WENT TO JAIL.

DEXTER CLOTHING MERCHANTS LOCKED UP.

James, Croarkin And Sloan Will Sue The City For False Imprisonment

"Gone to jail for selling goods too cheap," was the sign posted last Thursday night in front of the Main street store where L. L. James, Ed Croarkin and Pat Sloan, of Dexter, had been selling clothing. Whether they had sold too cheap or not remains to be proved but there is no doubt about their having gone to jail.

The men were arrested October 30 for selling goods without a license. Thursday they were taken before Judge Duffy, given a jury trial, found guilty and sentenced to pay \$15 each and costs, or go to jail 15 days. They chose the latter, saying they had no money. The men were promptly marched to the jail where they spent the night and where they declared they would remain the whole 15 days. Next morning they appealed to the circuit court however, gave bonds, and were set at liberty.

The men were reticent when asked about their plans but from what they said it is understood that they will sue the city for false imprisonment in the hopes of getting a good sum of money out of it. They claim that they were not subject to the ordinance because they were not transients, having come here to stay. They also believe that the ordinance is unconstitutional and will be overthrown by the higher court.

ATTEMPTED SUICIDE.

ANOTHER SAD TALE OF TRUST AND DESERTION.

An Allegan Girl In Trouble Here.—A Student Implicated.

A well dressed and nice looking young woman called at the Arlington House, Tuesday and engaged rooms. Yesterday she did not get up and when the door of her room was opened she was nearly dead from taking laudanum and chloroform. The name she gave was "Nellie Fawn, of Toledo." Her real name proved to be Stella Seabring and her home, Allegan.

She left the hotel and Marshal Sweet fearing she would kill herself began search, finding her at last in the room of a medical student from Allegan. The girl told a most pitiful story. "My parents live in Blissfield," she said, "and I have been staying with my sister in Allegan. I was engaged to Clarence Fuller, of Allegan, but when he found he had gotten me into trouble he ran away. The student is a friend of Mr. Fuller and let me come here to protect his friend. I was always a good girl before. I'm going to Detroit to stay in a hospital."

The girl is 20 years old and seems to come from a good family. Her story is a most pitiful one and is told in a straightforward, truthful manner.

A BAD FIRE.

Two Barns Burned In Manchester.

About 12 o'clock Tuesday night, Geo. Nisle, of Manchester, discovered that the barn at the rear of Wm. Burtless' house was on fire. He spread the alarm and a crowd soon collected. The fire engine was brought out but was not in good order and was of no use whatever. Soon the adjoining barn belonging to Geo. Haenssler was on fire. Both barns and other out buildings were burned to the ground. Only by hard work was Mr. Haenssler's residence and Kullen Ramp's livery barns saved. Mr. Burtless' fine span of horses were taken from the barn just as the building collapsed, while Mr. Haenssler saved his horse and carriage. Insurance only on the latter's barn. The fire is thought to have originated from the pipe of a tramp, who had tried to remain in the barn over night. Had not everything been damp from the recent rains and the wind in a favorable direction, several of our finest residences would have been destroyed.

BURNED TO DEATH.

Representative Campbell's Little Daughter Killed One Week Ago.

One week ago Wednesday night, Hon. J. K. Campbell and wife, of Augusta, went away from home in the evening, leaving their two daughters, Susie and Alice in the care of the hired girl. While playing, Susie jarred a quilting frame and knocked over the lamp, spilling oil on her dress, which at once caught fire. Her sister got her out doors, and the hired man arriving, pumped water on the little girl, putting out the fire, but not until she was badly burned about the breast and head. At first it was thought the injury would not prove fatal, but the burns and shock together were too much for the young life which ended Friday morning.

HORSE KILLS A MAN

Who Tries To Shoot Him With A Revolver.

On Tuesday of last week Wm. Schnierring, a farmer of Manchester township, tried to shoot a horse with a revolver. He held the horse in his left hand and fired but only wounded the horse. He fired a second shot and spectators saw him fall. Going to the spot they found him lying dead with a bullet through his brain. It is thought the horse reared and struck the pistol, turning it toward Mr. Schnierring's head at the moment of firing.

A HOT TIME

PLANNED AND CARRIED OUT BY THE ELKS.

Jackson And Detroit Members Helped In The Charity Benefit.—This Was Followed By A Banquet.

There was a hot time in this particular town last Friday night. In the morning a special train from Jackson, brought in 120 Elks and a smaller crowd numbering thirty came up from Detroit to attend the Charity show at the Athens theatre.

The performance at the theatre opened with a negro minstrel show. This was followed by music, rifle shooting, and slight-of-hand performances. After the entertainment, the Elks, 300 in number adjourned to their rooms for a social session. A good dinner was served and after much food had disappeared, Martin J. Cavanaugh called the house to order and introduced Mayor Hiscock, who said many excellent things but none which pleased the Ann Arbor delegation so much as the statement that he heartily favors street paving. Other toasts were given and when the Elks started for the train the court house clock was striking two.

THE NEW ROAD

From Detroit To Ann Arbor Is Under Way.

A fresh impetus was given to the new Detroit, Ypsilanti & Ann Arbor railway last week by the granting of a franchise by the Springwell town board allowing the company to run cars through that township. Work has already been commenced by contractor Michael J. Griffin.

It is the company's intention to have offices in all of the towns along the route, to carry light freight and to do a suburban express business. Negotiations are pending with the United States express company whereby it is believed they will establish branch offices in every town along the route, thus enabling the patrons of the road to express merchandise to any part of the country. The new road will be completed as far as Dearborn within the month, and will be continued on to Ann Arbor in the spring.

DENIES THE CHARGE.

C. L. McGuire says the Charges Against Him Are False.

Attorney C. L. McGuire was arrested Monday, charged with obtaining money under false pretenses. His examination will be held on November 27.

It is alleged that he sold to Hannah E. Sears, a mortgage which he held on property belonging to Mr. B. F. Gerow, telling her that he had sold Mrs. Gerow the property for \$500. As he had sold it for only \$250 the charge of false pretenses was made. Mr. McGuire says he is entirely innocent and that the charge is made out of malice through the influence of personal enemies who want to injure him.

CONVENTION REPORTS

At The W. C. T. U. Meeting Tomorrow

At the W. C. T. U. meeting last Thursday, Miss Bower gave a report of the recent National convention. As the rain prevented a large attendance another meeting will be held tomorrow afternoon at 3 o'clock in the Y. W. C. A. rooms. Reports of both the World's and the National conventions will be given. A 10c supper will be served and the meeting will take the place of the one usually held on Thanksgiving day.

ANN ARBOR SAVINGS BANK.

America points with pride to the vast sums held in trust by her Savings Banks, whose depositors, as a rule, are found in the humbler walks of life among the artisans, craftsmen, and toilers in all her varied interests, whose brain and muscle have builded her most substantial elements of wealth, and whose grand accumulations is the sure forerunner of the future. Among this class of banks Ann Arbor is represented by the Ann Arbor Savings Bank, which was chartered in 1869 and during its business career has maintained an untarnished record, and has served all its depositors faithfully and honestly. It is officered as follows: President, Christian Mack; Vice President, W. D. Harriman; Cashier, Chas. E. Hiscock; Assistant Cashier, Michael J. Fritz. They are gentlemen of prominence in the commercial and professional circles of the county and the scrupulous care with which they have guarded the funds placed at their disposal, and the success which has attended their management indicates not only ability, but that they duly appreciate the responsibility of the trust imposed in them, and that they enjoy the reward of knowing the Bank is regarded as one of the most reliable institutions in the state. It is an interest which has been fruitful of good, and we hope that its good work will live with, instead of after, it.

