

WANTS TO SETTLE

SUEKY MATTER BEFORE THE SUPERVISORS.

An Attempt to Have the Supervisors Drop the Prosecution if the Deficit is Made Good.

The question of the Sucky deficit in the county treasury came up before the Supervisors Tuesday. A resolution was offered to the effect that if Sucky should raise \$3000 of the amount and the bondsmen the remaining \$1100 the matter should be dropped. The matter did not reach a vote, but was put off until yesterday. When it came up again yesterday, it was again laid over until this afternoon. It seems to be the general opinion that if the county is reimbursed the whole matter will be dropped.

A Hot Blaze.

About three o'clock yesterday morning, patrolman Isbell, whose beat is on State-st., discovered fire in the livery barn of Wm. Wallace on East Washington-st. adjourning the M. E. church sheds. Mr. Isbell called up the central telephone station but for some reason failed to get a response. Before he was able to reach fireman's hall some one else had sent in the alarm. The fire, however, had too much of a start for it to be possible for anything to be saved from the barn excepting one or two horses. Excepting these the entire contents including four horses were lost. The M. E. church sheds were also ruined. Immediately south of the livery barn stands the barn occupied by Ald. Maynard. In this were four horses and a number of vehicles all of which were saved. All the other contents were burned. The fire was a hot one and gave the firemen a hard fight to save the adjoining buildings two or three of which were on fire several times. Everything was as dry as tinder and had there been a breeze stirring it would have been impossible to have saved several of the residences in the immediate vicinity. Even as it was, it was a close shave. Mr. Wallace had \$500 insurance on his stock. This will scarcely cover his loss. Mr. Maynard had \$800 insurance on the contents of his barn but it happens that the bulk of this covers carriages and horses all of which were saved. The origin of the fire is not known. Dr. Hale states that he saw a man approaching the barn from Liberty-st. a very short time before the fire was discovered.

Unity Club Monday Evening.

The lecture before the Unity Club Monday evening will be given by Edward Waldo Emerson upon Thoreau. On Tuesday evening he will give a lecture before the Club upon "Art," illustrated by crayon drawings. Mr. Emerson has never appeared before an Ann Arbor audience, but he has lectured several seasons in succession before the most cultured audience of Boston and no doubt his lecture before the Unity Club will be interesting and instructive. In personal appearance he greatly resembles his celebrated father, Ralph Waldo Emerson, as well as in voice and manner.

We understand that two new numbers have been added to the course, so that there will still be 20 entertainments for \$1.00. Single tickets to the Emerson lecture, 25 cents.

Big Masonic Fair.

The masons of Detroit are arranging for a big exposition which is to be held Nov. 25th to Dec. 7th. Many novelties and interesting displays are promised from all over the United States and even from the land of the Orient. There will be elaborate decorations inside the big new temple which is just being finished. Many professional entertainers have been engaged for the performances in the Turkish and American theatres and in the "Streets of the Orient," which will be thoroughly equipped with goods and attractions now being secured by a special agent who is searching Persia, Turkey and Egypt for novelties. The booths will be varied in architecture and style, each being equipped from the land it represents. The wonderful painting of "Tribu" will be on exhibition and a big art loan display, with several new pictures never shown in the west, will occupy one floor. The entire building, and it is seven stories high, will be used for exhibition purposes.

To Remain Here.

Benton Hanchett, who was asked to render an opinion as to whether the law relative to the removal of the Homeopathic department to Detroit has decided that the law is not constitutional because Gov. Rich did not sign it in time. He has also given his opinion that as the Board of Regents is a constitutional body it is not subject to legislative control. The matter will probably be taken into court in order to secure a judicial decision.

Source of Typhoid Fever.

Dr. Baker, secretary of the State Board of Health has issued the following notice that will be of interest to all now that typhoid fever is so prevalent: "The germs of this disease are now known to be in the discharges from the body. They are known to be in the spleen, and probably pervade the entire body of a person having the disease. The germs are not rapidly destroyed by drying. Typhoid fever is probably always spread from a person having the disease. It is sometimes spread directly from person to person. All discharges from the body of a person having typhoid fever should be disinfected.

"Public notice of every infected place should be given by placard on the premises and otherwise, if necessary, so that no person may unguardedly drink water or take food from a source likely to be contaminated with the germs of typhoid fever."

A LONG CHASE.

HERBERT WELCH FINALLY RUN DOWN.

Deputy Canfield Chases His Man Over Michigan and Through Canada—Finally Overhauls Him at Litchfield—Wanted for Forgery.

On October 25, a young man by the name of Welch, who resides in Litchfield, went into the hardware store of Olsaver and Quish, of Dexter, after bank hours and requested these gentlemen to cash a \$50.00 check on the Dexter Savings bank. As the check had the endorsement of Chas. Valentine the same was promptly accepted and the cash paid Mr. Welch. The next morning, when the check was presented for payment, it was discovered that the paper was forged. The officers were at once notified and deputy Canfield was started in pursuit. He did not realize when he set out how much of a job he had undertaken. After cashing the forged check Welch left for Jackson to which place Canfield traced him. From Jackson he went to Homer, this state and then went to Albion, Detroit, Windsor, then made a number of Canadian towns having become aware that he was being followed. To avoid capture he tried a number of devices such as changing his clothes, having his hair cut in a different way, tried a clean shave, changed his name, part of the time he was in the guise of a tramp, but the deputy stuck to the trail. Welch soon left Canada and started for Michigan. He went to Jackson, Kalamazoo, Coldwater, Jonesville, Hillsdale, and a number of other places spending only a few hours in each place. He seems to have finally concluded that the chase after him was given up, and he returned to Litchfield to visit his wife whom he had married only a short time ago. It was while he was here that Canfield overtook him. From what we can learn of Welch he has been in such scrapes before but has always been let off without any complaint being made. In this case it will probably go hard with the young man. His wife who is a highly esteemed young lady is nearly heartbroken over the affair.

Praises Professor Jonas.

The following is taken from the Chicago Chronicle for Oct. 23. Commenting upon the Chamber Concert in the Summy Series, given on Tuesday Evening Oct. 22, it says:

Alberto Jonas is a pianist of far more than ordinary acquirements. His technique is equal to any demand; his command of the pedal is one of the greatest charms of his playing, and that he has much fire and fine musical feeling was manifest, although the unthankfulness of his selection, the ballet music from Gluck's "Alceste," arranged by the St. Saens, prevented him from showing those qualities to advantage. The Beethoven trio was given with fine effect, due in a great measure to the fine playing of Alberto Jonas.

On Saturday evening at 8 o'clock at the residence of the groom's parents, Mr. and Mrs. Jonas Beck, 42 W. Third st., Rev. John Neumann united in marriage Mr. Theodore Beck, and Miss Nettie Kemmer, both of Chicago. Mr. N. Stranger officiated as best man and Miss Barbara Schlechtas bridesmaid. The ceremony was performed in the presence of the relatives and a few invited friends of the contracting parties. The presents were fine and were both numerous and useful. After the wedding ceremony a rich and bountiful supper was served to the assembled guests. Mr. and Mrs. Beck left yesterday afternoon for their future home in Chicago. Times.

SECURED LOTS OF CREDIT.

A DENTAL STUDENT WORKS A NUMBER OF BUSINESS MEN.

Buys Some \$200 Worth of Merchandise—Gets It All On Credit—Ships It Out of Town—Is Overhauled—Goods Recovered—Everybody Satisfied.

Last Thursday night it was rumored about town that a young man, a student in the dental department, had been making a somewhat successful attempt to work a number of business men. Upon investigation it was found that he had visited several stores and by telling a very plausible story, and assuring the proprietors that he would have plenty of money by the first of the month, he succeeded in securing some twenty-five or fifty dollars worth of goods at half a dozen places of business. By merest accident it was discovered that he had been making a business of getting credit at as many places as he could and an investigation was set on foot. It was soon found that he had contracted some \$200 worth of bills. Deputy sheriff Woods was then called upon in hope that the goods might be recovered. He soon ascertained that the plunder had been sent as baggage, by the young man to Chelsea. Woods had but little difficulty in persuading the young man that the proper thing for him to do was to surrender the check, which was done, and the trunk was ordered back. The young fellow comes from a good family and is given an ample allowance with which to defray his expenses while here in college. What could have induced him to do such a thing is a mystery.

Must Pay Twenty-Five Cents.

An act of the last legislature in reference to payment of taxes before deeds can be recorded has led Mr. C. P. McKinstry, Register of Deeds, to issue the following circular:

Office of Register of Deeds, Ann Arbor, Mich., Oct. 25, 1895.

Your attention is respectfully called to provisions contained in Public Act, No. 161, of the Public Acts of Michigan Session of 1895, in which Act a clause provides for the payment, by party placing a deed upon record, of an additional fee, over and above the fee for recording paper, of 25 cents, for the County Treasurer's fee, in furnishing a certificate that the taxes upon land have been paid for the previous five years.

More or less confusion and delay must arise, through parties not knowing of the passage of such an Act. Please, therefore, in all cases, remit either to myself or the County Treasurer, W. F. Refuss, the additional fee of 25 cents. This additional fee applies only to Warranty deeds.

Yours respectfully,
C. P. McKinstry

Civil Service Examination.

The civil service commission at Washington has ordered that an examination be held in this city on Saturday, Dec. 7, 1895, commencing at nine o'clock a. m., for the grades of clerk and carrier in the city postoffice. Only citizens of the United States can be examined. The age limitations are as follows: For carrier, not under 21 nor over 40; for all other position, not under 18 years. No applications will be accepted for this examination unless filed with the undersigned in complete form, on the proper blank, before the hour of closing business on Nov. 18.

The civil service commission takes this opportunity of stating that the examinations are open to all reputable citizens who may desire to enter the postal service, without regard to their political affiliation. All such citizens, whether democrat or republican, or neither, are invited to apply. They shall be examined, graded and certified, with entire impartiality, and wholly without regard to their political views, or to any consideration save their efficiency, as shown by the grade they obtain in the examination. For application blanks, full instruction and information relative to the duties and salaries of the different positions, apply at the postoffice to

A GRAND TRIUMPH.

