Grant, one of the Judges of the Supreme Court of Mich., a former resident of

this city, and a firm friend of the Univ-

sorely needed for the valuable art col-

Grant believed that if the citizens of

LIKE ALL DEMOCRATS.

The Ann Arbor Register, than which no force has been more potent is stirring up the revolt against the Judson clique, has evidently had an ear to the ground with good purpose. It now tells the republicans that unless a re-publican ticket is nominated this fall upon which all the republicans in the county can unite-or, in other words, if the fight is continued—not a candi-date will be elected. The Register very magnanimously offers to take the initiative and not make a move toward securing the nomination of its candidates if the Judson faction will pledge itself to do the same, thus leaving the ticket to be nominated by men who are not dictated to. This mighty big concession is made in the interests of har-mony. But it won't have to be made.

Mr. Lighthall has not been pleased with the attitude of certain of his party papers towards the Judson wing of the Republican party. He could not approve of the help these \$2.00 and \$1.00 Men's Fancy Percale papers have given to the Judson gang and he made no bones about saying so in very unmistakable terms. Mr. Lighthall's idea is that Democratic papers should be looking after the booming of their own men rather than defending Judson and helping him to maintain his hold on the county. Mr. Lighthall was very warm on the subject and fired shot that went straight to the mark. As a result certain Democratic editors feel sore. They are not saying a word, but are doing a deal of thinking which would cause it to go rather hard with Mr. Lighthall should he capture the Democratic nomination. It may cause him to lose the nomination. Mr. Lighthall should not forget that Mr. Judson is deserving of not a little consideration from the Democratic papers for the valuable assistance he has from time to time rendered Democratic candidates. Surely Mr. Lighthall has not shown himself, by his attack, the shrewd politician that people have generally supposed him to be

MANY SUFFERER

What a Large Number of People are Enduring. A Distressing Condition in Which Many American People are Involved-The Only Way to Alleviate it.

From the Mountaineer, Walhalla, N. Dakota.

The remorse of a guilty stomach is what a very large majority of the people of this nation are suffering with to-day. It is a well known fact that dyspepsia is a characteristic American disease and it is frequently stated that "we are a nation of dyspeptics."

It is a distressing ailment and because of its many forms is difficult to treat. Sometimes it is the result of improper modes of eating, improper food or mental worry and exhaustion; then again it may be sort of a depressed condition of the body and treatment should be directed to the restoration of the health, without special attention to the stomach. In other instances, the disease is evidently the result of inflammation of the stomach. Anyone of these conditions produce a lack of vitality in the system, by causing the blood to lose its life-sustaining elements. The blood to lose its life-sustaining elements. The blood to list proper condition, dyspepsia will vanish and perfect health follow.

For example, in the county of Pembina, North Bakota, a few miles from Walhalla, resides Mr. Ernest Snider; a man of sterling integrity, whose veracity cannot be doubted. He was formerly a resident of Lansdowne, Ont, but removed to the west and is now a prosperous farmer.

For three years he has been unable to do his work because he was ill with dyspepsia "I beem seriously ill about three years ago," he says, and consulted a doctor who gave me some medicine for indigestion. I continued to grow worse and several physicians were called at intervals who gave me memporary relief, but the disease returned with all its accustomed severity.

CALM AFTER STORM.

Washington Quickly Settles Down to Pursuits of Peace.

Washington: The White House, the war department and the navy depart ment have resumed their usual quie tude, a condition which has not prevailed since the Maine was blown up in Havana harbor, February 15. The busy, warlike attitude has entirely disappeared and Washington has settled down to a peace basis.

The President believes that the most serious problem which the peace commission will be called upon to deal with is the Philippines. Before the commission assembles it is hoped the affairs of Cuba and Porto Rico will be found in such process of adjustment as to leave little for the commission to consider under that head. The fact that the Philippines will present the difficult problem has caused the administration to give it a great deal of careful attention. Several suggestions have been made as to what shall be done. It is believed, however, that the administration and the commission will be greatly influenced by the reports which Admiral Dewey and Gen. Merritt will make on the embject. No more troops will be seat to Gen. Mer lieved at the war department that the 16,000 men now there are sufficient to garrison Manila and the ground which 147 15 garrison Manna and the garrison an

Russia is Crowding Great Britain Out of Northern China.

BRITISH BECOMING AROUSED.

