

## NO ELECTRIC LIGHTS

**GOV. RICH REFUSES TO SIGN THE U. OF M. APPROPRIATION.**

But Has Signed the Bill Removing the Homeopathic Department to Detroit—Gov. Rich Says the Sixth Mill Tax is Enough—Then the State Has No Money—But Then Where Will the \$25,000 Come From to Establish the Homeopathic School in Detroit?

Just before going to press we learn that Gov. Rich has failed to approve of the U. of M. appropriation bill. He says the one-six mill tax is enough—still he signs the bill to remove the homeopathic school to Detroit and give \$25,000 to start it there. If the state has no money, where is this \$25,000 to come from?

## A BUSINESS SESSION.

### THE CITY COUNCIL WORKED HARD MONDAY NIGHT.

A Few Would-Be-Sensations Sprang—One, An Attempt to Side-Track the Street Commissioner—The Jackson Tile Co. After The Hutzels—The Bridge Over the M. C. R. R. Comes up Again—The Question of Accepting Sewer Bids Considered.

Their was a full council present last Monday night. The present council is a business one and began to grind promptly on time. The first matter to come up was a communication from the Jackson Tile Co., stating that Mr. H. Hutzel had not paid for tile used and asking that the city withhold money due Mr. Hutzel until the amount due the Jackson Co. is paid. The matter was referred to the finance committee. The report of the board of public works recommended that the bid of Henry Collins, of Detroit, be accepted as he was the lowest bidder for both sewers. It was intimated that Collins was not likely to be able to carry out his contract, if it should be given him. The question of employing Ann Arbor labor also came up. Several of the aldermen were in favor of securing a promise from whomsoever was given the job to employ Ann Arbor labor. This was discussed but no definite action could be taken as nothing more than a promise at best could be obtained from any contractor since no legal requirement could be inserted in the contract. The matter was then referred to the sewer committee who will report at a special meeting of the council next Monday night. The board of public works also reported that the bridge over the M. C. R. R. on Detroit-st. was in an unsafe condition, and asked what the council wished done about it. This at once brought up the matter of the legal complication between the railroad and the city relative to keeping this bridge in repair. The matter was finally disposed of by a resolution ordering the board of public works to at once put the ridge in a safe condition and charge the cost to the Michigan Central Railroad Co. The finance committee reported bills for the past month as follows:

Contingent Fund.....	\$1,209.37
Sewer ".....	557.73
Street ".....	712.11
Police ".....	734.88
Fire ".....	283.45
Water ".....	62.75
Poor ".....	125.86
Cemetery ".....	32.25
Total.....	\$3,711.10

City Atty. Kline, (Democrat for revenue only) had in a bill of \$20.00 for extra fees for services in the Clark investigation. The finance committee had not allowed the bill. Ald. Ferguson offered a resolution that \$20.00 be allowed for this work. The resolution was adopted by a vote of 5 to 9. The finance committee then presented its report of the amount to be raised for the next year. The amounts as amended by the council are as follows:

Street Fund.....	\$ 8,500
Fire Dept.....	6,500
Police Fund.....	2,000
Poor ".....	2,500
Water ".....	5,500
Contingent ".....	4,500
Int. on Hospital ".....	3,300
Bridge, Culvert and Crosswalk Fund.....	5,000
Sewer Fund.....	8,000
Int. on Sewer Bonds.....	3,500
Total.....	\$50,360

The State Savings Bank was awarded the contract for handling the city funds during the next year. The Bond of city treasurer Chas. H. Manly for fifty thousand dollars was received and accepted.

Ald. Koch sprung a small sized sur-prise on the council by offering a resolution that the salary of the street commissioner be reduced one-half. It was a scheme to get in a left-handed whack at the board of public works. Ald. Koch followed up his resolution with a vigorous attack upon what he called in efficiency of the present street commissioner. The resolution was referred to

the street committee to pigeon hole. In addition to the above a large amount of routine work concerning sidewalk electric lights, streets, etc., was gone through with. The council then adjourned to meet next Monday night.

## Who Will Teach.

The following is the list of teachers and assistants in the city schools for the next year. But few changes have been made from the list this year:

High School, Prof. W. S. Perry, superintendent, \$2,500; J. G. Pattengill, principal, \$1,800; H. N. Chute, physics, \$1,700; L. D. Wines, higher mathematics, \$1,700; Alice Porter, Latin, \$750; Mary E. Hunt, mathematics, \$750; Mary E. Dickey, German, \$800; Fred C. Clark, history, \$750; L. P. Jocelyn, mathematics, \$900; Lulu B. Southmayd, English grammar and history, \$500; Genevieve Duffy, physics and general English, \$500; Gertrude T. Breed, French, \$600; Sara Whedon, higher English, \$650; J. Montgomery, botany, chemistry and astronomy, \$1,200; D. W. Springer, commercial department, \$1,200; Matie Cornwell, drawing, \$500; Lucy K. Cole, music, \$500; Nellie Lov-ling, librarian, \$500; Ella Bennett, as- sistant in botany (pro rata), \$500.

Grammar Department—Eliza C. Ladd, principal, \$500; Anna D. Robison, \$500; Abbie A. Pond, \$475.

First Ward—Clara G. Plympton, principal, \$550; Emily G. Eldridge, \$400; Ruth Darheim, \$375; Wilhelmina L. Bender, \$400; Carrie Dicken, \$500; Jennie Seelye, \$400; Loretta P. Saunders, \$350; Maggie T. McDivett, \$400; Fril. G. Beckwith, \$325.

Second Ward—Emily Gundert, principal, \$475; Elizabeth J. Cowan, \$400; Melinda K. Mogk, \$400; Carrie F. Krause, \$375; Carrie Wheeler, \$300; Anna Shannon, \$300.

Fourth Ward—Annette L. Ailes, principal, \$500; Julia A. Howard, \$400; June Carpenter, \$325; Eugenia Mogk, \$400; Minnie A. Drake, \$400; Charlotte L. Millard, \$400.

Fifth Ward—Matie E. Goodale, principal, \$450; Anna L. Clinto, \$400; Jen- nette S. West, \$375.

Sixth Ward—Lulu L. Downs, principal, \$475; Ella S. Wright, \$400; Emily J. Purfield, \$375.

## IMPOSING CEREMONIES.

**THE CORNER STONE OF A SPLENDID CHURCH EDIFICE LAID.**

New Bethlehem Church to Be a Fine Structure—The Congregation Organized Sixty-Two Years Ago—The New Building the Third the Church Has Erected—Last Sunday a Great Day for the Congregation—When Completed it Will Be an Imposing and an Elegant Building.

### A City of Churches.

Ann Arbor is certainly a city of churches. Within the past five years five new church edifices have been erected. This now gives Ann Arbor four- teen church buildings all of them occu- pied by strong congregations. The lat- est addition to the new church build- ings is that now being erected by the Bethlehem Evangelical German society. Last Sunday was the day set apart for the laying of the corner-stone of their new house of worship. Fully 2000 people gathered to hear the addresses and witness the ceremonies. The exercises began promptly at 2:30 p. m. with a few words of greeting by the pastor, Rev. J. Neumann, Rev. Paul Irion, of Freedom, delivered the principal ad- dress of the occasion. Rev. L. G. Nollan, of Detroit, also spoke briefly, congratulating the congregation upon the new church edifice being erected. Rev. Tedrow, of the English Lutheran church spoke briefly. The pastor then read a short history of the church or- ganization. He stated that it was or- ganized in 1833, sixty-two years ago. It was the first German church of any kind in the whole state. Since its organiza- tion it has had only three pastors. The first was Rev. Frederick Schmid, father of Fred Schmid, of Mack & Schmid. He was followed by Rev. Herman Reuther, who was pastor six years. He was succeeded by the present pastor nineteen years ago. The building now being erected will be the third which the organization has put up. It will be one of the finest and most commodi- ous in the city. It will cost about \$25,000, being built entirely of boulder stone. Following the history by Rev. Neumann the laying of the corner stone took place. In it was placed a history of the church, photographs of the three pastors of the church, photographs of the three church buildings, a list of the officers, trustees, and building committees of the church, the contractor's name, copies of both the church and local papers, catechism, the constitution of the con- gregation, reports of the work of the young ladies' society and of the Y. P. S. C. E. and several other articles. The church choir furnished some excellent music during the exercises.

**Dr. Price's Cream Baking Powder**  
World's Fair Highest Award.

## BIG DIFFERENCE

**IN THE BIDS FOR SEWERS IN DISTRICTS NO. 3 AND 4.**

Lowest Bid on No. 3 is \$26,746—The Highest for the Same Work is \$73,456—Evidently Somebody Wanted to Make a Spec—Henry Collins, of Detroit, the Lowest Bidder on Both Systems—Dirt Must Begin to Fly Soon—Work Must Be Completed by the Fifteenth of October.

### Twenty-Six Bidders.

Ann Arbor was full of sewer contrac- tors up to last Friday when the bids for the Hill-st. system of sewers and the Huron-st. system were opened. The rooms of the Board of Public Works were crowded when the board met at half-past one and the bids were opened. There was a number of surprises when the figures were read. There were 26 in all and the way some of the contrac- tors figured must have been peculiar. On the sewer in district number 3, the Hill street system, consisting of about thirteen miles, the bids ran all the way from \$26,746.75 to \$73,456.00. It is need- less to say that the man who put in the last bid intended to make a nice spec out of the job in case he secured the contract. On the Huron-st. system, known as district No. 4, the bids also varied widely, but not so much as on the other. Henry Collins, of Detroit, is the lowest on this bid also, his figures being \$4,181.20. Two of the bids were not in proper shape and were thrown out. Excepting these the bids are as follows:

Schneider Bros. & Ross.....	\$34,973.00	\$5,434.00
W. McMahon.....	34,656.03	5,419.59
Clarke & Clancy.....	41,690.80	6,292.05
Muir & O'Sullivan.....	40,474.23	5,951.70
Branham & Gest.....	51,118.56	7,693.42
M. C. Sloan & Co.....	34,194.79	6,298.20
G. S. Millen & Co.....	29,420.00	4,991.00
Beck, Reed & Co.....	27,945.00	4,931.00
Peterson & Co.....	28,867.00	5,383.64
Greenville, Con. Co.....	39,790.00	7,500.00
Walker & Robison.....	38,500.00	6,000.00
Jenkenson & Nichol-son.....	37,000.00	5,100.00
J. C. Danforth.....	29,875.00	4,975.00
Ulrich, Nissly & Co.....	38,500.00	6,000.00
J. McGuire.....	65,700.00	8,900.00
G. B. Kelley.....	36,990.00	5,550.00
Mercier & Afield.....	32,874.00	4,797.00
South Bend Con. Co.....	31,400.00	4,900.00
Liphardt & Winter-halter.....	28,900.00	4,256.00
Campbell Dennis & Co.....	37,531.75	5,315.70
Grimes & Moran.....	46,841.31	7,994.80
W. W. Cook.....	29,284.85	4,810.40
Henry Collins.....	26,746.75	4,181.20
D. A. McLeod.....	73,456.00	

The board of public works referred the bids to the council for action with the recommendation that the contracts for both districts be let to Henry Collins, of Detroit, who was the lowest bidder.

### Liberal Church Conference.

The various sessions of the confer- ence of the representatives of the liber- al churches in Michigan held last week were well attended. With but one or two slight variations the program as published in THE REGISTER was car- ried out. The papers read were of more than usual interest, especially those by Rev. Chas. Legal, of Lansing, Rev. Red Stuart, of Detroit, Prof. Craig, of the University, and Rev. G. A. Sahin, of Benton Harbor. The discussions following the reading of the various papers were especially interesting and brought out many valuable ideas. We regret that limited space prevents our giving even a brief outline of at least a few of the papers read. Just before final adjournment it was voted to hold a similar conference one year from this date. Although not definitely settled, the next meeting will likely be held at Lansing. The whole matter of program and place of meeting was left in the hands of a committee consisting of Rev. W. A. Gibbs, of Concord, Rev. A. G. Jennings, of Toledo, and Rev. Chas. Legal, of Lansing.

MICHIGAN PEOPLE AND WHAT THEY ARE DOING.  
Three Lives Lost by the Sinking of the Steamer Norman in Collision with the Steamer Jack off Middle Island.—St. Johns Factory Burned.

A cow kicked over a lantern in a barn belonging to H. H. Warner, of Algonsee, and about \$1,500 will cover the damage.  
Two sunstrokes are reported at Erie, that of J. G. Fix, a carpenter, and Henry Clark, a well-to-do farmer. Both will recover.  
Lightning rod swindlers are operating in Allegan and surrounding counties, and a number of farmers have been victimized.  
Uncle Ben Ferguson, of Coldwater, aged 77 years, ran a race with his young grandson, the latter using a bicycle, and won.  
Some unknown person scattered blue vitriol in various watering troughs for horses at Niles. The poison was discovered in time.  
A seven-year-old son of Joseph French, near Lexington, was drowned in Black River while wading across to drive the cows home.  
Mrs. Grise was awarded \$14,000 damages against the D. B. C. & A. railroad at Alpena because of the killing of her husband two years ago.  
Peter Capuma, a laborer at Grand Rapids, suffered a sunstroke. He is 39 years old and has a family. It is thought he will recover.  
Durand is figuring on the Oviatt Wagon Co., of Lansing, building a big factory in their town. They are trying to raise \$10,000 to help it along.  
A correspondent at Lake Linden denies the report that the Calumet & Hecla mining company has raised the wages of their 3,500 employees 10 per cent.  
While several persons were attempting to gain admission into a house of ill-repute at Manistee, Minnie Cornell shot at the party and wounded Wm. Murphy.  
The Lake Superior Iron company has closed down its mine at Ishpeming. More than 200 men were laid off. It is said that no market can be found for the product.  
A Flushing correspondent says wheat in Genesee and Shiawassee counties will not be more than one-third of a crop. Hot winds have dried up meadows and pastures.  
The state board of auditors has awarded the contract for supplying the state with stationery for two years, commencing July 1, to Hling Brothers & Evarard, of Kalamazoo.  
Gov. Crapo Post G. A. R., of Flint, adopted resolutions denouncing as treason the erection of monuments to confederate soldiers, and asking all other Michigan posts to join the protest.  
While making the trip between Cedarville and Snow islands, Lake Michigan, a boat containing Tony Shipman, of Cheboygan, and Mike Manion, of Toledo, capsized, and the men were drowned.  
While shopping at Jackson, Mrs. John R. Fellows, of Blackham, was overcome by the heat and dropped dead on Main street. The deceased was 62 years old, and belonged to one of the oldest and wealthiest families in Jackson county.  
Fire destroyed the large saw, shingle and picket mill of Samuel Moore, at Elmer City. About 200,000 feet of lumber and 100,000 shingles were also burned. The loss is estimated at \$6,000, with no insurance. This is the third time Mr. Moore has been burned out, and he will again rebuild.  
Nearly a thousand sports invaded Pittsford to see a prize fight to a finish between Bart Haddock, of Hanscom, and a bruiser of Montpelier, Vt. Under Sheriff Jim O'Mealey heard the crowd going by his home, and reached the ring at 1 a. m. in time to break up the fight. The crowd threatened to mob him, but his nerve cowed them.  
Lemon Bros.' circus train was badly wrecked at Beaver. Five circus attendants were severely injured, one of them fatally. Three horses were killed outright, and three others were so injured that they had to be killed. One lion escaped. The wreck was caused by disregard of orders by engineer and conductor of the circus train.  
Trap rock, which has for many years been considered as worthless by owners of copper mines, is now said to be just the thing to pave driveways and boulevards. Cleveland contractors are negotiating with the big copper mine owners of the upper peninsula for the vast piles of traps that have been accumulating about their mines for many years.  
The Frankfort & Southeastern railroad, extending from Frankfort to Thompsonville, and operated as a part of the T. & A. Railroad, was sold under foreclosure at Benzonia to George Lord Day, of New York, and Albert C. Hall, of Connecticut, for \$100,000. A new company was at once incorporated, to be known as the Escanaba, Frankfort & Southeastern Railroad company, and the property was transferred.  
August Crampton, aged 23 years, was found dead in bed at Grand Rapids with his jugular vein severed and his hand still clasping a bloodstained jackknife. The young man was a cripple, having lost both legs four years ago while attempting to board a train. He became insane from brooding over his misfortune and was confined at Kalamazoo for a time. He had made three previous attempts on his life.  
Bank Commissioner Sherwood has issued an abstract of the reports of the state banks and trust companies of Michigan, showing their condition at the close of business May 7. There are 167 state banks and four trust companies included in the report, and the consolidated statement shows that from the last previous report, December 19, the aggregate loans increased \$3,765,140.72, and during the same period the deposits increased \$3,226,388.38.  
The assembly at Bay View commences a four weeks program on July 17. The resort opens a week earlier. Important improvements are being made this year. The summer university with its 43 instructors from leading educational institutions now embraces seven thoroughly equipped schools—college, conservatory, Bible school, schools in methods, art, oratory, physical culture and for writers. It closes on August 14. All Michigan railroads will sell half-fare tickets daily from July 8 to 17, inclusive, return limit August 14.  
Grand Rapids' board of public works will increase the wages of all employees.

