

REPUBLICAN DAY.

THAT WAS THE CONDITION OF THINGS LAST MONDAY.

During the Day the Republican County Convention Held Sway in the Evening a Republican Council Did Business.

The Republican county convention, Monday, was one of the best attended and most enthusiastic ever held in Washtenaw county. There were but two or three delegations in which there were vacancies. As early as eight o'clock the faithful began to gather about the court house. By eleven, the time for calling the convention to order, the court room was filled to overflowing. At half past eleven Chairman Prettyman called the convention to order and named W. W. Wedemeyer as temporary chairman. After a neat introductory speech, Mr. Wedemeyer called for the nomination of a secretary. Mr. J. K. Campbell, of Augusta was named, as was also Mr. Freeman, of Manchester. Mr. Freeman declined to allow his name to be considered and Mr. Campbell was elected but declined because of poor eyesight. Mr. J. J. Goodyear was then elected secretary. Following this was some discussion as to the size of the various committees, it being finally decided that the three committees on credentials, order of business, and resolutions, should consist of the usual number of five each. Mr. Wedemeyer then appointed these committees:

Credentials—George L. Wheeler, of Salem, George Rawson, of Bridgewater, Andrew Campbell, of Pittsfield, S. H. Ford, of York, E. E. Leland, of Northfield.

Permanent Organization and Order of Business—Edwin Ball, of Webster, M. F. Case, of Pittsfield, E. H. Scott, of Ann Arbor, E. F. Johnson, of Ann Arbor, W. M. Osband, of Ypsilanti.

Resolutions—Col. H. S. Dean, of Ann Arbor, Capt. H. S. Boutelle, of Ypsilanti, James McLaren, of Lima, H. Waldron, of Salem, William Burtless, of Manchester.

At this point it was discovered that Mr. James O'Donnell, of Jackson, was present and a vigorous call was made for a speech from him. Mr. O'Donnell responded in his usual happy manner, speaking for about 30 minutes. He spoke in particular about our high taxes and showed how the democratic administration had been responsible for them. He assured his hearers that another year the state levy would be at least a million dollars less than this year. Mr. O'Donnell said, however, that there were places where, in the administration of state affairs, greater economy might be practiced and he assured the people that should he be elected governor such economy should be practiced. At the close of Mr. O'Donnell's address the convention adjourned until 1:30 p. m.

AFTERNOON SESSION.

While the convention was waiting for the committee on credentials to decide what to report in regard to the two contesting delegations from Chelsea Hon. E. P. Allen and Hon. A. J. Sawyer were called upon, and both made rousing speeches. When the committee on credentials made their report they did not recommend either of the Chelsea delegations, stating that neither had been legally elected. The convention then took the matter in hand and cut the gordian knot by deciding to admit six of each of the two delegations. Following the adopting of the reports of the committees on credentials, order of business, and resolution the convention proceeded to the nomination of candidates for delegate to the National Convention at St. Louis. Hon. E. P. Allen, Hon. A. J. Sawyer, A. F. Freeman, and W. F. Boyden were placed in nomination.

The first ballot stood as follows:

Allen	86
Sawyer	52
Freeman	28
Boyden	12
Kempf	5
Waldron	1
Total	184

Necessary to choice 93.

Upon the second ballot the record was:

Allen	107
Sawyer	50
Freeman	29
Boyden	1
Total	187

Necessary to choice 94, Allen's Majority 20.

Mr. John Heinzeman was elected delegate at large to the state convention. The convention then separated

ROYAL Baking Powder Absolutely Pure

into two district conventions and proceeded to elect delegates to the district convention to be held here next Thursday and delegates to the state convention to be held in Detroit on May 6. The delegates elected to the district convention were as follows:

George Kempf, of Chelsea; H. S. Dean, of Ann Arbor; C. E. Hiscock, of Ann Arbor; A. S. Lyon, of Scio; W. K. Childs, of Ann Arbor; J. T. Jacobs, of Ann Arbor; F. P. Glazer, of Chelsea; Thomas Birkett, of Dexter; George H. Pond, of Ann Arbor; J. H. Morton, of Manchester; G. S. Ross, of Bridgewater; J. W. Blakesly, of York; H. P. Thompson, of Augusta; W. M. Osband, of Ypsilanti town; A. E. Ford, of Ypsilanti town; Dr. F. K. Owen, of Ypsilanti town; P. E. Galpin, of Superior; H. C. O'Neal.

The delegates to the state convention are:

First District—Wm. Judson, Ann Arbor; Frank Wood, Ann Arbor; E. W. Hatch, Ann Arbor; Geo. S. Vandawalker, Ann Arbor; Alfred Davis, Dexter; H. S. Holmes, Ann Arbor; Jas. McLaren, Lima; R. S. Whalen, Scio; Geo. S. Wheeler, Salem.

Second District—Wm. Burtless, Manchester; Wm. F. Lyster, Saline; Wm. H. Whitmarsh, York; John K. Campbell, Augusta, P. W. Shute, Ypsilanti city; Geo. Cook, Ypsilanti city; H. S. Boutelle, Ypsilanti city; Wm. Campbell, Pittsfield; A. M. Humphrey, Lodi.

Mr. W. W. Wedemeyer was elected chairman of the county committee and O. E. Butterfield, secretary.

HAVE YOU BUSINESS WITH THE CITY.

If so, these are the men to consult—each committee has a particular line of duties to perform—consult any member of the committee having charge of the business you are interested in.

