EDITOR REGISTER:

Dear Sir:—The editor of an Ann Arbor paper has editorially stated in his columns that the 31st Michigan regiment was anxious, or at least willing to do garrison duty, and was wholly satisfied to remain in service if it was deemed necessary by the authorities at Washington. His writings are the expression of the mis-

FARMER'S PICNIC.

THE OCCASION AS USUAL A PLEASANT ONE.

Hot Weather and Terrible Dust Keeps Many Away—But Does not Deter the Throng of Politicians—Whitmore Bristled with Political Timber—All who Attended Seemed to Enjoy Themselves.

The coming of Ringling's circus to Ann Arbor a week ago last Saturday was an unfortunate one for the Farmers' Picnic at Whitmore. Circus day was an ideal one for a picnic and had the date not been changed on account of the show a much larger crowd would no doubt have attended the picnic. On account of the terrific heat and the terrible dust the attendance was much smaller than usual. There were not over 2,500 people at Whitmore Lake last Saturday while the usual attendance is fully two or three times as large. The people began to gather early and many a pleasant visit was enjoyed among old acquaintances who seldom see each other at any time except at these annual picnics. This pleasant intercourse among old friends is the main feature of the occasion. The program, the dinner, the dance and the politicians are all incidental. The program last Saturday was somewhat different from the usual one. This time the two principal speakers were University professors, Wenley and Hinsdale. The regular addresses were followed by short talks by Hon. A. J. Sawyer, Hon. E. P. Allen and Father Goldrick. Music was furnished by Lombard's Quartette. We regret that we have not space to give even a synopsis of the addresses all of which were interesting. A chicken pie dinner, (Continued on page five.)

WAS IT AN ACCIDENT?

Strange Death of Millie Bucklin—Too Young to Commit Suicide—Must Have Been Accidental—Girl Only Fifteen Years old.

Millie Bucklin, the fifteen year old daughter of Mr. and Mrs. A. M. Bucklin, of 1667 Broadway, was the victim of an overdose of morphine last Monday night from which she died at seven o'clock Tuesday morning. How the girl came to take the fatal dose is a mystery that will probably never be solved. Monday evening Millie was riding a wheel about the house. She was in some way thrown from it and it is thought hurt herself in some way. At the time her mother was not at home.

The Judson Machine

Going to Pieces.

The fight which THE REGISTER instituted against boss rule is nearing a finish. The caucuses so far held indicate that the reign of the ring is practically over. THE REGISTER began this fight because it foresaw certain defeat this fall unless ring rule was overthrown. It has maintained this contention constantly and it is gratified that, from all indications, ring rule will end at the convention next Wednesday. So far caucuses have been held in twelve of the thirty-two voting precincts. Two of these, Lima, with five delegates and Dexter township with four delegates have not reported. The other ten stand as follows:

The opposition to boss rule needs but fifty more votes out of the 22 voting precincts with 148 votes yet to hear from to down Canfield. They are sure to get nearly twice that number. Then exit the ex-Boss.

placed by the current of recent events in a unique and unprecedented position. This situation has resulted in a condition of tremendous agitation for the past few weeks, and as far as the 31st Michigan Volunteer Infantry is concerned, this period of unrest finally culminated in the formation of the petition to Senator McMillan, signed by 800 enlisted men, asking that he use his influence to get that regiment mustered out of service as soon as practicable, when the disposition of the various regiments is determined. This step has been taken in view of the printed advice of the press obtained through allies of the President and his Conferees, stating that he desires to learn the sentiments of the men of the several regiments concern-

When Mrs. Bucklin returned she found Millie had retired. Everything was apparently all right. About midnight Mrs. Bucklin heard the child breathing heavily and went to her room. She found her in a stupor and hastily sent for Dr. Boylan. The doctor at once discovered that the girl had been poisoned, but it was too late to render any assistance. The patient did not regain consciousness and died at seven o'clock in the morning. The only explanation is that she hurt herself when she fell from her wheel and, remembering that her father had taken morphine to ease the pain when about a year ago he lost a leg, she decided to do likewise and hunted up some, about a teaspoonful that was left in the house, and took it all. The small envelope in which it had been kept was found in the bed when the dead girl was removed.

SUMMER'S CLOSING INCIDENTS

Occasioned by the hurried preparations for the reception of fall merchandise are of a nature to arouse the liveliest interest. Coveting as they do every want of the individual or family. Goods not of absolute necessity for fall trade—broken lots and ends are not considered in the light of their cost or usefulness to the purchaser, but as so much surplus—in the way, and to be gotten rid of. This is the explanation we offer for the many startling low prices that confront the shrewd shopper now-a-days at The Store.

British Troops Occupy Khartoum, Egypt.
After Slaughtering Thousands of the Dervishes—France Greatly Stirred Up Over Revelations in the Dreyfus Case

Killed 15,000 Dervishes.

London: The khalifa's forces have been utterly routed in the Upper Nile region of Egypt and Khartoum is in possession of the British-Egyptian forces under Gen. Kitchener. The town is a complete ruin. Khalifa Abdullah and Osman Digna, his principal general, managed to escape, but Abdullah's banner and thousands of prisoners were taken. It is estimated that 15,000 of the enemy were slain. British total casualties were about 500.

The entire British force was engaged from 6:30 in the morning until sunset. The dervishes resorted to their usual rushing tactics, and were simply mowed down. The khalifa's cavalry rode pell-mell at the British infantry column; but the footmen never wavered. The deadly fire poured into the enemy's rushing ranks caused the death of nearly every rider. The heroic bravery of the dervishes evoked universal admiration. Time after time they dispersed and broken forces reformed and hurled themselves upon the Anglo-Egyptians, their emirs conspicuously leading and spurning death. Even when wounded and in death agonies they raised themselves to fire a last shot.

The sirdar, Gen. Sir Herbert Kitchener, with the khalifa's black standard captured during the battle, entered Omdurman, the capital of Mahdism, at the head of the Anglo-Egyptian column. Only two British officers were killed. Gen. Kitchener telegraphs: "The remnant of the khalifa's force has surrendered and I have now a very large number of prisoners on my hands. Our cavalry and gunboats are still pursuing the khalifa and his chiefs, who with only about 140 fighting men are apparently making for Kordofan."

Dreyfus May Yet Be Free.

Lieut.-Col. Henry, of the French army, upon being closely questioned by the war department, was forced to confess that evidence which he had presented in the famous trial of Capt. Dreyfus and M. Zola was forged by himself. After being arrested Col. Henry committed suicide in his prison cell by cutting his throat.

Capt. Dreyfus was convicted of selling French army secrets to the German government and was sentenced to life imprisonment in a big cage on Devil's island off the coast of French Guiana. Capt. Dreyfus' friends fought so hard that when M. Cavaignac, the present minister for war, assumed office he charged the official bureau to make a thorough research of the Dreyfus case, and it was this inquiry which resulted in the discovery that the document lately read in the chamber of deputies by M. Cavaignac, showing that proof of the guilt of Dreyfus, was forged.

When Col. Henry was summoned to the ministry for war and questioned by M. Cavaignac, in the presence of Gen. Boisdeffre and others, he first affirmed the authenticity of the incriminating document. But when discrepancies were pointed out, he at first admitted adding sentences and finally confessed to fabricating the whole letter, "owing to the absolute necessity for finding proofs against Dreyfus."

M. Zola, the famous author, was recently convicted, after a most stormy trial, of libeling prominent military officers when he published statements in behalf of Dreyfus and charging Maj. Count Esterhazy and others of convicting Dreyfus in order to shield themselves. The cabinet ministers now admit that a revision of the Dreyfus and Zola cases are absolutely unavoidable. Col. Henry's confession threatens to rekindle the Dreyfus agitation more heatedly than ever, and it seems likely to shake public confidence in the army. Even the Liberte, a strong anti-Dreyfus organ, says: "It must cause the deepest pain to all honorable men that officers of such standing show such a lack of moral sense."

Gen. Le Mouton de Boisdeffre, chief of the general staff of the French army, has tendered his resignation to the government, owing to his misplaced confidence in Lieut.-Col. Henry, which led him to present as genuine what was forged evidence. The disclosures have also resulted in Count Esterhazy being retired from the army on a small pension.

The six months' strike of the Welsh miners has ended by the miners accepting their employers' terms.

There were 14 deaths on the transport Allegheny carrying portions of the Ninth Massachusetts and First Illinois regiments from Santiago to Montauk.

The hospital ship Olivette sank suddenly in about 30 feet of water while at anchor off the quarantine station at Fernandina, Fla. The crew and all on board were rescued by a schooner which was fortunately near at hand.

The Chicago Tribune publishes carefully compiled statistics showing that in the war with Spain 350 Americans were killed in battle or died of wounds, and between 1,200 and 3,000 died of diseases. Names have been secured of 1,284 of the latter and it is not doubted that there are at least scores whose names could not be secured. Of the regular army, 290 died of diseases, Massachusetts is second with 130; Illinois third, with 100; Michigan fourth, with 91, and New York fifth, with 85. One startling fact is that 352 died of diseases at Camp Thomas, as compared with 341 at Santiago.