Russia, France and Belgium Unite and Prevent Great Britain Securing Concessions of the Greatest Importance to British Chinese Interests.

Great Britain has received a severe et-back in China as a result of the combined diplomacy of Russia, France and Belgium, particularly the former. The contest centered on the granting of the concessions for constructing a railway from Pekin to Han-Kow, and it was universally conceded that the ascendancy in Chinese empire. For officials and pledged Great Britain's formal promise to support China if threatened by any foreign power on account of a concession granted to a British subject. However, M. Pavloff, the Russian charge d'affaires, continued to exert his influence against the Pekin-Han-Kow railroad. The concession represented the essence of Great Britain's future in China, and it was realized that if China yielded to Russian menaces, the prospects of the Shan Si (British) syndicate were imperiled. It was a foregone conclusion that M. Pavloff would demand a revocation by the Chinese government of the Shan Si contract. Private enterprise would avail nothing against the representations of Russia, and Great Britain would be barred from the commercial advantages which that agreement carries.

Late dispatches from Pekin say that an imperial edict has finally issued sanctioning the Belgian loan for the construction of the railway line from Pekin to Han Kow, despite the protests of Sir Claude MacDonald, the British minister. Baron DeVinck, the Belgian ninister, sent a dispatch to the Tsung-Li-Yamen, (Chinese foreign office) asserting that M. Pavloff, the Russian charge d'affaires, and M. Gerard, the French minister, had joined him in orging the Tsung-Li-Yamen to disregard the attempt of the British minister, to prevent the ratification of Pekin-Han Kow contract, and it is asserted confidently that despite the British endeavor to obtain a revision of the contract, an imperial decree will issue forthwith for its ratification.

The Tsung-Li-Yamen has also given formal assent to all the conditions imposed by the Russian charge d'affaires, M. Pavloff, regarding the contract for the Niu-Chwang (British) railway extension loan. These conditions are in direct conflict with the terms of the signed contract and are designed 719 53 ritt unless he asks for them. It is be- to block the completion of the final contract.

That understanting is impossible unless Russia remains mistress of of the north and England is insured her influence on the Yangtse river, In short, the lines of the section are beginning to be marked along which the disruption would occur whenever China falls to pieces. Clearly, neither France, Germany nor Japan could hold aloof from such an agreement." The article hints that France would support Russia in the event of war, and says, in conclusion: "France will be content with the southern provinces, bordering on Tonquin."

Madrid dispatches report that steps have been taken to courtmartial Gen. Toral for surrendering at Santiago.

The war department is arranging to continue supplying food to the Cuban insurgents and inhabitants for an indefinite period.

The insurgents in the western part of Cuba are winning numerous victories over the Spanish. The most important was that of 3,000 insurgents under Gen. Gomez, who crossed the strong trocha between Las Villas and Camaguey after defeating 4,000 Spaniards who guarded the trocha at that point. More than 300 Saniards were killed and the Cubans lost 130 men. At Tres Palmas a small body of Cubans under Gen. Diaz drove 600 Spanish

troops from the town and captured a supply of arms, ammunition and stores. The navy department has issued orders to discontinue enlistments.

Consumption is curable. One of the most eminent specialists in the world, Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute at Buffalo, N. Y., so pronounces it. He declares that thirty years ago he discovered a medicine that cures of per cent. of all cases of consumption. In his great medical work, 'The Common Sense Medical Adviser,' the names, addresses, experiences and photographs of innumerable consumptives who have recovered are given. This wonderful medicine is known as Dr. Pierce's Golden Medical Discovery. It is the greatest of all known blood-makers and flesh-builders. It gives edge to the appetite, makes digestion that build new and healthy tissue. It strengthens the musculir system, tones the nerves, pumps rich, red, healthy blood into every vital organ, and acting directly on the lungs drives out all impurities and disease germs. A syndicate of Boston capitalists has secured options of the Chicago, Kalamazoo & Saginaw and the Lowell & Hastings railroads, and it is the intention of the company to extend the Lowell & Hastings south from Freeport to Hastings to connect with the Chicago, Kalamazoo & Saginaw, and north from Lowell to Belding. This will give Belding an opening direct to Chicago by way of Kalamazoo.

The state military board has decided that the reorganization of the state militia for the present shall consist of one battalion of 436 men, so that in case of an emergency in Michigan there will be troops enough to protect property and quell riots. The board feels that the reorganization should not take place while absent members are away to war. They still belong to the state militia, their enlistment in the United States service simply acting as a leave of absence.

