A FATAL ACCIDENT.

RUNAWAY TEAM CAUSES DEATH OF MRS. ABRAHAM STEFFE.

Farm Team Runs Into Buggy—Accident Happens on Beakes Street—The Accident Apparently Unavoidable—A Very Sad Affair.

At about noon last Friday, a Mr. Zeeb, of Northfield, was driving his team down Beakes street. In some unaccountable way the wagon tongue slipped from the neckyoke and fell to the ground. This caused the whiffletrees to become unfastened and frightened the team so that Mr. Zeeb could not control them, although he hung onto them until he was dragged a considerable distance. The frightened team ran down Beakes street until they overtook a buggy going in the same direction and in which was Mr. and Mrs. Abraham Steffe of the North Side and a grand daughter. The runaway team attempted to separate one going on each side of the Steffe buggy. The neckyoke, however, held them together causing them to be thrown violently upon the carriage causing the almost instant death of Mrs. Steffe and badly bruising both Mr. Steffe and his grand daughter. Mrs. Steffe was 70 years of age and was highly respected by all who knew her, and her sudden and tragic death was a great shock to her many friends. Funeral services were held at the home, No. 1226 Pontiac street at two o'clock last Sunday. Burial was in Fair View cemetery.

COURIER'S ADVICE TO WEDEMAYER.

Last Week's Issue Gives the Following Advice to Hon. Wm. W. Wedemeyer.

It is not the desire of the Courier to criticize Mr. Wedemeyer. He wanted the nomination and was entitled to it if he could obtain it by honorable and fair means. What we criticize is the blunder of letting a good chance escape of getting in line for next time. After his defeat was inevitable which was two hours before the close of the convention if his friends had swung in manfully for Gen. Spalding it would have placed Mr. Wedemeyer in a fine position for the fight two years hence. It may be a good thing, for him, however, He may now drop politics and take up the profession he worked so hard and so long to fit himself for, and which, if he does, will surely win success, and bring to him honors. He can thus place himself in a position where offices and honors will seek him, and not be them. Mr. Wedemeyer has not a better friend than is the Courier, and it sincerely hopes that he will now throw aside politics and politicians and buckle down to business.

REMEMBER THE MAINE.

John Laidlaw, who has charge of the Michigan Central grounds at Ypsilanti, is noted for the magnificent floral designs which he has produced. For some time past he has been at work upon an entirely new one. Speaking of the result of his latest effort the correspondent of the Detroit Tribune has this to say of Mr. Laidlaw's latest work of art: As the trains on the Michigan Central pull in from the east and west at Ypsilanti, just west of the depot can be seen a reproduction of the "Maine," made of nothing but plants, of which there are about 100,000.

During the past nine years John Laidlaw, the gardener, has contributed various designs, among them being Niagara bridge, a locomotive engine and the American eagle. This year, however, he has achieved his greatest success in the reproduction of the ill-fated battleship Maine. From his garden he also furnishes 150 bouquets for the ladies on the different passenger trains, and every Sunday flowers are sent to the Detroit and Ann Arbor hospitals.

The floral ship is just one-sixth of the real size of the Maine, 53 feet long, 10 feet wide, five feet from the water-mark to the bottom deck, and 24 feet to the top of the masts. The number of plants in and the kinds are distributed as follows: On the hull, nepeta glachoma, 58,000; top deck, funnels, guns and portholes on hull, altemantheria spothulata, 3,500; portholes on top deck, echervoria secundata, 560; masts, echervoria metalic, 1000; water-line, altemanthera parychoides major, 500; bridge, seedeom varigatum. It took four men six weeks to build it, and the cost of it is about \$4,000. Hardly a piece of wood is used and the whole interior is made up of several carloads of soil.

Soldiers' Reunion.

There will be an old soldiers' reunion on August 20 at H. C. Packard's in the town of Salem. A cordial invitation is extended to all, especially old vets. People who have attended these reunions in Salem in the past need not be told how enjoyable occasions they are.

A POST OFFICE CHANGE

W. W. Watts Leaves on the Fifteenth—Mrs. Geo. Pond to be the Assistant—Watts will go to Detroit.

The new postmaster, Mr. Geo. Pond, will make a change in the postoffice force on the fifteenth of this month. Mr. W. W. Watts will vacate the position as Assistant Postmaster and will at once begin work with the state agency of the N. Y. Life Ins. Co. at Detroit. His work there will require the greater part of his time in Detroit. He therefore will soon move his family to that city. Mr. Pond it is understood will appoint his wife to the vacancy caused by Mr. Watts' leaving. Mrs. Pond has already begun to study out the intricacies of the new work she will soon take up. This will be the first time a lady has been assistant postmaster in this city for many years. The story that Mr. Pond would, later on, appoint his son Harry as stamp clerk and keep everything possible in the family was probably started as a joke.

WEDEMAYER FOR LEGISLATURE.

HIS FRIENDS HAVE BROUGHT HIM OUT.

Will Have Better Chance of Success if He Avoids Factions—Judson Influence Would Injure More Than Aid Him—Has Said He Would Not Accept a Legislative Office if Offered on a Gold Plate.

Last week's issue of Mr. Helber's paper announces that it is the intention to send Mr. Wedemeyer to the state legislature now that he has failed to secure the congressional nomination. Many of Mr. Wedemeyer's friends have no hesitation in saying that it is the proper thing for Mr. Wedemeyer to secure some legislative experience at Lansing, and a little more experience in the world at large before aspiring to congressional honors. Whether he cares to make the run or not remains for Mr. Wedemeyer to decide. His chances of success both in the attempt to secure the nomination and to carry the election, would be greatly enhanced if he would cut lose from the Judson faction and prove himself able to manage his own political campaigns. There is a sufficient number of independent Republican voters in this district who are so determinedly anti-Judson that nobody can whip them into line this fall to vote for any man who is willing to wear the Judson collar. We are confident there is a sufficient number of such people to defeat any man, no difference who he may be, who is put forward as a Judson man. If Mr. Wedemeyer wants the office and will act upon this suggestion, he will have little difficulty in securing the nomination and less chance of being defeated, should he be nominated. But Mr. Wedemeyer has stated positively on various occasions that under no circumstances would he accept a nomination for the state legislature, even if it were tendered to him on a gold plate. Still Mr. Helber's paper is considered the official Judson organ so it may be that conditions have changed to the extent that Mr. Wedemeyer has decided to make the run for the legislature.

WILL RUN KIRK.

A report from Ypsilanti which appeared in last Saturday's Evening News of Detroit announces that Kirk has decided to be a candidate for the congressional nomination on the Democratic ticket. It says:

Maj. John P. Kirk is slowly recovering from his illness, and will return to the army as soon as he is able to be out. He definitely announces himself as a candidate for the democratic nomination for congress. He will go back to his regiment, however, and may not be here during the campaign. His supporters believe he has a cinch on the nomination.

The same paper contains a report from Jackson to the effect that Salisbury, of Adrian, has also consented to become a candidate for the same honor and his friends are just as certain that he will capture the plum.

W. W. WHEDON ARRESTED.

FOR VIOLATING STONE WALK ORDINANCE

Object is to Make a Test Case—Have Been Many Violations of This Ordinance—Board of Public Works Want Law Obeyed.

Some years ago the common council passed what is called the "Stone Walk" ordinance. This provides that in certain districts in the city all new walks shall be constructed of flag stones or cement, and that no repairs shall be made on other kinds of pavement in this district, the same to be replaced by stone or cement walks. Since this ordinance went into effect there have been numerous violations of it. In some instances new plank walks have been allowed within this district. In a great many more cases old plank walks have been repaired. As a result those who have obeyed the law do not feel that they have been fairly treated. Kicks have been coming in regularly in this matter, and the Board of Public Works has become very weary of them. They have therefore taken the matter in hand and propose to have the ordinance tested. If it will stand the test of law then they are determined that all shall be compelled to observe it. It is with this object in view that the arrest of Mr. Whedon was ordered. He had repaired a plank walk in front of his premises and the Board selected him to stand trial. It is stated that if the ordinance is sustained, a number of other arrests of persons who have violated the law will be made at once.

A TRIP TO MACKINAC

Our Manchester Correspondent Writes of her Trip up the Lakes.

Weary in both mind and body when the sultry days of July arrive, we long for some cool spot. Where shall we go? The most alluring trip is that much coveted one up the Lakes. Hence we packed our trunks and took the train to Detroit. There we purchased our tickets to Mackinac Island via the beautiful steamer, City of Alpena, and at 10:30 that evening the boat swung gracefully away from the dock amid the sweet strains of orchestral music. Further we went out into the river till nothing could be seen but the lights dotting the shore, here and there the electric light pillars looking like little Eiffel towers in the distance. Night has now wrapped her mantle of darkness about us, so we content ourselves by conversing with the many agreeable people on board. We finally turn to our state rooms, beautiful examples of immaculate cleanliness. Here is indeed sweet rest for the weary.