The following are the regular standing committees of the common council for the coming year. Those who have business with the city should examine under which head their business comes and then consult the committee in charge:

- Finance**, Ald. Cady, Coon, Soule.
- Streets**, Ald. Moore, Grossman, Dell, Burke, Shadford, Soule, Cady.
- Ordinance**, Ald. Maynard, Brown, Danforth.
- Sewers**, Koch, Moore, Dell, Burke, Shadford, Coon, Cady.
- Sidewalks**, Ald. Coon, Maynard, Koch, Laubengayer, Brown, Rhodes, Danforth.
- Fire Department**, Ald. Shadford, Grossman, Rhodes.
- Water**, Ald. Laubengayer, Moore, Brown.
- Police**, Ald. Dell, Koch, Burke.
- Lighting**, Ald. Soule, Cady, Danforth.
- Bonds**, Ald. Brown, Moore, Grossman.
- Licenses**, Ald. Grossman, Coon, Dell.
- Parks**, Ald. Burke, Maynard, Shadford.
- Poor**, Ald. Rhodes, Danforth, Laubengayer.

Democratic County Convention.

The Democratic county convention was held in the court house yesterday. Although fairly well attended, and somewhat enthusiastic, it lacked much of the old-time vigor and zeal always shown when the party was in full control in this county. The convention saved itself from a vigorous contest by some shrewd moves on the part of the leaders which leave a few sore spots among the rank and file. Hon. James S. Gorman was elected delegate to the national convention. Following this the convention elected the following delegates to the state convention:

Ann Arbor city, J. F. Schuh, Dr. Kapp, W. H. McIntyre, Chas. R. Whitman, Edward Duffy, Manchester and Sharon, James Kelley; Bridgewater and Lodi, Philip Blum; Freedom and Saline, Geo. Nissley; Pittsfield and York Dr. MacLachlan; Ypsilanti and Augusta, John Hurley; Scio and Lima, J. V. N. Gregory; Superior and Ann Arbor town, T. V. Quackenbush; Northfield and Salem, Wm. Donegan; Sylvan, James Taylor; Lyndon, Dexter and Webster, W. H. Arnold; Ypsilanti city, J. W. Babbitt, John Terns and J. P. Kirk.

Talk of a Six Year Course.

The following Ann Arbor correspondence to one of the Detroit papers appeared in last Tuesday's issue.

If present plans prevail, the medical course here, which was lengthened from three to four years, not long ago, may be extended to six years. For some time there has been a feeling that the requirements here to be raised, and this feeling has been increased recently by the action of the Harvard faculty in

requiring applicants for admission to the medical school to have the degree of A. B.

It was at first proposed here to require a literary degree for admission to the medical department, but this was felt to be too stiff a requirement for western conditions, which are very different from those of the east. Now a plan is in favor that accomplishes the same result, but in a less drastic way. By it the medical course is lengthened to six years, and each student taking it is required to combine the medical and literary courses and get a literary as well as medical degree. These are both four-year courses, but can be done together in six years, because a good deal of the work, e. g., in chemistry, physiology, biology, etc., counts for a degree in both departments. As a matter of fact a good many students do this voluntarily, though it is only informally recognized as a six-year course. About 30 literary students are working thus for a medical degree this year.

By requiring every student to do these six years of work the same result would be accomplished as at Harvard, for every M. D. would have to possess the liberal education that a literary degree signifies before he could practice. It remains to be seen however, whether the plan will carry when it comes before the regents. It seems probable now that the medical faculty and medical committee of the regents will report in its favor.

The overcrowding of the medical department has emphasized this demand for a raising of the requirements. There are more students than can be satisfactorily cared for in all branches of instruction this year, and the faculty feel that they are in a position to be more than independent about raising the standard than ever before.

Important Verdict for the U. of M.

Tuesday the Supreme Court granted the Mandamus asked by the Regents compelling the auditor general to pay the University seven per cent. interest upon the University trust fund. The court found that at no time has the law fixed the rate of interest to be paid upon the educational funds, except by the law of 1845, which was repealed a year later. Ever since 1845, up to the present year, 7 per cent. has been paid. The legal rate was made 6 per cent. in 1887.

It is conceded that the several laws providing for the payment of interest on the University fund contemplated its computation at 7 per cent. and the court says the rule of constructing it that where an act is passed for a particular purpose, it is not abrogated by general legislation sufficiently broad to include it, unless the intent to abrogate is clear.

As a matter of fact, Auditor-General Turner has withheld 1 per cent. interest on the fund since he came into office, Jan. 1 1893, so that the University now has some \$25,000 to its credit on this account.

High School Notes.

Keep off the grass. The annual catalogue is being prepared.

Lyceum No. 1, has challenged one of the literary societies of the State Normal School for a joint debate.

A new electric motor for the physical laboratory arrived and was placed in position last week.

During the current school year there have been added to the library 272 books at a cost of about \$300. The circulation since Sept. 10 has been 9,036 bound volumes and 833 periodicals besides those used in the reading room. Much credit is due Miss Loving, the librarian, for the fine showing made.

Instructor Gammon's place is temporarily held by Ross Whitman.

Miss Purdum, teacher of English, had the misfortune to sprain her ankle during vacation. Though compelled to use a crutch, she bravely attends her school duties.

Capt. Deither has the base ball men out nearly every pleasant day.

The fourth annual promenade to be held in High School Hall May 1, promises to be a swell affair. Some of the boys are already getting their lists of dances.

GREAT REMOVAL SALE!

We sold four Pianos last week to parties who thought of buying sometime, but who found on learning our phenomenally low prices that the time to buy was now. Buyers of Pianos, do not fail to take advantage of the exceptional opportunity now offered to buy a Piano or an Organ at the Lowest Figure ever known in Ann Arbor.

