GILLEN THE MAN

PLACED IN NOMINATION FOR SHERIFF BY THE DEMOCRATS.

Their Strongest Man, Lighthall, Laid on the Shelf—Conviction Well Attended—Col. Penn, of Bridgewater, Lets off Usual Explosion—He Declared It Must be "Gillen or It"—Then the Convention Nominated Gillen.

The Democratic county convention met in the court house Tuesday forenoon. There were full delegations from all the voting precincts in the county. At half past eleven, Chairman Cavanaugh called the convention

How Did It Get There?

Mr. Don Turner, son of Quincy Turner, night watchman on the campus, was a member of the 33rd Mich. and was at the front when Santiago was taken. He was with a detachment at the front when the series of block houses between Siboney and Santiago were taken. The artillery would first fire upon one of these block houses and drive out the Spanish soldiers and then the detachment to which young Turner belonged would advance to cut the barbed wire fences and burn the block house. At one of these near Santiago, while some of the boys were outside setting fire to the building, Don went inside and with the bayonet on his gun

TOOK HIS OWN LIFE.

WELL KNOWN ANN ARBOR MAN COMMITS SUICIDE.

W. B. Stickney, of Twelfth Street Loses His Home and Becomes Despondent—Shot Himself Last Friday Morning.

Prof. W. B. Stickney, who for several years has resided with his family at the corner of Hill and Twelfth streets, became despondent over financial reverses and last Friday morning ended his troubles by taking his own life. Prof. Stickney came here from Mass. about 18 years ago. He had before this been superintendent of schools at Chicopee Falls, in that state. When he came to Ann Arbor he became a traveling salesman for an eastern publishing house and spent most of his time on the road for the firm. When he came to Ann Arbor he built him a splendid house and paid all but \$1,500 upon it. His house and lot cost him \$6,500. It seems that he did not meet with great success in his book business and the debt upon his home grew to over \$5,000. A few weeks ago he was obliged to surrender it to his creditors and the family was packing the household goods preparatory to moving. The fact that he was compelled to lose his home coupled with illness seems to have caused Mr. Stickney to become temporarily deranged and caused him to end his life. Last Thursday night he talked rather strangely to his 14 year old son, Louis, telling him that whatever happened he must take good care of his mother. The next morning about 7 o'clock Mrs. Stickney and Louis, who were down stairs, heard the report of a revolver and a heavy fall upon the floor. Hastening up stairs they found Mr. Stickney lying dead upon the floor with a revolver at his side.

Prof. Stickney was a man of fine education and very enthusiastic about whatever he took hold of. He was a voluminous writer both for the magazines and newspapers, confining his writing almost entirely to educational subjects.

The coroner's jury summoned by Mr. Ball consisted of Profs. A. McLaughlin A. B. Prescott, T. C. Trueblood, J. O. Reed and Messrs. J. P. Waldron and P. S. Hallock. The verdict was in accordance with the above facts.

Prof. Stickney carried a \$3,000 policy in the Royal Arcanum.

Two Old Relics.

Mr. Charles Boylan brought to THE REGISTER office last Saturday two relics which he had hunted up for the Pioneer log Cabin. They are two deeds of ancient date. These deeds are on genuine parchment. The first bears date of March 7, 1825 and is a deed conveying 80 acres of land comprising the E. 1/4 of the N. E. 1/4 of Sec. 30 in tp. 2 S. of range 6 E. in the district of Detroit and Territory of Michigan. This patent deeds this land to Geo. W. and Ira H. Allen, of Niagara County, N. Y. It is the land including the old John M. Wheel estate on W. Huron street. Geo. W. Allen was the father of Mrs. Boylan of 310 E. Madison street. Her father and brother Ira were among the very earliest settlers in this county.

The deed bear the autograph signature of John Quincy Adams, who had, three days before, became president. The deed is No. 621. It was not placed on record in the county until in December, 1869 or 44 years after it was executed.

The other deed is also on genuine parchment. It was issued November 2, 1837, when Martin Van Buren was president and is signed by A. Van Buren, Sect. This deed conveys to Geo. W. Allen, of Washtenaw County 209 acres of the N. part of the N. W. fractional 1/4 of sec. 2, tp. 4 N. of Range 4 E. in the district of lands subject to sale, in Detroit, Territory of Michigan. This deed is numbered 27379, showing that between Mar. 7, 1825 and Nov. 2, 1837 there were sold in Michigan by the U. S. government 26758 parcels of land. These relics will do doubt attract considerable attention, since the first contains the autograph of President John Quincy Adams and is one of the very first deeds issued by the government in this state.

Miss Mamie Wetzel, aged 17, who has been making her way with Mr. and Mrs. Simon Dieterle, died of consumption last Sunday morning. Funeral services, conducted by Rev. John Dieterle, were held at the home at 3 p. m. Tuesday.

The Ladies Auxillary of the Y. M. C. A., will give a fruit and melon social at the rooms of the Association on Friday night of this week. Becker's band will discourse sweet music. Everybody is invited to come up and have a good time. Admission only 10 cents.

What Can it Mean

Is The U. of M. In Danger?

The effort which is being made to oust Col. H. S. Dean from the Board of Regents is to be regretted by every citizen of Ann Arbor as well as every friend of the University. It is a well known fact that Detroit is determined to bring about a division of the University of Michigan in order that it may secure the two medical departments. It may not be well known, but we are assured it is a fact, however, that one of the Board of Regents, a gentleman living in Detroit, has said that he would never rest until both medical schools were located in his city. It is generally conceded that once the scheme of disintegration becomes an accomplished fact, even in a small degree, the greatness of our University will be at an end. Then it will be a scramble among the different large cities of this state to see which may capture the largest slice. Then the millions of dollars which have been invested in residence property here and in buildings upon the campus will shrink to less than one-quarter of their present value. From those who are familiar with the inner workings of the Board of Regents, we learn that Regent Dean has in more than one instance blocked movements that have looked toward a division of the University. Can it be that this is the reason it is determined to oust Col. Dean if possible? Everything points towards such an explanation. It is to be deplored that any citizen of this state should so forget the best interests of an institution that has carried the fame of Michigan around the world, as to lend a hand to help compass its downfall. It is especially to be deplored that men right here in Ann Arbor, men who are drawing good salaries from the University, will, because of a petty personal spite, lend a helping hand to such a movement. It is sincerely to be hoped that the highest court will interpret the law as it has always been interpreted from the time the University was founded to the present. With such an interpretation the scheme to partition the University will for the present at least be prevented.

to order and named T. D. Kearney as temporary chairman. The usual committees were then appointed and the convention adjourned for drinks and dinner. At half past one the convention was again called and what was in fact the liveliest bear dance ever witnessed in this county took place. After the report of the different committees, Col. Penn, of Bridgewater arose as he declared "In the interest of harmony" and with fire in his eyes and a "bottled" speech, asked for permission to address the convention. The committee on order of business, whose report had been adopted, not having made any provision for a speech from the colonel he was ruled out of order and "Mrs. Kies' husband" grudgingly took his seat—the fire still in his eyes. This came near precipitating a terrific explosion. The pith of what the colonel desired to say found expression a little later when the balloting began for sheriff. Penn then declared, in the presence of the newspaper reporters that "it will be Gillen or it—!"

stirred around in the rubbish thinking that he might find some relief. To his great surprise he discovered in the dirt one of the well-known G. A. R. buttons. Don preserved the button and brought it home to his father who is a G. A. R. man. The button shows very plainly that it has been worn a great deal. The question naturally arises: To what old veteran did that button belong and how did it reach that block house in the possession of the Spanish soldiery away off there in Cuba?

