SEWERAGE A BIG BUGBEAR.

JUDGING FROM THE ACTION OF THE COUNCIL.

They Refuse to Accept a Petition and Refer it to the Sewerage Committee—Alderman Wines Fires a Bombshell—Other Doings of the Council.

The word "sewerage" seems to have the same effect upon some of the aldermen that a red rag has upon a mad bull. Let the subject be mentioned, and at once they put on their figurative boxing gloves. On Monday evening a petition relating to the subject and signed by 129 persons was read by the city clerk. A motion was made to receive it and spread it on the records. The council said no, Alderman Martin changing his vote from affirmative to negative so that he might reconsider when the absent members of the council should arrive. Then it was moved that the petition be received and placed on file. This motion also was voted down. Alderman Wines, at this point, indignantly protested against this shabby treatment, saying that it was evident the aldermen did not care what the people thought about the question. Then Col. H. S. Dean took the floor. He should think that the council would only be too glad to shift the responsibility and allow the people to decide whether they should have sewerage or not. G. F. Allmendinger showed at some length why the petition was circulated. Not one person whom they had approached, whether he was in favor of sewerage or not, had refused to sign. He knew that a scheme was on foot to bond the city for \$100,000, and to build the entire system at once. He believed that plan to be unfair, because it would impose burdens on many people who would gain no benefits and because it would saddle a heavy debt upon the city. City Attorney Norris examined the petition critically and noticing that it called for a special election in November, suggested that it would be illegal to vote in 1891 money which should be raised in 1892. J. V. Sheehan, upon request, made a few remarks, suggesting that before the council proceed they receive bids for building the main sewer, and thus give the people some idea what it would cost. After further discussion Alderman Martin moved that the motion by which the council refused to spread the petition on the records be reconsidered, but the council refused to do so by a vote of 7 to 5. Then Col. H. S. Dean walked up to the clerk's desk and asked for the petition, saying that, inasmuch as the council had refused to receive it, it belonged to him. The president ruled that it could not be returned. Finally the council, without receiving the petition, referred it to the sewerage committee. The innocent little document which created so much trouble reads as follows:

The undersigned citizens and tax payers of the city of Ann Arbor respectfully petition your honorable body to submit to a vote of the people of the city the proposition to raise by a tax to be levied in the year 1892 the sum of \$20,000 for the purpose of building a main sewer in accordance with the plan submitted by Prof. Chas. E. Greene and unanimously recommended by the committee on sewerage created by your honorable body, and the time for submitting said question to a vote of the people be fixed in the month of November, 1891.

A BOMBHELL. The council, upon motion of Alderman O'Hearn, took up the project of building a stone culvert over the race on Pelch-st. Alderman Wines wanted

to know where they were going to get the money with which to pay for it. He reminded the aldermen that, according to the charter (section 186, page 95) the council had no right to vote away money from any fund when the fund was already overdrawn. The inference was that when aldermen did so, they were individually liable. Inasmuch as the city had been running into debt for several years in the form of overdrafts, the council did not become badly frightened and after further discussion they decided to order a stone culvert.

OTHER BUSINESS. Upon motion of Alderman Herz, the city clerk was authorized to advertise for bids for furnishing eighty electric lights during the year 1892. The sum of \$75 was appropriated for re-grading the alley between Main, Washington, Ashley and Huron-sts. All moneys received from fines and officers' fees were, upon motion of Alderman Taylor, placed to the credit of the police fund. A number of sidewalks were ordered, and other minor business was transacted. At 10:30 the council adjourned.

What They Say. Everybody talked about the election yesterday. It was evident that the Republicans were the more jubilant; yet even the Democrats affected satisfaction with the result. There seemed to be good feeling on all sides. The following expressions of opinion from members of both parties were overheard yesterday:

Mayor Doty—"I think the net result of the elections is a Democratic gain. The Republicans have precipitated the policy of protection upon their party, and I was afraid they were going to dodge it."

Robert Campbell—"I am glad if the Democrats can feel happy over the result, but I think the Republican party is safe for 1892."

