WHOLE NO. 1238.

## HARMONIOUS CONVENTION.

### A STRONG TICKET IN THE FIELD.

The Register Wins in Its Demand for the Overthrow of Ring Rule—Fight Was Made on Sheriffs—The Right Man Won—The Ticket Will Win.

The feeling that had been aroused about the Republican convention yesterday called out a full attendance of delegates. The idea that there would be a furious fight also attracted so many spectators that every foot of available space was occupied.

The convention was called to order at 11 a. m. by Chairman Butterfield who called Mr. A. F. Freeman, of Manchester, to act as temporary chairman.

## FRATERNITIES DEFENDED.

President Hutchins Answers The Voice Article—Says Fraternities Are Opposed to Drinking—Have no Liquor in Their Houses—Student Publications do Not Advertise Saloons.

Soon after the Voice article attacking the University, came out last Spring, L. R. Fritz, Sec. of the Young Men's Prohibition Club, of Blue Springs, Neb. wrote Pres. Angell protesting vigorously against the attitude of the University professors in such matters. President Angell being abroad, Acting Pres. Hutchins replied to the letter received from Mr. Fritz. Here is the reply:

Ann Arbor, June 18, 1898.

## A GREAT MAN GONE.

JUDGE THOMAS M. COOLEY PASSED AWAY MONDAY MORNING.

In The Death Of Judge Cooley Ann Arbor Loses Its Most Honored Citizen—Death Expected For Some Time—One Of The Great Jurists of The Age.

The people of Ann Arbor, although they have for some months been prepared for the news, were pained Monday morning to learn that Judge Cooley had passed away. The following interesting account of Judge Cooley appeared in Monday's Evening News:

Judge Cooley's falling mental vigor dates back from the time he was connected with the interstate commerce commission. It is said that every day he was doing as much work as three strong men. The strain was too much and vertiginous attacks came upon him. He was compelled by ill-health to resign from the commission. Finally the attacks culminated in senile paresis, and a little over a year ago he was taken to the sanitarium in Flint.

University circles, city and state were fully prepared for the news of his death, as it was given out a few weeks ago that it was only a matter of time. Faculty members look upon his death in a very philosophical manner, realizing, as they do, that there were no chances for his recovery. As one remarked: "Judge Cooley's death came very acceptably to him."

With Judge Cooley's death the country has probably lost its ablest exponent of constitutional law—a man whose opinions on that subject have taken on in the minds of students something in the nature of law itself. As judge, writer and teacher he was almost equally famous. Of all the great lawyers whom Michigan has produced, probably none was so well known, not only in the United States, but in every land where English is spoken.

Mr. Cooley sprang from that sturdy Yankee stock which has given the world so many noted men. He was born in 1824 at Attica, N. Y. His father was a farmer with a large family, and from an early age Thomas had to hustle for himself. At various times he supported himself by blacksmithing and school teaching. He commenced the study of law at Palmyra, N. Y., and soon afterwards started west, intending to settle in Chicago, but his funds gave out and he only got as far as Adrian, Mich., where, in 1846, he was admitted to the bar. About this time he married Mary Elizabeth Horton, daughter of David Horton, of Adrian. Her death, about seven years ago, nearly broke the judge's heart and apparently snapped the cords that bound him to life, so that his death became only a matter of time.

For two years Mr. Cooley was a partner of Judge C. A. Stacey, of Tecumseh, but he returned to Adrian and underwent a struggle for existence such as few young lawyers escape. He held several local offices, village recorder, circuit court commissioner and deputy county clerk. On the side he helped manage the large farm of his father-in-law and edited the Adrian Watchtower, a free soil democratic paper, run in the interests of Martin Van Buren.

In 1857 the legislature appointed him to the laborious task of compiling the general statutes of Michigan, then in chaotic confusion. In a year he had

## The Republican Party

### Holds a Convention.

Yesterday marked a turning point in Republican affairs in this county. An element of the party, one which yesterday proved itself in the majority, and which is in favor of giving the people an independent voice in party management, was in control, and, as a result, the convention placed in nomination one of the strongest county tickets ever selected by the party.

THE REGISTER, which has done what it could to bring about such a result, is entirely satisfied with the outcome. The convention demanded that every delegate be allowed to cast a secret ballot. This point gained and the result, a reunited party and an invincible ticket, was assured. This point gained, THE REGISTER and the thousands of stalwart Republicans in this county who have joined with it in an effort to secure the party's free and independent action, free from bossism and ring rule, are satisfied. It gladly, so far as this paper is concerned, leaves the matter in the hands of the party, hoping that it may never again be compelled to make such a fight in order to save the very existence of the Republican party in Washtenaw county.

Frank Creech, of Ypsilanti, was made secretary. The chairman then appointed the following committees:

#### ORDER OF BUSINESS.

Emory Leland, Northfield; R. S. Whallan, Dexter; A. A. Wood, Lodi; D. W. Springer, Ann Arbor; J. A. Wilbur, Superior.

#### CREDENTIALS.

S. S. Bibbins, Augusta; H. S. Holmes, Sylvan; H. W. Childs, Ypsilanti; A. Jackson, York; John Reno, Freedom.

#### RESOLUTIONS.

Archie Wilkinson, Sylvan; W. W. Wedemeyer, Ann Arbor; A. J. Waters, Manchester; Wm. Osbond, Ypsilanti; Arthur Lyon, Scio.

The tellers appointed were Ben. Kief, of Ypsilanti; Jas. A. Gilbert, of Sylvan; A. C. Schumacher, of Ann Arbor. The convention then adjourned until 2 p. m.

In the afternoon the reports of the various committees was made. While waiting for the report of the committee on credentials candidate H. C. Smith who happened in the city made a brief address in his most happy manner. In the reports of the various committees the main features were the change from the manner of voting adopted at the June convention. This insured a secret ballot and the anti-Judson people were satisfied. As a result but little effort was made to hold the six delegates from Ann Arbor Town and they were given to the other side. The committee on resolutions made a majority and a minority report. The former was adopted.

The work of the convention was then begun. The names of Wm. Eldert, Lester Canfield, Doty, J. W. Kingsley, G. W. McCormick and Z. Sweet were nominated for Sheriff. The first ballot stood Kingsley, 98; Canfield, 82; Sweet, 14; Doty, 14; McCormick, 17. On the second ballot, Kingsley received 106;

#### A PECULIAR ACCIDENT.

A Little Child Came Near Meeting a Sudden Death.