It has been held that consumption is hereditary, and the fact that if one person of a family had died with consumption was considered a sure sign that others of that family could not escape it. This is partly true and partly untrue.

A man with weak lungs is likely to transmit that weakness to his children. But there is no reason in the world why the weakness should develop. Keep the lungs full of rich red, wholesome blood and the weakness will disappear. Decaying tissues will be thrown off and material will be added until the lungs are well and perfectly strong again. This is the thing that Dr. Pierce's Golden Medical Discovery does. This is what makes it cure 68 per cent. of all cases of consumption where it is taken according to directions. It searches out disease germs where ever they may be in the body and forces it out of the system. It supplies the blood with rich life giving property. It makes the appetite good digestion perfect. Send 21 cents in one cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

FLAG WITH A HISTORY.

From the Chicago Chronicle: Mrs. Kate Hagarty, of 930 Wesley avenue, South Evanston, is possessed of many precious family heirlooms, none of which she values so highly, however, as the flag borne by her father's regiment during the Mexican war.

Her father, J. M. Scantland, entered the army upon the breaking out of the war and became the major of a Tennessee regiment, the Fourteenth regulars. The flag was presented to the regiment upon its departure from Nashville and was borne by it all through the war.

It is about twelve feet in length and is made of ordinary bunting. It is still in a fair state of preservation, though much frayed at the end. Mrs. Hagarty was born in Louisville and raised in Nashville and her eldest son lost his life fighting under the stars and bars. Her last son, William, is a member of Company D of the First Illinois and has gone to the front under the command of Col. Turner. Some time ago she permitted him to take the old flag to the regimental armory and finally consented to let him take it with him to the front.

There is a music of health. The instruments of that music are men and women. Men and women who are healthy will be happy. Their lives will be an anthem of health.

There are thousands of women all over this land who are beautiful, who are witty, who are attractive, who are endowed with every charm but one, and that is the charm that robust health alone can give. A woman may possess every charm and grace that nature and education can bestow, but if she suffers from neglected weakness and disease of the distinctly feminine organism, she cannot by any possibility disguise it. It will take the glow of health from her cheek, the flush of wit from her eye, the charm of amiability from her manner and the grace and spring of health from her carriage. No woman need suffer in this way. Dr. Pierce's Favorite Prescription acts directly and only on the delicate and important organs concerned and makes them strong, healthy and vigorous. It allays inflammation, heals ulceration, soothes pain and gives rest to the tortured nerves. It banishes all debilitating drains. It is the best tonic for nursing mothers. Thousands of thankful women have, without solicitation, testified over their own signatures to the marvelous efficacy of this medicine. Dr. Pierce, who discovered this wonderful medicine, will cheerfully answer, without charge, the letters of ailing women. Address, Dr. R. V. Pierce, Buffalo, N. Y. The "Favorite Prescription" is for sale by all good medicine dealers, and only an unscrupulous dealer will try to induce a customer to take some worthless remedy, alleged to be "just as good."

"This is to tell you," writes Sister Eliza L. de Falcon, of Corpus Christi, Nueces Co., Texas, "that I had been ill for twenty-one years and was finally cured by your medicines, the 'Golden Medical Discovery' and the 'Favorite Prescription.'"

A STARTLED MOTHER

Strange Happening to Her Four-year Old Daughter—Did not Realize the Danger Until too Late.

From the Bulletin, Freeport, Ill.

While busy at work in her home, Mrs. William Shay, corner of Taylor and Hancock avenues, Freeport, Ill., was startled by hearing a noise just behind her.

Turning quickly she saw creeping toward her, her four-year-old daughter, Beatrice. The child moved over the floor with an effort, but seemed filled with joy at finding her mother.

Beatrice Shay.

The rest of the happening is best told in the mother's own words. She said:

"On the 23rd of Sept. 1898, while in the bloom of health Beatrice was suddenly and severely afflicted with spinal meningitis. Strong and vigorous before, in five weeks she became feeble and suffered from a paralytic stroke which twisted her head back to the side and made it impossible for her to move a limb. Her speech however was not affected. We called in our family doctor, one of the most experienced and successful practitioners in the city. He considered the case a very grave one."

"The child's body was bandaged to keep her in position. Soon it was seen that other means must be adopted. Little Beatrice, much against her will, was housed up in a plaster paris jacket which she wore for several months."

"In the hope of receiving some help for the child we consulted in turn nine of the

most prominent physicians of Freeport. Two of them applied electric batteries, but none of the doctors' treatment gave any lasting benefit. It was then that my husband's opportunity visit to a drug store brought us the means which led to the cure of our child. While there he learned of the wonderful power of Dr. Williams' Pink Pills for Pale People, and decided to buy some for our daughter's benefit."

"We tried them and the hopes which we had fixed regarding their merits were much more than realized before one box of the pills had been used."

"Easy in my kitchen one afternoon I was startled with the cry of 'Mamma' from little Beatrice who was creeping toward me. I had placed her on an improvised bed in the parlor comfortably close to the fireside and given her some books and playthings. She became tired of waiting for me to come back and made up her mind to go to me, so her story 'My Pink Pills made me walk,' which she tells everyone who comes to our house, was then for the first time verified. She has walked ever since. She has now taken about nine boxes of the pills and her pale and pinched face has been growing rosy, and her limbs gained strength day by day. She sleeps all night long now, while before taking the pills she could rest but a few hours at a time."

"I shall be glad if anything that I can say for Dr. Williams' Pink Pills for Pale People, may be of benefit to those in pain. There must be many children who suffer as Beatrice did and I hope that my story will be noticed by their parents."

A specific for all forms of weakness is obtained in Dr. Williams' Pink Pills for Pale People. The blood is vitalized and becomes pregnant with the elements of life. The nervous system is reorganized, all irregularities are corrected, strength returns and disease disappears. So remarkable have been the cures performed by these pills that their fame has spread to the far ends of civilization. Wherever you go you will find the most important article in every drug store to be Dr. Williams' Pink Pills for Pale People."

Parents were Alarmed.

"Our little boy was always troubled with sick headaches, due to derangement of the stomach. He became very much worse and we were alarmed. We gave him Hood's Sarsaparilla and it acted like a charm. He has never had sick headache since taking the first bottle. Mrs. Albert Frost, Pokagon, Michigan."

We give no rewards or offer this kind is the means of deception. Our plan is to give every one a chance to try the merit of Ely's Cream Balm—the original Balm for the cure of Catarrh Hay fever and Cold in head, by mailing for 10 cents a trial size to test its curative powers. We mail the 50 cent size also and the druggists keep it. Test it and you are sure to continue the treatment. Relief is immediate and a cure follows. Ely Brothers, 56 Warren Street, New York.

BRIEF NEWS PARAGRAPHS.

Within three days 107 deaths occurred in New York City from the heat.

Prominent Spaniards are urging the removal of Columbus from Havana to Spain, and it is understood that the Duke of Veragua, the only living descendant of the discoverer of America, will request the privilege of doing so.

Maj.-Gen. Shafter and staff arrived at Camp Wikoff from Santiago on the transport City of Mexico. Gen. Wheeler was awaiting the party at the quarantine pier with the cavalry drawn up in line, but the general went ashore at another dock. Gen. Wheeler fired a salute of 15 guns when he learned that Shafter was in camp.

The American-Canadian commission in session at Quebec has agreed to refer the Alaskan boundary question to a commission of three, composed of one member from the United States, one from Canada, and one from one of the foreign powers. The settlement of the boundaries is now merely a matter of interpretation of the old treaty of 1825.

Enthusiastic scenes were witnessed when the U. S. warship New Orleans, the first American vessel to enter the harbor of San Juan, Porto Rico, since the war with Spain began, steamed into port with the stars and stripes flying from the forepeak. Along the walls of Morro castle the Spanish soldiers formed in solid mass, while great crowds of citizens swarmed on rooftops and along the wharves, eagerly watching the advance of the American vessel.

Commodore John W. Philip has been detached from command of the battleship Texas and placed in command of the second squadron of the North Atlantic fleet, with the cruiser New York as his flagship. He thus succeeds to the command formerly held by Rear Admiral W. S. Schley, and to the quarters on the New York formerly occupied by Rear Admiral W. T. Sampson as commander-in-chief of the North Atlantic fleet. Commodore Philip will be in virtual command of the fleet during the time Sampson and Schley are on the Cuban and Porto Rican commissions.

A Great Zoological Garden

The Zoological Society of New York propose to construct what will probably be the finest zoological garden in the world in Bronx Park, New York, and under the direction of the committee the plans are being fully executed. The society expects to open the garden to the public in satisfactory way May 1st, 1899. While the work is progressing with all due rapidity and zeal, the old and well approved plan of relieving biliousness and constipation agency of Hostettors Stomach Bitters finds general recognition. This excellent family medicine is a safeguard against malaria and rheumatism, and removes indigestion and nervousness. It invigorates the system through the medium of improved digestion and appetite, fortifies it against disease, and counteracts the effects of overwork, mental or physical. A wineglassful before retiring engenders health yielding and strength giving sleep. Let it have the persistent and systematic trial that it deserves.