FROM THE FUNNY SIDE.

MEMBER OF CO. A, 31ST MICH. VOLTS WRITES AN INTERESTING LETTER.

Sees The Amusing as Well as Serious Side of Army Life—However, The Boys Are weary of Army Service And Long to Again See Their Mother's Cupboards.

31st Mich., Camp Poland, Knoxville, Tenn. Aug. 27, 1898.

Editor Register: The 31st Mich. Vols. migrated to Knoxville, Tenn., in order to get beyond the miasmatic, malarial climate of our former location at Camp Thomas. The first orders were that we were to take a 150 mile stroll in light marching order, but these were countermanded, a most commendable indication of the progress of American ideas, it struck us. We still retain vivid visions of our 8-mile preambulations to the rifle range, when we felt the postical significance of that song sung so long ago by a similar army, "Marching thorough Georgia," because sadly debilitated in our minds, as the roving "corner lots" settled in our eyes and plugged up our epiglottuses, and our pedal extremities refused to pedal.

When we used to exist on "hardhead," as it is called in the subsistence department of the United States Army, (please note the fitness and delicacy of that English for "hardtack," it ought to have favored the article itself.) and saw heart or we were compelled to purchase the gracious hospitality of the natives, out of our munificence \$15.00 per month, at so much per hunk, or per pie, as the case may be. Pie—a poor, pitiable apology for a postage stamp and dignified by that name. Pie—once known to us as a food for gourmands and gluttons; now as a digestive disturber. In view of these memories we were highly pleased at the generosity of our Government in furnishing us with railroad transportation—and a new jail to clean. It was also so kind

Albert Larsen, of Menominee, Co. L, 34th Michigan, died at Harper hospital, Detroit. Wilber Warren, Co. A, 33d Michigan, died at his home at Flint.

The 31st to Remain. Lansing people who have sons in Co. E, 31st, recently petitioned the secretary of war to muster the regiment out of the war being over. A reply received from Private Secretary Mason gives no idea that the request will be complied with, simply saying that the President has designated the 31st as one of the regiments which the exigencies of the service require shall be retained for the present at least in active service.

Michigan Pensioners. Increase—Oliver Patt, Fisher Station, \$8 to \$12; John Hamilton, Ypsilanti, \$6 to \$8; Wm. C. Clark, \$14 to \$17. Widows—Sophronia Childs, mother, Sturgis, \$12.

Loer died at Saginaw as the result of the accidental explosion of a keg of powder in a coal mine. A most impressive funeral service was held over the remains of Berney E. Reed, Co. Miss Marie McNaughton, of Grand Rapids, accompanies the U. S. peace commission to Paris in the capacity of a stenographer. Development work in the Michipicoten mining district has taken quite a boom since the cessation of the Spanish-American war. Reports from Camp Wikoff say that the sick Michigan boys in the hospital there are convalescing rapidly and are being well treated. A stock company capitalized at \$100,000 will be organized in Owosso to resume the business of the Woodward furniture works, recently destroyed by fire. D. F. Parsons, a banker of Burr Oak, has made an assignment for the benefit of his creditors. The deposits are the largest of any bank in St. Joseph county. "Grandma" Kinney, Laingsburg's oldest resident, as well as the oldest person in Shiawassee county, died at the age of 102 years. Death was due to old age. Two freighters, the Mead and the Mediator, ran on the shore at the mouth of the Gratiot river, Lake Superior, in a dense fog. They will both go to pieces. The big Jackman shingle mill at Edwards, Arenac county, was burned to the ground. Several hundred cords of bolts were also destroyed. The loss is about \$3,000. Delray celebrated the return of peace with a jubilee, including a parade, a reception and banquet to returned soldiers and sailors, patriotic speeches and music. Another of the 32d Michigan boys left behind at Fernandina, Fla., succumbed to typhoid—Edward A. Shields, Co. C, of Kalamazoo. His body was sent home.

A Pioneer's Danger. THE FEARFUL STRUGGLE OF AN EARLY SETTLER.

How One of the Early Farmers in Michigan Overcame a Serious Difficulty—His Life of Hardships.

From the Observer, Flushing, Mich. Frank Lang who lives near Lennon, Mich., is one of the pioneer farmers of Venetie township, Shiawassee county, and by his industry and thrift in which many hardships were endured, he now has one of the best farms in that section. He tells an interesting story of when his life was in danger during his pioneer days. He says: "About November 1, 1894, on starting to get up from the dinner table, I was taken with a pain in my back, and found myself unable to move. The pain increased and spread over my entire body. I was obliged to take to my bed. The physician who was immediately summoned pronounced my case muscular rheumatism accompanied by lumbago. He gave me remedies and injected morphine into my arm to ease the pain. "My disease, however, gradually became worse until I thought that death would be a welcome release from my sufferings. I could not sleep but would lie awake all night and rub my leg. "This continued for about four months. Besides my regular physician I also consulted another doctor but he gave me no encouragement and said his medicine could do me no good. "I was finally induced through reading some accounts in the newspapers regarding the wonderful cures wrought by Dr. Williams' Pink Pills for Pale People, to try them which I did as a last resort. "I took the pills according to directions and soon began to notice an improvement in my condition. Before the first box was used I could get about the house, though with great difficulty, but after using five boxes I was entirely cured. "Since that time I have felt no return of the rheumatic pains. I am confident that Dr. Williams' Pink Pills for Pale People saved my life and I try to induce my friends who are sick to try the same remedy. "I will gladly answer any question concerning my sickness and wonderful cure, provided those who write enclose stamp for reply. "FRANK LANG." Sworn to before me at Venetie, Mich., this 15th day of April, 1898. G. B. GOLDSMITH, Justice of the Peace. The cure of the severest cases of rheumatism by Dr. Williams' Pink Pills for Pale People has occurred all over the land, and its power in ordinary cases is proportionately greater. These marvelous vegetable pills go directly to the seat of the trouble and exert a powerful influence in purifying and enriching the blood by eliminating poisonous elements and renewing health-giving forces. Many diseases long supposed by the medical profession to be incurable, have succumbed to the potent influence of these pills. This universal remedy is prescribed by physicians, recommended by druggists, and everywhere used by a grateful public.