Awaking the next morning we found ourselves at anchor at Port Huron. The railway depot is near the dock, the tracks running parallel with the shore. Many pretty residences are viewed from the deck, and the hills crowned with cypress clumps of maples. At seven o'clock as we left there the river was dotted with many pleasure boats from the Canadian shore besides tugs, barges and fishing boats. Suddenly to our right the land faded from view and on our left the shore appeared like a stretch of yellow ribbon relieved by the green of trees beyond. Four hours later we reached Sand Beach, rightly named indeed, but here we stayed only a few minutes and soon swung out into Saginaw Bay. Here a broad expanse of water met our eyes on every side, rolling and tumbling waves of many a varied hue, light crafts dancing gaily on their crests, while our boat steamed majestically along. Touching at Oscoda, we found a crowd of people waiting to receive us at the door of their lumber town, the arrival of a lake steamer seemed to create quite a stir, especially among the younger element of the town.

Just at Sunset we came to Alpena, a pretty place with tall slender pines towering skyward. Here we spent a delightful hour strolling through the business portion of the town. This place has a population of between 12,000 and 15,000 inhabitants, and the chief industry is lumbering. Bidding adieu to Alpena we turned our faces toward the still invisible Cheboygan, we neared there about 4 a. m. passing by many saw mills running at full blast. Here and there way off, the lighthouses gleamed like glittering jewels in the sun. Another short nap and then we awoke to hear down the corridor come the joyful call, "Mackinac in about ten minutes." Going out on deck a beautiful sight met our gaze. To the eastward lay Bois Blanc Island, wrapped in a white mist which resembled a fairy's gown, while above hung old Sol like a great red ball, but northward, ah, there lies our goal—dear old charming Mackinac.

Next week we will make you acquainted with all her delightful haunts and wonderful characteristics.

THE MAJOR'S EXPERIENCE.

How He Spent the Greater Part of His Life—A Time When His Life was in Danger.

From the Free Press, Detroit, Mich.

One of the staunchest supporters of the deep-water way from the Great Lakes to the ocean is Maj. A. C. Bishop, of 715 Third Ave., Detroit, Mich.

MAJOR A. C. BISHOP.

Maj. Bishop has had unusual experience in that line of work and probably few are so well qualified to speak intelligently of it as he. For the greater part of his life he has been engaged in water ways, and is one of the oldest and best known civil engineers north of the Ohio river.

He has been superintendent of large mining operations and when the State Reformatory at Elmira, N. Y., was built, he was superintendent and engineer in charge of the construction.

Major Bishop was attached to the staff of Brigadier General Chamberlin, of the National Guard of New York, with the rank of Major from 1857 to 1865.

He has been located in Detroit since 1885, and has a large acquaintance among the business men and citizens of this city.

Two years ago, for the first time, Major Bishop was in the hospital. For two months he had the best of medical attendance but when he was discharged he was not like the Major Bishop of old.

When asked regarding his health, he said: "When I had my last spell of sickness and came out of the hospital I was a sorry sight. I could not gain my strength, and could not walk over a block for several weeks."

"I noticed some articles in the newspapers regarding Dr. Williams' Pink Pills for Pale People, which convinced me that they were worth trying and bought two boxes. I did not take them for my complexion but for strength. After using them I felt better, and know they did me worlds of good. I am pleased to recommend them to invalids who need a tonic or to build up a shattered constitution."

"A. C. Bishop."

Subscribed and sworn to before me this eighth day of January, 1898.
ROBERT E. HULL, JR., Notary Public.
The pure, powerful vegetable ingredients in Dr. Williams' Pink Pills for Pale People supply the antidote for poisonous matter in the blood and add those elements needed to build up body and brains. Many diseases long supposed by the medical profession to be incurable have succumbed to the potent influence of these pills. They can be taken by young or old, being harmless in their nature, but powerful in eliminating disease.

PEACE IS AT HAND.

TERMS SENT TO SPAIN BY THE UNITED STATES.

Porto Rico to be Ceded to the U. S.—Cuba to be Free—Uncle Sam to Take Manila and Surrounding Territory—Future of Philippines to be Settled Later.

The conferences of President McKinley and his cabinet to prepare a response to the Spanish overture for peace made through M. Cambon, the French ambassador, showed considerable difference of opinion as to the position the United States should take regarding the Philippine islands. On the other issues unanimity developed.

There was to be independence demanded for Cuba; Porto Rico was to be ceded to the United States; coaling stations were to be acquired at Guam, in the Ladrone islands, and one in the Caroline islands.

As to the Philippines, the cabinet finally agreed upon the following: That Manila bay, with the city and surrounding territory, should be retained in the possession of the United States as an American port and coaling station. If Spain is to be allowed to retain the Philippines, which the United States has not occupied, it must be under an agreement that neither the islands, as a whole, nor any part of them, shall be ceded by Spain to any other power but the United States, except with the consent of this country.

The trade of the Philippines must be freed from restrictions of the Spanish colonial system. The policy of "open door" must be established for American products. The port and coaling station which the United States takes must be protected from any trade restrictions. It must continue to be, as it has been, the central port of this island system. Spain's colonial administration must be improved and the United States must be able to make its reform effective and permanent. No part of the region which has risen against Spain on our approach and no man concerned in the rising shall suffer after the close of the war. The United States must be left in a position to prevent the terrible cruelty which has disgraced the Spanish administration in the past. Once established at Manila, the United States cannot permit unchecked atrocities of the past in the islands about.

Incident to the cession of Porto Rico and the recognition of Cuban independence by Spain was the decision that every vestige of Spanish government and authority in the Caribbean and West Indian waters must be removed, effecting a material acquisition of numerous islands over which the Spanish flag flies, one of the most important of which is the Isle of Pines. Furthermore, this sweeping change of authority from Spain to the United States in our nearby waters is to be effective also as a quit claim of all indebtedness assumed by the Spanish government and charged by her to those islands, so far as the United States is concerned and all commercial treaties now existing between the Spanish government and her possessions there and outside powers are extinguished.

When the cabinet had reached its conclusions the French ambassador was summoned to the White House to receive the reply of the U. S. government to Spain's overture. It was expected that this ceremony would occupy only a few moments. The ambassador came on time, accompanied by his secretary, M. Thiebaut, and was met by the President and Secretary of State Day, but as the minutes ran along into hours without the reappearance of M. Cambon, it was immediately surmised that something had happened to disarrange the original plans for this meeting. It was after a stay of over two hours that the French ambassador terminated his visit. While it continued Secretary Long and Admiral Sicard, of the naval board, and Assistant Adce, of the state department, were called into consultation.

Events of the most momentous character occurred at the conference carrying the peace negotiations far beyond the mere submission of terms of peace by the United States, and reaching the point of a preliminary basis of peace between the government of Spain and the government of the United States, needing only the ratification of the Madrid cabinet in what was done to bring the war to an end. This was accomplished on the part of Spain when Ambassador Cambon presented to the President credentials he had received from the Spanish government appointing him envoy extraordinary and plenipotentiary, with complete instructions as to the manner of acting upon every one of the peace conditions presented by the United States.

It is now for the Madrid government to give final approval to what was partially accomplished, for there is no need of extended conferences or correspondence. All that was accomplished when M. Cambon acted as plenipotentiary. From the fact that he acted under instructions the prospect would seem to be hopeful for Spain's ratifying what has been done. But it is for Spain herself to determine the issue of peace or war as now presented to her.

GREAT BISMARCK IS DEAD.

Foremost German Statesman of the Century Passes Away.

Prince Bismarck passed away peacefully, but rather unexpectedly, at his home at Friedrichsruhe. While the great warrior-statesman had been in ill health for some time it was less than two days before the end that Dr. Schweningen, the ex-chancellor's physician, expressed the belief that the prince might live a number of years. However, complications suddenly appeared and the entire family was assembled and Dr. Schweningen, who had gone to Berlin, was hastily summoned. The family, gathered in an adjoining room, was plunged into the very anguish of grief by the moans from the death chamber. The despair was intensified by Dr. Schweningen's absence, although medical art was unavailing. The only consolation was that the prince was unconscious during the last two hours. Dr. Schweningen was in time only to afford some relief in the final moments.

The last words Prince Bismarck uttered were addressed to his daughter, Countess von Rantzau, who wiped the perspiration from his forehead. They were: "Thanks, my child." The whole family was assembled at the bedside at the time of his death, and Dr. Schweningen, Dr. Chrysanter and Baron and Baroness Merck were also present.

