NO USE FOR COURTS

In Certain Classes of Cases---At Least With Our Present Sheriff, Who Modifies Sentences to Suit His Own Ideas.

AN UNUSUAL STATE OF AFFAIRS.

Prisoners Sent to Jail Frequently Given The "Freedom of the City," Some Even Serving Two Sentences at One Time While The County Pays The Board--Some Things That Should Open The Eyes of People Who Believe The Law Should Be Enforced.

Reports that have come to the REGISTER of late of an unwarrantable state of affairs in the management of the Washtenaw county jail by "Boss" Judson are such as to demand a careful investigation and a public exposure. The reports, not a few of which we have been able to verify, indicate that "Boss" Judson has deliberately, on numerous occasions, totally ignored the sentence of the Justice of the Peace and the Circuit Judge, who have sent criminals to the county jail to serve out certain penalties. To such an extent has this gone that people who have known the state of affairs that has actually existed, are beginning to ask what is the use of going to the expense and trouble of having a trial in the Justice Court or Circuit Court in cases, the penalty for which is a sentence in the county jail. Many people declare, and, so far as we have been able to investigate, are able to prove that in many cases a sentence to the county jail is practically an order for board and lodging at the county's expense, the prisoners being allowed to go and come at their will. Such conduct of the sheriff in the management of prisoners sent to the jail can result in nothing more than inducing criminals to purposely break the law in order to secure an order for board and lodging with practically no restraint upon their liberty. We present, herewith, a few specific cases. They are but a very few of the number that might be given.

Here is one case. A business man had a case before a justice of the peace. While waiting for a witness to come in, one of the deputy sheriffs brought in a man from the jail. The prisoner had been arrested the night before for being hilariously drunk upon the street. His sentence was a fine and costs or ten days in the county jail. As the fellow did not have a cent, he was, of course, sent to the jail for ten days. When the deputy had taken his prisoner away, the business man mentioned above received word that the case in which he was interested could not be heard that day, and so the justice adjourned it ten days. Ten days later the gentleman was on hand to look after his case when, to his great surprise, the same drunk was brought in again for being intoxicated and raising a disturbance on the street. The justice remarked that he would be a good man for the county to get rid of and so sentenced him to pay a fine and costs, or go to jail for ten days, but in-

formed him that if he would leave the town in an hour he would suspend the sentence. To the great surprise of the business man, the fellow deliberately pulled out a roll of bills and paid his fine and the costs in the case. When asked how he got the money, he having been sent to jail ten days before without a cent, and having been in jail ever since. "Been in jail ever since," replied the prisoner, "I've been at work upon the sewer for over a week."

Here is a still more interesting case. On January 4, 1898, a man by the name of John Leighton was brought before Justice Pond's court by Sheriff Judson on a charge of common drunk. The justice sent him to jail for eight days. This would have kept him there until the 12th of January. On the tenth, however, Marshall Sweet found the fellow drunk upon the street and made complaint against him in Justice Duffy's court. He is taken before the justice on the eleventh by Deputy Wackenhut, so that "Boss" Judson may secure the fee, and is again found guilty and sent to jail for ten days. In the mean time it transpires that the fellow obtained the money for his second drunk by stealing a pair of shoes from the Chicago Shoe Store and selling them to Jack Loney for fifty cents. The shoes were stolen on the ninth or tenth of January. Mr. Clark, who has charge of the store from whence the shoes were stolen, hearing that the fellow had been arrested for drunkenness goes before Justice Pond on the eleventh of January and makes a complaint against the man for larceny. But the man's name already appears upon both justice's dockets with sentences overlapping. It looks very much as if a suspicion was aroused in the minds of the officers that if this man Leighton was not disposed of, the case might make trouble. At any rate, no return is ever made upon the warrant issued for the arrest of the man who was at least supposed to be in jail and who would have been there had he served the full time as is required by law. Thus a man who was unquestionably guilty of larceny is allowed to escape when actually in the custody of the officers. Mr. Clark, of the Chicago Shoe Store, is still wondering why it was that the man was never brought before the justice and tried for the theft of the pair of shoes. This article may tend to throw a little light upon the subject for Mr. Clark.

DOING GOOD WORK.

THE CHARITABLE UNION HAS BEEN ACTIVE DURING THE PAST YEAR.

Has Given Relief to Many Needy Families--The Annual Report.

At the annual meeting of the Charitable Union the following officers were elected for the ensuing year: Pres., Mrs. M. L. D'Ooge; 1st vice pres., Mrs. Steele; 2nd vice pres., Miss M. S. Brown; sec., Mrs. B. A. Finney; treas., Mrs. Anna B. Bach.

The ward committees were appointed as follows: 1st ward, Miss C. Sager, Mrs. Morris; 2d ward, Mrs. Bach, Miss Koy; 3d ward, Mrs. Wetmore, Mrs. Booth; 4th ward, Mrs. Parker, Miss Henning, Mrs. Seabolt, Mrs. R. A. Beal; 5th ward, Mrs. Ramsdell, Miss Brown, Mrs. Seabolt; 6th ward, Mrs. Morris, Miss Sager; 7th ward, Mrs. Finney, Mrs. Lane.

Membership costs one dollar per year. The Woman's Charitable Union of Ann Arbor has reached its thirtieth year and during the past year the average attendance at the monthly meetings has been ten.

The ward committees have made 81 visits and have received 71. They have assisted between twenty-five and thirty families. They have rendered assistance 107 times. Donations of second-hand clothing have been received and distributed, valued at \$56.75. New clothing from the Sewing School valued at \$5.00 has also been given out.

The "pound" donation at Mrs. Parker's at Thanksgiving brought in groceries and vegetables valued at \$18.36. These were added to at Christmas by the Presbyterian and Disciple Sunday Schools donations valued at \$15 and \$10 respectively, making altogether a good reserve to draw upon for the balance of the winter months.

The money coming from the Thanksgiving union services and St. Andrew's church and from the Presbyterian Sunday School at Christmas, also gifts from Mr. C. A. Maynard, Mrs. R. A. Beal, Mr. Horace Purfield, and others have made it possible to give all necessary aid. The committee give no assistance without thorough investigation, consulting with Mr. Sibley, Supt. of the Poor, when in doubt. The work of the committees cannot show by the monthly reports all the work done.

If there could be a committee of one or more for each needy family, not to supply wants alone, but in some way to teach them how to get along more successfully we would feel that we were accomplishing some permanent good. If we could, as has been suggested by some of our members, have work for those who are out of employment it would simplify matters somewhat. We have not the means to start a laundry, or any other single industry for that matter, but we might have an employment bureau for our poor people without much expense. If citizens understood that we had people whose families were suffering for the want of work they would, probably, give any work they might have, to us, for talk.

One year ago there was talk of a Federation of Charities, and later it was thought the Needle Work Guild and Charitable Union might unite. At a meeting of the Needle Work Guild to which members of the Charitable Union were asked to be present, it was decided that the two organizations, each having its own work to do, should remain separate. On invitation of the Needle Work Guild, the Charitable Union appointed a committee to work with the Needle Work Guild's committee in the distribution of garments.

The more memberships, one dollar per year constituting membership, and the more clothing given for distribution, in other words the more support given to the Charitable Union, the more work can be done by the various ward committees and the less they will be hampered in their work.

"FACTS"

Substantial realities—not the wild imaginations and longings of a writer's fertile mind—

Are the Essentials to a healthy, prosperous business...

It costs only the space upon which the words are written to make claims upon paper which have no foundations in fact, unless one places a value upon truthful and conscientious advertising.

Alluring the public into one's place of business by glittering claims and pretensions only to disappoint them we consider the very height of folly, and worse than a waste of time and money.

We believe in

Facts, Facts, Facts.

In those kinds of Facts the public is interested in—Facts the trading public is looking for—Facts that make us friends, that increase our business. Our store is teeming with these kinds of facts today—Facts and conditions that are largely beneficial to you in the investment you will be called upon to make for yourself and family.

