WHO KILLED RICHARDS?

LYONS, LARKINS AND JONES TO BE TRIED MONDAY.

Circumstances of the Murder—Other Cases in the Circuit Court—Burglars Sentenced.

The circuit court has been occupied mainly with civil cases this week and the interest taken by outsiders has been but slight. Next Monday, however, there will be a change, for then the trial of Lyons, Larkins and Jones for the murder of James Richards will be held.

It will be remembered that James Richards was a hermit who lived alone on an eighty-acre farm in Superior township. He had been a miser for years, and having little faith in banks kept a considerable amount of money hidden in his house. Many years ago robbers broke into the house, secured a large amount of money and injured Richards so that he became insane and spent three years in the asylum at Pontiac. After being released he continued to live the same kind of life until January 31st of this year, when robbers entered the house and shot the old man so that he died the next day.

M. C. Peterson, then city marshal, caused the arrest of the three men—Lyons, Larkins and Jones—who live near Plymouth. The evidence against these men is mainly this: They were unable to give a good account of their whereabouts. Their stories disagreed slightly. A bullet lodged in the walls of the Richards house was of 44 calibre as was a revolver found on one of the men, and their footprints were like those left by the murderers.

In Monday's session of court Ernest Ely pleaded guilty of burglarizing Spathell's meat market and was given two years in Ionia. Arthur Calkins, of Webster township, got 60 days in jail for stealing wheat. Harry Miller and James McMillan were sentenced to one year in Jackson for stealing a trunk from the Michigan Central depot.

THEIR IS A MILD FORM.

HAZING NOT UNPLEASANT FOR FRESHMAN GIRLS.

A Reception Radically Different From That Accorded the Men.

The freshman girls were "hazed" last Wednesday in the manner usual to college girls. On the two days preceding, the new girls were the recipients of dainty invitations to attend the reception given by the S. C. A. and the Woman's League. Following this came calls from the upper-class women who asked the privilege of escorting them to the reception.

Wednesday afternoon at four the daintily-gowned young women began to gather in Newberry Hall, and many were the exclamations of delight over the transformation wrought by easy chairs, divans, rugs and autumn leaves tastefully arranged.

Group after group arrived until the rooms were crowded. After being cordially greeted by the reception committee, consisting of Mrs. Hutchins, Dr. Mosher, Mrs. Drake, Mrs. Prescott, Miss Mack, Miss Woods, and Miss Butler, the president of the League, the girls were led into the Ladies' parlors to partake of refreshments. Here it was that the freshman's heart unburdened itself.

"Do you know, I've been so homesick," plaintively remarked one of the newcomers. "So have I," replied her fellow-sufferer, "but I'm not any more. Oh, I do think the old girls are just too lovely for anything to us freshmen. Don't you?" And more than one newcomer gave an emphatic "yes."

"When do the young men give the new boys their reception," asked another. "Will it be held here?" Her companion assured her that the freshmen would not be neglected, but would probably be cordially welcomed some night on the campus, though the date was not yet known.

"Won't it be rather cool for them?" was the solicitous query but she was assured that the reception committee would attend properly to such matters.

A SCIO BOY.

Alva E. Lyon Wins a Scholarship. Alva E. Lyon, a member of last year's graduating class, has won a fellowship in the Yerkes Observatory, of the University of Chicago. The fellowship carries with it \$100 to be used in working for an advanced degree from the Chicago University. Mr. Lyon is a resident of \$10 township and a son of Arthur Lyon.

FARMERS' INSTITUTES.

Professors Will Attend Them and Give Addresses.

Acting president Hutchins of the University announces that the University authorities and the committee of the state board of agriculture having in charge the farmers' institutes have made arrangements for the University to assist in these institutes. The coming winter various members of the faculty of the University will take part in these institutes, giving the people the benefit of their study and their specialty, and at the same time drawing the people and the University closer together. All of the men to take part in this movement are not yet announced, but the list will include the following: Acting President Hutchins and Professors B. A. Hinsdale, Mortimer E. Cooley, Volney M. Spaulding, F. M. Taylor, J. E. Reighard, D. C. Worcester, Henry S. Carhart, B. M. Thompson and E. C. Johnson.

A LETTER TO "MAMMA."

STUDENTS ARE LIBERAL PATRONS OF THE POST OFFICE.

Stamp Sales are Always Heavy When Students are Arriving in Town.

The remarkable increase in attendance at the University this year has its effect everywhere. At the post-office the stamp sales amounted to more than \$200 last Saturday and Monday and the stamp sales for the first six days of the school year will exceed the business done at the same time last year by more than 25 per cent. In handling the mail of the students it has been noticed by the local post-office authorities that the percentage of lady students is by far greater than was ever known before.

It is said that the money order department of the postoffice does the heaviest business in the month of June when the students are settling accounts and preparing to go home.

OPENS TONIGHT.

Y. M. C. A. Lyceum Course Gives Its First Concert.

The Kellogg Bird Carnival and Concert Company will appear at the Athens Theater tonight to give the opening entertainment in the Y. M. C. A. lyceum course.

Mr. Charles D. Kellogg will furnish the most novel part of the evening's program.

He will throw on a screen a Grand Collection of Song Birds, at the same time warbling their exact calls and songs, with their nests and exact mates, colored true to nature.

His work is phenomenal and a novelty never before dreamed of. Owing to a peculiar and unprecedented anatomical construction of the throat, lips and tongue, he has complete control over the muscles of these organs, and is able to reproduce the songs of every variety of singing birds. He has been received with uniform enthusiasm in every state in the Union and in Canada and Europe. He is unique and unquestionably without a rival in the world.

Three other artists accompany Mr. Kellogg and the company promises to provide one of the best entertainments Ann Arbor will have this year.

HOGG IS CAPTAIN.

WAS ELECTED BY THE 'VARSITY TEAM THIS MORNING.

Felver and Kasper Captain Second and Third Elevens.

Nine Varsity players met at ten o'clock this morning to elect a football captain. J. R. Hogg received the unanimous vote. Hogg is a '99 law. His home is in Knoxville, Ill. This is his second year on the Varsity team and his seventh year as a foot ball player.

Felver was elected captain of the first scrub eleven and the election of captain for the second scrub team fell on Kasper.

ROYAL BAKING POWDER CO., NEW YORK.

A DISGRACEFUL WRANGLE.

SATURDAY'S FOOT-BALL GAME WAS SUCH.

Wesleyan Team Played Professionals. Score a Tie.

Michigan men failed to wake up in Saturday's game, and made no score against the Ohio Wesleyan University foot ball team. Their opponents were strong and heavy men that knew how to play, while Michigan's men were lighter and did not seem able to get down to business until the last three minutes. Then they took a wonderful brago, but too late to save the game.

Michigan's showing was not bad, for the men kept their heads and tempers when most severely tried by the ungentlemanly conduct of their adversaries. The game was a disgraceful exhibition clear through. The visiting team, which was made up partly of professionals, slugged, fouled and wrangled from start to finish.

The trouble began when Michigan men objected to Yost, who played on the Lafayette team four years, and is now coaching for Delaware. The manager gave his word that Yost would not enter the game, but when his team came from the dressing-room Yost was in foot ball garments, while a "sub" wore his "L" sweater and stood just outside the line. During the game the man with the "L" was pointed out as Yost, and only at the finish was the fact revealed that Michigan had been tricked, and that Yost had been in the game.

Slugging began early and was freely resorted to by the Wesleyans, but their most exasperating trick was to steal the ball. Repeatedly time was oiled with the pigskin in Michigan's possession, but some Delaware man would drop on it.

What the final line-up of the team will be is uncertain. Hogg and Pingree are practically certain to be the halfbacks. Richards is sure of quarter and Bennett will unquestionably be end or guard. Juttner and Snow are the most promising tackles, and Teetzell, who is certainly a wonder, has a "cinch" on one end. Lehr is a promising man for guard.

\$1200.00 FOR ATHLETICS.

ATHLETIC MASS MEETING MAKES THE ASSOCIATION THAT MUCH RICHER.

Annual Freshman-Sophomore Rush Was A Contest for Hats.

In half an hour last night the resources of the athletic association arose \$1200. Yesterday no money was in the treasury to pay the \$1400 debt but today subscriptions of \$1200 leave association only about \$200 behind. Pres. Richards made a brief appeal and when he closed fraternities, individual students and business men vied with one another, some subscribed as much as \$100; some only small amounts and in a very short time the \$1200 mark was reached.

This was at the close of the foot ball mass meeting. Earlier on the program the Glee club and the band furnished excellent music. Profs. Knowlton and Trueblood spoke and were followed by Hogg and Bennett.

These addresses were patriotic in the extreme. When a popular player was mentioned cheers would always follow and when Fербert was spoken of the noise was something tremendous.

Bennett emphasized the necessity of giving support to Varsity players. "It's awfully discouraging," said he, "to make a good play and never hear a cheer. Clapping hands and faint yells don't do the work. What we want to hear is the good, old rousing "U. of M. Rah Rah! Rah Rah!" and that's good for five yards gain every time."

The crowd at the meeting filled the law lecture room and must have numbered 700. They weren't in full dress by any means and why so many wore sweaters and slouch hats was hard to understand until the crowd reached the ground below; then the freshman-sophomore rush began, and the prevailing fashion was understood: the men were dressed not for the meeting but for the rush.

How the rush came out it would be hard to tell. Contests between classes soon gave way to a rush for hats. Here it was every man for himself and many a student went home bareheaded.

DR. GREENE'S NERVURA CURES BELVA A. LOCKWOOD, FOREMOST WOMAN OF HER TIME.

Belva A. Lockwood the Acknowledged Leader of American Women, Has Been Cured by Dr. Greene's Nervura and Recommends Its Use to All Weak, Tired, Nervous, Run Down and Suffering People.

Dr. Greene's Nervura Blood and Nerve Remedy Has Proved Itself the Greatest and Grandest Medicine In the World. It Cures the People. It Gives Health, Strength, Vitality and Vigor to All. Use It and Watch Your Aches Disappear and Your Strength Return.

BELVA A. LOCKWOOD.

There is no word so powerful among women, no influence so great, and no authority so high as the utterances of a recognized leader when speaking to her sister women for the good of womankind.

When, therefore, the voice of Belva A. Lockwood, of Washington, D. C., who is recognized among women as their mightiest leader and champion in all women's movements which mark this generation, is raised in the interests of women; when this most eminent woman lawyer and lecturer in the world, representative of her sex to such an extent that she has been twice nominated for President of the United States by the Equal Rights Party, who has been honored by membership in many American and Foreign Societies than any other woman, publishes the fact to the world that she owes her present good health and strength to the use of Dr. Greene's Nervura blood and nerve remedy, it comes as a positive proof, a revelation of the way to health to the thousands upon

thousands of people who droop and languish under the burden of ill-health, over-taxed strength, nervous disorders and the weaknesses, pains and aches of female complaints.

It rings like a clarion note of hope and health for the weakened, worn out, discouraged women of our land, depressed alike in nerve power and body's strength, who live on without strength, energy or ambition, but who will now know from the wonderful cure of Mrs. Belva A. Lockwood, through the use of Dr. Greene's Nervura, and from her enthusiastic praise of this grand remedy and urgent advice to women to seek its remarkable health-giving, invigorating and restoring powers, that good health, strong nerves, vigorous bodies, always follow the use of Dr. Greene's Nervura blood and nerve remedy.

Mrs. Lockwood says: "I have used Dr. Greene's Nervura blood and nerve remedy and am pleased to say that it has improved my digestion, relieved the

sleeplessness under a great nervous strain, during which I believe that sleep would otherwise have been impossible, and seems in every way to have built up my general health. The attacks of faintness to which I had previously been subject have entirely disappeared. It increases the appetite, tends to cheerfulness and general good feeling, and leaves no ill effect."

"I can freely recommend it to all persons afflicted with nervous disorders, or that tired feeling which is so common. I recommend it also to nervous people, aged people and to all persons in delicate health."

BELVA A. LOCKWOOD, A. M. & B. L., Secretary American Peace Bureau.

Do not suffer another moment, but get Dr. Greene's Nervura blood and nerve remedy and be cured. Consultation, examination and advice free on all diseases at the office of Dr. Greene's Remedies, 148 State Street, Chicago, Ill., by calling personally or by writing.

MICHIGAN NEWS ITEMS.

Corunna voted down—by a majority of 46—a proposition to bond for a municipal lighting plant.

Tom Toyle was found unconscious at Owosso and he claims to have been sandbagged and robbed of \$64.

Uncle Sam will soon let a \$10,000 contract for fitting up the old Fort Brady reservation at the Soo as a park.

James Slocum, of the Star Island house at St. Clair Flats, was fined \$225 for selling liquor without a license.

Frank Miller's barn burned near Dundee with 20 tons of hay, 700 bushels of oats and \$300 worth of machinery.

Three large barns on the Golden stock farm near Hart burned and a man's bones were found in the debris.

Andrew Jones, aged 25, a railroad boilermaker, out of a job, died from a heavy dose of strychnine, taken after a spree at Jackson.

R. Lee Root, superintendent of the Bay de Noc Lumber Co., at Nahma, was knocked down and crushed to death by a tram car.

The new railroad from Van Buren, Kalkaska county, to Kalkaska and Grayling, will open up a large territory for Grand Rapids wholesalers.

John Ellison, who killed his father last spring to avenge the wrongs of his dead mother, was found guilty by the Kent circuit court and sent to Jackson for life.

The large refrigerator of A. F. A. Kolhaus burned at Calumet with a loss of \$1,500. A tramp was seen coming out of a shed with his clothing on fire, and he was fatally burned.

At least a dozen active candidates are after the probate judgeship in Marquette county, to succeed the late Peter Pascoe. It is believed by many that Gov. Pingree will appoint ex-State Treasurer Hambitzer.

Richard Dennis, aged 12, attempted to cross the Michigan Central bridge over the Kalamazoo river at Battle Creek, but was knocked into the river by the North Shore limited train and was picked up dead.

City Attorney Beach, of Saginaw, has returned from the Rainy lake gold region in Ontario, and reports that the Clearwater mine, owned by Saginaw men, is employing 14 men steadily and finding thick veins of ore, which assay \$40 to the ton.

Thos. McGraw, who for nearly 40 years was prominent in the commercial affairs of Detroit, was run down by a street car near his residence, 1085 Woodward avenue. He sustained a severe fracture of the skull and died of his injuries within 48 hours.

Mr. and Mrs. Silas Woodward, of Flint, have celebrated the sixtieth anniversary of their marriage at their home. Both were born in New York, Mr. Woodward in Geneva county in 1812, and Miss Elizabeth LaRoue in Cayuga county in 1817.

In his latest bulletin Food Commissioner Grosvenor reports seven arrests in Detroit and one in Jackson, for selling colored oleomargarine. Of 20 cheese factories, 16, and of 15 creameries, 11 were in good condition. Of 32 food samples examined only eight were pure.

At midnight three barns on the adjoining farms of S. C. Dewey, G. M. Wood and P. L. Varnum, near Vassar, burned with their contents of hay and grain. Two of the barns were a mile apart and there is no doubt of incendiarism. The leases aggregate \$10,000, with full insurance.

Will Glasson, aged 17, fell down the Red Jacket shaft of the Calumet & Hecla mine, 3,000 feet and was killed instantly. He was stationed at the second pump, about 250 feet from the surface, and trying to catch the rope, was struck by the skip and knocked whirling down the shaft.

The forest fires in northern Michigan and the field fires throughout the state are at last under control. Heavy rains of a warm, refreshing nature have fallen in all parts of the lower peninsula after a three to five months' drought. Beyond extinguishing the fires, which had already caused hundreds of thousands of dollars' loss, the rains have been of incalculable benefit to farmers in enabling them to do their fall seeding.

A map of the Grand Rapids, Kalkaska & Southeastern railroad, from the C. & W. M. line at Barker Creek, Kalkaska county, to Lake City, Missaukee county, was received at the railroad commissioner's office and the crossing board will meet to consider it. Thomas Hefferan, of Grand Rapids, is president of the new company. The present object is to reach a tract of timber near Lake City, but it is proposed eventually to extend the line to Alpena.