**LOOKING BACKWARD.**  
Look after the Back: A Fall, a Strain, a Constant Sitting or Stopping Position Brings Backache—Do You Know This Means the Kidneys are Affected?  
How few people realize when their back begins to ache that it is a warning provided by nature to tell you that the kidneys are not working properly. You have a severe fall, you strain yourself lifting or perhaps you are compelled to maintain a sitting or stopping position for long intervals at a time, your back begins to ache, then your head, you become listless, tired and weary, but do you understand the real cause? We think not, else you would not use plasters and liniment on the back, which only relieve but do not reach the cause. If you would rid yourself of the pain and cure the root of the trouble, at the same time save many years of suffering and perhaps life itself, you will take a kidney remedy that has been tried and proven that it will cure.  
Mr. John Robson of 661 Russell Street, Detroit, says: "As a result of exposure during the war I have suffered ever since with rheumatism and kidney trouble. Pains would start in my hip and go around to my back. Highly colored urine denoted kidney disorder. The pain in my back was often so bad I had to give up work until the severity of the attack passed away. I have used many liniments and other things, but received very little relief. Some time ago I started using Doan's Kidney Pills and they have worked a wonderful change in me. My back is all right now and I owe it all to the almost magical influence of Doan's Kidney Pills." Mr. Robson was a member of the Fifty-first Illinois Regiment, which served through the war with honor and distinction. Doan's Kidney Pills are for sale by all dealers—price, 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

**W. J. BRODIE.**  
1067 W. Polk St., Chicago, Oct. 27, 1893.  
THE OWEN ELECTRIC BELT AND APPLIANCE CO.:  
Gentlemen—Solely in the interest of others who are, or may become similarly affected with myself, I venture to offer my experience with the use of the Owen Electric Belt, and that I am actuated entirely by that motive, must be apparent from the fact that until you see my name and address recorded on this letter you had no knowledge of either. I had long been a sufferer from chronic dyspepsia and nervous prostration, contracted or aggravated by many years residence in the East Indies. About three years ago I purchased one of your Belts in the hope that its use might afford me some relief and were it continuously as directed for about four hours every afternoon for a month or so, and the result was perfectly marvelous. My indigestion with all its attendant miseries, nervousness, depression, irritability and insomnia, from which latter I was a great sufferer, have disappeared. I then discontinued the use of the Belt (the existence of which I had indeed forgotten), until about six weeks ago, when a recurrence of my old trouble very forcibly reminded me of it. I again put it into wear (after ceasing its use for over one and one-half years), and with the same extraordinary results, being again restored to health, strength and vigor, after wearing it for only ten days. Under these circumstances I can most emphatically recommend to others suffering from the ailments which I have endeavored to describe, the adoption of the use of the Owen Electric Belt. I had long been aware of the curative powers of electricity from what I had read on the subject, and on my return to England I purchased from Pulvermacher of Regent Street, London, the combined chain bands, of which he is the patentee, for which I paid three guineas, and although I must admit that I derived some benefit from their use, I am bound to say the general result did not approach the benefit derived from the use of the Owen Belt, besides which its utility is so great an improvement in comfort and convenience; Pulvermacher's being cumbersome and complicated in adjusting to the body, besides causing from being uncovered, blisters and sores, and above all not being able to regulate the current as in the case in the Owen Electric Belt. You are at perfect liberty to make what use you think fit of this letter, and I shall be glad to answer either verbally or by letter any inquiry made from me on this subject. I am, gentlemen, Yours respectfully,  
W. J. BRODIE.

Counterfeiters Cleverly Captured.  
Counterfeit Canadian quarters have been very plentiful about Tekonsha recently, and the United States authorities were notified of the suspicions against certain persons. U. S. Marshal Large was placed on the case and assisted by Sheriff Swain, of Coldwater, and Deputy Sheriff F. A. Granger, of Tekonsha, drove into Fredonia and arrested William Mohr and Eugene Kittinger. So quietly were the arrests made that Mohr was caught in the very act of making the bogus coin. He made an effort to secrete his guilt, but the marshal was too quick for him. In his pocket was found a mold with a coin just run. Kittinger is not known to be implicated other than passing the money. He admits passing counterfeit money, but claims that he did not know where he obtained it. Marshal Large took his prisoners to Detroit.

**\$50,000 Fire at St. Johns.**  
Fire started in the finishing room of the St. Johns Manufacturing company and the Whipple Harrow works at St. Johns, through the explosion of the contents of a varnish vat. The floor being saturated with oil, varnish and naphtha, a heavy wind and the dry condition of everything and the unsatisfactory working of the water works, the fire soon gained such headway that it was impossible to stay its progress. It was with the great efforts of the fire department and citizens that the huge piles of lumber and surrounding buildings were saved. The loss is fully \$50,000.

**MICHIGAN HAPPENINGS.**  
All the Gogebic mines are preparing for an active season.  
Isabella county has but two criminal cases on the June docket.  
The F. & P. M. depot at Mt. Pleasant was damaged by fire.  
John Gore, an old resident of Grand Rapids, died from sunstroke.  
Charles Norwood was very seriously injured in a runaway at Wayne.  
Adolph Link, of Hancock, fell down a Quincy mine shaft and was killed.  
While bathing in Long Lake, near Imlay City, George Bohm was drowned.  
Lightning caused the destruction of Henry Marhoff's barn near Galesburg.  
Jacob Kalicker was killed at Petoskey by the caving in of a well he was digging.  
Fire burned two residences and barns at Holland. The damage will reach \$3,000.  
Sanford Kinne, an old and highly respected farmer, suicided near Colon by cutting his throat.  
Monroe citizens are organizing a \$20,000 stock company to work some of the stone quarries near town.  
James Barrett fell off the D. G. H. & M. bridge at Spring Lake while fishing and was drowned.  
Leon Sherwood, of Lyons, poured gasoline in a dish of boiling hot water and was seriously burned.  
The cornerstone of the German Bethlehem Evangelical church, to cost \$25,000, was laid at Ann Arbor.  
Earl Ware, a mail carrier and ex-alderman of Ann Arbor, succumbed to the heat and fell in the street.  
The little 3-year-old girl of E. Jacobson, of Northport, was burned to death in bed while her parents were absent.  
There is a movement on foot to make Gen. Alger one of the delegates-at-large to the next national convention.  
The Homeopathic Medical society of the state of Michigan held their twenty-sixth annual convention at Detroit.  
Thomas Dickerson, a widower, aged about 56, committed suicide at Grand Rapids by taking morphine. No cause known.  
By a rear end collision at Temple three cars were demolished on the T. A. & N. M., and trains delayed several hours.  
The farmers of Kellogg, Allegan county, have formed a stock company with a capital stock of \$2,000 to build a creamery.

### THE RECORD OF THE LEGISLATURE.

It is probably more than a coincidence that the most of the criticism of the record of the legislature just adjourned comes from parties who were unable to use the law-making body for their own ends.

As is usual, the name of the people has been freely invoked, and largely hypocritically. Under the sanctimonious pretence of a purpose merely to remind the legislature of its duty to its masters, a pestiferous lobby has urged a hundred and one measures of merely private concern, and now that it has failed in its efforts, it vilifies the members who were servile to somebody else rather than itself.

Nobody has a commission to tell the legislature what the people want. No lobbyist can possibly represent the people. There is no lobbyist that does not stand for an interest to a certain extent opposed to the people.

The last legislature seems to have been particularly unfortunate in offending a noisy and clamorous interest. Its condemnation is heard in the market place, or wherever a demagogue can get anybody to listen to him.

The circumstances are such that the people need to examine the record of the legislature for themselves. They need above all not to accept the strictures of those whose only complaint is that the legislature obeyed somebody else rather than them.—Detroit Tribune.

### A HARD-WORKING WOMAN

sooner or later suffers from backache, nervous, worn-out feelings, or a sense of weight in the abdomen, dragging down sensations and dizziness. It will all come to an end with Dr. Pierce's Favorite Prescription for it's woman's special tonic and nerve; it restores her strength, regulates and regularizes all the natural functions and makes a new woman of her.

notes all the natural functions and makes a new woman of her. Uterine debility, irregularity and inflammation are most often the cause of the extreme nervousness and irritability of some women—the medicine to cure it is the "Prescription" of Dr. Pierce. All the aches, pains and weaknesses of womanhood vanish where it is faithfully employed.

DR. PIERCE'S FAVORITE PRESCRIPTION

CURES THE WORST CASES.

Mr. HOMER CLARK, of No. 238 West 3d Street, Sioux City, Ia., writes: "My wife was troubled with female weakness, and uterine debility. She had been doctoring with every doctor of any good reputation, and had spent lots of money in hospitals, but to no purpose. She continued to get worse. She was greatly prejudiced against patent medicine, but as a last resort we tried a bottle of Dr. Pierce's Favorite Prescription. We had seen some of your advertisements, and Mr. Cummings, a west-side druggist, advised us to try a bottle. We tried it with the following results: The first bottle did her so much good that we bought another, and have continued until she has been cured."

WHEN President Cleveland last summer assumed the power to order federal troops in a state without a request from its Governor, and even against the latter's protest in order to stop obstruction of the mails and interference with interstate commerce, Judge Colley, of Michigan, expressed the opinion that "a great and valuable lesson in constitutional construction had been settled for all time." This opinion has been justified by the unanimous decision of the United States Supreme Court in the Debs case on Monday, fully endorsing the course taken by the President, and asserting the supreme power of the federal government in such an emergency.

PEOPLE are beginning to wonder when the broken Democratic ring will cease banging its head up against a stone wall in its attempt to gain something it lost at the polls last spring. The last attempt was the effort of Ald. Koch to dispose of street commissioner Bassett by offering a resolution in the council that the latter's salary be reduced one-half. The methods adopted by the minority to regain control over the city laborers is highly amusing while its mental suffering is pathetic to a degree.

DETROIT daily newspaper men have actually shown that they can hustle a little. Recently the Chicago morning dailies had the Lake Shore Railroad put on a special fast newspaper train which put the Chicago morning dailies all over Michigan earlier in the morning than the Detroit papers were delivered. Now a new special fast train on the Michigan Central leaving Detroit at 2 a. m. will make a strong competition with the Lake Shore flyer and Detroit papers will still have some show

TWICE the usual quantity of hops were imported last March; that is, we bought 221,681 pounds from foreign hop growers as against 109,704 pounds in March, 1894. The increase in the imports of hops for nine months was nearly 2,300,000 pounds.

BOTH the Detroit morning dailies say "we" are to be credited with the enterprise resulting in the new fast newspaper train being put on the Michigan Central.

Fred Theurer, the harness dealer on W. Liberty-st., was taken with a severe attack of appendicitis last Friday. He was taken to the hospital where Dr. Darling performed an operation upon him. Until Tuesday afternoon it was thought he would recover, but in the evening he was taken much worse and died at 10 p. m.

Mrs. C. Gates, who recently completed a course in shorthand and typewriting at the Stenographic Institute left last week for Chicago, where she has a good position with the Werner Co., book publishers. She receives \$600 per year to start with. Miss Bertha Sheldon also a former shorthand student here, has a position with the same company and receives \$800 per year. It evidently paid these two ladies to learn shorthand.

At the Michigan High School Athletic Association at Jackson last Thursday several Ann Arbor boys won prizes. The one mile bicycle race was won by Stofflet, of Ann Arbor, first and Dodsley, of Ann Arbor, second, Jones, of Ann Arbor, won second prize for putting 16 lb. shot. He also won second in throwing hammer. In standing broad jump, Sawyer, of Ann Arbor, second, 100 yard dash, Stevens, of Ann Arbor, second, and Duffy third. Mile run, Fisher, Ann Arbor, first, Ganze, second. Ann Arbor also defeated Battle Creek in a ball game.

Under the supervision of G. E. Ryder with Charles and George Pitcher and Chas. Grosse as assistants, the Lewis Art Gallery is being rapidly dismantled and the pictures packed for shipment. Mr. Ryder expects to complete the work by Saturday, June 8th. It is estimated now that at least 10,000 feet of lumber and several kegs of nails will be necessary, also numerous screws. There are more than 700 pieces to pack. Mr. Ryder expects to go to Ann Arbor and unpack them.—Coldwater Republican.

Those interested in establishing a coffee room in Ann Arbor met last Wednesday night and completed a formal organization. A constitution and by-laws were adopted. The following are the officers and executive committee: President, Robt. Campbell; vice-president, W. S. Perry; treasurer, W. W. Wetmore; secretary, Geo. O. Higby; executive committee, the president, vice-president, treasurer and secretary, and the following persons: Mr. Hedrick, Mr. E. A. Spence, Mr. V. Armstrong, Mr. William Biggs, Mr. A. J. Mummery, Rev. J. T. Sunderland, Mr. J. H. Montgomery, Rev. W. L. Tedrow, Mr. S. A. Moran, Mrs. Parker, Mrs. Doeg, Mrs. Pardon, Mrs. Hawey, Mrs. Worden, Dr. Garwood, Mrs. Sarah White, Miss Matilda Brown. A committee was appointed to solicit a guarantee fund, although it is believed that the undertaking can be made self-supporting.

### Personals.

H. M. Taber left for his Dakota farm last Thursday.

Mrs. L. H. Clement spent memorial day visiting her father, H. S. Green, of Homer.

J. K. White, of Owosso, formerly of Ann Arbor, was in the city a few days last week.

Mrs. Mary Conover, of S. Fifth-ave., has returned from a visit with her daughter in Ohio.

H. C. Shoemaker, lit. '91, now of the State University of Colorado, is visiting his parents in the city.

Mrs. Nellie Gleason, of Cleveland, O., is visiting her parents, Mr. and Mrs. W. K. Childs, for a few days.

Mrs. J. T. Sunderland delivered a lecture before the Ladies' Library Club at Grand Rapids last Saturday afternoon.

Judge Harriman left Saturday with Gov. Ashley and a party of friends for a week's outing at Crystal Lake and Frankfort.

Mail carrier Miller began a six day's vacation last Friday and was called back to duty Monday by the sickness of Earl Ware.

Mrs. W. S. Perry and Miss Douglas spent last week sketching at Grosse Isle. Their work is on exhibition at the Art Club exhibit now being held in Masonic Block.

Miss Mattie Goodale, of the North Side school, was called to Reed City last Saturday by the serious illness of her sister, Mrs. Flora Rosenberg.

Miss Nellie Carr, of Auburn, N. Y., who has been here for some time past, is visiting Mr. and Mrs. George Hawes, left for home last Friday evening.

Mrs. Dr. Palmer leaves this week for a year's travel in Europe. She will make an extended tour, visiting Wales, Sweden, Denmark, Germany, Italy, France and Spain.

Mr. James S. Conroy, who recently completed a course in shorthand at the Stenographic Institute and who is now stenographer at the Agricultural College, spent last Sunday in the city.

### Death of Aretus Dunn.

Last Tuesday, at 2 p. m. Mr. Aretus Dunn passed away at the ripe old age of 81 years. The immediate cause of his death was pneumonia from which the deceased has been suffering for the past fourteen weeks. Mr. Dunn, who was one of our best known and most highly respected citizens, came to Ann Arbor with his father's family in 1831. He was then seventeen years of age, having been born in Bakerfield, Vt., in 1814. He has resided here continuously ever since except during seven years in the fifties which were spent in California. Mr. Dunn was first married to Miss Hattie Holden, of Bellville, Wayne Co., in 1849. Two years later both Mrs. Dunn and their only child, a daughter, died. Mr. Dunn was again married in 1862 to Miss Polly Otis, who survives him. Two brothers, Isaac T. of this city and Edwin L. of Oakland county, and a sister, Mrs. L. S. Anderson, of S. Ingham-st., Ann Arbor survive the deceased brother. The funeral services will be held this afternoon at 4 o'clock at the home, No. 43 E. Washington st. The Rev. C. M. Coburn will officiate. Mr. Dunn will be missed from among the old pioneers of which he was one of the most highly respected.