Ezra B. Norris—"Well, we won in four out of five states; it is possible we have lost Ohio, but I never did have much faith in that state."

J. Q. A. Sessions—"What's the news? Good news, all except New York. The election of a man like Flower is a blot upon the nation."

John J. Robison—"What about the election? It's all right. Vox populi, vox dei."

G. F. Allmendinger—"It's a little mixed. Each party can get enough out of it to make next year's election very uncertain."

A. W. Hamilton—"I don't think the election determines anything. The fight will be on next year between Blaine and Cleveland, or, if Blaine won't accept, between Harrison and Cleveland. The only salvation of the Democrats is to nominate an eastern man."

Col. H. S. Dean—"The result in Michigan was good. The fifth district is a corker. Ohio did nobly. Whenever financial issues have come before it, Ohio has never failed to make a stand for honest money."

One prominent Democrat expressed himself as pleased with the election in Detroit. "It is evident, said he, 'that the decent men united on Pingree.'"

Methodist Ladies Meet.

The Woman's Foreign Missionary Society of the Adrian district met in the Methodist church on Wednesday and Thursday last. About 100 delegates, seventy of whom were not residents of Ann Arbor, were in attendance. Dr. Meta Howard, a returned missionary from Corea, and Miss Rose Bower, from Africa, were present. The former delivered two interesting addresses. Another able paper was the "Romance of Egyptian Missions," by Rev. C. M. Coburn, who has traveled extensively in Egypt and is well known as an antiquarian. Mrs. Coburn treated in a forcible manner, "The Influence of Missions upon the Church." The other Ann Arbor ladies taking part were: Miss Olive Wines, who gave a recitation; Miss Alice Cramer, who sang a solo; Miss Winnie Dewey, who recited, "A Penny a Day;" Miss Grace Hendrickson, who gave a violin solo; Miss Margaret Carhart, who recited, "Not in Vain," and Miss Lucy Cole, who sang a solo.

All the old officers of the society were re-elected, except the secretary. Mrs. W. J. Johnson, of this city, will continue to act as treasurer. Resolutions were adopted, thanking the Ann Arbor people heartily for their hospitality. The sessions of the society were interesting and showed that the ladies were enthusiastic in behalf of missions.

A Grand Success.

The Catholic fair closed on Saturday night. The estimated receipts were nearly \$3,000. The net receipts will not fall far below this amount. The vote for the most popular man in Washtenaw county resulted as follows: J. F. Schub, 1333; Dr. W. B. Smith, 104; John Eisele, 910. Mr. Schuh will hereafter drive in the fine buggy donated by Martin M. Seabolt, and will, beyond doubt, wear his honors gracefully.

UNIVERSITY OF MICHIGAN

NEWS AND GOSSIP GLEANED FROM THE CAMPUS.

Estimates on the Enrollment—Ham, Shem and Japhet Meet on a Street Corner—The Republican Club—Football Games—Minor Notes.

The number of names on the steward's books Tuesday was as follows: Literary, 1212; law, 615; medical, 375; dental, 188; pharmacy, 83; homoeo pathic, 78; total, 2,553. Upon footing up these figures, a representative of THE REGISTER asked Mr. Wade whether he thought the attendance would reach 2,700. "No," he answered, "I do not; there will probably be 140 more entries, but you must remember that every year our losses amount to 75 or 80. We are going to have between 2,620 and 2,640 students this year. Mark my words, and see if I do not strike it correctly." In view of these estimates, which are given by the best of authority, it would appear that the Sunday Free Press was wildly extravagant in placing the figure at 2,800. Even with 2,620, the University of Michigan would pass Harvard and exceed its own number last year by 200.