Last Friday morning a little child was severely injured near Sheldon by a D. Y. & A. A. car. The child, a mere baby of four years, was playing around the track and, becoming tired, lay down between the ties where the dirt had been washed out. The little thing fell asleep and was only awakened by the sound of the swiftly moving car. The baby raised its head and on the instant received a terrible blow from the car fender. Medical aid was at once summoned and it was found that the child still lived, although its condition is exceedingly precarious. Absolutely no blame attaches to the motorman or conductor. The child was very small and was completely hidden between the two ties where it lay. It was only when it raised its head that the trainmen saw it, and then the intervening distance was so short that it was absolutely impossible to prevent the accident. The company is doing everything in its power to alleviate the sufferings.—Times.

Mr. L. R. Fritz,  
My Dear Sir:—Yours of June 14 to President Angell has, in his absence, been referred to me. In reply I beg to say:

1. The reports to which you refer, in regard to the drinking habits of students connected with fraternities, are entirely without foundation. Undoubtedly some fraternity students drink, but their homes are not drinking places as has been asserted in some quarters. Liquors are not allowed in the house. There are house rules against the use of liquors on the premises.

2 Student publications do not advertise saloons.

3 Total abstinence is certainly encouraged on the part of the faculty, as promoting the moral character of students.

H. B. HUTCHINS,  
Acting President.

#### PROCLAMATION.

The melancholy duty has devolved on the mayor to announce to the citizens of Ann Arbor the death this morning, at his residence in this city, of one of the most distinguished men of

the nation—Hon. Thomas M. Cooley.

As professor in the University, Supreme court reporter, Chief Justice of Michigan, and chairman of the Federal Interstate Commerce Commission, he has made his home among us; and while his greatness has been shared by all people of the Union, his domicile has been the pride of Ann Arbor alone.

As a mark of respect to his memory, I recommend that the flags of the city be placed at half mast and that on Wednesday, Sept. 14, the day of the funeral, between the hours of 2 and 3 p. m., the business houses of the city close their doors and all of our citizens observe the sad occasion.

The Common Council of the city of

finished the compilation that has been accepted ever since. He was then appointed supreme court reporter, and it is declared on high authority that his eight volumes of reports were equal to any ever published.

In 1859 the young University of Michigan started a law department. Thom-

Respectfully submitted, E. L. SEYLER, City Treasurer, Ann Arbor, Sept. 1, 1898.

This certifies that E. L. Seyler, treasurer of the City of Ann Arbor, has to his credit in the Ann Arbor State Savings bank this day, the sum of nineteen thousand eight hundred and eighty four and sixty-seven one hundredths dollars (\$19,884.67).

W. J. BOOTH, Pres. Sept. 5, 1898. Hon. Common Council of the City of Ann Arbor.

Gentlemen: Pursuant to your resolution of August 15th, I communicated with the Ann Arbor Railroad relative to the opening of Ann Street across that company's right of way, and I herewith submit the reply to my communication.

Respectfully, O. E. BUTTERFIELD, City Attorney. Toledo, O., Aug. 16, 1898.

Dear Sir: I have your note of the 15th. inst. This Company will feel that its interests require it to oppose any further opening of streets in your city on the grade of its track.

We believe that at no distant date the sentiment of your people will require a separation of the grade of your streets and this company's rail. With this end in view we think it necessary that no more streets shall be opened on the grade of this Company's track except at such compensation to the Company as will cover the entire cost of any future separation of the street and the track.

I regret very much that I cannot take a view of your request which will be more agreeable to your citizens. Respectfully, H. W. MUNN, General Manager.

Ald. Cady moved to lay the subject on the table for two weeks. Adopted. Ann Arbor, Mich., Sept. 1, 1898.

To The Hon. Mayor and Members of the Common Council. Gentlemen:—Your Board of Health wishes to submit their monthly report which is as follows:

There have been sixteen deaths during the month from the following cases: Cholera infantum, 4; accidental, 2; organic disease of the heart, 2; fatty degeneration of the heart, 1; cholera morbus, 1; croup pneumonia, 1; peritonitis, 1; apoplexy, 1; old age, 1; cancer, 1; tuberculosis, 1.

It will be noticed that there are no contagious diseases, excepting tuberculosis, mentioned. There have been 34 inspections made this month and nearly all of such nuisances have been abated. Your board has held three regular and four special meetings during the month.

ELI W. MOORE, President. H. B. DODSLEY, Inspector. ERNEST A. CLARK, Health Officer. Received and ordered filed.

OFFICE OF THE CITY ASSESSOR. City of Ann Arbor, ss. County of Washtenaw, ss.

To the Honorable, the Common Council of the City of Ann Arbor: This is to certify, and I do hereby certify that the foregoing is the assessment roll of Pavement District Number 1 of the City of Ann Arbor; that I have set down in such assessment roll all of the lands, lots and parts of lots situate in Pavement District Number 1 liable to be taxed and on account of the cost and expense of the construction of such pavement, according to my best judgment, and that I have estimated, fixed and determined the foot frontage of each parcel thereof, according to the best of my ability.

Given under my hand this 2nd day of September, A. D. 1898. PATRICK O'HEARN, City Assessor.

City of Ann Arbor, ss. County of Washtenaw, ss. To the Honorable, the Common Council of the City of Ann Arbor: This is to certify, and I do hereby certify that the foregoing is the assessment roll of Pavement District Number 2 of the City of Ann Arbor; that I have set down in such assessment roll all of the lands, lots and parts of lots situate in Pavement District Number 2 liable to be taxed for and on account of the cost and expense of the construction of such pavement, according to my best judgment, and that I have estimated, fixed and determined the foot frontage of each parcel thereof, according to the best of my ability.

Given under my hand this 2nd day of September, A. D. 1898. PATRICK O'HEARN, City Assessor.

RESOLUTIONS. By Alderman Brown: Resolved, that Tuesday, Sept. 27th, 1898, at 9 o'clock a. m. at the Council Chamber be fixed as the time and place for the sitting of this Council as a Board of Review for the consideration of the special assessment roll of pavement districts Nos. 1 and 2 and that the notice of this time and place of such sitting be given by the publication in the Evening Times and the official newspapers of said city at least ten days before said date that on the above date, time and place above mentioned, the said Board of Review shall proceed without adjournment to review the said special assessment roll.