The great reduction sale of Martin Haller must be a success judging from the amount of goods he is selling. 68

Our specialty, ice cold soda water from thin glasses. A. E. Mummery's drug store.

Dr. Price's Cream Baking Powder Awarded Gold Medal Midwinter Fair, San Francisco.

### A GREAT EVENT.

THE JUNE FESTIVAL OF ST. THOMAS' CONSERVATORY

It Will Take Place Tomorrow Night—Elaborate Preparations Have Been Made—Every Part Has Been Thoroughly Drilled—Several Novel Features This Year—The Opera House Will Be Crowded.

Maidens—L. Fitchel, N. Brown, L. Rinsey, M. Foley, L. Tice, A. Tice, M. Hanlan, G. Kress, G. Eisele.

The report which has gained considerable credence on the street for the last couple of days that John Koch has disposed of his furniture business was same what premature. Mr. Koch says the sale began with a rush of trade this morning and will continue until the goods are disposed of at retail. This will furnish a fine opportunity for those in need of anything in his line to refill their houses at an expense less than the cost to manufacture, the many articles comprised in the most magnificent stock ever carried in Ann Arbor. The sale commenced Thursday May 30 continues as advertised. In a sale of this kind it is well understood that the first purchasers always have the best bargains to select from and it will be wise economy to make your purchases with as little delay as possible.

The entire stock which is by far the largest and best in the city, and the business has enjoyed the largest trade for many years, is offered to anyone who desires to go into the furniture business at a very low price. 67

Michigan Central Excursion. K. O. T. M. rally at Jackson. An excursion rate of one and one-third fare for the round trip. Tickets sold on June 11th. Good to return on a. m. train, June 12th. 67

This bankrupt stock will be kept separate from our regular stock.

THIS SALE NO GOODS CHARGED. Sale Opened Wednesday, May 8th.

GOODSPEED BROS., 17 S. Main Street.

### REASONS WHY FARMERS SHOULD BUY

## WALTER A. WOOD

### MOWERS, TEDDERS, HAY RAKERS, AND BINDERS.

Because they are made of the best and strongest materials. Because great care is taken in their manufacture. Because they are simple in construction. Because they are easily operated. Because they do not require the aid of an expert. Because they can be operated by man, woman or child. Because they are light of draft. Because they contain all the latest improvements. Because with care they will last a life time. Because they have a world-wide reputation. Because they are THE WALTER A. WOOD.

And you will find repairs at Rose Rogers' old stand.

WM. WALSH, Agent.

**DRINKS AT MEALS.**

**Why Physicians Dislike the Use of Coffee for their Patients.**

The real trouble with tea and coffee drinking is not generally understood. It is common knowledge with everyone that physicians advise the discontinuance of both tea and coffee when a person is sick, particularly when the digestive machinery is affected. Any person with a slight knowledge of chemistry can make the following experiments, securing the results as given. Coagulated egg albumen, when mixed with artificial gastric juices, will be practically entirely digested in eight hours.

When tea is added during the process of digestion, 66 per cent. of albumen will be digested, leaving 24 per cent. undigested, while if a decoction of coffee is mixed with the albumen, the result will be but 61 per cent. digested and 39 per cent. undigested. This means one thing, and the experiment speaks that fact plainly. When tea or coffee is taken into the human stomach, they very seriously interfere with the natural and healthful operation. Where a person has an exceedingly powerful digestive apparatus, he can stand this abuse for a time, but it is sure to tell sooner or later.

In addition to the above, it may be said that any ordinary analytical chemist can analyse coffee and show the poisonous alkaloids of much the same character as found in strychnine, whiskey, tobacco and morphine. These poisons have a direct effect upon the liver, and a furred tongue, costive bowels, bad skin and various other indications, of approaching sickness, are apparent. These facts have been recognized by physicians for many years, but it is difficult to induce people to leave off their habits even when those habits are shown to be injurious and to shorten the existence of the human body.

The manager of LaVita Inn, a health institution at Battle Creek, Mich., made a large number of experiments in the direction of a food-drink that would be at once nourishing, palatable and fragrant, without any of the poisonous or injurious properties. His experiments were confined to compounding and arranging products of various cereals, or grains, such as were intended by nature for man's subsistence. Being in a position to note the effect of the beverage upon weak stomachs, and patients who needed the most nourishing food and drink that could be obtained, his experiments were conducted under what would probably be considered the most favorable circumstances. After continued use and the most positive evidence of the healthful properties of the food-drink, patients who had been healed wished to continue the use of the cereal drink after their return to their homes, and others made demand for it.

In order to supply this demand and the public generally, the Postum Cereal Co., Limited, was formed. All people who drink coffee and tea do not care to discontinue their use, although quite satisfied of their hurtful properties. There are enough people, however, in America who held their health in high enough esteem to be willing to give a little attention to their food and drink. There is no habit the creature acquires which produces as much real enjoyment as the old-fashioned habit of being thoroughly well. When a man can inhale a deep breath of pure air and feel that every part of the machinery of the body is working perfectly, the feeling of comfort produces a deep sense of easy content and thankfulness to the creator for the mere privilege of living. Postum Cereal is a thoroughly healthful food-drink. It can be taken

at each meal by all the members of the family, including the children. It quickly establishes itself as an important part of the meal, and when left out, one misses the fragrant odor, the comforting flavor and the health-giving properties.

1 lb. coffee, 30 cents, gives 40 to 45 cups.  
1 pkg. Postum Cereal, 25 cts., gives 100 cups.  
About 3 to 1 in favor of the Cereal.

This item of economy is by no means the chief consideration. Health, comfort and red blood speak out strongly for the natural drink.

**Campus.**

Commencement only three weeks from today.

The classes of '75, '83 and '85 will hold reunions this year.

The dedication of the bust of Pres. Angell will take place commencement week.

California won 35 points to 17 for the U. of M. at the athletic meet at Chicago last Saturday.

Miss Carrie Taylor Stewart, lit. '95, has secured a scholarship in the Univ. of Pa. for next year.

Deles F. Wilcox, '94 lit., has been awarded a scholarship on administrative law at Columbia next year.

Miss Marville, a graduate of the law department, has formed a partnership with Mrs. Mary A. Lease, of Wichita, Kansas.

There are now 160 schools the diplomas of which admit to one or more departments in the University. One hundred of these are in Michigan.

D. B. Luten, '94, instructor in civil engineering, has accepted the position of assistant professor of civil engineering at Purdue at a salary of \$1,600.

The Oracle board for next year has been selected. It is organized as follows: Managing editor, Geo. R. Barker; business manager, Ralph Wisner; secretary, Miss Ramsdell.

The following officers of the Women's League have been elected for the coming year: Pres., Miss May Taylor; vice-pres., Miss Annie Stevens; secy., Miss Kate Reed; treas., Miss J. Smith.

Anna H. Adams, '90 lit., has been elected professor of French and Ger-

man in Washburn College, Topeka, Kansas. She spent three years studying in Switzerland since graduating.

Dr. Cora Tauner, of Delan, Wis., has recently presented the medical library with a work on obstetrics written in Chinese. The Detroit Tribune believes it will exceed "Tribby" in popularity!

It is reported that the tablet for the Cooley bust, which contained the names of the members of the senior law class, titles and all, and which was supposed to be bronze, is made of some sort of cheap paste and can be cut like green cheese. The laws are "mad" and will kick against any such fraud.

An effort is being made to down Walsh, the president of the senior law class, and make him resign. A number of the laws are greatly worked up because the names of the law class on the plate for the Cooley bust designated Walsh as president of the senior law class, and also indicated the other officers of the class. They consider this a rank assumption of aristocracy and want to sit down on it hard. The class would better pass a law making as many presidents as there are members of the class or else have no class officers at all.

The following is from the Ann Arbor correspondent of the Detroit Tribune:

The various social organizations of the University have shut up shop and the members are hard at work getting ready for the exams, those horrible things that begin soon. The professors, on the other hand, are figuring out just how long they can stay in Europe on their last quarter's salary, and yet have a good time. It used to be a big thing to go over, but nowadays when you can get passage for seven dollars and a half and live on beer and pretzels in Germany for six bits a week, the distinction of being a continental tourist has fallen off to a great extent. Still it is quite a thing for a professor to cross and "study" for a summer, taking up the courses in concert hall observation and beer analysis. It gives a man a certain finish that cannot be obtained in this country anywhere.

Mr. and Mrs. C. A. Hendricks, formerly of Ann Arbor, wish to announce that they have bought their former business of Mrs. C. Kingsley, at 60 S. Main st., and are shipping a large stock of goods here to be sold at a big reduction. They will open Saturday, June 8. Watch for their advertisement next week.

**LATEST COUNTY NEWS.**

Some important items from Whitmore Lake came in just as we go to press.

**WEBSTER.**

School in district No. 1, closed last week.

Miss Georgie Lomas visited friends in Ann Arbor.

The Webster Farmer' Club meets this week at Mr. Wm. Scadin's.

Today occurs the annual sale of short horn cattle by Mr. W. E. Boyden.

Mr. John Williams house was struck last Saturday afternoon by lightning with slight damage.

The festival last Saturday evening was well attended despite the storm. \$13.30 were netted as proceeds. All seemed to enjoy themselves well. Webster orchestra can make some good music.

The Christian Endeavor Society elected the following officers for the ensuing six months. Pres. Elmer Latson; vice-president, Miss Millicent McCall; secretary, Miss Nellie Burnett; treasurer, Will Scadin; corresponding secretary, Miss Jennie Latson.

**MILAN.**

Mrs. Chas. Schmitt is quite ill.

Clayton Allen has returned from his Detroit visit.

The thermometer registered from 90 to 96 last week.

Mrs. E. Pyle has returned from her eastern sojourn.

Home grown strawberries are in market at 15 cents per quart.

Miss Ella Murray entertained guests from the U. of M. over Sunday.

Miss Alice McMahon entertained a guest from Clayton over Sunday.

Mrs. Mell Barnes and son, went to Tecumseh Monday for a short visit.

The several churches are making preparations for Children's Day exercises.

Mr. O. A. Kelly and Editor A. B. Smith went to Detroit last Thursday on Masonic business.

Rev. J. P. Hutchinson, of Ann Arbor, preached at the Presbyterian church, Sunday morning and evening.

Mr. James Chapin, of Owosso, was the guest of his brother, Dr. S. Chapin and his sister, Mrs. J. C. Harper from Saturday until Monday.

Rev. P. E. Vincent, district chairman, preached at the F. M. church, Sunday afternoon and evening.

Prof. Koester and family, of Lexington, Mo., are guests of Mr. and Mrs. James Gauntlett for the summer.

**DELHI MILLS.**

Miss May Davis visited friends in Ypsilanti last week.

Mr. Richmond is spending a few days in Ann Arbor among relatives.

Mrs. Geo. James, of Ann Arbor, called on old neighbors last Saturday.

Miss Lena Malloy, of Ann Arbor, visited at Mr. Abele's last Saturday and Sunday.

The Tremper district schools held a picnic in Mr. J. Davis' Grove last Thursday.

Little Maggie Newman has returned to her grandma's in Ypsilanti, after a stay of several weeks with Mrs. E. Davis.

Prof. DeWitt, of Dexter, will address the K. O. T. M.'s of the Delhi tent at the school house, on Sunday, June 9th, at 2 o'clock p. m. There will be no Sabbath School on that day.

The miller's thermometer was on a "lark" Monday p. m. so says his wife who was watching it at 5:30 p. m. (sun time) mercury stood at 96 degrees on the north porch, at 5:40, it stood at 106 degrees, and at 6 p. m., it was back down to 94 degrees.

**LEMA.**

Mrs. Winslow spent Sunday in Munith.

There was a dance at the town hall last Friday evening.

Paul Bros. have taken one of their threshing machines to Sharon as wheat here looks some like the Democratic party did last fall.

Saturday p. m. lightning struck the barn of Frederick Neahons killing one horse and setting fire to a mow of hay. The fire was extinguished after some lively work by the neighbors. The barn was insured in the German Mutual.

E. A. Nordman sold his wool to the Clinton woolen mills last week. W. Gadd was through Lima offering \$1 per lb. He also displayed some imported wool that they buy for 35c and stated that our wool when cleaned to equal his sample would shrink 71 per cent.

**MANCHESTER.**

Decoration exercises were held in Arbetter Hall.

The High School have their annual picnic at Wampers Lake next Saturday.

The Masons dedicated their new hall in the Union Saving Bank Block. About 250 masons partook of a bountiful repast, delegates from surrounding towns being here.

The Sharon vs. Brooklyn game last Thursday was a closely contested game. The score was 18 to 20 in favor of Brooklyn. Both teams play well being well mated teams.

Try a glass of Vernors Ginger Ale at A. E. Mummery's.

**CHELSEA.**

Mrs. Chas. Chandler is very ill.

Sam Heselschwerdt, has returned from Detroit.

Mr. Harlan, of Grass Lake, was in town Saturday.

Cora Bewan, of Ypsilanti, spent Sunday with her parents here.

Mrs. I. Davis is spending a few days with her mother in Ypsilanti.

Mrs. William Martin is spending a few days with her daughter in Saline.

Wm. Judson, and daughter Miss May, were in Chelsea one day last week.

The P. A. T. gave a very pleasant ride to Kavenaugh Lake, last Thursday night.

Miss Effa Armstrong has returned has returned from a visit with Ypsilanti friends.

Maude Buchanan, and Edith Warren, of Dexter, were in town the latter part of last week.

Mrs. Mary Durand, of Battle Creek, is spending some time with relatives and friends here.

**DIXBORO.**

Miss Nettie Robison is at home resting.

Miss Agnes Finnell returns from her school tomorrow.

Fred Clements, of Whitmore Lake, spent Tuesday at Mr. Frank Bushes.

Mrs. Mattie Cowan spent a few days last week visiting friends in Ann Arbor.

Mr. E. Matteson lost two valuable hogs last week from the effects of the heat.

And still the wedding bells keep ringing. We can hear them in the not far distant future.

Mrs. Maud Lemon and daughter, of Ypsilanti, are visiting friends in Dixboro and vicinity.

Miss Allie Shuart, who has been teaching the past year at Carpenters corners, will close her school and return home Friday.

Willie Shuart, of Detroit, spent a few days last week in this place. He was out to attend the wedding of his brother George, of Ypsilanti.

Attend the great reduction sale at Martin Haller. All goods are going at cost and less than cost.

A. E. Mummery has just received a large supply of pure uncolored Dalmation Jersey powder, pure paris green and white Hellebore and is prepared to deal destruction to insects of every variety.

Drink Moxie Nerve Food at A. E. Mummery's new soda fountain.

**Weak, Tired, Nervous**

"I was feeling as miserable as any one could feel, tired all the time, many times unable to go out on the street even after I had started. If I went up one flight of stairs I felt as though I should fall. I had palpitation of the heart and suffered greatly with catarrh of the head and throat. I finally decided to try Hood's Sarsaparilla, and soon felt better. I used the third bottle and I then felt like a different person. I hope others in like health will do as I did. If you take Hood's Sarsaparilla and use it faithfully I am sure you will be benefited. I have also found Hood's Pills to be of great benefit and I highly recommend them." Mrs. J. S. Farnsworth, Saddle River, N. J.

**Hood's Sarsaparilla**

**Is the Only True Blood Purifier**

Proeminently in the public eye today.

Hood's Pills cure all liver ills. 25c.

# SUMMER SCHOOL!

The Summer School of

# Shorthand

AND

# Typewriting

WILL OPEN

MONDAY, JULY 8th, 1895,

And Continue for

TWELVE WEEKS!

During the past year we have supplied more of our pupils with good position than ever before. Business is picking up and the demand for Stenographers during the next year will be large. Put in your summer in acquiring a knowledge of Shorthand. You will never regret it.

For full particulars, rates of tuition, etc., enquire at the School,

20 S. State St.,

(THIRD FLOOR—FRONT.)

O. E. WAGNER,

Principal.

### 160 LIVES LOST.

San Francisco Mail Steamer Founders Off the Coast of Mexico.

The Pacific mail steamship Colima, with 182 persons aboard, including passengers and crew, foundered off the coast of Mexico. Fourteen passengers and five members of the crew reached Manzanilla, Mexico, and gave the first information of the vessel's fate. The information received at San Francisco is meagre but very definite. The Colima sailed from San Francisco for Panama and way ports. She carried 122 passengers, 40 in the cabin and 36 whites and 46 Chinese in the steerage. The officers and crew numbered 70, making in all 182 people on board the steamer.