SCHAIERER & MILLEN.

In no class of trade and with no house in the line of an extensive Dry Goods business is the promise of increased activity in trade more strikingly illustrated than at the store of Messrs. Schairer & Millen. In speaking of this house we desire to impress upon the minds of our readers, first, Messrs. Schairer & Millen do at all times and under all conditions of business, keep constantly presented to the public a succession of new ideas in the way of novelties and styles. Second, they make it their constant aim and study to procure the most desirable goods for each department, and, being closely identified with many of the leading importers and manufacturers, are enabled to offer a most superior line of goods, at prices beyond the reach of successful competition, and they are daily receiving abundant evidence of the just appreciation of their efforts to please their many patrons throughout Ann Arbor and vicinity. The stock displayed plainly testifies to the extent of their business connections, in fact, this store is filled to overflowing with the very choicest designs of silks, dress goods, jackets, wraps, capes, underwear, hosiery, corsets, embroideries, kid gloves, lace curtains, notions, fancy goods and miscellaneous merchandise pertaining to this special branch of trade. A special and most gratifying feature of this house is its system of guaranteeing all goods to be exactly as represented, all goods being exchanged or money refunded cheerfully. It is not saying too much to claim that Messrs. Schairer & Millen possess an adaptability and capacity for developing and carrying on a gigantic enterprise. The goods are sold at such low prices as to gain for this store the reputation of being the greatest bargain house in the city, and new bargains are being offered every day.

MUEHLIG & SCHMID.

Among the prominent and representative business men engaged in the Hardware trade in this section, special mention must be accorded Messrs. Muehlig & Schmid. The business was established by L. C. Risdon, in 1850, and since it came into the possession of Messrs. Muehlig & Schmid, the business has been enlarged, so that now they carry one of the largest and most complete stocks in this vicinity, and have built up a large first-class trade, at the same time sustaining a high reputation for their enterprise and business sagacity. It would be impossible as well as impractical to attempt an enumeration of the various articles pertaining to this important branch of commerce that may be found at this establishment. The stock is very large and the specialties in some articles, of which they possess many, are of such a nature and bear such a character of usefulness as to claim universal attention and general patronage. The general stock carried embraces every

FOR GIRLS AND WOMEN

PLANS TO IMPROVE THEIR PHYSICAL CONDITION.

MRS. E. A. BUCK'S RECOVERY

From Severe Nervous Prostration. The Simple Method Which Wrought A Permanent Cure In Her Case.

There has been more or less talk of late about the benefits of gymnasium work for girls and women.

There is no doubt that their physical condition can be greatly improved by systematic exercise. And it is certain that many stand in sore need of such improvement.

The great weariness, nervousness, poor sleep, inability to walk far without tiring, bearing-down feelings, headache, and backache, cold feet, and spinal tenderness,—all these are symptoms that affect a large proportion of women.

"The sense of exhaustion is a remarkable one; the woman is always tired; she passes the day tired, she goes to bed tired, and she wakes up tired, often, indeed, more tired than when she fell asleep. She sighs a great deal and her arms and legs tremble or 'fall asleep' so frequently that she fears palsy or paralysis."

But few have opportunities for physical culture, and they give up hope and suffer silently and sadly. Into the darkness of their sorrow comes a gleam of brightness from the experience of Mrs. E. A. Buck of Lynn, Mass. She writes:

"For a long time I was on the verge of nervous prostration and general debility. I was so I could not walk any distance without a terrible palpitation of the heart and a dizzy, faint feeling. Nothing helped me until I used Paine's celery compound. A few bottles of that remarkable medicine made me feel like another woman. I now do my own housework, sleep well, have a good appetite, and can walk a long distance without having to rest at all. I only hope this testimony of mine will induce some poor, nervous, worn-out friend to use this compound and be cured."

Why should there be suffering and sickness among women when there is this scientific, common-sense remedy, Paine's celery compound, that cures. If you do not need it yourself, speak of it to some weak and nervous woman and tell her that at last there is relief for nervous ills.

Walker & Co. are among our most enterprising and progressive business men who take an interest in all that pertains to the advancement of trade in this vicinity.

O. M. MARTIN.

If there is one business more than another that requires for its successful prosecution a large amount of fine taste, delicacy of thought and expression towards its patrons, and a tender respect and sympathy for their feelings, it is that of funeral director. How few we find, that are in this profession, who have these requisites; but in every city and village may be found men engaged in this profession who have a natural adaptation, and a fine sense of the friendly feeling and sympathy that should be awarded to all such occasions, and we refer with pleasure to Mr. O. M. Martin, who, in the complete furnishing and conducting of funerals, for either the poor or wealthy, has no superior, displaying no unseemingly ostentations in showing his goods, or the conducting of his business. A quiet elegance pervades in his conveniently arranged establishment. This house has gone along in the even tenor of its way, and by honesty and truthfulness in all transactions with patrons, has gained their entire good will and confidence. A BACK BLOW.

The Weapon Small,—but None More Certain or Effective.

In these times when backs are lame, when almost every other one we meet has now and then, or all the time, a back that aches or pains—"a weak back," "a bad back," a back that makes their life a misery to bear—and still they go on day by day in pain and suffering. Now 'tis the easiest thing in the world to give this played out back "a blow" that will settle it, and put in its place a new one equal to any. It's just like this: hit at the cause; most backaches come from kidney disorders. Reach the kidneys, start their clogged-up fibres in operation; when this is done you can say good-bye to backache.

Here is a case from Battle Creek: Mr. Josiah M. Shoup lives at 51 Broad Street, he was a member of the Battle Creek police force for many years. As a member of the force he served the city well, but the rough weather he was often subjected to laid the foundation of kidney disorder, which has troubled him very much. Here is what he says about it:

"About three years ago, while on the police force, I contracted from exposure a kidney trouble, which has since given me no end of trouble. The pain was right through my kidneys and across the small of my back; if sitting down and I wanted to stand up, I had to arise very slowly and gently to avoid increasing the pain; I had such tired-out feelings all the time, and I was steadily getting worse. About two months ago, hearing of Doan's Kidney Pills, I got a box. Their action and effect was most complete, they removed the old aching pains for good. I can now get around as quickly as anybody. Doan's Kidney Pills are certainly as represented."

For sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

A WHOLE MAN.
 A whole man is another name for a healthy man. One of the prime essentials of health is cleanliness. The first step in this direction is a clean skin. This fact is well known. Not only should the outside of the body be perfectly clean, but the interior of the body as well. Clean teeth, clean mouth, clean throat, clean nasal passages, are all requisites of perfect health. The whole body, as every organ in the body, is lined with mucous membrane, which is even more liable than the skin to become very dirty. The most frequent cause of unclean mucous membrane is catarrh. Catarrh creates unnatural secretions, even though the catarrh be very slight. In this condition good health is impossible.
 Dr. Hartman has made a specialty of treating chronic catarrh for nearly 40 years. His great remedy (Pe-ru-na) has become known throughout the United States and Canada. It is certainly the best, and probably the only effective internal remedy for chronic catarrh. Its cures are permanent. The Doctor is also the author of many books on chronic catarrh. His latest book on the subject will be sent free for a short time by The Pe-ru-na Drug Mfg. Co., Columbus, O.

MICHIGAN NEWS BRIEFLY TOLD FOR MICHIGANERS.

Labor Commissioner Cox Shows that the Farmers and Workers of Michigan are Enjoying Prosperity—A Village President Arrested on Serious Charge

Did He Commit Suicide?
 It is believed that John P. McKinnon, formerly a wealthy lumberman, for a number of years a resident of Detroit, committed suicide by jumping from the steamer City of Alpena somewhere between Cheboygan and Detroit. Mr. McKinnon boarded the steamer at Cheboygan and was given a check, to be taken up upon leaving the boat at Detroit as is customary, and was assigned to stateroom 40. When the boat arrived the check was not taken up and Mr. McKinnon's overcoat and grip were found in the stateroom, and in one pocket of the coat was found a note ascribing his family troubles to a certain person. His wife, who had separated from him, says his mind was weakened by an illness a few years ago and since then he had been so insanely jealous that she had to leave him. McKinnon was about 50 years of age, his wife is under 30.

Evidences of Prosperity in Michigan.
 State Labor Commissioner Cox says that evidences of returning prosperity in Michigan are abundant. The office is receiving reports which shows that there are far less unemployed men in the cities and villages of Michigan, than there were a year ago. Factory employes have increased nearly 8,000 more than last year being reported from Detroit alone, and the canvass is not yet completed. Prices of all farm products have increased and the condition of the farmer is much better. Many farm mortgages have been canceled or partly so, and debts of other kinds wiped out by the farmer. From an estimate made from a partial canvass it is shown that there have been more than a thousand new mercantile and manufacturing institutions started up in Michigan within the past year.

Allegan's President Arrested for Larceny
 Dr. L. F. Stuck, president of the village of Allegan, has been arrested upon the complaint of E. T. Van Ostrand, a druggist, charged with embezzlement and larceny. The doctor was supplied with a key to Van Ostrand's drug store so that he could go in at any time and obtain medicines for use in his practice. Van Ostrand claims to have missed various articles other than medicines during the eight years over which this arrangement has run and three clerks have been discharged under suspicion. A detective was employed and he alleges that he discovered Dr. Stuck taking advantage of his opportunities. Van Ostrand estimates his loss at \$2,300. The prisoner denies his guilt. The doctor has a wife and two sons, one of the latter attending the U. of M.

Franks resides in Kimball township and had been in the city all day in the company of Mr. and Mrs. Shettler, of Wadhams. About 7 o'clock they started for home in a single rig drawn by a team of colts. The horses became frightened and dashed down the street. When near the corner of Lincoln avenue and St. Clair street the buggy came in contact with a telegraph pole. Franks, who was driving, was thrown forward and struck the pole with his head. His neck was broken and face badly cut. Mrs. Shettler, was badly injured about the body, being thrown to the ground. Mr. Shettler was sitting in the back of the buggy and was also injured. Franks was an old soldier and a widower.

TROUBLE IN EUROPE.
Austria-Hungary Being Estranged From Germany.
Germany's position in Europe is becoming more perilous than before by the attitude of Austria, which has effected an agreement with Russia and France regarding its policy in the east. The recent visit of the Austro-Hungarian minister of foreign affairs to King Humbert of Italy is regarded in Berlin political circles as being of the highest importance. The visit is interpreted as meaning a closer understanding between Austria-Hungary and Italy and as a leaning of those two powers toward Great Britain. The Mediterranean interests of both Austria and Italy are of vast and far-reaching importance, and they cannot be subserved so long as there is a latent antagonism against England as a feature of the dreibund policy.
From editorials in Berlin papers it appears that while the dreibund is still in force, Germany must not along side of the other powers or pursue her own oriental and colonial policy unaided and apart from the other nations. The original reason of Austria's attitude is said to be the uncalculated affront given to England by Emperor William's letter to President Kruger. Famine is now said to threaten the fatherland, and the Prussians are enraged at the remarks of the kaiser, who bitterly attacked the Prussian kings while speaking of the pope's action.

Short Session of Congress Predicted.
The approach of the date for the assembling of congress is already drawing many of the leaders to Washington and some work is already being done to shorten the session or at least get down to solid business at once. It is the intention of Chairman Cannon, of the appropriations committee of the house, to begin the preparation of the appropriation bills at the earliest possible date. He has announced the appointment of the sub-committees, and those on the pension and the legislative, executive and judiciary bills have been called to meet Nov. 27, a week in advance of the assembling of congress. As the house is fully organized, by the appointment of all the standing committees, it will be expected to get down to business as soon as it reassembles. Most of the members who have already arrived express the opinion that this will be the shortest regular long session of congress in years. Ordinarily the long sessions last from six to 10 months. Mr. Hopkins, of Illinois, one of the prominent Republican leaders, predicts that congress will have completed its work and adjourned before May 1.

Some Ohio Republicans Oppose Hanna.
A Columbus dispatch says: Charles L. Kurtz, former chairman of the Ohio Republican state committee, has made a statement in which he throws down the gage of battle to Senator Hanna and promises to defeat him for re-election to the senate. It is the first authentic statement from the anti-Hanna forces.
Mr. Kurtz is one of the best known Republicans in Ohio, understanding fully what is being done by both sides, and is the chief manipulator of the forces opposed to the re-election of Senator Hanna. Mr. Kurtz says: "Before the Ohio legislature meets the Republicans of this state will be asked to show their senatorial preferences, and Mr. Hanna will have no following that will make him considered even a leading candidate for the senatorship. The returns of the recent election show that he is not wanted by the party."

Serious troubles come from the neglect of a cough. Dr. Wood's Norway Pine Syrup is a perfect cure for coughs and colds of all sorts.

DISSOLUTION OF PARTNERSHIP.
Notice is hereby given that the partnership lately existing between Gottlob C. Stark and Edwin A. Garte, of the city of Ann Arbor, Mich., under the firm or partnership name of Stark & Garte, was dissolved on the 15th day of November, 1897. By mutual consent, all debts owing to said firm are to be received by said Edwin A. Garte, and all demands on said partnership are to be presented to him for payment, as he is authorized to settle all debts due to, and by said firm, and he will be found at the place of business of said late firm, where he will continue the same business.
Dated, Ann Arbor, Nov. 15th, 97.
Gottlob C. Stark,
Edwin A. Garte.

As will be seen by the above, I will carry on the painting and decorating business in the same building, No. 212 E. Washington street, and would therefore respectfully ask the people of Ann Arbor and Washtenaw Co. to continue their kind patronage bestowed on the old firm, to me. I shall try my utmost to prove worthy of the confidence placed in me.
Very respectfully,
Edwin A. Garte.