Baffled Many Times but Success Comes at Last.

(From the Grand Rapids Press.)

The following incident would be hard to believe if it had not occurred right here in Grand Rapids, and investigation by our representative has placed it beyond the reach of doubt. These are the facts in detail: Mr. J. H. White of No. 25 Halley Place, has been an instructor in penmanship in different business colleges for the past fourteen years. He says: "Last October I was suddenly taken ill. I consulted a physician, who said the pain was from 'gravel' stones; gradually grew worse; the pain was in my back and side. My back swelled up in a great ridge, and I finally grew so bad that I was taken to bed, as helpless as a child. I passed blood, and when the pain was at its worst I was like one crazy. The doctor injected morphine to give me relief, but further than that he said he was powerless, and nothing would do me any good but a surgical operation. I believe my flesh was literally cooked in the attempts to relieve my agony, everything was used, mustard plasters, turpentine, hot cloths and all such things. I was in this condition, given up by the doctor, and almost out of my mind with suffering. I commenced taking Doan's Kidney Pills, and really I felt easier in 20 minutes. After about two hours I had a passage of urine, and passed blood and some 'gravel' stones which greatly relieved me. I rapidly improved. I took in all six boxes, and I feel to-day entirely well. Mine has been a wonderful case. I feel that I cannot say anything strong enough for Doan's Kidney Pills. My great wish is that they may become well known. They will prove a boon to mankind.

For sale by all dealers, price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

HOT WAR TALK.

RUSSIA, ENGLAND AND JAPAN NOW IN A STEW.

Russia is Making Big Preparations to Seize Korea and Has Hypnotized China—England and Japan May Unite to Oppose the Russians' Pet Schemes.

London: The Times correspondent at Hong Kong, learns from the a reliable source that by the new Russo-Chinese treaty Russia obtains rights to anchor her fleet at Port Arthur and to construct and work under Russian administration, railways from Nertchinsk and Tsitsihar to Vladivostok, and from Tsitsihar to Port Arthur. But the Chinese reserve the option to purchase the railways 20 years hence at a price to be arranged hereafter. In an editorial the Times says: "Russia cannot possibly imagine that the great powers will view with indifference such an audacious destruction of the balance of power. China's option to purchase the railway is a jest almost too cynical to find a place in any serious diplomatic transaction. Under the indicated conditions Manchuria would practically become a Russian province while Peking would be within Russia's grip. Russian statesmen cannot possibly execute them unless they have definitely resolved to plunge into vast and dangerous activities."

Another dispatch says: A Russian squadron of 15 ships has left Vladivostok for Chemulpo and Fusan. The Japanese fleet in Formosan waters has been recalled and several British warships have been ordered to sail for Korea. It is stated that Japan's reply to the demand of Russia to evacuate Korea is a pacific but firm protest against dictation by Russia. It is regarded as Shanghai as certain that Russia will permanently occupy Fusan. The dispatch also says that the situation is most grave and that preparations for the expected struggle are visible on all sides.

Washington: The cable reports that a fleet of 15 vessels was on its way to Korea attracted much attention among the diplomatic representatives of the east. It is regarded as presenting grave conditions. The latest advices from Vladivostok indicate that Russia intends to forcibly protest against the further occupation of Korea by Japan. London cables assert that following the lead of Russia, England has ordered her Asiatic fleet to the scene of prospective trouble. In diplomatic circles it is freely asserted that England intends to prevent the occupation of any Korean port by the Russians, and it is believed that an alliance between Great Britain and Japan may result from the present situation.

Spaniards Badly Whipped—800 Killed. The Cuban junta in the United States has received advices of a heavy battle in the province of Puerto Principe in which the Cubans won a great victory, which gave them control of that province. The dispatch says:

Gen. Maceo, acting under orders from the war minister, started to march from Santiago de Cuba to join Gen. Sanchez in Las Villas, in the province of Santa Clara, where they were to unite forces and ravage the sugar plantations. The Spanish got wind of Gen. Maceo's intentions and immediately dispatched a formidable column of 2,800 men under Gen. Echague to prevent the junction of the Cuban armies. This column found Gen. Maceo as far advanced on his way as the San Juan valley, in the south of Cuba, between Polguin and Barajagua. Maceo had 200 men less, but this difference was more than compensated for by the possession of three excellent pieces of artillery. The battle began at once and was fought by the Cubans with great fury. After four hours of terrific fighting, Gen. Echague was driven from the field in disorderly retreat, leaving 800 killed and wounded men, and all his artillery behind him. Since the battle the insurgents have overrun Puerto Principe and have affected a junction with Gen. Sanchez at Las Villas.

Secretary Olney May Resign. Washington: There is a rumor afloat that Mr. Olney is contemplating retirement from the cabinet. The alleged excuse for this is a supposed disagreement between himself and the President in regard to the foreign policy, especially with reference to the Venezuelan matter, in which the rumor says that Mr. Olney favors a more vigorous course than does the President. Owing to the absence of Mr. Olney and President Cleveland, as well as all members of the cabinet, it is impossible to obtain any definite information which will confirm or disprove it.

Insuring Consumptives. Cincinnati, Oct. 28.—Special.—Reports say that a leading life insurance company is accepting risks to the amount of \$300,000 on lives of consumptives taking the Amick Chemical Treatment for lung disease. The Amick Chemical Co., of Cincinnati, is actually paying the premiums on this insurance and presenting policies to their patients. This company claims to have the most complete statistics on consumption in the world, and that these risks are good, providing the patients take a course of the Amick treatment.

There are over 12,500 miners involved in the strike in Pennsylvania. Fire destroyed half the business portion of Madison, Minn., more than 40 buildings being now in ashes. The total loss is estimated at \$150,000. By the collapsing of a ferry landing at New Orleans 150 men, women and children fell 15 feet into the river and three were drowned while 40 others were more or less injured.

Auditor-General Turner is after several counties which are indebted to the state on taxes. Chippewa, Iron, Muskegon and Alpena counties owe a total of \$103,000, and there are others. Julius Vollmer, an employe of Herman Pistorius at Saginaw was missing five days when Mr. Pistorius opened the door of his workshop and was horrified to find the body of the unfortunate young man hanging to a joist.

Great Britain is about to get into trouble with Brazil because of her attempt to maintain her flimsy claims to the ownership of the Island of Trinidad, off the coast of Brazil, which was seized by the British recently.

G. T. Train Wrecked.

An east-bound passenger train on the Chicago & Grand Trunk railway was wrecked by running into a buried culvert near South Bend, Ind. Four trainmen and two of the passengers were more or less seriously injured. The following trainmen were injured: Conductor Muir, Engineer Beatrice, Fireman Dye, Baggageman Patterson, Express Messenger Sharp, Brakeman Taylor, and Newsagent Quinn, all of Battle Creek, Mich. The passengers who were hurt are Bernard Rice, of Saginaw, and Wellington Graves, of Fawn Lake, Mich. Their injuries are not serious.

Gibsonburg, O., Burned.

Shortly after midnight fire broke out in the rear of the Whitney & Power grocery store at Gibsonburg, O. It spread rapidly and burned two squares, containing twenty buildings, including about all business places in the town. The Toledo department arrived at 2:45 a. m. and saved considerable residence property, but the north side of Madison and part of the west side on Main streets were burned to the ground. The loss is estimated at \$250,000 to \$300,000.

Miss Willard Elected President Again

Miss Frances E. Willard was again elected president of the national W. C. T. U. at the annual convention at Baltimore. The other officers chosen were: Vice-president-at-large, Mrs. L. M. N. Stevens; treasurer, Mrs. Helen M. Barker; corresponding secretary, Mrs. Katherine Leat Stevenson, of Massachusetts; recording secretary, Mrs. Clara C. Hoffman, of Kansas City; assistant, Mrs. Frances J. Beauchamp.

Towns Destroyed by Forest Fires.

Green Bay, Wis., was surrounded by forest fires. Near Luxemburg several families have been burned out. On the line of the Ahnapee & Western road, near Casco, the situation is serious. Meadow Valley, which had a population of 100, has been wiped out by a fire which started in a cranberry marsh. The town of Babcock is threatened with destruction.

A Tag's Boiler Exploded—Two Killed.

The tugboat Morford, while towing the steamer Ionia at Chicago blew up her boiler. Two men were killed and three others seriously injured. The heavy boiler was lifted into the air and shot through the wall of elevator F. The tug O. B. Green was raked fore and aft, and it is considered little short of a miracle that only one of her crew was killed.

's a Grand Success.

The fact has been demonstrated by the thousands of testimonials the Mayers Drug Company, of Oakland, Md., has received since it has sent its famous Mayers Magnetic Catarrh Cure out to the sufferers of catarrh. No medicine has received such an endorsement from the people in so short a time as it did. The makers sell the medicine on business principles, and a patient is not required to buy the medicine by the dozen to get a cure. The Mayers' Magnetic Catarrh Cure sells for \$1 per bottle, one bottle to last for a three months treatment. Three bottles is the highest record ever required to complete a cure. General catarrh one bottle is guaranteed. No cure no pay.

This is an unequalled offer and if you are a sufferer from catarrh get a bottle from your druggist, if no benefit derived costs you nothing. A prominent R. R. conductor speaks:

Cumberland, Md., April 29th, 1893. To The Mayers Drug Co., Gentlemen:—Yours to hand, in reply will say that I have the highest regard for your Catarrh Remedy, my trouble is in a chronic form and expected to use more than one bottle. I used one bottle which removed the trouble from the head in good shape and am on the second bottle for throat trouble, if I should succeed with the latter as I did in the former I shall write you again in the near future. Hoping it will do for the suffering humanity what it did for me, I remain

Under the operations of the Gorman bill, as insisted upon by Senator Brice, the Ohio flocks of sheep have diminished in numbers 555,000 in one year and are steadily decreasing. They have lost in value more than two millions of dollars. And yet the Ohio farmers are told that the country is prosperous under the Gorman Tariff.