Later dispatches say that 19 persons rescued were picked up in one of their boats by the steamer San Juan and that although a search was made none of the other boats of the Colima could be found. The passengers were asleep when the accident occurred. A bursting boiler caused the disaster.

The Colima was a single screw propeller with an iron hull. She was built in 1873 at Chester, Pa., by John Rosch & Sons. She carried about 2,000 tons of cargo, and was valued at \$165,000.

### Scores of Deaths From Heat.

The intensely hot weather at the end of May and the first week in June, besides doing incalculable damage to crops, caused a large number of deaths. The record was broken in New York City, when 11 persons died from its effect and 10 others were fatally prostrated, all in one day. During the first five days of the heated term in that city 33 deaths occurred from the heat. Chicago reports a total of 10 deaths and at least 40 minor prostrations. Philadelphia made a record of seven deaths in one day. Baltimore reported four, Indianapolis three, and that is the way it went throughout the country, nearly every city reporting deaths and prostrations. The curious feature was that Galveston, Tex., and New Orleans, La., were about the coolest places of their size. The states west of the Mississippi river and bordering the Missouri river were given relief by terrific rainstorms, as much as five inches of water falling in 36 hours. At Plainville, Pa., severe lightning accompanied the heat, killing three men. Michigan suffered terribly from the scorching sun. Detroit had not known such torrid weather in many years and at least 25 people were overcome by the heat, three of these resulting in death. The growing grain was greatly damaged by the continued scorching. Throughout Ohio, Indiana, Illinois and neighboring states the same weather prevailed.

### Fighting in Formosa.

Hostilities have commenced at Formosa. Private advices received are to the effect that the Japanese are bombarding Kee-Tung, a town in the extreme north of Formosa. It is believed that the bombardment is being carried on by the fleet. The Hong Kong correspondent of the London Times reports that the Formosan republic is not popular and is clearly only an official movement, having no connection with the southern agitation. The president of the new republic, Tang Chiang, commands 100,000 Swatow, Human and Canton braves, together with the military of Hakka, the chief who was proclaimed king of northern Formosa, all well armed with Mauser, Lee and Peabody rifles, and Winchester carbines, with plenty of ammunition. H. M. S. Redbreast and the German gunboat Illis are inside Tamsui harbor to protect foreigners. Active preparations are making at Tai Peh Fu to resist the Japanese advances from Kee Tung.

### An Entire Family Insane.

An entire family of seven were taken into custody at Cleveland charged with insanity. The family consists of Henry Buchwold, the father; Charlotte Buchwold, his wife, and two grown daughters, Eva and Emma, and three small children. All of the members of the family are strong believers in the spiritualistic faith and have been locked in their home over a week holding wildly insane seances. One daughter believed that she was a spirit and the others believed that she must die. The spirit was willing to be sacrificed, but the officers arrived in time to prevent it.

### REVIEW OF TRADE.

Dun's says: More far reaching than any other change during the past week, if really warranted by facts, is the continued rise in prices of wheat and cotton. Real scarcity of either would affect all business. Happily, there is still room to hope that accounts of injury are greatly exaggerated, although there has been some evidence during the past week that both the great crops have suffered more than at first appeared. Other changes are almost all favorable and some highly encouraging; labor troubles are clearly less threatening. Monetary conditions are satisfactory and the substantial increase in the commercial demand is a good sign. Exchanges through the clearing houses have been greatly inflated by speculation. Wheat is largely supported by public buying and the purchasing orders from farming regions are supposed to indicate an opinion of the yield. Yet wheat comes forward freely it would not at current prices if a short crop were assured. The manufacturer is doing well, though not all the machinery is employed, but the demand has been better and there are occasional advances in prices of goods. The iron manufacturer is gaining rapidly and the average of prices is also higher. It is believed that the wage question will be settled at Pittsburg this year without any strike. The salaries during the past week were 215 in the United States against 185 last year.

### SWISS WATCHES.

How Boys Are Instructed in the Methods of Manufacturing Timepieces.

The famous Swiss watch schools are said to be the most exacting institutions in the world. Their methods, which are doubtless the secret of their success, will be found very curious and interesting. In one of the most celebrated of these institutions in Geneva, for example, a boy must first of all be at least fourteen years of age to enter. After being admitted, the student is first introduced to a wood-turning lathe and put to work at turning handles. This exercise lasts for several weeks, according to the beginner's aptitude. This is followed by exercise in filing and shaping screwdrivers and small tools. In this way he learns to make for himself a fairly complete set of tools. He next undertakes to make a larger wooden pattern of a watch frame, perhaps a foot in diameter, and after learning how this frame is to be shaped, he is given a ready cut one of brass of the ordinary size, in which he is taught to drill holes for the wheels and screws. Throughout this instruction the master stands over the pupil directing him with the greatest care. The pupil is next taught to finish the frame, so that it will be ready to receive the wheels. He is then instructed to make fine tools and to become expert in handling them. This completes the instruction in the first room, and the young watchmaker next passes to the department where he is taught to fit the stemwinding parts and to do fine cutting and filing by hand. Later on he learns to make the more complex watches, which will strike the hour, minute, etc., and the other delicate mechanisms for which the Swiss are famous.

### DIDN'T HURT ENOUGH.

Tommy Disgusted Because the Dentist Used a Tack Lifter.

A Presbyterian minister in one of the suburbs of Cincinnati has a bright and mischievous young son, says the Cincinnati Tribune. The lad had suffered from the toothache and all the household remedies had been tried in vain. As a last resort his father resolved to take him to the dentist on the following day and have the tooth removed. The boy, on being informed of this, offered a few objections, but, finding that they were overruled, he decided to make the best of it. With the ingenuity of a Tom Sawyer he made himself a hero among his companions. Great were the tales he told of them of the strength that would be necessary to remove that small "baby tooth." How the dentist would be compelled to "use both his hands" and probably call in his assistant. The eventful hour at last arrived and the boy seated himself in the chair and took a firm grip on each arm. The dentist looked at the mouth, smiled, and taking up a small steel instrument, literally pried the little tooth out. Our young hero looked at the tooth, at the dentist, at his

laughing father and then "got mad." Anger, disappointment and disgust were plainly depicted on his countenance. Not a question would he answer. He quietly walked over to the other side of the room and put on his hat and overcoat. His perplexed father followed him and put the fatal question: "My son, did it hurt you?" That was too much for the little fellow, and with two big, angry tears rolling down his cheeks he replied: "Hurt! hurt! Why, he didn't pull my tooth out. He just took it out with a tack lifter."

### Ratio of Sickness.

The ratio of sickness rises and falls regularly with death rate in all countries, as shown by Dr. Farr and Mr. Edmonds at the London congress of 1860, when the following rule was established: Of 1,000 persons, aged 30, it is probable 10 will die in the year, in which case there will be 20 of that age sick throughout the year, and 10 invalids. Of 1,000 persons, aged 75, it is probable that 100 will die in the year, in which case the sick and invalids of that age will be 300 throughout the year. For every 100 deaths let there be hospital beds for 200 sick, and infirmaries for 100 invalids.

### The Best Signal-Light System.

The best night signal lights are those invented by Lieut. Very, of our navy, and named, after him, Very's signals. They consist of a white, a red, and a green star, each fired into the air from a pistol, so that by firing one, two, or three of them in quick succession, and in different orders, with a pause between the groups, different letters or signal numbers can be made until a sentence is complete. They can be easily read from vessels twelve miles away. —St. Nicholas.

### An Unusual Proceeding.

At a colored church in New Providence, Ga., there was an unusual proceeding on a recent Sabbath. Somebody, it was asserted, had picked the pocket of the preacher's wife, and the congregation had to submit to a close search. The lady's purse was undiscovered.

### The "Sublime Porte."

The empire of Turkey is called the Sublime Porte from the principal entrance of the seraglio being a huge pavilion with eight openings over the gate or porte. This gate, from which the Ottoman empire took its name, is very high and is guarded by fifty capidjis or porters.

### The Plays of Olden Times.

During the revolutionary era in England both Catholics and Protestants used the dramatic form as a means of controversy, and the plays published at that time contained as many arguments as the sermons.

### A Pecos River Spring.

There is a spring on Pecos river, in San Miguel county, New Mexico, which flows out a stream fifteen feet wide and three feet deep.

Jones—Heard about Smith's schemes to get a crowd to his store?  
 Jeans—No. What is it?  
 Jones—He advertises to perform a most astounding feat of modern magic, and when he gets the crowd he turns a peck of potatoes into a barrel.

## MANY PIANO DEALERS

advertise most astounding things. It is nothing for them to sell pianos below cost (in their advertisements). They do the largest business at the smallest expense of any firm (in their advertisements). The pianos that they sell are the only ones that the judges at the World's Fair considered worth looking at (in their advertisements). Their pianos are the only ones that improve with use and never need tuning (in their advertisements). It is astonishing what wonderful pianos there are, and what wonderful firms sell them, if all they claim in their advertisements be true.

## THERE IS NO MAGIC

used in the construction of the Clifford Piano. First-class material and workmanship, careful supervision, experience, intelligence and earnest endeavor are all that is necessary to produce a first-class piano. All of these are combined in the construction of the Clifford. The result is a source of pleasure to the manufacturer, is satisfactory to us as dealers, and has excited the most favorable comments among musicians. If you wish to know more of this piano, call and examine them. They speak better for themselves than we can for them.

Address, HAMMOCK INVALID BED CO., Indianapolis, Ind.

**STATE LEGISLATURE.**

SENATE—56th day—Bills passed: Amending the law relative to the incorporation of the Grand Council of Royal Arcadians; providing that boards of review in the upper peninsula shall meet in July instead of May; prescribing the size of fruit baskets relative to crossing the crossing gates; providing that the question of bonding a county shall be submitted to the people when it appears that a county is indebted to the state; relation of territory of court in justice courts; amending law governing preliminaries to local option elections; authorizing the payment of the actual expense of the state board of auditors when traveling on state business; prohibiting the sale of quail, woodcock or partridge; relative to the incorporation of fire insurance companies; relative to proceedings against garnishees; authorizing recommission of Michigan justices, and making Levy M. Miller, clerk of the House, the official compiler of the statutes and supreme court decisions. Senator Shaw, chairman of the special committee to investigate charges against Superintendent of Schools of the school for the deaf at Flint, gave in a majority report strongly recommending that Clark be discharged. The minority report was submitted recommending that Clark be retained. The Senators became tangled up in a debate over the reports, resulting in both of them being obliged to per consequenter resign, leaving the matter in statu quo. Gov. Rich sent the following nominations to the Senate which were confirmed: H. H. Hite, six years, member live stock sanitary commission; Delos Fall, of Albion, members of state board of health; six years; John M. Longyear, Marquette, and Alfred Klidder, Marquette, mining school board trustees; Chas. S. Brown, Flint, school trustee; Wm. J. Trotter, vice James A. Trotter, Frank W. Wait, Sturgis, guardian industrial school for girls, six years. The Senate passed the House joint resolution authorizing the board of state auditors to investigate the question of compelling a return to the state treasury of the regular salaries drawn by the state officers who were removed by the governor for neglect of duty in connection with the canvass of the returns on the salary amendment of 1894. Sec. Hattie offered a resolution to pay the journal clerks each \$2 per day extra. The resolution was variously amended, and after a bitter discussion ensued, the House passed it including the journal clerk, enrolling and enrolling clerk, bill clerk, the clerk of the judiciary committee and two or three other committee clerks at \$1 per day extra. The amendments made by the House to the dairy and food commissioner act cutting the salary from \$1,500 to \$1,200 were concurred in. The conference committee reported a bill to bring building and loan associations under state supervision and it was passed as recommended. House—Bills passed: Providing that the expense of laying water mains in the city of Detroit shall be defrayed by the owners of property adjacent to the same; relative to proceedings against garnishees; providing that town meetings shall begin at 1 p. m. and that a record shall be kept of votes cast on propositions relative to town business; amending the act under which skating rink associations are incorporated; authorizing the Michigan Board of Health to hold institutes and appropriating \$2,000 therefor during the next two years; requiring county commissioners of schools to take an oath of office; Rep. Wainwright called up a bill providing for submitting to the people the question of woman suffrage. There was no discussion. The bill of passage, 64 to 28. A two-thirds vote was necessary, as an amendment to the constitution was proposed. Ferguson, who changed his vote from ye to no, was hissed. This day was the last of the formal session, and when the two houses adjourned the majority of the members made for their homes. There will be so-called sessions of both houses for three days, but only the speaker and one or two members will be present to keep up appearances while the governor acts on bills passed.

**The Closing Scenes.**  
The closing hours were full of horse play. The galleries were well filled and the members of both houses seemed bent on deviltry. Books, papers and documents were fired across the chambers, and the one who escaped without a rap or two was exceedingly artful at dodging. Speeches were made, and the one who sat on the floor of the House, and the lone Democrat, Donovan, were presented with handsome souvenirs, highly eulogistic speeches being made. Among the last matters presented to the House was the report of the special committee to investigate the state board of health. The majority report said that the charges against the board had not been proved, in substance or in spirit. In general or in particular. The report characterized the charges as unfounded and prompted by ill will, and so far as made in the House must have been the result of deception. The minority reported that the testimony is so voluminous that the committee is unable to report to a full conclusion, and the chairman disagreed with the statements that the charges were prompted by ill will. A clash occurred between the two houses over the legislative re-districting bill. The representative bill as finally passed is an exact copy of the law enacted in 1892. The only change made by the senatorial bill is the placing of Charlevoix county in the Twenty-ninth instead of the Twenty-seventh district. The bill reorganizing the congressional districts did not pass the Senate, and congressmen will be elected in 1896 according to the present districts. Among the bills hung up was the Robinson bill reducing passenger fares on railroads in the upper peninsula. The capital punishment bill was not passed, the efforts of the House being unsuccessful.

**NEWS IN BRIEF.**

John Foster was overcome by heat at St. Louis and fell under a passing brick wagon, which crushed him to death.  
Mrs. Wm. Irwin committed suicide at Ellsworth, Kan., by pouring gasoline over her clothing and applying a match.  
Harry Parker, a 16-year-old colored boy, was standing on a principal street in Omaha when an unknown white man walked up and stabbed him to the heart, causing instant death. The murderer then coolly walked away.  
Heavy rains caused the banks of Curtis lake, at Curtis, Neb., to give way. The Burlington railroad tracks were washed away and an engine plunged into a washout, killing four men, near Oxford, Neb. The Curtis rolling mills are heavily damaged. The losses will reach \$100,000.  
The American steamer Washtenaw was stranded in the Straits of Magellan, and it is reported was a total loss. She was owned by the Saginaw Steel Steamship Co., of Saginaw, Mich., and among the 30 persons on board were five citizens of Saginaw taking a trip from Philadelphia to San Francisco for their health.  
President Cleveland and family have concluded preparations for moving to their summer home at Buzzard's Bay. It was supposed that an interesting event about which all the people of the United States have a respectful curiosity might delay this program. It is now understood that Mrs. Cleveland can travel to the sea shore with perfect safety.

Leprosy is the disease which it is alleged is afflicting 16-year-old Mary Carlin, of Lester street, Cleveland. During the last few years all the small toes have disappeared from her left foot and there are other symptoms which some of the doctors claim to recognize as having been noticed by them in undoubted cases of leprosy in China and Japan.  
Gen. Rengifo, representative of the Republic of Colombia, S. A., to the United States, has been authorized to present a claim against the United States because of the losses sustained through the retaliation of this country when Colombia refused to sign the reciprocity treaties of President Harrison's administration. Gen. Rengifo says the discriminating tariff rates almost ruined the coffee, hides, sugar and molasses trade of his country.

**CARNOT MEMORIAL CHAMBER.**

Widow of France's Martyred President Now Has It Completed.  
Mme. Carnot has now completed the memorial chamber dedicated to her martyred husband, and means that it shall be used as a private chapel. The room contains some praying chairs, President Carnot's desk and inkstand, and the souvenirs to which he was attached. On the walls hang the ribbons that tied the wreaths that appeared at his funeral, with the inscriptions turned to view, and the different silver wreaths sent from Russia are placed on easels. Albums filled with the letters of condolence and telegrams received from all the great ones on earth, and photographs of every description relating to the visit to Lyons and to the funeral are disposed in cases especially made for them. At Mme. Carnot's death these family treasures become her son's, but after that they will be given to the state, if then the state is republican and cares to remember the tragic assassination of its president well enough to receive their charge. The age changes so rapidly that one can not predict, even in a matter closely allied to the nation's welfare.