The Dreyfus Agitation May Cause the Resignation of President Faure—The Provisional Cuban Government Issues a Manifesto.

Working for Independence.

The council of the so-called provisional government of the Republic of Cuba, represented by Senor Bartelome Maso, president; Senor Mendez Capote, vice-president, and Senor Font, Senor Aleman and Senor de la Torre, secretary, met at Santa Cruz Sept. 1, and formulated a manifesto for the Cuban people, with an order to the military commanders of the Cuban army, both of which have been promulgated. The manifesto, which is an elaborate document, touches on the history of the movement for Cuban independence and the principles upon which the Cuban people have fought for liberty. It expresses the gratitude of the Cubans to the United States for liberating them from the Spanish yoke.

Winter Camps in the South.

All the troops now stationed in the northern camps are to be moved south as rapidly as possible. Within a short time the last troops remaining at Camp Wikoff will have departed, and those at Camp Meade will be moved south soon after. The latter will probably go to Huntsville, Ala. The troops at Knoxville, where the 31st Michigan regiment is now located, will probably remain at that camp until the assignments are made for the military occupation of Cuba. It is not the intention, however, to send the army of occupation to Cuba until the unhealthy season has passed, and meanwhile the troops will be put in the best possible condition.

Thrilling Experience.

Salem, Mich., Sept. 12, 1898.—Few persons have ever survived such an experience as that of Miss Ortelencia E. Allen of this place. She was for years a great sufferer from a disease of the liver, kidneys and bladder. She was given no hope of recovery, but finally rallied a little and began taking Hood's Sarsaparilla. This wonderful medicine improved her condition at once and after taking a few bottles she was able to work.

Favored by Japan.

The newspapers reaching the state department from the far east show that the almost universal expression in the press of Japan is in favor of the United States holding the Philippines. The papers declare that the United States, in assuming the control of the islands, will receive the moral support, if not the active co-operation, of Japan and Great Britain.

Killed a Citizen.

Walter Rosser, a Tennessee volunteer, highly connected in Alabama, murdered Henry Hildebrand, a clerk in the Spreckles market, at San Francisco, during a drunken spree. The murder is said to have been unprovoked. Rosser fought against arrest and almost succeeded in escaping in the excitement.

PERU-NA'S VICTORY.

DEAR SIR:—I feel like a new woman since using your Peru-na. Your medicine has helped me so much that I can work and never feel tired out. When I first began to use your medicine I couldn't sweep my own room, run the sewing machine or lift anything, not even a chair. It even hurt me to ride or walk any distance. Now I can do all this, and I believe more, and never feel the effects of it. I feel so proud of the way it has brought me out that I tell it far and near. I can heartily recommend your medicine to any woman suffering from female disease. I know from experience that your medicine will do just what you say it will. I thank you, Doctor, a thousand times for your treatment. I shall recommend your medicine wherever I go. I know what it has done for me and I know it will do the same for others. I feel that there are thousands of other women who would, after using your treatment, as I did, be thankful. I am so glad I got your treatment. This month is the first time in my life that I can remember of having my menses without pain. Why, I can't do anything but recommend Peru-na.—Miss Emma L. Bolden, Wilberforce, O. The Peru-na Medicine Co., Columbus, O., will mail Dr. Hartman's special book for women, free on application, to women only. All druggists sell Peru-na

Hundreds of Lives Lost.

According to reports from St. Thomas, Danish West Indies, the storm which swept over the island developed almost unprecedented violence, being accompanied by a tidal wave and tremendous rains causing numerous landslides. Kingston, the capital of St. Vincent island is totally destroyed, and 300 lives have been lost. Twenty thousand people are homeless and hundreds of dead bodies were buried in trenches.

All Are Gone.

Word reached the navy department that all the Spanish war vessels in Porto Rico had left the country. The information came from Admiral Schley. Their departure is simply in accordance with the plan of evacuation of the island by Spanish forces as provided for in the protocol of peace.

Faure May Resign.

Leading French papers assert that President Faure, rather than allow a revision of the Dreyfus case, will resign and seek re-election by the national assembly convened to elect his successor. Among the rumors in circulation regarding the Dreyfus case is that an arrest still more sensational than any is imminent. Another report says that when Gen. Zurlinden, minister for war, resigns, legal action for revision will be commenced before his successor is appointed.

The Evacuation of Cuba.

According to information furnished by the Spanish evacuation commission at Havana the number of Spanish soldiers in Cuba aggregates 100,000, and it is understood that it is proposed that the men shall carry with them their arms, ammunition, material and equipments. It is estimated that the end of February will have come before the evacuation of the island is completed, as the soldiers must embark in Spanish vessels.

MICHIGAN NEWS SUMMARY.

Doings of the Week Recorded in a Brief Style.

CONCISE AND INTERESTING.

The 32d Michigan Regiment Returns from the South and Was Joyfully Welcomed Home Again—Crooked Primaries Charged at Bay City.

32d Michigan Home.

The 32d Michigan volunteers arrived at Island Lake after an unusually pleasant journey for a military train. The trip from Huntsville, Ala., was one grand ovation all along the line. At every little hamlet great crowds gathered at the depot to greet the boys, and the farther north the regiment proceeded, the greater became the audiences to welcome them. Through Indiana and Ohio, at every depot where the train stopped, the cars were surrounded by women, with flags and every kind of delicacy to cheer the boys.

The train was made of four sections as follows: First section—Cos. K, Detroit, 81 men, three officers; M, Detroit, 89 men, three officers; I, Detroit, 89 men, three officers; Col. McGurrian in charge. Second section—Cos. L, Detroit, 82 men, three officers; F, Grand Haven, 81 men, two officers; D, Battle Creek, 81 men, two officers; Maj. Reynolds in command. Third section—Cos. C, Kalamazoo, 82 men, two officers; A, Coldwater, 78 men, two officers; G, Grand Rapids, 82 men, three officers; under Maj. Abbey. Fourth section—Cos. H, Grand Rapids, 82 men, three officers; B, Grand Rapids, 88 men, one officer; E, Grand Rapids, 78 men, three officers; under Lieut.-Col. Vos.

The total number of men brought north was 1,039, while the original roster of the regiment, as it left Island Lake, four months ago, contained 1,328 names. A detail of two officers and 18 men was left as a guard over the division hospital at Ferdinand. Of the remaining 269 men, some have died, many are away on furloughs, some are still in the hospitals. The sick on the sections were sent in the hospital cars to Detroit and from there to their respective homes.

Hospital Train Arrives.

