ANN ARBOR, MICHIGAN, THURSDAY, OCTOBER 10, 1895.

WHOLE NO. 1085.

ODDFELLOWS DAY.

THE CITY FULL OF UNIFORMED GUESTS.

The Freedom of the City—Welcome by the Mayor—Prize Drills—Public Reception—Dress Parades—Fine Music—Sword Contests—Awarding of Prizes by the Judges.

This has been Oddfellow's week, and they have had full possession of the city. The advance guard arrived early Monday morning and every train after that up to yesterday forenoon brought additional members of the order to help swell the large number of visitors. The various cantons as they arrived here Tuesday were met by Ann Arbor cantons commanded by Capt. John Feiner. Tuesday morning the visitors all met at Maccabee hall over the postoffice where Mayor Walker, in a brief speech welcomed the Oddfellows of Michigan to the hospitalities of the city of Ann Arbor. At half past two p. m. Tuesday the various cantons and delegates repaired to the fair grounds either to witness or take part in the competitive drills. The cantons that took part in the drills were as follows: Detroit No. 1, Capt. Geo. Everson, Lieut. B. F. Nitscha, Ensign Adam Miller, 19 men in line. M. W. Fenton, No. 27, Flint, Capt. Chas. Martin, Lieut. S. J. Hall, Ensign A. C. Stacy, 18 men in line. Hollister, No. 20, Charlotte, Capt. A. G. Frost, 13 men in line. Oriental, No. 19, Battle Creek, Capt. S. W. Ashbolt, Lieut. Jno. Elsmore, Ensign Charles Soarles, 14 men in line. Adrian, No. 8, Capt. Chas. W. Parker, Lieut. Chris. Schoen, Ensign M. Paekler, 11 men in line.

The number of distinguished men who are in attendance is large including such men as Gen. J. A. Adair, of Battle Creek, department commander; Col. T. S. Cline, of Detroit, colonel of the first regiment; Col. A. J. Stroud, of Charlevoix, of the second; Gen. T. A. Willett, of Flint, assistant adjutant general; J. Dandy, G. P., of Grand Rapids; Henry Lever, G. H. P., of Fremont; Frank Shephard, G. S. W., of Cheboygan; E. H. Whitney, G. Sec., of Lansing; A. Harshaw, G. Treas., of Alpena; W. M. Skimmin, G. J. W., of Port Huron; E. J. Johnson, of Baldwin, and John Penfield, of Vicksburg, grand representatives.

The next session of the grand encampment will be held at Allegan. In the sword drill, which was very fine, Capt. C. S. Martin won 1st prize, Capt. Stannard 2nd prize, Hall, 3rd prize. All of these were of the Flint canton. For the prize drills on the fair grounds the awards were as follows: Flint, 1st prize, \$75; Detroit 2nd \$50; Battle Creek, 3rd \$25. For best canton commanders, Flint was also ahead, and Detroit 2nd, with Adrian 3rd. Battle Creek captured the \$25 prize for coming the longest distance. C. A. Danauer was the oldest cavalier and won the \$5 prize. He is 71 years of age and secured the prize. He is only 23. Dexter canton carried off the prize for having the most men in line. The meeting was a successful one and was greatly enjoyed by all.

DEMOCRATIC THUNDER.

THE ARGUS HEADS A SENSATIONAL ARTICLE "TREMENDOUS BURDEN."

Would Have People Believe That the Last Legislature Had Practically Bankrupted the State—And Proceeds to Compile Figures Which Seem to Prove It.

The editor of The Argus, in the last issue, makes a heroic attempt to show that the last legislature was wildly extravagant. This is largely based upon a comparison with the penurious legislation of the squawback legislature in 91-92. The bare figures, as the Argus gives them, with a wrong interpretation, are enough to deceive the unwary. A proper understanding of the facts in the case would give it a very different appearance. It is true that the state tax this year is higher than usual, possibly quite a little higher than the most rigid economy would warrant. But the appropriations have not been such as to justify the accusation of wild extravagancy. The Argus fails to state that the very small appropriation of the democratic legislature had to be made good by succeeding Republican legislatures. This deficiency, amounting to over half a million dollars, made for the especial purpose of making political capital on the claim of economy, has now all been made up.

ROYAL Baking Powder Absolutely Pure

Another factor of great importance which the Argus is careful not to mention is the fact that the appropriation by the last legislature is for two years and that it so happens in this instance that a much larger proportion than usual of the two year's appropriation must be paid the first year. This will account, in the main, for the exceptionally large state tax this year. At the end of two years the average will be about the same. At least it will be but little larger than usual but not more than the natural growth of the state certainly warrants.

Campus.

The first issue of *Wrinkle* will soon be out.

The general library is now to be kept open from 8 a. m. to 10 p. m.

The U. of M. Daily has so far failed to secure a full quota of editors.