Speaking of the cosmopolitan character of Ann Arbor, Ham, Shem and Japhet were seen to meet on a certain street corner here a day or two ago. Ham was a young colored man from Chicago, last year chosen orator of the class of '94, Shem was a pretty little Hebrew "co-ed" of '95, and Japhet a post-graduate "Jap" in the law department. Here were represented, by students in the University of Michigan, the three great races of the world—Caucasian, Mongolian and Ethiopian. The "Jap" and the "shade" were facing each other, while the little Jewess met them at right angles. The negro drew back with the instinctive politeness of his race, and the Jap, in dandified attire, balancing himself on his diminutive patent leathers, modestly cast down his eyes as the fair vision flitted by. The whole scene might have stood for a monograph on "The Influence of Modern Education."—Detroit News.

AROUND THE CAMPUS.

The Beta Thetas entertained on Friday evening. Ralph Stone has been elected base ball manager. The students were unusually quiet on Halloween.

The gymnasium plans have not yet been perfected. The allopathic hospital will be opened on or about November 10.

Ernest Voss, of Saginaw, began his labors Monday as instructor in German. James E. Duffy, of this city, has been elected president of the Democratic club.

The junior lites defeated the Normal school at rugby last Saturday, scoring 42 to 0.

The senior independents meet next Saturday morning to nominate class officers.

The junior lites defeated the University team at rugby on Friday last. The score was 12 to 10.

J. W. Browning, of the senior law class, has been elected president of the Pennsylvania Club.

Work is still being done on the athletic grounds. They will not be completed, however, till next spring.

Judge Isaac Marston, of West Bay City, who died on Sunday last, graduated from the law department in 1862.

A freshman medic named Blair won the pie-eating contest at the Halloween social given Friday evening in the Congregational parlors.

A rush took place in the law building, Tuesday, between the juniors and seniors. Dean Knowlton himself was caught in the stream.

Prof. D'Ooge will lecture on University Extension before the Adelphi tomorrow evening. The society will meet in Room 24 at 8 o'clock.

The law department has a Mr. Turnipsed. Strangely enough, he does not belong to the Farmers' Alliance but is a howling Democrat.

The U. of M. Daily takes the Harvard Crimson to task for claiming that there is a growing tendency of western students to go east and retaliates by showing that Michigan last year drew 223 students from the eastern states.

An enthusiastic meeting of the Republican club was held Monday evening. W. C. Tichenor presided, and speeches were made by Messrs. R. A. Hall, of West Virginia; Mr. Burke, of Pennsylvania; H. D. Jewell, of this city; C. H. Towle, of Nebraska; Mr. Burnet, of New York, and Mr. McKenzie, of Ohio.

The Butler rugby team last Saturday "was not in it." They returned to Indiana with a record of 42 to 6 in Michigan's favor. The game was a good one. Ed. DePont, of this city, acted as referee. The 100 yards dash, which followed the game, was won by Wm. Hunter; the 220 yards dash by Kenson and the 440 yards dash by Lyster.

The Supervisors' Session.

The final session of the supervisors, on Thursday, was devoted to the task of equalization. Two reports were received. A majority report, signed by Messrs. Thos. Young Jr., Wm. Burtless and Wm. Dansinzburg, and a minority report, signed by Messrs. James Kearns and Phillip Duffy. The former was adopted by a vote of 19 to 8, those voting in the negative being Messrs. Duffy, Bennett, Billie, Duffy, Kearns, Miner, Oesterlin and Speeclly. The majority report raises Ann Arbor's assessment \$204,000, that of Sylvan \$15,000 and Ypsilanti first district, \$60,000. The changes made can be seen by consulting the following table:

Ann Arbor City	Real	Personal	Total	Equalized	Revised

The supervisors instructed the county clerk to keep separate accounts of sparrow orders and appropriated \$50 to pay him for the extra work.

Twenty cents per meal will be allowed the sheriff for boarding prisoners. Washtenaw county will pay \$39,610.03 state taxes, and \$35,000 county taxes.

All Very True.

Mrs. J. T. Sunderland, of this city, delivered an address, Thursday, before the National Convention for the Advancement of Women, in which she insisted that foreigners become citizens too soon and that, in Ann Arbor, they block the wheels of progress so far as the abolishment of the saloons is concerned.—REGISTER. It would be interesting to see what Ann Arbor would be with these blocks to the wheels of progress, the foreign citizens, eliminated.