The hospital train which went to the southern camps to get Michigan's sick soldiers, arrived at the Michigan Central depot at Detroit with 115 men. It was in charge of Col. Geo. A. Loud, Dr. W. R. Lee, one of the physicians who went south with the train, was also aboard. Dr. Lee went to Huntsville with one car of the train for the sick of the 32d regiment. He has made a written report to Col. Loud about this side trip and in it he says some pretty hard things about Col. McGurrian and a few of the other regimental officers of the 32d. Without a single exception the soldiers say they have received excellent treatment from the physicians and nurses in charge of the train. Twenty-four out of the 115 men were considered sick enough to be taken to the hospitals. There were many touching scenes as the sick men were greeted by relatives.

Maynard and Gardner Disagree.

Secretary of State Gardner says he does not agree with Attorney-General Maynard regarding the continuance in office of the U. of M. regents appointed by Gov. Pingree to fill vacancies. The attorney-general recently gave an opinion that the appointment of Geo. A. Farr and H. S. Dean to vacant regencies was not for unexpired term, and that notices of election should be given by the secretary of state for election to fill the places at the next general election. Secretary Gardner asserts that Messrs. Farr and Dean should remain in the positions and finish the unexpired terms.

Cadillac Street Fair.

There was a big crowd at the street fair at Cadillac. The booths were all crowded, the exhibits being 1,000 more than last year. The fruit exhibits were especially fine. The soldiers and sailors' reunion was attended by over 200 veterans. The camp fire was addressed by Congressman Bishop and Hon. E. L. Allen, of Ypsilanti.

\$20,000 Fire at Chesaning.

The Everts block at Chesaning, owned by Edson, Moore & Co., of Detroit, occupied by the Babcock Mercantile Co., as a general store, caught fire from a lighted kerosene lamp in the banana department and burned to the ground, with all its contents. Two families living above, lost everything.

Condition of Wreck Victims.

The victims of the accident on the F. & P. M. several weeks ago are not improving very rapidly. Miss Susan Knox, of Wales, has suffered a relapse, and may die. Mrs. Doniver, aged 77, is in a dangerous condition. Several of her ribs were broken.

Charge of Fraud in the Primaries.

Charges of fraud and irregularities at the primary Republican caucuses held at Bay City were called to the attention of Prosecuting Attorney Gilbert and that official at once started an investigation.

Smash-Up on Grand Trunk.

A Chicago & Grand Trunk freight broke in two, half a mile west of Lansing. When the sections came together about 15 cars were more or less injured, and several carloads of grain jumped. Loss not heavy.

Bay City is being flooded with bogus nickels of home manufacture. The counterfeit has a splendid appearance, but is deficient in weight and ring. The police have obtained a half hundred of the pieces, but cannot catch on to the man who makes them.

CONFIDE IN A WOMAN. Women may write about their troubles to Mrs. Pinkham and avoid the questions of a male physician. The questions asked of a woman by a male physician are embarrassing and frequently revolting to a sensitive nature. In consequence the whole truth is not told! This makes it difficult for female troubles to be successfully treated, and is the reason so many women grow worse rather than better. Mrs. Lucy A. LOUGHERY of New Lebanon, Ind., describes how wretched she was until she received Mrs. Pinkham's help: DEAR MRS. PINKHAM:—I propped myself in a chair and wrote to you, and as soon as I commenced to take your Vegetable Compound I began to improve. I had suffered with severe pains in my hips, back and head. The doctor said I had bladder trouble and falling of the womb. I had spells when, if I did not sit down, I would fall. I was sleepy all the time. I was also troubled with leucorrhoea and itching piles. People thought that my end was near. Had it not been for Lydia E. Pinkham's Vegetable Compound and advice, I would have been dead and buried long ago. I hope that this letter may be the means of helping all women who suffer as I did. Women understand women better than men can. The whole truth is freely told to Mrs. Pinkham, and women only see the letters received by her at Lynn, Mass. Her advice is freely offered. Here is a convincing letter from a woman in Bethlehem, Pa.: DEAR MRS. PINKHAM:—Words cannot express my gratitude for the good that your Vegetable Compound has done me. I have taken five bottles, and feel better in every respect. Menstrues heretofore lasted too long and were very profuse, and made me very weak. Your Compound is a miracle. Before writing to you I had tried doctor's medicine, but of no avail. I would not give up your Compound for female complaints for all the doctor's medicine in the world. My friends want to know what makes me look so well. I do not hesitate one minute in telling them what has brought about this wonderful change. I cannot sing its praises enough. I hope every one who suffers as I have will give Lydia E. Pinkham's Compound a trial; and I know that, if taken according to directions, it will cure.—Mrs. EDWIN EMMIE, 413 Church Street, Bethlehem, Pa. All women who suffer should secure Mrs. Pinkham's counsel. Female troubles are real troubles, and must be treated understandingly. For a quarter of a century Mrs. Pinkham's advice and Lydia E. Pinkham's Vegetable Compound have been helping women to be strong and well, more than a million women have been benefited by it. Lydia E. Pinkham's Vegetable Compound A Woman's Remedy for Woman's Ills.

THE MISTAKE OF AN ATHLETE.

It Was Only One of Many, But Its Lesson Was Valuable.

Newspaper dispatches the other day contained the announcement that a well-known athlete, who was at that time training for a boxing contest before a California athletic club, had been compelled to discontinue his training because of an extremely aggravating form of skin disease. An investigation of the fact has led to the discovery that the disease had been brought to its present annoying condition by the application of impure soaps, used in the work of training.

If you are a bicyclist, runner or pedestrian, or ever indulge in athletic training, you know that after exercise the pores open and the entire skin is in a peculiarly receptive state for anything that may be applied to it. It seems incredible that any sane man or woman would knowingly apply to his or her skin an impure article of soap, but that is just what is being done by many hundreds of athletes when taking their after-exercise bath. A realization of this fact is what is causing the marvelous popularity among athletes of Kellar's Tar Soap. This preparation is recognized and recommended by medical practitioners everywhere. It is an absolutely pure soap, and the ingredients used in its manufacture are no secret. Kellar's Tar Soap is an absolutely pure combination made from the best pine tar obtained in pure oils and glycerine. Careful investigation has been made by the manufacturer of the action of this preparation in treating the skin, with results which show the remarkable restorative powers of the articles used in its manufacture. There has been provided in this soap the chemical and natural elements, carefully combined so as to cleanse the skin of all poisonous matter and arrest the degeneration of the skin tissues. It gives you the best complexion nature has for you, a transparent skin and the healthy bloom of youth. A trial is sufficient to convince you that all the claims made for this soap are well founded. Kellar's Tar Soap is sold by nearly all leading druggists and dealers at 15 cents per large cake. If your druggist or dealer does not keep this skin and household necessity, take no substitute, but have him get it for you or send the price in stamps to the Kellar soap company, sole makers, Williamsport, Pa., and receive a full-size cake of soap by return mail, postpaid.

SURE CURE FOR RHEUMATISM.