Dr. Schweningen telegraphed the news to Emperor William, in Norway, and Count Herbert Bismarck refused to allow anybody to visit the death chamber until Emperor William had seen the dead statesman.

A dispatch from Bergen, Norway, says that when the emperor was informed of the prince's death he was deeply affected, and ordered his yacht to return immediately.

Uncle Sam is Honest.

Washington: All of the talk about the bad faith shown by our government in pressing the Porto Rican campaign during the last few days is absolutely without foundation. In addition to the representatives of the United States, the persons qualified to speak for the government of Spain in this country make an exactly similar statement, and the alleged charges of bad faith against the United States, attributed to Premier Sagasta, are discredited as inventions designed to prejudice the successful progress of the present peace movement. Military authorities regard Premier Sagasta's alleged statement that peace overtures operate to stay the course of military operations, as little short of amazing, and as directly contrary not only to the military law of the United States, but to the whole recognized principles of international law.

In general, the international law writers agree that military operations stop only when a truce or an armistice is actually concluded, and that this truce or armistice must be in writing. Until then the mere preliminary overture toward a suspension of hostilities is not regarded as any warrant for stopping the war. Military authorities, as well as the specific regulations of the United States, hold that there is no suspension of hostilities prior to the agreement to suspend military operations. Even then, the agreement is binding on military commanders only from the time they receive actual notice of it. In the meantime military commanders have the right to push forward and hold such territory as they occupy.

AGUINALDO IS UGLY.

JEALOUS OF THE AMERICANS AT MANILA.

Gen. Merritt Arrives and Takes Command of the Troops and With Admiral Dewey Prepares to Move Upon Manila—Trouble Expected With Insurgents.

Manila, via Hong Kong: Maj.-Gen. Wesley Merritt and the transports and troops under his command have arrived at Manila and Gen. Merritt assumed command of the American forces immediately after he had reported to Admiral Dewey. He has established headquarters at the Cavite arsenal. The cruiser Newport was escorted to an anchorage near the cruiser Charleston by the gunboat Concord, the crews of the vessels of the American fleet giving her a rousing welcome. Until he shall have received the report of the officers who preceded him, and familiarized himself with the situation, Gen. Merritt cannot determine as to his future course. The fleet saw nothing of the monitor Monterey and the collier Brutus, and it is supposed that the monitor is coaling at Guam island. The troops encamped at Parango have not yet made a move, the condition of the country between the camp and the outskirts of Manila being such, on account of the heavy rains that have fallen, as to make it impossible to advance. The insurgents are still active, but are accomplishing nothing.

Washington: Gen. Merritt has cabled the war department relative to the situation in Manila, which he finds very unsatisfactory and dangerous, owing to the insurgents. Their attitude there is similar to that assumed by Garcia's Cubans, although in this case the insurgents are not only more numerous, but better armed and filled with the arrogance following their numerous victories over their Spanish foes. Gen. Merritt, however, indicates that he will do his utmost to protect the citizens from the ravages of the insurgents, though while fighting the Spaniards he must be ready at any moment to repel the insurgents.

The general gave notice that he was about to combine with Admiral Dewey in a joint demand for the surrender of the city to the United States forces, thus forestalling the insurgents, and this move may cause a rupture. Up to the date of the report Gen. Merritt had with him about 12,000 soldiers. So far seven expeditions have left San Francisco carrying soldiers to the Philippine islands, and it is the intention to furnish Gen. Merritt 8,000 men more than his present force. If he delays his attack until all these have reached him, Manila will not be taken before September.

A dispatch received from Admiral Dewey announces that Aguinaldo has assumed a bold attitude of defiance and that it would take a large force from this country to subdue the insurgents. Gen. Merritt is completing his preparations to attack Manila, and that, otherwise, there is nothing doing. The blockade is strictly maintained, and no date has been fixed for the attack. Admiral Dewey says the health of his men has never been better since they have been on the Asiatic station.

The London Times correspondent at Cavite says: It is becoming more apparent daily that there are serious complications ahead. The Americans never made a greater mistake than in bringing the insurgents to Cavite and arming them. Aguinaldo has become jealous of the Americans. Either he has been corrupted by some foreign power or he has a false idea of the strength of the revolutionists, failing to recognize that their recent successes are due to the concentration of Spanish strength at Manila, consequent upon the presence of the Americans. He talks of his government and dictates to the American authorities in absurd and inflated terms. Aguinaldo's forces encircle the city making daily and nightly attacks. Two miles behind Aguinaldo's lines, south of Manila, 5,000 Americans are in camp. The remainder are at Cavite. Aguinaldo has objected to the advance of the Americans to ground captured by the insurgents, forgetting that his landing was effected by the grace of the Americans. It is becoming apparent that the sole incentives of the insurgents in the conflict are revenge and plunder.

Aguinaldo is respectful toward Admiral Dewey, Gen. Merritt and U. S. Consul Wildman, but he holds back from giving energetic help to the U. S. forces, until he knows exactly what form the American policy will take. He is disturbed by reports that the United States will abandon the islands to Spain. Gen. Merritt is feeding Spanish prisoners held by the insurgents without consulting Aguinaldo and is otherwise acting independent of the insurgent leader, and a clash between them is not improbable.

THE WAR SITUATION.

Col. "Teddy" Roosevelt, of the Rough Riders, is being boomed for governor of New York.

The U. S. government has purchased an immense floating drydock capable of lifting vessels of 2,200 tons displacement. It will be towed to Key West.

The navy department has appointed John P. Gridley, son of the late Capt. Gridley, of the Olympia, an acting naval cadet, and assigned him to Capt. Sigsbee's vessel, the St. Paul. Young Gridley is only 18 years old. He was educated at Hillsdale, Mich.

Santiago merchants objected to receiving the U. S. silver dollar for more than 50 cents, consequently the corps of army paymasters who have just gone to Santiago have been supplied with gold and paper. Coercive measures will probably be adopted to cause American silver money to be accepted at its full value.

When a man suffers from neglected indigestion, constipation and torpidity of the liver, he soon loses all enjoyment of his meals. Nothing tastes good or looks appetizing. He grumbles at his wife, or the cook, or the landlady, or the landlady, or the waiter, as the case may be. People say that he has "a finicky appetite" and let it go at that. The fact is that the man is in a precarious condition and, if he continues to neglect his health, is a candidate for consumption or some equally terrible malady.

If a man doesn't wish to "dine with death" for a waiter he should take the right remedy for "little ills" as they arise, and thus ward off the "big ones." When a man's appetite is "finicky," when his liver is torpid, when he feels "headache," dull, listless and generally out of sorts, he should take Dr. Pierce's Golden Medical Discovery. It makes the appetite keen, the liver active, the blood pure, the brain clear and the whole body alert and energetic. If the bowels are constipated Dr. Pierce's Pleasant Pellets will cure that. The "Golden Medical Discovery" cures 98 per cent. of all cases of consumption, weak lungs, catarrhal, bronchial and throat troubles.

"Twenty-five years ago eight different doctors told me that I would live but a short time—that I had consumption and must die," writes Geo. R. Coope, Esq., of Myers Valley, Pottawatomie Co., Kans. "I finally commenced taking Dr. Pierce's Golden Medical Discovery and am still in the land and among the living. I have faith to believe that it has lengthened my life for the last twenty-five years, and I have so much faith in all of Dr. Pierce's medicines that I want his 'Common Sense Medical Adviser.'"

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a dose.

Improved Schedules to Florida

Beginning July 6th, via Southern Railway and Queen & Crescent Route.

On account of increased travel to Florida and other Southern points, The Southern Railway, in connection with the Queen & Crescent Route, have inaugurated, beginning July 6th, through, vestibuled, train-service, on accelerated schedules, from Cincinnati and Louisville, to Atlanta, Fernandina, Jacksonville, Tampa, Miami etc.

On this new schedule, the train leaving Louisville 7:40 a. m. and Cincinnati 8:30 a. m., arrives Atlanta 12:00 midnight, Fernandina 8:30 next morning, Jacksonville 9:40 a. m., Tampa 5:50 p. m. train being a solid, vestibuled, through train, with first-class day coaches, and Pullman Sleepers from Cincinnati to Jacksonville, Chair Cars from Louisville to Lexington, connecting therewith.

The night trains, leaving Louisville 7:45 p. m. and Cincinnati 8:00 p. m., will continue as at present, arriving Atlanta 11:40 a. m., making connection for all points South.

By these new schedules of the Southern Railway, in connection with the Queen & Crescent Route, the time via these lines to Florida and other Southern points, is many hours quicker than via any other road.

For information, apply to any Agent Southern Railway, or connecting lines.