BACKACHE.

Mrs. Pinkham speaks earnestly to women suffering from this discouraging complaint.

Backache is one of the most common of woman's troubles and one of the most wearing. It is not an acute pain, but a most distressing, wearying sensation, making work almost impossible and indicating disease of the feminine organs.

A common mistake is to treat backache in women with local external applications, calling it "a little spinal irritation" or a "touch of rheumatism."

Do not be deceived; your backache means serious trouble for you unless the cause of it is removed. All uterine and ovarian difficulties are relieved by Lydia E. Pinkham's Vegetable Compound. Such relief progresses in almost every case to a complete cure. With relief of these troubles backache disappears.

Mrs. M. E. MULLER, 16 Franklin St., Providence, R. I., writes: DEAR MRS. PINKHAM:—I have been using Lydia E. Pinkham's Vegetable Compound for backache. The pain was something dreadful; at times I could not walk straight. Now I am all right and enjoy good health. I feel like a new woman. You do not know how thankful I am that I have got my health back, and I have you to thank for it. Your medicine is the best that I have ever used. I advise all ladies to try it, and I am sure it will give unbounded satisfaction. I will recommend it to every friend I have.

Miss LIZZIE KOELLA, 529 Tecumseh St., Toledo, Ohio, writes: DEAR MRS. PINKHAM:—I cannot praise your Vegetable Compound enough. For about a year I was sick with the backache. I could not work, could not sleep at night, and did not care to live. About two months ago I saw your advertisement in a paper, and thought I would try your Compound. To-day I feel like a new person. I am just enjoying health; never feel so good in my life. I have recommended your Vegetable Compound to many of my friends, who are now using it, and think it is just splendid.

A woman of experience in these matters understands women, and Mrs. Pinkham of Lynn, Mass., has a wider experience than any physician, male or female. She offers you her counsel free of charge, and it is a friendly, sympathetic counsel. No man sees your letter or its answer at any time, and to secure the best advice it is necessary that you should be perfectly frank, this you can be to one of your own sex.

EDITOR A. B. SMITH, of the Milan Leader, is a candidate for the Republican as Representative in the second Washtenaw district.

AFTER having the choice of men of intellectual standing like Thomas Barkworth, without doubt the foremost Democrat in Michigan, Willard Stearns, a man of brains, Mr. Beakes, of Ann Arbor, who has many amiable qualities, and L. H. Salisbury, of Adrian, a politician and statesman, the Democrats of the Second district selected Orrin R. Pierce, of Hudson, for their candidate for congress.

Lampas in a Horse.

The G. W. H. says that for the past seven or eight months there has been some trouble with his horse's mouth. When he eats, he holds his head on one side, as though he suffered pain. Filling his teeth did not help him, and there were no decayed teeth. In the fore part of his mouth, the gums extended beyond his teeth, and feel soft. There is, evidently, some tenderness about the mouth or jaws that interferes with mastication.

Arsenic Bad for Horses.

It is said to be quite a common practice in England for groomers and others who have charge of horses, to feed arsenic on the sly. Small doses of arsenic improve the appearance of the horse's coat, and many a lazy groom thinks that he can save labor by feeding this dangerous poison.

HARMONIOUS CONVENTION.

Continued from page one.

Canfield, 88; Doty, 12 and McCormick' 15. The third ballot settled the contest. It stood, Kingsley 126; Canfield, 97, Sweet, 1. For treasurer Mr. Braun defeated Mr. Sperry by a vote of 169 to 42 and Mr. Heinzmann defeated Glen Mills for clerk by a vote of 133 to 85.

Following this Gov. Pingree and Marcus Pulaski, of Detroit, appeared in the convention and were called on for brief speeches. The matter of electing delegates to the senatorial convention then came up. The presence of Pingree in the convention had put the delegates in a mood to vote for nobody but a Pingree man and the convention recommended Mr. A. F. Freeman, of Manchester, for senator.

Y. W. C. A.

The list of classes to be given in the rooms this winter is a very attractive one, and already quite a number have enrolled their names.

Thursday evening, Sept. 22 is to be in charge of the education committee and a pleasant time is expected. The teachers will be present to explain the work of their classes and a short program will be given. Young women whether intending to join a class or not, are invited. Come and bring another girl with you.

Sunday, Sept. 18 is to be Rally Sunday at the Y. W. C. A. rooms. The general Secretary will have charge of this meeting.

We would like applications for employment from several girls who know how to do good, plain cooking. Join the Current Topic Club.

The announcements of the various classes to be offered at the Young Women's Christian rooms this winter, may be obtained either of the secretary or of Miss Markham, at her place of business.

There will be clubs and classes which cannot but be of interest to the young women of Ann Arbor. The Current Topic Club, to be held in connection with the open Tuesday evening bids fair already to be a success under the leadership of Miss Sager. Two other new classes are offered—Arithmetic and a "Round the World" study.

The arithmetic class is one which ought to be taken advantage of. It will give simple, practical methods which should be familiar to every girl, but which every girl, even in common schools has not been able to receive as we hope to have it given.

The Round the World class will under the leadership of Miss Crippen, study in a very informal way to become familiar with the world in which we live and with books, pictures and maps expect to take many pleasant trips.

The Bible study classes will be announced later. We hope to make more of this branch than ever before.

Next Sunday there will be a Rally, meeting under the charge of the General Secretary. Subject? "The best thing this year."

Class Rally Thursday evening, Sept. 22. Come and bring another girl with you whether interested in the classes or not, come and learn about them. No admittance fee—all women welcome.

MRS. ELLA M'GARVY.

Writing to Mrs. Pinkham,

Says:—I have been using your Vegetable Compound and find that it does all that it is recommended to do. I have been a sufferer for the last four years with womb trouble, weak back and excretions. I was hardly able to do my household duties, and while about my work was so nervous that I was miserable. I had also given up in despair, when I was persuaded to try Lydia E. Pinkham's Vegetable Compound, and today, I am feeling like a new woman.—Mrs. ELLA M'GARVY, Neebe Road Station, Cincinnati, O.

