## MUST NOT ORGANIZE.

THIS IS THE EDICT TO REPUBLICAN FARMERS IN WASHTENAW.

### RING RULE, OR RUIN.

REPUBLICANS SHOULD AND WILL REPUDIATE SUCH ACTION.

Eighteen Men Plan Until Midnight to Down Young Men's Republican Club—A Stratagem is Proposed—It Succeeds Only When Aided by Gross Deception—Republican Party Temporarily in Hands of a Disreputable Leader.

For many months the Republicans of Washtenaw have been organizing what was known as the Young Men's Republican Club. This Club consisted of local branches in each voting precinct. Only three or four remained to be organized when it came time for the annual meeting and banquet. The plan of the organization was so thorough and the growth of the Club so rapid, and it had been all worked up so quietly, that it took people several weeks, after the matter was made public, to realize what a powerful organization had come into existence in the county. Every Republican who had the real interests of the party at heart was congratulating himself over what certainly promised continued success of Republicanism in Washtenaw county, while the Democracy was thrown into the utmost consternation. This was the state of affairs when the first annual Club Banquet was planned and carried to a complete success, every voting precinct in the county being represented among the nearly 500 people who sat down at the banquet a week ago tonight. But it was not designed that all should go along thus smoothly. It soon became apparent to those who pose as party "bosses" that such an organization would necessarily be beyond the control of any one man or clique of men. This was too much for the idea of "bossism." In fact the Club had already shown its antagonism to "ring" rule, when it refused to obey the dictates of "boss" Judson and had the temerity to invite Hon. James O'Donnell to deliver an address at the banquet last Thursday. Judson had sent forth the edict that O'Donnell must not be asked, and the invitation committee had ignored the boss' orders. Then, too, it was becoming plainly evident that such an organization was causing the voters in the rural districts to realize their power. This was sure to result in an independence among this class of voters that would be decidedly antagonistic to "ring" rule. As a result it was decided that a veto must be put upon the further growth of the Club. If necessary, it must be entirely killed off. It was concluded that it would not be safe at present to go to this extreme, so it was agreed either by fair means or by foul, to in some manner, so mutilate it that even if it should retain enough of its former vitality to continue to exist, it would be stripped of all power to exert any opposition to "bossism."

What mattered it to those who must either rule or ruin if an organization which gave every hope of enabling the Republicans to continue in power in the county, was killed, or maimed for life, so long as they could continue to be the "bosses." But how to go about the work was what perplexed them not a little. The first thing to do, it was decided, was to get control of the organization of the Club. This was made difficult by the fact that the original plan of the Club contemplated that each local branch should have but ten members and the large majority of these branches already had their membership complete. The only thing possible, therefore, was to in some manner change the constitution so as to admit anybody, then pack the house and proceed to carve out all the vital parts of the constitution—those features which had made it possible for the Club to enlist for the active, systematic work of the party nearly 300 of the wide-awake young Republican hustlers all over the county.

we have forgotten, rushed into the organization. The republicanism of none of these men would have suffered in the least by waiting the thirty days required by the constitution for amendments.

The next move was to declare that the constitution had not been adopted and that the Club could therefore change any part thereof or even the whole thing. This was asserted in the

### NEW LAW BUILDING.

The Regents Have Adopted Plans for An Addition.

The board of regents held their meeting on Friday rather than Wednesday so as to make use of their complimentary Junior hop tickets. All the members were present. The morning meeting was executive and the time was taken up chiefly with the discussion of plans for the law building finally adopting those submitted by Speir and Rhoads, of Detroit.

The work on the addition will begin soon. The roof will be taken off the new building, an addition built on the south side and one roof will cover the whole. Both old and new buildings will be partly faced with stone. The tower will be removed and the whole will look like one building.

The present library will be used as a lecture room. Two lecture rooms will occupy the first floor of the new addition. The second story whose dimensions are to be 67 by 84 feet will become the new library room while one large lecture room will occupy the third floor.

Prof. Volney M. Spaulding announced that Mr. D. M. Ferry has established a scholarship in botany worth \$250 per year and that this has been filled by Miss Julia W. Snow, of Detroit.

Prof. G. W. Patterson was granted leave of absence for one year which he will spend in Europe. Dr. Hoff was given permission to be absent three weeks for the purpose of attending the convention of the National Association of Dental Faculties.

Mr. D. M. Ferry, of Detroit, received the thanks of the board for \$78 recently contributed for the purchase of rare volumes of Leigh Hunt.

The degree D. D. S. was conferred upon James C. Snook.

### DECLINE OF LIBERALISM.

President Andrews Spoke On This Subject Tuesday.

The usual crowd assembled Tuesday in University Hall for the Washington's birthday exercises.

President Andrews, of Brown University, gave the address.

The address began by briefly tracing the rise and triumph of the Christian conception of manhood as forming a true brotherhood, salvable throughout, beautiful, worthy, divine; and of the magnificent inspiration which this view for a long time lent to high human endeavor. The speaker then marked the now prevalent relinquishment of this ideal, observing that where it has not yielded outright to pessimism and misanthropy, it has been much restricted, so as no longer to apply below the bourgeoisie or third estate. "You are my brother, perhaps, but not if you have to work or are at all shabbily dressed." He next reviewed the dogged tenacity wherewith, in many directions, old liberalist phases and the letter of ancient liberalist policies are maintained; men holding the form of liberalism after the power is gone. He also exhibited the troublesome dilemmas now before liberal legislators everywhere, each liberal party in power being like a bird with one maimed wing, now hopping, now flopping—counterpart of the spiritual situation described in the hymn:

"Our souls can neither fly nor go To reach eternal joys."

Concluding, he predicted a new age of triumph for political liberalism, involving renewed enthusiasm for humanity, to come from the insight that the present aim of social striving is at center the same that it was of old, and the new method also in large part the same.

"Our souls can neither fly nor go To reach eternal joys."

Concluding, he predicted a new age of triumph for political liberalism, involving renewed enthusiasm for humanity, to come from the insight that the present aim of social striving is at center the same that it was of old, and the new method also in large part the same.

## A GREAT SUCCESS

WAS THE YOUNG MEN'S REPUBLICAN CLUB BANQUET.

OVER 440 ATTENDED.

Eloquent Speeches Were Made by Prominent Republicans.

The first annual banquet of the Young Men's Republican Club held in the Armory last Thursday night proved to be the greatest political demonstration the county has ever seen. All day republicans from the various parts of old Washtenaw poured into the city and during the afternoon over four hundred white badges bearing the initials of the Club showed that the party was here in force.

At six o'clock the doors of the Armory were opened for a reception to prominent visitors and the crowd thronged the parlors to shake hands with General Spalding and James O'Donnell until seven o'clock when the banquet room was thrown open and 450 persons marched in and filled the seats.

The Woman's Relief Corps had prepared the supper which was a success in every way. About an hour was taken up with the supper. Then Pres. E. F. Johnson called the banqueters to order and introduced Hon. A. J. Sawyer, whose address was designed as an answer to the Governor's speech at Buffalo. He said monopolies and corporations arose before the republican party and that the latter is not a party of "corporations, trusts and monopolies;" that the Michigan Central's taxation had been raised \$17,000 by republican legislators and that monopolies had never fled from the democratic party for protection under republican wings.

Governor Pingree was down for the next toast, but he had missed his train at Buffalo and could not be present, so Col. John Atkinson, of Detroit, was next introduced.

The Colonel is a strong supporter of Gov. Pingree and in his speech radically defended the latter's railroad policy. The railroads, he said, have one half the property of the state but they pay only one twenty-sixth of the tax. Railroad property is no more sacred than our homes and farms and laws which make it so are unjust. He denounced legislators who support such injustice and appealed to the young republicans to know if they will allow this sort of thing to continue. Certain republican members of the legislature, he said, opposed reform in this particular and brought disgrace to the party. He eulogized him for his manly firmness.

Gen. George Spalding followed. He told how the party has fulfilled its pledges and spoke of the two great measures before the American people as protection of industry and currency reform. He does not favor putting the issue of money wholly into the bankers hands because his constituents are not for it and because the republican platform did not promise it. Our party has given the soldier his dues and favors the annexation of Hawaii.

James O'Donnell said he would try reducing the taxes, and made a lively, witty speech. Mr. O'Donnell openly spoke of his candidacy for governor and says he is at present a "man of the people."

Many other speeches were made and all were good, Hon. E. P. Allen talked on "Republicanism and the Republic," and the other subjects and speakers were as follows:

- Lincoln's Message to Young Men.....
- Hon. Edward N. Dingley, Kalamazoo, President Republican State League.....

- Mr. W. S. Townner Hamilton on Protection and Finance.....
- Mr. Geo. P. McCallum, President U. of M. Republican Club.....
- Why I Am a Republican.....
- Judge H. Wirt Newkirk, Ann Arbor

It was half-past one o'clock when the banquet broke up. Every part of the county had been represented, the meeting had been full of enthusiasm and the affair had proved a complete success.

### Grand Military Hop.

Company A is preparing for a hot time on April 11. In the evening they give a grand inspection ball at which Gov. Pingree and wife, Inspector General Case and Captain Gardner will be present. Great preparations in the way of decorations, etc., are being made.

The Wesleyan Guild gave a reception to Dr. Coburn Saturday night. On Sunday evening Dr. Coburn lectured on "Bible Etchings of Immortality."

# MAYOR OF LINCOLN, N. J.

## Mr. Drake Feels It His Duty to Recommend Paine's Celery Compound.

The youngest and most bustling city in the United States—

Founded last April, Lincoln boasts a sewerage system, electric lights, macadamized roads, trolley cars, telephone franchise and a water plant.

From a hamlet to a town—to a city, in this incredibly short time, Lincoln has grown with the wonderful progressiveness looked for only in the West—a splendid example of the indomitable pertinacity of one strong man.

Like most forceful men, Mayor Drake must see results before giving his approval; but when convinced he speaks out his mind without fear or favor of any one.

There is no hesitation among Mayor Drake's friends in saying that Paine's celery compound has been of the utmost help in enabling him to do a prodigious amount of work, and to get rid of that insomnia that at one time resulted from every prolonged effort. Mayor Drake himself says:

Lincoln, Middlesex Co., N. J.  
Oct. 30, 1897.

Wells, Richardson & Co.,

Gentlemen—I have been getting Paine's celery compound from our local druggist. After sixteen hours' work each day, I sleep eight hours each night like a baby, and attribute much of the strengthening of my nerves to Paine's

celery compound. Yours truly,  
SILAS D. DRAKE.

Nothing demoralizes the health sooner or more completely than even the occasional loss of sleep. To start a new day with the brain unrefreshed is like trying to keep a worn-out horse up to his work with the whip instead of by feeding. The incessant brain activity is as if the skull were laid bare and the surface of the brain were struck lightly every few seconds and without a sign of a "let-up."

Thus sleeplessness imperceptibly, but no less surely, destroys the brain cells that are the sources of mental power and the health of every organ of the body.

Paine's celery compound gets the nervous system out of this dangerous rut of sleeplessness. It supplies nourishment to the nervous tissues faster than they are worn out, and does not let the nutrition of these delicate parts get low enough to bring on insomnia.

One of the earliest evidences of the final success of Paine's celery compound in curing debility, nervousness, sleeplessness and derangements of liver and kidneys is the increased appetite, the clearer skin, and that indescribable precursor of health, a feeling of "well being" that takes the place of the tired languid, melancholy condition.

## A Common Cold

and common carelessness can make a combination strong enough to defy all the healing skill of the physician. Common carelessness lets the cold root and grow. Common carelessness says, between paroxysms of coughing, "It will be all right in a day or two," and the common end is confirmed lung trouble, perhaps consumption. The common-sense treatment of a common cold is a prompt dose of Ayer's Cherry Pectoral. It is the most efficient and reliable cure for colds and coughs, and is constantly prescribed by physicians.

S. HAYNES, M. D., Saranac, N. Y., says:—

"I have used Ayer's Cherry Pectoral in my practice since 1853, and have always found it reliable for the cure of colds, coughs, and all lung diseases."

## Ayer's Cherry Pectoral

is now put up in half-size bottles, for half price—50 cents.

### Odd Women.

Lovers and admirers of the fair sex—and who is not comprised within that classification?—would find a book that might very well be written about women remarkable for some physical or mental peculiarities unusually interesting. As a sample of the curious stories that might be collected, let the reader mark and digest the following: There was Mrs. Dorothy Collier, whose death is recorded in the public journals for 1764. She was the largest woman of her time, weighing upwards of 30 stone, and yet "was very active," as we are assured. Her coffin was two yards two inches in length, a yard and four inches broad, and two feet six inches deep—which proves that Mrs. Collier's husband could have no reason to complain on the score of quantity.

Then we have Mrs. Sarah Rawlins, who married at nineteen years of age, and lived with her husband twenty-seven years, during which period she had fourteen children. Her second husband she also lived with twenty-seven years, and the number of her children, grandchildren, and great-grandchildren at her decease was no less than 229, "of whom," says the chronicler in 1761, "182 are now living," and a very respectable progeny too.

### ANTIPODEAN STAGE REALISM.

The Heroine Wasn't Supposed to Fall Into the Tank.

Several unrehearsed and highly exciting incidents occurred at the initial production of "The Prairie King" at the Lyceum theater, Sydney, says the Melbourne Argus. The play is one of the wild-west order, and is full of sensationalism, which the management have sought to make more intense by the introduction of a "real" water scene and a collapsible bridge effect. A mishap began just before the last beat of the drum in the overture when a canvas tank, which fills so many functions during the performance, burst and the water escaping into the magazine below the stage the management had to send an apologist to crave the indulgence of the audience while repairs were being effected.

The performance crawled along somewhat sadly, as if the escaping water had washed the heart out of the actors, until it was known that the tank had been refilled. Each member of the company then played up to the great abduction scene in the second act. The part of the heroine was filled by Miss Maud Williamson. Her final escape was to have been made across the unlicky tank, and up to this point all seemed to be going off admirably. An Indian war-whoop rang through the theater and the heroine was dragged shrieking across the stage and finally flitted breathlessly into a canoe moored to the side of the tank. Then came a mighty splash, the canoe having capsized. Miss Williamson fell head over heels into the tank. The audience was appreciative of the realism of the situation, for they did not know that Miss Williamson had been caught in the canoe and was in most imminent risk of being drowned. Some of the performers kept the play going, but Mr. King Hedley and some stage hands groped anxiously and unsuccessfully for the leading lady. Then the curtain was rapidly rung down and a fireman and a stage hand plunged in to the rescue of the distressed heroine in real earnest. Exactly how long she was submerged cannot be said, but when pulled out from beneath the canoe she was unconscious. Though the shock was considerable, Miss Williamson insisted upon reappearing and the audience, who had by this time become acquainted with her mishap, received her with rapturous cheering. Then there followed a hitch in the bridge scene through Mr. King Hedley's alleged mustang refusing to face the risk of plumping down into the tank. The star, however, seized the untried horse and forced him at the bridge, which collapsed exactly at the right moment and let him down with a huge splash into the tank. The play was thus converted by sheer courage and quick-wittedness from a threatened failure into a huge success.