Reciprocity and Other Friendly Moves Being Considered by Uncle Sam and Canada—Great Britain Says France Must go Slow in Western Africa.

Courts of Miss Canada and Uncle Sam
Sir Wilfrid Laurier, premier of Canada, and Sir Louis Davies, Canadian minister of the marine, are at Washington to discuss the Bering sea seal question, but will also consider all pending questions which have been sources of international complication between the United States and Canada—the passage of alien laborers to and from Canada; the North Atlantic fisheries question; the presence of many Americans in the Canadian Klondike territory and in the mining regions of British Columbia; the fisheries trouble along the Great lakes; the bonding privilege granted Canadian railroads; the controversy over rights in the Fraser river, British Columbia, and in Puget sound, and also the question of a reciprocity arrangement between the United States and Canada. It is even suggested that Canada is ready to offer the United States an equal footing with England in tariff matters.

Later—Definite arrangements have been made for taking up the subject of a reciprocity treaty between the United States and Canada, and to this end meetings have been fixed between Hon. John W. Kasson, who is specially delegated by President McKinley to conduct reciprocity negotiations, and Sir Wilfrid Laurier, and Sir Louis Davies. This is the result of the long and friendly conference held between Secretary Sherman and Sir Wilfrid. It is not expected that the reciprocity treaty itself can be matured during the present visit of the Canadian officials, the desire being to arrive at some common understanding at this time, and then perfect the details later.

A dinner given at the White House by the President assisted toward a friendly settlement of pending questions. There were no toasts and no speeches, but at its conclusion the Canadian guests accompanied the President and his cabinet advisers to the blue room, where a wholly informal and personal exchange of views occurred.

Lord Salisbury Threatens France.
At the lord mayor's annual banquet at London the marquis of Salisbury, the British premier, after referring to other matters, introduced the trouble between England and France in West Africa, and said: "It might not achieve the general conciliatory process desired if I entered frankly into all the negotiations between the powers respecting Africa. We are all aware of the great extent of territory cast loose during the last 20 years in Africa and put up as the object of acquisition for several enterprising governors. We desire that territory to be governed on strict principles of right and with constant regard to its prosperity and to the interests of the empire. We wish trade to pursue an unchecked course on the Niger, the Nile and the Zambesi, and in doing these things while we wish to behave in a neighborly manner and to show due consideration for the feelings and claims of others, we are obliged to say that there is a limit to the exercise of this particular set of feelings and we cannot allow our plain rights to be over-riden."

Spain's Reply Satisfactory to Uncle Sam.
It is stated on good authority that Premier Sagasta's reply to U. S. Minister Woodford's note is eminently satisfactory to the U. S. government. In the Spanish ministry pledges itself to correct the abuses of power in Cuba, which were the subject of so much complaint during the Weyler administration, and gives assurance of its friendly feeling toward the American people. It accepts our good offices in its efforts to restore peace in Cuba, and in a perfectly respectful and friendly spirit asks this government as far as possible to restrain the insurgent sympathizers in the United States from giving material aid to the enemies of Spain in Cuba.

The reply has made a favorable impression upon President McKinley. It is likely that one of the features of his forthcoming message will be a discussion of the Cuban situation, from which it will appear that there is nothing in the situation to justify present interference on the part of the United States.

Tribesmen Repulse British in India.
The British forces have again met with disaster at the hands of the insurgent tribesmen in northern India. Three regiments and two batteries of artillery were sent out on a reconnaissance, found the enemy, but were forced to retire upon the main body, the movement being attended with serious losses. The tribesmen followed the column in strong force, swarming from behind rocks and keeping up a heavy fire at short range. The route of the retreating British was intersected with deep ravines and it was while the soldiers were passing through this ground that the tribesmen rushed upon the troops, fearlessly making their way to close quarters.

Governor Bushnell introduces his Thanksgiving proclamation as follows: The year just drawing to a close has been filled with blessings of fruitful fields and healthful skies. Neither war nor pestilence nor disaster have come upon us. Harbingers of peace have been our morning joys and evening benedictions. God has been good to us as a people, and it is fitting we should publicly make acknowledgment of His loving kindness. The governor therefore designates Nov. 25, as the day for giving thanks.

All, all—sorrows and sufferings of the past. The famed "Vegetable Compound" bearing the illustrious name Pinkham, has brought them out of the valley of suffering to that of happiness and usefulness.

NOVEMBER GALS.

Several Vessels Suffer Severely from the Wind and Waves.

While leaving port at Ashtabula, O., in a heavy northwest gale, the steel steamer Roman of the Hanna fleet was caught in a heavy sea and dashed against the bottom of the lake, almost breaking the strong, staunch ship in two. It was only by a miracle that tugs were able to get the Roman back into the harbor before she foundered. The Roman had just passed outside the piers bound for Milwaukee with a load of coal when suddenly a big sea seemed to run out from under her, dropping her heavily upon the bottom of the lake. The steel plates and frames were cracked and broken by the crash at a point nearly in the middle of her length. The break extended from the water line through the rail and even to the hatch on deck. The steamer struck bottom but once. Had she suffered another such blow it seems impossible that she could have been saved.

Schooner Groton Sunk.

The schooner Groton, of Detroit, Capt. John H. Christie, loaded with slack coal, was caught in the gale and came to anchor 12 miles west of Port Stanley, Ont., where she foundered. The crew, consisting of six men, took to the yawl boat and were discovered by Capt. William Berry, of the life boat station, who hastily got his crew together and rescued them. The vessel with her cargo will be a total loss, as she lies at about 30 feet of water.

Una Went to the Bottom

The schooner Una sank in the harbor at St. Joseph, Mich., and the seven men aboard were taken off by the life saving crew after a narrow escape. The Una was dashed against a dock and had a big hole stove in her hull.

Two Young Girls Tarred and Feathered
A most terrible outrage was perpetrated at the village of Oakwood, Paulding county, O., by whitecaps upon two girls, Edith and May Roberts, aged 19 and 17 years. The girls had retired to their room early in the evening and were awakened by a band of 8 or 10 men entering and dragging them from their beds in their night robes. They were taken to the near-by road, where they were terribly whipped and the whitecaps then gave them a coat of tar and feathers and took them back to the house, where they were found unconscious the next morning.

May, the youngest of the two girls, is in a critical condition, her flesh being cut to the bone by the whips. A card containing 10 names was found tacked to the front door, but none of the names are known about that place, and there is no other clue.

Mrs. Naack Confesses to the Murder.

Mrs. Augusta Naack confessed in court at New York City the now famous murder of Wm. Guldensuppe and implicated her lover, Martin Thorn, in the horrible crime. On the day the murder was committed, she said, Guldensuppe and herself left New York and went to the Woodside cottage. She told Guldensuppe to enter and examine the house while she remained outside. He went upstairs and a shot was fired. Martin Thorn then came running down and said he had killed Guldensuppe. He went back and cut the corpse in pieces and tied the pieces up in parcels and they were afterward taken on board a ferryboat and cast into the river.

Thorn Says Mrs. Naack Did the Murder.