Lydia E. Pinkham's Liver Pills work in unison with the Compound, and are a sure cure for constipation and sick-headache. Mrs. Pinkham's Sanative Wash is frequently found of great value for local application. Correspondence is freely solicited by the Lydia E. Pinkham Medicine Co., Lynn, Mass., and the strictest confidence assured. All druggists sell the Pinkham's remedies. The Vegetable Compound in three forms—Liquid, Pills, and Lozenges.

ARMYSEARCHLIGHTS

THE PRACTICAL USE OF ELECTRICITY ON THE BATTLEFIELD.

Movable Searchlights That Can Be Used in Collecting the Dead or in Protecting a Reconnaissance Party, Also in Directing the Aim of Heavy Guns.

It is proposed to take into Cuba movable searchlights of great power. The War Department has detailed plans of such equipment and appended description furnished by specialists who have made a study of possibilities of electrical projectors and other applications of electricity upon the battlefield.

Electric searchlights for such purposes can be made to throw light as far as nine miles. These will be used for gathering the dead and wounded left on the battlefields at night and for many other purposes. The ground in front of a party sent out for reconnaissance can be kept well lighted by night without betraying their positions to the Spaniards. One of the men in advance of the exploring column may facilitate this and guide the manipulators of the light by carrying a lantern masked on the side of the enemy. By throwing one of these pencils of daylight upon the roads from which a Spanish advance guard is expected, the latter's movements would be seriously hampered and they would doubtless turn back if discovered before coming in range. Our troops will be always fearful of surprise attacks in the early morning, and attempts of this kind might thus be easily frustrated.

These portable searchlights will also be of great value for directing the aim of the heavy guns by night, the points to be fired upon being first pointed out by the projected flame. By such devices it will also be an easy matter to prevent the Spaniards from making repairs on their fortifications by night, when such repairs are usually attempted. As fast as the beginning of a new fortification would appear it could be destroyed as readily as in the daylight. Of course, it would be useless to build a fortification under a shower of projectiles.

To assist in the extensive electrical work to be accomplished in Cuba the War Department has mustered in companies of electricians of about sixty men each, adepts in their profession and to a great extent drawn from well known electric firms. These will cooperate to a great extent with the regular engineers and with the new brigade of 3,500 volunteer engineers.

Great numbers of incandescent lights will be necessities of the modern camp, the field offices to be occupied by clerks and stenographers accompanying each commander's staff, or draughtsmen of engineers planning new works, and spaces occupied by workmen. Portable electric plants to furnish the current will consist of compact vehicles, hauled by horses, and containing each a boiler, motor, dynamo, engine and appliances. These may be attached to illuminating wagons filled with lamps.

Civilians in Soldier Clothes.

"There is an entire absence of law protecting the army uniforms," observed an army officer to a reporter, "and, peculiar as it may seem, it is not a violation of law, military or civil, for any unauthorized person to wear the uniform of an officer or soldier. In other words, it would not violate any law if any one paraded the streets attired in the full military uniform of a general, colonel or other officer. In Europe it is entirely different, and if an unauthorized person publicly wore the uniform of an army or naval officer without authority he would be gobbled up, stripped of his military or naval fixings and would have a long stay in prison for his offence. There have been a number of efforts in this country in the State Legislatures to make it a crime to wear the uniform, without proper legal authority, of an officer of the State National Guard or militia, but somehow they were never crystallized into law. The offence does not often occur, but should it happen, and it has happened sometimes, there is no penalty. Of course, if an unauthorized person committed any offence against the law, such as false pretences, he would be liable to punishment under the general law to prevent frauds.

"There is a brass band in New York city, each member of which wears a full General's uniform, with the stars on the shoulders, and some of the National Guard of that city tried to have it abolished under existing law, but they failed to do so. The Grand Army badge and button, as also the badge of the Union Veteran Legion, and the Regular Army and Navy Union and of the Mexican Veterans' Union, are protected to some extent by law, in that the regulations of the army and navy provide that those entitled to them can wear them on certain official occasions, but even they are not as fully protected by law as they should be.

"The same absence of protection, legal protection, I mean, exists in relation to wearing the medal of honor awarded by Congress, and it is known that certain persons have medals of that kind and have worn them without the authority of Congress. The bow of the American Legion of Honor is, however, provided for by law, and it is a violation of law for any unauthorized person to have or wear it."

"Pooh," said the scoffer as the Naval Reserves marched past, "those fellows won't fight. Look at that officer there in front. Why, he'd faint at the sight of blood." "Don't you fool yourself on that score," replied the enthusiastic citizen. "Blood and human suffering have no terrors for that man. He's a dentist and pulled a tooth for me once."

WEBSTER.

The Webster Farmer's Club met last Saturday at W. C. Latson's and had the honor of entertaining the Salem Club. A good social time was had by all. The dinner was indulged in with great pleasure.

President Merrill called the meeting to order and Miss A. Olive Latson rendered an instrumental solo. Miss Julia Ball read an essay on self advertisement. By analogy to the system of merchant advertising, where fences and signboards are plastered, where newspaper columns are filled with matter to show up what goods the merchant has, the individual himself must show himself to everybody. The preacher, the doctor, the teacher, all must go among the people to show what they are and they all must have a degree of self assurance. They must all have a good opinion of themselves.

Of course one ought to have some ability to advertise, but because he has a wooden spoon rather than a silver one, is that my reason why he should be idle? He must strike. He must have courage. There were no faint hearts among those who built the Ship of State, or in any people who have achieved success.

One attribute of courage is self esteem. Self confidence makes it possible to make use of our talents. Burdette once said to go ahead and do something. Never mind if you cannot blow a trumpet, blow a whistle.

There was a discussion that followed, participated in at first by the Salem members. Mr. Thompson spoke of the advantages of meeting together. Pres. Smith spoke of what the movement is doing for us. Mr. Ross spoke of the excellent paper and endorses the idea of courage. Rev. Mr. Hannaford said it was a sad fact that a man must nowadays blow his own horn. If he hasn't anything better than himself to advertise he better not advertise. Then the Reverend brother went on to say that as our soldiers at Santiago instead of falling back, rushed forward to success, so must we all go on to reform.

Mrs. Thompson spoke of there being a place for everyone, and each is to go on and find his place. We each of us have a birthright. This is the age of progress.

Rev. Moorehouse thought matters stood as the quotation in Shakespeare which some claim ought to be punctuated so as to read, "There is a destiny that shapes our ends rough, hew them how we will."