32d Michigan Ordered Mustered Out.

The war department has issued orders for the 32d Michigan volunteers, recently moved from Ferdinand, Fla., to Huntsville, Ala., to proceed to Camp Eaton, Island Lake, to be mustered out of the U. S. service as soon as possible—probably about Sept. 15.

The action of Carter's Little Liver Pills is pleasant, mild and natural. They gently stimulate the liver and regulate the bowels, but do not purge.

The boiler in Chas. Correll's saw and shingle mill at Drake, seven miles southeast of Fostoria, blew up just after getting up steam for the first time since last spring. Mr. Correll and Engineer Burley were seriously injured.

Lieut. Henry Roach, regimental quartermaster of the 34th Michigan; Corporal Ed J. Collins, Co. D, Calumet, and Privates George Taylor, Co. F, Houghton, and C. F. Bailey, Co. G, Sault Ste. Marie, accepted lucrative positions under Santiago's military governor, Gen. Lawton, and will remain in Cuba.

Sacrificed to Blood Poison.

Those who have never had Blood Poison can not know what a desperate condition it can produce. This terrible disease which the doctors are totally unable to cure, is communicated from one generation to another, inflicting its taint upon countless innocent ones.

Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. The little one was unequal to the struggle and his life was yielded up to the fearful poison. For six long years I suffered untold misery. I was covered with sores and ulcers from head to foot, and no language could express my feelings of woe during those long years. I had the best medical treatment. Several physicians successively treated me, but all to no purpose. The mercury and potash seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. We got two bottles, and I felt hope again revive in my breast—hope for health and happiness again. I improved from the start, and a complete and perfect cure was the result. S. S. S. is the only blood remedy which reaches desperate cases.

Mrs. T. W. Lee, Montgomery, Ala.

Of the many blood remedies, S. S. S. is the only one which can reach deep-seated, violent cases. It never fails to cure perfectly and permanently the most desperate cases which are beyond the reach of other remedies.

S. S. S. For The Blood

is PURELY VEGETABLE, and is the only blood remedy guaranteed to contain no mercury, potash, or other mineral.

THE NEWS CONDENSED.

Lieut. B. H. Cockett, Co. C, 35th Michigan, and Miss Florence Palmeter were married at Decatur.

Under Sheriff Eberstein arrived at Kalamazoo from Chicago with George Wagner, arrested for the Richland bank robbery.

An electric car filled with passengers was struck by a Delaware & Hudson railroad train at Cohoes, N. Y., and 18 of the 35 passengers were killed outright, while 10 of the remainder will die of their injuries.

The conduct of the American troops at Manila is admirable. The town since their occupation has been wonderfully free from disturbance. Maj.-Gen. Greene has been ordered to return to Washington and sailed with Maj.-Gen. Merritt.

Camp Wikoff is to be investigated. Before the arrival of Gen. Shafter Gen. Wheeler ordered Gen. Adelbert Ames to conduct an investigation. He is given almost autocratic powers. Gen. Wheeler has ordered him to get at the bottom of all the things which have been complained of.

Aguinaldo, the Philippine insurgent leader, has issued a memorial addressed to all foreign powers, asking the recognition of the independence of the Philippine republic, or, failing in that, to grant the Filipinos belligerent rights. The United States are not mentioned in the memorial.

Orders have been received directing Admiral Cervera to make the arrangements to proceed with his officers and men back to Spain immediately, in accordance with the instructions issued by the Spanish minister of marine. The officers were very enthusiastic when they received the news.

Col. Ray, commanding the American force at Guantanamo, reported to Gen. Lawton at Santiago that yellow fever, malaria and dysentery threatened to wipe out the Spanish and Cuban population there and in surrounding towns unless checked. Gen. Lawton sent 100,000 rations and other supplies to relieve the distress as much as possible.

Rear Admiral Schley and Gen. Wm. W. Gordon, U. S. commissioners to settle the conditions for the Spanish evacuation of Porto Rico, sailed for San Juan on board the steamer Seneca. The third member of the commission, Maj.-Gen. John M. Brooke, U. S. army, is at present in Porto Rico. Admiral Schley's flagship at San Juan will be the cruiser New Orleans.

The supervisors of Presque Isle county have decided to carry to the supreme court the case to decide the validity of the \$100,000 bonds issued by the county in 1885 to take up the bonds which had been issued at the time the county was organized. The commissioners contend that the bonds were not a legal issue, and the county wants to get out of paying them.

Maj.-Gen. Miles sailed from Ponce, Porto Rico, on the transport Ogdan, 4,600 infantry, cavalry and artillery, bound for New York. The division is under Maj.-Gen. Wilson, with Brig.-Gens. Schwan, Haines and Garretson, all of whom participated in the engagements in Porto Rico. About 12,000 American troops still remain on the island.

Secretary Alger refuses to reply to the alleged interviews with Gen. Miles which have been published throughout the country and which are in the nature of an attack on the secretary. The latter says he does not believe Gen. Miles would so far forget himself as to criticize his superiors in that manner and he will then ask an explanation.

Less than a third of the members of the 71st New York regiment who marched to the war marched back in the home coming. Just 1,443 marched away; 331 marched back, in addition to a few men on furlough. Most of the others are in various hospitals. The reception to the 71st on New York streets was a magnificent tribute to the boys. Over 250,000 people turned out to greet them.

Commenting upon the attacks being made through the newspapers upon him and his department Secretary of War Alger says he is absolutely indifferent to newspaper talk. He says, however, that the charges of neglect and abuses in the various branches of the war department will be investigated upon request of Surgeon-General Sternberg, Quartermaster-General Ludington and Commissary-General Eagan. The secretary says these officers have been grossly maligned by the press and should be vindicated. The management of the various camps will be thoroughly investigated.

Senor Sagasta, the Spanish premier, says the government will repress the discussion of war topics in the cortes. The government will submit a bill authorizing peace negotiations, and a measure for the suspension of the constitutional guarantees. Diplomatic negotiations are now being carried on, and a debate on war and peace might be provocative of undesirable complications. Peace is not signed; Spain is still at war with the U. S. The two nations have merely suspended hostilities to negotiate a peace. These negotiations may be unsuccessful, in which case hostilities will be recommenced.

Wanda von Speno Bodenback, claiming to be the niece of Christina, queen regent of Spain, the baroness and viscountess of Spierenbergh, Austria, and possible heir to the throne and sole heir to a fortune of 20,000,000 francs, died of starvation in New York. She was only 18 years old. She ran away from home with a handsome young man, a member of one of the royal families of Russia. In this city her lover deserted her. Not understanding English and unable to make a living she slowly starved. She was found on the street by Baron de Lange, of Austria, but too late to save her life.

BONDS OF SYMPATHY

Women tell Mrs. Pinkham the whole truth about themselves and that is the reason she is able to help them.

Nearly every woman suffers or has suffered from some trouble of the delicate organism that makes her a woman. The gratitude of those who have been relieved of backache, racking pains or serious displacement, is boundless.

From grateful women everywhere come to Mrs. Pinkham most earnest words of thankfulness for vanished pain and restored health.

Many women have wasted years in almost constant agony, spent money freely in treatment and travel, and finally learning of Mrs. Pinkham's great knowledge, have written to her and secured without cost advice that helped them back to health.

In this way there is formed a bond of sympathy with an ever-widening circle.

Wherever women meet, they talk about the great virtue of Lydia E. Pinkham's Vegetable Compound.

Mrs. WEEDEN Says, "Mrs. Pinkham Saved My Life."

DEAR MRS. PINKHAM:—When I wrote to you two or three months ago about my poor health, I was completely discouraged. I had tried different kinds of medicine, and had been to a number of doctors, but could get no relief. A friend of mine advised me to write to you, and I did so. I had a great deal of trouble with my stomach, could not eat hardly any solid food, and even broths distressed me. I was growing poor and losing strength every day. I was so weak that I could hardly sit up, and was very nervous and downhearted. Had backache and headache most of the time, also falling of the womb, tremblings, spells and dizziness. After receiving your letter, I began taking your Vegetable Compound, Blood Purifier and Liver Pills. I had taken them but a few days before I began to feel better, and have been gaining very fast ever since. I shall advise all my friends who are sick to write to you. I thank you for what you have done for me. You have certainly saved my life and may Heaven bless you.—Mrs. CHARLES D. WEEDEN, Bridgewater Corners, Vt.

Perfect reliance on the sacredness of the confidential relations with Mrs. Pinkham, coupled with the feeling that they are telling their story to a woman, leads women to tell to her the whole truth, thus enabling her to give most intelligent counsel. Mrs. Pinkham's address is Lynn, Mass. A woman best understands a woman's ills.

LEGISLATIVE TICKET.

For Senator, Tenth District

HON. E. P. ALLEN—Ypsilanti.

For Representative, First District

GEORGE S. WHEELER—Salem.