SPEAKING OF THE RESULT OF THE LACK

of shrewdness shown by the Washtenaw delegation to the Congressional convention, The Courier says:

With the compact that exists between Jackson and Lenawee and the bitter feeling in Monroe, Washtenaw's candidate will wait for thirty years, as Lenawee's has done, for recognition.

It is any wonder that people are out of patience with such a lack of political foresight.

As was to be expected Editor Moran boldly exhibits his bow and arrow and claims the honor of having slaughtered General Spalding and Sheriff Judson.

While we do not claim all the honor in the case, THE REGISTER modestly claims to have done its share. What pleases us is the readiness of The Courier to admit that ex-Boss Judson has actually been "slaughtered."

MR. HILBER states in his paper that "it was only after repeated earnest efforts that the cooperation of the sheriff was secured for the plan" of nominating Mr. Wedemeyer for congress.

This, evidently was before ex-Boss Judson had had that little difference with Messrs. Grosvenor and Spalding, and he could find no reasonable ground, so soon after making the deal to deliver Washtenaw's delegation to Spalding, for breaking it. But conditions change and that affords a sufficient excuse for some people to ignore their agreements.

AS has been stated in the press heretofore, Commissioner Grosvenor is in possession of documents showing the nature and specific character of the promises made by Judson and Wedemeyer. These promises are contained in letters covering a period of many weeks, and convey pledges of support to Spalding and of loyalty to his interests. None of the letters bear any very recent date, most of them having been written last winter and spring, and Judson does not attempt to deny their existence, but simply says the situation has changed since they were written.—Detroit Journal.

The fact that one of the parties to a contract claims that the conditions have changed since the contract was entered into and that it can therefore be broken with impunity introduces a new idea into the fulfillment of agreements. The numerous individuals in this county who have been promised the deputy wardenship at Jackson may expect to hear "that conditions have changed" should the ex-Boss ever secure the appointment as warden.

LAST week THE REGISTER spoke of the advisability of the Republican County Committee electing a chairman and Secretary from among those who have not taken any active part with either faction now existing in the party. The men whom it is announced the ex-Boss Judson people will push for these places are men wholly subservient to Bossism. Their election to the positions mentioned would certainly make bad matters worse. If the county committee cares a whit for the best interests of the party in the future it will refuse to wear the Judson collar at least long enough to elect a chairman and secretary who can call their souls their own, men who can work with all elements of the party. We believe that if the committee refuses to take this common sense view of the matter and proceed to elect Judsonites, they will seriously regret it when the ballots are counted this fall.

CAN THERE BE HARMONY.

It is clearly evident, to any one at all versed in political affairs, that unless something is done to place a Republican ticket in the field this fall upon which the different elements in the party can unite, all hope of electing a single candidate this fall, or for years to come for that matter, might just as well be abandoned. If we can have a convention composed of delegates elected at Republican caucuses, men who are free to act for themselves, men who place party interests above personal or selfish greed, and where a secret ballot can be had, it can and no doubt will nominate a ticket that can be elected. Unless such a ticket is put up, we believe that those who are nominated no difference which faction controls the convention, will be merely subjects for slaughter. Realizing that such a condition of things exists, THE REGISTER which has decided preference as to certain candidates, is willing to step aside and not make a single move toward securing the nomination of those whom it would prefer to see nominated if the leaders of the opposition will do the same. If both factions will do this, success this fall is assured. There can be no question about this. THE REGISTER firmly believes that the opposition to Judsonism, represented by this paper, could control the next county convention should it set out to do so. For the sake of harmony, however, it is willing to bury its desire in regard to candidates, if the opposition will do likewise. We thus leave the matter entirely with the other faction to say whether or not this fight shall be carried into the convention, and beyond. If it is, the party will know just where to place the responsibility. What the party leaders should do, and what we shall bend our efforts to bring about, is to have the next county convention made up of delegates who will not be dictated to by any one man or clique of men and who have not been elected at caucuses packed by deputy sheriffs. Then we may expect a ticket which all Republicans can support. We believe that every fair-minded Republican in Washtenaw county will agree with us in this matter.

Ex-Boss JUDSON had himself interviewed in Detroit one day last week. He took advantage of the occasion to deny that he ever received or said he received a telegram from Pingree urging the Washtenaw delegation to stick to Wedemeyer. This is just what we expected after the report that Pingree had denied having sent such a dispatch.

BEAKES—DEMOCRAT—CONGRESS.

That is the way the Free Press Sizes Up the Democratic Situation in the Second District—It Launches Beakes for Congress.

A recent issue of the Free Press takes a peep into the second Michigan congressional district and then presents the name of S. W. Beakes for congress. Says pleasant things about him, and, must, of necessity, pretend that of course, if nominated, he would be elected. Here is the Free Press article in full:

The congressional fight in the Second district was not over with the nomination of H. C. Smith, of Adrian, to succeed Hon. George Spalding. Now the Democrats think they can beat Smith and are nosing around for a candidate that has the necessary qualifications to defeat the Lenawee man.

In Washtenaw they think they have found him in Hon. S. W. Beakes, editor, ex-postmaster, ex-mayor and good fellow. Chairman M. J. Cavanaugh, of the Washtenaw county committee, thinks Beakes is just the man to win out from Smith. Beakes' previous political success has been pointed out. Twice he ran for mayor of Ann Arbor and twice was elected by heavy majorities. As editor of the Argus, one of the oldest Democratic papers in the state, he has fought many a hard fight for the party. President Cleveland made him postmaster and he has just been succeeded in that position. Even Ann Arbor Republicans admit that he made more improvements while in office than any predecessor.

Mr. Beakes and his paper have stood by the Democratic party through thick and thin, and Second district Democrats pointing towards him as the Moses that may deliver them from Smith and into the promised land, o which they lost sight when Thomas E. Barkworth began rousing for congress.

There are several candidates in Lenawee county, notably L. Salsbury and Editor Stearns, of the Adrian Press. Mr. Salsbury has three times been nominated. Once he was beaten by Capt. E. P. Allen and twice he declined the nomination. Stearns, too, once ran and was defeated. The fact that Beakes was once a Lenawee man, having for several years been a citizen of Adrian, is pointed out as a factor in his favor.

The hard fight of last week, in which Spalding, Townsend, Wedemeyer and Bishop were defeated, and some bad blood made, is leading the Democrats to the belief that they have more than a fighting chance, and they have rolled up their sleeves. Some murmuring are heard against Candidate Smith, and in general there is the prospect of heavy fighting in the political morasses of Lenawee, Washtenaw, Jackson, Monroe and Wayne counties this fall.

MILAN.

Died, at the home of her brother Dr. J. C. Hafford, at Albion, July 26, Mrs. Hattie L. Mead, of brain trouble. Deceased leaves a husband, daughter and a son and a large circle of friends who will mourn their loss. Funeral services were held at the home Wednesday at 2 p. m., Rev. J. T. Sunderland of Ann Arbor, officiating.

Dr. Luxton has every reason to feel proud of his son for his bravery in being one of the eighteen soldiers who volunteered to go on and draw the Spanish fire at Santiago. Will Luxton has proven his bravery beyond a doubt. Milan is proud of the boys.

Mr. H. C. Markham, of Ann Arbor, spent Monday and Tuesday with Attorney and Mrs. G. R. Williams.

Prof. C. M. Fuller spent Tuesday in Salem.

Mr. and Mrs. Homer Hill have returned from their tour of the lakes.

Ransom Rouse and daughters of Saline, are the guests of Mr. and Mrs. J. C. Rouse.

Mary Belle Hill and Charlie had a very interesting party Thursday afternoon for their little friends.

Rev. Wm. Galpin, rector of the Episcopal church at Elkhart, Ind., with his family will spend a few days at the home of his father, Mr. Freeman Galpin.

ADDITIONAL LOCALS.

Coroner Ball held an inquest Tuesday afternoon upon the death of Mrs. Steffe.

Cone Sperry, of Pittsfield, reports that two acres of a new kind of wheat he raised yielded just 99 bushels.

The city of Ypsilanti has paid the judgement in the Miss Virgie Cuskie case. The judgement and costs amounted to \$1675.

Allmendinger and Schneider are erecting a large store house just south of the Central Mills. It will be 40x60 and two stories high.

Don Stark, the armless hero of Santiago, arrived home Wednesday morning and was given a rousing reception by his many friends.

Arthur Crawford attended a conclave of the G. U. O. O. F. at Windsor, Canada, on Emancipation Day. Mr. Crawford went as a delegate from the local lodge. Nearly forty others from here attended the meeting.

There must be some ill omen about the corner on Beakes street where the fatal accident to Mrs. Steffe occurred last Friday. Tuesday a milk wagon and a beer wagon had a runaway collision at almost exactly the same spot.

