**THOMAS NINDE SHOOTS HIS SWEETHEART.**

Because She Would Not Encourage His Suit—He is a Son of Ex-Judge of Probate. Ninde—Miss Millie Young the Victim—Shot on the Street in Ypsilanti Sunday Evening—Ball Entered Near the Heart—Victim May Live, However.

The following report of the shooting of Miss Millie Young at Ypsilanti last Sunday, appeared in the papers Monday morning.

Millie Young, of Carleton, Mich., a dining-room girl at the Hawkins house, lies in her bed tonight with a 38-caliber bullet in her left breast, and upon the result of her struggle between life and death depends whether or not Thomas Ninde, Jr., is a murderer.

The girl is very comely and was always so pleasant about her duties in the hotel, that she made many friends among the regular boarders and her fellow servants. J. H. Lepper, the proprietor of the hotel, keeps a private barn near the hostelry for his fast horses. In his employ, looking after the care of his speedsters, was Tom Ninde, a son of the late Judge Ninde, who once presided over the probate court in Washtenaw county, and a nephew of Bishop Ninde of the Methodist church. Tom often came in contact with the help about the hotel, and Millie, by her pleasing manners, soon attracted his attention. He seemed to be captivated by her, but she did not encourage his suit. If perchance he met her on the street on an evening, he would ask to accompany her home, generally putting it on the grounds that while he was with her he was kept away from bad company.

Millie had decided to leave Ypsilanti tomorrow and this came to Ninde's ears. This evening about 8:30 o'clock while out walking with Mr. Curtis, a barkeeper in the hotel, and his wife, they encountered Ninde in front of the Cleary Business college, which is only half a block from the hotel.

The following conversation took place:

"Millie" said Ninde, "I want to speak with you a minute."

"What is it?"

"I want to speak with you privately."

"If you have anything to say to me Tom, you can say it before this lady. You have created two scenes for me already and you must not create a third."

Mrs. Curtis saw that trouble was brewing and took Millie by the arm as if to draw her away. As she was doing this, Ninde drew his revolver quickly and said, as he pulled the trigger:

"Well, here is the third scene then."

The would-be murderer had evidently very shot to kill as the ball went within a very short distance of the heart. As soon as Ninde fired the shot, he disappeared among some bushes on the lawn adjacent to the college. He ran direct to the city lock-up and knocked at the door. Jailor Jackson opened it and Ninde said:

"I want to be locked up."

His eyes were staring like an insane person. Mr. Jackson inquired what was the matter, but all Ninde would say was that he wished to be put behind the bars and he did not care what the law did with him. He was accommodated.

In the meantime Miss Young was taken to the Hawkins house, walking the half block with assistance, and placed in bed. Dr. Hull was immediately summoned and made a careful examination. He found little hemorrhage and thinks that the ball is imbedded in the chest. It was pointed for the heart, but took a downward course. It was too early to probe for the bullet this evening but this will be done tomorrow or next day. He thinks the chances are very fair for her recovery.

## Resolutions.

Resolutions of Welch Post, G. A. R., on the death of Mrs. Nathan Woodmansee:

Whereas, on the 24th of September, 1898, Mrs. Matilda A. Woodmansee, a member of Welch Relief Corps, No. 218, and wife of our esteemed comrade, Nathan Woodmansee, was suddenly called from the labors and duties of this life to the higher spiritual life awaiting us all;

Resolved, That Welch Post G. A. R., realizing the assistance and many favors bestowed upon the members of our Post in times of need by the Woman's Relief Corps, feel that in the death of any of its members we have lost a personal friend;

Resolved, That we extend to Comrade Woodmansee and his family the sincere sympathy and condolence of this Post, and that a copy of these resolutions be forwarded to him.

## Pumpkin Pie and Poetry.

Lisemer, of the Ann Arbor Daily Times, has stopped writing poetry and abruptly hung up his melodious harp. However, his silence is believed to be only a temporary whim. The sparkling scamp has all his life been a poet. Like Burns he "lisped in numbers, for the numbers came." His very heart-beats are a fulfillment of truest rhyme, and like Poe's beautiful Egeria, his "harsh-est ideas to melody run." This makes the sudden hushing of his sweet numbers all the more mysterious. Samples of his dainty verse have already enriched our columns. Mr. Lisemer has only one living competitor in the field

Everything THE REGISTER has said politically of late, even when it is but the most harmless reference to a candidate has given our esteemed contemporaries, The Times, Democrat and Dexter Leader a series of colicky spasms.

For the benefit of their health and peace of mind we give below a report of the senatorial convention held at

## A Great Big Fake

**Appears in The Times.**

Hoping to stir up trouble in Republican ranks, The Washtenaw Times, on Tuesday, published the following:

The officers of the U. of M. Republican Club, who evidently are not aware what it means to run up against Col. Judson's Rough Riders, are disgruntled over the Washtenaw county committee in refusing to supply a part of the means to get Senator Burrows to speak here Saturday night. The officers had all arrangements made, but Sheriff Judson and Chairman Butterfield thought in the interests of harmony and Pingree that Nat McKay's friend had better be kept away. The University boys will act independently and try and raise the funds to get Senator Burrows here anyway.

The fact in the case is that a representative of the U. of M. Republican Club called on Mr. Butterfield, the chairman of the county committee, and stated that the club would like to have Mr. Burrows here next Saturday night. Upon inquiry it was learned that the opera house was engaged for Saturday and could not be had. Under the circumstances the only thing to do was to postpone Senator Burrows' coming, since it was thought best to have him speak in the opera house when he came. What will be the next fake?

of poetry. We refer to the Hon. James O'Donnell of the Jackson Citizen. Of a more accommodating spirit and less power to restrain the divine afflatus, Mr. O'Donnell continues to enchant humanity with the liquid music of his lyre. Here is his last incomparable morceau:

"Now that autumn is upon us,  
Soldiers, let the past go by,  
Crowd out every war-like feeling  
With good home-made pumpkin pie."

This is well done! Such artistic mingling of the dreamy autumn time with the heaven-born principle of charity and the earth-born pumpkin pie, displays an aesthetic glory of genius might well covet. And here is another pearl from, as we might say, the same resplendent oyster:

"The days are melancholy,  
O'ld Winter is a comin'!  
Full soon the fiery furnace  
Will have to start a-hummin'.  
The frost is on the mountain,  
The leaves are turning yellow,  
And we must start a coalin'  
Station in our cellar."

What a felicity of sentiment lurks in these graceful lines! They sparkle and shine as if written with a pen dipped in the diamond's flashes, or in the lustrous sheen of the burning stars. A lesser bard tells us that the harp in Tara's halls is mute. Let us hope that such a condition may never overtake the immortal, the sweet, the enravishing harp of the Hon. James O'Donnell.—Grass Lake News.

## The Woman's League.

Few people, outside of the University, fully realize how much good is done by the Women's League of the University for the undergraduates. For the good of the women of the University a league was formed six years ago, and last year the membership was divided into tens and a woman put at the head of each ten, so that the work would be done more systematically.

The leaders of these tens, who number about forty were tendered an informal reception and luncheon by Dr. Mosher, the originator of the plan, last Saturday at one o'clock, to discuss what good could be done for the welfare of the incoming class.