For Representative, Second District

A. J. WATERS—Manchester.

This legislative district consisting of the northern half of Washtenaw County has more at stake and is more widely known, because of its containing the University of Michigan, than any other district in the United States. It behooves the people of this district, therefore, to elect the ablest man who can be persuaded to accept the office to represent it in the state Legislature. Too often in the past has this district been unworthily represented. The district will not make a mistake if it re-nominates Hon. A. J. Sawyer for this important office. He is by far the best fitted of any one who can be induced to accept the honor.

We have no doubt that many who have been persuaded to favor Canfield's nomination for Sheriff are not aware that Mr. Canfield is the merest tool of Judsons, that when Judson has ordered him to act in open violation of the law, he has had no hesitation in obeying such orders. That he has done this is not a matter of any one's opinion but is a matter of court record. It is generally believed, and doubtless upon the best of grounds, that if Canfield were nominated and elected, if there were any possibility of his election, he would be but a mere figurehead in the office, while Judson would be sheriff in fact. The people of Washtenaw do not want and will not have any more of Judsonism in this county.

The report has been spread over the state that the boys of the 31st Mich. Vols. are willing to remain in the service and do garrison duty if they are wanted. A private letter from one of the boys who went from Ann Arbor assures THE REGISTER that this is not true. The boys enlisted to help drive the Spaniards out of Cuba. That has practically been accomplished. They now want to return home and nobody can blame them. The writer asserts that the opinion prevails at the camp that purely mercenary motives account for the spread of the stories about their desiring to stay and do garrison duty. He says that Col. Gardiner, for example, when the 31st is mustered out, would return to the rank of captain in the regular army at \$100 per month less than he receives now as colonel of the 31st Mich. Vols. This may explain a whole lot.

FRANK JONES, A. J. Sawyer, A. R. Peterson, D. W. Springer, H. S. Dean, P. S. Banfield, A. J. Kyer, Wm. C. Stevens and one or two others were seen to file up into Dr. Darling's office last evening. It was a couple of hours before they made their departure. The Times was not invited into the conference, but if we were allowed a guess we would say that the meeting did not discuss the paving question or the war in Cuba. THE REGISTER, which does not approve of mysterious meetings, will probably have a full account of the deliberations of the assembly.—Times.

Possibly the reason these men went to a doctor's office was because they, as Republicans, thought the party was sick with an attack of nausea—too much Judson—and they desired to consult with Dr. Darling as to how it could be remedied. The doctor is the right man to give advice on this subject.

BECAUSE of an accident to an electric motor the press work on THE REGISTER was slightly delayed this week. This will account for its reaching its readers a little late, much to our regret.

It is rumored that Canfield is having difficulty in finding a man to place his name in nomination for sheriff next Wednesday. THE REGISTER would suggest that the rules be suspended for the occasion and Prof. Elias Findlay Johnson of the law department perform that little duty. A law teacher nominating a law breaker to execute the law would certainly be lawful—and very appropriate.

THE Ann Arbor Register of last week gives Judge Newkirk a "swat" for daring to correct a statement of THE REGISTER. The Register has been making a desperate effort to identify the judge with the Judson faction. Bad luck to the republican who dares to take issue with the mighty Moran. Between the loss of a "fat take" as field secretary of the Republican club and a failing off in the probate printing, Moran's temper seems to be getting no better fast.—Dexter Leader.

The above deliverance by Bro. Thompson is interesting. There is a difference between "correcting" a statement and "denying" it. The latter is what the judge really did about our statement for which we had the best of authority.

Then, Bro. Thompson, you are "way off" about THE REGISTER trying to "identify the judge with the Judson faction." We merely mentioned the facts in the case. It is the judge himself who does the "identifying" with the Judson faction. THE REGISTER simply kept within the province of journalism and gave the news. If the judge is ashamed of his company, he should get out. That's all we want of anybody. We do not want anybody to be a Moran man. We merely want people to get out of the Judson ring so that there will not be any ring left in the Republican party. That's all.

Then, too, Bro. Thompson, your reference to a "fat take" is pretty good. A position with a salary of \$256 with a cash expense connected of not less than \$250 must be a juicy "take" indeed. If you call that a "fat take" Bro. Thompson, people will think that the income with which you are familiar is desperately small. In regard to the cutting off of probate printing THE REGISTER does kick and is in a position to make that kick effective.

A REPUBLICAN was heard to say last week that THE REGISTER was partly to blame for the state of affairs in the Republican party to-day. Let us see. Ex-Boss Judson was elected by nearly eight hundred majority four years ago. His conduct as an official at once started him on the down grade. His speed in that direction kept constantly increasing until at the end of two years he was reelected, after a bitter fight, by only about 40 majority. His course on the down grade has never for a moment slackened its constantly increasing momentum. Anybody with just a little bit of political acuteness will admit that he has lost during the last two years, either for himself or any of his tools, twice as much ground as he did during the first term of office. This would land the party with fully fifteen hundred less than a majority at the next election if Judson continues to run the party. THE REGISTER foresaw this and set about to rid the party of bossism. If it succeeds there is a fair chance of success for the Republican party this fall. If it does not succeed we are certain to be overwhelmingly defeated at the polls. This has been a foregone conclusion for the past two years. The fact that THE REGISTER fight against bossism has practically downed ring rule and made success possible does not warrant its being condemned for the present state of affairs in the party today.

WITHDRAWS FROM THE RACE.

Chas. Gauntlett, of Milan, Will Not Make the Run for the Clerkship Nomination.

Under date of September 2, THE REGISTER received the following note from Mr. Charles Gauntlett, of Milan, whose name has been prominently mentioned as a candidate for the Republican nomination as County Clerk.

Editor of THE REGISTER:
On account of my business needing undivided attention and in justice to the party I withdraw as candidate for County Clerk. Very respectfully,
CHAS. GAUNTLETT.

Had Mr. Gauntlett seen fit to remain in the race he no doubt would have had a strong support. He is a hard worker for the party and is deserving of recognition. Just where Mr. Gauntlett's strength will go in the convention remains to be seen.

G. A. R. National Encampment Special Excursion Rates.

The Michigan Central railroad company will sell round trip tickets to the G. A. R. National Encampment at Cincinnati, September 5 to 10 for only \$5.25 for Round Trip.

THE TURN OF LIFE.

Owing to modern methods of living, not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

Those dreadful hot flashes, sending the blood surging to the heart until it seems ready to burst, and the faint feeling that follows, sometimes with chills, as if the heart were going to stop for good, are symptoms of a dangerous

nervous trouble. The nerves are crying out for assistance. The cry should be heeded in time. Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life.

Mrs. DELLA WATSON, 524 West 5th St., Cincinnati, Ohio, says:

"I have been using Lydia E. Pinkham's Vegetable Compound for some time during the change of life and it has been a saviour of life unto me. I can cheerfully recommend it to all women, and I know it will give permanent relief. I would be glad to relate my experience to any sufferer."

Lydia E. Pinkham's Vegetable Compound is a perfect remedy for all the troubles of woman's system at this trying period of her life.

The Ann Arbor Register and Courier favor the renomination of A. J. Sawyer for the legislature. Glad of it. Big-hearted, broad-minded, brainy man with good knowledge of law, good sound sense to back it, and good judgement on all matters except politics. Here he is "way off," and must be blacklisted by the Press. But if the silver Democrat named against him must be beaten let us have a Republican of Sawyer's equipment and ability. If Pingree don't like it let Sawyer's friends black Pingree's eye and ask no favors. May as well show your teeth and defend your rights as to shrink away and give up to the gang.—Adrian Press.

FARMER'S PICNIC.

and a good one, was served for 25 cents by the ladies of the Methodist church at the Lake. The day though unusually hot and dusty was thoroughly enjoyed by all present unless it was found uncomfortable by some of the numerous politicians who failed to receive the encouragement they desired. The numerous stands of all kinds, some of which were of a gambling nature, did a thriving business. The one saloon of the Lake led off in the role of prosperity. In the evening dances were the order at both the hotels, and were well patronized. Upon the whole the day seemed to be thoroughly enjoyed by all who attended.

PICNIC NOTES.

Among the stories constituting Prof. Wenley's talk he managed to work in a hot roast on the Washtenaw Times "Stroller."

Prof. Hinsdale assured the farmers that such occasions were of great value in overcoming the terrible monotony of farm life which caused so many farmer's wives to become insane.

The one saloon at Whitmore was the best patronized establishment at the Lake last Saturday.

During Captain Allen's talk the wind, which had made it difficult for the speakers to be heard, suddenly subsided. This led the captain to remark that "wind" always ceased when he began to talk.

One would have to shut his eyes, if he wished to turn around and not see a deputy sheriff.

Although Whitmore Lake and vicinity bristled with deputy sheriffs last Saturday there was a noticeable scarcity of them when a drunken bully caught a slender stripling and held him with one arm while he made sausage meat of the fellow's face with the other.—The deputies were evidently attending to more important business.

A not inconsiderable part of the crowd at the picnic consisted of the genus politician. He was making the most of his opportunity.

A peculiar incident at the chicken pie dinner was the oversight of the ladies in failing to provide drinking water for their guests, a thing that was

Feared Insanity

Severe Pains in the Head Owing to Catarrhal Trouble

Invalid of Seven Years Cured by Hood's Sarsaparilla.