Amasa Sprague and Mary Annin, of Hanover, have completed nearly 61 years of married life. Mr. Sprague was born in Cayuga county, N. Y., March 30, 1817. Mrs. Sprague was born in Geneva county, N. Y., in 1818. They were married in New York in 1836 and 10 years later they removed to Hanover, where they have since continuously resided. Both are hale, hearty and well preserved. Four children were born to them, two of whom are living.

George W. Moore and wife, of Romulus, have celebrated the sixtieth anniversary of their wedding. George W. Moore was born in the city of New York, Sept. 27, 1808, and his wife in England, in October, 1814. She came to America in 1832, and was married to Mr. Moore in Ontario county, N. Y., in 1837. They started the same day for Michigan, coming all the way in a two-horse wagon, stopping first at Pontiac. In 1840 they moved to Royal Oak, and in 1843 to Romulus, where they have since resided. Of the seven children born to their union six are still living.

THE DETROIT JOURNAL
 SEMI-WEEKLY.
 is the most satisfactory and popular twice-a-week newspaper published in Michigan.
 The Detroit Journal, Semi-Weekly, is distinctively a Michigan newspaper devoted to the state in all its various interests and is the best, cheapest, and largest newspaper published in Michigan.
FIORE PEOPLE READ The Detroit Journal, Semi-Weekly, in Michigan, than any similar newspaper published. Here are a few reasons:
 The Market Reports are the very best.
 The Latest News is in every issue.
 The Editorials acknowledged the choicest.
 The Journal Cartoons have a national reputation.
 The Journal's Stories are a pleasure to young and old.
 There are Carefully Edited Departments for all kinds of Readers.

The Detroit Journal, Semi-Weekly,
 5 PAGES, 64 COLUMNS, 104 EDITIONS.
\$1.00 PER YEAR.

The Ann Arbor Register,
 Published Thursday of each week. 12 pages 72 columns Correspondents in all parts of the county. Largest county paper. Favorite for Twenty-five years.
\$1.00 Per Year.

M. Dickson & Co's New Sectional Map of Washtenaw County Just Out. Size 25x 31 Inches.

On this piece, also the location of every farm in the county. Owner's name is on each piece, also number of acres and location of residence as complete as any \$10.00 map.
 The map is folded within neat flexible covers, thus taking up little room. It can be easily carried in the pocket. It is accompanied by a directory of resident farmers, giving P. O. address of each one; county officers, salaries, census tables and other valuable information is added.
 Lowest clubbing rate with all other papers.

Address all orders to **THE REGISTER,**
 ANN ARBOR, MICH.

CASUALTIES.
English, Ind.—The stables of Dr. W. T. Frady, near Marietta, were destroyed by fire, with all their contents, including forty-three horses. The total loss is \$25,000.
Monterey, Mex.—A tunnel is being constructed by the Mexican National Railroad, and a premature explosion of blast occurred, killing four men outright and wounding ten others seriously.
Kansas City, Mo.—Only two or three of those injured by the collapse of the platform at the Fifteenth street depot of the electric line are thought to be seriously hurt, and the attending physicians agree that none of them will die.
Brazil, Ind.—B. F. Robertson, ex-county surveyor, fell from a load of coal. The wagon passed over his body, crushing him so badly that it is thought he will die.
Fort Wayne, Ind.—Mrs. Magdalena Hohnhausen, aged 70 years, was struck by a train and instantly killed.
Ashtabula, O.—Mrs. Ed Bartram of Griggs Corners was thrown from a buggy and killed.
Bloomington, Ill.—Huldah Brown, daughter of Richard Brown, of Stanford, was burned to death, her clothing catching on fire from a cook stove.
Huntington, Ind.—At Preble, on the Erie road, two hand cars loaded with fourteen Italian laborers were run down by a freight train. Several were badly injured.
Carlisle, Ill.—Capt. Fenwick H. Hedley, editor of the Bunker Hill Gazette, will stand trial on the charge of manslaughter October 22 for the killing of John R. Richards, mayor of Bunker Hill.
Riverside, Iowa.—Fire destroyed five business houses and damaged others. Loss, \$9,000; insurance, \$7,000.
Mason City, Iowa.—Thirteen loaded freight cars were wrecked on the St. Paul railroad thirty miles east of here.
Clinton, Ill.—Edith Clements, 17 years old, daughter of Charles, 17 years old, was instantly killed by a freight train.
Plymouth, Pa.—An explosion of gas in No. 2 slope of the Parrish Coal Company killed Isaac Edmunds, aged 65; George Eddy, aged 22, and Louis Richards, aged 32.

Interchangeable Mileage Tickets.
 A new form of thousand-mile ticket, the result of careful consideration and discussion between the railroads and their principal patrons, will be placed on sale September 1 at all important Michigan Central ticket offices. The ticket is sold for \$30, with a rebate to the purchaser of \$10 when used in compliance with its conditions, and is accepted on all the lines in the Central Passenger association, forty-five in number, covering a vast extent of country. No mileage book has yet been devised so acceptable to all parties concerned and so advantageous to the holder. Every one who is likely to travel a thousand miles in a year should avail themselves of it, and should consult the nearest Michigan Central ticket agent.

Six Messages on One Wire.
 From the Boston Herald: A sextuplex telegraphic wire was successfully operated in a telegraphic office in this city last night in the presence of representatives of New York and Boston papers. The circuit was to New Haven and return, a distance of three hundred miles. Three different messages were sent over the wire simultaneously, and were easily and accurately received on the receiving side. The inventor of the new scheme is Thomas B. Dixon of Kentucky, son of the late Senator Archibald Dixon of that state. He is a practical telegrapher, and has been striving to solve the problem of sextuplex since 1891.

Tremendous Noise in Caves.
 In a cave in the Pantheon, at Rome, the guide, by striking the flap of his coat, makes a noise equal to a 12-pound cannon's report. The singularity is noticed, in a lesser degree, in the Mammoth cave, in Kentucky. In the Cave of Smellin, near Viborg, in Finland, a cat or dog thrown in will make a screaming echo lasting some minutes. Fingal's cave, on the Isle of Staffa, has also an abnormally developed echo.

A Novel Way to Help the Poor.
 An English "odds-and-ends-sale" has in it some features worthy of imitation for this side of the sea. Over there such sales are held in country towns and villages, and it is the poor of the parish who are the patrons. In importing the idea it would be best applied in the mission districts of a city and in parishes of large towns. The affair is literally what its name indicates, a sale of odds and ends that have become cumbersome rubbish in some establishment, but which in others are still able to afford an appreciated service. Crockery, pictures and frames, old jams, knick-knacks of all sorts, books, magazines, old music, and, of course, cast-off clothing, and boots and shoes,—all or any of these things, with others which suggest themselves when an attempt is made to gather them up, will contribute to the stock of this jumble market. It may be held in a church parlor or some village public room to which the buyers will feel free to come, and a festive air should be imparted with flowers and other simple decorations. In planning for the sale it is advised that ample notice be given to contributors, that their collections may accumulate generously, and also that the retouching glue-pot and assisting screw or nail or sitcher may do their work before the day appointed. In collecting it is wise to reject nothing offered. Articles that appear valueless will find purchasers surprisingly soon. Very low prices, of course, rule, and tactful saleswomen are necessary. Light refreshments, not more than tea, and wafers, perhaps, may be served, if desired. The sale is more to show kindness to the purchasers than a means of profit to the promoters. Still both ends are gained—in England, at least.

Come Apart and Rest Awhile.
 Come apart and rest awhile;
 There are many coming, going,
 Whose dry lips forget to smile,
 Who forget to reap, for sowing;
 From the hot streets' surging tide
 Rest is but one step aside.
 —Arthur Willis Colton in Ladies' Home Journal.

PUNGENT PARAGRAPHS PICKED PROMISCUOUSLY.

Senorita Cisneros, the Cuban Girl Imprisoned by Spain, Escapes by the Aid of an American Newspaper—Gen. Blanco Takes Weyler's Place.

Senorita Cisneros Escaped. Havana: Senorita Evangelina Cassio y Cisneros, the beautiful young Cuban patriot, who was imprisoned several months ago because she refused to submit to the Spanish governor of the Isle of Pines, has escaped from the prison in Havana. When search was made for her the attendants found that one of the iron bars of the room in which she has been confined had been filed and bent outward. All the circumstances go to prove the co-operation of outsiders in her escape.

Americans Implicated. The New York Journal confesses that two young men, commissioned to secure the liberty of Senorita Cisneros by assisting her to escape, were employed by that paper; that they rented a house adjoining the jail; that they managed to send a note, a file and a box of drugged candy to the young woman, notwithstanding she was incommunicado. Miss Cisneros divided the candy among her fellow prisoners and they soon fell into a stupor; she then cut one of the bars of a window which faced a window of the house adjoining the jail; she was then assisted into that house and was shortly placed in a carriage and driven to a waiting vessel and was soon on her way to the United States.

Weyler's Successor. Madrid advices state that Capt. Gen. Weyler will be recalled from Cuba if he does not resign, and there is a good deal of latent curiosity to see what kind of reception Gen. Weyler will meet with on his return to the peninsula. It is now understood that his successor will be Gen. Blanco, former governor-general of the Philippines. Blanco is considered the soft-hearted soldier in Spain. He is a subtle and kindly politician and will, as warrior, be always prone to employ temperate means to pacify than to violent measures. He will be fully authorized to approach the rebels with a view to arriving at a mutual agreement for the cessation of hostilities. Later advices from Madrid say: The cabinet has decided upon the immediate recall of Gen. Weyler from Cuba. A decree will be issued appointing Capt. Gen. Blanco Y. Armas, marquis of Pena-Plata, governor-general of the island. According to El Heraldo 20,000 reinforcements will accompany Gen. Blanco to Cuba.

Woman Fatally Burned by Her Husband. Residents of the tenderloin district at Canton, O., who investigated screams saw a column of flames in the rear yard of the home of Wm. Depeyster and found Mrs. Depeyster's clothing was on fire. Before aid could be rendered she was dead, the clothing was burned from her body and her flesh literally roasted. The kitchen was covered with oil spots and fragments of a broken lamp were found in the house and yard. Depeyster, when found, gave no explanation of what had occurred and was placed under arrest on suspicion of murder. Neighbors say that the couple had been quarreling all night, and it is charged that he attempted the woman's life in the same manner once before.

Drouth Broken in the West. Rain has fallen throughout the west and marks the end of the long drouth that for months has harassed the farmers of 20 of the corn-producing or cattle-raising states of the union. The states, or portions of states, in which rain has fallen, were Colorado, Wyoming, Texas, Oklahoma, Tennessee, Kansas, Nebraska, the eastern portions of the Dakotas, Minnesota, Iowa, Wisconsin, northern Michigan, Arkansas, Louisiana, Mississippi, Missouri and portions of Illinois. In all of those districts the drouth had been felt more or less severely and to all a measure of relief is promised as a result of the general break in the weather.

Three Towns Burned Near Ottawa. The village of Casselman, 30 miles southeast of Ottawa, on the Canadian Atlantic railway, has burned. Fire is raging in the bush around the village and no trains can pass either way. Application was made to the Ottawa fire brigade for assistance, but none could be sent. Further information from Casselman is to the effect that the whole village was destroyed and that the villages of South Indian and Cheney have also been burned. Those villages are in the center of a large lumbering district and bush fires are raging in the vicinity.

THE HURD-HOLMES CO.

27 DETROIT STREET.

Department of Agriculture, Division of Statistics, Washington, D. C., July 9, 1897. Wells, Richardson & Co: Gentlemen—Something over a year ago I was suffering with nervousness, loss of appetite and insomnia. I was all run down, and nothing did me any good, until a friend advised me to try Paine's celery compound. I took four bottles of the compound, and I am more than proud to testify that it completely cured me. I haven't had an unwell day since. I eat hearty and sleep like a healthy baby. I consider Paine's celery compound the best remedy manufactured, and I most heartily recommend it to suffering humanity the world over. Sincerely yours, James S. McCarthy.

Shot the Postmaster. Postmaster Duncan Paul, who keeps a small store and postoffice at Appin, near Ubyly, was shot and killed by some man who entered the postoffice and shot him five times, three times in the head and twice in the body. He then went through his pockets and the till, securing his watch and what little money there was in the store and postoffice. Suspicion pointed to Chas. Vaso, whose folks lived at Ubyly, but who this summer has been working at Akron, and he was captured at Pigeon and lodged in jail at Bad Axe.

FOREIGN.

London.—A special dispatch from Paris says that the French Steamship Company will shortly construct a new fleet of steamers for service between Havre and New York, and that the average speed of each steamer will not be less than twenty-two knots per hour.

Berlin.—Professor Slaby, assisted by the military balloon corps in experimenting with Marconi's wireless telegraph, succeeded perfectly yesterday, in spite of adverse atmospheric conditions, in exchanging messages without wires at a distance of twenty-one kilometers.

Paris.—The scheme for reconstructing the navy includes a naval base at Bizaria, a fortified seaport of Tunis, North Africa.

Vienna.—A dispatch received from Tokio, Japan, says it is reported there that the king of Corea has proclaimed himself emperor of Corea.

Berlin.—The charge of leze majesty brought against the Frankfurter Zeitung for criticising the erratic course of Emperor William has been dismissed.

London.—A dispatch to the Daily Mail from Cape Town says that Dr. Jameson, the leader of the Transvaal raid, will seek a seat in the Cape Assembly at the next general election. The chief plank in his platform will be: 'Federation for South Africa.'

gives way to sound, refreshing sleep. The best remedy in the world is not too much for any one to insist on getting. Every one, whether sick or well, must know the immense good Paine's celery compound has done and is doing tired, half-sick, sleepless men and women all over the country.

The vague, half-hearted attempt so many people make to get rid of poor health is pitiable. Rheumatism, headaches, neuralgia, kidney troubles, skin diseases and dyspepsia may be wholly exterminated from the system, never to bother one again, if one will but cleanse the blood and regulate the nerves with Paine's celery compound.

Get out of despondency, the 'blues,' or whatever name you give to these attacks of nervous depression. Don't hope around half sick. Persons who think that they are fairly well and 'only a little tired' need just the tonic and refreshing that Paine's celery compound undoubtedly gives. Nothing could be more suicidal than for sickly men and women to shut their eyes to the great opportunities offered by Paine's celery compound. No remedy ever called forth such vigorous testimonials and decided opinions from every class of men and women.

CRIME.

Martinsville, Ind.—A verdict in the case of John Ferriter for the murder of Policeman Ware, April 27, was reached after the jury was out for seven hours. A verdict of murder in the second degree was rendered, fixing the penalty at imprisonment for life.

Philadelphia.—Capt. J. H. H. Wiborg was released from prison after a sixteen months' sentence for carrying on the Danish steamship Horsa a filibustering expedition to Cuba.

Mexico, Mo.—Tom Cooley got five years in the penitentiary for assaulting his 13-year-old niece, May Winn, daughter of a substantial farmer.

Hadley, Mich.—The postoffice safe was blown open and \$300 worth of supplies taken.

Omaha, Neb.—George Morgan was hanged for the murder of Ida Gaskill in November, 1895. Morgan died protesting his innocence. He was given two hearings in the Supreme court.

Atlantic, Iowa.—Claus Tibken, a wealthy farmer, during temporary insanity hanged himself.

Olean, N. Y.—A. H. Holmes, agent for a Chicago portrait company, arrested on a charge of appropriating \$173 of the company's money, was found dead in his cell, having hanged himself with a handkerchief.

St. Louis, Mo.—The police are searching for an expressman who is believed to have stolen a trunk containing \$6,000 worth of diamonds and jewelry, \$5,000 worth of negotiable paper and \$1,000 in \$20 gold pieces, the property of Mrs. Mary McNeil.

Newark, O.—Mrs. Adolph F. F. Gleisner of Illinois, who last December killed her baby and attempted suicide, has hanged herself at her home in this city.

Burlington Junction, Mo.—Aaron Faulkner shot and mortally wounded Canna Race. Race, while drunk, appeared at the house of Faulkner and demanded admission.

THURSDAY, OCTOBER 14, 1897.

TUESDAY'S Free Press contained an Ann Arbor dispatch about the organization of our Democratic board of supervisors. The notice appeared as the first item under the head of Obituaries. Was this arrangement intentional or did the Free Press, the fountain head of Democratic law and gospel, act wiser than it knew when it placed our Democratic board among the dead? It would not surprise many Washtenaw people if the Free Press performed a really prophetic act.