STEEL rails recently advanced about \$6.00 per ton at one jump. Such an advance, had it occurred under the McKinley law, would have furnished the Free-Trade editors with texts for numberless columns of editorials on "the iniquities of Protection," "Tariff robbery" "monopoly," etc. But now, in the opinions of these sapient editors, the advance of prices is only an indication of "reviving business." It is real funny.—Los Angeles Times.

DURING the first nine months of this year our imports of dutiable goods were \$110,468,986 greater than during the corresponding months of 1894. The bulk of these goods was such as can be made in our own factories. Instead, they were made in foreign factories. Work, that should have been done by Americans, was done by foreign labor. Wages, that should have been paid to Americans, were paid to foreigners. Assuming that only half the value of these goods represents their labor cost, then American labor has lost upwards of \$55,000,000 in nine months of this year.

The following from last week's Nation looks very much as if the constantly increasing deficit in the national treasury was finally bringing the Cleveland Administration to its senses. Its cutting off of the government's income from tariff revenues has compelled Secretary Carlisle, to look for some other source of supply rather than depend upon the continual issuing of bonds which must in time be paid. The Nation says:

It is reported from Washington that Secretary Carlisle will recommend, in his annual report an additional tax of \$1.00 a barrel on beer. If the Treasury must have, certainly and speedily, an added \$25,000,000 to \$30,000,000 a year, there is no better way to get it. But if such a tax is laid, or even recommended by the Secretary, it will be a curious illustration of the way we do things in this country. The whole subject was thoroughly studied by Mr. D. A. Wells in 1893. This was done at the request of Mr. Carlisle and the Ways and Means Committee. The results were submitted by Mr. Carlisle in his usual lucid style, but the Democratic majority simply said, "That's all right," threw the pamphlet into the wastebasket, and plunged into the income-tax madness. It would now be quite in keeping with our methods of helterskelter taxation if the expert suggestions which, two years ago, were scorned as the idle dreaming of a theorist who had not the faintest conception of the way to hold "the German vote" should be taken up as an original and profound discovery.

ADDITIONAL LOCALS.

Tuesday, at about 4 p. m. the fire department was called to a fire at Mrs. Stoll house on W. Huron st. The call came to late too save the building. Part of the contents were consumed.

Prof. G. P. Coter will preach at the Church of Christ next Sunday morning at 10:45 and Rev. C. A. Young will preach in the evening at 7:30. Sunday school at 12, and C. E. meeting at 6:30 p. m.

Mrs. Alice Donegan, who lives in Northfield, lost a tenement house on her farm in Webster by fire Tuesday evening. The house was occupied by A. Gennrich. The fire was due to a defective flue. Loss \$500. Insured in the Washtenaw Mutual for \$200.

The Young Woman's Christian Association holds its regular meeting for the quarter next Monday evening. Reports of the quarter's work and of the state convention will be given. All ladies interested in the Association whether members or not are invited to be present. Rooms 2nd floors P. O. Block.

The Ladies' Aid Society of St. Andrews' church has arranged for a series of entertainments to be given Dec. 6, 7, 9 and 10. It is to be denominated the "Festival of Holidays" Thanksgiving, Christmas, New Years, and Independence day will be represented. A thoroughly interesting time is promised.

The Noble Clothing House distributed a circular last Saturday that was something novel in the line of advertising. It was what you might call a "tickler" each circular having a feather attached to it. The idea was picked up this summer by Mr. Duke while he was on a visit across the Atlantic to Johnny Bull's big farm.

James Allen, of Dexter town, lost his house and all its contents by fire early yesterday morning. Origin of the fire not known. The building was insured for \$800, and the contents for \$300 in the Washtenaw Mutual. This makes 46 losses for the Washtenaw Mutual so far this year. The losses will average much larger than usual.

C. P. McKinstry was employed by the Board of Supervisors to ascertain the amount of the Sucky shortage. He has discovered that there is a difference between the amount reported sent to the state treasurer whose books indicate that the amount received at Lansing is short \$99.75 as compared with the books here. An effort is now being made to learn the cause for this difference.

Next Monday night, Edward Waldo Emerson, son of Ralph Waldo Emerson, will lecture in the Unity Club course, upon "Thoreau." Mr. Emerson, as a boy, knew Thoreau personally and will give many personal reminiscences of that eccentric writer and hermit. Tuesday evening of the same week, Mr. Emerson will give a lecture on Art, illustrated by chalk and crayon drawings.

President Angell's recent annual address before the women's league of the university is attracting considerable attention both among the students and among the townspeople. In the course of his remarks he said that in his opinion the university faculty would shortly contain women. He believes that some of the university's well qualified alumnae should be given full professorships; that they should not begin at instructorships. By many this is thought to indicate approaching action by the authorities in this direction.—Detroit Tribune.

Young Women's Christian Association.
 The classes in physiology will meet for the first time, this evening, October 31st, at 7 o'clock. The general subject will be the "Bones." A series of parlor talks by physicians, trained nurses etc., will be given in connection with this class.

WANTED—Several trustworthy gentlemen or ladies to travel in Michigan for established, reliable house. Salary \$30 and expenses. Steady position. Enclose reference and self addressed stamped envelope. The Dominion Company, Third Floor, Omaha Bldg., Chicago, Ill.

Oct. 22nd was the 5th anniversary of our popular station agent's marriage, and 50 of his neighbors gave him a grand surprise assisted by his good looking wife. When he came from the 8:30 p. m. train he found his home taken possession of. He was presented with an elegant secretary, a panel picture, square cut glass fruit dish and paper cutter. The party enjoyed themselves hugely and at 11:30 p. m. sat down to an elaborate and delicious supper.

A trip among old Northfield farmers shows a very prolific season as can be demonstrated by calling at Whitmore Lake postoffice and see the display of potatoes, onions, apples and corn which are there displayed. John Coyle, of Webster, has a bushel of potatoes which are called "Michigan Pride" or John Coyle seedlings 50 of which filled a bushel, he also sends a stock of eight rowed yellow corn with three ears on it measuring 18 inches each in length. Joseph Pray sends three apples called the 20 ounce pippins which measured 19 inches in circumference. E. Lavender sends 6 onions grown on his muck land which weighed in the aggregate four pounds. Mr. Lavender had about 4,000 bushels this season. Henry Spiegleburg brought in 2 potatoes of White Star variety which carry off the palm for size. Willard Nelsen brought in 2 potatoes Rural New Yorker No. 2 which are fine tubers weighing 1 1/2 pounds each. This is an excellent variety of potatoes and great yielders and reports from the whole township shows an excellent crop of all kinds of vegetables and corn in superabundance.

LAWYER AND STATESMAN.

Hon. Sam'l B. Page Tells You to Use Dr. Greene's Nervura to Cure.

New Hampshire's Best Known Orator and Statesman Says Dr. Greene's Nervura Will Make You Well and Strong.

HON. SAMUEL B. PAGE.

For ten years Hon. Sam'l B. Page, of Haverhill, N. H., has been a member and leader in the New Hampshire Legislature, and for twenty-five years has been that State's ablest lawyer and foremost citizen, being recognized throughout New England as a most brilliant orator and statesman.
 Everybody knows Mr. Page, and he tells the people everywhere to take Dr. Greene's Nervura blood and nerve remedy to regain their health and strength, when he tells the weak, tired and nervous that his wonderful medicine will make them strong and well, all know that he means just what he says—that they will be cured if they follow his advice and take his remedy.
 "I have used Dr. Greene's Nervura blood and nerve remedy," says Mr. Page, "and take pleasure in recommending its use to all sufferers from any derangement or disturbance of the nervous system. It is peculiarly valuable as a nerve tonic, and I can recommend it to all as an excellent tonic for the system."
 Other prominent and well-known people endorse and recommend Dr. Greene's Nervura blood and nerve remedy as the greatest, best and surest cure ever discovered. Such famous

and distinguished men as Hon. John F. Dever, Boston's most popular alderman; Hon. Chas. J. Noyes, of Boston, ex-Speaker of the Massachusetts House of Representatives; Hon. T. S. McGinniss, of Jericho, Vt., the people's candidate for Governor of Vermont, Chairman of Selectmen Dorman Brigham of Hardwick, Vt., Alderman Chas. S. Crouch, of Northampton, Mass., and thousands upon thousands of others, in public and private life have been cured by this grand medicine and earnestly and heartily recommend all to use it and be cured.
 Heed their advice. Use Dr. Greene's Nervura blood and nerve remedy and get well.
 It is not a patent medicine but the prescription of the most successful specialist in curing nervous and chronic diseases, Dr. Greene, of 35 West 14th St., New York City. He has the largest practice in the world, and this this grand medical discovery is the result of his vast experience. The great reputation of Dr. Greene is a guarantee that this medicine will cure and the fact that he can be consulted by anyone at any time, free of charge, personally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.

HOW LADIES TALK.
 Mrs. Smith.—"Oh! Mrs. Jones wont you please tell me what makes your clothes so clear and white, I've noticed them every wash day and they always look so much better than mine."
 Mrs. Jones.—"Why, I have been using Dime Wash Blue now for nearly a year. Its just splendid and a 10c box makes a whole quart, always ready, no waste, no streaks, and the best I ever used. I could buy of my grocer but he's out and I just sent 10 cents the other day and got a box this morning from J. H. Taylor Owego, Tioga county N. Y. Any housewife who cannot get the above goods of her grocer will receive a box by following Mrs. Jones directions. Buy of your grocer if you can."

W. C. T. U.

For God, and Home and Native Land. Edited by Mrs. A. E. Van Valkenburg. Press Superintendent

The Woman's Christian Temperance Union is a mighty organization. wheel within wheel, yet simple in mechanism, compact, jeweled, self-perpetuating.

