Lots have an Alley 16 feet Wide,

in the rear. We have made the price of the lots very low. If you buy a Lot

The County Drain Commissioner submitted his Annual Report to the Board, which, on motion of Mr. Gregory, was received and ordered printed with the proceedings, and referred to the Committee on Drains.

ANNUAL REPORT OF THE COUNTY DRAIN COMMISSIONER.

To the Board of Supervisors of Washtenaw County.

GENTLEMEN—In accordance with the provisions of Section 9, of Chapter II, of Act No. 227, of the Session Laws of 1885, known as the Drain Law, I have the honor herewith to submit my Annual Report as County Drain Commissioner, covering the period from January 1, 1890, to October 16, 1890.

The following named drains were found and finished within the year under the duties of my office, viz: The Bridge-water, or Columbia Lake drain, the John Bird Drain, of Augusta township; and there was an application from Mr. Lamparter, and others residing in the township of Freedom, to open and construct a drain in the townships of Freedom and Bridgewater.

Table with 2 columns: Description and Amount. Includes items like To Jerome Allen, for Surveying, \$5.00; To H. Rutherford, as Commissioner, \$15.00; Total, \$20.00.

The following named drains have been begun by me during the year, and are only partly completed, viz:

The Hutchinson drain, of Augusta Township.

The Augusta Central drain, of Augusta Township.

The Freedom and Bridgewater drain.

The application for the last above drain was filed with Mr. Greenman, September 2, 1889. I went to work at it in March last, and surveyed the drain, but the parties that owned the land would not release the right of way for said drain, so I made application to the Judge of Probate of Washtenaw County for Special Commissioners, and the proceedings have dragged along until the 13th inst., when the Commissioners and myself met to view the proposed drain. The Commissioners will make their return this week Saturday.

I also received an application for a tile drain from W. W. Voorhees, Caleb Eaton and others, to open and construct a tile

drain in the Township of Ypsilanti. I caused a survey of the proposed drain and proceeded to open and construct the drain, and the parties that owned land that the proposed drain crossed would not release the right of way across their lands, and were going to contest the validity of putting a tile drain across their lands, so Mr. W. W. Voorhees and Caleb Eaton signed an agreement to discontinue the proceedings.

The following drains have been applied for but not established, for the reasons given in each instance: I received an application from Mr. C. H. McMullen, Township Drain Commissioner of the Township of York, to clean out a drain in said Township known as the Butler and Hallock drain. I have caused a survey and level of said drain, and will endeavor to get it cleaned out this fall.

It was ordered by M. J. Lehman and Frank Duncan, Supervisor of Northfield, to go out to Whitmore Lake and look after the outlet to Horse Shoe Lake drain, stating that T. A. A. & N. M. Railroad was obstructing that drain. Went out there February 26th, and found that they were changing the course of drain, but not to obstruct or damage the same. Went out again about ten days later and accepted their work when completed.

And I do hereby certify, That the above embraces a full and true report of all the drains constructed, finished or begun under my supervision during the year now ending, and that the financial statement of each drain is true and correct, to the best of my knowledge.

All of which is respectfully submitted. Dated, this 16th day of Oct., A. D. 1890.

## A Product of Evolution.

It is scarcely credible, in the light of recent railroad achievements, when one considers the high speed attained, the almost absolute protection from danger afforded by block signals, air brakes, and the various safety appliances, the luxurious appointments of palace cars, and the number of through express trains in regular service, that this remarkable development has all resulted within the past fifty years. The New York Central & Hudson River Railroad is to-day probably the most worthy exponent of luxury in travel, presenting the latest improved devices for ensuring the safety, comfort and pleasure of its patrons. The high standard of excellence maintained by the New York Central's "Limited" trains is emulated in all branches of its service. 32