"I had a severe catarrhal trouble, and was under medical treatment in several places with little benefit, and at great expense. I became reduced in flesh, so I weighed only 96 pounds. I had such severe pains in my head that I feared I should become insane. I tried external remedies without obtaining relief. Finally I was inspired to give Hood's Sarsaparilla a trial, and I am very grateful to the proprietors of this wonderful medicine. I have taken seven bottles and it has cured me, after I had been an invalid for seven years. I have gained 28 pounds in flesh, and my friends are surprised at the improvement in my condition." in great demand in the heat and dust. The writer succeeded in quenching his thirst by persuading one of the lady waiters to get him a glass of lake water in an empty sugar bowl.

The insinuation that was heard at the chicken pie dinner that the failure to provide drinking water was due to an understanding with the saloon keeper at the Lake was a vile slander upon the good people who got up the excellent dinner.

Dewey Had No English Gunners.

The United States government is prepared to answer the inquiry of the British Government as to the truth of the statement made by Mr. Cunningham-Graham, a former member of Parliament of eccentric reputation that the gunners of Dewey's ships in Manila Bay were British seamen, bribed to leave her Majesty's service. Mr. Cunningham-Graham said that 100 pounds a month was offered to each of these gunners for his services, and that through their presence on the American warships, Dewey's victory was made possible. Nobody here believed that the British government would pay any attention to Mr. Cunningham-Graham's demand for an investigation, but since London press despatches say that the inquiry will be made, the Navy Department has prepared a statement on the subject. The statement, which was completed from the muster rolls of Dewey's squadron, covering the date of the engagement with the Spanish fleet, shows that of the 1,445 men on the American ships only 67 were alien, and of these only 8 were British subjects. Four of the Britishers were on the Olympia and four on the Raleigh. Not one of the eight is a gunner. They were ordinary seamen, a carpenter's mate, a coal passer, and a water tender. Thirty-one of the 67 aliens were Chinese mess attendants and cooks. These 31 are the men in whose behalf Admiral Dewey has recommended a special provision of law to enable them to become American citizens.

ing further service, and their desire or willingness to do garrison duty. The impression is abroad among them that the officers do not reflect the feelings of the men in this regard—that if this action were not taken, that an appeal by the President to them might result in a misconception of facts—perhaps unintentional because there has been a widening of the abyss separating the commissioned officers from their men, since they have become U. S. troops, and a consequent lessening of their powers of observing the temper of their men. The petition already widely published finds its own justification. It being in the nature of a protest against putting them on garrison duty, since the avowed purpose of their enlistment has been accomplished, and they do not feel that it is a retreat from the lofty patriotic sentiments that prompted its members to enlist and do their menial duties here.

The expression of the men, in spite of their drudgery exacted at the Park has been remarkable, also in the fact that they had by right of mobilization perfect equipment and conceded excellent personnel—a right to have been honored by being selected to go to the front, yet no protest has been made for fear that it might be construed and falsified into a position of disloyalty to duty. It cannot be denied that the moral force of the regiment has been dissipated by the allopathic doses of out-house excavating, landscape scraping and stone lugging until even drill was a thing it was a virtue to escape. But they most earnestly desire their motives for the drawing and signing of this most peculiar instrument to be understood. They feel that those who desire to get out of service ought to be permitted to state this fact if their opinion is wanted, as they are convinced it is, and they have fallen back upon the prerogative of every enfranchised citizen of this Republic—a right assured and made sacred by the constitution—the right of petition to express it. But martial law is a stern and relentless rule of action, and perhaps forbids this right to men willing to lay down their lives, give up their homes and the ambitions of life while it grants it to the felon convicted of murder awaiting to pay the penalty of his wrong doing. Those of the men who have occupied positions that would fit them to answer this problem have said that martial law merely regulates and prescribes the *Mocis Operandi* of a petition of the Army of the Republic, and merely refuses to the enlisted man the right to petition the Secretary of War directly, but not the petitioning of the legislative representative, and this advice was followed.

Q. U. ACKER.

LIFE AT CAMP POLAND.

Continued from page one.

airy pajamas. The hospital is fortunately situated on the high ground overlooking camp. From their cots the inmates can see the grand panorama spread out before them, and just the sight of the green grass and foliage-covered mountains is healing after their former condition at the park, where all they could see was the jollity of the canteen on one side and the musical mule corral on the other.

Michigan men are way above par in the estimation of our hosts of Knox-ville, and the press of that city continues to embarrass us with compliments in regard to the high standing the personnel of the men, and their gentlemanly behavior. Often a citizen will introduce one of the boys into his home and such unprecedented hospitality overwhelms the boys with gratitude, and an unwritten law of this regiment constrains the reckless from the slightest abuse of that hospitality. We have certainly struck the zone of beautiful women—a creature but dreamed of in our four months' exile at Chick-a-mud-ville—and if this "secret" becomes known, I fear many pangs to the Northern lasses, no less beautiful, but farther away.

Yesterday all that wanted them were granted passes to attend church in the city, and many accepted the privilege. But very peculiar were the feelings of the boys in blue shirts with split bandana neckties that distinguish the Red Necks of Michigan, as they looked upon the well dressed congregation, and compared their homely attire with the civilian "best," and the elegant surroundings. But I doubt if it caused more than a momentary embarrassment. All day the Park was crowded with visitors who came on foot or in rich carriages, to welcome the boys, and to bring flowers or more substantial comforts to the sick and to witness the novel view of a camp of "Northerners." The event of the day was the dress parade viewed by about 3,000 people who were loud in their applause and appreciation as the troops swept by in review with lines as perfect as it is possible to be and much better than at the grand review at Chickamauga, showing the pride the regiment takes in living up to the reputation that has been forced upon it here.

The city is the Mecca toward which all the "busted" yearn and gaze, and those lucky in a few coins go. The business portion with its newly built shops, looks more like a Northern city with but a slight drawl which all cities here possess. Upon the hills cluster the magnificent homes of the prosperous, and but few portions of the city show dwellings of meaner classes. Still, here as elsewhere through the south, we see clearly marked the division between the two classes, wealthy and poor—the ignorant whites and the cultured whites, but the kindness of all is beyond question.

One thing about camp that startles the boys is the solid permanent appearance of its improvements. The wooden canteen, store houses, etc., have taken the place of the temporary canvas tents fulfilling similar purposes at Chickamauga, and this lends fears to their hopes of being mustered out immediately. It is true that the boys feel well satisfied with their surroundings, if it were necessary to remain in the service, but that necessity they fail to perceive. Still if we are kept here those at home may feel that we are in a most healthful place and among most congenial surroundings, dissipating all worry on that score.

Mr. Rhinehart and family and Mr. Arthur Lutz of Ypsilanti spent Sunday with Jacob Lutz and family of this place.

MILAN.

A sad home coming Tuesday a. m. was that of Mr. Roscoe Allen with the remains of his son Clayton L. Allen who belonged to 34 Michigan Volunteers, Co. E. He died of exhaustion after reaching New York. His parents are heartbroken over his death. The remains were met by a large concourse of people who extend their sympathy to the mourning family. Funeral services were held Tuesday at the home, Rev. F. O. Jones officiating. The remains were interred in Maple Grove Cemetery.

The grave was beautifully lined with flowers by loving friends.

Sunday Sept. 4th, is a day that will long be remembered by the hero of the hour—Mr. Wm. Luxton who was one of the brave 18 who volunteered to go forth and draw the fire of the Spanish Battery at Santiago de Cuba—As he stepped from the train, Sunday, p. m. he was greeted by nearly 5000 persons from several hundred people who wished to honor him and his bravery in an appropriate manner. He was escorted to a beautifully decorated carriage drawn by a fine team wearing national colors. The carriage contained Dr. Luxton and family and the Milan Hero Will. The band leading was followed by several hundred people who escorted the party to their residence on Marvin street and left them with cheers and congratulations for the safe arrival of their brave boy.

A FAMILY FAILING.

The struggle with Heredity.

The Right Side of the Color Line.

To heredity, the transmission of traits from sire to son, we owe most of the possibilities of growth and development. If each newly born being started out at once without the force of heredity the level of life might be expected to be that of the digger Indian or Bushman. Naturally bad traits descend like the good. Peculiarities of feature, eccentricities of speech and manner, birth marks, etc., are handed down just as surely as manual dexterity, physical beauty, mathematical ability, and the mental and moral qualities in general. A curious example of this descent of family traits is furnished by Mrs. Maggie Pickett, Canton, Ga., in whose family gray hair was hereditary. She writes:

"Gray hair is hereditary in our family. As long as I can recollect, my mother's hair has been gray. About twelve years ago, my hair began to show signs of turning. I resolved to try Ayer's Hair Vigor, and after using it only a few times my hair was restored to its natural color. I still use this dressing occasionally, a bottle lasting me quite a while; and though over forty years of age, my hair retains its youthful color and fullness. To all who have faded hair, I would heartily recommend Dr. Ayer's Hair Vigor."—Mrs. MAGGIE PICKETT, Canton, Ga.