LAST year the board of supervisors elected a Republican chairman. In making up his list of committees he gave nine of the seventeen chairmanships to the other party. How different it is this year with a Democrat as chairman! Of the seventeen committees only two chairmanships, and those of the least important committees on the list, are given to Republicans. It savors very much of the "hog" nature. It is at least Democrat nature. Evidently the Democratic push seem to think that it is the proper thing to take the whole pie while it is in their power. They may not have a chance to gobble up the earth after another spring election.

YESTERDAY morning's Free Press announces that Hon. J. T. Jacobs of this city is a candidate for the reappraisal of the port of Detroit. There are numerous candidates for this appointment and there will, no doubt, be a lively contest before the question is settled. Mr. Jacobs, should he secure the honor, would fill the office to the satisfaction of everybody. He will have a lot of strong backing and we believe will stand a good show of success, as he has always been a hard worker and is deserving of the recognition. Senator McMillan could not please a greater number of his constituents or select a more competent man than by recommending Mr. Jacobs. We hope that his choice may come to this city.

THERE is one consideration that should be shown to wheelmen by the Board of Public Works and the Street Commissioner. It is the sifting of gravel before it is used in leveling the streets. As work is now done every rut and chuck-hole is filled with gravel containing hardheads anywhere from the size of a hen's egg to stones as large as a man's head. These become scattered about the street and are exceedingly annoying and oftentimes dangerous to wheelmen, especially those who are obliged to ride after dark. As there are fully twice as many bicycles as there are other road vehicles in the city, it is but just that some effort should be made in their behalf.

THE work of President Hutchins in arranging for the cooperation of University professors in the farmers' institute of the state, is to be commended. "The scientific knowledge gained by the professors, ought," he says, "to be in some way made of use to the farmers." In following out the system, University men will come in contact with farmers of every county in Michigan, will learn their wants, and will understand what their views on the University may be. They will have an opportunity to correct mistaken impressions, and if they should find that the dissatisfaction which some farmers feel with the University has a real ground for existence they may correct what is wrong in the great institution. An acquaintance with the professors can not fail to make farmers more friendly toward the University and the whole result will be to do away with misunderstandings which have existed in the past.

PERFECTION IN QUALITY MODERATION IN PRICE

CALUMET BAKING POWDER

NONE SO GOOD

THE REGISTER desires to call the attention of the council to the need of an ordinance controlling in some manner the sprinkling of streets. While there are many portions of our streets seldom if ever sprinkled during the entire summer, there are other portions where the other extreme is reached. There are a number of places on East Huron street, for example, where so much water is poured upon the street that there has not been a day this summer when there were not numerous mudholes anywhere from two to six inches deep. As a result the street has been in an abominable condition, totally unfit for a carriage or bicycle to pass along. Surely there is no need of any such state of affairs and it should be prevented.

ABOUT two weeks ago the several members of the city council went to look over the land lying between the boulevard and the river with reference to purchasing it for a public park. Since that it has been ascertained that this magnificent piece of ground, the hillside, the island and a strip of land four rods wide extending clear to the bridge, in all about thirty acres, can be had for only \$2100. The purchase would give the right to make an artificial lake by damming the Huron. The street car company promises to run a line to the ground as soon as the park is made and will probably lay the tracks clear around the boulevard.

There is no question but that the city fathers will be taking a step in the right direction if they purchase this magnificent site for a park. Nothing would add more to our city, and the cost is slight.

One condition of the proposed sale is that no intoxicating liquor shall be sold on the grounds, and there need be no fear that the park would become anything but an eminently respectable resort; and with its lake, woods and street car line it could not help adding much to the attractiveness of the city.

A VARIED ASSORTMENT.

STUDENTS PACK UP THEIR BELONGINGS DIFFERENTLY.

September a Busy Month for Ann Arbor Railroad Offices.

Eight thousand five hundred pieces of baggage were handled at the Ann Arbor depots during the month of September and only one trunk was lost. This one was finally recovered minus part of its contents and it has been ascertained that the trunk was stolen from the depot here in the city and not lost through any error on the part of the railroad employees. The men who stole the trunk were apprehended and lodged in jail.

The two men who stole the trunk, took it to Toledo and after disposing of some of the contents at a pawn shop, were arrested on suspicion. Communication between the police forces of Toledo and Chicago then led to the discovery of the fact that the man who bought the clothes in Chicago had come to Ann Arbor. Then it was an easy matter to wire a description of the trunk and contents from Ann Arbor to Toledo and soon the two suspects were behind the bars in the Washtenaw county jail.

A BLOW ON THE CHEST

Kills an Ann Arbor Boy at the Industrial School.

John Carson, a 17-year-old mulatto from this city, was killed at the Industrial school Tuesday morning. Carson arose at 5:45, when the first bell rang, and went into the washroom and made ready for breakfast. While waiting for the second bell to ring he threw back his shoulders, inhaled a long breath, and asked a companion to strike him on the chest. The lad did so, but the blow was too light to suit Carson, and he called on another boy to test his chest. The blow this boy delivered was also unsatisfactory, and then Carson asked Frank Mardin, a mulatto boy about his own age, who is powerfully built, to hit him. Mardin landed a blow on Carson's solar plexus and the lad toppled over. He was dead when the physician, Dr. H. A. Hagadorn, reached his side. The doctor said that death resulted from paralysis of the heart. No blame is attached to young Mardin. The coroner's jury is expected to return a verdict of accidental death.

HE WILL NOT RETURN.

JOHNNY WOMBACHER STILL UNABLE TO ENTER COLLEGE.

Team Plays Ohio Wesleyan Today—General Review of the Week's Work.

At ten o'clock today the Varsity team will meet at foot ball headquarters on Volland street for the purpose of electing a Captain. This action is made necessary by the official announcement that Captain Johnny Wombacher will not return, the fever having left him too weak for hard work.

The new captain will direct the team this afternoon when it lines up for the second game. By some mistake an announcement that Miami College would play today was given out, but such is not the case, as our opponents are from the Ohio Wesleyan University at Delaware.

The prospects of the team are certainly very good. It was with some misgivings that the students watched the men line up against the Normal last Saturday, for the Ypsilanti men are heavy and make up a strong team while our eleven was new and the line was said to be weak. Their fears soon vanished, however, for after the first ten minutes our line proved all right and the men behind did unusually good work. The final score stood 24 to 0 in favor of Michigan.

The line up for the game was as follows:

- Michigan. Normals. Teetzel.....L. E.....Gordon Snow.....L. T.....Warner Lehr.....L. G.....Wood Baker.....C.....Brooks.....Caley.....R. G.....Straight Juttner.....R. T.....Lawrence Bennett.....R. E.....Richmond Richards.....Q.....Waters Barrabee.....L. H.....Morse Hogg.....R. H.....Leister Hannan.....F. B.....Wilson

On Monday morning a training table was established at Prettyman's and during the week hard work has continued.

On Wednesday the Normal team came over and gave the Varsity some excellent practice. They will return twice next week for the same purpose.

On Thursday afternoon the scrubs succeeded in scoring on the Varsity. This was the first time they have done so. A second and a third scrub eleven were organized and the three teams will take turns in furnishing practice for the Varsity.

Several old men have returned and are at work. All idea that the line is weak seems now to have disappeared for the past week's practice with a slight shifting of the men have made it strong. Several of the men have received slight injuries but there seems to be no likelihood of weakness on this account. Coach Ferbert says the line up for today's game can not be given until afternoon.

ARE IN GOOD HANDS.

Foot Ball Candidates Attended to by Tom Cox.

"I'm afraid that trainer is too modest. He just told me that Jim had done enough work and must quit. I said, 'Why don't you tell him?' and he said, 'I'm not acquainted, you tell him.'" So said an officer of the Athletic association during foot ball practice, in speaking of Tom Cox, who had just left his bicycle riders at Kalamazoo to come to Ann Arbor to train foot ball men. He seems a quiet, unassuming little man, polite and courteous to everyone and almost bashful.

"There's the nerviest fellow in the world," said a Battle Creek man, at the same time pointing to Cox. "He holds the world's record for the 25-mile run, and I saw him do a trick one night that couldn't be beaten for nerve." "He was in Battle Creek. A man named King was then holding spiritualistic meetings. He was just coining money, charging \$1 admission to seances and having packed houses every night. He materialized spirits to order, and would make visible any spirit you wanted from Adam down to your own grandfather. The house was darkened, and somebody's spirit was materialized, coming from the stage as they always did. As it appeared Tom made one jump and grabbed the spirit about the waist. Then came the biggest fight I ever saw. The ghost kicked and bit. It swore and yelled and threatened. It chewed Tom's finger to the bone, but he held on; its phosphorescent garments tore off and revealed to the audience the very material Mr. King, who was taken to jail and prosecuted as a fakir. That's a specimen of Tom's nerve."

Cox is a small man, with nothing in his composition but muscle and sinew. He is one of the trainers who help rub the men and look after their little ailments, instead of simply giving advice and leaving the work to assistants. He began his athletic career in '79. In '81 he turned professional. He has been in all the important six-day races of the last ten years, and has a record of 527 miles for that time.

Miss Mary E. Bell is having her regular fall opening this week at her millinery and dressmaking rooms in the Athens Theatre Building, 127 N. Main-st.

MRS. ELLA M'GARVY.

Writing to Mrs. Pinkham,

Says:—I have been using your Vegetable Compound and find that it does all that it is recommended to do. I have been a sufferer for the last four years with womb trouble, weak back and excursions. I was hardly able to do my household duties, and while about my work was so nervous that I was miserable. I had also given up in despair, when I was persuaded to try Lydia E. Pinkham's Vegetable Compound, and today, I am feeling like a new woman.—Mrs. ELLA M'GARVY, Neebe Road Station, Cincinnati, O.

Lydia E. Pinkham's Liver Pills work in unison with the Compound, and are a sure cure for constipation and sick-headache. Mrs. Pinkham's Sanative Wash is frequently found of great value for local application. Correspondence is freely solicited by the Lydia E. Pinkham Medicine Co., Lynn, Mass., and the strictest confidence assured. All druggists sell the Pinkham's remedies. The Vegetable Compound in three forms—Liquid, Pills, and Lozenges.

HAS FORTY NEW MEMBERS.

THE STUDENTS CHRISTIAN ASSOCIATION IS GROWING RAPIDLY.

President Hutchins Will Make an Address Sunday Morning.

Over forty new names have been added to the membership roll of the S. C. A. during the past two weeks. A systematic canvas is to be made soon among the new students to induce them to show their colors as early in the year as possible.

Sunday morning, Oct. 10, at 9:15, acting President Hutchins will address the members of the S. C. A. and their friends at Newberry Hall.

In this opening address Prof. Hutchins will speak on "Universal Ideals," the duties of all students to church and other religious organizations and the bearing of these observances on the formation of a christian character.

During the past year the young women and the young men have had separate weekly prayer meetings. The officers have decided that the value of these meetings might be increased by a return to the plan of union meetings.

This change will be given a trial during the month of October. The subject for the meeting on Wednesday evening, October 13, will be "The Word of God." Mr. H. M. Rich, the General Secretary of the association, will lead.

FARMERS MEET.

The regular monthly meeting of the Saline Farmers' Club was held at Mr. and Mrs. C. H. Miller's home, Friday, there being an unusually large attendance. The morning session opened with a fine solo by P. H. Rouse, followed by reading of minutes of previous meeting and the report of the viewing committee. The afternoon program was as follows: Solo, P. H. Rouse. Select reading, Mrs. A. A. Wood. Paper for discussion, Theoc. Jensenhaus, which was lively and interesting. Instrumental music by Miss Edna Smith, which ended one of the most profitable meetings ever held.

DID NOT GROW.

Huron Street Man Planted Shrub, Sack and All.

A good story has just leaked out about a prominent citizen living on E. Huron street. Last spring he ordered a climbing shrub for the front porch. In due time it came by express from a New York nurseryman. The whole plant was carefully wrapped in heavy bagging and then surrounded by dampened moss. The gentleman carefully opened the box, removed the moss and then proceeded to set out the plant at one end of his porch.

He told his wife that in order to insure its living it would be necessary to water the plant every evening. This the good wife did faithfully for several weeks, but no sign of any sprout from the root appeared to indicate that the plant was still alive, and if so, that it had any intention of growing. Still she kept on daily moistening the place where her husband had set the plant; and other weeks went by and still no sign of life.

Finally her patience gave out and she decided to investigate. Digging down to the stock she found that her husband had set out the shrub with the carefully wrapped canvass still around its root. The tender shoots had made numerous attempts to penetrate the cloth, but had been unable to do so and had perished in the attempt. Mr. — has tried all sorts of means to bribe his wife into silence. A few of his friends, however, have got wind of the affair, and all they have to do is to mention "shrubbery" to Mr. — and the cigars are forthcoming.

Ask the Probate Judge to send your Probate Printing to the Register Office 30 E. Huron St.

SPECIAL MARKET LETTER

The following market letter is furnished us by MCLAIN BROS. & CO., Commission Merchants, Rialto Building, Chicago:

Notwithstanding the depressing influence of the yellow fever at the south, and the apprehensive fears of merchants in the drouth sections of the north, which have noticeably affected the distribution of general merchandise, the bank clearings for the week show a large increase over its predecessor. The increase, coming as it does when these adverse influences might be expected to reduce the volume of general business, and when the stock market is inactive and lower, may reasonably be regarded as an indication of expansion in industrial and commercial affairs not closely allied to what is termed the wholesale trade. The New York banks have suffered less by a withdrawal of deposits, and the reduction of reserves, which the gold imports that have begun on a fairly liberal scale will doubtless keep above the legal limit. While the flow of yellow metal to our shores will aid in increasing the volume of business throughout our country, it will correspondingly depress business abroad, which, judging from the tenor of recent advices, is dull and unsatisfactory.

Under such conditions foreigners will naturally buy American products as sparingly as possible, and endeavor to protect their gold reserves by every known expedient. While they may be able to curtail purchases of many of our products, they are for the present so dependent on us for wheat that despite their dilatory tactics they cannot avoid the issue, and there are indications that they must soon renew their buying on a more liberal scale. Continental Europe, which is in much better position than is the United Kingdom to await developments, is apparently becoming anxious over the unfavorable crop prospect reports from Russia, Argentina and America and is likely at any moment to become so strong a bidder as to compel the reluctant English to begin providing for future wants.

The strength of the situation largely lies in the meagerness of United Kingdom stocks, which have been reduced fifty per cent since July 1st, and in its tardiness of provision for the future. Decreasing American and Russian exports will doubtless stimulate foreign buyers to greater activity, and the unfavorable prospect for next year's winter wheat crop in our country will tend to curtail receipts at primary points, which, although they have thus far been large, have been insufficient to prevent an aggregate decrease in the public warehouse stocks of eight leading primary markets since July 1st of more than 2,000,000 bu. When the indentments offered for the immediate forwarding of wheat received from farmers—through the relatively high prices for spot grain—are considered, this reduction is significant, and suggests that when northwestern receipts abate and the export demand increases that visible stocks may become alarmingly small.

The prolonged drouth has undoubtedly materially curtailed the prospective area of next year's crop by delaying fall plowing and destroying much seed that had germinated, thereby contributing to the gravity of the situation. The world's reserve from previous crops is too small to even supply the estimated shortage of the present year, without being relied upon to furnish grain for another year's deficiency. The inadequacy of the supply for the probable demand renders the condition of next year's crop a factor of more than its usual potency and will exert an unusual influence in determining prices.

The speculative interest in our market is fair in volume, and the recent break developed a liberal short interest which the subsequent bulge has not eliminated. The bears have been especially active in the May future and have attacked the market whenever there has been even a suggestion of rain. The long interest has been but little disturbed by the reactions, seemingly content to await the renewal of foreign buying.

The drouth has undoubtedly made serious inroads in the supply of corn for the ensuing year, by compelling quite general feeding much earlier than is customary, which will in due time affect its value. Thus far the large available stocks have been a barrier to an advance, and what little strength the market has shown has been derived from its sympathy with wheat. Exports have decreased materially and eastern stocks have not been consumed rapidly enough to create any improvement in the demand for immediate use. Crop estimates are being reduced, the most optimistic prophets now conceding a lighter yield than they had anticipated.