The statement that there is a cure for Rheumatism will be read with incredulity by the majority of people. However, it is a fact which we can prove. Rheumatism is a disease of the blood, and until that is thoroughly cleansed no one can be affected with the disease can hope for relief. The remedy we offer is not a new discovery, but it has never been placed on the market in medicinal form. We know from personal observation that it has effected a permanent cure whenever tried and this is what suggested the idea of offering it to sufferers from rheumatism. The Sure Cure Rheumatic Tablets are a purely vegetable compound. They are warranted to cure the worst cases of rheumatism. Price, 50 cents a box. For sale by druggists or sent by mail on receipt of price. Send for free sample. RHEUMATIC MEDICAL CO., Marshall, Mich.

CONGRESSIONAL TICKET. For Congress—Second District HENRY C. SMITH, of Adrian

REPRESENTATIVE TICKET. For Representative—First District GEORGE S. WHEELER, Salem.

- COUNTY TICKET. For Sheriff J. H. KINGSLEY, Manchester. For Clerk JOHN HEINSMANN, Ann Arbor. For Register of Deeds GEORGE A. COOK, Ypsilanti. For Treasurer JACOB BRAUN, Freedom. For Prosecuting Attorney FRANK E. JONES, Ann Arbor. For Circuit Court Commissioners O. E. BUTTERFIELD, Ann Arbor. FRED W. GREEN, Ypsilanti. For Coroners HARRIS BALL, Ann Arbor. DR. GEORGE M. HULL, Ypsilanti. For Surveyor HARRISON W. BASSETT, Saline.

CLIFFORD Huston, the Democratic nominee for Register of Deeds, is from Ypsilanti as is also Geo. Cook the Republican candidate. Ypsilanti is, therefore, sure to have a man in this office for the next two years.

CANDIDATE Gillen is an expert as a bar tender in the saloon where he draws beer at Saline; but when it comes to getting votes, Kingsley, of Manchester, will prove to be the "expert." Just remember this prediction.

GILLEN, the Democratic nominee for sheriff, has a snap in his method to capture votes in the vicinity of Saline. He can buy beer by the barrel in the Saloon where he is bartender and can jolly up the boys and fill them full of beer at small expense. He expects to capture four-fifths of the Saline votes in this way.

It is announced that Pros. Atty. Kirk will not resign his army position until after election, and see whether he secures a reelection. If not he will remain with his regiment. Must be that he does not feel over confident of defeating Frank E. Jones. He will secure a furlough to enable him to look after his campaign.

Royal makes the food pure, wholesome and delicious. ROYAL BAKING POWDER Absolutely Pure. ROYAL BAKING POWDER CO., NEW YORK.

If Eli Sutton, of Detroit, who was nominated at the state convention for Regent to fill Col. Dean's place is permitted to hold the position, Detroit would have three members of the board. One other member of the Regents is already in favor of Detroit. It can be readily seen how easy it would be to move a part of the University there if the scheme to oust Col. Dean succeeds.

When Mr. Hand nominated Vogel in the Democratic convention he said "The time has passed when a man with a fog horn voice could make votes for a candidate. That wind did not count." Mr. Hand seemed to forget that he was talking to a Democratic convention. Following him the fog horn was turned on—and made enough votes to nominate Gillen for sheriff. It was clearly a case of where wind won.

The Inglenook.

A HOME DEPARTMENT

DISCUSSING SUBJECTS OF INTEREST TO THE FAMILY OR THE INDIVIDUAL.

Edited by Mary Wood-Allen, M. D., Ann Arbor, Mich.

(Questions concerning the topics treated in this department may be addressed to the editor, who, at her discretion, will answer either directly in the department column, or will embody the answers in an article.)

Copyright by Inglenook Press. A few days ago I was talking with the principal of a school for feeble-minded children and asked her concerning the prevalence of this condition. She said, "Statistics show that there are over 70,000 such children in the United States. There must also be many who, sheltered in homes, are not recorded and therefore not enumerated. But we know that this condition is on the increase."

I read lately that insanity and criminality are all on the increase. There seems to be no diminution of all these sorrowful conditions if we may judge from the commodious and even elegant quarters built for the care and treatment of defectives of all sorts, and strangest thing of all, these asylums for our defectives are our show places. If we visit a city where they are located our friends take us to see them with manifest pride in "our insane asylum," or our "fine State's Prison."

During the civil war 13 percent of the men examined were found unfit for military service. During the present war we read that 31 percent were rejected and the military standard has not been changed. These few bald statements arouse in our minds the inquiry into causes of race deterioration. Who is to blame for all this increase of degeneracy. These queries bring us face to face with the great fact that we are race-builders. Our mental, physical, spiritual, habitual characteristics, our modes of thought, our repeated acts mould and form the next generation.

We may imagine that the influence of parents upon their children begins after those children have become realities, but in this we are mistaken. We understand the force of the old saying that the "child is father of the man," but have scarcely yet begun to comprehend that with equal truth we may say the child is father of his future children. What the man does after his children are born is of little importance compared with what he does as child and youth, for at the time that he is making his own character he is making the character of his posterity.

So you see it comes back to us in the thought that we as parents, having the little children in our hands, have control of the race.

Francis Galton says, "Each generation has enormous power over the natural qualities of those that succeed it—It is therefore our duty to investigate the range of that power and wisely to use it."

What is the race to become physically? Is it to grow in strength and vigor? That question is being answered by the methods of feeding, clothing and training of our children. Is the race to degenerate still further, losing in stature, in courage, in power to do? The habits our children are forming, their use of stimulants or narcotics, their hours of sleep, their habits of exercise, are answering these queries.

Is honesty to increase, and emulation and strife to diminish? Homes and schools of to-day are deciding this. Is purity to die out of heart and life, are conduct and conversation to lower moral standard? Home atmospheres, home jests, the periodicals read in the home, the home teaching in regard to life's duties and life's mysteries, all these are deciding the future of the race.

Not long ago I visited the laboratory of a Scientist who showed me, a little instrument by which he learns the mental states of individuals by a chemical analysis of their breath. He finds that anger, hatred, jealousy, crime or any evil passion actually creates a poison in the blood, each its own peculiar poison which he can detect through his chemical processes. He learns that in five minutes after a fit of

anger the breath will be loaded with the anger-poison. But hours must elapse after the fit has passed before the poison has all disappeared. Let us pause a moment and consider what all this means. Can we feel well if we are all the time poisoned with the products of bad temper, of worry, of anxiety or irritation? What must be the condition of the child whose whole being has been saturated with the poison generated by unhappy feelings of the mother. If we had the power to trace the hidden springs of being we might find that much of race deterioration comes through the mental states of parents who irritate, vex, annoy each other, and so poison the very source of the little life that is dawning.

To the Common Council of the City of Ann Arbor: Gentlemen:—I beg to report that I have carefully examined the books of accounts and vouchers in the office of the City Clerk and City Treasurer for the year ending May 1st 1898 and find that the accounts have been correctly kept. That vouchers are on file for all disbursements and that the balance at the close of the year is verified by a certificate of the Farmers & Merchants Bank.