Perfectly Satisfied.  
Crack Boat Builder—Ah! How de do, Mr. Richman! How did that row-boat I made you last summer suit? Mr. Richman—Perfectly. Crack Boat Builder—Ah! I'm glad to hear it. I always like to give satisfaction. Satisfied perfectly, eh? Mr. Richman—Yes. I left it in front of my boat-house all summer, and every scallawag who tried to steal it got upset or drowned.

For Fast Sea Travel.  
A Welshman proposes to build a ship that will have a speed of sixty miles an hour. The boat will be 550 feet long and 50 feet wide, with a flat bottom and wedge-shaped bow and stern; of 10,000 tons displacement, and with eight paddle-wheels on each side, each making seventeen revolutions a minute.

**Children Cry for Pitcher's Castoria.**  
"Where Are We At?"  
This question perplexes the whole business world. People interested in the Northwest can find where they are at by consulting an Atlas containing fine up to date maps and much valuable reference and descriptive matter, sent to any address for 15 cents in stamps by F. I. WHITNEY, G. P. & T. A., Great Northern Railway, St. Paul, Minn. 96

To Fishermen and Tourists.  
The best and cheapest place to go this summer to rest, fish and breathe fresh air, is the Muskoka Lake Region, just north of Toronto on the Grand Trunk Railway. For free illustrated pamphlet apply to the City Ticket Office, 84 Woodward-ave., corner of Larned-st., Detroit, Michigan. D. S. WAGSTAFF, G. P. A.

Tornado, Cyclone and Wind-Storm Insurance.  
Anybody is likely to have his house or barn destroyed by a cyclone, wind-storm or tornado. It cost but a mere pittance to be insured against danger from these sources.  
Call upon W. K. Childs, in the County Court House for rates. 20 cents on a thousand dollars per year is certainly low enough. You can afford to pay this merely for the satisfaction of being insured.

**Wm. C. Reinhardt,**

42 S. Main Street, - - Ann Arbor, Mich.

Miss Sarah E. McMahon died suddenly last Saturday afternoon at the home of her sister, Mrs. John Delaney, 29 E. Catherine-st. Funeral services were held at St. Thomas' church Monday morning.

The State Building & Loan Association of Indianapolis has just completed the organization of a local board. A peculiar feature of this board is that it is composed entirely of ladies, except the treasurer.

Prof. B. A. Hiasdale will read a paper, entitled "The Laws of Mental Congruity and Energy Applied to Some Pedagogical Problems," before the Philosophical Society, this evening, at 8 o'clock in Tappan Hall.

Dr. Roy S. Copeland, of Bay City, who graduated from the homeopathic department about six years ago, has been offered the chair of ophthalmology and otology in the homeopathic department. He will accept the position.

There was a moderate sized row at the opening ball at the German Park last Monday night. A deputy sheriff who attempted to make an arrest was surrounded by a crowd of young fellows who prevented the young man being taken.

The school board has discovered that very few of the teachers in the city schools attend teachers' or schoolmasters' meetings. The board expressed a wish at its last meeting that the teachers attend such gatherings. In this case a wish is law.

John Shadford will receive \$200 per annum from the great camp of the Maccabees, that being his claim for total disability which has been allowed. He was injured by falling from an elevated platform while putting up a trolley wire for the street railway.

Henry Lohholz, the proprietor of the popular fruit stand on the North Side surprised his many friends by coming home from a visit at Marshall last Wednesday with a bride. THE REGISTER extends congratulations to the happy couple and wishes them much joy.

It is said that the Mendelssohn program given last Sunday night in the Methodist church was the finest ever held here. Next Sunday evening Gounod is the composer and Prof. Stanley promises even better music. Dr. Cobern's lecture will also treat on some phase of sacred music and include a sketch of Gounod's life work.

Anthony Burke, a prominent farmer of Northfield, brother of the late Wm. Burke, died last Friday evening of inflammation of the bowels. He was 65 years old. He leaves a widow and a large family. The funeral services were held at St. Patrick's church, Northfield, on Tuesday morning. The remains were interred in the Northfield cemetery.

Chelsea is to be lighted by electric lights about June 1st, and a thrill of pride prevades the average Chelseite. It will thrill, till the expense account shows up in the tax roll. Then pride goeth before a fall, and humbly itself, and the foundation is laid for prosecution for blaspheming in the first degree—Adrian Press.

Daniel G. Gates an old and respected resident of this county died at the home of his daughter, on the Whitmore Lake road just north of the city last Tuesday night. Funeral services will be held this afternoon at the house at 2 o'clock.

Earl Ware, mail carrier No. 4, suffered a severe attack of sun stroke last Monday morning. He had just left the Michigan Central freight office when he fell unconscious. He was taken home on a stretcher and Dr. Kapp called. The doctor bled him after which he regained consciousness. He is improving.

Here comes an Ann Arbor man, of course, and tells how things have been worse than now. He "remembers" that in 1845, June 12, there came a killing frost, when peaches were as large as hickory nuts, and the whole crop was ruined. We don't wonder that the legislature removed the homeopathic part of the medical school from Ann Arbor to Ypsilanti. Does that chap remember the frost on the morning of the 4th of July in 1858?—Adrian Press.

Atty. J. L. Duffy who has had the matter of looking after the back pay due a number of mail carriers for extra work some years ago made the boys happy last Friday by turning over to them amounts as follows: Ass Allen, \$295.55; W. ## THE CITY.

The Baptist ladies give a tea this evening in the church parlors.  
W. K. Childs address on memorial day was an exceptionally good one.  
Mr. and Mrs. Fred. Hinz, of Miners-st., lost their five months old son last Friday.  
Prof. H. S. Carhart is to deliver the baccalaureate address at Mt. Union college this year.  
Dr. J. McClymonds will have charge of Dr. Darling's practice during his absence in Europe.  
The sewing school children will be given a free ride on the street cars a week from Saturday.  
C. J. Gardner is in Coldwater assisting in packing the Lewis art collection for shipment to Ann Arbor.  
Franklin C. Crittenden died at his home in Pittsfield township a week ago last Monday at the age of 73 years.  
The Y. M. C. A. contemplate setting aside Friday night of each week for music. Such a plan would be a good one.  
W. R. Morris, a medical student, was in some way thrown from his wheel one day last week and sustained a broken arm.  
The memorial day address by Rev. C. T. Allen, of Detroit, was a fine effort and was highly enjoyed by all the old vets.  
There were just 240 senior laws who were admitted to practice in all Michigan courts by Judge Kinne last Saturday.  
Miss Maude Barrett, lit. '93, died in Mt. Clemens a week ago last Monday, of malarial fever. She was 24 years of age.  
The farmhouse of John Williams, in Webster township, was struck by lightning Saturday night and badly shattered at one end.  
A majority of the members of the Ann Arbor Art Club went down to Detroit in a body last Wednesday to visit the art loan.  
W. C. Hull has been chosen general secretary of the S. C. A. for next year in place of D. F. Mertz. The selection is a good one.  
Burglars broke into the office of Allmendinger and Schneider last Friday night and secured some \$8.00 from the money drawer.

The Memorial day exercises were carried out strictly according to program and were among the best ever held in Ann Arbor.

Frank Warren has purchased the barber business of F. A. Wilson on State-st. and moved his shop from Williams-st. to that place.

Mrs. Sunderland has been granted a year's leave of absence by the school board. She expects to improve the time in travel and study abroad.

Rev. Father Kelly, of St. Thomas church was called to Silver Creek last Saturday by the death of his father. The deceased was over 80 years old.

Remember the exhibition of the Ann Arbor Art School beginning today and continuing until Saturday night. You would enjoy a few hours' visit there.

Next Monday evening the spelling match between the Methodist and Congregational young people will take place in the auditorium of the M. E. church.

Miss Augusta Bruch, who has been a domestic in the home of Rev. J. W. Bradshaw for the past four years, died at the latter place Tuesday morning of pneumonia.

A missionary concert will be given at Trinity English Lutheran church by the members of the Sunday School on next Sunday evening. A good program will be rendered.

Hon. B. S. Waite, of Menominee, was presented with \$250 worth of silverware by his legislative and University friends at the Russel house, Detroit, last Wednesday night.

School Commissioner Cavanaugh has been invited to deliver the commencement address before the senior class in the High School at Newberry, in the upper peninsula.

Chas. Storms was the first Ann Arbor man to succumb to the heat. While at work upon a house on Summit-st. last Friday he was overcome and was carried home insensible.

Prof. Jonas will give a piano recital in Frieze Memorial Hall this evening at 8 o'clock. The concert was postponed from May 23. The last faculty concert this semester occurs June 13.

Daniel Millen, an aged resident of the North Side, was in some way thrown from a platform of a caboose on the Lake Shore R. R. last Saturday night. He sustained quite serious injuries.

The Children's Missionary Society of the first Congregational church will give an ice-cream social this evening in the parlors of the church. Fee, ten cents. All are cordially invited.

L. H. Clement left Monday morning for a business trip through Indiana and Ohio for the Organ Company. Later: Wednesday Mr. Clement sent home an order from Cincinnati for 300 organs.

The street committee of the council, in company with the city atty., city clerk, Prof. M. E. Cooley, and Mayor Walker, left Tuesday on their junket to inspect road rollers and stone crushers.

The Choral Union netted about \$1,500 from their course of concerts given during the past year. After paying up a debt of \$500 left over from last year they have \$1,000 to start in with next year.

The Young People's Society of the English Lutheran church will give a social on the paragon lawn next Saturday evening. Ice-cream and strawberries will be served at ten cents per dish.

A movement is on foot among the senior co-eds in all the departments to adopt a very simple costume for graduation day and devote the difference to the fund for the women's annex. A good idea.

AMONG OUR NEIGHBORS.

SALINE OBSERVER. Hanser, O'Hara & Bordine shipped 20,000 pounds of wool to Adrian parties today. Despite the hard freeze of the past two weeks, a second grape crop is making its appearance, and bids fair to be a fair crop. The Saline Farmers' Club will meet with Mr. and Mrs. Theo. Josephans the second Friday in June. Paper by Robert Gibbons of Detroit subject "Teas on the Farm."

MANCHESTER ENTERPRISE. The high school will hold their annual picnic at Wampler's lake, Saturday, June 8. The classes of '93 and '94 are invited. Manchester has but one lady bicyclist, Miss Palmer. There are other enthusiasts and riders, but they have no wheels and are not in it. When moderately indulged in, wheeling is excellent exercise. The ladies of St. Mary's church bought a beautiful parlor suit for the parsonage and had it delivered during Fr. Heidenreich's absence last Saturday. They also hung some curtains, etc., and we will bet a cookie there was a surprised and happy man when the priest returned.

CHELSEA STANDARD. Work is in progress on the foundation for the foundry at the Stove Works, and the work will be pushed as fast as possible. The third ward tigers came up from Ann Arbor Saturday, and had their claws out in fine shape by a team of boys. The score was 32 to 9 in Chelsea's favor.

CHELSEA HERALD. Mr. and Mrs. H. V. Heatley lost a 4-year-old boy Wednesday with measles and pneumonia. There are several more of their children who are in a critical condition. The sympathy of this community goes out to the afflicted family.

YPSILANTI SENTINEL. Simon Hirth has purchased the blacksmith shop and wagon shop together with the lot, where he is now located, of Fred Vogel. A delegation of about twenty-five Chelsea Masons, went to Manchester Tuesday evening, to assist the Manchester Masons in the dedication of their new lodge rooms.

YPSILANTI SENTINEL. The coming event of the season! Twenty young men, of Chelsea, will present Primrose and West's grand minstrel program under the direction of Mr. Gray, for the benefit of the Young Band, June 7th and 8th 1895, at the Chelsea Opera House. "We are going to have a good time down on the old plantation, and all of de white folks am invited to be present on de occasion. Don't forget the date for them am going to be a grand cake walk."

YPSILANTI SENTINEL. William Webb, who went to England last fall, has returned, and says he will stay now. Mrs. Mae E. Stannard has deciphered a "hidden story" published in the Detroit Tribune, and is one of four prize-winners in a contest given by that paper.

YPSILANTI SENTINEL. In speaking of the resignation of City Clerk McKinstry, last week, The Sentinel should have stated that it was because he desired to be free from the care and responsibility of the office. He waited until the council had plenty of time to name his successor, which they have failed to do.

YPSILANTI SENTINEL. William Ellsworth had a narrow escape from death last Thursday. His big team of bays, becoming frightened, dashed east on Congress street from near Huron. Ellsworth endeavored to hold them, but at the bridge his vehicle struck a wagon belonging to John Redaway, and Ellsworth was thrown out, fortunately escaping with a few bruises. The buggy was smashed.

POSTUM GEREAL. A Tastesome and Healthful Beverage. COFFEE AND TEA PEOPLE. Widen their horizons to the true cause. ANALYTICAL CHEMISTRY shows the poisonous character of Coffee, as Tobacco, Whisky and Morphine. A FEMALELY HEALTHY MAN or woman can stand these for a time, but constant dripping water wears a stone, and finally headache, torpid liver, sick stomach or heart, and that "weak all-over" feeling show that a poisoned nervous system is every morning and perhaps at dinner and supper another mental blow is given. SMALL WONDER that a fixed organic disease of some of the members is finally set up. RELIEF cannot be obtained unless the cause is removed. POSTUM GEREAL. Looks like ground coffee. When brewed takes the beautiful deep, warm brown color of Mocha or Java, changing to a rich golden brown when cream is added.

MICHIGAN HAPPENINGS.

Pheckney is to have a \$200 public drinking fountain. Flint on the low lands about Vicksburg has been badly bitten by frost. Allegan county fruit men estimate their loss by the recent frosts at \$1,000,000. Rains have quenched the fires that were raging in the forests of Houghton county. Hudson proposes to organize a company to manufacture the Abbott voting machine. Jacob Dingman, an Ann Arbor drayman, is charged with assaulting a 9-year-old girl. A Niles inspector found 20 children under 14 working in local factories and sent them home. The annual meeting of the Michigan Medical society will be held at Bay City, June 6 and 7. Durand has voted a 30 year franchise to M. Wilson, of Chicago, for a \$10,000 electric light plant. The executive committee of Olivet college has purchased property for a presidential mansion. Al Stone, an alleged burglar, and Harry Pope, escaped from the Mason jail by prying off a door. Loose dogs are killed on sight at Niles. Two horses have died of hydrophobia and farmers are terrified. Kalamazoo college will erect a big recitation building. The college endowment will be increased \$100,000. The new young women of Grand Rapids, will organize a military company. Swords will be their weapons. While unloading coal John Mallach, a Jackson Pole, was struck on the head by a bucket. His skull was fractured. The dry house of the Gregory sawmill at Lake Linden burned to the ground. The main building was saved. Rivy Chase, aged 18, a lineman at Ionia, fell from a 40-foot pole and sustained severe, perhaps fatal, injuries. Surveyors are at work on the route for the extension of the Detroit & Mackinaw railroad south to Bay City. Edward Robbins, of Ypsilanti, was found guilty of torturing, tormenting and cruelly whipping a horse to death. The Homeopathic Medical society of the state of Michigan held their twenty-sixth annual convention at Detroit. Thomas Dickerson, a widower, aged about 56, committed suicide at Grand Rapids by taking morphine. No cause known. Joshua Hill has received 20 elk from Wyoming which he will place in his park two and a half miles south of Pontiac. While Mrs. Mary Duffet, aged 70, was driving at Traverse City the horse ran away, throwing her out and fracturing her skull. Fire in the Fingerless tailor establishment at Ypsilanti caused a loss of \$2,000 to that firm and King & Company's grocery stock. Eugene Earle, a bachelor 50 years of age, was found dead at his home near Metamora with a bullet in his brain. Both hands clasped a revolver. Parmenus Cunningham, a Hudson farmer, was recently thrown from a wagon by a falling bale of hay and sustained probably fatal injuries. Alexander Mattison, in No. 3 shaft of the Hecla mine at Calumet, was instantly killed by being struck on the head by a large piece of vein rock. Chas. A. Baldwin committed suicide at Vicksburg by taking strychnine and died before a physician could reach him. Baldwin was once postmaster. The 17-months-old child of John Krombeind died from the effects of a scalding received in pulling a pot of hot coffee upon itself at the dinner table. Herbert Pearson, of Clifford, aged 19, made two attempts to commit suicide, because his parents objected to his proposed marriage. He may recover. Dr. C. A. Littler's little son Dean, found a bottle of morphine in his father's office at Jackson, and swallowed a large dose, from the effects of which he died. J. C. Abbott, poor superintendent at Mancelona, has been arrested for criminally assaulting Jessie Spencer, aged 16, while he was taking her to the county house. Thomas D. Kearney of Ann Arbor, obtained the right of way for an electric road to connect Ann Arbor and Dearborn. If it is built Detroit parties will build a connection. Mrs. John Skutt, of Owosso, quarreled with her husband and to get rid of her woes, went to the house of a neighbor, where she took a dose of laudanum. She will probably live. The famous Petoskey sea serpent has again been seen, this time from the deck of the steamer Adrienne. A large crowd saw him while he wriggled about in the water near Harbor Point. St. Johns Methodists laid the cornerstone of a new church. The ceremonies included a parade in which the G. A. R. and I. O. O. F. participated. Rev. Washington Gardner was the speaker. Zack Taylor is in jail at Mayville, charged with criminal assault on Emma Miner, aged 10. The officers say they have discovered a plot to kidnap the girl and have put her in a place of safety. At the oratorical contest of the Michigan Inter-Collegiate association at Albion N. T. Hafer, of Kalamazoo college, won first prize. He will represent Michigan at the national contest in Cleveland in July. It is reported that the Calumet & Hecla mining company at Calumet, employing 3,500 men, will restore wages to the figure prevailing before the 10 per cent cut made in October, 1893. The present price of copper warrants the action. The policy of this company has always been very liberal to its employees. Railroad Commissioner Billings reports that gross earnings of Michigan railroads for March were \$2,496,740, an increase of \$31,000 over the preceding March. From January 1 to April 1 earnings increased \$114,604 or 1.82 per cent over same period last year.