The three elements of Ann Arbor's prosperity are the University, the Court House, and last, but not least, the foreign element in the business of the city, and in the sturdy farmers of Manchester, Bridgewater, Freedom, Lodi and Northfield, a majority of which are of foreign origin.—Sentinel.

Livingston county, besides being the home of several noted men, and the greatest bean raising county in the state, is rapidly developing a new industry, it being that of frog raising. A large green palatable frog abounds in the lakes and marshes of the county. He is worth from 50 to 75 cents a dozen in Chicago, and is considered cheap at that. A good frog catcher, who understands his business, can catch from eight to twelve dozen per day, and not overwork himself. One man at Brighton has recently shipped 200 dozen to Chicago, and others are also engaged in the business. Livingston county has long been noted for its fish, handsome girls and great stamens; now it bids fair to beat the world on frogs.—Livingston Democrat.

A RIVER HORROR.

Twenty Persons Perish by
Burning of a Steamer.

The Oliver Beirne, with its Cargo, De-
stroyed Near Vicksburg, Miss.—
Loss of Many Passengers
and Deck Hands.

AN APPALLING DISASTER.
St. Louis, Oct. 30.—A special from
Vicksburg says the handsome steamer
Oliver Beirne was burned to the
water's edge at 3:30 a. m. near Mil-
ken's landing, 25 miles above Vicks-
burg. Twenty passengers were either
drowned or burned to death.

The Oliver Beirne left this city
Wednesday, October 21, with a list of
over 100 deck passengers and fifteen
cabin passengers. This list was in-
creased by additional passengers taken
on board at Cairo, Memphis and other
landings down the river.

Most of the passengers and crew
were asleep when at 3:30 o'clock an
alarm of fire was suddenly sounded,
and almost before anyone was awake
the boat was in flames. The blaze orig-
inated on the lower deck, from what
cause no one has yet been able to
learn, and communicating to the dry
cotton, was soon burning with great
fierceness. The crew of the boat were
aroused, and with the passengers who
were awake, gave the alarm to those
who were asleep. A rush was im-
mediately made for the forward part
of the boat and many got off in
safety, but that avenue of escape and
others were soon cut off and the un-
fortunate passengers and crew were
forced to plunge into the water. The
crew of the boat displayed commend-
able coolness and every effort was
made to rescue those who had not
reached the shore.

The following is a partial list of
those known to have perished: Two
children of Dr. Worrall, of Baton
Rouge; Sam Entriecken, son of Valen-
tine Entriecken, of New Orleans, two
chambermaids, Miss Adams, of Omaha,
Mrs. Woodridge, of New Orleans, a
nurse girl, of Mrs. Fraser, five cabin
boys and several roustabouts.

The steamer Oliver Beirne was a
new and handsome passenger boat and
was built at Jeffersonville, Ind., four
years ago. She has been used in the
excursion traffic on the Mississippi river
for the last two summers and during
the winter season has plied be-
tween local points at the lower end of
the river. The boat was valued at \$50,000
and was owned by the Planters
and Merchants' Packet Company of
New Orleans. She was fully insured.

MILLEN'S FUND, La., Nov. 2.—The
bodies of nine victims of the disaster
that befel the steamer Oliver Beirne
here have been recovered.

MURDERED FOR HIS MONEY.
The Body of a Missing Man Found in a
Lonely Michigan Creek.

CENTREVILLE, Mich., Nov. 3.—Edward
Jones, 35 years old, has been missing
since October 8. Monday his body was
found in Hog creek, near the cem-
etery, by friends who had found his
shoes where the remains were recover-
ed. He had on a new suit of
clothes when he disappeared, and they
had been taken off and thrown on the
bank. His shirt was torn and bloody.
The coat was saturated in blood. He
was known to have had \$75 and a gold
watch on his person, but they cannot
be found. Everything indicates a mur-
der, presumably by traps.

JAPAN'S WOE.
Further Details of the Ruin Caused by
the Earthquakes.