7 UPRIGHT PIANO BARGAINS

The following seven pianos have been used, some six months, some a year, but none over eighteen months. They will be put in perfect condition at our factory, and will be closed out at \$25 down and \$10 per month. We offer these as special bargains, and when we use this term, we mean it in its fullest sense.

HERE THEY ARE:

1 Petit Bijou Piano, small size, former price.....	\$225
Removal Sale Price.....	85
1 Allmendinger, black case, good condition, former price.....	250
Removal Sale Price.....	135
1 Boardman & Gray, Ebony, former price.....	265
Removal Sale Price.....	145
1 Erie Piano, Ebony, but little used, former price.....	275
Removal Sale Price.....	168
1 Erie Piano, Walnut, as good as new, former price.....	300
Removal Sale Price.....	175
1 Guild Piano sold two years ago for.....	340
Removal Sale Price.....	170
1 Pease Piano, in very fancy case, in first-class condition, former price.....	300
Removal Sale Price.....	180

We have sold three of the six pianos we offered in fancy cases for spot cash for \$189 each. These pianos are such a rare bargain, that if you miss the opportunity of buying one, it is your own fault. Some wise buyers have seen the economy of borrowing to buy at these prices.

BUYING A PIANO!

You have been thinking of buying a Piano for a long time. If you keep putting it off, you will never get it. Now is the time to buy, for now is the time you can save money. If your grocer offered granulated sugar 3c a lb. when you are paying 6c, you would buy a quantity. You know that is cheap, for you buy it every day. If he offered you Queen Anne Soap at 3c a cake, you would buy it for the same reason, because you are saving money. If you could buy Royal Baking Powder for 25c a pound, when you have to pay 50c, you would buy Royal, because you know it is good, and could be bought at the price of the poorest. We want you to realize that we are offering just as big bargains on Pianos and Musical Instruments today as granulated sugar would be at 3c a pound.

We are obliged to move, and the store we hope to secure will have to undergo extensive repairs, which will consume two or three months before it is fit for occupancy. We are overstocked with Pianos, our present warehouses are crowded, and we have about 60 rented Pianos coming in the middle of June.

Think of this seriously, and come in and see us. A dollar saved is a dollar earned, and you can save a good many dollars by buying your Musical Instruments now.

ANN ARBOR ORGAN CO.

BICYCLES.

We sold nine Bicycles last week. This shows our prices appeal to careful buyers. Our Dayton Bicycle is unexcelled by any, no matter how famous or by whom made. The Ben Hur at \$85 and \$100 we believe to be the best value for the money ever offered in Ann Arbor. We also sell the Clipper and Wellington Bicycles at \$75 and \$65, and we have a few good wheels as low as \$50.

Here Are a Few Removal Sale Bargains:

1 \$85 BEN HUR (used).....	\$55
1 \$100 RALPH TEMPLE.....	60
1 \$100 MONARCH.....	65
1 \$85 GENTS' BEN HUR, '95 Model 70	
1 \$85 LADIES' BEN HUR, '95 Model..	70
1 \$85 CLIPPER, GENTS', '96 Model..	75

ORGANS.

Those Organs we mentioned as slightly shop-worn, are in first-class condition otherwise, and it will pay you to examine them and get prices. Forty-five to Sixty Dollars will now buy an Organ that formerly sold at from Seventy-five to Ninety.

Those Accordions at \$1.25, \$1.45 and \$1.80, and those \$6.50 Mandolins at \$2.95 will not last long. There is excellent value in them, and in some Violins and Banjos we have listed at equally low prices. Now's the time to buy if you ever intend buying.

THURSDAY, APRIL 23, 1896.

Michigan Crop Report April 1, 1896.

Wheat in the fall made small growth, but the winter was not unfavorable and it suffered very little injury previous to about March 20. From that date to the end of the month there was no covering of snow, and the "freezing" and "thawing" usual in March, caused the fields to look brown, and did some considerable damage. Correspondents, however, at the time of making their reports April 1, were hopeful that warm rains would give the plants a start and show them to be not greatly nor permanently damaged. But the warm rains do not come. Since the first of April the weather has been continuously dry, with cold winds from the north and northwest. Such weather cannot continue much longer without serious consequences. The condition of wheat now is more critical than at any previous time since sowing.

The averages of correspondents' estimates, made April 1, are as follows: comparison being with average years: Southern counties, 84 per cent; central counties, 86 per cent; northern counties, 92 per cent, and State, 86 per cent. One year ago the average condition in the State April 1, was 85 per cent, and in 1894, 90 per cent. March, 1895, was a cold, dry month, and on April 1, the frost was not all out of the ground. In March, 1894, the weather was remarkably warm with moderate amount of precipitation.

The amount of wheat marketed in March is 606,118 bushels, and in the eight months, August-March is 7,313,236 bushels, which is 1,547,079 bushels less than reported marketed in the same months last year.

The average condition of clover meadows and pastures is, in the southern counties, 63 per cent, central 73, northern, 88, and State, 69.

Live stock is in good condition. The averages run from 90 to 96 per cent.

The outlook for fruit is generally favorable. This belief is based largely on the fact that the steady cold weather has thus far prevented any development of the buds.

Mr. Mummery, the Washington-st., druggist, has started his Soda Fountain again and is serving the same delicious beverages for which his place was so famous last season. He has bought ten barrels of Rock candy Syrup, forty gallons of pure Fruit Juices and Fifty pounds of the best Chocolate as a starter. He already has fresh Strawberries for Strawberry Crush and Strawberry Flop. Verner's Ginger Ale all the year round.

HUMAN SOCIETY'S WORK.

Educational Branch holds exercises in the Ward Schools.

The Editor of The Register.