There is no shame in gray hair, but there

IN MEMORY OF MRS. ARTHUR COVERT.

Eliza Ann Galpin Covert, wife of Arthur Covert of Superior began life just 65 years ago last Wed. Sept. 1, and passed away Aug. 31, 1898. Born in the home of an early settler, she early learned the hardships of pioneer life; for she was born less than a mile from the place of her death, and all these years she has watched the growth and development of her native township. She, herself, has not been inactive in the changes taking place. She was an aggressive woman, and one who was always ready with word and deed to make the world better. At the age of 20 years she became the bride of Arthur Covert and by him became the mother of three sons, Freeman G. Covert, a farmer of Superior, Couley B. Covert deceased, and Arthur H. Covert principal of the Schoolcraft, Mich. schools. She became a member of the Dixboro M. E. church in Feb. 1872 and from that time to the end of life remained an active progressive member of the same. Although quiet and modest, she was a woman of influence. To know her was to know a Christian. To be intimate with her was to possess the friendship of a noble woman. Besides a large circle of friends, she leaves a husband, two sons, six grandchildren, and one brother, Freeman P. Galpin, the only surviving member of the family. It is said of her, that she was a faithful wife, a precious mother, a kind friend, a good woman.

Her death resulted from heart disease, and a broken limb. The funeral was held Sept. 1st from the house which had been for the last 32 years her home. A large concourse of people were present, and after the services, conducted by her pastor, Rev. Howard A. Field, her body was laid to rest in Maple Hill Cemetery, Ann Arbor.

IN MEMORY OF PHOEBE A. WHELOCK.

Phoebe A. Wheelock, the only child of Robert T. and Mary J. Wheelock, was born Oct. 2, 1834 and died Sept. 4, 1898, on the farm settled by her father in 1826, in the same house where she was born and had always lived. The father died Sept. 28, 1848. Mrs. Wheelock survived him until Nov. 17, 1879. For seventeen years, the mother nearly helpless the greater part of the time, was the constant care of the daughter, who was always at her side, day and night, to minister to her wants. Always patient, never complaining, during these long years, she willingly denied herself the pleasures and comforts and fellowship of her youthful companions in order to be with, and minister to her mother. She gave her life for mother, and when mother was laid away, her life was given for others. Hers was a life of sacrifices. With always a good word for everyone, she never allowed the needy to be turned away empty. It could be well said of her, that her left hand knew not what her right hand doeth. Her friends were many and she leaves not a stain on her character. The funeral was held Wednesday, Sept. 7 from her late home.

Stands the Best Chance.

When every walk in life is crowded, the boy or girl who is best fitted stands the best show of success. The Detroit Museum Art School, Detroit, Mich., will give a good training to the artist or artisan. Write for particulars.

"About three years ago, my head became full of dandruff, which caused great annoyance; after a time the hair began falling out. The use of Dr. J. C. Ayer's Hair Vigor stopped the hair from falling out, and made the scalp clean and healthy."—Mrs. C. M. AYRES, Mount Airy, Ga.

Dr. Ayer's Hair Vigor is noted as a dressing. It is used every day by thousands whose chief claim to beauty rests on a beautiful hair. Send for Dr. Ayer's Curebook, a story of cures told by the cured. Free. Address the J. C. Ayer Co., Lowell, Mass.

FINALLY HEART TROUBLE.

Restored to Health by Dr. Miles' Nervine.

M. EDWARD HARDY, the jolly manager of Sheppard Co.'s great store at Braceville, Ill., writes: "I had never been sick a day in my life until 1890. I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I thought I was going to die. I became despondent and suffered untold agony. I could not eat, sleep nor rest, and it seemed as if I could not exist. At the end of six months I was reduced to but a shadow of myself, and at last my heart became affected and I was truly miserable. I took six or eight bottles of Dr. Miles' Nervine. It gave me relief from the start, and at last a cure, the greatest blessing of my life."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, **DR. MILES MEDICAL CO., Elkhart, Ind.**

Probate Order.

STATE OF MICHIGAN, ss.
COUNTY OF WASHTENAW, ss.
At a session of the Probate Court for the County of Washtenaw, holden at the Probate office in the City of Ann Arbor, on Wednesday, the 31st day of August, in the year one thousand eight hundred and ninety-eight.

Present, H. Wirt Newkirk, Judge of Probate.
In the Matter of the Estate of Sylvester C. Sober, deceased.
Reading and filing the petition, duly verified, of Fred J. Sober praying that a certain instrument now on file in this Court, purporting to be the last will and testament of said deceased may be admitted to probate and that administration of said estate may be granted to himself the executor in said will named or to some other suitable person.
Thereupon it is ordered, that Monday, the 26 day of September next, at 10 o'clock in the forenoon, be assigned for the hearing of said petition, and that the devisees, legatees, and heirs at law of said deceased, and all other persons interested in said estate, are required to appear at a session of said Court, then to be holden at the Probate Office in the City of Ann Arbor, in said County, and show cause, if any there be, why the prayer of the petitioner should not be granted. And it is further ordered, that said petitioner give notice to the persons interested in said estate, of the pendency of said petition, and the hearing thereof, by causing a copy of this Order to be published in THE ANN ARBOR REGISTER, a newspaper printed and circulating in said county, three successive weeks previous to said day of hearing.
H. WIRT NEWKIRK, Judge of Probate.

Died From Lack of Food and Medicine.

Col. Petermann, commanding the 34th Michigan volunteers, in relating the deeds of his boys before Santiago and reciting their sufferings from hunger and lack of medical care says: "The conditions under which the campaign was carried on were awful. During the first few weeks the men were only half fed. My regiment fared particularly hard, owing to the fact that in our forced march our baggage had to be left behind, and what little the men had was lost or thrown away. We slept on the bare ground, without shelter tents or any protection from the weather. The want of proper food and protection has undoubtedly been the cause of so much sickness. There seems to have been something wrong in the management of affairs. The medical department seems to have been unable to cope with the conditions; in fact, it seemed to be the poorest equipped department on the ground. Medicines could not be gotten for love nor money. In spite of the fact that our regimental surgeons were doing all that could be done, my men died for the want of proper medicine and food."

The President at Wikoff.

President McKinley spent five hours in Camp Wikoff, visiting the sick in the hospitals and inspecting the well in their cantonments. He made a speech to the assembled infantrymen. He reviewed the cavalrymen, expressed his opinion of the camp to the reporters and issued an order directing the regulars to return to their stations east of the Mississippi. With the President were Vice-President Hobart, Secretary of War Alger, Attorney-General Griggs, Senator Redfield Proctor, of Vermont; Brig-Gen. Eagan, commissary of the army; Brig-Gen. Ludington, quartermaster of the army.

HERE'S A HEALTH

TO THE KING

And A Lasting Peace.

This good old drinking toast brings to mind the chivalrous times when wine was drunk as commonly as coffee is at the present day; and of the two it is hard to say which is the most harmful. One "steals away the brains," and the other claims both liver and stomach for its victims. What say you to a beverage that will delight the taste, give strength to the body and make rich the blood? Such a beverage is **Golden Nectar**, a perfect substitute in taste and appearance for coffee. Science and nature two powerful elements, have combined to provide a beverage which is so perfect a substitute for coffee as to make it universally sought for where it has been offered for sale.

"Golden Nectar" is made from the grains of the fields, scientifically blended and treated; and when brewed has rich aroma and delightful taste of pure coffee, without the harmful results of the latter.

Ask your grocer for "Golden Nectar" the only perfect coffee substitute.

ONE VAST GOLD FIELD.

GOVERNOR BRADY ON ALASKA.

He Says Without Doubt Wonderful New Discoveries Will Be Made On American Soil.

Governor Brady says reports of gold discoveries are coming in from all parts of the territory. He expects to see magnificent fortunes made in Alaska in the next few years. But few know the perils of the Klondike. Fearful cold and exposure make throat, chest and lung troubles common and dangerous. Consumption lurks behind a cough; pneumonia back of a cold. The agonies of bronchitis, the pangs of pleurisy, the pains of la grippe, the anguish of asthma and the distress of lung fever are common in this region of snow and rains, floods and fogs, and fogs, and often they are swift and fatal. Every gold seeker should take with him a medicine that is quick and certain in its cure of these diseases. One has taken the lead in America, because for twenty-five years it has shown a wonderful power over these maladies. This supreme remedy is Dr. King's New Discovery. It's a life-saver wherever used. Thousands of deaths are yearly prevented because thousands of American families have always kept it in their homes. They would as soon be without flour or sugar in the house as without this medicine. It has cured people of consumption, bronchitis, pneumonia, la grippe and hemorrhage whom doctors had told must die. It stops the most obstinate coughs. It won't let a cold get a start. To prove how desperate a case it will cure we will show how it saved the life of Calvin Lockwood of Fowerville, Mich. He says: "Two years ago I was attacked with a severe cold which brought on the worst form of bronchitis. So bad was it that I entirely lost my speech. I tried all the best physicians here and at Lansing, but without avail. They all pronounced my case incurable. As a last resort I took Dr. King's New Discovery and greatly to my surprise I began to get better, and after using two bottles I have 'cheated the grave' and am sound and well. It is surely a life-saver." Dealers sell it at 50c and \$1.00 per bottle, refund the money if it don't benefit and give a trial bottle free to any sufferer.