The football team is putting in considerable time at practice at present.

There were nearly 1000 students at the mass meeting to boom athletics Friday night.

The opening reception at Newberry Hall last Friday evening was a very pleasant affair.

The freshman medical class is already ahead of the class last year by some fifteen students.

Nearly \$500 was subscribed at the mass meeting held in University Hall to boom athletics.

The fall field day will occur on the athletic grounds a week from tomorrow, Friday, Oct. 18th.

The '96 Castalian board held a meeting last Saturday evening to begin work on this year's issue.

Already the enrollment in the homoeopathic Dept. is considerably ahead of what it was at any time last year.

Tomorrow evening is the time set for the organization of the Detroit branch of the Alumni Association.

Prof. J. C. Knowlton presided at the mass meeting held in University Hall last Friday night to boom athletics.

The Orchard Lake boys went home last Saturday after the football game with a score of 34 to 0 against them.

B. P. Bourland is now in Vienna. He will remain abroad 3 years and take his Ph. D. in some German university.

The Law Dept. is not showing any signs of decrease in attendance, notwithstanding the lengthening of the course.

At the athletic games held in New last Saturday Yale took 8 of the 11 first prizes away from the Englishmen from Cambridge.

The disposition of the Regents to push along the Women's Gym, has given the subject of co-ed athletics quite a boom.

The football team of Chicago University is said to be exceptionally strong and will play the U. of M. a stiff game on Thanksgiving.

It is said that there are more young men and women of Jewish extraction in the U. of M. than in any of the other large institutions of learning in the country.

The Harvard football team did not make a good showing in its first game this season. As a result Dartmouth came near gaining a victory, Harvard coming out ahead by only eight points.

The directors of the Athletic Association met last Thursday night and elected Harry Wear, '96, permanent secretary, E. C. Shields, baseball manager and J. D. Richards, assistant football manager.

The first number of the *Inlander* is announced for about the 15th. Some of the writers who will contribute for this number are, C. H. Cooley, Mabel Colton, T. P. Hickey, Chas. Baird, and W. L. McCouley.

The University Magazine, published in New York, will contain two articles upon the U. of M., one on "The Graduate School of the University of Michigan," and the other on "Athletics at the University of Michigan." The latter will be finely illustrated.

There will be thirteen events on the program for field day a week from tomorrow. They are as follows: 100 yds. dash, 220 yds. dash, 440 yds. run, 880 yds. run, 1 mile run, 120 yds. hurdles, 220 yds. hurdles, one mile walk, running high jump, pole vault, shot put, and hammer throwing.

Director Fitzgerald, of the Gymnasium, declared that the theory that western college men are larger and stronger, physically and able therefore to compete with eastern men in Athletic sports is not true. His theory is that eastern men have several generations of comfortable living and good food behind them that has made them stronger than those of the west.

The Students' Lecture Association promise a fine course this year. Among those already announced to be on the course are Senator David B. Hill, of N. Y., Deland T. Powers; Sec. Ex. John W. Foster, of Ohio; Mrs. Johnstone Bishop;

Mrs. Mary W. Loomis, of Cherokee, Ia., has been chosen by the executive committee of the board of regents to succeed Anderson H. Hopkins as first assistant librarian of the University. Mrs. Loomis has had seven years of experience in her special work, and is a graduate of the New York state library school. She is an alumnus of Lenox College, Iowa, A. B. '79, M. A. '89, and was a U. of M. literary student in '83-'84. Times.

For Five Years.

The present term of the circuit court was very materially shortened on Monday by Cuyler Barton pleading guilty of arson. He was promptly sentenced to Jackson for five years. This case has been one of unusual interest for the past two years. Barton, who is a farmer of more than usual ability, seems to have a mania for burning property. The fires that have been attributed to him have destroyed many thousands of dollars worth of property. Barton's mania led him to devise a peculiar contrivance by which he could burn a building and easily get forty miles away before the fire broke out. So frequent were the fires during the past two years that every farmer within ten miles of Unadilla was in constant dread of Barton's nefarious work. Sheriff Judson did some excellent work in helping to induce Barton to make a confession. By his so doing the county has been saved a large sum of money.

THE TRAMP QUESTION.

Special Report by Rev. J. W. Bradshaw, President of the Anti-Tramp Society.

"A body of vagrants twice as large as the standing army of the U. S. has compacted itself together in this county...

First of all, the tramp will not work. He is not in search of work; but instead is determined to live without work...

The purpose of the Anti-Tramp Society is to diminish the evils of vagrancy in this city.

First, by providing a test whereby it may be determined whether a beggar is a worthy man in need of employment or a tramp.

Second, by furnishing to all who are willing to avail themselves of it, opportunity to earn meals and lodgings by a moderate amount of work.

During the year past both purposes have been accomplished in encouraging degree by means of a wood-pile. A large number of genuine tramps have been moved to seek a more congenial climate...