At a meeting of the Democratic state central committee and the Democratic candidates, held at Detroit, a plan of campaign was outlined, which principally consists of an attack upon Gov. Pingree's administration. At this meeting Chas. S. Hampton, of Petoskey, was elected secretary of the committee; Geo. Wm. Moore, of Detroit, treasurer, and H. G. Coburn, of Howard City, assistant secretary. It was decided to start the campaign in full swing about Sept. 1.

The war department, in reply to an appeal from Gov. Pingree on the subject, reports that the graves of soldiers of this war have been marked, and it is the intention of the department, as soon as the conditions will permit, to send an expedition to Cuba for the purpose of bringing the bodies to this country. As many will be taken to their homes for burial as requested by their friends at the expense of the govproment. All the others will be buried in the national cemeteries on AmeriTHE MARKETS.

The formal agreement which is to bind the United States and Spain to enter upon negotiations of a treaty of peace was prepared by Mr. Adee, second assistant secretary of state, points to be included having been previously agreed upon between the President, Secretary Day, and M. Cambon. Some difficulty was found in the task, as it was deemed essential to cover every point with such felicity of expression as to leave no possible chance for misunderstanding between the parties

Counterfeiters Caught.

A big haul of counterfeiters has been made at Detroit. Four brothers, Charles, Edmund, John and David Johnson, are in safe keeping and about \$5,000 in counterfeit money, besides the plates, etc., have been recovered at their headquarters, 795 Twenty-sixth street, Detroit. The Hancock and Windom \$2 bills were the ones counterfeited, the artistic work required being done by the youngest brother, David. There are few banks in this section of the country, including particularly Ohio, Michigan and adjoining states, that have not often accepted these counterfelts, and there have been few bogns bills that have caused the governmentelefections more trouble.

Col Afkirson Died Suddenly.

Col. John Atkinson, one of the most prominent members of the Michigan bar and state legislature and a strong supporter and aide of Gov. Pingree. died of neuralgia of the heart at Detroit. His taking off was most sudden, as he was at his office and about the city two days before apparently in perfeet health. Fortunately the entire family was within easy call, Mrs. Atkinson and the younger children being at their summer home on Bois Blane Paris, Mecosta county, scores of people island, Detroit river; his sons Lieut, Reilly Atkinson, Co. The statement that there is a cure for Rheumatism will be read with incredulity by the majority of people. However, it is a fact which we can prove. Rheumatism is a disease of the blood, and until that is thoroughly cleaned no one once affected with the disease can hope for relief. The remedy we offer is not a new discovery, but it has never been placed on the market in medicinal form. We know from personal observation that it has effected a permanent cure whenever tried and this is what surgested the idea of offering it to sufferers from rheumatism. The Sure Cure Rheumatic Tables are a purely vegetable compound. They are warranted to cure the worst cases of rheumatism. Price, of cents a fox. For sale by druggists or sent by mail on receipt of price. Send for free sample. SURE CURE FOR BEBUMATISM.

"As a result of that --- Register" as a certain Judsonite admitted recently "it has been necessary to revise our noted as fast as ordered by the ex-Boss.

a running mate.

REGISTER does not wish to injure any- him speak up. body. Any of the candidates who think it is to their disadvantage to be on the Judson ticket as we are printing it can have their names removed at once by notifying THE REGISTER to that effect. Wonder if we will hear from any of

SENATOR CAMPBELL'S friends are that there are many thousands of Republicans in Michigan who are bitterly opposed to Pingree methods, yet almost the convention. without exception these people concede that, in as much as it has been the party custom since its organization, Pingree should be given a renomination. Query: Should not the same courtesy be extended to senator Camp-

THE opponents of the Tariff law are claiming that it is a failure as a producer of revenue. The facts contradict their claim. The Dingley law is producing \$60,000,000 per year more than the Wilson law did, notwithstanding the disturbance of the war. It is producing over a million dollars a day, which in ordinary peaceful times would leave quite a large surplus with which to wipe out the debts caused by Democratic Tariff tinkering and mismanagement.-Rome (N. Y.) Citizen.

SAID a Judson man today: "This idea of Moran saying that his crowd is not going to pay attention to the coming county convention we do not take any stock in. Mr. Moran would like to have us think we have a complete walkaway and then quietly step up and capture the convention."—Times.