In January last the executive committee of the Human Society of Ann Arbor organized what they called an educational committee, the purpose of which was to keep the community informed of the design and working of this class of organization. At an early meeting it was agreed that the most effective way of reaching the people of the city with the subject would be to suggest the getting up of a series of exercises in the ward schools in which it should be set forth in plain language to the several grades of the pupils. The superintendent of the city schools and the teachers in the several wards all showed themselves more than willing to accept the plan suggested, and it has now been carried out by all of them with no other aid than the supply by the committee of some appropriate literature. The round has now been completed, as follows:

- Second Ward, Mrs. Gundert, principal, March 20.
- First Ward, Mrs. Plympton, principal, March 27.
- Fifth Ward, Mrs. Glorals, principal, April 3.
- Third Ward, Mrs. Elson, principal, April 8.
- Sixth Ward, Mrs. Jones, principal, April 10.
- Fourth Ward, Miss Allen, principal, April 17.

The first of these exercises so impressed the committee that they feared they should have to praise the above others; but in view of the entire round of the six schools, they do not feel inclined to make such distinction, but simply report their impression of the series as a whole. The children seem to have been so won to the spirit of kindness that they need only to make its applications. The teachers will now need but to persevere in this kind of lessons to make it certain that their pupils will through life be kind to all living creatures, in and out.

The exercises at the schools consisted of recitations in which all classes from the child of six years to the seventh grade pupils, were represented. The pieces selected were well adapted to each lesson of kindness, and were pronounced with evident appreciation of their import. Some of these so forth instances of the instinctive sagacity of brute animals, some treated with deserved censure the inhumanity of those who abuse dumb animals. The birds were in all the schools the pets of the pieces spoken. The wanton destruction of these either for mere sport or for the adornment of ladies' head-gear, was aptly set off in the recitations, while notes of alarm were

sounded as to the danger land tillage and to nature's musical cheer from the threatened extinction of these insectivorous songsters, which, if allowed freely to multiply, would keep down the greatest pests of the farm and the garden, as well as charm by their rattles all human around them.

There were several pretty original essays by the children on the subject of these exercises, while such classic poets as Cowper, Burns, Bryant and Longfellow were made to speak in well pronounced selections their kindly sympathies with the brute creation.

Perhaps the highest cheer of these occasions was when a roomful of merry children sang in unison from Mr. George T. Angell's Band of Mercy songs.

Several members of the city school board deemed it worth while to attend and encourage these exercises, as also not a few others. The superintendent of the city schools on several occasions gave the committee the favor of his presence and his earnest aid and approval.

On the morning of the 17th instant members of the committee were most cordially received by Rev. Fr. Kelly and taken to every room in the parochial school of St. Thomas' church, where we found the most perfect discipline and order, and a full sympathy with the purpose of our mission.

Besides the undersigned there are on the committee Mr. W. N. Brown and Mesdames Jenny Vorhes and C. G. Plympton, any one of whom may be consulted on the subject of their action.

"As we meet and pass each day,
The many travelers on our way;
May every such brief contact be
A glorious, helpful ministry.
The contact of the soil and seed;
Each giving to the other's need;
Each helping on the other's best;
And blessing each, as well as best."
Next Sunday's 3:30 meeting will be a song service under the direction of Alvin Wiley. Please bring Bible verses referring to the use of songs and music in worship. This is singing is something we have wanted for a long time and there should be an unusually good attendance.

Dr. Hughes will give a parlor talk Thurs. evening at 8 o'clock subject "Fresh air and how to use it." All members of the association and their friends invited.

Some members of our association attended the anniversary of the Ypsilanti Y. W. C. A. April 19th and report an excellent meeting.

The History club will meet at 8 o'clock Monday evening April 27. A cordial invitation to all Y. W. C. A. girls. Plans for summer are to be discussed.

Too Much Amateur Drama.

That the public does not hunger for Shakespearean plays interpreted by amateurs was evidenced by the empty chairs at the Detroit opera house last night, when a company of students of the University of Michigan essayed "Julius Caesar." Had the same persons come in the guise of a glee and banjo club, the theater would have been packed. The players gave a very creditable performance, and their efforts were frequently rewarded with generous applause by the auditors. The speeches of the leading characters were read with force and dignity. The costuming was admirable, and the mob was well drilled and effective although not distinctly Roman. Under the stage management of Edward Weitzel the production was free from stage waits and other faults that usually mar amateur entertainments. The performance was more of a society than theatrical event.—Detroit Journal.

HOME RULE FOR CUBA.

Spain at Last to Grant a Little Liberty to a Downtrodden People.

Washington: It is reported that the Spanish government within the next few weeks will put into execution a comprehensive system of home rule or autonomy for the island of Cuba. There is good reason to believe that the state department has received from Madrid information to this effect. It promises to bring to a sudden termination the irritation and friction which have existed for so many months between the United States and Spain and to replace this feeling with one of a friendly and amicable nature. The law is very elaborate in its provisions. The element of home rule is secured by the establishment of two local bodies, drawn largely, if not entirely, from residents of Cuba. One of these is to be known as the provincial chamber of deputies, and the other the council of administration. The latter has appellate jurisdiction over the former. Large powers are granted to the council of administration in the internal management of public affairs, but the governor-general will continue as the supreme representative of Spain on the island and will have direct charge of military, naval and international questions.

The Detroit and Cleveland Steam Navigation Company's steamers are now running daily (except Sunday) between Detroit and Cleveland. When traveling East or West, North or South, try to arrange to take advantage of these luxurious steamers between Michigan and Ohio. If you are contemplating a summer outing, write A. A. Schantz, G. P. A., Detroit, Mich., for illustrated pamphlet, which gives full information of a trip to Mackinac via the Coast Line.