### Cogitation.

The gentlemen of the bar, who not infrequently have to take rebukes from the bench, greatly enjoy a chance to make a legitimate retort against the court. The story is told that a certain judge who, during the plea of a rather gross lawyer, could not refrain from gently nodding his head in sleep, was caught at this by the lawyer, who looked significantly at him. "Perhaps," said the judge, testily and prevaricatingly, "the counsel thinks the court was asleep, but he may be assured that the court was merely cogitating." The lawyer talked on. Presently the judge, again overcome by his somnolency, nodded off and aroused himself with a little sudden snoring. "If it please your honor," said the lawyer, "I will suspend my plea until the court shall have ceased to cogitate audibly!" "You may go on," said the judge; and he did not fall asleep again.

### Its Origin.

"I wonder who originated the theory that poets are born and not made?" "It must have been the defense put up by some versifier."

## Rheumatism

Is a blood disease and only a blood remedy can cure it. So many people make the mistake of taking remedies which at best are only tonics and cannot possibly reach their trouble. Mr. Asa Smith, Greencastle, Indiana, says: "For years I have suffered with Sciatic Rheumatism, which the best physicians were unable to relieve. I took many patent medicines but they did not seem to reach my trouble. I gradually grew worse until I was unable to take my food or handle myself in any way; I was absolutely helpless. Three bottles of S.S.S. relieved me so that I was soon able to move my right arm; before long I could walk across the room, and when I had finished one dozen bottles was cured completely and am as well as ever. I now weigh 170."

### A Real Blood Remedy.

S.S.S. cures Scrofula, Cancer, Eczema, and any form of blood troubles. If you have a blood disease, take a blood medicine—S.S.S. (guaranteed purely vegetable) is exclusively for the blood and is recommended for nothing else. It forces out the poison; mottles permanently. We will send to anyone our valuable books. ### COLOR PHOTOGRAPHY.

Nature's Tints Obtained by a Direct Process—One Exposure of the Plate.

At a meeting of the Royal Photograph society, held in the rooms of the Society of Arts, Prof. Gabriel Lippmann described his system of color photography whereby a photograph showing the colors of nature is obtained by direct process and with one exposure of the plate, says the London Times.

The film, which might be of any sensitive substance, he explained, was exposed, developed and fixed in the usual way. Two conditions, however, must be observed. The film must, in the first place, be transparent and grainless, and, in the second, it must be in contact with a metallic mirror during exposure. The effect of the mirror, which was formed by running a layer of mercury in behind the plate, was to reflect back the incident colored rays and thus make the incident light waves stationary. These stationary vibrations, falling in the interior of the sensitive film, impressed their own structure upon it, and by virtue of the structure thus imparted to it the brown deposit of silver, when viewed by reflected white light, appeared clothed with the same colors as were possessed by the image in the camera. The colors were produced by "interference" in the same way as those of the soap-bubble or mother-of-pearl. That this was their cause M. Lippmann said was proved by the fact that the tints of a negative changed if it were damped, in consequence of the gelatine swelling slightly, and thus altering the structure of the silver deposit. The colors produced by this process were true and bright, provided that exposure and development had been properly conducted; they were, however, completely fixed and resisted the action of light and time. He had not yet succeeded in taking prints from his negatives, but was convinced that to do so would be possible. In the course of the lecture a number of results achieved by M. Lippmann were exhibited in the lantern, including colored photographs of the spectrum, stained glass, landscapes, fruit and flowers and the portrait of a little girl. A reproduction of the spectrum of argon showed the characteristic lines of that gas in the most beautiful and distinct manner.

Captain of Police, Philip J. Barber, of Baltimore, Md., says: "Salvation Oil has been used at our station the past winter for rheumatism, neuralgia, pain in the back, etc., and I have yet to meet with its equal. It is the best."

"What," asked the dreamer, "would you do if you could be a king for a day?" "Me?" answered the practical man. "I'd borrow enough money to live on the rest of my life."—Journal.

### The Ruined California Grape Crop.

The partial loss to the grape crop this year caused by the heavy rains is estimated to exceed \$1,000,000. Farmers and vineyardists all over the northern part of the State have suffered, and shipments of the fruit to the East are proportionately small. At least one quarter of the crop is lost. While this is true, it is equally a fact that lost and falling strength may be restored to the weak and nervous by the persistent, systematic use of the great national tonic, Hostetter's Stomach Bitters, which renews the tone and harmonious activity of the stomach, liver and the bowels, counteracts a tendency to rheumatism and kidney complaint, and prevents malarial disorders. Convalescence, after exhausting diseases have run their course, is often tedious and tedious. Recovery is greatly accelerated by the use of the Bitters, which improves appetite and imparts renewed vigor to debilitated physique. A wineglassful before meals creates a hearty zest for food.

### No Room for Doubt.

Proof, yes overwhelming proof can be furnished of the excellent curative qualities of Dr. Bull's Cough Syrup. "I caught a cold which led to a cough and pain in the chest. (pneumonia?) I bought Dr. Bull's Cough Syrup, and after taking one bottle of it, the cough began to disappear; when I finished taking the second bottle I was cured. Gustav Thurmaster, 49 Hickory St., Cleveland, O." Dr. Bull's Cough Syrup costs but 25 cents. Take only Bull's.

## Ladies! Wiley's Hygienic 'Alaska' Socks

will keep your children's feet warm. When they begin to walk let them wear them—put a pair on them when you tuck them in bed these cold winter nights. Let your boys wear them in their rubber boots. Wear them yourself, and present a pair to your husband. No home should be without a pair for every member of the family. They are lined with soft fleecy wool and finished by an antiseptic process, and are the only strictly Hygienic socks made—there is no substitute, except only Wiley's "Alaska". If your shoe dealer or department store should not have them send 25c. to us, and they will be sent promptly, postpaid. Mention size.

### MOTHERS!

If you knit or crochet a pair of Toilet Slippers for your baby, daughter, sister, husband, son or brother, use Wiley's "Capitol" Lamb's Wool Socks for the Soles. For sale at all shoe stores and dry goods stores; or send direct to us 25c. and we will send postpaid. Insist on having the "Capitol", take no other.

MICHIGAN NEWS SUMMARY.

Doings of the Week Recorded in a Brief Style.

CONCISE AND INTERESTING.

Michigan Had Several Boys on the Maine - State Bank Commissioner Just Dead - League of Republican Clubs Meet - Pushing Pingree for President.

Michigan Men in the Maine Disaster. Elmer Meilstrup, George Mattison and Howard Hawkins of West Bay City were aboard the warship Maine at the time of her destruction. The young men enlisted last fall. Word has been received from the navy department that the body of Elmer Meilstrup had been recovered. The parents are grief-stricken over their boy's fate. They were opposed to his enlistment, but finally consented. The mother is prostrated. The young man had become tired of life on the battleship and was making an effort to secure his release.

Howard B. Hawkins is among the dead, but his body has not been recovered yet, while George Mattison was one of the few sailors whose lives were saved.

George Fox, son of Dr. George Fox, of Grand Rapids, was a lamplighter on the ill-fated Maine, but was among those rescued.

Richard Andrews, a Detroit boy, had been recently transferred for service on the Maine, but two days after the disaster it was learned that he had arrived at Key West too late to board the Maine before she sailed for Havana and he was taken aboard the Texas, thus possibly escaping death.

Letters received by the parents of Elmer Meilstrup and Howard B. Hawkins, at Bay City, state that the bottom of the harbor is covered with torpedoes and that the Maine lies right under the guns of Moro castle. Meilstrup thought that if Spain did not desire to let the Maine out, she could hold the boat in the harbor by means of the torpedoes. He would not be surprised if she should be blown up any day, and because of the torpedoes the Maine could not leave the harbor nor move about without the consent and direction of Spain. Picket boats, he said, were out all night watching the Maine. Spanish sailors claim they could do up the Maine in an hour, but young Meilstrup thought the Maine could whip the whole outfit in three hours.

Populists Want Pingree for President.

As a result of the Populist conference in Lansing, Chairman James E. McBride, of the middle-of-the-road wing, and J. W. Ewing, chairman of the wing that fused with the Democrats last spring, are sending circulars to members of their respective committees, asking if they are in favor of a union meeting of both committees to arrange for nominating a joint state ticket. Replies so far received are in favor of union. Chairman McBride says: "The fusion committee is solid for the nomination of Pingree for governor, and all but one of the middle-of-the-road committee favor him. If he heads our ticket he will certainly be elected, and that would give him so much of a start for the presidential nomination that nothing on earth could head him off in 1900." Chairman McBride declares that the Populists will nominate congressional, legislative and county candidates in every county.

Grand Lodge A. O. U. W.

About 200 delegates to the grand lodge of the Ancient Order of United Workmen assembled at Grand Rapids. The reports of the officers showed that the membership at present is 19,999 in the state, a loss of 2,380 during the year, 208 deaths being included in that number. The receipts of the year were \$570,392, and the disbursements as follows: \$466,000 in benefits; \$21,189 in general expenses, and \$46,471 in relief, leaving a balance of \$36,731 on hand.

Baby Mine!

Every mother feels an indescribable dread of the pain and danger attendant upon the most critical period of her life. Becoming a mother should be a source of joy to all, but the suffering and danger of the ordeal make its anticipation one of misery.

MOTHER'S FRIEND

is the remedy which relieves women of the great pain and suffering incident to maternity; this hour which is dreaded as woman's severest trial is not only made painless, but all the danger is removed by its use. Those who use this remedy are no longer dependent or gloomy; nervousness and other distressing conditions are avoided, the system is made ready for the coming event, and the serious accidents so common to the critical hour are obviated by the use of Mother's Friend. It is a blessing to woman.

hand. The next meeting of the grand lodge will be held in Ann Arbor.

After a long and bitter struggle between the old members of the order and the younger element, the young men won, and the classified plan of assessment will take the place of the level assessments, and will go into immediate effect. Officers were elected as follows: Grand master, workman, Charles Galling, of Alpena; foreman, Frank A. Wentworth, of Marquette; overseer, William Cochrane, of St. Johns; recorder, George Latchman, of Detroit; receiver, John C. Ellsworth, of Fowlerville; guide, Frank S. Herrington, of Detroit; watchman, Hiram W. Hewitt, of Maple Rapids; deputy grand master, John F. C. Hollings, of Detroit.

Beat His Wife's Head to a Jelly.

While intoxicated Charles Timmerman, an Adrian plasterer, beat his wife's head almost into a jelly with a hammer. The woman finally managed to escape to a neighbor's house, where she is now being cared for. When the police went to Timmerman's house they found him sitting in his home covered with blood. He had pounded two holes in his head with the hammer which he used on his wife, and there were cuts upon his neck and wrists inflicted with a jackknife.

State League of Republican Clubs.

The annual convention of the Michigan League of Republican clubs, held at Detroit, was not very largely attended and was not of particular interest. Resolutions were adopted congratulating the country on the return of prosperity; reaffirming the financial plank of the St. Louis platform; expressing confidence in President McKinley's intention and ability to handle the Cuban matter satisfactorily; expressing profound sorrow at the appalling Maine disaster; favoring the annexation of Hawaii; favoring equal and just taxation, and the enactment and enforcement of just laws.

Officers were elected without a struggle as follows: President, Grant Fellows, of Hudson; vice-president, Wm. A. Hurst, of Detroit; secretary, Edgar J. Adams, of Grand Rapids; treasurer, Frank W. Wait (re-elected); Sturgis. The selection of delegates to the national league meeting at Omaha, June 14-16 resulted in naming the officers of the league, and delegates from each district were delegated to represent the state.

Brotherhood of St. Andrew.

The Michigan Brotherhood of St. Andrew met in its fourth annual convention at Bay City. Rev. Thomas W. MacLean, rector of Trinity church, delivered a very cordial address of welcome. Two days were spent in conferences and listening to addresses on matters pertaining to the work of the Brotherhood.

Dr. George Fox, of Grand Rapids, received a letter from his son George, who was on board the Maine when she blew up, and was injured in the explosion. The letter is in a feminine hand and a postscript signed by Mrs. Sylvester Rogers indicates that the wife of the famous newspaper correspondent wrote it for him. It is dated Tampa, Fla., and says he is recovering nicely from his wounds.

J. J. Holmes, proprietor of the Banner flouring mills at Cadillac, was caught on the main shaft and was being whirled around it at a great velocity when his wife happened in. She attempted to rescue him, but her clothing also caught and the pair were in great danger of being killed. Her clothing was nearly all torn off and she fell to the floor, then without thinking of her own injuries she ran for assistance. Some railroad men shut down the engine, but by that time the miller's clothing had been torn entirely off and he had dropped to the floor bleeding and unconscious. Both will recover.

SPRING NEEDS.

What Everybody Requires at This Season.

Some Things Are of the Utmost Importance to You.

This Will Tell You Just What You Most Need Now and How to Get It.

In the spring changes always take place in our systems which require attention. There is a tired, languid feeling, a depression, the digestive organs become deranged, the blood is bad, causing the complexion to become affected and the person feels an inability to work.

At such a time a spring medicine is absolutely necessary, and Dr. Greene's Nervura blood and nerve remedy is the medicine you want. It will overcome all these conditions. It will invigorate the blood, regulate the digestive organs, clear the complexion and make you feel strong and well.

Mrs. Rachel Preble, 104 Preble St., Portland, Me., says:

"I was completely prostrated from the effects of two paralytic shocks which attacked both sides of my body. A friend recommended me to try Dr. Greene's Nervura blood and nerve remedy as a remedy, and I bought a bottle in H. H. Hay's drug store on Middle St. I found so much relief from this bottle that I continued to take it with increasing good results, and I am now much better than I ever expected to be again and give the credit it deserves to Dr. Greene's Nervura blood and nerve remedy for my recovery. I gladly give this testimonial so that other sufferers may be able to avail themselves of this excellent remedy."