Not being able from lack of time to call on friends as full as they had hoped before taking their final departure from the city, Rev. and Mrs. Sunderland will be at home in the church parlors on Wednesday evening, Aug. 10, from 7:30 to 9 o'clock.

Monday, while Mrs. Vaughan who lives on Church street, was away from home, a quantity of goods were stolen from her house. They were found at the Ann Arbor depot. Soon after, a colored man from Cincinnati appeared and wanted to have the goods checked. He was arrested.

The funeral services of the late Mrs. Geo. A. Cook will occur at the home on 202 River street Ypsilanti at three p. m. tomorrow. Mr. Cook arrived from California with the remains Wednesday night. All the offices in the court house will be closed during Friday afternoon on account of the funeral.

An unusual number of crooks were on hand at the park on Monday endeavoring to work their skin games upon the colored people who had gathered to celebrate Emancipation Day. Nine of the gamblers were arrested. Some of the games were altogether too flimsy to deceive even the most unwary. Those arrested were fined \$6.75 each on Tuesday morning.

Mr. Eli Moore, of the Ann Arbor Agr. Co. informed THE REGISTER yesterday that his company had just shipped one of their large hay presses and hay tadders to Jamaica, West Indies, and also a large hay press to Melbourne, Australia. Mr. Moore says that the freight rate to European points is but little over one half what it is to Kansas City, Mo.

Hugh Johnson who runs the restaurant on Fourth ave., refused to participate in the Emancipation Day exercises because, as he claims, Gov. Pingree refused to make it a legal holiday. Johnson thinks the colored people, the Germans and the Irish should unite in a demand that each should have set apart some day as a legal holiday for a racial celebration.

"Railway Transportation in Japan" is the title of a graduating thesis just handed in by Rikotara Kodama who took his Doctor's degree last June. It consists of eighty pages of neatly printed matter and covers the entire field of railway development and progress in Japan, the great Yankee nation of the Orient. The work is a great credit to Mr. Kodama. The printing and binding was done at THE REGISTER office 216 E. Huron st.

Miss Alice K. Larned, formerly of this city and Rev. J. Finley Reynolds, M. D., L. L. D., of Decatur, Ill., now a member of Co. K. 5th. regiment Ill. vol., were united in marriage at Chickamauga Park, Sunday, July 31. Mrs. Reynolds graduated from the Ann Arbor high school in '90 and from Grace hospital training school in '96. She is a sister of M. D. Larned and Mrs. Henry Bliton of this city.

Mr. Karl Landphere, of Bangor, Mich., who had just completed a course in Shorthand and Typewriting at the School of Shorthand went to Detroit last Monday and at once secured a position with a large law firm at a good salary. Miss Sarah Come, of this city, formerly a clerk in the Postoffice, has also completed the work at the school and is now regularly employed as stenographer in Lawrence & Butterfield's law office. Students of this school are remarkably successful in securing good positions.

Gen. Miles' Forces Meet Little Resistance—News From Porto Rico.

Following the landing of the first American troops at Guanica and the surrender of the port of Ponce to the auxiliary cruiser Dixie, Gen. Henry's division of the forces under Gen. Miles moved from Guanica to Ponce, taking en route the cities of Yauco, Tallaboa, Sabana Grande and Penuelas. Attempts by the Spaniards to blow up bridges and otherwise destroy the railroad between Yauco and Ponce failed, only a few flat cars being burned. Our troops fired up the locomotives and are now operating the road from end to end, carrying men, supplies and messages. At Yauco the Americans were received by the alcalde who issued a proclamation welcoming them and dated it "Yauco, Porto Rico, United States of America." Maj. Webb Hayes, Sixth Ohio, son of former President Hayes, hauled up the flag on the palace amid cheers from the populace. The people seemed almost overjoyed that the Americans had arrived, but feared an uprising of natives in the interior, who would murder and pillage in revenge for the many years of Spanish misrule. To prevent this a guard will be left to protect the captured cities.

Gen. Miles reports from Ponce: "Volunteers are surrendering themselves with arms and ammunition. Four-fifths of the people are overjoyed at the arrival of the army. Two thousand from one place have volunteered to serve with us. They are bringing in transportation, beef cattle and other needed supplies. The custom house has already yielded \$14,000. As to the government and military occupation I have given instructions based upon those issued by the President in the case of the Philippine islands and similar to those issued at Santiago."

Gen. Wilson was appointed military governor of the city and province of Ponce pending Gen. Brooke's arrival.

Col. Hulings, with 10 companies of the Sixteenth Pennsylvania, has occupied Juan Diaz, about eight miles northeast of Ponce, on the road to San Juan. The American flag was raised and greeted with great enthusiasm by the populace. The American troops have also reached Coamo, about 16 miles northeast of Ponce, on the road to San Juan. Thus far they have met with no resistance. The first real resistance is expected when our troops reach Abonito, 35 miles northeast of Ponce. Abonito has a thousand feet elevation. The military road to San Juan is broad and well beaten and will offer no such difficulties to the passage of artillery and supply trains as did the arduous and almost unbroken trails of Cuba to the advance of Gen. Shafter.

Gen. Miles is in constant communication with all his forces and is keeping the artillery steadily in advance. The entire army is encamped along the military road to San Juan, but he does not say when he will put them in motion. He is acting throughout, however, with a promptness which indicates quick action all along the line as soon as the transports containing the remaining troops arrive. Outside of the typhoid fever on the transports and in Guanica, the general health of the army continues excellent, and there has been no trace of yellow fever thus far. Our army will not lack for fresh meat in the march across the island. The broad savannahs which lie between the undulating hills swarm with cattle, at reasonable prices and of excellent quality. Spanish volunteers continue to come in and give themselves up.

P. C. Hanna, U. S. consul at San Juan, who is with Gen. Miles, has received a dispatch from a Spanish official in the northern part of the island saying: "Resistance is impossible. The volunteers have refused to march, and we have no ammunition." Mr. Hanna declined to give the name of his informant, but it is known that he has excellent sources of information. He has all along insisted that the native Porto Ricans were eager for a change from Spanish to American rule and that the only danger in the island was from the Spanish regulars under the direct command of the captain-general. Mr. Hanna is busy assisting to adjust local conditions at Ponce to the new state of affairs. He is endeavoring to open U. S. postoffices in all the important centers of the occupied territory, and he has frequent interviews with merchants and bankers on the question of the money premium—an awkward question that is giving the American and local financiers much trouble. The merchants proposed to Mr. Hanna to agree to pay a premium of 100 on U. S. gold provided import duties on goods from the United States are removed. They also offered to buy everything from the United States.

At the Recruiting Office.

A Klondike Dream.

The following is the ambitious dream of a Dawson devotee who gives expression to his anticipations in the Ottawa Journal thus: My name is Alek Smarty. I am going to make up a party of men both hale and hearty, for the Klondike's golden strand. Every man must be self-feeder, but I will be the leader (I need hardly tell the reader) and the boss of all the band. I think the first maneuver in this great treasure-trove is to strike for old Vancouver, thence to Teslin on the plain; there we'll board our little galley and we'll sail continually till we reach the Yukon valley, where the robins nest again. Then my men will go prospecting, and, a proper place selecting, they will finish soon erecting our modest little shack; then in gold before our hotly we will "water" and we'll grovel, and we'll dig it with a shovel and we'll put it in a sack. Then I'll pay each man in reason for his labor of the season, and before it starts to freeze in on the Yukon's rocky shore. When the wintry blizzard hollers, I will pack my shirt and collars, and with fifty thousand dollars, I will strike for home once more. Then to London and to Paris all my dough I'll gladly carry, and a princess I will marry—one most beautiful to view—everywhere I'll have an entree; I will patronize the gentry; I will buy the blooming kentry and no nee will it be, too!

Ann Arbor, Mich., Aug. 1st, 1898. To the Honorable City Council:

We the undersigned citizens of Ann Arbor and business men on Main st. do hereby respectfully petition your honorable body to dispense with hitching posts of any description on Main st. so far as the contemplated paving district extends. By so doing the street will be more sightly and much cleaner and healthful. Truly,

J. E. Beal, Wilcox & White, J. J. Goodyear, Wm. C. Gerstner, W. J. Booth, Jas. Kostaus, Goodspeed & Son, J. T. Jacobs, Chas. S. Millen, E. F. Mills & Co., Davis & Seabolt, Christian Mack, George Wahr, C. Eberbach, F. C. Miller, J. A. Polhemus, F. Stoffel, M. J. White.

Ald. Coad moved that the Council order uniform hitching posts on Main st. along the Paving Districts and that the subject be referred to the Board of Public Works and City Engineer with power to act.

Ald. Coon moved that the petitions be laid on the table.

Adopted as follows: Yeas—Ald. Hamilton, Spathef, Weeks, Coon, Howell, Cady, Stevens—7. Nays—None.