Now, that is strange. Judge H. Wirt Newkirk says that Judson is not doing anything to control the next county convention,-and the Judge ought to know! Then what difference does it make whether Moran is or is not going to pay any attention to the county convention, if the Judsonites do not care enough about it to do anything! But really, does anybody believe the report that Judson is not putting in 24 hours out of each seven days in the week to be able to run the next county convention! We doubt it.

THE REGISTER is pleased to note that its vigorous kick at the time of the last county convention because inadequate time was given for bolding the township caucuses has had the proper effect. The call has already been made for the next convention which is to be held September 14. We are also pleased to note, further, that we have received promptly official notice of the convention and the same appears in this issue of THE REGISTEP. Some people do not learn as readily as others, but all may be taught if the proper amount of patience is shown.

IT is creditably reported that ex-Boss Judson has made the threat that he would spend \$1,000 to defeat any man who defeated Frank A. Stivers for the something the Republicans of Washtenaw county should think about. That GEO. P. MARKS, Tustin, Michigan. is the sort of response which is made to THE REGISTER'S proposition that the Republicans of this county be allowed to control their own convention! May be that is the proof which the Hon. Judge of Probate has that ex-Boss Judson is making no effort to control the next Republican county convention.

THE news received here Sunday of the sudden death of Col. John Atkinson of Detroit, was a great surprise and shock to Mr. Atkinson's many friends in this city. He was a great lawyer, an able politician and a true friend. Cut down in the prime of life, suddenly and without warning, he will leave a vacancy which it will require a long time to fill. Governor Pingree will, more than any other person, feel the loss of Col. Atkinson. He was the Goverror's chief counselor and to him, no doubt, is due much of the success that has come to Mr. Pingree. He will be fortunate indeed if he can find a successor at all comparable with Mr.

IT is amusing to note the efforts of the Democratic papers in this city, and the Ann Arbor correspondents for some of the Detro it dailies to promulgate the idea that THE REGISTER proposed a compromise in the fight this paper has been making ag3inst bossism and official corruption. Not for an instant did we propose compromise with such things. What, in substance, we did ticket somewhat." We have therefore propose was that, if those who are made some changes in the ticket this wearing the Judson collar, are Republiweek as will be seen on examination of cans as they pretend to be, and have the same. Other changes will be the interest of the party at heart, then let them step down and out for the time being for the good of the party just as the anti-Judsonites offered to do. DEPUTY LESTER CANFIELD, who is It was not because we had any fear of supposed by the Judson people to have the ultimate success of jour efforts to a cinch on the Republican nomination down Judsonism in this county, and for sheriff and who speaks only as his also prevent his appointment as warden oracle dictates, says that in case Gil- of the state prison. It has been just bert does not wish the nomination for four years since the ex-Boss began to county clerk City Clerk Glen V. Mills manipulate Washtenaw county politics would be entirely satisfactory to him as He has been four years firmly intrenching himself. THE REGISTER has been just a little over four menths in its attempt to dislodge him. Who doubts SOME of the Judson candidates are for a minute that it will succeed? If kicking (so we hear) because we have there is such a man in Washtenaw licans of this county in favor of the retheir names on the Judson ticket. THE county we would be pleased to have

ANN ARBOR LADY DECEIVED.

Readers of THE REGISTER will remember that two weeks ago we announced the marriage of Miss Alice Larned of this city to a Mr. John F. Reynolds, of Illinois. Miss Larned had gone to Chattanooga, Tenn., as a professional nurse. While there she met and soon became engaged to Reynolds who was a member of an Illionis reg- to the magistrate's office, solemnly iment from Springfield, Ills. A short tried and sentenced by an elephant time afterwards they were married, as was announced in these columns week before last. Last week a sensational development was made in connection with the case. The following Associated press report from Springfield, Iils., will explain the whole matter.

Springfield, Ill., Aug. 10 .- John F. Reynolds, private in Co. K. Fifth Ills. vol. infantry, near here, was made delendant today in a sensational divorce suit, in which he is charged with bigamy. The complainant is Eva (Mann) Reynolds, of Springfield, who alleges that she is wife No. 2 and that wife No. 3 was recently acquired at Chickamau. ga. "A strong undercurrent of party opinion is setting in among the Repubfor the legislature. His friends urge that a second term should be accorded that a second term should be accorded as a rightful courtesy. They point out that his presence in the state house of Representatives as an able defender of the University is as desirable and necessary as it was during the last term, when he did much to stem the tide of opposition to state assistance for the great educational institution.