It is also believed that the operation of the society has had influence greatly to diminish the number of such vagrants infesting the city.

A beggar applied for breakfast at the house of a member of this organization and was offered a ticket referring him to Mr. Siple for employment.

"I don't take any of their 'hand-outs,'—(food that is given at the door)—if they give them to me I put them in my pocket till I am out of sight and then throw them away."

Another applying to a housekeeper for coffee in the middle of the forenoon was told that it would be impossible to give him coffee...

That the number of this class infesting the city has been somewhat reduced, as there is reason to believe has been the case in this county...

The one thing needful in order that the city may be thoroughly rid of these professional tramps is that all housekeepers decline to feed beggars at their doors...

Mr. Flynt says, "the Germans (through their great sympathy with the unfortunate) are led into being the most generous people in this county."

See if we can but persuade the tender-hearted women of Ann Arbor, both German and American that they will cease to worthy person to suffer by refusing to feed beggars at their door...

If housekeepers who are so called upon will refer all beggars to Mr. Siple at the engine house, they will be given opportunity to earn meals or lodgings by doing a very moderate amount of work.

Let not the sympathetic be deceived by the statements of tramps that they have applied for work and been refused, or that an unreasonable amount of work is required.

Therefore, let the citizens of Ann Arbor refuse to relieve tramps at their doors, and send them to Mr. Siple where they can be sifted by the magic of a wood-pile...

COUNCIL PROCEEDINGS.

[OFFICIAL.]

COUNCIL CHAMBER, Ann Arbor, October 7th, 1895. Regular session.

Called to order by President Hiscock. Quorum present.

The Journal of the last regular session was upon motion approved.

COMMUNICATIONS FROM THE MAYOR. MAYOR'S OFFICE.

Ann Arbor, Michigan, September 18th, 1895.

To the Honorable Common Council of the City of Ann Arbor:

Gentlemen:—As requested by the Board of Education I have this day appointed Arthur J. Sweet a special policeman to act under the directions of said Board...

WARREN E. WALKER, Mayor.

MAYOR'S OFFICE. Ann Arbor, Sept. 24th, '95. Glen V. Mills, City Clerk.

I have this day appointed C. J. Snyder, W. L. Clark and C. H. Fischer, as special policemen to act during the Fair.

W. E. WALKER, Mayor.

COMMUNICATIONS AND PETITIONS. To the Common Council:

The Board of Public Works respectfully recommends to the Council that the Board be empowered to purchase one car load of swamp oak plank at \$18 per M.

Glen V. Mills, Clerk.

Adopted as follows: Yeas—Ald. Moore, Maynard, Allmendinger, Koch, Snyder, Laubengayer, Brown, Ferguson, Taylor, Shadford, Prettyman, Coon, Butterfield, Cady, Pres. Hiscock—15.

Nays—None.

To the Common Council: The Board of Public Works hereby submit the following bids for parking S. University Avenue.

Barnard Morrison \$1.75 per rod. Chris. Bonnin 2.50 " "

August Tessmer 2.00 " " Hoffman Bros. 1.50 " "

The Board respectfully recommends that the contract be awarded to Hoffman Bros. for doing the same at \$1.50 per rod...

Glen V. Mills, Clerk.

Ald. Prettyman moved that the contract be awarded to Hoffman Bros. the lowest bidder, and that they be instructed to do the work immediately.

Adopted as follows: Yeas—Ald. Moore, Maynard, Allmendinger, Snyder, Laubengayer, Brown, Ferguson, Taylor, Shadford, Prettyman, Coon, Butterfield, Cady, Pres. Hiscock—14.

Nays—Ald. Koch—1.

To the Honorable Mayor and the Common Council of the City:

Gentlemen:—You are cordially invited to take part in the parade of Odd Fellows on Wednesday afternoon as printed programme. Carriages will be on hand to carry you in the parade.

By order Capt. J. Feiner, Canton Ann Arbor No. 39, Patriarch Militant.

Attest J. J. Ferguson, Clerk.

Ald. Prettyman moved that the invitation be accepted by this Council with thanks.

Adopted.

To the Honorable Common Council of the City of Ann Arbor:

Gentlemen:—The contract in force between the City of Ann Arbor and the Ann Arbor Water Company provides that the Water Company shall furnish water for flushing sewers for One Hundred Dollars per annum.

At the time the said contract was executed there was no such thing as an automatic flush tank, like or similar, to those now being constructed in connection with the sewer system in this city.

There will be, as I am informed, some two hundred flush tanks in the sewer system now being and to be constructed. These tanks each hold 250 gallons of water and may be regulated so as to discharge every twenty minutes.

I understand that the intention is to regulate the flow of water so that a discharge will be made every forty-eight hours. At this rate it will cost the Water Company \$3.64 per year per tank to pump the water alone, saying nothing about the wear and tear of the machinery.