YOKOHAMA, Nov. 2.—Latest news
from the sections visited by the earth-
quake last Wednesday show that the
results were terrible in the extreme.
The lowest estimate places the loss of
life at 24,000. The towns of Nagoya,
Gifu and Ojaka were completely de-
stroyed.

Killed by a Fall.
ST. PAUL, Minn., Nov. 2.—Mrs. Lucy
Todd Gilbert, aged 87, mother of
Bishop Gilbert, was found dead lying
in a pool of blood on the sidewalk
fronting the bishop's residence. It is
supposed that she awoke in the night
and, being restless, commenced moving
about in an aimless way, and mistak-
ing the window for a door, walked
through it.

Terrible Treatment of Jews.
ODESSA, Nov. 2.—A letter from Star-
rodub received here asserts that during
the recent anti-Semitic riots in that
town five young unmarried Jewesses
were so barbarously outraged and mal-
treated that they have all since died.
According to this letter twenty Jews
in all were killed during the distur-
bances.

PRAIRIES ON FIRE.

Many Farms Devastated in Kan-
sas and North Dakota.

A Number of Persons Missing, and It Is
Feared They Have Perished—Farm-
ers Lose Heavily in the Kan-
sakes (Ill.) Valley.

RUIN BY PRAIRIE FIRES.
KANSAS CITY, Mo., Oct. 31.—Reports
received here from Kansas show that
vast prairie fires are raging all over
the western part of the state and also
in many counties in the eastern part.
From Franklin county comes the report
that thousands of tons of hay have
been burned, while corn in shock
and bins have also been destroyed.
The fire in Gray county is supposed to
have started from a spark from a loco-
motive, and as the grass is like tinder
it spread rapidly and soon swept
over the county, licking up everything
in its path. In Butler county the
flames overtook a herd
of cattle, and sixteen head were
burned, while seven others were so
badly injured that they will die. Not
only was the grass burned but every
house in the line of the fire was de-
stroyed, and from the meager details
obtainable it is thought that seven
houses were burned in Butler county
alone. In Franklin county two houses
have been burned with all their con-
tents, and the fire is still rag-
ing fiercely. In Ford county the fire
had no time to prepare for the fire
and were compelled to flee, leaving
everything behind them and losing all
the grain, buildings, stock and im-
plements in the place. Thousands upon
thousands of grazing lands have been
burned over, and as there were many
herds of cattle upon them, numbering
into the thousands, the loss among cat-
tle is supposed to be very great.

There is no authentic report of loss
of human lives by the fire, but it is said
that two men who were fighting the
fire near Beaumont were overcome by
the flames as they were running
toward the town. They have
not been seen since. They started
along the track, but the people
of the town were so busy look-
ing after the safety of the place
that they did not pay much attention
to the men. Near Argonia Mrs. C.
Twining was burned up in her house.
This fire surrounded the town of Ar-
gonia and it took hard work to save the
buildings on the outskirts. A tele-
gram from Guthrie, O. T., received
late Friday night says prairie fires
have swept over the entire Pottawato-
mie reservation and the adjoining
counties, doing thousands of dollars'
damage. Hundreds of farmers have
lost all their hay, grain and pasture, while
a score or more have their homes de-
stroyed. Many new settlers were
caught on the road and their
wagons loaded with their household
goods burned. No lives were lost but
a large amount of live stock perished,
and the fire is still raging in the
wooded district, where hundreds of
people have been fighting the flames
all day.

MANDAN, N. D., Oct. 31.—A prairie
fire that started Thursday night north-
west of Mandan and burned toward
the Missouri river did considerable
damage. A range 40 miles long by 20
miles wide was burned.

MONMOUTH, Ill., Oct. 31.—Prairie fires
are sweeping the country east of this
city between the Chicago & Indiana
coal road and the Kankakee river.
The heaviest losses thus far are the
Chatfield brothers, one-half
mile east of Monmouth, who lost
all their farm buildings Friday
afternoon, including 4,000 bush-
els of grain and a large amount of hay
and implements. Their loss is between
\$5,000 and \$6,000. Farther east and
south the fire swept over a dozen
farms, burning several hundred tons
of hay, but destroying no buildings of
considerable value. Unless the stiff
south wind abates the loss will
be much larger, as the fires are still
burning.