The visible supply of grain in the United States and Canada shows the following changes for the past week: Wheat increased 1,690,000 bu, corn increased 656,000 bu and oats increased 2,464,000 bu.

Table with columns for LIVE STOCK (New York, Chicago, Detroit, Buffalo, Cincinnati, Cleveland, Pittsburgh) and GRAIN, ETC. (Wheat, Corn, Oats, etc.)

THE MARKETS.

Table listing market prices for various commodities: Wheat, Oats, Corn, Beans, Hay, Clover, Pork, Beef, Chickens, Spring Chickens, Eggs, Butter, Potatoes, Wool, Hides, Tallow.

REVIEW OF TRADE.

While failures the past quarter were the smallest ever known in any quarter since 1892, business payments through banks were the largest by \$288,000,000 ever known in September. Business is still increasing, the productive force steadily enlarges the distribution of wages, affords an increasing fund for purchases, and the foundations are laid for a larger business hereafter. Crop reports who have widely differed now agree in putting the yield of wheat at about 880,000,000 bu, which is nearly 200,000,000 bu more than will be required for home use, keeping stocks as they were July 1, the lowest for seven years. As foreign reports indicate a larger demand, and exports since July 1 have been nearly as heavy as in the best past year—with 2,687,784 bu from Atlantic ports the past week, against 2,340,571 last year—the recovery in price is accounted for.

CROP REPORT.

October Showing is Good—August and September, Months of Drouth.

The number of acres of growing wheat in the State last May as shown by the supervisors' returns, was 1,513,919; the average yield per acre as found by threshing is 16.46 bushels, and the total yield in the state 24,925,007 bushels. The total yield is found by multiplying the number of acres in each county by the average per acre in the same county and footing the products. The average per acre in the southern counties is 17.74 bushels; in the central, 13.35 bushels and in the northern, 9.33 bushels. These averages are based upon a return of 117,250 acres threshed in the southern counties, more than 30,000 in the central counties and more than 4,000 in the northern counties.

The total number of bushels of wheat reported marketed by farmers since the September report was published is 2,447,282, and in the two months, August—September, 3,635,032. This is 1,463,775 bushels more than reported marketed in the same months last year.

Oats are estimated to yield 25.79 bushels per acre, barley 21.18 bushels, and corn 64 bushels of ears, per acre. This estimate for corn is about three bushels less than the average yield in 1896. The yield of oats is from threshers' records. Considerable corn fodder has been injured by frost.

Potatoes are estimated to yield in the State 61 per cent of an average crop. The estimate for the southern counties is 55 per cent.

Beans are estimated to yield 86 per cent of an average crop.

The percentages for winter apples are: Southern counties 11, central 23, northern 32 and State 18. These figures indicate no more than that the crop is a failure. The percentages for late peaches are: Southern counties 8, central 32, northern 16 and State 12.

It is probable that the ground was never so dry in Michigan at the usual time of wheat sowing as this year. The average rainfall in the State in August was 2.04 inches, and in September about 1.30 inches. While these figures show a deficiency each month as compared with the normal, they do not convey any idea of the severity of the drouth. The rainfall during the latter part of August and most of September was mostly in the northern counties and upper peninsula. Since about the middle of August the average rainfall in the southern and central counties, where ninety-six per cent of the wheat crop is grown, has not been sufficient to be of appreciable benefit. The ground is thoroughly dried out. Wheat sowed early has come up, but unevenly. That sowed later was "dust in" and much of it will hardly grow, at least not until rain comes. Many farmers had not yet sowed on the first of October. They were still waiting for rain.

The Farm Statistics for 1896-7, reported by supervisors, furnish the following statistics of live stock six months old and over, in the State in May, 1897, and sheep and wool sheared in 1896: Horses, 424,821; milch cow, 402,103; cattle other than milch cows, 253,261; hogs, 395,093; and sheep, 1,225,661. Sheep sheared in 1896, 1,333,127; pounds of wool, 8,392,742; average per head, 6.30 pounds.

"ST PAUL"

Will Be Given By the Choral Union

The Choral Union course for the year is nearly completed. All but one of the entertainments are arranged.

Theodore Thomas will open the course Nov. 18. The Henschels who are now on their way to this country will give the second concert Dec. 10.

The next two dates are Jan. 14 and Feb. 4. On one of these Professor Alberto Jonas assisted by the Detroit Philharmonic club will give the entertainment. On the other Mendelssohn's "St. Paul" will be rendered by the Choral Union.

One other entertainment will be given besides the five concerts of the May Festival.

More

Medicinal value in a bottle of Hood's Sarsaparilla than in any other preparation. More people are employed and more space occupied in its Laboratory than any other. More wonderful cures effected and more testimonials received than by any other. More sales and more increase year by year are reported by druggists. More people are taking Hood's Sarsaparilla today than any other, and more are taking it today than ever before. More and still more reasons might be given why you should take

Hood's Sarsaparilla

The One True Blood Purifier. \$1 per bottle. cure all Liver Ills and Hood's Pills Sick Headache. 25 cents.

Chronic Malaria.

The symptoms are: cold, sticky sweats, tired-out feelings, chilly feelings, chilly feelings alternating with hot flashes, coated tongue, bad breath, dizzy head and dull headache, loss of appetite, heavy, unrefreshing sleep, ringing in the ears, brown moving specks before the eyes. Of course no one has all these symptoms at once, but they will come, one after the other making the victim hideously miserable. The remedy is Pe-ru-na. This remedy quickly restores the appetite, when new blood is made, strength returns, refreshing sleep, new courage and good nature come back, one by one. Life is worth living again.

Send for free book on malaria, written by Dr. Hartman. Address The Pe-ru-na Drug Manufacturing Co., Columbus, Ohio.

NEW ELECTRIC ROAD.

Proposal to Connect Ann Arbor and Detroit.

The Detroit Evening News of Tuesday contains the following:

Another movement is on foot for an electric railroad between Detroit and Ann Arbor. A meeting of capitalists and promoters to discuss the matter was held one night last week at the residence of Daniel L. Quirk at Ypsilanti. Mr. Quirk is president of the First National bank at Ypsilanti.

The plans are still in an inchoate form, and one of the men in the enterprise says that it isn't certain that anything will come out of the movement. The route in contemplation is out Michigan avenue. Albert Pack owns the Michigan avenue plank road franchise out as far as Inkster, so that the promoters of this latest movement must deal with Mr. Pack, who is credited with a willingness to make a deal.

S. F. Angus, manager of the Home Life Insurance Co. in Detroit, represents capital that is prepared to go into the Detroit-Ann Arbor road providing some difficulties that at present stand in the way are overcome. No franchises have yet been secured.

BIBLE INSTITUTE

Will be Held at Newberry Hall. Prof. Coler, of the Bible Chairs, has secured the Rev. Chas. A. Young to open the course this year with a Bible institute.

Mr. Young is well known in this city having resided here several years as pastor of the Church of Christ. He will lecture as follows:

Sunday, October 24, at 7:30 p. m., at the Church of Christ, The Divinity of Christ.

Monday, October 25, at 4:15 p. m., in Newberry Hall, room 1, The Apocalypse of St. John.

Monday, October 25, at 8 p. m., in Newberry Hall, room 1, The Gospel of St. John.

Tuesday, October 26, at 4:15 p. m., in Newberry Hall, room 1, The Apocalypse of St. John.

Tuesday, October 26, at 8 p. m., in Newberry Hall, room 1, The Gospel of St. John.

Wednesday, October 27, at 4:15 p. m., in Newberry Hall, room 1, The Epistles of St. John.

Wednesday October 27, at 8 p. m., in Newberry Hall Auditorium, The Poetry of the Bible.

Admission to all these lectures is free. Students and citizens of Ann Arbor are cordially invited to attend. At the close of the Institute the Bible Chair Classes for this semester will be organized.

ADDITIONAL LOCALS.

Newberry Hall has a telephone. Young ladies of the Trinity Lutheran church will hold a fair at some date in the near future.

Children of this city between the ages of 8 and 16 found out of school and will not attend are subject to arrest and sentence to the reform school.

Rev. Frank E. Dodd and wife, of Saline, drove to Ann Arbor yesterday. Their horse became frightened and threw Mrs. Dodd out causing concussion of the brain and injuring her seriously.

The Y. M. C. A. has planned a course of Monday evening talks on various subjects relating to business, science, politics and other subjects of Universal interest, by prominent professors and business men.

The U. of M. Good Government Club, headed by F. M. Byam, has planned to hold an open meeting every three months for the discussion of topics relative to the club's work. Prominent men will give addresses.

The "New Crusade" of the Wood-Allen Publishing Company comes out with nearly one hundred pages in its October number. It is a bright little magazine that devotes its regular thirty-two pages to matter bearing upon the purity work of the W. C. T. U. Dr. Mary Wood-Allen is editor and contributes monthly articles.

Frank J. Stanley, a Dartmouth student writes from St. Michaels that there are in his party two each from Dartmouth, Yale, Leland Stanford, Kenyon, one each from University of Michigan, Harvard, Columbia, Iowa and several from Berkeley. Enough to organize a University Association when they reach the Klondike—Courier.

Personals.

M. C. Wood-Allen spent Monday in Detroit.

Win. W. Kennedy, of Chicago, was in this city Sunday.

Edward Caldwell is now general secretary of the Y. M. C. A.

Mrs. Charles Ward is spending a week with her father in Portland.

George Spathelf, Jr., returned Saturday from a business trip to Chicago.

Mr. R. Waterman has returned after pleasant summer's outing in Bay View.

Dr. Copeland went to Bay City Monday to take part in a law suit as expert witness.

Mr. Phillips, of the Chicago Record, is in town working up the Record subscription list.

Ed. Koch has gone to Chicago to accept a position in Marshal Field & Company's store.

Samuel Henne, E. W. Staebler and Thomas Haywood were made Royal Masons, Monday night.

Major Pebbles and wife, of Detroit, will assist in conducting the Salvation Army services next Sunday.

President Andrews, of Brown University, was in the city Monday. His son has entered the law department.

Among those who attended the Nashville Exposition, are Mrs. Snow and Mrs. Frost, who have just returned.

Professor Thompson came home last week from his European trip. His wife and daughter are now in Switzerland.

Miss Fannie Groves, who has been visiting in Missouri returns home today. Miss Groves has been absent five weeks.

Miss Allie Gates, of west Huron st., will attend the world's W. C. T. U. convention at Toronto, as stenographer for Dr. Wood-Allen.

Alderman C. H. Cady, of Ann Arbor is at the Sanitarium testing the virtues of the mineral water as a cure for rheumatism.—Ypsilanti.

W. E. Stocking, of this city, will succeed the late R. H. Gibson, of Greenville, as Sergeant at Arms of the House of Representatives.

Mr. and Mrs. E. T. Beardsley, who have been spending a couple of weeks with their daughter, Mrs. M. D. Larned left Monday for Detroit where they will spend a few days before returning to their home at Clarkston.

Old, Young People.

People age quickly in this American life, and instances of preservation of youthful strength and vigor in mature years are pointed to as remarkable. We are educated to believe in early decay of physical beauty and strength, especially in our women, and permit the decline to continue with a passing sigh. Most women have a worn look in the early twenties, the figure loses its roundness, the face the glow of youth, and from that time on they age rapidly. All this is wrong and unnecessary. Let everybody to whom this word may come, men and women alike, learn from skilled experience the cause of your trouble, and secure this invaluable advice. Dr. Greene, discoverer of the famous Nervura, and many other wonderful remedies, invites consultation at the office of Dr. Greene's remedies, 148 State St., Chicago, Ill., either by personal call or by letter through the mail, and in either case advice and consultation will be absolutely free of all charge. This offer is for everybody, old and young, rich and poor, and thousands of happy people testify today to the practical nature of this experienced advice and the marvelous curative power of his remedies. Don't be satisfied to grow old prematurely when the advice of this famous physician is at your disposal for asking wholly free of charge.

Obituary.

Miss Delia Lane died Tuesday afternoon at the home of her sister, Mrs. Kittie Gilbert. Miss Lane had lived all her life in this city and though for many years an invalid, her unflinching cheerfulness and her interest in all about her, made her presence a beautiful and beneficent one in many circles. The funeral was held Thursday afternoon, Rev. R. K. Wharton conducting the services.—Ypsilanti.

Mrs. George H. Nichols, of Hancock, Michigan, died at the home of her aunt, Mrs. Homer Briggs, of Huron street, at 9:30 last evening. Mrs. Nichols had been suffering for some time with tuberculosis. She leaves no children but her husband survives her. The funeral services were held at the house Saturday afternoon, Rev. C. T. Allen, officiating. The burial was in Highland cemetery.—Commercial.

LATEST COUNTY NEWS.

[To insure insertion our Correspondents should mail their items not later than Tuesday a. m. of each week. If sent later they are likely to be crowded out.]

LINA.

Mr. and Mrs. H. G. Prettyman, of Ann Arbor, called at Mrs. O. B. Guerin's, Sunday.

Edward Beach is attending the supervisors' meeting at Ann Arbor.

The Crusaders left here last week for Napoleon.

There will be a dance at the hall Friday night.

Mrs. Lena Stanton, from Eaton Rapids, is visiting her mother, Mrs. Eva Smith.

WILLIS.

Mrs. Asa Darling has returned home after a two weeks' visit in Toledo, O., with her daughter, Mrs. Dora Owens.

Mrs. George Kimball, of Willis, was visiting her parents, Mr. and Mrs. Jabinstrom, of Somerset Center, last week.

Mrs. Mary Snodgrass, of Detroit, is visiting friends in this vicinity.

Mrs. James Snodgrass is stopping in Willis again for a short time.

The auction at the old homestead of the late Chas. H. Merritt was well attended. Everything brought fair prices.

Mr. Furster, who lives with his daughter, Mrs. Mary Herrick, is reported to be quite sick.

J. M. Greenman and Ralph Brenning went to Adrian last Sunday to work in Ladd's canning factory.

Husontson & Dawson had their men hauling hay on the farm of Jesse Hewens. They bailed about 30 tons.

Miss Carrie Bibbins, daughter of Supervisor S. S. Bibbins, is teaching in the Milan High School.

Mr. S. S. Bibbins is entertaining a relative from Toledo, Ohio.

Mr. Harlon Bemis, of Welland, Ont., is visiting relatives in this vicinity.

E. E. Simmons is working for Mr. Hozettion, of Ypsilanti, fixing up the Ostrander mill and getting it ready for business.

Mr. and Mrs. Charles Miles went to Toledo on a visit one day last week.

Mrs. Ada Waters and Mrs. Jennie Greenman visited with Mrs. Walter Ballard one day last week.

Mrs. Augusta Pratt has returned to her home after an absence of several weeks up North.

Mr. Edson Colyer has moved into Wm. A. Russell's vacant house.

MANCHESTER.

F. M. Freeman was in Chicago last week on business.

Mrs. F. A. Kottis, of Toledo, is visiting friends and relatives here.

Mrs. Hale, of Grass Lake, and Mrs. C. H. Millen, of Wolf Lake, called on friends here last Friday and Saturday.

Mrs. James Martin has returned from a three weeks' visit in Canada.

John Wiggins, of Hudson, spent Sunday in town.

Mr. and Mrs. Myron Silkworth, of Jackson, have been spending the past week here with Myron's parents.

Mrs. Stout, of Fayette, Ohio, is the guest of her daughter, Mrs. Mark Hinkley.

Everyone is invited to attend the piano recital at the school chapel, Wednesday evening. The proceeds go into the piano fund.

Miss Elenore Lehu was a guest of Brooklyn friends a portion of last week.

M. D. Blosser, Mrs. A. F. Freeman and Mrs. J. D. Spafford are attending the grand chapter of the O. E. S. in Detroit, this week.

August Nisle, who has been in poor health for the past summer, started for Colorado Springs last Thursday morning, in hopes of receiving some benefit from change of climate. He was accompanied by his sister Carrie. These pleasant young people will be greatly missed in society, but their many friends join in wishing them a safe and speedy return, with greatly improved health.

"To tell the truth my mother has lived with one foot in the grave," writes Mrs. Eugene Stantzenberg, of No. 1604 Walker Ave., Houston, Texas, in a letter to Dr. R. V. Pierce, of Buffalo, N. Y.