NEWS ITEMS.

A Hong Kong dispatch says: Money, arms and munitions of war are being shipped from the Chinese mainland to Formosa to assist the newly established republic in resisting the Japanese. A young man named Tony Healle dropped from an ascending balloon several hundred feet to the earth at St. Louis, Mo., in the presence of thousands of horrified spectators. His body was crushed into a shapeless mass. The pressure brought to bear on Police Superintendent Byrnes, of New York City, by the new police commissioners, has accomplished its purpose. Supt. Byrnes made application to the board for retirement, and they immediately granted the request. Henry McKinney, aged 23, was emptying his Winchester as he approached his house near Chestnut Mound, Tenn. He accidentally fired one cartridge, the bullet going through the front door and through the bodies of his two sisters, who were close together just inside the door. A nine-months-old infant was also slightly wounded. George Scott Beggs, aged 13, disappeared from his home at Detroit, May 4. He was about 4 feet, 6 inches tall, blue eyes, brown hair, and had a red birth mark on the left side of the bridge of his nose and a scar in the center of his forehead. When he left home he wore a dark suit with light waist, black stockings, lace shoes and winter cap. Any information will be thankfully received by his parents, Wm. Beggs, 644 Clark avenue, Detroit. Fred Harker, a Saranac farmer, recently caught a fox. A few days later the prisoner was the mother of a family of four.

How's This? We offer One Hundred Dollars Reward for any case of Cattarrh that cannot be cured by Hall's Catarrh Cure. F. J. Cheney & Co., Props., Toledo, Ohio. We, the undersigned, have known F. J. Cheney for the past 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm. West & Truax, Wholesale druggists, Toledo, O. Wading, Kinnan & Marvin, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price, 75c per bottle. Sold by all druggists. Testimonials free.

FREEDOM FOR FORMOSA. The Island Ceded to Japan by China Becomes a Republic. Washington: The state department has received a cablegram from Mr. Denby, U. S. minister to China, stating that the island of Formosa has declared her independence, that the powers have been so notified, and that a government, republican in form, has been established in Formosa. This adds a new complication to the situation in the east. Before this government can recognize the Formosan independence it must be shown that a provisional government which can stand has been organized. There are great numbers of Japanese in Formosa, and it remains to be seen what course they will adopt. The United States recognizes Formosa as belonging to Japan, and no matter what may be the form of government which the revolutionists of the island may have organized, a recognition of independence of the island would be distinctly an unfriendly act toward Japan. The idea of a republican form of government being formed in Formosa is treated with some derision at the department. The population of Formosa is composed of savages, reclaimed savages and Chinese immigrants of the lowest classes, and would not know what a republican form of government was.

Take Your Summer Vacation Trip to Colorado and Yellowstone Park. The Burlington route will run special car, personally conducted tours to Colorado and the Yellowstone Park, leaving Chicago June 26, August 7 and 14. First-class service. Low rate, including all expenses. For descriptive pamphlet, apply to T. A. Grady, Manager, 211 Clark St., Chicago. 81

Debs Must Go to Jail. Washington: The U. S. supreme court denied the application of Eugene V. Debs, the strike leader, for a writ of habeas corpus. This is a victory for the government. No more important question, with the single exception of the income tax, has come before the supreme court during the past year than the attempt of Debs and the other American Railway Union officials, to secure a reversal of their sentences to jail by Judge Woods for interfering with interstate commerce and the running of the mails in the great railway strike of last summer. Under this decision Debs and the other A. R. U. officials will serve their sentences of six months in jail, and it is thought that the government will consider this as sufficiently severe punishment without prosecuting the other criminal cases against them. Debs, in speaking of the decision, said that the court did not pass upon the merits of the case itself. If the circuit judge is enabled to prosecute, try and pass sentence in cases of this kind, it constitutes every federal judge a czar with unlimited power to inflict punishment on a citizen without regard to trial by jury, which is vouchsafed by the constitution. He thought the decision virtually an order for non-resistance on the part of employes.

In Marriage a Failure? Have you been trying to get the best out of existence without health in your family? Have you been wearying out your life from the effects of Indigestion, Liver Complaint and Nerve Prostration? Are you sleepless at night? Do you awake in the morning feeling languid, with coated tongue and salivary haggard looks? Don't do it. A shout from the camp tells how Bacon's Celery King has cured others; it will cure you. Trial package free. Large sizes 50c and 25c at John Moore, the druggist. \$3.00 well spent; and a rebate of \$2.00 in the form of a beautiful wall map of the United States. Subscribe for the Rand-McNally Railway Guide.

It's Astonishing how Dr. Pierce's Favorite Prescription acts upon nervous women. It's a marvelous remedy for nervous and general debility, Chorea, or St. Vitus's Dance, Insomnia, or inability to sleep, spasms, convulsions, or "fits," and every like disorder. Even in cases of insanity resulting from functional derangements, the persistent use of the "Prescription" will, by restoring the natural functions, generally effect a cure. For women suffering from any chronic "female complaint" or weakness for women who are run-down or over-worked; at the change from girlhood to womanhood; and, later, at the critical "change of life"—it is a medicine that safely and certainly builds up, strengthens, regulates, and cures. Send for a free pamphlet or remit 10 cents (stamps) for a large Book (168 pages) on Woman's Diseases and how to cure them with home treatment. Address World's Dispensary Medical Association, Buffalo, N. Y.

Three Oaks will raise 4,000,000 cabbages for Chicago market. P. A. Buck's market at Bronson was broken into, the safe blown open and \$150 stolen. Contracts have been let under which \$150,000 will be spent in improvements to the city hall at Port Huron. J. F. Byard, aged 45, was arrested at Howell, charged with criminal assault upon 12-year-old Frances Goodrein. The new African Methodist church at Ann Arbor was dedicated with elaborate services. Bishop Wayman, of Philadelphia, conducted the ceremonies. A rather severe shooting accident occurred about three miles north of Buchanan. Thomas McCue and Jack Hunt were shooting at a mark. Hunt went to put up the mark, McCue laying the revolver down, when it went off, striking Hunt in the back, the ball passed around the right side and lodged in front. Freddie, the 6-year-old son of Emil A. Nicolay, an employe at the Michigan Central shops, at Jackson, left the supper table eating a piece of meat. A few moments later he ran into the house choking, and before medical assistance arrived the boy choked to death. The state won its first suit to recover specific taxes from railroad companies, the defendant being the Wisconsin Central, which refused to pay the tax of 1890, claiming it was improperly assessed. The state recovered taxes amounting to \$1,866.84, interest amounting to \$631.63, and the penalty for non-payment, \$2,053.15.

Bicycle riders, football players and athletes generally, find a sovereign remedy for the sprains and bruises and cuts to which they are constantly liable, in Dr. Thomas' Electric Oil. ARMENIANS WILL REVOLT. Horrible Savagery of Turks and Kurds During the Most Brutal Massacres. A correspondent in Armenia has written that the Armenians in Turkey are prepared for a huge uprising next month. The Armenians have plenty of arms, but are not so sure of the supply of food. Another massacre is feared in eastern Turkey. The correspondent also sends additional details of the Turkish massacre. When the Turkish soldiers and Kurds appeared at a certain village they killed some of the villagers who dared to protest against these outrages, and the dead men were cut up and thrown into a kettle, and boiled like so much beef. The villagers were then compelled to eat their friends. In another village a party of Kurds smothered a child in its cradle. Then they dissected the body and roasted pieces of it before the fire. As a climax they compelled the members of the family, including the child's mother, to eat the roasted pieces.

Terry's Silverreen. Among the many discoveries of the present age, none rank higher than the new metal silverreen, which owing to its great durability and cheapness is bound to take the place of silver in the manufacture of fine tableware. Silverreen is a beautiful white metal, will not tarnish or rust, and all goods made from it are warranted. We want everyone to have a chance to compare silverreen with silver, so for the next sixty days we are going to give away one half dozen Silverreen Tea Spoons Free, to every person who will send for one of our Silverreen sets, containing six Tea Spoons, one Sugar Shell, one Butter Knife. If at any time the Silverreen goods do not prove satisfactory, return them and your money will be refunded. Remember we give you the Silver Spoons. Send at once as this offer is for 60 days only. Price Silverreen set \$2.00. TOLEDO SILVER CO., 1162 TOLEDO, OHIO.

Forest Fires in the Upper Peninsula. Forest fires have sprung up in all parts of the upper peninsula. The woods are unusually dry and the fires spread rapidly. The western portion of Houghton narrowly escaped destruction. Ramsay was surrounded by forest fires and the people were in great fear that the town would burn. The weather is oppressively hot, and the brush and undergrowth is dry as tinder. Forest fires are raging near Iron Mountain and the city is enveloped in smoke. Everything is very dry. If the Baby is Cutting Teeth. Be sure and use this old and well-tried remedy, MRS. WADSWORTH'S SOOTHING SYRUP for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle. Attempted Murder and Suicide. William Worcester, a railroad man, attempted to kill his wife and then commit suicide at Oberlin, O. He started at her with a ball club and after beating her until he thought she was dead, he took his razor and cut his own throat, leaving two bad gashes, one of which went to the windpipe. He then laid down the razor and with his finger dipped in his own blood, wrote on the wall, "Good-by, pt." Doctors say the chances are that Worcester will live, though it chances are against his wife.

Three Young Men Drowned. A triple drowning occurred at Maharr's Lake, in Cambridge township, Lenawee county. Bert Salsbury, aged 21, Will Doolittle, 32, and Mina Patterson, 17, all living in the vicinity of Wolf Creek, found watery graves. The trio took an old skiff and rowed out into the lake a short distance to fish. A young son of Annarah Maharr, who watched them from the shore, was sent for bait, and when he returned a half hour later, he found the boat deserted and half full of water. The neighborhood was alarmed, and after dragging the lake for two hours, the bodies were recovered 20 feet from shore, directly under the boat. Pure blood is the secret of health. Burdock Blood Bitters insures pure blood. Aged Man's Crime—Suicided for Shame. George Reed, aged 60 years, criminally assaulted the little 11-year-old daughter of Rev. Clarence Welch, pastor of the M. E. church, at Lakeview. Reed was arrested, but he asked the privilege of getting a drink of water, which the sheriff granted, and then proceeded to the hotel with his prisoner. Before reaching there Reed became sick and in 15 minutes was dead. He had taken poison. Reed was a carriage manufacturer and a prominent member of the M. E. church, of which Mr. Welch is pastor. The child is in a precarious condition. The crime was committed at Reed's home, where the child had been enticed during the absence of his wife. It is evident he had prepared for death as capsules of cyanide of potassium, the most deadly of drugs, were found in his pocket.

That's Queer! You say a collar and cuff that are waterproof? Yes. And perspiration will not affect them? Yes. And when dirty you need only wipe them off with a wet cloth or sponge? Yes. Wonderful! How are they made? A linen collar covered on both sides with waterproof "CELLULOID." Looks exactly like a linen collar. Is it the only waterproof collar and cuff made? No, but it is the only one made with the linen interlining and consequently the only one that can give entire satisfaction, because it is the best. How can I know that I get the right kind? Because every piece is stamped as follows: TRADE MARK. CELLULOID. Inquire for that and refuse anything else, or you will be disappointed. Suppose my dealer does not have them? He probably has, but if not, send direct to us, enclosing amount. Collars 25c., Cuffs 50c. State size, and whether collar wanted is stand-up or turned-down. THE CELLULOID COMPANY, 427-29 Broadway, NEW YORK.

About Knives.

A cheap Pocket-knife can be bought at every Store, but it is not the kind you want. One dollar is the lowest price that a really good knife can be sold for. This bloumn is placed in this paper to advertise the very best Pocket-knife ever sold. It is J. C. TIDMARSH'S Sheffield Steel Knife. Never buy a knife only because it looks well. If blades are not the best Sheffield steel they will soon bend, no matter how they will look. Still, you want a fine-looking knife. The United States law provides that only samples to agents and to the trade will be admitted free of duty. You can, therefore, see the advantage that I have in sending samples to agents over those who deal in Sheffield goods in America. I am an advertising agent! I am trusted with a certain amount of advertising these knives (the value ever seen in America at \$1.00 each). Now, the knife is my own best advertisement. Imagine a Pocket-knife (3 1/2 inches long) with the most beautifully-grained ivory handle—genuine African ivory mand with two blades of the very best Sheffield steel that will last a lifetime and cut like a razor. The tips of the handles are heavily plated with sterling silver. And then a very nice chamois leather case goes with each knife. Now, would it not be easy work selling this knife at One Dollar each? I know it would, for it looks as if it were worth two dollars. And so it is if you compare it with the value offered in the ordinary Store. Is not this knife its own best advertisement. You can make \$4 per day selling these knives. This is a genuine and straightforward statement. This is counting that you show it to only twelve buyers every day. And every one that sees it will say it is good value for \$1. The knives are sold to you at \$8 per dozen; you sell them at \$1 each. I determined to use large sum of advertising money entrusted to me in sending out free samples to those who promise to act as agents for the sale of these knives. I will send you a free sample, but you must sign the promise at the foot of this column, and make a deposit to show that in asking for the knife you are acting in good faith. The deposit that I ask of you is 44 cents about half the wholesale cost of the knife, and less than one-third what you would have to pay for a knife like it, if you bought one. Send the money by a Postal Order for one-cent stamps for 44cts., and put a five-cent stamp on the letter, which must not weigh more than one-half ounce. The deposit of 44 cents will be placed to your credit, and will be deducted from your first order at the dozen rate. I am an advertising agent, contractor and publisher with one of the largest Advertising businesses in the world, and absolutely guarantee to send, postage paid and duty free, the knife described above free to anyone who signs the promise below, and sends it with the deposit as stated. Let me advise you not to part with your sample, even if you should lose it, as I will replace it, as it will take time to replace it. I could not send you another even if you sent the full \$1. After the sample they can only be supplied to you by the dozen as there is duty on them to be paid. Any English Banker can give you information about my high standing, or write to the publisher of this paper, who knows that I do a large and straightforward advertising business, and that I do exactly as I say. I have taken this space in this paper for three years! The first one answering this advertisement after this number of the paper has come out will, he likes, have his name printed in this space as agent for these knives. The Editor of the Springfield New Era writes, in his paper of 29, 1894:—"I have received a pocket knife from Mr. Sears, and am much pleased with it. It is a sample of a very large advertisement in London, and is, I believe, responsible and straight-forward. Sign your name and address on the following cut! Send it to the Post Office, and you will receive it and the beauty of the knife as described above."

SEARS, ADVERTISING AGENT AND WHOLESALE KNIFE MANUFACTURER. 138 FLEET STREET, LONDON. DEAR SIR,—I faithfully promise on my and honour to show the Sample Knife you have promised to send me to one or more of my friends, thereby constituting myself an agent. This will make me "in the trade" as far as Pocket-knife is concerned. By this promise I am entitled to a sample of your beautiful Dollar Pocket-knife with chamois leather case, to be sent me post-paid and duty free. I also enclose 44 cents Postal Order or stamp which please hold for me until I send you an order at the dozen rate. Name... Address... Address all letters to F. W. SEARS, Wholesale Knife Advertiser, 123 FLEET ST., LONDON ENG.