Yeas—Ald. Richards, Koch, Dieterle, Exinger, Vandawarker, Pres. Luick—6. Nays—None.

MOTHERHOOD.

Mrs. Pinkham Declares No Woman Need Despair.

There are many curable causes for sterility in women. One of the most common is general debility, accompanied by a peculiar condition of the blood.

Write freely and fully to Mrs. Pinkham. Her address is Lynn, Mass. She will tell you, free of charge, the cause of your trouble and what course to take. Believe me, under right conditions, you have a fair chance to become the joyful mother of children. Mrs. Lucy Lytle, 255 Henderson St., Jersey City, N. J., certainly thinks so. She says: "I am more than proud of Lydia E. Pinkham's Vegetable Compound, and cannot find words to express the good it has done me. I was troubled very badly with the leucorrhoea and severe womb pains. From the time I was married, in 1882, until last year, I was under the doctor's care. We had no children. I have had nearly every doctor in Jersey City, and have been to Belvidere Hospital, but all to no avail. I saw Mrs. Pinkham's advertisement in the paper, and have used five bottles of her medicine. It has done more for me than all the doctors I ever had. It has stopped my pains, and I have brought me a fine little girl. I heartily recommend Mrs. Pinkham's medicine to all women suffering from sterility."

CEMETERY.

Your Committee on Cemeteries would recommend that 300 feet of 1 inch iron pipe be ordered laid in the Fifth Ward Cemetery also two summer hydrants, and further that the sexton be directed to trim the trees in the cemetery. Respectfully submitted, Geo. W. Weeks, Geo. W. Sweet, A. B. Stevens, Committee on Cemeteries.

Adopted as follows: Yeas—Ald. Hamilton, Richards, Koch, Dieterle, Exinger, Vandawarker, Spathef, Weeks, Coon, Howell, Cady, Stevens, Pres. Luick—13. Nays—None.

To the Common Council.

Your Committee on Cemeteries would recommend that as payment for the piece of property northwest of the Fifth Ward Cemetery that one lot be deeded to Miss Botsey Mason and that two and one half lots be cared for by the sexton of said cemetery.

Respectfully submitted, Geo. W. Weeks, Geo. W. Sweet, A. B. Stevens, Committee on Cemeteries.

Adopted as follows: Yeas—Ald. Hamilton, Richards, Koch, Dieterle, Exinger, Vandawarker, Spathef, Weeks, Coon, Howell, Cady, Stevens, Pres. Luick—13. Nays—None.

REPORTS OF CITY OFFICERS.

To the Common Council of the City of Ann Arbor: Gentlemen: I have been requested to state in writing my opinion relative to the power of the Common Council to provide for sprinkling the streets in the city by local assessment upon adjacent property.

The only section of the charter under which such a power could be claimed, is Section 130. This gives the Common Council power to assess taxes to pay the expense of making, grading, paving, opening, widening and repairing streets, or for constructing drains, sewers and other local improvements, upon the premises benefited by such local improvement.

In my opinion this section would not authorize the levy of a local assessment to pay for sprinkling streets.

If Section 130 should be so amended by the legislature as to include after the word improvement, the words "and for sprinkling streets," and also after the word improvement, the words "or sprinkling," I believe the authority of the Council would be complete.

To the Hon. Common Council of the City of Ann Arbor:

Owing to the duties of the office in connection with the collection of taxes, and the fact that this meeting of the Common Council follows so closely upon the finish of last month's business, there was not ample time for the preparation of my monthly report. The report will be presented at the next meeting of the Common Council.

Respectfully, E. L. SEYLER, Treasurer. Received and ordered filed.

RESOLUTIONS.

Resolved, that the name of the Fifth Ward Cemetery be changed to Fair View Cemetery. Adopted.

By Ald. Stevens. Resolved, that the City Clerk notify all contractors building tar sidewalks within the limits of the City of Ann Arbor to comply with the specifications for constructing sidewalks as laid down in Section 7, which reads as follows: "All sidewalks shall be built so as to slope towards the curb at the rate of one inch in every four feet."

Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mrs. H. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 23 years, I was a constant sufferer from dyspepsia and a weak stomach. The light food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Liver Pills and Nerve. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects any old symptoms."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

Come In Our Store and Ask Questions.

It is the only way you will ever learn what a bargain center it is. Handling as we do, Furniture, Carpets, Draperies, China, Crockery, Glassware, Silverware, Cooking Utensils, and in fact all articles used in furnishing a home complete, and selling these goods under one roof, under one management, makes our expenses but little more than though we carried one line of goods. We take off the selling price of our goods and still make a consistent profit.

THAT'S WHY
quality being equal our prices are always a little lower than other people's.

YPSILANTIAN.
The Presbyterian C. E. society gave a hay-rack ride to Miss Georgia Covert's home Tuesday evening.

Ypsilanti has made her first sacrifice of the war, and the blow is the more severe because so entirely unexpected. Wednesday morning Corporal Guy Tuttle of Co. G. died of enteric fever at Chickamauga after a brief illness.

CHELSEA HERALD.
E. H. Scott and family and A. J. Sawyer and family, of Ann Arbor, are at Cavanaugh lake for the summer.

The Chelsea Cornet Band and Rifles are practicing nightly, in order to be in good trim for Manchester's great German day.

A small blaze broke out in a closet in M. L. Burkholder's new house, last Saturday, but the damage was trifling. It was caused by spontaneous combustion.

CHELSEA STANDARD.
Died, Sunday, July 21, 1898, infant son of Mr. and Mrs. J. S. Hoefler.

L. T. Freeman has purchased Geo. Blalch's interest in the store building occupied by "Freeman's Leading Grocery."

The school board met Tuesday and elected the following officers: Moderator, H. S. Holmes; director, William Bacon; assessor, Geo. A. BeGole.

While the village is waiting for the dirt that has been scraped into the water works trenches to settle, it may also be called on to settle. The streets are in horrible shape—not much worse than are the streets of Ann Arbor all the time, we will admit—but they are bad for Chelsea streets.

SALINE OBSERVER.
Born to Mr. and Mrs. Webb DePuy, Sunday, a daughter.

Mr. and Mrs. George Fowler of London, Ont., Miss Elva Colter of St. Thomas, Ont., and Miss Sadie Stearns of Deerfield, are guests of Mr. and Mrs. Fairbank.

The Lake Shore people having decided to make use of their land west of the depot, have ordered the elevator moved, and Mr. Leisemer is placing it on his vacant lot West of the house.

A little kid stepped into the postoffice Wednesday and said to postmaster, Burkhardt, "I want one of them infernal revenue stamps." The boy was honest in his remark, and not so very far out of line either.

DEXTER LEADER.
A heifer belonging to John Dancer was struck and killed by lightning during the storm Monday.

Farmers who have threshed report wheat turning out splendidly, all the way from twenty to thirty-two bushels per acre.

The cottages at Base Lake are all full and applications for them from all parts of the State are being turned down daily.

Arrangements are being made to hold a Union Sunday School picnic and rally at North Lake, on Wednesday, Aug. 10. Chelsea, Sylvan, North Lake, Dexter, Pinckney, Lima, Unadilla, Gregory, Stockbridge and Plainfield will participate.

MANCHESTER ENTERPRISE.
Will Holmes' team just ran away. His little boy was on the wagon and is badly if not dangerously injured.

Wm. Rehffuss, of Ann Arbor, was in town yesterday and bought a carload of cattle, which he took back with him.

Visitors to this village say that we have the best sidewalks of any village they have visited. Cement walks are the proper thing.

One of our readers claims to own a rooster that has hatched out a lot of chickens. The old hen was too busy to set and the rooster took the job, with above result.

Wm. Rushton put in 15 acres of wheat on shares on the Stevens farm, west of town. They threshed it out last Saturday and received 612 bushels, which was an average of nearly 41 bushels to the acre.

We regret to learn that Wm. Ampoker fell from a car while loading stock at the stock yards, this afternoon. In falling he struck against the chute and two ribs were broken, but it is not known whether he was injured internally or not.

The Wiser Way.
"How fresh and rosy you look, Nora," exclaimed Isabel, who had just returned from the beach, and was greeting her friend.

"Yes, Dear," replied Nora, "I am feeling splendidly, and mamma says I have an alarming appetite."

"Where in the world have you been since I saw you?"

"I have remained at home," replied Nora, "and have worked hard every day. But I have been taking that wonderful medicine, Hood's Sarsaparilla, and it has done me, oh, so much good. You see I always like to feel well when I go away, and I leave for the mountains next week."

STICK SEA CHARTS.

Explanation of the Wonderful Navigating Feats of Natives of the Marshall Islands.

