## ANOTHER MONTH'S RECORD.

A few weeks since THE REGISTER gave a brief statement concerning certain features in the conduct of the police department of this city. In this it was intimated that the sheriff had full control of the workings of this office. In this article we stated that out of fifty-four arrests of drunk and disorderly persons in one menth, only five were made by the five policemen, while 49 were made by the four deputy sheriffs who spent only a part of their time in the struggle to maintain peace and order in this quiet city. THE REGISTER saw fit to criticise this unjust division of labor and of fees. It has come to our attention of late that the state of affairs we mentioned is being explained by asserting that the month we took was an exceptional one and that it was unjust to make it appear as a sample of what was going on. The month given before, i. e. December, 1897, was selected at random, and the record of no other month looked up. Yesterday we selected another month, i. e. January, 1898. If December was an exception, then January was one also, for the records are surprisingly alike.

Number of arrests of drunken people in December, 54, in January, 49. Number of arrests by police force, December, 5; January, 6.

Of the 5 in December and 6 in January arrested by our police force and the returns of warrants actually made by patrolmen or marshal so that the fees would revert to the taxpayers; the record shows December, 1; January, 1.

In other words, there were forty-nine arrests made of drunken persons in this city in January last. Of these 49 arrests for which the county pays a fee of \$1.50 each to the officers returning the warrant, the city received \$1.50 and the deputy sheriffs captured \$72.00. People will naturally ask, What is the matter with our police force for which the taxpayers are paying \$275.00 per month? Why is it that they cannot see and arrest more than five or six drunken people per month when they are devoting their entire time to police duty while three or four deputy sheriffs, who devote but a portion of their time to this line of work are able to see and arrest nearly fifty? And why is it, even in the rare instances where an arrest is made by a policeman, the warrant is "returned" by a Emery; Mr. and Mrs. Chas. Worden, of Greatly Reduced Prices. deputy sheriff so that the fee will not revert to the taxpayers as is designed by Ann Arbor; Mrs. Arthur Covert, Dixthe city which employs its police force by the month and specifically provides that the fee for arrests by the city officials should revert to the taxpayers? Why is it that the large majority of the arrests are made by deputies employed by Boss Judson by the month so that the Boss pockets the fees? And why is it that in almost every instance where the city officials actually makes an arrest, the latter two being mere children at the case is turned over to Judson's hired deputies so that the Boss pockets all the time. the fees?

It may seem all right to a few for a certain alderman to say that these are nothing but "wild statements by a two-for-a-cent newspaper." It might be well for some such people to examine the Justice Court records. Fool assertions Emery Townsend, of Saginaw, and Mr. from people who dare not stand up like men and meet facts will have little Perry L. Townsend, of Dixboro, sons of weight with intelligent people.

## MARRIED FIFTY YEARS.

HAPPY CELEBRATION OF A GOLD-EN WEDDING.

Fiftieth Anniversary of Marriage of Ransom Townsend to Juliaette Leland of Superior-Nearly Seventy Relatives Present-Ten People Present Who Attended the Wedding Fifty Years Ago-A Pleasant Affair Eujoyed By All.

In 1835, Ransom Townsend, who was then nine years of age, came to Michigan with his parents from Genesee county, New York, where he was born. ty and settled in the town of Superior, where he has resided constantly ever since. Two years earlier, in 1833, Miss Juliaette Leland, who was then a child Saturday this Week. Juliaette Leland, who was then a child of five, came from Madison county, New York, with her parents to Northfield where they settled. When Miss Juliaette had reached her 20th birthday and Ransom was but a few days short of twenty-two, the young couple began their married career the fiftieth anniversary of which was fittingly celebrated at the old homestead on Tuesday afternoon, April 12.

After the wedding in 1848, the young couple settled down upon the old homestead in Superior, where the husband had lived from boyhood, and have resided there constantly during the fifty years that have followed. The three children of this mature old couple planned a surprise for their parents on this occasion, so that it was not until Tuesday afternoon when the guests began to arrive that they realized what had been arranged. There were nearly seventy guests present, every one of whom were relatives except the minister and his wife and the editor of THE REGISTER. Among those present were nine grand children and one greatgrandchild. Among those present were ten people who had attended the wedding at the home of the bride in Northfield fifty years ago. They were Mr. and Mrs. Hascal Laraway, of boro; Mrs. Freeman Galpin, Dixboro; Messrs. James and Orison Leland, of Emery; and Messrs. Philo Galpin, of Dixboro, and Emery Leland, of Emery,