The component parts of this society are found wherever the Gospel of Christ has gone. Our own National W. C. T. U., with its auxiliaries in every state and territory, the Dominion W. C. T. U. of Canada, the British Woman's Temperance Association, together with those of some fifty other countries form the spokes of a great Saint Catherine wheel whose whole is the World's W. C. T. U. and whose rosettes and foliations are the local unions.

Our own National organization was the mother and maker of the World's W. C. T. U., which stands today as a many-hued, brilliant, revolving wheel-window, blazing upon the facade of the nineteenth century. Upon its tracery throb, not the dismembered body of a Saint Catherine, but the hearts of near half a million of Christian women, set there in a sacrament of sacrifice for "God and Home and Every Land."

The W. C. T. U. is but in its beginning. If all the spokes of this great Saint Catherine wheel window became strong and perfect and its foliations and traceries be wrought with love and reverence by those who carve for eternity, and its colors shine clear and strong like those of the prison, the sun of righteousness will shine through it more and more, making it soft with love, bright with hope, and clear as crystal with truth; and it will continue to burn upon the facade of the centuries irradiated with the light of Christ until humanity is redeemed and error is no more.

NATIONAL CONVENTION.

Reports of the National W. C. T. U. convention, which has just closed in Baltimore, have been published in many of the leading newspapers of the country, but a report of special importance to those interested in the cause here in Ann Arbor will be given this afternoon, at three o'clock by Mrs. Jennie Voorheis in the Y. W. C. A. rooms over the post-office. This is a special meeting for the purpose, and it is hoped there will be a very large attendance.

SEEMS sometimes as if the world were all wrong. Seems as if all the things we like disagree with us, and all the things we don't like, agree with us. Dyspepsia lurks in most of the good things we eat, and induces the following gratification of appetite. Of course, it isn't Nature's fault. Nature does the best she can, and if a man will only help her a little bit at the right time, he may eat what he likes and as much as he likes. Dr. Pierce's Pleasant Pellets are for people who are troubled with indigestion. Particularly for those in whom it manifests itself in the form of constipation. The "Pellets" are quick and easy in their action. They are in perfect harmony with Nature. They effect a permanent cure. You need take them regularly only a little while. After that, use them occasionally when you need them—when you have eaten something that disagrees with you. They are not violent in their effect, do not drench the system at all, and may be taken just as freely as you would take water or any other necessity of life. Once used they are always in favor. You can get the "Pellets" at any drug store. If you are careless enough to let an unscrupulous druggist sell you something on which he makes more money, it is your own fault if you do not get well.

A GREAT BOOK—ABSOLUTELY—GIVEN AWAY!

Few books printed in the English language have reached so great a sale as Dr. Pierce's Common Sense Medical Adviser. It is a book of 1008 large pages and contains over 300 illustrations—some of them in colors. It is a complete family doctor book. It is written simply and concisely, and is indexed so that reference to it is made easily and quickly. Over 600,000 copies have been sold at the regular price of \$1.50. The profits on this enormous sale enable the publishers to distribute 500,000 copies absolutely FREE. A copy bound in strong paper covers, will therefore be sent FREE to any one who will send in one-cent stamps to cover cost of mailing only.

How to Save Money and Health.

Most people have some trouble with their health which they would like cured if it could be done easily and cheaply. Dr. Greene, of 35 West 14th St., New York City, who is the most successful specialist in curing nervous and chronic diseases, makes the following offer: He gives you the privilege of consulting him, free of charge, through his great system of letter correspondence. Write him just how you feel and what symptoms trouble you. He will answer your letter, explaining your case thoroughly, telling just what ails you and how to get strong and well. He gives the most careful attention to every letter, and makes his explanations so clear that you understand exactly what your complaint is. And for all this you pay nothing. You do not leave your home, and have no doctor's fee to pay. The Doctor makes a specialty of treating patients through letter correspondence, and is having wonderful success. He is the discoverer of that celebrated medicine, Dr. Greene's Nervura blood and nerve remedy. If you write him at once you will doubtless be cured.

What is
CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.
"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
Dr. G. C. Osmond, Lowell, Mass.
"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
Dr. J. F. Kincheloe, Conway, Ark.
Castoria.
"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ANONER, M. D., 111 So. Oxford St., Brooklyn, N. Y.
"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

American Missionary Association at Detroit—Strange Death of a St. Clair Lady—Train Robber Smalley Didn't Shoot Detective Powers but His Double Did

A Notable Missionary Gathering.
The forty-ninth annual session of the American Missionary Association was held at Detroit. The reports showed a grand work among the Negroes in the south, the American Indians, and the Chinese in America. The expenditures for the year were \$337,334. The association now controls 117 schools, with 13,732 pupils, 212 churches, 11,831 members, and 15,289 Sunday school scholars, and 649 missionaries under its direction. Of these 74 schools are in the south, for the emancipation of the Negro by education, employing 405 teachers, and are attended by 11,981 pupils. They embrace every kind of school up to the university. Among the many prominent speakers were President J. B. Angell, LL.D. and Gen. O. O. Howard, U. S. A. The lynching outrages of the south were strongly denounced. Boston was chosen as the place for holding the next convention. Officers elected: President, Merrill E. Gates, Mass.; corresponding secretaries, Rev. A. F. Beard, Brooklyn, N. Y.; Rev. F. P. Woodbury, Brooklyn, N. Y.; Rev. C. J. Ryder, Stamford, Conn.; recording secretary, Rev. M. E. Strieby; treasurer, Henry W. Hubbard, New York.

St. Clair Woman Murdered and Robbed.
The body of a woman was found in the Detroit river at Amherstberg, Ont., on Sept. 30. It was not identified, but after three weeks was exhumed by a Pinkerton detective from Chicago, who had been working up the matter and it was identified as that of Miss Olive Carleton, of St. Clair. It appears that she bought a ticket at St. Clair for Detroit, and there purchased a ticket for Chicago. Her baggage was checked through to Chicago, and was there called for, but not by Miss Carleton. The fact that they contained a number of valuables strengthens the theory of murder. She had \$300 with her, a gold watch and jewelry, which are missing. The woman was not known to have any enemies or alliances. She was 54 years of age, and no reason can be thought of which would lead anyone to think it a case of suicide. Miss Carleton was a woman who was widely respected in her home community, and apparently she was happy and contented.

Smalley Did Not Murder Powers.
Officers have been steadily at work on the C. & W. M. train robbery at Fenwick and as the result of careful investigation at Brinton, McBain, Fenwick and other points some startling disclosures have been made. It is said that John Ambrose Smalley, who was shot and killed by detectives at McBain really had nothing to do with the killing of Detective Powers the night after the robbery. A perfect alibi has been undoubtedly proved and the officers admit it, but it is just as certain that he planned the entire affair and thus had a guilty knowledge of it. The startling fact, however, is the assertion made that Smalley has a double, and it was he who shot Powers. For reasons best known to themselves, the officers think it best not to disclose his name just now. The petition to Gov. Rich to investigate the killing of Smalley, and signed by 35 names, will be forwarded soon. Meanwhile the toils tightening about the double of Smalley's and his youthful companion, and when they are captured the entire plot will be laid bare.

Precautions Against Typhoid Fever.
Secretary Baker, of the Michigan state board of health has issued some valuable suggestions of precaution against the spread of typhoid fever. The bulletins say:
This is a time of extraordinary danger from typhoid fever, as has been predicted, since the low water in wells was apparent in June, July, August and September. Prudence dictates that all drinking water, not known to be above suspicion, should be boiled, and cooled in some place where the typhoid fever germs will not gain access to it.
The germs of this disease are now known to be in the discharges from the bowels, and recently have been found in the urine; they are known to be in the spleen, and probably pervade the entire body of a person having typhoid fever. The germs are not rapidly destroyed by drying. Typhoid fever is probably always spread from a person having that disease. It sometimes spreads directly from person to person. All discharges from the body of a person having typhoid fever should be disinfected. Public notice of every infectious place should be given, by placard on the premises and otherwise if necessary, so that no person may unguardedly drink water or take food from a source likely to be contaminated with the germs of typhoid fever.

Can't Build Gunboats on the Lakes.
Secretary of the Navy Herbert has decided that owing to the existing treaty between the United States and Great Britain which prohibits building warships on the lakes the navy department cannot award the contracts for building gunboats to the Detroit Drydock Co., notwithstanding the fact that that company was the lowest bidder on four contracts. It is alleged by well-posted attorneys, such as Hon. Don. M. Dickinson, that this treaty is merely used as a subterfuge and an attempt will be made to have it revoked at the next session of congress so that lake ship builders may have a change to compete with salt water builders.

Celery raisers in western Michigan lost \$50,000 by the recent cold weather.
The opera house and one residence were destroyed by fire at Alden. Loss \$1,250, no insurance. The whole town was in imminent danger and was saved only by the heroic efforts of citizens.

George Swagles has been placed under arrest at Houghton, on the charge of knowing something concerning the murder of Fritz Kramer and wife. It is known that he was a frequent visitor of Kramer's house and he has not given a satisfactory explanation of his whereabouts the night the crime was committed.

Uncle Sam is after those Saginaw saloonkeepers who started "social clubs" to avoid paying the \$500 liquor tax imposed by the last state legislature. They will be charged with selling liquor without a U. S. license, and after they have settled this score the state will have a waack at 'em.

CATCHING COLD

Is What So Many People Are Doing Now-a-Days, and Thus Laying a Foundation for Chronic Catarrh.
Already the season of catching cold is upon us. The cough and sneeze and the nasal twang is to be heard on every hand. The origin of chronic catarrh, the most common and dreadful of chronic diseases, is a cold. This is the way chronic catarrh usually begins: A person catches cold, which hangs on longer than usual. Then follows sensitiveness of the air-passages, which inclines one to catch cold very easily. At last the person has a cold all the while seemingly—more or less discharge from the nose, hawking from the throat, nostrils stopped up, full feeling in the head, cracking in the ears.
The best time to treat catarrh is at the very beginning. A bottle of Pe-ru-na properly used, never fails to cure a common cold, thus preventing chronic catarrh. While many people have been cured of catarrh by a single bottle of Pe-ru-na, yet, as a rule when the catarrh becomes thoroughly fixed more than one bottle is necessary to complete a cure. Pe-ru-na has cured cases innumerable of twenty years standing. It is the best if not the only, internal remedy for chronic catarrh in existence. But prevention is far better than cure. Every person subject to catching cold should take Pe-ru-na at once at the slightest symptom of cold at this season of the year, and thus prevent what is almost certain to end in chronic catarrh.