You want health, don't you? You want to get up in the morning and feel like doing a good day's work, do you not? And you want your children to feel strong and vigorous, don't you? Well, Dr. Greene's Nervura blood and nerve remedy will do all this.

It will give to you and your children perfect health and that is exactly what you want. It is the best spring medicine known. It is discovered by Dr. Greene, of 148 State St., Chicago, Ill., the most successful specialist in curing nervous and chronic diseases. He can be consulted free of charge, personally or by letter.

Is Cough Your Life's Cloud?

Eminent nose and throat specialists in daily practice highly recommend Dr. Agnew's Catarrhal Powder, as safe, sure, permanent, painless, and harmless, in all cases of Cough in the Head, Tonsillitis, Hoarseness and Catarrh. It gives relief in 10 minutes, and banishes the disease like magic.—6. Sold by H. J. Brown and J. J. Godeyear.

UNDER BLACK WINGS

Neither Love Nor Duty Can Stay the Suicide's Hand.

Three Women, High in Washington Society, Kill Themselves Because They Believed Health was Gone From Them Forever.

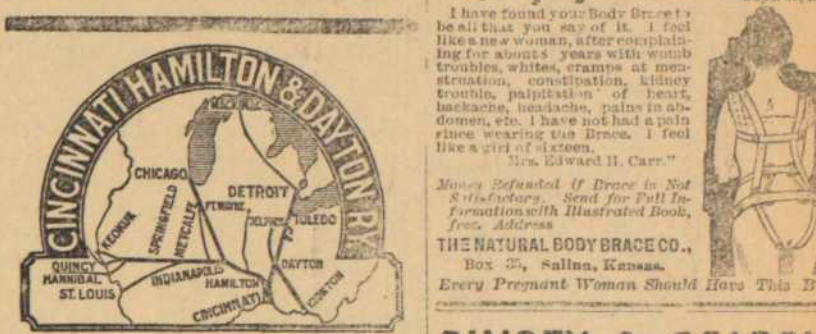

"Opening his mouth wide, he brusquely thrust the pistol-barrel into the very bottom of his throat and pressed upon the trigger." Of course the shot killed him. He had been challenged to a duel, and the fear of death drove him to suicide. Guy de Maupassant, the great French writer, tells the story. This is no mere fancy of a novelist. It is a dreadful, eternal truth. Men and women, living under the shadow of Death's black wing, fling themselves into the arms of the very enemy they dread. See the proofs of this in the matter-of-fact newspaper reports. Note that in a great city half-a-dozen persons will, in a single day, take their own lives. Why? Various motives are assigned, such as disappointed love, financial ruin, actual or impending disgrace and thwarted ambition. The most prevalent reason is not dwelt upon, except in rare cases, because to the unthinking reader it is less impressive than the others. Yet the fact that sufferers from real or imaginary disease, despairing of a cure, take their own lives, is the most appalling of all the doleful facts connected with suicide. Within a few weeks three women, moving in the highest society in Washington, killed themselves because they saw no hope of overcoming disease. They had struggled and hoped until delusion seemed vain and hope a mocking struggle. One day the shadow of the black wing was so near that it blotted out all the joy and sunshine of the world. The next day's papers told of a historic family's awful affliction. Aliments leading to self-murder are roughly divisible into two classes: those that are mostly fanciful and proceed from ill-regulated nerves, and those of which the symp-

What authority has condemned you to the bondage of disease? Your doctor, and possibly the doctor whom he called in consultation. But they are busy general practitioners who treat all sorts of maladies. Don't give up the fight until a specialist, trained for years in the study of just such cases as yours, has heard all about you. The Warner Nazaro Medicine Co., 220 Broadway, New York, has arranged to place the most skillful special treatment within the reach of everybody. No matter what part of your body is affected, no matter how long you have suffered, the highest talent and the widest knowledge in the country are at your disposal. With obstinate diseases of lungs, nerves, blood, stomach, liver and kidneys the company's Board of Physicians has been most successful. Correspondence is invited from women who are victims of disorders peculiar to their sex, and from men whom ordinary measures have failed to rid of old troubles. A carefully arranged system of blank will be sent you for the asking, which will enable you to fully and accurately describe your disease. Write for this today.

ALUMNI IN THE WAR

A Good Story of Two Old U. of M. Graduates.

The Pontiac Post tells the following incident of two old university alumni, who were classmates and room-mates at the outbreak of the late civil war.

One night, about midnight, while Capt. Noble was going along the picket line, stationed up on the bluff, he was startled by the following cry: "Hallo, Yank."

It seems that Crume had been captured by northern troops and confined in a federal prison, but having effected his escape was working his way back south.

The Mr. Crume of this anecdote is at present, so the writer is informed, superintendent of one of the leading lines of railway in the south.

face of the following article in the constitution all the requirements of which had been strictly complied with.

ARTICLE VII.

(When to go into effect.)

SEC. 1. This Constitution and the By-Laws following hereafter shall go into effect on the first day of October, 1897, or as soon thereafter as a local branch of the Club, with not less than five members, shall have been organized in not less than sixteen voting precincts in Washtenaw County.

It was plainly evident that this objection would not stand in the face of the terms of this article. Then it was urged that it was too much to pay the field secretary \$2.00 to attend each meeting of the various branches although any man with just a little sense, could readily see that it would require every cent of that amount to pay the actual expenses of the one chosen to do this work.

Another objection that was suddenly thought of was that it would be dangerous to allow the great power which the office of Field Secretary might give, to rest in one individual.

Judson was becoming desperate and so on Tuesday or Wednesday of last week he and Probate Judge Newkirk spent the day in Ypsilanti consulting with E. P. Allen and Fred W. Green as to how the constitution, and with it the Club, might be knocked out.

There were in attendance at the meeting the following: Wm. Judson, Sheriff of Washtenaw County and candidate for Warden at Jackson, a man who has openly boasted that he has bought votes like cattle.

At first it was reported that the meeting was held solely for the purpose of knocking out Moran, who had devoted many months to hard work, and considerable money in organizing this Club for the promulgation of Republican principles.

gang plotting until the wee hours of the morning to overthrow Moran alone. If they should admit it, it would be an acknowledgment that he had a power in Washtenaw politics the strength of which was at least equal to that of their entire ring and as it was their united strength was without avail to down him as the representative of the Club till he had been basely deceived and misled by a lie from one whom he supposed was his friend.

This was the scheme planned and decided upon before that meeting adjourned last Wednesday night. So sure were they of success—when aided by the use of base falsehoods—that they would overthrow the Club that they felt it safe to go ahead and dictate who should be nominated for county offices this fall.

It protects the mother from relapse; makes her capable and cheerful; insures abundant nourishment for the baby; and completely reinforces the vitality of both mother and child.

THE BLUES.

When a cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture.

It is usually this way:— She has been feeling "out of sorts" for some time; head has ached, and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart has beat very fast; then that bearing-down feeling. Her doctor says, "cheer up, you have dyspepsia; you'll be all right soon."

But she doesn't get "all right." She grows worse day by day, till all at once she realizes that a distressing female complaint is established.

A mother and her baby can have lots of fun together if they both are well and strong and hearty. Health makes them good-natured and happy; but all the delights of motherhood are lost if the mother is weak and ailing.

Mothers of young children are subject to a heavy draft upon their physical resources, and their health ought to be specially fortified, both before and after the baby is born.

The reasons why it is the most perfect and successful remedy of its kind in the world are more fully explained in one chapter of Dr. Pierce's great thousand-page illustrated book, "The People's Common Sense Medical Adviser," which will be sent free, paper-bound for 21 one-cent stamps to pay the cost of mailing only.

Mrs. F. B. Cannings, of No. 4320 Humphrey St., St. Louis, Mo., writes: "I am now a happy mother of a fine, healthy baby girl. I feel that your 'Favorite Prescription' and little 'Pelle's' have done me more good than anything I have ever taken."

Y. W. C. A.

Mrs. Stewart Bonnett, who died Sunday night, was a charter member of the Y. W. C. A. Many of the association have very pleasant recollections of her and of the "association baby" who always attended the Sunday meetings with her mother.

Mr. Caldwell of the Y. M. C. A., will give a report of their recent convention at the Sunday meeting. We are glad to welcome this representative of the Y. M. C. A. Miss Rhoda Gannett will have charge of the religious meeting preceding this report.

March 4th, at the Baptist church, a concert will be given for the benefit of the Y. W. C. A. It will be a Mendelssohn evening under the direction of Miss Elsa Liebig, assisted by Mrs. Kempf, Master Freddy Daley, Miss Minnie Davis and others.

A general social was held at the rooms Tuesday evening. No classes will be held Thursday on account of Mrs. Norvell's visit.

WORK IN AFRICA

Oscar Roberts, A Former Student Tells About It.

Oscar Roberts, who graduated in the engineering class of '94 and then went as a missionary to western Africa, spoke at Newberry hall Sunday.

Mr. Roberts is located at Batanga, three degrees from the equator, Roberts suffered severely from fever, and his wife, a former U. of M. student, died.

His work has been largely to tramp through the bush, visiting different tribes, learning their language and teaching. There are no roads and he followed paths through the jungle, and often these are full of water.

He says the natives are harmless but that they are thieves. They will steal everything the missionaries have if no check is placed upon them.

"They stole everything one good old missionary had," said he. "Finally he obtained a rifle and announced that he would shoot. Since then he has not been disturbed."

Mr. Roberts has worked among the dwarf tribes, but says the latter are hard to reach and are migratory, so that one never knows where to find them. Once he got seven dwarfs to Batanga, but the other natives made sport of them and they left.

The natives are terrible drunkards, and the rum traffic ruins commerce. Natives traders bring in a supply of ivory and rubber and swap it to merchantmen for rum. They get trusted for necessities, but never pay except when coerced.

COUNCIL PROCEEDINGS.

[OFFICIAL]

**COUNCIL CHAMBER,**  
Ann Arbor, February 21st, 1898.  
Regular Session.  
Called to order by Glen V. Mills, City Clerk.

Ald. Hamilton moved that Ald. Cady be elected president pro tem. Roll called. Quorum present.

Absent: Ald. Moore, Sweet, Vandawalker, Rhodes, Pres. Luick.

**COMMUNICATION FROM THE MAYOR**  
To the Honorable the Common Council of the City of Ann Arbor:  
Gentlemen: I hereby disapprove that part of your proceedings of the 7th, inst. relating to the adoption of a resolution requiring the publication of the names of all parties receiving help from the city. The poor fund is raised for the purpose of aiding those of our citizens in distress and while some claim it as a right others ask it only in their misfortune. The former class would be indifferent to this publicity and it might deter some deserving people from applying for what was really needed and be the cause of great suffering.

I believe the poor fund of the city is expended with reasonable care, from April 1st, '85 to April 1, '86 there was expended \$2,712.51 while from April 1st, '86 to April 1st, '87 the expenditures were \$2,079.22 and the average for past four years has been about \$2,100 not an unreasonable sum for a city of our size and population.

The monthly report of the Commissioner is filed in the City Clerks office, it is a matter of record and can be examined by any of our people interested in the matter.

Respectfully,  
**CHAS. E. HISCOCK,**  
Mayor.

Filed February 9th, 1898.  
**GLEN V. MILLS,**  
City Clerk.

The resolution failed to pass the veto of the Mayor notwithstanding as follows:

Yeas—Ald. Grossman, Brown, Soule, Coon, Cady—5.  
Nays—Hamilton, Koch, Dell, Spathe, Danforth—5.

**PETITIONS AND COMMUNICATIONS.**

A petition signed by Paul Snaubel and 51 others asking for a bridge across the Ann Arbor R. R. on Williams street was read and referred to the Street Committee.

To the Common Council:  
The Board of Public Works would respectfully report to your honorable body that they consider it necessary that Mr. Geo. F. Key, City Engineer and Mr. E. W. Groves, Asst. Engineer be employed by the year and we would further report that further help is employed only at such times during the year when the work demands extra help.

Glen V. Mills,  
Clerk of the Board of Public Works.

Ald. Koch moved that the report be laid on the table until the next regular session.

Adopted.

To the Common Council:  
Gentlemen: I herewith submit for your consideration a report made in accordance with a resolution offered by Ald. Rhodes and adopted by the Common Council, Dec. 6, 1897.

Ald. Coon moved that the report be referred to the Cemetery Committee and City Attorney.  
Adopted.

Ald. Moore, Sweet and Rhodes offered.

**SEWERS.**  
To the Common Council.  
Your Committee on Sewers to whom was referred the report of the City Engineer relative to the parties in the pavement district who have not connected with the sewer, and would recommend that the following named parties be directed to make their connections within sixty days:

And further that if the said connections are not made within the time specified, that the Board of Public Works be directed to perform said work and assess the cost against the property with ten per cent added:

And further that the Clerk be directed to serve a copy of this report upon the following named persons:

Leonhard Bruner, 118 S Main  
Christian Eberbach, 112 S "  
Junius E. Beal, 101 S "

Geo. Clark, 113 N "  
Henry Cornwell, 115 N "  
Louis J. Lisemer, 117 N "

Respectfully submitted,  
**John Koch,**  
**Geo. Spathe Jr.,**  
**Harrison Soule,**  
**H. P. Danforth,**  
**Geo. L. Moore,**  
Committee on Sewers.

Adopted as follows:  
Yeas—Ald. Moore, Hamilton, Grossman, Koch, Dell, Sweet, Brown, Rhodes, Spathe, Soule, Coon, Danforth, Cady—13.  
Nays—None.

Ald. Brown excused.

**REPORTS OF CITY OFFICERS.**

To the Common Council.  
Gentlemen:—I have examined the petition of Mrs. P. L. Bodmer relative to sewer tax on lots exempted by reason of the construction of the Main Sewer referred to me and find that the release given by P. L. Bodmer described lots 8 and 9 in block 5 south, range 3 east. The sewer does not cross said lots and they are not in any sewer district.

It should describe lots 10, 11, and 12 block 5 south, range 3 east.

I would recommend that Mrs. Bodmer pay the tax assessed against the above described lots and upon the receipt of a release of right of way that the money be refunded to her.

Very respectfully,  
**Thos. D. Kearney,**  
City Attorney.

Ald. Koch moved that the report be adopted.