A. E. Mummery has just received six cases of Sponges which he is offering at very reasonable prices. You can find anything you want in the sponge line at his drug store on Washington street.

MICHIGAN EVENTS RELATED IN BRIEF ITEMS.

Several People Killed by Lightning—Missing Holland Man Found Murdered and His Wife Is Arrested—Ionia Convict Tries to Kill a Keeper.

Deadly Work of an Electric Storm.

The recent torrid weather was somewhat broken by a terrific electrical storm which swept over nearly all the state. Two bolts of lightning struck the farm house of Andrew Oleson, near Wallace, killing two of his children, a boy and a girl, aged respectively 8 and 6 years.

Serious damage was done at other places. Wm. Bennett drove his team out to Farnam's horse barn for shelter at Edmore. Lightning struck the building, killing both horses and knocking Bennett and Colgrove down. Henry Cooley was standing in a door at Clio when lightning struck the broom, passed down his left side and tore his shoes from his feet.

Murder Sensation at Holland.

A party rowing on the Black river at Holland found the remains of Enos Lawrence, an employe of the Holland Furniture Co., who disappeared about three weeks ago. The swollen and discolored limbs of the unfortunate man were tied at the ankle with a quarter-inch rope, which was wound around the legs and body to the waist, where it was tightly knotted.

Murderous Outbreak at Ionia Prison.

A dastardly attempt on the life of Keeper J. K. Walker, of house of correction at Ionia was made by Convict James Williams, colored, a three-year man from Detroit, whose time had nearly expired.

Northville people are well pleased at the prospect of a new \$13,000 fish hatchery, the senate is being taken favorable action on it.

Mrs. Hugh Collins attempted suicide at Saginaw by swallowing four grains of morphine. She was despondent over domestic troubles.

Mason county fruit growers expect a big crop this season, the trees being covered with blossoms. There are 15,000 fruit trees in the county.

Caro citizens are investigating sensational charges against the keeper of the county poor house. Cruelty is the principal allegation against him.

Mrs. Port Allen, aged 60, attempted suicide by jumping from the Johnson street bridge at Saginaw, but was seized by Bridge-Tender Lemcke.

Luke Reilly, a Bay City sailor, was slugged in a saloon, robbed and left unconscious on the sidewalk, because he refused to treat the saloon gang.

Frank Foster, conductor of a switch engine in the Michigan Central yards at Ypsilanti had both legs cut off by falling under his train. He cannot recover.

Henry Anderson, an insane Swede, who wanted to tell President Cleveland how to save the country, strangled himself to death in his prison cell at Washington.

While attempting to run a belt on a revolving pulley in an Elkton mill, L. C. Stiff slipped and fell, his head falling into the arms of the pulley, causing fatal injuries.

Laban Wood was struck by lightning while working in his garden at Palmyra and instantly killed. The bolt pierced his skull, followed down the body and divided on each limb.

Fire in the Houck furniture factory at Battle Creek burned the entire plant to the ground. It was owned by a stock company. The building and machinery cost \$26,500; insured for \$2,500.

The four-year-old son of Gideon Bettner, near Reed City, was fatally injured by the kick of a horse while spending the day with his parents at the farm home of W. A. Smith at Crapo.

Charles S. Hampton, of Petoskey, has issued a call for the Democratic editors to meet in Detroit the day before the Democratic state convention for the purpose of forming an editors' association.

While Samuel Van Wey, a Palmyra blacksmith, and wife were driving at Adrian, they collided with another team. Their horse ran away, and they were both thrown out. Mr. Van Wey is very badly hurt.

Chas. E. Hills, cashier of the Belding Savings bank has disappeared and a preliminary examination of the books shows a shortage of \$500. Hills was of a good family and was a good business man, but drank a little.

Mrs. H. Havenga was found dead at her home at Spring Lake. The body was found hanging directly over the bed. The rope had been passed through a staple in the ceiling and her knees nearly touched the bed.

The threatened discharge of 700 men at Ishpeming May 1 is followed by the announcement that the allotment of ore for this season made by the Lake Superior-Bessemer ore pool at Cleveland has been cut 2,000,000 tons.

Ionia citizens are being stirred up by repeated charges of city officials being lax in their duties and of astounding and unbecomingly violations of the law by the lower classes of the inhabitants—and some of the upper circles also.

An electric light wire set fire to the Boston clothing store at Traverse City and the guests of the Hotel Whiting turned out in their night clothes. Julius Johnson attempted to cut a live wire and was severely, but not fatally, shocked. The fire was put out with a loss of only \$1,000.

The three principal mining companies of Ishpeming, Lake Superior, Cleveland Cliffs and Lake Angelina will make a considerable reduction in their working forces. It is thought that between 500 and 1,000 men will be let out. Overproduction is assigned as being the cause of the curtailment in forces.

Supt. A. J. Murray, of the state public school at Coldwater, announces that children under two years of age may now be admitted to the school. There are many fine boys there from two to 10 years of age still waiting for homes. But very few girls are in the school and only 15 boys over 10 years of age at present.

Henry H. Rosenkrans, formerly a well-known minister at Byron, was found dead on the floor at his home, in Lansing. The discovery was made by Mrs. Rosenkrans upon her return to the city, after an absence of about a week. The body must have been dead two or three days, as it was in a very bad state of decomposition.

The labor exchange recently established at Saginaw is doing a big business. Members out of work take any goods which they may manufacture to headquarters, and receive in exchange the goods they want. Checks are issued which are accepted at other stores, and in this way the burdens of many are made light. A laundry is proposed.