## Has Not Lost a Day.

Six years ago this week Nelson H. House, who had been living on a farm near Howell, came to Ann Arbor and enrolled as a student of shorthand at the Stenographic Institute. In a few months he had completed his course and at once secured a good position as stenographer with the Globe Paper Co. of Detroit, Mich. Since then Mr. House has been constantly in the employ of the same firm and has not missed a single day from his desk during his nearly six years service. He certainly has made a good and faithful record. Mr. House, with his wife and child, were in the city Sunday visiting his brother, Bert House, who lives on Hill street.

# Crippled at Play.

## IMPRUDENCE ON THE BALL FIELD ENDS IN MISERY.

### Exposure Causes the Downfall of Many Athletes The Story of a Man who was Stricken.

From the Free Press, Detroit, Mich.

"You talk about ball playing," said Charles W. Churchill, of 66 Miami Ave., Detroit, the well known traveling salesman, who sells computing scales throughout Michigan, "I will never forget the experience I had while playing this game two years ago.

"Like all young men I played ball, in fact during my college days I was quite a ball player. I had all the qualifications to be a professional player, but instead, secured a place as a traveling salesman.

"Two years ago while spending a day in a small junction town in this State, some of us traveling men went in the suburbs to see a scrub ball game.

"Well, to make the story short I got into the game in less than five minutes and was doing more talking and running than I had for years.

"I became all warmed up and had my coat, vest and hat off. Every time I made a circuit of the bases I would lay down on the ground and try to cool off.

"This was a dangerous thing to do in my heated state, and the next morning I could scarcely walk. The physician that was called, said I had rheumatism. I was taken home on a cot.

"For nine weeks I stayed in my room and for seven of those weeks I was on my back in the bed.

"The day I played that game I weighed 145 pounds, and when I commenced to be well enough to be out again, I only weighed 116 pounds.

"I took nearly everything that has ever been prescribed for rheumatism, and had the best of medical attendance but was no benefited much. I was told that I would probably be crippled for years.

"I had about given up all hopes of ever being able to go on the road again, when I read an article in my paper about a case of rheumatism almost identical with my own that had been cured by Dr. Williams' Pink Pills for Pale People.

"I decided to try the pills and bought two boxes of them. They gave me some relief and I bought six more boxes. I soon gained strength and flesh every day and continued using the pills until I was entirely free from all pain.

"That is why I recommend Dr. Williams' Pink Pills for Pale People to those suffering from rheumatism." C. W. CHURCHILL.

This is to certify that Mr. C. W. Churchill, personally appeared before me and read and signed the foregoing statement in my presence, and acknowledged the same to be true in every respect.

ROBERT E. HULL, Jr., Notary Public.

What better proof could a person want than the above facts. These pills stand unrivaled as a tonic for the blood.

The secret of perfect health is pure blood and all the elements necessary to give new life and richness to it and restore shattered nerves are contained in a condensed form in Dr. Williams' Pink Pills for Pale People. Druggists consider these pills to be the best on the market and they report large sales.

**Death Still Taking Michigan's Boys.**  
Corporal Leon Lewis, of Owosso, Co. G, 33d Michigan, died of diphtheria at Camp Wikoff.

Henry A. Myers, Co. A, 35th Michigan, died at Grace hospital, Detroit. His home was at Tomahawk, Wis.

Wm. Martin, Co. I, 35th Michigan died in the hospital at Camp Eaton. He enlisted at Manistique, but his home was at Novar, Canada.

Herman Kreger, Co. C, 35th Michigan, died at Camp Eaton hospital. He enlisted at Waldenber.

Fred J. Yockey, Co. E, 33d Michigan, died at his parents' residence, Saginaw.

The death of John Buttolph, Co. I, 19th U. S. infantry, is reported from Ponce, Porto Rico. His home was at Pontiac.

W. J. Weidman, Co. A, 31st Michigan, died of malarial fever and pleurisy at Harper hospital, Detroit. His home was at Flint.

The first death in Co. D, 32d Michigan, was Don Stevens, aged 18, who died of typhoid fever in Nichols hospital at Battle Creek, his home town.

John A. Bailey, aged 22, succumbed to typhoid fever at New York City. He enlisted at Durand in Co. B, 34th Michigan.

George Forbes, Co. K, 34th Michigan, died at Plainwell, of typhoid fever.

A very sad case was the death of Sergt. A. B. Nelson, of Ironwood, Co. H, 34th Michigan, at Grace hospital, Detroit, by which a young widow is left with four small children.

Within a month Jos W. Fletcher, of Detroit, Co. L, 33d Michigan, would be married, but the Cuban climate was too deadly for him and after a long illness he died at his home.

**Pingree Knocked Out.**  
The Michigan Central Railroad Co. is not compelled to sell 1,000-mile family tickets for \$20 in accordance with the law of 1891. In a unanimous opinion of the supreme court, written by Justice Hooker. Gov. Pingree is defeated in his efforts to compel the Michigan Central by mandamus to issue such tickets. Briefly the court holds that the Michigan Central Co. has the right to fix its own tolls under its special charter, and that to hold the act of 1891 applicable to it would be to impair the obligation of the contract made by the state to reimburse the company for any damage which it might sustain. The court also holds that the Michigan Central Co. has not forfeited its charter by effecting consolidations with other systems.

**Shot a Young Girl Because of Jealousy.**  
Thomas Ninde, a horse trainer, shot Millie Young, a waiter girl at the Hawkins house, Ypsilanti. Miss Young, accompanied by two other waiter girls, had just left the hotel. Ninde followed and overtook them and at close range fired with a .38-caliber revolver. The bullet struck Miss Young just above the heart, and she will probably die. After the shooting Ninde ran straight for the city jail and surrendered himself. The act can be attributed to insane jealousy. Miss Young's home is in Carleton. Ninde is the son of the late Judge Ninde, one of Washtenaw's former representatives.

**A Short, Sad Honeymoon.**  
During the night of Sept. 9, the depot at Hunter's Creek was broken into and a few internal revenue stamps and four blank express orders were stolen. The money orders were later cashed at Lapeer, Capac, Almont and Sarnia for sums aggregating \$135. About this time W. R. Smith, station agent at Gagetown, was missing. He was traced to Almont where he married the daughter of Wm. Glover, a farmer, and they went to Canada on their honeymoon. Smith was arrested at London, Ont., charged with the crimes.

**A Lift for Alma College.**  
President Bruske, of Alma college, announced in chapel that a gentleman from Saginaw, who preferred to have his name unmentioned, had donated \$15,000 to be used as a permanent endowment for the chair of lady principal. The announcement was received with enthusiasm, because of the popularity of Mrs. Hickok, the present occupant of that position.

**Fatal Quarrel Over a Girl.**  
Wm. Roach, of Reading township, Hillsdale county, was shot near Litchfield, by Elmer Youngs, and died from wounds inflicted. Youngs and a friend named George Tuttle, who was his partner in the trouble, are under arrest. Both are young men, but Roach was about 50. The quarrel was over a young girl.