"We Sawyer's opponents are property and the state assistance of the great educational institution."

"We Sawyer's opponents are property and short state assistance for the great educational institution." 'Mr. Sawyer's opponents are prone

ANIMAL COMEDIANS.

Hingling Bros. Create a Scusation

The announcement that Lockhart's

famous comedy elephants have been secured by the noted Ringling Bros. for their World's Greatest Shows this season, has created a sensation through out the United States. The Lockhart omedy elephants are universally ac knowledged to be the most marvelously trained animal actors in the world These elephant comedians distinctly depart from the old familiar order of elephant performances. They are not simply trained animals," they are ver-itable animal actors, displaying as much good sense and judgment, as great an appreciation of the humor of their several roles and sincere a desire to please and entertain the public as any performer in the great exhibition. Their work is distinctly unconvention-They present none of the stereo typed tricks that constant reptition has familiarized with the public, but give a performance that is at once new, startling and unique. Imagine a troupe of elephants, each attired in a ostume belitting the character it portrays, presenting a complete comedy. The statement seems beyond belief, and yet it is absolutely true. Perhaps the most amusing comedy presented by these elephant actors is one portraying the arrest, trial, conviction and incar ceration of the elephant for intoxicaphant, rolling from side to side, apparently in the sportive stage of intoxica-tion, is ludicrous in the extreme. In the midst of his revelry, the policeman arrives, armed cap-a-ple with a huge official helmet and jauntily twirling a club in his trunk. The offending elephant attemps to escape, but the policeman is too quick for him. The offender is seized by the ear, marched away judge sitting in his judicial dignity up on his judicial bench, and finally hurried away, a condemned prisoner, to suffer durance in the elephant jail. addition to the several comedies presented by the Lockhart elephant comedians, these wonderful animal enter tainers dance, march, perform the most difficult and intricate military maneuvers, play upon musical instruments, present complete pantomimes, and betray numberless other evidences of their maryelously educated intelligence. Although they can give an en-tire performance, these wonderful elephant actors constitute only one of hundreds of superb features only to be seen with Ringling Bros-' famous exhibition, which comes in all its magnificent completeness to Ann Arbor, Saturday, August 27.

Later, when fix it for two years afterwards fix anoth Atkinson Bill was brought up, Mr. Campbell did not support it for several reasons. When the bill was before the sena e, Col. Atkinson, who drew the bill, brought Mr. Fred A. Baker from Detroit to speak to the senators on the bill. When Mr. Atkinson introduced Mr. Baker he said: "I have taken the liberty to ask Mr. Fred A. Baker, who has given probably as much attention Your Committee on Streets would to the constitutional questions as any lawyer in the state, to address the committee upon the bills pending before us." Col. Atkinson knew that Mr. Baker was the most profound constitutional law-Mr. Baker said:

So it will be a question for you to conis within the bill-and I am frank to say I have no money of the Michigan Central Railroad Company's and never bill; and prehaps that explains the reason that they are not here. They are relying upon the protection of that charter, and they will contest the validity of this law so far as it undertakes to interfere with their rate of taxa-

All the other railroads in the state, with the possible exception of the De-troit & Milwaukee, are now, as I understand it, under the general railroad law. They are subject to the power of the people of this state to levy taxes against them—they are subject to the power of the people of this state to amend, alter, or repeal the general laws under which they are incorpor-

ated and exist.

But if the Michigan Central, which is the great railroad corporation of the tate, is protected, you will always have an argument against putting these other roads at a disadvantage as compared with the Michigan Central. And it is impossible, in my judgement, to have really intelligent and just railroae legslation in this state as long as that charter exists.

ing to submit them to the people, but of course in doing it, do it intelligently, do it justly, do it according to the con-stitution, and from principles of right, and what I would especially recommend at the present time is that you repeal that charter, providing for compensation at the same time you pass this bill, providing for a valuation of their prop erty; find out what they report the value to be and leave the rate to be fixed by the Legislature next year. It is only a short time; or, fix it now, if you want to. Allow the taxes to be paid this year under the Merriman bill. If you see fit, fix the rate now, if you think you can do it intelligently. how are you going to know how much taxes you are going to levy? The Michigan Central now pays a tax of something ess than two hundred thousand doi-