Miss Julia Ball rendered music and in the absence of Hon. Wm. Ball, Mr. Starks took the floor and spoke, first of the importance of the newspaper medium. Then he showed how the American farmer was the great producer for the millions of the earth and

therefore was always sure of a market. Further, as man becomes more civilized his meager natural wants gradually transform into a multitude of artificial wants. These, in the light of progress, especially of our present colonial expansion made fewer demands upon the American farm, and open up a market for our products. Why do we grumble against trusts when our prospects are bright. We must expect to toil. This is what develops our qualities and makes our nation the envy of all.

Mr. Wing spoke on, A wise King can make his subjects happy, but in a republic every citizen is a king and it depends on us to better our condition. He spoke of unequal taxation and hoped it could be equalized.

Rev. Mr. Hicks spoke of his early connection with the farm.

Mr. Reeve dealt in some pleasantries. Arrive followed and the guests went away feeling that they were well repaid in going.

Dated, Ann Arbor, Mich., Sept. 10th, 1898. GLEN V. MILLS, City Clerk.

A GREAT MAN GONE.

(Continued from page one).

as M. Cooley, James V. Campbell and Charles I. Walker were the first professors. Mr. Cooley's name has appeared in the list of the faculty ever since. For 25 years he lectured on legal and constitutional subjects, but when Prof. C. K. Adams was made president of Cornell he took Adam's place as professor of history. Of late years his lectures have been only occasional.

As a teacher, he was loved, honored and respected. His method was thoroughness itself. No problem so perplexing but he could make it clear. He sized up his students accurately and never lost his patience. Many of his students are now well-known lawyers, but even those who have remained obscure have been recognized by the judge wherever he happened to meet them.

In 1864, after six years of work as supreme court reporter, he was nominated for supreme judge by the republicans and was elected over the late ex-Gov. and ex-United States Senator Alpheus Felch. He remained on the bench till 1885, when he was defeated by Allen B. Morse, in one of the most exciting campaigns in the history of the state.

Whether Judge Cooley's prejudices were or were not warped in favor of railroads, it was a subject that interested him and to which he devoted most of his attention in later years. Three years before he retired from the bench he was asked by the presidents of the Baltimore and Ohio, the Pennsylvania, Erie and New York Central railroads to serve on a board of arbitration which was to settle the question of the difference of rates.

In 1885 Judge Cooley was appointed by Judge Walter Q. Gresham receiver of the Wabash railway. It was a trying position, involving the operation of a long and complicated system, both ends of which were under hostile management. In three months he had the road on a paying basis.

When the interstate commerce commission was organized Judge Cooley was made its first chairman. He was in fact, the life of the commission, and many of the decisions made in the early months of its existence bear the impress of his mastery mind.

Judge Cooley was twice mentioned for the supreme court of the United States, first when Stanley Mathews, of Ohio, was appointed, and again when Melville W. Fuller was selected for Chief Justice Waite's seat. Inasmuch as Judge Cooley's political views were in almost complete accord with those of President Cleveland, there are those who believe he would have been appointed had he allowed his friends to make the necessary effort.

Great as were his contributions on the bench and on the lecture platform, it is through his books that Judge Cooley will be remembered. The most famous of these is his "Constitutional Limitations," which appeared in 1868. Two years later came his edition of Blackstone, in 1874 his edition of "Story's Commentaries," in 1876 his book on taxation, in 1879 his work on Torts, in 1880 his manual of constitutional law and in 1885 his history of Michigan, published in the American Commonwealth series. He was also a voluminous contributor to magazines and reviews, such as the Century, North American Review and Forum.

Lectures by Judge Cooley were always in demand. He addressed the National Bar association, lectured in Johns Hopkins and Yale universities and spoke in scores of cities in all parts of the country. It was he, and not Grover Cleveland, who originated the famous expression, "A public office is a public trust," the expression forming the first sentence in an article written for a St. Louis legal journal.

In spite of his supposed prejudices in favor of railroads, it is said that by one decision, People vs. Salem, he saved the municipalities of the state from possible financial ruin by deciding that the majority could not, under the power of loan and taxation, vote away the property of minority, in aid of railroads. In Park Commissioner vs. Detroit he defended the right of local self-government, and greatly restricted the assumed powers of the legislature.

Three years ago the graduating class of the law department left a lasting memorial to Judge Cooley in the shape of a bronze bust, costing \$500. University hall was packed with friends and admirers, who listened to eulogistic speeches, but Judge Cooley could not be induced to attend, saying it was not the place for him.

On this occasion President Angell, an intimate friend, said of him: Great as Judge Cooley has been in his intellectual gifts, he has been quite as great by the force of his character. The simplicity, purity and weight of his character have exerted an influence quite as marked and lasting as the strength of his mind. No one could come near him and not be the better for it. His modesty was a rebuke to conceit, his simplicity to pretentiousness, his purity to vice. The keen glance of his honest eye scorched and

burned the hearts of those who came in contact with him. He was a man of few words, but every word was weighed and measured. He was a man of few friends, but every friend was a true friend. He was a man of few pleasures, but every pleasure was a noble pleasure. He was a man of few desires, but every desire was a noble desire. He was a man of few fears, but every fear was a noble fear. Our Clover Seed Abroad. The attack of Germany and England upon American apples and meat has been followed by an attack of Austria-Hungary on American clover-seed. It is claimed that to allow our clover-seed to be imported will greatly deteriorate the quality of Hungarian clover, and damage agriculture. The seed, it is claimed, is not only inferior, but mixed with corrupt seed called Kleeseide. Whether this claim is true or false will probably not affect the action of the Austrian government. Retaliation is now the order in all the European countries.

Soaking Corn Beneficial. From now on until the new crop is ripe, corn will hard and dry. Experiments at the Kansas College indicate that soaking corn before feeding will pay well. Soaking the shelled corn gave, on the whole, as good results as grinding; probably better where hogs are following the cattle.

**STATE OF MICHIGAN,**  
COUNTY OF WASHTENAW, ss.  
At a session of the Probate Court for the County of Washtenaw, holden at the Probate office in the City of Ann Arbor, on Wednesday, the 15th day of August, 1898, in the year one thousand eight hundred and ninety-eight.

Present, H. Wirt Newkirk, Judge of Probate.