"With a most thankful heart I will tell you about the wonderful cure effected in her case. She has been a perfect wreck for seven long years. No words can describe what she has suffered. She could not sleep on account of severe pains. She tried every doctor around here and spent hundreds of dollars without benefit. After hearing of your wonderful remedies I wrote to you. My mother has taken six bottles of the 'Golden Medical Discovery' and six of the 'Favorite Prescription,' and is now perfectly cured. Please receive the heartiest thanks and blessings from my father and seven children for saving the life of dear mother. May God bless you and your Institution, is the wish of your friend."

Tens of thousands of women have found complete and permanent relief from obstinate and seemingly incurable disease by using the wonderful remedies referred to above. The "Golden Medical Discovery" possesses the peculiar property of nourishing and vitalizing the blood with the life-giving red corpuscles which build up healthy flesh and muscular strength.

In the special weaknesses and diseases of the feminine organs, the "Favorite Prescription" is a perfect and positive specific. It is the only scientific medicine prepared for that purpose by an educated physician and specialist in that particular field of practice.

For weak and nervous women these two medicines taken conjointly constitute the most marvelously successful course of treatment known to the medical profession.

For nearly 20 years Dr. Pierce has been chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., at the head of a splendid staff of associate specialists, graduates from the leading medical universities of America and Europe.

Geo. J. Nissy shipped a car of poultry from Flushing, Monday. Chas. Gale, station agent at Pittsfield Junction, accompanied them to New York City.

Fred Jerry, our deputy sheriff, found a horse and buggy near Mr. Warner's residence, east of town, last Thursday morning. Cigars and other articles stolen from O'Hara's store at Ann Arbor the evening before, were found in the buggy. The rig, we learn, was stolen from Mr. Kent, of Ann Arbor.

Geo. J. Nissy and A. M. Humphrey were in Ann Arbor on business, Friday.

Dr. Bush, of the homeopathic hospital at Ann Arbor, was in town Friday.

Otto Schairer, of Ann Arbor, attended the harvest home festival, Friday night.

The Presbyterian society netted \$50 from the harvest home festival, Friday night.

Miss Agnes McKinnon, of Ann Arbor, visited Miss Mame Leith, Saturday.

The Epworth League of the M. E. church held an oyster supper, Friday.

The B. Y. P. U. convention, held in this place Friday night, was largely attended.

Roy Briggs has been visiting his grandfather at Burr Oak this week.

Mrs. Homer Sill, of Milan, visited her parents in this place, Saturday.

Geo. J. Nissy visited at Byron over Sunday, with Louis Lutz and family.

Geo. Schaffer and Allen Wood attended the meeting of the Columbian League, held at Detroit, Tuesday.

MILAN.

The net proceeds of the Baptist fair was \$48.05.

Matsuyama, a Japanese student of the U. of M., spoke at the Baptist church Sunday evening on the religions of Japan.

Mrs. H. C. Markham, of Ann Arbor, was the guest of her sister, Mrs. G. R. Williams, Sunday.

The Free Methodists have commenced a series of revival meetings.

Mr. Amos Taylor is building a fine house on Wabash street.

Mrs. H. Sill visited Saline last week.

A boy baby was born to Mr. and Mrs. Frank Pullen on Sunday.

Messdames Byron Hobbs and Miller Hobbs, of Kalkaska, are visiting Milan friends.

LODI.

Miss Ella B. Mills, of Ann Arbor, has resumed her duties as teacher in the Rogers district.

Miss Gertrude Kress, of Ann Arbor, has begun her second year as teacher in the Hammel district school.

G. L. Hoyt made a business trip to Ann Arbor last Monday.

Herman Blaess is suffering with blood-poisoning, resulting from a cut received in the feed cutter. Dr. Georg is his physician.

Little Clara Denble visited Ann Arbor with her father, William Denble, Tuesday.

Mr. and Mrs. George Brann entertained their daughters, Mrs. Rosa Brann Meyers and Miss Martha Brann, of Ann Arbor, during the week.

United States Civil Service Examination.

The United States Civil Service Commission has ordered that an examination be held by its local board in this city on Saturday, December 4, 1897, commencing at 9 o'clock a. m., for the grades of Carrier and Clerk in the classified postal service. Only citizens of the United States can be examined.

The age limitations for this examination are as follows: Carriers, 21-40; Clerks, 18 or over. No application will be accepted for this examination unless filed with the undersigned, in complete form, on the proper blank, before the hour of closing business on November 13, 1897. Applications should be filed promptly, therefore, in order that time may remain for correction if necessary.

The Commission takes this opportunity of stating that the examinations are open to all reputable citizens of the United States who may desire to enter the service, without regard to race or their political or religious affiliations. All such citizens are invited to apply. They shall be examined, graded, and certified with entire impartiality, and wholly without regard to any consideration save their efficiency, as shown by the grades they obtain in the examination.

For application blanks, full instructions, and information relative to the duties and salaries of the different positions, apply to—

LEGAL NOTICES.

Commissioners' Notice.

STATE OF MICHIGAN,
COUNTY OF WASHTENAW, } ss.
The undersigned having been appointed by the Probate Court for said County, Commissioners to receive, examine and adjust all claims and demands of all persons against the estate of Barbara Alving, late of said county deceased, hereby give notice that six months from date are allowed, by order of said Probate Court, for creditors of said estate to present their claims against the estate of said deceased, and that they will meet at the office of George W. Sawyer, in said City, in said County, on the 4th day of January, 1898, and on the 4th day of April, 1898 next, at ten o'clock a. m. of each of said days, to receive, examine and adjust said claims.
Dated October 4, 1897.
GEORGE WERNER,
EUGENE OESTERLIN, Jr. } Comrs.

Sale of Sewer Bonds.

LATERAL SEWER DISTRICT NO. 5.
Sealed bids for twelve thousand five hundred eighty-five and 3/100 dollars of bonds of the City of Ann Arbor, Mich., will be received by Glen V. Mills, City Clerk of said City, on or before Monday, October 18, A. D. 1897, at 5 p. m. (local time).
These bonds are to be sold to defray the expense and to enable the City of Ann Arbor to construct a lateral sewer in Lateral Sewer District No. 5, and are authorized by a special act of the Legislature of the State of Michigan entitled "An act to authorize and empower and enable the City of Ann Arbor to construct and maintain a system of sewers, and to raise the necessary money therefor, approved by the Governor of the State of Michigan May 21, 1894, and also, by virtue of an ordinance entitled "An Ordinance Relative to Sewers, etc.," duly passed by the Common Council of said city May 21, 1894, and approved May 23, 1894. The above mentioned bonds will draw interest from September 6, 1897, at 5 per cent per annum payable at the office of the City Treasurer of the City of Ann Arbor. The principal of the bonds in four equal annual installments and are payable on or before the first day of March of each year. The bonds are to be issued in denomination of \$500 each except the necessary fractional part of \$500 due each year.
The bonds will not be sold for less than face value and accrued interest.
The right to reject any and all bids is reserved by the City of Ann Arbor.
By order of the Common Council.
GLEN V. MILLS, City Clerk.

The Enemy Is Ours!

The gripe usually leaves the sufferer in a very feeble condition, with a persistent cough and other premonitory symptoms of pulmonary affection. Dr. Bull's Cough Syrup promptly administered at the beginning of an attack of gripe, will forestall that dangerous enemy to life—consumption. Mrs. Maggie Tulga, Ironton, Ohio, says: "It affords me much pleasure to bear testimony to the merits of Dr. Bull's Cough Syrup. I had been a sufferer from the gripe for a week, I tried a bottle of Dr. Bull's Cough Syrup, and after taking it, was completely cured of the dreadful cough and disease. I cheerfully recommend it to all sufferers." Dr. Bull's Cough Syrup is sold everywhere for 25 cents.

The Leading Cash Dry Goods and Carpet House in Detroit,

and the one place in the State where the buyer with a dollar or a million buys at precisely the same price. Buying and selling absolutely for cash, enables us to take all the advantages of the markets and give our customers the benefit.

Our Leading Departments:

Silks, Dress Goods, Linens, and House Furnishings, Carpets, Draperies, Garments, Millinery and Infants' Wear.

We sell only the very best goods made, and those at the lowest possible prices.

The money will be cheerfully refunded for any article bought of us that is not entirely satisfactory.

To still further increase our large Mail Order business, we will pay express charges on all orders accompanied by money. We send no goods C. O. D. or on approval.

Ladies visiting Detroit are especially invited to make our store their headquarters whether intending to purchase or not. We will guarantee them every possible courtesy and attention.

William H. Elliott.

THE BIG HOTEL COLLAPSED.

Immense New Building at Charlevoix—Two Killed, a Score Injured.

With a terrific crash the immense new hotel in course of construction at Lindsay Park, at Charlevoix, collapsed into a heap of broken timbers and splintered boards. Forty men were at work on the structure at the time, and half this number were killed or injured, two being instantly killed.

The hotel was four stories high and 440 feet long, being the largest structure of the kind in Northwestern Michigan summer resort section. In order to finish it before winter, the contractors were allowed to plaster the upper two stories before the lower floors were properly placed, and this, it is supposed, was the cause of the collapse, the weight at the top weakening the whole building so that when a sharp gale struck the side-wall of the structure, it gave way with a crash that was heard a mile.

The dead are: Pierce Kendall, of Charlevoix, and Guy Hamilton, of Grand Rapids. The injured are: R. C. Hamilton, probably fatally; William Phelps, badly injured internally; F. A. Smith, badly injured in one leg and one arm, and head seriously cut; S. Cain, head crushed and hurt internally, will probably die; Willis Silsby, ribs broken and body badly bruised; James Gillett, three ribs broken, internally injured, John Curtis, side crushed and otherwise hurt; Wm. Wood, one eye torn out; Charles Heintzelman, A. M. Hall and Charles Gabriel. Several others were less seriously injured.

The money loss from the accident is well up into the thousands, but the structure will in all probability be rebuilt.

Jealousy Causes Murder and Suicide.

Owing to his cruel treatment Mrs. Lester L. Burton, of Flint, commenced suit for divorce from her husband in August, and also made criminal complaint against him for assault and battery. Upon his promise to leave the city and not molest the woman any more Justice Swayzee allowed Burton to go. He went to Chicago, but returned two weeks ago and stopped at the Dayton house, which his wife was managing. He manifested his insane jealousy on several occasions and finally worked himself up to the point of committing murder. Walking into the hotel parlor where Mrs. Burton was talking to a friend the husband pulled a revolver, and without a word began firing at his wife, sending three bullets into her body, one of which was fired after the poor woman had fallen dead upon the floor. The sound of the shooting and the screams soon attracted the boarders and servants of the hotel to the scene, when Burton ran into the bedroom adjoining the parlor, threw himself upon his back upon the bed and sent a bullet through his temple in the presence of a dozen people. One shot was sufficient, as he was dead in less than half a minute after the shot was fired.

Burton was 46 years of age; he served through the war, having enlisted when but 14 years old; he was a lawyer for several years, but gave up his practice when threatened with being disbarred for alleged crooked work. Mrs. Burton was a pretty blonde, aged 32, and well-liked for her genial, sunny disposition. They had been married 19 years and two children survive.

International Fraternal Congress.

The International congress of Fraternal Orders, which represents a membership of 2,000,000 in 45 different fraternities, gathered at Port Huron—150 delegates being present. The report of President J. G. Johnson showed that the 45 societies have

\$3,000,000,000 indemnity in force and during the past year have paid \$31,000,000 to the widows and orphans. Mayor Boynton turned over the keys of the city to the visitors and all were given a good time. The papers read and addresses made were of a pointed character that showed that the interest of fraternities was the mainspring of the gathering. James E. Shepherd, of Lawrence, Mass., a member of United Order of Pilgrim Fathers, was elected president. Lillian M. Hollister, of Detroit, supreme commander of Ladies of the Maccabees, was put in nomination for vice-president, but she declined the honor. D. E. Stevens of the Fraternal Mystic Circle, of Philadelphia, was elected vice-president. Secretary M. W. Sackett was re-elected. Baltimore was named as the place for the congress to meet next year.

The publishers of organs of fraternity orders perfected the organization of a national press association.

Double Tragedy Ends an Unholy Love.

Mrs. Freeman Lee was shot and instantly killed at Clarion by Wm. Shane. Mrs. Lee had been procuring a divorce from her husband and for some time, it is alleged, has been on intimate terms with Shane. It is said that Shane gave her money to procure a divorce, but she spent it in having a good time. A quarrel ended in the fatal shooting. Shane then returned to his room in the Brookdale house at Boyne Falls, and when the officers came to arrest him Shane threw himself on the bed and fired a bullet into his brain. He died in one hour.

"The best pill I ever used," is the frequent remark of purchasers of Carter's Little Liver Pills. When you try them you will say the same.

Words Which Spell the Same Both Ways.

A person with a considerable amount of spare time on his hands has collected the following list of words which may be spelled forwards or backwards—palindromes, as they are called in learned language: Anna, bab, bib, bob, bub, civic, dad, deed, deified, dewed, did ecce, eve, ewe, eye, gag, gig, gag, level, madam, noon, otto, pap, peep, pip, pop, pup, redder, refer, repaper, reviver, rotator, sees, sexes, shahs, tat, tit, toot.

Too Optimistic.

"And," were the concluding words of the professor's lecture to the medical students, "do not promise too much. I knew a physician of real ability who covered himself with ridicule and obloquy by promising a patient, whose legs he had just amputated, that he would have him on his feet within two weeks."—Cincinnati Enquirer.

A Difficult Problem.

"What kapes ye still so long, Dolan?" inquired Mr. Rafferty. "O'm arguin' wid meself." "About what?" "O'm thryin' ty convince meself that it's no harder to push a wheelbarrow on the level than to push me bickie up hill, an' O' can't do it."—Washington Star.

Fun in the Sunny South.

"I should think your brother would find it dull in Georgia."

"Not at all. He writes me that they have had three lynchings since he went there, and if they can catch another subject they'll have a double one Saturday night."—Cleveland Plain-Dealer.

Friends No Longer.

Sprockets—Say, De Rims, do you keep cool on your wheel? De Rims—Keep cool? Ordinarily, yes. Why? Sprockets—Oh, anyone should keep cool on an ice wagon.—Detroit Free Press.

A Keen Purchaser.

The younger portion of the present generation may not remember the old-fashioned silver coin, once so plenty in the United States, of the value of twelve and a half cents. In New England it was called a "ninence," in New York a "shilling," and it bore other names in other sections of the country.

One day a tall, lank, tow-headed specimen of humanity, from the Mole Mountain district, entered Sam Thom's store in Conway, N. H. He looked around for a while upon the tempting things displayed, and finally drew from his pocket a battered ninence, which he clutched with an evident determination not to part with it recklessly.

"Say, mister," he said, pointing to a box of lozenges upon the counter, "haow much d'ye ask for them?" "Two cents a roll," was the reply. "Wal, I'll hev a roll. What do you ask for them apples?" "Two for a cent." "Wal, let's see—I'll hev one of 'em; that'll be half a cent, and the lozengers two cents—jest two cents and a half. Yeou ken take it out of this 'ere ninence, and give me back ten cents."

Mr. Thom could not refuse. The story to tell was worth more than it cost by far.

Low Rates To Florida, September 15th and October 15th, 1897.

On above named dates, the Southern Railway will sell round trip tickets from Louisville to Lake Helen, Fla., at one fare for the round trip. Tickets good returning sixty (60) days from date of sale.

The Southern Railway is the shortest route, has the best through car service and offers choice of routes, either via Chattanooga and Lookout Mountain or via Asheville, N. C., through "The Land of the Sky."

Words Straight From the Heart

THERE IS NOT A WOMAN IN THE LAND WHOSE SYMPATHIES WILL NOT GO OUT TO MRS. ROBERSON.

Some Suggestions to Mothers who have Young Daughters.

From the New Era, Greensburg, Ind.

This paper recently detailed a reporter to visit West Fork, Crawford County, Indiana, and interview Mrs. Clara M. Roberson. He made the journey but Mrs. Roberson was not at home. Whereupon he left a note for her, requesting that she write him the facts asked for, which in a few days she did, in the following most grateful manner.

WEST FORK, Ind., Sept. 29, 1896.

"DEAR SIR: In response to your note of inquiry I trust you will not expect me to write all I feel, for I cannot do so in an ordinary letter.