Martin Thorn, whom Mrs. Naack accuses of murdering Wm. Guldensuppe, her lover, at New York, has made a statement in which he says: "Mrs. Naack, who says that I killed Guldensuppe, conceived, planned, plotted and accomplished the murder of Guldensuppe. It was she who suggested the actual murder, who arranged for the hiring of the house, for the meeting of the man, for the cutting up and bundling of the remains and eventually for the disposition of the dismembered trunk. Mrs. Naack herself shot Guldensuppe with the revolver shown in court."

Farmers are invited to try the meals.

HUSTLING BUSINESS MEN.

(Continued from page two.)

C. H. MAJOR.—DECORATOR.

The development and perfection of social tastes and refinement are nowhere displayed to better advantage than in the aim and desire of society to beautify and decorate the home, and the demand for attractive designs and superior taste in artistic painting, frescoing and house decorating generally has enlisted the intelligent and clever handwork of men possessed of superior facilities for decorative art. The accredited leader in this vicinity in this important branch of industry is Mr. C. H. Major, who possesses in the highest degree the artistic facilities, which have been perfected by a faithful apprenticeship in some of the best services in the state. His designs are especially American in taste and ideas, and few artists equal him in the art of handsome and striking effect in house, church and hall decorating, and paper hanging in all its branches and features. Mr. Major has been engaged in this business since 1876. He carries in stock a fine assortment of wall paper, which is equal as regards beauty of design, quality and variety to any establishment in the largest cities; also paints, oils, varnish, painters' supplies, glass, window shades, room mouldings, etc. Mr. Major is among our most enterprising and progressive business men and citizens and his enterprise is an important factor in the business life of our city.

BOOKS, STATIONERY, ETC.

The book and stationery trade has been developed into such a vigorous and healthy pursuit that it has assumed one of the standard and most prominent business interests of the county. Probably no mercantile business in the vicinity is better known than that of Mr. George Wahr. In the trade of books and stationery this establishment ranks among the leading concerns in this section, and its successful career in this direction well entitles it to the large and constantly increasing patronage which it now enjoys. This large trade is due to the simple facts of keeping the very best in each line of goods, selling at moderate prices, and faithfully fulfilling each and every representation made to customers. In looking through the store we find a complete stock of everything pertaining to a first class book, stationery, fancy goods and wall paper establishment, so that it would be impossible, as well as impractical to attempt an enumeration of the various articles pertaining to this important branch of trade that may be found at this establishment. The stock of holiday goods this season surpasses all previous years. We trust that our readers will look through Mr. Wahr's stock before purchasing elsewhere, as his establishment is regarded as an advantageous one with which to transact business, and those who are interested will find upon trial, that their demands can be supplied at this store upon terms as acceptable, and with a quality superior to many of its contemporaries in other parts of the state.

DENTIST.

One of the most successful among the dental surgeons of this community is W. W. Nichols, who possesses a thorough and comprehensive knowledge of all branches of the profession, and is provided with new and improved appliances, and has achieved a wide reputation for the care manifested in all operations. He has an excellent practice and is pronounced one of the best, most reliable, and careful in the dental profession in this section of the state. J. F. RENTSCHLER.

Among the skilled photographers and artists of this city, none enjoy a higher reputation for superior work than Mr. J. F. Rentschler. This gentleman has had a most extended experience in the business and was awarded a medal at the Photographers Association of America in 1897. His studio is fitted up with neatness and good taste, while the reception rooms contain all conveniences. In addition to photography he is giving special attention to water colors, ink and crayon work, all of which bear the impress of the master artist. You will find Mr. Rentschler is fully up with the times as he is making all of the latest things in either glass or platinum finish, the latter giving a beautiful carbon effect and it may be fairly said that in the finer branches of the art he is not excelled by any other artist in the city or state. He makes a specialty of children's pictures, executes work in all sizes and styles, and guarantees satisfaction in every instance while the prices are most satisfactory. Mr. Rentschler is well and most favorably known as an expert in the profession and an agreeable and courteous gentleman.

New National Emblem.

A correspondent of a New York paper favors Indian corn as the national emblem. "Distinctively American, large, generous, life-giving, beneficent, glorious in form and color, with its crested flower pointing upward—truly a torch of liberty held aloft."

What the Teacher Said.

Two elder boys at the breakfast table had described their academic acquirements to their father with the just pride which inspires youths in their teens over Greek verbs and Latin declensions. They told of the surprise and joy of their respective teachers at certain brilliant recitations of the day before. Then arose on his high chair the youngest, the kindergarten student, aged four, whose Christian name is Lowell. He swung his arms and began, "My teacher said," then paused, evidently to let imagination have her perfect work and keep him in the race. He swung his arms again and declared with infantile gravity, "My teacher said, 'Lowell, you and all your family are peaches.'"—Boston Transcript.

An English Ad.
Englishwomen who have to earn their living are encouraged by advertisements like this, printed by the Westminster Gazette: "To Ladies of Some Small Means—Wanted, from October, a gentleman by descent, accustomed to domestic work by circumstances; single, early middle age; fond of active life and open air; must rough it, but not with rough people; plain home, laundry, share of what is going, no stipend; describe what used to do first by letter."—New York Sun.

Persistent Coughs

A cough which seems to hang on in spite of all the remedies which you have applied certainly needs energetic and sensible treatment. For twenty-five years that standard preparation of cod-liver oil,

SCOTT'S EMULSION

has proved its effectiveness in curing the trying affections of the throat and lungs, and this is the reason why: the cod-liver oil, partially digested, strengthens and vitalizes the whole system; the hypophosphites act as a tonic to the mind and nerves, and the glycerine soothes and heals the irritation. Can you think of any combination so effective as this?

Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper.

under arrest on the charge of cutting
both cords of the front leg of a valuable
horse owned by Mrs. Burch, his tenant.

nail was driven into the hoof of the
same horse about a week before.

Policeman Peter Herb was called
into a saloon at Sandusky, O., to stop a
fight between some drunken men.
The officer seized one of the men,

right eye, following the scalp and com-
ing out on top of the head, inflicting
an ugly wound.

A quadruple murder is reported from

three daughters and one son of Mr.
Nulty, a farmer who, upon his return
from a visit, found the children mur-
dered. The girls were 13, 16 and 14,
and the boy 10 years old. Thos. Nulty,

deed. He said his two oldest sisters
provoked him to uncontrollable anger.

The business industries of Marshall
present a much different aspect from
that of one year ago, when business
seemed paralyzed and factories lying
idle. Now all of the factories are run-
ning full blast. Work at the Detroit,
Toledo & Milwaukee railroad shops is

necessary to add 20 mechanics to their

Fire was discovered issuing from the
boiler room of the Marshall Wagon &
Windmill Co.'s plant at Marshall. An
alarm was turned in, and the fire de-
partment turned out promptly and in
full force. However, the third and
fourth stories of the factory were al-
most entirely burned. The building
was filled with so much combustible
matter that but little could be saved.
The loss is about \$12,000; insurance
\$10,000.

has six on the string. The boys are
released under suspended sentence, but
each week they must appear before
the judge and bring a letter from their
teacher and parent giving an account
of their deportment, etc. The six are
doing finely, although one or two had
to be "jacked up" before they discov-
ered that the judge was not in fun.