I find that the books of the City Treasurer are models of neatness and accuracy.

The books of the City Clerk are to be commended as very neat and accurately kept.

If such competent officials as the present Treasurer and Clerk could be retained in office without reference to political preference, it would be a good thing for the interests of the city.

TO WOMEN FROM Mrs. Joseph Peterson, Warren, Pa.

"I have suffered with womb trouble over fifteen years. I had inflammation, enlargement, and displacement of the womb.

"The doctor wanted me to take treatment, but I had just begun taking Mrs. Pinkham's Compound, and my husband said I had better wait and see how much good that would do me. I was so sick when I began with her medicine, I could hardly be on my feet. I had the backache constantly, also headache, and was so dizzy. I could not walk around, and I could not lie down, for then my heart would beat so fast I would feel as though I was smothering. I had to sit up in bed nights in order to breathe. I was so weak I could not do anything. I have now taken several bottles of Lydia E. Pinkham's Vegetable Compound, and used three packages of Sanative Wash, and can say I am perfectly cured. I do not think I could have lived long if Mrs. Pinkham's medicine had not helped me."

COUNCIL CHAMBER, Ann Arbor, Sept. 13th, 1898. Special session. Called to order by Pres. Luick. Roll called. Quorum present. Absent: Ald. Sweet, Exinger, Brown, Spathelf, Weeks, Coon, Howell.

PROCLAMATION OF THE MAYOR. The melancholy duty has devolved upon the mayor to announce to the citizens of Ann Arbor the death this morning, at his residence in this city, of one of the most distinguished men of the nation, Hon. Thomas M. Cooley.

As professor in the university, supreme court reporter, chief justice of Michigan, and chairman of the Federal Inter-State Commerce Commission, he has made his home among us; and while his greatness has been shared by all people of the Union, his domicile has been the pride of Ann Arbor alone.

As a mark of respect to his memory, I recommend that the flags of the city be placed at half mast and that on Wednesday, September 14th, the day of the funeral, between the hours of 3 and 4 p. m., the business houses of the city close their doors and all of our citizens observe the sad occasion.

The Common Council of the City of Ann Arbor is hereby summoned to meet in the council chamber on Tuesday evening, September 13th, 1898, at which time and place suitable resolutions may be presented for consideration.

CHAS. E. HISCOCK, Mayor. Dated, Ann Arbor, Mich., Sept. 12th, 1898.

By Ald. Hamilton: Resolved, that the Common Council of the City of Ann Arbor now assembled in response to the proclamation of the mayor, announcing the death of Hon. Thomas M. Cooley of this city, humbly offering their dependence upon Almighty God, and believing that this visitation is a merciful deliverance of a noble soul from a worn and broken body, in affirmation of the high esteem in which Judge Cooley was held by the people of this city and in declaration of their sentiment, unanimously resolve:

First, that in testimony of their veneration and affection for the illustrious dead who has been permitted in his long and active life to do so much for the state and nation, on Wednesday, the 14th day of September, the day appointed for the funeral, between the hours of three and four in the afternoon, all ordinary business in the various departments of the city government be suspended and that they will unite in the funeral services.

Second, that in the life of Thomas M. Cooley, who by virtue of his extraordinary talents and systematic industry, was permitted to rise from humble beginnings to the heights of fame, they recognize an example of purity, virtue and diligence which should be an inspiration to mankind and whose utterances will be quoted so long as constitutional liberty shall endure.

Third, that a copy of these resolutions be communicated to the afflicted children of the deceased as an expression of sympathy in their great bereavement.

Adopted as follows: Yeas—Ald. Hamilton, Richards, Koch, Dieterle, Vandawarker, Cady, Stevens, Pres. Luick—8. Nays—None.

Whereas—We would not ask that anything but the Lord's will be done, although our hearts may bleed with sorrow

Be it resolved—That in the death of Eliza Ann Covert this society has lost one of its most faithful and earnest members, one whose place it will be hard to fill

That we extend to the afflicted family our heart-felt sympathy and at the same time breathe a prayer that the "Comforting Christ" may be to them a present help and lead their feet into the way of peace.

That a copy of these resolutions be presented to the family and also spread upon the records of the society.

Whereas—For the second time during the last few days death has invaded our ranks and selected its victims, and

Whereas—The loss of such members make us the better feel the need of increased activity on our part,

Be it Resolved

That in the passing of Phoebe A. Wheelock our circle suffers a loss that cannot be easily repaired.

That a noble woman has fallen, whose deeds and words have often been an inspiration to us.

That we extend to her large circle of friends and acquaintances our heartfelt sympathy and earnest "God bless you."

That a copy of these resolutions be placed upon the record of our society and that they be published in the Ann Arbor Register.

FROM THE FUNNY SIDE.

[Continued from page one].

as to furnish us with three inches of water on the floor of our car, but evidently overlooked furnishing pontoons.

In spite of our change of locations, camp life limps along much the same as ever, and out of our scanty resources we manage to manufacture a deal of amusement, even if we have to go to the corral of the "Nightengales" for it, to watch the gyrations of the festive army "butterfly." They too often get tired of the monotony of army life, and so a natural affinity and love has grown up between us, but we always take care to get out of range of their caresses. At times he will stand upon his sturdy ears, being balanced upon his front legs, and endeavor to pluck the stars from the sky with his heels; or shoot them into one of his fellows till the air sounds of African Tom-Toms, and cracked "mule slats," or as the layman would say "ribs."

In the meanwhile the poor guard patrols cautiously along, always fearful of the train of bob-tailed comets that would follow in the wake of a collision with one of his words. One poor U. of M. student whose duty it is to drive an army four-in-hand, could well profit by these remarks and study astronomy in this way, but instead, he prefers to clean his teams with a brush attached to a fish pole, and carries them with a rake. As it is, however, he feels that he thus increases his lease of life. All mule drivers are "immunes" i. e. from the persecution by insurance agents, as they are considered such a bad "risk" and a standing candidate for a berth in the hospital. But few students hanker after the degree M. D. as conferred in the army.

Every Friday night we have an entertainment of a vandeville tendency, under the espionage of our Chaplain. They include classic Wagnerian music by the band, often supplemented by the Mule Chorus en obligato, from the neighboring corral; the popular rages of "Hottest Baby in the Bunch" and Shubert's Serenade; impersonations, recitations and admonitions, the latter by the witty chaplain who has found his way to even the refractory boys' hearts by being the chief promoter of the boxing matches, the grand finale of our entertainment.

Next week we are intending establishing a "Kangaroo Court" to try the offenders of the unwritten law of the regiment. One case is already on the docket. The prisoner is charged with appropriating to his own use certain private, personal property of another, to-wit: A fine, ancient, time-honored product of the hen industry, (kept as heir looms of a past era, and valued as a curiosity.) I am in hopes of sending you a record of these proceedings when court convenes.