I do not feel that the contract contemplated any such use of water as will now be demanded for the compensation specified, and I would respectfully request your Honorable Body to refer the matter to a special committee for conference with myself and to receive a proposal from me looking to an adjustment of the matter.

Very respectfully, A. K. Hale, Receiver of the Ann Arbor Water Company.

Referred to the Water Committee. Received at Ann Arbor, Michigan, September 7th, 1895.

The Michigan Electric Company, by its President, Joseph E. Lockwood, hereby accepts the Ordinance entitled "An Ordinance relative to Electric Light and Lighting and to prescribe the rights of the Company entering into the contract for lighting the streets, alleys and public places of the City of Ann Arbor."

Common Council September 16th, 1895, and approved by the Mayor of the City of Ann Arbor this day.

Jos. E. Lockwood, President of the Michigan Electric Company.

Received and placed on file. The City Clerk presented to the Council the summons served upon him in the case of Herman Hutzel vs. The City of Ann Arbor, which was received and placed on file.

A petition signed by E. L. Schneider asking for the grading of a sidewalk on 3rd street was read and referred to the sidewalk committee.

A petition signed by C. A. Ward and 21 others asking for a crosswalk across S. University Avenue on the east side of Thayer was read and referred to the sidewalk committee.

A petition assigned by Mary A. Day and 7 others asking for the relaying of a sidewalk on Washtenaw Avenue was read and referred to the sidewalk committee.

A petition signed by Stephen Pratt asking for permission to construct a private sewer in the alley in the rear of his building was read and referred to the sewer committee.

A petition signed by Rev. Fr. E. D. Kelly and ten others asking for the erection of an electric light on Elizabeth between Kingsley and Fuller was read and referred to the lighting committee.

A petition signed by B. M. Thompson and 52 others asking for the grading of the walk on the south side of Feleh Park was read and referred to the sidewalk committee.

A petition signed by John Eiting and 8 others asking for the grading of S. 7th street so that the same will be capable of carrying the surface water was heard and referred to the Street Committee.

To the Honorable Common Council of the City of Ann Arbor:

Gentlemen:—We the undersigned, freeholders of the City of Ann Arbor, respectfully ask your honorable body to open lay out and establish a street of suitable width from the point where Catherine street ends at Division street to the point where Catherine street begins on State street.

The same to be a continuation of Catherine street from Division street to State street in the City of Ann Arbor.

We deem it a necessity and a public improvement. The laying out of this street can work no hardship to any one.

The cost of such improvement will be but little as compared to the benefits to be derived.

Your petitioners therefore pray that said street be laid out, opened and established.

J. N. Martin, Moses Seabolt, Geo. Vandawarker, S. D. Breed, E. T. Stimson, Henry Cornwell, J. F. Lawrence, Geo. H. Pond, Geo. M. Clarken, Ambrose Kearney, and 41 others.

The City Clerk was here instructed to serve notice upon all persons interested to appear before this Council at the next regular session held in the Council Chamber October 21st, at 7:30 p. m. local time as provided for in section 127 of the charter of the City of Ann Arbor.

REPORT OF STANDING COMMITTEES. FINANCE.

To the Common Council: Your Committee on Finance would respectfully report that they have had the following bills under their consideration, and would recommend their allowance by this Council and warrants drawn from the same.

Respectfully submitted, H. J. Brown, C. H. Cady, Emmett Coon, Committee on Finance.

A DRUGGIST'S EXPERIENCE. The Sands of the Desert.

F. T. Icenbarger, a prominent druggist of Dayton, Ohio, has lately made an extended trip through the dry alkali plains of Western Kansas, Nebraska and Colorado, and discovered how intensely penetrating are the sands and irritating dust of the desert, making speech difficult and brating sometimes almost impossible, the passages of the head and throat being filled with this almost impalpable and irritating powder, and this, with the stifling heat, made the bodily condition almost unbearable.

Fortunately he had with him a jar of Pretzinger's Catarrh Balm, which he snuffed up into his head and throat, and allowed the other travelers in the car to use, and they were enabled to breathe freely and the nasal passages were kept open during the entire journey through the desert.

Mr. Icenbarger is of the opinion that the horrible choking sensation so common among catarrhal sufferers is caused by a similar dust that is in our atmosphere, though unseen and says that in his drug store at Dayton, O., he has had numbers of customers who have been almost instantly relieved when suffering painfully. He recommends it to everybody who is suffering from catarrh or any other disease of the head or throat.

CHURCH FLOOR COLLAPSED.

Ten Persons Fatally Injured and One Killed Instantly at Lorain, O.