GRAND OPERA HOUSE,
Friday, November 1st.
Mr. John Griffith presents his spectacular edition of "Faust" at the Grand Opera House, November 1st. The production differs from others in that its attractiveness is materially enhanced by the productions of scenic and mechanical effects; some of which are said to be gems of ingenious stage settings, calcium and electricity being largely drawn upon to aid in the arrangement of the artist scenic. Mr. Griffith is an actor of experience who has made the character of Mephistopheles a protracted study; imbuing it with most intense subtlety always even in the most tragic passages showing satanic shrewdness. In the scene with Dr. Faustus he is appropriately fawning and brow-beating as occasion demands. His flirtations with Name Martha develops lithenessness that repels but will amuse. A distinct reader and thoroughly acquainted with stage technique, his impersonation is said to be perfect in an artistic sense. The supporting company is capable; many well-known artists being in the cast.

BURNED AT THE STAKE.
Armenian Youths and Women Horribly Maltreated—Another Massacre.
Constantinople: Advice from an Armenian source report a terrible massacre, near Balburt, on the road between Erzeroum and Trebizond. These reports allege that 500 Mussulmans, made an unprovoked attack upon the Armenian inhabitants of several villages, and it is further alleged that a number of young men and women were burned alive at stakes, and that many women were outraged and horribly mutilated. After the churches had been desecrated the Mussulman mob pillaged the villages and stole all the cattle and other property of value they could carry off. It is stated upon the same authority that more than 500 Armenians were killed. The news of this latest outrage has made a painful impression in diplomatic circles and is regarded as affording fresh evidence of the necessity for prompt and energetic action on the part of the powers. Later Armenian advices from Erzingjan estimate that several hundred Armenians were killed in the recent disturbances there. The Turkish version speaks of 50 having been killed.

The Sultan's Life Threatened.
London: The Constantinople correspondent of the Times telegraphs: "A threatening letter was found in the palace addressed to the Sultan. An inquiry incriminated 14 members of the imperial household. All of them were executed on the same day within the precincts of Yildiz. Thus the Sultan's mind was relieved of a very great weight."

Secretary Carlisle Stops Coinage of Silver
Washington: All silver coinage, except that of subsidiary silver, has been ordered suspended after November 1, by Secretary Carlisle. In carrying out his policy the New Orleans mint will be practically closed and dismantled after that date, and its 70 employees furloughed without pay. Secretary Carlisle has been considering this step for some time. The closing up of the New Orleans mint leaves only the United States mints at Philadelphia and San Francisco in operation. At these mints only gold and subsidiary silver will hereafter be coined, unless congress should direct to the contrary and action should be approved by the President.

A Bridge Jumper's Fatal Drop.
Patrick King Callahan, 26 years old, who lived in New York, jumped from the top of the Poughkeepsie bridge into the Hudson river. The distance is 212 feet. At least 30 people saw Callahan's exhibition of nerve. The bridge jumper was seriously injured internally and died soon after being taken out of the water.

The national conference of Unitarians and other Christian churches at Washington was attended by over 2,000 delegates.
A small cabin occupied by A. B. Merrill, an oil driller, near Steubenville, O., was completely destroyed by fire, Merrill perished in the flames.

UNITED STATES HEALTH REPORTS
OFFICIAL ENDORSEMENT. JUNE 19, 1895, PAGE 10.

"In the interest of the masses, for whom these reports are compiled, the United States Health Reports have examined and investigated many preparations having for their object the cure of the tobacco habit, but among them all we have no hesitancy in giving the editorial and official endorsement of these Reports to the remedy known as **"Uncle Sam's Tobacco Cure,"** manufactured by the Keystone Remedy Company, at 218 La Salle Street, Chicago. We have demonstrated by personal tests that this antidote positively destroys the taste and desire for tobacco in ten days, leaving the system in a perfectly healthy condition, and the person using the same forever free from the habit.

"In the light of our examinations and tests of **UNCLE SAM'S TOBACCO CURE,**" we are but performing a duty we owe the public when we endorse the same, and stamp it as the crowning achievement of the nineteenth century, in the way of destroying a habit as disgusting as it is common, (FOR ONLY \$1.00.)

DE LONGPRE'S \$1,000 PICTURE. A reproduction of this exquisite painting, given away free. An exquisite reproduction in 14 colors of De Longpre's water-color "Chrysanthemum" picture (size 12x28 inches) is given to every subscriber, with the December issue of Demorest's Magazine (published November 15.) This issue is enlarged and bound in a beautifully printed colored cover, and is replete with illustrations and reading matter pertaining to the Xmas holidays. It is sold for 20 cents a copy. The Chrysanthemum plate alone in this one number is worth more than the price of a year's subscription; do not fail to get it. The original painting by De Longpre is valued at \$1,000 and publishers guarantee that none but an expert can detect the difference between the original and the copy. Any of our readers who wish this beautiful picture can, by cutting out this notice and sending it to the Demorest Publishing Co., 110 Fifth Avenue, New York, with 20 cents in stamps, receive it by mail, carefully packed, and at the same time a copy of the Xmas Demorest. The magazine for the coming year is to be improved in many ways. It is to be made the very best magazine for the family circle in existence. The publishers offer to give the original painting to the person sending in the most subscribers before May 1st. The offer is printed in the December issue. According to Greeley: "Go West." But before you go, write to F. I. Whitney, G. P. & T. A., G. N. Ry., St. Paul, Minn., for printed matter descriptive of the North-west country, which offers so many inducements to new settlers and investors. George R. Kelly sells Wood.

Mrs. Lillie Graham, Montgomery, Ala., "Am very much pleased with it. My neighbors are just carried away with it." C. C. Drake, The Lufkin Rule Co., Saginaw, Mich., "Pretzinger's Catarrh Balm for severe colds in the head gives instant relief and certain cure." Mrs. E. H. Bissell, M. D., Armada, Mich., "Has helped me wonderfully. My head is clear and I now breathe easily, raise and cough very little. Walked two miles to-day. Am 75 years old." Mrs. A. A. Cochenour, Argyle, Ill., "Have had catarrh or ozena for forty years and tried many reliefs and cures, but found nothing which did the good Pretzinger's Catarrh Balm has done for me." Mr. A. T. Zacharias, 911 Everett St., Cincinnati, O. "Very prompt in curing colds in the head; exceeds all remedies for the cure of the most obstinate cases of Catarrh. One jar will convince anyone of the virtue it possesses." J. H. Powell, Silversmith, Sulphur Rock, Arkansas, "A victim for catarrh of the head and throat in severest form for several years, and one jar of Pretzinger's Catarrh Balm has cured me. I will guarantee a cure whether you do or not, to all." Mrs. Emma Wolford, Chase City, Va., "Pretzinger's Catarrh Balm is the only medicine I ever got which did me good. Since using I have not had any trouble in breathing at night as I had for many years, and I thank God that some one has found a remedy which cures, for I have suffered terribly." Small sample will be sent on receipt of 2-cents stamp by Pretzinger Bros., Chemists, Dayton, Ohio. Examinations for Teachers. The platform of the Michigan Cen-
tral depot was plenty large enough to
accommodate the people who went to
the train to meet Senator David B.
Hill last Friday. The exact number of
those who went to the train to meet the
noted New Yorker was just six.

The Detroit High School and the
A. A. H. S. football teams had a tussle
in Detroit last Saturday. The score
stood 44 to 12 in favor of the Detroit
team. This is probably due to the fact
that a son of the Mayor of Detroit was
one of the players for the Detroit team.

There were 1394 divorce cases grant-
ed in Michigan last year with 891 cases
pending in the courts. This number
would be materially reduced were the
old custom of requiring the bans to be
published thirty days before the mar-
riage could be performed, were in
vogue.

If Senator Hill was frigid in his treat-
ment of all who attempted to interview
him at Detroit last Friday while he
was enroute to Ann Arbor, his coolness
was fully reciprocated by the professors
here only about half a dozen of whom
were out so hear his maiden effort up-
on the lecture platform.

It is not likely that Dan. J. Ross told
his wife last Saturday that he was going
to the clerk's office to take out a mar-
riage license, yet that is what was issued
to him. Later he explained that he
wanted a permit to hunt deer, and
what might have made trouble in the
family has been averted.

AMONG OUR NEIGHBORS.

MANCHESTER ENTERPRISE.

The S. W. farmers' club will meet with Mr. and Mrs. L. M. Baldwin Friday Nov. 1st at 10 a. m. This will be the fair meeting. The programme is as follows: selection, Mrs. G. M. Sutton; essay, Mrs. W. H. Henion; hunting story furnished by J. R. Holmes; question box.

A few days ago a farmer showed a pair of boots to one of our merchants with the remark, I bought those of you 11 years ago, and b'gosh I guess I'll have to get 'em tapped.

The Babcock fire extinguishers have been sent to the factory in Chicago to be repaired.

Our townsman, Wm. Brighton has beaten the Lake Shore railway company a second time and his friends are congratulating him on his good fortune. In the first trial he got a verdict for \$2,500. The case was taken to the supreme court and sent back for new trial. On Friday last it was had and the jury gave him \$4,791. The company threatens to appeal to the supreme court.

We have heard a good many complaints from farmers who have had their hen roosts robbed.

DEXTER LEADER.

The contest over the will of the late John Miller, of Webster, was tried in circuit court last week. The will was sustained.

In some of the adjoining towns clubs are being organized for the promotion of mind, morals, music and marriage. A bird's-eye view of Dexter discloses "a long felt want" for such a club.