J. C. WEINMAN.

One of the most important of our business interests is that of supplying the public with good wholesome meats and we take pleasure in calling the attention of our readers to an establishment here in our midst, which makes a specialty of prime beef, veal, ham, mutton, pork, bacon, sausage and smoked meats of all kinds of his own make. At this market may be found the choicest steak, the juiciest roasts, and the tenderest chops, at the very lowest prices consistent with good quality. In fact people say that for first-class meats this market takes the lead in both quality and prices. Mr. Weinman is experienced in all relating to the business and knows what is necessary to stock up a first-class market. No better meats can be obtained than bought by him and this fact his many customers have the satisfaction of knowing. Cleanliness and purity are two points upon which this market prides itself and which are attained in every instance. He is also an extensive dealer in kettle rendered and home made lard put up expressly for family use. Mr. Weinman is among our most enterprising and progressive business men and has built a large trade in this vicinity and when once a customer trades with him a change is seldom desired.

RINSEY & SEABOLT.

There are few lines of business that enterprise and energetic methods combined with liberality will not produce the best results, and this is particularly true of the grocery trade in which there is so much competition that only the man of enterprise can gain and hold a large patronage by keeping only the finest goods and selling them at prices which defy successful competition. The house of Rinsey & Seabolt has become entitled to the distinction of being ranked as one of the leaders in the grocery line in Ann Arbor. They carry a full and carefully selected stock of choice, staple and fancy groceries, fine teas, coffees, relishes, sauces, table luxuries, canned goods of all kinds, butter, cheese, eggs, flour, etc., also foreign and domestic fruits, fresh vegetables and fruits in season. This establishment has the reputation of being the place to get just what you want and at the right price; and all goods can be relied upon as being the best and freshest in the market. Messrs. Rinsey & Seabolt's thorough knowledge of the trade, prompt attention to all orders, and the best treatment of customers has gained for their house a most enviable reputation through this vicinity. Every detail of the business is under their personal supervision, and they are well and most favorably known in the social and business circles of the county.

HEUSEL BROS.

The well-known and popular baking establishment of Messrs. Heusel Bros. was inaugurated here in 1893, since which time they have, through great energy and perseverance, built up a large and lucrative trade. The premises occupied are large, commodious, and conveniently arranged, and well equipped with all requisite appliances for the manufacture of fine family bread, rolls, buns, plain and fancy cake, pastry, etc., which are furnished to the trade and consumers, fresh every day, while banquets, parties, etc., are catered to in a first-class style and at reasonable prices. L. D. CARR.

The rapid growth and development of our thriving, Western cities, may be attributed in a large measure to the energy, sagacity, and liberality of their real estate dealers. Carr, who established business here in 1893. He is conservative, yet liberal in his dealings and is regarded as being one of the best posted on values of farm and city property in this section. He is prepared to furnish reliable abstracts to land in this and adjoining counties, on short notice. In addition to the above Mr. Carr does an extensive business in general insurance, representing some of the staunchest, soundest, and most reliable companies in the world. Mr. Carr is strictly honorable, upright, and perfectly responsible in every way, and stands in the front rank among the progressive and public spirited citizens of our city.

A Truthful Statement.

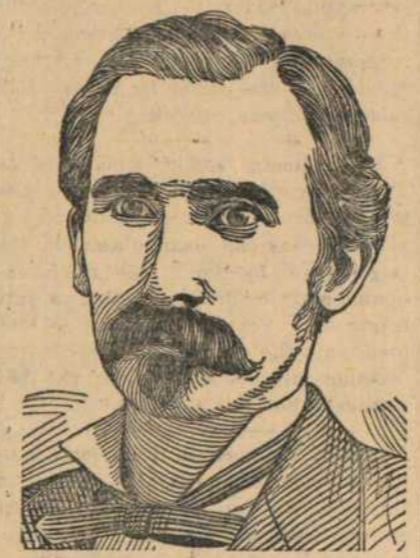

An excellent and invaluable remedy, for the cure of cough, cold and hoarseness, is Dr. Bull's Cough Syrup, and Mr. Jas. Hadfield, 350 West St., New York City, verifies this statement. Dr. Bull's Cough Syrup is sold everywhere for 25 cents.

Cold Weather Brings Catarrh.

Though the disagreeable effects of Catarrh are felt all the year round, cold and disagreeable weather aggravates the disease and it is during the winter season that its severest form is felt. Each succeeding year seems to intensify the disease, so that it gradually fastens its hold upon the sufferer with a grasp that becomes firmer each season.

Catarrh often appears as only a cold at first, and is hardly noticed. But gradually the cold returns, and it is more difficult to cure, and stays longer than formerly. These symptoms cannot be mistaken; they mark the first appearance of a disease that will develop in severity and stubbornness, and which it is impossible to cure with the local treatment of sprays, washes, and similar applications. Being a disease of the blood, only a blood remedy can have the slightest effect upon it. S.S.S. (Swift's Specific) is the only cure for Catarrh, because it is the only blood remedy which goes to the seat of all obstinate and deep-seated cases, and forces out the disease.

Mr. T. A. Williams, a leading merchant of Spartanburg, S. C., writes:

"For four years I had nasal catarrh, and though the case was a mild one at first, it was not long until I noticed that it was gradually growing worse. Of course I was under treatment of first-class physicians, but their remedies were applied locally, and the disease seemed to be getting a firmer hold on me all the while. "After spending so much money for treatment which proved to be all in vain, I was urged to try S.S.S. This remedy proved to be the right one, for it got the disease, and a few bottles cured me perfectly. The cure was a permanent one, and I have not had a touch of the disease for many years. Swift's Specific is the only remedy that will have the slightest effect upon Catarrh."

Sufferers from Catarrh should get a start on the disease before the cold weather aggravates it. Those who have been relying upon local treatment will find winter weather is all that is needed to show that the disease is still with them. A course of S.S.S. (Swift's Specific) will prove all assertions made that it is the only cure for Catarrh; it goes to the cause of the trouble—the blood—and forces out all traces of the disease.

Swift's Specific is the only remedy which reaches real obstinate blood diseases; it cures Catarrh, Rheumatism, Cancer, Contagious Blood Poison, Eczema, Scrofula, and in fact every other disease of the blood. It is guaranteed

Purely Vegetable

and is the only blood remedy containing no potash, mercury or other mineral. Books mailed free to any address by the Swift Specific Company, Atlanta, Ga.

SUNDAY SCHOOL RALLY.

A township Sunday school rally was held last Friday at the Webster Congregational church. Rev. Mr. Moorhouse opened the meeting, I. Terry conducted an open parliament on "Uses and abuses" of Sunday school work, and R. L. Blomfield then spoke on "Opening and Closing the Sunday School." Dr. E. D. Brooks spoke on the exemplary life of Christ. The next speaker was Rev. J. J. Staley of Dexter, who specially emphasized the necessity for teachers to put plenty of enthusiasm into their class work. Mr. E. C. Goddard, of Ann Arbor, followed, speaking on "What the Sunday School Should Be."