While a great crowd of people was assembled to witness the laying of the cornerstone of the new St. Mary's Catholic church at Lorain, O., a temporary floor, on which many of the people were standing, suddenly gave way, precipitating men, women and children into the basement. One was killed outright, 10 were fatally injured, and between 30 and 40 others were badly hurt. Mary Webber, aged 3, of Sheffield, was killed. The fatally injured were: Rosa McGee, Katie Griffin, Mrs. Mary McGrath, Mrs. John Eushin, Mrs. Cornelius Sullivan, Mary Gaiber, Mrs. Michael Kelling, Mrs. Kate Deidrick, John Fieldcamp, and Mrs. Margaret Mackert. The accident was due to defective timbers. The contractor was told that the platform was insecure, but he said it would hold all the people that could be crowded upon it. There were between 1,500 and 2,000 people on it when it gave way. Despite the accident the services were continued and the laying of the corner stone was completed.

Two C. & W. M. Train Robbers Caught.

Sheriff Stratton, of Allegan, and Engineer Zibbell, of the C. & W. M. railroad, took a trip to Brinton with Sheriff Gray, of Isabella county, to identify suspected parties who were believed to have been accomplices of the late John Smalley in robbing a C. & W. M. train near Fennville on the night of August 20. As a result James Brown and Victor Taylor, farmers, were identified by Engineer Zibbell and taken into custody.

Daniel Darrow, aged 14, was playing in an elevator in Crump's box factory, in West Bay City. When the elevator was ascending the boy stuck his head out and it was crushed by the floor.

John Balsorock, a Polish timberman, was killed in No. 2 shaft at the Tamarack mine. He was struck in the head by rock which had been loosened by recent blasting and death was instantaneous.

Dr. Myron S. Brownson, of Kingsley, charged with causing the death of Hattie Belle Coe, aged 22, at the sanitarium, was found guilty of manslaughter. The trial at Traverse City was a sensational one.

Postmaster-General Wilson has notified Hon. Don M. Dickinson that he will give his personal attention to the matter of securing better mail facilities for Michigan. He will begin work on the undertaking at once.

S. J. S. McQuinn, of West Bay City, missed his five-year-old boy and after considerable search the child's body was found under a tree in an outlying ward with its neck broken. He had evidently fallen from a tree.

Peter Wickes, aged 13, caught a horse in pasture near Flint and in leading it to the stable tied the halter around his waist. The horse tried to get away and dragged the boy around the field for some time, probably fatally injuring him.

Williamston suffered from a large fire which consumed seven buildings on Grand River street. The fire started in A. C. Grattan's carriage shop. Loss about \$7,000, insurance \$1,000. It was only by hard work of the people that the town was saved.

Report of state salt inspector for September is as follows: Manistee county, 183,760 barrels; Mason, 63,373; St. Clair, 58,806; Saginaw, 56,157; Bay, 53,647; Iosco, 16,147; Midland, 4,310; Huron, 2,960. Total inspection for the month, 438,850 barrels.

Samuel Smith was terribly lacerated by a rip saw in Quinn & Fahrenkopf's mill at Gageton. He sat down on the saw, which was revolving like lightning, and a gash was cut six inches in length, severing the intestinal canal. He cannot recover.

The body of Mrs. Christina Krauter, a widow aged 50, was found in a cistern at her home at Bay City. That it was a case of suicide was proved by the fact that the woman was obliged to crawl through a small hole to reach the cistern.

Allegan will be connected with Saugatuck and Holland by an electric road. A steel dam water power will generate electricity enough to run a train of cars over the line at a rate of 50 miles an hour. The road will carry freight and passengers and will reach the heart of the fruit district.

Eight lady Maccabees from Shepherd started to visit the L. O. T. M. hive at St. Louis. Their horses ran away and Mrs. John Drum had her thigh dislocated; Mrs. J. E. Knapp had an ankle broken; Mrs. Ezra Furlong had a wrist broken and Mrs. W. E. Drake had her back and one side badly bruised.

Joseph Baker, of Camden, was taking a load of cider and apple jelly home from the mill when he saw that it was leaking and got down to stop it. The barrel exploded covering him from head to foot with the contents. The horse promptly ran away. The cider and jelly were a total loss; also a suit of clothes.

J. Pierpont Morgan and party, of New York, on a special train consisting of two coaches and a baggage car made the long-distance record-breaking trip over the Michigan Central railroad from Buffalo through Canada and Michigan to Chicago—521.1 miles in 9 hours and 45 minutes. Considerable of the trip was made at a speed of over a mile a minute.

Gov. Rich has appointed the following delegates to the good roads parliament to be held at Atlanta, Ga.: Reuben Goodrich of Traverse City; H. H. Hatch, of Detroit; John Welch, of West Bay City; A. L. Aldrich, of Flint; W. H. Wallace, of Bay Port; Charles H. Peters, of Saginaw; R. W. Roberts, of Saginaw; B. Joy, of Springport; E. Rutan, of Greenville.