In the woods near Charlotte, a rifled mail pouch was found. It contained a large quantity of mail, among which were notes, drafts, money orders, etc., amounting to \$3,000. The mail was mostly from Bay City, Saginaw and surrounding points for Detroit, dated May 24 and 25, 1895. The letters had all been opened, apparently in search of currency.

A special session of the state grand lodge of Odd Fellows will be held in Battle Creek April 25, for the purpose of exemption of the unwritten work to the lodges of southern Michigan and for the conferring of the past grand's degree. As this is the occasion of the seventy-seventh anniversary of the order in America, the Battle Creek lodge will give a grand banquet in the evening.

Three robbers called at the residence of Peter Dennis, near Portage lake, 1 1/2 miles from Jackson, and after assaulting him forced his wife to give them \$1,500. They then went to Geo. Weinholt's barn, stole a horse and wagon and went to Jackson. Mr. Dennis is 79 and his wife 82 years old, and they were so frightened as to be unable to give an alarm. The horse was found wandering in the streets in Jackson.

The body of a man about 45 years old was found in the harbor near No. 1 ore dock at Marquette. The body was clothed in heavy garments. On the body were found a testament, \$80 in money and a memorandum book.

SINFUL HABITS IN YOUTH. LATER EXCESSES IN MANHOOD MAKE NERVOUS, DISEASED MEN.

THE RESULT of ignorance and folly in youth, overexertion of mind and body induced by lust and exposure are constantly weakening the lives and future happiness of thousands of promising young men. Some fade and wither at an early age at the blossom of manhood, while others are forced to drag out a weary, fruitless and melancholy existence. Others reach matrimony but find no solace or comfort there. The victims are found in all stations of life: The farm, the office, the workshop, the pulpit, the trades and the professions.

ST. VITUS DANCE.

A Physician Prescribes Dr. Miles' Restorative Nervine.

Dr. Miles Medical Co., Elkhart, Ind.: My daughter Mattie, aged 14, was afflicted last spring with St. Vitus dance and nervousness, her entire right side was numb and nearly paralyzed. We consulted a phy-

sician and he prescribed Dr. Miles' Restorative Nervine. She took three bottles before we saw any certain signs of improvement. But after that she began to improve very fast and I now think she is entirely cured. She has taken nine bottles of the Nervine, but no other medicine of any kind.

Knox, Ind., Jan. 5, '95. H. W. HOSZETTER. Physicians prescribe Dr. Miles' Remedies because they are known to be the result of the long practice and experience of one of the brightest members of their profession, and are carefully compounded by experienced chemists. In exact accordance with Dr. Miles' prescriptions, as used in his practice. On sale at all druggists. Write for Dr. Miles' Book on the Heart and Nerves. Dr. Miles Medical Co., Elkhart, Ind.

Dr. Miles' Remedies Restore Health.

Dearest Bought. The Empress Elizabeth of Austria is said to submit herself to severest regimens in order to retain the beautiful figure for which she is noted. She fasts morning and evening, making her only regular meal at noon, of broiled meat, biscuits, and a glass of wine. Occasionally she eats a raw egg or a little fruit. She wears heavy flannel underwear winter and summer, takes vapor baths and massage, and by dint of all this and much horseback riding, she keeps a waist measure of twenty inches in spite of her fifty-six years.

When you are through getting partial relief from headache and neuralgia by the use of uncertain remedies, try a cure that's thorough—one that's guaranteed to cure or your money refunded. Furthermore, guaranteed to contain no opium, morphine, antipyrine, or other harmful substance. Just a speedy, wholesome, unfailing cure for any kind of headache, no matter how deep seated. Be prepared beforehand by obtaining a supply, and as you hope for cure and value your health, buy none but the best—Gessler's Magic Headache Wafers. For sale by A. E. Mummery.

The Tongue. The best cure for an inflammable tongue is the water bucket of absolute silence. Hasty speech is explosive; silence is cooling. The talking tongue is more dangerous than the angry tongue. A hasty word may be excused, but a tattling tongue never. The tattler is just like sin—its foreign substance here is for no other purpose than to annoy and irritate.—Rev. Fuller Bergstresser.

Are You Bate? Dizziness by indigestion, constipation, loss of appetite, yellow skin? Shiloh's Vitalizer is a positive cure. For sale by A. E. Mummery.

A Misunderstanding. "I say, stranger," whispered a Western man, who had strayed into an uptown theater where the play of "Romeo and Juliet" was going on, "I can't make head nor tail of this thing. What's the name of this play, anyhow?" "Romeo and Juliet," "Well, if I'd known that," said the disgusted Westerner, "I wouldn't have come in. I understood the feller at the door to say it was something about Omaha and Juliet."—Harlem Life.

N. Y. Board of Health on Wine. Dr. James of the New York Board of Health, says: "I take great pleasure in testifying to the superior qualities of the Port Wine produced by Alfred Speer of New Jersey. After a prolonged trial I recommend it as a superior wine for the sick and debilitated."

It is kept in casks to a great age before bottling, and though higher in price is far superior and more reliable than other wines.

The Heart of Gotham. The real heart of Gotham, the brains and genius of the metropolis, are to be found in a very small section of this big city, writes a New York correspondent of the Pittsburg Dispatch. Between 14th and 40th streets are found the men who write our dramas, who make our songs, who compose the music for our operas, whose pens are responsible for many of those bright little bits of humor that lighten our lives, whose brains invent many of the ideas that men utilize. It is no exaggeration to say that this section is responsible for nearly every bit of the new or original literary matter that is produced in this city. If it is not actually composed in the little world designated it is there critically examined, revised, amended or corrected and put into the shape in which it is finally given to the public. On Broadway, between the streets named, one is constantly bumping against men and women who are responsible for a good deal of the music and laughter of the whole country.