In the Matter of the Estate of Sylvester C. Sober, deceased.

On reading and filing the petition, duly verified, of Fred J. Sober praying that a certain instrument now on file in this Court, purporting to be the last will and testament of said deceased may be admitted to probate and that administration of said estate may be granted to himself the executor in said will named or to some other suitable person. Thereupon it is ordered, that Monday, the 26 day of September next, at 10 o'clock in the forenoon, be assigned for the hearing of said petition, and that the devisees, legatees and heirs at law of said deceased, and all other persons interested in said estate, are required to appear at a session of said Court, then to be holden at the Probate Office in the City of Ann Arbor, in said County, and show cause, if any there be, why the prayer of the petitioner should not be granted: And it is further ordered, that said petitioner give notice to the persons interested in said estate, of the pendency of said petition, and the hearing thereof, by causing a copy of this Order to be published in THE ANN ARBOR REGISTER, a newspaper printed and circulating in said county, three successive weeks previous to said day of hearing.

H. WIRT NEWKIRK,  
Judge of Probate.

## AMONG OUR NEIGHBORS.

SALINE OBSERVER.

William Schafer, a brother of John Schafer of this place, died at his home in Missoula, Montana, August 30 of sunstroke, being ill only a very short time. Mr. S. went to Missoula in 1883 with the first trains over the North Pacific railroad.

CHELSEA STANDARD.

Miss Lucy Leach has received the representative appointment to the Normal. She leaves to-day.

Blanchard & McGee, of Coldwater, have leased the Chelsea Roller Mills and will take possession on the 19th.

The marriage of Miss Emma, daughter of Mr. and Mrs. J. A. Messner, to Mr. Fred Wellhoff, will take place this evening, at the residence of the bride's parents.

CHELSEA HERALD.

Actor Frank Tucker, of Decatur, who had his leg amputated recently at the University hospital, is able to be about by the aid of crutches.

Adolph Kolb, who has been in the employ of John Yost for the past summer, had a bicycle stolen from the premises, last Friday night.

Conrad Lehman, Co. G, 34th Mich. Vols., arrived in Ann Arbor last Saturday. He is still confined to his bed, and has lost 55 pounds since enlisting.

YPSILANTI.

Mrs. Wilitred Childs left Tuesday for Lansing, where she has accepted a position to teach the coming year.

Thomas Gotts, of Superior, died last Thursday, aged 86. Funeral services Saturday at his home. He had been a resident of Superior many years, and leaves a wife and several children.

Nelson Fowler, we were informed Saturday, has been seriously sick for three weeks, and fears are expressed that he may not recover. This will be sad news to his friends of whom he has almost an unlimited number in the county.

YPSILANTI SENTINEL.

Miss O'Connor, the stenographer, was unfortunate enough to fall on a slippery crossing, Friday, and before she could pick up her wheel a passing team damaged it considerably.

Ypsilanti is about to undergo a boom in mineral water treatment. A company has been formed, with \$20,000 capital, and will take charge of the Occidental Hotel building, which will be made over into a modern sanitarium.

Mr. and Mrs. F. H. Pease returned Saturday from London, where they spent their summer vacation. They occupy the McClellan residence on Summit street the coming year. Mr. Pease is enthusiastic over the growing sentiment for the United States as seen in England. "Old Glory" floats there alongside the British ensign.

DEXTER LEADER.

Dr. S. L. Jenny has leased his store building to Wadhams, Ryan & Reule, the well known clothiers of Ann Arbor, who will occupy it at once with a fine stock of clothing.

Dexter has a damage suit. Wm. E. Rogers wants \$1,000 for injuries received by falling into a hole in the alleyway next to Davis Bros. & Co's store. He has placed his case in the hands of Ann Arbor attorneys.

A new pest for farmers has opened up business in the vicinity of Holly in the shape of a large green worm that attacks the corn. The husk is first eaten away, after which the kernels are attacked and devoured. The worms come by thousands.

## Little Pimples Turn to Cancer.

Cancer often results from an impurity in the blood, inherited from generations back. Few people are entirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a mere pimple or scratch has developed into the most malignant Cancer.

"I had a severe Cancer which was at first only a few blotches, that I thought would soon pass away. I was treated by several able physicians, but in spite of their efforts the Cancer spread until my condition became alarming. After many months of treatment and growing steadily worse, I decided to try S. S. S., which was so strongly recommended. The first bottle produced an improvement. I continued the medicine, and in four months the last little scab dropped off. Ten years have elapsed, and not a sign of the disease has returned."

R. F. WILLIAMS,  
Gillsburg, Miss.

It is dangerous to experiment with Cancer. The disease is beyond the skill of physicians. S. S. S. is the only cure, because it is the only remedy which goes deep enough to reach Cancer.

## S.S.S. For The Blood

(Swift's Specific) is the only blood remedy guaranteed Purely Vegetable. All others contain potash and mercury, the most dangerous of minerals. Books on Cancer and blood diseases mailed free by Swift Specific Company, Atlanta, Georgia.

MANCHESTER ENTERPRISE.

Perhaps the worst electrical storm ever witnessed in this section visited us at an early hour Sunday morning.

Monday morning 44 sparrows were found dead on the ground under trees in front of O. A. Wait's place. They were victims of the storm.

Wm. Henion, who lives four miles west of town, went out Monday morning to milk his cow and finding them lying down spoke to one and gave it a kick to make it get up, then as it did not move he discovered that two of them were dead—victims of a bolt of lightning. They were insured, however, and the loss will not be severe.

YPSILANTI COMMERCIAL.

The school census shows Ypsilanti to have a total of 1778 inhabitants between the ages of five and twenty, 1623 of whom are white and 155 colored. This is an increase of thirteen over the census of 1897.

Charlie Perrin was arrested Wednesday morning for using profane language to a lady on the street. He has been doing this for the past three months, and has made himself a nuisance to the people living around Cross and Washington streets. Charlie was sent up for thirty days by Justice Joslyn yesterday.

Fred McCarty, who was stabbed last May, by Fred Anderson, in a fight over a girl, died Monday. Anderson is under arrest and bound over to the circuit court for trial. McCarty's friends claim that death was caused by the knife wound, but Anderson's friends think McCarty died of consumption, as he has been around since the fight, and has attended dances.