By a generous expenditure of Cash—by the adoption of a business system which the business world has pronounced the only correct one, we have a congregation of FACTS such as you certainly will not find in this City and in many instances not in this State.

GEO. SALISBURY AFTER GOLD.

Is Now On The Skaguay Trail to The Klondike.

Geo. Salisbury who is now on his way to the Klondike, recently wrote to his father, Dr. A. B. Salisbury of this city. He says: "I have been on the trail for the last 20 days and have just come into Skaguay today to get mail. I have 1,200 pounds of provisions over the summit. I was eight days in the tent unable to get out on account of the cold weather, often it goes from 40 to 60 below zero. Today I have traveled thirty miles on snow and don't feel very tired. From here I shall go to Lake Bennett at once. I have a team of goats and they are a great help. We use a sleigh eight feet long and 14 inches wide. I can eat four pounds of bacon at a meal. Hundreds of people are coming to every day, and the trail, 21 miles long, is one steady stream of men, horses, dogs and oxen. All workmen get 50 cents an hour; you can get a meal for 25c, but a good one costs a dollar. Cigars are 25 cents apiece and the better grade run as high as 50c. I have enough plain, muscle-making food to last me."

MOST FAMOUS WOMEN IN THE WORLD

Recommend Dr. Greene's Nervura Blood and Nerve Remedy as the Greatest of all Cures.

Illustrious Women, Like Clara Barton and Belva A. Lockwood, Who Are the Leaders of Women, Tell You to Use Dr. Greene's Nervura if You Wish to be Surely Cured. In the Spring You Need the Wonderful Strengthening, Purifying, Invigorating Effects of Dr. Greene's Nervura. Take it Now, For it is the Best of All Spring Medicines.

Clara Barton, President of the Red Cross Society, indorses Dr. Greene's Nervura.

What higher commendation can a medicine have, what more convincing proof, what more positive assurance that Dr. Greene's Nervura blood and nerve remedy will surely cure, than the recommendation and indorsement of the world wide known and universally loved and honored, Clara Barton, President of the Red Cross Society?

Such is the world famous Clara Barton, President of the Red Cross Society, and her words in praise and commendation of the wonderful cure of disease, Dr. Greene's Nervura blood and nerve remedy, will be a new hope to thousands upon thousands of those who are sick, out of health, weak, nervous, or who suffer from headaches, rheumatism, neuralgia, or other painful and distressing disease, nervous affections or poor and devitalized blood.

Clara Barton says: "We have tried Dr. Greene's Nervura blood and nerve remedy and although the remedy has been in our hands but a short time, we judge that the remedy has all the merits which are claimed for it. We shall still continue its use, with the expectation that we shall be able to endorse it still more highly."

CLARA BARTON, President of the American National Red Cross, Washington, D. C.

Belva A. Lockwood, foremost woman of her time, cured by Dr. Greene's Nervura. There is no word so powerful among women, no influence so great, and no authority so high as the utterances of a recognized leader when speaking to her sister women for the good of womankind. When, therefore, the voice of Belva A.

Lockwood, of Washington, D. C., who is recognized among women as their mightiest leader and champion in all woman's movements which mark this generation, is raised in the interests of women; when this representative of her sex to such an extent that she has been twice nominated for President of the United States by the Equal Rights Party, publishes the fact to the world that she owes her present good health and strength to the use of Dr. Greene's Nervura blood and nerve remedy, it comes as a positive proof, a revelation of the way to health to the thousands upon thousands of people who droop and languish under the burden of ill-health, over-taxed strength, nervous disorders and the weaknesses, pains and aches of female complaints.

Mrs. Lockwood says: "I have used Dr. Greene's Nervura blood and nerve remedy, and am pleased to say that it has improved my digestion, relieved the sleeplessness under a great nervous strain, during which I believe that sleep would otherwise have been impossible, and seems in every way to have built up my general health. The attacks of faintness to which I had previously been subject have entirely disappeared. It increases the appetite, tends to cheerfulness and general good feeling and leaves no ill effect."

"I can freely recommend it to all persons afflicted with nervous disorders, or that tired feeling which is so common. I recommend it also to nervous people, aged people and to all persons in delicate health."

BELVA A. LOCKWOOD, A. M. & B. L., Secretary American Peace Bureau.

Vice-President of the Massachusetts Total Abstinence Society Cured by Dr. Greene's Nervura.

Vice-President of the Massachusetts Total Abstinence Society, Mrs. S. Louise Barton, of 4 Union Park St., Boston, Mass., says: "I am glad to give my testimony in regard to the great work of Dr. Greene's Nervura. Two years ago my husband and myself, both slowly recovering from a severe illness, found ourselves unable to sleep, and becoming, by reason of this, so nervous and weak as greatly to retard our recovery. By the advice of a friend (after trying various other remedies) we began to take Dr. Greene's Nervura. It acted like a charm, giving us refreshing slumber and also returning strength. I had been troubled with dyspepsia and found, to my surprise, that as my strength returned I was being cured of this disease also. I have relied on it ever since when wearied with my brain work, and found it the best thing I have ever tried."

Mrs. Henry Ward Beecher, wife of the Greatest Preacher and Divine that ever lived, knew and told the wonderful good Dr. Greene's Nervura is doing.

Mrs. Henry Ward Beecher, whose name is revered and honored by everybody, wrote to the people out of deep regard for humanity and an earnest desire to restore the weak, tired, feeble, nervous and suffering, again to health and strength: "I have given some of Dr. Greene's Nervura to several friends who I thought would be benefited by it. They speak highly of it, and feel they have been much benefited by its use. These people are very responsible witnesses as to the beneficial character of the medicine, and I am ready to vouch for the honesty of their approval of Dr. Greene's Nervura. If needed in my own case, I certainly should use it."

Remember also that Dr. Greene, 148 State St., Chicago, Ill., can be consulted free, personally or by letter.

For Spring

Annual Report of the Board of Public Works, 1897.

To the Common Council: The Board of Public Works herewith presents to your honorable body the report of the work ordered by you and done under our direction during the year 1897.

GLEN V. MILLS, Clerk of the Board of Public Works.

REPORT OF THE CITY ENGINEER.

To the Board of Public Works: Gentlemen: I herewith submit for your consideration my annual report, giving a more or less complete summary of the work conducted by or under the inspection of the engineering department during the past year.

PLUMBING. During the past year there have been 208 connections made with the sanitary sewer system, requiring not less than 450 visits for the purposes of inspection.

SEWERS. There have been completed two sewers, one in Lateral Sewer District No. 6, and one in Lateral Sewer District No. 7, detailed reports of these having been previously submitted with the final estimates of the same.

STREET WORK. The work under this head consisted of the ordinary routine work of laying out of all street, gutter, and sidewalk grades throughout the entire season as was required for construction purposes. The more prominent work in addition was the improvement of both drives on S. University ave., along the campus, a detailed statement of which has been previously rendered. The construction of 29 brick crosswalks has also been under the supervision of this department. Also the work of renumbering the buildings of the city according to the Philadelphia or block system of numbering.

OFFICE WORK. Under this head is included the work of making all estimates for proposed and for completed work, the making of all sketches, maps, plans, profiles, specifications and keeping and filing of all records of work falling under the supervision of this department. All the maps, etc., are now properly tagged and indexed, their classification being such as to render them easily accessible on consultation of the index book.

INVENTORY. The following schedule gives the additions to be made to the previous inventories submitted by the department:

PROFILES. Rolls 9 to 15, tag No. 135 to 161. Storm sewer, Fifth Ave., tag No. 162. Drain, S. Main st., tag No. 163. MAPS. Four maps, tag No. 163, 165 to 167. GRADE RESOLUTIONS. Nine street grades, three sidewalk grades. BOOKS. Field notes No. 39, 40, 41. 1 vol. Engineering News. TOOLS. One metallic tape.