Several years ago Higman's large stave mill burned on a piece of marshy ground around which much sawdust was embedded, at St. Joseph. Every summer fire breaks out at this spot. It did not break out until late this year and it was thought to have subsided, until flames were again seen. The fire cannot be extinguished with water, and will probably continue to smolder until snow falls.

Nearly 100 survivors of the Seventeenth Michigan infantry held a reunion at Lansing. The interesting features was the presentation to the state of the old battle flag which was captured by the enemy at Spotsylvania Court House and recently returned through the war department. The presentation was made by Senator Burrows and the flag was accepted on behalf of the state by Gov. Rich.

The Detroit Drydock Co., was the lowest bidder for the construction of singles crew gunboats for the United States and will probably be awarded two contracts. They will avoid conflict with the treaty with Great Britain—prohibiting either nation to build gunboats on the Great lakes—by merely shaping the materials at Detroit and shipping them to their yards at Seattle, Wash., to be assembled.

Mike and Frank Mahoney saw a capsized boat in the bay at Standish and although a heavy sea was running they rowed out and found it to be a 30-foot sailboat bottom side up. Lashed to it was Alfred Newcomb, a fisherman of Bay City, who capsized in a storm two days before and had been in the water all that time. After narrowly escaping several times themselves, the Mahoneys managed to get the man ashore more dead than alive.

The route for an electric railway from Benton Harbor to Paw Paw lake, a distance of 10 miles, has been surveyed, and the work will be pushed to completion at once.

UNITED STATES HEALTH REPORTS

OFFICIAL ENDORSEMENT. JUNE 19, 1893, PAGE 10.

"In the interest of the masses, for whom these reports are compiled, the United States Health Reports have examined and investigated many preparations having for their object the cure of the tobacco habit, but among them all we have no hesitancy in giving the editorial and official endorsement of these Reports to the remedy known as **"Uncle Sam's Tobacco Cure,"** manufactured by the Keystone Remedy Company, at 218 La Salle Street, Chicago. We have demonstrated by personal tests that this antidote positively destroys the taste and desire for tobacco in ten days, leaving the system in a perfectly healthy condition, and the person using the same forever free from the habit.

"In the light of our examinations and tests of **UNCLE SAM'S TOBACCO CURE,**" we are but performing a duty we owe the public when we endorse the same, and stamp it as the crowning achievement of the nineteenth century, in the way of destroying a habit as disgusting as it is common, (FOR ONLY \$1.00.)

Rev. J. T. Sunderland has been employed by the British Unitarian Association to visit India and report upon the work of the association being carried on there in connection with the Bramo-Somah. He will be absent in India during the months of November, December, January and February, after which he will meet Mrs. Sunderland in Egypt and together they will visit the Holy Land, Syria and Greece, returning to Ann Arbor about the first of September next.—Times.

B. J. Conrad has just returned from a three weeks' trip through Ogemaw and Oscoda countries. He says he saw the largest squash and roots of all kinds he ever saw in all his travels. Squashes weighing 60, 80, 90, and 100 pounds were common. Rutabaga's beets, carrots and potatoes were just immense. The potatoes raised on the Ogemaw plains for flavor and dryness equal or surpass the famous potatoes raised in Montana. The woods are full of deer and grouse. The September weather in those countries equal that of the Pacific slope.

During the fair week there was not an arrest made in the city for drunkenness or for larceny, and no cases of either were reported to the officers. Marshall Peterson says there were no drunken men on the fair grounds.—Argus.

We are happy to say that the condition of things on the fairground this year so far as drunkenness is concerned. Still there were drunken men in evidence, nevertheless. We questioned Marshall Peterson saying what The Argus attributes to him. We do not believe the Marshall spent his time at the fair away over in the southwest corner of the grounds—behind the fence.

A STRANGE EXPERIENCE.

Retracing History of a Grandson of a Bedouin Chief. In a cottage at 7537 Ellis avenue Asa Haddex, over eighty years old, grandson of a Bedouin chief whose descendants were probably the only family of Bedouins ever held as American slaves.

Haddex was born in Tennessee. He does not know his exact age, but says that he was a young man when Andrew Jackson was first elected to the presidency, sixty-seven years ago.

For many years James K. Polk lived just across the road from Haddex's master's in Columbia, Tenn. Haddex's father, who is still living in Columbia, was Polk's body servant, and served his master in the White House during Polk's presidency.

ST. VITUS DANCE.

A Physician Prescribes Dr. Miles' Restorative Nerve. Dr. Miles Medical Co., Elkhart, Ind. My daughter Mattie, aged 14, was afflicted last spring with St. Vitus dance and nervousness, her entire right side was numb and nearly paralyzed.

Dr. Miles and he prescribed Dr. Miles' Restorative Nerve. She took three bottles before she saw any certain signs of improvement, but after that she began to improve very fast and I now think she is entirely cured.