Adopted as follows:  
Yeas—Ald. Moore, Hamilton, Grossman, Koch, Dell, Sweet, Rhodes, Spathe, Soule, Coon, Danforth, Cady—12.  
Nays—None.

**REPORT FOR 1897.**

To his honor, the Mayor, Recorder and Common Council of the City of Ann Arbor, Michigan.  
Gentlemen: Your Board of Health begs leave to make the following report to your honorable body for the year ending December 31, 1897. Estimated population of city in round numbers, fourteen thousand. During the year of 1897 there have been 116 deaths as follows:

Appendicitis 2, asthma 2, apoplexy 3, brain fever 2, blood consumption 1, bronchitis 1, bright's disease 3, child birth 1, cystitis 1, consumption 8, convulsions 3, catarrh of bladder 1, cholera infantum 2, chronic gastritis 1, cerebritis 1, cancer 2, dropsy 4, dropsy of heart 1, diphtheria 1, diabetes 3, dysentery 1, debility and vomiting 1, diarrhoea 1, general debility 2, heart disease 1, heart and kidney 1, internal hernia 1, infants 3, inflammation of bowels 1, inflammation of liver 1, kidney disease 1, liver complaint 1, malarial fever 1, malignant tumor 1, neuralgia 1, old age 6, peritonitis 1, pneumonia 5, paralysis 3, remittent fever 1, spasms 1, stroke 1, suicide 1, spinal meningitis 4, summer complaint 1, stomach and liver 1, softening of brain 2, still born 1, throat trouble 1, typhoid fever 1, tumor on liver 1, tubercular peritonitis 1, ulceration of stomach 1, unknown 5.

All of which makes a very low death rate per thousand.

All complaints of nuisances have received prompt attention and were abated without litigation or expense to the city. Quarantines have been complied with. The water supply is very efficient and wholesome. Our streets are in a good condition as well as our sidewalks except on the south side of West Huron from First street to Third street where there are several holes dangerous to the public.

Respectfully,  
**H. W. Moore, Pres.**  
**E. B. Dodsley, Insp.**  
**John Kapp, Health Officer.**

Received and placed on file.

**RESOLUTIONS.**

Ald. Coon moved to take the report of the street committee relative to Oxford street from the table.  
Adopted.

Ald. Hamilton moved that the subject of the change of name of Oxford street be referred to the ordinance committee.  
Adopted.

Ald. Rhodes moved that the subject of asphalt be referred to the street committee.  
Adopted.

Ald. Danforth moved that the board of public works be directed to cut a tree avenue at the corner of Hill and Olive streets.  
Adopted.

Ald. Rhodes moved that the board of public works be directed to rebuild the fence along the sidewalk on the bridge over the M. C. Railroad.  
Adopted.

On motion the Council adjourned.

## MAY BE SPANISH TREACHERY

### U. S. Cruiser Maine Blown Up at Havana and 258 Sailors Killed.

#### CREW LAYS IT TO THE SPANISH.

Officers all Saved but Two—Spanish Give Aid to the Wounded—An Investigation to be Made as to Cause of the Explosion.

The U. S. battleship Maine was blown up and almost completely wrecked while at anchor in Havana harbor, and 251 members of the crew besides two officers—Lieut. Jenkins and Assistant Engineer Merritt—were killed. The cause of the explosion can only be determined by investigation.

The authentic figures as given of the casualties are 104 saved and 253 dead. Havana: Officers of the Maine state that the explosion was in the central magazine and that the Maine was raised out of the water and then went partially to pieces. All but the surgeon were in the ward room at the moment of the explosion. Then came the stupendous shock. All the officers below rushed on deck, but could get no further forward than the middle of the superstructure on deck. Only a pitiable few of the 300 life jackets ever got from below. The water rushed over them and many were stunned and drowned. The officers on deck narrowly escaped. In the junior officers' mess all had to clamber out through water and wreckage waist deep. All agree that a double explosion occurred.

Havana: Capt. Sigsbee when asked to express an opinion as to the cause of the explosion said: "I cannot determine the cause; but competent investigators will decide whether the explosion was produced from an interior or exterior cause. I cannot say anything until after such an investigation has been made. I will not and cannot conscientiously anticipate the decision nor do I wish to make any unjust estimate of the reason for the disaster."

Washington: Secretary Long, when asked whether he had reason to suspect that the disaster was the work of an enemy, replied: "I do not. In that I am influenced by the fact that Capt. Sigsbee has not yet reported to the navy department to write a full report. So long as he does not express himself I certainly cannot. I should think from the indications, however, that the magazine exploded. How that came about I do not know. For the present, at least, no other warship will be sent to Havana."

Public men expressed their opinions with reserve when approached for interviews, but everywhere there was a demand for an investigation and full details in the light of which the horror may be justly viewed. Secretary Long undoubtedly summarized the general opinion of the majority of naval experts in finding it impossible just now to state the cause of the destruction of the Maine. There are a great number of theories, but most of them are of a character that makes it easy to prove or upset by a single investigation by a diver. Secretary Long has taken immediate steps to make this investigation.

The effort of the government officers to remain calm in the face of the shocking disaster and its attendant mystery was apparent and a number of naval officers volunteered theories in support of the accident hypothesis, all of which in the absence of any facts on which to base a reasonable opinion were decidedly unsatisfying.

As for the Maine herself, notwithstanding discouraging reports as to her condition, the navy department will make the effort to raise her. While this is required by every creditable sentiment, they say that they are bound to remove the hull from the harbor in any case and it may be as easy or easier to raise her as it would be to destroy the hull and machinery by the use of divers and dynamite.

Key West: It is known from reliable sources that Capt. Sigsbee is under the impression that the warship Maine was blown up by a floating torpedo, and that he has communicated his impressions to Washington, asking at the same time that the naval department should send naval engineers and mechanics to investigate the explosion.

The steamship Olivette arrived at Key West with 62 survivors of the Maine. Of the number 20 are wounded, 10 seriously and one fatally. The officers were, as a rule, reticent and say that the cause of the explosion could only be ascertained by divers, but many of the sailors were outspoken in their declaration of belief that the explosion was a deep laid plot of the Spaniards.

It is well known that there has been a very bitter feeling among the Spaniards in Cuba against the Maine. Canalejas' own paper, the Heraldo, has repeatedly stated that the presence of the Maine was a menace to peace, and it was to the same editor of this paper, it will be remembered, that De Lome wrote his famous letter insulting President McKinley. At a bull fight in Havana the Spaniards openly insulted men from the Maine, and the feeling against them had gradually grown to be very bitter.

Washington: Consul-General Lee telegraphs: "Profound sorrow expressed by government and municipal authorities, consuls of foreign nations, organized bodies of all sorts and citizens generally. Flags at half-mast or governor-general's palace, on shipping in harbor and city. Business suspended, theaters closed. Officers' quarters being in rear and seamen's forward, where explosion took place, accounts for great proportional loss of sailors. Officers Merritt and Jenkins still missing and undoubtedly lost. Hope our people will repress excitement and calmly await decision."

Washington: The navy officers cannot agree upon any theory to account for the destruction of the Maine. Perhaps a majority are inclined to the belief that the explosion was purely accidental, another considerable number feel that a torpedo was exploded under the vessel, and a third theory is that some infernal machine was smuggled aboard the ship and set off. In the present lack of knowledge as to the condition of the wreck all theories are uncertain. An examination of the hull of the Maine by divers will demonstrate in short order whether or not a torpedo had been used.

Washington: The government has settled back into a waiting attitude in respect to the terrible marine disaster in Havana harbor. The great shock caused by the news has given way to a calmer and more judicial state of mind. The naval officials are now resigned to await the results of an inquiry by a court named by the navy department, as follows: Capt. Samson, commander of the battleship Iowa, now at the Tortugas, president of the court; Capt. Chadwick, commander of the New York, at Key West; Lieut.-Com. Schroeder, executive officer of the Massachusetts, now at Tortugas; Lieut.-Com. Marix, executive officer of the Vermont, formerly on the Maine.

Every confidence is felt at the navy department in the commander of the Maine, Capt. Sigsbee, and until it is really established otherwise there is every disposition to charge the accident, if accident it was that destroyed the Maine, to some cause beyond the usual range of human discretion.

The Maine was a battleship of the second class and was regarded as one of the best ships in the new navy. She was built at the Brooklyn navy yard in 1890 at a cost of \$2,588,000. She had a steel hull, was 318 feet long, 57 feet broad, 21.6 mean draught and carried a complement of 357 men. Her armament consisted of four 10-inch and six 6-inch breech loading guns in her main battery and seven 6-pounder and eight 1-pounder rapid-fire guns and four Gatling in her secondary battery and four Whitehead torpedoes. The commander of the Maine, Capt. Sigsbee, is a favorite in the navy department.

Developments of the Maine Disaster. Naval experts and engineers are unambiguously in favor of raising and rebuilding the Maine. They say the plan is entirely feasible, unless she is shattered more than they at present believe. Secretary Long coincides with their views, but adds that if the warship proves to be absolutely useless a new Maine, finer and faster, will be built.

The Spanish authorities at Havana requested of Consul-General Lee that they be permitted to join with our own people in making an investigation into the cause of the disaster to the Maine. Gen. Lee forwarded the request to Washington where it was discussed by President McKinley, Secretary Long and Assistant Secretary of State Day and the conclusion was reached, and Gen. Lee was so notified, that while this government is willing to afford the Spanish authorities all reasonable facilities for conducting an investigation, yet it is thought best the first inquiry shall be made by her own commissioners. The request of the Spanish government, therefore, was respectfully declined. Capt. Sigsbee will be recognized as the one to direct operations and to send down the government divers for such inspection as he sees proper to make.

For a short time it appeared that the Spanish were likely to attempt to prevent any work on the wreck of the Maine other than they should direct, but a stiff demand that our right be recognized resulted in the Spanish acknowledging that the wreck of the Maine is extra-territorial and a part of the sovereign soil of the United States. This decision promises to establish an important precedent in international law.

Associated Press correspondents claim to observe great preparations for war in the manning of various portions of our modern system of coast defense at this time, but the war department says it is but the carrying out of plans which have been maturing for two or three years. It is also alleged by the correspondents that the U. S. infantry forces at Fort Sheridan (Chicago), Fort Leavenworth, and Fort Riley (Kansas) have been armed and equipped more completely and are ready for call at a moment's notice. A new 20-knot torpedo boat has just been launched at Herrschhoff's yards, Bristol, R. I., all completed. Extra large forces of marines have been sent to the Norfolk navy yards to put into commission two or three fighting boats there. Secretary of War Alger is said to be hurrying troops to the forts about New York City.

Read Admiral Thos. A. Selfridge has just returned from a two years' absence in Europe and was met at the steamer by a telegram ordering him to report at the Brooklyn navy yard at once.

**Gladstone Goes Home to Die.**  
London: It is said that Mr. Gladstone is coming home to die. An eye-witness who saw his departure from the Riviera and his arrival at Calais reports a striking change in the old statesman's appearance. Arrangements had been made at Calais to carry his chair from the train to the hotel, but Mr. Gladstone was determined to walk the distance, 30 yards, and was carefully assisted down the steps, enveloped in coats and rugs. Heavily leaning on the arms of two gentlemen, he slowly tottered to the hotel.

## NERVOUS BREAKDOWN

### It Comes to the Preacher from Over Study and Brain Tire—It Comes to Any Person, too, who Worries and frets.

From the Huron Tribune, Bad Axe, Mich.

"A 'breaking down of the nervous system' is a modern expression,—a modern complaint. It is induced by prolonged strain and the overtaxing of the nervous system, and is a product of over hurry and haste. It affects the preacher and the lawyer—the direct result of brain tire. It affects people in any walk of life, too, who worry and fret. It means a depleting of the nerve forces. It is curable by complete rest and change of scene, also by the use of nerve restoratives and nerve foods. As the first method is not within the reach of all, the latter offers the most universal and practical method of treating the complaint. When it is determined that medicine is to be used, select that one which contains the most nourishing properties. Do not take nerve tonics. They only stimulate, and the reaction leaves you worse than you were before. Select the medicine that is to the nerves what meat is to the body—one that as it builds up the nerves, also increases your weight. The best thing for the purpose is Dr. Williams' Pink Pills for Pale People, the reputation of which is built up by solid and indisputable proof, and which is known in every hamlet in the country. As a proof of its merits in such cases, read the following letter of a clergyman:

DR. WILLIAMS' MED. CO.,  
Schenectady, N. Y.  
Dear Sir:—In April, 1896, I was a hopeless case, owing to a complete breaking down of my nervous system and to a persistent stomach trouble. I had been treated by a great many physicians but received no permanent benefit. I had been down four times with nervous prostration and twice with gastritis. These attacks would come with such violence as to throw me into spasms. The time came when physicians said I must stop preaching or die. I would be so exhausted after the last service on Sunday that I could scarcely get from the pulpit. Many a time I have had to sit down and rest before I could leave the church in order to gain a little strength. I could eat neither

meat nor vegetables. I dared not allow my bare feet to be as much as touched the cold carpet or floor, to say nothing of taking a cold foot bath. If I did I was immediately seized with cramps. In this condition I commenced to take Dr. Williams' Pink Pills for Pale People. I took one box and felt no better—in fact worse. I said I would take no more, but my wife urged the matter, feeling my life depended upon the result, as every thing else had failed, and I was "used up." I therefore continued to take them. Since then, and it has been several months, I have had but one slight attack and have enjoyed life. Have preached all summer and held revival meetings for fifteen weeks. During that time my wife was sick seven weeks, so that my rest was much broken. Some nights I did not sleep at all. I have had no muscular exercise for years until recently, when I have done some work in my garden, and my muscles stand the test remarkably well. I can eat any thing I desire, and can now enjoy a cold bath daily. Every Sabbath I preach three times, and now think I am good for another twenty years if the Lord wills. I am surprised at myself and sometimes think it cannot be possible that I have accomplished what I have.

### John Bull Talks War Now.

The situation in East Africa is reported to be an aggravating one to both France and England. Young officers command both forces, and a collision is probable at any time unless England yields ground. This it is said, she is not likely to do, as a budget for \$750,000 for the support of West African forces is likely to be passed early next week. On the other hand, M. Hanotaux, the French minister of foreign affairs, is in a trying and peculiar position; as the coming elections face him and the slightest sign of yielding on his part would mean utter defeat at the polls. The freedom of commerce, and not the acquisition of property, is said to be the real bone of contention.