**\$50,000 Paper Mill Fire.**  
The Peninsular Paper Co.'s north mill burned at Ypsilanti. The main building was completely gutted, including most of the machinery. The loss will exceed \$50,000. The mill was rebuilt this summer and was rushed with orders, after several years of idleness.

**Fatal Hunting Accident.**  
Eddie Hasckel, a 14-year-old boy was accidentally killed while out hunting near Manchester. He with several other boys were sitting on a fence and in jumping down, Eddie took hold of a gun by the muzzle. It was discharged, the charge entering his right side.

Owosso will raise a \$20,000 bonus to help L. E. Woodward rebuild his \$100,000 furniture factory, which burned.

As a result of being repeatedly placed in a hypnotic state John Kuranen, aged 9, of Hancock, has become insane.

The 5-year-old child of George Perkins, of Crystal Valley, was killed in a runaway, and Mrs. Perkins was severely injured.

Owing to the low rates for carrying lake cargoes a great many lake steamers and schooners are being sent to the Atlantic for coast traffic.

**Copper Colored Splotches.**

There is only one cure for Contagious Blood Poison—the disease which has completely baffled the doctors. They are totally unable to cure it, and direct their efforts toward bottling the poison up in the blood and concealing it from view. S. S. S. cures the disease positively and permanently by forcing out every trace of the taint.

I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do no good, I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved and was delighted with the result. The large red splotches on my chest began to grow paler and smaller and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass.

**Copper Colored Splotches.**

There is only one cure for Contagious Blood Poison—the disease which has completely baffled the doctors. They are totally unable to cure it, and direct their efforts toward bottling the poison up in the blood and concealing it from view. S. S. S. cures the disease positively and permanently by forcing out every trace of the taint.

I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do no good, I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved and was delighted with the result. The large red splotches on my chest began to grow paler and smaller and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass.

Don't destroy all possible chance of a cure by taking the doctor's treatment of mercury and potash. These minerals cause the hair to fall out, and will wreck the entire system.

The smoke stack at the Chelsea electric light plant tumbled down last Friday night, says the Chelsea Standard. It was very considerate for the stack to keep on end until the city had purchased the plant.

ONE of the queer things that needs light is, why Andrew Campbell should be turned down because he voted against the Atkinson bill, and John K. Campbell, because he voted for that bill. Possibly the cry of "Equal Taxation" is a cloak for the real purpose not mentioned in the count. Will the push against John K. explain their motives?—Ypsilanti.

Wonder if Mr. Osband don't know which is the more important, the Atkinson Bill or a U. S. Senator?

DEMOCRATIC assurance of success this fall is, no doubt, rather forced. There are some Democrats, however, who utterly refuse to be a party to such a claim, and show no hesitation in their admission that the cause of Democracy is hopeless this fall. The following utterance from the Detroit Evening News, one of the most rabid Democratic sheets in Michigan is highly significant: "A successful war invariably strengthens the party in power in countries governed by popular suffrage. This is peculiarly the case in the United States. The successful close of the Spanish war made republican success in the coming fall elections a foregone certainty. When an opposition party sees certain defeat before it, its elements fall into immediate discension. There is nothing to be lost by internal quarrels in such a juncture, and the differences which always exist make themselves manifest at once. Accordingly the democratic party is now taking advantage of the present certainty of defeat in November to dissolve the bonds which hold together the various elements of which it is composed, and to contend for the control of the organization with a view to its use when better times have returned again."

The apparent intention of the Republican State Central committee to devote its entire attention to swell Gov. Pingree's majority, when he is certain to be elected, and to neglect the congressional and legislative candidates, especially the latter, in cases where the candidates refuse to be the governor's tools, will, if carried out, be a serious mistake. If such a plan is persisted in, it will certainly react in a manner which will greatly injure the political prospects of those who insist on carrying out such a scheme. Better make an effort to treat all alike. No individual or committee but will lose in the end by pursuing such a narrow and shortsighted policy.

GOVERNOR Pingree has met with a reverse in his suit against the Michigan Central railroad, the Supreme Court rendering a unanimous decision against the governor. The following is an editorial on the subject from the Detroit Tribune and is right to the point.

"The supreme court's decision, in the mileage suit of Gov. Pingree against the Michigan Central, amounts to a full recognition of the validity of the company's charter, and in consequence must have a broader application than the case in question. If the special charter of the company must be amended in order to bring the Michigan Central under the provisions of the 1891 mileage act, it follows also that the charter must be amended in order to bring the company under the provisions of the Atkinson tax bill, as that measure was drafted and passed by the house; unless the supreme court should hold, as the late Col. Atkinson contended, that when the company agreed to pay a tax on its gross receipts it waived the taxation clause in its special charter and made the road subject to any general tax law that the state legislature might enact. In view of the decision of yesterday it may be doubted if the court would ever accept Col. Atkinson's view of the case.

"The court is pretty strongly inclined towards the opinion that the Michigan Central charter conferred certain vested rights that can be taken away from the company only in the manner prescribed by the charter; namely, that a commission must assess the damages that the company would sustain by reason of the act, and that the state must compensate the company. In other words, before Gov. Pingree brings about the enactment of a general law taxing railroad property, the legislature must do what The Tribune has always believed it must do—repeal the Michigan Central charter and pay the company whatever damages are allowed.

"The Hon. Fred A. Baker expressed the opinion at Lansing last spring that the company would never be given more than moderate compensation; basing his opinion on the theory that the company could claim compensation only for actual damages to its interests; that it would never be allowed compensation for possible damages due to unfriendly legislation, the presumption being that the people never intend to do anything that is not strictly just. Whether the courts would agree with Mr. Baker is quite another matter. Anyway, it seems inevitable that Mr. Pingree must begin his railway reform where he started; where he was before he was switched off the track—by the repeal of the special charter."

Unfortunate Women. Women pale and nervous, all dragged out, victims of headache, backache, low spirits, and incapable of taking the least enjoyment in life—such are hundreds of beautiful and interesting females in our country today. Now there is no need of this. These women can be cured; life can be made enjoyable for them and happiness their possession. Dr. Greene, 148 State St., Chicago, Ill., the eminent specialist, is constantly curing such cases as these. Get his advice. You can consult Dr. Greene by mail, free of expense. He can cure you, weak woman and weak man. Write to him at once. Don't delay a day.

CAMPUS.

Wrinkle will be out next week. There are eight lady students in the dental school this year.

Professors Patterson and Ziwet will spend the present year abroad.

Mr. Perry F. Trowbridge of the Chemical Laboratory, is abroad this year.

The Adelphi Literary Society held its opening meeting last Saturday night.

Prof. F. M. Dixon is at Dartmouth College this year as assistant professor of political economy.

The U. of M. football team will play the Kenyon college team next Saturday on the Athletic field.

The hospital of the University of Penn. sent out four hospital trains to bring back sick soldiers from that state.

Dr. T. B. Cooley, son of the late Judge T. M. Cooley, has been appointed assistant in hygiene in the University.

Prof. E. A. Brandon, one of the instructors in the French department last year, is now at Miami University, Oxford, Ohio.