Get a Glass of Hires' Root Beer! Hires' Root Beer is a refreshing and healthful beverage. It is made from the purest ingredients and is guaranteed to be the best. It is sold in all parts of the world. Hires' Root Beer is a tonic and a stimulant. It is good for the stomach and the bowels. It is good for the nerves and the brain. It is the one that everyone should cherish. It is the one that everyone should treasure. It is the one that everyone should prize. It is the one that everyone should value. It is the one that everyone should respect. It is the one that everyone should honor. It is the one that everyone should worship. It is the one that everyone should adore. It is the one that everyone should love, honor, cherish, treasure, prize, value, respect, honor, worship, adore.

ESCAPED FROM MEXICO MINES.

An American Engineer Tells a Thrilling Story of His Experiences.

Houston, Tex., special. John H. Manley, a locomotive engineer, who recently escaped from the coal mines, about eight miles from Monterey, Mex., is in the city. He said to-day: "I was born in Lexington, Ky., where my father was well known. Years ago I went to Mexico as an engineer on the International road. About seven years ago we backed out of a riding and ran over and killed a Mexican peon. At the next station our crew was arrested and thrown into prison. We were refused intercourse with friends. Then, without any trial, we were taken to mine No. 9, near Monterey. There are still twenty or thirty Americans there. We could not communicate with the outside world. One night last January our guard got drunk on smuggled whiskey and I took a chunk of coal and smashed in his head, summoned my companions, Billy Hughes, my fireman; Billy Clark, the conductor, and Frank Godwin and Billy Stillwell, the brakeman, all Americans. We slipped up behind another guard and knocked him in the head and dropped his body to the bottom of the shaft—222 feet. Taking the pistols of the dead guards we struck for the mountains and traveled only by night, with stars as our guide, avoiding all villages and railways. We walked three weary months, living off roots, herbs and an occasional rabbit. About twelve years ago I saw John Reynolds, a 16-year-old boy, from Syracuse, N. Y., shot for having killed a Mexican in self-defense. Some of the prisoners in mine No. 9 have been confined twenty years and none of them ever had the semblance of a trial."

NEW HYDRAULIC SYSTEM.

Its Remarkable Efficiency Has Attracted Great Attention.

There has recently been introduced in one of the mines of Montana a new water-raising or pumping system, the remarkable efficiency of which has attracted general attention. The apparatus consists of a three-inch pipe located in the pump shaft midway between the 1,100 and 1,200 foot levels, and extending to the latter station; at the 1,200-foot level his pipe makes a return bend and follows up the shaft to the 1,000, where it is so connected that the water which passes through it empties into a tank at that station, this pipe thus forming a U. with one leg 50 feet and the other 200 feet long. A quarter-inch air pipe is inserted at the bottom of the long end or lift pipe, and, when a certain pressure of air is turned on from the compressor, and water is allowed to flow through the short leg, a constant flow of water is maintained down the drive pipe, and an intermittent flow of air and water is discharged through the lift pipe into the tank at the 1,000-foot level. This system is known as one of displacement, the air displacing the water and causing it to rise until it eventually forces it out at the top—in this case a quarter-inch air pipe, through which air at the pressure of twenty-three pounds flowed, actually forcing the water through a three-inch water column to a height of 200 feet.

RAZORS GET OUT OF SORTS.

They Often Grow Sick and Tired Just the Same as People Do.

The customer moved uneasily in the chair. "Give that razor a turn or two on the stop," he said. "It hurts my face." The barber closed the razor and took another. "I didn't know it was tired," he remarked, as he proceeded to freshen the latter.

"Tired?" ejaculated the customer. "Yes, sir; tired, or sick," responded the barber. "A razor gets so sometimes, that you can't do anything with it. Then some barbers say it is tired, while others say it is sick. The weather seems to affect them just like it does folks. In damp, chilly weather razors are liable to become good for nothing any time. You may hone and strop them all you please, but they won't take a decent cutting edge. When they get that way you've got to lay them away for awhile. You see, the edge of a razor, when looked at under a microscope, appears to be a fine saw. Well, the weather acts on these teeth, and when it's damp and chilly they get scratchy, and then we say the razor is tired. Sometimes nearly every razor in a shop will be affected, and then we barbers get cussed by pretty near every customer we shave."—Washington Star.

A Burdensome Name.

Euphrates Esculapian Endymion McJimsey is the name of a clerk in the recorder's office at Marysville, Mo. He signs his rather euphonious name with a big rubber stamp. His mother was a student of oriental history and mythology.

The Hogs Saved Him.

Gus Teiler, of Kirwin, Mo., fell off a windmill tower and saved his life by falling on his two porkers. It killed the hogs.

London Wilde Goes up for Two Years.

Oscar Wilde's trial having reached its final state, the Old Bailey courtroom was filled with interested spectators. The jury retired at 3:30 p. m. and returned at 5:30 with a verdict of guilty. Justice Wills ordered that Alfred Taylor also be summoned before him. Then in a voice trembling with emotion the justice said: "I never before had such a shocking case as this to deal with. Two men such as you are, by the very nature of your crime, lost to all sense of remorse for what you have done. There is no doubt but that the verdict is a just one, and I shall give you the full penalty allowed by law, and I only regret that it is not more severe. You are both sentenced to hard labor for the term of two years."

Transparent Leather.

The manufacture of transparent leather has for some time past been accomplished by different methods, but experiments show, as reported in the Magazin Pittoresque, that, for simplicity and effectiveness, the method described below is reliable: After the hair has been removed from the hide, the latter, tightly stretched upon a suitable frame, is rubbed with a mixture consisting of one thousand parts glycerine of twenty-six B, two parts salicylic acid, two parts picric acid, and twenty-five parts boric acid. Before the hide is absolutely dry it is placed in a room which the rays of the sun do not penetrate, and it is saturated with a solution of bichromate of potash; when the hide is very dry there is applied to its surface an alcoholic solution of tartaric acid. This alcoholic aspect being thus obtained, and the leather is very flexible.

Nothing to Live For.

Friend—I hear that Mr. Boaster, the oldest inhabitant, is sick. Doctor—He is, and I fear that I can do nothing for him. He cannot remember a winter to match this one, and he seems to have lost all interest in life.

HE GOT THE SUGAR.

How a Monkey Reasoned Out a Very Knotty Problem.

The following anecdote of a tame monkey, to which was given a corked bottle with a lump of sugar inside, indicates that the animal, though unable to invent, could imitate. A phenologist would say that the monkey had "perception" but not "casuality." How to get at the sugar was a problem that bade fair to drive him crazy. Sometimes, in an impulse of disgust, he would throw the bottle out of his reach, and then be distracted until it was given back to him. At other times he would sit with a countenance of intense dejection, contemplating the bottled sugar, and then, as if pulling himself together for another effort at solution, would sternly take up the problem afresh and gaze at the bottle. He would tilt it one way and try to drink the sugar out of the neck, and then suddenly reversing it, try to catch it as it fell out at the bottom. Under the impression that he could capture the sugar by surprise, he kept rasping his teeth against the glass in futile bites, and warning to the pursuit of the revolving lump, used to tie himself into regular knots round the bottle. Fits of the most ludicrous melancholy would alternate with spasms of delight as a new idea seemed to suggest itself followed by a fresh series of experiments. Nothing availed, however, until one day a light was shed upon the problem by a jar containing bananas falling from the table with a crash and the fruit rolling about in all directions. His monkeyship contemplated the catastrophe, and reasoned upon it. Lifting the bottle high in his paws, he brought it down upon the floor with a tremendous noise, smashing the glass to fragments, after which he calmly transferred the sugar to his mouth, and munched it with much satisfaction.

EXTRACTING OF TANNIN.

It Has Lately Become a Practical and Profitable Industry.

The extraction of tannin from palmetto leaves has now become a practical industry, and it is claimed that leather tanned with this product can be more economically produced than that which is treated with oak or hemlock bark, while the residue forms a valuable paper stock, which is also utilized. In the process of extraction the leaves and stems are separated, the stems are crushed flat through rollers, while the leaves are finely shredded; this material is then placed in a large wooden tank and covered with water, the mass is brought to the boiling point but not allowed to boil violently—being kept near but below the boiling point for forty-eight hours, the liquid being then ready for the tannery. After the tannin has been extracted, the palmetto is steamed in a chemical solution, which removes the silicate contained in the palmetto and changes the glossy shield to a gummy mass, which can be removed without injury to the fibre; but in making imitation horsehair this gummy mass is allowed to dry, as it adds to the elasticity of the fibre. There are several combinations in which the production of tannin and fibre is said to be practicable and advantageous, so that tanneries situated in the vicinity of paper mills can grind the palmetto in the same manner as bark, and the residue, after bleaching, is in proper shape for the paper mill.

When Baby was sick, we gave her Castoria.

When she was a Child, she clung to Castoria.

When she became Miss, she cried for Castoria.

When she had Children, she gave them Castoria.

What is CASTORIA

Castoria is Dr. Seaman's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness, Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osgood, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kincheloe, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

UNITED HOSPITAL AND DISPENSARY, Boston, Mass.

Allen C. Smith, Pres., Boston, Mass.

The Centaur Company, 77 Murray Street, New York City.

The Great Specialist in Diseases of Brain, Heart and Nerves.

DR. FRANKLIN MILES, M. D., LL. B., Chicago, Ill.

DR. FRANKLIN MILES, of Chicago, subject of the above sketch is one of the best known specialists in the U. S. in diseases of the brain, heart and nerves. He spent twelve years in study at the following institutions: Phillips Academy, Mass.; Williston Seminary, Mass.; Sheffield Scientific School, New Haven; Yale College, Conn.; Columbia College, New York City; Medical Department Michigan University; Rush Medical College, Chicago; Chicago Medical College, and Illinois State Eye and Ear Infirmary, and is author of a treatise on "Nervous Diseases," "The Permanent Cure of Headache without Change of Occupation," "Heart Disease," "Weak Eyes a Nervous Disease," "Headache and Other Nervous Diseases," "The Use of Spectacles in the Treatment of Affections of the Brain and Nerves," etc.

DR. MILES has spent nearly 20 years since he completed his education in study and investigation of the nervous system. He has made some startling and wonderful discoveries in the relation of the eye to the heart, brain and nervous system. The greatest of his achievements and those that have made him famous are his discovery of the great nerve tonic called DR. MILES' RESTORATIVE NERVINE and the wonderful cure for heart disease, DR. MILES' NEW CURE FOR THE HEART—These discoveries were not luck nor accident but the result of a series of investigations carried on patiently, carefully and systematically through years of practice. They are not curables, but intended for specific purposes. The Heart Cure is the best and safest heart tonic. It tones the heart by its action directly on the heart, as well as upon the sympathetic nerve centers. The Restorative Nervine soothes, quiets and restores the nerves and their centers to their normal condition, and is a sure specific for sleeplessness, nervousness, dizziness, hysteria, etc. These remedies have cured thousands and may cure you. Write DR. MILES' MEDICAL CO., Elkhart, Ind., for their book on diseases of the nerves and heart. Dr. Miles' remedies contain no opiates or other dangerous drugs, and taken according to directions are positively harmless. Sold by all druggists on a positive guarantee that the first bottle will benefit. Should it not you may return it and obtain your confidence. This allows you to give it a fair trial without risk. This proves our confidence in the medicine. This proves that it is made to cure and not alone for the profit there is in it. This proves the merit of the remedy, if it was an ordinary medicine this unparalleled offer could not be made. All druggists sell them at \$1, six bottles \$5, Pills 25 cents.

Probate Order.

STATE OF MICHIGAN, ss. COUNTY OF WASHTENAW, ss.

At a session of the Probate Court for the County of Washtenaw, holden at the Probate Office in the City of Ann Arbor, on Wednesday, the 15th day of May, in the year one thousand eight hundred and ninety-five. Present, J. Willard Babbitt, Judge of Probate.

In the matter of the estate of Hannah Starks, deceased. Cyrus M. Starks, executor of said deceased, comes into court and represents that he is now prepared to render his final account as such executor.

Thereupon it is ordered, that Tuesday the 11th day of June next, at ten o'clock in the forenoon, be assigned for examining and allowing such account, and that the devisees, legatees and the heirs-at-law of said deceased, and all other persons interested in said estate, are required to appear at a session of said court, then to be holden at the Probate Office, in the City of Ann Arbor, in said county, and show cause, if any there be, why the said account should not be allowed.

And it is further ordered, that said executor give notice to the persons interested in said estate, of the pendency of said account, and the hearing thereof, by causing a copy of this Order to be published in the ANN ARBOR REGISTER, a newspaper printed and circulated in said county three successive weeks previous to said day of hearing.

J. WILLARD BABBITT, Judge of Probate W. G. DOTY, Probate Register.

Mortgage Sale.

Default having been made in the conditions of a certain mortgage heretofore executed and given by Sarah E. Calvert to Jessie E. Hunt, dated the 18th day of July 1887, and recorded in the office of the Register of Deeds in and for Washtenaw County, Michigan, July 23, 1887, in Liber 72 of mortgages on page 209, which said mortgage was, on the 18th day of July 1890, duly assigned by said Jessie E. Hunt to Leonard Gruner, in said Register Office on the 10th day of April 1895 in Liber 12th of assignments of mortgages on page 156 upon which said mortgage there is claimed to be due at the date of this notice, for principal interest and attorney's fee as provided for in said mortgage the sum of six hundred and ninety and sixty-one and one-hundredths dollars. That by said default, the power of sale contained in said mortgage has become operative, and no proceedings at law having been instituted to recover the debt secured by said mortgage.

Notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises at public vendue, to the highest bidder, at the southerly front door of the Court House, in the City of Ann Arbor, in said County and State, on Saturday the 12th day of July A. D. 1895, at ten o'clock in the forenoon of that day, to satisfy the amount claimed to be due on said mortgage and all legal costs, said mortgaged premises are described as follows:

All that certain piece or parcel of land situate and being in the City of Ann Arbor in the County of Washtenaw and State of Michigan and described as follows, to-wit: Commencing at a point in the west line of Mann street eight rods north of the north-west corner of Mann and Huron streets, running thence north on said west line of Mann street forty-three and one-third rods, thence west at right angles with said line and parallel with Huron street about eighteen 18-25 rods to a line which is six rods east of the west line of section twenty-nine, thence south parallel with Mann street forty-three and one one-third rods, thence east to the place of beginning, excepting a piece of land three rods wide off the north end and running west of Mann street for a road. According to the recorded plat of said city of Ann Arbor, County and State aforesaid.

Dated, Ann Arbor, the 12th day of April, 1895.

LEONARD GRUNER, Assignee of said Mortgage.

F. PISTORIUS, Attorney for said Assignee. 72

Probate Order.

State of Michigan, County of Washtenaw, ss.

At a session of the Probate Court for the County of Washtenaw, holden at the Probate Office in the City of Ann Arbor, on Monday, the 13th day of May, in the year one thousand eight hundred and ninety-five.

Present, J. Willard Babbitt, Judge of Probate.

In the matter of the Estate of William R. Hamilton, deceased.

Mary H. Hamilton, the administratrix of said estate, comes into court and represents that she is now prepared to render her final account as such administratrix.

Thereupon it is ordered, that Tuesday, the 11th day of June next, at ten o'clock in the forenoon, be assigned for examining and allowing such account, and that the heirs-at-law of said deceased, and all other persons interested in said estate, are required to appear at a session of said Court, then to be holden at the Probate Office, in the City of Ann Arbor, in said county, and show cause, if any there be, why the said account should not be allowed: And it is further ordered, that said administratrix give notice to the persons interested in said estate, of the pendency of said account, and the hearing thereof, by causing a copy of this Order to be published in THE ANN ARBOR REGISTER, a newspaper printed and circulated in said county three successive weeks previous to said day of hearing.

J. WILLARD BABBITT, Judge of Probate, W. G. DOTY, Probate Register.

Mortgage Sale.