London: Intelligence has been received that two French expeditions are advancing toward Sokoto, capital of the sultanate of Sokoto, in the extreme north of the Haussa states, East Africa, and that six French officers with a force of 200 men have arrived at Argungu (Argungu) and Tagga. The former town is an important place on the Sokoto river, about half way between the sultan's capital and the river Niger, and is within the British sphere. The sultan of Sokoto has commanded the French force to halt about 40 miles from the capital. The Royal Niger Co.'s representative, (British) Wm. Wallace, is holding the company's forces, with ammunition and stores to assist the sultan of Sokoto and to secure French evacuation of the British territory.

London: It is asserted on good authority, that the Royal Niger Co. has been instructed after trying all peaceable means to compel the retirement of the French from British territory by force. The sultanate of Sokoto is a feudatory of the company and it was recently placed under British protection. The situation is extremely grave. Great Britain's forces in the protectorate district number between 5,000 and 6,000 men under British officers.

### IS IT CURABLE?

A Question Often Asked by Those Afflicted With Piles.  
Is a strained joint curable? Is local inflammation curable? Of course, if properly treated. So is piles.  
People often become afflicted with piles and ask some old "chronic" who has always persisted in the wrong treatment and naturally he discourages them by telling them that their case is hopeless.  
They in turn discourage others, and thus a disease that can in every case be cured by careful and skillful handling is allowed to sap the energy of thousands who might free themselves of the trouble in a few days.  
Pyramid Pile Cure will cure the most aggravated case of hemorrhoids in an astonishingly short time. It relieves the congested parts, reduces the tumors instantly no matter how large, allays the inflammation and stops the aching or itching at once.  
Thousands who had resorted to expensive surgical treatment have been cured by the Pyramid Pile Cure—in a number of instances persons who had spent months in a hospital under a pile specialist.  
It is a remedy that none need fear to apply even to the most aggravated, swollen, and inflamed hemorrhoidal tumors.  
If you are afflicted with this stubborn disease you can master it and master it quickly.  
This remedy is no longer an experiment, but a medical certainty. It is manufactured by the Pyramid Drug Co., Marshall, Mich.  
Druggists sell it at 50 cents per box. It is becoming the most popular pile cure this country has ever known and druggists everywhere are ordering it for their customers.

LEGAL NOTICES.

Mortgage Sale.

Whereas, default has been made in payment of the money secured by a mortgage executed by Henry Matthews and Maria Matthews, his wife, of the city of Ann Arbor, in the County of Washtenaw and State of Michigan, mortgage made to John Rose of the same place, mortgage, dated the seventh day of July, in the year one thousand eight hundred and ninety-three, and recorded in the office of the Probate Court for the County of Washtenaw, in the State of Michigan, on the seventh day of July, A. D. 1893, in Liber Eighty-one of Mortgages on the first hundred and thirty-one pages, and whereas the amount claimed to be due and unpaid on said mortgage at the date of this notice is the sum of Twenty-four Dollars and Ninety-two cents, together with interest thereon, and whereas the further sum of Forty-four Dollars and Eighty-eight cents paid by said mortgagee for the sum of Twenty-four Dollars and Ninety-two cents paid by said mortgagee for insurance premium for the year 1897, and interest thereon, upon the building situated upon said land described in said mortgage, by virtue of the power contained in the mortgage to take and insure the building contained in said mortgage, and also the further sum of Thirty-five Dollars as an attorney fee, as provided in and by the power of sale contained in law having been instituted to recover the debt secured by said mortgage, or any part thereof, whereby the power of sale contained in said mortgage has become operative.

Now, therefore, notice is hereby given that by virtue of the said power of sale contained in said mortgage, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by a sale by me of the mortgaged premises, or so much thereof as may be necessary, to satisfy the amount due on such mortgage, and legal costs and charges of such sale, together with the said sum of Forty-four Dollars and Eighty-eight cents, and said attorney fee, at public auction to the highest bidder at the East front door of the Court House in the City of Ann Arbor, Michigan, in the County of Washtenaw, said Court House being the place for holding the Circuit Court for the said County of Washtenaw on Saturday, the second day of April, A. D. 1898, at ten o'clock in the forenoon of that day; which said premises are described in said mortgage as follows, to wit:

All that certain piece or parcel of land situate and being in the City of Ann Arbor, in the County of Washtenaw and State of Michigan, and described as follows, to wit: Commencing on the North line of Lot Number Three in Block Number One South of Huron Street in Range Number Three East at a point twenty feet West of the North East corner of said lot three, thence South parallel with the East line of said lot seventy-two feet, thence West parallel with the North line of said lot one foot, thence North parallel with the said East line of said lot seventy-two feet to the said North line of said lot, thence East along the said North line of said lot twenty-one feet to the place of beginning.

Dated the Fifth day of January, A. D. 1898. J. W. BENNETT, Solicitor. No. 208 East Huron St.

Mortgage Sale.

Default having been made in the condition of payment of an installment of interest due on a certain mortgage made on the fourth day of April, A. D. 1897, by John W. Eisele and Mary L. Eisele, his wife, to The Farmers and Mechanics Bank and Trust Company, whereby the mortgage hath power and authority to elect and declare and hath declared and elected to foreclose the same, and the principal sum secured thereby to be now due and payable, and such default having continued after such election and due notice thereof, whereby the power of sale in the said mortgage contained has become operative, which mortgage was recorded in the office of the register of deeds, for the County of Washtenaw, on the 5th day of December, A. D. 1897, in Liber 96 of mortgages at page 238, on which mortgage there is claimed to be now due at the date of this notice, the principal, interest, insurance, and taxes the sum of two thousand three hundred and eighty-five dollars, and no proceedings at law or in equity having been instituted to collect the said sum of money or any part thereof.

Notice is therefore hereby given that on the 18th day of April, A. D. 1898, at ten o'clock in the forenoon, at the East front door of the Court House in the City of Ann Arbor, State of Michigan, the said mortgage will be foreclosed and the lands and tenements therein described in the mortgage will be sold at public auction, to the highest bidder, to satisfy the sum of money secured thereby, the costs and expenses of the proceedings including an attorney fee of thirty-five dollars as provided for therein.

The lands tenements and premises in the said mortgage mentioned, and to be sold, are described as follows: All that piece and parcel of land situate in the City of Ann Arbor, County of Washtenaw, State of Michigan, to wit:

The south one third part of lot number three (3) in block number two north of Huron street range five east, according to the plat of the village, now city, of Ann Arbor, State of Michigan, being twenty-two feet and one inch in width and fronting on Fourth avenue, in said city. Also conveying and granting a right of way in, over and along the alley as now laid out and established in the rear of the land and tenements hereby conveyed.

Dated Ann Arbor, Michigan, January 19th 1898. THE FARMERS AND MECHANICS BANK, BY E. B. NORRIS, ATTY. FOR MORTGAGEE. Ann Arbor, Mich. 16

Chancery Sale.

In pursuance and by virtue of a decree of the Circuit Court for the County of Washtenaw, State of Michigan, in chancery, made and entered on the twenty-ninth day of January, A. Almedinger is the complainant, and Aaron Weidmayer and Regina Weidmayer are the defendants, notice is hereby given that I shall sell at public auction to the highest bidder at the Court House in the City of Ann Arbor, in said County of Washtenaw and State of Michigan, that being the building in which the Circuit Court for the County of Washtenaw is held on Saturday, the nineteenth day of March, A. D. 1898, at ten o'clock in the forenoon of said day, the following described property, situated and being in the township of Ann Arbor, County of Washtenaw and State of Michigan, to wit:

All those certain pieces or parcels of land described as follows: One (1) lot containing one (1) acre and seventy-three (73) links west of the center of said section; running thence south two degrees and thirty-four minutes east, parallel to the west line of said quarter section twenty (20) chains and forty-five links to the center of the Eber White road, so-called; thence easterly along the center of the said road to the center of said section, it being the township line; thence north thirteen (13) chains and seventy-seven (77) links along said township line to lands owned by J. J. Shaeffer; thence east parallel to the north quarter line ten chains and eighty links; thence north parallel to said township line thirteen chains and eighty-nine links to a stake in said quarter line; thence east on the quarter line to the place of beginning, containing fifty-four and one-half acres of land, being a part of section thirty.

Also the following described piece or parcel of land commencing in said section to the south-east corner of land owned by Clement H. Thompson; thence south parallel to the east quarter line of said section to the township line of said section; thence west on the south line of said section four chains and seventy-eight and one-half (78 1/2) links; thence north parallel to the west quarter line ten chains and eighty links; thence north parallel to the township line thirteen chains and eighty-nine links to a stake in said quarter line; thence east on the quarter line to the place of beginning, containing fifty-four and one-half acres of land, being a part of section thirty.

Dated at Ann Arbor, Mich., January 31, 1898. O. ELMER BUTTERFIELD, Circuit Court Commissioner. J. W. BENNETT, Solicitor for Complainant. 12

Light From Sawdust.

A town in Canada is partially lighted by gas made from sawdust. The sawdust is charged in retorts which are heated by a wood fire, the gas from the retorts passing into a series of coils and thence into the purifiers, which are similar to those used for coal gas. Lime is the principal purifying agent employed. The works turn out daily 540 cubic meters of gas, for the production of which about two tons of sawdust are required. A man and boy furnish all the labor needed at the works. The gas in an ordinary burner gives an illumination of about eighteen candle-power. The best quality comes from resinous woods.—Tit-Bits.

Diamonds Stolen in South Africa.

In spite of the closest espionage, the diamond mining companies of South Africa have stolen from them during the year £1,000,000, of which they recover about half.

It is said that 1,000 copies of the Oxford Bible were sold last year.

THE STREET CAR'S RIVAL.

Bicycle Has Certainly Hurt the Railway Business.

The annual report of the state bureau of railways of Pennsylvania, which has just been completed, contains several very interesting facts, among others the statement that the stock capitalization of street railways per mile of road is greater than the average cost of steam railways and their equipments in the United States. This is stated to be due in a large measure to the over-capitalization of several companies combining, whereby the amount of stock issued in the consolidated company is invariably greater than the combined capital of the several companies. Another unlooked-for fact is brought to light by the statistics of the past year, and that is that the combined receipts of all the street railway companies in the state has largely decreased from that of past years. On this point Maj. Brown, chief of the bureau, says: "In all probability the use of the bicycle by business people and pleasure seekers is the prolific source of the reduction in the receipts of many street railways. In cities where favorable conditions do not exist for the use of the bicycle, where the hills are steep and not easy of ascent or descent, the railway companies probably have not been affected by the use of the wheel to so great an extent, but in cities like Harrisburg and many others it cannot be gainsaid that the bicycle has become a most serious competitor of the railway." To re-enforce this view of the case observations made on Third street, Harrisburg, during the month of October last, are quoted. The observations covered two days, from 7 in the morning to 6 in the evening. During that time 6,078 persons passed a given point, 1,962 in the cars and 4,116 on bicycles; that is, 67.7 per cent on bicycles and 32.3 per cent on the cars, or more than two to one in favor of the wheel. To what extent this large number of bicycle riders affected the receipts of the traction company can only be conjectured.

Natural Perfumes and Essences.

The preparation of natural essences, according to the Popular Science Monthly, is still a genuine agricultural industry. Flowers and leaves are the raw material, and they have to be treated fresh. The original laboratories are therefore generally established very near where the plants can enjoy the most favorable climatic conditions. Hence the crude essences generally come to us from various distant regions—essence of Ylang from Manila, of geranium from Reunion and Algeria, of lemon and citron from Ceylon and China, etc. But as the imported materials are generally scandalously adulterated, European manufacturers have been impelled to bring home such of the crude material as will bear transportation. So sandalwood, cloves, patchouli leaves and vetiver grass roots brought dried and with their scents unimpaired are distilled in France and Germany rather than in the countries of their origin. The most important center of this manufacture is the little city of Grasse, near Nice and Cannes, which, besides being a large center of production for the distillation of plants and woods, is the chief place where these special processes, which have been transmitted through ages, and are the only ones for the extraction of the perfumes of flowers, are in use. The only chemical agents employed in these processes are vapor and fat. The manufactories of artificial perfumes, on the other hand, are real laboratories of chemical products where the habitual agents of chemical industry are employed, requiring the intervention of chemists and engineers, and are established by preference at the great industrial centers.

Queer Press Law in France.

From the New York Tribune: Owing to the existence of a peculiar law in France, which exacts that "any person named or referred to in any periodical publication shall have the right to reply in the next number in the same place and in the same type, providing the reply does not extend to more than twice the length of the offending article," one of the forthcoming numbers of the Revue des Deux Mondes, the most important and influential monthly review in France, will contain an article of unusual length and couched in extravagant language, which will appear in its pages despite the opposition of the editor. It will bear the signature of a dramatic author who, infuriated by the nature of the criticism passed by the Revue on one of his plays, has invoked his rights under article 13 of the press laws, rights which were in vain contested by the editor.

HERE'S A HEALTH TO THE KING.

This good old drinking toast brings to mind the chivalrous time when wine was drunk as commonly as coffee is at the present day; and of the two beverages, it is hard to say which is the most harmful. One "steals away the brains," and the other claims both liver and stomach for its victims. "What say you to a beverage that will delight the taste, give strength to the body and make rich the blood?" Such a beverage is "Golden Nectar," a perfect substitute in taste and appearance for coffee. Science and nature, two powerful elements, have combined to provide a beverage which is so perfect a substitute for coffee as to make it universally sought for wherever it has been offered for sale.

"Golden Nectar" is made from the grains of the fields, scientifically blended and treated; and when brewed has the rich aroma and delightful taste of pure coffee, without the harmful results of the latter. Ask your grocer for "Golden Nectar," the only perfect coffee substitute. MICHIGAN PURE FOOD CO., Calumazoo, Mich. Sold by Davis & Seabold, S. Main-st.

SIGHT SEEING IN DELHI.

Some of the Wonders of the Indian City Described by a Visitor.