Thanksgiving Charity.

For several years it has been the custom of the Charitable Union to ask at Thanksgiving for provisions, to give a Thanksgiving dinner to the poor of the city. It has been thought best this year to ask for a pound donation, each person giving a pound of some kind of food that can be kept and given out as needed through the winter. It is hoped that every man, woman and child will remember this pound donation and will take or send their pound Tuesday or Wednesday before Thanksgiving to Mrs. Parker, 302 East Ann-st.

Georgia now has a law against foot ball, classing the game with prize fights and providing a heavy penalty.

The S. L. A. is trying to make arrangements with Pres. Andrews, of Brown University, to give an address on the S. L. A. course. If the plan succeeds the lecture will be free to holders of season tickets.

The first entertainment of the Choral Union Course will be given in University hall next Thursday night, Nov. 18. The concert will be given by the Thomas Orchestra, of Chicago. This orchestra has appeared here for a number of seasons and never fails to draw a good house.

The University Y. M. C. A. is under the management of Mr. W. H. Rose, the new general secretary. Mr. Rose is an all round man and one whom the students can not fail to respect. While in Beloit College he played on foot ball and base ball teams and was a member of the Beta Theta Pi fraternity. No better man could be found for college Christian work for college men respect an athlete and especially an athlete who is also a thorough Christian.

MINNESOTA NOT IN IT.

MICHIGAN LEADS THROUGHOUT THE GAME.

LOOMIS HAS A BROKEN ANKLE.

Minnesota Didn't Score a Point—Scored 14 to 0 at the Finish.

Detroit, Mich., Nov. 13.—(Special to the STUDENTS REGISTER.)—Between 1200 and 2000 students took the two special trains for Detroit today. When the second train load filled the Michigan Central depot they were soon re-inforced by those who had preceded them. Together the army of students and alumni marched up Jefferson avenue yelling in a way Detroiters have not heard since the athletic carnival last year. People along the streets seemed to know what was coming and stopped to look at the procession, while from the houses where yellow and blue streamers waved, the mothers, brothers, sisters and sweethearts of Michigan men waved flags or handkerchiefs to help in the occasion.

The crowd soon broke up for dinner but re-assembled at the D. A. C. grounds. Here the display of yellow and blue was even more noticeable. It was worn by thousands of students, hundreds of alumni, and other hundreds of sympathizers. There were old alumni with gray hair. There were younger ones who have '97 diplomas at home and there were men who have graduated almost every year between. There were alumnæ too and daughters of alumnæ whose pretty gowns looked well with the yellow and blue ribbons which they carried. There were songs too and the prevailing one consisted of the following words sung to the tune of "There'll Be a Hot Time in the Old Town."

We've got an aggregation of good players, hard and tough. And they're going to push you other guys, with motion rather rough. And they'll push you and they'll rush you. Till you don't know you're about. And the rooters all along the line will then get up and shout:

Chorus—When you see our team go down the field, Then you'll see the other fellows yield. And then the day for them, it will be all congealed. And there'll be a hot time in the old town tonight.

Minnesota think they're Lochinvar, a-coming from the West. But old Michigan will turn them down, and they will have no rest; We'll trail their colors in the dust, and teach them some foot ball. And when the game is over, our jolly boys will call:

Chorus—Following are the reports as received: 2:35 p. m.—The struggle of the officials to keep the small boy off the grounds threatens to rival the game in interest and in the amusement afforded. Herriek, Keith, and Hill have the task in hand. One kid shows fight, and the attempt to put the struggling offenders off the grounds is causing great excitement. The shouts in the D. A. C. grounds can be plainly heard by phone at the office of the STUDENTS REGISTER.

3:15 p. m.—Michigan got the west goal with wind and sun in her favor. Minnesota kicked off 35 yards. Hogg carried it back 57 yards. Hannan punted 10 yards gain. Minnesota took the ball but Loomis fumbled. Teetzel got the ball for Michigan. Michigan gained 10 yards on a series of line bucks. Hannan kicked to 10 yard line. Loomis is bucked and then punted for a 15 yard gain. Hogg hit Minnesota's line for 5 yards. Loomis was carried off the field with a broken ankle, Harrison taking his place.

Minnesota kicked to 30 yard line and Cole went around Michigan for a short gain. Michigan then got the ball

A reason for the faith that is in him. A responsible citizen of the South writes: From observation covering a great number of cases I unhesitatingly pronounce Salvation Oil to be the most wonderful remedy for buras I have ever tried.

and after one successful line buck by Hogg, Hannan punted to center. Bennett fell on the ball and Hannan kicked to Minnesota's 5 yard line. Minnesota gains 20 yards on a punt and Hogg gains several yards by successful line bucks. A series of punts carries the ball into Michigan territory. Hannan punted to the 40 yard line. Minnesota punted for thirty yards. A punt by Hannan and a run by Felver left the ball still in Michigan's territory. More kicking followed on both sides and the ball was on Michigan's 15 yard line when Bennett broke around Minnesota's right end and found before him a clear field. The race that followed produced the utmost excitement. Bennett sprinted like a ten second man, the Minnesota tackles reaching out their arms and grabbing for him at every step, but their grabs fell short. Michigan rooters went wild when Hannan touched the ball to the earth behind Minnesota's goal post but the officers decided that Bennett had stepped out of bounds and the ball was carried back. Michigan men were disappointed but found no fault with the decision.

Felver went through the same place that Bennett did and gained 27 yards. A series of punts followed, the ball going into Michigan territory and back to Minnesota's 15 yard line. Good line bucks by Hogg gained 15 yards more and Felver went around the right end for 3 yards. 3:45—Stewart rushed around Minnesota's left end and ran to within three yards of Minnesota's goal, and Cole was pushed over for the first touchdown. Captain Hogg tried to kick goal but failed. Score 4 to 0. Minnesota kicked off 40 yards but Felver caught the ball and made a phenomenal run of 30 yards. Three men ran at him at once but he left them piled in a heap and almost jumped over two more of his opponents. Michigan punted and Minnesota returned. Another punt by Minnesota gave Michigan the ball and Coley found himself on Minnesota's left end with a clear field before him but was tackled and thrown within five yards of the goal. Michigan lined up and pushed him over for a touchdown. Capt. Hogg failed to kick a goal—the grand stand is full and the crowd is six and seven deep all around the side lines. Minnesota kicked and again Felver caught it and ran 15 yards.

Hannan kicked into Minnesota's territory and Michigan line was rushed back ten yards. Minnesota punted 40 yards and Michigan returned 35 yards, and Hannan fell on the ball.

Hogg then made three good gains on line bucks. Hannan tried a drop kick from field but failed, the ball going back to Minnesota's goal. Minnesota kicked into Michigan territory, Teetzel touching the ball and running for 40 yard gain and dragging with him two Minnesota men who tackled him during the last 10 yards. Time called for the first half. Score, Michigan 8, Minnesota 0.

4:23. Michigan kicked off but the ball went to Michigan territory on a series of punts and Hannan prevented a touch down by tackling a Minnesota man who broke through Mich.'s line. This last half was largely a kicking game and the ball was punted back and forth from one side of the field to the other.