WORK IN PROGRESS. The work now in progress in this department consists of making a large map of the entire city showing all the various data obtainable. Also the work of making plans, etc., for proposed work in Paving District No. 1, this latter work will be completed first and as soon as possible.

REMARKS. Now that sanitary sewers are constructed in practically all the business and densely settled residence portions of the city, I would recommend that the provisions of the ordinance relative to sewer connection be pretty thoroughly enforced, this will in my judgment be productive of great good to the city in the matter of health.

I would again call attention to the matter of drainage of our streets, and urge that steps be taken during the coming season to make a permanent disposal of storm water, at least in those districts which are now giving so much trouble.

GEO. F. KEY, City Engineer.

Ladies! Wiley's Hygienic 'Alaska' Socks

WILEY'S ALASKA WOOL-LINED

will keep your children's feet warm. When they begin to walk let them wear them—put a pair on them when you tuck them in bed these cold winter nights. Let your boys wear them in their rubber boots. Wear them yourself, and present a pair to your husband. No home should be without a pair for every member of the family. They are lined with soft fleecy wool and finished by an antiseptic process, and are the only strictly Hygienic Sock made—there is no substitute, accept only Wiley's "Alaska". If your shoe dealer or department store should not have them send 25 cts. to us, and they will be sent promptly, postpaid. Mention size.

IN OUR GREAT STATE.

THE HAPPENINGS IN MICHIGAN
BRIEFLY RELATED.

Heavy Rains and Melting Snows Cause Floods in Some Sections—Bay County Boy Confesses to Killing His Father—Michigan G. A. R. Honors Alger.

Populists Could Not Agree.

A conference between the state committees of the middle-of-the-road and fusion wings of the Populist party was held at Lansing, but it did not result in the anticipated reconciliation, but rather tended to widen the breach, much harsh language being indulged in by the two factions.

The middle-of-the-roaders made a proposition to organize a new committee from both factions and issue a call for a state convention to nominate a straight Populist state ticket independent of all other silver parties. This was rejected by the fusionists, who proposed the appointment of a joint committee to meet with representatives of the Democratic and silver Republican parties in Detroit on April 5, for the purpose of arranging a fusion on a state ticket similar to the one effected two years ago. This proposition was also rejected after a long and bitter wrangle, and then all attempts to come to an agreement were given up.

The middle-of-the-road faction, which the courts have recognized as the regular Populist committee, promptly issued a call for a state convention to be held at Grand Rapids, June 21, and the program of the leaders is to head off the Republicans by nominating Pingree for governor.

The other faction will participate in the Detroit conference and arrange a fusion.

Floods in Michigan.

The rapid melting of the snow and heavy rains throughout the state caused streams to overflow their banks in various sections and considerable damage was done to country bridges, roads and fences. At Grand Rapids the Grand river reached high water mark; river front factories had to shut down; the electric light works were flooded and the city left in darkness, and many families were compelled to move from their homes. Some of the Lowell business men had to move goods from their basements.

The Saginaw river washed out the Inter-urban electric road at several points between Saginaw and Bay City. At Zilwaukee the houses were surrounded by water, sidewalks floated around, the people used boats to reach high ground. Melbourne citizens were driven to the second stories of their homes. Cellars were flooded at Saginaw. Black river got on a rampage and caused considerable damage at Port Huron.

The St. Joseph river rose so high that the wheels of the Niles Milling Co., at Niles, were clogged.

In logging districts large numbers of logs were swept away; and in many localities farms were badly damaged.

Confessed to the Murder of His Father.

Chas. Buck, in jail at Bay City on suspicion of having killed his father, Henry Buck, on their farm in Pinconning township, has confessed the crime, and thereby saved his mother and brother from being held on suspicion. The prisoner's story is as follows: "I was at the barn when I heard my mother crying for help. I could not see her and ran from the barn past the granary, where I saw my mother lying face downwards. My father was astride her. He held her by the neck with one hand and in the other he had an ax. Without waiting I ran and picked up a club and struck him a blow on the back of the head. He fell forward, striking his head on a shingle bolt. Then I turned to go back to the barn. Mother called me and we carried father into the house, and I resumed my work on the farm."

The mother was much relieved when she learned Charles had concluded to confess.

A Turning Over at the Soldiers' Home.

The annual meeting of the Soldiers' Home board resulted in a general turning over of the official staff of the home and the election of a new crew. Gov. Pingree attended the meeting and urged some of the changes, with the result that Commandant James A. Crozer is retired, Col. Bishop is no longer treasurer, and the insurance policies, the occasion for the last home scandal, are ordered canceled. The rule requiring veterans to pay for their clothing out of their pension money was rescinded.

Capt. George E. Judd, of Grand Rapids, was elected commandant; John Northwood was elected president pro tem., E. F. Grabbill clerk, and W. S. Turk treasurer. The minor officers were not chosen, but a general shaking up is expected.

Gov. Pingree remarked that he had nothing personal against Col. Crozer nor against his administration, but thought two years' service was enough under the circumstances.

Rabbits are causing heavy damage to fruit orchards in Mason county. Hartford, the home of Senator Merriam, has sent in a gigantic petition favoring Gov. Pingree's reform ideas, 15 feet long.

Several roughs assaulted "Bishop" McNamara and party at Battle Creek. The bishop is an anti-catholic and was used roughly.

Mrs. Robinson, a widow who resides at Augusta, has been made almost penniless by trusting in C. J. Tolliver, a young man who came to Augusta a year ago. He induced her to raise \$650 to start a drugstore and as soon as he got the money in, his hands he disappeared.

A Rich Thing for Insurance Companies.

Commissioner Milo D. Campbell reports business done by life, casualty, assessment and fraternal insurance companies in Michigan last year, as follows: Policies issued, \$27,850,705; an increase over 1896 of \$3,959,569; insurance in force Dec. 31, \$136,571,766, an increase over \$6,646,516; premiums received, \$4,572,519, an increase of \$230,540; losses incurred, \$1,903,218, an increase of \$320,031. During the year, 35 companies were authorized to do business.

The Michigan business of fraternal associations was as follows: Certificates written, 45,570; amount, \$44,865,225; certificates in force at the close of the year, 187,057; amount, \$224,065,830; losses paid, \$1,722,876; mortuary assessments, \$1,896,676.

Another Extra Session Proclamation.

Gov. Pingree has issued another proclamation on the railroad question. This time it is addressed to the prosecuting attorneys and justices of the peace in the state particularly, as well as to the public in general, and declares war on the givers and users of free railroad passes. The governor proclaims his intention of seeing to it that the laws of Michigan relative to the granting of material favors to executive, legislative, or judicial officers, with a corrupt intent to influence legislation or the interpretation of the laws, are enforced. He claims that the railroad companies grant passes on their lines in this way and that they and the users of these special privileges are not only guilty of a crime, but thus deprive the school children of moneys that would otherwise be theirs.

The governor wants the officers of the state to proceed with prosecutions in all cases where they can obtain evidence, and cites the law to show their authority.

Extra Session Notes.

There are several changes in the roster of the legislature. Rep. Henry Lee, of Lapeer county, and Rep. Wm. Rowley, of Macomb, died during the last year leaving vacancies. It is now too late to elect successors at the spring election. The Pingree men might make a fight to unseat the anti-Pingree senators, Covell and Preston, who hold government jobs, but it is the general opinion that they will not be molested. No effort, on the other hand, will be made to unseat Senator Hughes, who has removed from the Barry-Eaton district. Sergeant-at-Arms Gibson having died and Sergt. Strong, of Cassopolis, having been appointed postmaster, Assistants Wm. Stocking, of Ann Arbor, and Moses Pearselsky, of Detroit, may each be advanced a notch.