Dr. Angell was at the reception at Newberry Hall, Saturday evening, and was heartily welcomed back by his many friends.

The law faculty is making elaborate preparation for the dedication in the near future of the elegant new building for that school.

Prof. W. H. Butts, son of Justice Butts, formerly of this city, has been appointed an instructor in Mathematics in the University.

Dr. Angell made his first appearance in public at the meeting of the Good Government Club last Friday night where he made a brief address.

The total number of patients who received treatment at the hospitals of the University of Michigan during the year ending July 1, 1898, was 2,433.

Mr. John Rood, of Marquette, Mich., has been appointed an instructor in the Law Department in place of Prof. T. W. Hughes, who goes to the University of Ill.

Prof. Alexes C. Angell, son of Pres. Angell, has resigned his position in the law school. Press of work in his law business in Detroit made this step necessary.

Prof. Geo. A. Hench will have charge this year of the department of Romance Languages. This is the work which was in charge of Prof. Walter who was lost at sea last summer.

James L. High, who for a number of years was a lecturer in the Law School here, died in Chicago Monday from malarial fever contracted while caring for his son who returned sick from Santiago.

Professor Jacob E. Reighard, of the zoological department of the University of Michigan fills one of the numbers in the tenth lecture course of the Field Columbian Museum, Chicago. "The Biology of the Great Lakes" will be the subject of the illustrated lecture which he will deliver on Saturday, November 12.

A home for the Board of Regents has been arranged in the new law department building of the University of Michigan. One of the rooms on the first floor has been set aside for their use and will be known as the Regents' Room. It will be furnished with desks so that each member of the board may have a place to keep his private papers.

Masakazu Stehacpi Toyama, who was a student in the literary department of the University of Michigan in 1873-76 and received the honorary degree of Master of Arts from the same institution in 1886, is now Minister of Public Instruction of Japan and a member of the Japanese Cabinet. Mr. Toyama was formerly Dean of the College of Letters, at Tokyo.

Professor M. E. Cooley, of the University of Michigan, is still in the service of the navy department. A letter received from him recently was dated League Island, Philadelphia, and stated that the Yosemite had just returned from a trip to Mole St. Nicholas, Island of Haiti. The steamer had been put in reserve and all the crew save two officers and himself discharged.

A reception was given by the Students Christian Association at Newberry Hall, Saturday evening, to the students of the University, especially the freshmen, for the purpose of becoming better acquainted and to drive away that homesick feeling, which nearly every student gets, when first away from home. Light refreshments were served to more than five hundred students during the evening.

President Angell while minister to Turkey made addresses in several colleges. On one occasion he spoke to the students of Beirut College, Beirut, Syria. This is an American institution conducted in connection with the Presbyterian mission located at Beirut. President Angell also delivered the commencement address to the American College for girls at Constantinople, and gave an address at the close of the commencement exercises at Robert College, a school for young men, also located at Constantinople.

The U. of M. Republican Club desire to have U. S. senator Burrows come to Ann Arbor Saturday night and deliver an address, but the Republican county committee learning that the Opera House was engaged for that night advised that Mr. Burrows' coming be postponed.

It is of special interest to Michigan that "the feature of this year's meeting in the Association of Science", was the description of the new gas "etherion", found in the atmosphere by Charles F. Brush of Cleveland, and presented by him in a preliminary paper. Mr. Brush is a chemical graduate of the University of Michigan class of 1868. He has withheld his discovery, which he looks upon as a new element in the air, for a year and a half, and is very modest about it now.

The third annual commencement of the training school for nurses associated with the Locomotive hospital of the University of Michigan will be held Saturday evening, October 8, in the building of the homoeopathic medical college. The commencement address will be by Dr. W. B. Hinsdale and the presentation of diplomas and badges by Dr. R. S. Copeland. The graduates are Miss Bertha J. Bryant of London, Ont., and Miss Lillian Peltier of Mt. Clemens, Mich. Following the commencement exercises proper there will be a reception for the students and nurses of the department.

AT THE ATHENS THEATRE.

"PUDD'HEAD WILSON." The following is a dog story in Mark Twain's "Pudd'head Wilson": Luigi—"Why do they call Mr. Wilson 'Pudd'head?" Sheriff Blake—"It's all on account of a dog, gentlemen. You see, the night he arrived in Dawson a party of the spirits of the place, myself an others, were disturbed by the unearthly howling of a dog. And Wilson he allowed he'd like to own half of that dog." Luigi—"Why did he want to own half a dog? Was it a valuable dog?" Sheriff Blake—"Valuable dog? No, sir; the durndest, meanest cur in the whole country. He 'lowed he'd like to kill his half. Now what did the durn fool want to own half a dog for? Kill his half and become responsible if the other half died, which of 'em it would? It's been a matter of debate here for mor'n twenty year now."

So they dubbed Dave Wilson "Pudd'head," and "for mor'n twenty year" the name clung to him, and although the sign announcing that he was attorney-at-law swung before his office all this time, he remained briefless and "waited patiently for the client that never came as the just desert of such a lowly intelligence. The lovable old character which is being played by Mr. Edwin Mayo has imbedded itself into the affections of the theatre going public and is bound to live and be popular for years to come. Mr. Mayo and his admirable company of players will be seen in "Pudd'head Wilson" at the Athens Theatre next Saturday evening.

"A BOY WANTED."

Charles E. Blaney's greatest success, "A Boy Wanted," the talk of the theatrical world, which has done the most phenomenal business ever attained throughout the country the past season by any farce comedy, will be at the Athens Theatre next Monday night. The same big company with its host of pretty girls, clever comedians, talented singers, expert dancers and high class vaudeville artists, makes it one of the largest and strongest combinations on the road. The funny situations are numerous and are brought out in Mr. Blaney's happiest vein. The songs, jokes, wit and dances are all new, and to overlook attending this play will be to miss the treat of the season.

RELIEF FROM PAIN.

Women Everywhere Express their Gratitude to Mrs. Pinkham.

Mrs. T. A. WALDEN, Gibson, Ga., writes: "DEAR MRS. PINKHAM:—Before taking your medicine, life was a burden to me. I never saw a well day. At my monthly period I suffered untold misery, and a great deal of the time I was troubled with a severe pain in my side. Before finishing the first bottle of your Vegetable Compound I could tell it was doing me good. I continued its use, also used the Liver Pills and Sanative Wash, and have been greatly helped. I would like to have you use my letter for the benefit of others."

Mrs. FLORENCE A. WOLFE, 515 Hulberry St., Lancaster, Ohio, writes:

"DEAR MRS. PINKHAM:—For two years I was troubled with what the local physicians told me was inflammation of the womb. Every month I suffered terribly. I had taken enough medicine from the doctors to cure anyone, but obtained relief for a short time only." At last I concluded to write to you in regard to my case, and can say that by following your advice I am now perfectly well."

Mrs. W. R. BATES, Plainsfield, La., writes: "Before writing to you I suffered dreadfully from painful menstruation, leucorrhoea and sore feeling in the lower part of the bowels. Now my friends want to know what makes me look so well. I do not hesitate one minute in telling them what has brought about this great change. I cannot praise Lydia E. Pinkham's Vegetable Compound enough. It is the greatest remedy of the age."