"I am now past my fifty-fifth anniversary, and am in possession of better health than at any time within thirty years. From my twenty-fourth year, when my third child was born, until the spring of 1894, when I had the good fortune to begin the use of Pink Pills, I scarcely knew what it was to be free from pain, though naturally of a robust constitution. The hardships of life for a farmer's wife in those days can hardly be estimated by women in the same station nowadays, for in those days farm labor was more onerous.

"At the birth of my third child, my youth seemed to suddenly fade away, and my once robust constitution to collapse, but my husband could not afford hired help, and though ill-health brought its train of miseries, it brought no relaxation from the burdens which devolve upon a poor man's wife. Falling of the womb, my first complaint, was soon followed by dyspepsia, bladder complaint, rheumatism and neuralgia till I prayed often for that peace which the world cannot give. Local doctors gave me no relief. Then I began the use of patent medicines, but was rewarded with failure, I lost faith in all advertisements. I had actually despaired of ever finding relief, and the culmination of my despair was reached when five years ago an ugly sore broke out upon my left shin, despite all efforts to cure or check it. The doctors told me, that, owing to my age, I could expect no relief except by amputation or bone scraping.

"In April, 1894, Mrs. A. M. George, of St. Croix, Ind., visited me and became cognizant of my troubles. She had used Pink Pills with such beneficial effects that her enthusiasm partially inspired me with confidence. By her advice I procured a half dozen boxes of Dr. Williams' Pink Pills for Pale People from Dr. H. H. Seiser, of Leavenworth, Ind. I improved rapidly from the first box. Before the six boxes were taken, I had so much improved that I secured a dozen more boxes, all of which I took. Ere three months had passed I was absolutely free from pain, and I could eat anything set before me with as much avidity as during my girlhood. There was no more itching or itching, no more splitting up of food, as there had been during more than fifteen years. My sleep was sweet and refreshing. There was no more rising during the night by reason of disordered kidneys, and none of those fainting spells which my family dreaded more than any other symptoms of my crippled condition. By the end of six months my sore leg was perfectly healed, and every vestige of my rheumatism gone. To-day I am in the prime of health, able to perform as much work as any of my daughters. But I have not abandoned my friend Pink Pills. I have them always on hand, and as a preventive is worth sixteen of cure, I take a few doses occasionally to prevent a recur-

rence of those maladies which will always act like a nightmare upon me.

"I can never be thankful enough for the benefits derived from this wonderful medicine, and if my testimonial will extend its use, and carry the blessing of health to some suffering sister, consider it a pleasant duty to aid in spreading the glad tidings. Many of my neighbors who were aware of my long suffering, despondency and cure, have availed themselves of the agency of Pink Pills to relieve their ills, and I never heard of disappointment following their use.

"I earnestly pray that the manufacturers of this excellent medicine may live long to serve their God by serving his suffering children, for this is serving him in the most Christian manner.

(Signed) "MRS. CLARA M. ROBERSON."

Subscribed and sworn to before me this 29th day of September, A. D., 1896.

WILLIAM J. McDELMONT, Notary Public. In and for the County of Crawford, State of Indiana.

BE CAREFUL OF YOUR DAUGHTER'S HEALTH WHILE IN HER TEENS.

A very peculiar case was reported to this paper regarding Miss Mattie, the 13-year-old daughter of James Everett, editor of the Dearborn Independent. The reporter called at the house of Mrs. Everett in Aurora, Ind., to learn the particulars and was very graciously entertained by Mrs. Everett.

He was anxious to hear about the case of Miss Mattie, and at his request Mrs. Everett said: "Our daughter has not been strong since her siege with the fever two years ago. She didn't fully recover, and was just entering a delicate age. She became ill run down, her blood got out of order, and she was almost continually troubled with sick headache. She studied hard, being so ambitious, but finally became so bad she could not study, and we were compelled to keep her from school. We doctored with her for a long time, trying all remedies, but she failed to improve.

"Mrs. Mary Groves, of Jonesboro, was visiting a neighbor and learned of our daughter's case. She became interested and advised us to get Dr. Williams' Pink Pills for her, as her son had been cured by their use. We at once procured the medicine, the first few doses helped her, and after taking them for a time she was greatly benefited, and was able to return to her studies at school. Her energy is returned, her blood in good condition, and she feels much stronger. She has not been troubled with headache since she took her first half box, and is now using the last of the second box. We feel very grateful to Dr. Williams' Pink Pills for Pale People, and are confident that they, and they alone, restored Mattie to her former health.

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatitis, neuralgia, rheumatism, nervous headache, the after effect of jaundice, palpitation of the heart, pale and sallow complexion, all forms of weakness either in male or female, and all diseases resulting from vitiated humors in the blood. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, 50 cents a box, or six boxes for \$2.50. (They are never sold in bulk or by the 100) by addressing Dr. Williams' Medicine Co., Schenectady, N. Y.

DETROIT'S BIG FIRE.

\$700,000 DAMAGE DONE BY THE DEVOURING FLAMES.

Blaze Started in the Detroit Opera House—From a Calcium Light Explosion—Nearly a Dozen Buildings Burned—Boy Killed by Falling Walls.

The heart of the city of Detroit was seared and scarred by one of the most destructive conflagrations the city has experienced in a decade. It was shortly after midnight; Julia Arthur's splendid theatrical company had given their fourth rendition of "A Lady of Quality" in the Detroit opera house; the large audience had dispersed; the actors had gone to their hotels, and the lights had all been extinguished by Janitor Wm. Moore and he and his wife had just retired in their rooms on the fifth floor of the opera house building, when there was a loud explosion and Moore heard the rear wall back of the stage fall. Instantly there was a flashing of flames through the structure and Moore and his wife hurriedly fled by way of an outside fire escape, but even then the flames were shooting through the windows.

Roundsman Springer and Patrolman Rutledge were standing on the corner of Woodward and Gratiot avenues when they heard an explosion and saw a burst of flame in the direction of the rear of the opera house. Rutledge turned in a quick alarm and both then ran down an alley toward the fire. They hardly arrived before a second explosion was heard, followed at intervals of a minute or two with half a dozen others. The explosions were caused by the calcium tanks used for the stage lights. There were eight of them on the stage, and at each explosion a section of the walls would fall and the sparks would fly in every direction.

Within 10 minutes from the time of the first alarm all the available fire apparatus of the down town district was at hand and in service and that from the outlying precincts was hurrying toward the center of town. By that time the whole rear of the Detroit opera house was one solid mass of flames, the sparks from the burning scenery and light furniture spreading over blocks of the down town buildings.

As the fire grew hotter the efforts of the firemen were directed toward saving the surrounding buildings, but to little avail. Constant streams of water were kept on the rear of the Leonard & Carter building, but in a short time the windows had gone in and fire was sweeping through every floor, driving the firemen from the alley. Over on the opera house square, which faces the Campus Martius and the city hall, the flames were giving the firemen even a harder battle. The wind was blowing briskly from the west and as the roof of the opera house began to crumble and fall in showers of sparks and burning brands rose high in the air and sailed away in perfect clouds to the east. The smoke and flames began to roll from the upper windows of the Michell Table Supply Co's store next to the opera house and it was soon plain that that building was beyond help and that the fire department had on hand a job that was almost too big.

From the tall Leonard & Carter building the fire soon worked down into the upper story of the next building to the east, the five-story structure occupied by the Central Storage Co., Vaughan & Tanner and the Central Music Co., and several other tenants. Gradually it forced its way from floor to floor, and a portion of the falling walls carried the fire into the Parisian laundry, which was soon a mass of debris. On Monroe avenue, back of the Michell Co.'s stores the big Schmidt and Werner buildings had been holding out against the devouring flames, but they finally gave way and were soon roaring furnaces inside. An explosion evidently of chemicals, in the Schmidt building threw down the walls crushing the two-story Boston shoe store like an egg shell. Probably this fact more than all others saved the Valpey building, on the corner of Monroe avenue and Farmer street. A change of the wind then turned the flames back upon the charred ruins of the burned buildings and in a short time the firemen had the fire under control, after having worked on it steadily for six hours.

The heaviest losses fall upon the Michell Table Supply Co. and the owners of the principal buildings. The principal losses are as follows: Detroit opera house, \$95,000; Julia Arthur Co., \$30,000; Michell Table Supply Co., \$80,000; Traugott Schmidt estate, building, \$90,000; Schmidt estate, stored wool, \$30,000; Werner, building and stock, \$90,000; Leonard & Carter building and furniture stock, \$95,000; Parisian steam laundry, \$50,000; Central Storage Co., building and stored goods, \$55,000; other tenants of storage building, \$25,000; Michell building, owned by G. H. Barbour, \$20,000; Hugh Connolly, jeweler, \$10,000; Grand Union Tea Co., \$5,000; P. J. Kinnear, tailor, \$3,000; Wright, Kay & Co., \$3,000; Brossy dye works, \$2,500; D. G. H. & M. railroad, repair shops set on fire by flying embers, \$3,000. About 20 smaller losses to Woodward avenue stores and minor tenants of the burned buildings would probably total \$20,000.

The parents of Robt. Pennington, aged 15, reported their boy missing two days after the fire and this led to a search of the ruins of the Detroit opera house in the alley where two or three people claimed to have seen a boy crushed under the walls. It only required half an hour of work on the part of a dozen friends to bring to light the body of the boy, mangled and crushed almost beyond recognition.

Christopher H. Crosbie, nightwatch for E. Bennett & Sons, of Lansing, committed suicide by walking into the river in the rear of the works.

Rheumatism, Oh the Pain!

The aches and pains of Rheumatism become a constant companion to all who are victims of this disabling disease. Much suffering could be avoided if the first warning pains of Rheumatism were heeded and the proper treatment at once taken. But the people generally are not acquainted with the cause of the disease, though thousands know its tortures. Those who use liniments and ointments cannot understand why they grow worse each winter, and find themselves gradually becoming unable to get around as they once could; yet they know that their trouble came on at first as little aches and pains, which hardly attracted their attention.

Everybody should know more about rheumatism; they should know that it is a peculiar condition of the blood upon which all the liniments in the world can have no effect whatever. The best blood remedy is needed—one which is able to go to the very seat of the disease, and force it out. Swift's Specific (S.S.S.) is the right remedy for Rheumatism, because it is the only blood remedy free from mercury, potash and other minerals which intensify the disease, causing stiffness of the joints and aching of the bones.

Swift's Specific being a real blood remedy never fails to cure Rheumatism. It reaches even the worst cases where the doctors have made cripples with their prescriptions of potash and mercury.

Mr. D. B. Johnson, an extensive lumber dealer of Blackshear, Ga., writes: "My wife was for years a sufferer from Rheumatism, and was treated constantly, but could obtain no relief. The pain was first felt in her left shoulder, and extended in all directions, increasing in severity. The doctors said the disease was liable to strike the heart at any time, in which event death would be inevitable.

"Every kind of treatment recommended for Rheumatism was given her, including many blood remedies, but none did her any good. She was growing worse all the while, and was reduced to a mere shadow of her former self.

"It was at this critical period that Swift's Specific was given her; the medicine seemed to reach the disease promptly, and she at once began to improve. One dozen bottles effected a complete cure, and she has had no touch of the disease since."

Every one afflicted with Rheumatism should take a remedy which can reach their trouble. S.S.S. will cure the most aggravated case of Rheumatism, Catarrh, Cancer, Contagious Blood Poison, Scrofula, Eczema, or any other blood disease. It is guaranteed.

Purely Vegetable.

Books mailed free to any address by the Swift Specific Company, Atlanta, Ga.

Bargain Ordeals.

"My wife nearly loses her mind in summer."

"How dreadful! What is the cause?"

"When she goes shopping whatever she buys is always ten cents cheaper in the next store."—Chicago Record.

And It Did.

Mrs. Caughtout—"Oh, I'm sure this storm is going to be a violent one, and I fear this old building in which we have taken shelter is unsafe." Mr. Caughtout—"Never mind; it will blow over."—Up-to-Date.

What is Scott's Emulsion?

It is a strengthening food and tonic, remarkable in its flesh-forming properties. It contains Cod-Liver Oil emulsified or partially digested, combined with the well-known and highly prized Hypophosphites of Lime and Soda, so that their potency is materially increased.

What Will It Do?

It will arrest loss of flesh and restore to a normal condition the infant, the child and the adult. It will enrich the blood of the anemic; will stop the cough, heal the irritation of the throat and lungs, and cure incipient consumption. We make this statement because the experience of twenty-five years has proven it in tens of thousands of cases. Be sure you get SCOTT'S Emulsion, 50c. and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York.

Libbey Cut Glass!

We are sole agents for this world-renowned manufacture of Cut Glass. There is none so clear and brilliant as the "Libbey." It costs no more than any other make and is far superior. We have a complete line from a punch bowl down.

"WHERE DIRT GATHERS, WASTE RULES." GREAT SAVING RESULTS FROM THE USE OF

SAPOLIO

AMONG OUR NEIGHBORS.

Invitations are out for the marriage of Miss Caroline Sanders, of this city, to Edward Conklin Wilkinson, of Marquette.—Ypsilantian.

Olive Lodge, No. 156, F. & A. M., will erect and own the second story of W. J. Knapp's new building on west Middle street.—Chelsea Herald.

Janitor Stitt, of the Normal, fell into the empty swimming tank in the gymnasium basement while at work last week, and broke his arm.—Ypsilantian.

Grace B. Davis and Geo. V. Cook were married Wednesday evening, October 6, 1897, at eight o'clock at the home of the bride. The ceremony was performed by Rev. D. Q. Barry.—Dexter Leader.

Married, Saturday morning, at the residence of Mrs. Lulu Buchanan, on Summit street, by Rev. Thomas Holmes D. D., Mr. Charles Kreyger and Miss Belle Hathaway, both of this place.—Chelsea Herald.

On Wednesday, little Eunice and Maude Swarthout discovered some nightshade berries growing in the door yard, ate some of them, were consequently badly poisoned, and had a very narrow escape from death. They are still very sick.—Milan Leader.

Saturday night the home of Mr. and Mrs. Charles Warner, of Dexter, was entered by burglars, who stole jewelry, clothing and other goods, worth in all about \$40. A pair of ladies' white kid gloves were dropped by the thieves and may prove a clue to the burglars.

Justice Joslyn gave John McDowell twenty days in the county jail Monday, for using indecent language in the presence of women. This is the first case of prosecution in this city under the new law, which provides for punishment for using immoral and indecent language before women.—Commercial.

John W. Knight on last Saturday, while building a corn crib, fell from a ladder a distance of about 12 feet and struck upon his feet. As his weight is probably not less than 200 pounds, his fall wrenched his ankles seriously and he will probably be confined at home for some days.—Grass Lake News.

The Leader says Mr. John Steele, of Seio, started his feed mill one day last week when his coat caught and wound around the main shaft. The clothing was almost entirely torn from the upper part of his body and he was drawn around by the shaft several times before help arrived, although by exerting all his strength he had almost stopped the mill. Gwren Sloan stopped the mill and saved Mr. Steele's life.

Warren Lewis, of Ypsilanti, has sold over \$1,200 worth of dogs this year. That is, we mean he has received that sum for dogs sold, for there isn't twelve hundred dollars worth of dogs in the country. But that does not cut any ice with Lewis, and so long as he pulls in \$100 per month for mastiffs, poodles, spaniels, pointers, hounds or setters, it shows that he breeds canines to some purpose.—Adrian Press.

Justice Childs is fast attaining a fine reputation as an expert in reading a man's appearance from his hand writing. Some one at the Hawkins House last Saturday, was telling of the Justice's abilities at reading men from their signatures on the register, and explaining that short fat men generally wrote a large round hand, when a drummer, who was neither short nor fat, but who wrote a large hand, proposed to test Childs. He signed the register and waited developments. Pretty soon along came Leo and the Justice, and they straightway put him on trial. But he was game, and said the man was inclined to be tall, and thin, and was of dark complexion, thus hitting him off exactly.—Ypsilanti Commercial.

A Bargain. She—How nicely you did that! And would you care to always repair my punctures? He—Darling, it would be the greatest joy of my life for me to do so—if you would promise to darn my socks in return. So they rode along in search of a parson.—Cleveland Leader.

GETTING READY

Every expectant mother has a trying ordeal to face. If she does not

get ready for it, there is no telling what may happen. Child-birth is full of uncertainties if Nature is not given proper assistance.