On Thursday of last week, Mrs. Albert Valentine received a draft for \$2,000, the amount of the policy held by her husband in the Maccabees. Quick work.

YPSILANTI SENTINEL.

Secretary of State, Gardner, has advised the county clerk that there are 17 corporations in the county which have not made proper returns to the state. Ten of them named were situated in Ann Arbor, six in Ypsilanti and one in Saline.

A series of special meetings will be held at the Baptist church next week, Rev. T. W. Young, of Ann Arbor, assisting Rev. R. W. Van Kirk.

Ground was broken for the new training school building at the Normal on Monday. It will front on Cross-st., directly in line of Summit, and will be an imposing pile.

Miss Maggie Brady has returned from Albion, N. Y., to spend the winter with her father, M. P. Brady, on Olive-st.

Mrs. Austin George left Thursday for a visit with friends at Jackson and Lansing. She will return in a few days.

The death of William McAndrew, who has been ill for several weeks, occurred last night.

CHELSEA HERALD.

Died, Saturday, Oct. 19, 1895, Mrs. Truman Baldwin, aged 81 years. The funeral was held Tuesday forenoon from the Baptist church, Rev. J. H. Girdwood officiating. She was buried in Vermont Cemetery.

Despite the hard times, Chelsea has taken some grand strides in improvements during the past year, and, as one notes them, he or she cannot fail to feel proud of the beautiful village of Chelsea.

An oil stove exploded in M. Boyd's hotel Sunday morning, causing damages to the amount of \$50.

The remains of Mrs. Wesley Burchard, who died at her home in Bluford, Ind., last Saturday, were brought here and buried in the Sylvain Center cemetery last Tuesday.

Rev. Wm. Walker is moving into the new Congregational parsonage this week.

CHELSEA STANDARD.

Word has been received here that Mr. and Mrs. C. S. Winans, who have been at Iquique, Chile, for the past five years, will leave for the United States about January 1st, reaching Chelsea about February 1st.

Chelsea has a new store, the Commission Dry Goods Co. having opened a stock in the McKune block. This leaves Chelsea without an empty store building.

Married in Jackson, Tuesday, October 22, 1895, Miss Ella Manchester, of Jackson, to Mr. James Canfield, of Lyndon.

Thd B. Y. P. U. will hold a box social at the home of Mr. Mrs. R. P. Chase, Friday evening, November 1st. Everybody invited.

Mr. and Mrs. S. Hirth are entertaining a young man who arrived at their home last week.

Born, on Tuesday, October 15, 1895, to Mr. and Mrs. John Frieremuth, of Sylvan, a son.

Fred Canfield expects to move to Detroit in a short time.

SALINE OBSERVER.

A nineteen year old son of Henry Seitz, southwest of town, died yesterday morning of pneumonia and inflammation of the bowels. The funeral occurs tomorrow at two o'clock, from the Lutheran church in this place.

The barn, straw stacks etc. on the farm Ancil Morgan recently traded for in Monroe county, was destroyed by fire last week. As there was no insurance the loss falls quite heavily upon Mr. Morgan.

Ancil Morgan may well be termed the corn king of these parts, as he has harvested not far from six thousand bushels, so we are told.

We learn that the Baptist society has engaged a new pastor, Rev. Marvin, of Flat Rock, who will be here about Nov. 1st.

For the first time since orchards began to bear in old Washtenaw, our people are obliged to import apples for home use.

Mr. and Mrs. R. L. Finch are the proud possessors of a pair of bran new boys, who arrived at their new home yesterday.

Beware of Ointments for Catarrh that Contain Mercury, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally and acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 75c per bottle.

Short Lives of Presidents.

From some recent life insurance statistics it appears that the presidential office is a fatal one.

At Washington's inauguration his expectation of life, according to the insurance tables, was sixteen years, but he lived only ten years. The next seven presidents not only lived out their expectation of life, but the two Adamses, Jefferson, Madison, Jackson, Van Buren, and Tyler exceeded it.

But Harrison fell nine years short of his expectation of life, Polk seventeen, Taylor eleven, Pierce seven, Lincoln sixteen, Johnson twenty-two, Grant seven, Hayes three, Garfield twenty-two, and Arthur fifteen. It is true that Lincoln and Garfield were assassinated, but the assassination of a president should always be taken into account as a possibility.

Our first eight presidents exceeded their expectation of life forty-five years in the aggregate, while their successors fell 110 years short. This may seem strange when it is recollected that the length of human life has steadily increased during the century. The compiler of these statistics suggests an explanation. He says:

"The fact seems plain to me that the presidential office is becoming too heavy a burden for any man to assume without almost certain shortening of his life. The responsibility is so great, the tension so destructive, that I never again expect to see a president survive the full period of his natural expectation."

Essentially the presidential office is a dangerous one, but very few of our patriotic statesmen will ever decline it on that account.—Atlanta Constitution.

Divorced on a Train.

Mrs. M. L. Taylor formerly resided with her husband at Spring Valley, Minn., but when a disagreement arose which resulted in their estrangement she removed to LaCrosse, Wis., and is now the proprietor of a millinery establishment. An understanding was arranged that her husband was to make no contest in her divorce suit. Mrs. Taylor went to Spring Valley last Tuesday, but just before the case was called the judge received an urgent summons to repair to an adjacent town. The train was already due to leave the depot and judge, plaintiff and counsel all boarded the cars. The evidence in the case was heard en route and as the train pulled into Wyckoff, seven miles out, the court handed the woman her decree of divorce.—New York Herald.

Terry's Silvereen. Among the many discoveries of the present age, none rank higher than the new metal silvereen, which owing to its great durability and cheapness is bound to take the place of silver in the manufacture of fine tableware.

Silvereen is a beautiful white metal, will not tarnish or rust, and all goods made from it are warranted. We want everyone to have a chance to compare silvereen with silver, so for the next sixty days we are going to give away one half dozen Silvereen Tea Spoons Free, to every person who will send for one of our Silvereen sets, containing six Tea Spoons, one Sugar Shell, one Butter Knife. If at any time the Silvereen goods do not prove satisfactory, return them and your money will be refunded. Remember we give you the Silver Spoons. Send at once as this offer is for 60 days only. Price Silvereen set \$2.00.

THE OLD, OLD STORY.

But the Red Seals Prevent Fraud?

One of the curious freaks of human nature is the insatiable desire to be noticed. If a man discovers or invents something which is a real blessing to mankind it brings him fame or reputation honestly earned, but immediately a lot of little heads come up and shout "Me too." "Notice me too." "Here, look this way, look at me too."

Nearly every other person one meets nowadays drinks the new hot food drink, Postum Cereal, and is so well received that no doubt some "Me too" will begin to shout for someone to notice their cereal drink.

The physician who invented the process for preparing grain to make Postum Cereal worked at it about a year. He smiles quietly when told that people may imitate his discovery. "It is easy to brew some rice or malt and call it coffee cereal, but the public cannot be deceived. There is but one Postum Cereal food drink, and it cannot be imitated."

The genuine packages have large red seals containing the words "It makes red blood," and the contents are scientifically prepared to produce a pungent, piquant, and highly nourishing drink, which certainly does make red blood, and round, fat, happy bodies of the grown folks and children.

Angels Must Have Smiled.

One of the women attendants out at the sanitarium on the Lincoln Park shore tells a pretty story.

"A woman who was sick enough herself to be in a hospital came up here and so weak that it could hardly cry. The mother had to be assisted under her shelter, and then we gave her a residing place from which she could see her lake. Soon after there stopped in front of the building an imposing carriage and team. The occupants were a woman whose dress indicated riches and refinement, a pretty and elaborately dressed baby and nurse. The three came in. The mistress of the party saw the sick woman and spoke to her. I did not hear what was said at first, but a few moments later I heard the sick woman say:

"Don't be afraid. I will leave you my child as security." And with that he rich woman picked up the tiny child that was so weak, and carried it herself to the carriage and got in and was driven away. The nurse and the sick baby remained at the sanitarium and entertained the sick woman, and when the other returned the sick child laid on a new dress, and a bunch of sweet peas fastened about its neck. It was all so quietly done, and so pretty, oo, I just went off alone and cried from joy."

MAKE GEOGRAPHY INTERESTING

Take Children on Imaginary Trips and the Study Will Become a Pleasure.

In teaching your little girl geography try to make it something more than a dry list of names to be learned by rote. Take her imaginary voyages and journeys from one country to another. Tell her something of the manners and customs of the people and anything you can learn yourself about the lives of the children. Describe to her how the Swiss boys herd their cattle under the shadows of the Alps and the Esquimaux are made daring by being thrown into the icy water in their strange fur garments. Tell her of the stunted lives of the pit boys in the coal mines and of the German girls who learn to use their five knitting needles almost as soon as they can hold them. Books of travel will furnish you with many interesting incidents which you can turn to account. Geography will not be a wearisome task to her. Her mother's wisdom can make the first steps attractive.

Dumas and the Dogs.

Dumas, the elder, had a dog as hospitable as his master, and the dog once invited twelve others to Monte Cristo, Dumas' palace, named after his famous novel. Dumas' fastidious in chief wished to drive off the whole pack.

"Michael," said the great romancer, "I have a social position to sustain. It entails a fixed amount of trouble and expense. You say that I have thirteen dogs and that they are eating me out of house and home. Thirteen! What an unlucky number!" "Monsieur—if you will permit—there is but one thing left to do. I must drive them all away." "Never, Michael!" replied Dumas. "Never! Go at once and find me a fourteenth dog!"

About Knives.

A cheap Pocket-knife can be bought at every Store, but it is not the kind you want.

One dollar is the lowest price that a really good knife can be sold for. This column is placed in this paper to advertise the very best Pocket-knife ever sold. It is J. C. TRIDMANS'S Sheffield Steel Knife.

Never buy a knife only because it looks well. If blades are not the best Sheffield steel they will soon bend, no matter how they will look. Still, you want a fine-looking knife.