The extra session will prove a great snap for the employees of both houses, and especially the committee clerks, who will draw 20 days' pay and mileage, enabling them to rake in an average of \$100 apiece in about 20 days. And they will have comparatively nothing to do. Auditor-General Dix says the session will cost \$30,000, but Gov. Pingree thinks that \$15,000 will cover the expense.

The anti-Pingree men talk of investigating the executive and other departments as to the charges of extravagance.

The impression is general that the extra session will last the full twenty days for which the legislators are permitted by the constitution to draw pay. Each member will, of course, be entitled to mileage in addition to per diem.

The senate chamber, representative hall and the committee rooms are being brushed up and put in order, and the various departments are preparing to meet whatever demands the legislators may make upon them.

The state board of auditors has ordered some twelve dozen waste baskets, erasers, inkstands and other supplies for the members, and these will all disappear at the close of the session, in accordance with the time-honored custom. The members will thus get a double rake-off during their terms of office, and some of them will be equipped with stationery enough to last a life time.

Benj. H. Jones, aged 22, of Battle Creek, fell from a Detroit, Toledo & Milwaukee train at Augusta and both of his legs were crushed. He died in the hospital at Battle Creek.

George H. Jacks, ex-chief of Muskegon, has been held to the criminal court at Chicago to answer the charge of murdering Andrew McGee, an old milkman who was found dead and robbed in a hallway two weeks ago.

The coroner's jury declared that Stephen Sprague came to his death near South Haven, from the effects of two bullets fired by some party unknown. Jeff Davis is under arrest on suspicion. The evidence is purely circumstantial.

Gov. Pingree sent out blanks for signatures to a petition asking the legislature to pass his corporation tax bill, and within 24 hours replies began to pour in. He suggested that those to whom he sent the blanks should secure 20 names. Some secured as high as 80. His petition is likely to reach several hundred thousand.

An aged woman dropped dead on the corner of Dubois and Clay streets, Detroit, and for four days the body was unidentified, until Jeremiah Enright, of Warren, went to Detroit to trace his mother, who had started from Warren to visit her children in Detroit, and then it was found that the unknown was Mrs. Catherine Enright.

The special message which Gov. Pingree is preparing to send to the legislature will, among other things, contain a review of the entire history of corporation taxation from the earliest days in Michigan. The records, state documents, laws and other sources of information have been delved into to the bottom, and the subject will be treated more exhaustively than ever before.

Joseph Bennett, a well-known citizen of Saginaw, had an in-growing toenail. A month ago he stubbed the toe, and it was found necessary to take the nail off. Blood poisoning set in, and the toe was amputated a few days later. Then there were signs of gangrene and the leg had to come off just below the knee, but it availed nothing and death resulted.

The members of the common council of Munising and Banker C. W. Case, who were arrested at the instance of Timothy Nester, president of the village, were discharged as there was no evidence to hold them. The charge was boodling in connection with the purchase of the new waterworks system. Banker Case has caused the arrest of Nester on the charge of slander.

Miss Emma Aday, created a sensation at Lansing by commencing a suit for \$5,000 damage against Attorney Geo. R. Heck for breach of promise. She now says that it was all a joke and that she didn't know the papers were going to be filed. She admits that she had been trying to frighten Heck and that she had had talks with lawyers, who had called upon her with requests to settle.

An examination of the various railroad laws of the several states has been made with a view to determine how railroads are taxed. It shows that 25 states and territories levy taxes on cash valuation exclusively, three (including Michigan) on gross earnings exclusively, while seven treat railroad property just the same as other property. The remaining 12 have a combination of these and other methods.

Edgar Webb, who left Bay City last September for the Klondike, has returned and brings anything but a rosy description of what he saw and experienced. He says only a few make strikes. Others return penniless, after long months of toil. People are returning to Dyce and Skaguay and selling outfits, which cost \$300 or \$400, for \$25, or enough to take them back to Seattle.

Various lake ports will send delegations to Lansing to endeavor to secure action by the special session of legislature to amend the fish laws, which are more stringent in Michigan than in other states bordering Lake Michigan and drive Michigan fishermen to other states. Michigan will lose \$200,000 in taxable property, if the amendment is not made. All fishermen use four-inch mesh nets, but the law calls for 4½ inch.

Commander Bliss and Assistant Adjt.-Gen. Pond of the Michigan department, G. A. R., went to Washington to present Secretary of War Alger with a past department commander's badge. Gen. Alger was the first department commander under the old organization, but it was not until last records were recovered within the past year that this became known. He was also the first Michigan man to become a member of the G. A. R., going to Pittsburg to take the obligation, there being no organization in Michigan at the time.

Knights of the Maccabees will build a temple at Battle Creek.

Springtime
is Sick Time

It is impossible for the system to withstand the demands made upon it just at this season, without the assistance of a good purifying and strengthening tonic. The changes which Nature decrees shall take place each spring are so severe that a breakdown is almost sure to come. It is wise that all possible assistance be given during this period, as upon this purifying process depends the health for the entire summer. Everybody just now should take a thorough course of Swift's Specific

S.S.S. For The Blood

which thoroughly cleanses the blood of all the accumulated impurities, tones up and strengthens the entire system, and aids Nature in renovating and renewing the body so as to render it healthy and strong. Those who purify their blood with S. S. S. at this season are well fortified against the many forms of disease so prevalent during the dreaded heated term, for it has been demonstrated that the system that is thoroughly purified in the spring is well prepared to resist disease all summer.

No other remedy on the market is equal to Swift's Specific as a spring medicine, because it is the only purely vegetable blood remedy and is guaranteed absolutely free from potash, mercury and all other minerals. It cleanses, purifies, builds up and strengthens. Insist on S. S. S., for there is nothing half as good.

PIT AND PENDULUM.

A Prisoner Waiting to be
Hacked by Time's

Thousands Whose Situations

May Easily and Readily Find
Help.

A man lies flat on his back, bound so that he cannot move an inch. He is in a dungeon, at first dark as a well, but in a few minutes a light in the ceiling, far up, shows a mechanical figure of Time with his scythe. The figure descends slowly, the scythe swings, and the prisoner realizes that unless some unexpected help should come, he will be slowly cut to pieces. What followed is told by Edgar Allan Poe in the fantastic story called "The Pit and the Pendulum." The man awaiting the approach of a dreadful death is a type of a large class of unfortunate men, entangled in the strangling coils of an octopus, have lost all hope of freedom. This monster is Morphine. Perhaps the victim is yet reveling in that glorious state of exhilaration which follows the first use of the drug. If so, like the man in Poe's story, he has not noticed the light in the ceiling and is unaware of his danger. Maybe the disease has progressed so far that the sufferer notices a weakness of the heart's action, that the general health is feeble, the body poorly nourished, the sight double. This is soon followed by a peculiar twitching of the muscles, a numbness of the hands and feet, and the utter collapse of the nervous system. The victim now becomes

restless and uneasy. A feeling of despond-
ency seizes him. This mental depression
increases as one course of treatment after
another fails utterly. The future is dark
and filled with gloom. Days of wretched-
ness follow nights of horror in endless
procession. His utter helplessness to rid
himself of the incubus adds to his misery.
The terrible effects of the deadly drug become
more and more apparent. Deeper and
deeper he sinks into the mire of despair,
until all hope of ever being anything
but a slave in bondage is abandoned. Re-
morse and apprehension take possession of
his mind, and the temptation to end his mis-

erable existence becomes almost overpower-
ing.
But there are few situations completely
hopeless. Poe's prisoner was rescued when
the swinging scythe was close to his throat,
and the victims of the Morphine habit and
their shattered nerves are restored to the en-
joyment of life by a system of treatment
which has been perfected by R. A. Gunn, M.
D., 41 East 21st Street, New York City, and
which has yet to record its first failure. It
is not a "tapering off" or substitution
process. It is as harmless as it is painless.
It does away with all desire for the drug, and
quickly restores the shattered nervous sys-
tem to its normal condition. It treats the
condition as a disease and not as a habit. It
is scientific and successful. For full particu-
lars address as at 720.