Mother's Friend

is the best help you can use at this time. It is a liniment, and when regularly applied several months before baby comes, it makes the advent easy and nearly painless. It relieves and prevents "morning sickness," relaxes the overstrained muscles, relieves the distended feeling, shortens labor, makes recovery rapid and certain without any dangerous after-effects. Mother's Friend is good for only one purpose, viz.: to relieve motherhood of danger and pain.

One dollar per bottle at all drug stores, or sent by express on receipt of price. FREE BOOKS, containing valuable information for women, will be sent to any address upon application to THE BRADFORD REGULATOR CO., Atlanta, Ga.

CHARLES STEWART PARNELL.

The Real Meaning of the Policy of Obstruction.

Many people set him down merely as a man who, out of some sort of sinister purpose or malignity, wished to interfere with and harass, obstruct and irritate every English government and the whole house of commons, writes Justin McCarthy in "A History of Our Own Times." Mr. Parnell had no feeling of the kind. His was a deliberate purpose, and it was even by the process of exasperation that he tried to fix the attention of the house and the country on the fact that there was an Irish national demand which it would be necessary to listen to and take into consideration. Parnell's creed was that the house of commons was the one great public platform of the country. From that platform he was determined to appeal to and arouse the English people. Therefore he said in substance to the house of commons: "If you will not listen to our Irish national claim, then we will not allow you to discuss any other question whatever of which we can prevent the discussion."

He acted on the inspiration of the woman in the eastern story—of which woman he had probably never heard—who, having tried in vain to get a petition delivered to the sultan, took her place with the little children in the public street, and waited until the sultan rode that way, and then flung herself and babes in front of the horse's hoofs, and declared that she would not move from that spot until he had listened to her appeal or had trampled her and hers to death. That was the real meaning of the later policy of obstruction. It had its effect.

Skin Eruptions Cured for 35c.

Eczema, Tetter, Salt Rheum, Barber's Itch, all itching and burning skin diseases vanish when Dr. Agnew's Ointment is used. It relieves in a day and cures quickly. No case of Piles which an application will not comfort in few minutes. Try it. 35 cents. For sale by H. J. Brown and J. J. Goodyear.

Mixed the Nightingale's Song.

An amusing story is told of the late Jean Ingelow. Once when she was staying with some friends in the country it transpired that, although she often wrote delightfully of nightingales, she had never heard one sing. So one night the whole household went out in the moonlight especially to hear them, and after, by an effort, holding their tongues for five minutes while the nightingales sang divinely, they were startled by Miss Ingelow asking, "Are they singing? I don't hear anything!" With a Londoner's dread of draughts, the poetess, before going out into the night air, had filled her ears with cotton wool.—Philadelphia Record.

Rich and poor alike suffer the tortures that come with that terrible plague, Itching Piles; rich and poor alike find instant relief and permanent cure in Doan's Ointment. Your dealer keeps it.

Practical.

"What nonsense it is," remarked the sentimental girl, "to take daisies and by plucking off the petals try to learn whether or not a man loves you."

"Yes," replied Miss Cayenne, "it is very silly. A much better method is to take the roses he sends you around to the florist's and find out how much they cost."—Washington Star.

CASTORIA.

Why Old Clocks Have III. From the Seattle Post-Intelligencer: Not every one who looks at the dial of a clock knows that the four I's which are in place of the usual IV to designate the number 4 are there because of the obstinacy of Charles V of France. When Henry Vick carried to the king the first accurate clock the king said to him that the IV was wrong and should be changed to III. Vick said: "You are wrong, your majesty. Whereat the king thundered out, 'I am never wrong. Take it away and correct the mistake.'" From that time to this day the four I's have stood at the mark of the fourth hour.

An Observant Girl's Composition.

A little school girl in the rural districts of Georgia was assigned a composition on "Temperance," and the following is the result: "Temperance is more better than whisky. Whisky is 10 cents a drink, and lots of it. My pa drinks whisky. He has been full 113 times. One night he came home late and my ma went out and cut some hickories and walloped him good. Then she ducked his head in a tub of soapuds and locked him up in the barn. And the next morning my pa said he reckoned he'd swear off."

At a Bound.

The newly appointed generalness of the forces summoned her chiefness-of-the-commissariat. "What does this mean?" she asked, wrathfully. "Steel and leather as material for equipment? And for the light infantry? Hereafter see that they are made wholly of aluminum! The very idea!" It was clear that the unwieldy theories of man, when confronted with the incisive logic of the feminine mind, didn't do a thing but suffer miserably. New York Press.

Disparity.

"You're not going to the Klondike region, are you?" said the impetuous man's friend.

"No."

"Don't like the climate?"

"It isn't the climate. It's the surface conditions. There are too many mountain passes and no railway passes."—Washington Star.

From Extreme Nervousness.

THAT no one remedy can contain the elements necessary to cure all diseases, is a fact well known to everyone. Dr. Miles' System of Restorative Remedies consists of seven distinctively different preparations, each for its own purpose.

Mrs. L. C. Bramley, 57 Henry St., St. Catharines, Ontario, writes: "For years I suffered from extreme nervousness and annoying constipation, developing into palpitation and weakness of the heart. I was unable to sleep, suffered much from headache, pain in my left side, palpitation and a constant feeling of weakness and prostration. I began using Dr. Miles' Nerve, Heart Cure and Nerve and Liver Pills and the Anti-Pain Pills to relieve sudden paroxysms of pain and headache. I soon felt much improved and the pains and aches and weariness left me. I then took Dr. Miles' Restorative Tonic and am now restored to my former good health."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

Quick Conversion.

Small Boy—"What'll I do with this money bank?"

Mamma—"Put it away, of course. It has a dollar in it that your aunt gave you, and some change your pa and I put in."

"Not now. There isn't any money in it now. I spent it."

"Spent it? What did you do that for?"

"Why, the minister preached so hard against hordin' up riches, that I got converted and spent what I had."—New York Weekly.

What Do the Children Drink?

Do not give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about 1/2 as much. All grocers sell it. 15c and 25c.

"Why do they call that little Miss Flirtily a sleight of hand performer?"

"Because she has refused a dozen suits or more."

Diseases often lurk in the blood before they openly manifest themselves. Therefore keep the blood pure with Hood's Sarsaparilla.

Economy.

"I would stop drinkin'," said Mr. Lushforth, "but I can't afford to."

"Can't afford to?" echoed the man who was cornered.

"No. Stop drinkin' wife would get a new hat. New-hic—hat, have to have new dress to match it. No tellin' where would end. Whatcher goin' t'ave?"—Indianapolis Journal.

A Brave Girl.

"My heart is punctured!" she sobbed.

They strove to comfort her and not without success.

"Oh, I suppose I can bump along on the rim," she finally exclaimed, smiling bravely through her tears.—Detroit Journal.

Testimonial.

"I don't believe we can use this testimonial," said the senior partner.

"What is it?" asked the junior.

"He says that he has had one of our bicycle lamps for four months, and notwithstanding the fact that it has blown up five times, it is almost as good as new."—Cincinnati Enquirer.

He Could Vote.

Voter—I challenge Shamus Macfogarty. He's no dimmycrat.

Chairman—Give in yer evidence.

Voter—His wife borrows butter of Mrs. Robinson, a republican.

Chairman—But I hear she never pays it back. Yer all right, Mr. Macfogarty. Ye can vote.—Boston Transcript.

There is a Class of People

who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called GRAIN-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over 1/2 as much. Children may drink it with great benefit. 15c and 25c per package. Try it. Ask for GRAIN-O.

PARKER'S HAIR BALM. Cleanses and beautifies the hair. Promotes a luxuriant growth. Never fails to restore Gray Hair to its youthful color. Cures scalp disease & hair falling. 25c and \$1.00 at Druggists.

Chester's English Diamond Brand PENNYROYAL PILLS. Original and Only Genuine. SAFE, always reliable. LADIES ask for this. Chester's English Pennyroyal Brand in Red and Gold packaging. Never fails to restore Gray Hair to its youthful color. Cures scalp disease & hair falling. 25c and \$1.00 at Druggists.

Gov. Pingree Has Returned.

Hon. Hazen S. Pingree, governor of Michigan, arrived at New York on the steamship Venezuela, and is again holding down the executive chair. During his absence he was wandering around the republic of Venezuela, where he was received, he says, with marked honors. It was purely for recreation, Gov. Pingree declares that he took the trip. "My friends know I was going, but I wanted to give the newspaper men the slip for fun, and I went without a soul of them knowing it. Bless me, but I did laugh." The governor says he visited Caracas, Caracas, La Guayra and other points. He called upon President Crespo, who is very ill, and later was received by President-elect Andrade. "The new president," said Gov. Pingree, "is a brick. He received me at the station with a guard of soldiers and a brass band. We drove through town and they showed me all the sights. We had a great time. The band played 'The Star Spangled Banner' and other patriotic American airs. I also dined with Mr. Andrade."

Another Detroit Murder.

William G. Miall, aged 26, a furniture finisher, of Buffalo, who came to Detroit with his brother about six weeks ago in search of work, had a quarrel in a saloon on Michigan avenue, Detroit, with a lame man, but rather than have serious trouble with him the brothers and a friend went out to board a street car. As they were about to step into the car the lame man and a companion stepped up and the cripple, who is supposed to be Charles Wojdeck, aged 21, a cigar-maker, raised his crutch and struck Wm. Miall a heavy blow on the head. He was taken to Emergency hospital, but died in a short time. Wojdeck was arrested.

TELEGRAPHIC TICKINGS.

A heavy explosion of gas occurred in No. 2 slope of the Parrish Coal Co., at Plymouth, Pa., by which three men lost their lives.

The boiler in a grist mill at Moscow, Ia., exploded, killing Engineer W. R. Speers, a fireman named Marolf. Four others were injured. The boiler weighed 2,500 pounds, and was blown over 400 feet.

The sum of \$95,000 was paid for the Toronto, O., pottery by the American China Co. The new company is capitalized at \$150,000. The doors have been reopened and there will be immediate resumption. The pottery will increase from 7 to 12 kilns.

As a result of President Iglesias, of Costa Rica, C. A., declaring himself dictator bloody riots have occurred at various points, particularly at Santo Domingo where five men were killed and 30 seriously injured. Among the killed was Senor Zamora, one of the richest men in Costa Rica.

A broken axle caused the derailment of a west-bound Norfolk & Western through freight at Kinnikinnick, and 19 cars laden with coal and iron, and the station house and platform were completely wrecked. The track was also torn up for a considerable distance.

Asa Wood, a Licking county inmate of the Columbus state hospital, became suddenly very violent and slipping from his cell went to that of another patient and attacked him. The latter grabbed a bed slab and pounded Wood over the head in a frightful manner, inflicting injuries which caused Wood's death.

A Household Necessity.

Cascarets Candy Cathartic, the most wonderful medical discovery of the age pleasant and refreshing to the taste, act gently and positively on kidneys, liver and bowels, cleansing the entire system, dispel colds, cure headache, fever, habitual constipation and biliousness. Please buy and try a box of C. C. C. to-day; 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

NOT FOR EVERYTHING

But if you have kidney, liver or bladder trouble you will find Swamp-Root the remedy you need. People are not apt to get anxious about their health soon enough. If you are "not quite well" or "half sick" have you ever thought that your kidneys may be the cause of your sickness?

It is easy to tell by getting aside your urine for twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate, scanty supply, pain or dull ache in the back is also convincing proof that the kidneys and bladder need doctoring.

There is satisfaction in knowing that the great remedy Dr. Kilmer's Swamp-Root, fulfills every wish in relieving weak or diseased kidneys and all forms bladder and urinary troubles. Not only does Swamp-Root give new life and activity to the kidneys—the cause of trouble, but by treating the kidneys it acts as a tonic for the entire constitution. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar, or by mentioning THE REGISTER and sending your address to Dr. Kilmer & Co., Binghamton, N. Y., you have a sample bottle of this great discovery sent to you free by mail.

Valuable Information for our Readers

Nearly everybody is familiar with the great reputation of Dr. Greene, the distinguished specialist. His remarkable cures, the glorious remedies he has discovered, one of which is the world-famed Nervura, the service he has rendered mankind, have made his name gratefully known all over the world.

Consultation and advice is absolutely free of charge at the office of Dr. Greene, remedies, 148 State St., Chicago, Ill., either by personal call at his office or by letter through the mail. The system of treatment by letter correspondence is a great help to people living at a distance, wide experience enabling a correct diagnosis of your case to be made almost instantly from your description. Every species of nervous or blood troubles yield to these remedies.

The Flour That Makes the Best Bread.

The soft, fine white flour will not give as large an amount of muscle, bone or nerve making food as the whole flour, which constitutes in itself a complete life-sustainer. In selecting flour choose that which is dark in color and free from bran. The best bread flours in the market are of a yellowish-white tinge, rather granulated, and do not easily pack. They make a strong and elastic dough. Though not whole wheat flours they are decidedly the best of the white brands. After selecting the flour the most important thing is to have a good, strong, sweet and pure yeast. The compressed cakes are good and convenient, and will do the work much more quickly than ten times the amount of home made or baker's yeast. When setting bread to rise stand your bread pan in another of warm water; cover the two so that the moisture will pass over the top of the dough at an even temperature of seventy-five degrees Fahrenheit. Mrs. S. T. Rorer in Ladies' Home Journal.

"I am an old soldier of the Rebellion. A year ago I was in bed all winter with chronic rheumatism. Three doctors failed to give me relief. Two bottles of Burdock Blood Bitters put me on my feet. It is worth its weight in gold." W. B. Knapp, Litchfield, Hillsdale Co., Mich.

Cafe De Madrid.

The closing of the cafe de Madrid, for a long time a favorite resort for Parisian men of letters, recalls a couple of anecdotes, says the Bookman. Proth was one day passing the cafe arm in arm with poor Paul Arene. Arene was going in and urged him to do the same. Proth resisted, saying there were too many quarrels in that cafe, only people with hot tempers, etc. At last he yielded, and, five minutes after being seated, in a heated discussion slapped his contradicter's face. "You see," he said to Paul Arene, "is it not an impossible cafe?" The time of the second story was the last years of the reign of Napoleon III. Clement Duvernois, who had just passed from the Republican into the Bonapartist camp, was urging a friend of his—a man whom he judged to be amenable to the same arguments that had convinced him—to follow his example. "But," the friend objected, "what will my friends say?" "Oh," Duvernois retorted, "you will only have to change your cafe."

Followed Their Advice.

"I broke out with great blotches on my face, and friends told me my blood was out of order and that I ought to take a bottle of Hood's Sarsaparilla. I followed their advice and from that time to this I have not had any eruptions on my face. I know Hood's is a good medicine." Mrs. A. E. Radkey, St. Louis, Michigan.

Hood's Pills cure nausea, sick headache, indigestion, biliousness. At druggists. 25c.

Facts About the Toad.

The toad lives ten to forty years, does not begin to produce young until the fourth year, but then lays over 1,000 eggs a year. It has lived two years without food, but cannot live long under water. It never takes dead or motionless food. It takes its food by means of its tongue alone, and it operates this so rapidly that the eye cannot follow its motions. It captures and devours bees, wasps, yellow jackets, ants, beetles, worms, spiders, snails, bugs, grasshoppers, crickets, weevils, caterpillars, moths, etc. The stomach that doesn't flinch at yellow jackets, wasps, blister beetles, and click-beetles or pinch bugs would seem to be prepared for anything in the insect line, and it doubtless is. In twenty-four hours the toad consumes enough food to fill its stomach four times. A single toad will in three months devour over 10,000 insects. If every ten of these would have done one cent damage the toad has saved \$10. Evidently the toad is a valuable friend to the farmer, gardener and fruit grower, and can be made especially useful in the greenhouse garden and berry patch.

CONSUMPTION

London Underground Railway.

The omnibus and cabs are the chief means of transportation to be observed in London, but the most important factor in the intramural traffic is the underground railway, with lines running through tunnels under the buildings and streets of the city, radiating from its important suburbs. The immense traffic which flows through the conveniently located stations below the street level is for the most part concealed from view. The figures tell the story, however, for the number of passengers carried in a year amounts to a little more than 100,000,000, and their fares average less than 5 cents each. To enter one of the dimly lighted underground stations and then be whirled along in the darkened subways, through a continuous cloud of smoke, is an experience which requires frequent repetition before one's patience and forbearance, able to say physical condition, are able to submit to the ordeal with grace.