## A NOTE OF WARNING.

Never Mistake It—It Means "Beware of Danger" and "Act Now."

If the brave men of the Maine could have heard some warning sound of the presence of the awful agency of destruction in time to avoid the danger how quickly they would have acted to prevent the fearful calamity! The wise always heed a warning. What is a cough? It is Nature's danger signal. It shows there is trouble either in the lungs, or the stomach, or the air passages. It tells of irritation or inflammation, which prevents the true and best work of the part where it is. Nature has provided the cough, like an alarm bell, to prevent people from going to sleep on the brink of danger. The wise heed this danger signal and use Dr King's New Discovery to drive out the irritation or the inflammation wherever located, and this stops the cough. The foolish people say "Oh it's only a cough; it don't matter," and do nothing to stop it, until the delicate membranes of the lungs are attacked and the dreaded consumption has another victim. Of the 100,000 consumptives who die yearly in this country a large majority come from the ranks of the careless, who will not heed Nature's note of warning—the cough. On the first appearance of a cough or a cold use Dr King's New Discovery, the world's greatest remedy for all throat, chest and lung troubles. It stops the most severe colds or obstinate coughs, especially the "grip" cough, most difficult of all to control, which so often leads to consumption. It cures consumption in its early stages, and has cured people of this disease who had been given up by doctors to die. Lewis C. Merrill is a physician of Middlebourne, W. Va., who, in curing others, neglected himself, until a hard cold ran into consumption, and other doctors told him he could not live. For a long time he suffered greatly. Then he was induced to try Dr King's New Discovery, and after taking four bottles he was absolutely cured. All dealers will give free trial bottles to sufferers and refund purchase money if no benefit be received. Regular prices 50c and \$1.00.

## SOME NEW PROBLEMS TO SOLVE.

Some of the problems the children bring home from school are too difficult for us to solve, but we often have more difficult questions than these.

The doctors tell you to stop drinking coffee. If you persist, they will tell you of the awful consequences sure to follow.

"Why don't you stop?" "Can't." "Why, yes you can." In "Golden Nectar" you have a beverage so much like coffee in taste, aroma and color, as to deceive almost anyone, but you must contrast the results in order to appreciate "Golden Nectar."

Golden Nectar" is the immediate and natural product of American fields; bone and blood making cereals enter largely into its manufacture.

It is a pure food beverage which, while satisfying every demand for coffee, does not destroy the stomach and liver as does coffee, but brings these organs into healthy action.

"Golden Nectar" enriches the blood, while coffee dries the blood up. Take your choice.

Boil "Golden Nectar" 20 minutes—add cream and sugar to taste. For sale by all grocers.

Congressman Botkin's Statement

WASHINGTON, D.C., April 1, 1898. Dr. S. B. Hartman, Columbus, O.

MY DEAR DOCTOR:—It gives me pleasure to certify to the excellent curative qualities of your medicines:

Hon. J. D. BOTKIN, Congressman-at-Large from Kansas.

Pe-ru-na and Man-a-lin. I have been afflicted, more or less, for a quarter of a century with catarrh of the stomach and constipation; a residence in Washington has increased these troubles.

A few bottles of your medicines have given me almost complete relief, and I am sure that a continuation of their use will effect a permanent cure.

Pe-ru-na is surely a wonderful remedy for catarrhal affections.

J. D. BOTKIN.

POINTERS ON BABY'S HEALTH.

The Kind of Soap Used is a Most Important Factor. There is nothing a baby enjoys more than his bath, and there is nothing more beneficial, if it is properly given.

One of the most potent evils of the present day that threatens the health of babies is impure soap. Nothing but the very purest product of the soap-maker's art should be used when the precious little one is given his bath.

Toilet soaps put up in fancy boxes and nicely scented are not always pure and sometimes are the source of very much trouble and annoyance for all right for use because of the agreeable perfume used in their manufacture.

The little innocents should be cared for in the most tender manner, and it is the duty of every mother to know when she washes her child that she is not using anything that will be in the slightest degree deleterious to his or her health.

To fail to exercise this precaution is to be practically guilty of criminal negligence, for there is no telling how serious the results of such neglect may be.

All soaps that make the human skin chafed and rough, causing pimples where none have ever been and making them more numerous and annoying, where they have previously existed, is manifestly bad, and should be shunned by all wise persons.

Safety lies in the use of some soap that is known to be absolutely pure. Then baby will rejoice in his bath and it will make him thrive to the marked degree. Adults, too, can profit by the same advice.

It may puzzle some folks to know how to select a soap that will meet all the requirements mentioned herein as necessary safeguards to health; but you now know to be absolutely pure in every respect. It is made to cleanse, heal, soften and beautify the skin. For washing babies it is the best made. It soothes and heals all the chafed places on the bodies of the little ones, and makes the bath, instead of something to be dreaded, a source of great delight to them.

That you enrich your blood in the Fall as in the Spring. At this time, owing to decaying vegetation, a low water level, and other causes, there are disease germs all about us, and a weak and debilitated system quickly yields to attacks of malaria, fevers, etc.

By purifying and enriching your blood with Hood's Sarsaparilla you may build up your system to resist these dangers, as well as coughs, colds, pneumonia and the grip which come with colder weather. To be on the safe side, take Hood's Sarsaparilla now, and always be sure it is Hood's and not something else represented to be "just as good."

For forty years Dr. Fowler's Extract of Wild Strawberry has been curing summer complaint, dysentery, diarrhoea, bloody flux, pain in the stomach, and it has never failed to do everything claimed for it.

TESTS PATIENCE. The Most Patient People Must Show Annoyance at Times.

Nothing spoils a good disposition quicker. Nothing taxes a man's patience like any Itchiness of the skin. Itching Piles makes you crazy. All day it keeps you awake. All night it keeps you awake. Itch! Itch! Itch! with no relief. Just the Same with Eczema. Can hardly keep from scratching it. You would do so but you know it makes you worse.

Such miseries are daily decreasing. People are learning they can be cured. Learning the merits of Doan's Ointment. Plenty of proof that Doan's Ointment will cure Piles Eczema or Any Itchiness of the skin. Read the Testimony of an Ann Arbor citizen.

Healthy, happy children make better men and women of us all. A little care and a little planning before birth is often more important than anything that can be done after. On the mother's health depend the life and health of the future children.