You may like to have an account of the day I spent at Delhi. I went down on Sunday by the morning train, arriving about a quarter to 11, and had a hard day's sight-seeing that would have done credit to a yankee. I went to the Jama Masjid, which is, I think, the finest mosque of its kind I have seen. It has two minarets, each 130 feet high, so I had an opportunity of gratifying my taste for bird's eye views again, and certainly this was the best I have ever seen, for, apart from a magnificent view of the city, I could see many of the famous ruins which cluster profusely for miles round Delhi. A little to the south, near the Jumna, stands a tall shaft, surrounded by ruins, which was set up by the Emperor Feroz Shah, who reigned at Delhi the fourteenth century. Then, three miles to the east, I could see the ruins of the old fort, and not far from it the tomb of Humayun, the second Mogul emperor. Scores of other ruins could be seen in the distance and I much regretted that I had not time to drive around and see some of them, but no doubt I shall have another opportunity. When I came down I was shown some relics of Mohammed, including his foot print in stone and a hair of his beard. The keeper of the relics, who kept them very carefully locked up in a small casket, could not explain why his hair was red. I then drove to the palace, which contains much less to see than the fort at Agra, and I had not much time to see what there was. The private hall of audience is very fine, all in white marble, and you can see the place where the peacock throne used to stand, which was valued, if I remember rightly at \$6,000,000. It was carried off by a Persian gentleman named Nadir Shah, who is said to have possessed himself of a few trifles, amounting in all to the value of £142,000,000. The pearl mosque is extremely beautiful and of the purest white marble, but it is not equal to the pearl mosque in the Agra fort.

Japanese Students in America.

The United States, and particularly California, is now educating the younger generation of Japan. Already five bear diplomas from the universities of this state, three of whom have graduated in civil engineering, one in social science and one in zoology. At present there fifteen students in the universities, three being at Stanford and twelve at the University of California. Of these, six are taking the social science course, fitting themselves to be teachers in Japan, three are studying electrical science, two are taking mechanics and there is one each in the sciences of medicine, dentistry, chemistry and political economy. After completing their course in the university, many of the students aspire to take post-graduate courses in eastern colleges. Thus there are those now studying at Johns Hopkins, at Yale and at Cornell. Many of those now at the University of California, in addition to their accomplishments through such studies as they are now pursuing, have visions of seeking what further polish the educational fields of Europe can afford, ultimately returning to Japan, heavy with parchments and honors, blazing with a sort of halo of erudition, ready to illuminate the darkness.—The Chautauquan.

This is Certainly a Wonderful Chance.

We are aware that our people who suffer from nervousness, chronic or long-standing complaints do not have the same opportunity to be cured as do the residents of the great cities where the most eminent physicians and specialists reside. Dr. Greene, of 148 State street, Chicago, Ill., who has the largest practice in the world, and who is without doubt the most successful specialist in curing all forms of nervous and chronic diseases, offers to give free consultation by mail to all sufferers. Write to him at once about your case. He will surely cure you.

Fleeing from Starvation.

News comes from the Klondike that 1,000 men have stampeded from Dawson and are now trying to force their way through the mountains to Dyea. Probably a quarter of them will perish.

AN OPEN LETTER TO MOTHERS.

WE ARE ASSERTING IN THE COURTS OUR RIGHT TO THE EXCLUSIVE USE OF THE WORD "CASTORIA," AND "PITCHER'S CASTORIA," AS OUR TRADE MARK.

I, DR. SAMUEL PITCHER, of Hyannis, Massachusetts, was the originator of "PITCHER'S CASTORIA," the same that has borne and does now bear the fac-simile signature of Chas. H. Fletcher on every bottle of "PITCHER'S CASTORIA," which has been used in the homes of the Mothers of America for over thirty years. LOOK CAREFULLY at the wrapper and see that it is the kind you have always bought and has the signature of Chas. H. Fletcher on the wrapper. No one has authority from me to use my name except The Centaur Company of which Chas. H. Fletcher is President.

Among the persons killed by the Maine battleship disaster was one Frank Fischer, recorded on the boat's books as from Ann Arbor. It was naturally supposed by many to refer to Frank L. Fisher, a tinner, who left this city a year or more ago. But it was learned that his mother on Hill-st. had received a letter from him dated the 15th, from Kentucky, where he is working. When a sailor enlists the place of his birth is alone recorded, so the Frank Fischer killed is not necessarily a recent resident of this city.—Times.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., of Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. HENDRICK'S, 306 S. Main St. (Pratt Block.)

Campus.

The S. C. A. endowment fund has reached \$3,368.71.

Dr. C. B. Southwick, '95 dent, and mother, of Mt Pleasant, were in the city a few days this week.

The last report of President Hutchins of the University, was published in the Michigan Alumni and ten thousand copies distributed.

The regents debated at Friday's meeting the question of admitting wealthy patients to the hospital clinics, finally laying the matter on the table.

Professor Wenley will address the Graduate Club of the University on Monday evening, February 21, upon the subject, "The Ideal University".

Circulars were sent out last week to all the springs of the state, requesting that the spring vacation be arranged so that the dates of the next session of the Schoolmasters' Club, March 31, April 1-2, may fall within it.

Mr. Henry Goldmark, engineer with the U. S. Waterways Commission at Detroit, will address the students of the engineering department, Friday evening, February 25, upon "Railroad bridges from the point of view of the railroads requiring them."

The 40th anniversary of the Students Christian Association of the U. of M. will be celebrated in Newberry Hall, March 4-6. Sunday evening, the 6th, Dr. Barrows, of Chicago, will speak in University Hall upon "Triumphs of Christianity in the Orient."

A free course for practitioners will be given at the homeopathic hospital of the University of Michigan April 19-22. There will be general surgical, gynecological and ophthalmological operations under the direction of Professors Le Seure, Kinyon and Copeland.

CLASSICAL CONFERENCE.

WILL BE HELD IN THIS CITY NEXT MONTH.

Many Eminent Men Will Be Present and the Conference Will Attract National Interest.

A classical conference will be held in this city March 31 and April 1. A very large number of eminent men will be present and the conference promises to be of unusual interest.

Among those who will appear upon the program are: Prof. John William White, of Harvard University, Prof. T. D. Seymour, of Yale, Prof. Andrew F. West, of Princeton, Prof. Alfred Gudeman, of the University of Penn., Prof. Minton Warren, of John Hopkins University, Prof. Chas. E. Bishop, of William and Mary College, Va., Prof's Wm. Gardner Hale and Paul Shorey, of the University of Chicago, Prof. Chas. Forster Smith, of the University of Wisconsin, and Prof. Harold North Fowler, of the Western Reserve University.

Among the prominent representatives of secondary education who will take part in the conference are: Principals C. E. P. Bancroft, of Phillips Andover Academy, Dr. A. F. Nightingale, Supt. of the Chicago High Schools, Dean Chas. H. Thurber, of the Morgan Park Academy, Geo. B. Aiton, state inspector of High Schools in Minnesota, Dr. R. A. Minckwitz, of the Kansas City High School.

ARE IN EGYPT.

Doctor and Mrs. Angell Take A Vacation of Six Weeks.

Dr. and Mrs. Angell are now on their way to Egypt. A religious fast made it impossible to do any work in Turkey so the Doctor asked for a six weeks leave of absence and he and Mrs. Angell are taking a vacation on the Nile. Letters recently received from Dr. Angell announce that he will resign his position as Turkish minister in order to resume his duties as president of the University.

Just as Good

as Scott's and we sell it much cheaper," is a statement sometimes made by the druggist when Scott's Emulsion is called for. This shows that the druggists themselves regard

Scott's Emulsion

of Cod-Liver Oil with Hypophosphates of Lime and Soda as the standard, and the purchaser who desires to procure the "standard" because he knows it has been of untold benefit, should not for one instant think of taking the risk of using some untried preparation. The substitution of something said to be "just as good" for a standard preparation twenty-five years on the market, should not be permitted by the intelligent purchaser.

Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York.

SOUSA'S BAND

COMING TO ANN ARBOR NEXT SATURDAY NIGHT.

NEW AND EXCELLENT MUSIC

Will Be Played by the Band Which Leaves Soon for Europe

The best destination on the S. L. A. coast is not only one of the most expensive but one of the very best. The association decided this year to offer two expensive and in every way first class numbers. The first was Nansen's lecture and the next which comes Saturday is Sousa's band.

John Philip Sousa is by all odds the most conspicuous of American musicians. From the triumphant tones of his great band, from the enormous sales of his stirring marches and from the royalties of his popular operas he derives the greatest income enjoyed by

JOHN PHILIP SOUSA.

any musician of the day. Sousa's "El Capitan," undoubtedly the most popular American opera ever written, is now in its third year of uninterrupted success and is rapidly nearing its one thousandth consecutive performance. His latest work, "The Bride Elect," has just been produced with such enthusiastic acclaim that a long and brilliant career of uninterrupted prosperity can be confidently predicted for it. Sousa is also writing a new opera for De Wolf Hopper, which will be called "The Charlatan," the book being written by Mr. Charles Kline, who was the librettist of "El Capitan." Mr. Sousa will write the lyrics for "The Charlatan" himself. This new piece will be produced by De Wolf Hopper, at the Knickerbocker theatre, New York, next September. Sousa, in addition to making a new arrangement of the Gungahuser overture for military bands and preparing other novelties for his present tour, has arranged a new descriptive fantasia which he calls "Over the Footlights in New York." This will consist of a medley of the chief musical features of the principal metropolitan theatres, from Carnegie Hall to Manhattan Beach, and will be one of the features of the concert at this place. The soloists accompanying Mr. Sousa on this, his twelfth semi-annual tour of his famous organization, are Miss Maud Reese Davis, a brilliant and beautiful young soprano, and Miss Jennie Hoyle, who is undoubtedly the foremost of the younger violinists.

Sousa has achieved most remarkable successes in this country and the announcement is now made that he will tour Europe.

Persons not having season tickets can secure single admission at \$1 each.

FARMERS AND THE U. OF M.

Mistaken Idea Expressed at a Farmers Institute.

The newly issued bulletin of news says:

At a farmers' institute held at Owasco last week, the opinion was expressed by one of the speakers that the students at the University of Michigan are for the most part sons and daughters of wealthy parents, the implication being that the children of farmers have small share in the benefits of higher education. This is a widely prevalent opinion, but one that has often been proved to be wholly erroneous. At the last official canvass of the students it appeared that the number of farmers' children at the University was three times greater than the number of those belonging to any other class, being in fact about one-third of the total. Referring to this fact, President Angell used the following significant words in a report to the board of regents: "Most persons will be surprised to see how greatly the number of farmers' children exceeds every other class. If we assume that the farmers gain their living by manual toil and add to them the other classes who unquestionably support themselves by physical labor, I estimate that the fathers of 45 per cent of the students who reported, may properly be considered as thus gaining their livelihood. The figures show what every one familiar with our students knows to be true, that the sons and daughters of the rich do not form a very large percentage of the whole number."

Bible Classes.

Prof. Coler may be found in room I, Newberry Hall, from 4:30 to 5 o'clock each day for consultation with persons who desire to take work in Bible study. The following classes will be given

Six Studies in Romans, Wednesdays, 4:15 p. m. Six Studies in the Epistles of the First Imprisonment.—Philemon, Colossians, Ephesians, Philippians. The time for this class to be decided by those who enter the course. Six studies in Christian Ethics.

THE ANNUAL HOP.

OCCURRED FRIDAY NIGHT AND WAS A GREAT SUCCESS.

225 COUPLES ATTENDED

And the Dancing Lasted From Nine O'clock Till Morning.

The Junior hop Friday night was brilliant in every way. The waterman and the Barbours were both wide open, both gaily decorated and both filled with "fair women and brave men."

The main floor of the Men's building was devoted exclusively to dancing. Upon entering it one's eye was struck by beautiful festoons of yellow and blue suspended from the trusses above. Equally brilliant decorations ornamented each of the fifteen booths arranged around the room and surmounted by the fraternity emblems. In the center of the north side, opposite Dr. Fitzgerald's office, was the chaperon's booth, most beautiful of all. On either side were the headquarters of the various fraternities and the one lonely, almost deserted booth of the few independents who ventured to attend. At either end were brilliant decorations made by incandescent lights, while palms and flowers were scattered about in profusion.

Passing from this hall into the Main hall of the Woman's gym, one found a long room. Here the tired dancers came to rest and talk. To the west, "Caswell Angell Hall" was brilliantly decorated and filled with tables at which Hangsterfer served refreshments.

A number of tickets of admission to the gallery had been sold and the running track was full of spectators who came simply to see and not to participate in the pleasures of the occasion.

The crowd began to fill the hall at 9 o'clock. First the various fraternities met in their respective booths; then the guests marched to the chaperon's booth and at 10:25 the grand march began. There were 225 couples in the march which was led by Mr. C. F. Gear's, of the D. K. E. fraternity, and Estella Barbours, of Detroit. Shremser's band occupied seats on the running track and "discours'd sweet music" while the march took the form of a big "M" and then broke into a waltz which in its changes and variety of color reminded one of a glimpse into a kaleidoscope. There were sixty dances in all, and it was almost nine hours from the beginning to the end and daylight was already breaking when the party broke up.

DANGER IN SODA.

Serious Results Sometimes Follow Its Excessive Use.

Common soda is all right in its place and indispensable in the kitchen and for cooking and washing purposes, but it was never intended for a medicine, and people who use it as such will some day regret it.

We refer to the common use of soda to relieve heartburn or sour stomach, a habit which thousands of people practice almost daily, and one which is fraught with danger; moreover the soda only gives temporary relief and in the end the stomach trouble gets worse and worse.

The soda acts as a mechanical irritant to the walls of the stomach and bowels and cases are on record where it accumulated in the intestines, causing death by inflammation or peritonitis.

Dr. Harlandson recommends as the safest and surest cure for sour stomach (acid dyspepsia) an excellent preparation sold by druggists under the name of Stuart's Dyspepsia Tablets. These tablets are large 20 grain lozenges, very pleasant to taste and contain the natural acids, peptones and digestive elements essential to good digestion, and when taken after meals they digest the food perfectly and promptly before it has time to ferment, sour and poison the blood and nervous system.

Dr. Wuerth states that he invariably uses Stuart's Dyspepsia Tablets in all cases of stomach derangement and finds them a certain cure not only for sour stomach, but by promptly digesting the food they create a healthy appetite, increase strength and strengthen the action of the heart and liver. They are not a cathartic, but intended only for stomach diseases and weakness and will be found reliable in any stomach trouble except cancer of the stomach. All druggists sell Stuart's Dyspepsia Tablets at 50c per package.

A little book describing all forms of stomach weakness and their cure mailed free by addressing the Stuart Co., Marshall, Mich.