The guests present were Mr. and Mrs. John B. Eldert, Detroit, daughter and son-in-law of the aged couple; Hon. the bride and groom, with their families, Misses Berdina and Leila Eldert, of Detroit, grand-daughters; Mr. Wirt Eldert, of Dixboro, grandson, who is living with his grandparents; Mr. Fred T. Eldert, of Detroit, grandson, and Mr. and Mrs. Frank Galpin, all of Dix-Ransom Shuart, of Dixboro; Mr. and Mrs. Emery Leland, Mrs. James Le-land, Mr. and Mrs. Orison Leland, Mr. and Mrs. Hascal Laraway, Mr. and Mrs. Joshua Laraway, Miss Myrtie Renwick, all of Emery; Mr. and Mrs. Geo. Ruthan of Emery; Mr, and Mrs. Geo. Ruth-ruff, Ann Arbor; Mr. and Mrs. Freeman Covert, Dixboro; Mr. and Mrs. E. A. Matteson, Dixboro; Mr. Thadeus Le-lend, Emery: Rev. and Mrs. Field, Dixboro, and Mr. S. A. Moran, Ann Arbor At four o'clock the numerous guests were called to order when Hon. Emery Townsend, made a few brief remarks ed the exclusive right for Ann mother. This was followed by an im-pressive prayer by Rev. Field. Miss Leila Eldert, of Detroit, a grand-daughter, then recited Will Carleton's poem. "The Golden Wedding" followng which a pleasant social hour and a half was spent during which elegant refreshments were served by the four grand-children, the two sons and two daughters of Mrs. Eldert, of Detroit.

## SOMETHING TO ANSWER FOR

When, in January, the public became fully aware of the extent and com. wife and their child, the only greatpleteness of the organization known as the Young Men's Republican Club it grand child of the old people; Mr. and was generally admitted that the Republicans would sweep the county this spring Mrs. Arthur Covert, Mr. and Mrs. and fall. The Democrats in many cases were ready to concede this. With the Freeman Galpin, Mr. and Mrs. Morris elaborate arrangements of the club for awakening interest in party work in Galpin, Mr. and Mrs. Philo Galpin, every corner of Washtenaw county, of looking after every voter in every precinct, of seeing that Republican ideas and principles were promulgated on every boro; Mrs. Sophronia Campbell, Jackavailable occasion and that every Republican vote in each precinct was cast on son; Mr. and Mrs. Aaron Campbell, election day, the party workers were more enthusiastic than they had ever been Mr. and Mrs. Adelbert Campbell, Mr. before. On the other hand the Democrats were so astonished at the thorough- and Mrs. Geo, Campbell, Mr. and Mrs. ness of the organization and the strength it would be able to exert that they were ready to give up the fight. That the whole thing was upset by Boss Judson who succeeded, through the base treachery of some of his henchmen who were pretended friends of Republican organization, does not need to be repeat ed. The hundreds of workers all over Washtenaw county fully understand these things and who the traitors to the party were. What we desire to bring out in this article is this: In Ann Arbor town the Democratic supervisor wa elected by 7 majority. Two Republicans who had been members of the Club in that township have informed THE REGISTER that there were between twenty and thirty Republican voters in that town who did not vote this spring. They assured THE REGISTER that there was not a particle of doubt that had the branch of the Club in that precinct gone on as was planned, and had done even one-fourth of the work that was laid out, the Republicans would have carried the election as sure as fate. But Boss Judson and his men were determined that no organization should exist which they could not control and the Club was knocked into a cocked hat, and that at a time too late for the party to rally to save the spring elections. We can see the immediate result of this in Ann Arbor town, i. e., the loss of a supervisor. Upon careful examination we find that the same condition of affairs existed in the Fifth Ward of this city. Had the full Republican vote been got out as it certainly would have been had the Club not been overthrown we would have had another supervisor from this preeinct. With these two the tables would have been turned and the Republicans would have controlled the board, a thing they have not done for years. There cannot be the least question that such would have been the results had not Boss Judson, on whom the party has bestowed one of the most lucrative offices in the county tor two full terms, taken the lead in crushing a Republican organization that gave every promise of success to the party. People outside of this county may and probably do not yet fully realize the extent of the manipulation of these bosses, but a full knowledge of their works cannot always be kept concealed from the people. Their work in killing off the Young Men's Republican Club will be remembered and all those who participated in it will feel the effect of their work should they ever again come before the people of this county for their suffrage. They will then realize that they have something to answer for.

#### A Prisoner Waiting to be Hacked by Time's Scythe.

Thousands Whose Situations Are Scarcely Less Terrible May Easily and Readily Find Help.

A man lies flat on his back, bound so that he cannot move an inch. He is in a dungeon, at first dark as a well, but in a few minutes a light in the ceiling, far up, shows a mechanical figure of Time with his scythe. The figure descends slowly, the scythe swings, and the prisoner realizes that unless some unexpected help should come, he will be slowly cut to pieces. What followed is told by Edgar Allen Poe in the fantastic story called "The Pit and the Pendulum." The man awaiting the approach of a dreadful death is a type of a large class of unfortunates who, entangled in the strangling coils of an octopus, have lost all hope of freethe victim is yet reveling in that glorious state of exhilaration which follows the first use of the drug. If so, like the man in Poe's story, he has not noticed the light in the ceiling and is unaware of his danger. Maybe the disease has progressed so far that the sufferer notices a weakness of the heart's action, that the general health is feeble, the body poorly nourished, the sight double. This is soon followed by a peculiar twitching of the muscles, a numbness of the hands and feet, and the utter collapse of the nervous system. The victim now becomes

restless and uneasy. A feeling of despond- erable existence becomes almost overpower-

#### WAR! WAR!!

THE action of the House of Representatives yesterday and the almost certain similar action of the Senate todav makes war seem almost inevitable. At the same time reports from Spain do not show the least indication of a back down of the Spanish ministry, which is practically the only course that is now likely to prevent war with Spain. It seems quite possible as we go to press that war will actually begin within the next twenty-four hours.