A fumble by Hannan brought the ball to within 8 yards of Michigan's goal. Hannan punted 30 yards. More kicking followed. Minnesota tried to punt from center but fumbled. Teetzel sized the ball carrying it past Minnesota's goal but ball was carried back five yards into Michigan's territory for Teetzel had stepped outside the line. After more punting

Minnesota kicked into Michigan's territory and Michigan line was rushed back ten yards. Minnesota punted 40 yards and Michigan returned 35 yards, and Hannan fell on the ball.

Harrison kicked low, the ball rebounding 57 yards in Minnesota's territory. Harrison caught the ball and ran with it across the field and in trying to kick once more he hit a Michigan man from whom it rebounded 15 yards. Minnesota got the ball in her 20 yard line and punted for 25 yards which Michigan regained by a series of punts and by a double pass which left Felver upon Minnesota's right end. 4:50 p. m.—Line bucking brought more gain for Michigan. Felver, Hogg, and Stuart made good gains around the end. Minnesota took the ball only 5 yds from her goal but lost it after a 6 yard gain. Michigan bucked the line, bringing the ball to within 1 yard of Minnesota's goal, and shoved Coley over for a touchdown.

Capt. Hogg kicked an easy goal. This brought the game to within a minute of time and playing discontinued, the score standing 14-0 in Michigan's favor.

FOR GOOD GOVERNMENT

THE CLUB HAS BEGUN ACTIVE WORK.

A GOOD LECTURE COURSE

Has Been Arranged By The Club.

The first regular meeting of the Good Government Club was held last night in the lecture room, Tappan hall. Prof. Andrew C. McLaughlin lectured on "Civil Service Reform in Jackson's Time." Meetings of the club will follow this one at intervals of about three weeks. These meetings will be addressed by members of the faculty, Profs. Hutchins, Hudson, Hinsdale, Knowlton, McLaughlin, Meechem, Thompson and Taylor, having kindly consented to aid in this work.

A series of lectures by men interested in various lines of reform work is being arranged for. The speakers secured thus far are:

Dr. Geo. W. Gray, of Chicago, superintendent of the "Forward Movement" in the alums, whose subject will be "The Slums, Their Cause and Cure." Hon. Sidney C. Eastman, of Chicago, chairman of the Municipal Committee, Civic Federation, and a prominent alumnus of the U. of M., who will discuss street railways in their relation to municipal government.

Prof. W. N. Ferris, principal of the Ferris Industrial School, Big Rapids, Mich., a well known educator and lecturer, whose subject will be, "Making the World Better." Hon. Robert M. LaFollette, of Madison, Wisconsin, famous throughout the northwest as an orator and statesman; three times elected to congress from the "Capital District," and recognized everywhere as a consistent advocate of better government. Mr. LaFollette will probably speak on "Caucus Reform."

A small admission fee will be charged for these lectures for the purpose of defraying expenses. Members will be admitted on the regular membership ticket which is issued upon payment of the annual fee of fifty cents. The dates of these lectures will be announced in the near future.

The Good Government Club has undertaken a work which no student who believes in the principles of honest government, can afford to ignore. It should have the active support of every student in the University.

A NECTAR FOR THE GODS, A BLESSING TO MANKIND.

Biliousness, weak stomachs, debility and a vast number of other ills, are directly traceable to the constant use of coffee. Yet coffee is dear to many. To a coffee cursed people there is a gleam of light and encouragement in "Golden Nectar," a perfect substitute for coffee in aroma, taste and color.

Science has turned the healthful grains of the field into a beverage, which when brewed and served, cannot be distinguished from the purest coffee. Connoisseurs pronounce it the only perfect substitute for coffee.

GOLDEN NECTAR, aside from being a rich, royal beverage, is a health giving tonic, adding lustre to the eyes, beauty to the complexion and strength to the general system. Contrast this with the debilitating effect of coffee drinking.

GOLDEN NECTAR is superceding coffee in thousands of families. It only needs a trial.

A NEW SOUVENIR.

Miss Lovell Issues A Very Pretty Calendar.

About a dozen girls gathered in the room of Miss Almira Lovell last Saturday afternoon for a tying bee. Not a bee for tying quilts but for tying calendars. There has always been a noticeable lack of appropriate souvenirs of the University of Michigan, and Miss Lovell has partly filled the lack with her artistic U. of M. calendar. Each leaf has a fine photograph of some pretty scene on the Huron. Appropriate sketches adorn each page and the whole is tied with yellow and blue ribbon. It forms a dainty Christmas gift for a friend. The price is fifty cents; 10 per cent of the gross receipts on the first 1000 are to go to the Woman's Gymnasium.

WHO CAN PRONOUNCE BEST?

A Contest Between Laws And Lits To Settle The Question.

The Oratorical Association has arranged for a pronouncing contest between lits and laws to take place in University hall on the night of November 19. Such a contest was held three years ago and proved a source of great amusement as well as benefit. A prize will be offered to the person who stands up longest and the contest will probably be a close one. Each department will be represented by twenty students. Each word will be written on a blank board before it is pronounced and the authorities used in making the decisions will be Webster, Worcester and the Century dictionaries.

CAN WEAR "M'S."

The Athletic Board Settles An Old Problem.

The question as to what kind of an "M" will be given to tennis players who represent the University in inter-collegiate contests, came up again this fall and the athletic board took action upon it, establishing the rule that different sized "M's" shall be given to members of the different teams, as follows: Football, seven inches; baseball six inches; track teams, five inches; tennis teams, four and one-half inches.

Dr. Miles' Nerve Restores Health.

UNCLE EZEKIEL OBEAR, assessor and tax collector, Beverly, Mass., who has passed the 60th life mile stone, says: "Dr. Miles' Restorative Nerve has done a great deal of good. I suffered for years from sleeplessness and nervous heart trouble. Would feel weary and used up in the morning, had no ambition and my work seemed a burden. A friend recommended Dr. Miles' Nerve, and I purchased a bottle under protest as I had tried so many remedies unsuccessfully. I thought it no use. But it gave me restful sleep, a good appetite and restored me to energetic health. It is a grand good medicine, and I will gladly write anyone inquiring, full particulars of my satisfactory experience."

IT'S A BIG SUCCESS.

The Sugar Beet Growing Experiments

in the United States.

The report of the secretary of agri-

culture is unusually important this

year because of the efforts Secretary

Wilson has been making to increase

the exports of agricultural products

and still further stimulate the cultiva-

tion of sugar beets. He has a firm con-

vinction that the people of the United

States can provide their own sugar,

without being dependent upon Cuba or

any foreign country for their supplies.

The production of cane sugar must al-

ways be limited, but the capacity of

the United States for the production

of beet sugar is practically unlimited;

and with the object of ascertaining the

most favorable localities for its growth

Secretary Wilson distributed seven tons

of imported sugar-beet seeds among

22,000 farmers in 27 states. The re-

turns have been far beyond his most

sanguine expectations, and to his grati-

fication the most favorable results

have been obtained from those sections

of the United States where new indus-

tries were demanded for the farmer

and where the manufacture of beets

into sugar can be accomplished with

the greatest economy as to labor and

transportation.