Every woman who hopes and expects to be a mother should know that if she is in a state of unnatural weakness or disease at the time the baby is born, this unhealthy condition will be transmitted to the baby and will just as surely and remorselessly destroy its future health and happiness as a locomotive engine would crush out its tender little life if it were playing on the track.

This is the great law of heredity which never gets off the track for anybody. The prospective mother who is sustained through the period of anticipation by the strengthening health-giving aid of Doctor Pierce's Favorite Prescription, will find all the dangers of motherhood completely overcome and a large portion of its pain and discomforts banished. This wonderful restorative "Prescription" gives health to the special organs and nerve-centers. It makes the mother capable and cheerful; protects her against relapse and imparts increased constitutional vigor to the child. It cures all weaknesses and diseases of the female organism. It is the only medicine scientifically prepared for this express purpose by a skillful physician and expert in this class of difficulties. Over ninety thousand women have written letters telling what this extraordinary remedy has done for them. Some of these letters are printed in one chapter of Dr. Pierce's great thousand-page illustrated book, "The People's Common Sense Medical Adviser," which will be sent free on receipt of 21 one-cent stamps, to pay the cost of mailing only. Address World's Dispensary Medical Association, Buffalo, N. Y. For a handsome cloth-bound copy send ten stamps extra, 31 in all.

Mrs. W. Robinson, of Springhill, Nova Scotia, writes: "I was confined and I was only sick about thirty minutes in all. I can truthfully say that your 'Favorite Prescription' worked wonders for me. I am going around doing my own work and before I had to keep a girl till I was able to do my work."

DEPARTMENT OF EDUCATION.

A Thursday evening will be held the first semi-social gathering of the year. This will be a class Rally at which plans for the winter will be presented by the different teachers, each for her special subject.

It is hoped that the enrollment of names for classes will be so well finished that evening that definite arrangements as to the time of meeting can be made and classes organized at once. The subjects offered are these:

Vocal music—sight and chorus singing—Miss Elsa Liebig, teacher.

Arithmetic—giving a simple course of practical methods—Mrs. Plympton.

Embroidery—teacher, Miss Markham.

English—a study of selections from Longfellow and Whitier with drill in grammar, penmanship, sentence study etc.—teacher, Miss Crippen.

Current Topic Club (free) led by Miss Sager, and a "Round the World" class led by Miss Crippen are among the new features. A Sewing Circle on Thursday afternoons has been held for some weeks this will be followed later on, by a class in dressmaking.

Class fees the usual one of 25 and 50 cents. The first lesson in each course is always a free one.

The Bible study committee will make their announcements later.

GILLEN THE MAN

[Continued from page 1.]

The order of business provided that the sheriff's office should be the first taken up. There were five candidates in the field. Nominating speeches were made by Hon. W. G. Doty for M. C. Peterson; Chas. A. Ward, for Mr. Siple; Mr. W. Hand, for C. W. Vogel; ex-congressman Gorman, for Hiram Lighthall, and Col. Fenn, for John Gillen. All the addresses were good—especially that of Col. Fenn. The principal feature of Col. Fenn's speech was brimstone. It required one abortive and five regular ballots to nominate a sheriff. The first attempt showed more ballots cast than there were delegates in the convention and it was thrown out. The next five stood as follows:

First; Lighthall 78, Vogel 48, Gillen 42, Siple 31, Peterson 28.

Second; Lighthall 90, Vogel 50, Gillen 47, Siple 28, Peterson 14.

Third; Lighthall 95, Gillen 60, Vogel 48, Siple 18, Peterson 5.

Fourth; Lighthall 90, Gillen 84, Vogel 40.

Fifth; Lighthall 95, Gillen 130.

This satisfied Col. Fenn and he now admits, that so far as he is concerned "h—l will not be to pay," but the other fellows have not all been heard from.

Following this Capt. J. F. Schuh for Clerk was renominated by acclamation. For Treasurer, Geo. J. Mann, of Lodi, won out on the first ballot against Gotlob Lutic and Emanuel Wagner.

J. P. Kirk was renominated by acclamation for Pros. Atty.

There were two ballots for Register of Deeds for which Clifford Huston, of Ypsilanti, By. Whittaker, of Scio, Frank Hammond, of Augusta and Alf Davenport, of York were candidates. Huston was an easy winner.

W. H. Murray, of 31st Mich. was nominated for Circuit Court Commissioner for the first district and Tracy Towner for the second district. It was seven o'clock when the convention adjourned and the friends of Lighthall left for home feeling for the knives they had concealed in their boot legs.

Kellar Saturday Night.

It seems like asking too much to expect intelligent people who have never seen Magician Kellar's latest masterpiece, "The Mysterics of the Blue Room," to believe plain statements of fact as to what takes place within its mystic walls. So readily does the great wizard approach the supernatural that an affinity with some unseen or unknown power seems certain. Yet with all the phenomena he produces in the wonderful Blue Room, Mr. Kellar maintains that it is but trickery and that there is nothing uncanny or unnatural about it. Here is a sample statement of what he did at Daly's Theatre in New York every night during his four months' run there last year, and what he will do in this city during his engagement at the Athens Theatre next Saturday night:

The stage is open and clear from all obstructions. The side and back walls are hung with blue plush. There is one chair in the middle of the stage and directly above it depends a big electric arc light. Aside from those, there isn't a scrap of furniture or ornamentation of any kind. The stage is brilliantly lighted all the time, yet, in the full glare of the big light, Mr. Kellar takes his seat in the chair, makes a few passes with his hands and commands his physical body to dissolve into thin air. It gradually and slowly fades until the back of the chair is seen through his form. Finally it disappears altogether, much as a cloud of mist would be dissipated by the morning sun. He doesn't walk off the stage at all; he simply sits still and slowly vanishes. Then he sits in the same chair and turns himself into Mrs. Kellar, who steps to the footlights and speaks to the audience. In like manner he materializes men and women out of the air at will, causes a magal flocant rose bush to grow from a tiny sprout to a perfect tree laden with luscious fruit. The entire process of the growth is plainly seen by everyone, as no cones or coverings of any sort are used. Mr. Kellar, during this marvelous scene, is thirty or forty feet away from the growing plants and doesn't touch them. A score of other equally inexplicable things take place in the blue room, and there are also seven other full-stage illustrations included in his program.

Ex-Judge Comstock of Detroit Gives to the People His Opinion—Satisfied Only with Hood's.

The testimonials in favor of Hood's Sarsaparilla come from people in all ranks of life. Its great power to enrich and purify the blood is recognized by physicians, clergymen, teachers, lawyers and judges, who, owing to sedentary habits and severe nervous strain, often need its vitalizing and nerve-strengthening influence. Ex-Judge Comstock of Detroit says:

"I am a busy man and have little time for recreation, and I find my system sometimes needs toning up. At such times I take two or three bottles of Hood's Sarsaparilla, and then I find I am all right. I have sometimes been persuaded to try other and cheaper kinds, but I have never been satisfied with anything but Hood's Sarsaparilla." Ex-Judge A. G. COMSTOCK, 673 Cass Ave., Detroit, Michigan.