#### JUST LISTEN!!!

THE day the startling intelligence came that the battleship Maine had been blown up in the harbor of Havana, The News pronounced the deed the act of the diabolic Spaniards. The assumption was pooh-poohed by the stupid newspaper rabble of Ann Arbor and the effete journalists of Detroit and otner cities, but the report of the board of naval officers which investigated the affair, coincides with the unhesitating verdict of The News. #### Ancient Maps.

It is among the Egyptians that we find the earliest recorded examples of map-drawing. Apollonius reports that the Egyptians of Colchis, a colony dating from the time of Rameses II., had preserved as heirlooms certain wooden tablets, on which land and sea, roads and highways, were accurately indicated; and, according to other authorities, Rameses is said to have caused routemaps to be prepared. These statements have been confirmed by the actual discovery of such maps and plans of old Egyptian papyrus rolis. Birch ant little social was given to the new has, for instance, identified a drawing on a papyrus in the Turin Museum as the topographical map of a gold-mining district in Nubla. The perspective is very childish, and, in order to show that the road leads between two mountain chains, the mountains on one side of the road are inverted. This map is 1,000 years older than that of Anaximander (560 B. C.), who was considered by the Greeks as the inventor of cartography. Similar picture maps were discovered by Layard in Assyria. Among the Egyptians and Babylonians map-making remained in its first infantile stage; its scientific development was received at the hands of the Greeks.

#### A New Enterprise.

Classen Bros. & Co., under the man-agement of W. G. Classen, have opened up a branch agent's supply office at this place which promises to be a boom to the unemployed. There object in locating in a college town is to also employ students for the summer vacations. The young men have worked up a fine

ousiness which they say is daily increasing and they now have agents at work for them in every state in the nion as well as Canada.

One of the articles in which they deal is the famous Acme combination self-heating, smoothing, fluting, polishing and pressing irons, which is a minia-ture stove and used in the same manner as a common flatiron.

As yet the irons are not manufactured in this city, but every iron sent out bears the name Ann Arbor upon it, and very circular that is sent out either for the use of the general or sub-agents, is an advertisement for this city. The irm sold over 8,000 of their irons last year.

#### CATAERH SIX YEARS. Grew Rapidly Worse-Doctors Did No Good.

Mrs. Adam Staats, Mequon, Wis., in a recent letter to Dr. Hartman, writes

"I write this letter because of mysympathy for the suffering people. For six years I suffered with chronic catarrh. Whenever I caught a little cold I would have a se-

vere spell of sickness. I used different catarrh medicines and the doctors did all they could, but the relief was only temporary. In December, 1897, my condition became very bad. I could not speak aloud; I had a terrible cough, profuse expectoration and frequently spit blood; night sweats and extreme emancipation. I was sure I must die of consumption. The catarrh seemed to have spread all over my body; my head, throat, nose, bladder and womb. At this time I received a book concerning Pe-ru-na. I immediately wrote to Dr. Hartman who prescribed Pe-ru-na and Man-a-lin. I followed his directions strictly. I began to improve with the first bottle, and during the time that I took the medicines I gained twenty pounds. I feel as well now as anyone could possibly feet. I am sure I would have been dead long ago hal it not been for Dr. Hartman's advice and medicine."

Every woman should have a copy of Dr. Hartman's latest took entitled "Health and Beauty." Sent free by The Pe-ru na Drug Manufacturing Company, Columbus, Ohio.

MONARCH

BICYCLES

The demand requiring such shipments of over 6,000 machines is convincing proof of the superior quality and great popularity of the MONARCH Bicycle.

We are often asked the cause of our great success: Our answer is-Honest Prices, First Class Goods, Prompt Service and Fair Dealings. Such a policy will always win.

Every MONARCH BICYCLE is as good as skill, energy and capital can produce. We cannot afford to jeopardise our well earned reputation with goods of a questionable quality.

All parts of MONARCH BICYCLES are made by us out of the best material and after our own exclusive designs. Therefore do not contain the part-makers' parts found in so many cheap machines.

Did it ever occur to you that a MONARCH BICYCLE will sell for more after a season's use than many new machines of unestablished make?

Over 200,000 Monarch riders will tell you that there are none better. They stand up, ride easy and are always in front.

We are making upwards of 500 machines per day to meet the increasing demand.