INDEPENDENCE, Mo., Oct. 31.—Prairie
fires near here destroyed sixty
acres of corn and thirty tons of hay,
besides several sheds, board fences,
etc.

ST. LOUIS, Nov. 3.—Forest fires are
devastating western St. Louis county.
The damage will reach a considerable
figure unless rain saves the threatened
property. Tom Nicholls's homestead
fire started the blaze. The house was
consumed, a loss of \$5,000.

MASQUOTA, Ill., Nov. 3.—Forest
fires have been raging in Kaskasdia
river bottom, 10 miles south of here,
for several days. Some farm property
and a vast amount of timber have been
destroyed.

MIDLAND, Ont., Nov. 2.—A sad
drowning accident occurred Saturday

Mr. Freese succeeded in gaining his
liberty, but the robbers had made good

dates of half dollars before 1894; quarters of all dates

1867; six-cent nickels of 1877 and 1883; all dates
of three-cent pieces; nickel three-cent pieces

that are worth but few cents." One Boston broker, Mr. W. E. Skinner, buys from agents all over the country, and pays them big sums for
"new coins." Claim that the country are often easily fooled. Largest bus-

THE ELECTIONS.

THE people have again spoken. Their verdict, so far as national issues are concerned, is full of encouragement to Republicans. There is greater reason than ever to expect a victory next year.

Major McKinley, the able champion of protection and honest money, wins Ohio by a majority of 22,000, despite the fact that the Democrats, aided by the People's party, have made the strongest campaign they have made for years. The legislature is Republican, and the re-election of Senator John Sherman is thus made certain. The contest in Ohio was waged with reference to national issues solely. Free trade and free coinage were still more ably opposed by the Republicans. It is evident that the people of Ohio are not affected by the dreamy vagaries and delusive promises of theorists and demagogues. It is evident also, that with protection, reciprocity and sound money for watchwords, the Republican party will have no difficulty in carrying the state of Ohio, as well as the nation, next fall.

New York gives Roswell P. Flower a majority of 50,000 over J. Sloat Fassett. Upon Flower the Hill and Cleveland wings of the Democracy united, and a powerful machine, oiled with liberal supplies of money, brought about Democratic success. Tammany Hall now has control of the State House at Albany and is ready to take possession of the White House itself. The Republican party should put forth every effort to redeem the great Empire state, for upon its success depends the cause of honest government.

Iowa was won by the Democrats on local issues, Governor Boies securing a plurality of 8,000. National issues were little discussed during the campaign and all possible stress was laid on the Prohibition question. Saloonkeepers and brewers united. Thousands of dollars were poured into the state, in order that Democratic ascendancy, and with it the ascendancy of the saloon, might again be imposed upon Iowa.

Pennsylvania goes Republican by 55,000, while Governor Russell carries Massachusetts by 5,000.
 A very significant victory was that of Charles E. Belknap in the fifth district of the state. The Democratic majority of a few years ago has been reversed. It is evident that Michigan has no love for "sawbuck" methods, or for Democratic doctrines.

Detroit has again cast its vote for Pingree. Most of the boodlering aldermen were defeated. William G. Thompson, of unsavory reputation, and John Miner, author of the iniquitous gerrymander, have both been rebuked. The result of the Detroit election is a source of joy not only to the citizens of the metropolis but to every honest man in Michigan.

The lesson to be learned from the elections of 1891 is this: The Republican party is sure to win when national issues are brought to the front. Now for 1892.

IGNATIUS DONNELLY, the would-be leader of the farmers' alliance, is in a bad way. Some time ago the St. Paul Pioneer Press launched against him a tirade of abuse and accusation, charging him among other things with bribery. A libel suit followed and Mr. Donnelly received \$1 damages. Many of the Minnesota newspapers consider this proof that the charges were true and that the great reformer is himself in need of reform. Mr. Donnelly is certainly placed in a very bad light.