The German protectorate of the Marshall islands, which lie just east of the Carolines in the equatorial Pacific, contains the most daring sailors known. They are constantly performing feats in navigation that European sailors feared to venture on long after they had the compass, which instrument by the way, the Marshall islands reject as useless. The archipelago lies in two widely separated groups, the Raddack and the Ralik chains, and in each chain the islands lie for the most part at extensive intervals. Yet the native pilots conduct voyages all over their own archipelago and to the Carolines in one direction and the Gilberts in another. For this voyaging they rely upon charts of their own construction, the knowledge having been handed down from remote antiquity. These charts are generally about a yard square and are constructed of slender sticks tied together. At some intersections of the sticks are fastened small shells, which stand for the different islands. The pilot posts himself in the bow of the vessel with his chart before him. He begins by establishing the particular shell corresponding to the island from which he is just sailing. He sets the course as indicated by one of the sticks radiating from that shell in the proper direction. Thereafter he watches the course in the sea with very slight use of the heavenly bodies and the determination of direction. They make no secret of their art. They are often at great pains to teach it to white men, and wonder that no one has yet been found capable of grasping it. Their explanation is that each stick on the chart shows the course of a stream in the sea, and that by following the streams they can find their way to their destination. They claim to see these streams with their intersections just as shown by the sticks. Whatever may be the explanation, it is certain that they navigate hundreds of miles of empty ocean with neither compass nor chronometer nor other instrument save a chart of sticks. If by any accident they go astray they make no attempt to continue the voyage, but run at once down to leeward until they make a familiar landfall, often as far to the west as the Carolines.

A NOTE OF WARNING.

Never Mistake It—It Means "Beware of Danger" and "Act Now."

If the brave men of the Maine could have heard some warning sound of the presence of the awful agency of destruction in time to avoid the danger now quickly they would have acted to prevent the fearful calamity. The wise always heed a warning. What is a cough? It is Nature's danger signal. It shows there is trouble either in the lungs, or the stomach, or the air passages. It tells of irritation or inflammation, which prevents the true and best work of the part where it is. Nature has provided the cough, like an alarm bell, to prevent people from going to sleep on the brink of danger. The wise heed this danger signal and use Dr. King's New Discovery to drive out the irritation or the inflammation wherever located, and this stops the cough. The foolish people say "Oh it's only a cough; it don't matter," and do nothing to stop it, until the delicate membranes of the lungs are attacked and the dreaded consumption has another victim. Of the 100,000 consumptives who die yearly in this country a large majority come from the ranks of the careless, who will not heed Nature's note of warning—the cough. On the first appearance of a cough or a cold use Dr. King's New Discovery, the world's greatest remedy for all throat, chest and lung troubles. It stops the most severe colds or obstinate coughs, especially the "grip" cough, most difficult of all to control, which so often leads to consumption. It cures consumption in its early stages, and has cured people of this disease who had been given up by doctors to die. Lewis C. Merrill is a physician of Middlebourne, W. Va., who, in curing others, neglected himself. Until a hard cold ran into consumption, and other doctors told him he could not live. For a long time he suffered greatly. Then he was induced to try Dr. King's New Discovery, and after taking four bottles he was absolutely cured. All dealers will give free trial bottles to sufferers and refund purchase money if no benefit be received. Regular prices 50c and \$1.00.

Brain Weight.

Weightings made of the brains of negroes have given between 44 ounces and 45 ounces, a weight that corresponds with European women; while in the negroes the mean weight is less than in the female sex in Europeans. From the weightings which have been published of the brains of the orang and chimpanzee it would seem that the brain weight in these apes ranges from 11 ounces to 15 ounces, and the brain weight appears to be much about the same in the gorilla. These figures are greatly below those of the human brain even in so degraded a people as the dwarf bush race of South Africa. They closely approximate in weight of newly born male infants, in whom the average weight is 11.6 ounces.

POUNCED ON PORT OF PONCE.

Dixie Boys from Maryland Take It—Miles' Forces Advancing.

Port of Ponce, Porto Rico, via the Island of St. Thomas, Danish West Indies: The port of Ponce surrendered to Commander C. H. Davis, of the auxiliary gunboat Dixie. There was no resistance and the Americans were welcomed with enthusiasm. Maj.-Gen. Miles arrived with Gen. Ernst's brigade and Gen. Wilson's division on board transports. (This is the expedition which sailed from Charleston, S. C.) Gen. Ernst's brigade immediately started for the town of Ponce, three miles inland from the port, and which capitulated. The Dixie was largely manned by the Maryland naval reserves. The American troops are pushing towards the mountains and will join Gen. Henry with his brigade at Yauco, which has been captured by our troops. A fight before the latter place was won by the American volunteers. The Spaniards ambushed eight companies of the Sixth Massachusetts and Sixth Illinois regiments, but the enemy was repulsed and driven back a mile to a ridge, where the Spanish cavalry charged and was routed by our infantry. Gen. Garretson led the fight with the men from Illinois and Massachusetts, and the enemy retreated to Yauco leaving four dead on the field, and several wounded. None of our men were killed and only four slightly wounded.

The Porto Ricans are glad the American troops have landed and say they are all Americans and will join our army. The roads are good for military purposes. Our troops are healthy and Gen. Miles says the campaign will be short and vigorous.

Men, women and children who are troubled with sores, humors, pimples, etc., may find permanent relief in Hood's Sarsaparilla.

The Boy's View.

"Mother," said the boy, "I hope you will not consider all your teachings in vain through what I am about to say." "What is it, my son?" asked the queen regent. "I can't help thinking that a little less credit honor and a few more victories would be a crack-a-jack thing for my kingdom."—Philadelphia North American.

Shafter's Men to Be Brought North.

Secretary Alger is deeply concerned over the welfare of the gallant troops under Gen. Shafter's command now encamped on the outskirts of Santiago. The health reports show a surprisingly large number of cases of sickness, and army surgeons say that these figures are misleading in a certain sense, and that the situation may not be nearly so bad as they would seem to indicate. The inference is that many of these cases in Gen. Shafter's camp are of a trivial nature, but go to swell its grand total of sick and wounded. Notwithstanding this mitigating fact, Secretary Alger is going to remove the soldiers at the very earliest opportunity to a more healthful climate.

The surgeon-general, under direction of Secretary Alger, has secured a tract of land adjoining Montauk Point, L. I., three miles square, containing an abundance of fresh water, a considerable lake, a hill 150 feet high, and many other sanitary advantages, including salt water bathing. The necessary orders to equip this as a camp ground have been made and every advantage will be taken of the experience gained in the formation of the great camps at Chickamauga and Camp Alger to make the conditions as comfortable as possible for the battle-scarred men of Shafter's army, who will leave Santiago as soon as conditions there and at the new camp will permit. Meanwhile, details are being made of troops to supply the force that shall garrison Santiago so long as it shall be found necessary to continue troops there. This force will be made up almost altogether of immunes.

GETTING READY

Every expectant mother has a trying ordeal to face. If she does not

get ready for it, there is no telling what may happen. Child-birth is full of uncertainties if Nature is not given proper assistance.

Mother's Friend

is the best help you can use at this time. It is a liniment and when regularly applied several months before baby comes, it makes the advent easy and nearly painless. It relieves and prevents "morning sickness," relaxes the overstrained muscles, relieves the distended feeling, shortens labor, makes recovery rapid and certain without any dangerous after-effects. Mother's Friend is good for only one purpose, viz.: to relieve motherhood of danger and pain.

One dollar per bottle at all drug stores, or sent by express on receipt of price. Free Books, containing valuable information for women, will be sent to any address upon application to THE BRADFIELD REGULATOR CO., Atlanta, Ga.

IN OUR GREAT STATE.

THE HAPPENINGS IN MICHIGAN BRIEFLY RELATED.

A Large Number of Michigan Soldiers Brought to Northern Hospitals—35th Michigan Regiment Mustered—Republican State Convention.

Many Sick and Wounded Michigan Boys More Michigan wounded and sick soldiers are arriving from Santiago. The transport Concho reached Hampton Roads with the following, who were afterward taken to New York: Capt. J. Q. Anderson, Saginaw, E. S., Co. E, 33d Michigan regiment; Lieut. W. M. Case, Co. G, 33d Michigan; Lieut. Jas. H. Pound, Benton Harbor, Co. I, 33d Michigan; Q. M. Sergeant, Chas. S. Morris, Muskegon, Co. L, 33d Michigan; also, the following privates of the 33d Michigan: W. B. Foster, Flint, Co. A; Fred Wright, Flint, Co. A; John Currie, Marine City, Co. F; Julius W. Hutchins, Duffield, Co. C; Chas. E. Petrie, Twin Lake, Co. L; John Karpus, Bay City, Co. C; Wm. E. Loranger, Williamston, Co. A; Ed Turner, Davis, Co. E; M. A. Smith, Holland, Co. L; Stephen Smith, Port Huron, Co. F; Ed G. Evans, Flint, Co. A; Fred Hand, Benton Harbor, Co. I; A. G. Murphy, Benton Harbor, Co. I; James Hudson, Cheboygan, Co. H; G. R. Hill, Port Huron, Co. F; Daniel Dewey, Saginaw, E. S., Co. E; T. Finley, Saginaw, Co. E; D. McGowan, hospital corps. Of the 34th Michigan regiment the following were on board: Lieut. J. A. Leese, Marquette, Co. L; Sergt. Glen L. Angerine, Owosso, Co. G; Wm. A. Anderson, Houghton, Co. F; F. M. Emmett, Allegan, Co. K; Herman Yahnke, Ionia, Co. I.