THE LEGS KICKED.

Surprise of an English Visitor Who Thought He Was Rescuing a Man.

Frank Hyatt, who has long enjoyed an income of \$3,000, derived principally from his vocation as a "booking agent" for London Theatrians, two weeks ago landed in the American metropolis for the purpose, as he said, of seeing what on earth Mr. J. A. Bailey could do with so many men and beasts as he had been shipping to him. New York and its ceaseless rush amazed him. Mr. Bailey's winter quarters at Bridgeport were past his belief, the swiftly moving Broadway cars, "a lot of trams pulled by a string," surprised him, says the New York World.

His idle moments "at home" are spent upon the race-courses of England and there, in times past, he has met many of his friends. Recently, at an uptown Broadway hotel, as he glanced out into the street his kindly blue eyes seemed to start from their sockets. Rushing into Broadway he shouted: "Hold on here! Don't start that car! Here, somebody, call an ambulance!" Then Mr. Hyatt plunged almost headforemost under the car and began tugging away at a man's legs that were lying across the rails beneath the center of the car. As he did so the legs began to kick vigorously. The rescuer felt himself pulled away violently, saw the brawny fist of the conductor shaking close to his nose and he heard the angry voice of the conductor saying: "What do you mean, sir, by trying to keep that man from fixing the car? Do you think we want to block Broadway all day?"

Mr. Hyatt turned toward the hotel and was greeted by laughter from the crowd that his cries had attracted.

A Great Book Free!

When Dr. R. N. Pierce, of Buffalo, N. Y., published the first edition of his great work, the People's Common Sense Medical Adviser, he announced that after 680,000 copies had been sold at the regular price, \$1.50 per copy, the profit on which would repay him for the great amount of labor and money expended in producing it, he would distribute the next half million free. As this number of copies has already been sold, he is now giving away, absolutely free, 500,000 copies of this most complete, interesting and valuable common-sense medical work ever published—the recipient only being required to mail to him, at above address, twenty-one (21) one-cent stamps to cover cost of mailing only, and the book will be sent post-paid. It is a veritable medical library, complete in one volume. Contains 1005 pages, profusely illustrated. The free edition is precisely the same as that sold at \$1.50 except only that the books are in strong manilla paper covers instead of cloth. Send now before all are given away.

Hard on Spanish Bankers. These are sad times for the Spanish bankers. Spain wants to raise a loan of \$24,000,000 on bonds secured by liens on her Cuban resources. No capitalist outside of Spain will look at this very shady security. So the government will give the Spanish banks an opportunity to prove their patriotism by taking the bonds. The transaction is a force loan, and in the outcome will probably turn out to be a plain case of confiscation, but it is hard to see how the Spanish bankers are going to help themselves.—Rochester Democrat and Chronicle.

A GRAND TRIUMPH.

Baffled Many Times but Success Comes at Last.

(From the Grand Rapids Press.)

The following incident would be hard to believe if it had not occurred right here in Grand Rapids, and investigation by our representative has placed it beyond the reach of doubt. These are the facts in detail: Mr. J. H. White of No. 25 Hailley Place, has been an instructor in penmanship in different business colleges for the past fourteen years. He says: "Last October I was suddenly taken ill. I consulted a physician, who said the pain was from 'gravel' stones; gradually grew worse; the pain was in my back and side. My back swelled up in a great ridge, and I finally grew so bad that I was taken to bed, as helpless as a child. I passed blood, and when the pain was at its worst I was like one crazy. The doctor injected morphine to give me relief, but further than that he said he was powerless, and nothing would do me any good but a surgical operation. I believe my flesh was literally cooked in the attempts to relieve my agony, everything was used, mustard plasters, turpentine, hot cloths, and all such things. I was in this condition, given up by the doctor, and almost out of my mind with suffering. I commenced taking Doan's Kidney Pills, and really I felt easier in 20 minutes. After about two hours I had a passage of urine, and passed blood and some 'gravel' stones which greatly relieved me. I rapidly improved. I took in all six boxes, and I feel to-day entirely well. Mine has been a wonderful case. I feel that I cannot say anything strong enough for Doan's Kidney Pills. My great wish is that they may become well known. They will prove a boon to mankind.

It Had Heard Her Say So.

That it is only a step from the sublime to the ridiculous is well illustrated by the following amusing incident that happened a few Sabbaths ago in a well-known church and caused no little merriment among the teachers. The superintendent was telling the wee small folks of the custom in certain countries of chaining the prisoners' hands and feet together. "And," she asked, "don't you suppose that if some one came and released them they would be very happy and grateful?"

It was unanimously agreed that they would.

"And," continued the superintendent, coming to her point, "Jesus was sent to the world to release people from their sins. Are any of you here bound with the chains of sin?"

"No," piped the 4-year-old offspring of the minister, "I'm not but my grandmother is."—Louisville Post.

THE NERVE SYSTEM

Is the most delicate and important structure in the human body. It is the seat of our infirmities. Strengthen and restore the nerves and disease has lost its most powerful and pernicious ally.

Mayo's Spinal, Blood and Nerve Remedy is prepared especially for the Nerves. Instantly relieves cures torturing pains in the head, body or limbs, SLEEPLESSNESS, NERVOUSNESS, LOSS OF NERVE POWER, DIZZINESS, CONFUSION OF THE MIND, etc. Delay is dangerous. Send for valuable treatise.