Mrs. Brewer's Humane Work.

A well-to-do Rhode Island lady, who looks after the sick of her city, writes to Dr. Hartman of her practical experience with Pe-ru-na.

Mrs. LIZZIE M. BREWER.

is blessed with some good samaritans. Mrs. Lizzie M. Brewer, of 196 High St., Westerly, R. I., is a noble woman who devotes a great deal of time and money to caring for the sick of Westerly. She has been for several years one of Pe-ru-na's strongest friends, and under date of March 17, 1898, she writes the following letter to Dr. Hartman, Columbus, O., the originator of Pe-ru-na:

"Your welcome advice is at hand, and my gratitude is unbounded for the privilege I enjoy of consulting so renowned a physician as yourself, always receiving such prompt and satisfactory replies to my questions. And what amazes me most is that this can be done year after year, with unfailing certainty, free of charge. I have learned that you have become to thousands and thousands of households the same beneficent guide and adviser that you are to my household.

"As for your free books, I read them everyone, and treasure their contents as the choicest wisdom. I have used Pe-ru-na in my family for over four years. I find it a sure cure for all catarrhal affections so common in this part of the country. It cures a cold at once; there is no cough medicine that can at all equal Pe-ru-na; as for the gripe there is no other remedy that can at all compare with Pe-ru-na. I notice in medical journals and from the testimony of my neighbors that the doctors seem quite unsuccessful in treating the gripe, especially in removing the after effects of the gripe. From personal observation in many cases I know that Pe-ru-na is a sure specific for these cases. I am among the sick a great deal in our city, and have supplied many invalids with Pe-ru-na, simply because I am enthusiastic in my faith as to its results. I have never known it to fail to quickly and permanently remove that demoralized state of the human system which follows the gripe.

"In cases of weaknesses peculiar to my sex I am sure that no other remedy can approach in good results the action of Pe-ru-na. It meets all the bad symptoms to which females are subject. The irregularities and nervousness, the debility and misery, which afflict more or less the women from girlhood to change of life, are one and all met and overcome by your excellent Pe-ru-na. I wish every young lady in our city could read your book 'Health and Beauty.' Any one wishing to inquire of me further can do so by enclosing a stamp for reply."

A woman's work is hard. The mother who has to attend to her household duties, look after the children and the wants of her husband, needs to be a strong woman in every way. A woman who suffers from weakness and disease of the delicate and important organs that make wifehood and motherhood possible cannot be well and strong in other ways. She will suffer from headaches, pains in back and sides, and lassitude and despondency. A woman in this condition cannot be a capable and amiable helpmate. There is no necessity for a woman to suffer in this way. Dr. Pierce's Favorite Prescription is the best of all remedies for ailing women. It acts directly on the distinctly womanly organism and makes it strong and healthy. It allays inflammation, heals ulceration, soothes pain, stops menorrhoeal discharges and tones the nerves. It fits for wifehood and motherhood. It banishes the indispositions of the period of teardrops and makes baby's coming easy and almost painless. It insures the health of the little new comer and an ample supply of nourishment. It tones and soothes the nerves. Taken in connection with Dr. Pierce's Golden Medical Discovery, it makes the skin clear and beautiful. Over ninety thousand women have testified to its wonderful virtues. All good dealers sell it. "It is with pleasure I recommend Dr. Pierce's Favorite Prescription to suffering ladies," writes Mrs. J. C. Ferguson, Box 29, Douglas Station, Selkirk Co., Manitoba. "After suffering untold tortures, I thank God I found relief and cure in Dr. Pierce's Favorite Prescription." The only mild but sure remedy for biliousness and constipation—Dr. Pierce's Pleasant Pellets. Every wise and careful housewife recognizes the value of a good home medical book. Dr. Pierce's Common Sense Medical Adviser is that kind of a book and the best of its kind. It used to sell for \$1.50 per copy. Now a big edition is being given away—FREE. For paper-covered copy, send 21 one-cent stamps, to cover mailing only. French cloth binding ten cents extra. Address, Dr. R. V. Pierce, Buffalo, N. Y.

A HOME DEPARTMENT

DISCUSSING SUBJECTS OF INTEREST TO THE FAMILY OR THE INDIVIDUAL.

THANKSGIVING.

Thanksgiving day is approaching and we are all rejoicing in the prospect of expressing our thankfulness by making turkeys of ourselves, or worse, for I do not believe that any sensible housekeeper would stuff a turkey with all that goes to make up a Thanksgiving dinner.

Isn't it a queer way to give thanks? I wonder what we would think if our children should come to us and say, "O mother, father, you have been awfully good to me all the year, and I am so thankful that I am just going to eat all that ever I can eat." Wouldn't we think them exceedingly childish? We would probably laugh at their foolishness, and then proceed to thank our Heavenly Father after the same fashion. "O Father, we are thankful that war is over, we are thankful for the home coming of our soldier boys, we are thankful for the promise of better times, for the plentiful harvests, and so we are going to make big dinners and eat them ourselves."

Why is it that when we wish to express some emotion, we do not think of interesting our heads or of comforting our hearts, but of filling our stomachs? I really think that Christians ought to find other ways of giving thanks or enjoy. Why not make our National Day of thanks one of rest to tired housekeepers instead of a day of hard toil? I'm sure they'd be thankful. And we, too, would probably be more thankful the next day if the dinner had been simple and wholesome rather than a burdensome list of luxuries. Why not do something that would make others thankful for many days to come? Mother would be thankful if that lock were mended, or that slamming blind made fast, or that broken walk repaired. There are a score of things that would make father thankful. You know what they are, little jobs he has been wanting done a long time. And the children could be made happy by remembrance of their wishes in various kindly ways, better than by rich food that would surfeit them and perhaps make them cross next day.

The other day my daughter picked up a copy of Nicholas Nickleby and after reading a few pages with evident enjoyment, turned to the front of the book where she found this legend. "You'll never miss the turkey when you read this book. Thanksgiving 1888." "O" she exclaimed with merry laughter. "Don't you remember that Thanksgiving? You asked us children which we'd rather have, turkey or a book for each of us. We chose the book, and it has been a source of how happiness ever since. I remember how I gloated over it all that afternoon." "But how about the dinner. Was it a good one?" "O we had a good dinner, of course. Some nice fruit that we especially liked. But I did not think of the dinner. I was so pleased with my book."

That was a Thanksgiving that has lasted ten years, while the dinner would have soon been forgotten. "Don't I believe in good dinners? Certainly I do in the best sense of the word. I believe in wholesome dinners every day. And on special occasions I

LITERARY NOTES.

A charming story by Mr. Henry James, called "The Awkward Age," will be published serially in Harper's Weekly, beginning with the October 1 number. It is a story of strikingly interesting and peculiar characteristics of London society.

If one were asked today to name the characteristic athletic sport of American college girls, the answer, opines a writer in Harper's Bazar, would be given at once and without hesitation—basket-ball. The game is to the college girl what football is to the college youth; rather, it is more, for baseball, rowing, and a few other sports are elevated to such importance in men's colleges that they rob football of an absolutely pre-eminence position.