MORE TROOPS FOR MANILA.

War Department Orders Five More Regiments to the Philippines.

Five regiments now at San Francisco have been ordered to Manila. It was stated at the war department that no exigency had arisen which made it necessary to send the troops to Manila, but the order issued was in accordance with the general plan of the department regarding a garrison for the Philippines. That plan included 20,000 men for the Philippines, 12,500 for Porto Rico and 40,000 for Cuba. The troops to be sent to Manila under this last order will fill the complement for that station.

The War Investigation.

President McKinley experiences some difficulty in securing nine suitable members for the war investigation commission. Gen. Schofield declines to serve and several others asked to be excused. Those who have accepted are: Gen. James Sexton, commander-in-chief of the G. A. R.; Charles Denby, ex-minister to China; Evan P. Howell, of Georgia; Gen. Granville M. Dodge, of New York; Dr. W. W. Keen, of Philadelphia; D. C. Gilman, of Maryland, and John R. McLean, of the Cincinnati Enquirer.

Attempt to Poison Aguinaldo.

It is reported that an attempt was made to poison Aguinaldo, the Philippine insurgent leader. A steward saw a Spanish prisoner, who had been allowed his freedom, tampering with a bowl of soup intended for Aguinaldo. The steward tasted a spoonful of the soup and fell dead. Eleven Franciscan friars are alleged to have been engaged in the conspiracy. The populace attempted to lynch all the Spanish prisoners, but Aguinaldo intervened.

For Croup,

asthma, bronchitis, or whooping cough, there is no remedy so sure and safe as Dr. Ayer's Cherry Pectoral. From the first dose its healing influence is manifest. The sufferer who has been kept awake by the cough falls into a restful sleep, and awakes strong and refreshed. Dr. Ayer's Cherry Pectoral is acknowledged to be a specific for all pulmonary complaints. Physicians praise and prescribe it.

It is now put up in half size bottles at half price, 50c.

"One of my children had croup. One night I was startled by the child's hard breathing, and on going to it found it strangling. It had nearly ceased to breathe. Having a part of a bottle of Ayer's Cherry Pectoral in the house, I gave the child three doses at short intervals, and anxiously waited results. From the moment the Pectoral was given the child's breathing grew easier, and in a short time it was sleeping quietly and breathing naturally. The child is alive and well to-day. Ayer's Cherry Pectoral saved its life."—C. J. WOODRIDGE, Worthen, Texas.

Chronic Dyspepsia Cured.

AFTER suffering for nearly thirty years from dyspepsia, Mrs. H. E. Dugdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 23 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Liver Pills and Nervine. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I keep them at hand and a single dose dispels any old symptoms."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, **DR. MILES MEDICAL CO., Elkhart, Ind.**

Eczema! The Only Cure.

Eczema is more than a skin disease, and no skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.

Eczema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many patent medicines were taken, but without result, until we decided to try S. S. S., and by the time the first bottle was finished, her head began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a magnificent growth of hair. Not a sign of the dreadful disease has ever returned.

Don't expect local applications of soaps and salves to cure Eczema. They reach only the surface, while the disease comes from within. Swift's Specific

S.S.S. For The Blood is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach. S. S. S. is purely vegetable, and is the only blood remedy guaranteed to contain no potash, mercury or other mineral. Books mailed free by Swift Specific Company, Atlanta, Georgia.

The supply of provisions which they took in cost \$300 and they are worth there \$2000.

PECULIAR POISONS.

GENERATED IN THE HUMAN BODY.
The Result of Imperfect Digestion of Food.

Every living thing, plant or animal contains within itself the germs of certain decay and death.

In the human body these germs of disease and death (called by scientists Ptomaines), are usually the result of imperfect digestion of food; the result of indigestion or dyspepsia.

The stomach, from abuse, weakness, does not promptly and thoroughly digest the food. The result is a heavy, sodden mass which ferments (the first process of decay) poisoning the blood, making it thin, weak and lacking in red corpuscles; poisoning the brain causing headaches and pain in the eyes.

Bad digestion irritates the heart, causing palpitation and finally bringing on disease of this very important organ.

Poor digestion poisons the kidneys, causing Bright's disease and diabetes. And this is so because every organ, every nerve depends upon the stomach alone for nourishment and renewal, and weak digestion shows itself not only in loss of appetite and flesh, but in weak nerves and muddy complexion.

The great English scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and peptogenic products; the most sensible remedy in all cases of indigestion, is to take after each meal one or two of Stuart's Dyspepsia Tablets, because they supply in a pleasant, harmless form all the elements that weak stomachs lack.

The regular use of Stuart's Dyspepsia Tablets will cure every form of stomach trouble except cancer of the stomach. They increase flesh, insure pure blood, strong nerves, a bright eye and clear complexion, because all these result only from wholesome food well digested.

Nearly all druggists sell Stuart's Dyspepsia Tablets at 50 cents full sized package or by mail by enclosing price to Stuart Co., Marshall, Mich., but ask your druggist first.

A little book on stomach diseases mailed free. Address Stuart Co., Marshall, Mich.

IN THE HANDS OF THE ENEMY.

"You are if you drink coffee," and you will find it hard to get away from this enemy, such a subtle hold does it get upon you.

Strange that the human race for a few short moments of bliss will, as a rule, forfeit years of healthful pleasure. It takes steam to drive this human engine—steam.

Coffee never made a pound of steam for this human engine, but you can drink "Golden Nectar," which tastes like the best coffee, looks like coffee, but every cup you drink of it makes steam for the system—turns into blood, makes the human engine respond to every touch of the throttle.

You know coffee wrecks the system. Change to "Golden Nectar" now, and instead of being the victim of a narcotic, grow fat and healthy on "Golden Nectar."

Boil 20 minutes—add cream and sugar. Ask your grocer for it, and try a cup for breakfast.

The University library has recently been made the recipient of three very old and interesting newspapers which were presented by Karl E. Gauss, of this city. One of them is the "New England Weekly Journal" for April 8, 1728. Another is the "Boston Gazette and Country Journal" for March 12, 1770. This paper has a full account of the Boston Massacre in it. The third is the "New York Morning Post" of Nov. 7, 1783, which contains Washington's farewell address to the army.

Secretary of War Alger told Chas. E. Townsend at Detroit Saturday that he could not see the way clear to mustering out the Thirty-first Michigan regiment. He said he should make every effort to discharge such regiments as seem to most need such action, but the welfare of the country relative to its new proteges should be considered first. Congressman Spalding, who was present, thought the law would permit the increasing of the regular army to 75,000 men, which would be sufficient to garrison the conquered countries. Gen. Alger said nothing to encourage the belief that the Thirty-first would soon be mustered out.—Jackson Press.