THURSDAY, MARCH 17, 1898.

THE REGISTER is much pleased to see that some of the leading Republicans in this county are not only in sympathy with the course taken by this paper but are willing to speak out in defense of our course as has already been done by such men as Mr. G. Frank Allmendinger and Dr. C. G. Darling. The former had a strong letter in yesterday's Times and the latter one in yesterday's Courier.

SOME people have gotten the idea that the REGISTER, when it has referred to "Boss" Judson's deputies, included all of them. This is an error. It would be unjust to a number of Judson's deputies to make them appear in any sense in sympathy with modern "Boss" rule in this county. We happen to know that several of them are disposed to resign rather than run the risk of having it thought they were in sympathy with Judson's methods.

JUDSON'S GALL.

If what Boss Judson declares to be true in the matter of the selection of a postmaster in Ann Arbor is so, Gen. Spaulding need have no further worry about the matter. The Boss affirms that no man to whom he objects can have the appointment, since that is the agreement and that such an arrangement will be carried out to the letter. With such an understanding it would be an easy matter for the "Boss" to object to every candidate but his own and he would thus have a cinch on the job. Judson may have persuaded himself that such a thing is true, but the people of this community have enough faith in Gen. Spaulding to ridicule the idea that he should thus have turned the matter over to Boss Judson.

ALD. BROWN NOW READS THE REGISTER.

THERE is strong evidence that Ald. Brown has been reading last week's REGISTER. It certainly must have been that, or a dose of Judson, that caused him and the sheriff and two or three deputies to lay in wait for the editor of the REGISTER in the County Clerk's office one day last week. The alderman from the Fourth was not simply mad, he was crazy. He actually called the editor of the REGISTER bad names, awful bad names and lots of them, and in the presence of the assembled multitude he actually swore, cursed and damned the editor and used profane language, bad profane language, awful bad profane language, in the most modern and best approved style of the post graduate from the slums and brothels, and repeated it with amendments, alterations, additions and improvements, and delivered it through locked jaws, with wild eyes, clenched fists and hair standing on end, belched it forth in thundering tones with the inflections and modulations of the drunken brawler in a house of ill-fame. He hissed it through his teeth, with clenched fists darting out and dodging away like a serpent from the poor frightened editor, growled and muttered it forth with froth and foam and bated breath, while all the while he danced first on one foot and then on the other, with occasional energetic leaps into the air and one of his clenched fists darting out wildly at great length in the direction and towards the editor but never daring to touch even a hair of his head, while the other fist performed a gentle swaying backward and forward and up and down and it fondly hovered about his face and breast until having exhausted his knowledge of the classics of the brothels, he descended to plain cursing, damning and swearing at the editor in this public place, in violation of the statutes and ordinances, while the sheriff and his deputies who are in the habit of arresting common loafers for using ordinary profane language, were so disturbed and confused thereat they not only did not arrest the violator of the law but acted as though they would like to arrest the editor who caused the alderman to swear so. Verily we are improving.

NONE SO GOOD.

TO THE MAYOR AND COMMON
COUNCIL OF THE CITY OF
ANN ARBOR.

GENTLEMEN: We are informed that, discovering the mistake in endeavoring to suppress all knowledge of the peculiar manner in which the sheriff and marshal have managed to deprive the tax payers in the matter of arrests for smaller and minor offences, the leaders in that effort have concluded to bout face, after having heard the approaching storm and are now seeking shelter, and will at the coming meeting of the council on Monday, vote to reconsider the resolution by which they refused to investigate these officers with respect to the charges made and then adopt a resolution by which certain men shall be appointed upon that committee who are prepared in advance to whitewash the whole business.

THE REGISTER desires to warn you that any effort of that character will not only prove ineffective but will turn to torment its inventors. This Banquo's ghost will not down until the people of this city have been fully and completely informed as to the course that has been pursued in this matter by Sheriff Judson and Marshal Sweet. If you intend to make an honest investigation of this matter, appoint a committee who are known to be favorable to a fair and careful investigation of this matter and their report will command the respect of the city. Anything short of that will prove disastrous to the men who seek to engineer it through.

A FEW HARD BITS.

Mr. G. Frank Allmendinger writes a communication to the Times and asks some hard questions. We print the same below, and commend it to our readers.

Editor Times:

"An Onlooker" from his recent letter in the Times is judged to be one of the ablest of Boss Judson's satellites and apologists. This being the case, will he kindly answer a few questions?

1st—The Ypsilantian of February 17 charges that in 1896 the cost of deputy sheriffs' services to Washtenaw county was \$1,714.63 and that in 1897 these figures had been increased to \$3,532.46. Will Onlooker please state if these figures are correct and if they are, if in this last year of the Boss's administration a similar increase is to take place?

2d—The Register has charged that the city is being plundered of a considerable sum of money through the peculiar arrangement now in vogue among our officers, by which certain fees, instead of going into the city treasury, go into the Boss's pockets. Now, Mr. Onlooker, instead of throwing mud at the owner of the Register, please answer the inquiry—is this charge true? If you will take the trouble to ascertain the views of our business men, you will find the charges are obtaining very general acceptance. If they are incorrect a showing should be made to that effect.

3d—At the last common council meeting it was proposed to investigate the Register's charges. The investigation was to be made by the city clerk and would have cost the city not one cent. Boss Judson being present, successfully coached his crowd and by the help of Attorney Arthur Brown, succeeded in suppressing the investigation to which the public was clearly entitled. It is now reported that regarding the suppression as a blunder, the aforesaid Attorney Brown is at the next meeting to move to reconsider and to secure the packing of a committee which shall bring in a report. This report shall cover Judson with so thick a veneer of whitewash as the Boss shall deem necessary. Mr. Onlooker, is this correct? If it is, please inform many people of inquiring minds in Ann Arbor, why if there is no foundation for the charges, the public cannot have the benefit of a clean and full investigation?

4th—The statement is made that in December, 1897, fifty-four arrests were made of drunk and disorderly persons. At this rate, there would be 648 such cases in Ann Arbor in a year.

Mr. Onlooker, are we living in Godom or Gomorrah? As one who has always believed Ann Arbor one of the cleanest places to be found, this last statement has been to me a paralyser. Tell us, Mr. Onlooker, if these were all bona fide cases or, perchance the thought, have we a sheriff's force (not content with salting the county and city as charged by the Ypsilantian and The Register), which is running in a vast number of arrests simply for the fees involved?

5th—You deprecate The Register's agitation. If there is rottenness covering the Republican party you believe in suppressing it, is this right?

In hiding behind an anonymous title you are wiser than Brown, who has not added to his circle of friends by his course. Yet Brown is a braver man than to get under cover and fire brickbats at Moran. And yet, Mr. Onlooker, I believe neither you nor any of the apostles of Judsonism will escape despite your shelter. The first mutterings of the coming storm seem to have caused you deep distress. If it shall prove that that storm shall presently break in a fury, your anonymous covering won't save you. It is an easy thing to prophesy that a certain cotter will all be dragged into the mire together. It is a great pity that in their efforts to save the Boss, certain party leaders will allow themselves to be besmirched.

FRANK ALLMENDINGER.

NO USE FOR COURTS.

(Continued from page one.)

On the fourth of last October, Judge Kinne sentenced a fellow by the name of Kelley to six months in the county jail. He had been caught passing whiskey into the jail to some of the prisoners whom the sheriff had not favored as he had other prisoners by allowing them to go to the saloons after what liquor they desired. From all reports Kelley has not suffered much from the confinement he has endured under his sentence. Prominent citizens have informed the REGISTER that Kelley has frequently been seen about the streets, as much at liberty, from all appearances, as the Judge who pronounced the sentence upon him. Tuesday evening a reporter of one of the Detroit papers called at the jail and asked to see the commitment papers of the man Kelley. The sheriff declared that he did not know of any such prisoner and could not recall that there had ever been any such man in the jail. As Kelley had been sent to jail on October 4 and his sentence was for six months his time would not expire until the fourth of next month. Whether or not the man was set at liberty so long ago that the sheriff had actually forgotten about it, or whether he was afraid to admit that he was within reach so that his case might be looked up is more than we are able to state.