The United States law provides that only samples to agents and to the trade will be admitted free of duty. You can, therefore, see the advantage that I have in sending samples to agents over those who deal in Sheffield goods in America.

I am an advertising agent! I am entrusted with a certain amount to spend advertising these knives (the best value ever seen in America at One Dollar each). Now, the knife is its own best advertisement.

Imagine a Pocket-knife (3 1/2 inches long) with the most beautifully-grained ivory handle—genuine African Ivory mand with two blades of the very best Sheffield steel that will last a lifetime and cut like a razor. The tips of the handles are heavily plated with sterling silver. And then a very nice chamois leather case goes with each knife. Now, could it not be easy work selling this knife at One Dollar each? I know it would, for it looks as if it were worth two dollars.

And so it is if you compare it with the value offered in the ordinary Store.

Is not this knife its own best advertisement?

You can make \$4 per day selling these knives. This is a genuine and straightforward statement. This is counting that you show it to only twelve buyers every day. And every one that sees it will say it is a good value for \$1. The knives are sold to you at \$8 per dozen; you sell them at \$4 each.

I determined to use large sum of advertising money entrusted to me in sending out free samples to those who promise to act as agents for the sale of these knives

I will send you a free sample, but you must sign the promise at the foot of this column, and make a deposit to show that in asking for the knife you are acting in good faith

The deposit that I ask of you is 44 cents about half the wholesale cost of the knife, and less than one-third what you would have to pay for a knife like it, if you bought one.

Send the money by a Postal Order or five-cent stamps for 44cts., and put a one-cent stamp on the letter, which must not weigh more than one-half ounce.

The deposit of 44 cents will be placed to your credit, and will be deducted from your first order at the dozen rate.

I am an advertising agent, contractor and publisher with one of the largest Advertising businesses in the world, and absolutely guarantee to send, postage paid and duty free, the knife described above free to anyone who signs the promise below, and sends it with the deposit as stated.

Let me advise you not to part with your sample, even if you should lose a sale at \$1 by refusing, as it will take time to replace it. I could not send you another even if you sent the full \$1. After the sample they can only be supplied to you by the dozen as there is duty on them to be paid.

Any English Banker can give you information about my high standing, or write to the publisher of this paper, who knows that I do a large and straightforward advertising business, and that I do exactly as I say.

I have taken this pace in this paper for three years! The first one answering this advertisement after this number of the paper has come out will, if he likes, have his name printed in this space as agent for these knives.

The Editor of the Springfield (Ohio) New Era writes, in his paper of June 23, 1894:—"I have received a sample-knife from Mr. Sears, and am very much pleased with it. He is the owner of a very large advertising business in London, and is, I believe, perfectly responsible and straightforward."

Sign your name and address to the following, cut it out and send it with Postal Order or stamps for 44 cents, and you will receive by return of post the beautiful knife as described above.

F. W. SEARS, ADVERTISING AGENT AND CONTRACTOR, WHOLESALE KNIFE ADVERTISING DEPARTMENT, 138 FLEET STREET, LONDON.

DEAR SIR,—I faithfully promise on my and honour to show the Sample Knife you have promised to send me to one or more of my friends, thereby constituting myself an agent. This will make me "in the trade" as far as Pocket-knife is concerned. By this promise I am entitled to a sample of your beautiful Dollar Pocket-knife with chamois leather case, to be sent me post-paid and duty free. I also enclose 44 cents Postal Order or stamps, which please hold for me until I send you an order at the dozen rate.

Headache Destroys Health

Resulting in poor memory, irritability, nervousness and intellectual exhaustion. It induces other forms of disease, such as epilepsy, heart disease, apoplexy, insanity, etc. Dr. Miles' Nervine Cures.

Mrs. Chas. A. Myers, 201 Bianna St., Fort Wayne, Ind., writes Oct. 7, 1894: "I suffered terribly with severe headaches, dizziness, backache and nervousness, gradually growing worse until my life was despaired of, and try what we would, I found no relief until I commenced using Dr. Miles' Nervine. I have taken five bottles and believe I am a well woman, and I have taken great comfort in recommending all of my friends to use Nervine. You may publish this letter if you wish, and I hope it may be the means of saving some other sick mother's life, as it did mine."

A Great Book Free.

When Dr. R. V. Pierce, of Buffalo, N. Y., published the first edition of his great work, The People's Common Sense Medical Adviser, he announced that after 680,000 copies had been sold at the regular price, \$1.50 per copy, the profit on which would repay him for the great amount of labor and money expended in producing it, he would distribute the next half million free. As this number of copies has already been sold, he is now giving away, absolutely free, 500,000 of this most complete, interesting and valuable common sense medical work ever published—the recipient only being required to mail to him, at above address, twenty one (21) one-cent stamps, to cover cost of mailing only, and the book will be sent post-paid. It is a veritable medical library, complete in one volume. Contains 1008 pages, profusely illustrated. The Free Edition is precisely the same as that sold at \$1.50 except only that the books are in strong manilla paper covers instead of cloth. Send now before all are given away.

Tilden's Umbrella.

Abram S. Hewitt, who was a great friend of Samuel J. Tilden, one day brought into his office an old cotton umbrella, with a broken rib or two and a few holes. It could not have cost over fifty cents. He placed it in the accustomed corner, beside a fine \$10 silk umbrella belonging to J. L. Haigh, his partner. When starting home in the afternoon, he walked off with Haigh's umbrella, leaving his own, which Haigh had to use as it was raining hard. On opening the old cotton affair Haigh noticed a piece of white tape sewed on the inside near the top, and on going to the light read: "Samuel J. Tilden, Gramercy Park, New York." The next day he returned it to the same corner and said to Mr. Hewitt: "This is Mr. Tilden's umbrella you forgot last night." "Oh, yes," said Hewitt, rising and going after it, "I am very glad to get it back. Mr. Tilden is extremely careful about his umbrella." "But where is my silk one that you took away last night?" Haigh asked. "Oh, I don't know anything about that," was the reply, and that was all the satisfaction that Haigh ever got.

The Mount Lebanon Shakers recently performed a great deed of charity, although it was not designed as such, by advertising a scheme. It however resulted in great good just the same. They gave away 1,000 bottles of their Digestive Cordial to those suffering from stomach derangements.

It was so effective in curing those who used the remedy that they were loud in their praises of it and in consequence a large demand for the cordial was at once created.

The druggists of this town have little books that tell all about it. Digestive Cordial creates an appetite, aids digestion and brings about a rapid increase in flesh and strength.

Ducks That Won't Swim.

Boston Journal.—Many things are said to be as natural as that ducks take to water. But a writer in a French magazine tells of ducks that actually hated water. There were three of them, and they had lived some years in Paris, where they had a small basin and their daily bath. Their owner finally took them to the country to live beside a fine lake, thinking it the ideal place for the amphibious. What was his surprise, on putting them into the lake, to see them instantly scramble ashore and waddle Indian file to a neighboring stable, whence they never came out save to feed. Never could they be induced to remain in the water save by force or fear, and when there they always drew close together, so as to occupy no more space than their bath basin in Paris. They were thoroughly afraid of the lake, and they never became used to it. In Picardy, it seems, young ducks are often kept from the water in order to protect them from water rats and prevent them from eating things that might injure their flavor when they appear upon the table. Ducks thus brought up until their full growth of feathers is acquired refuse to enter the water, and, if forced in, sometimes drown. After all, what does instinct amount to?

Relief in Six Hours.

Distressing Kidney and Bladder diseases relieved in six hours by the NEW GREAT-SOUTH AMERICAN KIDNEY CURE. The Oil of Love.

A story is told of a cross old man who, his servants having left him, went to a neighbor's to tell his trouble. "I think it would be well to oil yourself a little," said his friend. "When a door in my house creaks I oil the hinges. Go home, engage a servant, and when he does right, praise him. If he does anything amiss, oil your voice and words with love." No harsh words were ever heard from the old gentleman after that. How much of the groaning and despair and misery of the world would be cured if the words of every Christian were kept saturated with this wonderful oil!

THE BOY OF SEVENTEEN.

He Needs the Aid of a Firm and Guiding Hand.

The boy of 17 has reached a dangerous age. Not merely because he has left the sheltering innocence of childhood, and must meet the temptations that every youth must sometimes face. The trouble is that he too often knows so much that his elders can teach him little. He feels prepared to settle all the questions of ethics or statesmanship off hand. I recall the anecdote of that young law student, to whom the judge before whom he was being examined for admission to the bar stated a legal case, and asked him how it should be decided.

Without a moment's hesitation the young man disposed of it then and there. "There can be only one decision to it," he added pompously. "No man who is posted in common law could hesitate for a moment."

"Perhaps not," said the old judge thoughtfully. "Only it caused a disreputable among the judges of the United States Supreme Court when it came up before them. I am glad, however, to find that it is so easily disposed of."

At 17 the young man has courage beyond knowledge, and in his enthusiasm is ready to undertake adventures from which he would shrink in his later years. He is usually a loveable creature, withal, and even in these days of gray hairs it can never meet him in his joyous enthusiasm and cheerful view of things without an impulse to slap him on the back and give him God-speed in his happy jaunt toward the unknown future.

I am not of those who would deny to youth the natural pleasures that belong to his time of life. But when he forgets the duties that have been entrusted to him, or belittles their demands upon him, because he is set upon having "a good time," he stands in great danger of his future and needs the aid of a firm and guiding hand.

"Oh, my poor head, 'tired many a weary mother, many a third husband, many an overworked child,—and relief seems far away. The severity and frequency of headache in many instances leads the sufferer to despair of ever obtaining freedom from the painful affliction. Remedy after remedy is tried in vain, for still the malady 'sticketh closer than a brother.' There is, however, a specific for headache and neuralgia. It is Gessler's Magic Headache Wafers. Chronic headaches yield to them. Sold by A. E. Mumery."