Outing for October is a seasonable, interesting, and finely illustrated number. "Duck Shooting on the Hudson," "The Yarn of the Yampa," "A Day with the Pronghorns," "Walter Camp's 'Football Review,'" "Trouting Over the Old Hockett Trail" and "Lawn Tennis in Great Britain" are a few of the good things among the sporting features. Two excellent stories, "Miss Carrington's Professional," a tale of the golf links, and "The Wedding Finger of Colly," ably fill the fiction department. In the rod and gun and the kennel departments Ed. W. Saunders continues a series of interesting illustrated sketches of game birds and the different breeds of dogs, while other well-known experts discuss various sporting topics.

would add a little more of elegance to the serving than we busy women have time for usually. Bring out the best china, the whitest table linen. Have a few flowers if possible. Put on the embroidered center pieces. Get out the special cups for individuals, and bring to the table the greatest of all appetizers, merry loving hearts, cheerful faces and sparkling speech. These are things that awaken thanks and the memory lasts for ever.

"But if you omit the turkey, you'll have chicken or roast beef, and all the accessories that make just as much work."

No I would not. I'll give you a bill of fare for a

THANKSGIVING DINNER.

Good enough for anybody.

Tomato cream soup.

English walnut meats picked out of the shells and arranged on a platter in place of the turkey.

Mashed potatoes with cream sauce.

Baked sweet potatoes or stewed parsnips.

Stewed cranberries.

Pink salad.

Desert: Oranges, apples, Raisins.

This is a feast fit for an American King and his royal household. It will not take the Queen long to prepare, and the princess and princesses will not occupy much time in the clearing away and washing up. The Queen can get a good rest in the afternoon and have a little time to visit with the royal family. There will have been no long hard days of preparation and no after regrets expressed in head-aches and irritability due to indigestion.

Every housekeeper will know how to prepare everything unless it may be the Pink Salad. This is made of equal parts of cold boiled potatoes and cold boiled beets chopped fine together and covered with a Mayonnaise dressing. I cup vinegar, 4 eggs, 1-2 cup sugar, small piece butter, 1 tablespoon mustard. Stir mustard smooth. Add vinegar and butter and beat them. Add eggs and sugar well beaten together. Boil to consistency of custard. When ready to serve add 1-2 cup sweet cream to each cup of dressing.

County Sunday School Convention.

The Annual Convention of the Washtenaw Sunday School Association will be held at the First Baptist Church of Ann Arbor Oct. 25 and 26, 1898. Hon. J. K. Campbell will report what he saw and heard at the World's Sunday School Convention at London. State Secretary Reynolds will give several addresses on life S. S. topics. Prof. Coler will talk on Bible Study. Papers have been promised from live workers in different parts of the county. Every school and every township association is entitled to two delegates who will be entertained. Programs will be mailed to superintendents early next week. E. E. CALKINS, Secy.

SEND WARSHIPS TO CHINA

Disturbances become so serious that all foreigners are in danger. Secretary Long, upon receipt of advices showing threatening conditions in China, ordered Admiral Dewey to send the Baltimore and the Petrel immediately to a point as near the Chinese capital as possible.

There have been many demonstrations against foreigners in Pekin, the Chinese throwing mud at Europeans and Americans. The Russian and British ministers have placed guards around their respective legations. The state department has received a cablegram from Minister Conger, at Pekin, saying: There is no serious danger yet, but considerable anxiety for the future. The foreign fleet is assembling at Tien Tsin. Some of the ministers are ordering marines to Pekin for legation guard.

Bloody Riots in Paris.

The many predictions that the Breyfus case agitation would cause a revolution in France seem about to come true. Paris was in a turmoil all Sunday. Crowds, scuffles, uproar, and arrests filled the day. About a score of persons are said to have been seriously wounded. In one quarter alone more than 40 arrests were made, many of them being prominent men. The riots have created intense alarm among the foreigners at the hotels, and it is probable that an exodus will occur, the guests fearing grave developments.

Senator Matt Quay Arrested.

Warrants were issued at Philadelphia for the arrest of U. S. Senator Quay and others prominent in Pennsylvania politics, charging them with conspiring with the late Cashier John S. Hopkins, of the defunct People's bank, to make use of the bank's funds, deposited in the bank, in stock speculation. Hopkins committed suicide in March last, just before the bank went down.

Colorado Springs Has a \$1,000,000 Fire.

Fire, which started in the Denver & Rio Grande freight station, Colorado Springs, Colo., burned a strip four blocks long from north to south and four blocks wide from east to west. The Antlers hotel, one of the largest in the west, the lumber yards and two blocks of business houses were destroyed. The loss is estimated at \$1,000,000, insured for half that amount.

When Hood's Sarsaparilla Gives Strength and Vigor

Backache and That Tired Feeling Promptly Cured.

"I was feeling very miserable. I was tired all the time, had no appetite and felt sore all over my body. I had backache so that when I stood down it was hard to raise myself up. I was hardly able to work and was just making up my mind to give up my work when I read an advertisement of Hood's Sarsaparilla. I determined to try this medicine. When I had finished one bottle I felt a great deal better. I did not stop my work, and after I had taken the third bottle I felt as well and strong as I ever did in my life. Since then I have taken Hood's Sarsaparilla when my blood was impure and I recommend it to everyone who does not feel well." JOHN J. EICHBAUER, 928 Meldrum Avenue, Detroit, Michigan.

How it was overcome by a Nova Scotian mother

Who is well known as an author.

Of all the evils that attack children scarcely any other is more dreaded than croup. It is so often caused by the child's breathing, and on going to it found it struggling, it had nearly ceased to breathe. Having a part of a bottle of Dr. Ayer's Cherry Pectoral in the house, I gave the child three doses, at short intervals, and anxiously waited results. From the moment the Pectoral was given the child's breathing grew easier, and in a short time it was sleeping quietly and breathing naturally. The child is alive and well to-day, and I do not hesitate to say that Ayer's Cherry Pectoral saved its life.—C. J. WOODBRIDGE, Wortham, Tex.

Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and unnerve me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nervine and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. NEW YORK DEMOCRATS SPLIT.

Tammany Names the Candidate for Governor—Silver Men Withdraw. The Democratic state convention held at Syracuse was far from harmonious. The Tammany hall workers practically controlled things and besides naming Augustus Van Wyck, brother of the mayor of New York City, for governor, adopted a platform which contained no mention either of the Chicago national platform or of silver. The result of this was that the silver delegates held a meeting to organize a bolt, but this meeting was split nearly even by a bolt among its own members who could not agree.

Small Majority for Prohibition in Canada. Reports from all parts of the Dominion of Canada indicate that the vote for and against prohibition has been larger than was expected. The heaviest vote against prohibition was cast in the province of Quebec. Here the French clergy had counseled their people to vote against prohibition. The province gave majority of about 35,000 against, while the provinces of Nova Scotia, New Brunswick and Prince Edward Island combined give a majority of 35,000 in favor of doing away with the liquor traffic. Every city in Ontario except Brantford gave a majority against prohibition. But the counties largely overcome these majorities, and the result in Ontario is that prohibition carried by a majority of about 12,000. The returns from Manitoba, the Northwest Territory and British Columbia are incomplete, but it is estimated Manitoba and the territories together will give a majority of 12,000 to 15,000 in favor of prohibition, while British Columbia has gone the other way. At all events, it seems pretty clear the plebiscite has not been so decisive as to warrant the government introducing a prohibitory law.