MICHIGAN NEWS SUMMARY.

Doings of the Week Recorded in a Brief Style.

CONCISE AND INTERESTING.

The 33d and 34th Michigan Regiments Reach Home From Santiago and are Royally Welcomed—The 33d Ordered to be Mustered Out.

Return of Michigan's Soldier Heroes.

It was with hearts full of joy that the brave soldiers of the 33d and 34th Michigan volunteer regiments vacated the tents they had occupied at the detention camp at Montauk Point, L. I., after their arrival from the hardships of Santiago, and boarded the trains which were to start them on their journey home again. It was but a remnant of the gallant force which but a few months ago marched forth at their country's call. Some of those who left home in full health and with hearts thrilling with patriotism now sleep beneath the waving palms of Cuba's soil; a few have found their graves in the Atlantic's blue waves; others surrendered their souls to their Maker and their bodies have been sent to their former northern homes; but the largest number of those missing from the ranks lie in beds of pain in various hospitals in and around New York, while some having recovered enough to travel were permitted to come home and join their loved ones and receive the care of mothers, wives and sisters soon after arriving at Montauk.

The night before the boys started for home huge fires destroyed the last vestige of Cuban service. Blankets, uniforms and even handkerchiefs were burned. So when they were ready to take the train they were dressed in new uniforms. The first stage of the journey was from Montauk to Long Island City, thence by ferries to Weehawken where they boarded West Shore railroad trains for Detroit, via Albany and Buffalo. All the sleeping cars were provided that could be obtained and the boys made as comfortable as possible.

The 33d left Camp Wikoff with 725 men, and the 34th with 700. Scores of them were unfit to leave camp, but begged with sobs and tears that they be taken home. When the two regiments left Camp Wikoff the 33d had 80 sick in the hospital, and the 34th 40, but many more too weak to travel collapsed on the train between Montauk Point and Long Island City. At the latter place every preparation had been made for caring for the sick. The Red Cross temporary hospital, opposite the depot, had a large force of nurses and physicians in readiness and five or six tents were erected, to be used if the hospital became overcrowded. Ambulances were drawn up near the depot, and men with stretchers and wheel chairs stood ready to give aid. Although they were made as comfortable as possible on the journey, the suffering was terrible. When Long Island City was reached at last, late in the afternoon, and the trains began to unload, the men climbed and crawled from the cars, only to sink down on the platforms. Willing hands helped the weak and sick, and all who could dragged themselves on board the ferry boat that were to bear them nearer home. It was heartrending to see two gaunt, half-starved looking men totter down the platform, supporting between a weaker comrade, unable to stand. But there was hope in their eyes, for they were going home, and that one thing gave all a feverish strength. As the stretcher bearers came from the trains in long files, men and women who never had seen these men before, and never would see them again, perhaps, gave way to tears. Within 10 minutes the Red Cross temporary hospital was swamped, and the tents in the little park opposite the station were filled with sick and suffering men. The ambulances in waiting were soon filled and driven away, to return for more patriots as they could be moved.

One of the first men to be placed in a St. John's hospital ambulance was Geo. Allen, of Milan, Co. F, 34th. He was far gone in the last stages of quick consumption. "It's no use taking me to the hospital; I am dying," he whispered. And as the stretcher was placed in the ambulance the death rattle sounded in his throat, life passed from the body, and the corpse was removed and laid out on a blanket in the baggage room. Others were taken to the hospitals for whom there seemed not the slightest hope.

As the ferry boats carried the Michigan boys to the Jersey shore the wharves of New York and Brooklyn and the great Brooklyn bridge were crowded with cheering thousands and the whistles of the hundreds of river craft joined in a farewell greeting. H. S. Pingree, Jr., son of the governor, and the 16 nurses sent from Detroit to care for Michigan's sick, did splendid work in helping the weak and helpless, and seeing all who were able to travel safely on board the long special trains at Weehawken station.

The residence of L. E. Hawley, with contents, burned at Mason. Loss \$1,500. Fire destroyed the large heading mill of the Aetna Co. in Trenton. The volunteer fire department kept the flames from spreading to the business portion of the village. The total loss is estimated at \$10,000, and 75 men and boys are thrown out of employment.

Joe Kiser, of Lexington, Ky., was instantly killed by a train while attempting to cross the track, at Petoskey. He was riding a wheel and might have gotten across safely, but evidently lost his head when he saw the engine so close, for he threw up his hands and fell, the engine mangle him horribly.

Alonzo Potter, of Eaton township, Eaton county, took Paris green with suicidal intent. Potter, who is 67 years of age, had been drinking heavily and quarreled with his wife, who is a young girl.

Congressman S. W. Smith, of Pontiac is in receipt of a letter from Secretary of War Alger which states that the 35th Michigan volunteers will undoubtedly be sent out of the state, presumably to Porto Rico.

Surgeon-Major Andrew P. Biddle, 31st Michigan, has sent his resignation to the war department. Dr. Owen, of Ypsilanti, will succeed him and Dr. A. D. McLean, of Detroit, will be promoted to assistant surgeon.

Chas. Evans, Co. H, 34th Michigan, died in the detention hospital at Camp Wikoff, Montauk Point, and was buried before Col. Petormann was notified. The colonel at once had the remains disinterred, embalmed and sent home.

Of the Michigan boys who were too ill to be moved when the 33d and 34th regiments left Santiago the following have since died: George Briggs, Co. I, 34th regiment, pulmonary tuberculosis; Joseph Berry, Co. L, 34th regiment, typhoid fever.

Adelbert Pike, a highly respected farmer living west of Lapeer, was arrested on the charge of brutally horse-whipping Lydia Pearsall, a little girl 8 years of age, whom he had adopted. Two physicians who examined the little girl say her condition is critical.

Burglars broke the office of H. M. Olney & Co., at Hartford, and blew the outside doors off the safe. Then they evidently became discouraged and went away. Thousands of dollars in cash were inside, which they might have secured if they had persevered.

The remain of Charles Evans, Co. H, 33d Michigan, who died at Camp Wikoff, were in a terrible state when they reached Marquette en route for his home at Ironwood. The body had been shipped in a rough coffin, without being embalmed and had to be taken from the train at Marquette and be prepared.

On the day the 33d and 34th Michigan regiments left Camp Wikoff for their homes four Michigan men in the detention hospital went to that home where there will be no more disease and suffering. They were: Charles Genske, Co. D, 33d; Carleton Day, Co. H, 33d; Albert Bennie, Co. C, 34th; and Ray Pardee, Co. E, 34th.

Soldiers boys are faring well as politicians in St. Clair county. Capt. Walsh, Co. F, 33d Michigan has been nominated for prosecuting attorney by the Republicans and the Democrats would not put up a candidate against him. Frank Wellman, quartermaster-sergeant 33d Michigan, was nominated for county clerk by the Democrats.

Since the publication of Gov. Pinckney's views on the privilege the volunteers have in regard to expressing their opinions about doing garrison duty, each company of the 35th at Camp Eaton has had a petition drawn up and circulated and the claim is made that those in favor of mustering out are on the side of the majority. The petitions will be forwarded to Gov. Pinckney and he will be asked to intercede.

A large number of Michigan soldier boys convalescing from diseases contracted in the Santiago campaign, received furloughs upon arriving at Montauk Point and preceded their regiments to Detroit and thence to their homes throughout the state. All had the same pitiful story of privation and suffering, and the happiness of being home again was better told by the smiles on the pinched faces than words could express.

Michigan's death list in the war with Spain, on Sept. 1, was: Killed in battle, 2; died of wounds, 1; died of various diseases, mostly fevers, 93; total, 96.

HARD TO EXPLAIN.

If This Had Occurred Any Where Else Than in Ann Arbor There Might Be Grave Doubts About It.

If this were published anywhere else but in Ann Arbor that is, if the statement given below went the rounds of the press, readers in Boston or New Orleans would not believe it. In the very nature of things, men and women will not believe that a simple little pill would have any effect on humanity when the subject is in a serious condition. When it has the effect, when the party is a living witness, perhaps a neighbor, Ann Arbor people at least cannot possibly deny it—particularly so when investigation is courted. Now ask Mrs. Sarah Gray of 600 Kingsley street, and see if she will not corroborate personally what she says publicly.

Mrs. Gray says: "I have been troubled more or less with my kidneys for the past five years, but during the last two it assumed a much more aggravated and persistent form. There was extreme weakness and depressing pains through my loins and also pains in my shoulders, at times running down muscles of my limbs. I could not rest comfortably nights and at times felt so miserable that I could hardly get around. The kidney secretions became highly colored, variable and deposited quantities of brick dust sediment.

went to Eberbach & Son's drug store and got Doan's Kidney Pills. They relieved me very promptly and have been a source of great comfort to me. I could not be without them for anything. I have used many other kidney remedies but Doan's Kidney Pills are by far the best of all." Doan's Kidney Pills are for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N.Y., also agents for the United States. Remember the name Doan's and take no other.