During the trip from Santiago five deaths occurred on the Concho, among them was Fred Deener, Alpena, Co. B, 33d Michigan. Who died of blood poisoning resulting from vaccination after recovering from malarial fever. His body was buried at sea. The Concho was crowded with sick soldiers, but was sadly deficient of physicians, nurses, medical supplies, suitable food and fresh water. As a consequence the sufferings of the poor fellows were very severe. Only two of those on board were badly wounded, the others suffering chiefly from malarial fever.

League of American Municipalities.

Many important conventions have been held in Detroit, but it is doubtful if there was ever one of greater importance than that which assembled under the title of the League of American Municipalities. The delegates were full of enthusiastic interest in anything brought forward for the betterment of life and government of cities. Mayor Maybury gave these busy men a warm welcome to the City of the Straits and Gov. Pingree, who was strongly identified with the organization of the League, welcomed them in behalf of both city and state. At the sessions of the convention proper a large number of papers on municipal reforms of various kinds were read and discussed with much force. On the side there were entertainments of various kinds provided by the city authorities of Detroit and by business men. This included an exhibition by Detroit's splendid fire department and fire boat; visits to the city's water works and lighting plants; a grand band concert on Belle Isle, the island being illuminated with many thousand lights; boat rides on the river, and trolley rides about the city.

\$250,000 Conflagration at Escanaba.

One of the worst conflagrations ever known at Escanaba broke out in Patrick Fogarty's hay barn, located in the center of the city. It soon spread to the store and residence and Mr. Fogarty barely escaped with his life. The whole block, consisting of Western Express Co.'s office, Bert Ellsworth's drug store, I. Kratz's double clothing store, Melvin Young's tea store, Wm. Eifer's cigar store and furniture, Hamm's and D. A. Oliver's furniture store room building. It then leaped across the street and completely ruined Mrs. L. D. McKenna's double store. Every glass in the Masonic block was broken with the intense heat; St. Joseph's Catholic church, worth \$50,000, caught fire two or three times and it looked for a while as if the whole western part of the city would be ruined. The loss is estimated at about \$250,000.

Republican State Convention.

The meeting of the Michigan Republican state central committee at Detroit was brief and uneventful, the principal discussion being on the question of an early or late convention to nominate candidates for governor and other state offices. The "late" men won out and Sept. 21 was chosen as the date. Detroit had no opponent and was selected as the convention city without a struggle. Grant Fellows, of Hudson, was honored by being named for temporary chairman.

Mrs. Julia Jenour was fatally burned by a gasoline stove explosion at New Baltimore.

Co. F, 33d Michigan, has started the first American paper published on Cuban soil. It is called the "Co. F. Enterprise."

Yellow fever has added the following Michigan boys to its list of victims at Siboney: Private J. A. Martin, of Cheboygan, Co. H, 33d Michigan; Private Wm. H. Dallard, of Bay City, Co. C, 33d Michigan; and Private Charles Clemens, of Ironwood, Co. H, 34th Michigan.

Troops En Route to Porto Rico.

The Third brigade, First division, First army corps, comprising the First and Third Kentucky and Fifth Illinois regiments under Brig.-Gen. Fred D. Grant was ordered to Newport News and had marched five miles from Camp Thomas to Rossville and was boarding their trains when orders came recalling the Fifth Illinois and substituting the 160th Indiana. With this change, Gen. Grant's brigade got away at last, but there were sore hearts left behind. A sorrier and more disgusted lot of soldiers was never seen than the men of the Fifth Illinois, who have been assigned to the First brigade, Second division, First corps, with the 31st Michigan and First Georgia, taking the place of the 160th Indiana.

The first expedition to sail from Newport News carried Maj.-Gen. Brooke and staff, commanding the First corps, who boarded the auxiliary cruiser St. Louis, with the Third Illinois. The remainder of the expedition was made up as follows: Auxiliary cruiser St. Paul, Bag.-Gen. Haines and staff and the Fourth Ohio; transport Massachusetts, ambulance, signal corps, headquarters corps, Troops A and C, New York cavalry, and the city troop of Philadelphia, including 805 men, 33 officers, 454 horses, 426 mules, besides the wagons; transport Roumanian, four batteries of light artillery, A of Missouri, A of Illinois, B of Pennsylvania, and the 27th Indiana battery, 19 officers, 700 men, 319 horses and 72 mules; transport City of Washington, a detachment of the Fourth Pennsylvania, 23 officers and 612 men; transport Seneca, a detachment of the Fourth Pennsylvania, 24 officers and 611 men.

The First regiment of U. S. volunteer engineers, now rendezvoused at Peekskill, N. Y., has been ordered to report to Gen. Miles for duty in Porto Rico.

Big Price for a Broken Heart.

Not long since a Danville, Ill., jury ordered the male defendant in a breach of promise case to pay the decidedly competent sum of \$54,333.33 to the afflicted fair one. This was thought to be the largest amount ever awarded by a jury in a similar action. Though it is a pretty high estimate of blighted affection, there is another estimate which if not in dollars and cents exactly, yet in general consideration of excellence reaches as high an altitude. That is the estimate of the people in their general verdict is to the efficacy of Hostetter's Stomach Bitters as a remedy for constipation. The action of this gentle, but effective, laxative is never accompanied by the griping and other abdominal disturbance which precedes or accompanies the operation of a griping cathartic. Moreover, it is an incomparable remedy for and preventive of malarial, rheumatic and kidney complaints, a never failing means of invigorating the stomach and nervous system, and a promoter of appetite and sleep. Persistence in its use is strongly advisable.

Hudimentary Training.

"What is the first thing to do in order to equip myself for service in our navy?" inquired the Spanish youth. "Well," replied a member of the cabinet, "for a starter I should advise you to take swimming lessons."—Washington Star.

If the Baby is Cutting Teeth,

Be sure and use that old and well tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

"It takes a great deal of alertness to be a successful man nowadays," said the young military man.

"Yes," replied Miss Cayonno, "and it isn't confined to actual battles. I should imagine it requires some watchfulness to see that somebody else doesn't get credit for your victories."—Washington Star.

Grosvenor, of Monroe, who cannot understand Washtenaw county politics, should remember that since the injection of the Rough Rider element into our political matters and manners, Washtenaw politicians originate, not imitate.—Times.

No doubt about that. The plan they adopted of putting Washtenaw county into a very deep hole was certainly "original." Never heard of the like before.

Editor Selby A. Moran of the Ann Arbor Register, himself an able, aggressive and convincing political writer pays us the following compliment: "The Adrian Times is the stiffest Republican newspaper in the Second congressional district" In return we may add that Editor Moran is a good deal of a power, locally, in the Republican party. He is a worker as well as a writer, and these qualities, coupled with his personal popularity make him a potent factor in Washtenaw politics.—Adrian Times.

Editor Lisemer declines the crown. He refuses to run for congress from this or any other district. This is the first instance on record where an Ann Arbor editor refused anything.—Ann Arbor Courier.

Oh, no, it isn't, neighbor.—No it isn't. Editor Moran refused to wear Judson's collar. Editor Beakes to make the Argus a gold-bug paper. Charley Ward refused to fight the Spaniards, and if we mistake not the Courier man refused to pay a certain sewer tax because of some irregularity. And as for Helber, why it is an open fact that he refused to support Spalding, aber er schlacht ihm auf den kopf, or words to that effect.—Adrian Press.

Some weeks ago the manufacturers of Ivory soap offered to give an organ, one especially designed for primary class rooms in Sunday schools, to the school which would send them three thousand wrappers from Ivory soap. Miss Rose Wood-Allen, who has charge of the primary department of the Sunday school at the Church of Christ saw an opportunity to get just what she had long wanted and went to work with a vim to sell enough Ivory soap to secure the organ. It required but a few weeks to accomplish her purpose. Last Friday the organ came, greatly to the delight of the little folks in Miss Wood-Allen's department. The instrument is an excellent one well suited to the purpose for which it was designed.