THERE should be no further delay about submitting the sewerage question to a vote of the people. Nearly every one, whether favoring or opposing the proposed improvement, is anxious to see something done—and no valid argument, either in the council or in the press, has yet been advanced, why a special election should not be held immediately. Only three interpretations can be placed upon the action of the council; either a majority are opposed to sewerage *per se*, or they wish to bond the city, instead of levying a special tax, or they are swayed by their prejudices.

ALDERMAN WINES opportunely called the attention of the council, Monday night, to the reckless methods of financing pursued by the council during the past few years. It may not be known generally that Ann Arbor has a slowly increasing debt, in the form of overdrafts, which bids fair to exceed \$20,000 by February 1st. This debt should either be bonded or paid by a special tax, so that the city may commence the fiscal year even with the world. The charter expressly says that the expenditures in any year are not to exceed the aggregate taxes. Is it not more than likely, as Alderman Wines hinted, that the aldermen are legally liable if they violate this clause?

CHICAGO, rivaling New York in all other things, now proposes to have a Tammany hall that will cast the Gotham organization quite in the shade. The idea, as gleaned from Chicago papers, is the solidification of the Democrats in Cook county in such a way that their organization can never be broken up or defeated. The plan will be carried out by the election of five committeemen in each precinct, such committeemen to elect two central committeemen in each ward, who shall have the management of party affairs within the county of Cook. With Tammany halls in every large city—all working together, under the guise of democracy, for the control of offices and the spoils of corruption, the United States would be in a very dangerous plight. Slavery itself in its day was not more of a curse than is the growing power of saloon politicians and corruptionists.

WADE HAMPTON, the celebrated South Carolina Democrat, has remarked that the Farmers' Alliance is going to pieces and that it will assuredly not last more than four years longer. He asserts that the uprising was founded on demagoguery and fanaticism and characterizes the sub-treasury plan, advocated by them, as so absurd on its face as to make argument unnecessary. Mr. Hampton is far too harsh. The men who founded the alliance, beloved of them, at any rate, honestly believed that they had grievances and that they knew just what remedies should be applied. They were, however, mistaken in severing all relations with existing parties, and in favoring impracticable schemes. Thanks to the Republican policy, which strengthens the home market and at the same time extends the foreign when it can be done advantageously, farmers are prospering, despite the evident decline of the organization which claims to represent them.

Card of Thanks.
 The people of St. Thomas' church, one and all, wish to cordially thank the newspapers, the different musical organizations, and the citizens in general, of Ann Arbor, for the kind assistance given in the late fair. We freely admit that without this assistance the fair would not have been such a success.
 E. D. KELLY, Rector.

SOCIETY NEWS AND GOSSIP.

PARTIES, VISITS AND VARIOUS SOCIAL EVENTS.

Entertainment at High School Hall—The Baumgartner-Wincer Wedding—Parties and other Social Events—Personal Gossip.

AT HIGH SCHOOL HALL.
 Home talent furnished a first-class entertainment at high school hall, Friday evening. Mrs. T. C. Trueblood's impersonation of the various characters in Silas Marner was skillfully made. Her Dunstan, Godfrey, Squire Cass, Marner, Nancy, Dollie Winthrop were, it is safe to say, true to the characters depicted by George Eliot. Miss Lucy K. Cole favored the audience with four of her prettiest songs, all indicating natural talents as well as culture. Equally praiseworthy was the "Widmung" of Mrs. W. F. Edwards. The program closed with Mendelsohn's "Greeting," a duet by Mrs. Edwards and Miss Cole. The audience manifested much pleasure throughout the entire entertainment.

WEDDING BELLS.

John Baumgardner, the well-known marble dealer, and Miss Pauline Wincer were married Tuesday morning at seven o'clock, in St. Thomas' church, Rev. E. D. Kelly officiating. After partaking of a wedding breakfast with a company of relatives and friends, they took the train for Tiffin, Ohio. They are expected to return today. Their future home will be at 24 north Fifth-ave—where they will receive the congratulations of many friends.