A Great Zoological Garden

The Zoological Society of New York propose to construct what will probably be the finest zoological garden in the world in Bronx Park, New York, and under the direction of the committee the plans are being fully executed.

The society expects to open the garden to the public in satisfactory way May 1st, 1899. While the work is progressing with all due rapidity and zeal, the old and well approved plan of relieving biliousness and constipation agency of Hostetter's Stomach Bitters finds general recognition.

It invigorates the system through the medium of improved digestion and appetite, fortifies it against disease, and counteracts the effects of overwork, mental and physical. A winglassful before retiring engenders health yielding and strength giving sleep. Let it have the persistent and systematic trial that it deserves.

CASTORIA. The Kind You Have Always Bought. Signature of Chat. H. Fletcher.

FOR THE FAMILY. I take pleasure in praising your made remedy CASCARETS. I and my whole family received relief from the first small box we tried.

FOR CHILDREN. I shall never be without CASCARETS. My children are always delighted when I give them a portion of a tablet, and cry for more. They are the most pleasant medicine I have ever tried.

FOR PILES. I suffered the tortures of the damned with protruding piles brought on by constipation of two days. I was afflicted for twenty years. I ran across your CASCARETS in the town of Newell, Ia., and never found anything to equal them.

FOR HEADACHE. Both my wife and myself have been using CASCARETS, and they are the best medicine we have ever had in the house. Last week my wife was frantic with headache for two days. She tried some of your CASCARETS and they relieved the pain in her head almost immediately.

FOR BAD BREATH. I have been using CASCARETS for a long time and it has cured my bad breath. I have been using CASCARETS for a long time and it has cured my bad breath.

FOR PIMPLES. My wife had pimples on her face, and she was very annoyed. She was using CASCARETS and they have all disappeared. She was using CASCARETS and they have all disappeared.

SERIOUSLY INJURED.

A Fearful Accident Befalls a Pioneer Farmer—Thrown from a Load of Hay with Great Force—Entire Body Paralyzed—The Best Medical Aid Possible Used in His Behalf.

From the Tribune, Charlotte, Mich. One of the pioneer farmers of Benton township, Mich., is Elvathun Munger. He is a man of about 60 years of age, and has succeeded in his business as clerk of his township, and is known as a careful, conscientious and honorable citizen.

His business life has not been all sunshine, however, and in speaking of his report of his struggles in earlier days, he said: "One Monday in March, 1890, I was thrown from my wagon with great force to the ground, striking a front wheel in my descent. I struck on both hands with such force as to almost paralyze my whole body. The injury was most severe to my chest, shoulders, back and arms, although my face was badly cut. It seemed as though the great weight of my fall drove my arms back and injured both them and my backbone.

A prominent Potterville physician was called and on the Friday night following I was able to be taken home. The next day I sent for a Grand Ledge physician who blistered me for weeks. I became somewhat better, but the main trouble with my back and arms remained as bad as ever. During the year following this treatment I was not benefited and began to think life to me was not worth living. I feared that my nervous system was completely shattered and that paralysis would follow.

In reading an article in the Montreal Family Herald and Star concerning Dr. Williams' Pink Pills for Pale People, about a year or a year and a half after I was injured, I noticed that people similarly afflicted were claiming to be cured. I at once ordered that remedy through my Potterville druggist, Mr. M. J. Palmer. I think this was the first sold in these parts.

Inside of ten days after taking the first dose I became satisfied that I had found the remedy to fit my case. I kept gaining; the pills acted as a tonic, regulated my bowels, liver and stomach, gave me a good appetite, lessened the pains in my body and induced a serenity of mind that I had inherited from my father.

"I now consider myself as good, and I feel that I owe all my joy of life and health to Dr. Williams' Pink Pills for Pale People. I have not had for a number of years."

"I am of the opinion that with pure blood one will have but little, if any sickness, and this medicine will secure that condition, and do my farm without other help than an occasional day's work, and this result has been secured in spite of the fact that I was a complete physical wreck. I cannot speak in high enough praise of this remedy. I have often recommended it to my friends with utmost confidence and shall be glad to answer any inquiries from those who are afflicted, if stamp for the reply is enclosed. My postoffice is Potterville, Mich."

Subscribed and sworn to before me, this 21st day of April, A. D., 1898. GEO. A. PERRY, Notary Public.

"I fully concur in the statement above made by Mr. Elvathun Munger, who is one of our excellent citizens and who would be the very last man to make an overdrawn statement. The cure in his case was marvelous and resulted in a great many sales of Dr. Williams' Pink Pills for Pale People."

"M. J. PALMER, Druggist, Potterville." All the elements necessary to give new life and richness to the blood and restore shattered nerves are contained in Dr. Williams' Pink Pills for Pale People. They are sold in boxes (never in loose form by the dozen or hundred) at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or directly by mail from Dr. Williams' Medicine Co., Schenectady, N. Y.

James Robinson, secretary for Mayor Maybury of Detroit, was in the city Saturday night. He looked over the paving brick that are being laid on Main st. and said: "Why, do you know the city of Detroit was laying for a bid to be put in for this kind of pavement and we would have advertised the quality in good shape. The brick absorbs so much water that in the winter they will freeze up and when the thaws of spring come the brick will fall to pieces. All that is necessary is for Ann Arbor to wait and she will see the statement demonstrated."—Times.

The Ann Arbor Argus carries the idea that our Fair society caught onto the log cabin idea from the society in Washtenaw. Not at all. It is strictly original, and to John I. Knapp belongs the credit of suggesting the idea, at the close of the business meeting last January. The project was popular in a minute, and from that time the project has been given careful thought by Judge Geddes, President Horton and many others, including the pioneer society. No sir neighbor, we protest that the "log house" feature of the fair is strictly Lenaweeanically original.—Adrian Press.

Gilbert Lyon, of Owosso, was in the city this week. An interesting story is told of his father, Daniel Lyon, who was a member of the Ann Arbor Baptist church. When the First Baptist church was to be built, the question of the purchase of brick came up. William Maynard offered to supply the bricks to the society at a cost price. The elder Mr. Lyon wanted to know what that was, and upon hearing he declared it was too high, he would make the brick himself. He cleared off an old brickyard on his farm and hired a brick maker. Some other people wanted brick which he sold at a profit. The result was that he furnished the brick to the Baptist society free of cost.—Times.