Training a Cavalry Ox

A curious story comes from Berlin. A lieutenant of a Uhlan regiment made a bet about six months ago that he would train a young ox within six months so that it would obey the word of command like a cavalry horse. The trial took place a few days ago on the hill ground of the Uhlan barracks in the Invalidenstrasse. It seemed at first as though the officer would win the bet. The ox trotted, galloped right, galloped left, and did everything perfectly, till it came to the vaulting. In this the animal failed, and the officer lost the bet. He was congratulated, however, on his perseverance and success in training so unpromising an animal.

IN DESPAIR.

A PEN PICTURE.

Many Women Will Recognize It.

[SPECIAL TO OUR LADY READERS.]

"Oh, I am so nervous! No one ever suffered as I do! There isn't a well inch in my whole body! I honestly think my lungs are diseased, my chest pains me so; but I've no cough. I'm so weak at my stomach, and have indigestion horribly. Then I have palpitation, and my heart hurts me. How I am losing flesh! and this headache nearly kills me; and the backache—Heavens! I had hysterics yesterday. There is a weight in the lower part of my bowels, bearing down all the time; and there are pains in my groins and thighs. I can't sleep, walk, or sit. I'm diseased all over. The doctor? Oh! he tells me to keep quiet. Such mockery! Inflammatory and ulcerative conditions at the neck of the womb can produce all the above symptoms in the same person. In fact, there is hardly a part of the body that can escape those sympathetic pains and aches.

No woman should allow herself to reach such a perfection of misery when there is positively no need of it. Lydia E. Pinkham's Vegetable Compound acts promptly and thoroughly in such cases; strengthens the muscles of the womb; heals all inflammation, and restores that unruly organ to its normal condition. Druggists are selling cartloads of it. Mrs. Pinkham, at Lynn, Mass., will gladly and freely answer all letters asking for advice.

Mrs. E. Bishop, 787 Halsey Street, Brooklyn, N.Y., suffered all the above described horrors. Now she is well. Lydia E. Pinkham's Vegetable Compound cured her. Write her about it.

HORNETS THAT GUARD NESTS.

Queer Neighborhood Friendships Between the Fiery Insects. On the broad, brown salt meadows that skirt the Housatonic river...

One species of field or meadow mice, take possession of a great many of them, and the old mice can be seen at all times of the day...

The most desirable tenets of all are the big black and white hornets. By far the greater number of the old nests are inhabited by these fiery fellows...

The vrens seem fully conscious of the value of such sentinels, for they take care to build their new nests always very near the old.

Catarrh starts in the nasal passages, affecting eyes, ears and throat, and is in fact, the great enemy of the mucous membrane.

"I would like a copy of Victor Hugo's masterpiece," said the lady who had mastered the book store.

"That is not the name of the work. It merely describes it," rejoined the customer.

"Published lately, ma'am?" "It was published many years ago, surely you have Victor Hugo's greatest work?"

"I don't know whether we have or not. What's the name of it?" "Lay Mee Say Rahbi," replied the lady, desperately.

"O, you mean 'Less Mizzerbles.' Yes'm, we've got it."

DOES THE TROOP TEMPT.

Queer Theory of Prof. Burroughs About Light-Attracted Insects. "An emanating point of light," said Professor Burroughs, of Georgetown Heights, Washington, recently...

"When the 200-mile arc searchlamp for signaling purposes was placed on the summit of Mount Washington the number of birds and insects that found their way to the immense ray-thrower excited much attention and interest.

"A delicate question arises in my mind when I think of how winged creatures will fly any distance toward a light, and the question may never be answered. It is: 'Is not the moon an everlasting source of attraction for birds, bats, beetles and butterflies?'"

WHY I HATE WOMAN.

A Correspondent Gives a Lot of Reasons of Which Not All Are Reasonable. From the Westminster Gazette.

1. Because she stabs me in the eye with her parasol, offers no apology and looks as if I did it.

2. Because she pushes for a place in trains and omnibuses, and, being in, never makes any room for any other people.

3. Because, in public, her prattle is audible and unceasing, and includes the biographies and characteristics of all her friends by name.

4. Because she discusses frocks with her sister opposite, and describes fabrics and fixings as if at her dress-maker's.

5. Because she climbs to the tops of omnibuses, to descend from which demands grace and decency.

6. Because she thinks the only way to make an omnibus stop is to prod the driver, if she cannot reach the conductor.

7. Because, being of that class for which omnibuses are not, she spoils her coachman and ruins her horses by her ignorant or inconsiderate use of them.

8. Because, being of any class, she loves a "remnant day" and dotes on bargains.

9. Because she displays her bag, loses her handkerchief and carries her purse in her hand.

10. Because she recites, plays violins and rides on bicycles.

11. Because she reads accounts of weddings and lists of presents in ladies' newspapers.

12. Because she walks three in a row upon the pavement and expects every one else to make way for her.

13. Because she worships priests and deacons, as well as illustrious persons and cavalry officers.

14. Because she is "fluent but not lucid," and more concerned about the number of her facts than the truth of them.

15. Because, in nine cases out of ten, she can neither sew, nor read aloud nor make tea.

16. Because she is always writing letters and wanting me and others to answer them.

17. Because she is the slave of fashion; and that not only in clothes, but in art, music, manners, religion, flowers, jewelry, language and furniture.

18. Because she does not value anything simply because it is "good" (following a fashion set in the days before woman existed), but because it is "worn," or "done," or even "talked about."

19. Because if she is "nice," she is sure to be conventional; and if she is not conventional, she is generally not "nice."

20. Because if you tell her a secret, she passes it on at once to other friends—"I don't mind telling you, dear, but it mustn't go any further."

21. Because she is often careless as to food, and thinks cheapness the first requisite in wine.

A Photographer's Grim Fancy. A photographer who has pictures of nearly all of the famous personages in this country has a side room next to his studio which is known as the "death chamber." Immediately upon arrival of the news of the death of any famous person his photograph goes into this room, which is entirely dark, the walls being covered with crape and with the aid of an incandescent light a person looking through the room will first see the face of George Washington. On either side are pictures of the assassinated presidents, Lincoln and Garfield, while the photograph of Blaine is above and that of Grant below the counterfeit presentments of the father of our country. The photographer is very proud of his collection and personally escorts visitors around the room, naming the men whose pictures are shown.—Montreal Saturday Night.

Josh Skains' Experience with Quicksand. Montgomery, Ala., Special: Josh Skains, a negro, went down into a well to clean it out. As soon as he put his feet on the bottom quicksand closed around them, and he could not move an inch. He told those at the top that he was fastened in sucking sand, and for them to pull him up. They pulled and pulled, but could not move the man. The suction was so great that try as they would they could not move him. For forty-eight hours he remained at the bottom of the well, and all the time those above were doing their best to pull him out. He had been pulled at with rope and windlass until his joints were so sore that this had to be abandoned. Finally a box was sunk around him, and the sand and mud were dipped out of the box. After several hours more the man was released and was pulled to the surface. He was more dead than alive when he reached the top.

HOME, SWEET HOME.

Let Us Renew Our Love for Place of Sacred Memory.

In a recent sermon on domestic evils Dr. J. B. Shaw, of New York city, said that the greatest evil is the decadence of our home life, that is, the robbing of our domestic circles of their home element. He then adds: Taken as they run, New York homes are wholly unworthy of the name. They are not homes, they are mere tabernacles, hotels, caravansaries, where we get our bed and board, but scarcely anything more. They have no fireside glow, no atmosphere of domesticity, none of the restful serenity, content and congeniality which characterized the homes of our forefathers. Would you know how inferior our homes are, compare them with those of London, a city more than twice as large as ours; compare them with the homes of our outlying country districts; compare them with the homes of our childhood, the memory of which is always a delight and a benediction. How rarely do our families come together except at the table? How seldom do they form a circle and keep it intact even for a single evening! How infrequent is an evening at home with the young men and women of the household! They seek their pleasures abroad. To sit down and spend a quiet hour with the family would be a "bore" and an affliction. Even the "old folks at home" have no attractions for them. In our homes, as well as out in the rush of business, we are most of us restless, uneasy and nervous. Fondness for home is almost an extinct passion.

Family wines that rival the world in excellence are from Speer's Passaic, N. J., Vineyards. The Claret, vintage 1881, the Burgundy and Port are very old superior wines. The Port is especially for invalids. The Climax Brandy is very superior.

Teacher and Politician. Consideration for others is not always regarded in this world, howsoever it may be in the next. The Nashua, N. H. School Board wished to get rid of a teacher for what was, to it, incompetence, but in order not to interfere with the teacher's prospects elsewhere, the board committee agreed to elect her, provided she would resign at once. She was elected, did resign, but before acceptance by the board she withdrew her resignation and substituted a request to be relieved of certain work, which the board refused to grant, and thereby rather estopped itself from demanding her resignation. This young woman may not be a very good teacher, but she is a capital politician.

Even catarrh, that dread breeder of consumption, succumbs to the healing influence of Thomas' Electric Oil.

Riches Drove His Love Away. George Wohlstadt, an importer and dealer in birds in New York City, has just been made the defendant in a suit for breach of promise. The plaintiff is Miss Etta Wagner, a member of the London Gaiety Girls company, which is now playing in the west. She asks for \$20,000 damages, claiming that Wohlstadt's refusal to keep his promise to marry her has caused her to "suffer great distress of mind and body," and has otherwise damaged her to that extent. The change in Wohlstadt's feelings is said to have been brought about by his receiving a legacy of \$50,000 from his father, who died in Germany.

Silk Stronger Than Steel. It is generally known that, size for size, a thread of spider silk is decidedly tougher than a bar of steel. An ordinary thread will bear a weight of three grains. This is just about 50 per cent stronger than a steel thread of the same thickness.

Children Cry for Pitcher's Castoria. Extremes. "It seems to me," said the cheerful idiot, "that they are carrying dryness to extremes in New York."

"What's that?" said the prohibitionist boarder, eager for the fray. "Well, first they jumped on the saloon men for selling liquor and now they are after the milkmen for selling water."—Indianapolis Journal.