The REGISTER has been informed of scores of such cases, the first beginning away back within a very few weeks of the time when "Boss" Judson began his career as sheriff. How many times he has violated the law in this respect can only be imagined. That the sentences of the courts have been totally ignored in a large number of cases by a man who is sworn to enforce the law is beyond question. Will the Republican party of Washtenaw county continue to obey the orders of such a "Boss" and be directed by his henchmen? There certainly should be but one answer to such a question. Can Gov. Pingree continue to retain such a lieutenant in this county? There can be but one and the same answer to this question also.

DOINGS OF CONGRESS.

A resolution offered by Senator Chandler, of New Hampshire, authorizing the committee on naval affairs to send for persons and papers in the course of the investigation of the Maine disaster, was adopted by the Senate.

The bill for a railroad bridge over Detroit river has been introduced in the House by Rep. Corliss. It provides that the bridge approach shall be in the city limits of Detroit; that the plans shall be approved by engineers of the war department; that it shall be for joint use of all railroads on equal terms; it shall have not more than three spans between bulk and head lines on both sides of the river, the main channel span to be 1,100 feet clear, height and width to be determined by the secretary of war; there shall be but two piers inside bulk head lines. It also provides that if the bridge is not begun in three years and completed in six, the act shall be void.

The Senate passed a bill authorizing the construction of eight new revenue cutters not exceeding in aggregate cost the sum of \$2,025,000.

Rep. Henderson, of Iowa, has introduced a bill to prevent the use of the U. S. flag as a business advertisement or the use of any government publication as advertising mediums.

Senator Lodge gave notice of an amendment to the naval bill, appropriating \$25,000 for making soundings for a cable line from the Hawaiian Islands to Japan and also to Australia.

Three new battleships of the staunchest type afloat have been authorized by the House committee on naval affairs. A majority of the committee favors making the number six instead of three and will endeavor to so amend the bill.

Miss Markham is now at the head of the social department and in the absence of Mrs. Lewis (chairman of the entertainment committee) will plan with that committee for the work of this month. The rooms will be open each Tuesday evening. Come in and see what is going on.

The committee on religious work have decided to distribute mimeographed notices for each week's meetings.

The Sunday meetings are being well attended and are full of interest. There will be a character study for the last Sunday of each month, the one selected for March 27 being, Ruth. "I pray you girls to read the book of Ruth; That old love story, beautiful as truth."

The classes in English have been reading "Evangeline," and one day not long ago they spent an hour at the Museum studying the birds and animals mentioned in the poem. They brought away quite a fund of pleasure and information.

The special need of the educational department just now is a series of maps to use in the "Round the World" class now being planned. All that is needed is the gift of a Cram's Atlas from which the maps can be taken and mounted ready for use. It is not necessary that the atlas be an up-to-date edition.

It is urged that books from the library which have been kept more than three weeks be returned at once.

The man who indulges in athletic exercises is usually a healthy man. While athletes, moderately indulged in, are conducive to longevity, they are not absolutely necessary.

If, when a man feels out of sorts and nervous, and realizes that he is suffering from biliousness or indigestion, he will take the right remedy, he can always keep himself in good health. Many serious illnesses have their inception in indigestion or in an inactive liver. Dr. Pierce's Golden Medical Discovery is a sure, safe, speedy and permanent cure for all disorders of the digestion. It also cures all of the maladies that have their inception in these disorders. It is a prompt cure for giddiness, sick headache, pain in the stomach, fullness and swelling after meals, dizziness and drowsiness, cold chills, flushings of heat, loss of appetite, shortness of breath, blotches on the skin, disturbed sleep, frightful dreams and nervous and trembling sensations. It makes the appetite keen and hearty, the digestion perfect, the liver active and fills the blood with life-giving elements that build healthy tissue. It is a cure for nervous exhaustion and prostration and it cures 98 per cent. of all cases of consumption, bronchial, throat and kindred affections. An honest dealer will not try to induce customers to take some worthless substitute for the sake of a few pennies added profit.

Mr. W. Rogers, of Grayson St., Louisville, Ky., has this to say for himself and the "Golden Medical Discovery." "I was a dyspeptic. I had not had a comfortable night in six years. I have taken three bottles of Dr. Pierce's Golden Medical Discovery. I am now fifty years old. I feel thirty years younger."

Dr. Pierce's Pleasant Pellets are a sure, speedy and permanent cure for constipation. One little "Pellet" is a gentle laxative and two a mild cathartic. They never trip.

Street Railway Strike at Saginaw.

The street railway system of Saginaw, was completely tied up by a strike of 90 motormen and conductors. The men have asked for regular hours, and pay for overtime. They have worked from 14 to 16 hours per day. Every conductor and motorman is a member of the union. Both the Union and Consolidated lines are in the hands of receivers, and the latter have advertised for new men. Trouble may result.

Later.—The circuit court judges took a hand to settle the strike, and with great success. An order for the receivers to take back all men who applied within 24 hours, and fixing 10 hours as a day's work with wages at \$1.55 per day, was obeyed. The strikers at once returned to work. The court stated that if the strikers had any grievances they should have been submitted to the court for adjustment. That course lies open to them in the future.

A Big Klondike Expedition.

Probably the best equipped party from Michigan that will seek fortune in Alaska this year departed from the "Soo" for Seattle from this city in a private car. The party numbers 20 and includes leading business and professional men. The departure of the party was made the occasion of a big demonstration, about 800 people repairing to the depot with a brass band. The Soo-Yukon Mining & Transportation Co., as the party is named, will sail from Seattle for St. Michaels April 1 on a schooner chartered for the trip. The company will build two light draft steamers at the mouth of the Yukon, the timbers and materials being taken from Seattle. Powerful sand pumps and dredging and diving outfits are included in the plant, the object being to prospect the streams for gold. The supplies and outfits of the company cost approximately \$40,000.

News has been received of the death of the wife of Senator Thurston on board the yacht Antia at Sagua la Grande, Cuba, where the party of U. S. senators and congressmen and their wives and friends had just arrived with the yacht. The cause of death was apoplexy, which is believed to have been brought on by the terrible scenes of suffering and starvation witnessed by the party.

Senor Luis Polo de Bernabe, the new Spanish minister, has arrived at Washington and been formally presented to President McKinley.

Stop! Women,

And consider that in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience in treating woman's diseases is greater than that of any living physician, male or female.

You can talk freely to a woman when it is revolting to relate your private troubles to a man; besides, a man does not understand, simply because he is a man.

MRS. PINKHAM'S STANDING INVITATION.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read, and answered by women only. A woman can freely talk of her private illness to a woman. Thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

President Angell wrote the S. C. A. a jubilee letter. He and Mrs. Angell were on the Nile 800 miles above Cairo when the letter was written. He spoke of our Students Christian Association as the first in the country.

General Debility and Loss of Flesh

Scott's Emulsion has been the standard remedy for nearly a century. Physicians readily admit that they obtain results from it that they cannot get from any other flesh-forming food. There are many other preparations on the market that pretend to do what

SCOTT'S EMULSION

does, but they fail to perform it. The pure Norwegian Cod-liver Oil made into a delightful cream, skillfully blended with the Hypophosphites of Lime and Soda, which are such valuable tonics, makes this preparation an ideal one and checks the wasting tendency, and the patient almost immediately commences to put on flesh and gain a strength which surprises them.

Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper.

PROF. KELSEY'S WORK.

BRINGS THE NATIONAL CLASSICAL CONFERENCE TO ANN ARBOR.