The Ideal Baking Powder
 is
Dr. Price's Cream Baking Powder.
 For more than fifty years Cream of Tartar and Bicarbonate of Soda have been used for leavening purposes with sufficient flour added to preserve the strength of the powder unimpaired, and this with the addition of whites of eggs comprises this pure and wholesome leavening agent, that has been the standard for 40 years. In its use pure, wholesome and delicious food is always assured.
 Makes cake and biscuit that retain their moisture, and while they are flaky and extremely light they are fine grained, not coarse and full of holes as made with ammonia baking powders, latter dries up quickly. Alum powders leave a bitter taste in the bread or cake.

OUR YPSILANTI RAMBLER.

Tells What He Has Seen and Heard in that Burg During the Past Seven Days and Nights.
 Halloween passed off without the witches acting up very badly. To be sure, the aid of many prophetic spirits were invoked at the different Halloween parties, while girls peeped tremblingly into looking glasses and boys sowed hemp seed in the dark. The Catholic fair will be held in Light Guard Hall from December 8 to 16 and bids fair to be a great success. The Ladies' Library association are giving a series of entertainments to help bring in the shekels. Mrs. Ellen Murphy's thimbles, which were on display at the library building, were very unique and interesting. Prof. Springer, of the Cleary college, is trying to snatch around a football team out of the crowd of youngsters in that institution. One of our firms has an Egyptian mummy on display, which is evidently a real, "fresh" specimen. It attracts much attention, and many curious questions from people who evidently have heretofore supposed mummies were chiefly an article of food.

Pertinent Observations.
 Grover Cleveland says many absurd things, but occasionally he hits the mark exactly. In a recent speech he said: "It must be confessed that both here and in other parts of the country, those engaged in business pursuits have kept too much aloof from public affairs and have too generally acted upon the theory that neither their duty as citizens, nor their personal interests, required of them any habitual participation in political movements. This indifference and inactivity have resulted in a loss to our public service. I am firmly of the belief that if a few business men could be substituted for professional men in official places the people would positively gain by the exchange. And it is strange to me that our business men have not been quicker to see that their neglect of political duty is a constant danger to their personal and special interests. They may labor and plan in their counting houses or in their exchanges, but in the meantime their business bearings, which in their operation will counteract all their labor and defeat all this planning."

An Interesting Number.
 The Forum, which, month after month, usually has discussions of the most important subjects that engage the public attention, comes for November with a thorough review of the politics and the armies of Europe, which consists of two leading articles: one, "Dangers to the Peace of Europe," by Prof. Edward A. Freeman, the eminent historian. The other article, "The Armed Peace of Europe," by Mr. William R. Thayer, the well-known American student of foreign affairs, who has made a fresh study of the subject in Europe. Mr. Thayer tells of the exact military equipment, and the cost thereof, of each of the great powers.—Forum Pub. Co., New York, N. Y.

Not Much of a War.
 More than one of our contemporaries have alluded facetiously to the "baking powder war." There is no war of the character indicated. A certain baking powder achieved fame because it was better than anything that had previously been prepared, and because it was advertised in a liberal, original and judicious manner. The success of this powder led to imitations as success always does, but to assume or to intimate that there is war between the Royal Baking Powder and its more or less feeble imitators suggests the picture of a death grapple between an eagle and a house-fly.

Catarrh
 Is a constitutional and not a local disease, and therefore it cannot be cured by local applications. It requires a constitutional remedy like Hood's Sarsaparilla, which, working through the blood, eradicates the impurity which causes and promotes the disease, and effects a permanent cure. Thousands of people testify to the success of Hood's Sarsaparilla as a remedy for catarrh when other preparations had failed. Hood's Sarsaparilla also builds up the whole system, and makes you feel renewed in health and strength.

"the Royal Baking Powder is undoubtedly the Purest and most reliable baking powder offered to the public.

E. F. Mills & Co. always do exactly as they advertise, and this is the secret of the success of their special sales.