Mrs. M. Quinn, No. 2320 W. Walnut Street, Louisville, Ky., writes: "I think God must have sent your remedy to me. I was bed-ridden with a complication of diseases which finally resulted in complete nerve exhaustion and severe sinking spells, when I first commenced using it. I began improving at once, have used 10 bottles and am now assisting in the care of my home, something I have not done for years. It certainly has helped me when everything else failed."

Our agent at Ingfield, Ind., says: "A young man who had been down for three winter on a stretch with Rheumatism got so bad last fall that they made his bed in a wagon and brought him to me. He was not able to rise up. After using 5 bottles of your Remedy he is all right again and says, he feels as if he had never been bothered with Rheumatism."

I AM TIRED.
Everybody is Tired—Sudden Hot Weather Does It—Every One Should be Cautious.
Depression of the nervous system at the approach of spring is the cause. General lassitude, dull, heavy sensations, continual tired feeling, with irregular appetite and sometimes loss of sleep. Pe-ru-na meets every indication and proves itself to be perfectly adapted to all their varied peculiarities. Pe-ru-na invigorates the system, rejuvenates the feelings, restores the normal appetite, and produces regular sleep.
That tired feeling, which is the natural result of the depressing effect of warm weather immediately after the invigorating cold of winter, quickly disappears when Pe-ru-na is taken. Thousands are daily testifying to its priceless benefit.
Tired, Nervous Women
There are thousands of them everywhere. A few bottles of Pe-ru-na would do them untold benefit. As a tonic and nerve invigorator it has no equal. It builds up the nerves, it gives strength to the circulation, and at once restores the appetite and digestion. No feeble woman should be without Pe-ru-na.

Only Beer is Sold on Ellis Island.
Commissioner General Stump of the Immigration bureau has sent a letter to Mr. A. N. Hansa, secretary of the Christian Endeavor Union of Bel Air, Md., in which he replies to the resolutions recently adopted by the union protesting against the continuance of the "six saloons" in operation on Ellis island and stating that the efforts of the Woman's Christian Temperance Union to help immigrants landing there have been antonized and frustrated by them. In his letter Mr. Stump says that there is no water on Ellis island except cistern water, which becomes brackish; that the "soft" drinks for sale, such as ginger ale, soda, etc., were distasteful to immigrants; that most of them were accustomed to the use of beer and light wines as part of their daily nourishment, and that it was thought that the granting of the privilege of selling beer, if properly guarded, would result beneficially. There are no "saloons" on Ellis island; that no spirituous liquors are allowed to be sold, and beer only under strict regulations. He invites members of the union to visit Ellis island and make an investigation, and if any abuse of the privilege of selling beer is found, or if it be shown that it is prejudicial to the cause of temperance it will be revoked.—Washington Post.

Alaska's Great River.
Some of the more recent explorers of Alaska and British America claim that the Mississippi can no longer be regarded as the longest river on the North American continent. This distinction is claimed for the great Yukon river. According to Ivan Petroff, who spent over two years in Alaska, collecting materials for the last census, the Yukon empties into Norton Sound about one-third more water than the Mississippi pours into the Gulf of Mexico. The Yukon basin comprises the larger part of Northern Alaska, and 600 miles from its mouth the river is a mile in width. Many centuries before it was discovered by white men it very likely served as the water highway into the interior for tribes whom we believe to have crossed from Asia to the American continent. The Yukon river is over 2,000 miles in length.

Children Cry for Pitcher's Castoria.

WITHOUT PROOF.
A Clever but Wicked Woman Boldly Plans a Crime.
A well-known detective told a good story, says the Washington Star. "One day," he said, "a lady came into my office, evidently in deep trouble. "You are a detective?" "Yes, madam." "Well, I want your services in a very delicate matter," she said, her voice sinking to a whisper as she glanced nervously about to see that no one was present that could hear the conversation. "My husband," she continued when satisfied no other visitors were in the room, "has a suicidal mania. He appears to be in perfect health, eats well, sleeps well, has no cares or troubles that I know of and yet I have to watch him carefully in order to keep him from committing suicide. His mania—for, of course, I know it is that with him—is so subtle that no one would suspect it for an instant. But he has laudanum secreted around the house. I have found several vials of it and fear that there is more that I have not been able to discover." "The case was a most interesting one, and I agreed to visit the house in the guise of an invited relative of the wife and study the affair. I was greeted most cordially by the husband and with twenty-four hours admired him greatly. A lighter-hearted, merrier, happier man I never saw. Three nights later I was awakened by the screams of the wife and hastily arising and dressing, ran downstairs, meeting her in the hallway, holding an empty bottle labeled 'laudanum.' I rushed to the man's bedside, but too late. He was not yet dead, but never recovered consciousness. "The seeming grief of the widow was heartrending, but I caught a gleam in her eyes that convinced me she had poisoned her husband and her use in having me in the house had been as bold as it was successful, for not a word of evidence could I have produced that she had plotted the murder of her husband. Two months later she was married again and went to Europe. John P. Bauer, traveling salesman for Gem City Stove Co., Dayton, Ohio, says: "I will continue to recommend Adironda, Wheeler's Heart and Nerve Cure, for I know it will do all that is claimed for it." Sold by all druggists.

Not the Turnpike for Damages.
Isaac W. Raven of Millhelm, Pa., became the owner of a turnpike the other day that he didn't know what to do with. Three years ago he was thrown from a carriage on the pike and sustained a broken leg. This led to a suit for damages and he got a verdict for \$5,000, which was sustained by the Supreme Court. But the turnpike people refused to pay and the sheriff, in attempting to satisfy the claim, only had one bidder and that bidder was Raven and he got the pike. Raven compromised with the company by giving back the turnpike and accepting \$3,000 cash, they to pay all costs.—Philadelphia Times.

Examinations for Teachers.