Default having been made in the condition of a mortgage executed by William Coulson to Marinda L. White, recorded July 14th, A. D. 1883, and bearing date in the office of the Register of Deeds for Washtenaw County, Michigan, July 16th, A. D. 1883 in Liber 57 of mortgages on page 483, by which default the power of sale contained in said mortgage became operative, and no suit or proceeding in law or equity having been instituted to recover the debt secured by said mortgage or any part thereof, and the sum of seven hundred and eleven dollars (\$711) being now claimed to be due on said mortgage, notice is, therefore, hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises therein described, or some part thereof, to-wit:

All of the following described land situated in the township of Lyndon, in Washtenaw county and state of Michigan, viz:

The Northwest quarter (N. W. 1-4) of the Southeast quarter (S. E. 1-4) and the Northeast quarter (N. E. 1-4) and sixty-three (63) acres off of the South part of the Northeast fractional quarter (N. E. 1-4) all on section No. fifteen (15), in township No. one (1) South in range No. three (3) East and containing one hundred and forty-three acres of land more or less, excepting and reserving there from the South sixty-three acres of the Northeast quarter (N. E. 1-4) of section No. fifteen (15) in township No. one (1) South in range No. three (3) East, it being said township of Lyndon, excepting the South six acres of said last mentioned land, intending hereby to except from said first described lands fifty-seven acres of land more or less heretofore conveyed to Daniel Scriptor, at public vendue on Friday, the 12th day of July next, at ten o'clock in the forenoon, at the east front door of the court house in the city of Ann Arbor, in said county of Washtenaw, that being the place of holding the circuit court in said county.

Dated, April 17th, A. D. 1895.

W. W. MARINDA L. WHITE, N. W. CHEEVER, Mortgagee, Attorney. (72)

Chancery Sale.

In pursuance and by virtue of a decree of the Circuit Court for the County of Washtenaw, in Chancery, made and entered on the eighth day of October 1894, in a certain cause therein pending, wherein Caroline Gall was complainant and Anson J. Gall, Mary Austin, Rosa Martin, Lena Hudson, Augustus F. Gall, Ellen Gall and Emma Gall were defendants, notice is hereby given that I shall sell at public auction to the highest bidder at the court, or Huron street entrance of the Court House, in the city of Ann Arbor, State of Michigan (that being the building in which the Circuit Court for the County of Washtenaw is held), on Wednesday, the 12th day of June 1895, at ten o'clock in the forenoon of said day the following described property, viz:

All those certain pieces or parcels of land situate and being in the township of Manchester, County of Washtenaw and State of Michigan, bounded and described as follows, viz: The south-west corner of the south-west quarter of section twenty-one in township four south of range three east, supposed to contain two and thirty one-hundredths acres of land and bounded as follows: commencing seven chains eighty-three links west of the south-east corner of the west half of the south-west quarter of section twenty-one, thence north one chain eighty-four links to a stake, thence south seventy-seven and one-eighth degrees west, five chains and seventy-four links to a stake standing in the highway; thence north fifty-eight degrees west, seven chains ninety-five links to a stake in the center of the highway being also a section boundary line; thence south four chains fifty links to the corner between sections twenty, twenty-one, twenty-eight and twenty-nine; thence east twelve chains and one-hundred links to the place of beginning.

Also that other parcel of land described as being a part of the west half of the north-west quarter of section twenty-eight and bounded as follows: Beginning at the north-west corner of said section twenty-eight, thence south twelve chains; thence north eighty-five degrees and twenty-seven minutes east sixteen chains and twenty-one links; thence east parallel with section line three chains and six links; thence north eighty-two degrees east four chains and eighty; thence north eight chains and fifty-five links; thence north eighty-two degrees east, four chains and seven; thence west on the section line to the place of beginning containing twenty, three acres be the same more or less.

Also, so much of the north-east quarter and of the east half of the north-west quarter of section twenty-nine as has not been heretofore conveyed to Charles Clark and wife, Charles Wolcott, James Nowlen and Albert Barns by Samuel Estabrook and his grantors or one of them, together with all the right to raise the lake upon said premises to its full and highest level and to enjoy the outlets therefrom and the water power of said lake, which is reserved by the grantors of the said Samuel M. Estabrook in the several conveyances of aforesaid land.

Dated, April 18th, 1895.

O. ELMER BUTTERFIELD, Circuit Court Commissioner, Washtenaw County, Michigan.

A. J. WATERS, Solicitor for Complainant. (67)

Probate Order.

STATE OF MICHIGAN, ss. COUNTY OF WASHTENAW, ss.

At a session of the Probate Court for the County of Washtenaw, holden at the Probate Office in the City of Ann Arbor, on Wednesday, the fifteenth day of May, in the year one thousand eight hundred and ninety-five. Present, J. Willard Babbitt, Judge of Probate.

In the matter of the estate of Hiram B. Starks, incompetent. Cyrus M. Starks late guardian of said ward, comes into court and represents that he is now prepared to render his final account as such guardian.

Thereupon it is ordered, that Tuesday, the 11th day of June next, at ten o'clock in the forenoon, be assigned for examining and allowing such account, and that the next of kin of said ward and all other persons interested in said estate, are required to appear at a session of said court, then to be holden at the Probate Office, in the City of Ann Arbor, in said County, and show cause, if any there be, why the said account should not be allowed: And it is further ordered, that said guardian give notice to the persons interested in said estate, of the pendency of said account, and the hearing thereof, by causing a copy of this order to be published in THE ANN ARBOR REGISTER, a newspaper printed and circulated in said county three successive weeks previous to said day of hearing.

Mortgage Sale.

Default having been made in the condition of a mortgage executed by William Coulson to Marinda L. White, recorded July 14th, A. D. 1883, and bearing date in the office of the Register of Deeds for Washtenaw County, Michigan, July 16th, A. D. 1883 in Liber 57 of mortgages on page 483, by which default the power of sale contained in said mortgage became operative, and no suit or proceeding in law or equity having been instituted to recover the debt secured by said mortgage or any part thereof, and the sum of seven hundred and eleven dollars (\$711) being now claimed to be due on said mortgage, notice is, therefore, hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises therein described, or some part thereof, to-wit:

All of the following described land situated in the township of Lyndon, in Washtenaw county and state of Michigan, viz:

The Northwest quarter (N. W. 1-4) of the Southeast quarter (S. E. 1-4) and the Northeast quarter (N. E. 1-4) and sixty-three (63) acres off of the South part of the Northeast fractional quarter (N. E. 1-4) all on section No. fifteen (15), in township No. one (1) South in range No. three (3) East and containing one hundred and forty-three acres of land more or less, excepting and reserving there from the South sixty-three acres of the Northeast quarter (N. E. 1-4) of section No. fifteen (15) in township No. one (1) South in range No. three (3) East, it being said township of Lyndon, excepting the South six acres of said last mentioned land, intending hereby to except from said first described lands fifty-seven acres of land more or less heretofore conveyed to Daniel Scriptor, at public vendue on Friday, the 12th day of July next, at ten o'clock in the forenoon, at the east front door of the court house in the city of Ann Arbor, in said county of Washtenaw, that being the place of holding the circuit court in said county.

Dated, April 17th, A. D. 1895.

W. W. MARINDA L. WHITE, N. W. CHEEVER, Mortgagee, Attorney. (72)

**WHY "No. 9" ARE HEELER & WILSON'S SEWING MACHINES POPULAR? BECAUSE LADIES BUY THEM LIKE THEM AND TELL THEIR FRIENDS.**

Many ladies have used our machines twenty to thirty years in their family work, and are still using the original machines we furnished them a generation ago. Many of our machines have run more than twenty years without repairs, other than needles. With proper care they never wear out, and seldom need repair.

We have built sewing machines for more than forty years and have constantly improved them. We build our machines on honor, and they are recognized everywhere as the most accurately fitted and finely finished sewing machines in the world. Our latest, the "No. 9," is the result of our long experience. In competition with the leading machines of the world, it received the Grand Prize at the Paris Exposition of 1889, as the best, other machines receiving only complimentary medals of gold, silver and bronze. The Grand Prize was what all sought for, and our machine was awarded it.

Send for our illustrated catalogue. We want dealers in all unoccupied territory.

**SHAKESPEARE IN INDIA.**

A Baboo Bill of the Play Recently Circulated in Benares.  
The following announcement of a grand Shakespearean performance at a native place of entertainment was recently circulated in the city of Benares:  
**DON'T FORGET.**  
Well come. Well Come. Well Come.

The Indian Empress Dramatic Coy, of Benares, at Madho Das Shamla's Garden, Close to the Prince of Wales' Hospital Benares.  
Will Give Performance To Night! To Night!! To Night!!!  
"Fasana Hosh Roba"  
The Most Tragic Drama of Othello and Desdemona with Wonderful Scenes and Sceneries, Brilliant Dresses and Ornaments, Genius Actors and Actresses.  
Come One! Come All!! Come Sharp!!! and See Young Dancing Girls with their Dance and hear their Attractive Songs.

Gentlemen—With due respect and humble submission I beg leave to state that I have taken the contract on the instant, the piece chosen to be given is *Ishanal Hosh-Ruba*.  
The last plot of this play is taken from Shakespeare's famous play of *Othello*, and I stand guarantee that the play is a nice one and will be shown with the best scenes and scenery, made specially for this play, never think to be disappointed. The following scenes in this play are worth attentions and show the experience and skill of the painter:  
1. The scene of Durbar fully decorated with chandeliers and other furniture.  
2. The scene of Jungle and a long-bearded pious man's coming out of the moon, and animal's grazing in the Jungle and Othello's hunting one of them down. All these sights would be attractive to make mention of. They depend on seeing.  
3. The scene of garden with a bridge, therein, and a river flowing from below. A very beautiful sight indeed. Sweet and melodious singing of the birds in the garden. The nauch party is held in the garden, several dancing girls charming the audience with their sweet songs and showing their best practice in the art of dancing.  
4. Washerman's scene—a river flowing by—two asses with a big bundle of clothes on their back—Washerman's joke with asses. A very comic and laughable scene.  
5. Tragic scenes toward the close of the drama will be so effective and touching the spectators shed tears—Othello's going with a sword drawn and burying with anger near the bed of Desdemona, her apology and last words are very heart rending—her sighing and agonizing a painful sight. To be followed by a very interesting and laughable farce of chunyan and munyan.  
I promise to show more than I have written in this program. Yours faithfully, Shaikh Abdul Gani, Contractor.

**LONG AND CLOSE RACE.**  
Two Sailing Vessels Vary Hardly Any in Their Speed from Hong Kong.  
For two sailing vessels to leave a Chinese port on the same day, on almost the same hour, and, after voyaging considerable more than half way around the world, to reach New York no further apart than when they started from Hong Kong, is an event, which, while not unprecedented, comes not far from being miraculous. The *Tam o'Shanter* and the *Wandering Jew*, both of them American ships, built and owned in the state of Maine, have just accomplished this remarkable feat. The *Tam o'Shanter* is of 1,522 tons burden, hails from Portland, and has twenty years of service to her credit. The *Wandering Jew* is a Camden vessel 128 tons heavier than her rival, and has not wandered about the seas so long by two years. During the long journey of ninety-eight days there seemed to be a strange conspiracy on part of wind and waves and currents to keep the two ships in company. Even when one of the racers carried away some of her sails, the other was unable to take advantage of the accident and haul ahead, for the squall that did the damage was followed by a calm. Before the breeze came again new pinions had been spread by the temporarily disabled vessel, and the contest of speed was resumed on equal terms.

**The Joy of God.**  
As the flowers follow the sun and silently hold up their petals to be tinted and enlarged by its shining, so must we, if we would know the joy of God, hold our souls, wills, hearts and minds still before him whose voice commands, whose love warms, whose truth makes fair our whole being. God speaks for most part in silence only: If the souls be full of tumult and jangling voices, his voice is little likely to be heard.—Alexander Meclaren.

**Cotton Ropes for Belting.**  
One of the most eminent mechanical engineers in England, Joseph Nasmyth, favors the driving of machinery with cotton ropes in place of leather bands. As a result of many years' experience and close observation, he states that for heavy main drives it is both more economical and effective to use a series of ropes working in separate grooves.

**Coinage in China.**  
The standard Chinese work on coinage is in twenty volumes, and the Chinese money itself is not less bulky, as a string of cash weighing five pounds is worth less than 25 cents.

**Dangerous**  
Some of the insurance companies of Paris refuse to insure people who dye their hair.

**ONE TRADE BUSY.**

More Clothes Mending by Tailors One of the Results of Dull Times.  
"My trade has been bigger and better in the last two dull years than ever it was before," said a Columbus avenue tailor who follows the useful business of mending men's clothes, to a New York Sun reporter. "Look at the piles of garments upon these shelves awaiting my needle. I never knew of such a rush at any other time since I became a boss in the tailor's trade as that for two years. I have had, and yet have, to give out jobs enough to keep ten men and women at work. People come in here with coats and trousers and vests who never used to do it, and hardly ever had any mending done, or ever thought of a patch. They have been getting out their old stock to be fixed up on account of the hard times. Some of them, who would not be seen in here, send around their garments by a messenger boy or a servant, and I can turn out some things so as to be better than they were when new. No, I would not give you the names of my customers, but I can tell you that some of them pass for rich. That summer suit belongs to a man who is believed to be a millionaire, and he has worn it for two seasons, and when I send it back to him, he can wear it for two more. Some men whom you'd never suspect of being hard up must be down on their stumps, or perhaps they are practicing economy without any need for it.

"Lots of New Yorkers are mighty foolish about their clothes. They will throw away a coat or a pair of trousers when they are not half worn out. Another thing, new clothes are cheap nowadays, but it is a fact that they are not so cheap as last year's when you can get them mended and cleaned for a dollar or two. Nearly all the merchants in my line are busy, and we have had good times all through the bad years. The extravagant and wasteful people have had a useful lesson."

**TORPEDO BOATS.**  
What European Powers Have Paid for Their Speedy Craft.  
A blue book just issued gives incidentally, hidden almost by a mass of other information, the contract price of a large number of the torpedo boat destroyers now being constructed by private firms for the navy. These vessels are about 200 feet long, of about 230 or 240 tons displacement, and with engines of 4,000 or 4,500 indicated horsepower, attained a speed of 27 knots. Messrs. Yarrow, London, have built three of this larger type, the price for each being £37,400. Messrs. Thornycroft, London, have also built three at £36,430 each; Palmers' Ship Building company, Jarrow, got £37,107. Messrs. Thomson, Clydebank, who have some experience of high speed vessels, have done their work most satisfactorily for £34,792; the Naval Construction company at Barrow are to get £33,977, and although their vessels have not yet been tried, there is every prospect of successful issue. By way of comparison it may be interesting to state that the French paid £30,528 for a 27-knot torpedo boat only 144 feet long, of 123 tons displacement, and 2,700 indicated horse-power. The costs are not available for any larger torpedo boats of the French; but it is pretty evident that our craft are built at a very much less rate. The torpedo *Aventurier*, 151 feet long, of 148 tons displacement, and 1,500 indicated horse power, and 23½ knots speed, cost the French £13,354; our total fleet of ten first-class torpedo boats, 140 feet long, and 23 knots, cost us on an average of £14,491 each. The same parliamentary book states that the contract price of the hull and machinery of the 14,000-ton cruiser *Terrible*, with Belleville boilers and engines, to give 23 knots speed is £543,347. It is being built by Messrs. Thompson, Clydebank. The contract price for the sister ship *Powerful*, building at Barrow, is £535,252.

**Another Great Achievement.**  
Telegraph Editor—Here's a dispatch from an observatory, saying that Blinker's telescopic comet has changed its course. Able Editor (Daily Bustle)—Didn't we print an item a few years ago, saying that if Blinker's comet did not change its course it would hit something? "I believe so." "Good! Tell Spreader to get up a full page illustrated article showing the influence of the Daily Bustle in celestial affairs." —New York Weekly.

**Twelve Miles High.**  
The result of meteorological tests with balloons at immense heights is announced from Bremen this week. One balloon, carrying self-registering instruments, reached a height of twelve miles. The thermometer could not register the temperature, 67 deg. below zero being marked at a lower height. Many tests show that the temperature sinks gradually up to two and a half miles. Above that the fall is much more rapid.

**For Amusement Only.**  
Wife (displaying dropped poker chip)—Aha! I've found you out at last. You play cards for money.  
Husband—You do me injustice, my dear. I play only for amusement.  
Wife—Huh! Don't you win money?  
Husband—Never. I always lose.

**Government Ownership in Belgium.**  
On the Belgian state railways fares are lower than anywhere else in Europe. Recently the Belgian government has made a fresh concession. For one pound sterling (\$4.86) the traveler can obtain a ticket available for one person

**Inventors Are Busy.**  
The commissioner of the United States patent office reports for the year 1894 36,987 applications for patents, 1,357 for designs, 2,053 for registration of trade marks and 2,286 caveats.

**Love Lightens Labor**