MANY NOTED PHILOLOGISTS

Will Be Present and Read Papers at The Conference.

The Committee of Twelve, of the American Philological Association, has arranged for a national classical conference to be held in this city March 31 and April 1.

Prof. Kelsey has charge of the local arrangements and has given out the following data. The object of the conference is to bring together representatives of the schools, colleges, and universities in the different parts of the country for the discussion of questions pertaining to classical study and for the presentation of matters of interest to teachers of the classics.

On the opening day there will be an introductory address by Prof. Thomas Day Seymour, of Yale University, chairman of the Committee of Twelve. Prof. E. C. Goddard, president of the Michigan Schoolmaster's club, will deliver an address of welcome on behalf of the state, while Acting President Hutchins will speak in behalf of the university. Teachers of the state are urged to so arrange their work as to be present both days. Railroad rates of a fare and one-third have been arranged.

Among those present will be the following:

Geo. B. Alton, state inspector of high schools for Minnesota, Minneapolis; principles underlying the making of courses of study for secondary schools. Discussion by Principal Chas. A. Smith, Michigan Military Academy; Principal John C. Hanna, East Side high school, Columbus, O.; Principal R. G. Boone, Michigan State Normal college, Ypsilanti; Prof. B. A. Hinsdale, University of Michigan; Prof. Chas. E. Bishop, William and Mary college, Va.; William Warner Bishop, Garrett Biblical Institute, Evanston, Ill.; Prof. E. B. Clapp, University of California; Prof. Joseph H. Drake, University of Michigan; Prof. Harold North Fowler, Western Reserve University; Principal Ralph Garwood, Marshall high school; Dr. John E. Graunrud, University of Michigan; Prof. Alfred Gudeman, University of Pennsylvania; Prof. Wm. Gardner Hale, University of Chicago; Prof. Karl P. Harrington, University of North Carolina; Prof. Geo. Hempf, University of Michigan; Prof. Wm. H. Johnson, Denison University; Dr. Thos. M. Johnson, Osceola, Missouri; Prof. Wm. Cranston Lawton, Adelphi college, Brooklyn; Prof. Abbey Leach, Vassar college; Prof. Clifford H. Moore, University of Chicago; Supt. A. F. Nightingale, Chicago; Prof. Austin O'Malley, Notre Dame University; Dr. Charles William Seidenadel, University of Chicago; Prof. John Pickard, University of Missouri; Prof. Paul Shorey, University of Chicago; Prof. Thomas Day Seymour, Yale University; Prof. Charles Forster Smith, University of Wisconsin; Mr. J. S. Tunison, Cincinnati; Prof. Milton Warren, Johns Hopkins University; Prof. Andrew F. West, Princeton University. Prof. West will also read a brief paper on "Some Early Printed Virgils," illustrated by examples from the Morgan collection recently presented to the library of Princeton University. Prof. John Williams White, Harvard University; The Archeological Institute of America.

High School Notes.

The four members of the Lyceum, who will represent that society in the coming debate with "House of Representatives", of the Detroit high school, will debate with four members of the Adelphi society, Saturday afternoon at 3 o'clock at high school building.

Mr. J. H. Crosby left for his home at New Buffalo, Mich., Wednesday morning, having finished his work in the high school. He will return to graduate with the class in June.

The oratorical contest will be held on the evening of April 8. Several students are preparing to enter the contest.

Seniors are busy looking up their records and passing off conditions. The spring issue of the Breeze will contain a cut of Prof. Perry.

The S. C. A. is preparing to give another social in the near future.

Anxious to Oblige.

From Judge: A number of ladies were standing not long since in the hall of a hotel in New York. They were all Boston women, but the fifth (who came down stairs) was from the west. She said, "Mrs. M., will you kindly let me pass?"

"Certainly," replied Mrs. M., "on condition that you will pronounce p-a-s-s as we do in Boston."

"That would be impossible," replied the western woman in perfect good humor, "but you are too many for me. Robert will have to be my champion."

Turning to the tall darkey whose place was at the door, she said, "Robert, do you think you could pronounce p-a-s-s as these Boston ladies do?"

"Yes'm—yes'm. I reckon I could if I was told to, but—" he hesitated in his desire to please both parties. "Yes'm, I reckon I could—but it would be powerful unhandy."

FOOTBALL MEN.

Meet and Discuss Plans for the Kicking Contest.

Fifty football men met Friday night to discuss plans for the spring practice and the kicking contest for the cup offered by Dr. Carrow, for the best punter and drop kicker. Practice for this contest will begin at once. Anybody eligible to the Varsity team next fall may compete.

There will be three judges, who will, in deciding on the winners, take into consideration accuracy, distance and form. The points for the punt will be 5, 3 and 1 in number; those for the drop kick, 4, 2, and 1. The contest will take place at Regents' field early in June.

Besides the handsome cup offered by Dr. Carrow, two other prizes will be given by the Athletic association.

The Good Government Club has proven this year that it meant business for it has arisen from the state of innocuous desuetude in which it found itself last year and has done good work by bringing to the University prominent speakers on reform subjects. Its future plans include actual reform in certain college organizations and when these have been carried out no one can question its practical business workings.

THEY RIDICULE IT.

MANY PEOPLE RIDICULE THE IDEA OF AN ABSOLUTE CURE FOR DYSPEPSIA AND STOMACH TROUBLES.

Ridicule, However, Is Not Argument. Facts are Substantial Things.

Stomach troubles are so common and in many cases so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such pride themselves on never being humbugged especially on medicines.

This fear of being humbugged may be carried too far; so far, in fact, that many persons suffer for years with weak digestion, rather than risk a little time and money in faithfully testing the claims of a preparation so reliable and universally used as Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Seal, bismuth, hydrastis and nux. They are not cathartic, neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten promptly, thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartic pills never have and never can cure indigestion and stomach troubles because they act entirely upon the bowels, whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets, taken after meals, digest the food. That is all there is to it. Food not digested or half digested is poison, as it creates gas acidity, headaches, palpitation of the heart, loss of flesh and appetite, and many other troubles which are often called by some other name.

They are sold by druggists everywhere at 50 cents per package. Address Stuart Co., Marshall, Mich. for book on stomach diseases or ask your druggist for it.

'Tis not the man who really toils That makes the greatest row; 'Tis he with nothing else to do, Who stands around the whole day thro' To tell the others how.

WHEN TO FIGHT.

There always comes sooner or later to every mother's son or daughter, a tide in his affairs that he is obliged to take at its flood, and prove to the world that he is not a coward.

There also just as certainly comes a time in the life of every man or woman, when he or she is brought to battle against the deadly consequences of "coffee" drinking. At this time summon to your aid "Golden Nectar," and the battle will be easily won.

"Golden Nectar" is an absolutely pure product of American cereals—delicious to the taste, delightfully aromatic, and highly nutritious. Celebrated for its blood making and nerve strengthening properties.

Take it for breakfast after boiling 20 minutes, adding cream and sugar. For sale by all grocers.

"Saved Her Life."

MRS. JOHN WALLEY, of Jefferson, Wis., than whom none is more highly esteemed or widely known, writes: "In 1890 I had a severe attack of LaGrippe and at the end of four months, in spite of all physicians, friends and good nursing could do, my lungs heart and nervous system were so completely wrecked, my life was despaired of, my friends giving me up. I could only sleep by the use of opiates. My lungs and heart pained me terribly and my cough was most aggravating. I could not lie in one position but a short time and not on my left side at all. My husband brought me Dr. Miles' Nerve and Heart Cure and I began taking them. When I had taken a half bottle of each I was much better and continuing persistently I took about a dozen bottles and was completely restored to health to the surprise of all."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nervous force. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

A wheelman's tool bag isn't complete without a bottle of Dr. Thomas' Eucalyptic Oil. Heals cuts, bruises, stings, sprains. Monarch over pain. "I tell you, he is a Spanish sympathizer. He must be." "But why?" "He has three different arguments to illustrate how the Maine affair might have been an accident."—Philadelphia North American.