Suppose the assessors would value th property at fifty millions, which is approximately I think in round numbers what the company claims the road cost-whether it could be duplicated for that is a serious question. In one sense, in a general sort of a sense, that property may be considered worth a hundred millions of dollars. Suppose you assess it at fifty millions, and you put a tax of three per cent upon it, you would collect a million an a half of dollars where you now collect less than two hundred thousand-yes, man. If you went through with all the railroads in the state in the same way, why, it is possible you would be railroads. Mr. Morrell Goodrich, of Dexter, one of the old pioneers of Washtenaw country died at his home last. than one hundred and fifty thousand, why, it is possible you would bankrupt the most of them, The Michigan Cen-tral could borrow all the money it needed to pay its taxes, you could not bank-rupt it. There are many small roads in this state that are on the verge of bankruptcy and have been during all the hard times; they are poor because the people are poor and cannot patronize

FIBROID TUMOR

Expeded by Lydia E. Pinkham's Vegetable Compound.

MRS. B. A. LOMBARD, Box 71, Westdale, Mass., writes: "I have reason to think that I would not be here now if it had not been for Lydia E. Pinkham's Vegetable Compound. It cured me of a fibroid tumor in my womb.

"Doctors could do nothing for me, and they could not cure me at the hospital. I will tell you about it: "I had been in my usual health, but

had worked quite hard. When my monthly period came on, I flowed very badly. The doctor gave me medicine, but it did me no good. He said the flow must be stopped if possible, and he must find the cause of my trouble. "Upon examination, he found there was a fibroid tumor in my womb, and gave me treatment without any benefit whatever. About that time a lady called on me, and recommended Lydia E. Pinkham's Vegetable Compound; said she owed her life to it. I said I would try it, and did. Soon after the

thing all right. The tumor had passed away, and that dull ache was gone." It can be truthfully stated that such a result can be accomplished by no other remedy upon the market, and forcibly proves the peculiar virtue of the Vegetable Compound

flow became more natural and regular.

I still continued taking the Compound

These are things that deserve serious consideration. No matter how much re-~~~~~~~~~ form you want to accomplish, it shou be tempered with justice and you should be careful that you do not overdo it and you would not accomplish anything So, pursue the moderate course, find out what this property, by your Board of Assessors, is worth; let them pay of the nuisance at the curve at the corner of Williams and Main sts. was read and referred to the Ordinance accord and Michigan is over two hungary of the nuisance at the curve at the Pingree and senator Campbell were in taxes under the Merriman bill this year and when the Legislature meets next year and you have these valuations beyear and you have these valuations before you, fix a rate, and fix it yourselves er rate, so that the people of the state will have their hands on the lever al the time; so the stockholders of the Michigan Central railroad and every other railroad in the state will recognize the fact that they, if they desire to do business here, must treat with the people of Michigan, and that they must exist here and can only exist here sub-ject to the will of its people, and in that way preserve it for the protection of the people of this state.

> With such advice from a great constitutional lawyer, one whose advice the author of the bill recommends the senators to take, what else could you expect of a fair minded intelligent cit izen? Mr. Campbell saw and appreciatyer in the state. He knew that his ed the logic of what Mr. Baker said. ppinion should and would have great He saw the gress injustice of passing a weight as it deserved, and this is what law imposing a heavy tax on railroads and from under which the greatest and wealthiest road in the state was sure to sider whether or not the richest and escape. Senator Campbell also saw most powerful corporation in this state and appreciated the fact that the passage of the Atkinson Bill would do away with the Merriman law, and thus cause had—that in my judgement you do not the state to lose the more than four reach the Michigan Central with this hundred thousand dollars which this law would bring during the following two years, while the Atkinson Bill, which, Mr. Baker said, could not reach the Michigan Central, would therefore be grossly injust and partial in that it would tax the weaker roads and allow the wealthy to escape and would therefore de declared unconstitutional by the Supreme Court. As it has resulted, however, through the manliness and sturdy determination of senator Campbell and sixteen others in the senate the state of Michigan is shead nearly a half million dollars.

This is the other side of the case and should place the Senator in an entirely different light from that in which the opposition are determined to force him.

A DOCTOR'S DIRECTIONS.