Her Health Restored

THE misery of sleeplessness can only be realized by those who have experienced it. Nervousness, sleeplessness, headaches, neuralgia and that miserable feeling of unrest, can surely be cured by Dr. Miles' Restorative Nervine. So certain is Dr. Miles of this fact that all druggists are authorized to refund price paid for the first bottle tried, providing it does not benefit. Mrs. Henry Braun, wife of the well known blacksmith at Grand Junction, Iowa, says: "I was troubled with sleeplessness, nervousness, headache and irregular menstruation; suffering several remedies for years. I used various advertised remedies for female complaints besides being under the care of local physicians, without help. I noticed in Dr. Miles' advertisement the testimonial of a lady cured of ailments similar to mine, and I shall never cease to thank that lady. Her testimonial induced me to use Dr. Miles' Nervine and Nerve and Liver Pills, which restored me to health. I cannot say enough for Dr. Miles' Remedies."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO. Elkhart, Ind.

one's permanent ailments that can be answered with our pills.

Why is it that Ann Arbor with its suburbs, with a combined population of 12,000 there is only one medical preparation which receives attention from residents to look up its representations. Why is it that Doan's Kidney Pills are this in Ann Arbor as well as every other city and town of any importance in the Union? Why is it that there are advertised in every newspaper a dozen remedies and only one can supply local proof of its possession of its claims? The solution of the problem is simple. Only one remedy has the curing and the staying power. Other remedies make all kinds of glib and futile efforts to get local proof, but the attempt ends in producing a statement or two from a place that as far as Ann Arbor is concerned might as well be in the moon. Here in Ann Arbor proof which backs up the merits of Doan's Kidney Pills.

Mr. F. W. Walter, of 1103 First Ave., carpenter, says: "Within the last two years I began to have trouble with my kidneys, and in spite of all I could do it continued and gradually became worse. It seemed to be more of a weakness of the kidneys and a loss of control over the secretions. At times when my work necessitated my looking up or working over my head, I was taken with spells of dizziness. I tried different remedies but they did not give me any relief. When a friend advised me to use Doan's Kidney Pills, I got a box at Eberbach & Son's drug store and began to use them. I felt better from the start and they did me more good than all the other medicine I ever took. I have no hesitation in recommending Doan's Kidney Pills for I consider them to be a thoroughly reliable and honest kidney remedy."

Doan's Kidney Pills are sold for 50 cents by all dealers, or mailed on receipt of price by Foster-McMillan's Co., Buffalo, N. Y., sole agent for the United States.

Remember the name Doan's and take no substitute.

Grass Lake will be Mr. Gates' headquarters for awhile yet and in fact may remain so permanently.—Grass Lake News.

At about half past one Saturday morning Wilbur, who lives at the home of Geo. Coe, discovered the windmill derrick to be in flames, the other members of the family were hurried out, and by hard work the house, though badly blistered and scorched, was saved. The derrick was enclosed and stood only a short distance from the house. The cause of the fire is yet a mystery.—Saline Observer.

Friday of last week news was received of the death of Mrs. May Kelley, who was taken to Ann Arbor for treatment of a tumor a short time ago. The operation had been performed, but she could not rally from it and passed away after surviving it three days. She was the wife of Rev. S. E. Kelly, who had been appointed field agent for the Hillsdale college and who had moved to this city from Blanchester, O., but a short time ago.—Hillsdale Leader.

The mayor of Ann Arbor vetoes the ordinance to publish the names of people getting city poor funds. About the same day he promulgated his veto, Justice Duffy sent a chap named Warner to jail for 30 days for drunkenness. Warner had drawn \$12 worth of funds during the month from the city casket for the support of himself and wife. Of course it won't do to publish the names. But go for fraudulent pensions. That's where the great wrongs are perpetrated. That's where the names should be made public.—Adrian Press.

The Detroit, Ypsilanti & Ann Arbor electric railroad company have purchased the land occupied by the two shops owned by John Long on Congress street for \$3,500, and the creamery building adjoining owned by O. Ainsworth for \$1,800. The company propose to locate the power-house on this site, and will begin to build at once. Sometimes the most careful women are the most careless. Many a woman bundles herself up, to keep out sickness—when she is neglecting the very worst sickness that can come to a woman. She allows a slight disorder to become worse, to slowly sap her vitality. The little pain and the other slight indications of trouble seem to her unimportant. She goes on, with increasing suffering, until life itself becomes a drag. Nervousness, "sinking spells," digestive disturbances, and fifty other complications may arise from the derangement of the organs distinctly feminine. Over thirty years ago, the need for a reliable remedy for so-called "female complaints" was recognized by Dr. R. V. Pierce, then, as now, chief consulting physician to the World's Dispensary and Invalids' Hotel, at Buffalo, N. Y. He prepared Dr. Pierce's Favorite Prescription, the most wonderfully effective remedy that has ever been used for such maladies. Send 21 cents in one-cent stamps and receive Dr. Pierce's 10CS page "Common Sense Medical Adviser," illustrated.

**BLADDER TROUBLES.**

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

**SAMPLE SENT FREE.**

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. It is comforting to know that Dr. Kilmer's Swamp-Root fulfills every wish in quickly curing bladder and urinary troubles. It corrects frequent calls, inability to hold urine and scalding or stinging pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should take the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention the REGISTER and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietor of this paper guarantees the genuineness of this offer.

**THE WONDERS OF SCIENCE.**

Lung Troubles and Consumption Can Be Cured.

An Eminent New York Chemist and Scientist Makes a Free Offer To Our Readers.

The distinguished chemist, T. A. Slocum, of New York City, demonstrating his discovery of a reliable cure for Consumption (Pulmonary Tuberculosis) bronchial, lung and chest troubles, stubborn coughs, catarrhal affections, general decline and weakness, loss of flesh, and all conditions of wasting away will send three free bottles (all different) of his New Discoveries to any afflicted reader of this paper writing for them.

His "New Scientific Treatment" has cured thousands permanently by its timely use, and he considers it a simple professional duty to suffering humanity to donate a trial of his infallible cure.

Science daily develops new wonders, and this great chemist, patiently experimenting for years, has produced results as beneficial to humanity as can be claimed by any modern genius. His assertion that lung troubles and consumption are curable in any climate is proven by "heartfelt letters of gratitude," filed in his American and European laboratories in thousands from those cured in all parts of the world.

The dread Consumption, unintermittent, agonizing body and certain death. Simply write to T. A. Slocum, M. C. 8 Pine Street, New York, giving post-office and express address, and the free medicine will be promptly sent direct from his laboratory.

Sufferers should take instant advantage of his generous proposition. Please tell the Doctor that you saw this in the REGISTER.

### WEAK, NERVOUS, DISEASED MEN

250,000 CURED IN 20 YEARS.

CURES GUARANTEED OR NO PAY!

\$1000 IN GOLD FOR A CASE WE CANNOT CURE OF SELF-ABUSE, EMISSIONS, VARICOCELE, CONCEALED DRAINS, STRICTURE GLEET, SYPHILIS, STUNTED PARTS, LOST MANHOOD, IMPOTENCY, NERVOUS DEBILITY, UNNATURAL DISCHARGES, ETC.

The New Method Treatment is the Greatest Discovery of the Age FOR CURING THESE DISEASES

"Thousands of young and middle aged men are annually swept to a premature grave through EARLY INDISCRETIONS, EX-CESS, AND BLOOD DISEASES. If you have any of the following symptoms consult us before it is too late: Are you nervous and weak, dependent and gloomy, specks before the eyes with dark circles under them, weak back, kidneys irritable, palpitation of the heart, bashful, dream and losses, swollen and itchy face, eyes sunken, hollow cheeks, careworn expression, poor memory, listless, distrustful, lack energy and strength, tired mornings, restless nights, changeable moods, weak manhood, stunted organs and premature decay, bone pains, hair loose, sore throat etc.

**YOU HAVE SERIAL WEAKNESS!**

OUR NEW METHOD TREATMENT alone can cure you, and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers disappear; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear; energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. Your various organs become natural and manly. You feel yourself a man and know marriage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quacks and fakirs rob you of your hard earned dollars. We will cure you or no pay.

**HAS YOUR BLOOD BEEN DISEASED?**

SYPHILIS is the most prevalent and most serious BLOOD disease. It saps the very life blood of the victim and unless entirely eradicated from the system will affect the offspring. Beware of Mercury! It only suppresses the symptoms—our NEW METHOD positively cures it for ever.

**YOU'VE GOT "IDLE-AGED MAN"**—You've led a gay life, or indulged in the follies of youth. Self-abuse or later excesses have broken down your system. You feel the symptoms stealing over you. Mentally, physically and sexually you are not the man danger signals.

**HEAD-RI!** Are you a victim? Have you lost hair? Are you contemplating marriage? Treatment will cure you. What it has done for others it will do for you. Consultation Free. No matter who has treated you, write for an honest opinion from Dr. Kennedy & Kerlan. Charges reasonable. Books Free.—"The Golden Monitor" (illustrated), on Diseases of Men. Includes postcards, 2 cents. Sealed. Book on "Diseases of Women" Free.

**NO NAMES USED WITHOUT WRITTEN CONSENT.** PATENT. No medicine sent C. O. D. No names on boxes or envelopes. Everything confidential. (Question list and cost of treatment, FREE.)

### AN ACCIDENT.

Mr. Quintus Hummel, of 118 Michigan Ave., Detroit, tells a War Story of his own Experience, and the Result.

(From Detroit News.)

Our representative called at 118 Michigan Avenue, the residence of Mr. Quintus Hummel. Mr. Hummel is a veteran of the late war, and received, in the campaign, an injury which has given him much pain and suffering since. He belonged to a Michigan cavalry regiment and his horse becoming frightened one day reared up, throwing him backward. In falling he struck his spine on a sharp stone, inflicting a deep cut over five inches long. The injury affected the kidneys. About two years ago the left kidney started to bleed, and has been doing so ever since. Mr. Hummel, in a few pointed sentences, gave our representative the following account: "The accident of my 'war days' left me in bad shape; pain in my back and spine rendered me almost useless, and I was compelled to give up work entirely. I could not turn over in bed without assistance. I have spent hundreds of dollars in various ways trying to find relief. Physicians have told me my spine was honey-combed for 13 inches. I had given up in despair, never hoping for relief, when a friend told me about Doan's Kidney Pills, and they have done me a world of good. The pains have disappeared from my back, and the bleeding of my kidney has almost entirely stopped. I know I can never be entirely cured, as I would have to be a new man, but Doan's Kidney Pills have done more to make me feel like a new man than all the other things I have tried during past years. I have not had any recurrence of the pain or bleeding since taking them."

Doan's Kidney Pills for sale by all dealers. Price 50 cents, by mail, from Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no other.

Ed Carley, of Munith, cut down a hollow tree containing a colony of 25 flying squirrels. Flying squirrels are now very scarce and the finding of so many is unusual.—Chelsea Herald.

Jan. 13 and 14, Pres. Boone lectured before the teachers of Richmond and Anderson, Indiana. Jan. 26 he lectures at Middleville; Jan. 27, 28 and 29, he does institute work at Kalamazoo; and conducts institutes in the Upper Peninsula the first week of February.—Ypsilanti Commercial.

Fred Green and Bert Childs were before the state board of pardons in Detroit, yesterday, in behalf of Asa Nash, who is serving a three years' term at Jackson for burglary. His was the first conviction in the criminal court under the term of Prosecuting Attorney Kirk.—Ypsilanti Commercial.

Brigham Heylandt who lives about six miles north of town, met with a painful accident a few days ago. He stood near a falling tree when a small limb, which he did not see, shot down and struck the back of his hand. His arm was instantly paralyzed to the elbow and hand lacerated.—Grass Lake News.

On the M. A. L. railroad between Munith and Stockbridge, the line crosses a neck of land connecting two large marshes. Here nearly every day trains kill some sort of wild game that attempts to pass in front of the locomotive, or is drawn under the wheels by the action of the train.—Chelsea Herald.

We received a letter this morning from Dr. M. F. Stein, dated Tampa, Florida, Jan. 23d, in which he says that he is having a pleasure trip through Florida and will go to Key West and from there to Havana. He expects to be absent about three weeks more, then he will resume his visits to Manchester.—Manchester Enterprise.

James Fitzgibbon, the d. d. who claimed to have been held up here a few days ago and robbed of more or less cash, failed to put in an appearance at Judge Doyle's office Monday, so the Judge discharged Walter and Lute Bortles from custody, they having been arrested on suspicion of having committed the alleged crime.—Milan Leader.

Will Larabee, of Britton, met with a very serious if not fatal accident in a Britton saw mill Wednesday. The small circular saw above the large one flew off the shaft and struck him in the left breast, tearing a fearful wound, exposing his heart to view, and cutting his wrist very badly. He was still alive yesterday, but there are small hopes of his recovery.—Milan Leader.

The January meeting of the Saline Farmers club, which was the annual meeting, elected the following officers: Pres., G. L. Hoyt; vice pres., H. D. Platt; lady vice pres., Mrs. Chas. Miller; rec. sec., B. N. Smith; cor. sec., A. A. Wood; treas., A. G. Cobb; executive board, T. Josenhans, A. G. Cobb, Chas. Miller, Mrs. A. A. Wood, Miss Fredrika Josenhans.—Saline Observer.

A. F. Clark of Saline was in town last Thursday to see if he could not teach a class in music here this winter. He informed the Enterprise that his daughter, who had her limb amputated, is getting along first rate. She was a member of the Saline high school and says that she will go ahead with her studies as soon as she is able, and intends to graduate next year.—Manchester Enterprise.

George and Frank DaHarsh of Jackson hired a horse and cutter of Chas. Kulenkamp on Monday afternoon that their ladies, who were visiting here, might take a sleigh ride. In turning around near the cemetery the cutter was upset, one thill was broken and an iron brace caught the horse on the leg and severed a cord. The ladies, of course,

### WEAK, NERVOUS, DISEASED MEN

250,000 CURED IN 20 YEARS. CURES GUARANTEED OR NO PAY!

\$1000 IN GOLD FOR A CASE WE CANNOT CURE OF SELF-ABUSE, EMISSIONS, VARICOCELE, CONCEALED DRAINS, STRICTURE GLEET, SYPHILIS, STUNTED PARTS, LOST MANHOOD, IMPOTENCY, NERVOUS DEBILITY, UNNATURAL DISCHARGES, ETC.