THE SECRET OF BEAUTY.

In Ninety-Nine Cases Out of a Hundred It Lies in the Soap You Use.

For health's sake (and beauty is inseparable from health) "creap" or impure soap should be avoided.

It is not generally known that many persons come out of a bath less clean than before they entered the tub. Yet such is the case, and many soaps are so cheaply, carelessly, and filthily made, and contain so many acids and other injurious substances that after their use on the human skin the presence of the surface dirt they have removed would be preferable to the remains of the soap.

The acid in some soaps is so strong that the skin is burned, injured, or made rough before water can remove it, and some soaps are so rank that water won't wash away the deleterious substance.

But there is a soap that is not open to objections. It is Kellar's Tar Soap, which is absolutely pure, and made from vegetable oils and Southern pine tar.

It is for bath, hands and face. It removes dirt, and cleanses the skin, making it fair, transparent and free from blemish.

Price 15 cents. All druggists; take no substitute. If your druggist can't or won't supply you, enclose 15 cents in postage stamps to the sole manufacturers, The Kellar Tar Soap Company, Williamsport, Pa., and a cake will be mailed you post-paid. It is absolutely the best.

By the overturning of a sailboat on Ousego lake "Teeter" Creska, aged 18, and Allie Stott, aged 15, were drowned. There were eight people in the boat and the other six were rescued with difficulty. All were attending the Gaylord Baptist Sunday school picnic and the pastor, Rev. Fenner, was one of those rescued.

Orders have been received at Fort Brady, Sault Ste. Marie, directing the immediate evacuation of the post by the three companies of Pennsylvania volunteer infantry. The battalion will proceed to Middleton, Pa., and there join their regiment. The detachment of the same regiment at Fort Wayne, Detroit, has also left.

As the last of the 33d Michigan boys were being taken to the auxiliary cruiser Harvard for their trip north the lighter Laura with 630 Michigan boys on board, struck a rock in Santiago harbor and sank in 10 feet of water. No lives were lost but an exciting scramble occurred and many of the men fell into the water.

A gloomy letter has been received by Bay City parties from the Moore brothers, who left last fall for the Klondike. They arrived in Dawson July 12. On the 24th they wrote that the country has been lied about by every Canadian official interested. A more disappointed and despondent lot of men were never seen. Thousands are stranded without money, with very little provisions and no work. Out of the thousands of claims recorded in this vicinity, only about 80 are paying.

Gov. Pinckney's trip to Washington and his hobnobbing with Secretary Alger, Adjt. Gen. Corbin and other war department officials, to say nothing of his visit to President McKinley, is bearing fruit, not the least of which is the change in war department plan whereby the 35th Michigan regiment will remain in Uncle Sam's service and will be detailed to garrison duty. The governor also visited New York while on this trip and was the only governor to visit Admiral Sampson's fleet upon its arrival in New York harbor.

Mrs. Henry W. Bowering suicided at Jackson with morphine.

A little life may be sacrificed to a sudden attack of croup if you don't have Dr. Thomas' Electric Oil on hand for the emergency.

Destructive Blaze at Marlette.

Marlette experienced another heavy fire which started in the large lumber sheds of W. B. McGill, which was full of the finer grades of lumber. Before there was time to remove their contents, the houses of Alfred Scott, Albion McIntosh, and the blacksmith shop and house of Geo. Stephenson were all ablaze. Scott and McIntosh barely escaping. The fire was confined to the block and buildings on the opposite side of the streets were saved. George Stephenson was badly burned about the face and hands while trying to remove some of his property. The losses will foot up of \$25,000; insurance, \$13,800.

If the Baby is Cutting Teeth.

Be sure and use that old and well tried remedy, Mrs. Winslow's Soothing Syrup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

CANDY CATHARTIC

Cascarets

CURE CONSTIPATION

REGULATE THE LIVER

ALL DRUGGISTS.

GOLD BON-BON BOX FREE

ANY ONE who will mail the direction slip out of two 25c boxes to the manufacturer's address, **FREE**, a gold-plated, hand-silver, steel box like the one shown below, containing a beautiful specimen of this handsome present. It is especially suited for a lady's dressing table, as a handy and convenient receptacle for the ideal laxative, liver stimulant and intestinal tonic, CASCARETS Candy Cathartic.

YOU WILL BE DELIGHTED not only with the homeliness but with its contents. CASCARETS are so mild, so fragrant, so palatable, so pleasant, yet positive, in their action, that they form the only proper laxative for ladies, children and the household in general. Any one unable to obtain directions slips as above, by purchasing from their druggists, send 50c in stamps and receive a 25c box of CASCARETS with

FOR THE FAMILY. "I take pleasure in praising your valuable remedy CASCARETS, and my whole family received relief from the first small box we tried. I certainly cannot praise CASCARETS too highly, for they make and treat your children's ailments. Yours truly, Mrs. Wm. W. Jones, 1410 Grove Ave., McKeesport, Pa."

FOR CHILDREN. "I shall never be without CASCARETS. My children are always satisfied when I give them a box of CASCARETS, and they are the most pleasant medicine I have ever tried. They have a permanent place in my home." Mrs. JOHN FLAGLER, Box 60, Michigan City, Ind.

FOR PILES. "I suffered the tortures of the damned with prostrating hemorrhoids, on by constipation with which I was afflicted for twenty years. I ran across your CASCARETS in the town of Ansel, Ia., and never found anything to equal them. Today I am entirely free from piles and feel like a new man." C. H. KETZ, 141 Jones St., Sioux City, Ia.

FOR HEADACHE. "Both my wife and myself have been using CASCARETS, and they are the best medicine we have ever had in the house. Last week my wife was frantic with headache for two days, she tried some of your CASCARETS and they relieved the pain in her head almost immediately. We both recommend CASCARETS." CHAS. STEVENSON, Pittsburgh Safe & Deposit Co., Pittsburgh, Pa.

FOR BAD BREATH. "I have been using CASCARETS for some time, and I have benefited my daughter and I were bothered with bad stomach and bad breath was very bad. After taking a few doses of CASCARETS, my breath was sweetened. They are a great help in the family." WILLIAM N. WATSON, 127 Eldon House St., Cincinnati, Ohio.

FOR PIMPLES. "My wife had pimples on her face, but she has been taking CASCARETS, and they have cleared her skin. I have been taking the first CASCARETS I have had, and cannot speak too highly of CASCARETS." FRANK WATKINS, 241 Philadelphia, Pa.

FOR CONSTIPATION. "I have gone 14 days at a time without movement of the bowels. Chronic constipation for seven years plagued me, and in a desperate condition I did everything I heard of but never found any relief until I began using CASCARETS. I now have from one to three passages a day, and if I was rich I would give \$1000 for each movement of the bowels." Mrs. Russell St., Detroit, Mich.

FOR BILIOUSNESS. "I have used your valuable CASCARETS, and I feel them perfect. Couldn't do without them. I have used them for some time for indigestion and biliousness and am now completely cured. Recommend them to every one. Once tried you will never be without them in the family." ROW. A. MANN, Albany, N.Y.

FOR WORMS. "A tape worm eighteen feet long at last removed from my son. I am sure his mother had heard for the first three years. I am using CASCARETS, the only cathartic worthy of notice by sensible people." GEO. W. BOWMAN, Baird, Miss.

FOR DYSPEPSIA. "For six years I was a victim of dyspepsia in its worst form. I could eat nothing but milk toast, and at times my stomach would not retain and digest even that. Last March I began taking CASCARETS and since then I have steadily improved, until I am as well as I ever was in my life." DAVID H. MURPHY, Newark, O.

FOR LAZY LIVER. "I have been troubled a great deal with a torpid liver, which produces constipation. I found CASCARETS to be of great value for me, and secured such relief that I mailed that I purchased another supply, and was completely cured. I cannot say too highly of this remedy, and I would recommend it to every one who suffers from a lazy liver." 222 South Broadway, Philadelphia, Pa.

FOR BAD BLOOD. "CASCARETS do all claimed for them and are a truly wonderful medicine. I have often wished for a medicine so good as CASCARETS, and I have found it in CASCARETS. After taking CASCARETS, my blood is purified and my complexion has improved. I feel much better in every way." Mrs. SALLIE E. BARNES, Louisville, Tenn.

Health Officer Clark says that he does not think the city water contains that degree of danger to health that was reported by Dr. Corbusier. He says no cases of sickness such as would result from impure water have been reported to him, and if there were any present in the city they would be so reported.

The Thirty-first Michigan has earned the deserved title of being one of the best regiments in the volunteer service and the boys seem to appreciate the fact. Company A is composed, almost wholly of men of the University of Michigan, at Ann Arbor. They are thorough gentlemen.—Knoxville, Tenn. Times.

Among the officers elected by the Michigan Christian association last week are the following of this city: G.P. Coler, vice-president; W. M. Forrest, recording secretary; A.