They save a daughter from blindness.

when a father writes that yours "is the best medicine in the world," you can allow something for seeming extravagance in the statement if you know that the medicine so praised, cured a loved daughter of disease and restored to her the eyesight nearly lost. The best medicine in the world for you is the medicine that cures you. There can't be anything better. No medicine can do more than cure. That is why John S. United States and Spain Sign a Peace Protocol.

ALL HOSTILITIES HAVE CEASED

President McKinley Issued a Proclams tion Immediately After the Signing of the Peace Papers - Provisions of the Protocol in Outline.

With a simplicity in keeping with republican institutions the war, which has raged between Spain and the United States for a period of three months and 22 days, was quietly terminated when Secretary of State Day, for the United States, and M. Cambon, ambassador of France, acting for Spain, in the presence of President Mc-Kinley, signed a protocol which will form the basis of a definite treaty of from Tampa to Montauk, L. I. Nine peace. As this ceremony was concluded the President requested the hand of the ambassador and through Middletown, Pa. him returned thanks to the sister republic of France for the exercise of her good offices in bringing about peace. He also thanked the ambassador personally for the part he has played in the negotiations, and the latter replied in appropriate terms. As a further mark of his disposition, President McKinley called for the procla-mation which he had caused to be drawn up, suspending hostilities, and signed it in the presence of M. Cambon, who expressed his appreciation of the action.

The procotol provides as follows:

1. That Spain will relinquish all claim of sovereignty over and title to

2. That Porto Rico and other Span-ish islands in the West Indies, and an island in the Ladrones, to be selected by the United States, shall be ceded to the latter.

3. That the United States will occupy and hold the city, bay and har-

4. That Cuba, Porto Rico and other Spanish islands in the West Indies shall be immediately evacuated and that commissioners, to be appointed within 10 days, shall, within 30 days from the signing of the protocol, meet at Havana and San Juan, respectively, their general verdict as to the efficacy to arrange and execute the details of of Hostetter's Stomach Bitters as a rem the evacuation. 5. That the United States and Spain

will each appoint not more than five commissioners to negotiate and conclude atreaty of peace. The commis sioners are to meet at Paris not later than Oct. 1. 6. On the signing of the protocol,

hoselities will be suspended, and ne-tice to that effect will be given as soon as passible by each government to the commanders of its military and naval

The produmation issued by President McKinley was as follows: Whereas, By a protocol concluded

and signed Aug. 12, 1898, by William R. Day, secretary of state of the United States, and his excellency, Jules Cambon, ambassador extraordinary and plenipotentiary of the Republic of France at Washington, respectively representing for this purpose the government of the United States and the gov ernment of Spain, the United States and Spain have formally agreed upon the terms on which negotiations for the establishment of peace between the two countries shall be undertaken; and, Whereas, It is in said protocol agreed that upon its conclusion and signature, hostilities between the two countries shall be suspended, and that notice to that effect shall be given as soon as possible by each government to the commanders of its military and naval forces:

Now, therefore, I, William McKinley, President of the United States, do, in accordance with the stipulations of the protocol, declare and proclaim on the part of the United States a suspen-

Large Camps Breaking Up.

Most of the troops now in camp at Chickamauga, Fernandina, Tampa, Jacksonville and other southern camps are to be moved to other points, the object being to break up the large camps because their size makes them unhealthy. One division of the First army corps is ordered from Chickamanga to Knoxville. This includes the Second and Sixth Ohio and 31st Michigan. Another Chickamauga division goes to Lexington, Ky., and it is probable that both will march to their destinations. Seven regiments will be transferred from Fernandina to Hunts ville, Ala., including the 33d Michigan, Third and Fifth Ohio. The First Ohio and Fifth U. S. cavalry are ordered at Manassas, Va., and until recently at Camp Alger, will be transferred to

Not long since a Danville, Ill., pary ordered the male defendant in a breach of promise case to pay the decidedly competent sum of \$54.333.33 to the afflicted fair one. This was thought to be the largest amount ever awarded by a jury in a similar action. Though it is a pretty high estimate of blighted affection, there is annother estimate which if not in dollars and cents exactly, yet in general consideration of ex-cellence reaches as lofty an altitude. That is the estimate of the people in dy for constipation. The action of this gentle, but effective, laxative is never accompanied by the griping and other abdominal disturbance which precedes or accompany the operation of a griping carthartic. Moreover, it is an incomparable remedy for and preventive of malarial, rheumatic and kidney complaints. a never failing means of invigorating the stomach and nervous ystem, and a promoter of appetite and leep.