VACATION IN BED.

The Pleasurable Holiday Spent by Two Nurses Who Needed Sleep.

Two hospital nurses of London tried a new style of recreation the other day, with the most pronounced success. They each had fortnight's vacation, and they hired a cottage in the country and engaged an old woman to attend to them.

"I have used Burdock Blood Bitters in my family for two years. It is the best medicine I ever used. It cured me of erysipelas in very short time; also cured my son of scrofula after the doctors had failed."

Polar Ballooning. The Paris Academy of Sciences has been investigating the project to explore the polar regions by balloon. They think it not unlikely that the adventurous aeronaut may arrive at his destination, but that the coming back may be attended with great danger.

A Storm at Sea. Increases the discomfort of the voyager. But even when the weather is not tempestuous he is liable to sea sickness. They traverse the "ziggantic wetness" of the stomach, which quiets disordered stomach with gratifying speed and certainty.

Deluded or Dishonest. It is common observation that men may have much ability and much knowledge of certain kinds, with the faculty of ready expression which is so useful to politicians and public men.

New York Board of Health on Wine. Dr. James of the New York Board of Health says: "I take great pleasure in testifying to the superior qualities of the Port Wine produced by Alfred Spoor of New Jersey."

Captain Sweeney, U. S. A. San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good."

A Trying Situation. When it became apparent that the rebels were about to charge the union lines after the terrible artillery duel at Gettysburg, a drummer boy in one of the Vermont regiments suddenly forgot his pluck and made a dash for the rear.

Distressing Kidney and Bladder diseases relieved in six hours by the "NEW GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female.

Going Crazy Over Marbles.

Everybody in and about Masontown, Pa., has become infected with marble playing. So fascinating has the game become that groups of men and boys can be seen all along the one street of the town all day and evening "knocking down."

Important Facts. If you have dull and heavy pain across your forehead and about the eyes; if the nostrils are frequently stopped up; if soreness in the nose and bleeding from the nostrils is often experienced; if you are very sensitive to cold in the head accompanied with headache; then you may be sure you have catarrh and should (immediately) resort to Ely's Cream Balm for a cure.

Who Lewis Carroll is. Lewis Carroll, the author of "Alice in Wonderland," is the Rev. Charles L. Dodgson in private life—a spare, severe, gray-headed man who has spent most of his life within university walls.

Is Marriage a Failure? Have you been trying to get the best out of existence without health in your family? Have you been wearing out your life from the effects of Dyspepsia, Liver Complaint and Indigestion? Are you sleepless at night? Do you awake in the morning feeling languid, with coated tongue and sallow, haggard looks? Don't do it. A shout in the camp tells how Bacon's Celery King has cured others; it will cure you.

Baking Powder. "Calumet" does not belong to a Baking Powder trust, but customers are rapidly learning to place their trust in "Calumet."

Long service by Employees. A remarkable case of long service by employees appears in a description of a brass factory in Haydensville, Mass. Out of 265 men in the employ of the company 155 have been in its service for ten years or longer.

LITERARY NOTES. The October Eclectic opens with a liberal-minded and earnest "Defense of Prayer" by the Rev. Wm. Barry. Wm. Hammond Robinson discusses "The opportunity of Democracy, suggesting reforms and improvements in a Democratic state of government."

Outing for October is a readable and finely illustrated number. The contents are as follows:—"A Bit of Blue Ribbon," by Sara Beaumont Kennedy; "Rugged Labrador," by R. G. Taber; "Boar Hunting in the Ardennes," by E. M. Aaron; "Hero" by Therese G. Randall; "Neath Cloudless Skies," by Fred C. Green; "A Sporting Vacation in Montana," by G. M. Dillar; "Moose Hunting in New Brunswick," by the late E. P. Rogers; "Lentz's World Tour Awheel," by Alex. Hunter; "The New Hampshire National Guards" by Geo. H. Moses; "Football by Walter Camp, and the usual editorials, poems, records, etc."

The conclusion of Dr. Andrew D. White's paper, From the Divine Oracles to the Higher Criticism, in the October Popular Science Monthly, will contain the latest views of scholars as to the borrowed legends in the Bible and the process by which some books were compiled, recompiled, adorned with beautiful utterances, strengthened or weakened by the interpolated views of transcribers, and assigned to personages who could not possibly have written them.

Messrs. A. S. Barnes & Co. of 66 E. Tenth-st., N. Y. City N. Y., will publish at once, "The Reverend John Henry" by Percival Benson of the Detroit Tribune, a new aspirant for literary honors. While it is a work of fiction it has considerable merit and cleverness. It touches upon Christian thinking of the advanced school, as to the responsibility of the individual to the community.