In America, outside of St. Louis, there are few railroad tunnels which, in proportion to length, can be held responsible for so much of ill-humor and physical discomfort. Still, the underground lines of London have much of facility, and an economic importance sufficient to offset their disadvantages.—The Chautauquan.

Posing Sitters Before the Camera.

"As to the actual work under a skylight, only a few general hints may be given, as here each must work out her own salvation," writes Frances Benjamin Johnston in an article, "What a Woman Can Do With a Camera." In the Ladies' Home Journal. "Do not attempt to pose people, or to strain your sitters into uncomfortable or awkward positions, in order to obtain picturesque effects. Watch them, and help them into poses that are natural and graceful. Study their individuality, striving to keep the likeness, and yet endeavoring to show them at their best. Avoid emphasizing the peculiarities of a face either by lighting or pose; look for curves rather than angles or straight lines, and try to make the interest in the picture center upon what is most effective in your sitter. The one rule of lighting is never to have more than a single source of light. Many portraits, otherwise good, are rendered very inertly by being lighted from several different directions."

Don't Tobacco Spit and Smoke Your Life Away

If you want to quit tobacco using easily and forever, be made well, strong, magnetic, full of new life and vigor, take No-To-Bac, the wonder-worker that makes weak men strong. Many gain ten pounds in ten days. Over 400,000 cured. Buy No-To-Bac from your own druggist, who will guarantee a cure. Booklet and sample mailed free. Address, Sterling Remedy Co., Chicago or New York.

By a Confirmed Bachelor.

Men pray more for their wives than they let on. No girl ever respects a man much till he has made her lose her temper. Firmness is what a man has himself and stubbornness is what his wife has. It's a funny thing that the sweetest girls you meet will put pepper and salt on a piece of cantaloupe without any sense of shame. If a girl forgot herself and said her prayers before she got into the bath tub she would get even by not saying them again at night. Nothing will make a man's throat feel better so quick as to find he has been sucking a suspender button for fifteen minutes instead of cough lozenges.—New York Press.

THE WONDERS OF SCIENCE.

Lung Troubles and Consumption Can Be Cured.

An Eminent New York Chemist and Scientist Makes a Free Offer To Our Readers.

The distinguished chemist, T. A. Slocum, of New York City, demonstrating his discovery of a reliable cure for Consumption (Pulmonary Tuberculosis) bronchial, lung and chest troubles, stubborn coughs, catarrhal affections, general decline and weakness, loss of flesh, and all conditions of wasting away will send three free bottles (all different) of his New Discoveries to any afflicted reader of this paper writing for them.

His "New Scientific Treatment" has cured thousands permanently by its timely use, and he considers it a simple professional duty to suffering humanity to donate a trial of his infallible cure.

Science daily develops new wonders, and this great chemist, patiently experimenting for years, has produced results as beneficial to humanity as can be claimed by any modern genius. His assertion that lung troubles and consumption are curable in any climate is proven by "heartfelt letters of gratitude," filed in his American and European laboratories in thousands from those cured in all parts of the world.

The dread Consumption, uninterupted, means speedy and certain death.

Simply write to T. A. Slocum, M. C., 98 Pine Street, New York, giving post office and express address, and the free medicine will be promptly sent direct from his laboratory.

Sufferers should take instant advantage of his generous proposition. Please tell the Doctor that you saw his in the REGISTER.

LOOKING BACKWARD.

Look after the Back: A Fall, a Strain, a Constant Sitting or Stopping Position Brings Backache—Do You Know This Means the Kidneys are Affected?

How few people realize when their back begins to ache that it is a warning provided by nature to tell you that the kidneys are not working properly. You have a severe fall, you strain yourself lifting or perhaps you are compelled to maintain a sitting or stopping position for long intervals at a time, your back begins to ache, then your head, you become listless, tired and weary, but do you understand the real cause? We think not, else you would use plasters and liniment on the back, which only relieve but do not reach the cause. If you would rid yourself of the pain and cure the root of the trouble, at the same time save many years of suffering and perhaps life itself, you will take a kidney remedy that has been tried and proven that it will cure.

Mr. John Robison of 661 Russell Street, Detroit, says: "As a result of exposure during the war I have suffered ever since with rheumatism and kidney trouble. Pains would start in my hip and go around to my back. Highly colored urine denoted kidney disorder. The pain in my back was often so bad I had to give up work until the severity of the attack passed away. I have used many liniments and other things, but received very little relief. Some time ago I started using Doan's Kidney Pills and they have worked a wonderful change in me. My back is all right now and I owe it all to the almost magical influence of Doan's Kidney Pills." Mr. Robison was a member of the Fifty-first Illinois Regiment, which served through the war with honor and distinction. Doan's Kidney Pills are for sale by all dealers—price, 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

Wellington Never Saw Napoleon.

The drawing master to Queen Victoria's children, a Mr. Corbould, has just published a volume of reminiscences including this novel anecdote about the Duke of Wellington and Napoleon. "On reaching the palace one morning, the Prince of Wales showed me a drawing he had just finished. Napoleon was depicted on horseback, leveling a pistol at the Duke of Wellington, who was advancing to cut down his great enemy. While I was looking at the drawing, who should come in but the duke himself! "Why, the very man who can best criticize my drawing!" cried the Prince. "Now, can you tell me who that is on the left?" he went on, presenting the sketch to the duke. "Well," replied the latter deliberately, "judging from the waistcoat and the cocked hat, I should say it was meant for Napoleon." "Right," said the Prince. "And who is the other figure?" "By the cut of the jib," returned the duke calmly, "I should say it was myself." "Right again. Well, now is the drawing accurate? That's what I want to know." The duke rose, put down the sketch, and thus impressively addressed the Prince of Wales: "My boy, I'm going to tell you something that the English people don't seem to realize. I was sent out to keep Napoleon in check, but never in my life have I set eyes on him! Once, in the midst of a battle, some one cried, 'Look, there's Napoleon!' but before I could get the glass to my eye the smoke from the field gun had enveloped him."

Proved Priceless.

Ruby coats and cinnamon flavor. Dr. Agnew's Liver Pills are household favorites. Impurities leave the system. The nerves are toned. The blood is purified. The complexion is bright and ruddy. Headaches vanish and perfect health follows their use. 40 doses 10 cents. For sale by H. J. Brown and J. J. Goodyear. 12

A careful perusal of the map of Wisconsin will convince you that the Wisconsin Central Lines running from Chicago and Milwaukee to St. Paul, Minneapolis, Ashland, Hurley, Ironwood, Bessemer, and Duluth, touch a greater number of important cities than any line running through Wisconsin. Elegantly equipped trains, leaving at convenient hours, make these cities easy of access. Any ticket agent, can give you full information and ticket you through. Jas. C. Pond, Gen. Pass. Agt., Milwaukee, Wis. 1202

Land and a Living.

Homeseekers' excursion tickets from Cincinnati via the Queen & Crescent Route to all points south of Somerset, Ky., in Kentucky, Tennessee, Alabama, Mississippi, North and South Carolina, all points on Q. & C. Route in Louisiana and to certain points in Georgia and Florida, at about one-fare for the round trip from Cincinnati, on the first and third Tuesdays of each month.

One way settlers tickets Cincinnati to southern points on certain dates each month at about half the usual rates.

W. C. RINEARSON, C. P. A., Cincinnati, O.

WHERE DIAMONDS COME FROM

Brazil and South Africa Furnish the Bulk of the Product.

For centuries the only source of diamonds was India, the chief of which was the region of Golconda. The phrase "diamonds of Golconda" refers not to the mines but to the town where they were taken for sale. It is now little more than an abandoned fort, the Indian mines being largely worked out. In 1734 diamonds were found in Brazil and for 120 years diamonds were brought from that source. After various attempts to work these diamond mines by individuals, about a century ago the firm of Hope & Co. of Amsterdam undertook the work and for the privilege assumed the government debt of Brazil. Amsterdam thus continued to hold her position as the center of the diamond cutting industry, employing, directly or indirectly, from 30,000 to 40,000 people. Of late Antwerp, Paris and London have been overtaking Amsterdam in this industry, Antwerp cutting one-quarter of the world's yield today. Within the last thirty years the product of the Brazil mines has declined to the extent of \$150,000 annually. The introduction of new machinery must again render these mines important, but they are now undersold by the African diamond field. The African discoveries began in 1856 and have had several distinct stages of development. Probably had it not been for the diamonds the African gold mines would not have risen to their present importance. The first diamonds were found on the Gong Gong river in the neighborhood of the Orange river, and the method followed there is the same as that in Brazil, two or three men forming a company and working on their account. These mines, known as the "river diggings," are now of limited importance.

Indigestive poisons are the bane of the dyspeptic's life. When sick, see if your sickness poisons. If so, take Shaker Digestive Cordial. This is the only certain way of being permanently cured, because it is the only way that gets rid of the poisons. You know that fermented food is poisonous. You know that poison is unhealthy. Shaker Digestive Cordial clears the stomach of fermenting food, and purifies the blood and system of indigestive poisons. It cures indigestion and the diseases that come of it. Headache, dizziness, nausea, stomach-ache, weakness, flatulence, constipation, loss of appetite, irritability, etc. These are a few of the symptoms, caused by indigestive poisons, cured by Shaker Digestive Cordial. At druggists, price 10 cents to \$1.00 per bottle.

Clairvoyance and Telepathy.

A very interesting discussion in regard to telepathy took place at the last meeting of the society of Psychological Sciences, in Paris. Mgr. Merle was the principal speaker, the subject chosen by him being clairvoyance. He said in part:

"Presentiments are phenomena of sensibility. They affect the nerves and the imagination; they are irregular and troublesome; they are a foreboding which arouses attention and excites to thought. Clairvoyance is an art of vision. It belongs to a higher faculty; it implies more clearness and precision in the knowledge of distant events and of the deductions which may be conjectured from present events. Telepathy embraces at one and the same time the phenomena of presentiments and clairvoyance; it gives us a view of phenomena distant in space and time."

Mgr. Merle then quoted in support of his views a little known and very curious paragraph from one of St. Thomas' works on the subject. According to St. Thomas the soul is placed between time and eternity, between the pure spirits and the human being. Furthermore, under the influence of certain physical causes, the soul has the faculty of departing from the body and from this temporal life, and on such occasions it wings its way to the land of pure spirits and eternity. Finally, St. Thomas claims that by this movement the soul enters into intellectual relations with the superior spirits and thus acquires a certain knowledge of the future.

"An ounce of prevention is better than a pound of cure." Dr. Wood's Norway Pine Syrup prevents consumption by curing colds, and all similar lung troubles.

Miraculously Saved.

Up in the city hall they were talking about fires the other day, and somebody spoke of the narrow escape a citizen had not long ago. According to the story he left a certain dwelling just ten minutes before it was struck by lightning.

"It was an awful close call," said the narrator.

Chief Dickinson's eyes twinkled. "That reminds me of a narrow escape I had during the war," he said. "I arrived on the field of battle—it was one of the fiercest engagements of the war—just twenty-four hours after the fight was over. Of course, if I had been there in time I would have been killed. In fact, I have often thought, with a shudder, of that unusually close call." And the man with the lightning story walked away.—Cleveland Plain-Dealer.

For Over Fifty Years

MRS. WINSLOW'S SOOTHING SYRUP has been used by millions of mothers, for their children while teething, with perfect success it soothes the child, softens the gums, allays all pain; cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle

WANTED—Trustworthy and active gentlemen or ladies to travel for responsible established house in Michigan. Monthly \$65.00 and expenses. Position steady. Reference. Enclose self-addressed stamped envelope. The Dominion Company, Dept. Y, Chicago.

A Magical Life Saver

Is Dr. Agnew's Cure for the Heart. After years of pain and agony with distressing heart disease, it gives relief in thirty minutes. Thos. Petry, of Aylmer, Que., writes: "I had suffered for five years with a severe form of heart disease. I was unable to attend to business. The slightest exertion produced fatigue. Dr. Agnew's Cure for the Heart gave me instant relief, four bottles entirely cured me." For sale by H. J. Brown and J. J. Goodyear.

At Home One Day.

"An' sure, Dennis," said Mrs. Flannigan to her husband, "that Mrs. Top-notch must be glad about every day in th' wake but wan." "An' why so?" asked Dennis. "I've just bin after reading in th' paper," replied Mrs. Flannigan, "that she's 'at home' every Wednesday."—Ohio State Journal.

Scaptics Turn Believers and are Cured

"When I read that Dr. Agnew's Catarrhal Powder could relieve Catarrh in 10 minutes I was far from being convinced. I tried it—a single puff through the blower afforded instant relief, stopped pain over the eyes and cleansed the nasal passages. Today I am free from catarrh." B. L. Eagan's (Easton, Pa.) experience has been that of thousands of others and may be yours. For sale by H. J. Brown and J. J. Goodyear. 10

A Good Thing to Remember.

An unmarried woman, in writing to the New York Herald, in answer to the question, "Why don't men marry?" remarks that neither sex belongs exclusively to the "angel nor devil family." If married folk always bore that in mind perhaps wives would receive more reward for good deeds, and husbands more mercy for bad ones, and there would be fewer unhappy marriages.

Troubled For Three Years.

"Having been troubled more or less for the past three years with kidney difficulties, Hood's Sarsaparilla was recommended to me. I began taking it and after using three bottles I was completely cured. I gladly recommend Hood's Sarsaparilla to anyone." Alex. M. Agens, Ludington, Michigan.

WEAK, NERVOUS, DISEASED MEN
250,000 CURED IN 20 YEARS.
CURES GUARANTEED OR NO PAY!
\$1000 IN GOLD FOR A CASE WE CANNOT CURE OF SELF-ABUSE, EMISSIONS, VARICOCELE, CONCEALED DRAINS, STRICTURE GLEET, SYPHILIS, STUNTED PARTS, LOST MANHOOD, IMPOTENCY, NERVOUS DEBILITY, UNNATURAL DISCHARGES, ETC.

The New Method Treatment is the Greatest Discovery of the Age FOR CURING THESE DISEASES

HEREDITARY BLOOD DISEASE.

Thousands of young and middle aged men are annually swept to a premature grave through EARLY INDISCRETIONS, EXCESSES, AND BLOOD DISEASES. If you have any of the following symptoms consult us before it is too late. Are you nervous and weak, despondent and gloomy, specks before the eyes with dark circles under them, weak back, kidneys irritable, palpitation of the heart, painful dreams and losses, sediment in urine, pimples on the face, eyes sunken, hollow cheeks, careworn expression, poor memory, listless, distrustful, lack energy and strength, tired mornings, restless nights, changeable moods, weak manhood, stunted organs and premature decay, bone pains, hair loss, spots on throat, etc.

YOU HAVE SEMINAL WEAKNESS!
OUR NEW METHOD TREATMENT alone can cure you, and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers disappear; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. You feel yourself a man and know marriage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quacks and fakirs rob you of your hard earned dollars. We will cure you or no pay.

HAS YOUR BLOOD BEEN DISEASED?
SYPHILIS is the most prevalent and most serious BLOOD disease. It saps the very life blood of the victim and unless entirely eradicated from the system will affect the offspring. Beware of Mercury. It only suppresses the symptoms—our N. W. M. H. O. D. positively cures it for ever.

YOUNG OR MIDDLE-AGED MAN—You've led a gay life, or indulged in the follies of youth. Self-abuse or other excesses have broken down your system. You feel the symptoms stealing over you. Mentally, physically and sexually you are not. The signs you used to be or should be. Lustrous raven hair, rosy cheeks, will you find the danger signals?

Are you a victim? Have you lost hope? Are you contemplating marriage? READ! Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. Consultation Charges reasonable. Books Free. "The Golden Monitor" (Illustrated) Diseases of Men. Inclose postage, 2 cents. Sealed. Book on "Diseases of Women" Free.

25-NO NAMES USED WITHOUT WRITTEN CONSENT. P. I. VATE. No medicine sent C.O.D. No names on boxes or envelopes. Ever! In all confidential. Question list and cost of Treatment, FREE.

DRS. KENNEDY & KEGAN, No 148 SHELBY ST. DETROIT, MICH.