The New Method Treatment is the Greatest Discovery of the Age FOR CURING THESE DISEASES

Thousands of young and middle aged men are annually swept to a premature grave through EARLY INDISCRETIONS, EX-CESSES, AND "LOOD DISEASES. If you have any of the following symptoms consult us before it is too late. Are you nervous and weak, despondent and gloomy, specks before the eyes with dark circles under them, weak back, kidneys irritable, palpitation of the heart, bashful, dreams and loss of sleep, loss of appetite, indigestion, constipation, loss of energy, loss of vitality, loss of power, falling memory, lifeless, distrustful, lack energy and strength, tired morning, restless nights, changeable moods, weak manhood, stunted organs and premature decay, loss of hair, loss of voice, sore throat etc.

YOU HAVE SEMINAL WEAKNESS!

OUR NEW METHOD TREATMENT alone can cure you, and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers disappear; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. You feel yourself a man and know marriage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quacks and fakirs rob you of your hard earned dollars. We will cure you or no pay.

HAS YOUR BLOOD BEEN DISEASED?

SYPHILIS is the most prevalent and most serious BLOOD disease. It saps the very life blood of the victim and unless entirely eradicated from the system will affect the offspring. Beware of Mercury. It only suppresses the symptoms—our NEW METHOD positively cures it for ever.

YO NO DRUG! DRUG-AGED MAN—You've led a gay life, or indulged in the follies of youth. Self-abuse or later excesses have broken down your system. You feel the symptoms stealing over you. Mentally, physically and sexually you are not the man you used to be or should be. Lascivious practices reap rich harvests. Will you heed the danger signals?

Campus.

Professors McLaughlin and Taylor talked to the Journal Club, Thursday night.

Secretary Prentiss of the Alumni Association is making a collection of photographs of alumni.

Senior medical students will spend a day in the near future at Battle Creek, looking over the Sanitarium.

The fresh laws have adopted crimson as their class color. They will hold a class banquet at Prettyman's on the evening of February 22.

Dr. Flemming Carrow has donated a silver cup to be given as a prize to the best drop kicker and punter in the University. The contest will be held next spring.

Walter Camp suggests that the west be given a representative in the council to revise foot ball rules and suggests Prof. A. A. Stagg, of Chicago, as the proper man. Mr. Camp will represent Yale.

Sometime ago a Colorado miner took treatment of F. N. Bonnie, a former Michigan athlete, now a physician at Niles. Pleased with his treatment he gave Dr. Bonnie an interest in a gold mine, which now proves to be fabulously rich.

At the next lecture to the seniors, Dr. Dorrance will take up the subject of cleft palates and teach them how to make artificial pieces that will take the place of the soft palate and uvula.

About fifteen lady students have become members of the Philologia and meet in the Woman's Gym, every Saturday at 9:30 to discuss live topics. Today their question is, "Resolved that the average daily newspaper does more harm than good."

It is a common complaint among the dental students that tools vanish when left unguarded, and borrowed articles often fail to return. A senior who had evidently tired of hunting for some of his tools and who was out of patience with himself and everyone else, evidently thought some strong language was necessary to insure their return so wrote the following request upon the blackboard: "Will the person who borrowed my maldene outfit, return it—damn it. R—J—R."

Indoor Meet Events.

The events at the 'Varsity indoor meet will be as follows. Forty yards dash, forty yards hurdles, running high jump, pole vault, shot put, potato race, hand race, team races, and the following classes in boxing and wrestling: Bantam weight, under 118 pounds, Feather weight, 118 to 128 pounds, Light weight, 128 to 142 pounds, Middle weight, 142 to 158 pounds, Heavy weight, 158 pounds and over.

TRACK MEN OUT.

Should Appear in the Gym for Early Training. Over 100 track men met in the Gym Thursday and listened to brief talks on prospects and plans for the spring work.

The early training will be divided between Doctors Rabethage and Fitzgerald as follows:

Dr. Fitzgerald—Sprinters, hurdlers and broad jumpers, on Tuesday, Thursday and Saturday at 4:45 p. m.; weight men, every day at 5:45 p. m. in the basement.

Dr. Rabethage—Distance runners and walkers, on Tuesday, Thursday and Saturday at 4:45 p. m.; pole vaulters on Monday, Wednesday, Friday and Saturday at 3 p. m.; high jumpers on Monday, Wednesday and Friday at 4:45 p. m.

Consumption

Will SCOTT'S EMULSION cure consumption? Yes and no. Will it cure every case? No. What cases will it cure then? Those in their earlier stages, especially in young people. We make no exaggerated claims, but we have positive evidence that the early use of

Scott's Emulsion

of Cod-liver oil with Hypophosphites of Lime and Soda in these cases results in a positive cure to a large number. In advanced cases, however, where a cure is impossible, this well-known remedy should be relied upon to prolong life surprisingly.

VICTORY FOR LAWS.

THREE OF THEM REPRESENT MICHIGAN IN DEBATE.

Berkelie, Whitman, and Dillon Win Places on the Team Which Meets Chicago.

Again the laws have won a victory in the annual debate. Friday night their three representatives, Thos. A. Berkelie, L. C. Whitman, and D. F. Dillon, won respectively first, second and third places, with the accompanying prizes of \$70, \$50 and \$30. They will represent the U. of M. in the intercollegiate contest with Chicago.

The debate was close and the three literary representatives, W. B. Harrison, W. Sanger, and E. L. Geismar, did themselves credit, Mr. Geismar being chosen alternate.

Hon. Dexter M. Ferry who expected to preside announced Thursday that he could not be here, and Hon. Henry F. Thurber, of Detroit, formerly private secretary to ex-President Cleveland, was chosen to fill the chair, while Hon. Sullivan M. Cutcheon and Mr. Warner, of Detroit, and Prof. F. A. Barbour, of the Ypsilanti Normal, acted as judges.

The question debated was the same that will be discussed with Chicago. "Resolved, That the United States senate acted wisely in rejecting the proposed arbitration treaty with England."

When the decision was announced a grand rush for the platform occurred and in a minute the winners were soon in the center of as big a crush as one sees on hallowe'en. Dillon was lifted upon the shoulders of his brother laws and carried from the stage, while the yelling was something fearful.

Mr. Berkelie is a post graduate, whose home is in Kansas City. Last year he won third place in the oratorical contest. Whitman is well known here as a prominent Zeta Psi, who has been active in social affairs. Dillon is from Massachusetts and this year is his first appearance among U. of M. orators though he formerly won honors as a debater at Tuft's college.

The markings of the judges were such that the man having the lowest mark won and the summary stood as follows.

Table with columns: Contestants, Judges (Thought, Delivery), and Final Rank. Contestants include Harrison, Sanger, Geismar, Whitman, Berkelie, and Dillon. Judges include Barbour, Cutcheon, Warner, and others.

PRACTICAL TALKS.

Good Lectures Before the Good Government Club.

The remaining lectures to be offered by the Good Government Club are as follows:

Saturday evening, February 5, "Practical Politics in a Great City," by Hon. Frank J. Loesch, of Chicago. Mr. Loesch is a successful lawyer and one of the most aggressive workers in the cause of municipal reform in Chicago. His lecture will have to do with actual political conditions in that city. It is really a review of his experiences during twenty years as an active citizen. Mr. Loesch is highly recommended by U. of M. men in Chicago and may be depended on to give a very interesting lecture.

Friday evening, February 25, Hon. Robert M. LaFollette, of Madison, Wisconsin. Mr. LaFollette is an old "first honor man" in oratory and during his three terms in Congress, as representative from the "Capital District" of Wisconsin, he won a reputation as one of the best speakers on the floor of the House. He is popular throughout the northwest as a public speaker. Mr. LaFollette is easily the leader of the reform forces in Wisconsin owing to his recent brilliant campaign for caucus reform. The Good Government Club has been especially fortunate in securing him.

Friday evening, March 4, "Making the World Better," by Prof. Woodbridge N. Ferris, Big Rapids, Michigan. Prof. Ferris is one of the most prominent educators in Michigan and is very popular as a lecturer. His lecture will have to do with the essentials of good citizenship. No hesitation is felt in recommending this lecture to the public as no more interesting or profitable address will be given in Ann Arbor this year on any course.

CANT RETURN.

Faculty Deprives Stuart From the University Forever.

At a faculty meeting last week an attempt was made to settle the "Honey" Stuart problem. The faculty gathered its skirts about it, condemned "Honey" and went its way thankful for its righteous difference from other men.

Its action declares that Stuart, inasmuch as he certified to being a bona fide student when he was not, shall forever be denied the privileges of the University of Michigan.

The student body is inclined to ask

just how this was done. Stuart was never in College so he could not be expelled. The faculty has a perfect right, however, to shut out an immoral person, and if he deliberately certified to a lie "Honey" is immoral. But did he falsify? Is there not considerable probability that he tells the truth when he says he considered himself a bona fide student and that he went home because ill?

AN INTERESTING LECTURE

DR. JONES READS UNPUBLISHED LETTERS OF HENRY D. THOREAU.

And Tells of the Great Philosopher and the Michigan Friend to Whom He Wrote—Reveals New Phases of Thoreau's Character.

Friday night nearly 200 people, mainly professors and their wives, gathered in response to invitations at the home of Mrs. Walker, on Washtenaw, to hear Dr. Samuel A. Jones read a series of "Thoreau" letters which he has and which were never before made public. For an hour the audience sat spell-bound at the doctor's story.

Thoreau was a man in advance of his age. He despised shams and so frequently brought himself into inharmonious relations with conventional society.

Froude, the English historian, also had advanced ideas and found in Thoreau a kindred spirit.

The first letter read was from Froude to Thoreau. It expressed appreciation of a man who was brave enough to write what he believed and congratulated Thoreau on living in such an age.

The next six letters were written by Thoreau to a simple farmer near Rochester, Michigan. This farmer saw the greatness of Thoreau's philosophy, appreciated the author and a firm friendship grew up between the farmer and the author, though they never met. The last four letters were written after Thoreau's death by his sister Sophia.

Dr. Jones feels that as these letters were written to a Michigan man they rightfully belong to Michigan's great University and after publishing their contents he desires that the originals shall become the property of the U. of M.

NO SLEEP FOR THREE MONTHS.

One Cause of Sleeplessness That Can Be Overcome.

Mr. Wm. Handschu of 46th St. Cotton Alley, Pittsburg, Pa., expresses himself as follows regarding the new remedy for that common and obstinate disease, piles: "I take pleasure in stating that I was so afflicted with piles that for three months I got no regular sleep; I became completely prostrated, the doctors did me no good; my brother told me of the new remedy for piles, the Pyramid Pile Cure; I purchased from my druggist three 50 cent boxes and they completely cured me. I am once more at my work and but for this excellent medicine I should be on my back. I take great pleasure in writing this letter because so many people are sufferers from this trouble who like myself did not know where to look for a permanent, reliable, safe cure."

Experience with the Pyramid Pile Cure in the past three years has demonstrated to the medical profession, as well as to thousands of sufferers from piles that it is the safest and most effectual pile cure ever offered to the public, containing no opiates or poisons of any kind, painless and convenient to handle, and being sold by druggists at 50 cents and \$1.00 per box, is within the reach of every sufferer.

Very frequently two or three boxes have made a complete cure of chronic cases that have not yielded to other remedies for years.

There is scarcely a disease more aggravating and obstinate to cure than the various forms of piles and it is a common practice to use ointments, salves and similar preparations containing dangerous poisons to remove the trouble. The Pyramid has superseded all of these ineffectual remedies and no one suffering with any real trouble will make any mistake in giving the Pyramid a trial.

If in doubt as to the nature of your trouble, send to the Pyramid Drug Co., Marshall, Mich., for a valuable little book on piles, describing all forms of the disease and describing the method of cure.

Any druggist can furnish the Pyramid Pile Cure as it is the best known and most popular remedy for piles and if you ask him he can doubtless refer you to many people in your vicinity who have been cured completely by it.

BEFORE THE BULL FIGHT.

Chapel Where the Toreador Prays That He May Kill Successfully.

"Now," said my friend, "we will go to the chapel." "The chapel?" "Why, yes, the next room is a small chapel where every toreador goes before the fight to pray and ask God and his patron saint that his life be spared, and that he be given the courage and strength to take that of the bull." We entered the small chapel, at one end of which was an altar covered with flowers and lighted candles, in the middle a crucifix and behind a painting of the Virgin Mary, says a writer in the Illustrated American. One of the toreadors came in and, kneeling at the end of the altar, began to pray. What a contrast! This man, covered with silk and gold, kneeling in front of the Christ, asking for the protection of the kind and sweet lover of humanity, and asking (in order to kill) the protection of Him to whom all lives are dear and precious. "You see the man there kneeling and praying?" said my friend. "Well, he is Manuel Garcia, generally called 'Espanero,' the greatest living toreador. He is the first espado of Spain and is celebrated for his courage. When he sticks the sword in the bull's neck he never jumps aside, as other toreadors do; no, he wants to stop the bull there, to kill him on the spot. As it is nearly impossible, he has often been seriously wounded by dying bulls. He has saved over 100,000 pesetas. He will retire from the ring a rich man in another year." The man had finished praying. He left the chapel shaking hands with his friends, and I could not help thinking, "A rich man in one year; yet, provided—" But I did not dare to finish my thought even to myself, and raising my eyes to the crucifix I murmured involuntarily, "God, spare him."

"Let parents not live for their children, but with them." The mother should allow no false modesty to stand in the way of her daughter's knowledge of herself, of her possibilities, of her perils. For over thirty years Dr. Pierce has used his "Favorite Prescription" as a strengthener, a purifier, a regulator. It works directly upon the delicate, distinctly feminine organs, in a natural, soothing way. It searches out the weak spots and builds them up. A woman who would understand herself should send 21 cts. to the World's Dispensary, Buffalo, N. Y., for Dr. Pierce's Medical Adviser, a book of 1008 pages.

"Saved Her Life."

MRS. JOHN WALLEY, of Jefferson, Wis., than whom none is more highly esteemed or widely known, writes: "In 1890 I had a severe attack of LaGrippe and at the end of four months, in spite of all physicians, friends and good nursing could do, my lungs heart and nervous system were so completely wrecked, my life was despaired of, my friends giving me up. I could only sleep by the use of opiates. My lungs and heart pained me terribly and my cough was most aggravating. I could not lie in one position but a short time and not on my left side at all. My husband brought me Dr. Miles' Nervine and Heart Cure and I began taking them. When I had taken a half bottle of each I was much better and continuing persistently I took about a dozen bottles and was completely restored to health to the surprise of all."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.