The following are the leading articles in the October Arena which is an excellent number: B. O. Flower, Chester-on-the-Dee; An Ex-Government Examiner of failed banks; An Era of Fraud and Embezzlement; Helen H. Gardener, A Battle for Sound Morality; James M. Ashley, Should the Supreme Court be Reorganized? William C. Cooper, M. D., Occult Manifestations; Alfred Milne, M. A. Vaccination an Error; Robert Grieve, Why the Workers Want; Julia A. Kellogg, Land and Money; B. O. Flower, The England of Sir Thomas More; Eugene V. Debs, The Significance of Labor Day; G. Vroomer, Manual Training for Women and the Problem of Domestic Service; James G. Stevenson, Industrial Reform.—The Arena Pub. Co. Boston, Mass.

His Historical Knowledge One day recently in a Dundee school the teacher was examining the class in history, and asked one of the boys: "How did Charles I. die?" The boy paused for a moment, and one of the other lads, by way of prompting him, put his arm up to his collar to signify decapitation. Boy No. 1 grasped, as he thought, his friend's meaning, and exclaimed, to the great amusement of the class: "Please, sir, he died of cholera."

Go to Poland for a Title. Women in search of titles might do well to go to Poland. It is said that in Warsaw alone, with a population of 500,000, there are 30,726 persons belonging to the hereditary nobility and 9,257 "personal nobles," people entitled to the distinction by reason of office or discovery. There are said to be as many Princes in Poland as in Russia. In the latter country they are found plying every trade. According to the last census there are now living nearly 1,000 Princes and Princesses Galitzin. There are hardly sufficient names in Russia to distinguish them, and great confusion results.

CANADA'S SILVER MINES. An Expert's Report on Their Productiveness and Development. Quebec paper. The stories of the rich yield and rapid development of the mines on the Pacific coast have been corroborated again, this time by P. Alex. Peterson, chief engineer of the Canadian Pacific railroad, who has just returned from the gold and silver districts of the far west, with probably the most trustworthy and certainly the most intelligible reports of what is going on near the coast in the way of mining development. He took notes of what he saw at the Slocan Star silver mine, as well as the War Eagle and the La Roy mines at Trail Creek. Miners began to take ore out of the War Eagle mine in December last, and since then \$3,000 has been paid out in dividends. The men at the Le Roy mine are already down 250 feet, and getting sixty ounces of silver, or \$55 to the ton. The ore from this mine is similar to that from the famous Sudbury mines near Lake Superior, except that it contains gold instead of nickel. At Trail Creek a great deal of money is paid out, a great deal is made, and everybody appears sanguine of the future. The Josey and O. K. mines, located near by, are producing gold and lead, and, if all reports are true, both are paying remarkably well. The ores from these mines, Mr. Peterson reports, are much sought by United States smelters, because they contain an excess of iron. An American company has erected at Pilot Bay a smelter which has cost \$400,000. So great is the smelter's capacity that, at the time of the chief engineer's visit, it had run short of dry ore; but as the mines that produce ore of this quality are working vigorously, the supply will catch up soon with the demand. The Silver King mine, of which Sir Joseph Trutch is president, has been very successful, but so far has shipped all its ore to England and the United States to be smelted. Now, following the example of the American company above mentioned, it has contracted with a Chicago firm to build it a smelter. Out of 6,000 or 7,000 tons of ore mined by this company 5 per cent is copper, and averages fifty ounces of silver to the ton, while picked samples run as high as 15 per cent of copper and 150 ounces of silver. Mr. Peterson reports that this company has done so much in the way of sinking shafts and digging tunnels that they have not less than 100,000 tons of ore in sight. The Slocan Star has shipped already from 6,000 to 7,000 tons of ore, and is building a concentrator half way down the mountain side, where the silver and lead will be separated from the rock. One of these concentrators, at Three Forks, serves the Idaho group of mines, which produce about 100 tons of ore per day. Capital seems to be all that is required to make this district one of the most productive mining centers of the continent, and such it undoubtedly would be were it on the other side of the boundary line.

THE GREATEST PAIR IN THE COUNTRY BELIEVED TO BE OWNED IN NEW YORK. In the office of a downtown wholesale dealer in horns and tips there is a pair of South American cattle horns that measure, following the horns, nine feet from tip to tip, says the New York Sun. It is believed to be the biggest pair of horns in the country. There may be others of wider spread than these, for these curve forward somewhat as well as outward and upward, but none of so great length. There are other noble pairs of horns in the same office. For the great pair the dealer has more than once received an offer of \$75. Cattle horns are used for the manufacture of combs, knife scales, buttons and other articles, and the tip of solid part is used for pipe stems, buttons, jewelry, ball fringes, and so on. Occasionally there is a call for a pair of horns for decorative purposes, which the dealer supplies, and which he has mounted, if desired. Single pairs of horns sell at from 75 cents to \$5 a pair, according to their size and beauty; the mounting may cost \$1.50 to \$3.