Spain Will Bluff to the Last.

Duke Almodovar de Rio, the Spanish minister of foreign affairs, states that the Spanish peace commissioners have been instructed to contend strongly for the integrity of Spanish sovereignty in the Philippines, on the ground that the protocol between Spain and the United States was signed before Manila had capitulated, and also to make a firm stand regarding the Cuban debt and the Philippine loan of 1896, if Luzon is ceded to America.

At Washington this official statement is regarded as a scheme to draw out the American commissioners' position on the Philippine question; and also as an invitation to some European power to interfere if the United States attempts to retain more than the island of Luzon. While the instructions of the American commissioners have not been made public it may be stated that such of the Philippines as are not held by the United States shall be so governed or disposed of that the insurgents shall not be placed at the mercy of the Spanish government, nor shall they turned over to any power that might oppressively treat the natives.

ROOSEVELT WINS.

Nominated for Governor of New York on the First Ballot.

Col. Theodore Roosevelt, of the famous Rough Riders, was nominated for governor of New York by the Republican state convention, notwithstanding the strong fight put up by Gov. Black for renomination. The wildest enthusiasm prevailed whenever the colonel of the Rough Riders was mentioned, and at the close of Chauncey M. Depew's nominating speech the applause was almost a pandemonium. Col. Roosevelt was chosen on the first ballot. The vote was: Roosevelt, 753; Black, 218. The nomination was then made unanimous.

A SINGULAR SUICIDE.

A MAN HOLDS HIS HEAD UNDER WATER TILL HE IS DROWNED.

Of all the strange suicides that of a man at Lexington, Mo., seems to be the most remarkable. He calmly waded into the river until he was in three feet of water and then leaned forward and held his head under the surface until drowned. It is hard to understand why people will resolutely destroy themselves and yet thousands are deliberately doing it, though not so openly as the man in Missouri. These thousands have heard that Dr. King's New Discovery cures for consumption, coughs and colds cures these troubles and all diseases of the chest, throat and lungs, yet, because they have found no benefit from some cheap, worthless remedy they may have tried, they have not used this wonderful cure. They let their colds run. They cough on until they have the night sweats, the daily weakening, the flushed cheek and other proofs that consumption is bringing them to their graves. In all such cases not to try this peerless remedy may be deliberate suicide; for it has been proven, a thousand times over, that Dr. King's New Discovery does cure weak lungs, the most stubborn, lingering coughs, bronchitis, bleeding from the lungs, throat diseases, pneumonia, influenza, and other bronchial troubles, which, if neglected, induce consumption. We wish to urge such sufferers to strive to be well that life may be worth living. This royal cure stops the cough, soothes and strengthens the bronchial tubes, allays inflammation and cleansing them and the lungs of all impurities. It induces refreshing sleep that invigorates the body. For 25 years this grand medicine has been tested in every part of the country with amazing results. It is without doubt the most perfect, the most certain, the most delicate life-saving family medicine that ever was made. Two leading physicians of Burlington, Ia., had told Frank Huffman, of that city, his consumption was incurable. He coughed night and day and could scarcely walk across the street when he began to use Dr. King's New Discovery. A few bottles wholly cured him. Druggists sell large bottles for 50c and \$1.00, refunding money if no cure and give a free trial bottle to any sufferer.

Best Papers the Best Mediums. There is much good solid sense for every advertiser in the following paragraph from a thoughtful eastern advertiser: The daily paper is by far the safest and most certain method of reaching the public. It should not be difficult for any intelligent man who has lived for any time in a community to know just what papers will serve him as advertising mediums. It isn't at all necessary to examine the books in the newspaper's counting room or to get their affidavits of circulation. A paper that you read yourself and that your neighbors read and respect and that you know to be widely read and respected, you can safely rely on as a satisfactory medium for reaching people of your own kind. YOU HAVE BEEN GETTING BETTER RESULTS FROM THE Detroit Journal WEEKLY GIVING YOU MORE CIRCULATION. The best business houses in Detroit use THE DETROIT JOURNAL largely—more largely every year. Nearly every successful general advertiser uses THE DETROIT JOURNAL. Some advertisers are not allowed in THE DETROIT JOURNAL. Did You Ever Notice?

TO CURE NERVOUS DYSPEPSIA.

To Gain Flesh, to Sleep Well, to Know What Appetite and Good Digestion Mean. Make a Test of Stuart's Dyspepsia Tablets.

Interesting Experience of an Indianapolis Gentleman.

No trouble is more common or more misunderstood than nervous dyspepsia. People having it think that their nerves are to blame, are surprised that they are not cured by nerve medicines and spring remedies; the real seat of mischief is lost sight of; the stomach is the origin to be looked after.

Nervous dyspepsia often do not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspepsia shows itself not in the stomach so much as in nearly every other organ; in some cases the heart palpitates and is irregular; in others the kidneys are affected; in others the bowels are constipated, with headaches; still others are troubled with loss of flesh and appetite, with the accumulation of gas, sour risings and heartburn.

Mr. A. W. Sharper of No. 61 Prospect St., Indianapolis, Ind., writes as follows: "A motive of pure gratitude prompts me to write these few lines regarding the new and valuable medicine, Stuart's Dyspepsia Tablets. I have been a sufferer from nervous dyspepsia for the last four years; have used various patent medicines and other remedies without any favorable result. They sometimes gave temporary relief until the effects of the medicine wore off. I attributed this to my sedentary habits, being a bookkeeper with little physical exercise, but I am glad to state that the tablets have overcome all these obstacles, for I have gained in flesh, sleep better, and am better in every way. The above is not written for notoriety, but is based on actual facts."

Respectfully yours, A. W. Sharper,

61 Prospect St., Indianapolis, Ind. It is safe to say that Stuart's Dyspepsia Tablets will cure any stomach weakness or disease except cancer of the stomach. They cure sour stomach, gas, loss of flesh and appetite, sleeplessness, palpitation, heartburn, constipation and headaches.

Gray, of Detroit, and was built in 1863. Vessel and cargo were worth about \$25,000.

John C. Robinson, a Michigan Central switchman at Detroit, was killed by being caught between a cut of cars.

A MAN CAN'T WORK.

WHEN HE IS SUFFERING WITH PILES.

He Can't Eat, Sleep, Can't Get Comfort Any Way But One—Pyramid Pile Cure Will Cure Him, Give Relief at Once.

Just a little pain may so distract a man's mind that it will cost him hundreds of dollars. Life is a battle. To succeed one needs all his energies and all his brain force to apply to the question at hand. Even a corn will make him irritable, cross, angry—and an angry man seldom succeeds. The trifling pain of a corn is a pleasant feeling beside the agonizing ache of piles. That is a pain which seems to pervade the whole body. It communicates itself to all parts near the seat of the trouble and brings on a heavy dragging feeling in the perineum. Those who have never so suffered do not know what it means. It racks the nerves, prevents sleep, prevents concentrated thought and makes a man lose flesh as fast as he would with a virulent fever.