WEAK, NERVOUS, DISEASED MEN

250,000 CURED IN 20 YEARS.

CURES GUARANTEED OR NO PAY!

\$1000 IN GOLD FOR A CASE WE CANNOT CURE

SELF-ABUSE, EMISSIONS, VARICOCELE, CONCEALED DRAINS, STRICTURE GLEET, SYPHILIS, STUNTED PARTS, LOST MANHOOD, IMPOTENCY, NERVOUS DEBILITY, UNNATURAL DISCHARGES, ETC.

The New Method Treatment is the Greatest Discovery of the Age FOR CURING THESE DISEASES

"Thousands of young and middle aged men are annually exposed to a premature grave through EARLY INDISCRETIONS, EXCESSES, AND LOUD DISEASES. If you have any of the following symptoms consult us before it is too late. Are you nervous and weak, despondent and gloomy, specks before the eyes with dark circles under them, weak back, kidneys irritable, palpitation of the heart, bashful, dreams and losses, sediment in urine, pimples on the face, eyes sunken, hollow cheeks, careworn expression, poor memory, listless, distrustful, lack energy and strength, tired mornings, restless nights, changeable moods, weak manhood, stunted organs and premature decay, bone pains, hair loose, sore throat, etc.

YOU HAVE SEMINAL WEAKNESS!

OUR NEW METHOD TREATMENT alone can cure you, and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers disappear; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear; energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. You feel yourself a man and know marriage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quicks and fakirs rob you of your hard earned dollars. We will cure you or no pay.

HAS YOUR BLOOD BEEN DISEASED?

SYPHILIS is the most prevalent and most serious BLOOD disease. It saps the very life blood of the victim and unless entirely eradicated from the system will affect the offspring. Beware of Mercury. It only suppresses the symptoms—our NEW METHOD positively cures it for ever.

YOU NO OR "MIDDLE-AGED MAN"—You've led a gay life, or indulged in the follies of youth. Self-abuse or later excesses have broken down your system. You feel the symptoms stealing over you. Mentally, physically and sexually you are not the man you used to be or should be. Lustful practices reap rich harvests. Will you heed the danger signals?

READ! R! Are you a victim? Have you lost hope? Are you contemplating marriage? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What has done for others it will do for you. Consultation Free. No matter who has treated you, write for an honest opinion Free of Charge. Charges reasonable. Books Free. "The Golden Monitor" (Illustrated), on Diseases of Men. Includes postage, 2 cents. Sealed. Book on "Diseases of Women" Free.

NO NAMES USED WITHOUT WRITTEN CONSENT. PRIVATE. No medicine sent C.O.D. No names on boxes or envelopes. Everything confidential. Question list and cost of Treatment, FREE.

DRS. KENNEDY & KERGAN, No. 148 SHELBY ST. DETROIT, MICH.

AMONG OUR NEIGHBORS.

Miss Mabel Whipple, a former well-known Normal student, is teaching at Clarkston, near her old home. She recently had occasion to punish a pupil, whose late mother retaliated by giving the teacher a pair of black eyes. Miss Whipple made complaint, and the woman paid a fine of \$20.—Sentinel.

J. H. Taylor, agent for the New York Life Insurance Co., has brought suit against Clark Whitecomb of this city, for a note amounting to \$60. A short time ago Whitecomb started to take a policy and gave his note; but shortly after discovered that he had not been acquainted with all the financial part of the question at hand, secured the note again from Mr. Taylor, and would not return it. Now a law suit is set for March 15.—Sentinel.

A warrant was issued on Thursday last by Justice Joslyn for the arrest of Charles Hyzer on the charge of larceny of a watch from a woman named Merritt. The man was found in Ann Arbor and taken into custody by Policeman Collins. Deputy Sheriff Ross on Friday morning brought the prisoner to the city and he was taken before Judge Joslyn, but squared the affair by returning the timepiece. Upon his release his wife had him arrested on complaint of non-support. A hearing took place on Saturday morning and the offender was given 15 days in the county jail.—Commercial.

Deputy Sheriffs Ross and Ferguson arrested Mark Hardy and Lou Gooding, two colored men, last Thursday, whom, it is alleged, stole corn from Jean Wilson, a farmer living south of town. Wilson swore out the warrant upon the evidence that he identified the corn. Some twenty-five or thirty bushels were taken and the parties who hauled it away deliberately drove up to his corn crib with a one horse bob sleigh, and loaded it up. The two men were taken before Justice Joslyn at 9 o'clock Friday morning, but owing to lack of evidence the case was adjourned until Tuesday, March 15.—Commercial.

TESTS PATIENCE.

The Most Patient People Must Show Annoyance at Times.

Nothing spoils a good disposition quicker, nothing taxes a man's patience like any itches of the skin. Itching piles almost drive you crazy. All day it makes you miserable. All night it keeps you awake. Itch! Itch! Itch! With No relief. Just the same with eczema. Can hardly keep from scratching it. You would do so but you know it makes it worse. Such miseries are daily decreasing. People are learning they can be cured. Learning the merits of Doan's Ointment. Plenty of proof that Doan's Ointment will cure piles, Eczema or any itches of the skin. Read the testimony of an Ann Arbor Citizen.

Mrs. T. Martiny, of No. 501 Detroit street, says: "I can highly recommend Doan's Ointment to anyone requiring a soothing and healing preparation. I suffered a great deal from a fever sore and at times the inflammation caused a burning sensation which was intense. I had used numerous ointments and lotions but nothing ever gave me permanent relief from this distress. I saw Doan's Ointment highly recommended and got a box at Eberbach & Son's drug store. On applying it it relieved all the distress and irritation almost at once. I continued the use of it and the part now looks healthy and is healing nicely. I also used Doan's Ointment for eczema and found it to remove the affliction promptly."

Doan's Ointment for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no substitute.

"You have called me a liar," shouted the angry citizen to the offensive citizen, "and you will live to regret that speech, sir." "That jest shows the difference in fellows," remarked Cowboy Bill, who happened to be present, "when a man calls me a liar, he don't live to regret it. No sir!"—Pick-Me-Up.

THE WONDERS OF SCIENCE.

No Parleying After That.

From the Boston Budget: Last winter, which, as is well known, was a period of figurative frost to a great many members of the actor cult, a well known player was strolling about New York with a friend. As a wardrobe is a necessary part of an actor's stock in trade, the player was well dressed and in appearance prosperous. Presently a seedy looking person accosted him.

"Say, guv-nor," he remarked, with a professional whine, "can't yer give a feller a nickel?"

The player stopped and looked at the applicant. "I'd like to, really," he said, "but can't you see I'm an actor?"

And the mendicant went his way without further parley.

The honest public sentiment of the people of the United States is unanimously in favor of Dr. Bull's Cough Syrup. The dealers pronounce it to be the only standard cough remedy.

"Clara," said the mother of a little 5-year-old miss, who was entertaining a couple of neighboring girls of her own age, why don't you play something instead of sitting still and looking miserable?" "Why, mamma, we is playing," was the reply; "we's playin' that we's grown-up womens."—Montreal Herald.

BLADDER TROUBLES.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

SAMPLE SENT FREE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. It is comforting to know that Dr. Kilmer's Swamp-Root fulfills every wish in quickly curing bladder and urinary troubles. It corrects frequent calls, inability to hold urine and scalding or stinging pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should take the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail, upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention the REGISTER and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietor of this paper guarantees the genuineness of this offer.

IT IS A FACT

that the student who is an expert shorthand writer is able to take his lecture work far more satisfactorily, and, when he gets out of school, his chances of securing a lucrative position are 100 per cent better than the man who does not know how to write shorthand. We know this from our experience with thousands of students who have taken our course during the past twelve years. Special courses in shorthand and typewriting for University students.