And yet piles are looked upon as a little thing. They are neglected—allowed to run on from month to month and year to year. By and by comes a surgical operation. Maybe it cures—maybe it kills.

There is only one sure, safe and quick cure for piles. It is Pyramid Pile Cure. It is a recent discovery and its properties are such that it cleanses, soothes and heals the inflamed parts, reduces the inflammation at once and with continued treatment, removes all swelling and all trace of the disease. It puts the membranes in a healthy, active condition and cures completely and permanently.

From C. F. Collins, Garnett: "I commenced using the Pyramid Pile Cure and my case was so bad I thought the remedy was going to fail in my case, but before I had used two thirds of one package I began to feel much better and can honestly say that I am entirely cured. It is the quickest and surest remedy I have ever heard of."

From Josiah Roberts, Port Oram, N. J.: "Just one quarter of a package of the Pyramid Pile Cure did wonders for me and I have lost no opportunity of recommending such a good remedy."

From Wm. McHale, Rockport, Mass.: "One package of Pyramid Pile Cure has helped me more than anything I have yet used."

Pyramid Pile Cure is sold by druggists generally. If your druggist doesn't keep it, he will get it for you if you ask him. Book on cause and cure of piles free. Address, Pyramid Drug Co., Marshall, Mich.

DON'T GO IT BLIND.

There's no Need to in Ann Arbor—The Way is Almost Hugged With Guide Posts.

Have you ever read a newspaper Article, a glowing account of some incident; told in elusive words to lead you on, and found it ended with a proprietary medicine advertisement? Made you mad, didn't it? And you were convinced of the merit of that article? We think not, because it told you the experience of some stranger in a far away town; to take his word for it was like "going it blind." It's a very different thing when a statement is prescribed from a citizen. From people we know and that's the case here.

Mrs. Jno. Kuebler, of 212 Miller Ave., says: "Some time ago I caught a severe cold which settled in my back and kidneys and brought on an attack of lumbago or backache. There was a constant, heavy dull, aching pain across my loins. It was painful for me to stoop or lift anything. I could not rest comfortably at night and always felt tired and unrefreshed in the mornings. I was generally run down and languid. Having seen Doan's Kidney Pills advertised and recommended so highly I went to Eberbath & Son's drug store and got a box. I did not take all of them before I was cured and I have had no return of the trouble since. I gladly recommend their use to others."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents per box. Sent by mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name Doan's and take no other.

Women from their sedentary habits are often subject to headache and constipation. These are quickly removed by Carter's Little Liver Pills.

In its advanced and chronic form a cold in the head is known as Nasal Catarrh and is the recognized source of other diseases. Having stood the test of continued successful use, Ely's Cream Ointment is recognized as a specific for membranous diseases in the nasal passages, and you make a great mistake in not resorting to this treatment in your own case. To test it a trial size for 10 cents or the large for 50 cents is mailed by Ely Bros., 59 Warren Street, New York. Druggists keep it.

Only one remedy in the world that will at once stop itching of the skin in any part of the body. Doan's Ointment. At any drug store, 50 cents.

WHAT YOU CAN DO, IF YOU WILL.

Blind to the cause of his physical ills, man (and woman too) persist day after day in pouring into the protesting stomach a liquid drug called coffee, known by all chemists and physicians to contain the same poisonous alkaloids as found in strychnine, morphine, whiskey and tobacco, and to require a powerful constitution to withstand.

The weak ones sink under the insidious drug daily administered, and seldom know enough to spot their enemy.

Coffee is an enemy to mankind, and you know that enemy possibly because you drink of nothing that will take its place.

After many years of experimenting, looking toward the production of a healthy food coffee, the Michigan Pure Food company perfected "Golden Nectar," and now offer it to the public with a guarantee that it is absolutely free from any deleterious drugs, and is made from the healthful grains of the field. "Golden Nectar" with cream and sugar added is so nearly like coffee in taste, color and aroma as to deceive almost anyone. It is a highly nutritious food beverage, makes bone and blood. Drink it instead of coffee. It will make a new person of you. Ask your grocer for it.

The Paris Gaulois states that the American peace commission is divided on the Philippine situation. Senator Gray is said to oppose all annexation, others favor only a coaling station, while Senator Davis advocates the annexation of the whole Philippine archipelago. All will be largely influenced, however, by Maj.-Gen. Merritt's reports.

Cairo dispatches say Sir Herbert Kitchener and the English forces arrived at Fashoda just in time to save from annihilation by dervishes the small French force under Maj. Marchand, which recently occupied the place. The French refused to formally surrender the place to the British without orders from Paris. The British took possession, nevertheless. At Paris it is said that it is there and not on the Nile that the question of Fashoda and other matters hinging on it will be settled.

All the British, French and German warships have left Manila.

Opinion of an Eminent Jurist.

Ballot reform in New York was necessary, says an eminent jurist, because more politicians by trade who had no interest in government or politics except to enrich and aggrandize themselves sought perpetual control. There are other excellent reforms besides that of the ballot. Conspicuous among them is the reform promptly and thoroughly effected, in a disordered physical system by Hostetter's Stomach Bitters, which counteracts tendencies to serious disease bred by a deficiency of vital stamina, irregularity of the bowels, stomach, liver or kidneys, and inequitude of the nerves. This sterling medicine, which has for near half a century won because it deserves popular favor, is commended by physicians of eminence who accord it their approval, not only for its excellent qualities in a remedial capacity but also for its serviceable properties as a medicinal stimulant. It soothes and strengthens the nerves, and is far preferable to the heady, unmedicated stimulant of commerce.

What Scrofula is.

Scrofula is a disease as old as antiquity. It has been handed down for generations and is the same today as in early times. It is emphatically a disease of the blood, and the only way to cure it is by purifying the blood. That is just what Hood's Sarsaparilla does in every case where it is given a faithful trial. It eradicates all impurities from the blood and cures the sores, boils, pimples and all forms of skin disease due to scrofula taints in the blood. Hood's Sarsaparilla has won the grateful praise of vast numbers of people by its grand and complete cures. Don't allow scrofula to develop in your blood. Cure it at once by taking Hood's Sarsaparilla.

"It was almost a miracle. Barlock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Fibrige, West Cornwall, Conn.

Loose clothes and downy cushions bring only a negative sort of comfort to the woman who is suffering with some disease or derangement of the organs distinctly feminine. Some clothes and some positions make the pain and the discomfort seem less. Perhaps the nerves are most affected and this in turn disturbs the digestion. Nothing will ever completely relieve but a radical cure. The start of so-called "female complaints" may be a very slight thing indeed. It may be that in the beginning some small hygienic measures would stop the trouble. Certainly at this time, a little bit of the right medicine would stop it. When the trouble becomes worse, it is harder to cure, but still it can be cured. Dr. Pierce's Favorite Prescription will positively cure any trouble of this character. It may be absolutely relied upon. It affords lasting relief to a woman whose natural modesty has kept her from consulting a physician. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.
